ITEM 5. OTHER EVENTS AND REGULATION FD DISCLOSURE

Reference is made to "Liquidity and Capital Resources" under "Management's Discussion and Analysis of Financial Condition and Results of Operations - Financing" of the Registrant's 2002 Annual Report incorporated by reference in Item 7 of the Registrant's Form 10-K for the year ended December 31, 2002, for a discussion of the Registrant's credit facilities and credit agreement provisions.

## Edgar Filing: AMEREN CORP - Form 8-K

On July 17, 2003, the Registrant entered into two new credit agreements for \$470 million in revolving credit facilities to be used for general corporate purposes, including support of the Registrant's commercial paper programs. The \$470 million in new facilities includes a \$235 million 364-day revolving credit facility and a \$235 million 3-year revolving credit facility. These new credit facilities replaced the Registrant's existing \$270 million 364-day revolving credit facility, which matured on July 17, 2003, and a \$200 million facility, which would have matured in December 2003. The new credit facilities contain, among other terms and conditions, provisions which require the Registrant to meet minimum ERISA funding requirements for its pension plan. The prior credit facilities included more restrictive provisions related to the funded status of the Registrant's pension plan, which are not present in the new facilities. On July 17, 2003, the Registrant also entered into an amendment of an existing \$130 million multi-year credit facility that similarly modified the ERISA-related provisions in this facility. As a result, all of the Registrant's facilities require it to meet minimum ERISA funding requirements, but do not otherwise limit the underfunded status of the Registrant's pension plan.
