## CORPORATE GOVERNANCE AND THE BOARD OF DIRECTORS

### General

The business and affairs of the Company are managed under the direction of the Board of Directors in accordance with the Virginia Stock Corporation Act and the Company's Articles of Incorporation and Bylaws. Members of the Board are kept informed of the Company's business through discussions with the Chairman of the Board, the Chief Executive Officer and other officers, by reviewing materials provided to them and by participating in meetings of the Board and its committees.

### Board Leadership

The Board of Directors is made up of eleven members, including nine outside directors, the CEO and the Executive Vice President/Chief Projects Officer. The Board leadership structure includes the Chairman of the Board and Vice Chairman of the Board, neither of whom serve as the principal executive officer of the Company. The Board does not have a policy regarding the separation of the roles of Chief Executive Officer and Chairman of the Board, as the Board believes it is in the best interests of the Company to make that determination based on the position and direction of the Company and the membership of the Board. The Board has determined that having an independent director serve as Chairman is in the best interest of the Company's shareholders at this time. This structure ensures a greater role for the independent Directors in the oversight of the Company and active participation of the independent Directors in setting agendas and establishing Board priorities and procedures. Further, this structure permits the Chief Executive Officer to focus on the management of the company's day-to-day operations.

### Risk Oversight

The Board has appointed several committees including Audit, Asset/Liability (ALCO), Operational Risk and Corporate Governance. In addition to the Board's overall policy making authority and risk management responsibilities, these committees are delegated authority with respect to their various areas of operation. One area of significant risk to financial institutions revolves around the risks associated with the monitoring of existing and proposed loan relationships. The board receives a number of monthly and quarterly reports that assist in tracking and mitigating lending risk. The Board has also established an Executive Loan Committee which convenes periodically, either in person or telephonically to consider new loan requests.

### Code of Ethics

The Board of Directors has approved a Code of Ethics for Senior Financial Officers of the Company and the Bank. This document covers the Company's Chief Executive Officer, President, Chief Financial Officer and the Chief Operating Officer. The Code of Ethics states that the Senior Financial Officers are expected to conduct business and act in an honest and ethical manner; provide full, fair, accurate, timely and understandable financial reports; report any significant deficiencies in the Company's internal controls over financial reporting; may not use corporate property, information, or position for improper personal gain or compete with the Company; endeavor to protect the Company's assets and ensure their efficient use; and respect the rights of and deal fairly with the Company's customers, suppliers, competitors and employees. It is available upon request to the Secretary of the Company at P. O. Box 1111, Timberville, VA 22853.

### Independence of Directors

The Board of Directors in its business judgment has determined that the following nine of its eleven members are independent as defined by the listing standards of the Nasdaq Stock Market ("Nasdaq"): Edward Ray Burkholder, John N. Crist, Ellen R. Fitzwater, Daniel J. Harshman, Richard S. Myers, Michael W. Pugh, Christopher S. Runion,

Ronald E. Wampler and Peter H. Wray. In reaching this conclusion, the Board considered that we and our subsidiary entities provide services to, and otherwise conduct business with, companies of which certain members of the Board or members of their immediate families are or were directors or officers.

Our Board of Directors has established standards under which we view the following as impairing a director's independence:

a director who is or at any time during the past three years was our employee, or whose immediate family member is or at any time during the past three years was an executive officer;

a director who received, or whose immediate family member received, more than \$120,000 per year in direct compensation from us during any period of twelve consecutive months within the past three years, other than director and committee fees and pension or other forms of deferred compensation for prior service;

a director who is or at any time during the past three years was affiliated with or employed by, or whose immediate family member is or at any time during the past three years was affiliated with or employed in a professional capacity by, our present or former internal or external auditor;

a director who is employed, or whose immediate family member is employed, as an executive officer of another company where at any time during the past three years any of our executives served on that company's compensation committee; and

a director who is an executive officer or an employee, or whose immediate family member is an executive officer, of a company that makes payments to, or receives payments from, us for property or services in an amount which, in any single fiscal year, exceeds the greater of \$200,000 or 5% of such other company's consolidated gross revenues.

While we conduct business with several of our directors, including Edward Ray Burkholder (engineering expertise), John Crist (legal services), Michael Pugh (real estate appraisal services, sales and leasing), Christopher Runion (signage), Richard Myers (automobile purchases and servicing), and Peter Wray (real estate sales and leasing) the total amounts paid to the entities with which our directors are affiliated are significantly less than the thresholds outlined above. Directors Withers and Caplinger are not considered independent due to their current employment by the Company. Other than those described above and under "Certain Relationships and Related Transactions," the Board of Directors did not consider any transactions, relationships or arrangements in determining director independence.

#### Board and Committee Meeting Attendance

There were 12 meetings of the Board of Directors of the Company in 2017. Each director attended greater than 75% of the aggregate number of meetings of the Board of Directors and meetings of committees of which the director was a member in 2017. The Board of the Bank, which met 12 times in 2017, primarily manages all matters for the Bank. All the directors of the Company are also directors of the Bank.

#### Committees of the Board

The Company has an Audit Committee. The Company does not have a standing Nominating Committee. The Company does not have a standing Compensation Committee; however, the Bank has a Compensation Committee. Since compensation is paid through the Bank, the Bank's Compensation Committee evaluates compensation policies and makes recommendations to the Company's Board. These recommendations are considered for approval by the independent directors of the Company. Other standing committees for the Bank include the ALCO Committee, Corporate Governance Committee and Building Committee.

#### Audit Committee

The Audit Committee assists the Board of Directors in fulfilling the Board's oversight responsibility to the shareholders relating to the integrity of the Company's financial statements, the Company's compliance with legal and regulatory requirements, the qualifications, independence and performance of the Company's independent auditors and the performance of the internal audit function. The Audit Committee is directly responsible for the appointment, compensation, retention and oversight of the work of the independent auditors engaged for the purpose of preparing or issuing an audit report or performing other audit, review or attestation services for the Company. The Board of Directors has adopted a written charter for the Audit Committee which was included in the 2016 Proxy Statement.

The members of the Audit Committee are Ellen R. Fitzwater, Daniel J. Harshman, Christopher S. Runion and Ronald E. Wampler, all of whom the Board in its business judgment has determined are independent as defined by the Securities and Exchange Commission and the listing standards of Nasdaq. The Board of Directors also has determined that all of the members of the Audit Committee have sufficient knowledge in financial and auditing matters to serve on the Audit Committee and that Ms. Fitzwater qualifies as an audit committee financial expert as defined by SEC regulations.

The Audit Committee met five times in 2017. For additional information regarding the Audit Committee, see "Audit Information-Audit Committee Report" on pages 18 and 19 of this Proxy Statement.

## Compensation Committee

The independent directors of the Company's Board of Directors act as the Company's Compensation Committee. The Board receives compensation recommendations from the Bank's Compensation Committee, which reviews executive officer's performance and compensation and reviews and sets guidelines for compensation of all employees. All recommendations of the Bank's Compensation Committee relating to the compensation of our executive officers are reported to the Company's Board of Directors for approval by the independent directors. There is no Compensation Committee Charter.

The members of the Bank's Compensation Committee are Ronald E. Wampler, Edward Ray Burkholder, Daniel J. Harshman, Richard S. Myers and Michael W. Pugh, all of whom the Board in its business judgment has determined are independent as defined by the Securities and Exchange Commission and the listing standards of Nasdaq. The Compensation Committee met three times in 2017.

## Director Nomination Process

The Company currently does not have a standing nominating committee. The entire Board performs the functions of a nominating committee. The Board does not believe it needs a separate nominating committee because the full Board is comprised predominantly of independent directors (as that term is defined by Nasdaq's listing standards) and has the time and resources to perform the function of selecting board nominees. The CEO and the Executive Vice President, as management directors, abstain from discussions and voting for nominees. When the Board performs its nominating function, the Board acts in accordance with the Company's Articles of Incorporation and Bylaws, but does not have a separate charter related to the nomination process.

Should a vacancy occur on the Board of Directors of the Company, the Board would look to the Corporate Governance Committee's list of director qualifications (listed below) and consider these qualifications in developing a pool of potential nominees from the communities served by the Company. The Board would then appoint the candidate who was best qualified following discussions among the independent directors. The Board also considers potential nominees submitted by shareholders.

The Company's independent directors consider, at a minimum, the following factors in recommending to the Board potential new directors, or the continued service of existing directors:

- The ability of the prospective nominee to represent the interests of the shareholders of the Company;
- The prospective nominee's standards of integrity, commitment and independence of thought and judgment;
- The prospective nominee's ability to dedicate sufficient time, energy and attention to the diligent performance of his or her duties, including the prospective nominee's service on other public company boards; and

The extent to which the prospective nominee contributes to the range of talent, skill and expertise appropriate for the Board of Directors.

Shareholders entitled to vote for the election of directors may submit candidates for formal consideration by the Company in connection with an annual meeting of shareholders by providing the Company with timely written notice, in proper form, for each such recommended director nominee. If the notice is not timely and in proper form, the nominee will not be considered by the Company. To be timely for the 2019 annual meeting, the notice must be received within the time frame set forth in "Shareholder Proposals" on page 20 of this Proxy Statement. To be in proper form, the notice must include each nominee's written consent to be named as a nominee and to serve, if elected, and information about the shareholder making the nomination and the person nominated for election. These requirements are more fully described in Section 2.5 of the Company's Bylaws, a copy of which will be provided, without charge, to any shareholder upon written request to the Secretary of the Company, whose address is P. O. Box 1111, Timberville, VA 22853.

While the Company does not have a diversity policy, we consider diversity of the Board based on a number of factors including the geographic locations of potential directors within our branch network, educational background and work experience.

#### Annual Meeting Attendance

The Company encourages members of the Board of Directors to attend the annual meeting of shareholders. Nine of the directors attended the 2017 annual meeting.

#### Communications with Directors

Any director may be contacted by writing to him or her c/o P. O. Box 1111, Timberville, VA 22853. Communications to the non-management directors as a group may be sent to the same address, c/o the Secretary of the Company. The Company promptly forwards, without screening, all such correspondence to the indicated directors.

#### Director Compensation

The following table shows the compensation earned by each of the non-employee directors during 2017. Compensation earned by Mr. Withers and Mr. Caplinger for service as a director is referenced in the Summary Compensation table below. Compensation included meeting fees, retainers and bonuses.

In addition, none of the named executive officers hold any unexercised stock options or unvested stock awards as of December 31, 2017.

## Retirement Benefits

The Bank has a noncontributory, defined benefit pension plan that conforms to the Employee Retirement Income Security Act of 1974, as amended (ERISA) for all full-time employees hired before April 1, 2012. The amount of benefits payable under the plan is determined by an employee's period of credited service. The amount of normal retirement benefit will be determined based on a participant's credited service, earnings and the benefit formula as described in the plan's adoption agreement. The plan provides for early retirement for participants with 10 years of vesting service and the attainment of age 55. Mr. Caplinger, Mr. Withers and Mr. Hayslett are currently eligible for early retirement. A participant who terminates employment with five or more years of vesting service will be entitled to a benefit. The benefits are payable in single or joint/survivor annuities, as well as a lump sum payment option upon retirement or separation of service (subject to limitations as described in the plan's adoption agreement).

Severance Benefits

In 1996, the Company and the Bank adopted a change in control severance plan that became effective July 1, 1996. The plan covers employees designated by the Company's Board of Directors, including Mr. Withers, Mr. Hanna, Mr. Caplinger, and Mr. Hayslett.

Under the plan, a "covered termination" is a cessation of employment with the Company or its then affiliates within 36 months after a change in control (as defined in the plan) on account of either (i) termination of employment by the covered employee for good reason (defined to mean the occurrence after a change in control of any of the following: the assignment of duties inconsistent with prior duties, the diminution of responsibilities, a reduction in base salary, a transfer of job location of more than 50 miles, a failure to pay compensation or deferred compensation within seven days after due, a failure to continue participation and benefits under any compensation or benefits plan (or any successor or replacement plan) at as favorable a level, or a failure of the Company to require any successor to the Company to comply with the plan) or (ii) termination initiated by the Company or any of its affiliates for any reason other than death, disability, mandatory retirement or cause (as defined in the plan).

In the event of a covered termination, a covered employee will be entitled to the following severance benefits: (i) continuation of the employee's base pay (as defined in the plan) through the earlier of his or her death or the third anniversary of the date of the change in control (the severance pay period); (ii) continuation of the availability of coverage, and the employer's regular contribution towards that coverage, under the employer's health care plan during the severance pay period for the employee and his or her eligible dependents; (iii) the right to buy any car that the employee is assigned by the employer at its then fair market value; and (iv) a lump sum payment equal to the value of any qualified or nonqualified retirement benefits forfeited by the employee on account of his or her covered termination.

The following table indicates estimated benefits of a covered termination.

Estimated Current Value of Change in Control Benefits  
(as of December 31, 2017)

	Severance Amount <sup>1</sup>	Other <sup>2</sup>	Total
Dean W. Withers	\$990,000	\$19,332	1,009,332
Mark C. Hanna	975,000	\$19,332	994,332
Larry A. Caplinger	675,000	19,332	694,332
Neil W. Hayslett	780,000	19,332	799,332

<sup>1</sup>This amount represents the greater of three times the employee's base pay at the date of the Change in Control or his base pay at the date of his Covered Termination. The Severance Plan Benefit shall be paid at the same time and in the same manner as the employer's regular payroll payments rather than as a lump sum payment. Notwithstanding anything contained in the Plan, the payments and benefits under the plan will be reduced to the extent necessary so that no payment shall be subject to excise tax under Section 4999 of the Internal Revenue Code.

<sup>2</sup>This amount includes the continuation of the availability of health care benefits arising from a Covered Termination during the employee's 36-month severance pay period. The value to the executive officer of the automobile purchase option contained in the severance plan cannot be determined as it will vary depending on the timing of the event, the book value of the vehicle and the fair market value of the vehicle.

There are no other severance payments except as outlined above in the plan.

#### Summary of Compensation Policies

Overview. This section provides information regarding the compensation program in place for Dean Withers, Chief Executive Officer; Mark Hanna, President, Neil Hayslett, Chief Operating Officer and Larry Caplinger, Executive Vice President/Corporate Secretary, collectively referred to as our "named executive officers." This section includes information regarding the overall objectives of our compensation program and each element of compensation that we provide.

The independent members of our Board of Directors administer the Company's executive compensation program based on the recommendations of the Bank's Compensation Committee, which the Company's independent directors review and approve.

**General Compensation Objectives.** Our overall objectives applicable to our executive officers are to provide a compensation package intended to attract, motivate and retain qualified executives and to provide them with incentives to achieve our annual goals and to increase shareholder value. We recognize the need to implement sound principles that enhance our ability to develop and administer compensation and benefit programs. To this end, we follow certain procedures, including the following:

Purchasing survey information related to other Virginia banks of similar size as prepared by the Virginia Bankers Association;

Obtaining from FIG Partners, LLC a report of peer banks in Virginia and adjoining states that met certain asset and performance characteristics (the "peer group").

We rely upon our judgment in making sound compensation decisions, after reviewing the performance of the Company and carefully evaluating the executive's performance during the year against established goals, leadership qualities, operational performance, business responsibilities, career with the Company, current compensation arrangements and long-term potential to enhance shareholder value. Specific factors affecting compensation decisions for the named executive officers include:

Financial measures such as net profit, return on equity (ROE), return on assets (ROA) and efficiency ratio relative to the peer group;

Strategic objectives such as the establishment of new branch offices;

Launching new or improving existing products that help us reach our goals of being a market leader and to attract and retain customers;

Achievement of specific operational goals for the company, including improved productivity, risk management or portfolio management goals;

Achieving excellence in their organizational structure and among their employees;

Supporting our corporate values by promoting integrity through compliance with laws and regulations.

We generally do not strive for rigid formulas or react to short term changes in business performance in determining the amount or mix of compensation and benefits. The mix of compensation elements is based on the review of the factors outlined above in order to provide the executive with a combination of salary, non-equity incentives and long-term compensation commensurate with responsibilities and competitive with other banks of similar size and characteristics. While we consider the compensation paid by other banks in the benchmarking report and salary survey, we do not attempt to maintain a certain target percentile within these peer groups.

**Base Salaries.** Our policy is to provide salaries that we believe are necessary to attract and retain qualified executives. The objective of the base salary is to reflect job responsibilities, value to the Company and individual performance with respect to the Company's goals and objectives. The salaries of the executive officers are reviewed on an annual basis, as well as at the time of a promotion or other change in responsibilities. Increases in salary are based on an evaluation of the individual's performance and level of pay compared to industry peers as contained in the previously mentioned salary survey and benchmarking report. With regard to named executives' compensation, we exclude both Mr. Withers and Mr. Caplinger from discussion of their compensation and rely on the benchmarking report and other survey information.

**Executive Incentive Plan.** In June 2015, the Board of Directors adopted a cash Executive Incentive Plan (the "EIP" or "Plan") to reward certain executive officers for achieving performance goals. The duration of the EIP is indefinite, and may be amended or terminated by the Board at any time. Participation is limited to those employees selected by the Compensation Committee of the Board each year. Dean W. Withers, Larry A. Caplinger and Neil W. Hayslett were selected to participate in the EIP along with certain other employees in 2017.

Under the Plan, the Board is responsible for establishing and approving annual performance objectives for the Company and EIP Participants, based on such criteria as may be recommended by the Compensation Committee, and

the award formula by which all incentive awards under the EIP are calculated. Participants are entitled to a cash distribution under the Plan if, upon the approval of the Board, the EIP award is earned as a result of the attainment of the Plan performance objectives and the participant is employed as of the last day of the Plan year. Awards shall be paid in the year following the performance period, once full year earnings have been calculated.

The Company has the right to recover compensation that, in its sole discretion, was unjustly paid to an employee under the Plan. Under the EIP, the Board reserves the right to withhold or adjust individual awards. The Board did not exercise its discretion to withhold rewards for 2017.

In February 2018, the Company paid awards under the Plan to Dean W. Withers, Larry A. Caplinger and Neil W. Hayslett. The awards were based on the attainment of the Company's financial performance goals including ROA, ROE, Core Operating Earnings, Efficiency Ratio and Asset Quality, as well as attainment of individual goals for each participant. These amounts are disclosed as Non-Equity Incentive Plan Compensation for 2017 and 2016 in the Summary Compensation Table above.

**Retirement Benefits.** An important retention tool is the Company's various retirement plans. We balance the effectiveness of these plans as a compensation and retention tool with the cost to the Company of providing them.

**Pension Plan.** The Company has a noncontributory pension plan that covers all full-time employees hired prior to April 1, 2012, including the executive officers. This plan conforms to the Employee Retirement Income Security Act of 1974, as amended (ERISA). The amount of benefits payable under the plan is determined by an employee's period of credited service. The amount of normal retirement benefit will be determined based on a participant's credited service, earnings and the benefit formula as described in the plan's adoption agreement. The plan provides for early retirement for participants with 10 years of vesting service and the attainment of age 55. A participant who terminates employment with five or more years of vesting service will be entitled to a benefit. The benefits are payable in single or joint/survivor annuities, as well as a lump sum payment option upon retirement or separation of service (subject to limitations as described in the plan's adoption agreement).

**Deferred Compensation Plan.** Our deferred compensation plan allows certain employees, including the executive officers, to defer receipt of salary and or bonus payments. The initial decision to create the deferred compensation plan included an evaluation of our total benefits package for our senior management team, compared to the benefits package available to all employees and to other comparable companies. The plan was created as a means of attracting and retaining qualified members of the management team. At the present time, participation in the plan is limited to our senior management team, consisting of eleven employees, including the five executive officers. Deferred amounts are deposited in separate accounts and are credited with earnings or losses based on the rate of return of mutual funds selected by the plan participants. Distributions are paid either upon termination or returned at a specific date in the future, as elected by the employee. The employee may elect to receive payments in either a lump sum or a series of installments. Participants may defer up to 100% of salary and bonus payments.

Each year we consider whether to make a discretionary Company contribution to the plan for the benefit of the participants, including the executive officers. Contributions to the plan are based on a number of factors including an evaluation of overall bank performance and an evaluation of the total contributions to the bank's other retirement plans, including the ESOP and 401(k) plans. This contribution is shared on a pro-rated basis by the participants in the plan based on each participant's salary as a percentage of the total salaries of the participants in the plan. For 2017 and 2016, the total contributions to the plan were \$125,000 and \$125,000, respectively.

**401(K) Savings Plan.** Employees, including the executive officers, may contribute up to 97% of regular earnings on a before-tax basis into their Savings Plan (subject to IRS limits). We match dollar for dollar the first 1% of compensation that an employee contributes. Then we match one dollar for each two dollars the employee contributes up to 6% of compensation. Amounts held in the Savings Plan accounts may not be withdrawn prior to the employee's termination of employment (subject to certain exceptions as directed by the IRS).

The Savings Plan limits the "annual additions" that can be made to an employee's account to \$44,000 per year. "Annual additions" include our matching contributions, before-tax contributions made by our employee under Section 401(k) of the Internal Revenue Code and employee after-tax contributions. Of those annual additions, the current maximum before-tax contribution is \$18,000 per year. Participants age 50 and over may also contribute, on a before-tax basis, and without regard to the \$44,000 limitation on annual additions or the \$18,000 general limitation on before-tax contributions, catch-up contributions of up to \$6,000 per year. The Company's matching contribution for each of the named executive officers is contained in the Summary Compensation Table.

Employee Stock Ownership Plan (ESOP). This plan is a long-term incentive for our employees that promote the achievement of goals which create value for our shareholders. This noncontributory plan covers all eligible full and part time employees, including the executive officers. This plan conforms to the Employee Retirement Income Security Act of 1974, as amended (ERISA). An employee becomes a participant in the plan as of October 1<sup>st</sup> of the plan year in which the employee completes one full year of service. A participant who terminates employment with three or more years of vesting service will be vested in their benefit. Cash dividends paid by the Company are passed through to the participants on an annual basis. In 2017 and 2016, the Company contributed \$430,237 and \$407,240, respectively, to the plan. All eligible full time employees, including the executive officers, share in this contribution on a pro-rated basis based on each participant's eligible compensation as a percentage of the total eligible compensation of all the participants in the plan. The allocation to each of the executive officers is contained in the Summary Compensation Table.

#### Certain Relationships and Related Transactions

The Company's directors and officers, and other corporations, business organizations, and persons with whom some of the Company's directors and officers are associated, had loan transactions at December 31, 2017 with the Bank totaling approximately \$20,377,000 or about 22.63% of average shareholders' equity and had loan transactions at December 31, 2016 totaling approximately \$7,486,000 or about 8.74% of average shareholders' equity. All such transactions were made in the ordinary course of business on substantially the same terms, including interest rates and collateral, as those prevailing at the time in comparable transactions with persons not related to the Company and did not involve more than the normal risk of collectability or present other unfavorable features.

In February 2017, the Board approved the Loan Credit Policy which includes guidelines as contained in Regulation O with regard to extensions of credit to executive officers, directors and principal shareholders. All such requests are presented to the full Board of Directors for approval. Under the policy, no executive officer, board member or principal shareholder may participate in the review of a transaction in which such member has an interest.

We have not adopted a formal policy that covers the review and approval of other related person transactions by our Board of Directors. The Board, however, does review all such transactions that are proposed to it for approval. During such a review, the Board will consider, among other things, the related person's relationship to the Company, the facts and circumstances of the proposed transaction, the aggregate dollar amount of the transaction, the related person's relationship to the transaction and any other material information. Our Audit Committee also has the responsibility to review significant conflicts of interest involving directors or executive officers.

## PROPOSAL THREE

### ADVISORY (NON-BINDING) VOTE ON COMPENSATION OF THE NAMED EXECUTIVE OFFICERS

The Dodd-Frank Wall Street Reform and Consumer Protection Act (the "Dodd-Frank Act") and regulations promulgated thereunder require the Company to conduct a separate shareholder vote to approve the compensation of named executive officers commonly known as "say on pay", as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission ("SEC"). The Dodd-Frank Act further provides that this shareholder vote shall not be binding on the issuer or board of directors of an issuer.

The above-referenced provisions give you as a shareholder the right to endorse or not endorse our executive compensation through the following resolution:

"RESOLVED, that the shareholders approve the compensation of the named executive officers of the Company as set forth under the heading "Executive Compensation" in the Company's 2018 Proxy Statement, including the compensation tables, narrative discussion and related material."

Because your vote is advisory, it will not be binding on the Company or the Board of Directors. However, the Compensation Committee of the Bank will take into account the voting results when considering future executive compensation arrangements.

A majority of the votes cast by holders of common stock is required to approve the non-binding vote on the compensation of the named executive officers.

The Board of Directors unanimously recommends that shareholders vote "FOR" approval of the resolution.
