General Information

Why am I receiving this Proxy Statement?

The board of directors of Mirant Corporation is soliciting your proxy for the 2002 Annual Meeting of Shareholders and any adjournments thereof. The meeting will be held at 9:00 a.m., EDT, on Thursday, April 25, 2002, at the Grand Hyatt Atlanta, 3300 Peachtree Road, Atlanta, Georgia. This Proxy Statement and proxy form are initially being provided to stockholders on or about March 25, 2002.

What's being voted upon at the meeting?

The election of 2 directors for a three-year term. We are not aware of any other matters to be presented to the meeting; however, the holders of the proxies will vote in their discretion on any other matters properly presented.

Edgar Filing: MIRANT CORP - Form DEF 14A

How do I give voting instructions?

You may give your voting instructions by the Internet, by telephone, by mail or in person at the meeting. Instructions are on the proxy form. The proxy committee, named on the enclosed proxy form, will vote all properly executed proxies that are delivered pursuant to this solicitation and not subsequently revoked in accordance with the instructions given by you.

Can I change my vote?

Yes, you may revoke your proxy by submitting a subsequent proxy or by written request received by Mirant's Corporate Secretary before the meeting.

Who can vote?

All stockholders of record on the record date of March 7, 2002. On that date, there were 401,425,578 Mirant Corporation common shares outstanding and entitled to vote.

How much does each share count?

Each share counts as one vote. For the purpose of determining a quorum, abstentions are counted, but shares held by a broker that the broker fails to vote are not. Neither are counted for or against the matters being considered.

What does it mean if I get more than one proxy form?

You will receive a proxy form for each account that you have. Please vote proxies for all accounts to ensure that all your shares are voted. You may consolidate multiple accounts online at www.melloninvestor.com or call our transfer agent, Mellon Investor Services 866 647-2681.

Why is only one Annual Report and Proxy Statement sent to some stockholders sharing the same address?

In accordance with notices sent to certain street-name stockholders who share a single address, we are sending only one annual report and proxy statement to that address unless we received contrary instructions from any stockholder at that address. This practice, known as 'householding', is designed to reduce our printing and postage costs. Any stockholder who wishes to receive a separate annual report or proxy statement in the future and those receiving multiple copies who would prefer single copies should contact their broker or send their name, the name of their broker, and their account number to Householding Department, 51 Mercedes Way, Edgewood, NY 11717. We will send stockholders a copy of this proxy statement or our annual report upon written request to Mirant Stockholder Services, 1155 Perimeter Center West, Atlanta, GA 30338 or call us at 678 579 7777.

General Information

When are stockholder proposals due for the 2003 Annual Meeting of Shareholders? The deadline for the receipt of stockholder proposals to be considered for inclusion in Mirant's proxy materials is November 21, 2002. They must be submitted in writing to our Corporate Secretary at 1155 Perimeter Center West, Atlanta, Georgia 30338. For stockholder proposals that are not included in Mirant's proxy materials to be presented at next year's meeting, you must comply with the written notice procedures set forth in Section 1.10 of our bylaws before January 25, 2003. The proxy solicited by the board of directors for next year's meeting will confer discretionary authority to vote on any proposal that does not meet these requirements.

Who pays the expense of soliciting proxies?

Mirant pays the cost of soliciting proxies. The officers or other employees of Mirant or its subsidiaries may solicit proxies to have a larger representation at the meeting.

Corporate Governance

How is Mirant Organized?

Mirant Corporation is managed by a core group of officers and governed by a board of directors that has been set at eight members effective April 25, 2002. The directors consist of a non-employee Chairman, six other non-employees and the Chief Executive Officer of Mirant.

What are Directors paid for their services?

Only non-employee directors are compensated for board service. The pay components are:

Annual retainers:

\$70,000 paid in shares of Mirant common stock, all or a portion of which may be deferred in accordance with the terms of Mirant's Deferred Compensation Plan for Directors and Select Employees.

Meeting fees:

\$2,500 for each board meeting attended

\$1,250 for each committee or other meeting attended

Chairman's compensation:

The board has approved compensation for the Chairman, as a non-employee, to be paid for two years from April of 2001, as follows:

annual cash compensation of \$240,000; and

Directors may elect to defer up to 100 percent of their compensation until membership on the board ends.

There is no pension plan for non-employee directors.

How often did Directors meet?

7

Compensation Committee Report

Mirant's compensation program for its executive officers is administered and reviewed by the Compensation Committee (the "Committee") of the Board of Directors. The Committee is comprised of three outside directors, none of whom is an employee or former employee of Mirant.

Compensation Philosophy

In determining the compensation payable to Mirant's executive officers, the Committee seeks to achieve the following objectives through a combination of fixed and variable compensation:

- |X| provide a total compensation opportunity that is consistent with competitive practices, enabling Mirant to attract and retain qualified executives;
- |X| create a direct link between the compensation payable to each executive officer and the financial performance both of Mirant generally and of the specific business unit or units for which the executive is responsible; and
- |X| create a common interest between executive officers and Mirant's stockholders through the use of stock options and other stock awards that link a portion of each executive officer's compensation opportunity directly to the value of Mirant's common stock.

The Committee's compensation philosophy, and the programs that implement this philosophy, were developed with the assistance of outside consultants and counsel. The Committee annually reviews Mirant's compensation policies and programs in light of this philosophy and of competitive practices.

Base Salary

The Committee establishes each named executive officer's base salary by comparison to competitive market levels for the executive's job function. The "Peer Group" used in the Performance Graph on page 20 of this proxy statement reflects Mirant's direct competitors in its principal business. A broader group of companies, including many of the "Peer Group" companies, was used for compensation comparisons. The broader group was used because Mirant believes it competes with this larger group of companies for the services of talented executives. Base salaries generally approximate the median level of such competitive rates and are adjusted based on individual performance. Salaries are reviewed to determine competitive market levels at regular intervals, approximately annually.

Short-Term Incentive

For fiscal year 2001, annual bonuses were established by the Committee based primarily on corporate performance. For the named executive officers, Mirant's

Edgar Filing: MIRANT CORP - Form DEF 14A

earnings per share, net income and return on equity were the primary determinants of such executive's total bonus opportunity. Individual performance was the secondary factor in determining the amount of the bonus opportunity. Target bonuses are set at the median level of competitive rates. The maximum payout is set at two times target to award recipients for exceptional performance.

Long-Term Incentives

Mirant's long-term incentives in 2001 took the form of equity grants consisting of Mirant stock options and Mirant performance restricted stock units. These grants were based on the median level of competitive rates.

8

Mirant Stock Options. Stock options are Mirant's primary long-term incentive. In awarding stock options to executive officers in 2001, Mirant's intent was that such options would represent a significant portion of each such officer's total compensation opportunity, thus aligning the officer's economic interests with those of Mirant's stockholders. Consistent with this goal, all option awards in 2001 were made at the fair market value of the Common Stock as of the date of grant. The Committee believes that these awards were reasonable compared to similar awards made by Mirant's competitors for executive talent.

Mirant Performance Restricted Stock Units. Performance restricted stock units were awarded in 2001 to certain executives, including the named executive officers, based upon similar factors as for the stock option grants. The Committee's purpose for awarding these units was to (i) mitigate the dilutive effects of awarding equity-based long-term incentives and (ii) award such executive officers for achievement of stock price appreciation targets.

Compensation of the Chief Executive Officer

The Compensation Committee reviews the compensation of the chief executive officer on an annual basis. During 2001, Marce Fuller served as Mirant's chief executive officer and received base compensation of \$740,238. Additionally, Ms. Fuller received a short term bonus and long-term incentives as set forth in the Compensation Table. The amounts awarded to Ms. Fuller for the short-term and long-term awards for 2001 were given by the Committee based on Mirant's achievement of performance measures, including earnings per share, net income and return on equity.

The options awarded to Ms. Fuller in 2001 become exercisable in installments over a period of three years. The performance restricted stock units vest in 20% increments based on attainment of predetermined levels of stock appreciation.

Policy as to Section 162(m) of the Code

Section 162(m) of the Internal Revenue Code 1986, as amended, generally denies a publicly traded company a Federal income tax deduction for compensation in excess of \$1 million paid to certain of its executive officers unless the amount of such excess is payable based solely upon the attainment of objective performance criteria. Mirant has undertaken to qualify substantial components of the incentive compensation it makes available to its executive officers for the performance exception to nondeductibility. However, in appropriate circumstances, it may be necessary or appropriate to pay compensation or make special incentive or retention awards that do not meet the performance based exception and therefore may not be deductible by reason of Section 162(m). It is not anticipated that compensation realized by any executive officer under Company plans now in effect will result in a material loss of tax deductions.

Audit Committee Report

The Audit Committee's role is one of oversight whereas Mirant's management is responsible for preparing financial statements and the independent auditors are responsible for auditing those financial statements. The Audit Committee is not providing any expert or special assurance as to Mirant's financial statements or any professional certification as to the independent auditor's work. The Audit Committee met five times in 2001. The Chairman met separately with management on several occasions and other committee members participated in many of those meetings. We have currently scheduled nine committee meetings for 2002.

The duties and responsibilities of the Audit Committee are described in the Audit Committee Charter, a copy of which is included for your convenience as Exhibit A to this Proxy Statement.

In discharging its duties and responsibilities, the Audit Committee:

- |X| reviewed and discussed Mirant's audited financial statements for the year ended December 31, 2001 with management and the independent auditors;
- |X| discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, as amended;
- |X| received from the independent auditors a formal written statement describing all relationships between the auditors and Mirant that might affect the auditors' independence as required by Independence Standards Board Standard No. 1;
- |X| discussed with the independent auditors any relationships (including nonaudit services) that may impact their objectivity and independence;
- |X| determined that Mirant should not procure the following services from its independent auditor: (i) financial systems design and implementation services (once any existing projects are completed) and (ii) internal audit outsourcing or co-sourcing services; and
- |X| performed various other functions consistent with the Audit Committee Charter.

Based on the reviews and discussions noted above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in Mirant's Annual Report on Form 10-K for the year ended December 31, 2001 for filing with the Securities and Exchange Commission.

Consistent with the Committee's Charter, each of the Audit Committee members is an independent director, as that term is defined by the New York Stock Exchange Listed Company Manual.

Members of the committee as of December 31, 2001:

Executive Compensation

Employment Contracts

The compensation provided for in each employment agreement is discussed below. The amounts granted under these agreements are forfeited upon termination for cause or resignation. Amounts are paid immediately if the employee dies, becomes disabled, or is terminated without cause. The board is solely responsible for administering these agreements.

Edgar Filing: MIRANT CORP - Form DEF 14A

S. Marce Fuller.

On October 5, 1999, Southern Company, Mirant Services, LLC. and Ms. Fuller entered into an employment agreement. The agreement provides for the award of \$400,000 in phantom Southern Company stock, valued as of the date of the agreement and paid out on July 1, 2003 if Ms. Fuller is still employed by us. The phantom Southern Company stock was converted to phantom Mirant common stock upon Mirant's separation from the Southern Company. Should Ms. Fuller meet this criterion, she will receive a payment of the phantom stock in cash, valued as of July 1, 2003, including the reinvestment of any dividends paid during the period of the agreement. In addition, the taxes due by Ms. Fuller for this payment will be grossed up if certain goals are met. The goals for this agreement are to meet and exceed net income and return on equity targets for the 2000, 2001, and 2002 fiscal years. The targets for each of these goals were determined prior to the beginning of each year and are the same as the goals for our short-term incentive plan. Our board of directors will determine whether or not these targets have been achieved. This agreement will terminate at the earlier of (1) when Ms. Fuller terminates her employment with us or (2) when the phantom stock is paid.

Messrs. Hill and Pershing.

In October 1999, we entered into compensation agreements with Raymond D. Hill and Richard J. Pershing. Each of these agreements provides for an award of \$300,000 in phantom Southern Company stock, valued as of the date of the agreement. The phantom Southern Company stock was converted to phantom Mirant common stock upon Mirant's separation from the Southern Company. Mr. Hill will receive the phantom stock payment on March 1, 2003 if he is still employed by us on that date, and Mr. Pershing will receive the phantom stock payment on May 1, 2003 if he is still employed by us on that date. In addition, if Mr. Hill is still employed by us on March 1, 2003, his retirement payments are calculated as if 10 years of additional service are included in the pension and supplemental executive retirement plan calculations. If Mr. Pershing is still employed by us on November 1, 2002, his retirement payments are calculated as if three years of additional service are included in the pension and supplemental executive retirement plan calculations. These agreements respectively terminate at the earlier of (1) when Mr. Hill or Mr. Pershing terminates his employment with us or (2) when all vested benefits have been paid.

Mr. Kuester.

Effective December 9, 1999, we entered into a compensation agreement with Frederick D. Kuester. This agreement provides for the award of \$100,000 in our phantom stock, at the December 31, 1998 base value under the SEI Value Creation Plan. Under the terms of the agreement, if Mr. Kuester is still employed by us on January 1, 2003, this award will be paid at the then current value of Mirant stock. In addition, on December 15, 2000, we entered into another agreement with Mr. Kuester for employment through January 1, 2004. This agreement guarantees him annual retirement income of \$225,000 if he retires from Mirant after January 1, 2004. Should Mr. Kuester return from his current assignment at Mirant Asia-Pacific, all of his outstanding options will vest.

12

Mr. Miller.

Effective October 1, 1999, we entered into an Employment Agreement with Douglas L. Miller. This agreement provides for compensation and benefits during the five-year term of the agreement. Under the terms of the agreement, if Mr. Miller

Edgar Filing: MIRANT CORP - Form DEF 14A

is still employed by us on September 30, 2004, his retirement payments are calculated as if 5 years of additional service are included in the pension and supplemental executive retirement plan calculations.

Change In Control Arrangements

Our executive officers named in the summary compensation table have change in control agreements that are effective upon a change in control of Mirant.

Within two years following a change in control, if an executive is involuntarily terminated, other than for cause, or voluntarily terminated for good reason, which is defined as a meaningful and detrimental change in duties, a significant reduction in compensation or benefits or relocation, the agreements provide for:

- a lump sum payment of three times annual compensation (base salary and average actual bonus for the last two years);
- a lump sum payment of three times the annual cost of health and life insurance coverage;
- immediate vesting of all stock options and stock appreciation rights previously granted;
- payment of any accrued short-term bonuses and performance restricted stock units; and
- payment of any excise tax liability incurred as a result of payments made under the agreement.

The plan also provides for pro-rata payments at the greater of target-level performance or actual performance for some incentive plans if a change in control occurs and the plans are not continued or replaced with comparable plans.

The definition of "change in control" includes the following events:

- acquisition by a person of at least 20% of our stock;
- a defined change in the majority of the members of our board of directors;
- a merger or other business combination that results in our stockholders immediately before the merger owning less than 65% of the voting power after the merger; or
- a sale of substantially all of our assets.

Certain Legal Proceedings

Ms. Fuller and Mr. Hill served as executive officers of Mobile Energy Services Company, LLC (Mobile Energy) from July 1995 to July 2001, and James A. Ward, our senior vice president and controller, served as an executive officer of Mobile Energy from July 1995 to June 1999. In addition, they each served as executive officers of its parent company Mobile Energy Services Holdings, Inc.
