PROSPECTUS SUMMARY

We own and operate Internet service providers in the Czech Republic, Hungary, Romania and Slovakia through our subsidiaries Euroweb Czech Republic spol. s.r.o. ("Euroweb Czech"), Euroweb Hungary Rt. ("Euroweb Hungary"), Euroweb Romania S.A. ("Euroweb Romania") and Euroweb Slovakia a.s. ("Euroweb Slovakia"). We operate in one industry segment, providing Internet access and additional value added services to business customers.

Our revenues come from the following four sources:

- o Internet service provider (Internet access, content and web services and other services);
- o international/domestic leased services;
- o voice over Internet protocol ("VOIP") services; and
- o the sale, rental and maintenance of dark fiber between the Hungarian border and the Romanian City of Timisoara.

Our main customer in 2003 and the first quarter of 2004 for our international/domestic leased line, Internet and VOIP services was Pantel Telecommunication Rt., a related party.

6

Risk Factors

If you purchase shares of our common stock, you will take on a financial risk. In deciding whether to invest, you should consider carefully the following factors, the information contained in this prospectus and the other information to which we have referred. If any of the following risks actually occur, our business, financial condition or results of operations could be materially adversely affected. In such case, the trading price of our common stock could decline, and you may lose all or part of your investment.

Risk Related to our Business and Industry

Although we had a net profit for the first quarter of 2004, we had incurred comprehensive losses for the prior periods and we will again incur comprehensive losses if we are unable to generate sufficient revenue and control costs.

Although we had a net profit of \$40,860 for the three months ended March 31, 2004, we incurred net losses of \$1,576,060 for the year ended December 31, 2003 and \$5,894,234 for the year ended December 31, 2002. We may not sustain profitability on a quarterly or annual basis in the future. If revenues grow more slowly than we anticipate or if operating expenses exceed our expectations or cannot be adjusted accordingly, we will incur losses. Our possible success is dependent upon the successful development and marketing of our services and products, as to which there is no assurance. Any future success that we might

Edgar Filing: EUROWEB INTERNATIONAL CORP - Form S-3

enjoy will depend upon many factors, including factors out of our control or which cannot be predicted at this time. These factors may include changes in or increased levels of competition, including the entry of additional competitors and increased success by existing competitors, changes in general economic conditions, increases in operating costs, including costs of supplies, personnel and equipment, reduced margins caused by competitive pressures and other factors. These conditions may have a materially adverse effect upon us or may force us to reduce or curtail operations.

We would incur material additional expenses, which would reduce our revenue, if the Internet service industry becomes subject to additional regulations.

The Internet service industry is not currently subject to direct regulation other than regulation applicable to businesses generally. However, changes in the regulatory environment relating to the telecommunications, Internet and media industries could have an effect on our business, which effect may be materially adverse to our interests. Additionally, legislative proposals from international, federal, state and foreign governmental bodies in the areas of content regulation, intellectual property, privacy rights and tax issues, could impose additional regulations and obligations upon all online service and content providers, which effect may be materially adverse to our interests. We cannot predict the likelihood that any such legislation will pass, nor the financial impact, if any, the resulting regulation may have on it.

Moreover, the applicability to persons engaged in Internet commerce of existing laws governing issues such as intellectual property ownership, libel and personal privacy is uncertain. Recent events relating to the use of online services for certain activities has increased public focus and could lead to increased pressure on foreign and national legislatures to impose regulations on online service providers. The law relating to the liability of entities conducting business over the Internet for information carried on, or disseminated through, their systems is currently unsettled and has been the subject of several recent private lawsuits. In the event that a similar action be initiated against us, costs incurred as a result of such actions could have a material adverse effect on the business of our company.

Our future success is dependent, in part, on the performance and continued service of our CEO and our ability to attract additional qualified personnel and if we are unable to do so our results from operations may be negatively impacted.

7

Our success will be dependent on the personal efforts of Csaba Toro, Chief Executive Officer. The loss of the services of Mr. Toro could have a material adverse effect on our business and prospects. We do not have and do not intend to obtain "key-man" insurance on the life of any of our officers. The success of our company is largely dependent upon our ability to hire and retain additional qualified management, marketing, technical, financial and other personnel. Competition for qualified personnel is intense, and there can be no assurance that we will be able to hire or retain additional qualified management. The inability to attract and retain qualified management and other personnel will have a material adverse effect on our company as our key personnel are critical to our overall management as well as the development of our technology, our culture and our strategic direction.

Our wholly owned subsidiary, Euroweb Romania, is highly dependent on one customer, Pantel Rt., which is owned by KPN Telecom B.V. If Pantel is to terminate our services our results from operations would be materially impacted if either the sales by Pantel from Euroweb Romania or the sales to Pantel by Euroweb Hungary were terminated.

Edgar Filing: EUROWEB INTERNATIONAL CORP - Form S-3

The majority owner of Pantel Rt. is KPN Telecom B.V., which also owns 43.53% of our common stock. Such ownership improved the co-operation of the two companies, which has resulted in a high level of dependency in the case of Euroweb Romania. Actual dependency from Pantel Rt., taking into account the direct and Pantel Rt. related sales, represents approximately 85% of total sales of Euroweb Romania. In addition, in February 2004 a Service Contract was entered between Euroweb Hungary and its subsidiaries and Pantel, by which Euroweb Hungary agreed to buy services from Pantel on an annual basis of HUF 600,000,000 plus value added tax during the next three years. In the event that the Euroweb Hungary does not satisfy this annual commitment, then it is required to pay to Pantel a penalty equal to 25% of the annual commitment less any services purchased. We have agreed to guarantee the payment of the annual commitment. Further, we has also agreed to guarantee a loan in the amount of HUF 245,000,000 plus interest payable by a Euroweb Hungary subsidiary to Pantel as well as the payment of HUF 93,000,000 plus value added tax to be made by Euroweb Hungary to Pantel in connection with unpaid services that have incurred to date. Despite the fact that co-operation is based on arm's length agreements, disagreements between the management of Pantel Rt. and our company, or an effective change of ownership in one or both companies, may result in the loss of the Pantel Rt. related revenues and their significant margin or the services provided by Pantel to our company.

Increased competition in the Internet service industry may make it difficult for our company to attract and retain customers and to maintain current pricing levels.

The market for Internet-based products and services are new, intensely competitive, rapidly evolving and subject to rapid technological change. We expect competition to persist, intensify and increase in the future. Such competition could materially adversely affect our business, operating results or financial condition.

We believe that the main competitors of Euroweb Slovakia are four of the largest or most active providers in Slovakia:

- o Nextra;
- o GTS Slovakia;
- o SLOVANET; and
- o the incumbent telecom operator, Slovak Telecom.

8

All of the above are all also providing internet services. Both Nextra and GTS Inec have a customer base similar to ours.

Romania's Internet market is in the initial phase of development. At present, other then Euroweb Romania, there are several other data transmission companies providing internet services, which also cover the entire territory of Romania:

- o RDS;
- o GTS Romania;
- o Equant;
- o Connex; and
- o Romtelecom.

Edgar Filing: EUROWEB INTERNATIONAL CORP - Form S-3

As a result of the acquisition of the remaining interest of Euroweb Hungary in 2004, it became our largest subsidiary, which faces the following direct competition on the Hungarian Internet market:

- o Axelero (incumbent Matav's subsidiary);
- o GTS Hungary; and
- o Interware.

We may face intense competition from other companies directly involved in the same business and also from many other companies offering products, which can be used in lieu of those offered by our company. Competition can take many forms, including convenience in obtaining products, service, marketing and distribution channels. We may not be able to compete successfully against current or future competitors or that competitive pressures faced by us will not materially adversely affect our business, operating results or financial condition.

Risks Related to our Common Stock

The substantial number of shares that are or will be eligible for sale, including the 677,201 shares of common stock being registered pursuant to this prospectus would represent approximately 13% of our total outstanding shares, which could cause our common stock price to decline even if we are successful.

Sales of significant amounts of common stock in the public market, or the perception that such sales may occur, could materially affect the market price of our common stock. These sales might also make it more difficult for us to sell equity or equity-related securities in the future at a time and price that we deem appropriate. We are registering 677,201 shares of common stock pursuant to our prospectus. The shares being registered pursuant to this prospectus would represent approximately 13% of our total outstanding.

9

We have anti-takeover provisions, which could inhibit potential investors or delay or prevent a change of control that may favor you.

Some of the provisions of our certificate of incorporation, our bylaws and Delaware law could, together or separately, discourage potential acquisition proposals or delay or prevent a change in control. In particular, our board of directors is authorized to issue up to 5,000,000 shares of preferred stock (less any outstanding shares of preferred stock) with rights and privileges that might be senior to our common stock, without the consent of the holders of the common stock.

RECENT DEVELOPMENTS

Euroweb Hungary Rt.

On February 12, 2004, we entered into a Share Purchase Agreement with PanTel Tavkozlesi es Kommunikacios rt. ("Pantel"), a Hungarian corporation, to acquire Pantel's 51% interest in Euroweb Hungary that provides Internet service and is based in Budapest, Hungary. The acquisition was closed on March 1, 2004. Prior to this acquisition, we owned 49% of Euroweb Hungary and, as a result of this acquisition, Euroweb Hungary became a wholly-owned subsidiary of our company. The purchase price of EURO 1,650,000 (approximately \$2,105,000) was funded from cash that we had previously raised.

As part of the acquisition, we guaranteed the purchase of HUF 600 million

Edgar Filing: EUROWEB INTERNATIONAL CORP - Form S-3

(approximately \$3,000,000) of services (annually from 2004-2006) by Euroweb Hungary and its subsidiaries from Pantel. In 2003, Euroweb Hungary and subsidiaries (Freestart Kft. and Neophone Rt.) purchased in excess of HUF 700 million (approximately \$3,500,000) in services from Pantel. In the event that Euroweb Hungary and its subsidiaries do not satisfy this commitment, then Euroweb Hungary is required to pay to Pantel a penalty equal to 25% of the commitment amount less any services purchased.

We also guaranteed a loan of HUF 245,000,000 (\$1,201,687) plus interest payable provided by Pantel to Freestart Kft., a subsidiary of Euroweb Hungary, as well as a guarantee of HUF 93,000,000 (\$456,150) related to trade payables.

ELENDER Business Communications Services Ltd.

On February 23, 2004, we entered into a Shares Purchase Agreement with Vitonas Investments Limited, a company with registered seat in Cyprus, Certus Kft., a Hungarian corporation and Rumed 2000 Kft., a Hungarian corporation, to acquire their 100% interest in Elender is a Hungarian corporation. Elender is an Internet service provider located in Hungary that provides internet access to the corporate and institutional (public) sector and, amongst others, 2,300 schools in Hungary. The Elender acquisition was closed on June 9, 2004.

The total purchase price paid by our company for the acquisition of Elender was \$9,500,000 as follows:

- o cash in the amount of \$6,500,000; and
- o 677,201 shares of our common stock.

The number of shares was calculated by dividing \$3,000,000 by \$4.43, which is the average trade weighted stock market price during the 60 days prior to signing of the binding term sheet between the parties. At closing, Elender had debt valued at \$2,900,000, consisting of a bank loan and a non-transferable shareholders loan payable by Elender to Vitonas Investments Limited,

10

Certus Kft., and Rumed 2000 Kft. We guaranteed the full repayment of the non-transferable shareholders loan in a period of one and a half years and, in addition, we have also placed in escrow 248,111 shares, which are to be issued to the sellers in the event that there is a default in connection with the non-transferable shareholders loan.

14

PLAN OF DISTRIBUTION

We are registering the shares of common stock on behalf of the selling

Edgar Filing: EUROWEB INTERNATIONAL CORP - Form S-3

stockholders. We are paying all costs, expenses and fees in connection with the registration of shares offered by this prospectus. Brokerage commissions, if any, attributable to the sale of shares will be borne by the selling stockholders.

Each selling stockholder of the common stock of our company and any of their pledgees, assignees and successors-in-interest may, from time to time, sell any or all of their shares of common stock on the Nasdaq SmallCap Market or any other stock exchange, market or trading facility on which the shares are traded or in private transactions. These sales may be at fixed or negotiated prices. A selling stockholder may use any one or more of the following methods when selling shares:

- o ordinary brokerage transactions and transactions in which the broker-dealer solicits purchasers;
- o block trades in which the broker-dealer will attempt to sell the shares as agent but may position and resell a portion of the block as principal to facilitate the transaction;
- o purchases by a broker-dealer as principal and resale by the broker-dealer for its account;
- o an exchange distribution in accordance with the rules of the applicable exchange;
- o privately negotiated transactions;
- o settlement of short sales;
- o broker-dealers may agree with the selling stockholders to sell a specified number of such shares at a stipulated price per share;
- o a combination of any such methods of sale;
- o through the writing or settlement of options or other hedging transactions, whether through an options exchange or otherwise; or
- o any other method permitted pursuant to applicable law.

The selling stockholders may also sell shares under Rule 144 under the Securities Act of 1933, as amended, if available, rather than under this prospectus.

Broker-dealers engaged by the selling stockholders may arrange for other brokers-dealers to participate in sales. Broker-dealers may receive commissions or discounts from the selling stockholders (or, if any broker-dealer acts as agent for the purchaser of shares, from the purchaser) in amounts to be negotiated. Each selling stockholder does not expect these commissions and discounts relating to its sales of shares to exceed what is customary in the types of transactions involved.

In connection with the sale of our common stock or interests therein, the selling stockholders may enter into hedging transactions with broker-dealers or other financial institutions, which may in turn engage in short sales of the common stock in the course of hedging the positions they assume. The selling stockholders may also sell shares of our common stock short and deliver these securities to close out their short positions, or loan or pledge the common stock to broker-dealers that in turn may sell these securities. The selling stockholders may also enter into option or other transactions with broker-dealers or

other financial institutions or the creation of one or more derivative securities which require the delivery to such broker-dealer or other financial institution of shares offered by this prospectus, which shares such broker-dealer or other financial institution may resell pursuant to this prospectus (as supplemented or amended to reflect such transaction).

The selling stockholders and any broker-dealers or agents that are involved in selling the shares may be deemed to be "underwriters" within the meaning of the Securities Act in connection with such sales. In such event, any commissions received by such broker-dealers or agents and any profit on the resale of the shares purchased by them may be deemed to be underwriting commissions or discounts under the Securities Act. Each selling stockholder has informed us that it does not have any agreement or understanding, directly or indirectly, with any person to distribute the common stock.

We are required to pay certain fees and expenses incurred incident to the registration of the shares. We have agreed to indemnify the selling stockholders against certain losses, claims, damages and liabilities, including liabilities under the Securities Act.

Because the selling stockholders may be deemed to be "underwriters" within the meaning of the Securities Act, they will be subject to the prospectus delivery requirements of the Securities Act. In addition, any securities covered by this prospectus which qualify for sale pursuant to Rule 144 under the Securities Act may be sold under Rule 144 rather than under this prospectus. Each selling stockholder has advised us that they have not entered into any agreements, understandings or arrangements with any underwriter or broker-dealer regarding the sale of the resale shares. There is no underwriter or coordinating broker acting in connection with the proposed sale of the resale shares by the selling stockholders.

We agreed to keep this prospectus effective until the earlier of (i) the date on which the shares may be resold by the selling stockholders without registration and without regard to any volume limitations by reason of Rule 144(e) under the Securities Act or any other rule of similar effect or (ii) all of the shares have been sold pursuant to the prospectus or Rule 144 under the Securities Act or any other rule of similar effect. The resale shares will be sold only through registered or licensed brokers or dealers if required under applicable state securities laws. In addition, in certain states, the resale shares may not be sold unless they have been registered or qualified for sale in the applicable state or an exemption from the registration or qualification requirement is available and is complied with.

Under applicable rules and regulations under the Exchange Act, any person engaged in the distribution of the resale shares may not simultaneously engage in market making activities with respect to our common stock for a period of two business days prior to the commencement of the distribution. In addition, the selling stockholders will be subject to applicable provisions of the Exchange Act and the rules and regulations thereunder, including Regulation M, which may limit the timing of purchases and sales of shares of our common stock by the selling stockholders or any other person. We will make copies of this prospectus available to the selling stockholders and have informed them of the need to deliver a copy of this prospectus to each purchaser at or prior to the time of the sale.

Item 15. Indemnification of Directors and Officers.

Edgar Filing: EUROWEB INTERNATIONAL CORP - Form S-3

Our Certificate of Incorporation, as amended and restated, provide to the fullest extent permitted by Section 145 of the General Corporation Law of the State of Delaware, that our directors or officers shall not be personally liable to us or our shareholders for damages for breach of such director's or officer's fiduciary duty. The effect of this provision of our Certificate of Incorporation, as amended and restated, is to eliminate our rights and our shareholders (through shareholders' derivative suits on behalf of our company) to recover damages against a director or officer for breach of the fiduciary duty of care as a director or officer (including breaches resulting from negligent or grossly negligent behavior), except under certain situations defined by statute. We believe that the indemnification provisions in our Articles of Incorporation, as amended, are necessary to attract and retain qualified persons as directors and officers.

Our By Laws also provide that the Board of Directors may also authorize the company to indemnify our employees or agents, and to advance the reasonable expenses of such persons, to the same extent, following the same determinations and upon the same conditions as are required for the indemnification of and advancement of expenses to our directors and officers. As of the date of this Registration Statement, the Board of Directors has not extended indemnification rights to persons other than directors and officers.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers or persons controlling us pursuant to the foregoing provisions, or otherwise, we have been advised that in the opinion of the Securities and Exchange Commission, such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable.

Item 17. Undertakings

(a) The undersigned Registrant hereby undertakes:

1. To file, during any period in which offers or sales are being made, a post-effective amendment to this Registration Statement:
 - (i) to include any prospectus required by Section 10(a)(3) of the Securities Act of 1933, as amended;
 - (ii) to reflect in the prospectus any facts or events arising after the effective date of the Registration Statement (or the most recent post-effective amendment thereof), which, individually or in the aggregate, represent a fundamental change in the information set forth in the Registration Statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes on volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and
 - (iii) to include any material information with respect to the plan of distribution not previously disclosed in the Registration Statement or any material change to such information in the Registration Statement,

Edgar Filing: EUROWEB INTERNATIONAL CORP - Form S-3

Securities Act of 1933, as amended, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

3. To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.
4. The undersigned Registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, as amended, each filing of the Registrant's Annual Report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934, as amended, that is incorporated by reference in the Registration Statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
5. Insofar as indemnification for liabilities arising under the Securities Act of 1933, as amended (the "Act"), may be permitted to directors, officers and controlling persons of the Registrant pursuant to the foregoing provisions, or otherwise, the Registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other

21

than the payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

6. The undersigned registrant hereby undertakes to deliver or cause to be delivered with the prospectus, to each person to whom the prospectus is sent or given, the latest annual report to security holders that is incorporated by reference in the prospectus and furnished pursuant to and meeting the requirements of Rule 14-a or Rule 14c-3 under the Securities Exchange Act of 1934; and, where interim financial information required to be presented by Article 3 of Regulations S-X are not set forth in the prospectus, to deliver, or cause to be delivered to each person to whom the prospectus is sent or given, the latest quarterly report that is specifically incorporated by reference in the prospectus to provide such interim financial information.
