OVERVIEW

Business

Omniceil, Inc. is a leading provider of patient safety solutions for the healthcare industry. Our broad range of solutions is designed for many clinical areas of the healthcare facility the central pharmacy, nursing units, operating room, cardiac catheterization lab and the patient's bedside. Our solutions enable healthcare facilities to acquire, manage, dispense and deliver pharmaceuticals and medical supplies, and are intended to enhance patient safety, reduce medication errors, improve workflow and increase operational efficiency. Our medication and supply dispensing systems facilitate the distribution of pharmaceuticals and medical supplies at the point of care. Our physician order management system streamlines communication between nursing and pharmacy staff. Our decision support solution allows healthcare facilities to monitor trends in drug utilization and diversion, improve regulatory compliance and reduce costs by monitoring usage patterns and optimizing product management. Our Web-based procurement application automates and integrates healthcare facilities' requisition and approval processes. These systems interface with healthcare facilities' existing information systems to accurately capture and display critical patient data. In 2002, we acquired two products, Omnicell PharmacyCentral, a central pharmacy carousel storage and retrieval solution and SafetyMed, a nursing workflow and patient safety system. In August 2003, we acquired BCX Technology, Inc., a provider of open bar code supply management systems branded ScanREQ, to complement our cabinet-based supply solutions. When used in combination, our products and services offer a comprehensive solution to enable healthcare facilities to enhance patient safety while improving operational efficiency.

As a result of our product development efforts and acquisitions, we offer end-to-end solutions for both the medication-use process and the medical-surgical supply chain, providing additional market opportunities in areas beyond our solutions' traditional location in the healthcare facility the nursing unit. For the medication-use process, Omnicell PharmacyCentral and SafetyPak provide solutions for the central pharmacy and SafetyMed provides solutions at the patient's bedside. For the medical-surgical supply chain, DecisionCenter, our decision support solution and OmniBuyer, our Web-based procurement application, provide solutions for materials management decision makers. In addition, SafetyMed's SupplyTracker feature electronically documents use of medical-surgical supplies at the patient's bedside.

We have several strengths relative to our competitors. First, our end-to-end solutions for both the medication-use process and the medical-surgical supply chain are comprehensive in their breadth and contain certain solutions unique to Omnicell. Second, we focus solely on providing healthcare information technology and we believe this specialization enables us to deliver more innovative and useful products and services. Third, our technologies are designed to deliver exceptional ease of use. Fourth, our strong integration capabilities benefit our customers by enabling them to preserve, leverage and upgrade their existing information systems without incurring substantial additional cost.

We sell our products and related services to a wide range of healthcare facilities such as hospitals, integrated delivery networks and specialty care facilities, which include nursing homes, ambulatory surgery centers, catheterization labs and outpatient clinics. From inception through December 31, 2003, we had completed our installation obligation, if any, for an aggregate of 29,011 of our medication and supply dispensing automation systems at 1,450 healthcare facilities. In 2003, we generated revenue of \$102.1 million from sales of our products and related services.

DESCRIPTION OF CAPITAL STOCK

Omniceil, Inc. is authorized to issue 55,000,000 shares of capital stock, \$0.001 par share, of which 50,000,000 shares have been designated as common stock par value \$0.001 par share, 24,793,966 of which were issued and outstanding as of June 30, 2004 and 5,000,000 shares have been designated as preferred stock, par value \$0.001 per share, 1,000,000 of which are designated as Series A Junior participating preferred stock (the "Junior Preferred") none of which are issued or outstanding. The following description of Omnicell, Inc. capital stock is subject to and qualified in its entirety by the provisions of Omnicell, Inc.'s Amended and Restated Certificate of Incorporation, as amended, and Bylaws, as amended, and by the provisions of applicable Delaware law.

Common Stock

The majority of our authorized capital stock consists of common stock, par value \$0.001 per share. The holders of common stock are entitled to one vote for each share held of record on all matters submitted to a vote of stockholders. Subject to preferences applicable to any series or class of capital stock with superior dividend rights that may be outstanding, holders of common stock are entitled to receive ratably such dividends as may be declared by the Board of Directors out of funds legally available therefor. We have paid no cash dividends on our common stock and do not anticipate paying cash dividends on our common stock in the foreseeable future.

In the event of liquidation, dissolution or winding up of Omnicell, holders of common stock are entitled to share ratably in all assets remaining after payment of liabilities and the liquidation preference of any series or class of capital stock with superior liquidation rights that may be outstanding. The outstanding shares of common stock are, and the common stock to be issued upon conversion of the notes will be, fully paid and nonassessable. No pre-emptive rights, conversion rights, redemption rights or sinking fund provisions are applicable to the common stock.

Preferred Stock

The Board of Directors has the authority, from time to time and without further action by the stockholders, to issue up to 5,000,000 shares of preferred stock in one or more series and to fix the designations, rights, preferences, privileges and restrictions of any series of preferred stock, including dividend rights, dividend rate, conversion rights, voting rights, rights and terms of redemption (including sinking fund provisions) and liquidation preferences, any or all of which could be greater than the rights of the common stock. As a result, the Board of Directors, without stockholder approval, could issue preferred stock that would adversely affect the voting power and other rights of holders of

common stock. Preferred stock could thus be issued quickly with terms calculated to delay or prevent a change in control or make the removal of management more difficult. Similarly, the likelihood that holders of preferred stock will receive dividend payments upon liquidation could have the effect of delaying, deferring or preventing a change in our control. Other than as discussed below in connection with our rights plan, we have no present plan or agreement to issue any shares of preferred stock.

Rights Plan

On February 6, 2003 the Board of Directors of Omnicell approved the adoption of a Share Purchase Rights Plan (the "Plan"). Terms of the Plan provide for a dividend distribution of one preferred share purchase right (a "Right") for each outstanding share of common stock, par value \$0.001 per share (the "Common Shares"), of Omnicell. The dividend was payable on February 27, 2003 (the "Record Date") to the stockholders of record on that date. Each Right entitles the registered holder to purchase from Omnicell one one-hundredth of a share of the Junior Preferred, at a price of \$50.00 per one one-hundredth of a share of Junior Preferred (the "Purchase Price"), subject to adjustment. Each one one-hundredth of a share of Junior Preferred has designations and powers, preferences and rights, and the qualifications, limitations and restrictions which make its value approximately equal to the value of a Common Share. The description and terms of the Rights are set forth in a Rights Agreement (the "Rights Agreement"), dated as of February 6, 2003 entered into between Omnicell and EquiServe Trust Company, N.A., as rights agent (the "Rights Agent"). The Rights Agreement has been filed with the Securities Exchange Commission.

The Rights are not exercisable until the earlier to occur of (i) the date of a public announcement that a person, entity or group of affiliated or associated persons have acquired beneficial ownership of 15% or more of the outstanding Common Shares (an "Acquiring Person") or (ii) 10 business days (or such later date as may be determined by action of the Board of Directors prior to such time as any person or entity becomes an Acquiring Person) following the commencement of, or announcement of an intention to commence, a tender offer or exchange offer the consummation of which would result in any person or entity becoming an Acquiring Person (the earlier of such dates being called the "Distribution Date"). The Rights will expire on February 27, 2013 (the "Final Expiration Date"), unless the Rights are earlier redeemed or exchanged by us, in each case, as described below.

The Purchase Price payable, and the number of shares of Junior Preferred or other securities or other property issuable, upon exercise of the Rights are subject to adjustment from time to time. The exercise of Rights for shares of Junior Preferred is at all times subject to the availability of a sufficient number of authorized but unissued Preferred Shares. Because of the nature of the Junior Preferred's dividend and liquidation rights, the value of one one-hundredth of a share of Junior Preferred should approximate the value of one Common Share. The Junior Preferred would rank junior to any other series of our preferred stock. Until a Right is exercised, the holder thereof, as such, will have no rights as a stockholder of Omnicell, including, without limitation, the right to vote or to receive dividends.

At any time prior to the earliest of (i) the day of the first public announcement that a person has become an Acquiring Person or (ii) the Final Expiration Date, the Board of Directors of Omnicell may redeem the Rights in whole, but not in part, at a price of \$0.01 per Right (the "Redemption Price"). Following the expiration of the above periods, the Rights become nonredeemable. Immediately upon any redemption of the Rights, the right to exercise the Rights will terminate and the only right of the holders of Rights will be to receive the Redemption Price.

The Rights have certain anti-takeover effects. The Rights will cause substantial dilution to a person or group that attempts to acquire Omnicell on terms not approved by Omnicell's Board of Directors.

Anti-Takeover Effects of Provisions of Our Charter Documents and Delaware Law

Advance Notice Requirements for Stockholder Proposals and Director Nominations

Our Bylaws provide that stockholders seeking to present proposals before a meeting of stockholders or to nominate candidates for election as directors at a meeting of stockholders must provide timely notice in writing. Our Bylaws also specify requirements as to the form and content of a stockholder's notice. These provisions may delay or preclude stockholders from bringing matters before a meeting of stockholders or from making nominations for directors at a meeting of stockholders, which could delay or deter takeover attempts or changes in management.

Stockholder Action by Written Consent; Special Meetings of Stockholders

Our Amended and Restated Certificate of Incorporation provides that all stockholder action must be effected at a duly called meeting of stockholders and not by written consent. Further, our Bylaws provide that special meetings of stockholders may be called only by (i) the Chairman of the Board of Directors, (ii) the Chief Executive Officer, or (iii) by the Board of Directors pursuant to a resolution adopted by a majority of the total number of authorized directors. These provisions may lengthen the time required to take stockholder action and, as a result, may delay or prevent changes in our control or management.

Election of Directors; No Cumulative Voting

Our Amended and Restated Certificate of Incorporation provides for the Board of Directors to be divided into three classes, with staggered three-year terms. As a result, only one class of directors will be elected at each annual meeting of stockholders, with the other classes continuing for the remainder of their respective three-year terms. Stockholders have no cumulative voting rights, and the stockholders representing a majority of the shares of common stock outstanding are able to elect all of the directors. The classification of the Board of Directors and lack of cumulative voting will make it more difficult for our existing stockholders to replace the Board of Directors as well as for another party to obtain control of Omnicell by replacing the Board of Directors. Since the Board of Directors has the power to retain and discharge our officers, these provisions could also make it more difficult for existing stockholders or another party to effect a change in management.

Delaware Law

Delaware law imposes restrictions on transactions between corporations and significant stockholders. Section 203 of the Delaware General Corporation Law prohibits, subject to specified exceptions, a publicly held Delaware corporation from engaging in a "business combination" with an "interested stockholder" for a period of three years from the date of the transaction in which the person became an interested stockholder, unless:

the interested stockholder attained this status with the prior approval of the Board of Directors;

upon consummation of the transaction that resulted in the stockholder's becoming an interested stockholder, the stockholder owned at least 85% of the outstanding voting stock; or

the business combination is approved by the holders of at least two-thirds of the outstanding voting stock not owned by the interested stockholder.

A business combination includes a merger, asset sale or other transaction resulting in a financial benefit to the interested stockholder. Subject to specific exceptions, an interested stockholder is a person who, together with affiliates and associates, owns, or within three years did own, 15% or more of the corporation's voting stock. This statute could have the effect of preventing or delaying the

completion of mergers, takeovers or other changes in control, and, accordingly, may discourage attempts to acquire us.

Transfer Agent and Registrar

The Transfer Agent and Registrar for the common stock is EquiServe Trust Company, NA. Its mailing address is EquiServe Trust Company, N.A., 66 Brooks Drive, Braintree, Massachusetts 02184 and its phone number is (781) 575-3951.

PLAN OF DISTRIBUTION

We may sell the common stock through underwriters or dealers, through agents, or directly to one or more purchasers. A prospectus supplement or supplements will describe the terms of the offering of the securities, including:

the name or names of any underwriters;

the purchase price of the common stock and the proceeds we will receive from the sale;

any over-allotment options under which underwriters may purchase additional securities from us;

any agency fees or underwriting discounts and other items constituting agents' or underwriters' compensation;

any public offering price;

any discounts or concessions allowed or reallocated or paid to dealers; and

any securities exchange or market on which the securities may be listed.

Only underwriters named in the prospectus supplement are underwriters of the common stock offered by the prospectus supplement.

If underwriters are used in the sale, they will acquire the common stock for their own account and may resell the stock from time to time in one or more transactions at a fixed public offering price. The obligations of the underwriters to purchase the common stock will be subject to the conditions set forth in the applicable underwriting agreement. We may offer the common stock to the public through underwriting syndicates represented by managing underwriters or by underwriters without a syndicate. Subject to certain conditions, the underwriters will be obligated to purchase all the shares of common stock offered by the prospectus supplement. Any public offering price and any discounts or concessions allowed or reallocated or paid to dealers may change from time to time. We may use underwriters with whom we have a material relationship. We will describe in the prospectus supplement, naming the underwriter, the nature of any such relationship.

We may sell common stock directly or through agents we designate from time to time. We will name any agent involved in the offering and sale of common stock and we will describe any commissions we will pay the agent in the prospectus supplement. Unless the prospectus supplement states otherwise, our agent will act on a best-efforts basis for the period of its appointment.

We may authorize agents or underwriters to solicit offers by certain types of institutional investors to purchase common stock from us at the public offering price set forth in the prospectus supplement pursuant to delayed delivery contracts providing for payment and delivery on a specified date in the future. We will describe the conditions to these contracts and the commissions we must pay for solicitation of these contracts in the prospectus supplement.

We may provide agents and underwriters with indemnification against civil liabilities related to this offering, including liabilities under the Securities Act, or contribution with respect to payments that the

agents or underwriters may make with respect to these liabilities. Agents and underwriters may engage in transactions with, or perform services for, us in the ordinary course of business.

Any underwriter may engage in overallotment, stabilizing transactions, short covering transactions and penalty bids in accordance with Regulation M under the Exchange Act. Overallotment involves sales in excess of the offering size, which create a short position. Stabilizing transactions permit bids to purchase the underlying security so long as the stabilizing bids do not exceed a specified maximum. Short covering transactions involve purchases of the common stock in the open market after the distribution is completed to cover short positions. Penalty bids permit the underwriters to reclaim a selling concession from a dealer when the common stock originally sold by the dealer is purchased in a covering transaction to cover short positions. Those activities may cause the price of the common stock to be higher than it would otherwise be. If commenced, the underwriters may discontinue any of the activities at any time.

Any underwriters who are qualified market makers on the Nasdaq National Market may engage in passive market making transactions in the common stock on the Nasdaq National Market in accordance with Rule 103 of Regulation M, during the business day prior to the pricing of the offering, before the commencement of offers or sales of the common stock. Passive market makers must comply with applicable volume and price limitations and must be identified as passive market makers. In general, a passive market maker must display its bid at a price not in excess of the highest independent bid for such security; if all independent bids are lowered below the passive market maker's bid, however, the passive market maker's bid must then be lowered when certain purchase limits are exceeded.

In compliance with guidelines of the National Association of Securities Dealers, or NASD, the maximum consideration or discount to be received by any NASD member or independent broker dealer may not exceed 8% of the aggregate amount of the securities offered pursuant to this prospectus and any applicable prospectus supplement.

ITEM 15. INDEMNIFICATION OF DIRECTORS AND OFFICERS.

Section 145 of the Delaware General Corporation Law (the DGCL) authorizes a court to award, or a corporation's board of directors to grant indemnity to directors and officers in terms sufficiently broad to permit such indemnification under certain circumstances for liabilities, including reimbursement for expenses incurred, arising under the Securities Act.

As permitted by the DGCL, our Certificate of Incorporation includes a provision that eliminates the personal liability of our directors for monetary damages for breach of fiduciary duty as a director, except for liability (1) for any breach of the director's duty of loyalty to us or our stockholders; (2) for acts or omissions not in good faith or that involve intentional misconduct or knowing violation of law; (3) under Section 174 of the DGCL regarding unlawful dividends and stock purchases; or (4) for any transaction from which the director derived an improper personal benefit.

As permitted by the DGCL, our Certificate of Incorporation and/or our Bylaws provide that (1) we are required to indemnify our directors and officers to the fullest extent permitted by the DGCL, subject to certain very limited exceptions; (2) we are permitted to indemnify our other employees to the extent that we indemnify our officers and directors, unless otherwise required by law, our Certificate of Incorporation, our Bylaws or agreements; (3) we are required to advance expenses, as incurred, to our directors and officers in connection with a legal proceeding to the fullest extent permitted by the DGCL, subject to certain very limited exceptions; and (4) the rights conferred in our Bylaws are not exclusive.

We have entered into indemnification agreements with each of our directors and executive officers that require us to indemnify these people against expenses, judgments, fines and settlement amounts incurred by the director or officer in any action or proceeding, whether actual or threatened, to which any of these people may be made a party by reason of the fact that he or she is or was a director or an executive officer of Omnicell, provided this person acted in good faith and in a manner he or she reasonably believed to be in, or not opposed to, the best interest of us and, with respect to any criminal proceeding, has no reasonable cause to believe his conduct was unlawful.

At present, we are not aware of any pending or threatened litigation or proceeding involving any of our directors, officers, employees or agents in which indemnification would be required or permitted. We believe that our charter provisions and indemnification agreements are necessary to attract and retain qualified persons as directors and officers.

ITEM 17. UNDERTAKINGS.

The undersigned registrant hereby undertakes:

- (1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:
- (i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;
- (ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or

decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the SEC pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and

II-2

Edgar Filing: OMNICELL INC /CA/ - Form S-3

(iii)

To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that paragraphs (1)(i) and (1)(ii) do not apply if the registration statement is on Form S-3, Form S-8 or Form F-3, and the information required to be included in a post-effective amendment by those paragraphs is contained in periodic reports filed with or furnished to the SEC by the registrant pursuant to Section 13 or 15(d) of the Exchange Act that are incorporated by reference in the registration statement.

(2)

That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities it offers, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(3)

To remove from registration by means of a post-effective amendment any of the securities being registered that remain unsold at the termination of this offering.

(4)

That: (i) for purposes of determining any liability under the Securities Act of 1933, the information omitted from the form of prospectus filed as part of this registration statement in reliance upon Rule 430A and contained in the form of prospectus filed by the registrant pursuant to Rule 424(b)(1) or (4) or 497(h) under the Securities Act of 1933 shall be deemed to be part of the registration statement as of the time it was declared effective; and (ii) for the purpose of determining any liability under the Securities Act of 1933, each post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(5)

That, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to section 13(a) or section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(6)

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission this form of indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against these liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by a director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of this issue.

SIGNATURES

Pursuant to the requirements of the Securities Act of 1933, as amended, the registrant duly certifies that it has reasonable grounds to believe that it meets all of the requirements for filing on Form S-3 and has duly caused this registration statement to be signed on its behalf by the undersigned, thereunto duly authorized, in the City of Mountain View, State of California, on July 21, 2004.
