Denver, Colorado 80202
(303) 825-3748

ANNUAL MEETING OF STOCKHOLDERS
To be held June 11, 2004

SOLICITATION AND REVOCATION OF PROXIES

This proxy statement is provided in connection with the solicitation of proxies by and on behalf of the Board of Directors of PYR Energy Corporation, a Maryland corporation (referred to as the "Company" or "PYR Energy" or "we" or "us"), to be voted at the Annual Meeting of Stockholders to be held at 9:00 a.m. (Denver, Colorado time) on June 11, 2004 at Wells Fargo Bank, 1740 Broadway, Main Floor - Forum Room, Denver, Colorado 80202, or at any adjournment or postponement of the Annual Meeting. We anticipate that this proxy statement and the accompanying form of proxy will be first mailed or given to stockholders on or about May 11, 2004.

The shares represented by all proxies that are properly executed and submitted will be voted at the Annual Meeting in accordance with the instructions indicated on the proxies. Unless otherwise directed, the shares represented by proxies will be voted (1) in favor of the issuance and sale by PYR Energy of 3,000,000 restricted shares of our common stock, at a purchase price of \$1.09 per share, to a limited number of accredited investors in the second stage of a two-stage private placement, (2) for each of the four nominees for director whose names are set forth on the proxy card, (3) in favor of the amendment of our 2000 Stock Option Plan to increase from 1,500,000 to 2,250,000 the number of shares of common stock issuable pursuant to options granted under our 2000 Stock Option Plan, and (4) in favor of ratification of Hein + Associates LLP as our certified independent accountants.

A stockholder giving a proxy may revoke it at any time before it is exercised by delivering written notice of revocation to our Secretary, by substituting a new proxy executed at a later date, or by requesting, in person at the Annual Meeting, that the proxy be returned.

The solicitation of proxies is to be made principally by mail; however, following the initial solicitation, further solicitations may be made by telephone or oral communication with stockholders. Our officers, directors and employees may solicit proxies, but these persons will not receive compensation for that solicitation other than their regular compensation as employees. Arrangements also will be made with brokerage houses and other custodians, nominees and fiduciaries to forward solicitation materials to beneficial owners of the shares held of record by those persons. We may reimburse those persons for reasonable out-of-pocket expenses incurred by them in so doing. We will pay all expenses involved in preparing, assembling and mailing this proxy statement and the enclosed material. A majority of the issued and outstanding shares of common stock entitled to vote, represented either in person or by proxy, constitutes a quorum at any meeting of the stockholders. If sufficient votes for approval of the matters to be considered at the Annual Meeting have not been received prior to the meeting date, we intend to postpone or adjourn the Annual

Edgar Filing: PYR ENERGY CORP - Form DEF 14A

Meeting in order to solicit additional votes. The form of proxy we are soliciting requests authority for the proxies, in their discretion, to vote the stockholders' shares with respect to a postponement or adjournment of the Annual Meeting. At any postponed or adjourned meeting, we will vote any proxies received in the same manner described in this proxy statement with respect to the original meeting.

1. APPROVAL OF THE ISSUANCE OF COMMON STOCK AND RELATED TRANSACTIONS

Our Board of Directors has determined that it is in the best interests of the Company and our stockholders to raise up to \$8,175,000 through the private placement of shares of our common stock at a price of \$1.09 per share. This would require the issuance of approximately 7,500,000 shares of our common stock, or approximately 31.6% of the total shares issued and outstanding, assuming that 100% of the shares offered are subscribed for in the private placement.

The American Stock Exchange ("AMEX") Company Guide Section 713 requires stockholder approval as a prerequisite for AMEX's approval to list newly issued shares on the AMEX if (i) the aggregate number of shares to be issued would result in the issuance of 20% or more of the amount of common stock issued and outstanding, and (ii) the sale price of the shares would be less than the greater of the market value and the book value of the common stock.

To comply with AMEX regulations, we have arranged the private placement of our common stock in two stages. The number of shares issued in the first stage of our private placement constitutes an amount equal to less than 20 percent of our issued and outstanding common stock. The number of shares to be issued in the second stage of our private placement, when combined with the first stage, constitutes an amount equal to 20% or more of our issued and outstanding common stock. We are requesting that our stockholders approve the second stage of our private placement in order to comply with the AMEX listing requirements for those shares.

On May 5, 2004, we received properly executed subscription agreements for both stages of the two-stage private placement from 12 accredited investors and closed the first stage of the private placement in the amount of \$4,905,000 for 4,500,000 shares of our common stock. However, we will not accept any funds for or close the second stage of the private placement unless and until the second

Edgar Filing: PYR ENERGY CORP - Form DEF 14A

stage has been approved by our stockholders.

The principal terms of the two-stage private placement are described below under "Principal Terms of the Two-Stage Private Placement".

Principal Terms of the Two-Stage Private Placement

The first stage of the two-stage private placement consists of 4,500,000 shares of our common stock at a purchase price of \$1.09 per share. The second stage consists of 3,000,000 shares of common stock at a purchase price of \$1.09 per share. This price per share represents a discount from the market value of our common stock primarily because the stock will not be immediately tradable in the open market. On May 4, 2004, the closing price for our common stock on the AMEX was \$1.26 per share.

All funds paid by the investors for the first stage of the private placement have been wired from the investor to an escrow account established between the Company and Wells Fargo Bank, N.A.; however, funds for payment of the 3,000,000 shares of common stock constituting the second stage of the private placement will not be wired unless and until we have received approval from our stockholders for the second stage. The two-stage private placement is exempt from the registration requirements of the Securities Act of 1933, as amended, under Section 4(2) of the Securities Act and under Rule 506, promulgated under Regulation D of the Securities Act.

4

We have agreed to pay Stonington Corporation, a broker-dealer registered with the National Association of Securities Dealers, a commission equal to 7.5% of the gross proceeds of the entire offering, plus one common stock purchase warrant for every 20 shares of common stock sold in the offering. Each warrant will entitle the holder to purchase one share of our common stock until five years from the date of closing of the private placement. The exercise price of the warrant will be equal to the closing price for our common stock on AMEX on the date of closing the portion of the private placement for which that portion of the commission is being paid. The warrants will contain a provision providing for a cashless exercise after one year from the date of issue. In addition, we have agreed to use our best efforts to register the resale by Stonington of the shares of common stock underlying the warrants by filing a registration statement with the Securities and Exchange Commission within 12 months subsequent to the closing of the private offering and to keep the registration statement current and effective for such time as the warrants remain outstanding and unexercised.

We plan to use the net proceeds of the offering for our current and proposed oil and gas operations, including geological costs, land related costs and drilling and completion costs, and for a portion of the acquisition price of the assets of Venus Exploration, Inc. Any remainder will be used for general working capital, including general and administrative expenses, at our sole discretion.

Until the closing of the first stage of the private placement, we had not been in compliance with the American Stock Exchange continued listing requirements because our stockholders' equity was less than \$4,000,000 and because the market capitalization of our outstanding common stock was less than \$50,000,000. Upon closing the first stage of the private placement, we regained compliance with these AMEX continued listing requirements.

Effect on Existing Stockholders

Edgar Filing: PYR ENERGY CORP - Form DEF 14A

All the existing holders of our common stock will be diluted proportionately in connection with the issuance of 3,000,000 shares of our common stock in the closing of the second stage, as well as in connection with the issuance of 4,500,000 shares in the closing of the first stage, of the two-stage private placement.

We intend to file a registration statement covering the resale of the shares of common stock issued in the closing of the first stage of the private placement within 60 days of the closing. If stockholder approval is obtained for the issuance of shares of common stock in the second stage of the private placement, we intend to amend the registration statement to include the resale of those shares on that registration statement or file another registration statement covering the resale of the shares sold in the second stage by a date that is not later than the later of 60 days after the closing of the first stage and 30 days after the closing of the second stage. We have agreed to cause the registration statement relating to the shares issued in the first-stage placement to be declared effective by the SEC no later than 180 days after the closing of the first stage of the private placement and in the second-stage placement to be declared effective by the SEC no later than 180 days after the closing of the second stage of the private placement. If we have not filed a registration statement covering the resale of the first-stage shares on or prior to 90 days after the closing of the first stage or a registration statement or amendment covering the resale of the second-stage shares on or prior to 90 days after the closing of the second stage, or if the applicable registration statement or amendment is not declared effective within the time periods prescribed above, then we must refund to each subscriber an amount equal to one percent of the total purchase price paid by the subscriber for the shares purchased in the offering for each subsequent 30-day period until cured.

5

Our common stock has no preemptive or similar rights.

Principal Effects of Nonapproval

If stockholder approval is not obtained, the closing of the second stage of the private placement will not occur. Our inability to obtain the additional financing may adversely affect our ability to pursue our business plan in the manner we believe is most advantageous to our stockholders.

Required Vote; Board Recommendation

An affirmative vote of the majority of shares represented at the Annual Meeting in person or by proxy is necessary to approve the issuance and sale by PYR Energy of 3,000,000 shares of our common stock at a purchase price of \$1.09 per share to a limited number of accredited investors in the second stage of the private placement.

Our Board of Directors unanimously recommends that the stockholders vote for approval of the issuance and sale by PYR Energy of 3,000,000 shares of our common stock at a purchase price of \$1.09 per share to a limited number of accredited investors in the second stage of the private placement.

2. ELECTION OF DIRECTORS

At the Annual Meeting, the stockholders will elect four directors to serve as our Board of Directors. Each director will be elected to hold office until the next annual meeting of stockholders and thereafter until his successor is

Edgar Filing: PYR ENERGY CORP - Form DEF 14A

elected and qualified. The affirmative vote of a majority of the shares represented at the Annual Meeting in person or by proxy is required to elect each director. Cumulative voting is not permitted in the election of directors. Consequently, each stockholder is entitled to one vote for each share of common stock held in his or her name. In the absence of instructions to the contrary, the person named in the accompanying proxy shall vote the shares represented by that proxy for the persons named below as management's nominees for directors. Each of the nominees currently is a director of the Company.

It is not anticipated that any of the nominees will become unable or unwilling to accept nomination or election, but, if that should occur, the persons named in the proxy intend to vote for the election of such other person as the Board of Directors may recommend.

Required Vote; Board Recommendation

An affirmative vote of the majority of shares represented at the Annual Meeting in person or by proxy is necessary to elect each director.

The Board of Directors unanimously recommends a vote for each of the nominees for election as directors.

The following table sets forth, with respect to each nominee for director, the nominee's age, his positions and offices with the Company, the expiration of his term as a director and the year in which he first became a director.

6

Individual background information concerning each of the nominees follows the table. Each of our officers serves at the pleasure of the Board of Directors. There are no family relationships among our officers and directors.

Board of Directors and Committees

The Board of Directors met five times during the fiscal year ended August 31, 2003 and each director participated in at least 75 percent of the aggregate of the total number of meetings of the Board and of all committees on which that director served during the year. We encourage all incumbent directors, as well as all nominees for election as director, to attend the annual meeting of stockholders. Five of six of our incumbent directors attended the 2003 Annual Meeting of Stockholders held on March 18, 2003.

The standing committees of the Board include the Audit Committee and the Compensation Committee. The Audit Committee and the Compensation Committee each consists entirely of non-employee directors. The Board has not appointed a nominating committee.

The Audit Committee met four times during the fiscal year ended August 31, 2003. The Audit Committee is primarily responsible for the effectiveness of the Company's accounting policies and practices, financial reporting and internal

8

controls. The Audit Committee charter was adopted by the Board of Directors in June 2000 and was amended by the Board in April 2001. A copy of the Audit Committee charter was attached as Exhibit A to our definitive Proxy Statement regarding the Annual Meeting of our stockholders held on June 18, 2001 and can be found on the SEC's website at www.sec.gov. The functions of the Audit Committee and its activities during the fiscal year ended August 31, 2003 are described below under the heading "Audit Committee Report". During the fiscal year ended August 31, 2003, the Board examined the composition of the Audit Committee in light of the adoption by the SEC and the AMEX of rules governing audit committees of issuers, such as the Company, whose securities are quoted on the AMEX. Based upon this examination, the Board confirmed that all members of the Audit Committee are "independent" within the meaning of the AMEX's rules. As a result of the Sarbanes-Oxley Act of 2002, the AMEX has approved new rules that impact the Audit Committee's operation and membership. We intend to modify the Audit Committee charter to correspond to the new rules. The Audit Committee currently consists of Messrs. Hutchison (Chairman), Kilpatrick and Rhodes. The Board of Directors has determined that Mr. Hutchison is the Company's audit committee financial expert.

The Compensation Committee met one time during the fiscal year ended August 31, 2003. The Compensation Committee has the authority to establish policies concerning compensation and employee benefits. The Compensation Committee reviews and makes recommendations concerning the compensation policies and the implementation of those policies and determines compensation and benefits for executive officers. The Compensation Committee currently consists of Messrs. Hutchison (Chairman), Kilpatrick and Rhodes. None of the members of the Compensation Committee is an employee of the Company.

Edgar Filing: PYR ENERGY CORP - Form DEF 14A

The Company does not have a nominating committee because it believes that the nominating functions should be relegated to the full Board. Nominees for director will be selected or recommended by a majority of the Company's directors who meet the AMEX independence standards, Messrs. Hutchison, Kilpatrick and Rhodes. In selecting nominees for the Board, the Company is seeking a board with a variety of experiences and expertise, and in selecting nominees will consider business experience in the industry in which the Company operates, financial expertise, independence from transactions with the Company, experience with publicly traded companies, experience with relevant regulatory matters in which the Company is involved and reputation for integrity and professionalism. The independent directors will consider in good faith director candidates who meet the minimum qualifications and who are recommended by stockholders.

To be considered for nomination by the Board at the next annual meeting of stockholders, the nominations must be made by stockholders of record entitled to vote. Stockholder nominations must be made by notice in writing, delivered or mailed by first class U.S. mail, postage prepaid, to the Secretary of the Company at the Company's principal business address, not less than 53 days nor more than 90 days prior to any meeting of the stockholders at which directors are to be elected. Each notice of nomination of directors by a stockholder shall set forth the nominee's name, age, business address, if known, residence address of each nominee proposed in that notice, the principal occupation or employment of each nominee for the five years preceding the date of the notice, the number of shares of the Company's common stock beneficially owned by each nominee and any arrangement, affiliation, association, agreement or other relationship of the nominee with any Company stockholder.

Stockholders wishing to send communications to the Board may contact D. Scott Singdahlsen, our Chief Executive Officer, President and Chairman of the

9

Board, at the Company's principal executive office address. All such communications shall be shared with the members of the Board, or if applicable, a specified committee or director.

Employee Code of Conduct and Code of Ethics and Reporting of Accounting Concerns

We adopted an Employee Code of Conduct (the "Code of Conduct"). We require all employees to adhere to the Code of Conduct in addressing legal and ethical issues encountered in conducting their work. The Code of Conduct requires that our employees avoid conflicts of interest, comply with all laws and other legal requirements, conduct business in an honest and ethical manner and otherwise act with integrity and in our best interest.

We also adopted a Code of Ethics for our Chief Executive Officer, our Chief Financial Officer, our Controller and all other financial officers and executives. This Code of Ethics supplements our Code of Conduct and is intended to promote honest and ethical conduct, full and accurate reporting, and compliance with laws as well as other matters. The Code of Conduct and Code of Ethics were filed with the SEC as exhibits to our Annual Report on Form 10-K for the year ended August 31, 2003.

Further, we have established "whistle-blower procedures" which provides a process for the confidential and anonymous submission, receipt, retention and treatment of complaints regarding accounting, internal accounting controls or auditing matters. These procedures provide substantial protections to employees who report company misconduct.

Audit Committee Financial Expert

Our Board of Directors has determined that Mr. S.L. Hutchison is the Company's audit committee financial expert.

Audit Committee Report

The report of the Audit Committee shall not be deemed incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act or the Exchange Act, except to the extent that we specifically incorporate this information by reference, and shall not otherwise be deemed filed under such Acts.

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process, including the systems of internal controls. In fulfilling its oversight responsibilities, the Committee reviewed and discussed with management the audited financial statements in the Company's Annual Report on Form 10-K for the year ended August 31, 2003 and the unaudited financial statements included in the Quarterly Reports on Form 10-Q for the first three quarters of the fiscal year ended August 31, 2003.

The Committee discussed with the independent auditors, who are responsible for expressing an opinion on the conformity of audited financial statements with generally accepted accounting principles, the auditors' judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed by the auditors with the Committee under Statement on Auditing Standard No. 61, as amended. In addition, the Committee discussed with the independent auditors the auditors' independence

10

from management and the Company, including the matters in the written disclosures and the letter required by the Independence Standards Board Standard No. 1. The Committee considered whether the auditors' providing services on behalf of the Company other than audit services is compatible with maintaining the auditors' independence.

The Committee discussed with the Company's independent auditors the overall scope and plans for their respective audits. The Committee meets with the independent auditors, with and without management present, to discuss the results of the auditors' examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting. The Committee met four times during the fiscal year ended August 31, 2003 and has thus far subsequently met two times.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors, and the Board approved, that the audited financial statements be included in the Annual Report on Form 10-K for the year ended August 31, 2003 for filing with the SEC. The Committee also has recommended to the Board the selection of the Company's independent auditors.

Compensation Committee Interlocks and Insider Participation

Edgar Filing: PYR ENERGY CORP - Form DEF 14A

No person who served as a member of the Compensation Committee during the year ended August 31, 2003 was, during that year, an officer or employee of the Company or of any of its subsidiaries, or was formerly an officer of the Company or of any of its subsidiaries.

Compensation Committee Report on Executive Compensation

None of the members of the Compensation Committee of the Board of Directors is an employee of the Company. The Compensation Committee sets and administers the policies that govern the annual and long-term compensation of executive officers of the Company. The Compensation Committee makes recommendations to the full Board concerning compensation of executive officers and awards of stock options under the Company's stock option plans.

Compensation Policies Toward Executive Officers. The Compensation Committee's executive compensation policies are designed to provide competitive levels of compensation that relate compensation to the Company's annual and long-term performance, reward above average corporate performance compared to other companies in the oil and gas industry, recognize individual initiative and achievements, and assist the Company in retaining and attracting qualified executive officers. The Compensation Committee attempts to achieve these objectives through a combination of base salary, stock options, and cash bonus awards. In determining compensation, the Compensation Committee considers the matters discussed in this report as well as the recommendations of the Chief Executive Officer concerning other executive officers and employees. The Compensation Committee met during the year ended August 31, 2003 to consider executive salaries for the 2003 fiscal year, as well as stock option grants and cash bonuses for performance during the year ended August 31, 2002.

11

Executive Salaries. Executive salaries are reviewed by the Compensation Committee on a yearly basis and are set for individual executive officers based on subjective evaluations of each individual officer's performance and contributions to the Company, the Company's past performance, the Company's future prospects and long-term growth potential and a comparison of the salary ranges for executives of other companies in the oil and gas industry. Through consideration of these criteria, the Compensation Committee believes that salaries may be set in a manner that is both competitive and reasonable within the Company's industry. The Committee did not adjust executive salaries for the fiscal year ending August 31, 2003.

Stock Options. Stock options are granted to executive officers and other employees of the Company by the full Board after recommendations of the Compensation Committee as a means of providing long-term incentive to the Company's employees. The Compensation Committee believes that stock options encourage increased performance by the Company's employees and align the interests of the Company's employees with the interests of the Company's stockholders. Decisions concerning recommendations for the granting of stock options to a particular executive officer are made after reviewing the number of options previously granted to that officer, the number of options granted to other executive officers (with higher ranking officers generally receiving more options in the aggregate), and a subjective evaluation of that officer's performance and contributions to the Company as described above under "--Executive Salaries" and anticipated involvement in the Company's future prospects. While stock options are viewed by the Committee on a more forward-looking basis than cash bonus awards based on prior performance, an executive officer's prior performance will impact the number of options that may

Edgar Filing: PYR ENERGY CORP - Form DEF 14A

be granted. After considering the foregoing factors, the Committee recommended that the Company grant options to three executive officers as follows:

Name/Title	Number of Options	Exercise Price Per Share
D. Scott Singdahlsen, President and Chief Executive Officer	200,000 81,750	\$0.29 \$1.30
Andrew P. Calerich Chief Financial Officer, Vice President and Secretary	75,000 77,500	\$0.29 \$1.30
Kenneth R. Berry, Jr. Vice President--Land	75,000 82,500	\$0.29 \$1.30

Cash Bonus Awards. The Compensation Committee considers on an annual basis whether to pay cash bonuses to some or all of the Company's employees, including the Company's executive officers. The Compensation Committee considers the granting of bonuses with the objective that the Company will remain competitive in its compensation practices and be able to retain highly qualified executive officers. In determining the amounts of bonuses, the Compensation Committee considers the performance of the Company and each executive officer in the past year as described above under "--Executive Salaries". The Committee's review of the Company's performance concentrates on exploration success, prospect generation, investment community recognition of the Company and financial stability. The Committee did not pay cash bonuses to any of its employees for the fiscal year ended August 31, 2003.

12

Chief Executive Officer Compensation. Generally, the compensation of the Company's Chief Executive Officer is determined in the same manner as the compensation for other executive officers of the Company as described above. The Committee did not adjust Mr. Singdahlsen's compensation for the fiscal year ending August 31, 2003.

Berry, Jr., our Vice President, was late filing a Form 4 with respect to their receipt of stock options on February 5, 2003. 1997 Stock Option Plan

In August 1997, our 1997 Stock Option Plan (the "1997 Plan") was adopted by the Board of Directors and subsequently approved by the stockholders. Pursuant to the 1997 Plan, we may grant options to purchase an aggregate of 1,000,000 shares of common stock to key employees, directors, and other persons who have contributed or are contributing to our success. The options granted pursuant to the 1997 Plan may be either incentive options qualifying for beneficial tax treatment for the recipient or they may be nonqualified options. The 1997 Plan may be administered by the Board of Directors or by an option committee. Administration of the 1997 Plan includes determination of the terms of options granted under the 1997 Plan. As of February 29, 2004, options to purchase 190,000 shares were outstanding under the Plan, and 526,500 options were available to be granted under the 1997 Plan.

We initially could grant options to purchase up to

Edgar Filing: PYR ENERGY CORP - Form DEF 14A

500,000 shares pursuant to the 2000 Plan. In June 2001, our stockholders approved an amendment that allows us to grant options to purchase up to 1,500,000 shares pursuant to the 2000 Plan. The options granted pursuant to the 2000 Plan may be either incentive options qualifying for beneficial tax treatment for the recipient or non-qualified options. The 2000 Plan may be administered by the Board of Directors or by an option committee. Administration of the 2000 Plan includes determination of the terms of options granted under the 2000 Plan. As of February 29, 2004, options to purchase 1,477,500 shares were outstanding under the 2000 Plan, and 22,500 options were available to be granted pursuant to the 2000 Plan.

17

Compensation Of Outside Directors

On April 12, 2002, we granted options to purchase 20,000 shares of common stock to Mr. Hutchison and Mr. Rhodes who, at that time, were the only outside directors of the Company. The exercise price of the options is \$1.65 per share, with 5,000 of the options immediately vesting and the remaining 15,000 of the options vesting 2,500 options for each fiscal quarter served as Director beginning June 1, 2002. Effective with Mr. Kilpatrick becoming a non-employee member of the Board of Directors on June 4, 2002, we granted him options to purchase 20,000 shares of common stock at an exercise price of \$1.72 per share. The options vest 2,500 options for each fiscal quarter served as Director beginning with our fiscal quarter ended August 31, 2002. There were no options granted to any of our directors during the fiscal year ended August 31, 2003.

Employment Contracts And Termination of Employment And Change-In-Control Arrangements

We do not have any written employment contracts with any of our officers or other employees. We have no compensatory plan or arrangement that results or will result from the resignation, retirement or any other termination of an executive officer's employment or from a change-in-control or a change in an executive officer's responsibilities following a change-in-control, except that both the 1997 Plan and the 2000 Plan provide for vesting of all outstanding options in the event of the occurrence of a change-in-control.

Performance Graph

The following line graph compares the yearly percentage change in the cumulative total stockholder return, assuming reinvestment of dividends (regarding shares other than our common stock, on which no dividends have been paid) for (1) our common stock, (2) the American Stock Exchange Oil Index, and (3) the Standard & Poors S&P 500 Index. The comparison shown in the graph is for the years ended August 31, 1999, 2000, 2001, 2002 and 2003. The cumulative total stockholder return on the Company's common stock was measured by dividing the difference between the Company's share price at both the end and at the beginning of the measurement period by the share price at the beginning of the measurement period.

The notes provide, among other things, that the number of shares of common stock that may be acquired by the note holders upon any conversion of the notes shall be limited to the extent necessary to ensure that, following exercise, the total number of shares of common stock then beneficially owned by a note holder and its affiliates and any other persons whose beneficial ownership of common stock would be aggregated with the note holder's for purposes of Section 13(d) of the Securities Exchange Act of 1934, as amended, does not exceed 9.999% of the total number of issued and outstanding shares of

Certain Transactions With Management And Principal Stockholders

On May 24, 2002, certain investment entities managed by Eastbourne Capital Management, LLC, a beneficial owner of more than 10% of our common stock, purchased \$6 million of convertible notes from the Company. The notes provide for semi-annual interest payments at an annual rate of 4.99% and are convertible into shares of common stock at a conversion price of \$1.30 per share. At the time of the transaction, these entities had an aggregate ownership in PYR Energy of approximately 15%. Concurrent with the sale, we agreed to add Messrs. Eric Sippel and Borden Putnam of Eastbourne to our Board of Directors. Messrs. Sippel and Putnam resigned from the Board in August 2003, although Eastbourne still has

the right to designate two individuals to serve on the Board. On February 24, 2004, we entered into amendments to the convertible promissory notes with Black Bear Offshore Master Fund L.P., Black Bear Fund I, L.P. and Black Bear Fund II, L.L.C., three investment funds to which Eastbourne Capital Management, LLC is investment adviser. The amendments provide, among other things, that the number of shares of common stock that may be acquired by a note holder upon any conversion of the notes shall be limited to the extent necessary to ensure that, following exercise of the note, the total number of shares of common stock then beneficially owned by such note holder and its affiliates and any other persons whose beneficial ownership of common stock would be aggregated with the note holder's for purposes of Section 13(d) of the Securities Exchange Act does not

exceed 9.999% of the total number of issued and outstanding shares of common stock (including for such purpose the shares of common stock issuable upon conversion). By written notice to the Company, a note holder may waive the provisions limiting conversion or increase or decrease the limiting percentage to any other percentage specified in the notice. Any waiver or increase or decrease will not be effective until the 61st day after the notice is delivered to the Company.

3. PROPOSAL TO AMEND 2000 STOCK OPTION PLAN

Our Board of Directors has adopted, subject to stockholder approval, an amendment to the 2000 Plan to increase from 1,500,000 to 2,250,000 the number of shares of common stock issuable pursuant to options granted under the 2000 Plan. The options granted pursuant to the 2000 Plan may be either incentive options or non-qualified options. The 2000 Plan is intended to provide incentives to key employees and other persons who have or are contributing to our success by offering them options to purchase shares of common stock. The effect of the increase in the number of shares issuable upon the exercise of options granted under the 2000 Plan is to allow us to grant more options from time to time and thereby augment our program of providing incentives to employees. The terms of the 2000 Plan concerning incentive options and non-qualified options are substantially the same except that only employees of the Company or its subsidiaries are eligible for incentive options and employees and other persons are eligible for non-qualified options. The number of options authorized is a maximum aggregate so that the number of incentive options granted reduces the number of non-qualified options that may be granted. There currently are approximately six employees eligible to receive incentive options and an unspecified number of persons eligible to receive non-qualified options. Grants of options under the 2000 Plan to our named executive officers in fiscal year ended August 31, 2003 are disclosed in this proxy statement under the heading "Executive Compensation--Option Grants Table" above.

The portion of the 2000 Plan concerning incentive options and non-qualified options is administered by the option committee, which may consist of either (a) the entire Board of Directors, or (b) a committee, appointed by the Board of Directors, of two or more non-employee directors. If the option committee consists of less than the entire Board, each member of the committee is required to be a "non-employee director" as defined in SEC regulations. A "non-employee director" is a director who (1) is not currently an officer or employee of the Company or any of its subsidiaries; (2) does not receive compensation from the Company in excess of \$60,000 for services rendered other than as a director; and (3) is not involved in any transaction that is required to be disclosed in our Form 10-KSB and proxy reports as a related party transaction. An "outside director" means, generally, a director who (1) is not a current employee of the Company, (2) is not a former employee of the Company who receives compensation for prior services during the taxable year in question, (3) has not been an officer of the Company, and (4) does not receive compensation from the Company, either directly or indirectly, in any capacity other than as a director. The Board of Directors has determined that the compensation committee will act as

22

the option committee at all times that the members of the compensation committee meet these criteria. The option committee has discretion to select the persons to whom incentive options and non-qualified options will be granted, the number of shares to be granted, the term of these options and the exercise price of these options. However, no option may be exercisable more than 10 years after the granting of the option, and no option may be granted under the 2000 Plan after December 19, 2009.

Edgar Filing: PYR ENERGY CORP - Form DEF 14A

The 2000 Plan provides that the exercise price of incentive options granted cannot be less than the fair market value of the underlying common stock on the date the incentive options are granted. No incentive option may be granted to an employee who, at the time the incentive option would be granted, owns more than 10% of our outstanding stock unless the exercise price of the incentive option granted to the employee is at least 110% of the fair market value of the stock subject to the incentive option, and the incentive option is not exercisable more than five years from the date of grant. In addition, the aggregate fair market value (determined as of the date an option is granted) of the common stock underlying incentive options granted to a single employee which become exercisable in any single calendar year may not exceed the maximum permitted by the Internal Revenue Code of 1986, as amended (the "Code") for incentive stock options.

All options granted under the 2000 Plan will become fully exercisable upon the occurrence of a change in control or certain mergers or other reorganizations or asset sales described in the 2000 Plan.

Options granted pursuant to the 2000 Plan will not be transferable during the optionee's lifetime except in limited circumstances set forth in the 2000 Plan. Subject to the other terms of the 2000 Plan, the option committee has discretion to provide vesting requirements and specific expiration provisions with respect to the incentive options and non-qualified options granted.

Although we may in the future file a registration statement covering the issuance of the options and underlying shares of common stock issuable pursuant to the 2000 Plan, we currently plan to use the exemption from registration set forth in Section 4(2) of the Securities Act and related rules and regulations due to the limited number, and of our relationship with the persons currently anticipated to participate in the 2000 Plan. The common stock acquired through the exercise of the options may be reoffered or resold only pursuant to an effective registration statement or pursuant to Rule 144 under the Securities Act or another exemption from the registration requirements of the Securities Act.

If a change, such as a stock split, is made in our capitalization which results in an exchange or other adjustment of each share of common stock for or into a greater or lesser number of shares, appropriate adjustment shall be made in the exercise price and in the number of shares subject to each outstanding option. In the event of a stock dividend, each optionee shall be entitled to receive, upon exercise of the option, the equivalent of any stock dividend that the optionee would have received had he or she been the holder of record of the shares purchased upon exercise. The option committee also may make provisions for adjusting the number of shares subject to outstanding options if we have one or more reorganizations, recapitalizations, rights offerings or other increases or reductions of shares of outstanding common stock.

The Board of Directors may at any time terminate the 2000 Plan or make such amendments or modifications to the 2000 Plan that the Board of Directors deems advisable, except that no amendments may impair previously outstanding options and amendments that materially modify eligibility requirements for receiving options, that materially increase the benefits accruing to persons eligible to

receive options, or that materially increase the number of shares under the 2000 Plan without the approval of our stockholders.

Edgar Filing: PYR ENERGY CORP - Form DEF 14A

The incentive options issuable under the 2000 Plan are structured to qualify for favorable tax treatment provided for "incentive stock options" by Section 422 of the Code. All references to the tax treatment of the incentive options are under the Code as currently in effect. Pursuant to Section 422 of the Code, optionees will not be subject to federal income tax at the time of the grant or at the time of exercise of an incentive option. In addition, provided that the stock underlying the incentive option is not sold less than two years after the grant of the incentive option and is not sold less than one year after the exercise of the incentive option, then the difference between the exercise price and the sales price will be treated as long-term capital gain or loss. An optionee also may be subject to the alternative minimum tax upon exercise of his incentive options. We will not be entitled to receive any income tax deductions with respect to the granting or exercise of incentive options or the sale of the common stock underlying the incentive options.

Non-qualified options will not qualify for the special tax benefits given to incentive options under Section 422 of the Code. An optionee does not recognize any taxable income at the time the optionee is granted a non-qualified option. However, upon exercise of these options, the optionee recognizes ordinary income for federal income tax purposes measured by the excess, if any, of the then fair market value of the shares over the exercise price. The ordinary income recognized by the optionee will be treated as wages and will be subject to income tax withholding. Upon an optionee's sale of shares acquired pursuant to the exercise of a non-qualified option, any difference between the sale price and the fair market value of the shares on the date when the option was exercised will be treated as long-term or short-term capital gain or loss. Upon an optionee's exercise of a non-qualified option, we will be entitled to a tax deduction in the amount recognized as ordinary income to the optionee provided that the compensation amount is reasonable and we satisfy the applicable reporting requirements required under U.S. Treasury regulations.

As of February 29, 2004, there were options to purchase 1,477,500 shares of common stock outstanding under the 2000 Plan. There are 22,500 additional options to purchase shares that could be granted under the 2000 Plan.

Required Vote; Board Recommendation

An affirmative vote of the majority of shares represented at the Annual Meeting in person or by proxy is necessary to amend the 2000 Plan.

The Board of Directors unanimously recommends that the stockholders vote for the proposal to amend the 2000 Plan.

4. PROPOSAL TO RATIFY THE SELECTION OF HEIN + ASSOCIATES LLP AS CERTIFIED INDEPENDENT ACCOUNTANTS

On January 14, 2004, we dismissed Wheeler Wasoff, P.C. as our independent auditors and engaged Hein + Associates LLP as our new independent auditors. The decision to change was based on Wheeler Wasoff's inability to serve as our independent auditors due to audit partner rotation requirements. This decision was approved by the Audit Committee of our Board of directors. A current report on Form 8-K was filed with the SEC on January 15, 2004 regarding the change of auditors. Wheeler Wasoff's reports on our financial statements for either of the

past two years did not contain an adverse opinion or a disclaimer of opinion, nor were such reports qualified or modified as to uncertainty, audit scope or accounting principles. There have been no disagreements between the Company and

Edgar Filing: PYR ENERGY CORP - Form DEF 14A

Wheeler Wasoff on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure which, if not resolved to the satisfaction of Wheeler Wasoff, would have caused Wheeler Wasoff to make reference in connection with its report to the subject matter of the disagreement.

It is expected that one or more representatives of Hein + Associates LLP will be present at the Annual Meeting and will be given the opportunity to make a statement and to respond to appropriate questions from stockholders.

The Board of Directors recommends that the stockholders vote in favor of ratifying the selection of the certified public accounting firm of Hein + Associates LLP of Denver, Colorado as the auditors who will audit financial statements, prepare tax returns and perform other accounting and consulting services we request for the fiscal year ended August 31, 2004 or until the Board of Directors, in its discretion, replaces them.

Edgar Filing: PYR ENERGY CORP - Form DEF 14A

the Audit Committee. Less than 50% of the hours expended on Wheeler Wasoff, P.C.'s engagement to audit the Company's financial statements for the fiscal years ended August 31, 2003 and 2002 were attributed to work performed by persons other than Wheeler Wasoff, P.C.'s full-time, permanent employees.

Required Vote; Board Recommendation

An affirmative vote of the majority of shares represented at the Annual Meeting in person or by proxy is necessary to ratify the selection of auditors. There is no legal requirement for submitting this proposal to the stockholders; however, the Board of Directors believes that it is of sufficient importance to seek ratification. Whether the proposal is approved or defeated, the Board may reconsider its selection of Hein + Associates LLP.

The Board of Directors unanimously recommends that the stockholders vote for approval of Hein + Associates LLP as the Company's certified independent accountants.

OTHER BUSINESS

The Board of Directors is not aware of any other matters that are to be presented at the Annual Meeting, and it has not been advised that any other person will present any other matters for consideration at the meeting. Nevertheless, if other matters should properly come before the Annual Meeting, the stockholders present, or the persons, if any, authorized by a valid proxy to vote on their behalf, shall vote on such matters in accordance with their judgment.

VOTING PROCEDURES

Votes at the Annual Meeting are counted by an inspector of election appointed by the Chairman of the meeting. If a quorum is present, an affirmative vote of a majority of the votes entitled to be cast by those present in person or by proxy is required for the approval of items submitted to stockholders for their consideration, unless a different number of votes is required by Maryland law or our certificate of incorporation. Abstentions by those present at the Annual Meeting are tabulated separately from affirmative and negative votes and do not constitute affirmative votes. If a stockholder returns his proxy card and withholds authority to vote for any or all of the nominees, the votes represented by the proxy card will be deemed to be present at the meeting for purposes of determining the presence of a quorum but will not be counted as affirmative votes. Shares in the names of brokers that are not voted are treated as not present.

Edgar Filing: PYR ENERGY CORP - Form DEF 14A
