INSURED MUNICIPAL INCOME FUND INC.
SEMIANNUAL REPORT
SEPTEMBER 30, 2005

INSURED MUNICIPAL INCOME FUND INC.

November 15, 2005

DEAR SHAREHOLDER,

Edgar Filing: INSURED MUNICIPAL INCOME FUND INC - Form N-CSRS

We are pleased to present you with the semi-annual report for Insured Municipal Income Fund Inc. (the "Fund") for the six months ended September 30, 2005.

PERFORMANCE

Over the six-month period, the Fund returned 3.21% on a net asset value basis and 6.25% on a market price basis. Over the same period, the Fund's peer group, the Lipper Insured Municipal Debt Funds (Leveraged) median posted net asset value and market price returns of 3.79% and 7.22%, respectively. Finally, the Fund's benchmark, the Lehman Brothers Municipal Bond Index (the "Index"), returned 2.80%. (For more performance information, please refer to "Performance at a Glance" on page 5.)

The Fund continued to use leverage during the period, which was 40% of total assets as of September 30, 2005. While short-term rates rose over the period and increased the Fund's borrowings costs, this leverage still had a positive effect on the Fund's income during the reporting period, as the yields on the Fund's longer-term bonds more than offset the borrowing costs. Leverage magnifies returns on both the upside and on the downside, creating a wider range of returns within the Fund's peer group.

AN INTERVIEW WITH PORTFOLIO MANAGER KEVIN MCINTYRE

Q. HOW WOULD YOU DESCRIBE THE ECONOMIC ENVIRONMENT DURING THE REPORTING PERIOD?

A. The US economy faced a number of challenges during the reporting period, including record high energy prices, natural disasters, rising interest rates, and geopolitical events. Despite these issues, the economy proved to be surprisingly resilient. GDP grew at 3.3% in the second quarter, and advance estimates for third quarter growth came in at 3.8%, stronger than expected in the wake of Hurricanes Katrina and Rita and the spike in oil and gas prices.

[SIDENOTE]

INSURED MUNICIPAL INCOME FUND INC.

INVESTMENT GOAL:

High level of current income exempt from federal income tax, consistent with preservation of capital

PORTFOLIO MANAGER:

Edgar Filing: INSURED MUNICIPAL INCOME FUND INC - Form N-CSRS

- Q. HOW DID THE FEDERAL RESERVE BOARD (THE "FED") REACT TO THESE ECONOMIC CONDITIONS?
- A. Given the strength of the economy, the Fed continued its tightening campaign, raising the federal funds rate (or "fed funds" rate)--the rate that banks charge one another for funds they borrow on an overnight basis--four times over the period, bringing the fed funds rate to 3.75%. Throughout this tightening campaign that started in June 2004, the Fed has made it clear that it expects to continue to raise rates at a "measured" pace to keep inflation under control and, toward the end of the period, seemed to become increasingly concerned about inflation. Accordingly, the Fed raised rates another 0.25%, bringing the fed funds rate to 4.0% on November 1, after the close of the reporting period.
- Q: FINALLY, HOW DID THE MUNICIPAL BOND MARKET PERFORM IN THIS ENVIRONMENT?
- A: Over the past six months, municipal bonds (munis) outperformed similarly dated Treasuries all along the yield curve. Overall, longer-dated securities were the top performers both for munis and Treasuries.
- Q: IN GENERAL TERMS, HOW DID YOU POSITION THE PORTFOLIO?
- A: Given our expectation that yields would continue to rise in concert with the Fed's tightening cycle, we maintained a defensive duration position. (Duration is a measure of sensitivity to interest rate changes.) Toward the end of the period, we went a little longer on duration than we had been for previous months, while still remaining defensive relative to the index, since we felt market conditions and the continued rising rate environment warranted it. In terms of positioning, we maintained a barbell strategy, holding relative over-weights to both short-term and longer-term securities, while maintaining an underweight position to the 2- to 8-year portion of the yield curve. Also, we were underweighted to the 20-year area versus our peers. This barbell positioning resulted in underperformance in both the 10-15 and 20-year areas, as those bonds performed better than their short-term counterparts.
- Q: LET'S TALK ABOUT FUND SPECIFICS. YOU WERE RECENTLY GIVEN MORE FLEXIBILITY TO INVEST IN AMT BONDS. HOW HAVE YOU PUT THIS STRATEGY TO WORK FOR THE FUND?
- A: AMT bonds, those bonds subject to the alternative minimum tax for certain taxpayers, present us with an opportunity to add yield to the portfolio, and we now look for attractive AMT opportunities as part of our normal research. A couple of AMT bonds that we have added to the portfolio recently include Metropolitan Washington DC Airport Authority Bonds that mature in 2016 and yield 5.25%, and Hillsborough County for Tampa Port Authority bonds that mature at various times from 2016-2019 and yield 5.75%. Both of these
- 2
- bonds were attractively priced and structured, especially when compared with non-AMT bonds. The addition of these bonds boosted the portfolio's yield, as AMT bonds generally yield more than non-AMT bonds to compensate for the possibility that they may be less advantageous from a tax perspective for some investors.
- Q: EARLIER THIS YEAR, THE FUND ALSO WAS GIVEN THE ABILITY TO INVEST IN NON-INSURED MUNICIPAL BONDS RATED AT LEAST BBB/BAA OR THE EQUIVALENT, UP TO A MAXIMUM OF 20% OF THE PORTFOLIO. HOW DID YOU PUT THIS FLEXIBILITY TO WORK?
- A: While the Fund continues to invest most of its assets in insured municipal bonds, it now does have the latitude to invest outside of the Aaa/AAA

Edgar Filing: INSURED MUNICIPAL INCOME FUND INC - Form N-CSRS

universe. Any of these new holdings must still be diversified and have investment grade ratings. With that said, the past six months have been a tough environment in which to find attractive opportunities. Because credit spreads (the yield difference between a given bond and a Treasury, which is considered risk-free) have been near historical lows, we couldn't justify the additional risk these bonds present for only a minor uptick in yield. However, if credit spreads widen in the future and we feel those bonds offer a yield that adequately compensates for taking that additional risk, we expect to selectively add those lower-rated bonds to the Fund's portfolio.

Q: FROM A SECTOR STANDPOINT, WHAT WERE IMPORTANT POSITIONS FOR THE FUND?

A: First, it's important to keep in mind that we attempt to maintain a well-diversified portfolio, and the Fund holds bonds in a number of different industry sectors and subsectors. However, our research leads us to focus on various sectors from time to time. Over the last six months, the power and water sectors stand out. They were attractive because they tend to have stronger revenue and earnings stability through various economic climates than other sectors, but are still priced comparably to other sectors. Conversely, we maintained the Fund's underweight to tobacco and hospital bonds, as we continued to have the same negative outlook we've had on these two sectors for quite some time.

Q: WERE THERE ANY STATES OR REGIONS THAT WERE AN AREA OF FOCUS FOR THE FUND?

A: From a regional standpoint, we focused on states that exhibited improved fiscal health and offered attractively valued municipal bonds. Offerings that we believe met that definition included long-term California bonds, a state whose fiscal situation has continued to improve since its 2003 financial crisis, as well as tax-backed New Jersey debt. Finally, it's important to note that we had little exposure to hurricane-affected areas, and continue to closely monitor the credit quality of those Gulf states and municipalities.

PERFORMANCE AT A GLANCE (UNAUDITED)

AVERAGE ANNUAL TOTAL RETURNS FOR PERIODS ENDED 9/30/05

	6 MONTHS	1 YEAR	5 YEARS	10 YEARS

NET ASSET VALUE RETURNS				
Insured Municipal Income Fund Inc.	3.21%	3.94%	6.15%	6.30%
Lipper Insured Municipal Debt Funds (Leveraged) median	3.79	5.25	7.94	6.50
MARKET PRICE RETURNS				
Insured Municipal Income Fund Inc.	6.25	3.63	7.45	7.72
Lipper Insured Municipal Debt Funds (Leveraged) median	7.22	5.73	8.05	7.22
Lehman Brothers Municipal Bond Index	2.80	4.05	6.34	6.06

Past performance does not predict future performance. The return and value of an investment will fluctuate so that an investor's shares, when sold, may be worth more or less than their original cost. NAV return assumes, for illustration only, that dividends were reinvested at the net asset value on the payable dates. NAV and market price returns for periods of less than one year are cumulative. Returns do not reflect the deduction of taxes that a shareholder could pay on Fund distributions.

Lipper peer group data calculated by Lipper Inc.; used with permission. The Lipper median is the return of the fund that places in the middle of the peer group.

SHARE PRICE, DIVIDEND AND YIELDS AS OF 9/30/05

Market Price	\$ 13.17
Net Asset Value (per share applicable to common shareholders)	\$ 15.08
12-Month Net Investment Income Dividend to common shareholders (period ended 9/30/05)	\$ 0.70
September 2005 Dividend	\$ 0.055
Market Yield*	5.01%

Edgar Filing: INSURED MUNICIPAL INCOME FUND INC - Form N-CSRS

NAV Yield* 4.38%

* Market yield is calculated by multiplying the September dividend by 12 and dividing by the month-end market price. NAV yield is calculated by multiplying the September dividend by 12 and dividing by the month-end net asset value. Prices and yields will vary.

INSURED MUNICIPAL INCOME FUND INC.

NOTES TO FINANCIAL STATEMENTS (UNAUDITED)

ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

Insured Municipal Income Fund Inc. (the "Fund") was incorporated in Maryland on February 18, 1993, and is registered with the Securities and Exchange Commission under the Investment Company Act of 1940, as amended, as a closed-end diversified management investment company. The Fund's investment objective is to achieve a high level of current income that is exempt from federal income tax, consistent with the preservation of capital. There can be no assurance that the

Edgar Filing: INSURED MUNICIPAL INCOME FUND INC - Form N-CSRS

Fund's investment objective will be achieved.

In the normal course of business the Fund may enter into contracts that contain a variety of representations or that provide indemnification for certain liabilities. The Fund's maximum exposure under these arrangements is unknown, as this would involve future claims that may be made against the Fund that have not yet occurred. However, the Fund has not had prior claims or losses pursuant to these contracts and expects the risk of loss to be remote.

The preparation of financial statements in accordance with U.S. generally accepted accounting principles requires the Fund's management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Actual results could differ from those estimates. The following is a summary of significant accounting policies:

VALUATION OF INVESTMENTS--The Fund calculates its net asset value based on the current market value, where available, for its portfolio securities. The Fund normally obtains market values for its securities from independent pricing sources and broker-dealers. Independent pricing sources may use last reported sale prices, current market quotations or valuations from computerized "matrix" systems that derive values based on comparable securities. A matrix system incorporates parameters such as security quality, maturity and coupon, and/or research and evaluations by its staff, including review of broker-dealer market price quotations, if available, in determining the valuation of the portfolio securities. If a market value is not available from an independent pricing source for a particular security, that security is valued at fair value as determined in good faith by or under the direction of the Fund's Board of Directors (the "Board"). Various factors may be reviewed in order to make a good faith determination of a security's fair value. These factors include, but are not limited to, the type and cost of the security; contractual or legal restrictions on resale of the security; relevant financial or business developments of the issuer; actively traded similar or related securities; conversion or exchange rights on the security; related corporate actions; and changes in overall market conditions. If events occur that materially affect the value of securities (particularly non-U.S. securities) between the close of trading in those securities and the close of regular trading on the New York Stock

22

Exchange, the securities are fair valued. The amortized cost method of valuation, which approximates market value, generally is used to value short-term debt instruments with sixty days or less remaining to maturity, unless the Board determines that this does not represent fair value. Securities traded in the over-the-counter ("OTC") market are valued at the last bid price available on the valuation date prior to valuation.

INVESTMENT TRANSACTIONS AND INVESTMENT INCOME--Investment transactions are recorded on the trade date. Realized gains and losses from investment transactions are calculated using the identified cost method. Interest income is recorded on an accrual basis. Discounts are accreted and premiums are amortized as adjustments to interest income and the identified cost of investments.

FUTURES CONTRACTS--Upon entering into a financial futures contract, the Fund is required to deposit in a segregated account with its custodian, in the name of the futures broker through which the transaction was effected, an amount of cash and/or municipal obligations equal to a certain percentage of the contract amount. This amount is known as the "initial margin". Subsequent payments, known as "variation margin" are made or received by the Fund each day, depending on the daily fluctuations in the value of the underlying financial futures contracts. Such variation margin is recorded for financial statement purposes on

Edgar Filing: INSURED MUNICIPAL INCOME FUND INC - Form N-CSRS

a daily basis as unrealized gain or loss until the financial futures contract is closed, at which time the net gain or loss is reclassified to realized gain or loss on futures. Variation margin calls could be substantial in the event of adverse price movements.

Using financial futures contracts involves various market risks. If the Fund was unable to liquidate a futures position due to the absence of a liquid secondary market or the imposition of price limits, it could incur substantial losses. The Fund would continue to be subject to market risk with respect to the position. In addition, the Fund would continue to be required to make variation margin payments and might be required to maintain the position being hedged or to maintain cash or securities in a segregated account. Furthermore, certain characteristics of the futures market might increase the risk that movements in the prices of the financial futures contracts might not correlate perfectly with movements in the prices of the investments being hedged, including temporary price distortion.

DIVIDENDS AND DISTRIBUTIONS--The Fund intends to pay monthly dividends to common shareholders at a level rate that over time will result in the distribution of all of the Fund's net investment income remaining after the payment of dividends on any outstanding auction preferred shares. The dividend rate on the common stock is adjusted as necessary to reflect the earnings rate of the Fund.

23

Dividends and distributions to common shareholders are recorded on the ex-dividend date. Dividends to auction preferred shareholders are accrued daily. The amount of dividends from net investment income and distributions from net realized capital gains is determined in accordance with federal income tax regulations, which may differ from U.S. generally accepted accounting principles. These "book/tax" differences are either considered temporary or permanent in nature. To the extent these differences are permanent in nature, such amounts are reclassified within the capital accounts based on their federal tax-basis treatment; temporary differences do not require reclassification.

CONCENTRATION OF RISK

The Fund follows an investment policy of investing primarily in municipal obligations of various states. Economic changes affecting those states and certain of their public bodies and municipalities may affect the ability of the issuers within those states to pay interest on, or repay principal of, municipal obligations held by the Fund.

INVESTMENT ADVISOR AND ADMINISTRATOR

The Board has approved an investment advisory and administration contract ("Advisory Contract") with UBS Global Asset Management (US) Inc. ("UBS Global AM"), under which UBS Global AM serves as investment advisor and administrator of the Fund. UBS Global AM is an indirect wholly owned asset management subsidiary of UBS AG, an internationally diversified organization with headquarters in Zurich, Switzerland and operations in many areas of the financial services industry. In accordance with the Advisory Contract, the Fund pays UBS Global AM an investment advisory and administration fee, which is accrued weekly and paid monthly, at the annual rate of 0.90% of the Fund's average weekly net assets applicable to holders of common and auction preferred shares. UBS Global AM has agreed to waive 0.30% of the advisory and administration fee, so that the Fund's effective fee is 0.60% of average weekly net assets applicable to holders of common and auction preferred shares. This waiver will continue indefinitely unless the Board agrees to any change. At September 30, 2005, the Fund owed UBS Global AM \$258,555, which is composed of \$387,832 of investment advisory and administration fees less fees waived of

Edgar Filing: INSURED MUNICIPAL INCOME FUND INC - Form N-CSRS

\$129,277. For the six months ended September 30, 2005, UBS Global AM waived \$787,813 of investment advisory and administration fees from the Fund.

ADDITIONAL INFORMATION REGARDING COMPENSATION TO AFFILIATE OF A BOARD MEMBER

Effective March 1, 2005, Professor Meyer Feldberg accepted the position of senior advisor to Morgan Stanley, resulting in him becoming an interested director of

24

the Fund. The Fund has been informed that Professor Feldberg's role at Morgan Stanley does not involve matters directly affecting any UBS funds. Fund transactions are executed through Morgan Stanley based on that firm's ability to provide best execution of the transactions. During the six months ended September 30, 2005, the Fund purchased and sold certain securities (e.g., fixed income securities) in principal trades with Morgan Stanley having an aggregate value of \$82,449,007. Morgan Stanley received compensation in connection with these trades, which may have been in the form of a "mark-up" or "mark-down" of the price of the securities, a fee from the issuer for maintaining a commercial paper program, or some other form of compensation. Although the precise amount of this compensation is not generally known by UBS Global AM, UBS Global AM believes that under normal circumstances it represents a small portion of the total value of the transactions. In addition, Morgan Stanley may participate as a broker-dealer in auctions for the Fund's Auction Preferred Shares and receive compensation therefor. Amounts received by Morgan Stanley, if any, will vary depending upon that firm's participation in an auction, and such amounts are calculated and paid by the auction agent from money provided by the Fund.

AUCTION PREFERRED SHARES

The Fund has issued 800 shares of auction preferred shares Series A, 800 shares of auction preferred shares Series B, 800 shares of auction preferred shares Series C, 600 shares of auction preferred shares Series D, 600 shares of auction preferred shares Series E and 600 shares of auction preferred shares Series F which are referred to herein collectively as the "APS." All shares of each series of APS have liquidation preference of \$50,000 per share plus an amount equal to accumulated but unpaid dividends upon liquidation.

Dividends, which are cumulative, are generally reset every 7 days for each Series of APS. Dividend rates ranged from 1.890% to 2.875% for the six months ended September 30, 2005.

The Fund is subject to certain restrictions relating to the APS. Failure to comply with these restrictions could preclude the Fund from declaring any distributions to common shareholders or repurchasing common shares and/or could trigger the mandatory redemption of APS at liquidation value.

The APS are entitled to one vote per share and, unless otherwise required by law, will vote with holders of common stock as a single class, except that the APS will vote separately as a class on certain matters, as required by law. The holders of the APS have the right to elect two directors of the Fund.

25

The redemption of the Fund's APS is outside of the control of the Fund because it is redeemable upon the occurrence of an event that is not solely within the control of the Fund.

PURCHASES AND SALES OF SECURITIES

Edgar Filing: INSURED MUNICIPAL INCOME FUND INC - Form N-CSRS

For the six months ended September 30, 2005, aggregate purchases and sales of portfolio securities, excluding short-term securities, were \$161,007,263 and \$141,094,305, respectively.

FEDERAL TAX STATUS

The Fund intends to distribute substantially all of its tax-exempt income and any taxable income and to comply with the other requirements of the Internal Revenue Code applicable to regulated investment companies. Accordingly, no provision for federal income taxes is required. In addition, by distributing during each calendar year substantially all of its net investment income, net realized capital gains and certain other amounts, if any, the Fund intends not to be subject to a federal excise tax.

The tax character of distributions paid during the fiscal year ended March 31, 2005 was as follows:

DISTRIBUTIONS PAID FROM:	2005
Tax-exempt income	\$ 18,116,461
Net long-term capital gains	1,987,330
Total distributions paid	\$ 20,103,791

The tax character of distributions paid and the components of accumulated earnings (deficit) on a tax basis for the current fiscal year will be calculated after the Fund's fiscal year ending March 31, 2006.

For federal income tax purposes, which was substantially the same for book purposes, the tax cost of investments and the components of net unrealized appreciation of investments at September 30, 2005 were as follows:

Tax cost of investments	\$ 505,276,050
Gross unrealized appreciation	\$ 7,682,282
Gross unrealized depreciation	(1,673,825)
Net unrealized appreciation	\$ 6,008,457

GENERAL INFORMATION (UNAUDITED)

THE FUND

Edgar Filing: INSURED MUNICIPAL INCOME FUND INC - Form N-CSRS

Insured Municipal Income Fund Inc. (the "Fund") is a diversified, closed-end management investment company whose shares trade on the New York Stock Exchange ("NYSE"). The Fund's investment objective is to achieve a high level of current income that is exempt from federal income tax, consistent with the preservation of capital. The Fund's investment advisor and administrator is UBS Global Asset Management (US) Inc. ("UBS Global AM"), an indirect wholly owned asset management subsidiary of UBS AG, which had approximately \$50.2 billion in assets under management as of September 30, 2005.

Effective October 1, 2005, Kevin McIntyre assumed primary responsibility for the day-to-day management of the Fund. Mr. McIntyre is a director and portfolio manager of UBS Global AM. Mr. McIntyre joined UBS Global AM in 1995 and has been a member of its municipal securities team since that date. Mr. McIntyre has previously served as a trader for the municipal securities group.

SHAREHOLDER INFORMATION

The Fund's NYSE trading symbol is "PIF." Comparative net asset value and market price information about the Fund is published weekly in THE WALL STREET JOURNAL, THE NEW YORK TIMES and BARRON'S, as well as in numerous other publications.

An annual meeting of shareholders of the Fund was held on July 21, 2005. At the meeting Margo N. Alexander, Richard Q. Armstrong, David J. Beaubien, Richard R. Burt, Meyer Feldberg, and William D. White were elected to serve as directors until the next annual meeting of shareholders, or until their successors are elected and qualified or until they resign or are otherwise removed. The shares were voted as indicated below:

COMMON STOCK AND APS SHARES VOTING AS A SINGLE CLASS

TO VOTE FOR OR WITHHOLD AUTHORITY IN THE ELECTION OF:	SHARES VOTED FOR	SHARES WITHHOLD AUTHORITY
Richard Q. Armstrong	19,221,100.276	732,267.788
David J. Beaubien	19,227,184.276	726,183.788
Richard R. Burt	19,218,115.276	735,252.788
William D. White	19,228,404.276	724,963.788

AUCTION PREFERRED SHARES

TO VOTE FOR OR WITHHOLD AUTHORITY IN THE ELECTION OF:	SHARES VOTED FOR	SHARES WITHHOLD AUTHORITY
Margo N. Alexander	3,990	1
Meyer Feldberg	3,990	1

The Fund is not aware of any broker non-votes. (Broker non-votes are shares held in street name for which the broker indicates that instructions have not been received from the beneficial owners or other persons entitled to vote and for

Edgar Filing: INSURED MUNICIPAL INCOME FUND INC - Form N-CSRS

which the broker does not have discretionary voting authority.)

PROXY VOTING POLICIES, PROCEDURES AND RECORD

You may obtain a description of the Fund's (1) proxy voting policies, (2) proxy voting procedures and (3) information regarding how the Fund voted any proxies related to portfolio securities during the 12-month period ended June 30, 2005, without charge, upon request by contacting the Fund directly at 1-800-647 1568, online on the Fund's Web site: www.ubs.com/ubsglobalam-proxy, or on the EDGAR Database on the SEC's Web site (<http://www.sec.gov>).

QUARTERLY FORM N-Q PORTFOLIO SCHEDULE

The Fund will file its complete schedule of portfolio holdings with the Securities and Exchange Commission ("SEC") for the first and third quarters of each fiscal year on Form N-Q. The Fund's Forms N-Q are available on the SEC's Web site at <http://www.sec.gov>. The Fund's Forms N-Q may be reviewed and copied at the SEC's Public Reference Room in Washington, D.C. Information on the operation of the SEC's Public Reference Room may be obtained by calling 1-800-SEC 0330. Additionally, you may obtain copies of Forms N-Q from the Fund upon request by calling 1-800-647 1568.

DIVIDEND REINVESTMENT PLAN

The Fund's Board has established a Dividend Reinvestment Plan (the "Plan") under which all common shareholders whose shares are registered in their own names, or in the name of UBS Financial Services Inc. or its nominee, will have all dividends and other distributions on their shares of common stock automatically reinvested in additional shares of common stock, unless such common shareholders elect to receive cash. Common shareholders who elect to hold their shares in the name of another broker or nominee should contact such broker or nominee to determine whether, or how, they may participate in the Plan. The ability of such shareholders to participate in the Plan may change if their shares are transferred into the name of another broker or nominee.

A common shareholder may elect not to participate in the Plan or may terminate participation in the Plan at any time without penalty, and common shareholders who have previously terminated participation in the Plan may rejoin it at any time. Changes in elections must be made in writing to the Fund's

31

transfer agent and should include the shareholder's name and address as they appear on the share certificate or in the transfer agent's records. An election to terminate participation in the Plan, until such election is changed, will be deemed an election by a common shareholder to take all subsequent distributions in cash. An election will be effective only for distributions declared and having a record date at least ten days after the date on which the election is received.

Additional shares of common stock acquired under the Plan will be purchased in the open market, on the NYSE or otherwise, at prices that may be higher or lower than the net asset value per share of the common stock at the time of the purchase. The number of shares of common stock purchased with each dividend will be equal to the result obtained by dividing the amount of the dividend payable to a particular shareholder by the average price per share (including applicable brokerage commissions) that the transfer agent was able to obtain in the open market. The Fund will not issue any new shares of common stock in connection with the Plan. There currently is no charge to participants for reinvesting dividends or other distributions. The transfer agent's fees for handling the reinvestment of distributions will be paid by the Fund. However, each

Edgar Filing: INSURED MUNICIPAL INCOME FUND INC - Form N-CSRS

participant pays a pro rata share of brokerage commissions incurred with respect to the transfer agent's open market purchases of common stock in connection with the reinvestment of distributions. The automatic reinvestment of dividends and other distributions in shares of common stock does not relieve participants of any income tax that may be payable on such distributions.

Experience under the Plan may indicate that changes are desirable. Accordingly, the Fund reserves the right to amend or terminate the Plan with respect to any dividend or other distribution if notice of the change is sent to Plan participants at least 30 days before the record date for such distribution. The Plan also may be amended or terminated by the transfer agent by at least 30 days' written notice to all Plan participants. Additional information regarding the Plan may be obtained from, and all correspondence concerning the Plan should be directed to, the transfer agent at PFPC Inc., P.O. Box 43027, Providence, Rhode Island 02940-3027. For further information regarding the Plan, you may also contact the transfer agent directly at 1-800-331 1710.

32

BOARD APPROVAL OF ADVISORY AND ADMINISTRATION AGREEMENT (UNAUDITED)

BACKGROUND

At a meeting of the board of Insured Municipal Income Fund ("Fund") on July 20, 2005, the members of the board, including the directors who are not "interested persons" of the Fund ("Independent Directors") as defined in the Investment Company Act of 1940, as amended, considered and approved the continuance of the Advisory and Administration Agreement for the Fund. In preparing for the meeting, the board members had requested and received information from UBS Global Asset Management (US) Inc. ("UBS Global AM") to assist them, including performance and expense information for other investment companies with similar investment objectives to the Fund. The board received and considered a variety of information about UBS Global AM, as well as the advisory and administrative arrangements for the Fund. The Independent Directors discussed the materials initially provided by management prior to the scheduled board meeting in a session with their independent legal counsel and requested, and received from management, supplemental materials to assist them in their consideration of the Advisory and Administration Agreement. Subsequently, the Chairman of the board and independent legal counsel to the Independent Directors met with management representatives to discuss generally how information would be provided at the board meeting. The Independent Directors also met for several hours the evening before the board meeting and met again after management's presentation was completed to review the disclosure that had been made to them at the meeting. At all of these sessions the Independent Directors met in session with their independent legal counsel. The Independent Directors also received a memorandum from their independent legal counsel discussing the duties of board members in considering approval of advisory and administration agreements. In its consideration of the approval of the Advisory and Administration Agreement, the board, including the Independent Directors, considered the following factors:

NATURE, EXTENT AND QUALITY OF THE SERVICES UNDER THE ADVISORY AND ADMINISTRATION AGREEMENT

The board received and considered information regarding the nature, extent and quality of management services provided to the Fund by UBS Global AM under the Advisory and Administration Agreement during the past year. The board also received a description of the administrative and other services rendered to the Fund and its shareholders by UBS Global AM. The board noted that information received at regular meetings throughout the year related to the services rendered by UBS Global AM concerning the management of the Fund's affairs and UBS Global AM's role in coordinating providers of other

services to the Fund, including custody, accounting and transfer agency services. The board's evaluation of the services provided by UBS Global AM took into account the board's knowledge and familiarity gained as board members of funds in the UBS New York fund complex, including the scope and quality of UBS Global AM's investment management and other capabilities and the quality of its administrative and other services. The board observed that the scope of services provided by UBS Global AM had expanded over time as a result of regulatory and other developments, including maintaining and monitoring its own and the Fund's expanded compliance programs.

The board had available to it the qualifications, backgrounds and responsibilities of the Fund's senior personnel and the portfolio management team primarily responsible for the day-to-day portfolio management of the Fund and recognized that these persons report to the board regularly, some at every board meeting. The board also considered, based on its knowledge of UBS Global AM and its affiliates, the financial resources available to UBS Global AM and its parent organization, UBS AG.

The board reviewed how transactions in Fund assets are effected. In conducting its review, the board had available UBS Global AM's brokerage policies and practices, the standards applied in seeking best execution, UBS Global AM's soft dollar policies and practices, the use of a broker affiliated with UBS Global AM and the existence of quality controls applicable to brokerage allocation procedures. In addition, management also reported to the board on, among other things, its disaster recovery plans and portfolio manager compensation plan.

The board concluded that, overall, it was satisfied with the nature, extent and quality of services provided, and expected to be provided, to the Fund under the Advisory and Administration Agreement.

FUND PERFORMANCE

The board received and considered performance information of the Fund compared to other funds (the "Performance Universe") selected by Lipper, Inc. ("Lipper"), an independent provider of investment company data, over the one-, three-, five- and ten-year periods, ended May 31, 2005 and since inception. The board was provided with a description of the methodology Lipper used to determine the similarity of the Fund with the funds included in the Performance Universe. The board also noted that it had received information throughout the year at periodic intervals with respect to the Fund's performance.

The comparative Lipper information showed that the Fund's performance as compared against the Performance Universe was consistently below average

for the comparative periods. Specifically, the Fund's performance was in the fourth and fifth quintile for all comparative periods. The board in its review noted that management explained that the Fund had consistently underperformed due in large part to its conservative duration, higher overall credit quality and an aversion to significant exposure to securities subject to the alternative minimum tax ("AMT"). In addition, the board noted several changes made in recent years that should provide the portfolio management team with increased flexibility over the long-term. The changes included the following: (1) increased ability to invest in securities having a maturity of ten years or less, (2) increased ability to use derivatives to hedge unwanted duration exposure while preserving security selection opportunities, (3) increasing the

Edgar Filing: INSURED MUNICIPAL INCOME FUND INC - Form N-CSRS

amount of leverage to take advantage of a continued steepness in the yield curve, (4) potential increased AMT exposure, and (5) modifying investment policies to permit investment of up to twenty percent (20%) of the Fund in investment grade instruments that are not insured. Based on its review and facts stated above, the board concluded that the Fund's investment performance was satisfactory.

MANAGEMENT FEES AND EXPENSE RATIO

The board reviewed and considered the contractual advisory and administration fee (the "Contractual Management Fee") payable by the Fund to UBS Global AM in light of the nature, extent and quality of the advisory and administrative services provided by UBS Global AM. The board also reviewed and considered the actual fee rate (the "Actual Management Fee") paid by the Fund.

Additionally, the board received and considered information comparing the Fund's Contractual Management Fee, Actual Management Fee and overall expenses with those of funds in a group of funds selected and provided by Lipper (the "Expense Group").

In connection with its consideration of the Fund's management fees, the board also received information on an affiliate of UBS Global AM's standard institutional account fees for accounts of a similar investment type to the Fund. The board noted that these fees were lower than the Contractual Management Fee and Actual Management Fee for the Fund, but also noted management's explanation that comparisons with such accounts may be of limited relevance given the different structures and regulatory requirements of mutual funds versus such accounts, the differences in the levels of services required by mutual funds and such accounts and the memorandum provided by the Fund's legal counsel discussing court decisions regarding the limited usefulness of such comparisons.

35

The comparative Lipper information showed that the Fund's Contractual Management Fee and Actual Management Fee were in the fifth quintile in its Expense Group (i.e., eight out of eight for the periods included in the Lipper report). The board noted that UBS Global AM currently has a fee waiver in place whereby it waives 30 basis points (0.30%) from its Contractual Management Fee and that the fee waiver will continue indefinitely unless the board agrees to a change in the waiver. In addition, the board also noted that the Fund's total expenses were the highest out of the eight funds in its Expense Group. The board noted that the Fund's high Actual Total Expenses was the result of the Fund's high Actual Management Fee and its high custodian fee. Management noted that the Fund's custodian fees appear to be higher than those of other funds in its Expense Group because accounting costs are also included in the Fund's custodian fees, which may not be the case for some of its peers in the Fund's Expense Group. Management also noted that it had increased its fee waiver by one-half (from 0.20% to 0.30%) during the course of the past year but that the impact of the increased waiver was not fully reflected in the Lipper data. The Board considered that the fee was more acceptable once the fee waiver was taken into account. Management noted that the Fund's Actual Management Fee was higher than its peers, if only by less than one-quarter of one percent, primarily because of the higher degree of leverage of the Fund. If the Actual Management Fees in the peer group were adjusted for the relative degrees of leverage to facilitate a more meaningful comparison, the Fund's Actual Management Fee would be more consistent with the peer median. Management added that it would attempt to negotiate a reduction in the Fund's custodian fees.

Taking all of the above into consideration, the board determined that the Contractual Management Fee was reasonable in light of the nature, extent and

Edgar Filing: INSURED MUNICIPAL INCOME FUND INC - Form N-CSRS

quality of the services provided to the Fund under the Advisory and Administration Agreement.

ADVISOR PROFITABILITY

The board received and considered a profitability analysis of UBS Global AM and its affiliates in providing services to the Fund. The board also received profitability information with respect to the UBS New York fund complex as a whole. In addition, the board received information with respect to UBS Global AM's allocation methodologies used in preparing this profitability data. UBS Global AM's profitability was considered not excessive in light of the nature, extent and quality of the services provided to the Fund.

36

ECONOMIES OF SCALE

The board received and considered information from management regarding whether it has achieved economies of scale with respect to the management of the Fund, whether the Fund has appropriately benefited from any economies of scale, and whether there is potential realization of further economies of scale. The board considered whether economies of scale in the provision of services to the Fund were being passed along to shareholders. The board also considered whether alternative fee structures (such as breakpoints) would be more appropriate or reasonable taking into consideration economies of scale or other efficiencies.

In conducting its review, the board noted that the Fund's Contractual Management Fee did not contain any breakpoints. Further, the board noted that advisory agreements of closed-end funds usually do not contain breakpoints. Management informed the board that the Fund, as a closed-end investment company, was not expected to materially increase in size; thus, UBS Global AM would not benefit from economies of scale. The Board members considered whether economies of scale could be realized because UBS Global AM advises other similar funds, and, based on their experience, the board accepted UBS Global AM's explanation that significant economies of scale would not be realized because of the nature of the market in which the Fund invests did not provide significant savings.

OTHER BENEFITS TO UBS GLOBAL AM

The board considered other benefits received by UBS Global AM and its affiliates as a result of its relationship with the Fund, including the opportunity to offer additional products and services to Fund shareholders.

In light of the costs of providing investment management, administrative and other services to the Fund and UBS Global AM's ongoing commitment to the Fund, the profits and other ancillary benefits that UBS Global AM and its affiliates received were considered reasonable.

In light of all of the foregoing, the board approved the Advisory and Administration Agreement to continue for another year.

In making its decision, the board identified no single factor as being determinative in approving the Advisory and Administration Agreement. The Independent Directors were advised by separate independent legal counsel throughout the entire process. The board discussed the proposed continuance of the Advisory and Administration Agreement in a private session with their independent legal counsel at which no representatives of UBS Global AM were present.

ITEM 2. CODE OF ETHICS.

Form N-CSR disclosure requirement not applicable to this filing of a semi-annual report.

ITEM 3. AUDIT COMMITTEE FINANCIAL EXPERT.

Form N-CSR disclosure requirement not applicable to this filing of a semi-annual report.

ITEM 4. PRINCIPAL ACCOUNTANT FEES AND SERVICES.

Form N-CSR disclosure requirement not applicable to this filing of a semi-annual report.

ITEM 5. AUDIT COMMITTEE OF LISTED REGISTRANTS.

Form N-CSR disclosure requirement not applicable to this filing of a semi-annual report.

ITEM 6. SCHEDULE OF INVESTMENTS.

Included as part of the report to shareholders filed under Item 1 of this form.

ITEM 7. DISCLOSURE OF PROXY VOTING POLICIES AND PROCEDURES FOR CLOSED-END MANAGEMENT INVESTMENT COMPANIES.

Form N-CSR disclosure requirement not applicable to this filing of a semi-annual report.

ITEM 8. PORTFOLIO MANAGERS OF CLOSED-END MANAGEMENT INVESTMENT COMPANIES.

Form N-CSR disclosure requirement not yet effective with respect to the registrant.

ITEM 9. PURCHASES OF EQUITY SECURITIES BY CLOSED-END MANAGEMENT INVESTMENT COMPANY AND AFFILIATED PURCHASERS.

There were no purchases made by or on behalf of the registrant or any "affiliated purchaser," as defined in Rule 10b-18(a)(3) under the Securities Exchange Act of 1934, as amended, of shares of the registrant's equity securities made in the period covered by this report.

ITEM 10. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS.

The registrant's Board has established a Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee will consider nominees recommended by shareholders

if a vacancy occurs among those board members who are not "interested persons" as defined in Section 2(a)(19) of the Investment Company Act of 1940, as amended. In order to recommend a nominee, a shareholder should send a letter to the chairperson of the Nominating and Corporate Governance Committee, Richard R. Burt, care of the Secretary of the registrant at UBS Global Asset Management (US) Inc., 51 West 52nd Street, New York, New York 10019-6114, and indicate on

Edgar Filing: INSURED MUNICIPAL INCOME FUND INC - Form N-CSRS

the envelope "Nominating and Corporate Governance Committee." The shareholder's letter should state the nominee's name and should include the nominee's resume or curriculum vitae, and must be accompanied by a written consent of the individual to stand for election if nominated for the Board and to serve if elected by shareholders.

ITEM 11. CONTROLS AND PROCEDURES.

- (a) The registrant's principal executive officer and principal financial officer have concluded that the registrant's disclosure controls and procedures (as defined in Rule 30a-3(c) under the Investment Company Act of 1940, as amended) are effective based on their evaluation of these controls and procedures as of a date within 90 days of the filing date of this document.
- (b) The registrant's principal executive officer and principal financial officer are aware of no changes in the registrant's internal control over financial reporting (as defined in Rule 30a-3(d) under the Investment Company Act of 1940, as amended) that occurred during the registrant's last fiscal quarter that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting.

ITEM 12. EXHIBITS.

- (a) (1) Code of Ethics - Form N-CSR disclosure requirement not applicable to this filing of a semi-annual report.
- (a) (2) Certifications of principal executive officer and principal financial officer pursuant to Section 302 of the Sarbanes-Oxley Act of 2002 is attached hereto as Exhibit EX-99.CERT.
- (a) (3) Written solicitation to purchase securities under Rule 23c-1 under the Investment Company Act of 1940 sent or given during the period covered by the report by or on behalf of the registrant to 10 or more persons - The registrant has not engaged in such a solicitation during the period covered by this report.
- (b) Certifications of principal executive officer and principal financial officer pursuant to Section 906 of the Sarbanes-Oxley Act of 2002 is attached hereto as Exhibit EX-99.906CERT.

SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934 and the Investment Company Act of 1940, the registrant has duly caused this report to be signed on its behalf by the undersigned, thereunto duly authorized.
