ITEM 1. DESCRIPTION OF BUSINESS

General

Comet Technologies, Inc. (the "Company") is a "blank check" company which has been seeking to locate a business enterprise which it may acquire, merge or reorganize with, or become engaged in. The Company has been inactive for several years, and until January, 2004, when it entered into an agreement with Town House Land Limited, discussed below, had not located any specific business enterprise for its involvement, nor had it entered into any arrangement or agreements with respect thereto. Since the completion of the Company's public offering in August 1986, the Company has reviewed and evaluated numerous business ventures for possible acquisition or participation

Edgar Filing: COMET TECHNOLOGIES INC - Form 10KSB

by the Company. To date, the Company has not acquired any business venture or engaged in any active operations.

The Company was inactive until January, 2004, when the Company entered into a Stock Exchange Agreement with Town House Land Limited ("Town House"), a company organized in the Hong Kong Special Administrative Region in The People's Republic of China, and the shareholders of Town House, providing for the acquisition of Town House in a reverse acquisition, described below under "DESCRIPTION OF EXCHANGE AGREEMENT." Comet is a public company whose securities are quoted on the over-the-counter Bulletin Board under the symbol "CMEK."

DESCRIPTION OF EXCHANGE AGREEMENT

On January 19, 2004, Comet Technologies, Inc. ("Comet" or the "Registrant") entered into a Stock Exchange Agreement (the "Agreement") by and among Comet, Town House Land Limited, a company organized in the Hong Kong Special Administrative Region in The People's Republic of China ("Town House"); and the shareholders of Town House (the "Town House Shareholders"). Town House owns 97% of the registered capital of Wuhan Pacific Real Estate Industry Development Company Limited ("Wuhan Pacific"), a foreign enterprise organized in Hubei Province in The People's Republic of China ("PRC").

If consummated, the Town House Shareholders have agreed to exchange all of the outstanding shares of Town House, in exchange for the issuance to the Town House Shareholders of a total of 18,390,000 post-split shares of Comet Common Stock. If the transaction is consummated, the Town House Shareholders will hold shares representing approximately ninety four percent (94%) of the total outstanding common shares of Comet, after all stock issuances in the transaction. This exchange would take place following a one-for-three (1 for 3) reverse stock split of the presently issued and outstanding common stock of Comet.

Over the past few weeks, both Comet and Town House have undertaken due diligence investigations of each other in preparation for the consummation of the transaction, and the due diligence is near completion. In the next several weeks, Comet plans to prepare appropriate shareholder materials for dissemination to the shareholders to obtain shareholder approval of the proposed transaction as soon as practicable, subject to completion of due diligence and receipt of appropriate financial statements of Town House and its subsidiary.

1

If the transaction is consummated, the name of Comet will be changed to "Wuhan Development Corporation," or such other name as selected by Town House. Upon closing, the majority of the current officers and directors of Comet will resign and be replaced by officers and directors of Town House. The Agreement also contemplates the adoption of a 2004 Stock Plan, the appointment of the auditors of Town House as the new independent auditors of the resulting company, and the amendment of the articles of incorporation of the Registrant to change its name, as described above, and to increase the authorized capital from 20,000,000 shares to 50,000,000 shares of common stock. The Agreement requires the approval of the shareholders of Comet. The Company has received approval of the transaction, by consent, from shareholders holding in excess of 50% of the outstanding common stock, and plans to mail an Information Statement concerning the transaction on or about April 15, 2004. Comet expects that, barring any unforeseen circumstances, the transaction will close

Edgar Filing: COMET TECHNOLOGIES INC - Form 10KSB

in the end of April, or in May, 2004.

The consummation of the transaction with Town House is subject to a number of conditions, including completion of satisfactory due diligence, receipt by Comet of financial statements of Town House as required under applicable regulations, and satisfaction of all applicable regulatory requirements. If the Agreement is consummated, the business of the Registrant will be conducted through its then subsidiary, Town House, which will, in turn, conduct its business through its subsidiary Wuhan Pacific. There is no assurance the transaction will be completed.

The closing is also subject to Town House and Belair Consulting, L.L.C., a limited liability company ("Belair") of which the present officers and directors are owners, entering into an acceptable consulting agreement under the terms of which Belair will provide consulting services to the resulting company for a period of at least one year. It is anticipated Belair will receive restricted common stock and cash for such consulting services. (See "Item 12 Certain Relationships and Related Transactions").

The description of the Agreement set forth herein does not purport to be complete and is qualified in its entirety by the provision of the Agreement, which is filed as Exhibit 2.1 to the Company's Current Report on Form 8-K filed on January 27, 2004, and incorporated herein by reference.

BUSINESS OF TOWN HOUSE LAND LIMITED

General

The principal business operations of Town House are conducted by and through its subsidiary, Wuhan Pacific Real Estate Development Company Limited ("Wuhan Pacific").

Wuhan Pacific is one of the first privately owned property developers in Wuhan City and is one of the largest property developers in Wuhan City, based on a list of top 100 property development enterprises in Wuhan City in terms of Gross Floor Area ("GFA") sold in 2002 published by the Wuhan Statistics Bureau. It engages principally in the development and sale of high quality private residential properties catering to the mass residential property market in Wuhan City. Wuhan Pacific also engages in other ancillary property related services such as property sales planning and underwriting, construction supervisory and real estate agency services.

2

Wuhan Pacific's portfolio of properties under development are currently all located in Wuhan City and target different segments within the mass residential property market, including young white collar employees, middle to senior managers in enterprises, entrepreneurs and families with young children. These upwardly mobile people represent the emerging middle class in Wuhan City and are a growing source of demand in the mass residential property market.

As of December 31, 2002, Wuhan Pacific reports that it and other equity joint venture companies in which Wuhan Pacific has equity interests have interests in four property development projects in Wuhan City, with an approximate GFA of 200,000 square meters and an aggregate site area of approximately 100,566 square meters. Wuhan Pacific has obtained land use rights certificates in respect of each of these four property development projects. In addition, Wuhan Pacific has not yet obtained land use rights certificates in respect of, but has interest in and plans to develop a further five projects in Wuhan City with an approximate GFA of 252,000 square meters

Edgar Filing: COMET TECHNOLOGIES INC - Form 10KSB

and an aggregate site area of approximately 70,000 square meters. Since the relevant land use rights certificates have not yet been issued or obtained, no commercial value has been assigned to any of these five additional projects or in the calculation of its adjusted net tangible asset value.

Wuhan Pacific reports that it has achieved to date high pre-sales rate of 85% to 90% (in terms of GFA of residential units sold) prior to the issue of the relevant building ownership certificates. In 2001, Wuhan Pacific was ranked as the top of the private property developers in Wuhan City, and ninth amongst all property developers in Wuhan City, in terms of total GFA of all properties sold, according to the list of top 100 property development enterprises in Wuhan City in terms of FGA sold in 2001 published by the Wuhan Statistics Bureau.

Wuhan Pacific aims to further solidify its position in Wuhan City, and plans to also expand its focus on property business in Shanghai. Wuhan Pacific also indicates that it will pursue quality business opportunities in other fast growing cities in China such as Yi Chang, if market conditions are appropriate.

Town House Land Limited

Town House Land Limited ("Town House") is a limited liability company organized in 2003 in the Hong Kong Special Administrative Region in the PRC, as a holding company.

Town House owns 97% of Wuhan Pacific which was organized in Hubei Province in the PRC as a limited liability company in 1995. Substantially all of the assets and operations of Town House in the PRC are conducted through Wuhan Pacific.

Wuhan Pacific Real Estate Development Company Limited

Wuhan Pacific was organized as a limited liability company in The People's Republic of China ("PRC") on December 18, 1995. The primary purpose of Wuhan Pacific was real estate development including apartments, retail and commercial facilities, and mixed use buildings. The principal executive office of Wuhan Pacific is located at No. 250 Jiangnan Road, 32 Diamond Mansion, Jiang'an District, Wuhan City, Hubei Province in the PRC.

3

Property Development

Wuhan Pacific has been principally engaged in the design and construction of luxury apartment buildings and mixed use buildings in the City of Wuhan in the PRC. The apartments are primarily held for sale to middle income to upper level income customers. Certain properties developed by Wuhan Pacific are mixed-use properties that also include retail and commercial floors on the lower levels of the buildings.

Market

The principal market of Town House for its real estate development activities has been in the City of Wuhan in the PRC.

The City of Wuhan is an ancient city and is the capital of Hubei Province in central China. Wuhan is the sixth largest city in the PRC with a population of approximately 8,000,000. Wuhan is an important transportation

Edgar Filing: COMET TECHNOLOGIES INC - Form 10KSB

center on the Jianhan Plain, sitting at the confluence of the Yangtze River, the Hanjiang River, and its longest branch - the Hansui River. The City of Wuhan is comprised of three cities: Hanyang, Wuchang and Hankou.

Because of the significant economic growth and development of central China, the City of Wuhan has experienced increasing demand for luxury residential properties and for retail and commercial space. The concept of mixed use buildings with retail and commercial space on the street level and the lowest floors with luxury apartment units on the higher floors has become increasingly popular in the PRC. As a result, recent building activity of Town House has been designed with the mixed use concept as principal objective.

Town House is in competition with other real estate development companies in the City of Wuhan, some of which are larger and have greater financial resources than Town House.

Project Financing

The real estate projects of Wuhan Pacific have been financed primarily by secured bank loans and by loans from Mr. Fang Zhong, the largest stockholder, a director, Chief Executive Officer and President of Town House.

To facilitate the sale of its apartments, Town House has entered into corporate guarantees to secure mortgage loans to its property buyers.

5

Ownership of Land

There is no private ownership of land in the PRC, and all land ownership is held by the government of the PRC, its agencies and collectives.

However, land use rights can be obtained from the government for periods ranging from 50 to 70 years, and are typically renewable. Land use rights can be transferred and these transfers account for most of the business activity in the primary real estate market in the PRC upon approval by the land administrative authorities of the PRC (State Land Administration Bureau) upon payment of the required land transfer fees.

Properties may under certain circumstances be sold in advance of the

Edgar Filing: COMET TECHNOLOGIES INC - Form 10KSB

completion of the actual full development of a property. Apartments can be purchased by customers by payment-in-full, payment by installment, or payment by mortgaged property loans.

Government Regulation

Wuhan Pacific's projects are subject to various laws and governmental regulations, such as zoning regulations, relating to its business operations and project developments. It must obtain and keep current various licenses, permits and regulatory approvals for its development projects. Wuhan Pacific believes that it is in compliance with all laws, rules and regulations applicable to its projects and that such laws, rules and regulations do not currently have a material impact on its operations. Due to the increasing levels of development in the areas of China where it currently operates, it is possible that new laws, rules and/or regulations may be adopted that could affect Wuhan Pacific's projects or proposed projects. The enactment of such laws, rules or regulations in the future could have a negative impact on its projected growth or profitability, which could decrease its projected revenues or increase its costs of doing business.

Employees

As of December 31, 2003, Town House and Wuhan Pacific had approximately 150 employees. No employee group is covered under a collective bargaining agreement. Town House and Wuhan Pacific believes its relationship with its employees is good.

ITEM 6. MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION

FORWARD-LOOKING INFORMATION AND CAUTIONARY STATEMENTS

This report on Form 10-KSB includes "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, and Section 21E of the Securities Exchange Act of 1934. These forward-looking statements may relate to such matters as anticipated financial performance, future revenues or earnings, business prospects, projected ventures, new products and services, anticipated market performance and similar matters. When used in this report, the words "may," "will," "expect," "anticipate," "continue," "estimate," "project," "intend," and similar expressions are intended to identify forward-looking statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934 regarding events, conditions, and financial trends that may affect the Company's future plans of operations, business strategy, operating results, and financial position. The Private Securities Litigation Reform Act of 1995 provides a safe harbor for forward-looking statements. To comply with the terms of the safe harbor, we caution readers that a variety of factors could cause our actual results to differ materially from the anticipated results or other matters expressed in our forward-looking statements. These risks and uncertainties, many of which are beyond our control, include (i) the sufficiency of existing capital resources and the Company's ability to raise additional capital to fund cash requirements for future operations; (ii) uncertainties involved in the rate of growth of the Company's business and acceptance of its products and services; (iii) the ability of the Company to achieve and maintain a sufficient customer base to have sufficient revenues to fund and maintain operations; (iv) volatility of the stock market; and

8

(v) general economic conditions. Although the Company believes the expectations reflected in these forward-looking statements are reasonable, such expectations may prove to be incorrect.

PLAN OF OPERATION

The Company has been inactive for years, and has had no revenue from operations during the year ended December 31, 2003.

As indicated under "Item 1. Business," the Company has entered into an Exchange Agreement with Town House and the shareholders of Town House. The

Edgar Filing: COMET TECHNOLOGIES INC - Form 10KSB

Company expects this transaction to close in April or May, 2004. If the Exchange Agreement is consummated, the business of the Registrant will be conducted through its then subsidiary, Town House, which will, in turn, conduct its business through Wuhan Pacific. According to documentation provided by Town House, Wuhan Pacific is one of the first privately owned property developers in Wuhan City and is one of the largest property development enterprises in Wuhan City in terms of Gross Floor Area ("GFA") sold in 2002 published by the Wuhan Statistics Bureau. It engages principally in the development and sale of high quality private residential properties catering to the mass residential property market in Wuhan City. Wuhan Pacific also engages in other ancillary property related services such as property sales planning and underwriting, construction supervisory and real estate agency services.

Wuhan Pacific's portfolio of properties under development are currently all located in Wuhan City and target different segments within the mass residential property market, including young white collar employees, middle to senior managers in enterprises, entrepreneurs and families with young children. These upwardly mobile people represent the emerging middle class in Wuhan City and are a growing source of demand in the mass residential property market.

Wuhan Pacific aims to further solidify its position in Wuhan City, and plans to also expand its focus on property business in Shanghai. Wuhan Pacific also indicates that it will pursue quality business opportunities in other fast growing cities in China such as Yi Chang, if market conditions are appropriate. There is no assurance that the operations of the Company will be successful.

Results of Operations

The Company had no revenue from continuing operations for the periods ended December 31, 2003 and 2002.

General and administrative expenses for the periods ended December 31, 2003 and 2002, consisted of rent, general corporate administration, legal and professional expenses, and accounting and auditing costs. These expenses were \$41,415 and \$29,812 for the periods ended December 31, 2003 and 2002, respectively. General and administrative expenses in the period ended December 31, 2003 were more than in the period ended December 31, 2002 primarily due to the number of business opportunities reviewed during the year by management and efforts by management and professionals in the end of the year in connection with the review and negotiation of the transaction with Town House described herein.

The Company had no interest expense in the periods ending December 31, 2003 or 2002. Interest income in the periods ended December 31, 2003 and 2002, respectively, resulted from the investment of funds in short-term, liquid cash equivalents. Interest income was

9

\$1,326 and \$1,738 in the periods ended December 31, 2003 and 2002, respectively. Interest income has decreased from period to period primarily because of decreasing interest rates on the Company's deposit accounts.

As a result of the foregoing factors, the Company realized a net loss of \$40,089 for the period ended December 31, 2003, as compared to a net loss of \$28,074 for the same period in 2002.

Edgar Filing: COMET TECHNOLOGIES INC - Form 10KSB

Liquidity and Capital Resources

At December 31, 2003, the Company had working capital of approximately \$121,597 as compared to \$161,686 at December 31, 2002. This decrease in working capital is attributable in large part to management and professional efforts in connection with reviewing the Town House transaction. Working capital as of both dates consisted substantially of short-term investments, and cash and cash equivalents, less current liabilities.

Management believes that the Company has sufficient cash and short-term investments to fund the Company's operations through at least the next 12 months.

ITEM 7. FINANCIAL STATEMENTS

The financial statements required by this Item 7 begin on Page F-1 with the Index to the Financial Statements and are located following the signature page. All information that has been omitted is either inapplicable or not required.

ITEM 8. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE

There have been no changes in or disagreements with accountants in the past five years.

ITEM 8A. CONTROLS AND PROCEDURES

Within 90 days prior to the date of this report, we carried out an evaluation, under the supervision and with the participation of our CEO and CFO, of the effectiveness of the design and operation of our disclosure controls and procedures. Based on this evaluation, our CEO and CFO concluded that our disclosure controls and procedures are effective in timely alerting them to material information required to be included in our periodic Securities and Exchange Commission reports. Because we have had minimal operations, we do not have an audit committee serving at this time. Accordingly, we do not have an audit committee financial expert serving on an audit committee or any other committee of the Board. However, if the Exchange Agreement is consummated, an audit committee and other committees may be organized.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires our directors, executive officers and persons who own more than ten percent of a registered class of our equity securities, to file with the Securities and Exchange Commission initial reports of ownership and reports of changes in ownership of our common stock. If the Exchange Agreement is consummated, our board of directors will revisit this issue in the future to determine if adoption of a code of ethics is appropriate. In the meantime, our management intends to promote honest and ethical conduct, full and fair disclosure in our reports to the SEC, and compliance with applicable governmental laws and regulations.

Other Shell Company Activities

Mr. Gertino is currently a director of Red Horse Entertainment Corporation, a publicly held shell corporations seeking a business acquisition. Certain conflicts of interest are inherent in the participation of the Company's officers and directors as management in other shell companies, which may be difficult, if not impossible, to resolve in all cases in the best interests of the Company. Failure by management to conduct the Company's business in its best interests may result in liability of management of the

NOTE 5 - SUBSEQUENT EVENT

On January 19, 2003 the Company entered into a Stock Exchange Agreement ("the Agreement") by and among the Company, Town House Land Limited, a company organized in Hong Kong Special Administrative Region in The People's Republic of China ("Town House"); and the shareholders of Town House (the "Town House Shareholders"). Town House owns all of the registered capital of Wuhan Pacific Industry Development Company Limited ("Wuhan"), a wholly-owned foreign enterprise organized in Hubei Province in The People's Republic of China ("PRC").

If consummated, the Town House Shareholders have agreed to sell to the Company, and the Company has agreed to purchase, all of the outstanding shares of Town House, in exchange for the issuance to the Town House Shareholders of a total of 18,390,000 post-split shares of the Company's Common Stock. If the transaction is consummated, the Town House Shareholders will hold shares representing approximately ninety four percent (94%) of the total outstanding common shares of the Company. This exchange would take place following a one-for-three (1 for 3) reverse stock split of the presently issued and outstanding common stock of the Company.

Both the Company and Town House have commenced due diligence investigations of each other in preparation for the consummation of the transaction. The Company plans to prepare appropriate shareholder materials for dissemination to the shareholders to obtain shareholder approval of the proposed transaction as soon as practicable, subject to completion of due diligence and receipt of appropriate financial statements of Town House and its subsidiary.

If the transaction is consummated, the name of the Company will be changed to "Wuhan Development Corporation," or such other name as selected by Town House. Upon closing, the majority of the current officers and directors of the Company will resign and be replaced by officers and directors of Town House. The Agreement also contemplates the adoption of a 2004 Stock Plan, the appointment of the auditors of Town House as the independent auditor of the resulting company and the amendment of the articles of incorporation of the Registrant to change its name, as described above, and to increase the authorized capital from 20,000,000 shares to 50,000,000 shares of common stock.

The consummation of the transaction with Town House is subject to a number of conditions, including approval by the board of directors of the Company and Town House and the shareholders of the Company and Town House, completion of satisfactory due diligence, receipt by the Company of financial statements of Town House as required under applicable regulations, and satisfaction of all applicable regulatory requirements. As a result of the

exchange of the Town House Stock in exchange for the Company Stock, Town House will become a wholly-owned subsidiary of the Company. There is no assurance the transaction will be completed.
