The Employee Benefits Committee
Sprint Corporation

We have audited the accompanying statements of net assets available for benefits of the Sprint Retirement Savings Plan (the Plan) as of December 31, 2002 and 2001, and the related statements of changes in net assets available for benefits for each of the three years in the period ended December 31, 2002. These financial statements are the responsibility of the Plan's management. Our

Edgar Filing: SPRINT CORP - Form 11-K

responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2002 and 2001, and the changes in its net assets available for benefits for each of the three years in the period ended December 31, 2002, in conformity with accounting principles generally accepted in the United States.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedules listed in the index to the financial statements are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, are fairly stated in all material respects in relation to the financial statements taken as a whole.

SPRINT RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2002

1. DESCRIPTION OF THE PLAN

The following brief description of the Sprint Retirement Savings Plan (Plan) provides only general information. Participants should refer to the Plan document and the summary plan description for more complete information.

General

The Plan is a defined contribution plan established by Sprint Corporation ("Sprint" or the "Company") and adopted by substantially all of its subsidiaries. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Upon its original inception in 1984, the Plan was known as the United Telecom Savings Plan and consisted of the portion now referred to as the Savings Plus Account (SPA). This account includes a qualified cash or deferred arrangement as defined in section 401(k) of the Internal Revenue Code (Code). Effective October 10, 1989, the United Telecommunications, Inc. Employee Stock Ownership Plan, now referred to as the TRASOP Account, was merged into the Plan. The TRASOP account is a defined contribution plan that invests in common stock of the Company. With the merger, the plan became known as the Sprint Retirement Savings Plan (SRSP).

At its meeting on December 14, 1999, the Sprint Board of Directors approved the merger of the Broadband Wireless Group Plans into the Plan effective as of December 31, 1999 and directed the Employee Benefits Committee to establish procedures under which the investment of contributions and account balances of participants in the Broadband Wireless Group Plans would be converted into investments under the Plan.

The Broadband Wireless Group employees include the participants in the

Edgar Filing: SPRINT CORP - Form 11-K

American Telecasting, Inc. 401(k) Retirement Plan and the American Telecasting Inc. 401(k) Retirement Plan (Fresno Associates) maintained by American Telecasting, Inc., the People's Choice TV Corporation 401(k) Plan maintained by People's Choice TV Corporation, the Wireless Broadcasting Systems of America, Inc. Employees 401(k) Plan maintained by Wireless Broadcasting Systems of America, Inc., and the Wireless Holdings, Inc. 401(k) Plan and the Videotron U.S.A., Inc. 401(k) Plan maintained by Wireless Holdings, Inc.

Effective January 1, 2000, any Broadband Wireless Group employees who were eligible to participate in the above referenced Broadband Wireless Group Plans are eligible to participate in the Plan. The vesting schedules under the respective Broadband Wireless Group Plans remain in effect for company matching contributions made to the Broadband Wireless Group Plans prior to January 1, 2000. The company matching contributions made to the Plan on and after January 1, 2000 for any Broadband Wireless Group employee who had either three or more years of vesting service or less than three years of vesting service as of that date are vested in accordance with the vesting schedules in the Plan. The deferral elections made by participants under the Broadband Wireless Group Plans continue under the Plan until changed by the participants. Effective for contributions to the Plan after December 31, 1999, the investment elections of the participants in the Broadband Wireless Group Plans have been converted into respective investment elections under the Plan.

As of November 1, 2000, the Parinet Inc. 401(k) Plan (the Parinet Plan) was also merged into the Plan. Any Parinet employees who were eligible to participate in the Parinet Plan were eligible to participate in the Plan effective January 1, 1999. The investment elections of the Parinet Plan have been converted into respective investment elections under the Plan.

SPRINT RETIREMENT SAVINGS PLAN NOTES TO FINANCIAL STATEMENTS December 31, 2002

1. DESCRIPTION OF THE PLAN (Continued)

General (Continued)

Under the Plan, separate plan provisions relate solely to the SPA, the TRASOP Account and the Centel Employees' Stock Ownership Plan (CESOP) Account.

The following information pertains only to the SPA:

Eligibility - SPA

Participation in the Plan is voluntary. Individuals employed by the Company or one of its adopting subsidiaries on a regular, full-time basis and who are not represented by a collective bargaining unit are eligible to participate immediately. If an individual is not a permanent full-time employee, the employee is eligible to participate after completing one year of service in which the employee has worked at least 1,000 hours.

Contributions - SPA

Edgar Filing: SPRINT CORP - Form 11-K

Participants can contribute up to 50% of their eligible pay to a pre-tax account, provided total contributions to the pre-tax account did not exceed annual limitations of \$11,000 for the 2002 plan year and \$10,500 for both the 2001 and 2000 plan years. The percentage that can be contributed by participants who meet the definition of a highly compensated employee as defined in the Code is periodically recomputed in order to maintain compliance with the nondiscrimination provisions of the Code. The annual limitation on contributions to the pre-tax account is established under the Code. Contributions are allowed to only the pre-tax account. Subject to certain limitations and restrictions, the Plan permits participants to make rollover contributions from other plans qualified under Section 401 of the Code.

The Company makes a matching contribution to the Plan in an amount which, together with forfeitures of the Company contribution due to participants' withdrawal, equals one-half of the amount contributed by participants. Contributions in excess of 6% of each participant's eligible pay are not included in this calculation of the Company contribution. Contributions are made in Company common stock with a market value equal to the Company contribution requirement.

Effective the first quarter of the 2000 plan year, the allocation of the company matching contribution is subject to change based on the relative market capitalization of FON and PCS stocks. During the 2000 plan year, the company matching contribution invested in both FON and PCS stocks ranged from 43% to 57%. During the 2001 plan year, the company matching contribution invested in FON stock ranged from 43% to 51% and the company matching contribution invested in PCS stock ranged from 49% to 57%. During the 2002 plan year, the company matching contribution invested in FON stock ranged from 43% to 68% and the company matching contribution invested in PCS stock ranged from 32% to 57%. The allocation changes on a quarterly basis based on the relative market capitalization.

The Plan provides that the Company may provide for an optional additional company contribution each quarter. The amount of this additional contribution, if any, will be based on a quarterly comparison of the performance of the Company's common stock with the performance of common stock of other telecommunications companies. The total amount contributed by the Company under this provision will be the

Contributions - SPA (Continued)

product of the additional quarterly contribution percentage multiplied by the amount contributed by participants. Participant contributions in excess of 6% of eligible pay are not included in this calculation.

Effective March 2002, participants can choose to receive Sprint FON dividends as taxable payments annually on vested FON company matching contributions and pre-2002 employee FON contributions.

Edgar Filing: SPRINT CORP - Form 11-K

In 2002, catch-up contributions were introduced to participants who were age 49 (or older) on December 31, 2001 and who were making the maximum elective contribution for the year. Participants could contribute an additional \$1,000 in pre-tax contributions to their Plan Account.

Vesting - SPA

Participants are 100% vested in their participant contribution accounts at all times.

Effective December 1, 2001, participants have a right to their Company contributions based on a graded vesting schedule, which is: 20% vested after two years of service, 40% vested after three years of service, 60% vested after four years of service and 100% vested after five or more years of continuous service with the Company. Earlier vesting may occur, if while an employee of the Company, a participant (1) attains age 65, (2) incurs a permanent and total disability, or (3) dies. Special rules may provide for more rapid vesting to certain participants under vesting schedules of prior Plans.

Withdrawing participants who do not meet these vesting guidelines forfeit the non-vested portion of the Company contribution. Such amounts are used to offset future Company contribution requirements.

Withdrawals - SPA

Participants may withdraw the vested value of their account when they retire, terminate employment with the Company, reach age 59 1/2, meet "hardship" requirements defined in the Code, or become permanently and totally disabled. Withdrawals may also be made from the after-tax portion of their account and the vested portion of their Company contribution account that has been held by the Plan for two full calendar years following the year of contribution. These withdrawals may not be made more often than twice per year. The minimum withdrawal is the lesser of \$1,000 or 50% of the amount that may be withdrawn.

Participants may borrow the lesser of (1) one-half of the total value of their vested account balance, (2) \$50,000 reduced by the highest outstanding balance of the participant's loan from the Plan during the one year period ending on the date the loan is made, or (3) the total value of their pre-tax account. The minimum loan is \$1,000. Participants may have no more than two loans outstanding from the Plan at a time. Amounts borrowed by participants must be repaid within 5 years and no sooner than 6 months. In the event that the proceeds of the loan are used to acquire a participant's principal residence, the maximum repayment period may be as much as 25 years. The interest rate charged on loans is set by the Employee Benefits Committee.

The following information pertains to the TRASOP account:

1. DESCRIPTION OF THE PLAN (Continued)

Effective November 1, 2000, CESOP was merged into the Plan, for nonbargaining unit employees and the Centel Retirement Savings Plan for Bargaining Unit Employees, as appropriate.

The following information pertains to the CESOP account established in the Plan as a result of this merger:

Eligibility/Contributions - CESOP

Employees of Centel Corporation during the period of January 1, 1975, through December 31, 1986, were eligible to participate in the CESOP. The Company made all contributions to the CESOP through December 31, 1986. Effective January 1, 1987, concurrent with the effective date of the Tax Reform Act of 1986, contributions to the CESOP ceased.

Investment Fund - CESOP

Prior to March 9, 1993, CESOP assets were invested solely in company common stock except for amounts necessary to pay dividend distributions, anticipated expenses of the CESOP and fractional share distributions. Effective with the March 9, 1993, merger of Centel and Sprint, each share of Centel common stock was exchanged for 1.37 shares of Sprint common stock. As a result of recapitalization of Sprint common stock on November 23, 1998, the Northern Trust Company, the recordkeeper of the CESOP, adjusted the market value of the Sprint common stock by allocating 89% of the total balance to the Sprint FON stock and 11% to the Sprint PCS stock. Effective with the November 1, 2000 plan merger, Sprint FON stock in the CESOP was transferred to Sprint FON CESOP Stock Fund and Sprint PCS stock in the CESOP was transferred to Sprint PCS CESOP Stock Fund, respectively.

On December 31, 2002, there were 495 participants in the Sprint FON CESOP Stock Fund and 470 participants in the Sprint PCS CESOP Stock Fund. On December 31, 2001, there were 505 participants in both the Sprint FON CESOP Stock Fund and the Sprint PCS CESOP Stock Fund.

Vesting - CESOP

Participants are 100% vested in their account balances at all times.

Withdrawals - CESOP

Edgar Filing: SPRINT CORP - Form 11-K

Upon termination of employment, retirement, death, total and permanent disability, or upon termination of the Plan, participants may elect to withdraw their entire account balance.

Dividends paid on shares held in the CESOP account were distributed to participants quarterly in 2001 and annually in 2000. Dividends were distributed annually in 2002.

SPRINT RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2002

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of the significant accounting policies of the Plan:

Valuation of Investments

Investments of the Plan are valued at fair value. The fair value of the common stock is based on the value of the last reported sale in the active market they are traded in on the last business day of the year. The fair value of equity mutual funds and bond mutual funds is valued at the redemption price. The fair value of the short term investments is estimated at cost plus accrued interest. Notes receivable from participants are valued at their principal balance.

Interest and Dividend Income, Interest Expense

Dividend income is recorded on the ex-dividend date. Income from the investments is recorded as earned on an accrual basis. Interest expense on the note payable is recorded on an accrual basis.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts in the financial statements. Actual results could differ from these estimates.

Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated May 22, 1996, stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. Subsequent to this issuance of the determination letter, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax exempt.
