PROXY STATEMENT

*Annual Meeting of Shareholders
Tuesday, April 22, 2003*

This statement is furnished to shareholders of Praxair, Inc. ("Praxair" or the "Company") in connection with the solicitation of proxies for the Annual Meeting of Shareholders to be held at The Amber Room Colonnade, Stacey Road, Danbury, Connecticut on April 22, 2003, at 9:30 a.m. or at any adjournment thereof (the "Annual Meeting"). This Proxy Statement and the enclosed form of proxy are first being sent to

Edgar Filing: PRAXAIR INC - Form DEF 14A

shareholders on or about March 10, 2003. The enclosed proxy is solicited on behalf of the Board of Directors of Praxair.

MATTERS TO BE CONSIDERED AT THE ANNUAL MEETING

Item 1: Election of Directors

Three directors are to be elected. Praxair's Board of Directors is divided into three classes serving staggered terms. The terms of three of the present directors expire this year and each of them has been nominated for reelection.

Your Board recommends that Claire W. Gargalli, G. Jackson Ratcliffe, Jr., and Dennis H. Reilley be elected to serve in the class with terms expiring in 2006. Each nominee has agreed to be named in this Proxy Statement and to serve if elected. Biographical data on these nominees and the other members of the Board of Directors is presented at page 12 of this Proxy Statement under the caption "The Board of Directors".

If one or more of the nominees becomes unavailable for election or service as a director, the proxy holders will vote your shares for one or more substitutes designated by the Board of Directors, or the size of the Board of Directors will be reduced.

To be elected, a nominee must receive a plurality of the votes cast at the Annual Meeting in person or by proxy. If you are a shareholder of record and submit a proxy card (whether by Internet, telephone or mail) without specifying a choice on this matter, the proxy holders intend to vote your shares in favor of each of the above nominees. If you hold your shares in a brokerage or bank account, then, under New York Stock Exchange rules, your broker or bank is entitled to vote your shares on this matter even if no instructions are received from you. If you hold your shares in the Praxair, Inc., Praxair Distribution, Inc., Praxair Healthcare Services, Inc., Praxair Puerto Rico, Inc., or the Dow Chemical Company Employees' savings plan, and if the plan trustee receives no voting instructions from you, then, under the applicable plan trust agreement, the plan trustee is to vote your shares in the same proportion on this matter as it votes shares for which it has received instructions. Abstentions may not be specified as to election of directors.

Item 2: Shareholder Proposal

A shareholder has announced his intention to present a proposal recommending that your Board redeem rights issued to you under the Company's Stockholder Protection Rights Agreement. **Your Board recommends that you vote against this proposal.** The proponent's statement in favor of this proposal and your Board's statement in opposition are located on pages 26 and 27, respectively, of this Proxy Statement under the caption "Shareholder Proposal". In order for this proposal to be adopted by the shareholders, at least a majority of votes cast at the Annual Meeting in person or by proxy by shareholders entitled to vote on the matter must be voted in favor of the proposal. If you are a shareholder of record and submit a proxy card (whether by Internet, telephone or mail) without specifying a choice on this matter, the proxy holders intend to vote your shares against the above

proposal. If you hold your shares in a brokerage or bank account, then, under New York Stock Exchange rules, your failure to give voting instructions to your broker or bank will result in a so-called "broker non-vote" (since your broker or bank is not entitled to vote your shares on this matter unless it receives instructions from you). Broker non-votes as well as abstentions are not considered votes cast and, therefore, will be counted neither for nor against this matter. However, if you hold your shares in the Praxair, Inc., Praxair Distribution, Inc., Praxair Healthcare Services, Inc., Praxair Puerto Rico, Inc., or the Dow Chemical Company Employees' savings plan, and if the plan trustee receives no voting instructions from you, then, under the applicable plan trust agreement, the plan trustee is to vote your shares in the same proportion on this matter as it votes shares for which it has received instructions.

Item 3: Other Business

Praxair knows of no other business that will be considered for action at the Annual Meeting. If any other business calling for a vote of shareholders is properly presented at the meeting, the proxy holders will vote your shares in accordance with their best judgment.

Shareholders Entitled to Vote

Common Stock shareholders of record at the close of business on February 24, 2003 will be entitled to vote at the Annual Meeting. As of that date, a total of 162,241,254 shares of Praxair's Common Stock were outstanding and entitled to vote. Each share of Common Stock is entitled to one vote.

Filing of Proxies

Your vote is important. Because many shareholders cannot attend the Annual Meeting in person, it is necessary that a large number be represented by proxy. Most shareholders have a choice of voting over the Internet, by using a toll-free telephone number or by completing a proxy card and mailing it in the postage-paid envelope provided. Check your proxy card or the information forwarded by your bank, broker or other holder of record to see which options are available to you. Please be aware that, if you vote over the Internet, you may incur costs such as telecommunication and Internet access charges for which you will be responsible.

The Internet and telephone voting procedures are designed to authenticate shareholders by use of a Control Number and to allow shareholders to confirm that their instructions have been properly recorded.

Voting of Proxies

All shares entitled to vote and be represented by a properly completed proxy (either by Internet, telephone or mail) will be voted at the Annual Meeting as indicated on the proxy unless earlier revoked by you. If no instructions are indicated for a matter on an otherwise properly completed proxy, the shares represented by that proxy will be voted on that matter as recommended by the Board of Directors. If a proxy is returned by mail unsigned, it will also be voted as recommended by the Board of Directors. Execution of the proxy also confers discretionary authority to the proxy holder to vote your shares on other matters that may properly come before the meeting.

Revocation of Proxy

You may revoke your proxy at any time before it is voted by filing with Praxair's Secretary a written revocation, by timely delivery of a properly completed, later-dated proxy (including by Internet or telephone), or by voting in person at the Annual Meeting.

Voting at the Annual Meeting

The method by which you vote will in no way limit your right to vote at the Annual Meeting if you later decide to attend in person. If your shares are held in the name of a bank, broker or other holder of record, you must obtain a proxy, executed in your favor, from the holder of record, to be able to vote at the Annual Meeting.

Quorum

The presence, in person or by proxy, of the holders of a majority of the shares entitled to vote shall constitute a quorum. The shares represented by abstentions and broker non-votes (for an explanation of "broker non-votes", see vote counting information on page 2 of this Proxy Statement under the caption "Item 2 Shareholder Proposal") on filed proxies and ballots will be considered present for quorum purposes.

HOW TO RECEIVE YOUR ANNUAL REPORT AND PROXY STATEMENT ON-LINE

Save Praxair future postage and printing expense by consenting to receive future annual reports and proxy statements on-line on the Internet.

Most shareholders can elect to view future proxy statements and annual reports over the Internet instead of receiving paper copies in the mail. Those shareholders will be given the opportunity to consent to future Internet delivery when they vote their proxy. (For some shareholders, this option is only available if you vote by Internet.)

Edgar Filing: PRAXAIR INC - Form DEF 14A

If you are not given an opportunity to consent to Internet delivery when you vote your proxy, contact the bank, broker or other holder of record through which you hold your shares and inquire about the availability of such an option for you.

If you consent, your account will be so noted and, when Praxair's 2003 Annual Report and the Proxy Statement for the 2004 Annual Meeting of Shareholders become available, you will be notified on how to access them on the Internet. Any prior consent you have given will remain in effect until specifically revoked by you in the manner specified by the bank or broker that manages your account.

If you do elect to receive your Praxair materials via the Internet, you can still request paper copies by contacting the Assistant Corporate Secretary at Praxair, Inc., 39 Old Ridgebury Road, M1, Danbury, CT 06810-5113.

CORPORATE GOVERNANCE AND BOARD PRACTICES

Praxair's Governance Principles. Praxair operates under Governance Guidelines which are set forth in Appendix 1 to this Proxy Statement. Consistent with those guidelines, your Board has adopted the following policies and practices, among others:

Edgar Filing: PRAXAIR INC - Form DEF 14A

Business Integrity and Ethics. One of your Board's first acts upon Praxair's launch as a public company was to adopt policies regarding Compliance with Laws and Business Integrity and Ethics. The current version of the Board's policy in these areas is posted at Praxair's web-site, www.praxair.com.

Director Independence. Your Board has adopted independence standards for service on Praxair's Board of Directors and these are set forth in Appendix 2 to this Proxy Statement. Your Board has applied these standards to all of the incumbent non-employee directors, including those who are nominees for reelection at this meeting, and has determined that all of them are independent; and your Board is not otherwise aware of any relationship with the company or its management that could potentially impair a director's exercise of independent judgment.

Board Leadership. The independent directors have elected G. Jackson Ratcliffe, Jr. as Executive Session Presiding Director. Mr. Ratcliffe presides over private meetings of the independent directors and performs other duties, including conducting a formal performance review of the Chief Executive Officer.

Mandatory Director Retirement. Your Board has adopted a policy whereby no director who has attained the age of 72 may serve on the Praxair Board. Your Board also has a policy against service on the Board by an officer of the company after his/her retirement, resignation or removal as an officer.

Limits to Service on Other Boards. Your Board has established a policy whereby no non-employee director may serve on more than 5 additional public company Boards and no member of the Audit Committee may serve on more than two additional public company audit committees. Also, the Chief Executive Officer may not serve on more than two other public company Boards.

Director Stock Ownership Guidelines. Your Board has adopted a policy whereby directors must acquire and hold during their service as a Praxair Board member shares of the Company's stock equal in value to at least 5 times the base cash retainer for directors. Directors have 5 years from their initial election to meet this guideline (or, for incumbent directors, until October 2007). As shown in the stock ownership table presented at page 5 of this Proxy Statement under the caption "Share Ownership", all directors have met this guideline or are within the compliance period; and most substantially exceed the guideline. In addition, any new director elected after October 2002 must, no later than the date of his/her election, acquire, using his/her own personal resources, shares of the Company's stock equal in value to the base cash retainer.

Executive Stock Ownership Guidelines. Your Board of Directors believes that it is important for executive officers to acquire a substantial ownership position in Praxair. In this way, their interests will be more closely aligned with those of shareholders. Significant stock ownership focuses the executives' attention on managing Praxair as equity owners.

Accordingly, stock ownership guidelines have been established for the Corporation's officers and senior managers as follows. 104 executives are currently covered under this stock ownership policy. Individuals are expected to meet the applicable guideline no more than 5 years after first becoming subject to it. The guidelines for 4 of the 5 members of the Office of the Chairman (designated by

6

asterisk below), were increased effective in 2002. These officers have 3 years to meet the increased guidelines.

	Value of Shares Owned
Chief Executive Officer*	5.0x Base Salary
Executive Vice Presidents*	3.0x Base Salary
Chief Financial Officer	3.0x Base Salary
Other Executive Officers	1.5x Base Salary
Other Officers and Senior Managers	1.0x Base Salary

As of the date of this Proxy Statement, all covered individuals have met or exceeded their guidelines, where permitted by law, or are within their transition period. Stock ownership of the 5 most highly compensated executive officers in 2002 can be found in the table presented at page 5 of this Proxy Statement under the caption "Share Ownership."

Succession Planning and Personnel Development. Under the leadership of the Compensation and Management Development Committee, it is your Board's practice to annually conduct a formal Succession Planning and Personnel Development session in which evaluations of senior executives are reviewed with respect to their potential for promotion into senior leadership positions, including that of the CEO. In addition, a wide variety of senior executives are purposely exposed to your Board by way of Board and Committee presentations and directors have unrestricted access to management for management assessment and development as well as for information gathering.

Edgar Filing: PRAXAIR INC - Form DEF 14A

CEO Performance Evaluation. Your Board has in place a process whereby the Executive Session Presiding Director conducts a formal performance review at least annually of the Chief Executive Officer taking into account the views of all of the other independent directors. This is in addition to the evaluation inherent in the Compensation and Management Development Committee's determination of performance-based variable compensation each year.

Strategy Review and Oversight. It is your Board's practice to conduct a full day session at least annually to review the strategies of the Company overall and of its key business components; and to provide advice and counsel to management regarding the strategic issues facing the Company. Throughout the year, management reports to your Board on the status of significant strategic initiatives and issues.

Board Effectiveness Assessment. As set forth in the Corporate Governance Guidelines, your Board assesses its effectiveness at least annually. Most recently, and extending over several Board and Governance & Nominating Committee meetings beginning in September 2002, your Board undertook a comprehensive review of governance practices and structures and it evaluated measures of its effectiveness including in the areas of Performance of Core Responsibilities, Decision-making Support, and the Quality of Deliberations and Director Performance. In addition, directors have been given measures of individual director effectiveness for purposes of self-assessment, reflection and self-improvement. Several governance improvements have arisen from this review, including development of the Corporate Governance Guidelines set forth at Appendix 2 to this Proxy Statement.

Auditor Independence. Your Board recognizes the importance of insuring the independence of the Company's outside accountants. See page 24 of this Proxy Statement under the caption "Independent Accountants" for a summary of some of the policies designed to monitor and support such independence.

Director Compensation. No director who is an employee of Praxair is compensated for service as a member of the Board of Directors or any committee of the Board of Directors. As of January 1, 2003, compensation for non-employee directors consists of an annual retainer of \$55,000, a \$1,500 fee for

7

each Board meeting attended, and a \$1,500 fee for each committee meeting attended. A director who is also chairman of a Board of Directors' committee is paid an additional \$10,000 annual retainer. The Executive Session Presiding Director is paid a \$5,000 annual retainer in addition to any other fees s/he may be due. Directors are reimbursed for travel expenses incurred on behalf of Praxair and, from time to time, Praxair may sponsor a director's participation in third party-supplied continuing education related to the director's Board or Committee service.

Each active non-employee director is also a participant in the 1995 Stock Option Plan for Non-Employee Directors of Praxair, Inc. On or about April 1st of each year, each Stock Option Plan participant is granted options to purchase 2,500 shares of Praxair's Common Stock. The exercise price of each option is 100% of the closing price of Praxair's stock as reported by the New York Stock Exchange on the date of grant. Each option granted under the stock option plan becomes exercisable on the second anniversary of its date of grant and expires ten years from the date of grant. The plan contains provisions regarding the exercisability and termination of outstanding options in the event of termination of service, retirement, disability, death and change in control of Praxair.

A Deferred Compensation Plan is also available for non-employee directors. Under this plan, non-employee directors may, prior to the beginning of a calendar year, elect to defer to a later date payment of some or all of the cash fees earned in that year. This deferred payment date is fixed by the director at the time of his or her deferral election. At the time of the deferral election, the director also designates that the deferred fees be credited with earnings based upon a "Cash Account", which earns interest at the prime rate, a "Stock Unit Account", the value of which varies with the market price of Praxair's common stock, or a "Discounted Stock Unit Account", in which stock units are allocated at a 10% discount to the market price of Praxair's common stock on the date of deferral and, thereafter, their value varies with the market price of that stock. Stock Unit Accounts and Discounted Stock Unit Accounts are also credited with additional stock units whenever dividends are paid on Praxair's common stock. Stock units provide directors the economic equivalent of stock ownership except that the units may not be transferred or sold and they do not provide any voting or other shareholder rights. The "Cash Account" is paid to the director in cash on the designated payment date. The "Stock Unit Account" and the "Discounted Stock Unit Account" are both paid in the form of Praxair common stock.

EXECUTIVE COMPENSATION

COMPENSATION AND MANAGEMENT DEVELOPMENT COMMITTEE REPORT ON EXECUTIVE COMPENSATION

(The five non-employee directors that comprise this Committee have considerable experience in executive compensation issues and management development. None of the members of the Committee has ever been an officer or employee of Praxair or any of its subsidiaries. All of the members of the Committee are independent as defined by the Board of Directors Policy on Independence Standards (See Appendix 2 to this Proxy Statement). In discharging its responsibilities, the Committee employs the services of an independent compensation consultant. The consultant reports directly to the Committee regarding these matters.)

This report addresses and discloses the Committee's policies and decisions regarding 2002 compensation and long term incentives as they affected the Chief Executive Officer and the four other most highly paid executive officers of Praxair (the five individuals collectively called "the Senior Executives"). These policies and practices also generally affect the compensation of Praxair's other officers and high level executives.

EXECUTIVE COMPENSATION POLICIES AND PRACTICES

Praxair's executive compensation policies are designed to: (1) align compensation with the company's annual and long term performance goals; (2) attract and retain a highly qualified and motivated management team; (3) reward individual performance; and (4) link the interests of the Senior Executives directly with those of shareholders through the use of Praxair stock as a compensation vehicle.

The Committee uses the services of an outside compensation consultant to review the competitiveness of the company's compensation programs. Praxair has selected a comparator group of companies from the consultant's database that it considers as an appropriate group of companies against which to compare Praxair for compensation purposes. The comparator group comprises 20 companies from various industries that represent the competitive marketplace for Praxair executives. Since the size of the comparator companies measured by sales varies somewhat, the consultant adjusts its competitive analysis to account for that variable. For purposes of the shareholder return comparisons elsewhere in this proxy statement, Praxair uses an index focussed on the basic materials industry, based on its belief that an industry index is an appropriate peer group for investment comparisons. The companies chosen for the compensation comparator group are not necessarily those represented in the shareholder return comparisons. The Committee believes that Praxair's competitors for executive talent are a broader group of companies and not limited only to the companies in the investment comparison.

In determining the total compensation opportunity for each Senior Executive, the Committee takes into account the mix of base salary, variable compensation and long term incentives. It targets its compensation decisions to achieve a median total compensation opportunity for comparable jobs within the comparator group. However, since a large portion of the compensation opportunity is determined by performance-based variable compensation, total compensation may be above or below the median based on individual, business unit and/or total company performance.

SALARY

The Committee reviewed the base salaries of each of the Senior Executives in comparison to the size-adjusted salaries paid for comparable jobs by the companies in the comparator group. Generally,

the Committee found that, except for Mr. Reilley, the salaries of the Senior Executives were at approximately the market median. The Committee approved salary adjustments for the Senior Executives based on their individual performance, and their salaries relative to the market. Mr. Reilley's salary was adjusted by 5.7 percent on an annualized basis, effective April 1, 2002 in order to bring his salary up to the market median.

PERFORMANCE-BASED ANNUAL VARIABLE COMPENSATION

Edgar Filing: PRAXAIR INC - Form DEF 14A

At its January 2002 meeting, the Committee reviewed its method of determining annual variable compensation awards. In view of the Corporation's twin objectives of increasing earnings per share and return on capital, the Committee established growth in sales revenues, net income after tax, and cash flow as the financial measures against which performance would be judged for purposes of annual performance-based variable compensation. Non-financial measures established by the Committee included achievement of agreed upon goals in the areas of safety and environmental performance, Six Sigma and people excellence. Second, the Committee reviewed the current target variable compensation levels as a percentage of base salary. The target levels were found to be consistent with the external market place. The target payout percentages for the Senior Executives range from 55 percent of base salary up to a high of 100 percent of base salary for Mr. Reilley.

At its January 2003 meeting, the Committee evaluated 2002 performance of the Corporation against its 2002 Annual Business Plan and considered the individual performance of each of the Senior Executives. Regarding the primary measures of performance, namely achievement of financial targets, the Committee concluded that the Corporation achieved improved performance in 2002 compared to 2001 and substantially achieved its annual plan in spite of an extremely challenging external environment in the U.S. and some of Praxair's key international markets such as South America. The Committee also noted that the Corporation achieved record operating results in 2002 and was one of a very few of the basic materials companies (chemicals, paper, minerals, mining, steel) to show improved performance versus the prior year. For 2002, Praxair's total shareholder return was +5.98%. In contrast, the S&P 500 Index declined 22.10%. In addition, most of the 2002 nonfinancial goals noted above either were accomplished or progress was well under way. The Committee also reviewed the performance of the Corporation in comparison to the performance measures established by the Committee in 2002 for the Senior Executives under the Praxair, Inc. Plan for Determining Performance-Based Awards Under Section 162(M), approved by the shareholders in 2001 to comply with Section 162(m) of the Internal Revenue Code.

On the basis of the overall performance during 2002 in relation to both financial and non-financial plans, the Committee awarded 2002 performance-based annual variable compensation for the Senior Executives somewhat above the target payout. Mr. Reilley's variable compensation was established at \$1,150,000 based on the foregoing considerations.

LONG TERM INCENTIVES

The Committee granted stock options to Mr. Reilley and the other Senior Executives in January 2002. These options were granted at the closing market price on the date of grant, will vest in January 2003, 2004 and 2005, and have a ten year term. Mr. Reilley's grant was for 220,000 options. These grants were based on a competitive evaluation of the long term incentive component of compensation for chief executive officers and comparable Senior Executives in the Corporation's peer group of comparator companies.

The Committee made annual stock option grants to 101 executive officers, officers, and other key employees (excluding the Senior Executives) at its December 2001 meeting. These options were granted at the closing market price on the date of grant, will vest in December 2002, 2003 and 2004, and have a ten year term. These grants constituted the long term incentive component of pay for 2002.

18

POLICY WITH RESPECT TO DEDUCTIBILITY OF COMPENSATION EXPENSE

Section 162(m) of the Internal Revenue Code, enacted in 1993, limits the tax deduction that Praxair may take with respect to the compensation of certain executive officers, unless the compensation is "performance-based" as defined in the Code. In order to insure full deductibility for 1996 and future years, the shareholders adopted in 1996, and reapproved in 2001, a plan for determining performance-based annual and long term incentives that is designed to comply with the IRS requirements for deductibility.

CONCLUSION

The Praxair compensation program described above closely links pay with performance and the creation of shareholder value. The Committee believes that the program has been and will continue to be successful in supporting Praxair's financial, growth and other business objectives.

(1) Reported in this column are annual awards that Praxair characterizes as Performance Based Annual Variable Compensation. Twenty percent of the variable compensation paid for the three listed years was paid in the form of Praxair Common Stock or, at the officer's option, at least 20% was deferred into "deferred stock" units.

(2) Represents the value of the discount from the market value of Praxair's Common Stock that is, in effect, received by individuals who have deferred variable compensation or base salary earned in the listed years into discounted "deferred stock" units under Praxair's deferred compensation plan for management. Compensation that is placed in this option must be so deferred for a minimum of 5 years. This column also includes the value of personal benefits received in 2000 and 2001 by Mr. Reilley and Mr. von Krannichfeldt. Major components of these personal benefits are as follows:

	Mr. Reilley		Mr. von Krannichfeldt	
	2000	2001	2000	2001
Relocation expenses	\$44,839	\$28,500	\$63,563	\$25,769

Edgar Filing: PRAXAIR INC - Form DEF 14A

	Mr. Reilley		Mr. von Krannichfeldt	
Reimbursement of taxes	\$48,516	\$37,636	\$54,556	\$19,393

(3) Amounts reported in this column for 2002 represent the Praxair Savings Plan Company Match (including both qualified and unqualified match amounts) received by the executive in that year.

(4) Mr. Reilley joined Praxair, Inc. on March 6, 2000.

(5) Mr. Reilley was granted 25,000 shares of restricted stock on February 22, 2000. The dollar amount reported in 2000 is calculated according to SEC rules and equals the number of shares granted times the closing market price of Praxair, Inc.'s Common Stock on the date of grant. As of December 31, 2002, Mr. Reilley held a total of 25,000 shares of restricted stock. All of these shares are currently unvested and have a "value" of \$1,444,250 on that date. This "value" is calculated according to SEC rules by assuming that all such shares are vested at 2002 year-end and by using the closing market price of Praxair, Inc.'s Common Stock as of December 31, 2002 (\$57.770 per share). These shares actually vest in stages beginning in 2006. Mr. Angel was granted 20,000 shares of restricted stock on April 23, 2001. As of December 31, 2002, Mr. Angel held 20,000 shares of unvested restricted stock having a "value" of \$1,155,400 on that date. These shares actually vest in stages beginning in 2003. Dividends are paid on Mr. Reilley's and Mr. Angel's restricted stock.

(6) Mr. Angel joined Praxair on April 23, 2001.

(1) Potential realizable value is the pre-tax gain that an option holder would realize at the time of the option expiration date if (a) he or she would exercise all of the options on their expiration date, and (b) Praxair's stock price grew between the date of grant and the exercise date at the annual rate assumed in the column. This pre-tax gain is calculated by multiplying the number of options by the difference between the assumed stock price on the option expiration date and the option exercise price. **The hypothetical values reflected in**

this table represent assumed rates of appreciation only; which rates are set by SEC rules. Actual gains, if any, on stock option exercises and common stock holdings are dependent on, among other factors, the future performance of the common stock and overall stock market conditions. There can be no assurance that the amounts reflected in this Table will be achieved.

(2)

These 1/2/2002 options and 12/31/2001 options granted to other employees are all part of the same grant authorized by the Compensation and Management Development Committee in December 2001. SEC rules require percentages in this Table to be calculated on a strict fiscal year basis. The percentages in parentheses take into account the 12/31/2001 options and are offered as supplemental data for shareholders' information.

Amounts shown are computed based upon straight life annuity amounts and are subject to an offset for Social Security benefits. Annual retirement benefits for program participants are based on salary and bonus (variable compensation) payments as set forth in Table 1. For purposes of determining the average annual remuneration used for calculating retirement benefits, the three highest annual rates of salary and the three highest variable compensation payments received by the retiree during the previous ten years are averaged. No other forms of remuneration are included. This table reflects the combination of qualified and non-qualified pension benefits.

Credited years of service as of March 1, 2003 are as follows: Dennis H. Reilley, 28 years; Paul J. Bilek, 34 years; Stephen F. Angel, 2 years; Thomas W. von Krannichfeldt, 27 years; James S. Sawyer, 17 years.

Credited years of service for Dennis H. Reilley represent combined service with Praxair, Inc. and DuPont. Mr. Reilley joined Praxair, Inc. on March 6, 2000 and at that time received credit for 25.75 years of service with DuPont.

Credited years of service reported for Thomas W. von Krannichfeldt represent combined service with Praxair, Inc. and Praxair Surface Technologies (Europe) S.A.

Mr. Reilley and Mr. von Krannichfeldt are each eligible for retirement benefits under the Praxair, Inc. Retirement Plan. Upon their retirements, each will receive retirement benefits under this Plan based on his combined Praxair and former employer service, less an offset for benefits received under the former employer's retirement plan.

Employment Contracts and Termination of Employment and Change-in-Control Arrangements

Praxair has entered into identical Severance Compensation Agreements (the "Agreements") with Dennis H. Reilley, Paul J. Bilek, Stephen F. Angel, Thomas W. von Krannichfeldt, James S. Sawyer, and certain other employees. The Agreements are designed to retain the executives and provide continuity of management in the event of any actual or threatened change in control of Praxair. The Agreements specify circumstances which shall constitute a "Change in Control" for these purposes. These circumstances include, among others and subject to the qualifications set forth in the

Agreements: (1) any consolidation or merger in which Praxair is not the continuing or surviving corporation; (2) the sale, lease, exchange or transfer of all or substantially all of the assets of the Corporation; (3) acquisition by a person or group of more than 20% of Praxair's outstanding shares; and (4) a change in the majority composition of the Board not approved by two-thirds of the directors in office prior to the change. The Agreements provide that if the executive's employment is terminated under specified conditions after such a change in control, then the executive will be entitled to receive: (a) accrued salary, incentive compensation and benefits; (b) enhanced life, disability, accident, health

insurance and pension benefits; (c) a lump sum payment equal to three times the sum of the executive's salary, bonus and annualized long term incentive grants (stock options); (d) reimbursement for certain of the executive's tax liabilities; and (e) outplacement and financial counseling benefits. Payments will be made by Praxair or through a grantor trust adopted by Praxair.

The Agreements renew automatically for one year terms, unless Praxair or the executive gives notice of termination of the Agreement. Notwithstanding any such notice of termination, if a change in control occurs during the original or extended term of an Agreement, then the Agreement is automatically renewed for a period of 24 months beyond the term then in effect. The Agreement terminates if the executive's employment with Praxair is terminated by the executive or Praxair prior to a change in control.

THE INDEPENDENT ACCOUNTANTS

Auditor Selection and Attendance at the Meeting

PricewaterhouseCoopers LLP served as Praxair's independent accountants for the year ended December 31, 2002 and has been selected by the Board of Directors to serve in such capacity for the year ending December 31, 2003. Representatives of PricewaterhouseCoopers LLP are expected to be present at the Annual Meeting to be available to respond to appropriate questions and to make a statement if they desire.

Auditor Independence

As noted in the Audit Committee Charter at Appendix 3 to this Proxy Statement and in the Audit Committee Report presented at page 25 of this Proxy Statement, the independent accountants report directly to that Committee and that Committee is charged with evaluating their independence. To help assure this independence, the Audit Committee has established a policy whereby all non-audit engagements of the outside auditor must be approved in advance by the Committee or its Chairman, has set forth limitations codifying its bias against such engagements, and has adopted a guideline that, absent special circumstances, the aggregate cost of non-audit engagements in a year should not exceed the audit fees for that year. As noted below in the report on independent accountant fees, such non-audit engagements were limited to less than 60% of audit fees in 2002. In addition, the Audit Committee has established a policy whereby no former employee of the independent accountant may be elected or appointed an officer of the Company earlier than two years after termination of the engagement or employment.

Fees Paid to the Independent Accountants

Audit Fees. PricewaterhouseCoopers LLP billed Praxair, Inc. and its affiliates an aggregate amount of \$2,762,000 and \$2,463,000 for professional services rendered in 2002 and 2001, respectively, for the audit of Praxair's annual financial statements, the reviews of the financial statements included in Praxair's reports on Form 10-Q, and for services that are normally provided by the accountant in connection with statutory and regulatory filings or engagements for those fiscal years.

Audit-Related Fees. PricewaterhouseCoopers LLP billed Praxair, Inc. and its affiliates an aggregate amount of \$401,000 and \$269,000 for assurance and related services rendered in 2002 and 2001, respectively, that are reasonably related to the performance of the audit or review of Praxair's financial statements other than the fees disclosed in the foregoing paragraph. These fees relate primarily to due diligence services and audits of pension plans.

Tax Fees. PricewaterhouseCoopers LLP billed Praxair, Inc. and its affiliates an aggregate amount of \$984,000 and \$1,022,000 for professional services rendered in 2002 and 2001, respectively, for tax compliance, tax advice, and tax planning.

Financial Systems Design and Implementation Fees. None in 2002 and 2001.

All Other Fees. PricewaterhouseCoopers LLP billed Praxair, Inc. and its affiliates an aggregate amount of \$269,000 and \$234,000 for products and services rendered in 2002 and 2001, respectively, other than those reported in the foregoing paragraphs. These services relate primarily to consulting and advice related to local country issues for overseas subsidiaries.

Edgar Filing: PRAXAIR INC - Form DEF 14A

The role of the Audit Committee is to assist the Board of Directors in its oversight of the Company's financial reporting process. The Board of Directors, in its business judgment, has determined that all members of the Committee are "independent", as required by applicable listing standards of the New York Stock Exchange. The Committee operates pursuant to a Charter that was last amended by the Board on October 22, 2002. A copy of the current Committee Charter is attached as Appendix 3 to this Proxy Statement.

As set forth in the Charter, the management of the Company is responsible for: (1) the preparation, presentation and integrity of the Company's financial statements; (2) the Company's accounting and financial reporting principles; and (3) internal controls and procedures designed to assure compliance with applicable laws, regulations, and standards. The independent accountants are responsible for auditing the Company's financial statements and expressing an opinion as to their conformity with generally accepted accounting principles.

In the performance of its oversight function, the Committee has considered and discussed the audited financial statements with management and the independent accountants. The Committee has also discussed with the independent accountants the matters required to be discussed by the Statement on Auditing Standards No. 61, *Communication with Audit Committees*, as currently in effect.

The Committee has discussed with the independent accountants their independence from the Company and its management. The Committee has received the written disclosures and the letter from the independent accountants required by Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*, as currently in effect. The Committee has also received written confirmations with respect to non-audit services provided to the Company by the independent accountants in calendar year 2002 and those planned for 2003. The Committee has considered whether the provision of such non-audit services is compatible with maintaining PricewaterhouseCoopers' independence.

In its oversight role for these matters, the Audit Committee relies on the information and representations made by management and the independent accountants. Accordingly, the Audit Committee's oversight does not provide an independent basis to certify that the audit of the Company's financial statements has been carried out in accordance with generally accepted auditing standards, that the financial statements are presented in accordance with generally accepted accounting principles or that the Company's independent accountants are in fact "independent".

Based upon the reports and discussions described in this report, and subject to the limitations on the role and responsibilities of the Committee referred to above and in the Charter, the Committee recommended to the Board that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2002 to be filed with the Securities and Exchange Commission.

SHAREHOLDER PROPOSAL

(Item 2 on the proxy form)

A shareholder has submitted the following proposal. The proponent's name, address and number of shares owned will be provided by Praxair upon request. Your Board's statement in opposition to this proposal is on the next page.

Proponent's Statement:

2 Shareholder Vote on Poison Pills

This topic won an average 60%-yes vote at 50 companies in 2002

This is to recommend that the Board of Directors redeem any poison pill previously issued (if applicable) and not adopt or extend any poison pill unless such adoption or extension has been submitted to a shareholder vote.

Harvard Report

Edgar Filing: PRAXAIR INC - Form DEF 14A

A 2001 Harvard Business School study found that good corporate governance (which took into account whether a company has a poison pill) was positively and significantly related to company value. This study, conducted with the University of Pennsylvania's Wharton School, reviewed the relationship between the corporate governance index for 1,500 companies and company performance from 1990 to 1999.

Some believe that a company with good governance will perform better over time, leading to a higher stock price. Others see good governance as a means of reducing risk, as they believe it decreases the likelihood of bad things happening to a company.

Since the 1980s Fidelity, a mutual fund giant with \$800 billion invested, has withheld votes for directors at companies that have approved poison pills, *Wall Street Journal*, June 12, 2002.

Council of Institutional Investors Recommendation

The Council of Institutional Investors *www.cii.org*, an organization of 120 pension funds which invests \$1.5 trillion, called for shareholder approval of poison pills. In recent years, various companies have been willing to redeem existing poison pills or seek shareholder approval for their poison pill. This includes Columbia/HCA, McDermott International and Bausch & Lomb. I believe that our company should follow suit and allow shareholder participation.

Shareholder Vote on Poison Pills Yes on 2

SHAREHOLDER PROPOSAL

(Item 2 on the proxy form)

YOUR BOARD RECOMMENDS THAT YOU VOTE AGAINST THE PROPOSAL

Your company's excellent earnings and stock price performance in relation to peer companies, especially during the recent market downturn, demonstrates the total lack of correlation between shareholder rights plans and performance. See graphs of Praxair, Inc.'s shareholder return elsewhere in this Proxy Statement.

The shareholder rights plan should be judged in the context of your company's excellent governance practices which are summarized in the Governance Guidelines elsewhere in this Proxy Statement. Indeed, the general study cited by the proponent asserts a correlation of poor performance with a rights plan only as part of an index covering 23 other governance practices. Therefore, the study is substantially irrelevant to the question of the value and appropriateness of a shareholder rights plan by itself.

Other studies show that shareholders receive higher premiums in takeovers where a shareholder rights plan is in place. This finding is consistent with the main purpose of such a plan which is to provide time and bargaining power for your Board to consider alternate offers and to negotiate the best price for you.

The real issue is the independence of your Board. The oft-stated argument that a rights plan can be potentially used improperly to entrench management to the detriment of shareholders speaks not to the merits of the rights plan itself but to the independence, or lack thereof, of any Board that would so improperly use it. Elsewhere in this Proxy Statement you will see the independence standards to which non-employee members of your Board must adhere.

Alignment with your financial interests is assured by your Board's stock ownership as shown elsewhere in this Proxy Statement; and the stock ownership guidelines imposed on your company's directors helps to assure that this alignment will continue.

Your Board believes that it has a fiduciary duty to you to have in place a shareholder rights plan or some other means of protecting you from abusive takeover attempts, of evaluating offers, and of negotiating the best price for you. Considering the size of your company, it is your Board's view that it would be irresponsible not to provide itself sufficient leverage to force a would-be acquirer to negotiate with the Board so as to achieve the best possible outcome for you.

Your Board's decision to replace the expiring rights plan was reached after consultation with, and based on the advice of, independent outside counsel.

Your company has had in place a rights plan ever since its launch as a public company in 1992, and it is not aware of a single shareholder complaint concerning its existence during that time. Your company is just one of many companies to have received a nearly identical proposal from the proponent. Your Board believes that this proposal has nothing to do with your company's specific circumstances or with its performance on your behalf.

MISCELLANEOUS

Section 16(a) Beneficial Ownership Reporting Compliance

Otherwise, in order for a shareholder to bring other business before that shareholder meeting, Praxair's Certificate of Incorporation requires that proper written notice be received by Praxair on or before February 20, 2004. The Governance and Nominating Committee will consider candidate nominees for election as director who are recommended by shareholders. Recommendations should be sent to the Secretary of Praxair and should include the candidate's name and qualifications and a statement from the candidate that he or she consents to being named in the Proxy Statement and will serve as a director if elected. In order for any candidate to be considered by the Governance and Nominating Committee and, if nominated, to be included in the Proxy Statement, such recommendation must be received by the Secretary on or before the November 1 preceding the annual meeting at which directors will be elected by the shareholders.

Annual Reports

Shareholders of record on February 24, 2003 should have received a copy of Praxair's 2002 Annual Report to Shareholders either with this Proxy Statement or prior to its receipt. If, upon receipt of this proxy material, you have not received the Annual Report to Shareholders, please write to the Assistant Corporate Secretary at the address below and a copy will be sent to you.

IN ADDITION, A COPY OF PRAXAIR'S ANNUAL REPORT ON FORM 10-K FOR THE FISCAL YEAR ENDED DECEMBER 31, 2002 IS AVAILABLE TO EACH RECORD AND BENEFICIAL OWNER OF PRAXAIR'S SECURITIES WITHOUT CHARGE UPON WRITTEN REQUEST TO THE ASSISTANT CORPORATE SECRETARY, PRAXAIR, INC., 39 OLD RIDGEBURY ROAD, M-1, DANBURY, CT 06810-5113.

Cost Of Proxy Solicitation

The entire cost of soliciting proxies will be borne by Praxair including the expense of preparing, printing and mailing this Proxy Statement. Solicitation costs include payments to brokerage firms and others for forwarding solicitation materials to beneficial owners of Praxair's stock and reimbursement of out-of-pocket costs incurred for any follow up mailings. Praxair also has engaged Morrow & Co., Inc. to assist in the solicitation of proxies from shareholders at a fee of \$7,500 plus reimbursement of out-of-pocket expenses. In addition to use of the mail, proxies may be solicited personally or by telephone by employees of Praxair without additional compensation, as well as by employees of Morrow & Co., Inc.

*APPENDIX I
Praxair, Inc. Proxy Statement
February 28, 2003*

CORPORATE GOVERNANCE GUIDELINES

The Corporation shall comply with all applicable legal requirements and New York Stock Exchange standards; and the Board shall adopt such additional practices and structures that it believes will improve the Corporation's governance so as to better serve the interests of the shareholders and the other constituencies of the Corporation.

Business Integrity, Ethics and Compliance with Laws. The Board believes that a strong integrity, ethics, and compliance culture is (1) a social obligation to those impacted by the Corporation, (2) necessary for maintaining investor trust, and (3) a necessary condition for effective corporate governance, the absence of which cannot be overcome by formal practices and structures. The Board believes further that such culture must be driven by example and emphasis at the top of the organization.

The Board shall adopt and periodically review a Corporate Policy on Compliance with Laws and Business Integrity and Ethics, and such policy shall be equally applicable to the directors of the Corporation as it is to its officers and employees.

The Board, acting through its Audit Committee, shall oversee and monitor management's development and operation of preventative, reporting, investigation, and resolution programs for implementing that policy.

Ethical values and performance shall be significant factors in the selection of directors, the CEO, and senior management.

Each elected officer of the Corporation shall be accountable to the Board for policy compliance within his/her areas of responsibility and compliance performance shall be considered in the performance reviews and compensation determinations for such officers.

Role of the Board of Directors. The duties of the Board are largely defined by Delaware law, federal statutes and regulations (notably those of the Securities and Exchange Commission), and New York Stock Exchange Listing Standards. The Board shall focus its priorities on the following core responsibilities:

Advice and counsel to management regarding significant issues facing the Corporation.

Assessing the performance of the Chief Executive Officer and senior management and setting compensation accordingly.

Succession planning and management development.

Overseeing the Corporation's integrity and ethics, compliance with laws, and financial reporting.

Edgar Filing: PRAXAIR INC - Form DEF 14A

Evaluating and approving the Corporation's strategic direction and initiatives and monitoring implementation and results.

Monitoring the Corporation's operating results and financial condition.

Understanding and assessing risks to the Corporation and monitoring the management of those risks.

30

Board and Committee Effectiveness Assessment. To assure that it is effectively fulfilling its role, the Board must periodically reflect on its own performance.

At least annually, the Board shall assess the Corporation's governance practices and structures; and its effectiveness as a Board in fulfilling its responsibilities and in addressing the issues facing the Corporation.

The Governance & Nominating Committee shall be responsible for organizing and initiating this assessment and shall take into account the views and recommendations of recognized governance authorities.

Each Board Committee, under the leadership of its Chairman, shall conduct a self-assessment of its effectiveness at least annually, including a review of its charter from the Board.

Board Leadership. Combining the positions of Chairman and Chief Executive Officer provides the most effective leadership model for this Corporation but, in order to assure a proper balance between the Chairman/CEO and the independent directors, and to assure effective leadership in the event of a contingency:

Regular private meetings of the independent directors shall be scheduled no less than quarterly.

The independent directors shall elect an Executive Session Presiding Director (PD) to preside at such meetings and to provide leadership in the event of the incapacitation of the Chairman or of a crisis or other event or circumstance which would make management leadership inappropriate or ineffective.

The PD shall be responsible for conducting at least annually a formal performance review of the Chief Executive Officer.

The PD may periodically advise the Chief Executive Officer of the views of the independent directors. However, it is vitally important that the Chief Executive Officer have a frank and open relationship with each director and each director must assume the responsibility of communicating frank advice and counsel directly to the Chief Executive Officer.

The Chairman shall insure that the Board's agendas, schedules, and information flow to the directors provide adequate focus, time, and background for the Board to fulfill its core responsibilities.

The Chairman shall insure that each Committee's agendas cover every item of the Committee's responsibility as set forth in the Committee's charter as adopted by the Board.

Each director shall have the right to request that items be added to the Board and Committee agendas, that additional time be allocated to discussion of an issue, and that additional information be provided by management or other sources.

The Board shall have access to management other than the Chief Executive Officer for the purposes of information gathering and management assessment and development.

Board Structure. Much of the oversight work of the Board shall be done through specialized Committees in which a focus and expertise can be brought to bear on important issues.

As a minimum, the Board shall have standing Committees as follows: an Audit Committee, a Governance & Nominating Committee, a Compensation & Management Development Committee, and a Finance & Pension Committee.

Each of the foregoing Committees shall be comprised only of independent directors.

The Board shall formally adopt a written charter for each Committee specifying in detail the responsibilities delegated to that Committee.

31

Each Committee Charter shall provide authority to the Committee to retain and pay such external advisors as it deems necessary to fulfill its obligations.

Each Committee shall regularly report to the full Board on its reviews, actions, decisions and recommendations.

While director qualifications, anticipated retirement dates, and other considerations may constrain strict adherence to any fixed rotation policy, it shall be the goal of the Board to regularly rotate Committee Chairs and members every 3-5 years while maintaining at all times on each Committee some number of members having reasonable tenure and experience in the Committee.

The Governance & Nominating Committee shall review Committee membership at least annually and recommend to the Board any changes that may be appropriate; and the Board shall appoint Committees annually at the meeting immediately following the Annual Shareholders' Meeting.

Board Independence and Shareowner Representation. The Board recognizes its duties to the shareowners of the Corporation and believes that it can best fulfill those responsibilities by being and acting independent of management.

A substantial majority of the Board shall be independent.

The Board shall establish and periodically review independence standards for service on the Corporation's Board.

Board members and candidates shall be periodically evaluated for compliance with these independence standards.

Director stock ownership guidelines shall be established to insure that each director has sufficient meaningful long term stake in the performance of the company to be aligned with the interests of long term shareowners; but not so substantial to the individual's total wealth as to potentially compromise the director's independence or willingness to raise issues that may adversely affect the short-term market price.

Director Qualifications and Performance. The Board acknowledges the importance of insuring that it has the mix of perspectives, experience and competencies that are appropriate to the Corporation's strategies, and its business, market, geographic, and regulatory environments. The Board also recognizes that its effectiveness is dependent on having directors who have the time to focus on the Corporation's issues, and who contribute to an open Board culture that encourages frank discussion and free exchange of information.

Edgar Filing: PRAXAIR INC - Form DEF 14A

The Governance & Nominating Committee shall be responsible for evaluating the mix of Board member skills required in connection with filling any vacancy on the Board.

The Committee shall take into account the Chief Executive Officer's views as to areas in which management desires additional advice and counsel.

It shall be the Board's policy that any director whose principal employment materially changes from that in effect at the time s/he was first selected for service on the Corporation's Board shall offer his or her resignation as a director.

The Board shall establish, and periodically review, a policy limiting each director's service on other public company Boards and Audit Committees to assure that the Corporation's directors are able to provide sufficient focus on their responsibilities to this Board.

32

The Board shall establish such tenure policies as it deems necessary to maintain an appropriate balance between fresh perspectives and energy and institutional experience and knowledge of the Corporation.

The full Board's self-assessment of its effectiveness shall include questions regarding the preparedness and contributions of directors generally. The Governance & Nominating Committee shall provide feedback to directors and suggest additional training as deemed appropriate based on this self-assessment.

The Governance & Nominating Committee shall privately consider measures of director effectiveness when recommending an incumbent director for re-election.

Directors shall be periodically offered self-assessments as a way to communicate expectations and the factors by which effective directorship can be measured, to encourage reflection and self-improvement, and to provide another means for directors to identify their requests for additional training or orientation to assist them in discharging their duties as directors.

Director Training.

Each director is responsible for his or her own continuing education.

Management shall periodically identify for the Board third party-provided continuing education programs and the Corporation shall sponsor the attendance of any director who wishes to attend any such program, as well as attendance at other like programs that may be identified by the director.

Management shall annually conduct training related to matters within the oversight responsibilities of the Audit Committee, and non-Audit Committee members shall be free to attend as well.

The Corporate Secretary will be responsible for designing and organizing an orientation program tailored to the needs of any new director.

Director Compensation. Compensation for the non-management directors' service to the Corporation shall be based on the following principles:

Edgar Filing: PRAXAIR INC - Form DEF 14A

Total compensation shall be competitive with that of the largest 200 U.S. public companies.

Compensation arrangements shall be flexible enough to allow each director to balance a mix of equity and cash according to his/her own needs keeping in mind the Board's mandatory guidelines for achieving and maintaining stock ownership.

Some portion of directors' compensation will be comprised of long-term incentives which parallel the types of long term incentives granted by the Board to senior management.
