#### **Item 1.01. Entry into a Material Definitive Agreement.**

On July 30, 2010, the Company entered into various agreements to take over as the operator of ten skilled nursing facilities located in Georgia. These facilities were previously being operated by another company (the prior operator ) that filed for bankruptcy relief under Chapter 11 of Title 11 of the United States Code in the United States Bankruptcy Court for the Northern District of Georgia. The prior operator was operating these facilities under operating lease agreements with two different owners. The lessors of these facilities own the bed licenses required to operate them as skilled nursing facilities. Management is currently evaluating the potential accounting impacts of these transactions.

For eight of the ten skilled nursing facilities (the G8 facilities ), the Company entered into an Operations Transfer Agreement ( OTA ) with the prior operator to transfer the operations to the Company. The Company has also established a new operating lease agreement with the lessor of the G8 facilities. The Company began leasing and managing the operations of five of the G8 facilities effective August 1, 2010. The facilities have on aggregate 615 beds that generate approximately \$35 million in annualized revenue. With the close of this transaction, AdCare estimates its revenue run-rate will exceed \$61 million annually, representing an increase of more than 120% over the company s 2009 revenues. The Company anticipates commencement of the lease and operations on the remaining three G8 facilities effective October 1, 2010.

For the G8 facilities, under the OTA, the Company paid the prior operator cash of approximately \$3,100,000 in exchange for the transfer of the operations, the acquisition of certain receivables, and the assumption of liabilities up to a maximum of \$1,300,000 as outlined by the bankruptcy court. Under the new lease agreements for the G8 facilities, the Company entered into a 10 year operating lease agreement. On August 1, 2010, the lease agreements went into effect for five of the G8 facilities. The Company was required to pay the lessor of the facilities a total of approximately \$1,200,000 for the security deposit, two months of advance rent, and the August 2010 rent. The Company expects rent payments for the G8 facilities to total \$397,650 per month with an annual rate increase of 2% over the term of the lease agreement.

For the remaining two skilled nursing facilities (the G2 facilities ), the Company entered into an Assignment and Transfer Agreement ( ATA ) with the prior operator to assign the operating leases of these facilities and transfer the operations to the Company. The Company anticipates commencement of the leases and operations of the G2 facilities effective October 1, 2010.

For the G2 facilities, at a future closing date under the ATA, the Company will be required to provide the prior operator \$4,250,000 in cash, \$1,250,000 in common stock of the Company, and a promissory note for \$500,000. Additionally, the Company has agreed to enter into consulting agreements with certain principles of the prior operator. The consulting agreements will be for a period of three years with combined consulting fees of \$500,000 per year. On July 30, 2010, the Company paid the prior operator a \$200,000 cash advance and an earnest money deposit of \$1,000,000 which will be returned to the Company at closing.

**FOR IMMEDIATE RELEASE**

**AdCare Health Systems Closes Lease of Five Nursing Homes in Georgia, More than Doubles Annualized Revenue**

Also Signs Agreement to Acquire Additional Five Nursing Homes Leases, with Additional Annualized Revenue of Approximately \$37 Million

**SPRINGFIELD, Ohio, August 2, 2010** - AdCare Health Systems, Inc. (NYSE AMEX: ADK), an Ohio-based long-term care, home care and management company, has closed on a previously announced agreement to lease five privately held nursing homes in South Georgia that is expected to more than double its revenue.

The five facilities have been leased under a five-year term from the owner, with an extension option for an additional five years. The facilities have on aggregate 615 beds that generate approximately \$35 million in annualized revenue.

AdCare's upfront cost for the transaction was \$700,000 in cash, plus legal and accounting closing costs. At closing, the company assumed approximately \$1.3 million in negative working capital and purchased for \$2 million approximately \$5.5 million in existing receivables due to these facilities. In addition, AdCare provided the lessor \$1.16 million, comprised of the first month's lease payment and a security deposit that includes an amount equal to two months lease payment.

With the close of this transaction, AdCare estimates its revenue run-rate will exceed \$61 million annually, representing an increase of more than 120% over the company's 2009 revenues.

This lease is the first major transaction we closed since we began our acquisition campaign at the end of last year, said Chris Brogdon, AdCare's vice chairman and chief acquisitions officer. We expect these facilities to be very profitable for AdCare, especially as they come under our more capable management and benefit from the economies of scale we bring to the table.

AdCare also reported it signed an agreement to lease an additional five nursing homes in Georgia that produce annualized revenues of approximately \$37 million, which it plans to close on September 30, 2010.

We are also now moving quickly toward closing the other two acquisitions we announced in the first half of 2010, noted Brogdon. As we have outlined in our M&A strategy, we are also continuing to evaluate foreclosures and other poorly run facilities that we can secure at below-market prices, as well as target acquisitions of both profitable and turnaround properties to grow our business.

Brogdon joined AdCare last September when the company announced a new M&A growth strategy to build upon its strong reputation for operational efficiency and high-quality living environments.
