ALDABRA 2 ACQUISITION CORP.
c/o TERRAPIN PARTNERS, LLC
540 MADISON AVENUE, 17TH FLOOR
NEW YORK, NY 10022

[], 2007

Dear Aldabra Stockholder:

You are cordially invited to attend a special meeting of the stockholders of Aldabra 2 Acquisition Corp. ("Aldabra") relating to the acquisition of Boise White Paper, L.L.C., Boise Packaging & Newsprint, L.L.C., Boise Cascade Transportation Holdings Corp. (collectively, the "Paper Group") and other assets and liabilities related to the operation of the paper, packaging and newsprint, and transportation businesses of the Paper Group and most of the headquarters operations of Boise Cascade, L.L.C. (the "Seller") (collectively, the business to be acquired from the Seller, "Boise Paper Products" or "BPP") through the acquisition of Boise Paper Holdings, L.L.C. The special meeting will be held at 10:00 a.m., Eastern Standard Time, on [], 2007, at Kramer Levin Naftalis & Frankel LLP, 1177 Avenue of the Americas, New York, NY 10036.

At the special meeting, you will be asked to consider and vote upon the following proposals:

1. to adopt the Purchase and Sale Agreement, dated as of September 7, 2007, by and among the Seller, Boise Paper Holdings, L.L.C., the Paper Group, Aldabra and Aldabra Sub LLC, as amended by Amendment No. 1 to Purchase and Sale Agreement, dated October 18, 2007, by and among such persons (the "purchase agreement"), and to approve the transactions contemplated by the purchase agreement (the "Acquisition");
2. to adopt a certificate of amendment to our existing amended and restated certificate of incorporation (our "charter") to increase the number of authorized shares of common stock from 100 million to 250 million (the "closing charter amendment");
3. to adopt an amended and restated charter, immediately following the closing of the Acquisition, to, among other things, change our name to "Boise Paper Company," delete certain provisions that relate to us as a blank check company and create perpetual corporate existence (the "amended and restated charter");
4. to elect nine members of the board of directors to serve on the Boise Paper Company board of directors from the completion of the Acquisition until their successors are duly elected and qualified;
5. to adopt the 2008 Boise Paper Company Incentive and Performance Plan (the "Incentive Plan"); and
6. to adopt an adjournment proposal to authorize the adjournment of the special meeting to a later date or dates, if necessary, to permit further solicitation and vote of proxies in the event there are insufficient votes at the time of the special meeting to adopt the Acquisition proposal, the closing charter amendment proposal, the amended and restated charter proposal and/or the Incentive Plan proposal (the "adjournment proposal").

The adoption of the Acquisition proposal is conditioned upon the approval of the closing charter amendment proposal, the amended and restated charter proposal and the election of directors proposal but not the Incentive Plan proposal or the adjournment proposal. The adoption of each of the other proposals, other than the adjournment proposal, is conditioned upon the adoption of the Acquisition proposal.

The board of directors of Aldabra has fixed the close of business on [], 2007 as the record date (the "Record Date") for the determination of stockholders entitled to notice of, and to vote at, the special meeting and at any adjournments or postponements thereof.

Edgar Filing: Aldabra 2 Acquisition Corp. - Form PREM14A

The affirmative vote of the holders of a majority of the shares of Aldabra common stock outstanding as of the Record Date, voting in person or by proxy at the special meeting, is required to approve the Acquisition proposal, provided that the holders of less than 40% of the shares of Aldabra's common stock that were issued in its initial public offering (the "IPO Shares") vote against the Acquisition proposal and contemporaneously elect to exercise their conversion rights.

Aldabra will deliver at closing cash and stock (and under certain conditions detailed below, a subordinated promissory note) equal to \$1,625,000,000 plus or minus an incremental amount equal to the sum of (i) the Paper Group's cash and cash equivalents (expected to be \$38,000,000), (ii) plus or minus the amount by which the estimated net working capital of the paper and packaging and newsprint businesses of the Seller is greater or less than \$329,000,000 (as applicable), and (iii) plus the amount (if any) by which Aldabra's and its subsidiaries' estimated net working capital is less than \$404,350,800 (the net amount derived from the foregoing, the "total purchase price"), in each case estimated as of 11:59 p.m. (Boise, Idaho time) on the day before the closing. Following the closing, these estimated amounts will be compared against the actual amounts with any subsequent adjustments payable through the issuance to the Seller of additional shares of Aldabra common stock or the return by the Seller and cancellation of shares of Aldabra common stock held by the Seller.

At least \$1,210,000,000 of the total purchase price must be paid in cash, plus the amount of fees and expenses paid directly by the Seller to lenders and/or agents providing the debt financing, minus other expenses specified in the purchase agreement (together, the "Minimum Cash Amount"). The actual cash portion of the total purchase price will equal the amount of Aldabra's cash at closing (including cash held in the trust fund but excluding any amounts paid upon the exercise of conversion rights by Aldabra stockholders), less transaction expenses plus the amount of the net proceeds from the debt financing, but will not in any event be less than the Minimum Cash Amount (the "Cash Portion").

The balance of the total purchase price will be paid in Aldabra common stock, with the amount of Aldabra common stock issued to the Seller valued based upon an average per share closing price of Aldabra common stock for the 20 trading day period ending three trading days prior to closing (disregarding for this purpose in such period any day in which trading of Aldabra common stock was conducted by, or on behalf of, an officer or director of Aldabra or a family member or affiliate thereof) (the "Average Trading Price"). For purposes of calculating the number of shares that will be issued to the Seller, the Average Trading Price will not be higher than \$10.00 per share or lower than \$9.54 per share. Assuming an Average Trading Price of \$9.77 (the midpoint of the range), no exercise of conversion rights, and based upon the other assumptions set forth in the unaudited pro forma financial statements, Aldabra will issue to the Seller 34,510,747 shares of Aldabra common stock. See "Unaudited Pro Forma Condensed Consolidated Financial Statements." The exact number of shares to be issued cannot be determined at this time, since the Average Trading Price, the cash and net working capital adjustments (which will affect the total purchase price), and the Cash Portion cannot be calculated at this time. The purchase agreement also provides that the Seller will not receive shares to the extent such receipt would cause it to hold in excess of 49% of Aldabra's common stock immediately following the closing of the Acquisition (excluding, for purposes of this calculation, Aldabra's outstanding warrants) and that, in lieu of receiving shares in excess of 49%, Aldabra will instead pay the Seller an amount equal to the value of such shares (valued at the Average Trading Price) in cash or through the issuance of a subordinated promissory note.

Assuming the Acquisition proposal is approved by Aldabra stockholders, the affirmative vote of the holders of a majority of the shares of Aldabra common stock outstanding as of the Record Date is required to approve the proposals to adopt the closing charter amendment and the amended and restated charter. The affirmative vote of a majority of the shares of Aldabra common stock represented in person or by proxy and entitled to vote at the special meeting is required to approve the Incentive Plan proposal and the adjournment proposal. The nine directors to be elected at the special meeting will be elected by a plurality of the votes cast by the stockholders present in person or by proxy and entitled to vote.

Each Aldabra stockholder that holds IPO Shares has the right to vote against the Acquisition proposal and at the same time demand that Aldabra convert such stockholder's shares into an amount of cash equal to the pro rata portion of the trust account in which a substantial portion of the net proceeds of Aldabra's initial public offering, plus interest thereon, are deposited. Based upon the

foregoing and on the amount of cash held in the trust account, net of accrued taxes and expenses, as an illustration, as of October 1, 2007, without taking into account any interest earned or expenses incurred after such date, you would have been entitled to redeem each of the IPO Shares you held for approximately \$9.70. If the Acquisition is not completed, then these IPO Shares will not be converted into cash. However, if the holders of 16,560,000 or more IPO Shares, representing approximately 40% or more of the total number of IPO Shares, exercise their conversion rights, then, in accordance with the terms of our charter and the documents governing the trust account, we will not consummate the Acquisition, and your shares will not be converted.

Aldabra shares of common stock, warrants and units are quoted on the American Stock Exchange under the symbols "AII," "AII.WS" and "AII.U," respectively. On October 19, 2007, the closing price of Aldabra common stock, warrants and units was \$9.43, \$1.85 and \$11.25, respectively.

AFTER CAREFUL CONSIDERATION OF THE TERMS AND CONDITIONS OF THE ACQUISITION PROPOSAL, THE BOARD OF DIRECTORS OF ALDABRA BELIEVES THAT THE ACQUISITION PROPOSAL IS FAIR TO, AND IN THE BEST INTERESTS OF, ALDABRA AND ITS STOCKHOLDERS AND THAT THE FAIR MARKET VALUE OF BPP IS AT LEAST EQUAL TO 80% OF THE NET ASSETS OF ALDABRA. AFTER CAREFUL CONSIDERATION OF THE TERMS AND CONDITIONS OF ALL OF THE PROPOSALS, THE BOARD OF DIRECTORS HAS UNANIMOUSLY APPROVED ALL OF THE PROPOSALS AND UNANIMOUSLY RECOMMENDS THAT YOU VOTE FOR EACH OF THE PROPOSALS.

The accompanying proxy statement provides detailed information concerning the proposals and additional information, including, without limitation, the information set forth under the heading "Risk Factors," all of which you are urged to read carefully. It is important that your Aldabra common stock be represented at the special meeting, regardless of the number of shares you hold. Therefore, please vote your shares as soon as possible, whether or not you plan to attend the special meeting. Voting your shares prior to the special meeting will not prevent you from voting your shares in person if you subsequently choose to attend the special meeting.

Sincerely,

Nathan D. Leight
Chairman of the Board

YOUR VOTE IS IMPORTANT. WHETHER OR NOT YOU PLAN TO ATTEND THE SPECIAL MEETING, PLEASE PROMPTLY VOTE YOUR SHARES AND SUBMIT YOUR PROXY BY TELEPHONE OR BY INTERNET, OR BY COMPLETING, SIGNING, DATING AND RETURNING YOUR PROXY FORM IN THE ENCLOSED ENVELOPE. IF YOU RETURN A PROXY WITH YOUR SIGNATURE BUT WITHOUT AN INDICATION OF HOW YOU WISH TO VOTE, YOUR PROXY WILL BE VOTED "FOR" EACH OF THE PROPOSALS.

SEE "RISK FACTORS" FOR A DISCUSSION OF VARIOUS FACTORS THAT YOU SHOULD CONSIDER IN CONNECTION WITH THE PROPOSED ACQUISITION SINCE, UPON THE CONSUMMATION OF THE ACQUISITION, THE OPERATIONS AND ASSETS OF BOISE PAPER PRODUCTS WILL ESSENTIALLY CONSTITUTE ALL OF THE OPERATIONS AND ASSETS OF ALDABRA.

NEITHER THE SECURITIES AND EXCHANGE COMMISSION NOR ANY STATE SECURITIES REGULATORY AGENCY HAS APPROVED OR DISAPPROVED THE ACQUISITION, PASSED UPON THE MERITS OR FAIRNESS OF THE ACQUISITION OR PASSED UPON THE ADEQUACY OR ACCURACY OF THE DISCLOSURE IN THIS DOCUMENT. ANY REPRESENTATION TO THE CONTRARY CONSTITUTES A CRIMINAL OFFENSE.

This proxy statement is dated [], 2007 and is first being mailed to Aldabra stockholders on or about [], 2007.

Edgar Filing: Aldabra 2 Acquisition Corp. - Form PREM14A

vote at, the special meeting. Only the holders of record of Aldabra common stock on the Record Date are entitled to have their votes counted at the special meeting and any adjournments or postponements of it.

On the Record Date, there were 51,750,000 outstanding shares of Aldabra common stock, of which 41,400,000 were issued to the public in Aldabra's initial public offering (the "IPO") (such shares, the "IPO Shares") and 10,350,000 were issued prior to its IPO to its initial stockholders, each of which is entitled to one vote per share at the special meeting. The holders of the shares issued prior to Aldabra's IPO, which are referred to as the "Private Shares," are held by its directors and executive officers and certain of their affiliates, each of whom has agreed to vote all of his shares with respect to the Acquisition proposal only in accordance with the majority of the votes cast by the holders of the IPO Shares. If holders of a majority of the IPO Shares voting in person or by proxy at the special meeting vote against, or abstain with respect to, the Acquisition proposal, such proposal will not be approved.

Your vote is important. Please vote as soon as possible to make sure that your shares are represented at the special meeting. If you are a stockholder of record of Aldabra common stock on the Record Date, you may cast your vote in person at the special meeting. If your shares are held in an account at a brokerage firm or bank, you must instruct your broker or bank on how to vote your shares. Not voting or failing to instruct your broker or bank how to vote will have the same effect as voting against the Acquisition proposal, the closing charter amendment proposal and the amended and restated charter proposal, but will not have the effect of exercising your conversion rights. Abstentions will have the same effect as voting against the Incentive Plan proposal and the adjournment proposal, but broker non-votes will have no effect on the Incentive Plan proposal or the adjournment proposal. Abstentions and broker non-votes will have no effect on the election of directors proposal.

Any proxy may be revoked at any time prior to its exercise by delivery of a later dated proxy, by notifying Jason G. Weiss, our corporate secretary, in writing before the special meeting, or by voting in person at the special meeting. By authorizing your proxy promptly, you can help us avoid the expense of further proxy solicitations.

Your attention is directed to the proxy statement accompanying this notice (including the annexes thereto) for a more complete statement regarding the matters proposed to be acted on at the special meeting. We encourage you to read this proxy statement carefully. If you have any questions or need assistance voting your shares, please contact either Aldabra and its representatives at (212) 710-4100 or our proxy solicitor, MacKenzie Partners, Inc., 105 Madison Avenue, New York, NY 10016, by telephone at 1-800-322-2885 or by email at proxy@mackenziepartners.com.

SUMMARY OF THE PROXY STATEMENT

The following pages summarize selected information from this proxy statement, but do not contain all of the information that is important to you. The proposals are described in greater detail elsewhere in this proxy statement. You should carefully read this entire document, including the attached annexes. Unless the context indicates otherwise, in this proxy statement, prior to the Acquisition, the terms "we," "us," "our" and "the Company" refer to Aldabra and, following the Acquisition, such terms (and "BPC") refer to the combined company, which will be renamed Boise Paper Company.

The Special Meeting

This proxy statement is being furnished to holders of Aldabra common stock for use at the special meeting, and at any adjournments or postponements of that meeting. At the special meeting, Aldabra stockholders will be asked to consider and vote upon proposals (1) to adopt the purchase agreement and to approve the Acquisition; (2) to adopt the closing charter amendment to increase the number of authorized shares of common stock from 100 million to 250 million; (3) to adopt an amended and restated charter; (4) to elect nine members to our board of directors to serve on the Boise Paper Company board of directors from the completion of the Acquisition until their successors are duly elected and qualified; (5) to adopt the 2008 Boise Paper Company Incentive and Performance Plan; and (6) to adopt the adjournment proposal to authorize the adjournment of the special meeting to a later date or dates, if necessary, to permit further solicitation and vote of proxies in the event there are insufficient votes at the time of the special meeting to adopt any of the other proposals. The special meeting will be held on [], 2007, at 10:00 a.m., Eastern Standard Time, at Kramer Levin Naftalis & Frankel LLP, 1177 Avenue of the Americas, New York, NY 10036.

The Parties

Aldabra 2 Acquisition Corp. We are a blank check company that was formed on February 1, 2007 to effect a merger, capital stock exchange, asset acquisition or other similar business combination with an operating business. A registration statement for our initial public offering (the "IPO") was declared effective on June 19, 2007, and on June 22, 2007, we consummated our IPO of 41,400,000 units, including 5,400,000 units subject to the underwriters' over-allotment option, at an offering price of \$10.00 per unit. Each unit consists of one share of our common stock and one warrant. The units were sold at an offering price of \$10.00 per unit, generating total gross proceeds of \$414,000,000. We agreed to pay the underwriters in the offering an underwriting discount of 7% of the gross proceeds of the offering, and the underwriters agreed that 3% (\$12,420,000) would not be payable unless and until we completed a business combination. Simultaneously with the consummation of our IPO, Messrs. Leight and Weiss, our chairman and chief executive officer, respectively, each purchased 1,500,000 warrants from us at \$1.00 per warrant in a private placement for an aggregate purchase price of \$3,000,000 (the "Aldabra Insider Warrants"). After deducting commissions, offering expenses and a portion of the underwriting discount, the total net proceeds from the offering were approximately \$384,380,000. Upon the closing of the IPO, an aggregate of \$399,500,000 (including the \$3,000,000 of proceeds from the private placement of warrants to our chairman and chief executive officer and the \$12,420,000 of deferred underwriters' discounts described above) was deposited into a trust fund. Approximately \$275,000 was withheld from the trust to pay initial business, legal and accounting due diligence expenses on prospective business combinations, general and administrative expenses and corporate income and franchise taxes. The net proceeds deposited into the trust fund remain on deposit in the trust fund earning interest and will not be released until the earlier of the consummation of a business combination or our liquidation. As of October 1, 2007, the value of the trust fund was approximately \$401,525,000, net of accrued expenses and taxes. Such funds were invested in the Wells Fargo Advantage Prime Investment Money Market Fund, currently earning interest (before accrual for income taxes) of approximately 5.10% per annum.

Edgar Filing: Aldabra 2 Acquisition Corp. - Form PREM14A

We are not presently engaged in, and will not engage in, any substantive commercial business until the consummation of a business combination. The Aldabra units, common stock and warrants are traded on the American Stock Exchange (the "AMEX") under the symbols "AII.U," "AII" and "AII.WS," respectively. If the proposals set forth in this proxy statement are not approved, and the Acquisition is not consummated, we will continue to search for an operating company or assets to acquire. However, if we do not consummate a business combination by June 19, 2009, our corporate existence will cease except for the purposes of winding up our affairs and liquidating. Our executive offices are located at c/o Terrapin Partners, LLC, 540 Madison Avenue, 17th Floor, New York, NY 10022. We file reports with the Securities and Exchange Commission (the "SEC"), which are available free of charge at www.sec.gov. For more information about Aldabra, please see the section entitled "Information About Aldabra."

Aldabra Sub LLC. Aldabra Sub LLC is a Delaware limited liability company formed solely for the purpose of acquiring Boise Paper Products. Aldabra Sub LLC is a direct, wholly-owned subsidiary of Aldabra. Aldabra Sub LLC is sometimes referred to in this proxy statement as "Buyer Sub."

Boise Cascade, L.L.C. Boise Cascade, L.L.C., a wholly-owned subsidiary of Boise Cascade Holdings, L.L.C., is a diversified North American paper and forest products company headquartered in Boise, Idaho. Boise Cascade, L.L.C. is a leading manufacturer and national wholesale distributor of building materials, including engineered wood products, plywood and lumber. Through its paper and packaging and newsprint segments, Boise Cascade, L.L.C. is a leading manufacturer of uncoated free sheet paper, and also manufactures containerboard (linerboard), corrugated containers and sheets, as well as newsprint. Boise Cascade, L.L.C. is sometimes referred to in this proxy statement as the "Seller."

Boise Paper Products. Boise Paper Products or "BPP" is the business to be acquired from the Seller and is comprised of Boise White Paper, L.L.C. ("Boise White Paper"), Boise Packaging & Newsprint, L.L.C. ("BP&N") and Boise Cascade Transportation Holdings Corp. ("Boise Transportation") (collectively, the "Paper Group") and certain assets and liabilities related to the operation of the paper, packaging and newsprint, and transportation businesses of the Paper Group and most of the headquarters operations of the Seller. BPP owns pulp and paper mill operations in the following locations: Jackson, Alabama; International Falls, Minnesota; St. Helens, Oregon; and Wallula, Washington, all of which manufacture uncoated free sheet paper. BPP also owns a mill in DeRidder, Louisiana, which produces containerboard (linerboard) as well as newsprint and is one of the largest paper mills in North America. BPP also has a network of six corrugated converting plants, located in the Pacific Northwest and Texas, which manufacture corrugated containers and sheets.

Boise Paper Holdings, L.L.C. Boise Paper Holdings, L.L.C. is a Delaware limited liability company formed solely for the purpose of holding 100% of BPP, including 100% of the outstanding equity interests of the Paper Group. Boise Paper Holdings, L.L.C. will be a direct, wholly-owned subsidiary of the Seller, and is sometimes referred to in this proxy statement as the "Target."

The mailing address for the principal executive offices of the Seller, BPP and the Target is 1111 West Jefferson Street, P.O. Box 50, Boise, Idaho 83728, and their telephone number is (208) 384-6161.

The Acquisition

Under the purchase agreement, Aldabra is acquiring BPP, which is comprised of the Paper Group and certain assets and liabilities related to the operation of the paper, packaging and newsprint, and transportation businesses of the Paper Group and most of the headquarters operations of the Seller. The Acquisition is structured such that, upon closing, Aldabra will indirectly own through Buyer Sub 100% of the outstanding common units of the Target, which will in turn own 100% of BPP, including

100% of the outstanding equity interests of the Paper Group. Aldabra will account for the Acquisition using the purchase method of accounting and will also allocate fair market value to these assets at the time of the Acquisition from a tax perspective.

Purchase Price

At the closing of the Acquisition, Aldabra will deliver cash and stock (and under certain conditions detailed below, a subordinated promissory note) equal to \$1,625,000,000 plus or minus an incremental amount equal to the sum of (i) the Paper Group's cash and cash equivalents (expected to be \$38,000,000), (ii) plus or minus the amount by which the estimated net working capital of the paper and packaging and newsprint businesses of the Seller is greater or less than \$329,000,000 (as applicable), and (iii) plus the amount (if any) by which Aldabra's and its subsidiaries' estimated net working capital is less than \$404,350,800, in each case calculated as of 11:59 p.m. (Boise, Idaho time) on the day before closing (the "Adjustment Calculation Time") (the net amount derived from the foregoing, the "total purchase price"). Following the closing, these estimated amounts will be compared against the actual amounts with any subsequent adjustments payable through the issuance to the Seller of additional shares of Aldabra common stock or the return by the Seller and cancellation of shares of Aldabra common stock (in each case, valued at the Average Trading Price, as defined below) held by the Seller.

At least \$1,210,000,000 of the total purchase price must be paid in cash, plus the amount of fees and expenses paid directly by the Seller to lenders and/or agents providing the debt financing and minus other expenses specified in the purchase agreement (the "Minimum Cash Amount"). The actual cash portion of the total purchase price will equal the amount of Aldabra's cash at closing (including the cash held in the trust fund, but excluding any amounts paid upon exercise by Aldabra stockholders of conversion rights), less transaction expenses plus the amount of the net proceeds from the debt financing, but will not in any event be less than the Minimum Cash Amount (the "Cash Portion").

The balance of the total purchase price will be paid in Aldabra common stock, with the amount of Aldabra common stock issued to the Seller valued based upon an average per share closing price of Aldabra common stock for the 20 trading day period ending three trading days prior to closing (disregarding for this purpose in such period any day in which trading of Aldabra common stock was conducted by, or on behalf of, an officer or director of Aldabra or a family member or affiliate thereof) (the "Average Trading Price"). For purposes of calculating the number of shares that will be issued to the Seller, the Average Trading Price will not be higher than \$10.00 per share or lower than \$9.54 per share. Assuming an Average Trading Price of \$9.77 (the midpoint of the range), no exercise of conversion rights, and based upon the other assumptions set forth in the unaudited pro forma financial statements, Aldabra will issue to the Seller 34,510,747 shares of Aldabra common stock. See "Unaudited Pro Forma Condensed Consolidated Financial Statements." The exact number of shares to be issued cannot be determined at this time, since the Average Trading Price the cash and net working capital adjustments (which will affect the total purchase price), and the Cash Portion cannot be calculated at this time. The purchase agreement also provides that the Seller will not receive shares that would cause it to hold in excess of 49% of Aldabra's common stock immediately following the closing of the Acquisition (excluding, for purposes of this calculation, Aldabra's outstanding warrants) and that, in lieu of receiving shares in excess of 49%, Aldabra will instead pay the Seller an amount equal to the value of such shares (valued at the Average Trading Price) in cash or through the issuance of a subordinated promissory note.

Edgar Filing: Aldabra 2 Acquisition Corp. - Form PREM14A

Only by way of example, assuming an Average Trading Price of \$9.77 (the midpoint of the range), no exercise of conversion rights and based upon other assumptions set forth in the unaudited pro forma financial statements (see "Unaudited Pro Forma Condensed Consolidated Financial Statements"), the Acquisition consideration would have been calculated as follows:

Base Consideration	\$	1,625,000,000
Net working capital of paper and packaging and newsprint businesses of the Seller adjustment		
Estimated cash and cash equivalents of Paper Group		+38,000,000
Net working capital of Aldabra adjustment		+12,170,000
		1,675,170,000
Estimated Total Purchase Price		1,675,170,000
Contributed cash by the Seller		-38,000,000
		1,637,170,000
Total Purchase Price Net of Contributed Cash	\$	1,637,170,000
Cash Portion		
Aldabra cash	\$	392,000,000
Debt financing cash		+946,000,000

Post-Closing Purchase Price Adjustment

The estimated purchase price paid on the closing date (the "estimated total purchase price") will be subject to a post-closing reconciliation within 140 days after closing based on actual cash and net working capital amounts. If the estimated total purchase price is less than the total purchase price, Aldabra will deliver to the Seller an additional number of shares of Aldabra common stock (valued at the Average Trading Price) equal to the quotient determined by dividing (i) the amount of such shortfall by (ii) the Average Trading Price. If the estimated total purchase price is greater than the total purchase price, the Seller will deliver to Aldabra for cancellation shares of Aldabra common stock (valued at the Average Trading Price) equal in value to such excess amount.

The Closing Charter Amendment

Edgar Filing: Aldabra 2 Acquisition Corp. - Form PREM14A

Assuming the Acquisition proposal is approved, Aldabra stockholders are also being asked to approve an amendment to our existing charter, to be effective prior to the closing of the Acquisition, to increase the number of authorized shares of Aldabra common stock from 100 million to 250 million.

The Amended and Restated Charter

Assuming the Acquisition proposal is approved, Aldabra stockholders are also being asked to approve the amendment and restatement of our charter, to be effective immediately following the closing of the Acquisition. We are proposing the amendment and restatement of our charter to adequately address the post-Acquisition needs of Aldabra as an operating company, by, among other things:

changing our name to "Boise Paper Company" to better reflect the business we will conduct after the Acquisition;

deleting existing provisions that relate to us as a blank check company; and

creating perpetual corporate existence.

The Election of Directors

You are being asked to elect the following persons to serve as our directors upon consummation of the Acquisition: Carl A. Albert, Zaid F. Alsikafi, Jonathan W. Berger, Jack Goldman, Nathan D. Leight, Thomas S. Souleles, W. Thomas Stephens, Alexander Toeldte and Jason G. Weiss. Please see the section entitled "Management Following the Acquisition Directors and Executive Officers Following the Acquisition" and "Interests of Certain Persons in the Acquisition" for information regarding these persons. The board of directors has determined that the following directors satisfy the definition of independence as defined under the listing standards of the New York Stock Exchange (the "NYSE"): Messrs. Albert, Alsikafi, Berger, Goldman and Souleles.

Under the proposed amended and restated charter, our board of directors will be divided into three classes, designated Class I, Class II and Class III. The members of the three classes that are proposed to be elected in this proxy statement will have initial terms beginning upon completion of the Acquisition and terminating, in the case of Class I directors, on the date of the 2008 annual meeting, in the case of Class II directors, on the date of the 2009 annual meeting and, in the case of Class III directors, on the date of the 2010 annual meeting. At each succeeding annual meeting of stockholders, successors to the class of directors whose term expires at that annual meeting will be elected for a three-year term. Each director will hold office for the term to which he or she is elected and until his or her successor is duly elected and qualified.

Effective upon completion of the Acquisition and approval of the amended and restated charter, the current directors of Aldabra will resign, and the new directors elected will be allocated to the three different classes as follows:

the Class I directors will be Messrs. Albert, Souleles and Weiss;

the Class II directors will be Messrs. Berger, Goldman and Stephens; and

the Class III directors will be Messrs. Alsikafi, Leight and Toeldte.

The Equity Incentive Plan

The 2008 Boise Paper Company Incentive and Performance Plan proposes reserving 5,175,000 shares of common stock in Boise Paper Company, which will be Aldabra's new name post-Acquisition, for issuance in accordance with the Incentive Plan's terms. The Incentive Plan has been established to enable us to attract, retain, motivate and provide additional incentives to certain directors, officers, employees, consultants and advisors, whose contributions are essential to our growth and success by enabling them to participate in our long-term growth through the exercise of stock options and the ownership of our stock. For more information regarding the Incentive Plan, see

"Proposal V Incentive Plan." Additionally, the Incentive Plan is attached as Annex E to this proxy statement. We encourage you to read the plan in its entirety.

Aldabra's Insider Stock Ownership

The board of directors of Aldabra has fixed the close of business on [], 2007 as the Record Date for the determination of stockholders entitled to notice of, and to vote at, the special meeting and at any adjournments or postponements thereof. As of the Record Date, our directors and executive officers and their affiliates (the "Aldabra Insider Stockholders") beneficially held and are entitled to vote, in the aggregate, [] shares of Aldabra common stock, representing approximately []% of the outstanding Aldabra common stock, of which 10,350,000 were issued prior to the IPO and of which [] were purchased by the Aldabra Insider Stockholders after the filing of this proxy statement. Such number does not include the 3,000,000 shares of Aldabra common stock issuable upon exercise of the Aldabra Insider Warrants held by Messrs. Leight and Weiss. With respect to the proposal for approval of the Acquisition only, each of the Aldabra Insider Stockholders has agreed to vote all of his or its Private Shares in accordance with the majority of the votes cast with respect to the Acquisition proposal by the holders of the IPO Shares. This voting arrangement shall not apply to any proposal other than the Acquisition proposal and shall not apply to shares of Aldabra common stock purchased after the IPO in the open market by any of the Aldabra Insider Stockholders. Accordingly, the Aldabra Insider Stockholders may vote these shares on a proposed business combination in any way they choose. Record holders of Aldabra warrants do not have voting rights with respect to such warrants. If holders of a majority of the IPO Shares voting in person or by proxy at the special meeting vote against, or abstain with respect to, the Acquisition proposal, such proposal will not be approved.

Consideration Offered to Aldabra's Stockholders

Our stockholders will not receive any cash or property in the Acquisition, but instead will continue to hold their shares of Aldabra common stock. As a result of the Acquisition, our stockholders will own approximately 60% of Boise Paper Company, assuming none of Aldabra's shareholders exercise their conversion rights, and based upon the other assumptions set forth in the unaudited pro forma financial statements contained in this proxy statement. See "Unaudited Pro Forma Condensed Consolidated Financial Statements."

Engagement of Houlihan Lokey Howard & Zukin Financial Advisors

In connection with its consideration of the Acquisition, Aldabra's board of directors engaged Houlihan Lokey Howard & Zukin Financial Advisors, Inc. ("Houlihan Lokey") to provide it with Houlihan Lokey's opinion as to whether (i) the merger consideration to be paid by Aldabra in the Acquisition is fair to Aldabra from a financial point of view and (ii) the fair market value of BPP is at least equal to 80% of the net assets of Aldabra. Houlihan Lokey's opinion did not state any other conclusion or address any other aspect or implication of the Acquisition. Houlihan Lokey is a member of the National Association of Securities Dealers, Inc. and provides a broad range of valuation, investment banking and other advisory services. Houlihan Lokey has extensive experience in the valuation of companies and certain other elements of finance and financial transactions, and Aldabra's board selected Houlihan Lokey on the basis of these skills.

Aldabra's Recommendations to Stockholders; Reasons for the Acquisition

After careful consideration of the terms and conditions of the Acquisition (as set forth in the purchase agreement), the board of directors of Aldabra has determined that the Acquisition is advisable and fair to, and in the best interests of, Aldabra and its stockholders. In reaching this decision, the board of directors of Aldabra reviewed a fairness opinion from Houlihan Lokey that, in

the opinion of Houlihan Lokey and subject to assumptions and conditions set forth in such opinion, the consideration to be paid by Aldabra in the Acquisition is fair to Aldabra from a financial point of view and the fair market value of BPP is at least equal to 80% of the net assets of Aldabra. After careful consideration of the terms and conditions of the (i) Acquisition; (ii) the proposed closing charter amendment; (iii) the proposed amendment and restatement of Aldabra's charter; (iv) the proposed election of the board of directors for Boise Paper Company; (v) the proposed Incentive Plan; and (vi) the adjournment proposal, the board of directors of Aldabra has unanimously approved all such proposals. Accordingly, the board of directors of Aldabra recommends that the Aldabra stockholders vote:

"FOR" the adoption of the purchase agreement and the approval of the Acquisition;

"FOR" the closing charter amendment;

"FOR" the amended and restated charter;

"FOR" the election of the nine director nominees;

"FOR" the proposed Incentive Plan; and

"FOR" the adjournment proposal.

For a description of the factors that the board of directors considered in reaching its decision to recommend the Acquisition, see "Proposal I Acquisition Proposal Factors Considered by the Aldabra Board in Approving the Acquisition."

Interests of Certain Persons in the Acquisition

In considering the recommendation of Aldabra's board of directors to vote "FOR" the approval of the Acquisition and the adoption of the purchase agreement, Aldabra's stockholders should be aware that Aldabra's executive officers and Aldabra's board of directors have interests in the Acquisition that are different from, or in addition to, the interests of Aldabra's stockholders generally. Aldabra's stockholders should also understand that some of the current officers of the Seller have interests in the Acquisition that are different from, or in addition to, the interests of Aldabra's stockholders generally. Alexander Toeldte, Robert M. McNutt, Samuel K. Cotterell, Miles A. Hewitt, Judith M. Lassa and Robert E. Strenge, all currently officers of the Seller, are expected to become executive officers of BPC following the Acquisition. The members of the board of directors were aware of these different interests and considered them, among other matters, in evaluating and negotiating the purchase agreement and the Acquisition and in recommending to the Aldabra stockholders that they vote in favor of approving the Acquisition and adopting the purchase agreement. For a description of these interests, see "Interests of Certain Persons in the Acquisition."

If the Acquisition is not approved and Aldabra is unable to complete another business combination by June 19, 2009, Aldabra will be forced to liquidate. In such case, the Aldabra Insider Warrants will expire (and will not participate in Aldabra's trust account), and such warrants will therefore be worthless. In addition, the Private Shares held by the Aldabra Insider Stockholders will also be worthless, as Aldabra Insider Stockholders have agreed that they are not entitled to receive any liquidation proceeds with respect to such shares. Alternatively, if the Acquisition is approved, Aldabra's officers and directors will benefit because they will continue to hold their shares. Furthermore, Messrs. Leight and Weiss and/or trusts established for the benefit of their respective families have an ownership interest in two Madison Dearborn Partners, L.L.C. ("MDP" or "Madison Dearborn") funds: Madison Dearborn Capital Partners IV, L.P. ("MDCP IV") and Madison Dearborn Capital Partners V, L.P. ("MDCP V"). Messrs. Leight and Weiss and/or trusts established for the benefit of their respective families have an ownership interest of approximately 0.0124% (approximately 1/80th of 1%) and 0.0248% (approximately 1/40th of 1%), respectively, in MDCP IV which owns a controlling stake in the

Seller and each have an ownership interest in MDCP V of approximately 0.01535% (approximately 1/65th of 1%). Furthermore, Messrs. Leight, Weiss and Berger serve on the board of directors of Great Lakes Dredge & Dock Corporation ("Great Lakes"). Great Lakes was merged into Aldabra Acquisition Corporation, a blank check company formed by Messrs. Leight and Weiss, in December 2006. Great Lakes was formerly owned by MDP, which retains an ownership interest in Great Lakes.

Those current officers of the Seller that are expected to become executive officers of BPC following the Acquisition had equity interests in Forest Products Holdings, L.L.C., the Seller's parent company, that will be subject to repurchase rights and put rights upon consummation of the Acquisition. See "Director and Officer Compensation Long-Term Incentive Compensation (Management Equity Plan)".

Conditions to the Completion of the Acquisition

the Cash Portion to be delivered to the Seller at the closing shall not be less than an amount equal to (x) \$1,210,000,000, plus (y) the aggregate amount of fees and expenses incurred by the parties in connection with the debt financing, which is paid directly by the Seller to lenders and/or agents providing the debt financing, minus (z) certain fees and expenses (including transfer taxes, antitrust filing fees, costs associated with the phase I reports (see "The Purchase Agreement Phase I Reports") and fees incurred in connection with the allocation of the purchase price) that pursuant to the purchase agreement shall be borne 50% by the Seller, on the one hand, and 50% by Aldabra and Buyer Sub on the other hand, regardless of the party incurring such fees and expenses (collectively, the "Shared Expenses").

Termination

The purchase agreement may be terminated at any time prior to the closing of the Acquisition by the party specified below for the following reasons:

by mutual written consent of Aldabra and the Seller;

by either Aldabra or the Seller if stockholder approval of the proposals set forth in this proxy statement (other than the Incentive Plan and adjournment proposals) is not obtained or holders of 40% or more of the shares of Aldabra common stock issued in Aldabra's IPO exercise their conversion rights;

by either Aldabra or the Seller if the transactions contemplated by the purchase agreement have not been consummated prior to September 7, 2008, but a party whose breach has prevented the consummation of such transactions will not be entitled to so terminate the purchase agreement;

by either Aldabra or the Seller if any governmental body or other entity institutes any suit or action challenging the validity or legality, or seeks to restrain the consummation of, the transactions contemplated by the purchase agreement; or

by either Aldabra or the Seller if there has been a material violation or breach by the other party or any of such other party's subsidiaries of their covenants, representations or warranties by or of the other party contained in the purchase agreement such that any of the terminating party's conditions to closing cannot be satisfied prior to September 7, 2008, and such violation or breach has not been waived by the terminating party or cured by the breaching party.

Acquisition Financing

Buyer Sub has obtained a commitment from GSCP to provide, subject to customary conditions, the following debt financing arrangements (the "Debt Financing"):

a six-year amortizing \$250.0 million senior secured Tranche A term loan;

a seven-year amortizing \$475.0 million senior secured Tranche B term loan;

Edgar Filing: Aldabra 2 Acquisition Corp. - Form PREM14A

a six-year non-amortizing \$250.0 million senior secured revolving credit facility (together with the Tranche A and Tranche B term facilities, the "first lien facilities"); and

an eight-year non-amortizing \$200.0 million second lien term loan facility, which amount may be increased to up to \$260.7 million, as needed, to fund, in part, the cash portion of the Acquisition purchase price (the "second lien facility"). The size of the second lien facility will depend on the percentage of holders of IPO Shares electing to exercise conversion rights.

The first and second lien facilities will be guaranteed by each of Buyer Sub's existing and subsequently acquired or organized domestic (and, to the extent no material adverse tax consequences to Buyer Sub would result, foreign) subsidiaries (including Target) and a wholly-owned subsidiary of Aldabra that will be formed prior to the Acquisition closing date for the purpose of holding all of the outstanding equity securities of Buyer Sub. The first lien facilities will be secured by a first priority security interest in substantially all of the real, personal and mixed property of Buyer Sub and the guarantors. Additionally, the first lien facilities will be secured by 100% of the capital stock of Buyer Sub and each of its domestic subsidiaries, 65% of the capital stock of each of Buyer Sub's foreign subsidiaries and all intercompany debt. The second lien facility will be secured by a second priority security interest in substantially all of the real, personal and mixed property of Buyer Sub and the guarantors. Additionally, the second lien facility will be secured by a second priority security interest in 100% of the capital stock of Buyer Sub and each of its domestic subsidiaries, 65% of the capital stock of each of Buyer Sub's foreign subsidiaries and all intercompany debt.

All amounts borrowed under the first lien facilities will initially bear interest, at Buyer Sub's option, as follows:

with respect to the loans made under the Tranche A term facility and the first lien revolving facility:

at a customary base rate (as described below) plus 2.25% per annum; or

at the reserve adjusted Eurodollar rate plus 3.25% per annum; and

with respect to loans made under the Tranche B term facility:

at a customary base rate plus 2.50% per annum; or

at the reserve adjusted Eurodollar rate plus 3.50% per annum.

For purposes of the facilities, the "customary base rate" means, for any day, a rate per annum equal to the greater of (i) the rate of interest quoted in *The Wall Street Journal*, Money Rates Section as the "Prime Rate" (currently defined as the base rate on corporate loans posted by at least 75% of the nation's 30 largest banks), as in effect from time to time and (ii) the federal funds effective rate in effect on such day plus 1/2 of 1%.

Beginning on the date on which Buyer Sub delivers to the lenders financial statements for the first full fiscal quarter after the Acquisition closing date (the "adjustment date"), the applicable margin for the Tranche A term facility and the first lien revolving facility will be subject to change based upon a leverage ratio with margins equal to or lower than the initial margins.

All amounts borrowed under the second lien facility will bear interest, at Buyer Sub's option, as follows:

at a customary base rate plus 5.00% per annum; or

at the reserve adjusted Eurodollar rate plus 6.00% per annum.

Although the total amount of the facilities may not be reduced, subject to certain limitations, the terms (other than conditions), pricing (including interest rates and issue price) and/or structure of the

first and second lien facilities are subject to change at any time prior to the earlier of (i) a successful syndication and (ii) 90 days after the closing date, if GSCP determines that such changes are reasonably necessary to facilitate the successful syndication of any of the facilities. See "Risk Factors Risks Associated with the Acquisition The terms of Aldabra's new credit facilities have not been finalized and are subject to market risk."

GSCP's commitments under the commitment letter will terminate upon the first to occur of (i) the consummation of the Acquisition, (ii) the termination of, or the date on which Buyer Sub notifies GSCP of the abandonment of, the purchase agreement, (iii) a material breach by Buyer Sub under the Debt Commitment Letter that is capable of being cured and has not been cured within ten days following (x) notice of such breach given by the arranger to Buyer Sub or (y) knowledge of such breach by Aldabra and (iv) February 28, 2008, unless the closing of the facilities has occurred on or before such date.

GSCP is acting as the lead arranger, bookrunner and syndication agent for both the first lien and second lien facilities, and as the sole administrative agent with respect to the first lien facilities; the administrative agent for the second lien facility will be determined at a later date. For a more detailed description of the first and second lien facilities, please see "Acquisition Financing."

United States Federal Income Tax Consequences of the Acquisition

The following discussion summarizes the U.S. federal income tax consequences of the Acquisition to stockholders of Aldabra who are United States Persons (as defined in the United States Internal Revenue Code of 1986, as amended (the "Code")) and hold their Aldabra stock as capital assets (generally, for investment). This discussion is based on the Code, Treasury Regulations promulgated thereunder, administrative pronouncements and judicial decisions as of the date hereof, all of which are subject to change, possibly with retroactive effect. This discussion does not address the potential application of the alternative minimum tax, any aspect of U.S. federal estate or gift taxes, or any state, local or non-U.S. tax laws. Aldabra does not intend to obtain an opinion of counsel with respect to the U.S. federal income tax consequences of the Acquisition on Aldabra stockholders. Accordingly, Aldabra stockholders should consult their personal tax advisors as to the tax consequences to them of the Acquisition.

Aldabra stockholders who do not exercise their conversion rights will continue to hold their Aldabra shares and, as a result, will not recognize any gain or loss for U.S. federal income tax purposes as result of the Acquisition.

However, Aldabra stockholders who exercise their conversion rights and receive consideration in exchange for their shares will recognize gain or loss to the extent that the consideration received by such stockholders is greater than or less than such stockholders' tax basis in their shares. An Aldabra stockholder's tax basis in its shares generally will equal the cost of such shares. A stockholder who purchased Aldabra's units will have to allocate the cost of the units between the shares and the warrants that comprised such units based on their fair market values at the time of purchase. Any gain or loss realized upon the conversion generally will be a capital gain or loss and will be a long-term capital gain or loss if such stockholder's holding period in the shares is longer than one year. Long-term capital gains recognized by certain non-corporate holders may qualify for a reduced rate of taxation of 15% or less. The deductibility of capital losses may be subject to certain limitations.

Regulatory Matters

The Acquisition and the transactions contemplated by the purchase agreement are not subject to any federal, state or provincial regulatory requirement or approval, except for the filing and delivery of this proxy statement in connection with the special meeting of stockholders of Aldabra under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and compliance under Hart-Scott-Rodino Act, as amended, (the "HSR Act"), which compliance has been met in that Aldabra has received approval of its request for early termination of the HSR Act waiting period with respect to the Acquisition.

Risk Factors

In evaluating each of the proposals set forth in this proxy statement, you should carefully read this proxy statement and especially consider the factors discussed in the section entitled "Risk Factors."

QUESTIONS AND ANSWERS ABOUT THE SPECIAL MEETING AND THE PROPOSALS

Q. What is being voted on?

A. You are being asked to vote on the following proposals:

a proposal to approve the transactions contemplated by the purchase agreement providing for the Acquisition;

a proposal to adopt an amendment to our existing charter to increase the number of authorized shares of Aldabra common stock from 100 million to 250 million, which amendment would be filed immediately prior to closing of the Acquisition;

a proposal to adopt an amended and restated charter to, among other things, change our name to "Boise Paper Company," create a classified board of directors and delete certain provisions that relate to us as a blank check company; such amended and restated charter would be filed immediately following the closing of the Acquisition;

a proposal to elect nine new directors;

a proposal to adopt the Incentive Plan; and

a proposal to authorize the adjournment of the special meeting to a later date or dates, if necessary, to permit further solicitation and vote of proxies in the event there are insufficient votes at the time of the special meeting to adopt the Acquisition proposal, the closing charter amendment proposal, the amended and restated charter proposal or the Incentive Plan proposal.

Q. What is the Record Date for the special meeting? Who is entitled to vote?

A.

The Record Date for the special meeting is [], 2007. Record holders of Aldabra common stock at the close of business on the Record Date are entitled to vote, or have their votes cast, at the special meeting and any and all adjournments or postponements thereof. On the Record Date, there were 51,750,000 shares of our common stock outstanding, which includes 41,400,000 IPO Shares and 10,350,000 Private Shares.

Each share of Aldabra common stock is entitled to one vote per share at the special meeting. Record holders of Aldabra warrants do not have voting rights with respect to their warrants.

Q. How do Aldabra's directors and officers intend to vote their shares on the Acquisition proposal?

A.

With respect to the proposal for approval of the Acquisition only, each of the Aldabra Insider Stockholders, consisting of Aldabra's entire board of directors, its executive officers and their affiliates, has agreed to vote their Private Shares in accordance with the majority of the votes cast with respect to the Acquisition proposal by the holders of the IPO Shares. If holders of a majority of the IPO Shares voting in person or by proxy at the meeting vote for or against, or abstain with respect to, the Acquisition proposal, the holders of the Private Shares will cast all of their Private Shares with respect to the Acquisition proposal in accordance with such vote by such holders of a majority of the IPO Shares. The Aldabra Insider Stockholders have informed Aldabra that they intend to vote all of their shares that are not Private Shares "FOR" the Acquisition proposal, and that they intend to vote all of their shares "FOR" the other proposals.

Q. What vote is required to adopt the Acquisition proposal?

A.

Approval of the Acquisition requires the affirmative vote of holders of a majority of the outstanding shares of Aldabra common stock on the Record Date voting in person or by proxy at the special meeting, including the holders of Private Shares who have agreed to vote, with respect to the Acquisition proposal only, all their Private Shares in accordance with the majority of the

Edgar Filing: Aldabra 2 Acquisition Corp. - Form PREM14A

votes cast by holders of IPO Shares at the special meeting with respect to the Acquisition proposal. Therefore, the affirmative vote of holders of a majority of the IPO Shares voting in person or by proxy at the special meeting will be required to approve the Acquisition proposal. If the holders of 40% or more of the total IPO Shares vote against the Acquisition and contemporaneously demand that we convert their IPO Shares into pro rata portions of the trust account established at the time the IPO was consummated, the Acquisition will not be consummated. Because the approval of the Acquisition is a condition to the approval of the other proposals (other than the adjournment proposal), if the Acquisition is not approved, the other proposals will not take effect (other than the adjournment proposal).

Q. What vote is required to adopt the closing charter amendment proposal?

A. Approval of the closing charter amendment requires the affirmative vote of a majority of the shares of Aldabra common stock outstanding on the Record Date. Approval of this proposal is conditioned upon approval of the Acquisition proposal.

Q. What vote is required to adopt the amended and restated charter proposal?

A. Approval of this proposal requires the affirmative vote of a majority of the shares of Aldabra common stock outstanding on the Record Date, and is conditioned upon approval of the Acquisition proposal.

Q. What vote is required to adopt the election of directors proposal?

A. The nine directors to be elected at the special meeting will be elected by a plurality of the votes cast by the stockholders present in person or by proxy and entitled to vote. This means that the nine nominees with the most votes will be elected. Votes may be cast for or withheld from each nominee, but a withheld vote or a broker non-vote will have no effect on the outcome of the election. Approval of the election of directors proposal is conditioned upon approval of the Acquisition proposal.

Q. What vote is required to adopt the Incentive Plan proposal?

A. Adoption of the Incentive Plan proposal requires the affirmative vote of a majority of the shares of Aldabra common stock represented in person or by proxy and entitled to vote at the special meeting. Approval of the Incentive Plan proposal is conditioned upon approval of the Acquisition proposal.

Q. What vote is required to adopt the adjournment proposal?

A. Adoption of the adjournment proposal requires the affirmative vote of a majority of the shares of Aldabra common stock represented in person or by proxy and entitled to vote at the special meeting. Approval of the adjournment proposal is not conditioned upon approval of the Acquisition proposal.

Q. Do I have appraisal or dissenters rights?

A. No appraisal or dissenters rights are available under the Delaware General Corporation Law (the "DGCL") for holders of Aldabra common stock in connection with the Acquisition proposal.

Q. Do I have conversion rights?

A. If you hold IPO Shares and vote against the Acquisition, you will have the right to, contemporaneously with such vote, demand that we convert your shares into a pro rata portion of

Edgar Filing: Aldabra 2 Acquisition Corp. - Form PREM14A

the trust account in connection with the Acquisition. If the holders of 40% or more of the total IPO Shares vote against the Acquisition and contemporaneously demand that we convert their IPO Shares into pro rata portions of the trust account, the Acquisition will not be consummated, and no conversion will occur.

Q. How do I exercise my conversion rights?

A.

If you wish to exercise your conversion rights, you must vote against the Acquisition and contemporaneously demand that we convert your IPO Shares into cash. If, notwithstanding your vote, the Acquisition is completed, you will be entitled to receive a pro rata portion of the trust account, including any interest earned or expenses incurred through two days prior to the closing date of the Acquisition. As of October 1, 2007, the value of the trust fund was approximately \$401,524,000 (net of accrued expenses and taxes); therefore, if a stockholder had voted against the Acquisition proposal and had properly demanded conversion, such stockholder would have been entitled to receive approximately \$9.70 per IPO Share as of such date. The trust funds were invested in the Wells Fargo Advantage Prime Investment Money Market Fund, currently earning interest (before accrual for income taxes) of approximately 5.10% per annum. You will be entitled to receive this cash only if (i) the Acquisition is completed, (ii) if you continue to hold your shares through the closing of the Acquisition and (iii) you then tender your stock certificate(s). Upon conversion of your shares, you will no longer own them. Do not send your stock certificates with your proxy. You will receive instructions on how to return your stock certificates if you elect conversion. Prior to exercising conversion rights, you should verify the market price of Aldabra common stock as you may receive higher proceeds from the sale of your common stock in the public market than from exercising your conversion rights if the market price per share is higher than the amount of cash that you would receive upon exercise of your conversion rights.

Q. What happens to the funds deposited in the trust account after consummation of the Acquisition?

A.

Aldabra stockholders who exercise their conversion rights will receive their pro rata portions of the trust account. The remainder of the trust account funds will be used to pay a portion of the total purchase price for the Acquisition.

Q. Who will manage the acquired business?

A.

Following the Acquisition, Boise Paper Company will be overseen by the newly-elected board of directors. Alexander Toeldte, who is currently the Seller's Executive Vice President, Paper, Packaging & Newsprint, will be appointed the Chief Executive Officer of Boise Paper Company upon closing of the Acquisition. In addition, substantially all of the senior members of the management team that currently run the Seller's paper, packaging and newsprint, and transportation businesses, as well as a number of key members of the headquarters operations, will join Boise Paper Company.

Q. What happens if the Acquisition is not consummated?

A.

If the Acquisition proposal is not approved by the stockholders, we will not acquire BPP, and we will continue to seek other potential business combinations. If we do not consummate a business combination by June 19, 2009, our corporate existence will cease except for the purposes of winding up our affairs and liquidating, pursuant to Section 278 of the DGCL. This has the same effect as if our board of directors and stockholders had formally voted to approve our dissolution pursuant to Section 275 of the DGCL. Our charter limits our corporate existence to a specified date as permitted by Section 102(b)(5) of the DGCL, thereby removing the necessity to comply with the formal procedures set forth in Section 275 (which would have required our board of directors and stockholders to formally vote to approve our dissolution and liquidation and to have

Edgar Filing: Aldabra 2 Acquisition Corp. - Form PREM14A

filed a certificate of dissolution with the Delaware Secretary of State). In connection with our dissolution and liquidation, the funds in the trust account would be distributed pro rata to the Aldabra stockholders (other than holders of Private Shares, who have waived any right to any liquidating distribution with respect to the Private Shares). Following dissolution, we would no longer exist as a corporation.

Q. When do you expect the Acquisition to be completed?

A. If the Acquisition is approved at the special meeting, we intend to consummate the transaction as soon as possible thereafter.

Q: What is the location, date and time of the special meeting?

A. The special meeting will be held on [], 2007, at 10:00 a.m., Eastern Standard Time, at Kramer Levin Naftalis & Frankel LLP, 1177 Avenue of the Americas, New York, NY 10036.

Q. What happens if I am an Aldabra stockholder and I sell my Aldabra common stock before the special meeting?

A. The Record Date for the special meeting, [], 2007, is earlier than the date of the special meeting. If you held your Aldabra common stock on the Record Date but transfer your common stock before the special meeting, you will retain your right to vote at the special meeting.

Q. What constitutes a quorum for the special meeting?

A. The holders of a majority of Aldabra common stock issued and outstanding and entitled to vote, present in person or represented by proxy, constitutes a quorum at the special meeting.

Q. Can additional matters aside from the proposals noted in this proxy statement be presented by stockholders at the meeting?

A. The special meeting has been called only to consider the adoption of the Acquisition proposal, the closing charter amendment proposal, the amended and restated charter proposal, the election of the directors proposal, the Incentive Plan proposal and the adjournment proposal. Under our bylaws, other than procedural matters incidental to the conduct of the meeting, no other matters may be considered at the special meeting if they are not included in the notice of the meeting.

Q. If I am an Aldabra stockholder, how do I vote?

A. Each share of common stock that you own in your name entitles you to one vote; your proxy card shows the number of shares that you own. There are four ways to vote at the special meeting:

You can vote by signing and returning the enclosed proxy card. If you vote by proxy card, the "proxy" of the person whose name is listed on the proxy card will vote your shares as you instruct on the proxy card. If you sign and return the proxy card but do not give instructions on how to vote your shares, your shares will be voted as recommended by our board of directors: "FOR" the adoption of the Acquisition proposal, the closing charter amendment proposal, the amended and restated charter proposal, the election of directors proposal, the Incentive Plan proposal and the adjournment proposal.

You can vote by telephone by calling toll-free 1 (866) 894-0537, 24 hours a day, 7 days a week, and by following the telephone voting instructions that are included with your proxy card. If you vote by telephone, you should not return your proxy card. The deadline for voting by telephone is 11:59 p.m., Eastern Standard Time, on [], 2007.

Edgar Filing: Aldabra 2 Acquisition Corp. - Form PREM14A

You can vote by Internet by going to the website www.continentalstock.com and following the instructions on your proxy card.

You can attend the special meeting and vote in person. We will give you a ballot when you arrive. However, if your shares are held in the name of your broker, bank or other nominee, you must get a proxy from the broker, bank or other nominee. That is the only way we can be sure that the broker, bank or nominee has not already voted your shares.

NOT VOTING OR FAILING TO INSTRUCT YOUR BROKER OR BANK HOW TO VOTE WILL HAVE THE SAME EFFECT AS VOTING AGAINST THE ACQUISITION PROPOSAL, THE CLOSING CHARTER AMENDMENT PROPOSAL AND THE AMENDED AND RESTATED CHARTER PROPOSAL, BUT WILL NOT HAVE THE EFFECT OF EXERCISING YOUR CONVERSION RIGHTS. ABSTENTIONS WILL HAVE THE SAME EFFECT AS VOTING AGAINST THE INCENTIVE PLAN PROPOSAL AND THE ADJOURNMENT PROPOSAL, BUT BROKER NON-VOTES WILL HAVE NO EFFECT ON THE INCENTIVE PLAN PROPOSAL OR THE ADJOURNMENT PROPOSAL. ABSTENTIONS AND BROKER NON-VOTES WILL HAVE NO EFFECT ON THE ELECTION OF DIRECTORS PROPOSAL.

Q. If my shares of Aldabra common stock are held for me by my broker, will my broker vote my shares for me?

A.

If you hold your shares of Aldabra common stock in "street name" through a broker or other nominee, your broker or nominee will not vote your shares unless you provide instructions on how to vote. You should instruct your broker or nominee how to vote your common stock by following the directions your broker or nominee will provide to you. Not voting or failing to instruct your broker or bank how to vote will have the same effect as voting against the Acquisition proposal, the closing charter amendment proposal and the amended and restated charter proposal, but will not have the effect of exercising your conversion rights. Abstentions will have the same effect as voting against the Incentive Plan proposal and the adjournment proposal, but broker non-votes will have no effect on the Incentive Plan proposal or the adjournment proposal. Abstentions and broker non-votes will have no effect on the election of directors proposal. Because the approval of the Acquisition is a condition to the approval of the other proposals (other than the adjournment proposal), if the Acquisition is not approved, the other proposals (other than the adjournment proposal) will not take effect.

If you have instructed a broker or nominee to vote your shares, you must follow the directions received from your broker or nominee to change those instructions. Also, if you elect to vote in person at the special meeting and your shares are held by a broker or nominee, you must bring to the special meeting a legal proxy from the broker or nominee authorizing you to vote your shares.

Q. How can I revoke my proxy after I have given a proxy?

A.

If you give a proxy, you may revoke it at any time before it is exercised by doing any one of the following: (i) you may send another proxy card with a later date; (ii) you may notify Jason G. Weiss, our corporate secretary, in writing before the special meeting that you have revoked your proxy; or (iii) you may attend the special meeting, revoke your proxy and vote in person. The powers of the proxy holders will be suspended with respect to your proxy if you attend the special meeting in person and so request; your attendance at the special meeting, however, will not, by itself, revoke your proxy.

Q. Where can I find more information about BPP?

A.

BPP is comprised of the paper, packaging and newsprint, and the transportation businesses and most of the headquarters operations of the Seller. The Seller is a wholly-owned subsidiary of Boise

Q. Who will solicit and pay the cost of soliciting proxies?

A.

We have selected MacKenzie Partners, Inc. as our proxy solicitor. We will bear the cost of soliciting proxies. We will pay approximately \$7,500 (plus reimbursement of out-of-pocket expenses) to MacKenzie Partners. In addition to solicitation by mail and, without additional compensation for such services, proxies may be solicited personally, or by telephone or telecopy, by our officers, employees or representatives. In addition, Lazard Capital Markets LLC and Pali Capital, Inc., two of the underwriters for our IPO, may be assisting our directors and officers in connection with these efforts. In connection with our IPO, we have agreed to pay the underwriters for the IPO an underwriting discount, a portion of which (in the amount of \$12,420,000) would not be payable unless and until we completed a business combination. We will not pay the underwriters additional fees in connection with any such efforts. We will also request that banking institutions, brokerage firms, custodians, trustees, nominees, fiduciaries and other like parties forward the solicitation materials to the beneficial owners of common stock held of record by such persons, and we will, upon request of such record holders, reimburse forwarding charges and other out-of-pocket expenses.

Q. Whom can I call with questions?

A.

Other costs reflected in the statement of income as materials, labor and other operating expenses include \$8.7 million of incremental costs related to unfavorable energy hedges and approximately \$4.0 million of incremental costs recorded for the start-up of our reconfigured paper machine in Wallula, Washington.

Costs and expenses reflected in the statement of income as other (income) expense, net, for the six months ended June 30, 2006, include a \$3.7 million gain for the changes in BPP's retiree healthcare programs and a \$2.1 million charge for special project costs. Other costs reflected in the statement of income as materials, labor, and other operating expenses include \$4.5 million of costs related to unfavorable energy hedges.

\$2.8 million charge for special project costs and a \$0.6 million charge for the sawmill closure in Jackson, Alabama. Other costs reflected in the statement of income as materials, labor and other operating expenses include \$18.1 million of costs related to unfavorable energy hedges, approximately \$2.4 million of expense primarily for inventory write-downs at BPP's closed Vancouver, Washington operations and \$1.1 million of expense related to the closure of the sawmill in Jackson, Alabama.

Costs and expenses reflected in the statement of income as other (income) expense, net, for the year ended December 31, 2005, include a \$5.2 million gain for changes in BPP's retiree healthcare programs.

Costs and expenses reflected in the statement of income as materials, labor and other operating expenses for the period of October 29 (inception) through December 31, 2004, include an \$11.7 million non-cash inventory purchase price adjustment recorded in connection with the October 29, 2004 acquisition of the forest products and paper assets of the Seller's parent company, Boise Cascade Holdings, L.L.C.

Costs and expenses reflected in the statement of loss as other (income) expense, net, for the period of January 1, 2004 through October 28, 2004, include \$7.3 million of costs recorded by BPP's predecessor in October 2004, related primarily to a one-time retention bonus that became payable as a result of the 2004 Transaction.

Costs and expenses reflected in the statement of loss as other (income) expense, net, for the year ended December 31, 2003, include \$3.6 million of costs due to the early termination of an operating lease used in connection with the predecessor's paper business.

(2)

BPP's predecessor recorded a one-time charge of \$3.9 million as a cumulative effect adjustment relating to its adoption in January 2003 of Statement of Financial Accounting Standards ("SFAS") No. 143, *Accounting for Asset Retirement Obligations*, which affected the way it accounted for landfill closure costs.

(3)

The six months ended June 30, 2007, includes approximately \$33 million of expenditures related to the reconfiguration of the paper machine at BPP's pulp and paper mill in Wallula, Washington, to produce both pressure sensitive paper and commodity uncoated free sheet paper.

The year ended December 31, 2006 and the six months ended June 30, 2006 exclude approximately \$42.6 million of cash paid for the purchase of the assets of Central Texas Corrugated ("CTC") in Waco, Texas. The year ended December 31, 2006 also includes approximately \$34 million of expenditures related to the reconfiguration of the paper machine at BPP's pulp and paper mill in Wallula, Washington, to produce both pressure sensitive paper and commodity uncoated free sheet paper.

(4)

"EBITDA" represents income (loss) before interest (interest expense and interest income), income tax provision (benefit), and depreciation, amortization and depletion. EBITDA is the primary measure used by BPP's chief operating decision makers to evaluate segment operating performance and to decide how to allocate resources to segments. BPP believes EBITDA is useful to investors because it provides a means to evaluate the operating performance of its segments and its company on an ongoing basis using criteria that are used by its internal decision makers and because it is frequently used by investors and other interested parties in the evaluation of companies with substantial financial leverage. BPP believes EBITDA is a meaningful measure because it presents a transparent view of its recurring operating performance and allows management to readily view operating trends, perform analytical comparisons and identify strategies to improve operating performance. For example, BPP believes that the inclusion of items such as taxes, interest expense and interest income distorts management's ability to assess and view the core operating trends in its segments. EBITDA, however, is not a measure of our liquidity or financial performance under generally accepted accounting principles ("GAAP") and should not be considered as an alternative to net income (loss), income (loss) from operations or any other performance measure derived in accordance with GAAP, or as an alternative to cash flow from operating activities as a measure of our liquidity. The use of EBITDA instead of net income (loss) or segment income (loss) has limitations as an analytical tool, including the inability to determine profitability; the exclusion of interest expense, interest income and associated significant cash requirements; and the exclusion of depreciation, amortization and depletion, which represent significant and unavoidable operating costs, given the level of indebtedness and the capital expenditures needed to maintain BPP's businesses. Management compensates for these limitations by relying on BPP's GAAP results. BPP's measures of EBITDA are not necessarily comparable to other similarly titled captions of other companies due to potential inconsistencies in the methods of calculation.

SELECTED UNAUDITED PRO FORMA FINANCIAL INFORMATION

The following selected unaudited pro forma condensed consolidated balance sheet information combines the historical unaudited balance sheets of Aldabra and BPP as of June 30, 2007, giving effect to the Acquisition and the Debt Financing as if they had occurred on June 30, 2007.

The unaudited pro forma condensed consolidated statements of loss information for the six months ended June 30, 2007 combine the unaudited historical statement of operations of Aldabra from February 1, 2007 (date of inception) through June 30, 2007, with the unaudited historical statement of income of BPP for the six months ended June 30, 2007. The unaudited pro forma condensed consolidated statement of loss for the year ended December 31, 2006 is derived from the historical audited statement of income of BPP for the year ended December 31, 2006. Because Aldabra was formed on February 1, 2007, it has no results included in the pro forma condensed consolidated statement of loss for the year ended December 31, 2006. These pro forma income statements give effect to the Acquisition and the Debt Financing as if they had occurred on January 1, 2006.

The historical financial information has been adjusted to give effect to pro forma events that are directly attributable to the transaction, are factually supportable and, in the case of the pro forma income statements, have a recurring impact.

The Acquisition will be accounted for under the purchase method of accounting. The purchase price allocation has not been finalized and is subject to change based upon recording actual transaction costs, finalization of working capital adjustments, and completion of appraisals of tangible and intangible assets of the acquired BPP business.

These selected unaudited pro forma financial statements assume that Aldabra receives the full amount contemplated by the Debt Commitment Letter and reflect assumptions with respect to the Debt Financing, including but not limited to, the structure of the new credit facilities, interest rates and OID, which assumptions are subject to changes that may be material. These unaudited pro forma financial statements assume an Average Trading Price of \$9.77, which is the midpoint of the range of average trading values provided for in the purchase agreement. The actual price per share will equal the average per share closing price of Aldabra common stock for the 20 trading days ending on the third trading day immediately prior to the consummation of the Acquisition. In accordance with SFAS No. 141, Business Combinations, the value of the securities issued in the Acquisition will reflect the market price for the securities for a reasonable period before the Acquisition measurement date, which may differ from the 20 trading days referenced above.

The unaudited pro forma condensed consolidated balance sheet information at June 30, 2007, and the unaudited pro forma condensed consolidated statements of loss information for the six months ended June 30, 2007, and the year ended December 31, 2006, have been prepared using two different levels of approval of the transaction by the Aldabra stockholders, as follows:

Assuming No Exercise of Conversion Rights: This presentation assumes that none of the Aldabra stockholders exercise their conversion rights; and

Assuming Maximum Exercise of Conversion Rights: This presentation assumes that 39.99% of the Aldabra stockholders exercise their conversion rights and that Aldabra pays a portion of the remainder of the purchase price with the issuance of a subordinated note payable to the Seller in lieu of shares of Aldabra common stock so that the Seller's ownership in Aldabra does not exceed 49%.

Aldabra is providing this information to aid you in your analysis of the financial aspects of the Acquisition. The selected unaudited pro forma condensed consolidated financial statements should be read in conjunction with the unaudited pro forma condensed consolidated financial statements and notes and the historical financial statements of Aldabra and BPP and the related notes thereto included elsewhere in this proxy statement. The unaudited pro forma information is not necessarily indicative of the financial position or results of operations that may have actually occurred had the transaction taken place on the dates noted, or the future financial position or operating results of the combined company.

COMPARATIVE HISTORICAL AND UNAUDITED PRO FORMA PER SHARE INFORMATION

The following tables set forth certain historical per share data of Aldabra common stock and pro forma per share data of Aldabra giving effect to the Acquisition. The information in the tables should be read in conjunction with the audited and unaudited financial statements of BPP and Aldabra and the attached notes, and the unaudited pro forma condensed consolidated financial statements and the attached notes included in this proxy statement. See "Unaudited Pro Forma Condensed Consolidated Financial Statements" and "Financial Statements." The unaudited pro forma combined information provided below is for illustrative purposes only. Aldabra and BPP may have performed differently had they been combined previously. You should not rely on this information as being indicative of the historical results that would have been achieved had Aldabra and BPP always been combined or the future results that we will experience after the Acquisition.

The table has been prepared using two different assumed levels of approval of the Acquisition by Aldabra stockholders, as follows: (1) no exercise of conversion rights; and (2) maximum exercise of conversion rights reflecting up to 39.99% of shares sold in the IPO.

RISK FACTORS

You should carefully consider the following risk factors, together with all of the other information included in this proxy statement, before you decide whether to vote or direct your vote to be cast to approve the Acquisition and the related proposals. If any of these factors actually occur, the business, financial condition or results of operations of Aldabra could be materially and adversely affected, the value of our common stock could decline and stockholders could lose all or part of their investment.

Risks Associated with the Acquisition

If the Acquisition's benefits do not meet the expectations of the marketplace, investors, financial analysts or industry analysts, the market price of Aldabra's common stock may decline.

The market price of our common stock may decline as a result of the Acquisition if BPC does not perform as expected or if we do not otherwise achieve the perceived benefits of the Acquisition as rapidly as, or to the extent anticipated by, the marketplace, investors, financial analysts or industry analysts. Accordingly, investors may experience a loss as a result of a decreasing stock price, and we may not be able to raise future capital, if necessary, in the equity markets.

Stock ownership of Aldabra after the Acquisition will be highly concentrated, and as a result, Boise Cascade, L.L.C. will influence Aldabra's affairs significantly.

Immediately after the Acquisition is consummated, Boise Cascade, L.L.C. will own approximately 40% of our common stock, assuming an average trading price of \$9.77 per share (which is the midpoint of the range of average trading values provided for in the purchase agreement), that no Aldabra stockholders exercise their conversion rights and based upon the other assumptions set forth in the unaudited pro forma financial statements. See "Unaudited Pro Forma Condensed Financial Statements." As a result, the Seller will have significant representation on our board of directors and will have the voting power to significantly influence our policies, business and affairs, and will also have the ability to influence the outcome of any corporate transaction or other matter, including mergers, consolidations and the sale of all or substantially all of our assets. This concentration in control may have the effect of delaying, deterring or preventing a change of control that otherwise could result in a premium in the price of our common stock.

In addition, as long as the holders of the shares of common stock issued to the Seller pursuant to the Acquisition or any other shares of our common stock acquired by the Seller (the "Seller Registrable Securities") control 33% or more of the Aldabra common stock issued to the Seller at the closing, we will be subject to restrictions on our business activities pursuant to the terms of an Investor Rights Agreement by and between Aldabra, the Seller and certain directors and officers of Aldabra. See "The Purchase Agreement Agreements Related to the Purchase Agreement."

If we lose our key management and technical personnel, our business may suffer.

After the Acquisition, we will rely upon a relatively small group of key managers who have extensive experience in the paper and packaging and newsprint businesses. We do not expect to maintain any key man insurance. The loss of management or an inability to attract or retain other key individuals following the Acquisition could materially and adversely affect our business. We will seek to compensate management, as well as other employees, through competitive salaries, bonuses and other incentive plans, but there can be no assurance that these programs will allow us to retain key management executives or hire new key employees.

Members of Aldabra's board of directors have interests in the Acquisition that are different from the interests of Aldabra's common stockholders. If the Acquisition is not approved, there is a possibility that their shares could become worthless.

In considering the recommendation of our board of directors to vote to approve the Acquisition, you should be aware that its members have arrangements that provide them with interests in the Acquisition that differ from, or are in addition to, those of our stockholders generally. Our directors, as holders of Private Shares, have waived their respective rights to participate in any liquidation distribution with respect to shares acquired by them prior to our IPO offering. Therefore, if the Acquisition is not approved and Aldabra does not consummate a business combination prior to June 19, 2009, their Private Shares and Aldabra Insider Warrants will become worthless. Alternatively, if the Acquisition is approved, Aldabra's officers and directors will benefit because they will continue to hold their Aldabra shares. Furthermore, Messrs. Leight and Weiss and/or trusts established for the benefit of their respective families have an ownership interest in MDCP IV of approximately 0.0124% (approximately $\frac{1}{80}$ th of 1%) and 0.0248% (approximately $\frac{1}{40}$ th of 1%), respectively, which owns a controlling stake in the Seller. Therefore, the personal and financial interests of our board of directors may have influenced their motivation in identifying and selecting a target business and completing a business combination before June 19, 2009 (the time frame required by our charter). As a result, their discretion in identifying and selecting a suitable target business may have resulted in a conflict of interest when determining whether the terms, conditions and timing of a particular business combination were appropriate and in our stockholders' best interests. For a more detailed discussion of these interests, see "Interests of Certain Persons in the Acquisition."

If Aldabra's stockholders exercise their right to convert their shares into cash, Aldabra's current stockholders could end up owning as little as 51% of Boise Paper Company's shares, and Boise Paper Company may incur additional indebtedness.

After giving effect to the Acquisition, our stockholders prior to the closing of the Acquisition will become the owners of approximately 60% of Boise Paper Company's outstanding common stock, assuming none of our stockholders exercise their conversion rights and based on the other assumptions set forth in the pro forma financial statements. See "Unaudited Pro Forma Condensed Consolidated Financial Statements." However, if the holders of up to 39.99% of the IPO Shares exercise their conversion rights, the number of shares of our common stock outstanding after the Acquisition would decrease and, as a result, the remaining stockholders will end up owning as little as 51% of Boise Paper Company's common stock on a fully-diluted basis and will have to issue an additional subordinated promissory note of approximately \$108 million under the same assumptions.

Pursuant to our charter, holders of IPO Shares may vote against the Acquisition and contemporaneously demand that we convert their IPO Shares into pro-rata portions of the trust fund as of the Record Date. We will not consummate the Acquisition if holders of 40% or more of the IPO Shares exercise these conversion rights. To the extent the Acquisition is consummated and holders demand to convert their shares, the amount of cash in our trust fund available for our use to fund the purchase price to be paid to the Seller would decrease and, as a result, we would need to pay the balance of the purchase price through the issuance of additional Aldabra common stock, cash or a subordinated promissory note or a combination thereof.

The expected amount of post-Acquisition indebtedness could adversely affect Aldabra's financial condition and impair its ability to operate BPC.

Assuming the Acquisition is consummated and none of the Aldabra stockholders exercise their conversion rights, BPC will have approximately \$946 million of outstanding indebtedness (approximately \$1,115 million of indebtedness, consisting of approximately \$1,007 million under the new credit facilities and approximately \$108 million under the subordinated promissory note to the

Seller, if 39.99% of Aldabra stockholders exercise their conversion rights). The level of indebtedness incurred by Aldabra in connection with the Acquisition could have important consequences on our business, financial condition and operating results, including the following:

It may limit our ability to borrow money or sell stock to fund our working capital, capital expenditures, acquisitions, debt service requirements and other financing needs;

Our interest expense would increase if interest rates generally rise because a substantial portion of our indebtedness, including all of our indebtedness under our new credit facilities, bears interest at floating rates;

It may limit our flexibility in planning for, or reacting to, changes in our business and future business opportunities;

We will be subject to debt covenants that may restrict management's ability to make certain business decisions;

BPC may be more highly leveraged than some of its competitors, which may place it at a competitive disadvantage;

It may make us more vulnerable to a downturn in our business, our industry or the economy in general;

A substantial portion of BPC's cash flow from operations may be dedicated to the repayment of indebtedness, including indebtedness we may incur in the future, and will not be available for other business purposes; and

There would be a material adverse effect on our business and financial condition if we were unable to service our indebtedness or obtain additional financing as needed.

BPC's operations may not be able to generate sufficient cash flows to meet Aldabra's debt service obligations.

Our ability to make payments on and to refinance our indebtedness and to fund planned capital expenditures depends on our ability to generate cash from BPC's future operations. This, to a certain extent, is subject to general economic, financial, competitive, legislative, regulatory and other factors that are beyond our control. As a result, it is possible that BPC may not generate sufficient cash flow from its operations to enable us to repay our indebtedness and to fund other liquidity needs.

The indebtedness to be incurred by us under the new credit facilities will bear interest at variable rates, in which case increases in interest rates would cause our debt service requirements to increase. In such a case, we might need to refinance or restructure all or a portion of our indebtedness on or before maturity. However, we may not be able to refinance any of our indebtedness, including the new credit facilities, on commercially reasonable terms, or at all. Following the Acquisition, our expected debt service obligation is initially estimated to be approximately \$91.6 million in interest payments per annum (assuming none of Aldabra's conversion rights are exercised), which amount will be reduced each year in accordance with scheduled debt amortization payments, if made. In addition, debt service requirements will also include scheduled annual principal payments starting at \$11.0 million during 2008 (assuming the Acquisition is completed on December 31, 2007) and will rise to a maximum of \$441.8 million in 2015. These estimates are based on the terms set forth in the Debt Commitment Letter. The terms, including pricing and amortization, are subject to change and any such changes may be material. See "The terms of Aldabra's new credit facilities have not been finalized and are subject to market risk." If we cannot service or refinance our indebtedness, we may have to take actions such as selling assets, seeking additional equity or reducing or delaying capital expenditures, any of which could have a material adverse effect on our operations and financial condition.

A default under Aldabra's indebtedness may have a material adverse effect on its business and financial condition.

In the event of a default under our new credit facilities, the lenders generally would be able to declare all of such indebtedness, together with interest, to be due and payable. In addition, borrowings under the new credit facilities are secured by first- and second-priority liens, as applicable, on all of our assets and our subsidiaries' assets (which include BPP assets), and in the event of a default under those facilities, the lenders generally would be entitled to seize the collateral. Moreover, upon the occurrence of an event of default, the commitment of the lenders to make any further loans would be terminated. Accordingly, a default under any debt instrument, unless cured or waived, would likely have a material adverse effect on our overall business, the results of our operations and our financial condition.

Aldabra's loan commitments could expire before Aldabra is able to consummate the Acquisition.

Aldabra Sub LLC entered into a commitment letter with GSCP with respect to a \$250 million senior secured Tranche A term loan facility, a \$475 million senior secured Tranche B term loan facility, a \$250 million senior secured revolving credit facility and a \$200 million (which amount may be increased up to \$260.7 million) senior secured second lien term loan facility, to provide financing for the Acquisition. This commitment is subject to the lack of a material change in our financial condition and the financial condition of BPP, legal requirements such as the granting of security interests for the benefit of the lenders, and other matters that are in addition to the conditions under the purchase agreement. Accordingly, while we believe that we will satisfy such conditions, there can be no assurance that we will and thereby obtain the funding contemplated by such commitment letter. In addition, this commitment has an expiration date of February 28, 2008, and it is therefore possible that the lender's commitment could expire before the Acquisition is consummated. If such an event were to occur, we might not be able to obtain an extension of the current commitment, and we might also be unable to obtain a replacement commitment on the same or similar terms prior to the termination date of the purchase agreement (which is September 7, 2008). If the commitment had to be replaced on less favorable terms, the Acquisition could become less attractive to our stockholders, and in more extreme situations the loss of the original commitment could affect the feasibility of consummating the Acquisition.

Servicing debt could limit funds available for other purposes.

Following the Acquisition, we will use cash from operations to pay the principal and interest on our debt. These payments will limit funds available for other purposes, including expansion of our operations through acquisitions, funding future capital expenditures and the payment of dividends.

The terms of Aldabra's new credit facilities have not been finalized and are subject to market risk.

The terms of Aldabra's new credit facilities described under "Acquisition Financing" have not been finalized and are subject to market risk. The economic terms of the indebtedness are subject to change if GSCP determines that such changes are reasonably necessary to facilitate the successful syndication of the credit facilities. Adverse market conditions could result in higher than expected interest rates (or additional OID), changes in the amortization schedule, restructuring of the facilities or subject Aldabra to covenants and restrictions that are in addition to, or are more restrictive than, those currently expected.

Aldabra's new credit facilities will contain restrictive covenants that will limit Aldabra's overall liquidity and corporate activities.

The new credit facilities will impose operating and financial restrictions that will limit our ability to:

- create additional liens on our assets;
- make investments or acquisitions;
- pay dividends;
- incur additional indebtedness or enter into sale/leaseback transactions;
- sell assets, including capital stock of subsidiaries;
- enable our subsidiaries to make distributions;
- enter into transactions with our affiliates;
- enter into new lines of business; and
- engage in consolidations, mergers or sales of substantially all of our assets.

We will need to seek permission from the lenders in order to engage in certain corporate actions. The lenders' interests may be different from ours, and no assurance can be given that we will be able to obtain the lenders' permission when needed. This may prevent us from taking actions that are in our stockholders' best interest.

The new credit facilities also require us to achieve specified financial and operating results and maintain compliance with specified financial ratios. Our ability to comply with these ratios may be affected by events beyond our control, and these types of restrictions could:

- limit our ability to plan for, or react to, market conditions or meet capital needs or otherwise restrict our activities or business plans; and
- adversely affect our ability to finance our operations, strategic acquisitions, investments, alliances and other capital needs, or to engage in other business activities that would be in our best interest.

The consideration to be paid as part of the Acquisition is subject to change, and the exact consideration is not determinable at this time.

The Acquisition consideration consists of cash and stock (and under certain conditions, a subordinated promissory note) equal to \$1,625,000,000 plus or minus an incremental amount equal to the sum of (i) the Paper Group's cash and cash equivalents (expected to be \$38,000,000), (ii) plus or minus the amount by which the net working capital of the paper and packaging and newsprint businesses of the Seller is greater or less than \$329,000,000 (as applicable), and (iii) plus the amount (if any) by which Aldabra's net working capital is less than \$404,350,800, in each case calculated as of the Adjustment Calculation Time. The actual cash portion of the total purchase price will equal the amount of Aldabra's cash at closing (including the aggregate amount of cash held in the trust fund account, but excluding any amounts paid upon exercise by Aldabra stockholders of conversion rights), less transaction expenses plus the amount of the net proceeds from the Debt Financing, but will not in any event be less than the Minimum Cash Amount. The balance of the total purchase price will be paid in Aldabra common stock,

Edgar Filing: Aldabra 2 Acquisition Corp. - Form PREM14A

with the Aldabra common stock valued based upon an Average Trading Price that will not be higher than \$10.00 or lower than \$9.54. Assuming an Average Trading Price of \$9.77 (the midpoint of the range), no exercise of conversion rights and based upon the other assumptions set forth in the unaudited pro forma financial statements, Aldabra will issue to the Seller

34,510,747 shares of common stock. See "Unaudited Pro Forma Condensed Consolidated Financial Statements." The exact number of shares to be issued cannot be determined at this time, since the Average Trading Price, cash and net working capital adjustments (which will affect the total purchase price) and the Cash Portion cannot be calculated at this time. The purchase agreement provides that the Seller will not receive shares that would cause it to hold in excess of 49% of Aldabra's common stock immediately following the closing of the Acquisition, and Aldabra will instead pay the Seller an amount equal to the value of the shares that would otherwise cause it to hold more than 49% (valued at the Average Trading Price) in cash or through the issuance of a subordinated promissory note.

Registration rights held by the Seller and certain Aldabra stockholders may have an adverse effect on the market price of Aldabra's common stock.

An investor rights agreement to be entered into as a condition for the completion of the Acquisition will provide for registration rights with respect to: (1) shares held by the Aldabra stockholders who are a party to the investor rights agreement (the "Aldabra Registrable Securities"); (2) the Seller Registrable Securities; and (3) shares held by other Aldabra stockholders party to the investor rights agreement (the "Other Registrable Securities"). Assuming that none of our stockholders exercise their conversion rights and based upon the other assumptions set forth in the pro forma financial statements, approximately 44,860,747 million (or approximately 52% of our outstanding common stock) would have registration rights. See "Unaudited Pro Forma Condensed Consolidated Financial Statements."

After the consummation of the Acquisition, holders of the Seller Registrable Securities or the Aldabra Registrable Securities will have the right to demand registration under the Securities Act of all or a portion of their registrable securities subject to amount and time limitations. Holders of the Seller Registrable Securities may demand five long-form registrations and an unlimited number of short-form registrations, while holders of Aldabra Registrable Securities may demand two long-form registrations and an unlimited number of short-form registrations. The minimum aggregate offering value of the securities required to be registered must equal at least \$25,000,000 for long-form registrations and \$5,000,000 for short-form registrations.

Additionally, whenever (i) we propose to register any of our securities under the Securities Act (ii) and the method we select would permit the registration of registrable securities, holders of Aldabra Registrable Securities, the Seller Registrable Securities or Other Registrable Securities will have the right to request the inclusion of their registrable securities in such registration. The resale of these shares in the public market upon exercise of the registration rights described above could adversely affect the market price of our common stock or impact our ability to raise additional equity capital.

Delaware law and the proposed amended and restated charter documents may impede or discourage a takeover that Aldabra's stockholders may consider favorable.

The provisions of our amended and restated charter that will be put into effect in connection with the Acquisition may deter, delay or prevent a third party from acquiring us. These provisions include:

limitations on the ability of stockholders to amend our charter documents, including stockholder supermajority voting requirements;

the inability of stockholders to act by written consent or to call special meetings after such time the Seller owns less than 25% of the voting power of our common stock entitled to vote generally in the election of directors;

a classified board of directors with staggered three-year terms; and

the authority of our board of directors to issue, without stockholder approval, up to 1,000,000 shares of preferred stock with such terms as the board of directors may determine and to issue additional shares of our common stock.

These provisions could have the effect of delaying, deferring or preventing a change in control, discourage others from making tender offers for our shares, lower the market price of our stock or impede the ability of our stockholders to change our management, even if such changes would be beneficial to our stockholders.

Stockholders of Aldabra may not receive dividends because of restrictions in the new credit facilities, Delaware law and state regulatory requirements.

Our ability to pay dividends will be restricted by our new credit facilities, as well as Delaware law and state regulatory authorities. Under Delaware law, our board of directors may not authorize payment of a dividend unless it is either paid out of our capital surplus, as calculated in accordance with the DGCL, or, if we do not have a surplus, it is paid out of our net profits for the fiscal year in which the dividend is declared and/or the preceding fiscal year. To the extent we do not have adequate surplus or net profits, we will be prohibited from paying dividends.

The post-Acquisition business may incur increased costs as a result of having publicly-traded equity securities.

We will continue to have publicly-traded equity securities following the Acquisition, and as a result, we will incur significant legal, accounting and other expenses that BPP did not incur as part of a private company with public debt. In addition, the Sarbanes-Oxley Act of 2002 ("Sarbanes-Oxley Act"), as well as new rules subsequently implemented by the SEC, the NYSE and the NASDAQ Global Market have required changes in corporate governance practices of public companies. These new rules and regulations have increased legal and financial compliance costs and made activities more time-consuming and costly. For example, as a result of having publicly-traded equity securities, we will be required to have a majority of independent directors and to create additional board committees, such as audit, compensation, and nominating and corporate governance committees. These new rules and regulations make it more difficult and more expensive for us to obtain director and officer liability insurance, and we may be required to accept reduced policy limits and coverage or incur substantially higher costs to obtain the same or similar coverage. As a result, it may be more difficult for us to attract and retain qualified persons to serve on our board of directors or as executive officers.

If Aldabra fails to maintain effective systems for disclosure and internal controls over financial reporting as a result of the Acquisition, it may be unable to comply with the requirements of Section 404 of the Sarbanes Oxley Act in a timely manner.

Section 404 of the Sarbanes-Oxley Act will require us to document and test the effectiveness of our internal controls over financial reporting in accordance with an established internal control framework and to report on our conclusion as to the effectiveness of the internal controls. It will also require an independent registered public accounting firm to test our internal controls over financial reporting and report on the effectiveness of such controls for our fiscal year ending December 31, 2008 and subsequent years. An independent registered public accounting firm will also be required to test, evaluate and report on the completeness of our assessment. It may cost us more than we expect to comply with these controls and procedure-related requirements. If we discover areas of internal controls that need improvement, we cannot be certain that any remedial measures taken will ensure that we implement and maintain adequate internal controls over financial processes and reporting in the future. Any failure to implement requirements for new or improved controls, or difficulties encountered in their implementation could harm our operating results or cause us to fail to meet our reporting obligations.

Risks Related to BPP's Business

The paper industry is cyclical. Fluctuations in the prices of and the demand for BPP's products could result in smaller profit margins and lower sales volumes.

Historically, economic and market shifts, fluctuations in capacity, and changes in foreign currency exchange rates have created cyclical changes in prices, sales volumes, and margins for BPP's products. The length and magnitude of industry cycles have varied over time and by product but generally reflect changes in macroeconomic conditions and levels of industry operating capacity. Most of BPP's paper products, including its cut-size office paper, containerboard, and newsprint, are commodities that are widely available from other producers. Even BPP's non-commodity products, such as premium papers, are impacted by commodity product prices since the prices of these grades is often tied to commodity prices. Commodity products have few distinguishing qualities from producer to producer, and as a result competition for these products is based primarily on price, which is determined by supply relative to demand.

The overall levels of demand for the commodity products BPP makes and distributes, and consequently its sales and profitability, reflect fluctuations in levels of end-user demand, which depend in large part on general macroeconomic conditions in North America and regional economic conditions in BPP's markets, as well as foreign currency exchange rates. For example, demand for BPP's paper products fluctuates with levels of employment, the state of durable and nondurable goods industries, prevailing levels of advertising and print circulation, and the availability of functional substitute products and technologies. In recent years, particularly since 2000, demand for some grades of paper such as forms and envelopes, has decreased as electronic transmission and document storage alternatives have become more prevalent. Newsprint demand in North America has been in decline for decades as electronic media has increasingly displaced paper as a medium for information and communication.

Industry supply of commodity paper products is also subject to fluctuation, as changing industry conditions can influence producers to idle or permanently close individual machines or entire mills. In addition, to avoid substantial cash costs in connection with idling or closing a mill, some producers will choose to continue to operate at a loss, sometimes even a cash loss, which could prolong weak pricing environments due to oversupply. Oversupply in these markets can also result from producers introducing new capacity in response to favorable short-term pricing trends.

Industry supply of commodity paper products is also influenced by overseas production capacity, which has grown in recent years and is expected to continue to grow. In recent years, papermaking capacity has been dramatically increased, particularly in Asia. While the weakness of the U.S. dollar has mitigated the levels of imports in recent years, a strengthening of the U.S. dollar in the future would likely increase imports of commodity paper products from overseas, putting downward pressure on prices.

Prices for all of BPP's products are driven by many factors outside its control, and it has little influence over the timing and extent of price changes, which are often volatile. Market conditions beyond BPP's control determine the prices for its commodity products, and as a result, the price for any one or more of these products may fall below the corresponding cash production costs, which would require BPP to either incur short-term losses on product sales or cease production at one or more of its manufacturing facilities. Therefore, BPP's profitability with respect to these products depends on managing its cost structure, particularly raw materials and energy prices, which represent the largest components of its operating costs and can fluctuate based upon factors beyond its control, as described below. If the prices of BPP's products decline, or if its raw materials or energy costs increase, or both, then its sales and profitability could be materially and adversely affected.

BPP faces strong competition in its markets.

The paper and packaging and newsprint industry is highly competitive, and BPP faces competition from numerous competitors, domestic as well as foreign. Some of BPP's competitors are large, vertically-integrated companies that have greater financial and other resources, greater manufacturing economies of scale, greater energy self-sufficiency, and/or lower operating costs as compared to BPP. Recent industry consolidation has exacerbated this risk as major industry players have merged to create competitors substantially larger than BPP. Some of BPP's competitors have less indebtedness than BPP will after the Acquisition is consummated, and therefore more of their cash will be available for business purposes other than debt service. As a result, BPP may be unable to compete with other companies in the market during the various stages of the business cycle and particularly during any downturns.

BPP's manufacturing businesses may have difficulty obtaining logs and fiber at favorable prices or at all.

Wood fiber is BPP's principal raw material, and it accounted for approximately 28% and 14% of the aggregate cost (defined as materials, labor, and other operating expenses) for the Seller's paper and packaging and newsprint segments, respectively, in 2006. Wood fiber is a commodity, and prices have historically been cyclical. In addition, availability of wood fiber is often negatively affected if demand for building products declines since wood fiber, including wood chips, sawdust and shavings, is a by-product in the manufacture of building products. Environmental litigation and regulatory developments have caused, and may cause in the future, significant reductions in the amount of logs and fiber available for commercial harvest in the United States. These reductions have caused the closure of paper and plywood and lumber operations in some of the geographic areas in which BPP operates. In addition, future domestic or foreign legislation and litigation concerning the use of timberlands, the protection of endangered species, the promotion of forest health, and the response to and prevention of catastrophic wildfires could also affect log and fiber supply. Availability of harvested logs and fiber may be further limited by fire, insect infestation, disease, ice storms, windstorms, hurricanes, flooding, and other natural and man-made causes, thereby reducing supply and increasing prices. Wood fiber pricing is subject to regional market influences, and BPP's cost of wood fiber may increase in particular regions due to market shifts in those regions. Any sustained increase in wood fiber prices would increase BPP's operating costs, and it may be unable to increase prices for its products in response to increased wood fiber costs due to additional factors affecting the demand or supply of its products. In addition, since BPP uses wood-based biomass ("hog fuel") as an alternative energy source, an increase in wood fiber costs or a reduction in availability can increase the price of, or reduce the total usage of, hog fuel, which could result in higher energy costs for BPP.

Further increases in the cost of BPP's purchased energy or chemicals would lead to higher manufacturing costs, thereby reducing its margins.

Energy is one of BPP's most significant costs, and it accounted for approximately 15% of the aggregate cost (defined as materials, labor, and other operating expenses) for the paper and packaging and newsprint segments of the Seller in 2006. While BPP has made a concerted effort to increase energy efficiency, it is still negatively impacted by rising energy prices. Energy prices, particularly for electricity, natural gas, and fuel oil, have been volatile in recent years and currently exceed historical averages. These fluctuations impact BPP's manufacturing costs and contribute to earnings volatility. BPP has some flexibility to switch between fuel sources; however, it has significant exposure to natural gas, fuel oil, and hog fuel price increases. Increased demand for these fuels (which could be driven by cold weather) or further supply constraints could drive prices higher. The electricity rates charged to BPP are impacted by the increase in natural gas prices, although the degree of impact depends on each utility's mix of energy resources and the relevant regulatory situation.

Other raw materials BPP uses include various chemical compounds, such as precipitated calcium carbonate, sodium chlorate, sodium hydroxide and dyes. Purchases of chemicals accounted for approximately 14% and 5% of the aggregate amount of materials, labor, and other operating expenses (including fiber costs) for the Seller's paper and packaging and newsprint segments, respectively, in 2006. The costs of these chemicals have been volatile historically and are influenced by capacity utilization, energy prices, and other factors beyond the control of BPP.

For BPP's products, the relationship between industry supply and demand, rather than changes in the cost of raw materials, determines BPP's ability to increase prices. Consequently, BPP may be unable to pass increases in its operating costs to its customers in the short term. Any sustained increase in chemical or energy prices would reduce BPP's operating margins and potentially require it to limit or cease operations of one or more of its machines or facilities.

Some of BPP's paper products are vulnerable to long-term declines in demand due to competing technologies or materials.

BPP's uncoated free sheet paper and newsprint compete with electronic transmission, document storage alternatives, and paper grades BPP does not produce. As the use of these alternatives grow, demand for paper products may shift from one grade of paper to another or be eliminated altogether. For example, demand for newsprint has declined and may continue to decline as newspapers are replaced with electronic media, and demand for BPP's uncoated free sheet paper for use in pre-printed forms has declined and may continue to decline as the use of desktop publishing and on-demand printing continues to displace traditional forms. Demand for BPP's containerboard may decline as corrugated paper packaging may be replaced with other packaging materials, such as plastic. Any substantial shift in demand from BPP's products to competing technologies or materials could result in a material decrease in sales of BPP's products. The increase in imports also has negatively influenced demand for domestic containerboard, as more products are manufactured and packaged offshore.

A material disruption at one of BPP's manufacturing facilities could prevent it from meeting customer demand, reduce its sales, and/or negatively impact its net income.

Any of BPP's manufacturing facilities, or any of BPP's machines within an otherwise operational facility, could cease operations unexpectedly due to a number of events, including:

maintenance outages;

prolonged power failures;

an equipment failure;

a chemical spill or release;

closure because of environmental-related concerns;

explosion of a boiler;

the effect of a drought or reduced rainfall on BPP's water supply;

disruptions in the transportation infrastructure, including roads, bridges, railroad tracks, and tunnels;

fires, floods, earthquakes, hurricanes, or other catastrophes;

terrorism or threats of terrorism;

labor difficulties; or

other operational problems.

Edgar Filing: Aldabra 2 Acquisition Corp. - Form PREM14A

Future events may cause shutdowns, which may result in downtime and/or cause damage to BPP's facilities. Any such downtime or facility damage could prevent BPP from meeting customer demand for its products and/or require BPP to make unplanned capital expenditures. If BPP's machines or facilities were to incur significant downtime, BPP's ability to meet its production capacity targets and satisfy customer requirements would be impaired, resulting in lower sales and net income.

BPP's operations require substantial capital, and it may not have adequate capital resources to provide for all of its capital requirements.

BPP's manufacturing businesses are capital-intensive, and BPP regularly incurs capital expenditures to expand its operations, maintain its equipment, increase its operating efficiency, and comply with environmental laws. During 2006, BPP's total capital expenditures, excluding acquisitions, were approximately \$109 million, including approximately \$41 million for maintenance capital (replacements) and approximately \$7 million for environmental expenditures. BPP expects to spend approximately \$140 million, excluding acquisitions, on capital expenditures during 2007, including approximately \$46 million related to upgrades to the Wallula #3 paper machine (the "Wallula #3 machine") to convert one of its machines to be able to produce specialty paper grades in addition to commodity grades, approximately \$59 million for maintenance capital (replacements) and approximately \$4 million for environmental expenditures. Capital expenditures for BPP are expected to be between \$100 million and \$125 million annually over the next five years, excluding acquisitions or major capital projects.

If BPP requires funds for operating needs and capital expenditures beyond those generated from operations, it may not be able to obtain them on favorable terms, or at all. In addition, debt service obligations will reduce BPP's available cash flows. If BPP cannot maintain or upgrade its equipment as it requires or ensure environmental compliance, it could be required to cease or curtail some of its manufacturing operations or it may become unable to manufacture products that can compete effectively in one or more of its markets.

BPP's operations are affected by its relationship with OfficeMax.

BPP operated as a business unit of OfficeMax until the 2004 Transaction, when BPP was acquired by the Seller's parent company (the "2004 Transaction"). OfficeMax has continued to hold a 19.9% indirect ownership interest in the Seller since the 2004 Transaction and will continue to retain an indirect ownership stake in Seller (and thus an indirect stake in BPP) post-Acquisition. The Seller also currently has an agreement in place whereby it receives or makes an additional payment to Office Max each year based on changes in paper prices. This agreement will be terminated as a result of the Acquisition, and consequently, BPP will neither receive payments from, nor make payments to, Office Max under this agreement. Pursuant to a 2004 paper supply contract, OfficeMax is required to purchase its North American requirements for certain grades of paper from BPP. BPP anticipates that OfficeMax will continue to be BPP's largest customer and that it will continue to depend on OfficeMax's distribution network for a substantial portion of BPP's uncoated free sheet sales in the future. Any significant deterioration in OfficeMax's financial condition or BPP's relationship with OfficeMax, or a significant change in OfficeMax's business strategy, could result in OfficeMax ceasing to be BPP's customer, or failing to satisfy its contractual obligations to BPP, or simply result in lower uncoated free sheet (cut size) paper sales through OfficeMax, which in turn could reduce BPP's sales.

BPP is subject to significant environmental regulation and environmental compliance expenditures, as well as other potential environmental liabilities.

BPP is subject to a wide range of general and industry-specific environmental laws and regulations, particularly with respect to air emissions, wastewater discharges, solid and hazardous waste management, and site remediation. BPP's capital expenditures for environmental compliance were approximately \$7 million, \$16 million, and \$5 million in 2006, 2005, and 2004, respectively, and BPP

expects to incur approximately \$4 million in 2007. BPP expects to continue to incur significant capital and operating expenditures in order to maintain compliance with applicable environmental laws and regulations. If BPP fails to comply with applicable environmental laws and regulations, it may face civil or criminal fines, penalties, or enforcement actions, including orders limiting its operations or requiring corrective measures, installation of pollution control equipment, or other remedial actions.

As an owner and operator of real estate, BPP may be liable under environmental laws for cleanup and other damages (including tort liability) resulting from releases of hazardous substances on or from its properties. BPP may have liability under these laws whether or not it knew of, or was responsible for, the presence of these substances on its property, and in some cases, its liability may not be limited to the value of the property.

The purchase agreement provides that BPP will retain a number of indemnification rights against OfficeMax pursuant to the Purchase and Sale Agreement governing the 2004 Transaction for hazardous substance releases and other environmental violations that occurred prior to the 2004 Transaction or that arose out of pre-2004 operations at the businesses, facilities, and other assets purchased by the Seller. However, OfficeMax may not have sufficient funds to fully satisfy its indemnification obligations when required, and in some cases, BPP may not be contractually entitled to indemnification by OfficeMax or any payment by OfficeMax may be subject to limitation on overall payments made under the indemnity agreement. Furthermore, BPP is not entitled to indemnification for liabilities incurred due to releases and violations of environmental laws occurring after the 2004 Transaction.

Enactment of new environmental laws or regulations or changes in existing laws or regulations might require significant expenditures. BPP may be unable to generate funds or other sources of liquidity and capital to fund unforeseen environmental liabilities or expenditures. In addition, BPP may be impacted if carbon emission laws are enacted that require the company to install additional equipment or pay for existing emissions.

Labor disruptions or increased labor costs could adversely affect BPP's business.

While BPP believes it has good labor relations and has established staggered labor contracts for each of its five paper mills to minimize potential disruptions in the event of a labor dispute, it could experience a material labor disruption or significantly increased labor costs at one or more of its facilities, either in the course of negotiations of a labor agreement or otherwise. Either of these situations could prevent BPP from meeting customer demand or increase costs, thereby reducing its sales and profitability. BPP is expected to have approximately 4,600 employees after the Acquisition is consummated, and approximately 2,675, or 58%, of these employees work pursuant to collective bargaining agreements. The agreement at BPP's Wallula, Washington container plant expires in the fourth quarter of 2007. BPP does not expect material work interruptions or increases in its costs during the course of the negotiations with its collective bargaining units. Nevertheless, if its expectations are not accurate, BPP could experience a material labor disruption or significantly increased labor costs at one or more of its facilities, any of which could prevent BPP from meeting customer demand or reduce its sales and profitability.

to elect nine members of the board of directors to serve from the completion of the Acquisition until their successors are elected and qualified;

to approve the Incentive Plan; and

to adopt an adjournment proposal to authorize the adjournment of the special meeting to a later date or dates, if necessary, to permit further solicitation and vote of proxies in the event there are insufficient votes at the time of the special meeting to adopt the Acquisition proposal, the closing charter amendment proposal, the amended and restated charter proposal or the Incentive Plan proposal.

Record Date; Who is Entitled to Vote

The Record Date for the special meeting is [], 2007. Record holders of our common stock at the close of business on the Record Date are entitled to vote or have their votes cast at the special meeting. On the Record Date, there were 51,750,000 shares of our common stock outstanding, which includes 41,400,000 IPO Shares and 10,350,000 Private Shares.

Each share of our common stock is entitled to one vote per share at the special meeting. Our issued and outstanding warrants do not have voting rights, and record holders of our warrants will not be entitled to vote at the special meeting.

Quorum

The holders of a majority of our common stock issued and outstanding and entitled to vote, present in person or represented by proxy, constitutes a quorum at the special meeting.

Voting Your Shares

Each share of common stock that you own in your name entitles you to one vote; your proxy card shows the number of shares that you own. There are four ways to vote at the special meeting:

You can vote by signing and returning the enclosed proxy card. If you vote by proxy card, your "proxy," whose name is listed on the proxy card, will vote your shares as you instruct on the proxy card. If you sign and return the proxy card but do not give instructions on how to vote your shares, your shares will be voted as recommended by our board of directors: "FOR" the adoption of the Acquisition proposal, the closing charter amendment proposal, the amended and restated charter proposal, the election of directors proposal, the Incentive Plan proposal and the adjournment proposal.

You can vote by telephone by calling toll-free 1 (866) 894-0537, 24 hours a day, 7 days a week, and by following the telephone voting instructions that are included with your proxy card. If you vote by telephone, you should not return your proxy card. The deadline for voting by telephone is 11:59 p.m., Eastern Standard Time, on [], 2007.

You can vote by Internet by going to the website www.continentalstock.com and following the instructions on your proxy card.

You can attend the special meeting and vote in person. We will give you a ballot when you arrive. However, if your shares are held in the name of your broker, bank or other nominee, you must get a proxy from the broker, bank or other nominee. That is the only way we can be sure that the broker, bank or nominee has not already voted your shares.

NOT VOTING OR FAILING TO INSTRUCT YOUR BROKER OR BANK HOW TO VOTE WILL HAVE THE SAME EFFECT AS VOTING AGAINST THE ACQUISITION PROPOSAL, THE CLOSING CHARTER AMENDMENT PROPOSAL AND THE AMENDED AND RESTATED CHARTER PROPOSAL, BUT WILL NOT HAVE THE EFFECT OF EXERCISING YOUR CONVERSION RIGHTS. ABSTENTIONS WILL HAVE THE SAME EFFECT AS VOTING AGAINST THE INCENTIVE PLAN PROPOSAL AND THE ADJOURNMENT PROPOSAL, BUT BROKER NON-VOTES WILL HAVE NO EFFECT ON THE INCENTIVE PLAN PROPOSAL OR THE ADJOURNMENT PROPOSAL. ABSTENTIONS AND BROKER NON-VOTES WILL HAVE NO EFFECT ON THE ELECTION OF DIRECTORS PROPOSAL.

Who Can Answer Your Questions About Voting Your Shares

If you have any questions about how to vote or direct a vote in respect of your Aldabra common stock, you may contact either Aldabra and its representatives by phone at (212) 710-4100 or MacKenzie Partners, Inc. (our proxy solicitor) by phone at 1-800-322-2885, or by email at proxy@mackenziepartners.com.

No Additional Matters May Be Presented at the Special Meeting

The special meeting has been called only to consider the adoption of the Acquisition proposal, the closing charter amendment proposal, the amended and restated charter proposal, the election of directors proposal, the Incentive Plan proposal and the adjournment proposal. Under our bylaws, other than procedural matters incidental to the conduct of the meeting, no other matters may be considered at the special meeting if they are not included in the notice of the meeting.

Revoking Your Proxy

If you give a proxy, you may revoke it at any time before it is exercised by doing any one of the following:

You may send another proxy card with a later date;

You may notify Jason G. Weiss, our corporate secretary, in writing before the special meeting that you have revoked your proxy; or

You may attend the special meeting, revoke your proxy, and vote in person.

Vote Required of Aldabra Stockholders

The affirmative vote of holders of a majority of the IPO Shares voting in person or by proxy at the special meeting, and the affirmative vote of holders of a majority of the outstanding shares on the Record Date (including the holders of Private Shares who have agreed to vote, with respect to the Acquisition proposal only, all of their Private Shares in accordance with the majority of the votes cast by holders of IPO Shares at the special meeting), are required to approve the purchase agreement and the transactions contemplated thereby. This voting arrangement shall not apply to shares of Aldabra common stock purchased after the IPO in the open market by any of the Aldabra Insider Stockholders and shall not apply to any proposal other than the Acquisition proposal.

The affirmative vote of holders of a majority of the shares of our common stock outstanding on the Record Date is required to approve the closing charter amendment proposal and the amended and restated charter proposal. The affirmative vote of a majority of the shares of Aldabra common stock represented in person or by proxy and entitled to vote at the special meeting is required to approve the Incentive Plan proposal and the adjournment proposal. The nine directors to be elected at the special meeting will be elected by a plurality of the votes cast by the stockholders present in person or by proxy and entitled to vote.

Edgar Filing: Aldabra 2 Acquisition Corp. - Form PREM14A

The adoption of the Acquisition proposal is conditioned upon the approval of the closing charter amendment proposal, the amended and restated charter proposal and the election of directors proposal but not the Incentive Plan proposal or the adjournment proposal. The adoption of each of the other proposals, other than the adjournment proposal, is conditioned upon the adoption of the Acquisition proposal.

Abstentions and Broker Non-Votes

If you hold your shares of our common stock in "street name" through a broker or other nominee, your broker or nominee will not vote your shares unless you provide instructions on how to vote. You should instruct your broker or nominee how to vote your common stock by following the directions your broker or nominee will provide to you. If you do not provide instructions to your broker or nominee under the rules of the NASD, your broker may not vote your shares. If you do not give your broker voting instructions and the broker does not vote your shares, this is referred to as a "broker non-vote." Not voting or failing to instruct your broker or bank how to vote will have the same effect as voting against the Acquisition proposal, the closing charter amendment proposal and the amended and restated charter proposal, but will not have the effect of exercising your conversion rights. Abstentions will have the same effect as voting against the Incentive Plan proposal and the adjournment proposal, but broker non-votes will have no effect on the Incentive Plan proposal or the adjournment proposal. Abstentions and broker non-votes will have no effect on the election of directors proposal. Because the approval of the Acquisition proposal is a condition to the approval of the other proposals, other than the adjournment proposal, if the Acquisition is not approved, the other proposals will not take effect.

Conversion Rights

Pursuant to our charter, holders of IPO Shares voting against the Acquisition proposal will be entitled to, contemporaneously with such vote, demand that we convert their stock into a pro rata share of the trust account. This demand must be made on the proxy card at the same time that the stockholder votes against the Acquisition proposal. If so demanded, and if the Acquisition is completed, we will convert each share of common stock issued in our IPO into a pro rata portion of the trust account in which a substantial portion of the net proceeds of our IPO are held, plus interest earned thereon until two business days prior to consummation of the Acquisition and less any expenses incurred. However, if the holders of 16,560,000 or more IPO Shares, representing 40% or more of the total number of IPO Shares, exercise their conversion rights, then, in accordance with the terms of our charter and the documents governing the trust account, we will not consummate the Acquisition and your shares will not be converted. Based on the amount of cash held in the trust account, net of accrued taxes and expenses as of October 1, 2007, without taking into account any interest earned or expenses incurred after such date, you will be entitled to convert each share of common stock that you hold for approximately \$9.70 per share. If you exercise your conversion rights, then you will be converting your shares of our common stock for cash and will no longer own these shares. You will only be entitled to receive cash for these shares if you continue to hold these shares through the closing date of the Acquisition and then tender your stock certificate to us. If the Acquisition is not completed, then these shares will not be converted into cash. A stockholder who exercises conversion rights will continue to own any warrants to acquire our common stock owned by such stockholder as such warrants will remain outstanding and unaffected by the exercise of conversion rights. Prior to exercising conversion rights, our stockholders should verify the market price of our common stock as they may receive higher proceeds from the sale of their common stock in the public market than from exercising their conversion rights. Our shares of common stock are listed on the AMEX under the symbol "AII."

Solicitation Costs

We are soliciting proxies on behalf of our board of directors. This solicitation is being made by Aldabra and our respective directors, officers and representatives by mail, but solicitations also may be made by telephone, in person, or by other electronic means. These persons will not be paid for doing this. In addition, Lazard Capital Markets LLC and Pali Capital, Inc., two of the underwriters for our IPO, may be assisting our directors and officers in connection with these efforts. In connection with our IPO, we had agreed to pay the underwriters for the IPO an underwriting discount, a portion of which (in the amount of \$12,420,000) would not be payable unless and until we completed a business combination. We will not pay the underwriters any additional fees in connection with such efforts. We have hired MacKenzie Partners, Inc. to assist in the proxy solicitation process. We will pay all fees and expenses related to the retention of such proxy solicitation firm.

We will ask banks, brokers, other institutions, nominees, and fiduciaries to forward the proxy materials to their principals and to obtain their authority to execute proxies and voting instructions. Aldabra will reimburse them for their reasonable out-of-pocket expenses.

AFTER CAREFUL CONSIDERATION OF THE TERMS AND CONDITIONS OF THE ACQUISITION PROPOSAL, THE BOARD OF DIRECTORS OF ALDABRA BELIEVES THAT THE ACQUISITION PROPOSAL IS FAIR TO, AND IN THE BEST INTERESTS OF, ALDABRA AND ITS STOCKHOLDERS AND THAT THE FAIR MARKET VALUE OF BPP IS AT LEAST EQUAL TO 80% OF THE NET ASSETS OF ALDABRA. AFTER CAREFUL CONSIDERATION OF THE TERMS AND CONDITIONS OF ALL OF THE PROPOSALS, THE BOARD OF DIRECTORS HAS UNANIMOUSLY APPROVED ALL OF THE PROPOSALS AND UNANIMOUSLY RECOMMENDS THAT YOU VOTE "FOR" THE ADOPTION OF THE PURCHASE AGREEMENT AND THE TRANSACTIONS CONTEMPLATED THEREBY, THE CLOSING CHARTER AMENDMENT PROPOSAL, THE AMENDED AND RESTATED CHARTER PROPOSAL, THE ELECTION OF DIRECTORS PROPOSAL, THE INCENTIVE PLAN PROPOSAL AND THE ADJOURNMENT PROPOSAL. SEE "PROPOSAL I THE ACQUISITION PROPOSAL FACTORS CONSIDERED BY THE ALDABRA BOARD IN APPROVING THE ACQUISITION."

PROPOSAL I THE ACQUISITION PROPOSAL

The discussion in this proxy statement of the Acquisition and the principal terms of the purchase agreement is subject to, and is qualified in its entirety by reference to, the purchase agreement, a copy of which is attached as Annex A to this proxy statement and is incorporated in this proxy statement by reference.

Description of the Acquisition

Upon completion of the Acquisition, we will own 100% of the units of Boise Paper Holdings, L.L.C., which will in turn own 100% of Boise Paper Products, including 100% of the outstanding equity interests of the Paper Group.

Background of the Acquisition

The terms of the purchase agreement are the result of arms-length negotiations between our representatives and those of the Seller. The following is a brief discussion of the background of these negotiations and the Acquisition.

We are a blank check company that was formed on February 1, 2007 to effect a merger, capital stock exchange, asset acquisition or other similar business combination with an operating business. We stated in our prospectus relating to our IPO that we intended to focus our efforts on seeking a business combination with a portfolio company currently held by a private equity firm specializing in either leveraged buyouts or venture capital. A registration statement for our IPO was declared effective on June 19, 2007. On June 22, 2007, we consummated our IPO of 41,400,000 units, including 5,400,000 units subject to the underwriters' over-allotment option at an offering price of \$10.00 per unit. Each unit consisted of one share of our common stock and one warrant that entitles its holder to purchase one share of our common stock. The units were sold at an offering price of \$10.00 per unit, generating total gross proceeds of \$414,000,000. We agreed to pay the underwriters in the offering an underwriting discount of 7% of the gross proceeds of the offering, and the underwriters agreed that 3% (\$12,420,000) of that amount would not be payable unless and until we completed a business combination. Simultaneously with consummation of our IPO, Messrs. Leight and Weiss, our chairman and chief executive officer, respectively, each purchased 1,500,000 Insider Warrants from us at \$1.00 per warrant in a private placement for an aggregate purchase price of \$3,000,000. The Insider Warrants purchased by Messrs. Leight and Weiss are identical to the warrants issued in our IPO except that the Insider Warrants may not be called for redemption and may be exercisable on a "cashless basis" at the holder's option, so long as such securities are held by such purchaser or his affiliates.

After deducting commissions, offering expenses and a portion of the underwriting discount, the total net proceeds from the offering were approximately \$384,380,000. Upon the closing of our IPO, an aggregate of \$399,500,000 (including the \$3,000,000 of proceeds from the private placement of warrants to our chairman and chief executive officer and the \$12,420,000 of deferred underwriters discounts described above) was deposited into a trust fund. Approximately \$275,000 was withheld from the trust to pay initial business, legal and accounting due diligence expenses on prospective business combinations, general and administrative expenses and corporate income and franchise taxes. Through October 1, 2007, we have used approximately \$735,000 of the net proceeds, including interest earned on the funds in the trust fund, to pay such expenses. The net proceeds deposited into the trust fund remain on deposit in the trust fund earning interest and will not be released until the earlier of the consummation of a business combination or our liquidation. As of October 1, 2007, the value of the trust fund was approximately \$401,524,000, net of accrued expenses and taxes. Such funds were invested in the Wells Fargo Advantage Prime Investment Money Market Fund, currently earning interest (before accrual for income taxes) of approximately 5.10% per annum. If, by June 19, 2009, we have not completed a business combination, we must promptly liquidate thereafter.

Subsequent to our IPO, our officers and directors and other representatives commenced an active search for a prospective operating business. As part of our efforts to identify potential acquisitions, we contacted approximately 150 investment bankers, private equity professionals, business brokers, business owners, lawyers and others to describe our company and share our criteria for a potential acquisition target. During these discussions, we often provided such parties with background materials we had prepared and other information concerning our organization and our search for potential acquisition targets. In many cases, we needed to educate prospective targets about "blank check" companies and explain, from our perspective, the benefits we could offer to them versus other financing or exit alternatives. In addition, we were contacted independently by a number of investment bankers, private equity professionals, business brokers, business owners, lawyers and others who had learned of our June 22, 2007 IPO and were interested in bringing to our attention potential targets.

The procedures described above resulted in referrals to 15 potential targets. Given the high volume of leads resulting from this level of outreach, we adopted a transaction screening methodology aimed at rapidly evaluating each opportunity and were able to quickly eliminate transactions that did not fully meet our acquisition criteria. As a result, we entered into non-disclosure agreements with four potential targets, excluding the Seller. We elected to pursue a transaction with the Seller rather than with the other companies with which we held preliminary discussions primarily because, in our judgment, BPP had advantages in each of our key screening criteria. BPP possesses a strong management team, is profitable, operates in an industry with significant barriers to entry, has multiple opportunities for growth, has a number of attractive strategies for the use of the future warrant proceeds, is virtually Sarbanes-Oxley compliant already and, in general, meets the requirements of a company that is "ready to be public." In addition, we believed that the proposed terms of the transaction were favorable to our stockholders and that the likelihood of completing the transaction once a purchase agreement was signed was very high, including the likelihood of raising financing for the transaction.

Although each of the other potential targets exhibited some or all of these qualities in varying degrees, our management team believed that the combination of BPP's attributes provided the most favorable prospects to increase our stockholder value.

After consummation of the IPO, during the evening of June 22, 2007, Thomas S. Souleles, a member of the Seller's board of managers and a managing director of MDP, called Mr. Weiss and asked him if he would be interested in exploring a potential transaction between us and the Seller. Mr. Souleles explained that MDP was a substantial indirect stockholder of the Seller and that there might be some assets that the Seller might be interested in selling to, or merging with, Aldabra. Mr. Weiss told Mr. Souleles that he would be interested in looking at a company in the paper industry. Mr. Weiss and Mr. Souleles did not discuss any details of a proposed transaction. Mr. Souleles indicated that he would have to look further into whether such a transaction would even be feasible from a legal and tax perspective, and he would have to talk to the Seller's board and senior management to see if they would be interested in pursuing a transaction with us.

Mr. Weiss was personally acquainted with Mr. Souleles, with whom he attended law school. In addition, Nathan Leight, our chairman of the board, and Mr. Weiss were both familiar with MDP, having (i) previously made capital contributions of \$500,000 and \$1,000,000, respectively, in MDCP IV; (ii) previously made capital contributions (through trusts established for the benefit of their respective families and in the case of Mr. Leight, also by Mr. Leight individually) of \$1,000,000 each in MDCP V; (iii) served as the chairman and chief executive officer, respectively, of Aldabra Acquisition Corporation, which completed a merger with Great Lakes Dredge & Dock Corporation, a portfolio company of MDP, in December 2006; and (iv) served, along with Mr. Berger (another member of our board), since December 2006 with Mr. Souleles as well as another principal of MDP on the board of directors of Great Lakes Dredge & Dock Corporation (now traded on NASDAQ). See "Interests of Certain Persons in the Acquisition Aldabra."

During the week of June 25, 2007, Mr. Souleles and Mr. Weiss communicated several times. Mr. Souleles notified Mr. Weiss that the type of transaction the Seller envisioned was the carving out of certain assets of the Seller and merging with or selling such assets to us, and that he had asked the Seller's counsel, Kirkland & Ellis LLP ("Kirkland & Ellis"), to analyze whether this structure was feasible for the Seller from a tax standpoint. Later that week, Mr. Souleles notified Mr. Weiss that Kirkland & Ellis indicated that based on their initial research a transaction of the type that the Seller was contemplating was feasible. Mr. Souleles began working with one of MDP's financial advisors to analyze comparable company valuations to establish some valuation benchmarks.

During the week of June 25, 2007, as part of our ongoing review of potential acquisition targets, our representatives began to contact a number of intermediaries as well as potential candidates to discuss potential opportunities. Mr. Leight met with representatives of approximately 11 different banks, law firms and private equity firms to discuss our acquisition criteria. Separately, we were presented an opportunity to consider purchasing assets in an electricity generation business. Our representatives reviewed this transaction and decided that it did not fit our criteria. Our professional team also inaugurated weekly telephonic status meetings during which potential transactions or leads were introduced and discussed. All active opportunities were then entered into a tracking log. On the first call, Mr. Weiss mentioned the possibility of a transaction in the paper or forest products industry. Mr. Leight had the team initiate work on an alternative fuel company and the medical device industry in addition to selected other areas of opportunity.

On June 29, 2007, Mr. Weiss, in response to questions posed by Mr. Souleles, provided Mr. Souleles with a more detailed explanation of our capital structure.

During the week of July 2, 2007, we started discussions on a number of potential transactions including the potential purchase of a consumer credit company, an aerospace company, and a bio-diesel company. In each case, there were preliminary discussions with the proposed target or its representatives to elicit information on the target company and the industry in which it operates.

On July 2, 2007, Mr. Souleles communicated to Mr. Weiss about the possibility of two alternative structures for a proposed transaction with the Seller. Over the course of the next several days, Mr. Souleles explained that the Seller operated two different paper businesses: (1) the office papers and specialty paper segment, also known as the paper business and (2) the packaging and newsprint business. Mr. Souleles explained to Mr. Weiss that the proposed transaction could take the form of either the sale by the Seller of the assets comprising the paper business only or the assets comprising the combined paper and packaging and newsprint businesses. Mr. Souleles also indicated to Mr. Weiss that it might not be possible for the Seller to sell the assets of the packaging and newsprint business to us since the Seller was simultaneously considering other alternatives for the sale of the packaging and newsprint business. Messrs. Weiss and Souleles had several conversations about the proposed transaction over the next several days, including discussions of preliminary financial operating figures for the target businesses. Mr. Weiss (after discussions with Mr. Leight) expressed to Mr. Souleles that we had a strong preference for the packaging and newsprint business to be included in any potential transaction.

On July 5, 2007, Messrs. Souleles and Weiss discussed EBITDA and leverage multiples for numerous public paper companies in North America. Over the course of the next few days, Messrs. Weiss and Souleles began discussing valuation multiples, which conversations were further informed by Mr. Weiss' conversations with Mr. Leight and some of our other representatives. In response to Mr. Weiss's question about whether the proposed transaction would include the assets of the packaging and newsprint business, Mr. Souleles indicated that he was not able to give a definitive response and that the parties should proceed by negotiating two different transactions: one for the paper business only, and the other for the combined paper and packaging and newsprint businesses.

While Messrs. Weiss and Souleles continued to explore the possibility of a transaction involving the assets of the paper businesses of the Seller, some of our other members and representatives continued to explore other possible business combination targets with third parties. Mr. Leight and some of our other representatives met with a number of private equity firms to review their portfolio companies. There were a number of potential candidates that resulted from these discussions, including an entertainment company that is a portfolio company of a private equity firm. After preliminary discussions and our review of this opportunity, Mr. Leight authorized one of our financial advisors to construct a preliminary financial model to assist in evaluating how much we would be willing to pay for the entertainment company.

On July 7, 2007, we received a detailed financial model from one of our financial advisors regarding the potential entertainment acquisition. Since the transaction looked feasible, Mr. Leight asked such financial advisor to set up a meeting with the private equity firm to review the transaction in greater detail.

During the week of July 9, 2007, we began discussions on additional transaction opportunities in, among others, the global shipping, real estate development and publishing industries.

On July 11, 2007, some of our representatives met with the private equity firm that is a substantial shareholder of the entertainment company to discuss a potential transaction. The private equity firm executed a letter waiving claims against our trust fund (a "Trust Fund Waiver Letter") in connection with its discussions with us. The private equity firm also asked us to draft a letter of intent that would be presented to the board of the entertainment company.

On July 11, 2007, we engaged the law firm of Kramer Levin Naftalis & Frankel LLP to act as our legal advisor in connection with the potential transaction involving the Seller.

On July 11, 2007, in contemplation of a board meeting of the entertainment company during the upcoming week, one of our financial advisors prepared and distributed to us a revised financial model of the potential entertainment company acquisition and a draft letter of intent.

On July 12, 2007, for purposes of continuing discussions on valuation for the proposed transaction, Mr. Souleles provided Mr. Weiss with additional financial analysis prepared by the Seller and its financial advisors.

On July 13, 2007, one of our team members met with the head of the financial institutions group of an investment bank to discuss potential acquisition targets in the alternative asset management industry.

On July 13, 2007, Mr. Souleles indicated to Mr. Weiss that the Seller was very interested in pursuing the proposed transaction and that the Seller's representatives had participated in a conference call to discuss the proposed transaction.

Over the next several days, Messrs. Souleles and Weiss engaged in further discussions about the proposed transaction. Messrs. Weiss and Leight and other members of our team had internal discussions about the proposed transaction and continued to review information about the paper industry in general and the Seller in particular. After consultations with Mr. Leight, Messrs. Souleles and Weiss agreed on a preliminary valuation for a transaction involving the sale by the Seller to us of the assets of the paper business, and, in the alternative, for a transaction involving the sale by the Seller to us of the assets of both the paper and packaging and newsprint businesses.

Based on the progression of discussions about a potential transaction between us and the Seller, and the higher level of conviction on our part that the Seller's transaction would create greater shareholder value versus the entertainment transaction being considered by our team, we elected not to proceed with sending a letter of intent to the entertainment company during the weekend of July 13, 2007 and ceased working on that transaction.

Edgar Filing: Aldabra 2 Acquisition Corp. - Form PREM14A

During the week of July 16, 2007, a member of our team traveled to London to meet with more than 10 banks, private equity firms and companies to discuss our attributes and philosophy in seeking a potential combination or acquisition with a company that operated primarily outside the United States.

On July 16, 2007, we provided the Seller with two abbreviated financial models that we created one for a transaction involving the assets of the paper business and the other for a transaction involving the assets of the combined paper and packaging and newsprint businesses. These models illustrated the financial performance of the proposed combined paper company on a fully-diluted and non-diluted share basis.

On July 17, 2007, we sent to the Seller a draft letter of intent proposing a transaction in which we would acquire either the Seller's paper business at an implied enterprise value of \$1,087,500,000 or the Seller's combined paper and packaging and newsprint businesses at an implied enterprise value of \$1,644,500,000, payable in cash and shares of our common stock. On the same day, our board of directors was informed that a draft letter of intent was delivered to the Seller, and the board was provided with related materials.

On July 18, 2007, we executed a confidentiality agreement with the Seller and intensified our review of the Seller's paper and packaging and newsprint businesses. On the same day, the Seller executed a Trust Fund Waiver Letter in our favor.

On July 18, 2007, the Seller responded with comments to the draft letter of intent. Later that day, we forwarded to the Seller a revised letter of intent. The most significant changes to the terms of the transaction as proposed in the letter of intent included: (a) a change in valuation due to a revision in certain assumptions; and (b) clarification that we would only be given an exclusivity period to purchase the paper business.

Between July 18 and 20, 2007, the parties had multiple discussions about the terms of the letter of the intent.

On July 19, 2007, our board of directors was updated on the status of the discussions between us and the Seller. The board members were provided with an updated version of the letter of intent and valuation models and were also informed about proposed due diligence steps.

On July 20, 2007, we came to an agreement on the terms with the Seller and executed the letter of intent for the proposed transaction. The letter of intent precluded us from pursuing any other acquisition or business combination other than the contemplated Acquisition by us of the paper business or the paper and packaging and newsprint businesses of the Seller during the period from July 20, 2007 to August 31, 2007. In addition, the Seller was precluded from pursuing any other discussions, transactions or business combinations with respect to the paper business (but explicitly not the packaging and newsprint business) until August 31, 2007.

On July 24 and 25, 2007, our team and many of our advisors attended a management presentation given by members of the Seller's management team in Boise, Idaho.

On July 26, 2007, a telephonic meeting of our board of directors was held to discuss the proposed transaction. The discussion included, among other things, an overview of general trends for the paper industry, the merits of the transaction (including discussion of financial metrics and comparison against other opportunities considered by us), discussion about the July 24-25, 2007 trip to Boise, Idaho and the proposed due diligence process, the proposed hiring of Houlihan Lokey, an independent investment banking firm, to provide a fairness opinion, and the possible effects of the market's recent decline and liquidity changes on other transactions that we could pursue.

On July 27, 2007, our board of directors engaged Houlihan Lokey to review the terms of the proposed transaction with the Seller and to render to the board a written opinion as to whether the consideration to be paid by us in the proposed transaction is fair to us from a financial point of view.

As legal counsel to the parties negotiated the terms of the purchase agreement and prepared revised drafts, we provided those drafts to Houlihan Lokey so that it would be familiar with the proposed terms of the Acquisition.

Beginning on July 27, 2007, we were provided with access to an electronic "data room" containing information regarding the Seller's paper and packaging and newsprint businesses. We continued to perform due diligence, employing outside assistance to supplement our internal resources. Ernst & Young LLP and Kramer Levin Naftalis & Frankel LLP were engaged to assist with due diligence and were compensated on arms-length terms that did not include any success fee component based on a closing of the Acquisition.

From July 31, 2007 through August 2, 2007, our team and our advisors, along with representatives of the Seller and the Seller's advisors traveled for onsite meetings and facilities tours at the Seller's manufacturing plants in Jackson, Alabama; DeRidder, Louisiana; Salt Lake City, Utah; and Wallula, Washington.

On August 8, 2007, we received an initial draft of the purchase agreement from the Seller's legal counsel. Over the course of the next several weeks, Aldabra, the Seller and each party's respective legal counsel negotiated the terms of the purchase agreement and related agreements.

Over the course of the next few weeks, our management continued discussions with the Seller to encourage them to include the packaging and newsprint business in the transaction. At all times, we included the packaging and newsprint business in all of our due diligence activities. By the end of August, the packaging and newsprint business was included in the transaction.

On August 29, 2007, a telephonic meeting of our board of directors was held to discuss the status of the proposed transaction. Our board of directors directed our management to continue to negotiate the terms of the definitive purchase agreement. At that meeting, Houlihan Lokey also reviewed a draft of its preliminary fairness opinion analysis with the board. See "The Houlihan Lokey Fairness Opinion."

As a result of further negotiations, the parties agreed on August 30, 2007 to a reduction in the total purchase price for the combined paper and packaging and newsprint businesses from \$1.649 billion to \$1.625 billion.

On September 5, 2007, our board of directors was provided with updated materials regarding the proposed transaction, along with a revised draft of the purchase agreement. On September 6, 2007, all of the directors agreed, through an unanimous written consent, that, subject to the receipt by the board of a final opinion from Houlihan Lokey that the consideration to be paid by us to the Seller is fair from a financial point of view to us and that the fair market value of BPP is at least equal to 80% of our net assets, the Acquisition was approved, and that our officers were authorized to execute the purchase agreement once the parties had finalized the agreement.

On September 6, 2007, Houlihan Lokey delivered in writing its final, executed opinion to our board of directors that as of the date of the opinion, the consideration to be paid by us in the transaction is fair to us from a financial point of view and the fair market value of BPP was at least equal to 80% of our net assets as of such date.

On September 6-7, 2007, our representatives and the Seller negotiated the final terms of the purchase agreement and the ancillary documents.

On September 7, 2007, the parties executed the purchase agreement. Immediately thereafter, each party issued separate press releases announcing the execution of the purchase agreement.

On October 18, 2007, the parties executed an amendment to the purchase agreement and entered into the Debt Commitment Letter with GSCP.

Factors Considered by the Aldabra Board in Approving the Acquisition

After careful consideration of the terms and conditions of the purchase agreement and the consideration to be paid in the Acquisition, the board of directors of Aldabra unanimously approved the Acquisition and determined that the purchase agreement and the Acquisition, upon the terms and conditions set forth in the purchase agreement, are advisable and fair to, and in the best interests of, Aldabra and its stockholders and that the fair market value of BPP is at least equal to 80% of the net assets of Aldabra. In reaching this decision, the board of directors of Aldabra reviewed a fairness opinion from Houlihan Lokey that, in its opinion and subject to the assumptions and conditions set forth therein, the consideration to be paid by us in Acquisition is fair to Aldabra from a financial point of view and that the fair market value of BPP is at least equal to 80% of the net assets of Aldabra. Accordingly, Aldabra's board of directors unanimously recommends that Aldabra stockholders vote "FOR" the approval of the Acquisition and the adoption of the purchase agreement, as well as for the other proposals submitted to the stockholders.

The Aldabra board of directors considered a wide range of business, financial, and other factors and believes that the non-exhaustive list of factors below strongly supports its determination and recommendation to approve the Acquisition.

Business factors include:

BPP is one of the largest manufacturers of uncoated free sheet paper ("UFS") in North America and a significant producer of linerboard and newsprint;

The UFS market is large and fundamental to the economy, with 11.5 million tons consumed annually, equivalent to more than 650 pounds per person in the United States;

BPP has been producing paper and packaging products for almost 50 years and has developed a strong brand name;

Many leading industry observers, including Resource Information Systems Incorporated ("RISI"), are forecasting price increases in many of BPP's product categories during the next few years;

BPP will benefit from any declines in the U.S. dollar and from rising fiber costs in Europe and Asia, which may reduce the competitiveness of imports;

Management estimates that it would cost at least \$4 billion to replace BPP's existing assets with new, greenfield assets of similar manufacturing capacity;

No new uncoated free sheet paper mills have been built in North America in the last decade;

BPP owns and operates one of North America's lowest cost and largest linerboard production facilities in DeRidder, Louisiana;

BPP will benefit from ongoing and recently completed extraordinary capital expenditures, involving more than \$107.9 million, which will increase its capacity to produce specialty paper grades and increase energy efficiency in its plants;

Management has identified and ranked a list of future capital and operating projects that will support continuous improvement in productivity, efficiency and safety and would provide an effective use for future warrant proceeds;

BPP has opportunities to grow existing revenue streams and create new revenue streams, including through acquisitions, that might provide an effective use for future warrant proceeds;

BPP has demonstrated its ability to continuously improve its energy efficiency through incremental operating improvements;

Edgar Filing: Aldabra 2 Acquisition Corp. - Form PREM14A

BPP has increased vertical integration;

BPP sells market pulp in quantities approximately equal to the market pulp it purchases, and BPP produces more than 70% of its own requirements (including trades) for containerboard used to make corrugated containers;

BPP is pulp neutral on an aggregate basis and therefore would not be adversely impacted by a material rise in pulp prices that could harm non-integrated paper producers who need to source pulp externally;

BPP will be a relatively diversified company with two operating businesses, paper and packaging and newsprint, each of which has different demand characteristics and economic cycles;

BPP has a long-term paper supply contract in place with OfficeMax that assures demand, from a practical perspective, for a significant amount of BPP's commodity office paper volume for at least the next five years;

BPP is shifting its product mix to more premium paper products, which generally generates higher growth and margins than commodity grades;

Volume growth in BPP's packaging business in the Pacific Northwest has been strong, growing 35% since 1997 (compared to 8% for BPP's regional competitors and less than 5% for the national market);

BPP's packaging business is well positioned for growth opportunities, as demonstrated by its 2006 acquisition of the CTC facility;

BPP has the flexibility to change its newsprint capacity to other grades of paper at reasonable capital conversion costs should newsprint prices continue to decline;

BPP has an experienced management team, which averages 17 years with the company and 23 years in the paper industry, that will continue to manage the business; and

BPP has a high quality workforce and good relations with its unions.

Financial factors include:

The financial analyses and presentation of Houlihan Lokey (the issuer of the fairness opinion to Aldabra's board of directors) and its written opinion that, as of September 6, 2007, and based upon and subject to the factors and assumptions set forth in such opinion, the consideration to be paid by us in the Acquisition is fair, from a financial point of view, to us, and that the fair market value of BPP is at least equal to 80% of our net assets;

The attractive purchase price compared to the public valuation of comparable companies in each of BPP's two operating segments on a number of different valuation metrics including Enterprise Valuation/ EBITDA and Enterprise Valuation/Revenue;

The attractive purchase price relative to recent acquisition multiples in the paper and packaging sectors;

Following the Acquisition, we believe that BPP will have a stable balance sheet and enjoy greater access to potential sources of equity capital and debt financing than many of its competitors;

Edgar Filing: Aldabra 2 Acquisition Corp. - Form PREM14A

Significant opportunities for strategic acquisitions with either free cash flow or future warrant proceeds;

BPP's historical financial results, including strong cash flow, and the potential for higher cash flows and revenue growth based on RISI price forecasts for the industry;

Edgar Filing: Aldabra 2 Acquisition Corp. - Form PREM14A

Aldabra's estimate of the value of BPC using a discounted cash flow model with third-party forecasts from RISI on pricing and certain input costs, which suggested that the purchase price was extremely attractive;

Significant opportunities for high-return internal investments with either free cash flow or future warrant proceeds;

BPP has recently completed a significant capital upgrade and should experience more normalized capital expenditures in the future, which should result in greater free cash flow;

As a public company, BPP will have greater flexibility to raise capital and participate, if it chooses, in future strategic transactions within the industry; and

BPP may achieve tax benefits, estimated to be approximately \$150 million over the next 10 years on a discounted basis (relative to its current position), that will result from the step-up in asset values as a result of the Acquisition (assuming a tax rate of 39%, preliminary assumptions of purchase price and purchase price allocations (which may change), a discount rate of 10%, and that BPP will have sufficient taxable income to utilize the resulting tax deductions).

Other factors include:

Madison Dearborn and OfficeMax (the two current institutional owners of the Seller) have not requested to sell any shares as part of the Acquisition, although they do have certain registration rights as described below;

OfficeMax's indemnification obligations pursuant to the Purchase and Sale Agreement for the 2004 Transaction result in BPP having significantly less litigation, retiree health benefits and environmental liabilities relative to other paper companies and other older industrial companies;

BPP has an experienced corporate staff, which will become part of Aldabra at closing, alleviating the need to build a standalone corporate entity;

There is the prospect of continued partnering with experienced industry players, such as OfficeMax, which will be BPC's largest customer, and Madison Dearborn; and

BPP is substantially Sarbanes-Oxley compliant, and its management team is already familiar with the public markets through the issuance of public debt by the Seller.

Satisfaction of the 80% Test

Pursuant to the terms of our IPO prospectus and our agreement with the underwriters of our IPO, any business acquired by us must have a fair market value equal to at least 80% of our net assets at the time of acquisition, which assets shall include the amount in the trust account. Based on the financial analysis of BPP, Houlihan Lokey concluded in its fairness opinion that it presented to our board that this 80% requirement was met.

Appraisal or Dissenters Rights

No appraisal or dissenters rights are available under the DGCL for the stockholders of Aldabra in connection with the Acquisition proposal.

Conversion Rights

Pursuant to our charter, holders of the IPO shares voting against the Acquisition proposal will be entitled to, contemporaneously with such vote, demand that we convert their stock into a pro rata share of the trust account. This demand must be made at the same time that the stockholder votes against the Acquisition proposal. If so demanded, and if the Acquisition is completed, we will convert each

share of common stock into a pro rata portion of the trust account in which a substantial portion of the net proceeds of our IPO are held, plus interest earned thereon but less any expenses incurred. However, if the holders of 16,560,000 or more IPO Shares, representing 40% or more of the total number of IPO Shares, exercise their conversion rights, then, in accordance with the terms of our charter and the documents governing the trust account, we will not consummate the Acquisition and your shares will not be converted. Based on the amount of cash held in the trust account, net of accrued taxes and expenses as of October 1, 2007, without taking into account any interest earned or expenses accrued after such date, you would be entitled to convert each share of common stock that you held for approximately \$9.70. If you exercise your conversion rights, then you will be converting your shares of our common stock for cash and will no longer own these shares. You will only be entitled to receive cash for these shares if you continue to hold these shares through the closing date of the Acquisition and then tender your stock certificate to us. If the Acquisition is not completed, then these shares will not be converted into cash. A stockholder who exercises conversion rights will continue to own any warrants to acquire our common stock owned by such stockholder as such warrants will remain outstanding and unaffected by the exercise of conversion rights. Prior to exercising conversion rights, our stockholders should verify the market price of our common stock as they may receive higher proceeds from the sale of their common stock in the public market than from exercising their conversion rights.

United States Federal Income Tax Consequences of the Acquisition

The following discussion summarizes the U.S. federal income tax consequences of the Acquisition to stockholders of Aldabra who are United States Persons (as defined in the Code) and hold their Aldabra stock as capital assets (generally, for investment). This discussion is based on the Code, Treasury Regulations promulgated thereunder, administrative pronouncements and judicial decisions as of the date hereof, all of which are subject to change, possibly with retroactive effect. This discussion does not address the potential application of the alternative minimum tax, any aspect of U.S. federal estate or gift taxes, or any state, local or non-U.S. tax laws. Aldabra does not intend to obtain an opinion of counsel with respect to the U.S. federal income tax consequences of the Acquisition. Accordingly, Aldabra stockholders should consult their personal tax advisor as to the tax consequences to them of the Acquisition.

Aldabra stockholders who do not exercise their conversion rights will continue to hold their Aldabra shares and, as a result, will not recognize any gain or loss for U.S. federal income tax purposes as result of the Acquisition.

However, Aldabra stockholders who exercise their conversion rights and receive consideration in exchange for their shares will recognize gain or loss to the extent that the consideration received by such stockholders is greater than or less than such stockholders' tax basis in their shares. An Aldabra stockholder's tax basis in its shares generally will equal the cost of such shares. A stockholder who purchased Aldabra's units will have to allocate the cost of the units between the shares and the warrants that comprised such units based on their fair market values at the time of purchase. Any gain or loss realized upon the conversion generally will be a capital gain or loss and will be long-term capital gain or loss if such stockholder's holding period in the shares is longer than one year. Long-term capital gains recognized by certain non-corporate holders may qualify for a reduced rate of taxation of 15% or less. The deductibility of capital losses may be subject to certain limitations.

Regulatory Matters

The Acquisition and the transactions contemplated by the purchase agreement are not subject to any federal, state or provincial regulatory requirement or approval, except for the filing and delivery of this proxy statement in connection with the special meeting of stockholders of Aldabra under the Exchange Act, and compliance under the HSR Act, which compliance has been met in that Aldabra

has received approval of its request for early termination of the HSR Act waiting period with respect to the Acquisition.

Consequences If the Acquisition Proposal Is Not Approved

If the Acquisition proposal is not approved by the stockholders, we will not acquire BPP and we will continue to seek other potential business combinations. If we do not consummate a business combination by June 19, 2009, our corporate existence will cease except for the purposes of winding up our affairs and liquidating, pursuant to Section 278 of the DGCL. This has the same effect as if our board of directors and stockholders had formally voted to approve our dissolution pursuant to Section 275 of the DGCL. Our charter limits our corporate existence to a specified date as permitted by Section 102(b)(5) of the DGCL, thereby removing the necessity to comply with the formal procedures set forth in Section 275 (which would have required our board of directors and stockholders to formally vote to approve our dissolution and liquidation and to have filed a certificate of dissolution with the Delaware Secretary of State).

Required Vote

The affirmative vote in favor of the Acquisition proposal by a majority of the IPO Shares that are voted at the meeting is required to adopt the Acquisition proposal. However, in accordance with our charter and the terms governing the trust account, we will not be able to complete the Acquisition if the holders of 16,560,000 or more IPO Shares, representing an amount equal to 40% or more of the total number of IPO Shares, vote against the Acquisition (and also contemporaneously demand that we redeem their shares for their pro rata portion of the trust account in which a substantial portion of the net proceeds of our IPO are held).

The Aldabra Insider Stockholders have agreed to vote, with respect to the Acquisition proposal only, their 10,350,000 Private Shares, representing an aggregate of 20% of the outstanding shares of Aldabra common stock, in accordance with the vote of the majority of the IPO Shares cast at the special meeting with respect to the Acquisition proposal. This voting arrangement does not apply to shares of Aldabra common stock purchased after the IPO in the open market by any of the Aldabra Insider Stockholders and does not apply to any proposal other than the Acquisition proposal.

The adoption of the Acquisition proposal is conditioned upon the approval of the closing charter amendment proposal, the amended and restated charter proposal and the election of directors proposal but not the Incentive Plan proposal or the adjournment proposal. The adoption of each of the other proposals, other than the adjournment proposal, is conditioned upon the adoption of the Acquisition proposal.

Recommendation

AFTER CAREFUL CONSIDERATION, ALDABRA'S BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE OR INSTRUCT YOUR VOTE TO BE CAST "FOR" THE ACQUISITION PROPOSAL.

INTERESTS OF CERTAIN PERSONS IN THE ACQUISITION

Aldabra

In considering the recommendation of the Aldabra board of directors to vote "FOR" the approval of the Acquisition and the adoption of the purchase agreement, the Aldabra stockholders should be aware that some of Aldabra's executive officers and members of its board of directors have interests in the Acquisition that are different from, or in addition to, the interests of Aldabra's stockholders generally. The members of the board of directors were aware of these differing interests and considered them, among other matters, in evaluating and negotiating the purchase agreement and the Acquisition and in recommending to the stockholders that they vote in favor of approving the Acquisition and adopting the purchase agreement. These interests include, among other things:

If the Acquisition is not approved and Aldabra is unable to complete another business combination by June 19, 2009, Aldabra will be forced to liquidate. In such event, the 10,350,000 shares of common stock held by Aldabra Insider Stockholders that were acquired prior to the IPO for an aggregate purchase price of \$25,000 (\$0.002 per share), will be worthless because Aldabra's Insider Stockholders have agreed that they will not receive any liquidation proceeds with respect to such shares. Such shares had an aggregate market value of \$97,600,500, based upon the last sale price of \$9.43 on the AMEX on October 19, 2007.

Messrs. Leight and Weiss, and/or family trusts affiliated with them, as well as the other members of the board of directors (Messrs. Albert, Berger and Rogel), currently intend to purchase securities of Aldabra in the open market in the time period between the filing of this proxy statement and the mailing of this proxy statement to Aldabra stockholders.

In addition to the shares of Aldabra common stock they purchased prior to the IPO, Messrs. Leight and Weiss each also purchased 1,500,000 warrants for an aggregate purchase price of \$3,000,000 (or \$1.00 per warrant) in a private placement simultaneously with the consummation of the IPO, pursuant to letter agreements among Aldabra, Lazard Capital Markets LLC and Messrs. Leight and Weiss. These agreements were entered into by Messrs. Leight and Weiss at a time when neither was in possession of any material non-public information relating to Aldabra. Such warrants had an aggregate market value of \$5,550,000, based on the last sale price of \$1.85 on the AMEX on October 19, 2007. If Aldabra is unable to complete a business combination within the prescribed time frames and is forced to liquidate its assets, there will be no distribution with respect to Aldabra outstanding warrants (including the Aldabra Insider Warrants and public warrants), and the warrants will thereby expire worthless.

If the Acquisition is completed, Messrs. Leight, Weiss, Albert and Berger will continue as directors of the post-Acquisition entity, Boise Paper Company. In addition, as non-executive directors, Messrs. Leight, Weiss, Albert and Berger each will receive any cash fees, stock options or stock awards that the Boise Paper Company's board of directors determines to pay its non-executive directors;

If Aldabra liquidates prior to the consummation of a business combination, Messrs. Leight and Weiss will be personally liable to pay debts and obligations, if any, to target businesses (that have not signed a waiver) or vendors or other entities that are owed money by Aldabra for services rendered or contracted for to the extent such creditors bring claims that would otherwise require payment from monies in the trust account in excess of the \$3,100,000 cap provided for in our charter. This arrangement was entered into to ensure that, in the event of liquidation, the trust account is not reduced by claims of creditors. Based on Aldabra's estimated debts and obligations, Aldabra does not currently expect that Messrs. Leight or Weiss will have any exposure under this arrangement in the event of liquidation.

Messrs. Leight and Weiss hold interests in MDCP IV of approximately 0.0124% (approximately 1/80th of 1%) and 0.0248% (approximately 1/40th of 1%), respectively, which give them indirect

Edgar Filing: Aldabra 2 Acquisition Corp. - Form PREM14A

holdings in the Seller since MDCP IV owns a controlling stake in the Seller. Such interests stem from Mr. Leight's \$500,000 capital commitment in MDCP IV and Mr. Weiss' \$1,000,000 capital commitment in MDCP IV. Based on MDCP IV's investment in the Seller in October 2004, and Mr. Leight's and Mr. Weiss' pro rata ownership level in MDCP IV, Mr. Leight and Mr. Weiss each has an indirect investment cost basis of \$55,789 and \$111,497, respectively, in the Seller (including the Seller's other businesses that are not a part of the Acquisition), prior to giving effect to the proposed transaction. Because of their indirect holdings in the Seller through MDCP IV, both Messrs. Leight and Weiss have a financial interest in the completion of the Acquisition.

In addition to their investment in MDCP IV, Mr. Leight, Mr. Weiss and/or trusts established for the benefit of their respective families also hold interests in MDCP V of approximately 0.01535% (approximately 1/65th of 1%) each. Such interests stem from capital commitments in MDCP V of \$500,000 by Mr. Leight, \$500,000 by a family trust established by Mr. Leight for the benefit of Mr. Leight's family, and \$1,000,000 by a family trust established by Mr. Weiss for the benefit of Mr. Weiss' family.

Messrs. Leight, Weiss, Berger and Souleles, and another principal of Madison Dearborn have served together on the board of directors of Great Lakes since December 2006.

Boise Paper Products

Aldabra shareholders should be aware that the current officers of BPP and those persons who will become directors upon consummation of the Acquisition have interests that are different from, or in addition to, the interests of Aldabra's stockholders generally. Alexander Toeldte, currently the executive vice president of the Seller's paper and packaging and newsprint segments, is expected to become BPC's chief executive officer and a director, and Robert M. McNutt, currently the vice president of investor relations and public policy for the Seller, is expected to become BPC's chief financial officer. Further, Samuel K. Cotterell, Miles A. Hewitt, Judith M. Lassa and Robert E. Strenge, all currently vice presidents of the Seller, are expected to become vice presidents of BPC. Each of Messrs. Toeldte, McNutt, Cotterell, Hewitt, Strenge and Ms. Lassa currently hold equity interests in Forest Products Holdings L.L.C. ("FPH"), the parent company of the Seller, under FPH's Management Equity Plan (the "MEP"). These officers hold Series B and Series C units in FPH. The Series B units and 50% of the Series C units held by these officers are subject to time vesting, and will be 60% vested as of December 31, 2007, with an additional 20% scheduled to vest on each of December 31, 2008 and December 31, 2009 (with pro rata vesting for portions of any year). As a result of the Acquisition, time vesting on the Series B units and 50% of the Series C units subject to time vesting will cease because these officers will no longer be employees of FPH or any of its subsidiaries. The 50% of the Series C units that are subject to performance vesting will instead automatically vest on the same schedule as the Series C units that were subject to time vesting.

The Acquisition will trigger a repurchase right exercisable by either FPH or other FPH investors within 90 days of the closing of the Acquisition. The repurchase price for vested Series B and Series C units is determined pursuant to a formula set forth in the management equity agreements that is based upon average 12-month EBITDA over the 36-month period ending on the month immediately preceding the determination date. All unvested Series B equity units are subject to repurchase at their original cost and all unvested Series C equity units will be forfeited without payment. The Acquisition will also trigger a put right by these officers with respect to the Series B or Series C equity units within 90 days of the closing of the Acquisition. The exercise price of these put rights is calculated in the same way as the repurchase price (explained above). It is expected that these officers will exercise this put option. We estimate that Messrs. Toeldte, McNutt, Cotterell, Hewitt, Strenge and Ms. Lassa would receive \$1,611,600, \$461,606, \$435,820, \$2,059,960, \$672,220 and \$631,720, respectively, in respect of their equity interests assuming the transaction had been consummated at December 31, 2006. For a more detailed discussion of these repurchase and put rights, please see "Compensation Discussion and Analysis Boise Paper Products Long-Term Incentive Compensation (Management Equity Plan)."

THE PURCHASE AGREEMENT

The following summary of material provisions of the purchase agreement is qualified by reference to the complete text of the purchase agreement, a copy of which is attached as Annex A to this proxy statement. All stockholders are encouraged to read the purchase agreement in its entirety for a more complete description of the terms and conditions of the Acquisition.

Structure of the Acquisition

Under the purchase agreement, at the closing of the Acquisition (and after giving effect to the transactions described below under "Contribution"), Aldabra will indirectly own through Buyer Sub 100% of the outstanding common units of Target, which will in turn own 100% of BPP, including 100% of the outstanding equity interests of the "Paper Group".

Contribution

Under the purchase agreement, the Seller will cause its parent company, FPH, to transfer to the Seller all of the issued and outstanding common units of the Target prior to closing. The Seller will then contribute and transfer to the Target all of the issued and outstanding common units or stock, as applicable, of the members of the Paper Group. The Seller will also contribute, assign and transfer, and cause certain of its affiliates to contribute, assign and transfer, to the Target or one of its subsidiaries certain assets and liabilities of the Seller and/or certain of its other affiliates related to the operation of the paper, packaging and newsprint, and transportation businesses of the Paper Group and their respective subsidiaries and most of the headquarters operations of the Seller and its subsidiaries. The headquarters operations include the business operations, support functions, and other activities conducted by the Seller and its subsidiaries at the Seller's headquarters office located at 1111 West Jefferson Street, Boise, Idaho (the "Headquarters Facility") (including all assets of the Seller and its subsidiaries located at the headquarters and any other assets of the Seller and its subsidiaries exclusively or primarily related to, or used exclusively or primarily in, the Headquarters Facility or the conduct of such activities), except those staff functions at the Headquarters Facility that are exclusively or primarily related to any of the other businesses of the Seller and/or any of its subsidiaries and certain other staff functions.

The Seller shall also contribute to the Target and/or one or more of its subsidiaries, cash and cash equivalents, which, together with cash and cash equivalents of the Target and its subsidiaries as of immediately prior to such contribution, causes the aggregate amount of cash and cash equivalents of the Target and its subsidiaries as of the Adjustment Calculation Time to be not less than \$38,000,000 (such contribution of cash and/or cash equivalents, the "Cash Contribution").

Purchase Price

The base purchase price is \$1,625,000,000 (subject to the purchase price adjustments described below under "Purchase Price Adjustments"), payable at closing in a combination of cash and shares of Aldabra common stock (and under certain conditions, a subordinated promissory note). See below "Payment of Estimated Total Purchase Price."

Payment of Estimated Total Purchase Price

At the closing, Buyer Sub shall pay to the Seller the estimated total purchase price by delivering to the Seller:

an aggregate amount in cash equal to (a) the aggregate amount of cash on hand of Aldabra and its pre-closing subsidiaries as of immediately prior to the closing, plus (b) the aggregate amount of cash held in the trust fund (excluding any portion of the trust fund to the extent paid or

Edgar Filing: Aldabra 2 Acquisition Corp. - Form PREM14A

payable to the holders of shares of Aldabra common stock in respect of which conversion rights have been properly exercised prior to the closing), plus (c) the aggregate cash proceeds received by Aldabra and/or its subsidiaries on or prior to the closing date in respect of the debt financing, minus (d) without duplication, fees and expenses payable by Aldabra and/or Buyer Sub at or prior to the closing in connection with the debt financing (to the extent such fees and expenses are approved by the Seller) and other fees and expenses incurred by Aldabra and/or Buyer Sub in connection with the Acquisition (e.g., the deferred underwriting discounts and commissions incurred by Aldabra in connection with its IPO and which are payable by Aldabra to its underwriters at the closing and fees and expenses of its attorneys, accountants and advisors) as well as other shared expenses (the net result derived from the foregoing clauses (a) (d), the "Cash Portion"); and

a number of shares of Aldabra common stock equal to the quotient determined by dividing (1) the Equity Value Amount by (2) the Average Trading Price, with such shares to be registered in the Seller's and/or its designee(s)'s name.

If the exercise of conversion rights or any payment by Aldabra and/or Buyer Sub to the Seller under the purchase agreement consisting of shares of Aldabra common stock would result in the Seller and its affiliates (at the time of any such contemplated payment and calculated assuming the repurchase and cancellation by Aldabra of all shares of Aldabra common stock for which conversion rights have been exercised) collectively holding more than 49% of the Aldabra common stock outstanding as of immediately after the closing (taking into account the shares of Aldabra common stock issued to the Seller under the purchase agreement at the closing, but (x) excluding any and all shares of Aldabra common stock issued upon exercise of the warrants and any and all shares of Aldabra common stock issued to any officers or employees of Aldabra and/or any of its post-closing affiliates and (y) calculated assuming the repurchase and cancellation by Aldabra of all shares of Aldabra common stock for which conversion rights have been exercised), then (A) in lieu of delivering to the Seller the portion of any such payment consisting of the aggregate number of shares of Aldabra common stock which would result in the Seller and its affiliates collectively holding more than 49% of the Aldabra common stock outstanding as of immediately after the closing (such number of shares of Aldabra common stock that would cause the Seller to hold more than 49% of the Aldabra common stock outstanding as of immediately after the closing, as determined by the Seller in good faith, the "Cash Pay Shares"), but without limiting any other payment due to the Seller under the purchase agreement, Aldabra shall, at its election, either (1) pay to the Seller an amount in cash equal to the product of (x) the aggregate number of Cash Pay Shares and (y) the Average Trading Price (such product, the "Alternative Payment Amount") or (2) deliver to the Seller an Acceptable Note (as defined below) in an aggregate principal amount equal to the Alternative Payment Amount, and (B) deliver to the Seller as and when due the remaining portion of any such payment consisting of the aggregate number of shares of Aldabra common stock that are not converted into the right to receive such a cash payment. Interest shall accrue on the Alternative Payment Amount at a rate per annum equal to the Acceptable Note Rate (as defined below) until such Alternative Payment Amount, together with such accrued but unpaid interest, is paid in full to the Seller.

An "Acceptable Note" under the purchase agreement means a transferable unsecured promissory note issued by Aldabra and each of its domestic subsidiaries to the Seller reflecting Aldabra's and such domestic subsidiaries' joint and several obligation to pay the Alternative Payment Amount to the Seller, together with interest thereon, and including the following terms and conditions: (A) the Seller's rights to receive amounts pursuant to the Acceptable Note shall be contractually subordinated only to the principal and interest repayment obligations of Aldabra and Buyer Sub with respect to the aggregate amount of the debt financing raised at closing in connection with the Acquisition, without any refinancing thereof; (B) Aldabra and each of its domestic subsidiaries shall be entitled to prepay the Acceptable Note in whole or in part in cash at any time without penalty; (C) interest shall accrue on

unpaid balances under the Acceptable Note at a rate per annum (the "Acceptable Note Rate") that is 200 basis points higher (and a default rate of interest that is 400 basis points higher) than the highest interest rate payable by Aldabra and its subsidiaries with respect to the debt financing raised by Aldabra and its subsidiaries at closing and shall be paid quarterly in cash (and, to the extent not so paid in cash in any quarter, will accrue and compound); (D) all principal and other obligations outstanding under any such Acceptable Note shall become immediately due and payable upon the earliest to occur of (1) 181 days after the scheduled maturity of the latest maturity date of the debt financing raised by Aldabra and its subsidiaries at closing, (2) upon any change-of-control (to be defined as mutually agreed) of Aldabra or Buyer Sub, (3) upon any refinancing of the debt financing outstanding as of immediately after the closing and (4) upon other customary repayment events and events of default (including cross-defaults under the debt financing agreements); and (E) other terms and provisions in form and substance reasonably satisfactory to Aldabra and the Seller.

Purchase Price Adjustments

No later than one business day prior to the closing, (i) the Seller will deliver to Aldabra the Seller's calculation of the estimated net working capital of the paper and packaging and newsprint businesses of the Seller as of the Adjustment Calculation Time and the estimated aggregate cash and cash equivalents of the Paper Group and its subsidiaries as of the Adjustment Calculation Time and (ii) Aldabra will deliver to the Seller Aldabra's calculation of the estimated net working capital of Aldabra and its subsidiaries as of the Adjustment Calculation Time. At the closing of the Acquisition, the estimated total purchase price of \$1,625,000,000 will be adjusted by (x) either adding the amount, if any, by which the estimated net working capital of the paper and packaging and newsprint businesses of the Seller is greater than \$329,000,000 or subtracting the amount, if any, by which the estimated net working capital of the paper and packaging and newsprint businesses of the Seller is less than \$329,000,000, (y) adding the estimated aggregate cash and cash equivalents of the Paper Group and its subsidiaries as of the Adjustment Calculation Time and (z) adding the amount, if any, by which the estimated net working capital of Aldabra and its subsidiaries is less than \$404,350,800.

Following the closing, the estimated total purchase price will be subject to reconciliation based upon the actual net working capital of the paper and packaging and newsprint businesses of the Seller, the actual aggregate cash and cash equivalents of the Paper Group and its subsidiaries and the actual net working capital of Aldabra and its subsidiaries (in each case as of the Adjustment Calculation Time) relative to the estimates therefore utilized in the calculation of the estimated total purchase price. In particular, as a result of the reconciliation procedures, the total purchase price will be determined as follows: (i) the base purchase price of \$1,625,000,000 will be adjusted by (x) either adding the amount, if any, by which the actual net working capital of the paper and packaging and newsprint businesses of the Seller (as determined by the post-closing reconciliation procedures) is greater than \$329,000,000 or subtracting the amount, if any, by which the actual net working capital of the paper and packaging and newsprint businesses of the Seller (as determined by the post-closing reconciliation procedures) is less than \$329,000,000, (y) adding the actual aggregate cash and cash equivalents of the Paper Group and its subsidiaries as of the Adjustment Calculation Time (as determined by the post-closing reconciliation procedures) and (z) adding the amount, if any, by which the actual net working capital of Aldabra and its subsidiaries is less than \$404,350,800 (as determined by the post-closing reconciliation procedures). If the estimated total purchase price is less than the total purchase price, Aldabra is required, within 5 business days after the total purchase price is finally determined, to pay the Seller an amount equal to such shortfall, which shortfall amount is payable by Aldabra's delivery of a number of shares of Aldabra common stock equal to the quotient determined by dividing (1) an amount equal to such shortfall by (2) the Average Trading Price. If the estimated purchase price is greater than the total purchase price, the Seller is required, within 5 business days after the total purchase price is finally determined, to pay Aldabra an amount equal to such excess,

which excess amount is payable by the Seller's delivery to Aldabra for cancellation of shares of Aldabra common stock which, when multiplied by the Average Trading Price, equals such excess amount.

Closing of the Acquisition

The closing of the Acquisition will take place on the second business day following the satisfaction or waiver of the conditions described below under " Conditions to the Completion of the Acquisition" (other than conditions which by their terms are to be, or can be, performed at the closing, which conditions shall be satisfied at the closing) or, at the Seller's election, on the first business day of the calendar month immediately following the satisfaction or waiver of all such conditions.

Amendment to Aldabra's Existing Charter

As a condition to the consummation of the Acquisition, Aldabra's existing charter will be amended to increase the number of authorized shares of Aldabra common stock from 100 million to 250 million. See "Proposal II Closing Charter Amendment."

Until the earlier of the closing of the Acquisition and the termination of the purchase agreement, each of Aldabra and Buyer Sub, on the one hand, and the Seller and the members of the Paper Group, on the other hand, will grant to the other and its authorized representatives reasonable access, during normal business hours and upon reasonable notice, to the personnel, properties, books and records of the other to the extent reasonably necessary for consummation of the transactions contemplated by the purchase agreement. Such obligation on the part of any providing party is not applicable when such access or disclosure:

would unreasonably interfere with the normal operations of the providing party;

does not occur in such a manner as the providing party reasonably determines to be appropriate to protect the confidentiality of the information sought;

would cause significant competitive harm to the providing party if the transactions contemplated by the purchase agreement are not consummated; or

would be in violation of applicable laws or regulations of any governmental entity (including any anti-competition laws) or the provisions of any agreement to which such party is a party.

Other than the designated contacts, neither Aldabra nor Buyer Sub is authorized to (and each will cause its employees, agents, representatives and affiliates not to) contact any officer, director, employee, franchisee, customer, supplier, lessor, lessee, licensor, distributor, lender or other material business relation of the Seller or any of its subsidiaries prior to the closing of the Acquisition without the prior written consent of the Seller.

In addition, during the two year period immediately following the closing of the Acquisition (other than with respect to protected trade secrets, which shall be considered confidential information of Aldabra for so long as such trade secrets remain protected trade secrets under applicable law), all confidential information of BPP or the Paper Group and their subsidiaries shall be deemed confidential information of Aldabra, and the Seller and its post-closing affiliates have agreed to keep such confidential information confidential and, without the prior written consent of Aldabra, to not use or disclose such confidential information other than to the extent required by applicable law or regulation and/or as contemplated by or permitted under any ancillary agreement between or among any of the parties.

Such letter may be supplemented, modified or updated by the Seller prior to the closing of the Acquisition with respect to matters first arising after the date of the purchase agreement. In addition, prior to the closing of the Acquisition, Aldabra may provide to the Seller any updates or changes with respect to the representations and warranties made by Aldabra and Buyer Sub for matters first arising after the date of the purchase agreement.

Fees and Expenses

Except as specifically provided in the purchase agreement, each of Aldabra and Buyer Sub, on the one hand, and the Seller, on the other hand, shall be responsible for payment of any fees and expenses incurred by it or its affiliates in connection with the transactions contemplated by the purchase agreement or otherwise required by applicable law. In addition, the purchase agreement provides that the Shared Expenses shall be borne 50% by the Seller, on the one hand, and 50% by Aldabra and Buyer Sub on the other hand, regardless of the party incurring such fees and expenses, including (i) the aggregate transfer taxes related to the transactions contemplated by the purchase agreement, (ii) the aggregate fees and expenses of the environmental consultants for environmental reports on the primary operating facilities of BPP (see below "The Purchase Agreement Phase I Reports"), (iii) aggregate filing fees under the HSR Act and for foreign antitrust filings, (iv) aggregate consent fees to third parties and governmental entities in connection with the transactions contemplated by the purchase agreement, and (v) aggregate fees and expenses incurred in connection with preparation of an allocation of the purchase price. Press Release and Announcements

The parties to the purchase agreement have agreed that, prior to the closing of the Acquisition, no public release or announcement concerning the transactions contemplated by the purchase agreement will be issued or made by or on behalf of any party without the prior consent of the other, except that:

The Seller and its subsidiaries may make announcements from time to time to their respective employees, customers, suppliers and other business relations and otherwise as the Seller may, after consultation with counsel, reasonably determine is necessary to comply with applicable law or the requirements of the existing debt financing arrangements; and

Each party may make such releases or announcements as required by law, rule or regulation of the SEC.

Termination

Causes of Termination

The purchase agreement may be terminated at any time prior to the closing of the Acquisition by mutual written consent of Aldabra and the Seller.

In addition, either Aldabra or the Seller may terminate the purchase agreement if:

stockholder approval of the Acquisition proposal, the closing charter amendment proposal, the amended and restated charter proposal, the election of directors proposal and the Incentive Plan proposal is not obtained or holders of 40% or more of the shares of Aldabra common stock issued in Aldabra's IPO exercise their conversion rights;

the transactions contemplated by the purchase agreement have not been consummated prior to September 7, 2008, but the party whose breach has prevented the consummation of such transactions will not be entitled to so terminate the purchase agreement; or

Edgar Filing: Aldabra 2 Acquisition Corp. - Form PREM14A

any governmental body or other entity institutes any suit or action challenging the validity or legality, or seeking to restrain the consummation of, the transactions contemplated by the purchase agreement.

Aldabra may terminate the purchase agreement if:

there has been a material violation or breach by the Seller or any member of the Paper Group of any covenant, representation or warranty contained in the purchase agreement such that any of the Aldabra's or Buyer Sub's conditions to closing cannot be satisfied prior to September 7, 2008, and such violation or breach has not been waived by Aldabra and such violation or breach is not capable of being cured or, if capable of being cured, shall not have been cured prior to the earlier of (i) 30 days after written notice of such violation or breach from Aldabra to the Seller and (ii) September 7, 2008.

The Seller may terminate the purchase agreement if:

there has been a material violation or breach by Aldabra or Buyer Sub of any covenant, representation or warranty contained in the purchase agreement such that any of the conditions to closing of the Seller and/or the Paper Group cannot be satisfied prior to September 7, 2008, such violation or breach has not been waived by the Seller and such violation or breach is not capable of being cured or, if capable of being cured, shall not have been cured prior to the earlier of (i) (30) days after written notice of such violation or breach from the Seller to Aldabra and (ii) September 7, 2008; or

this proxy statement has not been cleared by the SEC and mailed to Aldabra's stockholders before August 7, 2008 unless the failure to be cleared or be mailed prior to such date resulted from the Seller's failure to provide information;

Effect of Termination and Remedies

In the event of a termination of the purchase agreement by either Aldabra or the Seller, the purchase agreement will become void and of no further force or effect, except in connection with:

the provisions related to effect of termination and limitation on remedy;

the provisions described under "The Purchase Agreement Fees and Expenses"; and

the general provisions of the purchase agreement.

In addition, in the event of any such termination, there will be no liability or obligation on the part of any of the parties to the purchase agreement, except for:

liabilities or obligations arising from the provisions listed above, which will survive termination;

willful breaches of the purchase agreement prior to the time of such termination; and

in the case of Aldabra and Buyer Sub, the failure to deliver the estimated total purchase price as and when required under the purchase agreement.

Edgar Filing: Aldabra 2 Acquisition Corp. - Form PREM14A

In the event that the purchase agreement is terminated and there is liability on the part of Aldabra and/or Buyer Sub, the Seller has agreed that, without limiting the rights of the Seller to pursue a claim for or obtain a judgment against Aldabra for a willful breach of the purchase agreement, no recovery for such claim or judgment may be made by the Seller against the assets of the trust fund unless and until the assets of trust fund are released to Aldabra in connection with consummation of a "business combination" within the meaning of Aldabra's charter as in effect on the date of the purchase agreement.

Amendment and Waiver

The purchase agreement may be amended or any provision of the purchase agreement may be waived. However, such amendment or waiver will only be binding if it is in writing and executed by the party against whom enforcement is sought.

Assignment

The purchase agreement may not be assigned by any party without the prior written consent of the other parties to the purchase agreement; provided, however, that (i) the Seller may from time to time assign, without the consent of any other party to the purchase agreement, all or any portion of its rights, interests and/or obligations under this purchase agreement to a purchaser of assets of any segment of the Seller as long as the agreement by which any obligations of the Seller hereunder are assumed are by such purchaser in a written instrument that includes Aldabra as a third-party beneficiary thereof with respect to the Seller's obligations under this purchase agreement, (ii) any party to the purchase agreement may cause any of its affiliates to perform on its behalf any of such party's agreements and obligations under the purchase agreement and such performance by any of such party's affiliates shall be deemed to have satisfied such party's obligations under the purchase agreement to perform such agreements and/or discharge such obligations (as applicable) and (iii) each party to the purchase agreement may, without the consent of any other party, assign in whole or in part its rights under the purchase agreement for collateral security purposes to such party's financing sources.

Survival Period; Responsibility for Certain Liabilities

None of the representations and warranties and covenants requiring performance prior to the closing of the Acquisition will survive the closing, and no claim for breach of any such representation, warranty or covenant, detrimental reliance or other right or remedy (other than for common law actual fraud) may be brought after the closing of the Acquisition. Any covenant of any party under the purchase agreement that requires performance at or after the closing of the Acquisition shall survive the closing until the expiration of the statute of limitations for breach of contract with respect to such covenant.

In addition, Aldabra has agreed that, from and after the closing of the Acquisition, to the fullest extent permitted under applicable law, any and all rights, claims and causes of action it or any of its affiliates may have against the Seller or any current or former affiliate of the Seller and any officers, directors, employees, partners, stockholders, members, agents, attorneys representatives, successors and permitted assigns of the Seller or any of its affiliates relating to the operation of the Target or its subsidiaries or their respective businesses or relating to the subject matter of this purchase agreement, the Seller's disclosure letter and the transactions contemplated by the purchase agreement of any kind or nature are waived, other than (i) any claim based upon common law fraud or breach by the Seller of any covenant applicable to the Seller requiring performance at or after the closing contained in the purchase agreement or any of the ancillary agreements, (ii) any claim by any member of the Paper Group for indemnification against OfficeMax pursuant to and in accordance with the terms of the Purchase and Sale Agreement, dated as of July 26, 2004, by and among OfficeMax (formerly Boise Cascade Corporation), Minidoka Paper Company, Boise Southern Company, Forest Products Holdings, L.L.C., Boise Land & Timber Holdings Corp. ("Timber Holdings") and the other parties thereto from time to time (as amended, modified, supplemented or waived from time to time), or (iii) any claim against the Seller or its affiliates with respect to liabilities for which the Seller has expressly agreed to be responsible under the purchase agreement.

Indemnification of Directors and Officers

Aldabra and its subsidiaries shall maintain in effect for six years from the date of closing of the Acquisition directors' and officers' liability insurance covering those persons who at the closing of the Acquisition were directors, officers or employees of any member of the Paper Group and/or any of its subsidiaries and/or BPP and who are currently covered under any current directors' and officers' liability insurance policy of or with respect to BPP, any member of the Paper Group and/or any of their respective subsidiaries on terms not less favorable than such existing insurance coverage. In addition, the indemnification provisions of each member of the Paper Group's and its subsidiaries' constitutive documents as in effect at the closing of the Acquisition shall not be amended, repealed or otherwise modified for a period of six years from the closing date in any manner that would adversely affect the rights thereunder of individuals who at the closing were directors, officers or employees of any such entity and/or BPP.

Phase I Reports

Prior to the closing of the Acquisition, with respect to certain designated primary facilities of BPP, the Seller agreed to engage an environmental consultant to deliver to the Seller a phase I environmental report that meets the requirements of ASTM International's Standard Practice for Environmental Site Assessments: Phase I Environmental Site Assessment Process E1527-05 (collectively, "phase I reports"), with copies of such phase I reports to be provided to each of Aldabra and the lenders for the Debt Financing. The Seller agreed to cooperate with Aldabra in its review of the phase I report and, if any of such phase I reports reported a Recognized Environmental Condition ("REC") that (a) was not reported in any phase I reports, environmental reports and/or other due diligence information or documentation made available to Aldabra, Buyer Sub and/or any of their representatives prior to the date on which the purchase agreement was executed by the parties, (b) in the reasonable judgment of Aldabra or the Seller, was not covered by the indemnification obligations of the former owners of BPP under the agreements governing the 2004 Transaction, (c) would reasonably be expected to result in liability to Aldabra or its post-closing subsidiaries in excess of \$2,000,000, and (d) in the reasonable judgment of Aldabra or the Seller, had a material uncertainty as to the extent of the liability to Aldabra or its post-closing subsidiaries, then within 10 days after receipt of each such phase I report, either party under the purchase agreement could have requested that further investigation of any such REC be conducted by the environmental consultants engaged by the Seller or another contractor agreed upon by the parties (a "phase II investigation"). Such reports were delivered by the Seller to Aldabra, and no phase II investigation has been requested by Aldabra.

Reasonable Efforts; Notification

Each of the parties to the purchase agreement have agreed that they will use their respective reasonable best efforts to cause the closing of the Acquisition to occur; provided that the "reasonable best efforts" of the parties to the purchase agreement does not require any party or any of its subsidiaries, affiliates or representatives to expend any money to remedy any breach of any representation or warranty under the purchase agreement, to commence any litigation or arbitration proceeding, to offer or grant any material accommodation (financial or otherwise) or pay any material consent fee to any third party, to provide the Buyer financing for the transactions contemplated by the purchase agreement or to obtain any consent or approval from a governmental entity or other person or entity required for the transactions contemplated by the purchase agreement (other than, with respect to Aldabra and Buyer Sub, the Aldabra Stockholder Approval).

Prior to the closing of the Acquisition, each of Aldabra and the Seller have agreed to promptly notify the other parties to the purchase agreement if it obtains knowledge that any of the representations and warranties in the purchase agreement or the Seller's disclosure letter are not true and correct in all material respects, or if it obtains knowledge of any material errors in, or omissions from, the Seller's disclosure letter.

Financing

Each of Aldabra, Buyer Sub and the Seller agreed to use their respective reasonable best efforts to obtain as promptly as is reasonably practicable following the execution of the purchase agreement a debt commitment letter in favor of Aldabra and Buyer Sub from lenders reasonably satisfactory to Aldabra and the Seller, pursuant to which the lenders party thereto shall have agreed, subject to the terms and conditions set forth therein (which terms and conditions shall be reasonably satisfactory to Aldabra and the Seller), to lend to Aldabra and Buyer Sub at the closing of the Acquisition not less than \$946,000,000 for the purposes of funding, in part, payment of the Cash Portion of the estimated total purchase price, paying the fees and expenses of Aldabra and its subsidiaries relating to the transactions contemplated by this purchase agreement, satisfying any other obligations of Aldabra and its subsidiaries to be paid in cash on the closing date, and funding the ongoing operations of the Aldabra and its post-closing subsidiaries. The parties have agreed that the Debt Commitment Letter described under "Acquisition Financing" shall constitute the "Debt Commitment Letter" referenced in the purchase agreement.

From and after such time as the Debt Commitment Letter has been obtained, Aldabra and Buyer Sub have agreed that:

each of them will perform all obligations required to be performed by each of them under the Debt Commitment Letter;

each of them will use reasonable best efforts to maintain the Debt Commitment Letter in full force and effect, and will not amend, terminate or waive any provisions under such Debt Commitment Letter without the prior written consent of the Seller;

each of them will provide, from time to time, such information as the Seller may reasonably request regarding the status of such financings and related negotiations; and

Aldabra will provide prompt written notice to the Seller following its receipt of notification by any financing source under the Debt Commitment Letter or in connection with any substitute debt or other financing of such source's refusal or intended refusal to provide the financing described in the applicable Debt Commitment Letter and, in each case, the stated reasons therefore (if any) and shall use reasonable best efforts (including institution of suit) to require the counterparties to such Debt Commitment Letter to perform their obligations under the Debt Commitment Letter (including by the provision to Aldabra and Buyer Sub of the financing contemplated by the Debt Commitment Letter when required thereby).

Until the earlier of the closing of the Acquisition or the termination of the purchase agreement, the Seller will use its reasonable best efforts to instruct its and BPP's management to cooperate with Aldabra and Buyer Sub as reasonably requested by Aldabra in connection with Aldabra's arrangement of the debt financing (including by making appropriate officers available for participation in meetings, due diligence sessions and road shows, assistance in the preparation of offering memoranda, private placement memoranda, prospectuses and similar documents, as may be reasonably requested by Aldabra or any prospective lender to Aldabra and/or Buyer Sub).

The Seller has agreed to be responsible for the fees and expenses related to the debt financing regardless of whether the debt financing is obtained or the Acquisition is consummated. The purchase agreement expressly provides that, without limiting any of their other rights or remedies under the purchase agreement, the Seller and its affiliates have no obligation or liability of any nature (whether in relation to the exercise and/or discharge of their respective reasonable best efforts under any provision of the purchase agreement or otherwise) to consent to, agree to and/or otherwise approve any Debt Commitment Letter, the debt financing and/or any other debt financing for the Acquisition (including for purposes of the financing condition of the parties under the purchase agreement) and/or any terms and conditions with respect thereto, if the Seller reasonably disapproves of any fees, expenses or similar

amounts that may be required to be paid and/or assumed in connection therewith. The purchase agreement also provides that the Seller shall be deemed to be reasonable in disapproving any of the foregoing if (a) the fees and expenses for which the Seller would be responsible exceed amounts that would have been paid for a similar financing if committed to during the period from January 1, 2007 through June 30, 2007 or (b) any fees, expenses or similar amounts in respect thereof are required to be paid and/or assumed prior to the closing of the Acquisition (other than the reimbursement of customary and reasonable out-of-pocket expenses incurred by the counterparty to the Debt Commitment Letter).

Employee and Employee Benefit Matters

Effective as of immediately prior to the closing of the Acquisition, the Seller shall terminate (or cause to be terminated) the employment of all employees of the Seller (other than those that are already employed by a member of the Paper Group and/or any of their subsidiaries) whose services for the Seller are or were primarily dedicated to BPP (as opposed to the Seller's other Businesses) and certain other designated employees (collectively, the "eligible Seller employees"). Aldabra has agreed to offer, or cause one of its affiliates to offer, employment to each eligible employee on terms and conditions substantially comparable in the aggregate to those such employees had with the Seller and its subsidiaries immediately prior to the closing of the Acquisition. Eligible Seller employees who accept employment with Aldabra or one of its affiliates are referred to herein as "Transferred Employees."

Subject to Aldabra's compliance with provisions of the purchase agreement (including the requirement to make offers of employment to the eligible Seller employees), the Seller has agreed to remain responsible for any severance, change in control payments or parachute payments owed to any current or former employee of the Seller or any of its subsidiaries whose services for the Seller or its subsidiaries are or were primarily dedicated to BPP (collectively, together with other designated employees and including the employees of the Paper Group and their respective subsidiaries, the "BPP employees") that are payable solely as a result of the consummation of the transactions contemplated by the purchase agreement pursuant to the terms of any agreements, plans or programs entered into or sponsored by the Seller or any of its subsidiaries prior to the closing, except to the extent any such amounts are accrued for as a current liability in the net working capital computation.

Except as otherwise provided in the purchase agreement (e.g., the Seller's agreement above to be responsible for severance, change in control and parachute payments owed to BPP employees), Aldabra has agreed to assume and become solely responsible for all employment and employee benefit-related matters, obligations, liabilities and commitments of the Seller and its subsidiaries with respect to all BPP employees and their dependents and beneficiaries (regardless of when or where such matters, obligations, liabilities and commitments arose or arise or were or are incurred), under or with respect to any employee benefit plan sponsored or contributed to by the Seller or any of its subsidiaries.

In addition, Aldabra has agreed that:

if any Transferred Employee (other than union employees) is terminated without cause at any time within two years after the closing of the Acquisition, Aldabra shall, or shall cause one of its affiliates to, pay severance pay to such employee that is at least as much as the maximum cash severance such employee would have received under the applicable severance pay plan of the Seller in effect as of the closing date of the Acquisition (based on such employee's salary immediately prior to the closing date or, if greater, such employee's salary as of the date of termination) and aggregate service (taking service recognized under the Seller's severance programs and post-closing service with Aldabra into account) as of the date of termination, and such other amount as may be required under applicable law;

for at least one year following the closing date of the Acquisition, Aldabra will provide, or cause one of its affiliates to provide, to the Transferred Employees (other than union employees)

Edgar Filing: Aldabra 2 Acquisition Corp. - Form PREM14A

compensation and employee benefits that are in the aggregate substantially comparable to the compensation and employee benefits provided to such employees immediately prior to the closing of the Acquisition;

from and after the closing date of the Acquisition, Buyer will, or will cause one of its affiliates to, grant to all Transferred Employees credit for any service with the Seller, its affiliates (including any member of the Paper Group and/or any of its subsidiaries) and its predecessors earned prior to the closing date for purposes of (A) eligibility and vesting and (B) post-closing paid time off accrual and determination of severance amounts under any benefit plan, program or arrangement established or maintained by Aldabra or its affiliates (the "new Aldabra plans"). In addition, Aldabra (x) shall waive and cause its affiliates to waive for the Transferred Employees all pre-existing condition exclusion and actively-at-work requirements and similar limitations, eligibility waiting periods and evidence of insurability requirements under any new Aldabra plans that are employee welfare benefit plans, and (y) shall cause any deductibles, co-insurance and out-of-pocket covered expenses incurred on or before the closing date by any such employees (or dependent or beneficiary thereof) to be taken into account for purposes of satisfying applicable deductible, coinsurance and maximum out-of-pocket provisions after the closing date under any new Aldabra plan that is an employee welfare benefit plan;

as of the closing date of the Acquisition, Aldabra shall assume and pay, or cause one of its affiliates to assume and pay, when due, all liabilities and obligations of the Seller and its affiliates relating to accrued paid time off of the Transferred Employees to the extent such liabilities are not required by law or applicable collective bargaining agreements to be paid out by the Seller or such affiliate as of the closing date. The respective Transferred Employee shall be entitled to either use such paid time off on terms substantially similar to those in effect under the applicable collective bargaining agreement or paid time off policy of the Seller or any of its affiliates as of the closing date, or, consistent with such applicable collective bargaining agreement or paid time off policy, receive payment in respect of such accrued paid time off upon such employee's termination of employment with Aldabra or any of its affiliates;

as of the closing date of the Acquisition, Aldabra shall adopt a flexible benefit plan for the benefit of BPP employees that participate under the Seller's flexible benefit plan, which Aldabra plan shall be responsible for reimbursement of eligible health-care and dependent-care expenses incurred during the year in which the closing occurs by BPP employees (and their respective spouses and eligible dependents), to the extent such expenses have not previously been reimbursed under the Seller's flexible benefit plan. Similarly, on and after the closing date, Aldabra's health reimbursement account plan shall be responsible for reimbursement of eligible medical expenses incurred on or after January 1, 2007 by Transferred Employees (and their respective spouses and eligible dependents), to the extent such expenses have not previously been reimbursed under the Seller's health reimbursement account plan; and

Aldabra shall assume the Seller's liabilities and obligations to provide post-employment welfare benefit coverage to BPP employees who retired on or after October 29, 2004 or who have not yet retired, in accordance with all applicable collective bargaining agreements and the Seller's post-employment welfare benefit plans (provided, however, that Aldabra shall have the right (subject to applicable collective bargaining agreements) to modify or terminate such benefits at any time).

Prior to the closing date of the Acquisition, the Seller has agreed to establish 401(k) plans that mirror in all material respects the 401(k) plans currently sponsored by the Seller (such currently sponsored plans, collectively, the "Seller 401(k) plans"). The 401(k) plans established by the Seller as described in the immediately foregoing sentence are herein referred to as the "Spun-off 401(k) plans." On the closing date of the Acquisition, the Seller shall assign to Aldabra, and Aldabra shall assume

from the Seller, sponsorship of such Spun-off 401(k) plans, the Transferred Employees shall cease to participate in Seller 401(k) plans, and Aldabra shall provide to such employees the right to participate in the Spun-off 401(k) plans. As soon as is reasonably practicable following the closing date, the Seller shall cause the trustee of Seller 401(k) plan to transfer the account balances of the Transferred Employees (including any outstanding loans) from Seller 401(k) plan to the Spun-off 401(k) plan in accordance with applicable law.

Effective as of the closing date of the Acquisition, the Seller has agreed to assign to Aldabra and Aldabra has agreed to assume from the Seller, sponsorship of certain pension plans (including plans to be spun off from specified existing pension plans of the Seller relating to the portion of such plans attributable to BPP employees) and all liabilities and obligations arising thereunder or related thereto. In addition, effective as of the closing, Aldabra has agreed to create, for BPP employees, plans that in the aggregate are substantially comparable to the Seller's supplemental pension plan and the Seller's supplemental early retirement plan. For purposes of determining benefits under the new Aldabra plans, Aldabra shall provide participants in such plans with a past service credit reflecting such participants' service for the Seller and its affiliates and their respective predecessors, without duplication of any benefit accrued under the Seller's supplemental pension plans. From and after the closing, Aldabra shall assume and fully satisfy all obligations that exist as of the closing date under the Seller's supplemental pension plans with respect to BPP employees.

Use of Cash and Other Assets by the Seller

Nothing in the purchase agreement prevents, or is to be construed to prevent, the Seller or any of its affiliates from (i) using cash and/or cash equivalents of any member of the Paper Group, any of their respective subsidiaries and/or BPP as it deems fit (including by causing the distribution by any of the foregoing of its cash and/or cash equivalents to the Seller or any other person or entity or the repayment of indebtedness of the Seller and/or any of its affiliates) and/or (ii) transferring and/or otherwise distributing to the Seller and/or any of its post-closing affiliates any assets and/or properties of any member of the Paper Group and/or any of its subsidiaries not primarily held for use in the operation of BPP). Notwithstanding the foregoing, the Seller shall cause the aggregate amount of cash and cash equivalents of the Paper Group and its Subsidiaries as of the Adjustment Calculation Time to be not less than \$38,000,000.

Cancellation of Inter-Company Services; Insurance Matters

Except as contemplated by the ancillary agreements (including the outsourcing agreement) entered by and/or among parties to the purchase agreement (and/or certain of their affiliates) or as otherwise expressly provided in the purchase agreement, from and after the closing of the Acquisition, all services (including cash management and treasury, accounting, tax, insurance, human resources, environmental, banking, legal, data network and other services) provided to the Paper Group, their respective subsidiaries and BPP by the Seller or any of its affiliates, including any agreements or understandings (written or oral) with respect thereto, will terminate without liability on the part of the parties thereto and inter-company accounts from the Seller or any of its affiliates to any of the Paper Group, their respective subsidiaries and/or BPP shall be terminated without liability to the Seller or such affiliates (other than accounts receivable and accounts payable arising in the ordinary course of business).

Aldabra and Buyer Sub each agree to arrange for its own insurance policies with respect to the Paper Group, their respective subsidiaries and BPP covering all periods beginning after the closing of the Acquisition and agrees not to seek, through any means, to benefit from any of the insurance policies maintained by the Seller or its affiliates which may provide coverage for claims relating in any way to the Paper Group, their respective subsidiaries and/or BPP on or prior to the closing, except that from and after the closing, the Seller shall, to the extent commercially practicable, assist Aldabra and its subsidiaries in submitting all general liability and casualty loss claims against or relating to the Paper

Group for which insurance coverage is then available under certain specified insurance policies for coverage thereunder to the extent such claims relate to events occurring prior to the closing (subject to Aldabra satisfying any deductibles, self-insured retentions and other retained amounts on insurance coverage with respect to such claims).

Similarly, from and after the closing of the Acquisition, Aldabra shall, to the extent commercially practicable, assist the Seller and the Seller's post-closing affiliates in submitting all general liability and casualty loss claims against or relating to the Seller and/or any of the Seller's post-closing affiliates for which insurance coverage is then available to any such entities under certain specified insurance policies and/or any other insurance policies owned by or transferred to any member of the Paper Group prior to the closing for coverage thereunder to the extent such claims relate to events occurring prior to the Closing (subject to the Seller satisfying any deductibles, self-insured retentions and other retained amounts on insurance coverage with respect to such claims).

Headquarters Lease

Currently, the Seller's headquarters offices house both the headquarters operations of BPP and the Seller's other businesses. Prior to the closing of the Acquisition, the parties shall use their respective reasonable best efforts to: (i) cause the current lease for the headquarters facility to be terminated without any further liability to the Seller and/or any of its affiliates effective as of the closing and, in replacement thereof, cause the landlord under the lease to enter into two separate replacement leases, with each of Aldabra and the Seller entering into separate leases in respect of the portion of the headquarters facility to be utilized by each of them following the closing (as mutually agreed upon by the parties); (ii) in the event that landlord does not agree to split the current lease as contemplated above, the parties will seek to have the current lease assigned to Aldabra on terms reasonably acceptable to the parties and to have Aldabra and the Seller enter into a mutually agreeable sublease under which the Seller shall sublease from Aldabra the portion of the existing headquarters facility to be utilized by it following the closing; or (iii) in the event that the landlord does not consent to either of the transactions described above, Aldabra and the Seller have agreed to enter into a sublease under which Aldabra shall sublease from the Seller the portion of the existing headquarters facility to be utilized by it following the closing on mutually agreeable terms.

Consents

Each of Aldabra and the Seller have agreed to use reasonable best efforts to obtain all required consents of third parties and governmental entities in connection with the transactions contemplated by the purchase agreement and that all fees and expenses related to all such consents shall be shared equally by Aldabra and the Seller. Aldabra and the Seller have also agreed that neither of them would be responsible for paying more than one-half of \$5,000 for any consent fee or related expense without the consent of both parties, unless one party agrees to bear the portion of the consent fee or expense in excess thereof. Under the purchase agreement, we have acknowledged consents may not be obtained by the parties prior to closing and that the Seller and its subsidiaries shall not be obligated to transfer, contribute or assign any contract, permit or other asset to Aldabra or any member of the Paper Group until such time as all consents necessary for the legal transfer and/or assumption thereof are obtained or delivered. If the transfer, sale or assignment of any contract, permit or other asset intended to be transferred, contributed or assigned hereunder is not consummated at the closing of the Acquisition, the Seller has agreed to, unless otherwise agreed in writing by Aldabra, thereafter hold such contract, permit or other asset for the use and benefit, insofar as commercially reasonably practicable and to the extent it may lawfully do so, of Aldabra (at Aldabra's expense), with the intent that all the benefits and burdens relating to such contract, permit or other asset, including possession, use, risk of loss, potential for gain, and dominion, control and command over such asset, are to inure from and after the closing date of the Acquisition to Aldabra and the Paper Group. Until any such contract, permit or other asset

is transferred, contributed, or assigned to Aldabra, Aldabra has agreed to indemnify the Seller and its subsidiaries from all such liabilities as though such contract, permit or other asset had been transferred, contributed or assigned at the closing of the Acquisition.

Regulatory Compliance

Aldabra and the Seller each had agreed to file or cause to be filed within 30 days following the date on which the purchase agreement was executed, any notifications or the like required to be filed under the HSR Act and other anti-competition laws with respect to the transactions contemplated by the purchase agreement, to use their respective reasonable best efforts to respond to any requests for additional information made by any agencies and to cause the waiting periods or other requirements under the HSR Act and all other applicable anti-competition laws to terminate or expire at the earliest possible date and to consult with the other prior to any meetings or other contacts with any regulatory agency. Aldabra has received approval of its request for early termination of the HSR Act waiting period with respect to the Acquisition.

Responsibility for Liabilities of Boise Paper Products

Except as expressly set forth in the purchase agreement with respect to certain liabilities for outstanding checks written by the Seller or any of its affiliates with respect to BPP, from and after the closing of the Acquisition, Aldabra will, and will cause its subsidiaries (including the members of the Paper Group and their respective subsidiaries) to, pay and perform when due or obligated, all obligations, liabilities and commitments of any nature arising out of or relating to the assets, business and/or operation or conduct of BPP (whether conducted by the members of the Paper Group and their respective subsidiaries and their respective predecessors prior to and on the closing date and/or Aldabra and its affiliates (including the members of the Paper Group and their respective subsidiaries) after the closing date), other than (i) those obligations, liabilities and commitments for which the Seller and its post-closing affiliates have agreed to be responsible under the purchase agreement or any of the ancillary agreements contemplated thereby and (ii) certain liabilities retained by the former owners of BPP under the agreements governing the 2004 Transaction.

Support Obligations

Aldabra has agreed to use its reasonable best efforts to effect the full and unconditional release of the Seller and its affiliates from all credit support obligations they have provided to the Paper Group, their subsidiaries and/or BPP, including by the issuance, to the beneficiaries thereof, in sufficient amount of letters of credit, guaranties, cash collateral and/or other credit support as would reasonably be expected to cause the release of the credit support obligations that may have been provided by the Seller and its affiliates. If Aldabra is not successful in obtaining the complete and unconditional release of the Seller and its affiliates from such credit support obligations prior to the closing, then Aldabra has agreed to continue to try to obtain such release after closing and to indemnify the Seller and its affiliates from and against any and all liability incurred by any of them in connection with such support obligations.

Prior to the later to occur of (i) the date on which all of the credit support obligations described above have been fully and unconditionally released and (ii) the date on which the Seller has no more obligations owing to Aldabra and/or Buyer Sub under the purchase agreement, each of Aldabra and Buyer Sub agrees not to assign, sell, transfer or convey all or any portion of the equity interests in any of the members of the Paper Group, in each case without the assignment to the transferee of the rights of Aldabra under the purchase agreement and the assumption in writing by the transferee of the obligations of Aldabra and Buyer Sub under this purchase agreement.

Cooperation

Some ancillary agreements to be entered into between and/or among of the parties to the purchase agreement in connection with the closing of the Acquisition were not finalized prior to the execution of the purchase agreement. Such forms have required and/or will require input and cooperation from employees and representatives of the Seller and its subsidiaries that were not privy to the terms and conditions of the transactions contemplated by the purchase agreement prior to its signing (in order to preserve the confidentiality of the transactions contemplated by the purchase agreement) and then review by Aldabra and the Seller. The parties agreed to consider in good faith any changes or revisions proposed by the other to the forms of the such agreements and any changes or revisions thereto to reflect comments and proposals of those persons described above whose input is necessary to finalize such agreements.

Mutual Non-Solicitation Period

Except as otherwise set forth in the outsourcing agreement, during the three-year period beginning on the closing date of the Acquisition, the Seller has agreed that it will not, and will cause its post-closing subsidiaries not to, induce or attempt to induce any BPP employee to leave the employ of Aldabra or its affiliates, interfere with the relationship between Aldabra and its affiliates and any such employee or employ, or otherwise engage as an independent contractor, any executive employee of Aldabra or its affiliates; provided that the Seller and its subsidiaries shall not be restricted (x) in any general solicitation for employees (including through the use of employment agencies) not specifically directed at such individuals or having discussions with any such individuals who contact the Seller or any of its subsidiaries to initiate employment discussions, (y) in hiring any person who responds to any such general solicitation or any person who contacts the Seller or any of its subsidiaries to initiate employment discussions, or (z) from inducing or hiring any person that terminated his or her employment with Aldabra or its affiliates at least two months prior to the date of such solicitation or hiring.

Similarly, except as otherwise set forth in the outsourcing agreement, during the three-year period beginning on the closing date of the Acquisition, Aldabra has agreed that it will not, and will cause its subsidiaries not to, (a) induce or attempt to induce any employee of the Seller or any of its affiliates (other than BPP employees) to leave the employ of the Seller or its affiliates, interfere with the relationship between the Seller and its affiliates and any such employee, or employ, or otherwise engage as an independent contractor, any executive employee of the Seller or its affiliates; provided that Aldabra and its subsidiaries shall not be restricted (x) in any general solicitation for employees (including through the use of employment agencies) not specifically directed at employees of the Seller or its affiliates or having discussions with any employees of the Seller or its affiliates who contact Aldabra or any of its subsidiaries to initiate discussions, (y) in hiring any person who responds to any such general solicitation or any person who contacts Aldabra or any of its subsidiaries to initiate employment discussions, or (z) from inducing or hiring any person that terminated his or her employment with the Seller or its affiliates at least two months prior to the date of such solicitation or hiring.

Shared Contracts

There are contracts, understandings or agreements to which the Seller or one or more of its subsidiaries is a party that contains terms that are relevant to, are for the benefit of and/or impose obligations on the Seller and its subsidiaries with respect to both BPP and one or more of the Seller's other businesses (such contracts, understandings and arrangements being collectively referred to herein as "shared contracts"). Under some of those shared contracts, Aldabra and its post-closing affiliates will cease to have any rights or obligations from and after the closing of the Acquisition, unless expressly agreed. Under other shared contracts, the parties have agreed that they will cooperate and

assist the other regarding a split of each such contract that, as nearly as practicable, approximates the rights and obligations of BPP and the Seller's other businesses with respect to such contract, and to the extent a split contract is not obtained prior to closing, then from and after the closing until any such contract expires or is terminated, to the extent permitted by law and under the terms of such contract, the parties shall cooperate with each other and use reasonable best efforts to perform and operate under such contract in a manner that as nearly as practicable approximates the obligations and benefits of BPP and the Seller's other businesses with respect to such ongoing shared contract.

Responsibility for Certain Actions

Aldabra has agreed to cause Buyer Sub to perform all of its obligations and agreements under this purchase agreement. In addition, Aldabra has agreed that, from and after the closing of the Acquisition, it shall cause each of its post-closing subsidiaries (including the Paper Group) to comply with each of the terms of the ancillary agreements to the purchase agreement to which it is party or subject.

Treatment of Conversion Rights

Aldabra will take action such that each issued and outstanding share of Aldabra common stock that is held by a stockholder who has voted against the Acquisition and who, in accordance with the Aldabra amended and restated charter, has contemporaneously with such vote exercised and not withdrawn his, her or its right to convert his, her or its share of Aldabra common stock into cash upon consummation of the Acquisition shall be paid from the trust fund the portion of the trust fund to which such holder is entitled or from Aldabra to the extent any such amounts are distributed to Aldabra. Shares of Aldabra common stock in respect of which conversion rights have been exercised shall from and after the closing of the Acquisition represent only the right to receive the portion of the trust fund to which such holder is entitled under Aldabra's amended and restated charter, and upon payment of any such amounts, Aldabra shall cause such shares of Aldabra common stock to be canceled and no longer outstanding.

Seller Noncompetition

From and after the closing of the Acquisition, during the period beginning on the closing date and ending on the earlier of (i) the third anniversary of the closing date and, (ii) with respect to the Seller or any of its subsidiaries (as applicable), the date that a person or group of related persons (other than Madison Dearborn Partners IV, L.P. or an affiliate thereof) owns or acquires (directly or indirectly) equity securities of such entity that represent more than 50% of the ordinary voting power entitled to vote in the election of such entity's board of directors or managers (as applicable), the Seller will not and will cause its subsidiaries not to, build and operate any greenfield plants for the production of uncoated free sheet paper or linerboard mills corrugated containerboard, anywhere within the United States; provided that no such entity will be considered to be in breach of its obligations under the noncompetition provision of the purchase agreement by virtue of its or their (a) engaging in the Seller's other businesses or activities reasonably related thereto, (b) ownership of Aldabra common stock, (c) ownership of less than 5% of the outstanding stock of any publicly-traded corporation, or (d) acquisition of any entity or business that is engaged in a business that competes with BPP.

Governing Law

The purchase agreement is governed by the laws of the State of Delaware.

Further Assurances

Each party to the purchase agreement has agreed that it will execute and deliver, or cause to be executed and delivered, all such documents and instruments and will take, or cause to be taken, all such further or other actions, as such other party may reasonably deem necessary or desirable to consummate the transactions contemplated by the purchase agreement on the terms described in the purchase agreement.

Tax Matters

The aggregate transfer taxes related to the transactions contemplated by the purchase agreement shall be borne 50% by the Seller, on the one hand, and 50% by the Buyer and Buyer Sub, on the other hand, regardless of the party to which the transfer tax is imposed.

From and after the closing date of the Acquisition, Aldabra and its affiliates shall have the right to amend any tax return previously filed with respect to BPP or any member of the Paper Group or its subsidiaries for any pre-closing tax period (i) to the extent such tax return is with respect to any entity that was at the time of filing such tax return and at the closing treated as a C-corporation for U.S. federal income tax purposes and (ii) in any other circumstance provided that the filing of any such amended tax return shall not cause or result in any increased liability for taxes on the part of the Seller or any owner (whether direct or indirect) of the Seller or any of the Seller's affiliates, unless the Seller consents in writing (such consent not to be unreasonably withheld where the incurred liability is not material). Notwithstanding the above, Aldabra and its affiliates may not amend any income tax return of the Seller or any owner (whether direct or indirect) of the Seller or any of the Seller's affiliates.

In addition, from and after the closing date of the Acquisition, Aldabra shall not, and shall cause the members of the Paper Group and their respective subsidiaries not to, make any election under Section 338 of the Code with respect to any member of the Paper Group and/or any of its subsidiaries if such election would give rise to any liability to the Seller or any of its affiliates, including any tax liability or any liability under the purchase agreement.

Following the closing, Aldabra shall be responsible for all taxes of BPP (whether related to periods ending prior to, on or after the closing).

Agreements Related to the Purchase Agreement

Investor Rights Agreement

In connection with the Acquisition and as a condition for its completion, Aldabra, certain Aldabra stockholders who are directors and/or officers of Aldabra or affiliates of such officers or directors including Mr. Weiss (and/or affiliated entities), and Mr. Leight (and/or affiliated entities), Terrapin Partners Venture Partnership (an affiliate of Messrs. Leight and Weiss), Terrapin Partners Employee Partnership (an affiliate of Messrs. Leight and Weiss), Mr. Berger, Mr. Rogel, Mr. Albert, and the Seller will enter into an investor rights agreement.

The investor rights agreement will provide for registration rights for the parties to the agreement, including the Seller with respect to its Seller Registrable Securities and Aldabra's current officers and directors with respect to their Aldabra Registrable Securities, as well as with any other persons who become parties to the agreement in the future and are deemed to hold Other Registrable Securities.

From and after the closing date of the Acquisition, holders of at least a majority of the Seller Registrable Securities, or Aldabra Registrable Securities, as the case may be, will have the right to demand registration under the Securities Act of all or any portion of their registrable securities, subject to amount and time limitations. Holders of a majority of the Seller Registrable Securities may demand five long-form registrations and an unlimited number of short-form registrations, while holders of

Aldabra Registrable Securities may demand two long-form registrations and an unlimited number of short-form registrations; provided that, in the case of any long-form registration, the aggregate offering value of the registrable securities requested to be registered in such long-form registration must equal at least \$25,000,000, and, in the case of any short-form registration, the aggregate offering value of the registrable securities requested to be registered in such short-form registration must equal at least \$5,000,000. Additionally, whenever Aldabra proposes to register any of its securities under the Securities Act and the registration form to be used may be used for the registration of registrable securities, holders of Aldabra Registrable Securities, Seller Registrable Securities or Other Registrable Securities will have the right to request the inclusion of their registrable securities in such registration pursuant to piggyback registration rights granted under the investor rights agreement.

Pursuant to the investor rights agreement, the holders of a majority of the Seller Registrable Securities will have the right to nominate for election to Aldabra's board a number of directors proportional to the voting power represented by the shares of Aldabra common stock that the holders of Seller Registrable Securities own until such time as the holders of Seller Registrable Securities own less than 5% of the voting power of all of the outstanding capital stock of Aldabra. Similarly, pursuant to the investor rights agreement, the holders of a majority of the Aldabra Registrable Securities will have the right to nominate to be elected to Aldabra's board a number of directors proportional to the voting power represented by the shares of Aldabra common stock that the holders of Aldabra Registrable Securities own until such time as the holders of Aldabra Registrable Securities own less than 5% of the voting power of all of the outstanding capital stock of Aldabra.

Holders of registrable securities representing at least 5% of Aldabra's common stock will have information and inspection rights with respect to Aldabra and its subsidiaries (including the right to receive copies of quarterly and annual consolidated financial statements of Aldabra and copies of annual budgets and the right to visit and inspect any of the properties and to examine the corporate and financial records of Aldabra and its subsidiaries). Additionally, the investor rights agreement sets forth affirmative and negative covenants to which Aldabra will be subject to as long as the holders of Seller Registrable Securities own at least 33% of the shares of Aldabra common stock issued to the holders of Seller Registrable Securities as of the closing date of the Acquisition. The negative covenants restrict Aldabra and/or its subsidiaries from conducting certain activities or taking certain actions without the affirmative written consent of the holders of a majority of the Seller Registrable Securities then outstanding, including, without limitation, making distributions on its equity securities, redemptions, purchases or acquisitions of its equity securities, issuances or sales of equity securities, securities exchangeable or convertible for equity securities, debt or convertible or exchangeable debt securities, loans, advances or guarantees, mergers and acquisitions, asset sales, liquidations, recapitalizations, non-ordinary business activities, changes of organizational documents, change of arrangements with its officers, directors, employees and other related persons, incurrence of indebtedness for borrowed money or capital leases above specified thresholds and a sale of Aldabra. Pursuant to the affirmative covenants, unless the holders of a majority of the Seller Registrable Securities then outstanding have otherwise consented in writing, Aldabra and each of its subsidiaries is required to perform certain activities, including, without limitation, preservation of its corporate existence and material licenses, authorizations and permits necessary to the conduct of its business, maintenance of its material properties, discharge of certain statutory liens, performance under material contracts, compliance with applicable laws and regulations, preservation of adequate insurance coverage, and maintenance of proper books of record and account.

In addition, the investor rights agreement sets forth additional affirmative covenants to which Aldabra and its subsidiaries will be subject during any period(s) in which the Seller and/or any person or entity affiliated with the Seller is required to consolidate the results of operations and financial position of Aldabra and/or any of its subsidiaries or to account for its investment in Aldabra under the equity method of accounting (determined in accordance with GAAP and consistent with the SEC

reporting requirements), including, without limitation: (i) maintaining disclosure controls and procedures and internal control over financial reporting as defined in Exchange Act Rule 13a-15; (ii) maintaining a fiscal year that commences and ends on the same calendar days as Seller's fiscal year commences and ends, and maintaining monthly and quarterly accounting periods that commence and end on the same calendar days as Seller's monthly and quarterly accounting periods commence and end; (iii) delivering monthly, quarterly and annual financial statements and other financial information in a form and within specified time periods such that Seller can properly satisfy its reporting obligations under the Exchange Act and applicable law; (iv) submitting for review and comment by Seller prior to its filing with the SEC, certain information and related filings of Aldabra and its subsidiaries (including, without limitation, financial statements of Aldabra and its subsidiaries); and (v) cooperating fully with (including, without limitation, by providing any information reasonably requested by the Seller) the Seller in the preparation of any of the Seller's public earnings or other press releases, quarterly reports on Form 10-Q, annual reports to its stockholders, annual reports on Form 10-K, any current reports on Form 8-K and any other proxy, information and registration statements, reports, notices, prospectuses and any other filings made by the Seller with the SEC, any national securities exchange or otherwise made publicly available.

Contribution Agreement

In connection with the Acquisition and as a condition for its completion, prior to the closing of the Acquisition, the Seller and the Target will enter into a contribution agreement pursuant to which the Seller will contribute, and cause certain of its subsidiaries to contribute, to the Target certain assets of the Seller and its subsidiaries to the extent predominantly used in the operation of BPP, and the Seller shall assign, and cause certain of its subsidiaries to assign, to the Target, and the Target shall assume from the Seller and certain of its subsidiaries, certain liabilities related to the operation of BPP, the contributed assets and/or the Paper Group.

Timber Procurement and Management Agreement

In connection with the Acquisition and as a condition for its completion, prior to the closing of the Acquisition, Louisiana Timber Procurement Company, L.L.C. ("LTPC") shall be formed as a limited liability company in the State of Delaware. LTPC will be managed as a joint venture between Aldabra and the Seller. In connection with the Acquisition and as a condition for its completion, each of BP&N and Boise Building Solutions Manufacturing, L.L.C. ("BBSM"), a post-closing subsidiary of the Seller, will (i) become members of the LTPC, with each owning 50% of the outstanding units, and (ii) enter into a timber procurement and management agreement with LTPC pursuant to which LTPC will manage the procurement for each of BP&N and BBSM of their respective requirements for saw logs and pulpwood for BP&N's pulp and paper mill in DeRidder, Louisiana, and for BBSM's plywood mills in Oakdale, Louisiana and Florien, Louisiana.

Intellectual Property License Agreement

In connection with the Acquisition and as a condition for its completion, Aldabra (on behalf of itself and its affiliates) and the Seller (on behalf of itself and its affiliates) will enter into an intellectual property license agreement pursuant to which the Seller will provide Aldabra a royalty-free, fully-paid, worldwide, non-transferable (except under certain circumstances (e.g., to any affiliate or a successor-in-interest to BPP)) and exclusive right and license (subject to specified retained rights of the Seller) to use specified trademarks of the Seller in connection with the operation of BPP (on the terms and conditions set forth therein).

Outsourcing Agreement

In connection with the Acquisition and as a condition for its completion, Aldabra and the Seller will enter into an outsourcing services agreement. Pursuant to this agreement, the parties will provide administrative services, such as information technology, accounting, financial management, and human resources services, to each other for a price equal to the provider's fully allocable cost. The initial term of the agreement is for three years. It will automatically renew for one-year terms unless either party provides notice of termination to the other party at least 12 months in advance of the applicable term.

Because the headquarters operations (including a majority of legacy corporate functions) of the Seller are being purchased by Aldabra as part of the Acquisition, substantially all of the services provided under this agreement will be provided to the Seller by BPC. The provision of services to the Seller by BPC is important to the operating success of the Seller. Either the Seller or Aldabra may terminate the agreement before its expiration only if (i) the Seller has failed to pay undisputed invoiced amounts due on three consecutive monthly invoices or for a total of 100 days; and (ii) after receipt of notice of the other party's intent to terminate the agreement the party receiving such notice has failed to cure such default. A party that is receiving services pursuant to the agreement may terminate the agreement with respect to the services that it receives (but not with respect to the services it provides) at any time without cause. If the Seller terminates the agreement with respect to the services that it receives without cause during the three-year initial term, it will be required to pay BPC a termination fee that decreases over time. BPC will not be required to pay any termination fee if it terminates the agreement with respect to the services that it receives at any time during the term of the agreement.

ACQUISITION FINANCING

The Debt Commitment Letter

Buyer Sub has obtained a commitment from GSCP to provide, subject to customary and other conditions:

a six-year amortizing \$250.0 million senior secured Tranche A term loan;

a seven-year amortizing \$475.0 million senior secured Tranche B term loan;

a six-year non-amortizing \$250.0 million senior secured revolving credit facility (together with the Tranche A term loan and Tranche B term loan, the "first lien facilities"); and

an eight-year non-amortizing \$200.0 million second lien term loan facility, which amount will be increased to up to \$260.7 million, as needed, to fund, in part, the cash portion of the Acquisition purchase price (the "second lien facility"). The size of the second lien facility will depend on the percentage of holders of IPO shares electing to exercise conversion rights.

The incremental \$60.7 million of additional borrowings under the second lien facility (the "Incremental Amount") will be made available to fund a portion of the cash purchase price to the extent holders of IPO Shares elect to exercise conversion rights, as follows: (i) any Incremental Amount resulting from the election of conversion rights with respect to up to 10% of the IPO Shares will be funded with additional loans made under the second lien facility; (ii) 50% of any Incremental Amount resulting from the election of conversion rights with respect to more than 10% but no more than 20% of the IPO Shares will be funded by additional loans made under the second lien facility and the remaining 50% of such Incremental Amount will be funded (in lieu of cash in such amount that would otherwise be paid to the Seller) by receipt by the Seller of additional Aldabra common stock; (iii) any Incremental Amount resulting from the election of conversion rights with respect to more than 20% but fewer than 30% of the IPO Shares will be funded (in lieu of cash in such amount that would otherwise be paid to the Seller) by receipt by the Seller of additional Aldabra common stock; (iv) any Incremental Amount resulting from the election of conversion rights with respect to 30% or more but fewer than 40% of the IPO Shares will be funded (in lieu of cash in such amount that would otherwise be paid to the Seller) by receipt by the Seller of additional Aldabra common stock; provided that, in lieu of a portion of the Aldabra common stock otherwise payable to the Seller, the Seller shall receive a subordinated promissory note. For illustrative purposes, the table below sets forth the amount of additional loans that will be made under the second lien facility if holders of IPO Shares elect to exercise conversion rights with respect to 5%, 10%, 15% and 20% of the IPO Shares.

Percentage of IPO Shares with respect to which conversion rights have been exercised	Additional Second Lien Facility
5%	\$ 20.2 million
10%	\$ 40.4 million
15%	\$ 50.6 million
20%	\$ 60.7 million

Use of Proceeds

Proceeds from the first and second lien facilities will be used to fund, in part, the cash portion of the Acquisition purchase price and any original issue discount ("OID") described below under "Issue Price," and to pay fees, commissions and expenses in connection with the Acquisition. Proceeds from the first lien revolving facility will also be used to provide for the ongoing working capital requirements of BPP following the Acquisition, for permitted capital expenditures and permitted acquisitions and for general corporate purposes. If there is any additional OID applicable to any of the facilities, such additional OID may be funded through additional borrowings under the first or second lien facilities.

Issue Price

The first lien term facilities will be issued at 99.0% of the stated principal amount of the first lien term facilities. The second lien facility will be issued at 98.0% of the stated principal amount of the second lien facility.

Amortization

The outstanding principal amount of the Tranche A term facility will be payable in equal quarterly installments of (i) 2.5% per annum during the first year of the Tranche A term facility, (ii) 5% per annum during the second year of the Tranche A term facility, (iii) 10% per annum during each of the third and fourth years of the Tranche A term facility and (iv) 20% per annum during the fifth year of the Tranche A term facility, with the remaining balance due in equal quarterly installments in the final year of the Tranche A term facility. The outstanding principal amount of the Tranche B term facility will be payable in equal quarterly installments of 1% per annum prior to the seventh anniversary of the closing date of the Acquisition, with the remaining balance due on the maturity date for the Tranche B term facility. No amortization will be required with respect to the first lien revolving facility and the second lien facility.

Guarantees and Security

The first and second lien facilities will be guaranteed by each of Buyer Sub's existing and subsequently acquired domestic (and, to the extent no material adverse tax consequences to Buyer Sub would result therefrom, foreign) subsidiaries (including Target) and a wholly-owned subsidiary of Aldabra that will be formed prior to the Acquisition closing date for the purpose of holding all of the outstanding equity securities of Buyer Sub. The first lien facilities will be secured by a first priority security interest in substantially all of the real, personal and mixed property of Buyer Sub and the guarantors. Additionally, the first lien facilities will be secured by a first priority security interest in 100% of the capital stock of Buyer Sub and each of its domestic subsidiaries, 65% of the capital stock of each of Buyer Sub's foreign subsidiaries and all intercompany debt. The second lien facilities will be secured by a second priority security interest in substantially all of the real, personal and mixed property of Buyer Sub and the guarantors. Additionally, the second lien facility will be secured by a second priority security interest in 100% of the capital stock of Buyer Sub and each of its domestic subsidiaries, 65% of the capital stock of each of Buyer Sub's foreign subsidiaries and all intercompany debt.

Interest Rates

All amounts borrowed under the first lien facilities will initially bear interest, at Buyer Sub's option, as follows:

with respect to the loans made under the Tranche A term facility and the first lien revolving facility:

at a customary base rate plus 2.25% per annum; or

at the reserve adjusted Eurodollar rate plus 3.25% per annum; and

with respect to loans made under the Tranche B term facility:

at a customary base rate plus 2.50% per annum; or

at the reserve adjusted Eurodollar rate plus 3.50% per annum.

Edgar Filing: Aldabra 2 Acquisition Corp. - Form PREM14A

Beginning on the adjustment date, the applicable margin for the Tranche A term facility and the first lien revolving facility will be subject to change based upon a leverage ratio with margins equal to or lower than the initial margins.

All amounts borrowed under the second lien facility will bear interest, at Buyer Sub's option, as follows:

at a customary base rate plus 5.00% per annum; or

at the reserve adjusted Eurodollar rate plus 6.00% per annum.

For purposes of the facilities, the "customary base rate" means, for any day, a rate per annum equal to the greater of (i) the rate of interest quoted in *The Wall Street Journal*, Money Rates Section as the "Prime Rate" (currently defined as the base rate on corporate loans posted by at least 75% of the nation's 30 largest banks), as in effect from time to time and (ii) the federal funds effective rate in effect on such day plus 1/2 of 1%.

In connection with the first lien revolving credit facility, Buyer Sub will pay commitment fees equal to 0.50% per annum times the daily average undrawn portion of the first lien revolving facility (reduced by the amount of letters of credit issued and outstanding), which fee will accrue from the Acquisition closing date and shall be payable quarterly in arrears. On and after the adjustment date, the first lien revolving facility commitment fee will be determined by a grid based on the leverage ratio at rates to be determined.

Buyer Sub will also pay annual agency fees with respect to the facilities (not to exceed \$200,000 per year in the aggregate).

Financial Covenants

During the term of the first and second lien facilities, Buyer Sub, the guarantors and their subsidiaries on a consolidated basis will be subject to financial covenants, setting forth the maximum consolidated indebtedness to EBITDA and minimum EBITDA to consolidated interest expense ratio and maximum capital expenditures.

Prepayment Terms

The first lien facilities may be prepaid in whole or in part without premium or penalty; provided that loans bearing interest with reference to the reserve adjusted Eurodollar rate will be prepayable only on the last day of the related interest period unless Buyer Sub pays any related breakage costs. Voluntary prepayments of the first lien term facilities will be applied to scheduled amortization payments as directed by Buyer Sub.

In the event all or any portion of the Tranche B term facility is repaid for any reason (other than voluntary prepayments and prepayments with respect to insurance proceeds and excess cash flow) prior to the first anniversary of the Acquisition closing date, such repayments will be made at 101.0% of the amount repaid.

All mandatory prepayments will first be applied to the first lien facilities in a pro rata amount, and only after they are completely paid will prepayments be applied to the second lien facility. The second lien facility may not be prepaid in whole or in part at any time prior to the second anniversary of the Acquisition closing date. Subject to the provisions of the first lien facilities, in the event the second lien facility is prepaid at any time prior to the second anniversary of the Acquisition closing date, which is known as the "make-whole termination date." Buyer Sub shall pay a prepayment premium equal to the "make-whole premium" as described below.

Edgar Filing: Aldabra 2 Acquisition Corp. - Form PREM14A

At any time after the second anniversary of the Acquisition closing date, subject to the provisions of the first lien facilities, the second lien facility may be prepaid in whole or in part subject to the "call premium" as described below; provided that loans bearing interest with reference to the reserve adjusted Eurodollar rate will be prepayable only on the last day of the related interest period unless Buyer Sub pays any related breakage costs.

The "make-whole premium" means, with respect to a second lien facility loan on any date of prepayment, the present value of (a) all required interest payments due on such second lien facility loan from the date of prepayment through and including the make-whole termination date (excluding accrued interest) (assuming that the interest rate applicable to all such interest is the swap rate at the close of business on the third business day prior to the date of such prepayment with the termination date nearest to make-whole termination date plus the Eurodollar interest rate margin applicable to the second lien facility on such date) plus (b) the prepayment premium that would be due if such prepayment were made on the day after the make-whole termination date, in each case discounted to the date of prepayment on a quarterly basis (assuming a 360-day year and actual days elapsed) at a rate equal to the sum of such swap rate plus 0.50%.

The "call premium" means, in the event all or any portion of the second lien facility is repaid as a result of a voluntary or mandatory prepayment (other than prepayments with respect to insurance proceeds and excess cash flow) after the second anniversary of the Acquisition closing date, but on or prior to the fourth anniversary of the Acquisition closing date, such repayments will be made at (i) 102.0% of the amount repaid if such repayment occurs after the second anniversary of the Acquisition closing date, but on or prior to the third anniversary of the Acquisition closing date and (ii) 101.0% of the amount repaid if such repayment occurs after the third anniversary of the Acquisition closing date, but on or prior to the fourth anniversary of the Acquisition closing date.

Covenants

Except as described below, the loan documentation for the first and second lien facilities will contain, among other terms, representations and warranties, covenants, events of default and indemnification customary for loan agreements for similar leveraged acquisition financings and other representations and warranties and covenants deemed by the administrative agent of the first lien facilities or the second lien facility, as applicable, to be appropriate for the specific transaction.

Restrictive covenants applicable to Buyer Sub and the guarantors, subject to customary terms and conditions and other negotiated exceptions in addition to those described below, will include limitations on the following:

other indebtedness;

liens;

negative pledges;

restricted junior payments (including dividends, redemptions and voluntary payments on certain debt);

restrictions on subsidiary distributions;

investments, mergers and acquisitions;

sales of assets (including subsidiary interests);

sales and lease-backs;

capital expenditures;

transactions with affiliates;

conduct of business;

amendments and waivers of organizational documents, subordinated indebtedness and other material agreements;

changes to fiscal year; and

required interest rate protections.

Conditions

GSCP's commitment is subject to customary conditions to closing and to the following:

There shall not exist (pro forma for the Acquisition and the financing thereof) any default or event of default under any of the Loan Documents (other than with respect to any representation or warranty, affirmative or negative covenant or event of default not expressly set forth in Annex B or C to the Debt Commitment Letter), or under any other material indebtedness of Buyer Sub or its subsidiaries. Subject to the next sentence, concurrently with the consummation of the Acquisition, all pre-existing indebtedness for borrowed money of Buyer Sub and its subsidiaries shall have been repaid or repurchased in full, all commitments relating thereto shall have been terminated, and all liens or security interests related thereto shall have been terminated or released, in each case on terms satisfactory to the arranger, it being agreed and understood that letters of credit issued under that certain Third Amended and Restated Credit Agreement, dated May 3, 2007, among the Seller, the lenders party thereto and JPMorgan Chase Bank, N.A., as administrative agent (the "Existing Credit Agreement"), may remain outstanding so long as Buyer Sub has received releases of liens and guarantee obligations with respect thereto. The indebtedness in respect of the \$400.0 million senior subordinated notes due 2014 issued by Seller and Boise Cascade Finance Corporation, as issuers (the "Subordinated Bonds") may remain outstanding; provided that (x) the guarantees of the Subordinated Bonds by any entity comprising BPP shall be released, in each case in accordance with the provisions of the indentures governing the Subordinated Bonds and (y) the Seller shall have made arrangements with respect to the Subordinated Bonds as are reasonably satisfactory to GSCP.

The arranger shall have received (i) audited financial statements for BPP for the fiscal years ended December 31, 2005 and December 31, 2006 (as to which the arranger has acknowledged receipt) and (ii) as soon as internal financial statements are available to BPP, (A) unaudited financial statements for any fiscal quarter of BPP ended after the date of the most recent audited financial statements and at least 45 days prior to the Acquisition closing date (as to which the arranger has acknowledged receipt of financial statements for the fiscal quarters ending March 31, 2007 and June 30, 2007) and (B) unaudited financial statements for any fiscal month of BPP ended after the date of the most recent quarterly financial statements referred to in clause (A) above and at least 30 days prior to the Acquisition closing date); and (iii) customary pro forma financial statements, in each case meeting the requirements of Regulation S-X for Form S-1 registration statements (other than agreed upon adjustments to consolidated EBITDA, as required by Rule 3-10 of Regulation S-X, and other adjustments as the arranger agrees are appropriate).

At the time of funding, the total amount of indebtedness (other than undrawn letters of credit and additional OID funded with proceeds of the facilities) shall be limited such that the ratio of (i) total indebtedness (other than undrawn letters of credit and additional OID funded with proceeds of the facilities) for Buyer Sub and its subsidiaries as of the Acquisition closing date after giving effect to the Acquisition to (ii) pro forma consolidated adjusted EBITDA of Buyer Sub after giving effect to the Acquisition (calculated in accordance with Regulation S-X together with such additional adjustments as the arranger agrees are appropriate) for the latest twelve-

Edgar Filing: Aldabra 2 Acquisition Corp. - Form PREM14A

month period for which monthly financial statements are then available shall not be greater than 4.04:1.00 (which ratio may be increased in accordance with Incremental Amount borrowed under the second lien facilities). For illustrative purposes, the table below sets forth the leverage ratio that will be required resulting from any Aldabra stockholders electing to exercise conversion rights with respect to 5%, 10%, 15% and 20% of the shares of the IPO Shares.

Percentage of IPO Shares with respect to which conversion rights are elected	Maximum Leverage
5%	4.12:1.00
10%	4.21:1.00
15%	4.25:1.00
20%	4.29:1.00

It is agreed that for purposes of the above condition, consolidated EBITDA will in any event be adjusted to reflect: (i) any increase in corporate expenses required to operate Buyer Sub as a standalone business; (ii) lost contribution and incremental costs in the amount of \$4 million associated with the 30-day downtime due to the Wallula #3 machine conversion in excess of costs normally incurred during prior periods; (iii) costs associated with the closure and sale of Jackson Sawmill and the Vancouver and Salem converting facilities; (iv) cost savings resulting from the CTC acquisition relating to the elimination of the negative impact associated with a contractual commitment to buy liner and medium from a third-party supplier that was previously in place, (v) costs relating to out of the money gas hedges based upon a historical policy of entering into fixed rate gas hedges and (vi) cost savings relating to the Wallula Hog Fuel Boiler capital project in the event it is operational as of the Acquisition closing date.

There shall not have been, since December 31, 2006 (the date of the most recent audited financial statements for BPP furnished by Buyer Sub to GSCP), any material adverse effect upon (x) financial condition or operating results of the Paper Group (as defined in the purchase agreement) (and their subsidiaries) or the Business (as defined in the purchase agreement), taken as a whole, or (y) the ability of the Seller and BPP to consummate the transactions contemplated by the purchase agreement, except any adverse effect related to or resulting from (i) general business or economic conditions affecting the industry in which any member of the Paper Group, any of its subsidiaries or the Business operates, (ii) national or international political or social conditions, including the engagement by the United States in hostilities or the escalation thereof, whether or not pursuant to the declaration of a national emergency or war, or the occurrence or the escalation of any military or terrorist attack upon the United States, or any of its territories, possessions, or diplomatic or consular offices or upon any military installation, equipment or personnel of the United States, (iii) financial, banking, or securities markets (including any disruption thereof and any decline in the price of any security or any market index), (iv) changes in GAAP or, solely as a result of changes in GAAP or SAAP (as defined in the purchase agreement), (v) changes in laws, rules, regulations, orders, or other binding directives issued by any Governmental Entity (as defined in the purchase agreement), (vi) the taking of any action contemplated by the purchase agreement or the announcement of the purchase agreement or the transactions contemplated thereby, (vii) any existing event, occurrence, or circumstance with respect to which Aldabra or Buyer Sub has knowledge as of the date hereof (including any matter set forth in the Seller Disclosure Letter (as defined in the purchase agreement)) or (viii) Aldabra's and/or Buyer Sub's failure to consent to any of the actions restricted by Section 3B of the purchase agreement (except in the case of each of the immediately preceding clause (i), (ii), (iii), (iv) and (v), any such adverse effect which has a materially disproportionate effect on BPP and its subsidiaries, taken as a whole, relative to the effect on other companies operating in the same industry);

There shall not have occurred or exist any disruption, adverse change or condition, since the date of execution of the Debt Commitment Letter, in the financial, banking or capital markets generally, or in the market for loan syndications or high yield debt in particular, which, in GSCP's reasonable judgment, has materially impaired, or could materially impair, the successful syndication of any of the facilities.

GSCP's commitment is also conditioned upon Aldabra's and Buyer Sub's satisfaction of the requirements of the following agreements by a date sufficient to afford GSCP a period of at least 20 consecutive days following the launch of the general syndication of the facilities to syndicate the facilities prior to the closing date:

Buyer Sub agrees to cooperate with GSCP, agrees to cause Aldabra to cooperate with GSCP, and agrees to use its commercially reasonable efforts to cause BPP to cooperate with GSCP, in connection with (i) the preparation of an information package regarding the business, operations, financial projections and prospects of Buyer Sub and BPP including, without limitation, the delivery of all information relating to the transactions contemplated hereunder prepared by or on behalf of Buyer Sub, Aldabra or BPP deemed reasonably necessary by GSCP to complete the syndication of the facilities, (ii) using its commercially reasonable efforts to obtain a corporate family rating from Moody's Investor Services, Inc. and a corporate credit rating from Standard & Poor's Ratings Group, a division of The McGraw Hill Corporation and (iii) the presentation of an information package reasonably acceptable in format and content to GSCP in meetings and other communications with prospective lenders in connection with the syndication of the facilities (including, without limitation, direct contact between senior management and representatives of Aldabra and Buyer Sub and using commercially reasonable efforts to include senior management of BPP with prospective lenders and participation of such persons in meetings).

Terms Subject to Change

Although the total amount of the facilities may not be reduced, subject to certain limitations, the terms (other than conditions), pricing and/or structure of the first and second lien facilities are subject to change at any time prior to the earlier of (i) a successful syndication, as described below, and (ii) 90 days after the closing date, if GSCP determines that such changes are reasonably necessary to facilitate the successful syndication of any of the facilities.

Termination of Commitments

GSCP's commitments under the commitment letter will terminate upon the first to occur of (i) the consummation of the Acquisition, (ii) the termination of, or the date on which Buyer Sub notifies GSCP of the abandonment of, the purchase agreement, (iii) a material breach by Buyer Sub under the Debt Commitment Letter that is capable of being cured and has not been cured within ten days following (x) notice of such breach given by the arranger to Buyer Sub or (y) knowledge of such breach by Aldabra and (iv) February 28, 2008, unless the closing of the facilities has occurred on or before such date.

GSCP is acting as the lead arranger, bookrunner and syndication agent for both the first lien and second lien facilities, and as the sole administrative agent with respect to the first lien facilities; the administrative agent for the second lien facility will be determined at a later date.

THE HOULIHAN LOKEY FAIRNESS OPINION

Opinion of Houlihan Lokey

At the August 29, 2007 meeting of our board of directors, Houlihan Lokey rendered its oral opinion to our board of directors (which was subsequently confirmed in writing by delivery of Houlihan Lokey's written opinion dated September 6, 2007). Houlihan Lokey is a member of the National Association of Securities Dealers, Inc. and provides a broad range of valuation, investment banking and other advisory services. Houlihan Lokey's opinion, which was rendered to our board of directors, stated that, as of September 6, 2007, (i) the consideration to be paid by Aldabra in the Acquisition is fair to Aldabra from a financial point of view, and (ii) the fair market value of BPP is at least equal to 80% of the net assets of Aldabra. Houlihan Lokey's opinion did not state any other conclusion or address any other aspect or implication of the Acquisition.

The summary of Houlihan Lokey's opinion in this proxy statement is qualified in its entirety by reference to the full text of its written opinion, which is included as Annex B to this proxy statement and sets forth the procedures followed, assumptions made, qualifications and limitations on the review undertaken, and other matters considered by Houlihan Lokey in preparing its opinion. Stockholders are urged to read the opinion in its entirety. Neither Houlihan Lokey's written opinion nor the summary of its opinion and the related analyses set forth in this proxy statement are intended to be, and do not constitute, advice or a recommendation to any stockholder as to how such stockholder should act or vote with respect to the Acquisition or the matters proposed in this proxy statement.

In arriving at its opinion, Houlihan Lokey, among other things:

reviewed publicly available information related to Aldabra, including Aldabra's registration statement on Form S-1 filed March 19, 2007 and amendments thereto, and quarterly report on Form 10-Q for the quarter ended June 30, 2007, which Aldabra's management identified as being the most current financial statements available;

reviewed unaudited financial statements pertaining to BPP prepared by the Seller for the years ended December 31, 2004, December 31, 2005, and December 31, 2006, and the six-months ended June 30, 2006 and June 30, 2007, which management of the Seller identified as being the most current financial statements available;

spoke with certain members of the management of the Seller and BPP regarding the operations, financial condition, future prospects, and projected operations and performance of BPP and regarding the Acquisition;

spoke with certain members of the management of Aldabra regarding the Acquisition, BPP and related matters;

visited BPP's manufacturing plant in Wallula, Washington;

reviewed drafts of the purchase agreement;

reviewed financial forecasts and projections prepared by the management of the Seller with respect to BPP for the years ended December 31, 2007 through 2012;

reviewed the historical market prices and trading volume and certain financial data for certain publicly traded companies which Houlihan Lokey deemed relevant;

reviewed certain financial data for certain transactions that Houlihan Lokey deemed relevant; and

conducted such other financial studies, analyses and inquiries and considered such other information as Houlihan Lokey deemed appropriate.

Edgar Filing: Aldabra 2 Acquisition Corp. - Form PREM14A

Houlihan Lokey relied upon and assumed, without independent verification, the accuracy and completeness of all data, material and other information furnished or otherwise made available to it, discussed with or reviewed by it, or that was publicly available, and Houlihan Lokey did not assume any responsibility with respect to such data, material or other information. In addition, we advised Houlihan Lokey, and Houlihan Lokey assumed, that the financial forecasts and projections reviewed by it had been reasonably prepared in good faith on bases reflecting the best currently available estimates and judgments of the Seller and Aldabra as to the future financial results and condition of BPP, and Houlihan Lokey expressed no opinion with respect to such forecasts and projections or the assumptions on which they were based. Houlihan Lokey relied upon and assumed, without independent verification, that there had been no material change in the assets, liabilities, financial condition, results of operations, business or prospects of BPP since the date of the most recent financial statements provided to it, and that there was no information or any facts that would make any of the information reviewed by Houlihan Lokey incomplete or misleading. Houlihan Lokey did not consider any aspect or implication of any other transaction or agreement, except as expressly set forth in Houlihan Lokey's opinion.

Houlihan Lokey relied upon and assumed, without independent verification, that (a) the representations and warranties of all parties to the agreements identified above and all other related documents and instruments that are referred to therein were true and correct, (b) each party to all such agreements would fully and timely perform all of the covenants and agreements required to be performed by such party, (c) all conditions to the consummation of the Acquisition would be satisfied without waiver thereof, and (d) the Acquisition would be consummated in a timely manner in accordance with the terms described in the agreements and documents provided to Houlihan Lokey, without any amendments or modifications thereto material to its analyses or any adjustment to the aggregate consideration (through offset, reduction, indemnity claims, post-closing purchase price adjustments, or otherwise) or any other financial term of the Acquisition. Houlihan Lokey also relied upon and assumed, without independent verification, that (i) the Acquisition would be consummated in a manner that complies in all material respects with all applicable federal and state statutes, rules and regulations, and that the Acquisition would be completed and that no delay, limitations, restrictions or conditions would be imposed or amendments, modifications, or waivers made that would result in the disposition of any material portion of the assets of the Seller, or otherwise have an adverse effect on BPP or any expected benefits of the Acquisition. In addition, Houlihan Lokey relied upon and assumed, without independent verification, that the final forms of the draft documents identified above would not differ in any material respect from such draft documents.

Furthermore, in connection with its opinion, Houlihan Lokey was not requested to make, and did not make, any physical inspection or independent appraisal of any of the assets, properties, or liabilities (fixed, contingent, derivative, off-balance-sheet, or otherwise) of BPP or any other party, nor was Houlihan Lokey provided with any such appraisal. Houlihan Lokey expressed no opinion regarding the liquidation value of any entity. Houlihan Lokey did not undertake an independent analysis of any potential or actual litigation, regulatory action, possible unasserted claims, or other contingent liabilities, to which BPP was or may be a party or was or may be subject, or of any governmental investigation of any possible unasserted claims or other contingent liabilities to which BPP was or may be a party or was or may be subject and, at our direction and with our consent, Houlihan Lokey's opinion made no assumption concerning, and therefore did not consider, the potential effects of any such litigation, claims, or investigations or possible assertion of claims, outcomes, or damages arising out of any such matters.

Houlihan Lokey was not requested to, and did not, (a) initiate any discussions with, or solicit any indications of interest from, third parties with respect to the Acquisition, the assets, businesses, or operations of BPP, or any alternatives to the Acquisition, (b) negotiate the terms of the Acquisition or (c) advise our board of directors or any other party with respect to alternatives to the Acquisition.

Houlihan Lokey's opinion was necessarily based on financial, economic, market, and other conditions as in effect on, and the information made available to it as of, the date of Houlihan Lokey's opinion. Houlihan Lokey did not undertake, and is under no obligation, to update, revise, reaffirm, or withdraw its opinion, or otherwise comment on or consider events occurring after the date of the opinion.

Houlihan Lokey's opinion was furnished for the use and benefit of our board of directors in connection with its consideration of the Acquisition and was not intended to, and does not, confer any rights or remedies upon any other person, and is not intended to be used, and may not be used, for any other purpose, without Houlihan Lokey's prior written consent. Houlihan Lokey's opinion should not be construed as creating any fiduciary duty on Houlihan Lokey's part to any party. Houlihan Lokey's opinion was not intended to be, and does not constitute, a recommendation to any security holder of Aldabra or any other person as to how such person should act or vote with respect to the Acquisition or the matters covered in this proxy statement.

Houlihan Lokey was not requested to opine as to, and its opinion does not address: (i) the underlying business decision of Aldabra, the Seller, their respective security holders, or any other party to proceed with or effect the Acquisition, (ii) the terms of any arrangements, understandings, agreements, or documents related to, or the form or any other portion or aspect of, the Acquisition or otherwise, except as expressly addressed in Houlihan Lokey's opinion, (iii) the fairness of any portion or aspect of the Acquisition to the holders of any class of securities, creditors, or other constituencies of Aldabra or the Seller, or any other party other than those set forth in Houlihan Lokey's opinion, (iv) the relative merits of the Acquisition as compared to any alternative business strategies that might exist for Aldabra, or any other party or the effect of any other transaction in which Aldabra, or any other party might engage, (v) the tax or legal consequences of the Acquisition to either Aldabra, BPP, the Seller, its security holders, or any other party, (vi) the fairness of any portion or aspect of the Acquisition to any one class or group of Aldabra's, BPP's, or any other party's security holders vis-à-vis any other class or group of Aldabra's, BPP's or any other party's security holders (including without limitation the allocation of any consideration amongst or within such classes or groups of security holders), (vii) whether or not Aldabra, the Seller, its security holders, or any other party is receiving or paying reasonably equivalent value in the Acquisition or (viii) the solvency, creditworthiness, or fair value of Aldabra, the Seller, or any other participant in the Acquisition under any applicable laws relating to bankruptcy, insolvency, fraudulent conveyance, or similar matters. Furthermore, no opinion, counsel, or interpretation was intended in matters that require legal, regulatory, accounting, insurance, tax, or other similar professional advice. It was assumed that such opinions, counsel, or interpretations have been or would be obtained from the appropriate professional sources. Furthermore, Houlihan Lokey relied, with our consent, on the assessment by Aldabra and its advisers, as to all legal, regulatory, accounting, insurance and tax matters with respect to BPP and the Acquisition.

In preparing its opinion to our board of directors, Houlihan Lokey performed a variety of analyses, including those described below. The summary of Houlihan Lokey's valuation analyses is not a complete description of the analyses underlying Houlihan Lokey's fairness opinion. The preparation of a fairness opinion is a complex process involving various quantitative and qualitative judgments and determinations with respect to the financial, comparative and other analytic methods employed and the adaptation and application of these methods to the unique facts and circumstances presented. As a consequence, neither a fairness opinion nor its underlying analyses are readily susceptible to partial analysis or summary description. Houlihan Lokey arrived at its opinion based on the results of all analyses undertaken by it and assessed as a whole and did not draw, in isolation, conclusions from or with regard to any individual analysis, analytic method or factor. Accordingly, Houlihan Lokey believes that its analyses must be considered as a whole and that selecting portions of its analyses, analytic methods, and factors, without considering all analyses and factors or the narrative description of the analyses, could create a misleading or incomplete view of the processes underlying its analyses and opinion.

In performing its analyses, Houlihan Lokey considered business, economic, industry, and market conditions, financial and otherwise, and other matters as they existed on, and could be evaluated as of, the date of the written opinion. No company, transaction, or business used in Houlihan Lokey's analyses for comparative purposes is identical to BPP or the proposed Transaction. While the results of each analysis were taken into account in reaching its overall conclusion with respect to fairness, Houlihan Lokey did not make separate or quantifiable judgments regarding individual analyses. The implied reference range values indicated by Houlihan Lokey's analyses are illustrative and not necessarily indicative of actual values or predictive of future results or values, which may be significantly more or less favorable than those suggested by the analyses. In addition, any analyses relating to the value of assets, businesses or securities do not purport to be appraisals or to reflect the prices at which businesses or securities actually may be sold, which may depend on a variety of factors, many of which are beyond our control and the control of Houlihan Lokey. Much of the information used in, and accordingly the results of, Houlihan Lokey's analyses are inherently subject to substantial uncertainty.

Houlihan Lokey's opinion and analyses were provided to our board of directors in connection with its consideration of the proposed Acquisition and were among many factors considered by our board of directors in evaluating the proposed Acquisition. Neither Houlihan Lokey's opinion nor its analyses were determinative of the Acquisition consideration or of the views of our board of directors or management with respect to the Acquisition.

The following is a summary of the material valuation analyses performed in connection with the preparation of Houlihan Lokey's opinion rendered to our board of directors on September 6, 2007. The analyses summarized below include information presented in tabular format. The tables alone do not constitute a complete description of the analyses. Considering the data in the tables below without considering the full narrative description of the analyses, as well as the methodologies underlying and the assumptions, qualifications, and limitations affecting each analysis, could create a misleading or incomplete view of Houlihan Lokey's analyses.

For purposes of its analyses, Houlihan Lokey reviewed a number of financial metrics including:

Enterprise Value generally the value as of a specified date of the relevant company's outstanding equity securities (taking into account any derivative or convertible securities), plus the value of its minority interests, plus the value of its net debt (the value of its outstanding indebtedness, preferred stock, and capital lease obligations, less the amount of cash on its balance sheet) as of a specified date; and

EBITDA generally the amount of the relevant company's earnings before interest, taxes, depreciation, and amortization for a specified time period, subject to adjustments for non-recurring charges and income.

In preparing its analyses, Houlihan Lokey noted the following:

The financial forecasts and projections prepared by the management of the Seller with respect to BPP for the years ended December 31, 2007 through 2012 included reliance on certain forecasts of pricing and key material costs prepared by RISI, a well-known information provider to the global forest products industry.

BPP has recently made significant capital expenditures in amounts materially above and beyond what BPP's management believes to be a normalized level of expenditures. BPP's management expects such expenditures to result in greater capacity to produce higher EBITDA margin specialty products at one of its plants, as well as cost savings and increased productivity at certain other plants, all of which management expects to increase EBITDA over time.

Edgar Filing: Aldabra 2 Acquisition Corp. - Form PREM14A

BPP management indicated that BPP has no pending material litigation claims and has mitigated certain legacy costs typically associated with the paper industry, including environmental liabilities and certain retirement and benefit plan costs, pursuant to the 2004 Purchase and Sale Agreement which provided for certain legacy liabilities to be retained by OfficeMax and for certain indemnification obligations by OfficeMax.

BPP management expects an additional tax benefit from the step-up in asset values (as compared to BPP's current position) as a result of the proposed transaction. The five-year present value of such depreciation tax shields was estimated based on discussions with BPP's management to be approximately \$101.7 million and was based on certain assumptions, including a tax rate of 40% and a cost of equity discount rate of 14.4%.

Unless the context indicates otherwise, enterprise values used in the selected companies analysis described below were calculated using the closing price of our common stock and the common stock of the selected companies listed below as of September 4, 2007, and the enterprise values for BPP companies used in the selected transactions analysis described below were calculated as of the announcement date of the relevant transaction based on the purchase prices paid in the relevant transactions. Accordingly, this information does not necessarily reflect current or future market conditions. Estimates of EBITDA for BPP for the fiscal years ending December 31, 2007 and December 31, 2008 were based on estimates provided by the Seller's management. Estimates of EBITDA for the selected companies listed below for the fiscal years ending 2007 and 2008 were based on publicly available research analyst estimates for those companies. For purposes of its analyses, Houlihan Lokey calculated enterprise values for BPP before taking into account the estimated present value of certain net operating losses and the increase in depreciable tax basis that would result from the step-up in asset values as a result of the Acquisition.

Implied Transaction Multiples

Houlihan Lokey compared the transaction value of \$1,625 million to BPP's relevant EBITDA figures shown below, including estimates for future periods, and calculated the following implied transaction multiples:

	<u>EBITDA</u>	<u>Multiple</u>
Last 12 Months ("LTM") Period Ending June 30, 2007	\$230.9 million	7.0x
Estimated FY 2007	\$250.0 million	6.5x
Estimated FY 2008	\$336.8 million	4.8x

Management's estimate of LTM EBITDA, 2007 EBITDA and 2008 EBITDA did not include certain pro forma effects of the Acquisition, including the application of purchase accounting.

However, certain adjustments were made to LTM EBITDA, estimated 2007 EBITDA and estimated 2008 EBITDA as follows: LTM EBITDA, estimated 2007 EBITDA and estimated 2008 EBITDA were adjusted to reflect total annual corporate expenses of \$18.2 million, \$18.2 million and \$19.7 million, respectively. LTM and estimated 2007 EBITDA were adjusted to reflect the elimination of \$10.1 million and \$6 million of non-recurring items, respectively. LTM was adjusted to include pro forma benefits related to BPP's acquisition of Central Texas Corrugated (CTC) of \$0.9 million.

Selected Companies Analysis

Houlihan Lokey calculated multiples of enterprise value to EBITDA and considered certain financial data for BPP and selected companies.

The calculated multiples included:

enterprise value as a multiple of EBITDA for the LTM period ending June 30, 2007;

Edgar Filing: Aldabra 2 Acquisition Corp. - Form PREM14A

enterprise value as a multiple of estimated 2007 EBITDA; and

enterprise value as a multiple of estimated 2008 EBITDA.

The selected companies that comprised a mix of companies whose main businesses were the manufacture of uncoated free sheet, containerboard and other paper products, were:

Domtar Corporation;

International Paper Co.;

MeadWestvaco Corporation;

Neenah Paper, Inc.;

Packaging Corp. of America;

PH Glatfelter Co.;

Smurfit-Stone Container; and

Weyerhaeuser Co.

The selected companies analysis indicated the following:

Multiple Description	Low	High	Median	Mean
Enterprise Value as a multiple of:				
Three-Year Average EBITDA	6.5x	11.8x	9.5x	9.5x
LTM EBITDA	7.3x	9.6x	8.8x	8.6x
2007 Estimated EBITDA	7.0x	12.0x	7.9x	8.4x
2008 Estimated EBITDA	6.3x	10.6x	7.0x	7.5x

Houlihan Lokey applied multiple ranges based on the selected companies analysis to corresponding financial data for BPP provided by BPP's management. The selected companies analysis indicated an implied reference range value of BPP of \$1,740,000,000 to \$2,010,000,000, as compared to the proposed Acquisition consideration of \$1,625,000,000.

Selected Transactions Analysis

Houlihan Lokey calculated multiples of enterprise value to EBITDA based on the purchase prices offered or paid in selected publicly-announced transactions involving target companies it deemed relevant.

The calculated multiples included:

Enterprise value as a multiple of BPP company's LTM EBITDA.

Edgar Filing: Aldabra 2 Acquisition Corp. - Form PREM14A

The selected transactions were:

The selected transactions analysis indicated the following:

Multiple Description	Low	High	Median	Mean
Enterprise Value as a multiple of:				
LTM EBITDA	7.0x	10.8x	8.7x	8.6x

Houlihan Lokey applied multiple ranges based on the selected transactions analysis to corresponding financial data for BPP provided by the Seller's management. The selected transactions analysis indicated an implied reference range value of BPP of \$1,560,000,000 to \$1,800,000,000, as compared to the proposed Acquisition consideration of \$1,625,000,000.

Discounted Cash Flow Analysis

Houlihan Lokey also calculated the net present value of BPP's unlevered, after-tax cash flows based on the projections provided by BPP management. In performing this analysis, Houlihan Lokey used discount rates ranging from 10% to 12% based on BPP's estimated weighted average cost of capital and terminal value multiples ranging from 5.0x to 7.0x based on the multiples indicated by its selected companies analyses. The discounted cash flow analyses indicated an implied reference range value of BPP of \$1,610,000,000 to \$1,870,000,000, as compared to the proposed Acquisition consideration of \$1,625,000,000.

Other Matters

We engaged Houlihan Lokey, pursuant to a letter agreement, dated as of July 27, 2007, to render an opinion to our board of directors with respect to whether (i) the consideration to be paid by Aldabra in the Acquisition is fair to Aldabra from a financial point of view, and (ii) the fair market value of BPP is at least equal to 80% of the net assets of Aldabra. We engaged Houlihan Lokey based on its experience and reputation. Houlihan Lokey is regularly engaged to render financial opinions in connection with mergers and acquisitions, financial restructuring, tax matters, ESOP and ERISA matters, corporate planning, and for other purposes. Under the terms of the letter agreement, Houlihan Lokey received a fee for its services a portion of which was paid upon the execution of the engagement letter with Houlihan Lokey, with the remainder paid on the delivery of Houlihan Lokey's opinion. No portion of the fee is contingent upon the consummation of the Acquisition or the conclusions set forth in Houlihan Lokey's opinion. In addition, Aldabra has agreed to reimburse

Houlihan Lokey for certain of its reasonable out-of-pocket expenses incurred in connection with the service rendered by Houlihan Lokey under its engagement letter with Aldabra. Aldabra has also agreed to indemnify Houlihan Lokey and certain related parties for certain liabilities and to reimburse Houlihan Lokey for certain expenses arising out of its engagement.

In the ordinary course of business, certain of Houlihan Lokey's affiliates, as well as investment funds in which they may have financial interests, may acquire, hold or sell, long or short positions, or trade or otherwise effect transactions, in debt, equity, and other securities and financial instruments (including loans and other obligations) of, or investments in, Aldabra, the Seller, Madison Dearborn or any other party that may be involved in the Acquisition, and their respective affiliates, or any currency or commodity that may be involved in the Acquisition.

UNAUDITED PRO FORMA CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

The following unaudited pro forma condensed consolidated balance sheet combines the historical unaudited balance sheets of Aldabra and BPP as of June 30, 2007, giving effect to the Acquisition and the Debt Financing as if they had occurred on June 30, 2007.

The following unaudited pro forma condensed consolidated statements of income for the six months ended June 30, 2007, combine the unaudited historical statement of operations of Aldabra from February 1, 2007 (date of inception) through June 30, 2007, and the unaudited historical statement of income of BPP for the six months ended June 30, 2007. The unaudited pro forma condensed consolidated statement of income for the year ended December 31, 2006, is derived from the historical audited statement of income of BPP for the year ended December 31, 2006. Because Aldabra was formed on February 1, 2007, it has no results included in the pro forma condensed consolidated statement of income for the year ended December 31, 2006. These pro forma income statements give effect to the Acquisition and the Debt Financing as if they had occurred on January 1, 2006.

The historical financial information has been adjusted to give effect to pro forma events that are directly attributable to the transaction, are factually supportable and, in the case of the pro forma income statements, have a recurring impact.

The Acquisition will be accounted for under the purchase method of accounting. The purchase price allocation has not been finalized and is subject to change based upon recording actual transaction costs, finalization of working capital adjustments, and completion of appraisals of tangible and intangible assets of the acquired BPP business.

These unaudited pro forma financial statements assume that Aldabra receives the full amount at the closing contemplated by the Debt Commitment Letter and reflect assumptions with respect to the Debt Financing, including but not limited to the structure of the new credit facilities, interest rates and OID, which assumptions are subject to changes that may be material. These unaudited pro forma financial statements assume an Average Trading Price of \$9.77, which is the midpoint of the range of average trading values provided for in the purchase agreement. The actual price per share will equal the average per share closing price of Aldabra common stock for the 20 trading days ending on the third trading day immediately prior to the consummation of the Acquisition. In accordance with SFAS No. 141, *Business Combinations*, the value of the securities issued in the Acquisition will reflect the market price for the securities for a reasonable period before the Acquisition measurement date, which period may differ from the 20 trading days referenced above.

The unaudited pro forma condensed consolidated balance sheet at June 30, 2007, and the unaudited pro forma condensed consolidated statements of income for the six months ended June 30, 2007, and the year ended December 31, 2006, have been prepared using two different levels of approval of the transaction by the Aldabra stockholders, as follows:

Assuming No Exercise of Conversion Rights: This presentation assumes that none of the Aldabra stockholders exercise their conversion rights; and

Assuming Maximum Exercise of Conversion Rights: This presentation assumes that 39.99% of the Aldabra stockholders exercise their conversion rights and that Aldabra pays a portion of the remainder of the purchase price with the issuance of a subordinated promissory note payable to the Seller in lieu of shares of Aldabra common stock so that the Seller's ownership in Aldabra does not exceed 49%.

Aldabra is providing this information to aid you in your analysis of the financial aspects of the transaction. The unaudited pro forma condensed consolidated financial statements described above should be read in conjunction with the historical financial statements of Aldabra and BPP and the related notes included elsewhere in this proxy statement. The unaudited pro forma information is not necessarily indicative of the financial position or results of operations that may have actually occurred had the transaction taken place on the dates noted, or the future financial position or operating results of the combined company.

See the accompanying notes to the unaudited pro forma condensed consolidated financial statements, which are an integral part of these statements.

1. Calculation of Purchase Price

At the closing of the Acquisition, Aldabra will deliver cash and stock equal to \$1,625 million plus an incremental amount equal to the sum of (i) the Paper Group's cash and cash equivalents, (ii) plus or minus the amount by which BPP's paper and packaging and newsprint businesses' net working capital is greater or less than \$329 million, and (iii) plus the amount (if any) by which Aldabra's net working capital is less than \$404.4 million.

Because the paper and packaging and newsprint businesses' working capital balances are subject to seasonality, in the sources and uses table disclosed in Note 2 and the unaudited condensed consolidated pro forma financial statements, we did not use the June 30, 2007, working capital balances to adjust for any amount by which we expect net working capital to be greater or less than \$329 million. Because of seasonality, any such adjustment would not be representative of the working capital adjustment on the closing date. The unaudited condensed consolidated pro forma financial statements do, however, include a \$12.17 million Aldabra purchase price adjustment based on Aldabra's expected net working capital being less than \$404.4 million, which would increase the purchase price by \$12.17 million.

2. Sources and Uses

The following tables of sources and uses has been prepared using the two different levels of approval of the transaction (i) assuming no exercise of conversion rights and (ii) assuming maximum exercise of conversion rights; both of which are described in detail above.

- (1) Assumes \$162 million of cash held in trust is paid to Aldabra stockholders upon exercise of their conversion rights and Aldabra's available cash balance is reduced by the same amount.
- (2) Calculated based on \$404.4 million of cash available at closing, less \$12.42 million to pay the deferred underwriting fees related to Aldabra's initial public offering, as well as other transaction-related expenses incurred.
- (3) Assumes Aldabra receives the full amount of the debt financing contemplated by the Debt Commitment Letter to pay the Cash Portion of the purchase price.
- (4) Aldabra will pay the non-cash portion of the purchase price in Aldabra stock, valued at the Average Trading Price, but will issue a subordinated promissory note in lieu of Aldabra stock to the extent that the issuance of shares would cause the Seller to own greater than 49% of Aldabra's outstanding common stock. The pro forma statements assume \$5 million of additional equity consideration. These pro forma statements also assume the Seller receives a subordinated promissory note in the amount of \$108 million, of which \$101 million is used to fund the base purchase price and \$7 million is used to pay part of the working capital adjustment for Aldabra.

(5)

Immediately prior to the Acquisition, the Seller will contribute \$38 million cash to BPP.

3. Purchase Price Allocation

The allocation of the purchase price is estimated to be as follows (dollars in millions):

Current assets	\$ 579
Property and equipment	1,290
Fiber farms and deposits	17
Intangible assets	31
Deferred financing costs	26
Other assets	6
Current liabilities	(246)
Long-term liabilities	(66)
	<hr/>
Total purchase price	\$ 1,637
	<hr/>

The purchase price allocation is preliminary. The final determination of the purchase price allocation will be based on the fair values of assets acquired and liabilities assumed. The purchase price allocation will remain preliminary until we complete a third-party valuation and determine these fair values, finalize the terms of the financing for the transaction, determine actual transaction costs, and finalize working capital adjustments. The final amounts allocated to assets acquired and liabilities assumed could differ significantly from the preliminary amounts presented in the unaudited pro forma condensed consolidated financial statements.

4. Adjustments to the Unaudited Pro Forma Condensed Consolidated Balance Sheet

Assuming No Exercise of Conversion Rights

- a. to record the reclassification from "cash held in trust" to "cash";
- b. to record cash paid to Seller before the debt financing and other expenses (discussed in Note e below) and \$325 million of equity consideration (before Aldabra working capital adjustments) issued for the Acquisition;
- c. to record the receipt of \$946.0 million of debt (\$957.3 million net of original issue discount ("OID")) incurred in connection with the Acquisition (dollars in millions):

	<u>Principal</u>	<u>OID</u>	<u>Principal, Net of OID</u>

- (1) The Debt Commitment Letter provides that the pricing and/or structure of the first and second lien facilities are subject to change at any time prior to the earlier of (i) a successful syndication of the debt facilities, and (ii) 90 days after the closing date, if the arranger

Edgar Filing: Aldabra 2 Acquisition Corp. - Form PREM14A

determines that such changes are reasonably necessary to facilitate the successful syndication of any of the facilities. If such changes include additional OID applicable to any of the facilities, such additional OID may be funded through additional borrowings under the first or second lien facilities. Each 25 basis point increase in the OID represents a \$2.3 million increase in borrowings.

Edgar Filing: Aldabra 2 Acquisition Corp. - Form PREM14A

- (2) Reflects the current portion of long-term debt per the amortization schedule outlined in the Debt Commitment Letter.
- d. to reflect the payment of underwriting fees related to Aldabra's initial public offering. These underwriting fees become payable once the Acquisition is completed;
- e. to record deferred financing costs and other expenses paid by Aldabra in connection with the Acquisition;
- f. to reflect \$38 million of cash the Seller is required to contribute to BPP immediately prior to the Acquisition;
- g. to continue to reflect receivables at book value carried on BPP's books, which are estimated to approximate fair value;
- h. inventory reflected at carrying value. Upon completion of the third-party valuation, we will adjust the inventory values to reflect estimated fair market value, less cost to sell;
- i. to adjust property and equipment and fiber farms and deposits values to BPP management's best estimate of fair value, pending completion of a third-party valuation;
- j. to eliminate previously recorded goodwill. We have not allocated any amounts related to the Acquisition to goodwill, pending completion of a third-party valuation;
- k. to record the estimated fair value of intangible assets based on BPP management's estimate, pending completion of a third-party valuation as follows:

Description	Amount	Amortization Period
Trade names and trademarks	\$ 14.4	
Customer relationships	11.3	5 years
Technology	5.0	3 to 5 years
	<u>\$ 30.7</u>	

- l. to account for the Acquisition using the purchase method of accounting. For tax purposes, they will also allocate the fair market value to these assets on the Acquisition date. The values assigned are not expected to differ for financial reporting or tax purposes. As a result, at June 30, 2007, there are no deferred tax assets or liabilities recorded on the balance sheet;
- m. to record estimated pension liabilities assumed in the Acquisition, pending completion of an actuarial review;
- n. to reclassify 159.8 million of common stock subject to redemption to permanent equity;
- o. to eliminate BPP's equity balances;
- p. to issue \$12.17 million of equity to the Seller for the amount that Aldabra's net working capital is less than \$404.4 million;

Edgar Filing: Aldabra 2 Acquisition Corp. - Form PREM14A

Assuming Maximum Exercise of Conversion Rights

- q. to reflect the cash payment to Aldabra stockholders for their pro rata interest in the trust fund;
- r. to reflect the incurrence of an additional \$60.7 million of borrowings on the second lien facility;
- s. to reflect the reduction in the cash paid to the Seller (discussed in Note b above) and the payment of a portion of the non-cash purchase price through the issuance to the Seller of a subordinated note in lieu of Aldabra stock (as described in footnote (4) to Note 2 above);

Edgar Filing: Aldabra 2 Acquisition Corp. - Form PREM14A

- t. to reflect the issuance of a subordinated note in lieu of Aldabra stock for a portion of Aldabra's working capital adjustment so that the Seller's equity ownership in Aldabra does not exceed 49% (see Note p).

5. Adjustments to the Unaudited Pro Forma Condensed Consolidated Statements of Income

Assuming No Exercise of Conversion Rights

- a. inventory reflected at carrying value. Upon completion of the third-party valuation, we expect to recognize additional expense as a result of adjusting inventory values to fair market values in the purchase price allocation;
- b. to increase depreciation, amortization, and depletion expense as a result of increasing the value of property and equipment as part of the purchase price allocation. The increase is the result of allocating a higher value to the acquired assets than their historical carrying value based on our assessment of fair value, pending completion of a third-party valuation;
- c. to decrease amortization expense as a result of a change in the nature and terms of intangible assets as part of the purchase price allocation;
- d. the total annual corporate expense (including finance, accounting, legal, information technology, and the human resource functions) for running BPP as a stand-alone entity is approximately \$18 million per year. The BPP financial statements already reflect a portion of these costs. After taking the gains related to changes in retiree healthcare programs into consideration, had BPP operated on a standalone basis, we estimate that our corporate operating expenses would have increased by approximately \$6 million to \$8 million for the year ended December 31, 2006, and \$8 million to \$9 million for the six months ended June 30, 2007, respectively, over the amounts included in the consolidated financial statements for BPP for these periods. However, since these costs are estimates and not currently factually supportable, they have not been included as pro forma adjustments;
- e. to record interest expense, excluding amortization of deferred financing costs, as follows (dollars in millions):

	Principal Amount	Interest Rate		Interest Expense	
		Six Months Ended June 30, 2007	Year Ended December 31, 2006	Six Months Ended June 30, 2007	Year Ended December 31, 2006
Revolving credit facility	\$ 32.3	8.61%	8.63%	\$ 1.4	\$ 2.8
Term loan A	250.0	8.61%	8.63%	10.8	21.5
Term loan B	475.0	8.86%	8.88%	21.0	42.2
Second lien facility	200.0	11.36%	11.38%	11.4	22.8
	<u>\$ 957.3</u>				
Interest, excluding amortization of debt discount and deferred financing costs				44.6	89.3
Ongoing fees on credit facilities				1.1	2.3
Total cash interest expense				<u>\$ 45.7</u>	<u>\$ 91.6</u>
Increase in interest expense if rates on variable rate debt increased by 100 basis points				\$ 4.8	\$ 9.6

Edgar Filing: Aldabra 2 Acquisition Corp. - Form PREM14A

The foregoing interests rates are based on LIBOR of 5.36% at June 30, 2007, and 5.375% at December 31, 2006, and the applicable margins set forth in the Debt Commitment Letter. These rates

Edgar Filing: Aldabra 2 Acquisition Corp. - Form PREM14A

are solely for illustrative purposes and reflect assumptions with respect to the debt financing for the Acquisition. As described in Note 4(c), the pricing and/or structure of the first and second lien facilities are subject to change, including changes in the allocation of borrowings between the facilities, the applicable margins and in the amount of OID, which changes may be material;

- f. to record amortization of the discount on the debt incurred in connection with the Acquisition as follows (dollars in millions):

	Debt Discount	Amortization Period	Interest Expense	
			Six Months Ended June 30, 2007	Year Ended December 31, 2006
Term loan A	\$ (2.5)	6	\$ (0.2)	\$ (0.4)
Term loan B	(4.8)	7	(0.3)	(0.7)
Second lien facility	(4.0)	8	(0.3)	(0.5)
	<u>\$ (11.3)</u>		<u>\$ (0.8)</u>	<u>\$ (1.6)</u>

As described in Note 4(c), the pricing and/or structure of the first and second lien facilities are subject to change, including changes in the allocation of borrowings between the facilities, the applicable margins and in the amount of OID, which changes may be material. A 25 basis point increase in the original issue discount represents an additional \$0.3 million amortization of discount.

- g. to record amortization of deferred financing costs;
- h. to eliminate interest income of Aldabra;
- i. to eliminate Aldabra and BPP tax expense. Because the pro forma financial statements report operating losses for the six months ended June 30, 2007, and the year ended December 31, 2006, we did not meet the more likely than not standard to justify recording an income tax benefit related to the net operating losses;

Assuming Maximum Exercise of Conversion Rights

- j. to reflect the incremental interest expense related to the additional borrowings incurred under the second lien facility and the subordinated note issued to the Seller in lieu of Aldabra stock as follows (dollars in millions):

	Principal Amount	Interest Rate		Interest Expense	
		Six Months Ended June 30, 2007	Year Ended December 31, 2006	Six Months Ended June 30, 2007	Year Ended December 31, 2006
Second lien facility	\$ 60.7	11.36%	11.38%	\$ 3.4	\$ 6.9
Less: Second lien facility discount	(1.2)				
Revolving credit facility	1.2	8.61%	8.63%	0.1	0.1
Subordinated note payable to the Seller	107.8	13.36%	13.38%	7.2	14.4

Edgar Filing: Aldabra 2 Acquisition Corp. - Form PREM14A

	<u>Interest Rate</u>	<u>Interest Expense</u>	
\$	168.5	\$	10.7
		\$	21.4

Interest will accrue on the subordinated note payable to the Seller at a rate per annum that is 200 basis points higher (and a default rate of interest that is 400 basis points higher) than the highest interest rate payable by Aldabra and its subsidiaries with respect to the debt financing raised by Aldabra under the Debt Commitment Letter;

- k. to record amortization of the second lien facility discount.

6. Pro Forma Loss Per Share

Pro forma loss per share was calculated by dividing pro forma net loss by the weighted average number of shares as follows at June 30, 2007, and December 31, 2006, assuming Aldabra's initial public offering occurred on January 1, 2006.

	Assuming No Exercise of Conversion Rights (0%)	Assuming Maximum Exercise of Conversion Rights (39.99%)
Aldabra	51,750,000	35,194,140
Seller	34,510,747	33,813,977
Pro forma weighted average shares basic and diluted	86,260,747	69,008,117

The pro forma loss per share amounts disclosed in the pro forma condensed consolidated statements of loss for the six months ended June 30, 2007, and the year ended December 31, 2006, exclude potentially dilutive shares of 44.4 million (assuming no exercise of conversion rights) and 27.8 million (assuming maximum exercise of conversion rights) because the calculation of diluted loss per share was anti-dilutive.

PROPOSAL II CLOSING CHARTER AMENDMENT

Amendment

Assuming the Acquisition proposal is approved, Aldabra stockholders are also being asked to approve the closing charter amendment prior to the closing of the Acquisition to increase the total number of authorized shares of Aldabra common stock from 100 million to 250 million shares.

Under the proposal, the first sentence of Article Fourth of Aldabra's current charter will be amended to read as provided in the certificate of amendment attached as Annex C.

Our board of directors has recommended that our stockholders approve the amendment to our charter to increase the number of our authorized shares. The proposed amendment would provide a sufficient number of available shares to enable us to close the transactions discussed in the Acquisition proposal and would provide the board of directors with the ability to issue additional shares of common stock without requiring stockholder approval of such issuances, except as otherwise may be required by applicable law or the rules of any stock exchange or trading system on which the securities may be listed or traded, including the AMEX and/or the NYSE.

The increase in the number of authorized shares of Aldabra common stock is being undertaken as a result of and in conjunction with the Acquisition. As a result of the issuance of shares of common stock in the Acquisition and the adoption of Incentive Plan, as described in the Incentive Plan proposal, we will require additional shares of common stock to be reserved in our charter.

As a result of the Acquisition, it is expected that 34,510,747 shares of common stock will be issued or reserved for issuance in connection with the Acquisition and Aldabra's existing stockholders will own approximately 60% of Boise Paper Company, assuming that none of Aldabra's stockholders exercise their conversion rights and based upon the other assumptions set forth in the pro forma financial statements. See "Unaudited Pro Forma Condensed Consolidated Financial Statements."

Required Vote

Approval of the amendment to our charter requires the affirmative vote of a majority of the shares of our common stock outstanding on the Record Date.

Recommendation

AFTER CAREFUL CONSIDERATION, ALDABRA'S BOARD OF DIRECTORS HAS APPROVED AND DECLARED ADVISABLE THE CLOSING CHARTER AMENDMENT AND UNANIMOUSLY RECOMMENDS THAT THE STOCKHOLDERS VOTE "FOR" APPROVAL OF THE CLOSING CHARTER AMENDMENT PROPOSAL.

PROPOSAL III AMENDED AND RESTATED CHARTER**The Amended and Restated Charter**

Assuming the Acquisition proposal is approved, Aldabra stockholders are also being asked to approve the amendment and restatement of our charter. In the judgment of our board of directors, the proposed amended and restated charter (the "proposed charter") is necessary to adequately address the post-Acquisition needs of Aldabra as an operating company. The following table sets forth a summary of the material differences between our current charter and the proposed charter.

This summary is qualified by reference to the complete text of the proposed charter, a copy of which is attached to this proxy statement as Annex D. All stockholders are encouraged to read the proposed charter in its entirety for a more complete description of its terms.

	Current Charter	Proposed Charter
Name	Our current charter provides that our name is "Aldabra 2 Acquisition Corp."	The proposed charter provides that our name is "Boise Paper Company."
Duration of Existence	Our current charter provides that Aldabra's existence shall terminate on June 19, 2009.	The proposed charter is silent as to Aldabra's existence, and under the DGCL, unless specified otherwise, a corporation has perpetual existence.
Provisions Specific to a Blank Check Company	Under our current charter, Section 7 sets forth various provisions related to our operations as a blank check company prior to the consummation of a business combination.	The proposed charter does not include these blank check company provisions because, upon consummation of the Acquisition, we will operate BPP and cease to be a blank check company.
Voting Rights	Under our current charter, Aldabra common stock is entitled to one vote per share. Our current charter does not provide for cumulative voting rights.	The proposed charter provides that each holder of common stock is entitled to one vote per share, except that shares of common stock have no vote with respect to any amendments to the charter that relate solely to the terms of a series of preferred stock if the holders of the series are entitled to vote separately or with the holders of one or more other series. The proposed charter does not provide for cumulative voting rights.

Conversion Rights

In the event that a majority of the shares issued in our IPO approve a business combination, any Aldabra stockholder holding shares of common stock issued at the IPO who votes against the business combination, may at the same time demand that we convert the stockholder's IPO Shares to cash.

The proposed charter does not provide for conversion rights.

Removal of Directors

Our current charter is silent as to the removal of directors. Our bylaws currently provide that the entire board of directors or any individual director may be removed without cause at any time by a majority vote of the holders of the outstanding shares then entitled to vote at an election of directors.

Under the proposed charter, as long as the holders of Seller Registrable Securities own at least 25% of the voting power of all Aldabra capital stock entitled to vote in an election of directors, any director may be removed at any time for any reason by a majority of the voting power of such capital stock.

If the holders of Seller Registrable Securities own less than 25% of the voting power of all Aldabra capital stock entitled to vote generally in the election of directors, any director may be removed at any time, but only for cause, at a meeting called for that purpose, but only by the affirmative vote of the holders of at least 66²/₃% of the voting power of all such capital stock.

Filling Vacancies on the Board of Directors

Our current charter provides that vacancies on the board of directors resulting from the death, resignation or removal of a director or directors may be filled at the time of removal for the unexpired portion of the full term of the director so removed by a vote of the majority of the remaining directors then in office.

Our proposed charter provides that vacancies on the board of directors resulting from death, disqualification, resignation or removal of any director will be filled by directors possessing a majority of the voting power of all directors.

Amendments to Charter

The DGCL prescribes that any amendment to our charter must be approved by the board in a resolution recommending that the amendment be approved by a majority of the outstanding stock entitled to vote on the amendment, plus the approval of a majority of the outstanding stock of any class entitled under the DGCL to vote separately as a class on the amendment.

Our current charter does not provide requirements to amend the charter in addition to those required by law.

The DGCL prescribes that any amendment to our proposed charter must be approved by the board in a resolution recommending that the amendment be approved by a majority of the outstanding stock entitled to vote on the amendment, plus the approval of a majority of the outstanding stock of any class entitled under the DGCL to vote separately as a class on the amendment.

The proposed charter provides that amendments to *Article Six* (Board of Directors), *Article Seven* (Definitions), *Article Eight* (Limitation on Liability), *Article Nine* (Indemnification), *Article Ten* (Action by Written Consent; Special Meetings of Stockholders), *Article Eleven* (Corporate Opportunities), *Article Twelve* (Section 203) and *Article Thirteen* (Amendment) may not be amended in any form without approval from at least 66²/₃% of the voting power of all Aldabra shares entitled to vote generally in the election of directors.

Any other provision may be modified with at least a majority of the voting power of all Aldabra shares entitled to vote generally in the election of directors.

Amendments to Bylaws

Our current charter authorizes the board of directors to make, alter, amend, change, add to or repeal the bylaws of the corporation.

Under the proposed charter, the board of directors is expressly authorized to adopt, amend or repeal the bylaws of the corporation.

Under the DGCL, the bylaws may also be amended, altered and repealed by a majority vote of issued and outstanding Aldabra stock entitled to vote.

The stockholders also have the power to alter or amend the bylaws with the following qualifications: (i) as long as the holders of Seller Registrable Securities own 25% or more of the voting power of all Aldabra capital stock, the affirmative vote of the holders of a majority of the voting power of all Aldabra capital stock must approve of any such alteration or amendment; and (ii) from and after the date that the holders of Seller Registrable Securities own less than 25% of the voting power of all Aldabra capital stock, the holders of 66²/₃% of the voting power of all Aldabra capital stock must approve any such alteration or amendment.

Special Stockholders Meetings

Our current charter is silent as to special stockholders meetings. Under the DGCL, special meetings of the stockholders may be called by the board or by any such person as may be authorized by a corporation's charter or bylaws. Our bylaws currently provide that a special stockholders meeting may only be called by a majority of the board, our chief executive officer or chairman, and by our secretary at the request in writing of stockholders holding a majority of the voting power of the outstanding Aldabra capital stock.

Under the proposed charter, special meetings of the stockholders may be called only by a majority of the voting power of all of the directors; or, if the holders of the Seller Registrable Securities own 25% of the voting power of all Aldabra capital stock, a special meeting may be called by the president upon written request of not less than 25% of the voting power of all Aldabra capital stock.

Action by Consent of the Stockholders

Under the DGCL, unless a company's charter provides otherwise, stockholders may execute an action by written consent in lieu of any annual or special meeting.

The proposed charter prohibits stockholders from taking any action by written consent in lieu of a meeting, and stockholders must take any actions at a duly called annual or special meeting of the stockholders and the power of the stockholders to consent in writing without a meeting is specifically denied. However, the preceding prohibition does not apply at anytime when Aldabra common stock is not registered under Section 12 of the Exchange Act, or when holders of the Seller Registrable Securities own at least 25% of the voting power of all Aldabra capital stock.

Limitation of Personal Liability of Directors

Our current charter provides that a director shall not be liable to Aldabra or its stockholders for breach of fiduciary duty as a director, except for liability (i) for any breach of the director's duty of loyalty to the Corporation or its stockholders, (ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (iii) under Section 174 of the DGCL, or (iv) for any transaction from which the director derived an improper personal benefit.

The proposed charter provides that, to the fullest extent permitted by the DGCL, no Aldabra director shall be liable to Aldabra or our stockholders for monetary damages arising from a breach of fiduciary duty owed to Aldabra or our stockholders.

Indemnification of Directors and Officers

Our current charter provides that we shall indemnify all persons whom we may indemnify under Section 145 of the DGCL, including persons made a party, or threatened to be made a party, to any action, proceeding or suit by reason of the fact that he is or was a director or officer, employee or agent of Aldabra, or is or was serving at the request of Aldabra as an officer, employee, director or another entity.

The proposed charter provides that we shall indemnify to the fullest extent permitted under the DGCL each person who was or is made a party, or is threatened to be made a party to, or is involved (including, without limitation, as a witness) in any actual or threatened action, suit or proceeding, by reason of the fact that he is or was a director or officer of Aldabra or is or was serving at the request of Aldabra as a director or officer of another corporation or of a partnership, limited liability company, joint venture, trust or other enterprise, whether the basis of such proceeding is alleged action in an official capacity as a director, an officer or in any other capacity while so serving.

Waiver of Corporate Opportunities

Our current charter does not provide for a waiver of corporate opportunities.

The proposed charter renounces, to the maximum extent permitted under the DGCL, any interest or expectancy of Aldabra in, or in being offered an opportunity to participate in, business opportunities that are from time to time presented to our officers, directors or stockholders, other than those officers, directors or stockholders who are employees of Aldabra or any of our subsidiaries.

Required Vote

Approval of the amended and restated charter requires the affirmative vote of a majority of the shares of our common stock outstanding on the Record Date.

Recommendation

AFTER CAREFUL CONSIDERATION, ALDABRA'S BOARD OF DIRECTORS HAS APPROVED AND DECLARED ADVISABLE THE AMENDED AND RESTATED CHARTER AND UNANIMOUSLY RECOMMENDS THAT THE STOCKHOLDERS VOTE "FOR" APPROVAL OF THE AMENDED AND RESTATED CHARTER PROPOSAL.

PROPOSAL IV ELECTION OF DIRECTORS

The Director Nominees

In connection with the Acquisition proposal, Aldabra stockholders are also being asked to elect the following persons to serve as directors of Aldabra: Carl A. Albert, Zaid F. Alsikafi, Jonathan W. Berger, Jack Goldman, Nathan D. Leight, Thomas S. Souleles, W. Thomas Stephens, Alexander Toeldte, and Jason G. Weiss. For information regarding these persons, see "Management Following the Acquisition Directors and Executive Officers Following the Acquisition."

Under the proposed amended and restated charter, our board of directors will be divided into three classes, designated Class I, Class II and Class III. The members of the three classes that are proposed to be elected in this proxy statement will have initial terms beginning upon completion of the Acquisition and terminating, in the case of Class I directors, on the date of the 2008 annual meeting, in the case of Class II directors, on the date of the 2009 annual meeting and, in the case of Class III directors, on the date of the 2010 annual meeting. At each succeeding annual meeting of stockholders, successors to the class of directors whose term expires at that annual meeting will be elected for a three-year term. Each director will hold office for the term to which he or she is elected and until his or her successor is duly elected and qualified.

Effective upon completion of the Acquisition and approval of the amended and restated charter, the current directors of Aldabra will resign, and the newly elected directors will be allocated to the three different classes as follows:

the Class I directors will be Messrs. Albert, Souleles, and Weiss;

the Class II directors will be Messrs. Berger, Goldman and Stephens; and

the Class III directors will be Messrs. Alsikafi, Leight and Toeldte.

AFTER CAREFUL CONSIDERATION, ALDABRA'S BOARD OF DIRECTORS HAS APPROVED AND DECLARED ADVISABLE THE ELECTION OF THE DIRECTOR NOMINEES AND UNANIMOUSLY RECOMMENDS THAT YOU VOTE OR INSTRUCT YOUR VOTE TO BE CAST "FOR" THE DIRECTOR NOMINEES AS SET FORTH IN THE ELECTION OF DIRECTORS PROPOSAL.

PROPOSAL V EQUITY INCENTIVE PLAN

The 2008 Boise Paper Company Incentive and Performance Plan

In connection with the Acquisition proposal, Aldabra stockholders are also being asked to approve the 2008 Boise Paper Company Incentive and Performance Plan, or the "Incentive Plan." Because the proposed Incentive Plan will take effect following the consummation of the Acquisition, the Incentive Plan as well as the awards issued under the Incentive Plan refer to Aldabra as "Boise Paper Company," which is the name that we are proposing to adopt post-Acquisition under the amended and restated charter proposal. The Incentive Plan will permit grants of annual incentive awards, stock bonuses, restricted stock, restricted stock units, performance stock, performance units, SARs, and stock options (including performance based or indexed stock options) to the executive officers, key employees, and nonemployee directors who are selected as participants, including each of the named executive officers. Plan participants will generally be selected by the compensation committee of our post-Acquisition board of directors.

A total of 5,175,000 shares of common stock are reserved for issuance under the Incentive Plan. Also, the following shares of common stock will again be available for issuance under the Incentive Plan: (1) shares subject to an incentive award that is cancelled, expired, terminated, forfeited, surrendered, or otherwise settled without the issuance of any stock and (2) shares of stock related to an incentive award that is settled in cash in lieu of stock.

Certain of the Boise Paper Company's executive officers, key employees and nonemployee directors are eligible to receive awards under the Incentive Plan at the discretion of the compensation committee. The Incentive Plan restricts the number of stock options, SARs, shares of restricted stock, restricted stock units and performance shares that can be granted during any fiscal year to any participant covered by Section 162(m) of the Code. In addition, the Incentive Plan also limits the amount that may be paid to such participants for both annual incentive awards and performance units granted in a single fiscal year.

Awards will become exercisable or otherwise vest at the times and upon the conditions that the compensation committee may determine at the time of grant, as reflected in the applicable award agreement. The committee may also make any or all awards performance-based, which means the award will be paid out based on the attainment of specified performance goals, in addition to any other conditions the committee may establish. Awards under the Incentive Plan are discretionary. To date, no awards have been granted under this plan.

Stock Options. Stock options entitle the holder to purchase shares of Boise Paper Company common stock during a specified period at a purchase price set by the compensation committee (not less than 100% of the fair market value of the common stock on the grant date). Each option granted under the Incentive Plan will be exercisable for a maximum period of 10 years from the date of grant (or for a lesser period if the committee so determines). Participants exercising an option may pay the exercise price by any lawful method permitted by the committee.

Stock Appreciation Rights. An SAR is the right, denominated in shares, to receive upon exercise, without payment to Boise Paper Company, an amount equal to the excess of the fair market value of a share of Boise Paper Company common stock on the exercise date over the fair market value of a share of Boise Paper Company common stock on the grant date, multiplied by the number of shares with respect to which the SAR is being exercised. Payment will be made in stock or cash, at Boise Paper Company's option. The compensation committee may grant SARs to participants as either freestanding awards or as awards related to stock options. For SARs related to an option, the terms and conditions of the grant will be substantially the same as the terms and conditions applicable to the related option, and exercise of either the SAR or the option will cause the cancellation of the other,

unless otherwise determined by the committee. The committee will determine the terms and conditions applicable to awards of freestanding SARs or for awards related to stock options.

Restricted Stock. Restricted stock is common stock that is transferred or sold by Boise Paper Company to a participant and that is subject to a substantial risk of forfeiture and to restrictions on sale or transfer for a period of time. The compensation committee will determine the amounts, terms and conditions (including the attainment of performance goals) of any grant of restricted stock. Except for restrictions on transfer (and any other restrictions that the committee may impose), participants will have all the rights of a stockholder with respect to the restricted stock. Unless the committee determines otherwise, a participant's termination of employment during the restricted period will result in forfeiture of all shares subject to restrictions.

Restricted Stock Units. Restricted stock units are similar to restricted stock, except that the shares of stock are not issued to the participant until after the end of the restriction period and any other applicable conditions are satisfied and except that the participant does not have rights of a stockholder with respect to the restricted stock units. Restricted stock units may also be paid in cash rather than stock, or in a combination of cash and stock, at the committee's discretion.

Performance Units. Performance units, which are the right to receive a payment upon the attainment of specified performance goals, may also be awarded by the compensation committee. The committee will establish the applicable performance goals at the time the units are awarded. Payment may be made in cash, stock, or a combination of cash and stock, at the committee's discretion.

Performance Shares. Performance shares represent the right to receive a payment at a future date based on the value of the common stock in accordance with the terms of the grant and upon the attainment of specified performance goals. The compensation committee will establish the performance goals and all other terms applicable to the grant. Payment may be made in cash, stock, or a combination of cash and stock, at the committee's discretion.

Annual Incentive Awards. Annual incentive awards are payments based on the attainment of performance goals specified by the compensation committee. Awards are calculated as a percentage of salary, based on the extent to which the performance goals are met during the year, as determined by the committee. Awards are paid in cash, stock or a combination of cash and stock, at the committee's discretion.

Stock Bonuses. Stock bonus awards, consisting of common stock, may be made at the discretion of the compensation committee upon the terms and conditions (if any) determined by the committee.

Performance Goals. Awards of restricted stock, performance units, performance shares, annual incentive awards and other awards under the Incentive Plan may be subject to the attainment of performance goals relating to one or more business criteria within the meaning of Section 162(m) of the Code. These goals may include or be based upon, without limitation: net earnings, sales or revenue, net income, operating income, operating profit or net operating profit, cash flow, economic profit, return on assets, return on capital, return on investment, return on operating revenue, return on equity or average stockholders' equity, total stockholder return, growth in sales or return on sales, gross, operating or net profit margin, working capital, earnings per share, growth in earnings or earnings per share, price per share of stock, market share, overhead or other expense reduction, growth in stockholder value relative to various indices, and strategic plan development and implementation. Performance goals may be used to measure Boise Paper Company's performance as a whole or any Boise Paper Company subsidiary, business unit or segment, may be adjusted to include or exclude extraordinary items, and may reflect absolute entity performance or a relative comparison of entity performance to the performance of a peer group, index or other external measure, in each case as determined by the committee in its discretion.

Change in Control. The Incentive Plan provides that in the event of a change in control (as defined in the Incentive Plan), unless otherwise determined by the compensation committee, all then-outstanding stock options and stock appreciation rights shall become fully vested and exercisable, and all other then-outstanding awards that are subject to time-based vesting shall vest in full and be free of restrictions, except to the extent that another award meeting the requirements set forth in the Incentive Plan is provided to the participant to replace such award. The Incentive Plan provides that such a replacement award may take the form of a continuation of the award outstanding prior to the change in control.

Administration of the Incentive Plan. The Incentive Plan will be administered by Boise Paper Company's compensation committee. The compensation committee (or any permitted delegee) has the discretion and responsibility to grant incentive awards, determine the participants to whom incentive awards shall be granted and establish and administer performance goals, among other things. Boise Paper Company's board of directors may amend the Incentive Plan at any time and may make adjustments to the Incentive Plan and outstanding options, without stockholder approval, to reflect a stock split, stock dividend, recapitalization, merger, consolidation or other corporate events. Stockholders must approve amendments that:

increase the number of shares subject to the plan;

decrease the grant or exercise price of any stock-based award to less than the fair market value of a share of Boise Paper Company common stock on the date of grant;

materially increase the benefits to participants; or

are required by applicable law to be approved by stockholders.

Our post-Acquisition board may terminate the plan at any time. The Incentive Plan, however, will remain in effect as awards may extend beyond that time in accordance with their terms.

New Plan Benefits. As of the date of this proxy statement, no awards have been approved under the Incentive Plan. The committee has not yet determined the amount of the awards that will be received by any executive officers, key employee or nonemployee director of Boise Paper Company under the Incentive Plan if it is approved.

U.S. Federal Income Tax Consequences. The following is a brief description of the principal U.S. federal income tax consequences, based on current law, of awards under the Incentive Plan.

Incentive Stock Options. An incentive stock option results in no taxable income to the optionee and no deduction to the Company at the time it is granted or exercised. However, the excess of the fair market value of the shares acquired over the option price is an item of adjustment in computing the alternative minimum taxable income of the optionee. If the optionee holds the stock received as a result of an exercise of an incentive stock option for at least two years from the date of the grant and one year from the date of exercise, then the gain realized on disposition of the stock is treated as a long-term capital gain. If the shares are disposed of during this period, however, (i.e., a "disqualifying disposition"), then the optionee will include in income, as compensation for the year of the disposition, an amount equal to the excess, if any, of the fair market value of the shares upon exercise of the option over the option price (or, if less, the excess of the amount realized upon disposition over the option price). The excess, if any, of the sale price over the fair market value on the date of exercise will be a short-term capital gain. In such a case, the Company will be entitled to a deduction in the year of the disposition for the amount includible in the optionee's income as compensation. The optionee's basis in the shares acquired upon exercise of an incentive stock option is equal to the option price paid, plus any amount includible in his or her income as a result of a disqualifying disposition.

Non-Qualified Stock Options. A non-qualified stock option results in no taxable income to the optionee and no deduction to the Company at the time it is granted. An optionee exercising such an option will, at that time, realize taxable compensation in the amount of the difference between the option exercise price and the then fair market value of the shares. Subject to the applicable provisions of the Code, a deduction for federal income tax purposes will be allowable to the Company in the year of exercise in an amount equal to the taxable compensation recognized by the optionee.

The optionee's basis in such shares is equal to the sum of the option price plus the amount includible in his or her income as compensation upon exercise. Any gain (or loss) upon subsequent disposition of the shares will be a long-term or short-term gain (or loss), depending upon the holding period of the shares.

If a non-qualified option is exercised by tendering previously owned shares of the Company's common stock in payment of the option exercise price, then, instead of the treatment described above, the following generally will apply: a number of new shares equal to the number of previously owned shares tendered will be considered to have been received in a tax-free exchange; the optionee's basis and holding period for such number of new shares will be equal to the basis and holding period of the previously owned shares exchanged. The optionee will have compensation income equal to the fair market value on the date of exercise of the number of new shares received in excess of such number of exchanged shares; the optionee's basis in such excess shares will be equal to the amount of such compensation income; and the holding period in such shares will begin on the date of exercise.

Stock Appreciation Rights. Generally, the recipient of an SAR will not recognize taxable income at the time the SAR is granted. If an employee receives the appreciation inherent in the SARs in cash, the cash will be taxed as ordinary income to the employee at the time it is received. If an employee receives the appreciation inherent in the SARs in stock, the value of the stock received will be taxed as ordinary income to the employee at the time it is received. In general, there will be no federal income tax deduction allowed to the Company upon the grant or termination of SARs. However, upon the settlement of an SAR, the Company will be entitled to a deduction equal to the amount of ordinary income the recipient is required to recognize as a result of the settlement.

Restricted Stock. Shares of restricted stock are generally subject to ordinary income tax at the time the restrictions lapse. The participant may, however, make an election to include in income, when the restricted stock is first transferred to him or her, an amount equal to the excess of the fair market value of the stock at that time over the amount, if any, paid for the stock. The result of this election is that appreciation in the value of the stock after the date of transfer is then taxable as capital gain, rather than as ordinary income.

Restricted Stock Units. Provided the terms of the RSUs comply with the requirements of Code Section 409A, the recipient will recognize taxable income and be subject to wage and employment tax withholding at the time a participant receives the shares or cash underlying the awards. The amount of ordinary income that a participant will recognize will equal the fair market value of the shares and/or cash at the time it is received, less the amount, if any, that a recipient paid for the RSUs.

Other Awards. Recipients of performance units and performance shares will not recognize taxable income at the time the performance unit or performance share is granted but, rather, will be subject to ordinary income tax at the time payment is made at the completion of the performance period, equal to the amount of cash or fair market value of stock received over the amount, if any, paid for the performance unit or performance share.

In each of the foregoing cases, the Company will generally be entitled to a corresponding federal income tax deduction at the same time the participant recognizes ordinary income.

Tax Withholding. When taxable compensation is realized by a recipient in respect of an award, a recipient must satisfy all applicable federal, state or local taxes required by law to be withheld at that time. The Company will, to the extent permitted by law, have the right to deduct any of the taxes from any payment of any kind otherwise due to the participant. With respect to incentive stock options, no income or employment taxes are currently required to be withheld upon the exercise of the option or upon the disposition of stock acquired upon the exercise of such option. However, the Internal Revenue Service has issued notices indicating that the withholding rules applicable to incentive stock options may be changed in the future.

Capital Gains Tax. The sale by the recipient of any BPC common stock acquired under the Incentive Plan may result in the recognition of capital gains or losses for the recipient. Under current law, the federal income tax rates that apply to net capital gains will depend in part upon the length of time the shares are held by the recipient following an exercise, with different tax rates applying for shares held for one year or less, for more than one year, and for more than five years. Net capital gains rates are generally lower for individuals upon satisfaction of longer holding periods. Net capital losses may generally be deducted against net capital gain and against ordinary income to a limited extent.

Tax Treatment of Awards to Non-Employee Directors and to Employees Outside the United States. The grant and exercise of options and awards under the Incentive Plan to non-employee directors and to employees outside the United States may be taxed on a different basis.

Other Tax Considerations. Section 162(m) of the Code places a \$1,000,000 annual limit on the compensation deductible by the Company paid to covered employees. The limit, however, does not apply to "qualified performance-based compensation." The Company believes that awards of stock options, SARs and other awards payable upon the attainment of performance goals under the Incentive Plan will qualify as qualified performance-based compensation. Also, awards that are granted, accelerated or enhanced upon the occurrence of a change in control may give rise, in whole or in part, to "excess parachute payments" within the meaning of Section 280G of the Code and, to such extent, will be non-deductible by the Company and subject to a 20% excise tax on the participant.

The foregoing summary of the income tax consequences in respect of the Incentive Plan is for general information only. Interested parties should consult their own advisors as to specific tax consequences, including the application and effect of foreign, state and local tax laws.

INFORMATION ABOUT ALDABRA

Other Information Related to Aldabra

Business of Aldabra

Aldabra is a newly formed blank check company, created on February 1, 2007 and organized for the purpose of effecting a merger, capital stock exchange, asset acquisition or other similar business combination with an operating business. Aldabra's efforts in identifying a prospective target business are not limited to a particular industry. Aldabra intends to utilize cash derived from the proceeds of its IPO, its capital stock, debt or a combination of cash, capital stock and debt, in effecting a business combination.

Offering Proceeds

On June 22, 2007, Aldabra consummated its IPO of 41,400,000 units, including 5,400,000 units subject to the underwriters' over-allotment option, with each unit consisting of one share of Aldabra common stock and one warrant, with each warrant bestowing upon its holder the right to purchase one share of Aldabra common stock at an exercise price of \$7.50 per share. The units from the IPO (including the over-allotment option) were sold at an offering price of \$10.00 per unit, generating total gross proceeds of \$414,000,000. Lazard Capital Markets LLC acted as representative of the underwriters in the IPO. The securities sold in the offering were registered under the Securities Act on registration statements on Form S-1 (Nos. 333-141398 and 333-143890). The SEC declared the registration statement effective on June 19, 2007.

Aldabra paid a total of \$16,560,000 in underwriting discounts and commissions (not including \$12,420,000, which was deferred by the underwriters until completion of a business combination) and approximately \$676,000 for other costs and expenses related to the IPO and the over-allotment option.

Aldabra also consummated the simultaneous private sale of 3,000,000 warrants at a price of \$1.00 per warrant, with each warrant evidencing the right to purchase one share of Aldabra common stock at an exercise price of \$7.50 per share, generating total proceeds of approximately \$3,000,000. The warrants were purchased by Messrs. Leight and Weiss. The Aldabra Insider Warrants are identical to the warrants included in the units sold in the IPO except that the Aldabra Insider Warrants (i) will be exercisable on a cashless basis, (ii) may be exercised whether or not a registration statement relating to the common stock issuable upon exercise of the warrants is effective and current and (iii) will not be redeemable by Aldabra so long as they are still held by the purchasers or their affiliates. The purchasers of the Aldabra Insider Warrants have agreed that the Aldabra Insider Warrants will not be sold or transferred by them (except in certain cases) until the later of June 19, 2008 and 60 days after the consummation of Aldabra's business combination.

After deducting the underwriting discounts and commissions and the offering expenses, Aldabra's net proceeds from the offering were approximately \$384,344,000, and an amount of \$399,500,000, including \$3,000,000 in connection with the sale of the Aldabra Insider Warrants and \$12,420,000 on deferred underwriting discounts and commissions, was deposited into the trust account and the remaining proceeds became available to be used to provide for business, legal and accounting due diligence on prospective business combinations and continuing general and administrative expenses.

The trust account will not be released until the earlier of the consummation of a business combination or the liquidation of Aldabra. As of October 1, 2007, the trust account contained approximately \$401,524,000 (or approximately \$9.70 per IPO Share) net of accrued expenses and taxes. The trust is maintained by Continental Stock Transfer & Trust Company acting as trustee. If the Acquisition is consummated, the trust account will be released to the new entity, Boise Paper Company, less the amounts paid to stockholders of Aldabra who do not approve the Acquisition and contemporaneously demand that Aldabra convert their shares of common stock into their pro-rata

share of the trust account. These funds will not be released, however, until the earlier of the completion of a business combination or Aldabra's liquidation (which may not occur until June 19, 2009).

Fair Market Value of Target Business

Pursuant to the terms of Aldabra's IPO prospectus and its agreement with the underwriters of its IPO, any business acquired by it must have a fair market value equal to at least 80% of Aldabra's net assets at the time of acquisition, which assets shall include the amount in the trust account. Based on the financial analysis of BPP, Houlihan Lokey concluded in its fairness opinion that it presented to the board that this 80% requirement was met. In addition, Houlihan Lokey determined that the consideration being paid in the Acquisition (which amount was negotiated at arms-length) was fair to Aldabra from a financial point of view.

Stockholder Approval of Business Combination

In connection with the vote required for any business combination, the Aldabra Insider Stockholders, including all of its directors, executive officers and certain of their affiliates, have agreed to vote their respective Private Shares in accordance with the votes of a majority of the IPO Shares cast by the public stockholders. This voting arrangement does not apply to shares of Aldabra common stock purchased after the IPO in the open market by any of the Aldabra Insider Stockholders and does not apply to any proposal other than with respect to a business combination. Aldabra will proceed with the business combination only if the holders of a majority of the IPO Shares vote their shares in favor of the business combination and holders owning less than 40% of the IPO Shares both exercise their conversion rights and vote against the business combination.

Conversion Rights

If a holder of IPO shares votes against the Acquisition, contemporaneously demands that Aldabra convert their IPO shares into cash and the Acquisition is approved and completed, Aldabra will deliver to each such holder of IPO shares the per-share conversion price explained below. The Aldabra Insider Stockholders will not have such conversion rights with respect to the Private Shares. The actual per-share conversion price will be equal to the amount in the trust account, inclusive of any interest but less accrued expenses (calculated as of two business days prior to the consummation of the Acquisition), divided by the number of IPO Shares. As of October 1, 2007, the conversion price was approximately \$9.70 per IPO Share.

A request for conversion will not be granted unless the stockholder votes against the Acquisition, contemporaneously elects to convert their shares and the Acquisition is approved and completed. Additionally, Aldabra requires public stockholders, whether they are record holders or hold their shares in "street name," to either tender their certificates to Aldabra's transfer agent at any time through the vote on the Acquisition or to deliver their shares to the transfer agent electronically using Depository Trust Company's DWAC (Deposit/Withdrawal At Custodian) System, at the holder's option.

Any request for conversion, once made, may be withdrawn at any time up to the time the vote is taken regarding the Acquisition. Furthermore, if a stockholder delivered his certificate for conversion and subsequently decided prior to the meeting not to elect conversion, that stockholder may simply request that the transfer agent return the certificate (physically or electronically). It is anticipated that the funds to be distributed to those stockholders who are entitled to convert their shares and who elect conversion will be distributed promptly after completion of the Acquisition. Public stockholders who convert their stock into their share of the trust account continue to have the right to exercise any warrants they still hold.

If a vote on the Acquisition is held and the Acquisition is not approved, Aldabra will continue to try to consummate a business combination with a different target until June 19, 2009. If the Acquisition is not approved or completed for any reason, then public stockholders who voted against the Acquisition and exercised their conversion rights would not be entitled to convert their shares of Aldabra common stock into a pro rata share of the aggregate amount then on deposit in the trust account. In such case, if Aldabra has required public stockholders to tender their certificates prior to the meeting, Aldabra will promptly return such certificates to the tendering public stockholder. Public stockholders who have exercised their conversion rights and voted against the Acquisition would be entitled to receive their pro rata share of the aggregate amount on deposit in the trust account only in the event that the Acquisition they voted against was duly approved and subsequently completed, or in connection with Aldabra's liquidation.

Aldabra will not complete any business combination including this Acquisition if public stockholders, owning 40% or more of the IPO Shares, both exercise their conversion rights and vote against the Acquisition. Aldabra set the conversion percentage at 40% in order to reduce the likelihood that a small group of investors holding a block of Aldabra stock will be able to stop it from completing the Acquisition that is otherwise approved by a majority of Aldabra's public stockholders.

Liquidation If No Business Combination

Aldabra's existing charter provides that we will continue in existence only until June 19, 2009. This part of our charter may not be amended except in connection with the consummation of a business combination. If Aldabra has not completed a business combination by such date, our corporate existence will cease except for the purposes of winding up our affairs and liquidating, pursuant to Section 278 of the DGCL. This has the same effect as if Aldabra's board of directors and stockholders had formally voted to approve Aldabra's dissolution pursuant to Section 275 of the DGCL. Accordingly, limiting Aldabra's corporate existence to a specified date as permitted by Section 102(b)(5) of the DGCL removes the necessity to comply with the formal procedures set forth in Section 275 (which would have required Aldabra's board of directors and stockholders to formally vote to approve Aldabra's dissolution and liquidation and to have filed a certificate of dissolution with the Delaware Secretary of State). We view this termination by June 19, 2009 provision as an obligation to our stockholders, and Aldabra will not take any action to amend or waive this provision to allow the Company to survive for a longer period of time except in connection with the consummation of a business combination.

If Aldabra is unable to complete the Acquisition with BPP, Aldabra will continue to try to consummate a business combination with a different target.

ALDABRA MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion should be read in conjunction with Aldabra's unaudited condensed financial statements for the three months ended June 30, 2006 and the related notes, as well as its audited financial statements for the period February 1, 2007 (date of inception) to February 28, 2007, and the notes thereto.

Overview

Aldabra was formed on February 1, 2007, to serve as a vehicle to effect a merger, capital stock exchange, asset acquisition or other similar business combination with an operating business. Aldabra intends to utilize cash derived from the proceeds of its IPO, its capital stock, debt or a combination of cash, capital stock and debt, in effecting this Acquisition and other future business combinations.

To date, Aldabra has neither engaged in any operations nor generated any revenues, except interest income. Aldabra's entire activity since inception has been to search for targets for a business combination.

Results of Operations

For the three months ended June 30, 2007, Aldabra had net income of \$268,815, consisting of interest income of \$510,398 less operating expenses and provision of income taxes totaling \$241,583.

For the period from February 1, 2007 (inception) to June 30, 2007, Aldabra had net income of \$267,801, consisting of interest income of \$510,544 less operating expenses and provision of income taxes totaling \$242,743.

Financial Condition and Liquidity

Aldabra consummated its IPO of 41,400,000 units, including 5,400,000 units subject to the underwriters' over-allotment option, on June 22, 2007. Gross proceeds from this IPO were \$414,000,000. Aldabra paid a total of \$16,560,000 in underwriting discounts and commissions (not including \$12,420,000 which was deferred by the underwriters until completion of a business combination) and incurred approximately \$640,000 for other costs and expenses related to the offering and the over-allotment option. After deducting the underwriting discounts and commissions and the offering expenses, the total net proceeds including \$3,000,000 from the sale of the Aldabra Insider Warrants were approximately \$399,800,000, and an amount of \$399,500,000 was deposited into the trust account. Aldabra intends to use substantially all of the net proceeds of its IPO to consummate the Acquisition, including structuring and negotiating the business combination.

To the extent that Aldabra's capital stock is used in whole or in part as consideration to effect a business combination, the proceeds held in the trust fund, as well as any other net proceeds not expended, will be used to finance the post-closing operations of the target business. Aldabra believes it will have sufficient available funds outside of the trust fund (including up to \$3,100,000 generated from interest on the trust funds) to operate through June 19, 2009, assuming that a business combination is not consummated during that time.

Aldabra expects its primary liquidity requirements during this period to include:

\$1,000,000 of expenses for the search for target businesses and for the legal, accounting and other third-party expenses attendant to the due diligence investigations, structuring and negotiating of a business combination;

\$250,000 of expenses for the due diligence and investigation of a target business by Aldabra's officers, directors and certain of its initial stockholders;

Edgar Filing: Aldabra 2 Acquisition Corp. - Form PREM14A

\$200,000 of expenses in legal and accounting fees relating to Aldabra's SEC reporting obligations;

\$180,000 for the administrative fee payable to Terrapin Partners, LLC (\$7,500 per month for 24 months); and

\$1,670,000 for general working capital that will be used for miscellaneous expenses and reserves, including approximately \$120,000 for director and officer liability insurance premiums.

Aldabra does not believe that it will need to raise additional funds in order to meet the expenditures required for operating its business. However, Aldabra may need to raise additional funds through a private offering of debt or equity securities or other debt financing if such funds are required to consummate a business combination that is presented to it. Aldabra would only consummate such a financing simultaneously with the consummation of a business combination.

Commencing on June 19, 2007 and ending upon the consummation of a business combination or Aldabra's liquidation, Aldabra began incurring a fee from Terrapin Partners, LLC, an affiliate of Mr. Leight, Aldabra's chairman of the board, and Mr. Weiss, its chief executive officer, of \$7,500 per month for administrative, technology and secretarial services, as well as the use of limited office space, including a conference room, in New York City. In addition, in February and June 2007, Messrs. Leight and Weiss advanced an aggregate of \$137,000 to Aldabra for payment on its behalf of IPO expenses. These loans were repaid following Aldabra's IPO from the proceeds of the IPO.

Liquidation If No Business Combination

Aldabra's amended and restated charter provides that it will continue in existence only until June 19, 2009. This provision may not be amended except in connection with the consummation of a business combination. If Aldabra has not completed a business combination by such date, its corporate existence will cease except for the purposes of winding up its affairs and liquidating, pursuant to Section 278 of the DGCL. This has the same effect as if Aldabra's board of directors and stockholders had formally voted to approve Aldabra's dissolution pursuant to Section 275 of the DGCL. Accordingly, limiting Aldabra's corporate existence to a specified date as permitted by Section 102(b)(5) of the DGCL removes the necessity to comply with the formal procedures set forth in Section 275 (which would have required Aldabra's board of directors and stockholders to formally vote to approve its dissolution and liquidation and to have filed a certificate of dissolution with the Delaware Secretary of State). Aldabra views this provision terminating its corporate life by June 19, 2009 as an obligation to its stockholders and will not take any action to amend or waive this provision to allow Aldabra to survive for a longer period of time except in connection with the consummation of a business combination.

If Aldabra is unable to complete a business combination by June 19, 2009, it will distribute to all holders of its IPO Shares, in proportion to their respective equity interests, an aggregate sum equal to the amount in the trust account, inclusive of any interest but less any expenses incurred, plus any remaining net assets (subject to its obligations under Delaware law to provide for claims of creditors as described below). Aldabra anticipates notifying the trustee of the trust account to begin liquidating such assets promptly after such date and anticipate it will take no more than 10 business days to effectuate such distribution. The Aldabra Insider Stockholders have waived their rights to participate in any liquidation distribution with respect to their Private Shares. There will be no distribution from the trust account with respect to Aldabra's warrants, which will expire worthless. Aldabra will pay the costs of liquidation from its remaining assets outside of the trust account. If such funds are insufficient, Messrs. Leight and Weiss have agreed to advance Aldabra the funds necessary to complete such liquidation and have agreed not to seek repayment of such expenses.

As of October 1, 2007, the value of the trust fund was approximately \$401,524,000, net of accrued expenses and taxes, or approximately \$9.70 per IPO Share. The proceeds deposited in the trust account could, however, become subject to the claims of Aldabra's creditors (which could include vendors and service providers it has engaged to assist Aldabra in any way in connection with its search for a target business and that are owed money by Aldabra, as well as target businesses themselves), which could have higher priority than the claims of its public stockholders to the extent that these vendors have not signed waivers. Messrs. Leight and Weiss have personally agreed, pursuant to agreements with Aldabra and Lazard Capital Markets LLC that, if Aldabra liquidates prior to the consummation of a business combination, they will be personally liable to pay debts and obligations to target businesses or vendors or other entities that are owed money by Aldabra for services rendered or contracted for or products sold to Aldabra in excess of the net proceeds of the offering not held in the trust account, but only if, and to the extent, the claims reduce the amounts in the trust account (not including allowable expenses up to \$3,100,000). We cannot assure you, however, that Messrs. Leight and Weiss would be able to satisfy those obligations. Furthermore, Messrs. Leight and Weiss will not have any personal liability as to any claimed amounts owed to a third party (including target businesses) that executed a waiver. If a claim were made that resulted in Messrs. Leight and Weiss having personal liability and they refused to satisfy their obligations, Aldabra would have a fiduciary obligation to bring an action against them to enforce Aldabra's indemnification rights and would accordingly bring such an action against them. Accordingly, the actual per IPO Share liquidation price could be less than approximately \$9.70, due to claims of creditors. Additionally, in the case of a prospective target business that did not execute a waiver, such liability will only be in an amount necessary to ensure that holders of IPO Shares receive no less than \$10.00 per share upon liquidation. Furthermore, if Aldabra is forced to file a bankruptcy case or an involuntary bankruptcy case is filed against Aldabra that is not dismissed, the proceeds held in the trust account could be subject to applicable bankruptcy law, and may be included in Aldabra's bankruptcy estate and subject to the claims of third parties with priority over the claims of its stockholders. To the extent any bankruptcy claims deplete the trust account, we cannot assure you that Aldabra will be able to return to its public stockholders at least approximately \$9.70 per IPO Share.

The holders of the IPO Shares will be entitled to receive funds from the trust account only in the event of the expiration of Aldabra's corporate existence and its liquidation or if they seek to convert their respective shares into cash upon a business combination that the stockholder voted against and that is completed by Aldabra. In no other circumstances will a stockholder have any right or interest of any kind to or in the trust account.

Under the DGCL, stockholders may be held liable for claims by third parties against a corporation to the extent of distributions received by them in a dissolution. If the corporation complies with certain procedures set forth in Section 280 of the DGCL intended to ensure that it makes reasonable provision for all claims against it, including a 60-day notice period during which any third-party claims can be brought against the corporation, a 90-day period during which the corporation may reject any claims brought, and an additional 150-day waiting period before any liquidating distributions are made to stockholders, any liability of stockholders with respect to a liquidating distribution is limited to the lesser of such stockholder's pro rata share of the claim or the amount distributed to the stockholder, and any liability of the stockholder would be barred after the third anniversary of the dissolution. However, as stated above, it is Aldabra's intention to make liquidating distributions to its stockholders as soon as reasonably possible after June 19, 2009 and, therefore, Aldabra does not intend to comply with those procedures. As such, Aldabra's stockholders could potentially be liable for any claims to the extent of distributions received by them (but no more) and any liability of its stockholders may extend well beyond the third anniversary of such date. Because Aldabra will not be complying with Section 280, Section 281(b) of the DGCL requires Aldabra to adopt a plan that will provide for Aldabra's payment, based on facts known to Aldabra at such time, of (i) all existing claims, (ii) all pending claims and (iii) all claims that may be potentially brought against Aldabra within the subsequent 10 years. Accordingly, Aldabra would be required to provide for any claims of creditors

known to it at that time or those that it believes could be potentially brought against it within the subsequent 10 years prior to its distributing the funds in the trust account to its public stockholders. However, because Aldabra is a blank check company, rather than an operating company, and its operations will be limited to searching for prospective target businesses to acquire, the only likely claims to arise would be from Aldabra's vendors and service providers (such as accountants, lawyers, investment bankers, etc.) and potential target businesses. All vendors, service providers and prospective target businesses are asked to execute agreements with Aldabra, waiving any right, title, interest or claim of any kind they may have in or to any monies held in the trust account. As a result, the claims that could be made against Aldabra will be limited, thereby lessening the likelihood that any claim would result in any liability extending to the trust. Aldabra therefore believes that any necessary provision for creditors will be reduced and should not have a significant impact on its ability to distribute the funds in the trust account to its public stockholders. Nevertheless, we cannot assure you of this fact, as there is no guarantee that vendors, service providers and prospective target businesses will execute such agreements. Nor is there any guarantee that, even if they execute such agreements with us, they will not seek recourse against the trust account. A court could also conclude that such agreements are not legally enforceable. As a result, if Aldabra liquidates, the per-share distribution from the trust account could be less than approximately \$9.70 due to claims or potential claims of creditors.

If Aldabra is forced to file a bankruptcy case or an involuntary bankruptcy case is filed against the Company that is not dismissed, any distributions received by stockholders could be viewed under applicable debtor/creditor and/or bankruptcy laws as either a "preferential transfer" or a "fraudulent conveyance." As a result, a bankruptcy court could seek to recover all amounts received by Aldabra's stockholders. Furthermore, because Aldabra intends to distribute the proceeds held in the trust account to its public stockholders promptly after June 19, 2009 (in the event of a liquidation), this result may be viewed or interpreted as giving preference to Aldabra's public stockholders over any potential creditors regarding access to, or distributions from, Aldabra's assets. Furthermore, Aldabra's board may be viewed as having breached its fiduciary duties to its creditors and/or may have acted in bad faith, and thereby exposing itself and Aldabra to claims of punitive damages by paying public stockholders from the trust account prior to addressing the claims of creditors. Aldabra cannot assure you that claims will not be brought against it for these reasons.

Competition

In identifying, evaluating and selecting a target business, Aldabra may encounter intense competition from other entities having a business objective similar to its own. As of October 1, 2007, there were approximately 51 blank check companies in the United States with more than \$5,700,000,000 in trust that are actively seeking business combinations. Furthermore, there are a number of additional offerings for blank check companies that are still in the registration process but have not completed an initial public offering and there are likely to be more blank check companies filing registration statements for initial public offerings after the date of this proxy statement and prior to Aldabra's completion of a business combination. Additionally, Aldabra may be subject to competition from entities other than blank check companies having a business objective similar to ours, including venture capital firms, leverage buyout firms and operating businesses looking to expand their operations through the acquisition of a target business. Many of these entities are well established and have extensive experience identifying and effecting business combinations directly or through affiliates. Many of these competitors possess greater technical, human and other resources than Aldabra and its financial resources will be relatively limited when contrasted with those of many of these competitors.

This inherent competitive limitation gives others an advantage in pursuing the acquisition of a target business. Further, the following may not be viewed favorably by certain target businesses:

Aldabra's obligation to seek stockholder approval of a business combination may delay the completion of a transaction; and

Aldabra's obligation to convert into cash shares of common stock held by its public stockholders that both vote against the business combination and contemporaneously exercise their conversion rights may reduce the resources available to Aldabra for a business combination.

Any of these factors may place Aldabra at a competitive disadvantage in successfully negotiating a business combination. Aldabra's management believes, however, that its status as a public entity and its existing access to the U.S. public equity markets may give Aldabra a competitive advantage over privately-held entities having a similar business objective as it in acquiring a target business with significant growth potential on favorable terms.

If Aldabra succeeds in effecting this Acquisition and/or a different business combination, there will be, in all likelihood, intense competition from competitors of the business that is acquired by Aldabra. Aldabra cannot assure you that, subsequent to this Acquisition and or a different business combination, it will have the resources or ability to compete effectively.

Facilities

Aldabra maintains its executive offices at c/o Terrapin Partners, LLC, 540 Madison Avenue, 17th Floor, New York, New York 10022. Terrapin Partners, LLC has agreed to provide Aldabra with administrative, technology and secretarial services, as well as the use of certain limited office space, including a conference room, at this location pursuant to a letter agreement between Aldabra and Terrapin Partners, LLC. The cost for the foregoing services to be provided to Aldabra by Terrapin Partners, LLC is \$7,500 per month. Aldabra believes, based on rents and fees for similar services in the New York City metropolitan area, that the fee charged by Terrapin Partners, LLC is at least as favorable as it could have obtained from an unaffiliated person. Aldabra considers its current office space adequate for its current operations. If the Acquisition is consummated, the arrangement with Terrapin Partners, LLC will cease.

Employees

Aldabra has two executive officers. These individuals are not obligated to devote any specific number of hours to Aldabra's matters and intend to devote only as much time as they deem necessary to its affairs. The amount of time they will devote in any time period varies depending on whether a target business has been selected for the business combination and the stage of the business combination process in which Aldabra is involved. Aldabra does not have any full-time employees, although Terrapin Partners, LLC has made available to Aldabra the services of two of Terrapin Partners, LLC's employees to assist Aldabra in the search for prospective business combinations, including the proposed Acquisition. These individuals are not required to devote any specific number of hours to Aldabra matters.

Engagement of Certain Financial Advisors

Pali Capital, Inc. and Lazard Freres & Co. LLC were engaged to provide advisory services to Aldabra in connection with Aldabra's negotiation of the terms of the proposed Acquisition. While such advisors agreed to provide their services without compensation, Aldabra agreed to reimburse such advisors for expenses incurred in connection with their engagement and to indemnify such advisors with respect to losses and claims arising out of such engagement. Pali Capital, Inc. and Lazard Capital Markets LLC were two of the underwriters for the IPO. The parent company of Lazard Capital Markets LLC is party to a business alliance agreement with the parent company of Lazard Freres & Co. LLC pursuant to which certain underwriting and distribution opportunities are referred by Lazard Freres & Co. LLC to Lazard Capital Markets LLC in exchange for a referral fee.

INFORMATION ABOUT BOISE PAPER PRODUCTS

General

BPP currently operates as three segments of the Seller: the paper segment, the packaging and newsprint segment, and the corporate and other segment (which includes BPP's transportation business and corporate staff support).

Paper

Products

BPP's paper segment manufactures and sells uncoated free sheet paper (including cut-size office papers, commercial printing paper, envelope papers, and a wide range of premium and specialty papers), market pulp, and corrugating medium. Many of BPP's paper products are commodity products, while others have specialized features that make these products value-added, premium or specialty grades. BPP's value-added grades include high-bright and colored cut-size office papers and custom-developed specialty papers for such uses as label and release. BPP sells to customers both directly from its mills and through distribution centers. In 2006, BPP was the fourth-largest manufacturer of uncoated free sheet paper in North America with annual uncoated free sheet paper production capacity of approximately 1.5 million short tons (a short ton is equal to 2,000 pounds) and North American market share of approximately 11% in 2006. Following the merger of two of its competitors in 2007, BPP became the third largest producer of uncoated free sheet paper in North America. During 2006, uncoated free sheet paper accounted for approximately 88% of segment sales.

BPP's strategy is to increase its presence in the growing specialty and premium paper markets, while reducing its exposure to shrinking commodity markets, such as converting paper for business forms. Some traditional communications paper markets have been declining as electronic media has developed. These declines have varied by specific products: for example, roll stock for business forms has declined significantly while cut-size copy paper consumption has been essentially flat over the past several years as increased printer placements in home and manufacturing environments has offset reductions in office consumption. Many premium paper markets, such as recycled and colored papers have been growing. Other paper markets, such as label and release papers and flexible packaging papers, are not impacted negatively by electronic substitution. While BPP produces some uncoated free sheet paper for forms converting use, its commodity uncoated free sheet paper production is heavily weighted to cut size copy paper sold through OfficeMax, which also helps facilitate sales of premium office papers, such as recycled and colored copy paper.

(1)

Segment EBITDA is calculated as segment income (loss) before interest, income tax provision (benefit) and depreciation, amortization and depletion. EBITDA is the primary measure used by our chief operating decision makers to evaluate segment operating performance and to decide how to allocate resources to segments. See "Selected Historical Financial Information of Boise Paper Products" for a description of BPP's reasons for using EBITDA, for a discussion of the limitations of such a measure and for a reconciliation of BPP EBITDA to net income.

BPP's commodity-grade paper products are produced primarily on its larger paper machines in long, high-volume production runs that achieve economies of scale. On BPP's smaller paper machines, BPP cost-competitively manufactures premium and specialty grades, which are increasingly displacing the production of commodity grades on these machines. Premium and specialty grades tend to require shorter production runs, generate higher and more stable prices, and have higher margins over time. Sales volumes of premium and specialty grades increased 14%, from 436,000 tons in 2005 to 498,000 tons in 2006. This increased focus on premium and specialty grades is an important component of BPP's strategy. In support of this strategy as of September 30, 2007, BPP had spent approximately \$80 million to modify its uncoated free sheet paper machine at its Wallula, Washington mill to enable it to produce pressure sensitive papers in addition to the commodity grades it has historically produced. Pressure sensitive papers include those used in the manufacture of labels and other adhesive papers.

BPP also manufactures and sells market pulp. The quantity of market pulp it sells is approximately equal to the market pulp it purchases across both of its operating segments; therefore, any changes in the price and cost of pulp generally tend to offset one another.

Facilities

BPP manufactures uncoated free sheet paper at four mills in the United States. These mills had an annual capacity of 1.5 million short tons of uncoated free sheet paper as of December 31, 2006. BPP's uncoated free sheet paper mills are supported by converting machines that, on a net basis, can produce approximately 1 million short tons of cut- and folio-size sheets annually.

(1) Capacity assumes production 24 hours per day, 365 days per year, less days allotted for planned maintenance. Accordingly, production can exceed capacity under some operating conditions.

Raw Materials and Input Costs

Wood fiber is the principal raw material in this segment. The primary sources of wood fiber are timber and its byproducts, such as wood chips, wood shavings, and sawdust. Most of BPP's manufacturing facilities are located in close proximity to active wood markets. BPP has long-term market-based contracts for a portion of its fiber needs. BPP obtains some of its wood residuals from the Seller's sawmills and wood products facilities in the Pacific Northwest and, to a lesser extent, in the South, and the remainder are purchased from outside sources. As a part of the transaction, BPP is entering into contracts with the Seller to continue to source this fiber based on terms and conditions traditionally used between the businesses when they operated as fully-owned segments of the Seller. BPP also obtains fiber for its pulp mills in the Pacific Northwest from its cottonwood fiber farm near Wallula, Washington. In addition, BPP will continue to benefit from a long-term supply contract between the Seller and Forest Capital Partners, L.L.C. (which purchased timberlands that formerly belonged to an affiliate of the Seller until 2005), which enables the Seller to source wood at market prices for a substantial amount of BPP's wood fiber requirements.

All of BPP's paper mills have on-site pulp production facilities. Some of BPP's paper mills also purchase pulp from third parties pursuant to contractual arrangements. At the time these arrangements were negotiated, pulp markets were relatively soft and, as a result, BPP was able to negotiate attractive terms. Because the current pulp market is relatively tight, BPP may not be able to achieve new purchase arrangements with similarly attractive terms.

BPP generally purchases raw materials through contracts or open-market purchases. These contracts are generally with suppliers located in closest proximity to the specific facility they supply, and they generally contain price adjustment mechanisms to account for market price and expense volatility.

BPP's paper segment consumes substantial amounts of energy, such as electricity, natural gas, and fuel oil. During 2006, energy costs accounted for approximately 16% of the aggregate amount of materials, labor, and other operating expenses, including fiber costs, in this segment. BPP purchases substantial portions of its natural gas and electricity under supply contracts, most of which are between a specific plant and a specific local provider. Under most of these contracts, the providers are bound to provide BPP with all of its needs for a particular type of energy at a specific facility. Most of these contracts have pricing mechanisms that adjust or set prices based on current market prices. In addition, the Seller also uses derivative instruments such as natural gas swaps, options, or a combination of these instruments to partially mitigate price risk for its energy requirements. In addition, BPP has been increasing its use of renewable biomass fuels to displace fossil fuels. Historically, these fuels have been lower cost than fossil fuels per unit of energy output. Some of this shift has required capital investment to convert power boilers to be able to handle biomass fuels. For example, BPP has recently completed a \$5 million project in Wallula, Washington, which allows one of its boilers to burn wood waste (hog fuel) instead of natural gas.

Sales, Marketing, and Distribution

BPP's uncoated free sheet paper is sold primarily by BPP's own sales personnel. BPP sells to customers both directly from its mills and through distribution centers. This allows BPP to respond quickly to customer demands. In 2006, BPP processed a majority of its uncoated free sheet paper orders electronically, either over the Internet or using Electronic Data Interchange, a computer-to-computer purchase ordering and tracking system.

The following table sets forth sales volumes of paper and paper products for the periods indicated:

	Predecessor			Boise Paper Products

	1,727	1,668	1,497	296	1,786	1,741	913	878

Customers

BPP's largest customer in this segment is OfficeMax. In 2006, sales to OfficeMax accounted for \$575.4 million of paper segment sales. The sales to OfficeMax constitute 45% of BPP's total uncoated free sheet sales volume and 80% of its office papers sales volume. In October 2004, OfficeMax agreed to purchase from the Seller its full North American requirements for cut-size office paper, to the extent the Seller chooses to supply such paper to them, through December 2012. OfficeMax's purchase obligations under the agreement will phase out over a four-year period (25% per year) beginning one year after the delivery of notice of termination, but in no event will the purchase obligation be reduced prior to December 31, 2012. The price for paper sold under this supply agreement approximates market prices. This agreement will be transferred to BPP on closing of the transaction. This supply agreement provides BPP with access to one of North America's largest office products sales and

distribution networks, giving it a competitive advantage from the perspective of market access and customer supply-chain management.

The Seller also currently has an agreement in place whereby it receives or makes additional payment to OfficeMax each year based on the average price of uncoated free sheet paper. This agreement will be terminated as a result of the Acquisition, and consequently, BPC will neither receive payments from, nor make payments to, OfficeMax under this agreement.

In addition to OfficeMax, BPP has approximately 800 uncoated free sheet paper customers, none of which individually represents a material portion of its sales. BPP's customers include paper merchants, commercial and financial printers, paper converters such as envelope and form manufacturers, and customers who use its paper for specialty applications such as label and release products. The majority of these customers purchase products through individual purchase orders. In addition to its paper supply agreement with OfficeMax, BPP has long-term relationships with other customers, although no single relationship, other than the one with OfficeMax, is material to its business.

Business Plan

BPP's strategy in its paper segment is to maximize profitability by operating its two largest paper manufacturing machines at full capacity in the production of cut-size commodity office paper while dedicating as much production as possible on its smaller machines to premium and specialty (or value-added) papers for a variety of markets and end uses.

BPP works closely with its customers to develop and manufacture innovative premium and specialty papers and to provide related service programs that respond to its customers' changing needs and technical requirements. On BPP's smaller machines, it will continue to displace the production of commodity grades with higher-margin premium and specialty grades. By leveraging its existing customer relationships, design capabilities, competitive cost position, and efficient logistics network, BPP seeks to expand its position as a leading North American supplier of premium and specialty papers. In support of this strategy, at September 30, 2007, BPP had spent approximately \$80 million to modify its uncoated free sheet paper machine at its Wallula, Washington mill (the Wallula #3 machine), which historically produced a variety of commodity paper grades, to enable it to produce pressure sensitive papers, as well as commodity grades. Significant to the execution of BPP's strategy is the ability to produce and sell pressure sensitive papers from the Wallula #3 machine and the ability to develop, produce and sell other premium and specialty grades on its smaller machines. Pressure sensitive paper grades, as well as other specialty grade products, are important because these categories are generally growing while North American demand for commodity uncoated free sheet paper in total has declined over the last five years.

The long-term supply agreement with OfficeMax allows BPP to focus its largest paper machines on producing commodity products in long, high-volume production runs. This relationship allows BPP to continue to improve the capacity utilization of its largest paper machines, achieve supply-chain efficiencies, and develop and test product and packaging innovations. BPP plans to leverage the expertise developed in this relationship to better serve its other customers and develop new customers and products while pursuing productivity improvements and cost reductions.

Packaging & Newsprint

Products

BPP's packaging and newsprint segment manufactures and sells containerboard (linerboard) and corrugated containers and sheets, as well as newsprint. BPP produces approximately 74% of its own requirements (including industry trades) for containerboard used to make corrugated containers and

sheets in its packaging and newsprint segment. The following table sets forth packaging and newsprint segment sales and EBITDA for the periods indicated:

	Predecessor			Boise Paper Products

Segment EBITDA is calculated as segment income (loss) before interest, income tax provision (benefit) and depreciation, amortization and depletion. EBITDA is the primary measure used by our chief operating decision makers to evaluate segment operating performance and to decide how to allocate resources to segments. See "Selected Historical Financial Information of Boise Paper Products" for a description of BPP's reasons for using EBITDA, for a discussion of the limitations of such a measure and for a reconciliation of BPP EBITDA to net income.

Containerboard is used in the production of corrugated containers and sheets. BPP's corrugated containers are used in the packaging of fresh fruit and vegetables, processed food, beverages, and other industrial and consumer products. Growth of corrugated containers is driven by durable and non-durable goods production as more packaging gets used in the sale of these products. Corrugated sheets are primarily sold to converters who finish the sheets into corrugated container products. In 2006, BPP's two operating segments produced approximately 554,000 short tons of linerboard and its paper segment produced approximately 132,000 tons of corrugating medium, both of which are used in the production of corrugated containers. In 2006, BPP's two segments produced 686,000 short tons of linerboard and medium while BPP's corrugated container and sheet plants consumed approximately 505,000 tons of containerboard (including both linerboard and corrugating medium) or the equivalent of 74% of its containerboard production.

BPP manufactured approximately 415,000 tons of newsprint during 2006, primarily for use in printing daily newspapers and other publications in North America. Of the machines at its mills in DeRidder, Louisiana, two machines are currently used in the production of newsprint. It is possible that these machines can be switched to other paper grades (such as linerboard, corrugating medium, unbleached kraft pulp, or packaging papers) provided that additional capital expenditure is undertaken and sufficient fiber can be sourced economically.

Facilities

BPP manufactures containerboard (linerboard) and newsprint at its mill in DeRidder, Louisiana. This mill is one of the largest paper mills in North America, with an approximate annual production capacity of 1 million short tons as of December 31, 2006. BPP also manufactures corrugated containers and sheets at five plants in the Pacific Northwest and one sheet feeder plant in Texas, with an aggregate annual capacity of approximately 9.3 billion square feet, (which assumes operating the plants five days a week, 24 hours a day).

Edgar Filing: Aldabra 2 Acquisition Corp. - Form PREM14A

The following table sets forth annual capacities of the containerboard (linerboard) and newsprint mill in DeRidder, Louisiana, as of December 31, 2006, and production for the year then ended:

	Number of Machines	Capacity⁽¹⁾	Production
		(short tons)	
PULP AND PAPER MILL			
DeRidder, Louisiana			
Containerboard (linerboard)	1	559,000	554,000
Newsprint	2	426,000	415,000
	3	985,000	969,000

(1) Capacity assumes production 24 hours per day, 365 days per year, less days allotted for planned maintenance.

Raw Materials and Input Costs

Wood fiber is the principal raw material in this segment. The primary sources of wood fiber are timber and its byproducts, such as wood chips. BPP's DeRidder manufacturing facility is located in close proximity to active wood markets. It relies on long-term market-based contracts for a significant portion of its fiber needs. It obtains some of its wood residuals from the Seller's wood products plants in the South, and the remainder are purchased from outside sources. After the Acquisition and pursuant to written arrangements, BPP and the Seller will continue to jointly source wood requirements to maximize cost efficiencies.

BPP generally purchases raw materials through contracts or open-market purchases. Its contracts are generally with suppliers located in close proximity to the specific facility they supply, and they generally contain price adjustment mechanisms to account for market price and expense volatility.

BPP's packaging and newsprint segment consumes substantial amounts of energy, such as electricity and natural gas. During 2006, energy costs accounted for approximately 15% of the sum of materials, labor, and other operating expenses, including fiber costs, in this segment. BPP purchases substantial portions of its natural gas and electricity under supply contracts. Under most of these contracts, the providers are bound to supply BPP with all of its needs for a particular type of energy at a specific facility. BPP's gas contracts have pricing mechanisms based primarily on current market prices, and its electricity contracts have pricing mechanisms based primarily on published tariffs. BPP also uses derivative instruments such as natural gas swaps, options, or a combination of these instruments to partially mitigate price risk. For more information about its use of derivative instruments, see "Boise Paper Products Management's Discussion and Analysis of Financial Condition and Results of Operations Disclosures of Financial Market Risks." BPP has undertaken a major capital project, which it has almost completed, to reduce fiber and energy costs and increase production of linerboard through the addition of a shoe press in DeRidder.

Sales, Marketing, and Distribution

BPP's containerboard (linerboard) and corrugated containers and sheets are sold by its own sales personnel and brokers. BPP markets its newsprint through Abitibi-Consolidated Inc. ("Abitibi") pursuant to an arrangement whereby Abitibi purchases all of the newsprint BPP produces at a price equal to the price Abitibi's mills in the southern United States receive from customers, less associated expenses and a sales and marketing discount. The newsprint price is verified through a third-party review. Abitibi is one of the world's largest producers and marketers of newsprint. Abitibi sells BPP's newsprint primarily in regional markets near the DeRidder, Louisiana, manufacturing facility. The contract with Abitibi expires on December 31, 2008. The agreement automatically renews for one

additional five-year term unless either party terminates the agreement at the end of the initial term or at any time during the renewal term on one year's prior written notice. The contract will be transferred to BPP at closing of the transaction.

The following table sets forth sales volumes of containerboard (linerboard), newsprint, and corrugated containers and sheets for the periods indicated:

Includes the impact of adopting Emerging Issues Task Force ("EITF") 04-13, *Accounting for Purchases and Sales of Inventory With the Same Counterparty*, effective January 1, 2006, which required BPP to report its inventory buy/sell transactions on a net basis. In accordance with the provisions of EITF 04-13, prior-period financial information has not been reclassified to conform with the current period's presentation. See the consolidated financial statements of Boise Paper Products for more information.

Customers

During 2006, BPP sold approximately 48% of its linerboard in the open market, both domestically and in the export market. However, once trades (linerboard sales to other producers who, in turn, sell linerboard to BPP to achieve freight benefits) are included, approximately 74% of its total containerboard production (including both linerboard and corrugating medium) was effectively consumed by its own corrugated container and sheet plants. BPP sells its finished corrugated containers to over 1,000 active customers, including large agricultural producers and food and beverage processors. BPP sells corrugated sheets to over 200 converters who use the sheets to manufacture corrugated containers for a variety of customers.

BPP sells all of its newsprint to Abitibi, one of the largest manufacturers of newsprint in the world, which sells to a number of newspaper publishers located near BPP's mill. In January of 2007, Abitibi, which sells the newsprint BPP produces at its DeRidder mill under a long-term contract, announced its intent to merge with Bowater Incorporated, another major newsprint producer. It is uncertain what the effects of the merger will be, if any, on BPP's newsprint business.

Business Plan

BPP operates its packaging and newsprint business segment to optimize cash flow through integration between its containerboard and converting operations and operational improvements in its facilities to lower costs and improve efficiency. The acquisition of CTC in February 2006 was a significant step in increasing its integration. BPP is a low-volume producer of newsprint, all of which is sold through Abitibi. BPP's strategy for newsprint is to reduce exposure to that market by identifying an opportunity to convert current newsprint production capacity to serve packaging markets or, if no attractive conversion alternative is identified, to run its newsprint production capacity only if it

generates positive cash flow. Should its newsprint production fail to continue to generate positive cash flow, the company will consider a shut down of one or both of the newsprint machines and associated pulp and utility operations.

Corporate and Other

BPP's Corporate and Other segment includes corporate support staff services, related assets and liabilities, and foreign exchange gains and losses. This segment also includes certain rail and truck transportation business and related assets that support BPP's manufacturing facilities. Rail cars and trucks are generally leased. BPP provides transportation service not only to its own facilities but also, on a limited basis, to third parties when geographic proximity and logistics are favorable.

Competition

The markets in each of BPP's operating segments are large and highly competitive. BPP's products and services compete with similar products manufactured and distributed by others. Many factors influence BPP's competitive position in each of its operating segments. Those factors include price, service, quality, product features, and convenience of location.

Paper

The markets in which BPP's paper segment competes are large and highly competitive. Commodity grades of uncoated free sheet paper are globally traded, with numerous worldwide manufacturers, and as a result, these products compete primarily on the basis of price. All of BPP's paper manufacturing facilities are located in the United States, and although they compete largely in the domestic market, they face competition from foreign producers, some of which have lower operating costs than BPP. The level of this competition varies, depending on domestic and foreign demand and foreign currency exchange rates. In general, paper production does not rely on proprietary processes or formulas, except in highly specialized or custom grades.

Four major manufacturers in the North American uncoated free sheet paper market comprise approximately 75% of capacity. As of June 2007, BPP was the third largest producer of uncoated free sheet paper in North America. Although price is the primary basis for competition in most of BPP's paper grades, quality and service are important competitive determinants, especially in premium and specialty grades. BPP's paper products also compete with other paper grades, and other technologies such as electronic transmission and document storage alternatives. As the use of these alternatives continues to grow, BPP may see variances in overall demand for paper products or shifts from one type of paper to another.

In early 2007, two of BPP's major competitors in the uncoated free sheet paper industry, Domtar Inc. and Weyerhaeuser Company, combined their uncoated free sheet paper businesses. This combination has resulted in a larger competitor than the two companies operating their paper businesses independently. It is uncertain what the long-term effects, if any, this combination will have on BPP's paper business.

BPP's execution of its strategy is partially dependent upon the ability to produce and sell pressure sensitive papers from the Wallula #3 machine and the ability to develop, produce and sell other premium and specialty grades on its smaller machines.

Packaging & Newsprint

Containerboard (corrugating medium and linerboard) and newsprint are globally traded commodities with numerous worldwide manufacturers, and as a result, these products compete primarily on the basis of price. The intensity of competition in these industries fluctuates based on

demand and supply levels, as well as prevailing foreign currency exchange rates. BPP's corrugated container operations in the Pacific Northwest have a leading regional market position and compete with several national and regional manufacturers. BPP's plant in Waco, Texas, known as CTC, produces corrugated sheets that are sold to sheet plants in the Southwest, where they are converted into corrugated containers for a variety of customers. Some of BPP's competitors have lower operating costs and/or enjoy greater integration between their containerboard production and corrugated container production than does BPP.

In January of 2007, Abitibi, which sells the newsprint BPP produces at its DeRidder mill under a long-term contract, announced its intent to merge with Bowater Incorporated, another major newsprint producer. It is uncertain what the effects of the merger will be, if any, on BPP's newsprint business.

Seasonality

BPP's paper businesses experience some seasonality, based primarily on buying patterns associated with particular products. For example, the demand for corrugated container products is influenced by changes in agricultural shipments in the Pacific Northwest. In addition, seasonally cold weather increases costs, especially energy consumption, at all BPP's manufacturing plants.

Working Capital

BPP has no unusual working capital practices. BPP believes its management practices with respect to working capital conform to common business practices in the United States.

**BOISE PAPER PRODUCTS MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL
CONDITION AND RESULTS OF OPERATIONS**

You should read the following discussion of the financial condition and results of operations of BPP in conjunction with BPP management's consolidated financial statements and related notes contained elsewhere herein. Among other things, those consolidated financial statements include more detailed information regarding the basis of the presentation.

This Management's Discussion and Analysis of Financial Condition and Results of Operations (the "MD&A") includes statements regarding BPP's expectations with respect to performance, liquidity, and capital resources. Such statements, along with any other non-historical statements in the discussion, are forward-looking. These forward-looking statements are subject to numerous risks and uncertainties, including, but not limited to, the risks and uncertainties described in "Risk Factors." Actual results may differ materially from those contained in or implied by any of these forward-looking statements.

Boise Paper Products

Boise Paper Products is the paper and packaging and newsprint businesses of Boise Cascade Holdings, L.L.C. and its predecessor in interest. BPP is comprised of the Paper Group: Boise White Paper, Boise P&N, and Boise Transportation, and assets and liabilities related to the operation of the paper, packaging and newsprint, and transportation businesses of the Paper Group and most of the headquarters operations of the Seller.

Effects of the Acquisition

Purchase Accounting

BPP will account for the Acquisition using the purchase method of accounting. As a result, the total purchase price of approximately \$1.637 billion (assuming a \$12.17 million working capital adjustment for Aldabra) will be allocated to the tangible and intangible assets acquired and liabilities assumed based upon their respective fair values as of the date of the Acquisition. The allocation of the purchase price of the assets acquired is expected to result in an increase in the book depreciation and amortization expense as a result of allocating a higher value to the acquired assets than their historical carrying value based on BPP's assessment of fair value, pending completion of a third-party valuation.

Stand-Alone Company

During all periods presented, BPP used the services and administrative staff of the Seller. These services included, but were not limited to, finance, accounting, legal, information technology, and human resource functions. The costs not specifically identifiable to BPP were allocated based primarily on average sales, assets, and labor costs. Management believes all of the allocations reasonably reflect BPP's use of the services; however, had BPP operated on a stand-alone basis, management estimates BPP's corporate operating expenses would have been approximately \$18 million in all annual periods presented. Of the \$18 million of expected pro forma expenses, for the six months ended June 30, 2007 and the year ended December 31, 2006, only \$0.7 million and \$11.6 million of costs, respectively, were included in BPP's financial statements net of \$4.4 million and \$3.7 million of gains related to changes in retiree healthcare programs.

Taxes

For all periods presented, the majority of BPP's assets were held and operated by limited liability companies, which are not subject to entity-level federal or state income taxation. The income taxes in respect to these operations were payable by Seller's equity holders in accordance with their respective

ownership percentages. Following the Acquisition, BPP will be subject to entity-level federal income taxation.

Increased Leverage

As of June 30, 2007, after giving pro forma effect to the Acquisition, BPP would have had approximately \$946 million of outstanding indebtedness, assuming that none of the Aldabra stockholders exercise their conversion rights. BPP would have approximately \$1,115 million of indebtedness, consisting of approximately \$1,007 million under the new credit facilities and approximately \$108 million under the subordinated promissory note to the Seller, assuming that 39.99% of the Aldabra stockholders exercise their conversion rights. As a result, BPP will be a leveraged company and interest expense will increase significantly in the periods following the consummation of the Acquisition. The indebtedness may limit the company's flexibility in planning for, or reacting to, changes in the business and future business opportunities since a substantial portion of cash flow from operations will be dedicated to the repayment of indebtedness. This may place us at a competitive disadvantage as some of BPP's competitors are less leveraged. BPP's leverage may make it more vulnerable to a downturn in the business, the industry or the economy in general.

Acquisition of Assets From OfficeMax

The Seller's operations began on October 29, 2004 (inception), when it acquired the forest products and paper assets of OfficeMax. Before the 2004 Transaction, OfficeMax was known as Boise Cascade Corporation. The Seller acquired the names "Boise" and "Boise Cascade" as part of the 2004 Transaction. The Seller acquired OfficeMax's forest products and paper assets, other than its timberland operations, for an aggregate purchase price of \$2.2 billion, including approximately \$140 million of related fees and expenses. Concurrently with the 2004 Transaction, Timber Holdings, an entity that was majority-owned by the Seller's majority owner, FPH, acquired from OfficeMax its timberland operations. In 2005, Timber Holdings sold its timberlands, and in November 2006, Timber Holdings merged with and into the Seller. For more information related to the merger, see "Merger With Boise Land & Timber Holdings Corp." in this "Boise Paper Products Management's Discussion and Analysis of Financial Condition and Results of Operations."

Effects of the 2004 Transaction

Purchase Accounting

The Seller accounted for the 2004 Transaction using the purchase method of accounting. As a result, the purchase price of \$2.2 billion was allocated to the tangible and intangible assets acquired and liabilities assumed based on their respective fair values as of the date of the 2004 Transaction. The purchase price was determined based on negotiations between OfficeMax and MDP, the Seller's equity sponsor who controls FPH.

Compared with the predecessor period presented, the allocation of the purchase price resulted in a decrease in depreciation expense related to BPP's acquired assets because the Seller allocated a lower fair value to the acquired assets. The Seller also assigned new estimated useful lives, resulting in an average useful life of 11.5 years, compared with nine years for the predecessor. The Seller wrote up the value of the inventory by \$20.2 million, resulting in increased costs and expenses recognized by the Seller upon the sale of the inventory during the period of October 29 (inception) through December 31, 2004.

Restructuring Activities

In connection with the 2004 Transaction, the Seller evaluated the acquired facilities and organizational structure. In accordance with the provisions of EITF 95-3, *Recognition of Liabilities in*

Connection With a Purchase Business Combination, exit activities related to the 2004 Transaction increased goodwill. The Seller had one year from the acquisition date to finalize its restructuring plans and adjust goodwill.

At June 30, 2007, the Seller had approximately \$0.2 million of restructuring reserves related to severance costs recorded in "Accrued Liabilities, Compensation and Benefits." The severance costs related to costs for approximately 170 terminated employees. The remaining reserve relates to severance payments that will be paid by the end of 2007. The \$0.2 million remaining restructuring reserve was recorded in the Paper segment. Restructuring reserve liability account activity related to these charges is as follows:

	<u>Severance</u>	<u>Other</u>	<u>Total</u>

Material Ongoing Agreements With OfficeMax

In connection with the 2004 Transaction, the Seller entered into a paper supply agreement with OfficeMax. Under this agreement, OfficeMax will purchase from the Seller all of its North American requirements for cut-size office paper, to the extent the Seller chooses to supply such paper to them, through December 2012 at prices approximating market prices. In addition, if OfficeMax sells additional grades of paper, the Seller gets an opportunity to compete for this business. As of June, 2007, the Seller had sold additional grades of paper to OfficeMax that were not in the original agreement. The agreement renews automatically for additional one-year terms unless either party gives notice of termination after the initial termination date of December 31, 2012. If the agreement terminates, OfficeMax will be required to ratably phase out its purchases of our paper over a four-year period beginning on January 1 following the last year of the agreement. The earliest the four-year phase out period could begin is January 1, 2013.

Segments

BPP operates its business through three segments: paper, packaging and newsprint, and corporate and other. These segments represent distinct businesses that are managed separately because of differing products and services. Each of these businesses requires distinct operating and marketing strategies. Management reviews the performance of the company based on these segments. Historically, OfficeMax conducted Boise Forest Products Operations in three segments: Boise Building Solutions, Boise Paper Solutions, and corporate and other. The financial statements included herein have been recast to conform with current segment presentation. OfficeMax historically allocated the results of its timberland operations to each of its Boise Building Solutions and Boise Paper Solutions segments. Since the Seller did not acquire the timberland operations from OfficeMax, they are not included in these financial statements.

Paper Segment

BPP's paper segment manufactures and sells uncoated free sheet paper (including cut-size office papers, commercial printing paper, envelope papers, and a wide range of premium and specialty papers), market pulp, and containerboard (corrugating medium). Many of BPP's paper products are commodity products, while others have specialized features that make these products premium and specialty grades. BPP's premium and specialty grades include high-bright and colored cut-size office papers and custom-developed specialty papers for such uses as label and release. BPP sells to customers both directly from its mills and through distribution centers. In 2006, approximately 45% of BPP's uncoated free sheet paper sales volume, including about 80% of its office papers sales volume, was sold to OfficeMax.

Packaging & Newsprint Segment

BPP's packaging and newsprint segment manufactures and sells containerboard (linerboard) and newsprint at its mill in DeRidder, Louisiana. BPP also operates five corrugated container plants in the Northwest and a sheet feeder plant in Waco, Texas, which it acquired in February 2006 for \$44 million. BPP's corrugated containers are used primarily in the packaging of fresh fruit and vegetables, processed food, beverages, and other industrial and consumer products. BPP's Waco plant, known as CTC, produces corrugated sheets that are sold to sheet plants in the Southwest region, where they are converted into corrugated containers for a variety of customers. BPP's containerboard and corrugated products are sold by its own sales personnel and by brokers.

BPP markets its newsprint through Abitibi pursuant to an arrangement whereby Abitibi purchases all of the newsprint BPP produces at a price equal to the price at which Abitibi sells newsprint produced at its mills located in the southern United States, less associated expenses and a sales and marketing discount. The newsprint price is verified through a third-party review. In January of 2007, Abitibi, which sells the newsprint BPP produces at its DeRidder mill under a long-term contract, announced its intent to merge with Bowater Incorporated, another major newsprint producer. It is uncertain what the effects of the merger will be, if any, on BPP's newsprint business.

Corporate and Other Segment

BPP's corporate and other segment includes corporate support staff services, related assets and liabilities, and foreign exchange gains and losses. This segment also includes transportation assets such as railcars and trucks that BPP uses to transport its products from its manufacturing sites.

Recent Trends and Operational Outlook

Recent trends and the outlook for BPP's business segments are mixed. Cut-size office paper and packaging markets have been strong, while printing and converting papers have been softer, and newsprint demand has been weak.

During 2007, average prices for uncoated free sheet paper products have increased. Effective May 2007, BPP announced a price increase for the cut-size grades it produces. This price increase has now been fully implemented. RISI reports that cut-size paper prices increased 7% between January 1, 2007 and September 30, 2007. Effective September 2007, BPP announced a further price increase of \$60 per ton for printing and converting grades. Demand for BPP's uncoated free sheet paper grades has exceeded production year-to-date 2007, resulting in declining inventories. RISI reports that linerboard prices increased 8% between January 1, 2007 and September 30, 2007.

Packaging markets remained relatively stable during second quarter 2007, while newsprint demand continued to soften, resulting in downward pricing pressure. This continued pricing pressure on newsprint has led BPP to accelerate the review process on our D-2 paper machine at our DeRidder,

Louisiana mill. While no decision has been made, BPP is considering converting the machine to containerboard or other grades or shutting down the machine, which would not have a material impact on BPP's cash flow or profitability.

As a result of solid-wood mill curtailments and some closures, residual chip supply markets in the Pacific Northwest have been very tight in recent quarters. Softwood chip prices began to moderate in the latter part of the first quarter, as pulp mills had rebuilt their inventories, due largely to an increased flow of chips from pulpwood. During the second quarter of 2007, against relatively flat consumption, softwood pulpwood and softwood residual chip prices continued to decline from their first quarter peaks. The outlook for residual fiber supply in the Pacific Northwest continues to be difficult. These higher wood fiber costs are having a significant negative impact on the St. Helens, Oregon, pulp and paper mill. While the mill is currently profitable, continued weakness in the housing sector may prompt further closures of wood products facilities in the region, driving residual fiber supply down further and costs higher. As a result, BPP may choose to change the operating configuration at that facility, including potentially closing some or all of the facility, if BPP cannot continue to operate on a positive cash flow basis. In other markets that BPP has mills, wood chip prices have seen a more moderate increase, or in some cases, these have decreased.

Historically, BPP's practice has been to spread its annual maintenance outages evenly during the course of the year. However, during the second quarter of 2007, BPP took maintenance outages at the International Falls, Minnesota, pulp and paper mill and the St. Helens, Oregon, pulp and paper mill. In addition, BPP took the Wallula, Washington, pulp and paper mill down for maintenance and to complete the modification of the Wallula #3 machine to produce label and release (pressure sensitive) grades in addition to the commodity grades historically produced on that machine. The mill was restarted after approximately 30 days and label and release product from the machine is currently being tested for qualification by BPP's customers. Initial customer feedback on quality is positive. Other than this trial work, BPP continues to produce the historical product mix on that machine at this time, pending customer confirmation of product performance.

BPP estimates the total negative impact on operating income of the maintenance and capital shutdowns in the second quarter 2007 was approximately \$18 million.

Factors That Affect Operating Results

BPP's results of operations and financial performance are influenced by a variety of factors, including the following:

General economic conditions, including but not limited to white-collar employment, electronic substitution and durable goods production;

Volatility in raw material, energy prices and currency values;

The commodity nature of BPP's products and their price movements, which are driven largely by supply and demand;

Industry cycles and capacity utilization rates;

The cost of and ability to obtain necessary financing;

Continued compliance with government regulations;

Legislative or regulatory environments, requirements or changes affecting the businesses in which BPP is engaged;

Labor and personnel relations, and shortages of skilled and technical labor;

Credit or currency risks affecting BPP's revenue and profitability;

Major equipment failure;

Severe weather phenomena such as drought, hurricanes, tornadoes and fire;

BPP's customer concentration;

Actions of suppliers, customers, and competitors; and

The other factors described in "Risk Factors."

Commodity, Premium and Specialty Products and Product Margins

Many of the products BPP manufactures and distributes are widely available and can be readily produced by its competitors. Because commodity products have few distinguishing qualities from producer to producer, competition for these products is primarily based on price, which is determined by supply relative to demand. Generally, market conditions beyond BPP's control determine the price for its commodity products, and the price for any one or more of these products may fall below BPP's cash production costs. Therefore, BPP's profitability with respect to these products depends on managing its cost structure, particularly raw materials and energy prices, which also exhibit commodity characteristics.

Not all of BPP's products are commodities. BPP's specialty papers are differentiated from competing products based on quality and product design, as well as related customer service. In the case of these premium and specialty products, BPP is generally able to influence price based on the strength of differentiation and levels of customer service and is generally able to sell these products at higher margins than its commodity products. In order to reduce its sensitivity to the cyclical nature inherent in the paper industry, a fundamental component of BPP's strategy is to increase production of specialty and premium papers as a percent of its total paper segment sales. We believe these products are less susceptible to commodity dynamics.

Comparing 2006 with 2005, BPP increased sales of specialty and premium papers from approximately 29% of uncoated free sheet paper tons sold during 2005 to 33% of uncoated free sheet paper tons sold during 2006. The recently completed project to convert BPP's Wallula #3 machine to enable it to produce pressure sensitive grades is a key step in providing BPP with the capacity to further increase production of specialty and premium paper grades.

Demand

The overall level of demand for the products BPP makes is affected by, among other things, manufacturing activity, employment, and consumer spending. Accordingly, we believe that BPP's financial results depend in large part on general macroeconomic conditions in North America, as well as on regional economic conditions in the geographic markets in which it operates. While no single product line drives BPP's overall financial performance, individual product lines are influenced by conditions in their respective industries. For example:

Historically, demand for uncoated free sheet paper correlated positively with general economic activity. However, demand growth for some communications paper grades such as cut-size paper, which BPP produces, has decreased as the use of electronic transmission and document storage alternatives has become more widespread. At the same time, the proliferation of electronic bar code reader devices and radio frequency identification (RFID) have helped drive growth in demand for label and release papers, which BPP also produces. Consequently, the growth rates for non-communication based uses of paper are higher as they are less susceptible to the impact of electronic media.

A large share of the demand for corrugated containers, and therefore containerboard, is driven by manufacturing, specifically the manufacture of nondurable goods. In addition, inventory

Edgar Filing: Aldabra 2 Acquisition Corp. - Form PREM14A

stocking or liquidation of these goods has an impact, as do currency exchange rates that affect the cost-competitiveness of foreign manufacturers. Demand has been negatively impacted by the offshoring of durable and nondurable goods manufacturing, as those products are then packaged abroad rather than in North America. U.S. exports of containerboard have also impacted by the large increase of containerboard capacity, especially in China and Europe.

Demand for newsprint depends upon prevailing levels of newspaper readership, advertising and circulation. According to the forest products industry research firm RISI, demand for newsprint in North America declined approximately 14% between 2002 and 2006, due in part to the growth of online media as well as substitution with uncoated groundwood grades.

Supply

In 2005, faced with declining demand, rising energy and fiber costs, ongoing dissatisfaction with financial performance, and in some cases, a declining U.S. dollar, (and/or a rising Canadian dollar), several North American paper producers announced mill closures that decreased or will decrease supply. According to RISI, from 2002 to 2006, North American uncoated free sheet paper, containerboard, and newsprint capacities declined 6%, 3%, and 19%, respectively, according to RISI. According to RISI, in 2007, North American uncoated free sheet paper producers announced further capacity reductions of 1.026 million short tons.

Industry supply of paper is also influenced by the level of imports and overseas production capacity, which has grown in recent years. While the weakness of the U.S. dollar has mitigated the level of imports in recent years, a strengthening in the U.S. dollar would potentially lead to increased imports of paper from overseas, thereby offsetting domestic capacity rationalization and putting downward pressure on prices.

Operating Costs

BPP's major costs of production are labor, wood fiber, energy, and chemicals. The relative importance of these costs varies by segment. Given the significance of raw material and energy costs to BPP's total operating expenses and its limited ability to control these costs, compared with other operating costs, volatility in these costs can materially affect BPP's margins. In addition, the timing and degree of price cycles of raw materials and energy differ with respect to each type of raw material and energy BPP uses.

Labor. BPP's labor costs tend to increase steadily due to inflation in healthcare and wage costs. Labor costs are not as volatile as our energy and wood fiber costs.

Wood fiber. BPP's primary raw material is wood fiber, accounting for the following percentages of materials, labor, and other operating expenses, including fiber costs, for the paper, and packaging and newsprint segments:

	Predecessor	Boise Paper Products				
	January 1 through October 28, 2004	October 29 (inception) through December 31, 2004	Year Ended December 31,		Six Months Ended June 30,	
			2005	2006	2006	2007
Paper	26%	27%	27%	28%	26%	27%
Packaging & Newsprint	13%	14%	14%	14%	14%	18%

BPP's primary sources of logs and wood fiber are timber and byproducts of timber, such as wood chips, wood shavings, and sawdust. In February 2005, Timber Holdings sold all of its timberlands to Forest Capital Partners, L.L.C., an unrelated party (the "Timberlands Sale"). Since the Timberlands

Sale, BPP has acquired substantially all of its fiber from outside sources, including pursuant to supply agreements with the buyer of the timberlands operations. In BPP's paper and packaging and newsprint segments, logs and wood chips are converted into pulp, which BPP sells or uses at its paper mills to produce paper and linerboard. On an aggregate basis, BPP is able to produce all of its pulp needs, generally purchasing and selling similar amounts on the open market.

Logs and wood fiber are commodities. Prices for logs and wood fiber have historically been cyclical due to changing levels of demand. Log and fiber supply may be limited by public policy or government regulation as well as fire, insect infestation, disease, ice storms, windstorms, hurricanes, flooding, other weather conditions, and other natural and man-made causes. Residual chip supply may be limited due to reduction in primary manufacturing at sawmills and plywood plants. In recent years, declines in log and fiber supply, driven primarily by changes in public policy and government regulation, have been severe enough to cause the closure of numerous facilities in some of the regions in which BPP operates. During 2006, BPP temporarily reduced pulp production at its St. Helens, Oregon, pulp and paper mill due to the inability to source wood fiber on a cost-effective basis. This resulted in approximately 20,000 tons of lost pulp production at St. Helens. Any sustained undersupply and resulting increase in wood fiber prices could decrease BPP's production volumes and/or increase its operating costs. Prices for BPP's products might not reflect increases or decreases in log and wood fiber prices, and as a result, its operating margins could fluctuate. Market prices for a variety of fiber sources, including logs and chips for BPP's Northwest operations and logs for its Minnesota and Louisiana operations, were higher in the first half of 2006 than in the first half of 2005. While log costs came down in Minnesota and Louisiana during the second half of 2006, during 2007 they are still high by historical standards. In the Pacific Northwest, residual chip costs continue to be high, and availability continues to be challenging. Because residual fiber in the Pacific Northwest comes predominantly from sawmills and plywood plants, curtailments in these mills as a result of decreased demand for these products related to the housing slowdown will continue to impact the availability of chips for BPP's Northwest pulp and paper operations. In Louisiana, historically uncharacteristic heavy and persistent rains since 2006 have negatively impacted the ability to source fiber cost effectively.

Other raw materials and energy purchasing and pricing. Other raw materials and energy used to manufacture products are purchased in both the open market and through long-term contracts. These contracts are generally with regional suppliers who agree to supply all of BPP's needs for a certain raw material or energy at one of its facilities. These contracts normally contain minimum purchase requirements and are for terms of various lengths. They also contain price adjustment mechanisms that take into account changes in market prices. Therefore, although the long-term contracts provide BPP with supplies of raw materials and energy that are more stable than open-market purchases, in many cases, they may not alleviate fluctuations in market prices.

BPP's costs will rise if prices for raw materials or energy rise, and its margins are impacted by how much it can pass such price increases through to its customers. Specifically, some of its key chemicals, including pulping and bleaching chemicals consumed in its paper and packaging and newsprint mills, are heavily influenced by energy costs. A number of BPP's major suppliers have obtained recent price increases tied to their increased energy costs. The ability to affect price increases depends on several factors, primarily supply and demand, which varies by product line.

Edgar Filing: Aldabra 2 Acquisition Corp. - Form PREM14A

Energy. Energy prices, particularly for electricity, natural gas, and fuel oil, have been volatile in recent years and currently exceed historical averages. Energy costs represented the following percentages of materials, labor, and other operating expenses, including fiber costs, for BPP's paper, and packaging and newsprint segments:

	Predecessor	Boise Paper Products				
	January 1 through October 28, 2004	October 29 (inception) through December 31, 2004	Year Ended December 31,		Six Months Ended June 30,	
			2005	2006	2006	2007
Paper	13%	16%	16%	16%	15%	15%
Packaging & Newsprint	12%	13%	14%	15%	16%	15%

BPP is striving to increase its energy efficiency through a combination of conservation initiatives and increasing its use of biomass fuel, which is typically cheaper than fossil fuel such as natural gas. In 2006, approximately 33% of BPP's 2006 fuel requirements were met by biomass fuel. In addition, an example of BPP's energy reduction efforts is a project where the company is currently spending approximately \$25 million, on a shoe press in its DeRidder plant, which will reduce its use of energy in producing linerboard. In 2006, BPP reduced consumption of purchased fossil fuel in their paper mills by approximately 5.6% per unit of production, compared with 2005. BPP has limited flexibility to switch between fuel sources in the short term; accordingly, BPP has significant exposure to natural gas price changes. To reduce exposure to price increases, the Seller has entered into a variety of contracts to limit its susceptibility to short-term changes in energy costs. The Seller enters into natural gas swaps, options, or a combination of these instruments to hedge its exposure to natural gas price movements. As of June 30, 2007, the Seller has also entered into derivative instruments related to approximately 10% of forecasted natural gas purchases for July 2007 and 25% of forecasted natural gas purchases from August 2007 through October 2007. During the six months ended June 30, 2007, operating income was \$8.7 million lower due to additional costs associated with its hedging activities. In 2006, operating income was \$18.1 million lower due to hedging activities.

Chemicals. Important chemicals BPP uses in the production of its products include precipitated calcium carbonate, sodium chlorate, sodium hydroxide, dyes, resins, and adhesives. Purchases of chemicals represented the following percentages of materials, labor, and other operating expenses, including fiber costs, for BPP's paper, and packaging and newsprint segments:

	Predecessor	Boise Paper Products				
	January 1 through October 28, 2004	October 29 (inception) through December 31, 2004	Year Ended December 31,		Six Months Ended June 30,

Paper	12%	12%	13%	14%	13%	13%
Packaging & Newsprint	3%	3%	4%	5%	5%	5%

BPP's chemical costs were relatively flat during the first half of 2007 in its paper segment, compared with the same period in 2006, and also during 2006, compared with 2005.

Operating Results

The consolidated financial statements present the financial results of BPP for the six months ended June 30, 2007 and June 30, 2006, and the years ended December 31, 2006 and 2005, and for the period of October 29 (inception) through December 31, 2004, and the financial results of BPP's predecessor for the period of January 1 through October 28, 2004. Reference to the period of October 29 (inception) through December 31, 2004, which represents the portion of 2004 following the closing of the 2004 Transaction, is made as the "last two months of 2004" and the period of January 1 through October 28, 2004, is referred to as the "first ten months of 2004." Reference to 2004 results refers to the combined results of the Seller for the period of October 29 (inception) through December 31, 2004, and BPP's predecessor for the period of January 1 through October 28, 2004.

Six Months Ended June 30, 2007 Compared with Six Months Ended June 30, 2006

Sales

For the six months ended June 30, 2007, total sales increased \$55.8 million, or 5%, reflecting increased sales in both BPP's paper and packaging and newsprint segments. The increase in both of the paper businesses is driven by improved pricing in the current year relative to the same periods of 2006 in most of the paper grades BPP produces.

Paper. During the six months ended June 30, 2007, sales increased \$44.0 million, or 6%, to \$796.1 million from \$752.1 million in the same period a year ago. Comparing the first six months of 2007 with the same period in 2006, prices for commodity papers, specialty and premium papers, market pulp, and corrugating medium increased 14%, 6%, 31%, and 16%, respectively. It is important to note that pricing for specialty papers often lags commodity paper pricing since customer contracts typically adjust less frequently. The increase in sales was driven by improved pricing in many of BPP's paper grades as a relatively strong worldwide economy coupled with stable industry supply allowed the Seller to fully implement its announced price increases. The U.S. market continued to be assisted by a relatively weak U.S. currency, which made other markets more attractive to offshore producers, thereby reducing imports to the United States.

Packaging. During the six months ended June 30, 2007, sales increased \$17.3 million, or 5%, to \$386.9 million from \$369.6 million in the same period a year ago. The increase in sales was driven by linerboard and corrugated container and sheet prices, which increased 13% and 6%, respectively. The price increases were aided by a supply-demand balance that reflected the relatively strong worldwide economy, coupled with a relatively weak U.S. currency.

Costs and Expenses

Materials, labor, and other operating expenses, including fiber costs from related parties, increased \$41.2 million, or 4%, to \$1,012.7 million for the six months ended June 30, 2007, compared with \$971.5 million in the prior year. The increase was driven by higher input costs including purchased pulp and energy as well as increased maintenance costs.

Depreciation, amortization, and depletion expenses increased \$5.3 million, or 9%, to \$61.6 million for the six months ended June 30, 2007, compared with \$56.3 million in the prior year. The increase was primarily the result of BPP's review of the estimated useful lives of some of its depreciable assets and determining that some assets would be used for a shorter period of time than the depreciable lives previously assigned to them. As a result, BPP revised its depreciation estimates to reflect the remaining expected use of the assets.

Selling and distribution expenses decreased \$2.0 million to \$28.9 million for the six months ended June 30, 2007, compared with \$30.9 million during the same period a year ago. During the six months ended June 30, 2006, the paper segment recorded an unusually large \$2.3 million write-off of bad debt related to the unforeseen bankruptcy of a customer.

General and administrative expenses decreased \$3.3 million, or 14%, to \$19.7 million for the six months ended June 30, 2007, compared with \$23.0 million a year ago. As a percentage of sales these costs decreased to 1.7% from 2.1% in the prior year. Relative to the six months ended June 30, 2006, general and administrative expenses decreased primarily due to lower payroll and benefit costs and training expenditures, partially offset by higher lease costs.

- (1) The six months ended June 30, 2007, included \$2.0 million of expense related to the closure of BPP's converting facility in Salem, Oregon, which is expected to be closed by the end of third quarter 2007.

Income (Loss) From Operations

Income from operations increased \$15.7 million, or 67%, to \$39.3 million for the six months ended June 30, 2007, compared with \$23.6 million during the same period in the prior year. Compared with the same period in the prior year, segment income for the six months ended June 30, 2007, decreased in BPP's packaging and newsprint segment and increased in BPP's paper segment.

Paper. During the six months ended June 30, 2007, segment income increased \$15.6 million, or 97%, to \$31.8 million, compared with \$16.2 million in the same period a year ago. This increase in income was due primarily to higher product prices. These price increases were partially offset by higher fiber costs for chips in the Pacific Northwest as well as higher purchased pulp prices. In addition, costs increased as a result of the extended planned outages at BPP's Wallula plant (to expand production of pressure sensitive papers), International Falls and St. Helens mills.

Packaging. For the six months ended June 30, 2007, segment income decreased \$3.9 million, or 27%, to \$10.4 million, compared with \$14.3 million in the same period a year ago. The decrease during this period was primarily due to higher fiber costs, coupled with lower newsprint prices. These decreases were offset in part by higher linerboard and corrugated container and sheet prices, as well as higher sales volumes of both linerboard and newsprint.

2006 Compared With 2005

Sales

Total sales increased \$93.0 million, or 4%, to \$2.2 billion in 2006 from \$2.1 billion in 2005. Relative to the year ended December 31, 2005, sales increased in both paper and packaging. The increase in sales in paper was driven primarily by higher prices. The increase in packaging sales was driven primarily by the addition of CTC and higher prices, as relatively firm markets and little or no increase in capacity led to tighter supply/demand dynamics, which allowed producers to raise prices.

Paper. Sales increased \$79.5 million, or 6%, to \$1,494.7 million in 2006 from \$1,415.2 million in 2005. The increase in sales was primarily due to the increase in the price of commodity uncoated free sheet paper, which was 10% higher than the same period a year ago. In addition, prices for specialty and premium papers, corrugating medium, and market pulp increased 2%, 19%, and 11%, respectively. In 2006, we took 4,000 tons of market-related downtime related to uncoated free sheet paper production, compared with 17,000 tons in 2005. In third quarter 2005, we lost approximately 3,500 tons

of uncoated free sheet paper production due to Hurricanes Dennis and Katrina. Overall sales volumes of uncoated free sheet paper decreased 2%. Contributing to the drop in sales volume was a 21% decrease in the sales volume of market pulp, as we reduced production at our St. Helens pulp and paper mill due to difficulty sourcing an adequate volume of wood chips at acceptable prices. During 2006, as a result of the shortage of chips in the Northwest, we reduced pulp production at our St. Helens mill by approximately 20,000 tons. In addition, sales volumes in uncoated free sheet paper decreased 1%. During the fourth quarter 2006, we chose to build inventory to cover planned production downtime in early 2007 at our Wallula mill to implement the capital project to produce both pressure sensitive paper and commodity uncoated free sheet paper grades. The decrease in uncoated free sheet paper sales volumes occurred largely in the fourth quarter, as demand declined seasonally. Corrugating medium sales volumes were modestly higher in 2006, compared with 2005.

Packaging & Newsprint. Sales increased \$34.9 million, or 5%, to \$766.5 million in 2006 from \$731.6 million in 2005. The increase was driven primarily by increased corrugated sheet sales from CTC, coupled with increased sales prices for both linerboard and newsprint, which were up 2% and 9%, respectively. These increases were partially offset by lower linerboard sales volumes due, in part, to the adoption of EITF 04-13 and lower sales of linerboard, as we moved more of our linerboard through our own converting plants. Excluding the impact of EITF 04-13 (which nets out any trade sales), linerboard sales volumes decreased 1%, compared with 2005. Had EITF 04-13 been in effect in 2005, it would have reduced sales \$69.6 million. In 2006, we took 9,000 tons of market-related downtime, compared with 13,000 tons in 2005. In both periods, the market-related downtime was primarily in newsprint. In third quarter 2005, we lost approximately 9,500 tons of linerboard production and 8,200 tons of newsprint production due to Hurricane Rita.

Costs and Expenses

Materials, labor, and other operating expenses, including fiber costs from related parties, increased \$32.1 million, or 2%, to \$1,904.8 million in 2006 from \$1,872.7 million in 2005. The increase was due primarily to higher raw material costs in both of BPP's segments. Fiber and energy costs were higher year over year in both segments. In addition, chemical costs in BPP's paper and packaging and newsprint segments were higher, as suppliers increased prices to reflect increases in their energy costs. Chemical costs in BPP's uncoated free sheet business were also higher due to the move by the industry to higher brightness for commodity cut-size papers, which requires the use of more chemicals. In addition, BPP experienced higher compensation and benefit costs in both its paper and packaging businesses, reflecting general inflation in wages and benefits. As a percentage of sales, materials, labor, and other operating expenses decreased slightly to 85.8% in 2006 from 87.9% in 2005.

Depreciation, amortization, and depletion expenses increased \$21.0 million, or 22%, to \$116.4 million in 2006 from \$95.4 million in 2005. The increase was primarily the result of BPP's review of the estimated useful lives of some of its depreciable assets and determining that some assets would be used for a shorter period of time than the depreciable lives previously assigned to them. As a result, BPP revised its depreciation estimates to reflect the remaining expected use of the assets. This change in estimate increased depreciation, amortization, and depletion expenses by approximately \$10 million in 2006.

Selling and distribution expenses increased \$4.6 million, or 8%, to \$59.8 million in 2006 from \$55.2 million in 2005. In 2006, BPP's paper segment recorded a \$2.3 million write-off of bad debt related to the bankruptcy of a customer. In addition, distribution expenses increased in 2006, as compared to 2005, due to increased freight rates coupled with an increased percentage of truck shipments relative to rail shipments.

General and administrative expenses increased \$8.1 million, or 22%, to \$44.5 million in 2006 from \$36.4 million in 2005. General and administrative expenses as a percentage of sales increased 0.3% in

2006, from 1.7% in 2005 to 2.0% in 2006. Relative to 2005, general and administrative expenses increased primarily due to higher outside professional fees, benefit costs, training expenditures, and lease costs.

	Year Ended December 31,

(1) The years ended December 31, 2006 and 2005, include gains of \$3.7 million and \$5.2 million, respectively, for changes in retiree healthcare programs. See Boise Paper Products' Consolidated Financial Statements for more information.

Income (Loss) From Operations

Income from operations increased \$20.2 million, or 28%, from \$73.6 million in 2005 to \$93.8 million for 2006. The increase was primarily the result of improved performance in both the paper and packaging and newsprint segments.

Paper. Segment income increased \$5.8 million, or 10%, to \$63.3 million for 2006, compared with \$57.5 million for 2005. This increase was due primarily to higher prices. Partially offsetting the higher prices were increases in raw material and manufacturing costs, including fiber, chemicals, compensation and benefits, and energy. Chemical cost increases were primarily the result of increases in prices from suppliers and, to a lesser extent, the conversion to higher brightness in uncoated free sheet paper grades. In addition, BPP experienced a reduction in market pulp sales, as it curtailed operations at its St. Helens, Oregon, pulp mill in response to high wood costs.

Packaging & Newsprint. Segment income increased \$21.5 million, or 90%, to \$45.3 million for 2006, compared with \$23.8 million for 2005. The increase was primarily the result of higher linerboard and newsprint prices. The addition of CTC also contributed to improved segment income. These improvements were offset, in part, by increased depreciation, compensation and benefits, fiber, energy, and chemical costs. The year ended December 31, 2005, included downtime taken as a result of Hurricane Rita.

2005 Compared With 2004

Sales

Total sales increased \$80.3 million, or 4%, to \$2.1 billion in 2005 from \$2.0 billion in 2004. Sales in both of BPP's operating segments increased during 2005, compared with 2004. Paper sales increased 3% primarily due to higher average uncoated free sheet prices. Packaging sales increased 5% primarily due to increased corrugated container sales volume and improved corrugated container and newsprint prices, offset in part by lower newsprint volumes, lower linerboard prices, and lower linerboard sales volumes, as BPP moved more of its linerboard production through its own corrugated container plants.

Paper. Sales increased \$36.1 million, or 3%, to \$1,415.2 million in 2005 from \$1,379.1 million in 2004. The sales increase was driven primarily by increased uncoated free sheet paper prices. Despite an overall market demand decline, uncoated free sheet paper sales volume increased, reflecting a 2% increase in sales of specialty and premium papers and a 1% increase in sales of our commodity papers. Prices for uncoated free sheet paper increased 2%, reflecting a 3% increase in commodity paper prices while specialty and premium paper prices remained flat. In 2005, BPP took 17,000 tons of market-related downtime, compared with 50,000 tons in 2004. In third quarter 2005, it lost approximately 3,500 tons of uncoated free sheet production due to Hurricanes Dennis and Katrina.

Packaging. Sales increased \$37.1 million, or 5%, to \$731.6 million in 2005 from \$694.5 million in 2004. Corrugated container sales prices and volumes increased 4% and 2%, respectively, driven by strengthening supply/demand fundamentals, while newsprint prices and volumes were up 13% and down 5%, respectively. Newsprint price increases reflect improved supply/demand dynamics for the grade, as competitors shut down production or converted production to other grades. Linerboard sales prices and volumes decreased 3% and 2%, respectively. Linerboard price decreases reflect lower end-user demand. In 2005, BPP took 13,000 tons of market-related downtime, compared with 23,000 tons in 2004. In both periods, the market-related downtime was primarily in newsprint. In third quarter 2005, BPP lost approximately 9,500 tons of linerboard production and 8,200 tons of newsprint production due to Hurricane Rita.

Costs and Expenses

Materials, labor, and other operating expenses, including fiber costs, increased \$68.2 million, or 4%, to \$1.9 billion in 2005 from \$1.8 billion in 2004. As a percentage of sales, these costs were 87.9% in 2005 and 88.1% in 2004. The increase in expense was primarily attributable to increased energy, chemical, and fiber costs. Paper and packaging experienced lower fixed costs, including labor, which partially offset increased variable costs, including energy, chemicals, and fiber.

Depreciation, amortization, and depletion expenses decreased \$77.3 million, or 45%, to \$95.4 million for the year ended December 31, 2005, compared with \$172.7 million for the year ended December 31, 2004. The reduction in depreciation and amortization is primarily the result of the revaluation of assets associated with the purchase of the assets from BPP's predecessor.

Selling and distribution expenses decreased \$4.1 million, or 7%, to \$55.2 million in 2005 from \$59.3 million in 2004. As a percentage of sales, selling and distribution expenses increased slightly to 2.6% in 2005 from 2.9% in 2004.

General and administrative expenses decreased \$7.5 million, or 17%, to \$36.4 million in 2005 from \$43.9 million in 2004. General and administrative expenses as a percentage of sales decreased from 2.2% in 2004 to 1.7% in 2005. These decreases reflect lower pension and incentive compensation costs, as described in more detail below.

The costs and expenses discussed above reflect the positive impact of the reduced benefit costs Boise realized as a result of the 2004 Transaction, due to OfficeMax retaining the benefit obligation for all of its former employees except for the OfficeMax employees hired by Boise. For the year ended December 31, 2005, BPP's pension and other postretirement benefit expense decreased \$20.9 million, or 58%, to \$15.0 million from \$35.9 million in 2004.

Other (income) expense, net includes miscellaneous income and expense items. The components of "other (income) expense, net" in the Consolidated Statements of Income are as follows:

	Predecessor	Boise Paper Products

Compensation expense ⁽²⁾	7.3		
Other, net	2.1	(0.2)	0.1
	\$ 12.5	\$ (0.1)	\$ (4.3)

(1) Reflects gain of \$5.2 million for changes in BPP's retiree healthcare programs. See Boise Paper Products' Consolidated Financial Statements for more information.

(2) Reflects \$7.3 million of expense primarily for a one-time retention bonus OfficeMax granted to its employees.

Income (Loss) From Operations

Income (loss) from operations increased \$117.7 million, to income of \$73.6 million in 2005, compared with a loss of \$44.1 million in 2004. Relative to 2004, segment income increased in both paper and packaging and newsprint segments.

Paper. Segment results improved \$75.0 million to \$57.5 million of income in 2005 from a \$17.5 million loss in 2004. The increase in segment income, relative to the same period in 2004, is due to improved pricing, product mix, and reduced fixed costs, including labor and depreciation and amortization, partially offset by increases in variable costs, including energy, chemicals, and fiber. While uncoated free sheet paper markets started the year strong, prices softened during the second half of the year, reflecting unfavorable supply/demand balances.

Packaging. Segment results improved \$18.9 million to \$23.8 million of income in 2005, compared with \$4.9 million in 2004. In 2005, the increase in segment income, relative to the same period in 2004, was due to improved sales volumes and prices in our box plants driven by improved supply/demand balances in the industry. Results were also positively influenced by improved pricing in newsprint and reduced fixed costs. These impacts more than offset lower linerboard prices and sales volumes, lower newsprint volumes, and significantly higher energy and chemical costs.

Two Months Ended December 31, 2004

Sales

Total sales during the last two months of 2004 were \$360.2 million. Sales in BPP's paper and packaging and newsprint segments were \$237.6 million, and \$128.9 million, respectively, during that period. BPP's paper segment realized a 7% price increase for uncoated free sheet, compared with prices for the first ten months of 2004. Containerboard and newsprint prices in BPP's packaging and newsprint segment increased 11% and 3%, respectively, compared with prices for the first ten months of 2004.

Costs and Expenses

The aggregate amount of materials, labor, and other operating expenses, including fiber costs, was \$309.9 million for the last two months of 2004. As a percentage of sales, these expenses and costs decreased to 86.0% in the final two months of 2004 from 88.5% in the first ten months of 2004.

Selling and distribution expenses were \$8.9 million in the last two months of 2004. As a percentage of sales, selling and distribution expenses decreased from 3.0% for the first ten months of 2004 to 2.5% for the last two months of 2004.

General and administrative expenses were \$4.7 million for the last two months of 2004. General and administrative expenses as a percentage of sales decreased from 2.3% for the first ten months of 2004 to 1.3% for the last two months of 2004. This decrease was due in part to our lower benefit costs as a result of the 2004 Transaction.

Income from Operations

Income from operations for the last two months of 2004 was \$21.8 million. Each operating segment reported positive results for that period, with paper segment income of \$17.7 million, and packaging and newsprint segment income of \$7.0 million. As a percentage of sales, income from operations increased to 6.0% for the last two months of 2004 from a loss of 3.9% for the first ten months of 2004. This improvement reflects a decrease in depreciation, amortization, and depletion expenses as a percentage of sales from 9.3% for the first ten months of 2004 to 4.2% for the last two months of 2004, due to a lower depreciable asset base as a result of the 2004 Transaction. Income from operations for the last two months of 2004 reflects a \$11.7 million noncash charge due to an inventory valuation adjustment recorded as a result of the 2004 Transaction.

Industry Mergers and Acquisitions

In early 2007, two of BPP's major competitors in the uncoated free sheet paper business, Domtar, Inc. and Weyerhaeuser Company, combined their uncoated free sheet paper businesses. This combination has resulted in a larger and potentially much stronger competitor than the two companies operating their paper businesses independently. It is uncertain what the effects will be on BPP's uncoated free sheet paper business.

In January of 2007, Abitibi, which sells the newsprint BPP produces at its DeRidder mill under a long-term contract, announced their intent to merge with Bowater Incorporated, another major newsprint producer. It is uncertain what the effects of the merger will be, if any, on BPP's newsprint business.

Acquisitions

On February 1, 2006, BPP purchased the assets of CTC in Waco, Texas, for an aggregate purchase price of \$43.8 million, including fees and expenses, but before working capital adjustments. In 2006, BPP paid approximately \$42.6 million of cash for the acquisition, which is net of a \$2.0 million holdback that is payable in five years. At June 30, 2007 and December 31, 2006, "Other long-term liabilities" on BPP's Consolidated Balance Sheet included a \$1.5 million and a \$1.4 million discounted holdback (including accrued accretion expense). CTC manufactures corrugated sheets that it sells primarily to regional container plants in Texas, Louisiana, Arkansas, and Mexico. CTC is located close to BPP's mill in DeRidder, Louisiana, which produces linerboard used in CTC's manufacturing processes.

BPP accounted for the acquisition using the purchase method of accounting. As a result, the purchase price was allocated to the tangible and intangible assets acquired and liabilities assumed based on its respective fair values as of the date of the acquisition. For more information, see Boise Paper Products' 2006 audited consolidated financial statements.

Divestitures

BPP may engage in divestiture discussions with other companies and make divestitures from time to time. BPP reviews its operations and dispose of assets that fail to meet its criteria for return on investment or cease to warrant retention for other reasons.

In 2005, the Seller recorded \$18.5 million of proceeds from sales of assets, of which approximately \$10.4 million related to the sale of a portion of its fiber farms. BPP is currently in the process of selling its Vancouver, Washington converting plant and has recently closed its Salem, Oregon converting facility.

Liquidity and Capital Resources

Historical

Operating Activities

BPP operates in a cyclical industry, and its operating cash flows vary accordingly. BPP's principal operating cash expenditures are for compensation, fiber, and energy. For the six months ended June 30, 2007 and 2006, BPP's operating activities provided \$89.3 million and \$67.7 million of cash, respectively. In 2007, items included in net income provided \$103.7 million of cash. Unfavorable changes in working capital and other items used \$14.4 million of cash from operations. Working capital is subject to cyclical operating needs, the timing of the collection of receivables, the payment of payables and expenses, and to a lesser extent, seasonal fluctuations in operations.

During the six months ended June 30, 2006, BPP's operating activities provided \$67.7 million of cash. In 2006, items included in net income provided \$84.3 million of cash. Unfavorable changes in working capital and other items used \$16.6 million of cash from operations.

For the year ended December 31, 2006, BPP's operating activities provided \$172.9 million of cash, compared with \$143.4 million provided in 2005. Relative to 2005, the increase in cash provided by operations relates primarily to the following:

As discussed under "Results of Operations" above, the 2006 increase in income was primarily the result of higher product prices in both paper and packaging and newsprint segments.

Unfavorable changes in working capital used \$37.2 million of cash from operations. Working capital is subject to cyclical operating needs, the timing of the collection of receivables, the payment of payables and expenses, and to a lesser extent, seasonal fluctuations in our operations. In 2006, the increase in working capital was primarily attributable to increased inventories, offset in part, by increased accounts payable and accrued liabilities.

In 2005, operating activities provided \$143.4 million of cash. Items included in net income provided \$176.8 million of cash. Working capital and other items used \$33.4 million. Unfavorable changes in working capital used \$22.8 million of cash from operations. In 2005, the increase in working capital and other items was primarily attributable to higher receivables and increased inventories, which were offset, in part, by increased accounts payable and accrued liabilities.

For the period of October 29 (inception) through December 31, 2004, operating activities provided \$83.1 million of cash. Items included in net income provided \$38.1 million of cash. Favorable changes in working capital and other items provided \$45.0 million of cash from operations. The decrease in receivables provided \$25.8 million of cash, while increases in accounts payable and accrued liabilities provided \$16.0 million of cash. Decreases in inventories provided \$6.0 million of cash.

For the period of January 1 through October 28, 2004, operating activities provided \$102.2 million of cash. Items included in net income provided \$146.8 million of cash. Unfavorable changes in working capital and other items used \$44.6 million of cash. The unfavorable changes in working capital items

resulted from a \$44.8 million increase in receivables, offset, in part by a \$16.5 million decrease in inventories, and a \$17.0 million increase in accounts payable and accrued liabilities.

For the predecessor period of January 1 through October 28, 2004, Boise Paper Products participated in OfficeMax's receivable sales program. The program consisted of a revolving sale of receivables for 364 days and was subject to renewal. During third quarter 2004, in anticipation of the sale of the forest products and paper assets to the Seller, OfficeMax stopped selling the receivables related to Boise Paper Products. Under the sales program, OfficeMax sold fractional ownership interests in a defined pool of trade accounts receivable. At October 28, 2004, zero of sold accounts receivable were excluded from "Receivables," compared with \$64.7 million at December 31, 2003. The decrease of \$64.7 million at October 28, 2004, from the amount at December 31, 2003, used cash from operations for the period ended October 28, 2004.

Investment Activities

Cash investing activities used \$62.9 million for the six months ended June 30, 2007, compared with \$90.3 million during the same period in 2006. In 2007, investing activities were primarily for purchases of property and equipment, which used \$68.7 million of cash, while the remaining amount was used for environmental compliance and to improve energy efficiency. Approximately \$33 million of the expenditures for property and equipment related to the reconfiguration of the paper machine at BPP's pulp and paper mill in Wallula, to produce both pressure sensitive paper and commodity uncoated free sheet paper. Additionally, cash investing activities were for environmental compliance and to improve energy efficiency. At September 30, 2007, BPP had spent approximately \$80 million on this project. Investing activities also included \$4.0 million of proceeds from the sales of assets.

During the six months ended June 30, 2006, investing activities were primarily for purchases of property and equipment, which used \$50.0 million of cash. Investing activities also included approximately \$42.5 million of cash paid for the purchase of CTC's assets in Waco, Texas.

Cash investing activities used \$145.9 million during the year ended December 31, 2006, compared with \$81.9 million during the same period in 2005. During the period of October 29 through December 31, 2004, and the period of January 1 through October 28, 2004, investing activities used \$15.5 million and \$88.3 million of cash, respectively.

During the year ended December 31, 2006, investing activities included \$109.1 million of capital expenditures for the purchase of property and equipment. Investing activities also included approximately \$42.6 million of cash paid for the purchase of CTC's assets in Waco, Texas. These expenditures were partially offset by \$3.8 million of proceeds from sales of assets.

During the year ended December 31, 2005, investing activities included \$100.9 million of capital expenditures for the purchase of property and equipment. The expenditures were partially offset by \$14.5 million of proceeds related to the sales of assets.

For the period of October 29 through December 31, 2004, cash investing activities used \$15.5 million of cash, including \$17.6 million for property and equipment purchases.

For the period of January 1 through October 28, 2004, cash investing activities used \$88.3 million of cash, including \$90.8 million for property, plant, and equipment purchases.

In all periods, capital expenditures for property and equipment consisted primarily of expansion, business improvement and quality/efficiency projects, replacement projects, and ongoing environmental compliance.

Edgar Filing: Aldabra 2 Acquisition Corp. - Form PREM14A

Details of 2006 capital investment by segment are included in the table below:

	Year Ended December 31, 2006			
	Acquisition/ Expansion	Quality/ Efficiency ⁽¹⁾	Replacement, Environmental, and Other	Total
	(dollars in millions)			
Paper ⁽²⁾	\$ 39.0	\$ 14.5	\$ 32.0	\$ 85.5
Packaging & Newsprint ⁽³⁾	44.9	5.6	15.6	66.1
Corporate and Other			0.1	0.1
	\$ 83.9	\$ 20.1	\$ 47.7	\$ 151.7

(1) Quality and efficiency projects include quality improvements, modernization, energy, and cost-saving projects.

(2) In April 2006, BPP announced that it would expand production of pressure sensitive papers by reconfiguring an existing paper machine at its pulp and paper mill in Wallula, Washington, to produce both pressure sensitive paper and commodity uncoated free sheet paper. At September 30, 2007, BPP had spent approximately \$80 million on this project.

(3) Includes \$42.6 million of cash paid for the purchase of CTC's assets in Waco, Texas.

BPP expects capital investments in 2007 to total approximately \$140 million, excluding acquisitions. This level of capital expenditures could increase or decrease as a result of a number of factors, including its financial results and future economic conditions. Capital spending in 2007 has primarily been and will continue to be for business improvements (such as the Wallula and the DeRidder shoe press projects described above), and quality/efficiency projects, replacement projects, and ongoing environmental compliance. During 2006, BPP spent \$7 million on environmental compliance. BPP expects to spend approximately \$4 million in 2007 for this purpose.

Financing Activities

BPP has historically been operated as a business of the Seller. Our financing activities have historically consisted of intercompany loans.

Following the Acquisition

Following the Acquisition, we expect the primary sources of BPC's liquidity to be cash flows from operations. We will also have availability under our revolving credit facility. We expect that our primary liquidity requirements will be debt service, working capital and capital expenditures. For 2007, we estimate our capital expenditures will be \$140 million and expect our capital expenditures to be approximately \$125 million to \$130 million for 2008. Capital expenditures for the foreseeable future thereafter are expected to be between \$100 - \$125 million per year, excluding acquisitions and extraordinary capital projects.

Senior Secured Credit Facilities

Our new senior credit facilities will consist of:

a six-year amortizing \$250.0 million senior secured Tranche A term loan;

Edgar Filing: Aldabra 2 Acquisition Corp. - Form PREM14A

a seven-year amortizing \$475.0 million senior secured Tranche B term loan;

a six-year non-amortizing \$250.0 million senior secured revolving credit facility (together with the Tranche A and Tranche B term facilities, the "first lien facilities"); and

Edgar Filing: Aldabra 2 Acquisition Corp. - Form PREM14A

an eight-year non-amortizing \$200.0 million second lien term loan facility, which amount will be increased to up to \$260.7 million, as needed, to fund, in part, the cash portion of the Acquisition purchase price (the "second lien facility"). The size of the second lien facility will depend on the percentage of holders of IPO Shares electing to exercise conversion rights.

We expect all borrowings under the senior credit facilities will bear interest at a rate per annum equal to an applicable margin plus a customary base rate or Eurodollar rate. In addition to paying interest, we will pay a commitment fee to the lenders under revolving credit facility at a rate of 0.50% per annum times the daily average undrawn portion of the first lien revolving facility (reduced by the amount of letters of credit issued and outstanding), which fee will accrue from the Acquisition closing date and shall be payable quarterly in arrears. On and after the adjustment date, the first lien revolving facility commitment fee will be determined by a grid based on the leverage ratio at rates to be determined.

Our obligations under our senior credit facilities are expected to be guaranteed by each of Buyer Sub's existing and subsequently acquired domestic (and, to the extent no material adverse tax consequences to Buyer Sub would result therefrom, foreign) subsidiaries (including the Target) and a wholly-owned subsidiary of Target that will be formed prior to the Acquisition closing date for the purpose of holding all of the outstanding equity securities of Buyer Sub. The first lien facilities will be secured by a first priority security interest in substantially all of the real, personal and mixed property of Buyer Sub and the guarantors. Additionally, the first lien facilities will be secured by a first priority security interest in 100% of the capital stock of Buyer Sub and each of its domestic subsidiaries, 65% of the capital stock of each of Buyer Sub's foreign subsidiaries and all intercompany debt. The second lien facilities will be secured by a second priority security interest in substantially all of the real, personal and mixed property of Buyer Sub and the guarantors. Additionally, the second lien facility will be secured by a second priority security interest in 100% of the capital stock of Buyer Sub and each of its domestic subsidiaries, 65% of the capital stock of each of Buyer Sub's foreign subsidiaries and all intercompany debt.

In the event all or any portion of the Tranche B term facility is repaid for any reason (other than voluntary prepayments and prepayments with respect to insurance proceeds and excess cash flow) prior to the first anniversary of the Acquisition closing date, such repayments will be made at 101.0% of the amount repaid.

The second lien facility may not be prepaid in whole or in part at any time prior to the second anniversary of the Acquisition closing date. Subject to the provisions of the first lien facilities, in the event the second lien facility is prepaid at any time prior to the second anniversary of the Acquisition closing date, Buyer Sub shall pay a prepayment premium equal to the "make-whole premium" as described below.

At any time after the second anniversary of the Acquisition closing date, subject to the provisions of the first lien facilities, the second lien facility may be prepaid in whole or in part subject to the "call premium" as described below; provided that loans bearing interest with reference to the reserve adjusted Eurodollar rate will be prepayable only on the last day of the related interest period unless Buyer Sub pays any related breakage costs.

The "make-whole premium" means, with respect to a second lien facility loan on any date of prepayment, the present value of (a) all required interest payments due on such second lien facility loan from the date of prepayment through and including the make-whole termination date (excluding accrued interest) (assuming that the interest rate applicable to all such interest is the swap rate at the close of business on the third business day prior to the date of such prepayment with the termination date nearest to make-whole termination date plus the Eurodollar interest rate margin applicable to the second lien facility on such date) plus (b) the prepayment premium that would be due if such prepayment were made on the day after the make-whole termination date, in each case discounted to

the date of prepayment on a quarterly basis (assuming a 360-day year and actual days elapsed) at a rate equal to the sum of such swap rate plus 0.50%.

The "call premium" means, in the event all or any portion of the second lien facility is repaid as a result of a voluntary or mandatory prepayment (other than prepayments with respect to insurance proceeds and excess cash flow) after the second anniversary of the Acquisition closing date, but on or prior to the fourth anniversary of the Acquisition closing date, such repayments will be made at (i) 102.0% of the amount repaid if such repayment occurs after the second anniversary of the Acquisition closing date, but on or prior to the third anniversary of the Acquisition closing date and (ii) 101.0% of the amount repaid if such repayment occurs after the third anniversary of the Acquisition closing date, but on or prior to the fourth anniversary of the Acquisition closing date.

Subject to specified exceptions, we expect that the senior credit facilities will require the proceeds from certain asset sales, casualty insurance, certain debt issuances and 50% (subject to step downs) from excess cash flow for each fiscal year must be used to pay down outstanding borrowings.

The loan documentation for the first and second lien facilities will contain, among other terms, representations and warranties, covenants, events of default and indemnification customary for loan agreements for similar leveraged acquisition financings and other representations and warranties and covenants deemed by the administrative agent of the first lien facilities or the second lien facility, as applicable, to be appropriate for the specific transaction.

Subject to certain limitations, the terms (other than conditions), pricing and/or structure of the first and second lien facilities are subject to change at any time prior to the earlier of (i) a successful syndication, and (ii) 90 days after the closing date, if GSCP determines that such changes are reasonably necessary to facilitate the successful syndication of any of the facilities. See "Risk Factors Risks Associated with the Acquisition The terms of Aldabra's new credit facilities have not been finalized and are subject to market risk."

Contractual Obligations

In the table below, we set forth our obligations on a pro forma basis, giving effect to the Acquisition and assuming that none of the Aldabra stockholders exercise their conversion rights, as of June 30, 2007, unless otherwise noted. Some of the amounts included in the table are based on BPP's estimates and assumptions about these obligations, including their duration, the possibility of renewal, anticipated actions by third parties, and other factors. Because these estimates and assumptions are necessarily subjective, the actual payments may vary from those reflected in the table. Purchase orders made in the ordinary course of business are excluded from the table below. Any amounts for which it is

liable under purchase orders are reflected on the Consolidated Balance Sheets as accounts payable and accrued liabilities.

- (1) The table assumes the long-term debt is held to maturity and the payment schedule is based on the amortization schedule outlined in the Debt Commitment Letter and such terms are subject to change, which changes may be material. See "Risk Factors Risks Associated with the Acquisition The terms of Aldabra's new credit facilities have not been finalized and are subject to market risk." The amounts shown do not include estimated interest payments. For a discussion of pro forma interest expense, see "Unaudited Pro Forma Condensed Consolidated Financial Statements."
- (2) BPP enters into operating leases in the normal course of business. It leases property and equipment under operating leases. Some lease agreements provide us with the option to renew the lease or purchase the leased property. The operating lease obligations would change if BPP exercised these renewal options and/or it entered into additional operating lease agreements. For more information, see Note 8, Leases, of Boise Paper Products Notes to Unaudited Quarterly Consolidated Financial Statements.
- (3) Included among the raw materials purchase obligations are contracts to purchase approximately \$147.1 million of wood fiber. This includes the obligations related to the long-term log and fiber supply agreements entered into in connection with the Timberlands Sale. Under most of these log and fiber supply agreements, BPP has the right to cancel or reduce its commitments in the event of a mill curtailment or shutdown. The prices under most of these agreements are set quarterly or semiannually based on regional market prices, and the estimate is based on contract terms or first quarter 2007 pricing. Our log and fiber obligations are subject to change based on, among other things, the effect of governmental laws and regulations, the manufacturing operations not operating in the normal course of business, log and fiber availability, and the status of environmental appeals. Except for deposits required pursuant to wood supply contracts, these obligations are not recorded in the consolidated financial statements until contract payment terms take effect.
- (4) BPP enters into utility contracts for the purchase of electricity and natural gas. BPP also purchases these services under utility tariffs. The contractual and tariff arrangements include multiple-year commitments and minimum annual purchase requirements. The payment obligations were based upon prices in effect on December 31, 2006, or upon contract language, if available. Because BPP consumes the energy in the manufacture of its products, these obligations represent the face value of the contracts, not resale value.
- (5) Includes current portion.

Disclosures of Financial Market Risks

BPP is exposed to market risks such as changes in interest rates and energy prices.

Interest rates

The consolidated financial statements of BPP do not include an allocation of the Seller's debt or interest because none of these items was identified as corporate advances to, or borrowings by, BPP. The Seller used interest rate swaps to hedge variable interest rate risk; however, because debt and interest costs were not allocated to BPP, the effects of the interest rate swaps are not included in BPP's consolidated financial statements.

Following the Acquisition, BPC's market risks will relate primarily to changes in interest rates. The indebtedness under the new credit facilities will bear interest at variable rates and, if Aldabra pays a portion of the consideration for the Acquisition in a subordinated promissory note, indebtedness under that note will also bear interest at variable rates. Because this debt bears variable interest rates tied to market indices, BPC's results of operations and cash flows will be exposed to changes in interest rates. On a pro forma basis, it is estimated that BPC will have approximately \$946 million of long-term variable debt assuming no exercise of conversion rights and approximately \$1,115 million of long-term variable debt, consisting of approximately \$1,007 million under the new credit facilities and approximately \$108 million under the subordinated promissory note to Seller (assuming maximum conversion rights are exercised). The pro forma cash interest expense for the year ended December 31, 2006, would have been \$91.6 million assuming no exercise of conversion rights and \$113.0 million assuming maximum conversion rights are exercised. These rates reflect assumptions with respect to the Debt Financing, which assumptions are subject to changes that could be material. See "Risk Factors Risks Associated with the Acquisition The terms of Aldabra's new credit facilities have not been finalized and are subject to market risk." On a pro forma basis, if interest rates increased 100 basis points, our annual interest expense would increase by approximately \$9.6 million (\$11.3 million assuming maximum conversion rights are exercised). See "Unaudited Pro Forma Condensed Consolidated Financial Statements."

Energy Risk

The Seller has had significant exposure to price changes for energy, particularly for natural gas. To reduce its exposure, Seller has entered into a variety of contracts to limit its susceptibility to short-term changes in energy costs. The Seller enters into natural gas swaps, options, or a combination of these instruments to hedge its exposure to natural gas price movements. During the six months ended June 30, 2007, and for the year ended December 31, 2006, operating income was \$8.7 million and \$18.1 million lower, respectively, due to additional costs associated with these hedging activities. As of June 30, 2007, the Seller has also entered into derivative instruments related to approximately 10% of forecasted natural gas purchases for July 2007 to October 2007 and 25% of forecasted natural gas purchases from August 2007 through October 2007.

Critical Accounting Estimates

Critical accounting estimates are those that are most important to the portrayal of BPP's financial condition and results. These estimates require BPP management's most difficult, subjective, or complex judgments, often as a result of the need to estimate matters that are inherently uncertain. BPP's critical accounting estimates are as follows:

Long-Lived Asset Impairment

BPP accounts for the impairment of long-lived assets in accordance with SFAS No. 144, *Accounting for the Impairment or Disposal of Long-Lived Assets*. An impairment of a long-lived asset exists when the carrying value of an asset exceeds its fair value and when the carrying value is not recoverable through future undiscounted cash flows from operations. BPP reviews the carrying value of

long-lived assets for impairment when events or changes in circumstances indicate that the carrying amount of assets may not be recoverable.

Long-lived asset impairment is a critical accounting estimate, as it is susceptible to change from period to period. To estimate whether the carrying value of an asset or asset group is impaired, BPP estimates the undiscounted cash flows that could be generated under a range of possible outcomes. To measure future cash flows, BPP is required to make assumptions about future production volumes, future product pricing, and future expenses to be incurred. In addition, estimates of future cash flows may change based on the availability of logs and fiber, environmental requirements, capital spending, and other strategic management decisions. BPP estimates the fair value of an asset or asset group based on quoted market prices (the amount for which the asset(s) could be bought or sold in a current transaction with a third party) when available. When quoted market prices are not available, it uses a discounted cash flow model to estimate fair value. BPP acquired most of its long-lived assets in October 2004 as part of the 2004 Transaction. As a result, most of its long-lived assets are valued at relatively current amounts.

BPP currently believes it has adequate support for the carrying value of all of the assets based on anticipated cash flows that will result from its estimates of future demand, pricing, and production costs assuming certain levels of capital expenditures. However, should the markets for the products deteriorate significantly or should it decide to invest capital in alternative projects and should other cash flow assumptions change, it is possible that it will be required to record noncash impairment charges that could have a material impact on the results of operations. Due to the numerous variables associated with the judgments and assumptions relating to the valuation of assets and the effects of changes on these valuations, both the precision and reliability of the estimates are subject to uncertainty. As additional information becomes known, it may change their estimates.

Goodwill and Intangible Asset Impairment

BPP accounts for acquisitions under the purchase method of accounting, typically resulting in goodwill. Goodwill represents the excess of purchase price and related costs over the value assigned to the net tangible and intangible assets of businesses acquired. It accounts for goodwill in accordance with the provisions of SFAS No. 142, *Goodwill and Other Intangible Assets*, which requires it to assess acquired goodwill and intangible assets with indefinite lives for impairment at least annually in the absence of an indicator of possible impairment and immediately upon an indicator of possible impairment. BPP has no intangible assets with indefinite lives. It assesses goodwill and intangible assets in the fourth quarter of each year using a fair-value-based approach. It also evaluates the remaining useful lives of the finite-lived purchased intangible assets to determine whether any adjustments to the useful lives are necessary. The finite-lived intangible assets consist of some trade names and trademarks, customer relationships, noncompete agreements, and technology.

At June 30, 2007, BPP had \$9.6 million of goodwill recorded on its Consolidated Balance Sheet recorded as \$1.3 million in the Paper segment and \$8.3 million in the Packaging & Newsprint segment. At December 31, 2006, the net carrying amount for finite-lived purchased intangible assets, comprised of customer relationships, noncompete agreements, technology, and other trade names, was \$25.2 million.

During fourth quarter 2006, BPP performed its annual impairment assessment of goodwill in accordance with the provisions of SFAS No. 142. It concluded that no impairment existed. It also evaluated the remaining useful lives of finite-lived purchased intangible assets and determined no adjustments to the useful lives were necessary.

In testing for potential impairment, BPP measured the estimated fair value of its reporting units based upon discounted future operating cash flows using a discount rate reflecting its estimated average cost of funds. Differences in assumptions used in projecting future operating cash flows and cost of funds could have a significant impact on the determination of the fair value of the reporting units.

In estimating future cash flows, BPP used internal budgets. The budgets were based on recent sales data for existing products, planned timing of capital projects, and customer commitments related to new and existing products. These budgets also included assumptions of future production volumes and pricing of commodity products. Due to the inherent volatility of commodity product pricing, the pricing assumptions were based on the average pricing over the commodity cycle. These prices were estimated from information gathered from industry research firms, research reports published by investment analysts, and other published forecasts. If the estimates of projected future cash flows from income from operations were too high by 10%, there would be no impact on the reported value of goodwill on the Consolidated Balance Sheet.

Pensions

BPP participates in Boise Cascade's noncontributory defined benefit pension plans, and its employees are treated as participants in multiemployer plans. Accordingly, there are no assets or liabilities related to defined benefit pension plans recorded on its Consolidated Balance Sheets. BPP did, however, incur costs associated with BPP employees who participated in Boise Cascade's plans in the Consolidated Statements of Income. During the six months ended June 30, 2006 and 2007, BPP incurred \$7.6 million and \$6.3 million of pension expenses, respectively. For the periods of January 1 through October 28, 2004, and October 29, 2004 (inception) through December 31, 2004, and the years ended December 31, 2005 and 2006, pension expense was \$30.0 million, \$1.4 million, \$13.8 million, and \$14.4 million, respectively.

BPP accounts for pension expense in accordance with SFAS No. 87, *Employers' Accounting for Pensions*. This statement requires BPP to calculate pension expense and liabilities using actuarial assumptions, including discount rates, expected return on plan assets, expected rate of compensation increases, retirement rates, mortality rates, expected contributions, and other factors. BPP based the assumptions used in this analysis to calculate pension expense on the following factors:

Discount Rate Assumption. The discount rate assumption was determined using a spot rate yield curve constructed to replicate Aa-graded corporate bonds. The plan's projected cash flows were duration-matched to this yield curve to develop an appropriate discount rate.

Asset Return Assumption. The expected rate of return on plan assets was based on the average rate of earnings expected on invested funds.

Rate of Compensation Increases. This assumption reflected long-term actual experience, the near-term outlook, and assumed inflation.

Retirement and Mortality Rates. These rates were developed to reflect actual and projected plan experience.

Expected Contributions. Plan obligations and expenses were based on existing retirement plan provisions. No assumption was made regarding future changes to benefit provisions beyond those to which BPP is presently committed. For example, changes BPP might commit to in future labor contracts are not included. In 2007, there is no required minimum contribution to the qualified pension plans.

BPP believes that the accounting estimate related to pensions is a critical accounting estimate because it is highly susceptible to change from period to period. As discussed above, the future effects of pension plans on its financial position and results of operations will depend on economic conditions, employee demographics, mortality rates, retirement rates, investment performance, and funding decisions, among other factors.

Composition of Boise Paper Company's Board of Directors after the Acquisition

Effective upon completion of the Acquisition and approval of the amended and restated charter, our board of directors will consist of three staggered classes of directors, as nearly equal in number as possible. The three classes will be designated as Class I, Class II, and Class III. The board of directors is authorized to assign board members already in office to such classes at the time such classification becomes effective by resolution of the board. The term of the initial Class I directors will terminate on the date of the 2008 annual meeting; the term of the initial Class II directors will terminate on the date of the 2009 annual meeting; and the term of the initial Class III directors will terminate on the date of the 2010 annual meeting. At each succeeding annual meeting of the stockholders, successors to the class of directors whose term expires at that annual meeting will be elected for a three-year term. If the number of directors is changed, any increase or decrease will be apportioned among the classes so as to maintain the number of directors in each class as nearly equal as possible, and any additional director of any class elected to fill a vacancy resulting from an increase in such class will hold office for a term that will coincide with the remaining term of that class, but in no case will a decrease in the number of directors shorten the term of any incumbent director.

Upon completion of the Acquisition,

the Class I directors will be Messrs. Albert, Souleles and Weiss;

the Class II directors will be Messrs. Berger, Goldman and Stephens;

the Class III directors will be Messrs. Alsikafi, Leight and Toeldte.

Director Independence

The AMEX, the NYSE and the NASDAQ Global Market require that a majority of our board must be composed of "independent directors," which is defined generally as a person other than an officer or employee of the company or its subsidiaries or any other individual having a relationship, which, in the opinion of the company's board of directors, would interfere with the director's exercise of independent judgment in carrying out the responsibilities of a director.

We have determined that each of Messrs. Albert, Berger and Rogel are independent directors as defined under the listing standards of the AMEX, which directors constitute a majority of our board. Upon consummation of the Acquisition, we expect that Mr. Rogel will resign from our board. We have determined that, following the consummation of the Acquisition, each of Messrs. Albert, Alsikafi, Berger, Goldman and Souleles will be an independent director as defined under the listing standards of the NYSE, which directors will constitute a majority of our post-Acquisition board.

Committees of the Board of Directors

Audit Committee

Aldabra's board of directors has established an audit committee which currently consists of Messrs. Albert, Berger, as chairman, and Rogel. Upon consummation of the Acquisition, we expect that Mr. Rogel will resign from our board and will no longer serve on the audit committee. Following the Acquisition, we expect that the audit committee will consist of Messrs. Albert, Berger, as chairman, and

Edgar Filing: Aldabra 2 Acquisition Corp. - Form PREM14A

selecting the independent auditor;

approving the overall scope of the audit;

discussing the annual audited financial statements and quarterly financial statements, including matters required to be reviewed under applicable legal and regulatory requirements, with management and the independent auditor;

discussing earnings press releases and other financial information provided to the public with management and the independent auditor, as appropriate;

discussing with management and the independent auditor, as appropriate, any audit problems or difficulties and management's response;

discussing the risk assessment and risk management policies of BPC;

reviewing BPC's financial reporting and accounting standards and principles, significant changes in such standards or principles, and the key accounting decisions affecting the financial statements of BPC;

reviewing and approving the internal corporate audit staff functions;

reviewing BPC's internal system of audit, financial and disclosure controls and the results of internal audits;

annually reviewing the independent auditor's written report describing the auditing firm's internal quality-control procedures and any material issues raised by the auditing firm's internal quality-control review or peer reviews of the auditing firm;

reviewing and investigating matters pertaining to the integrity of management;

establishing procedures concerning the treatment of complaints and concerns regarding accounting, internal accounting controls or audit matters;

meeting separately with management, the corporate audit staff and the independent auditor;

handling such other matters that are specifically delegated to the audit committee by the board of directors from time to time; and

reporting regularly to the full board of directors.

The audit committee will amend its charter to outline the responsibilities and procedures of the committee as described above.

Compensation Committee

Following the consummation of the Acquisition, our board of directors will establish a compensation committee. The compensation committee will consist of Messrs. Albert, Alsikafi and Souleles (as chairman).

The responsibilities of our compensation committee will include, among other things:

reviewing and approving corporate goals and objectives relevant to the compensation of BPC's chief executive officer and annually evaluating the chief executive officer's performance in light of these goals;

Edgar Filing: Aldabra 2 Acquisition Corp. - Form PREM14A

reviewing and approving the compensation and incentive opportunities of the executive officers of BPC;

reviewing and approving employment contracts, severance arrangements, incentive arrangements, change-in-control arrangements and other similar arrangements between BPC and its executive officers;

receiving periodic reports on BPC's compensation programs as they affect all employees;

reviewing executive succession plans for business and staff organizations; and

handling such other matters that are specifically delegated to the compensation committee by the board of directors from time to time.

The compensation committee will adopt a charter outlining the responsibilities and procedures of the committee.

Governance and Nominating Committee

Aldabra's board of directors has established a nominating committee, which consists of Messrs. Berger, as chairman, and Rogel, each of whom is an independent director according to the listing standards of the AMEX. Upon consummation of the Acquisition, we expect that Mr. Rogel will resign from our board and will no longer serve on the nominating committee. Following the Acquisition, the board will establish a governance and nominating committee. We expect that the governance and nominating committee will consist of Messrs. Albert (as chairman), Alsikafi and Berger.

The responsibilities of our governance and nominating committee will include, among other things:

identifying and recommending for election individuals who meet the criteria the board of directors has established for board membership;

reviewing the board of director's committee structure and recommending to the board of directors the composition of each committee; and

annually reviewing director compensation and benefits.

The governance and nominating committee guidelines for selecting director nominees will generally provide that persons to be nominated:

should have demonstrated notable or significant achievements in business, education or public service;

should possess the requisite intelligence, education and experience to make a significant contribution to the board of directors and bring a range of skills, diverse perspectives and backgrounds to its deliberations; and

should have the highest ethical standards, a strong sense of professionalism and intense dedication to serving the interests of the stockholders.

The governance and nominating committee will consider a number of qualifications relating to management and leadership experience, background and integrity and professionalism in evaluating a person's candidacy for membership on the board of directors. The governance and nominating committee may require skills or attributes, such as financial or accounting experience, to meet specific board needs that arise.

The governance and nominating committee will amend its charter to outline the responsibilities and procedures of the committee as described above.

Other Committees

Our board of directors may establish other committees as it deems necessary or appropriate from time to time.

Code of Ethics and Committee Charters

The Aldabra board of directors has adopted a code of ethics that applies to all of our executive officers, directors and employees. We have filed copies of our code of ethics and our board committee charters as exhibits to the registration statement in connection with our IPO. COMPENSATION DISCUSSION AND ANALYSIS

Aldabra

No Aldabra executive officer has received any cash compensation for services rendered to us. However, we pay and, until the consummation of the Acquisition will continue to pay, Terrapin Partners, LLC, an affiliate of Messrs. Leight and Weiss, a fee of \$7,500 per month for providing us with administrative, technology and secretarial services, as well as the use of limited office space, including a conference room, in New York City. This arrangement is solely for our benefit and is not intended to provide Messrs. Leight and Weiss compensation in lieu of a salary. Other than the \$7,500 per month administrative fee, no compensation of any kind, including finders, consulting or other similar fees, is or will be paid to any of our executives or directors or any of their respective affiliates, prior to, or for any services they render in order to effectuate, the consummation of a business combination. However, such individuals will be reimbursed for any out-of-pocket expenses incurred in connection with activities on our behalf such as identifying potential target businesses and performing due diligence on suitable business combinations. There is no limit on the amount of these out-of-pocket expenses and there is no review of the reasonableness of the expenses by anyone other than our board of directors, which includes persons who may seek reimbursement, or a court of competent jurisdiction if such reimbursement is challenged.

Other than the securities described in the sections appearing elsewhere in this proxy statement entitled "Interests of Certain Persons in the Acquisition Aldabra" and "Beneficial Ownership of Securities," none of our directors have received any of our equity securities.

Boise Paper Products

Upon the closing of the Acquisition, Aldabra has agreed to maintain for at least one year following the closing of the Acquisition for each of Boise Paper Company's executive officers, executive compensation and benefits at levels that are substantially comparable, in the aggregate, to the levels of executive compensation and benefits that the Seller had maintained for these individuals. The following discussion is based upon the Seller's compensation decisions in 2006 and does not necessarily represent compensation decisions that will be made by Aldabra going forward. At the time this proxy was mailed, Aldabra had made no compensation decisions with respect to any of the individuals who will become its executive officers.

The compensation committee of the Seller's board of directors operated under a written charter. The board established this committee to discharge the board's responsibilities relating to compensation of the Seller's chief executive officer and each of its executive officers. The committee had overall responsibility for decisions relating to all compensation plans, policies and benefit programs as they affected the Seller's chief executive officer and its executive officers. The following discussion and analysis explains the basis for the committee's compensation decisions during 2006.

Executive Compensation Program Objectives

The objectives of the Seller's compensation and benefits were to:

closely align compensation with the Seller's performance on both a short-term and long-term basis;

link each executive officer's compensation to his or her performance and the areas for which he or she was responsible;

attract, motivate, reward and retain the broad-based management talent critical to achieving the Seller's business goals; and

encourage executive officers to own the Seller's management equity units.

Edgar Filing: Aldabra 2 Acquisition Corp. - Form PREM14A

To ensure that compensation levels remained competitive, the committee surveyed and analyzed information on executive compensation practices and data from a wide variety of sources, including compensation practices and data for executives holding comparable positions throughout general industry and in the forest products industry.

The committee and management used information, surveys and data compiled by outside human resource consulting firms to assist them in structuring the Seller's compensation programs. In 2006, the Seller used services provided by Hewitt Associates and the Forest Products Industry Compensation Association (FPICA) to obtain market rates of compensation for base salary and annual incentives for all officer positions.

The Seller targeted total compensation for executive officers (the sum of base salary, annual variable incentive compensation and long-term incentive compensation) at the 50th percentile of its surveyed companies. The Seller believed its annual variable incentive compensation component linked executive compensation directly to the Seller's financial performance, and the long-term incentive compensation component linked executive compensation to changes in the Seller's equity value.

Executive Compensation Program Elements

The four elements of the Seller's executive compensation program were:

base salary;

annual variable incentive compensation (Incentive and Performance Plan);

long-term incentive compensation (Management Equity Plan); and

other compensation and benefit plans.

The Seller's compensation plans reflected the committee's intent and general practice to pay compensation that Seller could deduct for purposes of federal income tax.

Base Salary

The committee reviewed base salaries for executive officers annually and at the time of promotions or other increases in responsibilities. Almost all salaried positions, including each executive officer position, had an established salary guideline. The midpoint of each salary guideline approximated the median salary, adjusted for company size (in sales), of equivalent positions at the Seller's surveyed companies. While the salary target range for the Seller's executive officers was the midpoint of the salary guideline, an individual's salary may have fallen above or below the midpoint based on a subjective evaluation of factors such as the individual's level of responsibility, performance, and years of experience.

Annual Variable Incentive Compensation (Incentive and Performance Plan)

For 2006, each of the Named Executive Officers earned a cash bonus pursuant to the Seller's Incentive and Performance Plan. These awards were based on the attainment of annual financial goals at corporate and business unit levels and for achieving individual annual performance objectives. Awards were calculated as a percentage of base salary, based on the extent to which the financial goals and performance objectives were met during the year. The 2006 target bonus award for Mr. Toeldte was 65% of his base salary. The 2006 target bonus award for Mr. Hewitt was 55% of his base salary. The 2006 target bonus awards for Ms. Lassa and Messrs. McNutt and Strenge were 45% of their base salaries. Depending on the achievement of their predetermined financial goals and performance objectives, the annual bonus amounts for the Named Executive Officers (as defined below) may have been less than or greater than the target bonus amounts.

Long-Term Incentive Compensation (Management Equity Plan)

Pursuant to an equity incentive program established shortly after Madison Dearborn acquired the forest products assets from OfficeMax, the Seller's management-level employees were given the opportunity to purchase, at fair market value, Series B equity units in FPH. Purchasers of Series B equity units in this program also received, at no additional cost, Series C equity units (2004 Series C equity units), representing the right to participate in the Seller's profits after the holders of the Series B equity units had received a return of all of their invested capital. The 2004 Series C equity units had no value to the holder until equity value appreciated above a specified level.

On April 3, 2006, shortly after joining the Seller, Mr. Toeldte purchased, at fair market value, Series B equity units for \$560,000 and also received, at no additional cost, a new series of Series C equity units (2006 Series C equity units). Also on April 3, 2006, Mr. McNutt received, at no cost, 2006 Series C equity units. The 2006 Series C equity units had a higher threshold for participation in the Seller's profits than did the 2004 Series C equity units.

All Series B equity units, 2004 Series C equity units and 2006 Series C equity units will vest on a pro rata basis from December 31, 2004, to the closing date of the Acquisition. The Management Equity Plan allows unitholders whose employment will be transferred to Aldabra to require FPH to repurchase (1) all vested and unvested Series B equity units and (2) all vested 2004 Series C equity units and 2006 Series C equity units. It is expected that all of BPC's new executive officers will exercise this repurchase requirement. FPH will repurchase all vested Series B equity units, 2004 Series C equity units and 2006 Series C equity units at fair market value. FPH will repurchase all unvested Series B equity units at the original cost. Any unvested 2004 Series C equity units and 2006 Series C equity units will be forfeited for no consideration.

Set forth below are the numbers of shares of Series B equity units, 2004 Series C equity units and 2006 Series C equity units held by the Named Executive Officers as of December 31, 2006:

Name	Series B Equity Units	2004 Series C Equity Units	2006 Series C Equity Units
Alexander Toeldte	280,000		4,500,000
Robert M. McNutt	125,000	205,010	600,000
Miles A. Hewitt	660,000	1,598,000	
Judith M. Lassa	225,000	431,000	
Robert E. Streng	250,000	431,000	

Other Compensation and Benefit Plans

The Seller's executive officers received additional compensation in the form of payments, allocations or accruals under various other compensation and benefit plans. Among these plans and benefits were supplemental pension plans, a deferred compensation plan, agreements that formalized each executive officer's severance benefits if the officer was terminated following a change in control and a supplemental life plan. These plans are further described below and were an integral part of the Seller's executive compensation program.

Summary Compensation Table

The following table presents compensation information for the fiscal year ended December 31, 2006, for Mr. Toeldte, BPP's designated chief executive officer, Mr. McNutt, BPP's designated chief financial officer, and Ms. Lassa and Messrs. Hewitt and Streng, BPP's three most highly compensated executive officers other than Messrs. Toeldte and McNutt (collectively, the "Named Executive Officers"). Because Aldabra has not yet entered into any specific compensations arrangements or agreements with these individuals, future compensation may differ from that reflected in the table below:

The Deferred Compensation Plan was a nonqualified savings plan offered to a select group of management and key employees.

(2) In connection with the purchase of their Series B equity units on November 29, 2004, Ms. Lassa and Messrs. McNutt, Hewitt and Streng were granted, at no additional cost, 431,000, 205,010, 1,598,000 and 431,000 2004 Series C equity units, respectively. In connection with Mr. Toeldte's purchase of Series B equity units on April 3, 2006, he was granted, at no additional cost, 4,500,000 2006 Series C equity units. McNutt, Hewitt and Strenge reflect the actuarial increase in the present value of their benefits under all pension plans established by the Seller using interest rate and mortality rate assumptions consistent with those used in the Seller's financial statements and include amounts that such officers may not have been entitled to receive because such amounts were not vested. Mr. Toeldte was not eligible to participate in the Seller's pension plans.

(b)

The amounts reported for Ms. Lassa and Messrs. Toeldte and McNutt reflect the above-market portion of the interest they earned on their 2006 deferred compensation. Messrs. Hewitt and Strenge did not participate in the Seller's Deferred Compensation Plan during 2006.

Participants in the Deferred Compensation Plan could choose to have matching contributions made under the Deferred Compensation Plan in lieu of receiving matching contributions under the Savings Plan.

(b)

The costs incurred by the Seller for various perquisites provided to Ms. Lassa and Messrs. McNutt, Hewitt and Strenge are not reflected because the amounts did not exceed \$10,000. Amounts disclosed in this column for various other perquisites provided to Mr. Toeldte include the following:

Name	Nonbusiness Memberships	Supplemental Healthcare	Legal Fees	Relocation Expenses
Alexander Toeldte	\$ 20,160	\$ *	\$ 14,621	\$ 94,269

*Pursuant to federal healthcare privacy regulations, the amount incurred by Mr. Toeldte under the Seller's Supplemental Healthcare Plan for Executive Officers has not been reflected. None of the Named Executive Officers incurred costs under the plan in excess of \$10,000.

Grants of Plan-Based Equity Awards

Messrs. Toeldte and McNutt were the only Named Executive Officers who were granted a plan-based award during 2006. In connection with the purchase of Mr. Toeldte's Series B equity units on April 3, 2006, he was granted, at no additional cost, 4,500,000 2006 Series C equity units. Additionally, on April 3, 2006, Mr. McNutt was granted, at no cost, 600,000 2006 Series C equity units. The 2006 Series C equity units represented the right to participate in the Seller's profits after the holders of the Series B equity units and 2004 Series C equity units had received a specified threshold return on their invested capital.

Judith M. Lassa	86,200	39,652
Robert E. Streng	86,200	39,652

- (1) Because these units were not publicly traded, there was no ascertainable value for the units on the vesting date. Accordingly, the values shown reflect the fair value of these units on the grant date.

Pension Benefits

The Seller maintained a defined benefit pension plan, referred to as the Salaried Pension Plan, as well as supplemental pension plans for certain salaried employees, including four of the Named Executive Officers Ms. Lassa and Messrs. McNutt, Hewitt and Streng. The Salaried Pension Plan was available only to the Seller's employees who were formerly employed by OfficeMax before November 2003. Accordingly, Mr. Toeldte was not eligible to participate in the Seller's pension plans.

The Seller's Salaried Pension Plan entitled each vested employee to receive a pension benefit at normal retirement age equal to 1.25% of the average of the highest five consecutive years of compensation out of the last ten years of employment multiplied by the participant's years of service through December 31, 2003, plus 1% of the average of the highest five consecutive years of compensation out of the last ten years of employment multiplied by the participant's years of service after December 31, 2003. Under the Salaried Pension Plan, "compensation" was defined as the employee's base salary plus any amounts earned under the Seller's variable incentive compensation programs. Benefits were

computed on a straight-life annuity basis and were not offset by Social Security

Edgar Filing: Aldabra 2 Acquisition Corp. - Form PREM14A

or other retirement-type benefits. An employee was 100% vested in his or her pension benefit after five years of service, except for breaks in service.

If an employee was entitled to a greater benefit under the Salaried Pension Plan formula than the Code allowed for tax-qualified plans, the excess benefits were to have been paid from the Seller's general assets under its unfunded Supplemental Pension Plan ("SUPP"). The SUPP would have also provided payments to the extent that participation in the deferred compensation plans had the effect of reducing an individual's pension benefit under the qualified plan.

Under the Seller's Supplemental Early Retirement Plan (the "SERP"), an officer who was an officer of OfficeMax immediately prior to the 2004 Transaction, who was 55 years old or older, had ten or more years of service, had served as an officer for at least five full years and retired before the age of 65 was eligible for benefits under the plan. Eligible officers received an early retirement benefit prior to the age of 65 equal to the benefit calculated under the Salaried Pension Plan without reduction due to the officer's early retirement. Benefits payable under the SERP were offset by benefits payable under a similar plan maintained by OfficeMax.

The following table reflects the present value of accumulated benefits payable to Ms. Lassa and Messrs. McNutt, Hewitt and Strenge, including the number of years of service credited to each of them, under the Salaried Pension Plan, the SUPP and the SERP. Ms. Lassa and Messrs. McNutt, Hewitt and Strenge did not receive any payments under any of the Seller's pension plans during 2006.

(1) Number of years credited service for Ms. Lassa and Messrs. McNutt, Hewitt and Strenge include amounts attributable to employment with OfficeMax prior to the 2004 Transaction.

Nonqualified Deferred Compensation

With the exception of Messrs. Hewitt and Strenge, all of the Named Executive Officers participated in the Seller's Deferred Compensation Plan during 2006. The Seller's Deferred Compensation Plan was an unfunded plan. Under the plan, officers could irrevocably elect to defer receipt of a portion of their base salary and bonus. A participant's account was credited with imputed

Edgar Filing: Aldabra 2 Acquisition Corp. - Form PREM14A

interest at a rate equal to 130% of Moody's Composite Average of Yields on Corporate Bonds. In addition, participants could elect to receive their company-matching contribution in the Seller's Deferred Compensation Plan in lieu of any matching contribution in the Seller's 401(k) Savings Plan. For Ms. Lassa and Messrs. McNutt, Hewitt and Strenge (who participated in the Seller's defined benefit pension plan), the matching contribution was equal to \$0.70 on the dollar up to the first 6% of eligible compensation. For Mr. Toeldte (who did not participate in the Seller's defined benefit pension plan), the matching contribution was equal to \$0.70 on the dollar up to the first 6% of eligible compensation, plus an additional discretionary match that could vary from year to year. In 2006, the discretionary match was equal to \$0.30 on the dollar up to the first 6% of eligible compensation. Participants elected the form and timing of distributions of their deferred compensation balances. Participants could receive payment in cash in a lump sum or in annual installments following the termination of their employment with the Seller.

None of the Named Executive Officers had withdrawals or distributions under the Seller's Deferred Compensation Plan during 2006.

Agreements With, and Potential Payments to, Named Executive Officers

The following summaries provide a description of the agreements the Seller has entered into with the individuals who will become executive officers of Boise Paper Company. The following tables reflect an estimate of the compensation the Seller would have been required to pay in the event of termination of these employees with the Seller due to:

voluntary termination with good reason;

involuntary termination without cause;

for cause termination or voluntary termination without good reason;

death;

disability; or

sale of a Division (as defined under the Management Equity Plan).

The amounts shown assume that such termination was effective as of December 31, 2006, and thus include amounts earned by the executive officer through that time. The actual amounts the Seller would have been required to pay could only have been determined at the time of separation from the Seller.

Alexander Toeldte

The Seller entered into an Offer of Future Employment with Mr. Toeldte on October 1, 2005. Pursuant to the terms of the agreement, Mr. Toeldte was subject to regular performance reviews and was eligible to receive an annual bonus with a target value of 65% of his base pay. Mr. Toeldte was also eligible for standard benefits offered to officers, which included an annual financial counseling allowance of \$5,000 and participation in the Seller's Deferred Compensation Plan. Mr. Toeldte was eligible to receive the maximum paid time off available to the Seller's salaried employees, which was 31 days annually. If Mr. Toeldte was involuntarily terminated (other than for disciplinary reasons), he would have been eligible to receive the severance benefits set forth in his severance agreement described below.

The Seller entered into a Foreign Service Policy (Relocation) Agreement with Mr. Toeldte on October 1, 2005, pursuant to which the Seller assisted Mr. Toeldte in the process of obtaining permanent residency and paid his legal expenses associated with that process. For 2006, the Seller agreed to protect Mr. Toeldte from any adverse tax impact resulting from his relocation and to pay reasonable costs associated with the services of a tax advisor, to be chosen by the Seller, for the preparation of his personal income tax returns in New Zealand, the United States and any third country. If, due to immigration requirements, Mr. Toeldte or members of his family could not continue to reside in the United States, the Seller would have provided for his repatriation to New Zealand.

The Seller also entered into a severance agreement with Mr. Toeldte on October 1, 2005. Pursuant to the terms of the agreement, if Mr. Toeldte voluntarily terminated employment with good reason or his employment was involuntarily terminated without cause, as defined in the agreement, and subject to his execution of a valid release of employment-related claims, he would have been entitled to severance pay equal to two times his annual base salary plus his target annual incentive for the year in which the termination occurred. To the extent not already paid, he would have received a lump-sum amount equal to the value of his unused and accrued time off, less any advanced time off. He would also have been eligible for continuation for two years of all life, disability, accident and healthcare insurance plans and financial counseling services, or a lump-sum payment equal to (a) 36 times the monthly group premium for such insurance plans plus (b) three times the annual allowance for such financial counseling services. The agreement also imposed on Mr. Toeldte confidentiality and nondisparagement provisions, as well as a non-solicitation provision that applied for a period of one year following the termination date. Mr. Toeldte is not entitled to receive payment under his severance agreement as a result of the Acquisition; however, the agreement will be assigned to Boise Paper Company as part of the Acquisition.

Robert M. McNutt, Miles A. Hewitt, Judith M. Lassa, Robert E. Strenge

Prior to the 2004 Transaction OfficeMax had entered into agreements with Ms. Lassa and Messrs. Hewitt and Strenge to provide for severance benefits if they were terminated after the acquisition. These agreements expired in October 2007 and new severance agreements have not yet been entered into with these officers.

Following the termination of the severance agreements described above, Ms. Lassa and Messrs. McNutt, Hewitt and Strenge were subject to the Seller's Executive Officer Severance Pay Policy. Under the policy, if the officer's employment was involuntarily terminated, except if terminated for disciplinary reasons, such executive officer would have been entitled to receive severance pay equal to one year's base salary. The severance payment would be made in a lump-sum. Also, group insurance coverage could be continued for up to 12 months following the date of termination.

Supplemental Life Plan

Ms. Lassa and Messrs. Hewitt and Strenge participated in the Seller's Supplemental Life Plan, which provided them with an insured death benefit during their employment with the Seller. Officers

who participated in the plan could purchase a life insurance policy from a designated insurance carrier, with policy premiums to be paid by the Seller as described in the plan. The plan provided the officer with a target death benefit equal to two times his or her base salary while employed at the Seller and a target postretirement death benefit equal to one times his or her final base salary, both of which were less any amount payable under the Seller's group term life insurance policy.

Supplemental Healthcare Plan for Executive Officers

During 2006, the Seller's Supplemental Healthcare Plan for Executive Officers provided elected officers with additional medical coverage. This plan provided benefits for services not available under the medical, dental and vision programs available under the Seller's healthcare plan for all salaried employees. While these officers shared in the cost of their medical care by paying a monthly contribution, a deductible and a percentage of the remaining expenses, the combination of the plans paid most of the major charges for covered healthcare expenses. After reviewing competitive plans of the Seller's surveyed companies and as a result of changes in the Seller's salaried healthcare plan, the Seller terminated the Supplemental Healthcare Plan for Executive Officers on December 31, 2006.

Compensation of Directors

Following the Acquisition, directors that are not employees of Boise Paper Company may receive fees. Aldabra has not established a formal policy for compensating directors.

BENEFICIAL OWNERSHIP OF SECURITIES

The following table sets forth, as of October 15, 2007, (i) the actual beneficial ownership of Aldabra's common stock and (ii) the projected beneficial ownership of Aldabra's common stock immediately following the Acquisition by (a) each person owning (or expected to own) greater than 5% of Aldabra's outstanding common stock; (b) each current director and named executive officers of Aldabra; (c) each current director and executive officer as a group prior to the Acquisition; (d) each person that is expected to be a director or named executive officer following the Acquisition; and (e) each person that is expected to be a director or executive officer following the Acquisition as a group. The following table has been prepared based on the assumptions set forth in the pro forma financial statements. For purposes of calculating this information, we have assumed two different levels of approval of the transaction by the Aldabra stockholders, as follows:

Assuming No Exercise of Conversion Rights: This presentation assumes that none of the Aldabra stockholders exercise their conversion rights; and

Assuming Maximum Exercise of Conversion Rights: This presentation assumes that 39.99% of the Aldabra stockholders exercise their conversion rights.

The unaudited pro forma financial statements contain important information regarding the assumptions used in calculating this information. See "Unaudited Pro Forma Condensed Consolidated Financial Statements."

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Agreements with Stockholders

Subscription Agreements. Pursuant to written subscription agreements with the Company and Lazard Capital Markets, LLC, Messrs. Leight and Weiss agreed to purchase the 3,000,000 Aldabra Insider Warrants (for a total purchase price of \$3,000,000) from Aldabra. These purchases took place on a private placement basis simultaneously with the consummation of the offering. The purchase price for the Aldabra Insider Warrants was delivered to Graubard Miller, Aldabra's counsel in connection with the offering, who also acted solely as escrow agent in connection with the private sale of the Aldabra Insider Warrants, to hold in an account until Aldabra consummated the offering. The purchase price of the warrants was deposited into the trust account simultaneously with the consummation of the IPO. The Aldabra Insider Warrants are identical to warrants underlying the units being offered in the IPO except that the Aldabra Insider Warrants (i) are exercisable on a cashless basis, (ii) may be exercised whether or not a registration statement relating to the common stock issuable upon exercise of the warrants is effective and current and (iii) are not redeemable by Aldabra so long as they are still held by the purchasers or their affiliates. Messrs. Leight and Weiss have agreed that the Aldabra Insider Warrants will not be sold or transferred by them (except to employees of Terrapin Partners, LLC or to Aldabra's directors at the same cost per warrant originally paid by them) until the later of June 19, 2008 and 60 days after the consummation of Aldabra's business combination. Pursuant to the agreement signed on June 22, 2007, the holders of the majority of these Aldabra Insider Warrants (or underlying shares) will be entitled to demand that Aldabra register these securities pursuant to an agreement. The holders of the majority of these securities may elect to exercise these registration rights with respect to such securities at any time after Aldabra consummates a business combination. In addition, these holders have certain "piggy-back" registration rights with respect to registration statements filed subsequent to such date. Aldabra will bear the expenses incurred in connection with the filing of any such registration statements. If the Acquisition is consummated, these registration rights will be replaced by registration rights pursuant to an investor rights agreement to be entered into in connection with the consummation of the Acquisition by Aldabra, the Seller and Aldabra Insider Stockholders.

Investor Rights Agreement. In connection with the Acquisition and as a condition for its completion, Aldabra, the Aldabra IRA stockholders and the Seller will enter into an investor rights agreement. From and after the closing date of the Acquisition, holders of at least a majority of the Seller Registrable Securities, or Aldabra Registrable Securities, as the case may be, will have the right to demand registration under the Securities Act of all or any portion of their registrable securities, subject to amount and time limitations. Holders of a majority of the Seller Registrable Securities may demand five long-form registrations and an unlimited number of short-form registrations, while holders of Aldabra Registrable Securities may demand two long-form registrations and an unlimited number of short-form registrations; provided that, in the case of any long-form registration, the aggregate offering value of the registrable securities requested to be registered in such long-form registration must equal at least \$25,000,000, and, in the case of any short-form registration, the aggregate offering value of the registrable securities requested to be registered in such short-form registration must equal at least \$5,000,000. Additionally, whenever Aldabra proposes to register any of its securities under the Securities Act and the registration form to be used may be used for the registration of registrable securities, holders of Aldabra Registrable Securities, Seller Registrable Securities or Other Registrable Securities will have the right to request the inclusion of their registrable securities in such registration pursuant to piggyback registration rights granted under the investor rights agreement.

Pursuant to the investor rights agreement, the holders of a majority of the Seller Registrable Securities will have the right to nominate to be elected to Aldabra's board a number of directors proportional to the voting power represented by the shares of Aldabra common stock that the holders of Seller Registrable Securities own until such time as the holders of Seller Registrable Securities own

less than 5% of the voting power of all of the outstanding common stock of Aldabra. Similarly, pursuant to the investor rights agreement, the holders of a majority of the Aldabra Registrable Securities will have the right to nominate to be elected to Aldabra's board a number of directors proportional to the voting power represented by the shares of Aldabra capital stock that the holders of Aldabra Registrable Securities own until such time as the holders of Aldabra Registrable Securities own less than 5% of the voting power of all of the outstanding capital stock of Aldabra.

Holders of registrable securities representing at least 5% of Aldabra's common stock will have information and inspection rights with respect to Aldabra and its subsidiaries (including the right to receive copies of quarterly and annual consolidated financial statements of Aldabra and copies of annual budgets and the right to visit and inspect any of the properties and to examine the corporate and financial records of Aldabra and its subsidiaries). Additionally, the investor rights agreement sets forth affirmative and negative covenants to which Aldabra will be subject to as long as the holders of Seller Registrable Securities own at least 33% of the shares of Aldabra common stock issued to the holders of Seller Registrable Securities as of the closing date of the Acquisition. In addition, the investor rights agreement sets forth additional affirmative covenants to which Aldabra and its subsidiaries will be subject during any period(s) in which the Seller and/or any person or entity affiliated with the Seller is required to consolidate the results of operations and financial position of Aldabra and/or any of its subsidiaries or to account for its investment in Aldabra under the equity method of accounting (determined in accordance with GAAP and consistent with the SEC reporting requirements).

For a more detailed description of the Investor Rights Agreement, see "Purchase Agreement Agreements Related to the Purchase Agreement Investor Rights Agreement."

Agreements with Officers and Directors

As of June 19, 2007, Messrs. Leight and Weiss had advanced to Aldabra an aggregate of \$125,000 to cover expenses related to the IPO. The loans were repaid without interest in June of 2007 from the proceeds of the IPO that were not placed in the trust.

Aldabra will reimburse its officers and directors for any reasonable out-of-pocket business expenses incurred by them in connection with certain activities on Aldabra's behalf, such as identifying and investigating possible target businesses and business combinations. There is no limit on the amount of out-of-pocket expenses reimbursable by Aldabra, which will be reviewed only by Aldabra's board or a court of competent jurisdiction if such reimbursement is challenged.

Agreements with the Seller

Contribution Agreement. In connection with the Acquisition and as a condition for its completion, prior to the closing of the Acquisition, the Seller and the Target will enter into a contribution agreement pursuant to which the Seller will contribute, and cause certain of its subsidiaries to contribute, to the Target certain assets of the Seller and its subsidiaries to the extent predominantly used in the operation of BPP, and the Seller shall assign, and cause certain of its subsidiaries to assign, to the Target, and the Target shall assume from the Seller and certain of its subsidiaries, certain liabilities related to the operation of BPP, the contributed assets and/or the Paper Group.

Timber Procurement and Management Agreement. In connection with the Acquisition and as a condition for its completion, prior to the closing of the Acquisition, LTPC shall be formed as a limited liability company in the State of Delaware. LTPC will be managed as a joint venture between Aldabra and the Seller. In connection with the Acquisition and as a condition for its completion, each of BP&N and Boise BBSM, a post-closing subsidiary of the Seller, will (i) become members of the LTPC, with each owning 50% of the outstanding units, and (ii) enter into a timber procurement and management agreement with LTPC pursuant to which LTPC will manage the procurement for each of BP&N and

BBSM of their respective requirements for saw logs and pulpwood for BP&N's pulp and paper mill in DeRidder, Louisiana, and for BBSM's plywood mills in Oakdale, Louisiana and Florien, Louisiana.

Intellectual Property License Agreement. In connection with the Acquisition and as a condition for its completion, Aldabra (on behalf of itself and its affiliates) and the Seller (on behalf of itself and its affiliates) will enter into an intellectual property license agreement pursuant to which the Seller will provide Aldabra a royalty-free, fully-paid, worldwide, non-transferable (except under certain circumstances (e.g., to any affiliate or a successor-in-interest to BPP)) and exclusive right and license (subject to specified retained rights of the Seller) to use specified trademarks of the Seller in connection with the operation of BPP (on the terms and conditions set forth therein).

Outsourcing Agreement. In connection with the Acquisition and as a condition for its completion, Aldabra and the Seller will enter into an outsourcing services agreement. Pursuant to this agreement, the parties will provide administrative services, such as information technology, accounting, financial management, and human resources services, to each other for a price equal to the provider's fully allocable cost. The initial term of the agreement is for three years. It will automatically renew for one-year terms unless either party provides notice of termination to the other party at least 12 months in advance of the applicable term. For a more detailed description of the outsourcing agreement, see "Purchase Agreement Agreements Related to the Purchase Agreement Outsourcing Agreement."

MARKET PRICES OF ALDABRA'S COMMON STOCK

Market Price Information and Dividend Data for Aldabra Securities

Aldabra's common stock, units and warrants are traded on the AMEX under the symbols "AII," "AII.U" and "AII.WS," respectively. Aldabra's units commenced public trading on June 19, 2007, while its common stock and warrants began public trading on June 28, 2007. Prior to these dates, there was no established public trading market for Aldabra's securities. Each Aldabra unit consists of one share of Aldabra common stock and one warrant. Each warrant, in turn, entitles the holder to purchase one share of common stock at any time commencing on the later of (i): the completion of a business combination; and (ii) June 19, 2008. As of June 28, 2007, holders of Aldabra units were able to separately trade the common stock and warrants included in such units. The following table sets forth the range of high and low closing sale prices for the common stock, the units and the warrants, for the periods indicated, as reported on the AMEX:

	Common Stock		Units		Warrants	
	High	Low	High	Low	High	Low
2007:						
June 28 - June 30	\$ 9.15	\$ 9.15	\$ 10.55	\$ 10.44	\$ 1.35	\$ 1.32
July 1 - September 30, 2007 (Third Quarter)	\$ 9.30	\$ 8.98	\$ 10.95	\$ 10.00	\$ 1.50	\$ 1.04
October 1 - October 19, 2007	\$ 9.50	\$ 9.21	\$ 11.25	\$ 10.64	\$ 1.85	\$ 1.45

The closing price for each share of common stock, unit and warrant of Aldabra on September 6, 2007, the last trading day before Aldabra announced the execution of the purchase agreement, was \$9.03, \$10.30 and \$1.13. As of October 19, 2007, the closing price for each share of common stock, unit and warrant was \$9.43, \$11.25 and \$1.85, respectively. Holders of Aldabra common stock, units and warrants should obtain current market quotations for their securities, as the market price of the securities could vary at any time before the Acquisition.

In conjunction with the Acquisition, Aldabra will apply to change its listing to either the NYSE or the NASDAQ Global Market. If both the NYSE and the NASDAQ Global Market deny its request for listing, it is expected that Aldabra common stock, warrants and units will continue to be quoted on the AMEX.

Holders

As of October 15, 2007, there were six holders of record of Aldabra common stock and one holder of record of Aldabra units. As of the same date, there were 171 beneficial holders of Aldabra common stock and 74 beneficial holders of Aldabra units.

Dividends

Since its IPO and the listing of its shares on the AMEX, Aldabra has not paid any cash dividends on its common stock to date and does not intend to pay dividends prior to the completion of the Acquisition. The payment of dividends in the future will be contingent upon BPP's revenues and earnings, if any, capital requirements and general financial condition subsequent to the completion of the Acquisition, as well as any restrictions imposed by the lenders under the new credit facilities. The payment of any dividends subsequent to the Acquisition will be within the discretion of the Company's then board of directors.

ALDABRA 2 ACQUISITION CORP.

NOTES TO CONDENSED UNAUDITED FINANCIAL STATEMENTS

1. Organization and Business Operations

Aldabra 2 Acquisition Corp. (the "Company") was incorporated in Delaware on February 1, 2007 for the purpose of effecting a merger, capital stock exchange, asset acquisition or other similar business combination with an operating business.

The condensed financial statements at June 30, 2007 and for the periods ended June 30, 2007 are unaudited. In the opinion of management, all adjustments (consisting of normal adjustments) have been made that are necessary to present fairly the financial position of the Company as of June 30, 2007, the results of its operations for the three month period ended June 30, 2007 and for the period from February 1, 2007 (inception) through June 30, 2007, and its cash flows for the period from February 1, 2007 (inception) through June 30, 2007. Operating results for the interim period presented are not necessarily indicative of the results to be expected for a full year. All activity through June 22, 2007 relates to the Company's formation and the public offering described below.

The registration statement for the Company's initial public offering ("Offering") was declared effective June 19, 2007. The Company consummated the Offering June 22, 2007 and received net proceeds of approximately \$384,380,000. The Company's management has broad discretion with respect to the specific application of the net proceeds of this Offering, although substantially all of the net proceeds of this Offering are intended to be generally applied toward consummating a business combination with an operating business ("Business Combination"). Furthermore, there is no assurance that the Company will be able to successfully effect a Business Combination. Upon the closing of the Offering an aggregate of \$399,500,000 including the \$3,000,000 proceeds of the Private Placement described in Note 2 and the \$12,420,000 of deferred underwriters discounts described in Note 2, was placed in a trust account ("Trust Account") which is to be invested in United States "government securities" within the meaning of Section 2(a)(16) of the Investment Company Act of 1940 having a maturity of 180 days or less or in money market funds meeting certain conditions under Rule 2a-7 promulgated under the Investment Company Act of 1940 until the earlier of (i) the consummation of its first Business Combination and (ii) liquidation of the Company. The placing of funds in the Trust Account may not protect those funds from third party claims against the Company. Although the Company will seek to have all vendors and service providers (which would include any third parties we engaged to assist us in any way in connection with our search for a target business) and prospective target businesses execute agreements with the Company waiving any right, title, interest or claim of any kind in or to any monies held in the Trust Account, there is no guarantee that they will execute such agreements. Nor is there any guarantee that, even if such entities execute such agreements with us, they will not seek recourse against the trust account or that a court would not conclude that such agreements are not legally enforceable. The Company's Chairman of the Board and the Company's Chief Executive Officer have agreed that they will be liable under certain circumstances to ensure that the proceeds in the Trust Account are not reduced by the claims of target businesses or claims of vendors or other entities that are owed money by the Company for services rendered or contracted for or products sold to the Company. However, there can be no assurance that they will be able to satisfy those obligations. Furthermore, they will not have any personal liability as to any claimed amounts owed to a third party who executed a waiver (including a prospective target business). Additionally, in the case of a prospective target business that did not execute a waiver, such liability will only be in an amount necessary to ensure that public stockholders receive no less than \$10.00 per share upon liquidation. The remaining net proceeds (not held in the Trust Account) may be used to pay for business, legal and accounting due diligence on prospective acquisitions and continuing general and administrative expenses. Additionally, up to an aggregate of \$3,100,000 of interest earned on the Trust

ALDABRA 2 ACQUISITION CORP.

NOTES TO CONDENSED UNAUDITED FINANCIAL STATEMENTS (Continued)

1. Organization and Business Operations (Continued)

Account balance may be released to the Company to fund working capital requirements and additional amounts may be released to us as necessary to satisfy tax obligations.

The Company, after signing a definitive agreement for the acquisition of a target business, is required to submit such transaction for stockholder approval. In the event that stockholders owning 40% or more of the shares sold in the Offering vote against the Business Combination and exercise their conversion rights described below, the Business Combination will not be consummated. All of the Company's stockholders prior to the Offering, including all of the officers and directors of the Company ("Initial Stockholders"), have agreed to vote their founding shares of common stock in accordance with the vote of the majority in interest of all other stockholders of the Company ("Public Stockholders") with respect to any Business Combination. After consummation of a Business Combination, these voting safeguards will no longer be applicable.

With respect to a Business Combination which is approved and consummated, any Public Stockholder who voted against the Business Combination may demand that the Company convert his or her shares. The per share conversion price will equal the amount in the Trust Account, calculated as of two business

days prior to the consummation of the proposed Business Combination, divided by the number of shares of common stock held by Public Stockholders at the consummation of the Offering. Accordingly, Public Stockholders holding up to 39.99% of the aggregate number of shares owned by all Public Stockholders may seek conversion of their shares in the event of a Business Combination. Accordingly, a portion of the net proceeds from the Offering (39.99% of the amounts originally placed in the Trust Account) has been classified as common stock subject to possible conversion in the accompanying balance sheet. Such Public Stockholders are entitled to receive their per share interest in the Trust Account computed without regard to the shares held by Initial Stockholders.

The Company's Amended and Restated Certificate of Incorporation provides that the Company will continue in existence only until 24 months from the Effective Date of the Offering. If the Company has not completed a Business Combination by such date, its corporate existence will cease and it will dissolve and liquidate for the purposes of winding up its affairs. In the event of liquidation, it is likely that the per share value of the residual assets remaining available for distribution (including Trust Fund assets) will be less than the initial public offering price per share in the Offering (assuming no value is attributed to the Warrants contained in the Units sold in the Offering).

Concentration of Credit Risk The Company maintains cash in a bank deposit account which, at times, exceeds federally insured (FDIC) limits. The Company has not experienced any losses on this account.

Deferred Income Taxes Deferred income tax assets and liabilities are computed for differences between the financial statements and tax basis of assets and liabilities that will result in future taxable or deductible amounts and are based on enacted tax laws and rates applicable to the periods in which the differences are expected to effect taxable income. Valuation allowances are established when necessary to reduce deferred income tax assets to the amount expected to be realized.

Net Income Per Share Net income per share is computed by dividing net income by the weighted-average number of shares of common stock outstanding during the period. The effect of the 41,400,000 outstanding warrants issued in connection with the initial public offering and the 3,000,000

ALDABRA 2 ACQUISITION CORP.

NOTES TO CONDENSED UNAUDITED FINANCIAL STATEMENTS (Continued)

1. Organization and Business Operations (Continued)

outstanding warrants issued in connection with the private placement has not been considered in diluted income per share calculations since such warrants are contingently exercisable.

Use of Estimates The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of expenses during the reporting period. Actual results could differ from those estimates.

New Accounting Pronouncements Management does not believe that any recently issued, but not yet effective, accounting standards if currently adopted would have a material effect on the accompanying financial statements.

2. Public Offering and Private Placement

In June 2007, the Company completed its Offering in which it sold to the public 41,400,000 units ("Units"), including 5,400,000 Units subject to the underwriters' over-allotment option at an offering price of \$10.00 per Unit. Each Unit consists of one share of the Company's common stock and one Redeemable Common Stock Purchase Warrant ("Warrants"). Each Warrant will entitle the holder to purchase from the Company one share of common stock at an exercise price of \$7.50 commencing the later of the completion of a Business Combination and one year from the effective date of the Offering and expiring four years from the effective date of the Offering. The Company may redeem the Warrants, at a price of \$.01 per Warrant upon 30 days' notice while the Warrants are exercisable, only in the event that the last sale price of the common stock is at least \$14.25 per share for any 20 trading days within a 30 trading day period ending on the third day prior to the date on which notice of redemption is given. In accordance with the warrant agreement relating to the Warrants to be sold and issued in the Offering, the Company is only required to use its best efforts to maintain the effectiveness of the registration statement covering the Warrants. The Company will not be obligated to deliver securities, and there are no contractual penalties for failure to deliver securities, if a registration statement is not effective at the time of exercise.

Additionally, in the event that a registration is not effective at the time of exercise, the holder of such Warrant shall not be entitled to exercise such Warrant and in no event (whether in the case of a registration statement not being effective or otherwise) will the Company be required to net cash settle the warrant exercise. Consequently, the Warrants may expire unexercised and unredeemed.

The Company agreed to pay the underwriters in the Offering an underwriting discount of 7% of the gross proceeds of the Offering. However, the underwriters agreed that 3% of the gross proceeds of the Offering (\$12,420,000) will not be payable unless and until the Company completes a Business Combination and have waived their right to receive such payment upon the Company's liquidation if it is unable to complete a Business Combination.

The Company's Chairman and the Company's Chief Executive Officer purchased a total of 3,000,000 Warrants ("Insider Warrants") at \$1.00 per Warrant (for an aggregate purchase price of \$3,000,000) privately from the Company. These purchases took place simultaneously with the consummation of the Offering. All of the proceeds received from these purchases have been placed in the Trust Account. The Insider Warrants purchased by such purchaser were identical to the Warrants underlying the Units issued in the Offering except that the Warrants may not be called for redemption.

2. Public Offering and Private Placement (Continued)

and the Insider Warrants may be exercisable on a "cashless basis," at the holder's option, so long as such securities are held by such purchaser or his affiliates. Furthermore, the purchaser has agreed that Aldabra the Insider Warrants will not be sold or transferred by them, except for estate planning purposes, until after the Company has completed a Business Combination.

3. Accrued Registration Costs

Accrued registration costs consist primarily of legal and other fees incurred through the balance sheet date that are directly related to the Offering.

4. Notes Payable, Stockholders

The Company issued unsecured promissory notes in an aggregate principal amount of \$100,000 to two of the Initial Stockholders on February 27, 2007. Additional unsecured promissory notes in aggregate amounts of \$25,000 and \$12,000 were issued to the Initial Stockholders on June 12, 2007 and June 21, 2007, respectively. The notes were non-interest bearing and were payable on the earlier of February 27, 2008 or the consummation of the Offering. The notes payable to Initial Stockholders were paid in full on June 22, 2007.

5. Income Taxes

The provision for income taxes consists of the following:

Current:	
Federal	\$ 143,316
State	89,027
Deferred:	
Federal	(5,357)
State	(3,246)
	<u> </u>
Totals	\$ 223,740
	<u> </u>

Significant components of the Company's deferred tax asset are as follows:

Expenses deferred for income tax purposes	\$ 8,603
Less: valuation allowance	
	<u> </u>
Totals	\$ 8,603
	<u> </u>

Management has not recorded a valuation allowance against its deferred tax asset because it believes it is more likely than not that sufficient taxable income will be generated to utilize this asset. The effective tax rate of 45% differs from the statutory rate of 34% due to the effect of state and local income tax.

6. Commitments

The Company presently occupies office space provided by an affiliate of two of the Initial Stockholders. Such affiliate has agreed that, until the Company consummates a Business Combination,

ALDABRA 2 ACQUISITION CORP.

6. Commitments (Continued)

it will make such office space, as well as certain office and secretarial services, available to the Company, as may be required by the Company from time to time. The Company has agreed to pay such affiliate \$7,500 per month for such services commencing on the effective date of the Offering.

Pursuant to letter agreements which the Initial Stockholders entered into with the Company and the underwriters, the Initial Stockholders waived their right to receive distributions with respect to their founding shares upon the Company's liquidation.

The Initial Stockholders and the holders of the Insider Warrants (or underlying securities) will be entitled to registration rights with respect to their founding shares or Insider Warrants (or underlying securities) pursuant to an agreement that was signed prior to the effective date of the Offering. The holders of the majority of the founding shares are entitled to demand that the Company register these shares at any time commencing three months prior to the first anniversary of the consummation of a Business Combination. The holders of the Insider Warrants (or underlying securities) are entitled to demand that the Company register these securities at any time after the Company consummates a Business Combination. In addition, the Initial Stockholders and holders of the Insider Warrants (or underlying securities) have certain "piggy-back" registration rights on registration statements filed after the Company's consummation of a Business Combination.

The Company agreed to pay the fees to the underwriters in the Offering as described in Note 2 above.

Subsequent to the financial statement date, the Company entered into an agreement with a service provider. The agreement calls for an initial payment of \$250,000 and requires a future payment of \$250,000 upon the occurrence of certain events.

7. Common Stock

Effective June 12, 2007 and June 19, 2007, the Company's Board of Directors authorized a stock dividend of 0.5 shares of common stock and 0.2 shares of common stock, respectively, for each outstanding shares of common stock. On June 12, 2007, the Company's Certificate of Incorporation was amended to increase the authorized shares of common stock from 60,000,000 to 85,000,000 shares of common stock. On June 19, 2007, the Company's Certificate of Incorporation was further amended to increase the authorized number of shares of common shares to 100,000,000 shares of common stock. All references in the accompanying financial statements to the number of shares of stock have been retroactively restated to reflect these transactions.

8. Preferred Stock

The Company is authorized to issue 1,000,000 shares of preferred stock with such designations, voting and other rights and preferences as may be determined from time to time by the Board of Directors. The agreement with the underwriters prohibits the Company, prior to a Business Combination, from issuing preferred stock which participates in the proceeds of the Trust Account or which votes as a class with the Common Stock on a Business Combination.

(A CORPORATION IN THE DEVELOPMENT STAGE)

NOTES TO FINANCIAL STATEMENTS

1. Organization and Business Operations

Aldabra 2 Acquisition Corp. (the "Company") was incorporated in Delaware on February 1, 2007 for the purpose of effecting a merger, capital stock exchange, asset acquisition or other similar business combination with an operating business.

At February 28, 2007, the Company had not yet commenced any operations. All activity through February 28, 2007 relates to the Company's formation and the proposed public offering described below. The Company has selected December 31 as its fiscal year-end.

The Company's ability to commence operations is contingent upon obtaining adequate financial resources through a proposed public offering of up to 36,000,000 units ("Units") which is discussed in Note 2 ("Proposed Offering"). The Company's management has broad discretion with respect to the specific application of the net proceeds of this Proposed Offering, although substantially all of the net proceeds of this Proposed Offering are intended to be generally applied toward consummating a business combination with an operating business ("Business Combination"). Furthermore, there is no assurance that the Company will be able to successfully effect a Business Combination. Upon the closing of the Proposed Offering, management has agreed that at least \$9.66 per Unit sold in the Proposed Offering will be held in a trust account ("Trust Account") and invested in United States "government securities" within the meaning of Section 2(a)(16) of the Investment Company Act of 1940 having a maturity of 180 days or less or in money market funds meeting certain conditions under Rule 2a-7 promulgated under the Investment Company Act of 1940 until the earlier of (i) the consummation of its first Business Combination and (ii) liquidation of the Company. The placing of funds in the Trust Account may not protect those funds from third party claims against the Company. Although the Company will seek to have all vendors and service providers (which would include any third parties we engaged to assist us in any way in connection with our search for a target business) and prospective target businesses execute agreements with the Company waiving any right, title, interest or claim of any kind in or to any monies held in the Trust Account, there is no guarantee that they will execute such agreements. Nor is there any guarantee that, even if such entities execute such agreements with us, they will not seek recourse against the trust account or that a court would not conclude that such agreements are not legally enforceable. The Company's Chairman of the Board and the Company's Chief Executive Officer have agreed that they will be liable under certain circumstances to ensure that the proceeds in the Trust Account are not reduced by the claims of target businesses or claims of vendors or other entities that are owed money by the Company for services rendered or contracted for or products sold to the Company. However, there can be no assurance that they will be able to satisfy those obligations. Furthermore, they will not have any personal liability as to any claimed amounts owed to a third party who executed a waiver (including a prospective target business). Additionally, in the case of a prospective target business that did not execute a waiver, such liability will only be in an amount necessary to ensure that public stockholders receive no less than \$10.00 per share upon liquidation. The remaining net proceeds (not held in the Trust Account) may be used to pay for business, legal and accounting due diligence on prospective acquisitions and continuing general and administrative expenses. Additionally, up to an aggregate of \$3,100,000 of interest earned on the Trust Account balance may be released to the Company to fund working capital requirements and additional amounts may be released to us as necessary to satisfy tax obligations.

The Company, after signing a definitive agreement for the acquisition of a target business, is required to submit such transaction for stockholder approval. In the event that stockholders owning 40% or more of the shares sold in the Proposed Offering vote against the Business Combination and

exercise their conversion rights described below, the Business Combination will not be consummated. All of the Company's stockholders prior to the Proposed Offering, including all of the officers and directors of the Company ("Initial Stockholders"), have agreed to vote their founding shares of common stock in accordance with the vote of the majority in interest of all other stockholders of the Company ("Public Stockholders") with respect to any Business Combination. After consummation of a Business Combination, these voting safeguards will no longer be applicable.

With respect to a Business Combination which is approved and consummated, any Public Stockholder who voted against the Business Combination may demand that the Company convert his or her shares. The per share conversion price will equal the amount in the Trust Account, calculated as of two business days prior to the consummation of the proposed Business Combination, divided by the number of shares of common stock held by Public Stockholders at the consummation of the Proposed Offering. Accordingly, Public Stockholders holding 39.99% of the aggregate number of shares owned by all Public Stockholders may seek conversion of their shares in the event of a Business Combination. Such Public Stockholders are entitled to receive their per share interest in the Trust Account computed without regard to the shares held by Initial Stockholders.

The Company's Certificate of Incorporation will be amended prior to the Proposed Offering to provide that the Company will continue in existence only until 24 months from the Effective Date of the Proposed Offering. If the Company has not completed a Business Combination by such date, its corporate existence will cease and it will dissolve and liquidate for the purposes of winding up its affairs. In the event of liquidation, it is likely that the per share value of the residual assets remaining available for distribution (including Trust Fund assets) will be less than the initial public offering price per share in the Proposed Offering (assuming no value is attributed to the Warrants contained in the Units to be offered in the Proposed Offering discussed in Note 2).

Concentration of Credit Risk The Company maintains cash in a bank deposit account which, at times, exceeds federally insured (FDIC) limits. The Company has not experienced any losses on this account.

Deferred Income Taxes Deferred income tax assets and liabilities are computed for differences between the financial statements and tax basis of assets and liabilities that will result in future taxable or deductible amounts and are based on enacted tax laws and rates applicable to the periods in which the differences are expected to effect taxable income. Valuation allowances are established when necessary to reduce deferred income tax assets to the amount expected to be realized.

Loss Per Share Loss per share is computed by dividing net loss by the weighted-average number of shares of common stock outstanding during the period. **Use of Estimates** The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of expenses during the reporting period. Actual results could differ from those estimates.

New Accounting Pronouncements Management does not believe that any recently issued, but not yet effective, accounting standards if currently adopted would have a material effect on the accompanying financial statements.

NOTES TO FINANCIAL STATEMENTS (Continued)

2. Proposed Public Offering

The Proposed Offering calls for the Company to offer for public sale up to 36,000,000 Units at a proposed offering price of \$10.00 per Unit (plus up to an additional 5,400,000 units solely to cover over-allotments, if any). Each Unit consists of one share of the Company's common stock and one Redeemable Common Stock Purchase Warrant ("Warrants"). Each Warrant will entitle the holder to purchase from the Company one share of common stock at an exercise price of \$7.50 commencing the later of the completion of a Business Combination and one year from the effective date of the Proposed Offering and expiring four years from the effective date of the Proposed Offering. The Company may redeem the Warrants, at a price of \$.01 per Warrant upon 30 days' notice while the Warrants are exercisable, only in the event that the last sale price of the common stock is at least \$14.25 per share for any 20 trading days within a 30 trading day period ending on the third day prior to the date on which notice of redemption is given. In accordance with the warrant agreement relating to the Warrants to be sold and issued in the Proposed Offering, the Company is only required to use its best efforts to maintain the effectiveness of the registration statement covering the Warrants. The Company will not be obligated to deliver securities, and there are no contractual penalties for failure to deliver securities, if a registration statement is not effective at the time of exercise. Additionally, in the event that a registration is not effective at the time of exercise, the holder of such Warrant shall not be entitled to exercise such Warrant and in no event (whether in the case of a registration statement not being effective or otherwise) will the Company be required to net cash settle the warrant exercise. Consequently, the Warrants may expire unexercised and unredeemed.

The Company will pay the underwriters in the Proposed Offering an underwriting discount of 7% of the gross proceeds of the Proposed Offering. However, the underwriters have agreed that 3% of the underwriting discounts will not be payable unless and until the Company completes a Business Combination and have waived their right to receive such payment upon the Company's liquidation if it is unable to complete a Business Combination.

3. Deferred Offering Costs

Deferred offering costs consist of legal and other fees incurred through the balance sheet date that are directly related to the Proposed Offering and that will be charged to stockholders' equity upon the receipt of the capital raised or charged to operations if the Proposed Offering is not completed.

4. Notes Payable, Stockholders

The Company issued unsecured promissory notes in an aggregate principal amount of \$100,000 to two of the Initial Stockholders on February 27, 2007. The notes are non-interest bearing and are payable on the earlier of February 27, 2008 or the consummation of the Proposed Offering. Due to the short-term nature of the notes, the fair value of the notes approximates their carrying amount.

5. Income Taxes

Significant components of the Company's future tax assets are as follows:

Expenses deferred for income tax purposes	\$ 340
Less: valuation allowance	(340)

Totals	\$ _____

Management has recorded a full valuation allowance against its deferred tax assets because it does not believe it is more likely than not that sufficient taxable income will be generated.

The effective tax rate differs from the statutory rate of 34% due to the increase in the valuation allowance.

6. Commitments

The Company presently occupies office space provided by an affiliate of two of the Initial Stockholders. Such affiliate has agreed that, until the Company consummates a Business Combination, it will make such office space, as well as certain office and secretarial services, available to the Company, as may be required by the Company from time to time. The Company has agreed to pay such affiliate \$7,500 per month for such services commencing on the effective date of the Proposed Offering.

Pursuant to letter agreements which the Initial Stockholders will enter into with the Company and the underwriters, the Initial Stockholders will waive their right to receive distributions with respect to their founding shares upon the Company's liquidation.

The Company's Chairman and the Company's Chief Executive Officer have committed to purchase a total of 3,000,000 Warrants ("Insider Warrants") at \$1.00 per Warrant (for an aggregate purchase price of \$3,000,000) privately from the Company. These purchases will take place simultaneously with the consummation of the Proposed Offering. All of the proceeds received from these purchases will be placed in the Trust Account. The Insider Warrants to be purchased by such purchaser will be identical to the Warrants underlying the Units being offered in the Proposed Offering except that the Insider Warrants may be exercised whether or not a registration statement relating to the Common Stock issuable upon exercise of the Warrants is effective and current, may not be called for redemption and may be exercisable on a "cashless basis," at the holder's option, so long as such securities are held by such purchaser or his affiliates. Furthermore, the purchaser has agreed that the Insider Warrants will not be sold or transferred by them, except for estate planning purposes, until after the Company has completed a Business Combination.

The Initial Stockholders and the holders of the Insider Warrants (or underlying securities) will be entitled to registration rights with respect to their founding shares or Insider Warrants (or underlying securities) pursuant to an agreement to be signed prior to or on the effective date of the Proposed Offering. The holders of the majority of the founding shares are entitled to demand that the Company register these shares at any time commencing three months prior to the first anniversary of the consummation of a Business Combination. The holders of the Insider Warrants (or underlying securities) are entitled to demand that the Company register these securities at any time after the Company consummates a Business Combination. In addition, the Initial Stockholders and holders of

6. Commitments (Continued)

the Insider Warrants (or underlying securities) have certain "piggy-back" registration rights on registration statements filed after the Company's consummation of a Business Combination.

The Company has also agreed to pay the fees to the underwriters in the Proposed Offering as described in Note 2 above.

7. Preferred Stock

The Company is authorized to issue 1,000,000 shares of preferred stock with such designations, voting and other rights and preferences as may be determined from time to time by the Board of Directors. The agreement with the underwriters will prohibit the Company, prior to a Business Combination, from issuing preferred stock which participates in the proceeds of the Trust Account or which votes as a class with the Common Stock on a Business Combination.

8. Subsequent Events

Effective June 12, 2007 and June 19, 2007, the Company's Board of Directors authorized a stock dividend of 0.5 shares of common stock and 0.2 shares of common stock, respectively, for each outstanding shares of common stock. On June 12, 2007, the Company's Certificate of Incorporation was amended to increase the authorized shares of common stock from 60,000,000 to 85,000,000 shares of common stock. On June 19, 2007, the Company's Certificate of Incorporation was further amended to increase the authorized number of shares of common shares to 100,000,000 shares of common stock. All references in the accompanying financial statements to the number of shares of stock have been retroactively restated to reflect these transactions.

In June 2007, the Company and underwriters amended certain terms of the Proposed Offering. All disclosures herein reflect the amended terms.

Notes to Unaudited Quarterly Consolidated Financial Statements

1. Basis of Presentation

As used in these consolidated financial statements, the terms "Boise Paper Products" and "we" or "the Company" refer to the paper and packaging and newsprint business units of Boise Cascade Holdings, L.L.C. (Boise Cascade). We are a diversified North American paper company headquartered in Boise, Idaho. We operate our business in the following three reportable segments: Paper, Packaging & Newsprint, and Corporate and Other. See Note 17, Segment Information, for additional information about our reportable segments.

The quarterly consolidated financial statements have not been audited by an independent registered public accounting firm but, in the opinion of management, include all adjustments, consisting only of normal, recurring adjustments, necessary to present fairly the results for the periods presented. Net income for the six months ended June 30, 2007 and 2006, involved estimates and accruals. Actual results may vary from those estimates. Quarterly results are not necessarily indicative of results that may be expected for the full year. These condensed notes to unaudited consolidated financial statements should be read in conjunction with Boise Paper Products 2006 audited consolidated financial statements.

The quarterly consolidated financial statements include accounts specifically attributed to Boise Paper Products and a portion of Boise Cascade's shared corporate general and administrative expenses. These shared services include, but are not limited to, finance, accounting, legal, information technology, and human resource functions. Some corporate costs relate solely to Boise Paper Products and are allocated totally to these operations. Shared corporate general and administrative expenses not specifically identifiable to Boise Paper Products have been allocated primarily based on average sales, assets, and labor costs.

The quarterly consolidated financial statements do not include an allocation of Boise Cascade's debt, interest, and deferred financing costs, because none of these items were specifically identified as corporate advances to, or borrowings by, Boise Paper Products. Boise Cascade used interest rate swaps to hedge variable interest rate risk. Because debt and interest costs are not allocated to Boise Paper Products, the effects of the interest rate swaps are not included in our consolidated financial statements.

Income taxes, where applicable, in these consolidated financial statements have been calculated as if Boise Paper Products were a separate taxable entity. For the six months ended June 30, 2007 and 2006, the majority of the businesses and assets of Boise Paper Products were held and operated by limited liability companies which are not subject to entity-level federal or state income taxation. In addition to the businesses and assets held and operated by limited-liability companies, we have taxable corporations that are subject to federal, state, and local income taxes for which we have recorded taxes. Information on the allocations and related-party transactions are included in Note 5, Transactions With Related Parties.

Certain amounts in prior periods' consolidated financial statements have been recast to conform with the current period's presentation. For more information, see the discussion of Financial Accounting Standards Board (FASB) Staff Position (FSP) No. AUG AIR-1, *Accounting for Planned Major Maintenance Activities*, adopted in January 2007, in Note 15, Recently Adopted Accounting Standards.

Notes to Unaudited Quarterly Consolidated Financial Statements (Continued)

2. Purchase of OfficeMax's Forest Products and Paper Assets

On October 29, 2004 (inception), Boise Cascade acquired the forest products and paper assets of OfficeMax (the Forest Products Acquisition). As part of the Forest Products Acquisition, Boise Cascade entered into an Additional Consideration Agreement with OfficeMax, pursuant to which it agreed to adjust the purchase price based on changes in paper prices over the six-year period following the Forest Products Acquisition. Under the Additional Consideration Agreement, Boise Cascade could pay to OfficeMax, or OfficeMax could pay to Boise Cascade, a maximum aggregate amount of \$125.0 million, in each case net of payments received. After each anniversary of the Forest Products Acquisition, Boise Cascade reviews paper prices with the provisions of the Additional Consideration Agreement to determine whether any amounts are owed or receivable under the agreement. For the first and second anniversary periods, which ended October 29, 2005 and 2006, neither Boise Cascade nor OfficeMax owed additional consideration for the purchase price. Based on the actual market price for the benchmark grade of cut-size office paper through June 2007, and if June prices hold for the remaining portion of the anniversary period, Boise Cascade would owe OfficeMax approximately \$33 million upon completion of the third anniversary period under the Additional Consideration Agreement. Any payments made or received pursuant to the Additional Consideration Agreement will be treated as adjustments to the purchase price and, therefore, will not be reported in the Consolidated Statement of Income.

Restructuring Activities

In connection with the Forest Products Acquisition, we evaluated the acquired facilities and organizational structure. In accordance with the provisions of Emerging Issues Task Force (EITF) 95-3, *Recognition of Liabilities in Connection With a Purchase Business Combination*, exit activities related to the Forest Products Acquisition increased goodwill. We had one year from the acquisition date to finalize our restructuring plans and adjust goodwill.

At June 30, 2007, we had approximately \$0.2 million of restructuring reserves related to severance costs recorded in "Accrued liabilities, Compensation and benefits" on our Consolidated Balance Sheet. The severance costs related to approximately 170 terminated employees. The remaining reserve relates to severance payments that will be paid by the end of 2007. The \$0.2 million remaining restructuring reserve was recorded in our Paper segment. Restructuring reserve liability account activity related to these charges is as follows:

3. Central Texas Corrugated Acquisition

On February 1, 2006, we purchased the assets of Central Texas Corrugated (CTC) in Waco, Texas, for an aggregate purchase price of \$43.8 million, including fees and expenses but before working capital adjustments. In 2006, we paid approximately \$42.5 million of cash for the acquisition, which is net of a \$2.0 million holdback that is payable in five years. At June 30, 2007, "Other long-term liabilities" on our Consolidated Balance Sheet included a \$1.5 million discounted holdback (including accrued accretion expense). CTC manufactures corrugated sheets that it sells primarily to regional container plants in Texas, Louisiana, Arkansas, and Mexico. CTC is located close to our mill in DeRidder, Louisiana, which produces linerboard used in CTC's manufacturing processes.

We accounted for the acquisition using the purchase method of accounting. As a result, the purchase price was allocated to the tangible and intangible assets acquired and liabilities assumed based on their respective fair values as of the date of the acquisition. For more information, see Note 4, Purchase of Central Texas Corrugated's Assets, of the Notes to Consolidated Financial Statements in Boise Paper Products 2006 audited consolidated financial statements.

4. Assets Held For Sale

In 2005, the board of directors authorized management to pursue closing and divesting of our converting business in Vancouver, Washington. Prior to closing the operations, the business received paper from our mills and converted the paper to security grades. After the closure, we continue to develop and market the security grades, but we outsource the converting operations. We recorded the facility's assets as held for sale on our Consolidated Balance Sheets. We did not record the results of its operations as discontinued because the business is part of a larger cash-flow-generating group and on its own is not a component of an entity as defined in SFAS No. 144. We tested the recoverability of the long-lived assets in accordance with SFAS No. 144, and recorded no impairment.

The assets and liabilities of our converting business in Vancouver, Washington, are presented in the Consolidated Balance Sheets as "Assets held for sale" and "Liabilities related to assets held for sale." The carrying amounts of the major classes of these assets and liabilities were as follows:

	June 30, 2007	December 31, 2006

5. Transactions With Related Parties

For the six months ended June 30, 2007 and 2006, we participated in Boise Cascade's centralized cash management system. Cash receipts attributable to our operations were collected by Boise Cascade, and cash disbursements were funded by Boise Cascade. The net effect of these transactions has been reflected as "Net equity transactions with related parties" in the Consolidated Statements of Cash Flows. The following table includes the components of these related-party transactions:

	Six Months Ended June 30	
	2007	2006
	(thousands)	
Cash collections	\$ (1,153,020)	\$ (1,099,504)
Payment of accounts payable	1,049,942	1,018,686
Capital expenditures and acquisitions	68,699	92,595
Income taxes	1,229	2,327
Corporate general and administrative expense allocation	6,794	8,524
Net equity transactions with related parties	\$ (26,356)	\$ 22,628

Related-Party Sales

In connection with the Forest Products Acquisition, Boise Cascade entered into a Paper Supply Agreement with OfficeMax. Under this agreement, OfficeMax purchases from Boise Cascade all of its North American requirements for cut-size office paper, to the extent Boise Cascade chooses to supply such paper to them, through December 2012 at prices approximating market prices. OfficeMax's purchase obligations under the agreement will phase out over a four-year period beginning one year after the delivery of notice of termination, but not prior to December 31, 2012.

During each of the periods presented, we sold paper and paper products to OfficeMax at sales prices that were designed to approximate market prices. Sales to OfficeMax were \$317.3 million and \$276.8 million for the six months ended June 30, 2007 and 2006, representing 27% and 25% of total sales. These sales are included in "Sales, Related parties" in the Consolidated Statements of Income.

During each of the periods presented, we sold wood and provided transportation services to Boise Cascade. Sales of wood to Boise Cascade's building materials distribution and wood products businesses for the six months ended June 30, 2007 and 2006, were \$35.1 million and \$37.6 million, respectively. We recorded \$2.5 million and \$2.8 million of sales for transportation services for the six months ended June 30, 2007 and 2006. These sales are all included in "Sales, Related parties" in the Consolidated Statements of Income.

Related-Party Costs and Expenses

During each of the periods presented, we purchased fiber from related parties at prices that approximated market prices. For the six months ended June 30, 2007 and 2006, fiber purchases from related parties were \$21.3 million and \$13.7 million. Most of these purchases relate to chip purchases from Boise Cascade's wood products business. All of the costs associated with these purchases are recorded as "Fiber costs from related parties" in the Consolidated Statements of Income.

5. Transactions With Related Parties (Continued)

During all periods presented, we used services and administrative staff of Boise Cascade. These services included, but were not limited to, finance, accounting, legal, information technology, and human resource functions. The costs not specifically identifiable to Boise Paper Products were allocated based primarily on average sales, assets, and labor costs. These costs are included in "General and administrative expenses" in the Consolidated Statements of Income. We believe the allocations are a reasonable reflection of our use of the services. However, had we operated on a stand-alone basis, we estimate that our corporate operating expenses would have been approximately \$9 million during the six months ended June 30, 2007 and 2006.

During all the periods presented, some of our employees participated in Boise Cascade's noncontributory defined benefit pension and contributory defined contribution savings plans. We have treated our participants in the pension plans as participants in multiemployer plans. Accordingly, we have not reflected any assets or liabilities related to the plans in our Consolidated Balance Sheets. We have, however, recorded costs associated with the employees who participated in these plans in our Consolidated Statements of Income. During the six months ended June 30, 2007 and 2006, the Statements of Income included \$10.9 million and \$11.7 million, respectively, of expenses attributable to our participation in Boise Cascade's defined benefit and defined contribution plans.

Our employees and former employees also participated in Boise Cascade's other postretirement benefit plans. All of the postretirement benefit plans are unfunded (see Note 16, Retirement and Benefit Plans). In addition, employees participated in equity compensation programs.

6. Other (Income) Expense, Net

"Other (income) expense, net" includes miscellaneous income and expense items. The components of "Other (income) expense, net" in the Consolidated Statements of Income are as follows:

	Six Months Ended June 30	
	2007	2006
	(thousands)	
Changes in retiree healthcare programs	\$ (4,367)	\$ (3,709)
Sales of assets, net	1,342	1,662
Project costs	167	2,135
Other, net(a)	1,974	150
	\$ (884)	\$ 238

(a)

The six months ended June 30, 2007, included \$2.0 million of expense related to the closure of our paper converting facility in Salem, Oregon, which we closed in third quarter 2007.

7. Income Taxes

For all the periods presented, the majority of the businesses and assets of Boise Paper Products were held and operated by limited liability companies, which are not subject to entity-level federal or state income taxation. The income taxes in respect to these operations are payable by Boise Cascade's equity holders in accordance with their respective ownership percentages.

Boise Paper Products

Notes to Unaudited Quarterly Consolidated Financial Statements (Continued)

7. Income Taxes (Continued)

During the six months ended June 30, 2007 and 2006, our effective tax rates for our separate subsidiaries that are taxed as corporations were 41.0% and 40.1%, respectively. The primary reason for the difference in tax rates is the effect of state income taxes and the mix of domestic and foreign sources of income.

In January 2007, we adopted the provisions of FASB Interpretation (FIN) No. 48, *Accounting for Uncertainty in Income Taxes* an *Interpretation of FASB Statement No. 109*, and it did not have a significant impact on our financial position or results of operations. Our policy is to recognize interest and penalties on unrecognized tax benefits in "Income tax provision" in the Consolidated Statements of Income.

8. Leases

We lease a portion of our distribution centers as well as other property and equipment under operating leases. For purposes of determining straight-line rent expense, the lease term is calculated from the date we first take possession of the facility, including any periods of free rent and any option periods we are reasonably assured of exercising. Straight-line rent expense is also adjusted to reflect any allowances or reimbursements provided by the lessor. Rental expense for operating leases was \$5.9 million and \$6.9 million for the six months ended June 30, 2007 and 2006, respectively. Sublease rental income was not material in any of the periods presented.

For noncancelable operating leases with remaining terms of more than one year, the minimum lease payment requirements are \$3.9 million for the remainder of 2007, \$7.5 million in 2008, \$6.4 million in 2009, \$5.5 million in 2010, \$3.6 million in 2011, and \$2.4 million in 2012, with total payments thereafter of \$3.7 million. These future minimum lease payment requirements have not been reduced by sublease rentals due in the future under noncancelable subleases. Minimum sublease income received in the future is not expected to be material.

Substantially all lease agreements have fixed payment terms based on the passage of time. Some lease agreements provide us with the option to purchase the leased property. Additionally, some agreements contain renewal options averaging sixteen years, with fixed payment terms similar to those in the original lease agreements.

9. Receivables

We have a large, diversified customer base. A large portion of our uncoated free sheet and office paper sales volume is sold to OfficeMax. We market our newsprint through Abitibi-Consolidated (Abitibi) pursuant to an arrangement whereby Abitibi purchases all of the newsprint we produce at a price equal to the price at which Abitibi sells newsprint produced at its mills located in the southern United States, less associated expenses and a sales and marketing discount. Sales to OfficeMax and Abitibi-Consolidated represent concentrations in the volumes of business transacted and concentrations of credit risk. At June 30, 2007, we had \$46.7 million and \$27.7 million of accounts receivable due from OfficeMax and Abitibi, respectively, and at December 31, 2006, we had \$37.2 million and \$30.1 million.

In all periods presented, a large portion of our receivables were used to secure borrowings under Boise Cascade's accounts receivable securitization program. Under the program, Boise Cascade sells its interest in a defined pool of accounts receivables generated by its domestic operations on a revolving basis to Birch Creek Investments, L.L.C. (Birch Creek) a consolidated, wholly owned, special-purpose

subsidiary of Boise Cascade. Because Boise Cascade has the right to repurchase the sold receivables, it accounts for the sale of the receivables under the program as a secured borrowing and the costs of the program are recorded in interest expense. Our Consolidated Balance Sheets include all of Boise Paper Products receivables, including those used to secure borrowings under the receivable securitization program. Our consolidated financial statements do not include an allocation of the secured borrowings or costs under the program because none of the debt was specifically identified as corporate advances to or borrowings by Boise Paper Products.

10. Inventories

Inventories include the following:

	June 30, 2007	December 31, 2006

	\$ 1,147,470	\$ 1,126,311

12. Goodwill and Intangible Assets

Goodwill represents the excess of purchase price and related costs over the value assigned to the net tangible and intangible assets of businesses acquired. We account for goodwill in accordance with the provisions of SFAS No. 142, *Goodwill and Other Intangible Assets*, which requires us to assess our acquired goodwill and intangible assets with indefinite lives for impairment at least annually in the absence of an indicator of possible impairment and immediately upon an indicator of possible impairment. We assess goodwill and intangible assets with indefinite lives in the fourth quarter of each year using a fair-value-based approach. We also evaluate the remaining useful lives of our finite-lived purchased intangible assets to determine whether any adjustments to the useful lives are necessary. We completed our annual assessment in accordance with SFAS No. 142 in fourth quarter 2006 and determined that there was no impairment.

Notes to Unaudited Quarterly Consolidated Financial Statements (Continued)

12. Goodwill and Intangible Assets (Continued)

We account for acquisitions using the purchase method of accounting. As a result, we allocate the purchase price to the tangible and intangible assets acquired and liabilities assumed based on their respective fair values as of the date of acquisition. In accordance with SFAS No. 141, *Business Combinations*, we have one year from the purchase date to finalize or receive information to determine changes in estimates of the fair value of assets acquired and liabilities assumed. During 2006, we recorded \$0.3 million of net purchase price adjustments that decreased the recorded amount of goodwill. The adjustments were for fair value adjustments related to our acquisition of CTC.

Changes in the carrying amount of our goodwill by segment are as follows:

	Paper	Packaging & Newsprint	Total
	(thousands)		
Balance at October 29, 2004 (inception)	\$	\$	\$
Goodwill acquired during the year	1,499	875	2,374

Balance at December 31, 2005	1,341	1,590	2,931
Goodwill acquired during 2006		7,046	7,046

Balance at December 31, 2006, and June 30, 2007	\$ 1,341	\$ 8,335	\$ 9,676

Intangible assets represent the values assigned to trade names and trademarks, customer relationships, noncompete agreements, and technology. The Central Texas Corrugated trade name is amortized over five years. All other trade names and trademark assets have an indefinite life and are not amortized. Customer relationships are amortized over five to ten years, noncompete agreements are amortized over approximately two years, and technology is amortized over three to five years. Intangible assets consisted of the following:

	Six Months Ended June 30, 2007		
	Gross Carrying Amount	Accumulated Amortization	Net Carrying Amount

Trade names and trademarks	\$ 15,800	\$ (536)	\$ 15,264

Technology	4,960	(2,322)	2,638
	\$ 33,260	\$ (5,925)	\$ 27,335

Intangible asset amortization expense was \$2.1 million for the six months ended June 30, 2007, and \$1.7 million for the same period in 2006. The estimated amortization expense is \$2.2 million for the remainder of 2007, \$3.8 million, \$2.7 million, \$1.1 million, \$0.5 million, and \$0.4 million in 2008, 2009, 2010, 2011, and 2012, respectively.

13. Asset Retirement Obligations

We account for asset retirement obligations in accordance with SFAS No. 143, *Accounting for Asset Retirement Obligations*, and FIN No. 47, *Accounting for Conditional Asset Retirement Obligations - an Interpretation of FASB Statement No. 143*. We accrue for asset retirement obligations in the period in which they are incurred if sufficient information is available to reasonably estimate the fair value of the obligation. When we record the liability, we capitalize the cost by increasing the carrying amount of the related long-lived asset. Over time, the liability is accreted to its settlement value, and the capitalized cost is depreciated over the useful life of the related asset. Upon settlement of the liability, we will recognize a gain or loss for any difference between the settlement amount and the liability recorded.

At June 30, 2007, and December 31, 2006, we had \$11.2 million and \$10.8 million of asset retirement obligations recorded in "Other, other long-term liabilities," on our Consolidated Balance Sheets. These liabilities related primarily to landfill closure and closed-site monitoring costs. The liabilities are based on the best estimate of current costs and are updated periodically to reflect current technology, laws and regulations, inflation, and other economic factors. We do not have any assets legally restricted for purposes of settling asset retirement obligations. The table below describes changes to our asset retirement obligations for the six months ended and June 30, 2007, and the year ended December 31, 2006:

	June 30, 2007	December 31, 2006
	(thousands)	
Asset retirement obligation at beginning of period	\$ 10,771	\$ 11,160
Liabilities incurred	38	1,114

Revisions in estimated cash flows		(2,392)
Asset retirement obligation at end of period	\$ 11,247	\$ 10,771

Boise Paper Products

Notes to Unaudited Quarterly Consolidated Financial Statements (Continued)

13. Asset Retirement Obligations (Continued)

We have additional asset retirement obligations with indeterminate settlement dates. The fair value of these asset retirement obligations cannot be estimated due to the lack of sufficient information to estimate the settlement dates of the obligations. These asset retirement obligations include, for example, (i) removal and disposal of potentially hazardous materials on equipment and/or an operating facility if the equipment and/or facilities were to undergo major maintenance, renovation, or demolition; (ii) wastewater treatment ponds that may be required to be drained and/or cleaned if the related operating facility is closed; and (iii) storage sites or owned facilities for which removal and/or disposal of chemicals and other related materials are required if the operating facility is closed. We will recognize a liability in the period in which sufficient information becomes available to reasonably estimate the fair value of these obligations.

14. Financial Instruments

As described in Note 1, Basis of Presentation, Boise Cascade occasionally used interest rate swaps to hedge variable interest rate risk. Because debt and interest costs are not allocated to Boise Paper Products, the effects of the interest rate swaps are not included in our consolidated financial statements.

Boise Cascade enters into natural gas swaps, options, or a combination of these instruments to hedge the variable cash flow risk of natural gas purchases at index prices. As of June 30, 2007, Boise Cascade had entered into derivative instruments related to approximately 10% of forecasted natural gas purchases for July 2007 and 25% of forecasted natural gas purchases from August 2007 through October 2007.

15. Recently Adopted Accounting Standards

In January 2007, we adopted FSP No. AUG AIR-1, *Accounting for Planned Major Maintenance Activities*, and began expensing the costs of periodic major overhauls and maintenance of plant and equipment as incurred. Prior to the adoption of this FSP, we charged planned shutdown maintenance costs in our Paper and Packaging & Newsprint segments to income (loss) ratably over the year. We recast our 2006 interim financial information using the direct expense method. As a result of adopting this FSP, during the six months ended June 30, 2006, we increased "Materials, labor, and other operating expenses" \$0.3 million and decreased "Net income" by the same amount. Of the \$0.3 million adjustment, we increased income \$1.6 million in our Paper segment and reduced income \$1.9 million in our Packaging & Newsprint segment. The FSP increases the volatility of earnings in the period a planned shutdown occurs, but it has no impact on our annual results of operations.

In December 2006, we adopted SFAS No. 158, *Employers' Accounting for Defined Benefit Pension and Other Postretirement Plans - An Amendment of FASB Statements No. 87, 88, 106, and 132(R)*, which required companies to recognize the funded status of their pension and other postretirement benefit plans on their balance sheets. It also required companies to recognize the actuarial and experience gains and losses and the prior service costs and credits as a component of other comprehensive income, net of tax. Most of our employees participate in Boise Cascade's defined benefit pension plans. We have treated our participants in these plans as participants in multiemployer plans. Accordingly, we have not reflected any assets or liabilities related to the defined benefit pension plans in our Consolidated Balance Sheets. The adoption of SFAS No. 158 did not have a material impact on our financial position or results of operations.

Notes to Unaudited Quarterly Consolidated Financial Statements (Continued)

15. Recently Adopted Accounting Standards (Continued)

In December 2006, we adopted Staff Accounting Bulletin (SAB) Topic 1N, *Financial Statements Considering the Effects of Prior Year Misstatements When Quantifying Misstatements in Current Year Financial Statements* (SAB 108). SAB 108 addresses how the effects of prior-year uncorrected misstatements should be considered when quantifying misstatements in current-year financial statements. SAB 108 requires registrants to quantify misstatements using both the balance sheet and income statement approaches and to evaluate whether either approach results in quantifying an error that is material in light of relevant quantitative and qualitative factors. SAB 108 did not have a material impact on our financial position or results of operations.

16. Retirement and Benefit Plans

Retirement and Benefit Plans

During all periods presented some of our employees participated in Boise Cascade's retirement plans. These plans consist of noncontributory defined benefit pension plans, contributory defined contribution savings plans, deferred compensation plans, and postretirement healthcare benefit plans. Compensation expense was calculated based on costs directly attributable to employees of Boise Paper Products plus an allocation of expense related to corporate employees that service all business units.

Some of our employees participated in Boise Cascade's noncontributory defined benefit pension plans. The salaried defined benefit pension plan is available only to employees who were formerly employed by OfficeMax before November 2003. The pension benefit for salaried employees is based primarily on the employees' years of service and highest five-year average compensation. The benefit for hourly employees is generally based on a fixed amount per year of service. We have treated our participants in these plans as participants in multiemployer plans. Accordingly, we have not reflected any assets or liabilities related to the noncontributory defined benefit pension plans in our Consolidated Balance Sheets. We have, however, recorded costs associated with the employees who participated in these plans in our Consolidated Statements of Income.

The following table presents the components of net periodic pension and postretirement benefit costs:

	Pension Benefits		Other Benefits

There are no differences in our basis of segmentation or in our basis of measurement of segment profit or loss from those disclosed in Note 16, Segment Information, of the Notes to Consolidated Financial Statements in Boise Paper Products 2006 audited financial statements.

The six months ended June 30, 2007, includes a \$4.4 million gain for changes in our retiree healthcare programs. The six months ended June 30, 2006, includes a \$3.7 million gain for changes in our retiree healthcare programs.

(b)

EBITDA represents income before interest, income tax provision, and depreciation, amortization, and depletion. EBITDA is the primary measure used by our chief operating decision makers to evaluate segment operating performance and to decide how to allocate resources to segments. We believe EBITDA is useful to investors because it provides a means to evaluate the operating performance of our segments and our company on an ongoing basis using criteria that are used by our internal decision makers and because it is frequently used by investors and other interested parties in the evaluation of companies with substantial financial leverage. We believe EBITDA is a meaningful measure because it presents a transparent view of our recurring operating performance

17. Segment Information (Continued)

and allows management to readily view operating trends, perform analytical comparisons, and identify strategies to improve operating performance. For example, we believe that the inclusion of items such as taxes, interest expense, and interest income distorts management's ability to assess and view the core operating trends in our segments. EBITDA, however, is not a measure of our liquidity or financial performance under generally accepted accounting principles (GAAP) and should not be considered as an alternative to net income (loss), income (loss) from operations, or any other performance measure derived in accordance with GAAP or as an alternative to cash flow from operating activities as a measure of our liquidity. The use of EBITDA instead of net income (loss) or segment income (loss) has limitations as an analytical tool, including the inability to determine profitability; the exclusion of interest expense, interest income, change in fair value of interest rate swaps, and associated significant cash requirements; and the exclusion of depreciation, amortization, and depletion, which represent significant and unavoidable operating costs, given the level of our indebtedness and the capital expenditures needed to maintain our businesses. Management compensates for these limitations by relying on our GAAP results. Our measures of EBITDA are not necessarily comparable to other similarly titled captions of other companies due to potential inconsistencies in the methods of calculation.

The following is a reconciliation of net income to EBITDA:

	Six Months Ended June 30	
	2007	2006
	(millions)	
Net income	\$ 38.5	\$ 23.2
Interest income	(0.3)	(0.3)
Income tax provision	1.7	1.0
Depreciation, amortization, and depletion	61.6	56.3
EBITDA	\$ 101.5	\$ 80.2

18. Commitments and Guarantees

Commitments

We have commitments for fiber, leases, and utilities. In addition, we have purchase obligations for goods and services, capital expenditures, and raw materials entered into in the normal course of business. At June 30, 2007, there have been no material changes to our commitments disclosed in our 2006 audited consolidated financial statements, except as disclosed in Note 2, Purchase of OfficeMax's Forest Products and Paper Assets, related to amounts Boise Cascade could pay OfficeMax under the Additional Consideration Agreement.

Guarantees

We provide guarantees, indemnifications, and assurances to others, which constitute guarantees as defined under FIN No. 45, *Guarantor's Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees of Indebtedness of Others*.

18. Commitments and Guarantees (Continued)

Although the accompanying consolidated financial statements do not include an allocation of Boise Cascade Holdings, L.L.C., debt, Boise Paper Products and its respective direct and indirect domestic subsidiaries, excluding foreign subsidiaries and Birch Creek, are parties to a third amended and restated Credit Agreement dated as of May 3, 2007, with JPMorgan Chase Bank, as Administrative Agent, and certain lenders named therein and to a related Guarantee and Collateral Agreement of the same date (collectively the Bank Credit Agreements). Boise Cascade, L.L.C. (Boise LLC), a wholly owned direct subsidiary of Boise Cascade Holdings, L.L.C., acts as borrower under the Bank Credit Agreements for the \$523.7 million Tranche E term loan (amount outstanding at June 30, 2007) and a \$450.0 million revolving credit facility that had no outstanding balance at June 30, 2007, and contingent reimbursement obligations in respect of \$35.5 million of standby letters of credit issued under the revolving facility. Boise LLC's loans and reimbursement obligations are guaranteed by Boise Paper Products along with Boise Cascade Holdings, L.L.C., and each of their respective domestic subsidiaries (other than Boise LLC and Birch Creek). Boise Cascade Holdings, L.L.C., also obtained \$200 million of commitments for a delayed-draw term that, absent unforeseen market or business conditions, they plan to use to redeem the majority of its existing senior unsecured floating-rate notes when they become callable at par in October 2007.

Boise LLC and its wholly owned subsidiary, Boise Cascade Finance Corporation, have jointly issued \$250.0 million of senior unsecured floating-rate notes due in 2012 and \$400.0 million of 7.125% senior subordinated notes due in 2014. The senior notes are guaranteed on a senior basis and the subordinated notes on a subordinated basis by Boise Paper Products along with Boise Cascade Holdings, L.L.C., and each of their respective domestic subsidiaries, excluding foreign subsidiaries of Boise Cascade Holdings, L.L.C., and Birch Creek, other than Boise LLC and Boise Cascade Finance Corporation, which are the issuers of the notes.

19. Legal Proceedings and Contingencies

Legal Proceedings

We are a party to routine legal proceedings that arise in the course of our business. We are not currently a party to any legal proceedings or environmental claims that we believe would have a material adverse effect on our financial position, results of operations, or cash flows.

Contingencies

We market our newsprint through Abitibi pursuant to an arrangement whereby Abitibi purchases all of the newsprint we produce at a price equal to the price at which Abitibi sells newsprint produced at its mills located in the southern United States, less associated expenses and a sales and marketing discount. The term of the agreement runs from January 1, 2004 through December 31, 2013. However, effective on or any time after December 31, 2008, either party may terminate the agreement on one year's prior written notice. At any time, we may reduce our production of newsprint by giving one year's prior written notice.

Under the agreement, Abitibi is obligated to buy all of the newsprint produced at our DeRidder mill. There is an early termination provision that allows either party to terminate the agreement on 90 day's notice if we reach an agreement to sell our newsprint operations to a company in the newsprint business or if Abitibi reasonably withholds its consent to an assignment of the contract by us. If the early termination provision is triggered, Abitibi would have the option to buy up to 300,000 tons

of newsprint from the DeRidder mill over a two-year period. Also, we would be obligated to pay Abitibi \$2.5 million upon the closing of such sale.

Abitibi also has an option to terminate with similar terms in the event they purchase a U.S. newsprint mill and have a government order requiring them to reduce capacity. The provision is essentially a mirror image of the above provision. We would be paid \$2.5 million, and we would have an option to cause Abitibi to purchase up to 300,000 tons of Newsprint over a two-year period. If a government entity requires the divestiture to take place in less than two years, the number of months and tons is reduced proportionately.

Boise Paper Products

Notes to Consolidated Financial Statements

1. Organization and Business Description

As used in these consolidated financial statements, the terms "Boise Paper Products," "we," or "the company" refer to the paper and packaging and newsprint business units of Boise Cascade Holdings, L.L.C. (Boise Cascade) and our predecessors in interest. The term "predecessor" refers to the forest products and paper assets of OfficeMax Incorporated (OfficeMax) that Boise Cascade Holdings, L.L.C., acquired on October 29, 2004 (inception) other than its timberland operations. OfficeMax was formerly known as Boise Cascade Corporation. See Note 3, Purchase of OfficeMax's Forest Products and Paper Assets, for additional information.

On October 29, 2004 (inception), Boise Cascade, through its equity sponsor Forest Products Holdings, L.L.C. (FPH), a holding company controlled by Madison Dearborn Partners (MDP), acquired the forest products and paper assets of OfficeMax (the Forest Products Acquisition). Our operations consist of the paper and packaging and newsprint business units of Boise Cascade.

We are a diversified North American paper company headquartered in Boise, Idaho. The consolidated financial statements present the financial results of Boise Paper Products for the years ended December 31, 2006 and 2005, and the period of October 29 (inception) through December 31, 2004, and the results of the predecessor operations for the period of January 1 through October 28, 2004. We operate our business in the following three reportable segments: Paper, Packaging & Newsprint, and Corporate and Other. Historically, OfficeMax conducted the paper and packaging and newsprint businesses acquired by Boise Cascade in one operating segment called Boise Paper Solutions. We have recast the financial statements of our predecessor to conform with our current segment presentation. OfficeMax's forest products and paper operations included timberland assets, some of which were allocated to Boise Paper Solutions. Since Boise Cascade did not acquire the timberland operations from OfficeMax, they are not included in the predecessor financial statements. See Note 16, Segment Information, for additional information about our reportable segments.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying consolidated financial statements have been prepared in conformity with U.S. generally accepted accounting principles. The consolidated financial statements include the accounts of the company after elimination of intercompany balances and transactions. We are not a registrant with the Securities and Exchange Commission (SEC). Accordingly, we have not filed these financial statements with them. We have, however, prepared the consolidated financial statements pursuant to the rules and regulations of the SEC.

The predecessor financial statements include accounts specifically attributed to Boise Paper Products and a portion of Boise Cascade and OfficeMax's shared corporate general and administrative expenses. These shared services include, but are not limited to, finance, accounting, legal, information technology, and human resource functions. Some corporate costs relate solely to Boise Paper Products and are allocated totally to these operations. Shared corporate general and administrative expenses not specifically identifiable to Boise Paper Products have been allocated primarily based on average sales, assets, and labor costs.

The consolidated financial statements do not include an allocation of Boise Cascade or OfficeMax's debt, interest, and deferred financing costs, because none of these items were specifically identified as corporate advances to, or borrowings by, Boise Paper Products. Boise Cascade and

Boise Paper Products

Notes to Consolidated Financial Statements (Continued)

2. Summary of Significant Accounting Policies (Continued)

OfficeMax used interest rate swaps to hedge variable interest rate risk. Because debt and interest costs are not allocated to Boise Paper Products, the effects of the interest rate swaps are not included in our consolidated financial statements.

Income taxes, where applicable, in these consolidated financial statements have been calculated as if Boise Paper Products were a separate taxable entity. For the years ended December 31, 2006 and 2005, and the period of October 29 (inception) through December 31, 2004, the majority of the businesses and assets of Boise Paper Products were held and operated by limited liability companies that are not subject to entity-level federal or state income taxation. In addition to the businesses and assets held and operated by limited-liability companies, we have taxable corporations that are subject to federal, state, and local income taxes for which we have recorded taxes. For the period of January 1 through October 28, 2004, the predecessor's businesses and assets were held by corporations that were subject to entity-level income taxation (see Note 8, Income Taxes). Information on the allocations and related-party transactions are included in Note 6, Transactions With Related Parties.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results may vary from those estimates.

Foreign Currency Translation

The functional currency for all of our operations is the U.S. dollar. Nonmonetary assets and liabilities and related depreciation and amortization for these foreign operations are remeasured into U.S. dollars using historical exchange rates. Monetary assets and liabilities are remeasured into U.S. dollars using the exchange rates as of the Consolidated Balance Sheet date. Revenue and expense items are remeasured into U.S. dollars using an average exchange rate for the period. The foreign exchange gains (losses) reported in the Consolidated Statements of Income (Loss) resulted from the remeasurements into the U.S. dollar.

Revenue Recognition

We recognize revenue when the following criteria are met: persuasive evidence of an agreement exists, delivery has occurred or services have been rendered, our price to the buyer is fixed and determinable, and collectibility is reasonably assured. Delivery is not considered to have occurred until the customer takes title and assumes the risks and rewards of ownership. The timing of revenue recognition is dependent on shipping terms. Revenue is recorded at the time of shipment for terms designated free on board (f.o.b) shipping point. For sales transactions designated f.o.b destination, revenue is recorded when the product is delivered to the customer's delivery site. Fees for shipping and handling charged to customers for sales transactions are included in "Sales." Costs related to shipping and handling are included in "Materials, labor, and other operating expenses."

Cash

For the years ended December 31, 2006 and 2005, and the period of October 29 (inception) through December 31, 2004, we participated in Boise Cascade's centralized cash management system.

Boise Paper Products**Notes to Consolidated Financial Statements (Continued)****2. Summary of Significant Accounting Policies (Continued)**

During the period of January 1 through October 28, 2004, we participated in OfficeMax's centralized cash management system (see Note 6, Transactions With Related Parties). We do not record interest income or expense related to these transactions, except for transactions related to our taxable subsidiaries. In all periods presented the interest income related to these transactions was not significant. The net effect of these transactions was included in "Business unit equity" in our Consolidated Balance Sheets. As such, the amount of cash recorded on our Consolidated Balance Sheets does not represent the amount required or generated by Boise Paper Products.

Trade Accounts Receivables and Allowance for Doubtful Accounts

Trade accounts receivable are stated at the amount we expect to collect. Trade accounts receivable do not bear interest. The allowance for doubtful accounts is our best estimate of the losses we expect will result from the inability of our customers to make required payments. We generally determine the allowance based on a combination of actual historical write-off experience, an aging of accounts receivable, and an analysis of specific customer accounts. We periodically review our allowance for doubtful accounts and adjustments to the valuation allowance are charged to income. Trade accounts receivable balances that remain outstanding after we have used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to accounts receivable. We may at times insure or arrange for guarantees on our receivables.

Financial Instruments

Our financial instruments are cash, accounts receivable, and accounts payable. The recorded values of cash, accounts receivable, and accounts payable approximate fair values based on their short-term nature.

Inventory Valuation

Inventories are valued at the lower of cost or market. Cost is based on the average or first-in, first-out (FIFO) method of inventory valuation. Manufactured inventories include costs for materials, labor, and factory overhead.

Inventories include the following:

	December 31, 2006	December 31, 2005
	(thousands)	
Finished goods and work in process	\$ 173,539	\$ 133,145
Raw materials	64,957	55,607
Supplies and other	84,380	84,549
	\$ 322,876	\$ 273,301

Property and Equipment

Property and equipment are recorded at cost. Cost includes expenditures for major improvements and replacements and the amount of interest cost associated with significant capital additions. Capitalized interest was not material in any of the periods presented. In all periods presented, we

Boise Paper Products

Notes to Consolidated Financial Statements (Continued)

2. Summary of Significant Accounting Policies (Continued)

expensed routine repair and maintenance costs as incurred and charged planned major maintenance costs in both our Paper and Packaging & Newsprint segments to income (loss) ratably over the year. Effective January 1, 2007, we began expensing all repair and maintenance costs as incurred in accordance with Financial Accounting Standards Board (FASB) Staff Position (FSP) No. AUG AIR-1, *Accounting for Planned Major Maintenance Activities*. See "Recently Adopted Accounting Standards" below for more information. When property and equipment are retired, sold, or otherwise disposed of, the asset's carrying amount and related accumulated depreciation are removed from the accounts and any gain or loss is included in income (loss). In all periods presented, we used the straight-line method of depreciation.

After reviewing the estimated useful lives of some of our depreciable assets, we determined that some of our assets would be used for a shorter period of time than the depreciable lives previously assigned to them. As a result, we revised the depreciation estimates to reflect the remaining expected use of the assets. This change in estimate decreased net income approximately \$10 million in 2006, and we expect the changes to decrease net income approximately \$15 million in 2007.

Property and equipment consisted of the following asset classes and the following general range of estimated useful lives:

	Year Ended December 31		General Range of Estimated Useful Lives in Years
	2006	2005	
	(thousands)		
Land and land improvements	\$ 23,134	\$ 24,160	10-20

Less accumulated depreciation	(206,102)	(102,155)	N/A
	\$ 1,126,311	\$ 1,125,684	

Fiber Farm and Deposits

The consolidated financial statements include our cottonwood fiber farm. Our cottonwood fiber farm is a short-rotation fiber farm that has a growing cycle averaging six to eight years.

Costs for activities related to the establishment of a new crop of trees, including planting, thinning, fertilization, pest control, herbicide application, irrigation, and land lease costs, are capitalized, while costs for administration, insurance, and property taxes are expensed. The capitalized costs are accumulated by specifically identifiable farm or irrigation blocks. We charge capitalized costs, excluding land, to "Depreciation, amortization, and depletion" in the accompanying Consolidated Statements of Income (Loss) at the time the fiber is harvested based on periodically determined depletion rates.

We are a party to a number of long-term log and fiber supply agreements. At December 31, 2006, Boise Paper Products total obligation for log and fiber purchases under contracts with third parties, including Forest Capital Partners, L.L.C., an unrelated party, which is our largest wood fiber supplier, was approximately \$147.1 million. Except for deposits required pursuant to wood supply contracts,

Boise Paper Products

Notes to Consolidated Financial Statements (Continued)

2. Summary of Significant Accounting Policies (Continued)

these obligations are not recorded in our consolidated financial statements until contract payment terms take effect. The obligations are subject to change based on, among other things, the effect of governmental laws and regulations, our manufacturing operations not operating in the normal course of business, log and fiber availability, and the status of environmental appeals.

Long-Lived Asset Impairment

We account for the impairment of long-lived assets in accordance with Statement of Financial Accounting Standards (SFAS) No. 144, *Accounting for the Impairment or Disposal of Long-Lived Assets*. An impairment of long-lived assets exists when the carrying value of an asset exceeds its fair value and when the carrying value is not recoverable through future undiscounted cash flows from operations. We review the carrying value of long-lived assets for impairment when events or changes in circumstances indicate that the carrying amount of assets may not be recoverable.

Goodwill

We account for goodwill and other intangible assets in accordance with SFAS No. 142, *Goodwill and Other Intangible Assets*. Goodwill represents the excess of purchase price and related costs over the value assigned to the net tangible and intangible assets of businesses acquired. We assess goodwill in the fourth quarter of each year using a fair-value-based approach. We completed our annual assessment in accordance with SFAS No. 142 in fourth quarter 2006 and 2005 and determined that there was no impairment.

Deferred Software Costs

We defer internal-use software costs that benefit future years. These costs are amortized using the straight-line method over the expected life of the software, typically three to five years. "Other assets" in the Consolidated Balance Sheets includes \$1.0 million and \$1.6 million of deferred software costs at December 31, 2006 and 2005, respectively. For the years ended December 31, 2006 and 2005, and the periods of October 29 (inception) through December 31, 2004 and January 1 through October 28, 2004, amortization of deferred software costs totaled \$0.7 million, \$0.9 million, \$0.1 million, and \$0.6 million, respectively.

Asset Retirement Obligations

We account for asset retirement obligations in accordance with SFAS No. 143, *Accounting for Asset Retirement Obligations*, and FASB FIN No. 47, *Accounting for Conditional Asset Retirement Obligations - an interpretation of FASB Statement No. 143*. This standard primarily affects the way we account for landfill closure and closed-site monitoring costs. We accrue for asset retirement obligations in the period in which they are incurred if sufficient information is available to reasonably estimate the fair value of the obligation. When we record the liability, we capitalize the cost by increasing the carrying amount of the related long-lived asset. Over time, the liability is accreted to its settlement value, and the capitalized cost is depreciated over the useful life of the related asset. Upon settlement of the liability, we will recognize a gain or loss for any difference between the settlement amount and the liability recorded. See Note 12, Asset Retirement Obligations, for additional information.

Equity Compensation

For the years ended December 31, 2006 and 2005, and the period of October 29 (inception) through December 31, 2004, equity compensation awards were granted to our employees under Boise Cascade's compensation plans and we accounted for the awards under SFAS No. 123(R), *Share-Based Payment*. Awards granted during this period vest over periods up to five years. In 2006 and 2005, we recognized \$1.8 million and \$1.4 million of compensation expense, compared with zero compensation expense for the period of October 29 (inception) through December 31, 2004. Compensation expense was calculated based on the units granted to employees of Boise Paper Products plus an allocation of expense related to units granted to corporate employees that serviced all business units.

During the period of January 1 through October 28, 2004, stock compensation was granted to our employees under OfficeMax's stock compensation plans. OfficeMax used the fair-value- based method of accounting for stock-based employee compensation, using the prospective method of transition under the provisions of SFAS No. 148, *Accounting for Stock-Based Compensation*, for all employee awards granted on or after January 1, 2003. For the period of January 1 through October 28, 2004, our predecessor recognized \$7.0 million of pretax compensation expense. See Note 15, Equity Compensation.

Research and Development Costs

We expense research and development costs as incurred. For the years ended December 31, 2006 and 2005, and the period of October 29 (inception) through December 31, 2004, research and development expenses were \$0.6 million, \$1.0 million, and \$0.2 million, respectively. For the period of January 1 through October 28, 2004, research and development expenses were \$1.3 million.

Advertising Costs

We expense the cost of advertising as incurred. For the years ended December 31, 2006 and 2005, and the period of October 29 (inception) through December 31, 2004, advertising expenses were \$3.9 million, \$3.1 million, and \$0.4 million, respectively. For the period of January 1 through October 28, 2004, advertising expense was \$2.6 million. These expenses were recorded in "Selling and distribution expenses."

Taxes Collected

We account for taxes collected from customers and remitted to governmental authorities in accordance with EITF 06-3, *How Taxes Collected from Customers and Remitted to Governmental Authorities Should Be Presented in the Income Statement (That Is, Gross Versus Net Presentation)*. We present taxes on a net basis in our Consolidated Statements of Income (Loss).

New Accounting Standards

In September 2006, the FASB issued SFAS No. 157, *Fair Value Measurements*. This statement defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements. This statement applies under other accounting pronouncements that require or permit fair value measurements, the FASB having previously concluded in those accounting pronouncements that fair value is the relevant measurement attribute. Accordingly, this statement does

Boise Paper Products

Notes to Consolidated Financial Statements (Continued)

2. Summary of Significant Accounting Policies (Continued)

not require any new fair value measurements. We will adopt this standard January 1, 2008. We do not expect it to have a material impact on our financial position, results of operations, or cash flows.

Recently Adopted Accounting Standards

In December 2006, we adopted SFAS No. 158, *Employers' Accounting for Defined Benefit Pension and Other Postretirement Plans - An Amendment of FASB Statements No. 87, 88, 106, and 132(R)*, which required companies to recognize the funded status of their pension and other postretirement benefit plans on their balance sheets. It also required companies to recognize the actuarial and experience gains and losses and the prior service costs and credits as a component of other comprehensive income, net of tax. Most of our employees participate in Boise Cascade's defined benefit pension plans. We have treated our participants in these plans as participants in multiemployer plans. Accordingly, we have not reflected any assets or liabilities related to the defined benefit pension plans in our Consolidated Balance Sheets. The adoption of SFAS No. 158 did not have a material impact on our financial position or results of operations.

In September 2006, the FASB issued FSP No. AUG AIR-1, *Accounting for Planned Major Maintenance Activities*. This FSP prohibits companies from accruing a liability for the future costs of periodic major overhauls and maintenance of plant and equipment in annual and interim financial reporting periods. In all periods presented, we charged planned shutdown maintenance costs to income (loss) ratably over the year. This statement prohibits that practice and requires us to use one of three alternative methods of accounting for planned major maintenance activities, including direct expense, built-in overhaul, or the deferral method. We adopted this FSP January 1, 2007, and recast our 2006 and 2005 interim financial information using the direct expense method. The FSP increases the volatility of earnings in the period a planned shutdown occurs, but it has no impact on our annual results of operations.

In September 2006, the SEC staff issued Staff Accounting Bulletin (SAB) Topic 1N, *Financial Statements - Considering the Effects of Prior Year Misstatements When Quantifying Misstatements in Current Year Financial Statements* (SAB 108). SAB 108 addresses how the effects of prior-year uncorrected misstatements should be considered when quantifying misstatements in current-year financial statements. SAB 108 requires registrants to quantify misstatements using both the balance sheet and income statement approaches and to evaluate whether either approach results in quantifying an error that is material in light of relevant quantitative and qualitative factors. We adopted SAB 108 in December 2006, and it did not have a material impact on our financial position or results of operations.

In July 2006, the FASB issued FIN No. 48, *Accounting for Uncertainty in Income Taxes - an interpretation of FASB Statement No. 109*. FIN No. 48 clarifies the criteria for recognizing tax benefits under FASB Statement No. 109, *Accounting for Income Taxes*. It also requires additional financial statement disclosures about uncertain tax positions. FIN No. 48 was effective beginning January 2007. Because the majority of our businesses and assets are held and operated by limited liability companies, and the income taxes of these operations are payable by Boise Cascade's equity holders, it did not have a material impact on our financial position or results of operations. However, events could arise in the future that would cause the adoption of this interpretation to have a material impact on our financial statements. In addition, if our tax status were to change in the future, we would have to reevaluate the impact of FIN No. 48 on our financial position and results of operations at that time.

2. Summary of Significant Accounting Policies (Continued)

In September 2005, the FASB's EITF reached a consensus on EITF 04-13, *Accounting for Purchases and Sales of Inventory With the Same Counterparty*. The consensus identifies circumstances under which two or more transactions involving inventory with the same counterparty should be viewed as a single nonmonetary transaction within the scope of Accounting Principles Board (APB) Opinion No. 29, *Accounting for Nonmonetary Transactions*. We adopted this standard effective January 2006, and it required us to report our inventory buy/sell transactions on a net basis in our Consolidated Statements of Income. Previously, in accordance with EITF 99-19, *Reporting Revenue Gross as a Principal Versus Net as an Agent*, and SAB No. 104, *Revenue Recognition*, we recorded sales and purchases related to our inventory buy/sell arrangements on a gross basis. This consensus had no impact on net income. Had this consensus previously been in effect, it would have reduced sales \$76.1 million, \$15.6 million, and \$63.6 million for the year ended December 31, 2005, and the periods of October 29 through December 31, 2004, and January 1 through October 28, 2004, and would have reduced "Materials, labor, and other operating expenses" by about the same amounts. In accordance with the provisions of EITF 04-13, prior-period financial information has not been recast to conform with the current period's presentation.

In March 2005, the FASB issued FIN No. 47, *Accounting for Conditional Asset Retirement Obligations an interpretation of FASB Statement No. 143*. FIN No. 47 clarifies that the term "conditional asset retirement obligation," as used in SFAS No. 143, *Accounting for Asset Retirement Obligations*, refers to a legal obligation to perform an asset retirement activity in which the timing and/or method of settlement is conditional on a future event that may or may not be within the control of the entity. FIN No. 47 also clarifies when an entity would have sufficient information to reasonably estimate the fair value of an asset retirement obligation. We adopted FIN No. 47 in December 2005, and it did not have a material impact on our financial position or results of operations. For more information, see Note 12, Asset Retirement Obligations.

3. Purchase Of OfficeMax's Forest Products and Paper Assets

On October 29, 2004 (inception), Boise Cascade acquired OfficeMax's forest products and paper assets, other than its timberland operations, for an aggregate purchase price of \$2.2 billion, including approximately \$140 million of related fees and expenses. As part of the Forest Products Acquisition, Boise Cascade entered into an Additional Consideration Agreement with OfficeMax, pursuant to which it agreed to adjust the purchase price based on changes in paper prices over the six-year period following the Forest Products Acquisition. Under the Additional Consideration Agreement, Boise Cascade could pay to OfficeMax, or OfficeMax could pay to Boise Cascade, a maximum aggregate amount of \$125.0 million, in each case net of payments received. After each anniversary of the Forest Products Acquisition, Boise Cascade reviews paper prices with the provisions of the Additional Consideration Agreement to determine whether any amounts are owed or receivable under the agreement. For the first and second anniversary periods, which ended October 29, 2005 and 2006, neither Boise Cascade nor OfficeMax owed additional consideration for the purchase price.

Restructuring Activities

In connection with the Forest Products Acquisition, we evaluated the acquired facilities and organizational structure. In accordance with the provisions of EITF 95-3, *Recognition of Liabilities in Connection With a Purchase Business Combination*, exit activities related to the Forest Products Acquisition increase goodwill. We had one year from the acquisition date to finalize our restructuring plans and adjust goodwill.

At December 31, 2006, we had approximately \$0.5 million of the restructuring reserves related to severance costs recorded in "Accrued liabilities, Compensation and benefits." The severance costs related to costs for approximately 170 terminated employees. The remaining reserve relates to severance payments that will be paid by the end of 2007. The \$0.5 million remaining restructuring reserve was recorded in our Paper segment. Restructuring reserve liability account activity related to these charges is as follows:

	Severance	Other	Total

2004 restructuring reserve	\$ 7,446	\$ 466	\$ 7,912

4. Purchase of Central Texas Corrugated's Assets

On February 1, 2006, we purchased the assets of Central Texas Corrugated (CTC) in Waco, Texas, for an aggregate purchase price of \$43.8 million, including fees and expenses, but before working capital adjustments. In 2006, we paid approximately \$42.6 million of cash for the acquisition, which is net of a \$2.0 million holdback that is payable in five years. At December 31, 2006, "Other long-term liabilities" on our Consolidated Balance Sheet included a \$1.4 million discounted holdback (including accrued accretion expense). CTC manufactures corrugated sheets that it sells primarily to regional container plants in Texas, Louisiana, Arkansas, and Mexico. CTC is located close to our mill in DeRidder, Louisiana, which produces linerboard used in CTC's manufacturing processes.

We accounted for the acquisition using the purchase method of accounting. As a result, the purchase price was allocated to the tangible and intangible assets acquired and liabilities assumed based on their respective fair values as of the date of the acquisition. The following table summarizes the estimated fair value of the assets acquired and liabilities assumed as of February 1, 2006. We had one year from the purchase date to finalize or receive information to determine changes in estimates of the

fair value of assets acquired and liabilities assumed. Adjustments recorded during the year ended December 31, 2006, were not material.

The excess of the purchase price over the fair value of assets acquired and liabilities assumed was allocated to goodwill. We recorded \$7.0 million of goodwill in our Packaging & Newsprint segment. During the year ended December 31, 2006, we recorded \$0.3 million of purchase price adjustments that decreased the recorded amount of goodwill. See Note 11, Goodwill and Intangible Assets, for the purchase price adjustments that have decreased the recorded amount of goodwill since the acquisition date.

The amount allocated to intangible assets was attributed to the following categories of intangibles:

	February 1, 2006
	(thousands)
Trade name	\$ 1,800
Customer relationships	6,400
Noncompete agreements	1,200
	<hr/>
	\$ 9,400

Intangible assets are amortized over their expected useful lives. The trade name asset represents the fair value of the Central Texas Corrugated name and is amortized over five years. Customer relationships are amortized over ten years, and the noncompete agreements are amortized over approximately two years.

Pro forma results of operations have not been presented because the effects of the acquisition were not material to prior periods.

5. Assets Held For Sale

In 2005, the board of directors authorized management to pursue the closing and divesting of our converting business in Vancouver, Washington. Prior to closing the operations, the business received paper from our mills and converted the paper to security grades. After the closure, we continue to

develop and market these security grades, but we outsource the converting operations. We recorded the facility's assets as held for sale on our Consolidated Balance Sheets. We did not record the results of its operations as discontinued because the business is part of a larger cash-flow-generating group and on its own is not a component of an entity as defined in SFAS No. 144. We tested the recoverability of the long-lived assets in accordance with SFAS No. 144, and recorded no impairment.

The assets and liabilities of our converting business in Vancouver, Washington, are presented in the Consolidated Balance Sheets as "Assets held for sale" and "Liabilities related to assets held for sale." The carrying amounts of the major classes of these assets and liabilities were as follows:

6. Transactions With Related Parties

For the years ended December 31, 2006 and 2005, and for the period of October 29 (inception) through December 31, 2004, we participated in Boise Cascade's centralized cash management system. During the period of January 1 through October 28, 2004, we participated in OfficeMax's centralized cash management system. Cash receipts attributable to our operations were collected by Boise Cascade and OfficeMax, and cash disbursements were funded by Boise Cascade and OfficeMax. The net effect of these transactions has been reflected as "Net equity transactions with related parties" in the

Related-Party Sales

In connection with the Forest Products Acquisition, Boise Cascade entered into a Paper Supply Agreement with OfficeMax. Under this agreement, OfficeMax purchases from Boise Cascade all of its North American requirements for cut-size office paper, to the extent Boise Cascade chooses to supply such paper to them, through December 2012 at prices approximating market prices. OfficeMax's purchase obligations under the agreement will phase out over a four-year period beginning one year after the delivery of notice of termination, but not prior to December 31, 2012.

During each of the periods presented, we sold paper and paper products to OfficeMax at sales prices that were designed to approximate market prices. In 2006 and 2005, sales to OfficeMax were \$575.9 million and \$562.3 million, representing 26% of total sales in both periods. For the periods of October 29 (inception) through December 31, 2004, and January 1 through October 28, 2004, sales to OfficeMax were \$99.9 million and \$442.1 million, representing 28% and 26% of total sales. These sales are included in "Sales, Related parties" in the Consolidated Statements of Income (Loss).

During each of the periods presented, we sold wood and provided transportation services to Boise Cascade and OfficeMax. For the years ended December 31, 2006 and 2005, and the periods of October 29 (inception) through December 31, 2004 and January 1 through October 28, 2004, we sold \$73.0 million, \$81.5 million, \$13.0 million, and \$59.0 million, respectively, of wood to Boise Cascade and OfficeMax's building materials distribution and wood products businesses. For the years ended December 31, 2006 and 2005, and the periods of October 29 (inception) through December 31, 2004 and January 1 through October 28, 2004, we recorded \$5.6 million, \$5.7 million, \$0.8 million, and \$4.1 million of sales for transportation services. These sales are all included in "Sales, Related parties" in the Consolidated Statements of Income (Loss).

Related-Party Costs and Expenses

During each of the periods presented, we purchased fiber from related parties at prices that approximated market prices. During the years ended December 31, 2006 and 2005, fiber purchases from related parties were \$30.4 million and \$32.4 million. Most of these purchases relate to chip purchases from Boise Cascade's wood products business. For the periods of October 29 (inception) through December 31, 2004, and January 1 through October 28, 2004, fiber purchases from related parties were \$13.1 million and \$63.0 million. These purchases primarily relate to log purchases from Boise Land & Timber Corp. and chip purchases from Boise Cascade and OfficeMax's wood products business. On February 4, 2005, Boise Land & Timber Corp. sold all of its timberlands. All of the costs associated with these purchases are recorded as "Fiber costs from related parties" in the Consolidated Statements of Income (Loss).

During the years ended December 31, 2006 and 2005, and the period of October 29 (inception) through December 31, 2004, we used services and administrative staff of Boise Cascade. During the period prior to October 29, 2004 (inception), we used services and administrative staff of OfficeMax. These services included, but were not limited to, finance, accounting, legal, information technology, and human resource functions. The costs not specifically identifiable to Boise Paper Products were allocated based primarily on average sales, assets, and labor costs. These costs are included in "General and administrative expenses" in the Consolidated Statements of Income (Loss). We believe the allocations are a reasonable reflection of our use of the services. However, had we operated on a stand-alone basis, we estimate that our corporate operating expenses would have been approximately \$18 million in all periods presented.

During the years ended December 31, 2006 and 2005, and the period of October 29 (inception) through December 31, 2004 (inception), some of our employees participated in Boise Cascade's noncontributory defined benefit pension and contributory defined contribution savings plans. During the period of January 1 through October 28, 2004, some of our employees participated in OfficeMax's plans. We have treated our participants in the pension plans as participants in multiemployer plans. Accordingly, we have not reflected any assets or liabilities related to the plans in our Consolidated Balance Sheets. We have, however, recorded costs associated with the employees who participated in these plans in our Consolidated Statements of Income (Loss). In 2006 and 2005, the Statements of Income included \$21.9 million and \$21.2 million, respectively, of expenses attributable to our participation in Boise Cascade's defined benefit and defined contribution plans. The Statement of Income for the period of October 29 (inception) through December 31, 2004, included \$2.5 million of expense attributable to our participation in Boise Cascade's plans. The period of January 1 through October 28, 2004 included \$38.7 million of expenses attributable to our participation in OfficeMax's plans.

Our employees and former employees also participated in Boise Cascade and OfficeMax's other postretirement benefit plans. All of the postretirement benefit plans are unfunded (see Note 14, Retirement and Benefit Plans). In addition, employees participated in equity compensation programs. See Note 15, Equity Compensation, for a discussion of these programs.

- (b) Reflects \$7.3 million of expense primarily for a one-time retention bonus OfficeMax granted to its employees.

8. Income Taxes

For the years ended December 31, 2006 and 2005, and the period of October 29 (inception) through December 31, 2004, the majority of the businesses and assets of Boise Paper Products were held and operated by limited liability companies, which are not subject to entity-level federal or state income taxation. The income taxes in respect to these operations are payable by Boise Cascade's equity holders in accordance with their respective ownership percentages.

During the years ended December 31, 2006 and 2005, and the period of October 29 (inception) through December 31, 2004, our effective tax rates for our separate subsidiaries that are taxed as corporations were 37.4%, 40.8%, and 40.9%. The primary reason for the difference in tax rates is the effect of state income taxes and the mix of domestic and foreign sources of income.

At December 31, 2006 and 2005, our tax basis was \$340.2 million and \$261.2 million lower than the reported amount of net assets recorded on our Consolidated Balance Sheets, primarily due to accelerated depreciation recorded for tax purposes.

Predecessor Period

In the predecessor period presented, Boise Paper Products results were included in the consolidated income tax returns of OfficeMax. However, in the consolidated financial statement, income taxes were provided based on a calculation of the income tax expense that would have been incurred if we had operated as a separate taxpayer. Income taxes have been provided for all items included in the Consolidated Statement of Loss, regardless of when such items were reported for tax

Boise Paper Products generated a net operating loss during the period of January 1 through October 28, 2004. Net operating losses were not included as deferred tax assets but were transferred to our predecessor and included in "Net equity transactions with related parties." Separate company net operating losses have been used in OfficeMax's consolidated financial statements. For all periods presented, all of Boise Paper Products pretax income (losses) were from domestic sources.

9. Leases

We lease a portion of our distribution centers as well as other property and equipment under operating leases. For purposes of determining straight-line rent expense, the lease term is calculated from the date we first take possession of the facility, including any periods of free rent and any option periods we are reasonably assured of exercising. Straight-line rent expense is also adjusted to reflect any allowances or reimbursements provided by the lessor. Rental expense for operating leases and sublease rental income received was as follows:

For noncancelable operating leases with remaining terms of more than one year, the minimum lease payment requirements are \$7.4 million in 2007, \$6.8 million in 2008, \$5.7 million in 2009, \$4.8 million in 2010, and \$2.9 million in 2011 with total payments thereafter of \$3.0 million. These future minimum lease payment requirements have not been reduced by sublease rentals due in the future under noncancelable subleases. Minimum sublease income received in the future is not expected to be material.

Substantially all lease agreements have fixed payment terms based on the passage of time. Some lease agreements provide us with the option to purchase the leased property. Additionally, some agreements contain renewal options averaging nine years, with fixed payment terms similar to those in the original lease agreements.

10. Receivables

We have a large, diversified customer base. A large portion of our uncoated free sheet and office paper sales volume is sold to OfficeMax. We market our newsprint through Abitibi-Consolidated (Abitibi) pursuant to an arrangement whereby Abitibi purchases all of the newsprint we produce at a price equal to the price at which Abitibi sells newsprint produced at its mills located in the southern United States, less associated expenses and a sales and marketing discount. Sales to OfficeMax and Abitibi-Consolidated represent concentrations in the volumes of business transacted and concentrations of credit risk. At December 31, 2006, we had \$37.2 million and \$30.1 million of accounts receivable due from OfficeMax and Abitibi, respectively. See Note 2, Summary of Significant Accounting Policies, for information about our accounting policy related to trade receivables and our allowance for doubtful accounts.

In 2006 and 2005, a large portion of our receivables were used to secure borrowings under Boise Cascade's accounts receivable securitization program. Under the program, Boise Cascade sells its interest in a defined pool of accounts receivables (which included \$14.1 million and \$41.8 million of Boise Paper Products receivables at December 31, 2006 and 2005) generated by its domestic operations on a revolving basis to Birch Creek Investments, L.L.C. (Birch Creek) a consolidated, wholly owned, special-purpose subsidiary of Boise Cascade. Because Boise Cascade has the right to repurchase the sold receivables, it accounts for the sale of the receivables under the program as a secured borrowing

Notes to Consolidated Financial Statements (Continued)

10. Receivables (Continued)

and the costs of the program are recorded in interest expense. Our 2006 and 2005 Consolidated Balance Sheets include all of Boise Paper Products receivables, including those used to secure borrowings under the receivable securitization program. Our consolidated financial statements do not include an allocation of the secured borrowings or costs under the program because none of the debt was specifically identified as corporate advances to or borrowings by Boise Paper Products.

For the predecessor period of January 1 through October 28, 2004, Boise Paper Products participated in OfficeMax's receivable sales program. The program consisted of a revolving sale of receivables for 364 days and was subject to renewal. Boise Paper Products portion of the costs related to the program is included in "Other (income) expense, net" in the Consolidated Statement of Loss. During third quarter 2004, in anticipation of the sale of the forest products and paper assets to Boise Cascade, OfficeMax stopped selling the receivables related to the Paper and Packaging & Newsprint segments.

Under the sales program, OfficeMax sold fractional ownership interests in a defined pool of trade accounts receivable. At October 28, 2004, zero of sold accounts receivable were excluded from "Receivables," compared with \$64.7 million at December 31, 2003. The decrease of \$64.7 million at October 28, 2004, from the amount at December 31, 2003, used cash from operations for the period ended October 28, 2004.

11. Goodwill and Intangible Assets

Goodwill represents the excess of purchase price and related costs over the value assigned to the net tangible and intangible assets of businesses acquired. We account for goodwill in accordance with the provisions of SFAS No. 142, *Goodwill and Other Intangible Assets*, which requires us to assess our acquired goodwill and intangible assets with indefinite lives for impairment at least annually in the absence of an indicator of possible impairment and immediately upon an indicator of possible impairment. We assess goodwill and intangible assets with indefinite lives in the fourth quarter of each year using a fair-value-based approach. We also evaluate the remaining useful lives of our finite-lived purchased intangible assets to determine whether any adjustments to the useful lives are necessary. We completed our annual assessment in accordance with SFAS No. 142 in fourth quarter 2006 and 2005 and determined that there was no impairment.

We account for acquisitions using the purchase method of accounting. As a result, we allocate the purchase price to the tangible and intangible assets acquired and liabilities assumed based on their respective fair values as of the date of acquisition. In accordance with SFAS No. 141, *Business Combinations*, we have one year from the purchase date to finalize or receive information to determine changes in estimates of the fair value of assets acquired and liabilities assumed. During 2006, we recorded \$0.3 million of net purchase price adjustments that decreased the recorded amount of goodwill. The adjustments were for fair value adjustments related to our acquisition of CTC.

Intangible assets represent the values assigned to trade names and trademarks, customer relationships, noncompete agreements, and technology. The Central Texas Corrugated trade name is amortized over five years. All other trade names and trademark assets have an indefinite life and are not amortized. Customer relationships are amortized over five to ten years, noncompete agreements are amortized over approximately two years, and technology is amortized over three to five years. Intangible assets consisted of the following:

expense is \$4.7 million, \$3.4 million, \$2.7 million, \$1.1 million, and \$0.5 million in 2007, 2008, 2009, 2010, and 2011, respectively.

12. Asset Retirement Obligations

We account for asset retirement obligations in accordance with SFAS No. 143, *Accounting for Asset Retirement Obligations*, and FIN No. 47, *Accounting for Conditional Asset Retirement Obligations - an Interpretation of FASB Statement No. 143*. We accrue for asset retirement obligations in the period in which they are incurred if sufficient information is available to reasonably estimate the fair value of the obligation. When we record the liability, we capitalize the cost by increasing the carrying amount of the related long-lived asset. Over time, the liability is accreted to its settlement value, and the capitalized cost is depreciated over the useful life of the related asset. Upon settlement of the liability, we will recognize a gain or loss for any difference between the settlement amount and the liability recorded. On a pro forma basis, if the provisions of FIN No. 47 had been in effect during all of 2005 and 2004, our net income (loss) would not have changed materially.

At December 31, 2006 and 2005, we had \$10.8 million and \$11.2 million of asset retirement obligations recorded in "Other, other long-term liabilities," on our Consolidated Balance Sheets. These liabilities related primarily to landfill closure and closed-site monitoring costs. The liabilities are based on the best estimate of current costs and are updated periodically to reflect current technology, laws and regulations, inflation, and other economic factors. We do not have any assets legally restricted for purposes of settling asset retirement obligations. The table below describes changes to our asset retirement obligations for the years ended December 31, 2006 and 2005:

	December 31, 2006	December 31, 2005
	(thousands)	
Asset retirement obligation at beginning of year	\$ 11,160	\$ 9,984
Liabilities incurred	1,114	
Net transition adjustment		485
Accretion expense	923	767
Payments	(34)	(76)
Revisions in estimated cash flows	(2,392)	
Asset retirement obligation at end of year	\$ 10,771	\$ 11,160

We have additional asset retirement obligations with indeterminate settlement dates. The fair value of these asset retirement obligations cannot be estimated due to the lack of sufficient information to estimate the settlement dates of the obligations. These asset retirement obligations include, for example, (i) removal and disposal of potentially hazardous materials on equipment and/or an operating facility if the equipment and/or facilities were to undergo major maintenance, renovation, or demolition; (ii) wastewater treatment ponds that may be required to be drained and/or cleaned if the related operating facility is closed; and (iii) storage sites or owned facilities for which removal and/or disposal of chemicals and other related materials are required if the operating facility is closed. We will recognize a liability in the period in which sufficient information becomes available to reasonably estimate the fair value of these obligations.

13. Financial Instruments

As described in Note 2, Summary of Significant Accounting Policies, Boise Cascade and OfficeMax occasionally used interest rate swaps to hedge variable interest rate risk. Because debt and interest costs are not allocated to Boise Paper Products, the effects of the interest rate swaps are not included in our consolidated financial statements.

Boise Cascade enters into natural gas swaps, options, or a combination of these instruments to hedge the variable cash flow risk of natural gas purchases at index prices. As of December 31, 2006, Boise Cascade had entered into derivative instruments related to approximately 90% of our forecasted natural gas purchases through February 2007 and 10% of our expected purchases from July 2007 through October 2007. Assuming natural gas prices follow the futures curve in effect at December 31, 2006, we expect to reclassify \$9.4 million of the amounts recorded in "Accumulated other comprehensive income" as an increase in "Materials, labor, and other operating expenses" in 2007. There was no ineffectiveness related to these hedges.

14. Retirement and Benefit Plans

Retirement and Benefit Plans

During the years ended December 31, 2006 and 2005, and the period of October 29 (inception) through December 31, 2004 some of our employees participated in Boise Cascade's retirement plans and during the period of January 1 through October 28, 2004, in OfficeMax's retirement plans. These plans consist of noncontributory defined benefit pension plans, contributory defined contribution savings plans, deferred compensation plans, and postretirement healthcare benefit plans. Compensation expense was calculated based on costs directly attributable to employees of Boise Paper Products plus an allocation of expense related to corporate employees that service all business units.

Some of our employees participated in Boise Cascade's noncontributory defined benefit pension plans. The salaried defined benefit pension plan is available only to employees who were formerly employed by OfficeMax before November 2003. The pension benefit for salaried employees is based primarily on the employees' years of service and highest five-year average compensation. The benefit for hourly employees is generally based on a fixed amount per year of service. We have treated our participants in these plans as participants in multiemployer plans. Accordingly, we have not reflected any assets or liabilities related to the noncontributory defined benefit pension plans in our Consolidated Balance Sheets. We have, however, recorded costs associated with the employees who participated in these plans in our Consolidated Statements of Income (Loss). For the years ended December 31, 2006 and 2005, and the period of October 29 (inception) through December 31, 2004, the Statements of Income (Loss) included \$14.4 million, \$13.8 million, and \$1.4 million of expenses attributable to participation in Boise Cascade's noncontributory defined benefit plans. The period of January 1 through October 28, 2004, included \$30.0 million of expense attributable to our participation in OfficeMax's plans.

Some of our employees participated in Boise Cascade's and OfficeMax's contributory defined contribution savings plans, which covered most of our salaried and hourly employees. For the years ended December 31, 2006 and 2005, and the periods of October 29 (inception) through December 31, 2004, and January 1 through October 28, 2004, we recognized \$7.5 million, \$7.4 million, \$1.1 million, and \$8.7 million, respectively, of expense related to matching contributions attributable to participation in Boise Cascade's and OfficeMax's contributory defined contribution savings plans. In Boise Cascade's plan, employees that are not eligible to participate in the noncontributory defined benefit pension plans

Boise Paper Products

Notes to Consolidated Financial Statements (Continued)

14. Retirement and Benefit Plans (Continued)

are eligible for additional discretionary company matching contributions based on a percentage approved each plan year.

Some of our employees participated in Boise Cascade's deferred compensation plan, in which key managers and nonaffiliated directors may irrevocably elect to defer a portion of their base salary and bonus or director's fees until termination of employment or beyond. A participant's account is credited with imputed interest at a rate equal to 130% of Moody's composite average of yields on corporate bonds. In addition, participants other than directors may elect to receive their company matching contribution in the deferred compensation plan in lieu of any matching contribution in the contributory defined contribution savings plan. The deferred compensation plan is unfunded; therefore, benefits are paid from general assets. At December 31, 2006 and 2005, we had \$2.1 million and \$0.9 million of liabilities attributable to participation in Boise Cascade's deferred compensation plan recorded in "Other, Compensation and benefits" on our Consolidated Balance Sheets.

Some of our employees participated in Boise Cascade's and OfficeMax's postretirement healthcare benefit plans. The type of retiree healthcare benefits and the extent of coverage vary based on employee classification, date of retirement, location, and other factors. All of the postretirement healthcare plans are unfunded. In 2006 and 2005, we communicated to our employees changes to the retiree healthcare programs. We discontinued healthcare coverage for most of our post-65 retirees. In addition, we eliminated the company subsidy for some of our pre-65 hourly retirees. This change shifts retiree medical costs to the plan participants. As a result of this change, we recorded a \$3.7 million and \$5.2 million gain in our Consolidated Statements of Income for the years ended December 31, 2006 and 2005. The postretirement benefit plans have a December 31 measurement date.

Obligations and Funded Status of Postretirement Benefits Other Than Pensions

The following table, which includes only company-sponsored plans, reconciles the beginning and ending balances of our benefit obligation for postretirement benefits other than pensions. We have treated our participants in the pension plans as participants in multiemployer plans and accordingly, we have not reflected any assets or liabilities related to the noncontributory defined benefit pension plans in our Consolidated Balance Sheets. It also shows the funded status of our plans. The funded status

Assumptions

The assumptions used in accounting for the plans are estimates of factors that will determine, among other things, the amount and timing of future benefit payments. The weighted average discount rate assumption used in the measurement of our postretirement benefit obligations, other than pensions, was 5.75% and 5.40% at December 31, 2006 and 2005, respectively.

Boise Paper Products

Notes to Consolidated Financial Statements (Continued)

14. Retirement and Benefit Plans (Continued)

The following table presents the assumptions used in the measurement of net periodic benefit cost:

	Pension Benefits				Other Benefits			
	Boise Paper Products		Predecessor	Predecessor	Boise Paper Products		Predecessor	Predecessor
	Year Ended Dec. 31, 2006	Year Ended Dec. 31, 2005			Oct. 29 (inception) through Dec. 31, 2004	Year Ended Dec. 31, 2006		
Weighted average assumptions as of the last day in the presented period								
Discount rate	5.60%	5.75%	5.75%	6.25%	5.40%	5.50%	5.75%	6.25%
Expected long-term rate of return on plan assets	7.25%	7.25%	7.25%	8.25%				
Rate of compensation increases	4.25%	4.25%	4.25%	4.25%				

Discount Rate Assumption. In all periods presented, the discount rate assumption was determined using a spot rate yield curve constructed to replicate Aa-graded corporate bonds. The plan's projected cash flows were duration-matched to this yield curve to develop an appropriate discount rate.

Asset Return Assumption. The expected long-term rate of return on plan assets was based on a weighted average of our expected returns for the major asset classes in which we invest. Expected returns for the asset classes are based on long-term historical returns, inflation expectations, forecasted gross domestic product, earnings growth, and other economic factors. The weights assigned to each asset class were based on the investment strategy.

Rate of Compensation Increases. This assumption reflects the long-term actual experience, the near-term outlook, and assumed inflation.

The following table presents our assumed healthcare cost trend rates at December 31, 2006 and 2005:

	2006	2005
Weighted average assumptions as of December 31		
Healthcare cost trend rate assumed for next year	6.00%	7.00%
Rate to which the cost trend rate is assumed to decline (the ultimate trend rate)	5.00%	5.00%
Year that the rate reaches the ultimate trend rate	2008	2008

Assumed healthcare cost trend rates effect the amounts reported for the healthcare plans. At December 31, 2006, a one-percentage-point change in our assumed healthcare cost trend rate would not significantly effect our total service or interest costs or our postretirement benefit obligation.

15. Equity Compensation

Equity compensation was granted to our employees under Boise Cascade and OfficeMax's equity compensation plans.

Boise Paper Products

Equity Units

In April 2006 and December 2004, key managers of Boise Paper Products and Boise Cascade corporate employees purchased, pursuant to the terms of a Management Equity Agreement (Equity Plan), 0.3 million and 13.9 million equity units in Forest Products Holdings, L.L.C. (FPH) at \$2.00 and \$1.00 per unit, respectively, which was approximately equal to the estimated fair value on the date of purchase. Those who purchased FPH's Series B equity units in April 2006 and December 2004 received grants of 5.3 million and 29.0 million, respectively, of FPH's Series C equity units (profit interests) that represent the right to participate in profits after capital is returned to the holders of FPH's Series B equity units. FPH's Series C equity units participate in equity value appreciation above a specified level. In addition, in April 2006, FPH issued 2.6 million 2006 Series C equity units of FPH to two other key managers and our four nonaffiliated directors for no consideration. We account for awards granted under the Equity Plan in our consolidated financial statements in accordance with SFAS No. 123(R).

Generally, the appreciation in the value of FPH's Series B equity units issued under the Equity Plan, and 50% of its Series C equity units vest 20% each year on December 31, 2005 through 2009. The other 50% of the Series C equity units generally vest at the end of 2009 if specific criteria tied to internal rates of return are met. Upon either the sale of the company as defined in the Equity Plan or an initial public offering, vesting is accelerated for all management investors. Other events may accelerate vesting for specifically affected management investors, but none of these events are within the control of the investor. The vesting schedules are shortened for managers who were at least 60 years old as of the grant date, so that the units fully vest by December 31 of the year in which the manager reaches age 65 and at least two vesting periods have been met. Vesting does not trigger a right or obligation on the part of FPH or us to repurchase equity units held by management investors.

We did not recognize compensation expense on the date of grant for the Series B equity units because the fair value of the units issued by FPH was equal to or less than the amount each employee was required to pay. The Series C equity units are accounted for as restricted stock. We accrue compensation expense for the Series C equity units based on the fair value on the date of the grant. Compensation expense is recognized ratably over the vesting period for the Series C equity units that vest over time and ratably over the award period for the units that vest based on internal rates of return. During the years ended December 31, 2006 and 2005, we recognized \$1.8 million and \$1.4 million, respectively, of compensation expense, most of which was recorded in "General and administrative expenses" in our Consolidated Statements of Income. Compensation expense was calculated based on the number of Series C units granted to employees of Boise Paper Products plus an allocation of expense related to the Series C units granted to corporate employees that serviced the paper business units. The allocation was based on average sales, assets, and labor costs. Management believes these allocations are reasonable. However, they are not necessarily indicative of costs to be incurred in the future.

Predecessor Period

Restricted Stock. In 2003, OfficeMax granted employees of Boise Paper Products and corporate employees servicing all OfficeMax business units 0.8 million shares of restricted stock. The weighted-average fair value of the restricted stock at the grant date was \$25.25. The restricted stock vested at the end of July 2006, provided, however, that if specific performance criteria were met, some or all of the restricted stock could vest earlier than July 2006, but generally no earlier than the end of

Boise Paper Products

Notes to Consolidated Financial Statements (Continued)

15. Equity Compensation (Continued)

January 2005. Under the terms of the original grant, all of the restricted stock awards granted to our employees under OfficeMax's stock compensation plan were 100% vested upon the Forest Products Acquisition, resulting in the acceleration of the recognition of \$1.8 million of expense in October 2004.

Boise Paper Products recognized compensation expense over the vesting period based on closing stock prices on the dates of grant. For the period of January 1 through October 28, 2004, we recognized \$7.0 million of pretax compensation expense. Compensation expense was calculated based on shares of restricted stock granted to employees of Boise Paper Products plus an allocation of expense related to restricted stock granted to corporate employees that serviced the paper business units. The allocation was based on average sales, assets, and labor costs. Management believes these allocations are reasonable. However, they are not necessarily indicative of costs to be incurred in the future.

Stock Options. For the period of January 1 through October 28, 2004, no options were granted to our employees.

16. Segment Information

We operate our business in the following three reportable segments: Paper, Packaging & Newsprint, and Corporate and Other. These segments represent distinct businesses that are managed separately because of differing products and services. Each of these businesses requires distinct operating and marketing strategies. Management reviews the performance of the company based on these segments. Historically, OfficeMax conducted their paper and packaging and newsprint businesses in one segment, Boise Paper Solutions. We have recast the financial statements of our predecessor to conform with our current segment presentation.

Our Paper segment manufactures and sells uncoated free sheet (including cut-size office papers, commercial printing paper, envelope papers, and a wide range of value-added papers), market pulp, and containerboard (corrugating medium). Many of our paper products are commodity products, while others have specialized features that make these products premium or specialty. Our premium and specialty grades include high-bright and colored cut-size office papers and custom-developed specialty papers for such uses as label and release. We sell to customers both directly from our mills and through distribution centers. In 2006, approximately 45% of our uncoated free sheet sales volume, including about 80% of our office papers sales volume, was sold to OfficeMax.

Our Packaging & Newsprint segment manufactures and sells containerboard (linerboard) and newsprint at our mill in DeRidder, Louisiana. We also operate five corrugated container plants in the Northwest and a sheet feeder plant in Waco, Texas, which we acquired in February 2006. Our corrugated containers are used in the packaging of fresh fruit and vegetables, processed food, beverages, and other industrial and consumer products. Our Waco plant, known as Central Texas Corrugated, or CTC, produces corrugated sheets that are sold to sheet plants in the region, where they are converted into corrugated containers for a variety of customers. Our containerboard and corrugated container products are sold by brokers or our own sales personnel. We market our newsprint through Abitibi-Consolidated (Abitibi) pursuant to an arrangement whereby Abitibi purchases all of the newsprint we produce at a price equal to the price at which Abitibi sells newsprint produced at its mills located in the southern United States, less associated expenses and a sales and marketing discount. The newsprint price is verified through a third-party review.

16. Segment Information (Continued)

Our Corporate and Other segment includes an allocation of Boise Cascade and OfficeMax's corporate support staff services, related assets and liabilities, and foreign exchange gains and losses.

The segments' profits and losses are measured on operating profits before interest. Specified expenses are allocated to the segments. For many of these allocated expenses, the related assets and liabilities remain in the Corporate and Other segment.

The segments follow the accounting principles described in Note 2, Summary of Significant Accounting Policies.

Sales to OfficeMax and Abitibi represent a concentration in the volume of business transacted and revenue generated from these transactions. Sales to OfficeMax were \$575.9 million and \$562.3 million during the years ended December 31, 2006 and 2005, representing 26% of total sales in both periods. For the period of October 29 (inception) through December 31, 2004, sales to OfficeMax were \$99.9 million and represented 28% of total sales. In the predecessor period, sales to OfficeMax were \$442.1 million and represented 26% of total sales. Sales to Abitibi represented 14%, 13%, 15%, and 13% of consolidated trade sales for the years ended December 31, 2006 and 2005, and the periods of October 29 (inception) through December 2004 and January 1 through October 28, 2004, respectively. No other single customer accounted for 10% or more of consolidated trade sales. Export sales to foreign unaffiliated customers were \$182.4 million, \$211.6 million, and \$29.1 million for the years ended December 31, 2006 and 2005, and the period of October 29 (inception) through December 31, 2004, respectively. For the period of January 1 through October 28, 2004, our predecessor's export sales were \$102.3 million. In all periods presented, net sales were generated domestically and long-lived assets were held by domestic operations.

- (f) EBITDA represents income (loss) before interest, income tax provision (benefit), and depreciation, amortization, and depletion. EBITDA is the primary measure used by our chief operating decision makers to evaluate segment operating performance and to decide how to allocate resources to segments. We believe EBITDA is useful to investors because it provides a means to evaluate the operating performance of our segments and our company on an ongoing basis using criteria that are used by our internal decision makers and because it is frequently used by investors and other interested parties in the evaluation of companies with substantial financial leverage. We believe EBITDA is a meaningful measure because it presents a transparent view of our recurring operating performance and allows management to readily view operating trends, perform analytical comparisons, and identify strategies to improve operating performance. For example, we believe that the inclusion of items such as taxes, interest expense, and interest income distorts management's ability to assess and view the core operating trends in our segments. EBITDA, however, is not a measure of our liquidity or financial performance under GAAP and should not be considered as an alternative to net income (loss), income (loss) from operations, or any other performance measure derived in accordance with GAAP or as an alternative to cash flow from operating activities as a measure of our liquidity. The use of EBITDA instead of net income (loss) or segment income (loss) has limitations as an analytical tool, including the inability to determine profitability; the exclusion of interest and associated significant cash requirements; and the exclusion of depreciation, amortization, and depletion, which represent significant and unavoidable operating costs, given the level of our indebtedness and the capital expenditures needed to maintain our businesses. Management compensates for these limitations by relying on our GAAP results. Our measures of EBITDA are not necessarily comparable to other similarly titled captions of other companies due to potential inconsistencies in the methods of calculation.

The following is a reconciliation of net income (loss) to EBITDA:

17. Commitments and Guarantees

Commitments

We have commitments for fiber, leases, and utilities. Our lease commitments are discussed further in Note 9, Leases. In addition we have purchase obligations for goods and services, capital expenditures, and raw materials entered into in the normal course of business.

At December 31, 2006, we estimate that we have a contractual obligation to purchase approximately \$147.1 million of fiber. This includes the obligations related to the long-term log and fiber supply agreements entered into in connection with the Timberlands Sale. Under most of the log and fiber supply agreements, we have the right to cancel or reduce our commitments in the event of a mill curtailment or shutdown. The prices under most of these agreements is set quarterly or semiannually based on regional market prices and the estimate is based on contract terms or first quarter 2007 pricing. Our log and fiber obligations are subject to change based on, among other things, the effect of governmental laws and regulations, our manufacturing operations not operating in the normal course of business, log and fiber availability, and the status of environmental appeals. Except for deposits required pursuant to wood supply contracts, these obligations are not recorded in our consolidated financial statements until contract payment terms take effect.

We enter into utility contracts for the purchase of electricity and natural gas. We also purchase these services under utility tariffs. The contractual and tariff arrangements include multiple-year commitments and minimum annual purchase requirements. At December 31, 2006, we had approximately \$33.3 million of utility purchase commitments. These payment obligations were valued at prices in effect on December 31, 2006, or contract language, if available. Because we consume the energy in the manufacture of our products, these obligations represent the face value of the contracts, not resale value.

Pursuant to an Additional Consideration Agreement between OfficeMax and us, Boise Cascade may be required to make substantial cash payments to, or receive substantial cash payments from, OfficeMax. Under the Additional Consideration Agreement, the purchase price paid for the forest products and paper assets may be adjusted upward or downward based on paper prices during the six years following the Forest Products Acquisition, subject to annual and aggregate caps. Neither party will be obligated to make a payment under the Additional Consideration Agreement in excess of \$45 million in any one year. Payments are also subject to an aggregate cap of \$125 million that declines to \$115 million in the fifth year and \$105 million in the sixth year. After each anniversary of the Forest Products Acquisition, Boise Cascade reviews paper prices with the provisions of the Additional Consideration Agreement to determine whether any amounts are owed or receivable under the agreement. For the first and second anniversary periods, which ended October 29, 2005 and 2006, neither Boise Cascade nor OfficeMax owed additional consideration for the purchase price.

Guarantees

We provide guarantees, indemnifications, and assurances to others, which constitute guarantees as defined under FIN No. 45, *Guarantor's Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees of Indebtedness of Others*.

Although the accompanying consolidated financial statements do not include an allocation of Boise Cascade Holdings, L.L.C., debt, Boise Paper Products, and its respective direct and indirect domestic subsidiaries, excluding foreign subsidiaries and Birch Creek, are parties to a second amended and

restated Credit Agreement dated as of November 3, 2006, with JPMorgan Chase Bank, as Administrative Agent, and certain lenders named therein and to a related Guarantee and Collateral Agreement of the same date (collectively the Bank Credit Agreements). Boise Cascade, L.L.C. (Boise LLC), a wholly owned direct subsidiary of Boise Cascade Holdings, L.L.C., acts as borrower under the Bank Credit Agreements for the \$538.9 million Tranche D term loan and a \$475.0 million revolving credit facility that had no outstanding balance at December 31, 2006, and contingent reimbursement obligations in respect of \$42.8 million of standby letters of credit issued under the revolving facility. Boise LLC's loans and reimbursement obligations are guaranteed by Boise Paper Products along with Boise Cascade Holdings, L.L.C., and each of their respective domestic subsidiaries (other than Boise LLC and Birch Creek).

Boise LLC and its wholly owned subsidiary, Boise Cascade Finance Corporation, have jointly issued \$250.0 million of senior unsecured floating-rate notes due in 2012 and \$400.0 million of 7.125% senior subordinated notes due in 2014. The senior notes are guaranteed on a senior basis and the subordinated notes on a subordinated basis by Boise Paper Products along with Boise Cascade Holdings, L.L.C., and each of their respective domestic subsidiaries, excluding foreign subsidiaries of Boise Cascade Holdings, L.L.C., and Birch Creek, other than Boise LLC and Boise Cascade Finance Corporation, which are the issuers of the notes.

Amendment and Restatement

On May 3, 2007, Boise LLC amended and restated the Bank Credit Agreements which reduced the size of the revolving credit facility from \$475 million to \$450 million. They borrowed \$525 million under a new Tranche E term loan (which matures in April 2014) and used the proceeds to repay the Tranche D term loan in full. In addition, Boise LLC obtained \$200 million of commitments for a delayed-draw term loan that they plan to use to refinance the majority of the existing \$250 million senior floating rate notes due 2012 when they become callable at par on October 15, 2007.

18. Legal Proceedings and Contingencies

Legal Proceedings

We are a party to routine legal proceedings that arise in the course of our business. We are not currently a party to any legal proceedings or environmental claims that we believe would have a material adverse effect on our financial position, results of operations, or cash flows.

Contingencies

We market our newsprint through Abitibi pursuant to an arrangement whereby Abitibi purchases all of the newsprint we produce at a price equal to the price at which Abitibi sells newsprint produced at its mills located in the southern United States, less associated expenses and a sales and marketing discount. The term of the agreement runs from January 1, 2004 through December 31, 2013. However, effective on or any time after December 31, 2008, either party may terminate the agreement on one year's prior written notice. At any time, we may reduce our production of newsprint by giving one year's prior written notice.

Under the agreement, Abitibi is obligated to buy all of the newsprint produced at our DeRidder mill. There is an early termination provision that allows either party to terminate the agreement on

Boise Paper Products**Notes to Consolidated Financial Statements (Continued)****18. Legal Proceedings and Contingencies (Continued)**

90 day's notice if we reach an agreement to sell our newsprint operations to a company in the newsprint business or if Abitibi reasonably withholds its consent to an assignment of the contract by us. If the early termination provision is triggered, Abitibi would have the option to buy up to 300,000 tons of newsprint from the DeRidder mill over a two-year period. Also, we would be obligated to pay Abitibi \$2.5 million upon the closing of such sale.

Abitibi also has an option to terminate with similar terms in the event they purchase a U.S. newsprint mill and have a government order requiring them to reduce capacity. The provision is essentially a mirror image of the above provision. We would be paid \$2.5 million, and we would have an option to cause Abitibi to purchase up to 300,000 tons of Newsprint over a two-year period. If a government entity requires the divestiture to take place in less than two years, the number of months and tons is reduced proportionately.

Independent Auditors' Report

The Board of Directors
of Boise Cascade Holdings, L.L.C.:

We have audited the accompanying consolidated balance sheets of Boise Paper Products as of December 31, 2006 and 2005, and the related consolidated statements of income (loss), capital, and cash flows for each of the years ended December 31, 2006 and 2005, and for the period from October 29 (Inception) through December 31, 2004, and for the Predecessor Boise Paper Products the related consolidated statements of income (loss), capital, and cash flows for January 1 through October 28, 2004. These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Boise Paper Products as of December 31, 2006 and 2005, and the results of their operations and their cash flows for each of the years ended December 31, 2006 and 2005, and for the period from October 29 (Inception) through December 31, 2004, and for the Predecessor Boise Paper Products the results of their operations and their cash flows for January 1 through October 28, 2004, in conformity with U.S. generally accepted accounting principles.

As discussed in Note 1 to the financial statements, the Company adopted EITF 04-13, *Accounting for Purchases and Sales of Inventory With the Same Counterparty* for the year ended December 31, 2006. The Company also adopted FIN No. 47, *Accounting for Conditional Asset Retirement Obligations - an interpretation of FASB Statement No. 143* in December 2005.

During the thirty (30) days immediately following the expiration of the twenty (20) day period specified in the first sentence of this *Section 1E(ii)*, Buyer and Seller shall seek in good faith to resolve in writing any differences which they may have with respect to any matter specified in such Notice of Disagreement, and all such discussions related thereto shall (unless otherwise agreed by Buyer and Seller in writing) be governed by Rule 408 of the Federal Rules of Evidence and any applicable similar state rule.

(iii) At the end of such thirty (30) day period specified in *Section 1E(ii)*, Buyer and Seller shall submit to Ernst & Young LLP or, if they cannot or will not serve, such other independent accounting firm as may be mutually agreed to by Buyer and Seller (the "*Accounting Firm*") for review and resolution of any and all matters (but only such matters) which remain in dispute and which were properly included in any Notice of Disagreement. Buyer and Seller shall instruct the Accounting Firm to, and the Accounting Firm shall, make a final determination of the items included in the Company Closing Balance Sheet, the Buyer Closing Balance Sheet, the Company Closing Statement and the Buyer Closing Statement (to the extent such amounts are in dispute) in accordance with the guidelines and procedures set forth in this Agreement. Buyer and Seller shall cooperate with the Accounting Firm during the term of its engagement. Buyer and Seller shall

instruct the Accounting Firm not to, and the Accounting Firm shall not, assign a value to any item in dispute greater than the greatest value for such item assigned by Buyer, on the one hand, or Seller, on the other hand, or less than the smallest value for such item assigned by the Buyer, on the one hand, or Seller, on the other hand. The Buyer and Seller shall also instruct the Accounting Firm to, and the Accounting Firm shall, make its determination based solely on presentations by the Buyer and Seller which are in accordance with the guidelines and procedures set forth in this Agreement (*i.e.*, not on the basis of an independent review). The Company Closing Balance Sheet, the Buyer Closing Balance Sheet, the Company Closing Statement and the Buyer Closing Statement, and the resulting calculation of Closing Purchase Price shall become final and binding on the parties hereto on the date the Accounting Firm delivers its final resolution in writing to Buyer and Seller (which final resolution shall be requested by the parties to be delivered not more than forty-five (45) days following submission of such disputed matters). The fees and expenses of the Accounting Firm pursuant to this *Section 1E(iii)* shall be borne equally by Seller and Buyer.

(iv) If the Estimated Closing Purchase Price is less than the Closing Purchase Price as finally determined under this *Section 1E* (such shortfall, the "*Adjustment Amount*"), Buyer shall, within five (5) Business Days after the Closing Purchase Price becomes final and binding on the parties under this *Section 1E*, make payment to Seller of the Adjustment Amount by delivering to Seller (or causing Buyer Sub to deliver to Seller), at no cost or expense, a number of shares of Buyer Common Stock equal to the quotient determined by *dividing* (1) an amount equal to the Adjustment Amount by (2) the Average Trading Price, such shares to be registered in Seller's and/or its designee(s)'s name. If the Estimated Closing Purchase Price is greater than the Closing Purchase Price as finally determined under this *Section 1E* (such excess, the "*Excess Amount*"), Seller shall, within five (5) Business Days after the Closing Purchase Price becomes final and binding on the parties under this *Section 1E*, make payment to Buyer of the Excess Amount by delivering to Buyer for cancellation certificates for a number of shares of Buyer Common Stock which, when multiplied by the Average Trading Price equals the Excess Amount.

(v) Buyer agrees that following the Closing it will not take any, or permit any of its Subsidiaries to take any, actions with respect to the accounting books, records, policies and procedures of Buyer and its Subsidiaries (including any member of the Paper Group or any of its Subsidiaries) that is intended to obstruct or prevent the preparation of the Company Closing Statement as provided in this *Section 1E*. The parties agree that, from and after the Closing, the provisions of this *Section 1E* and the arbitration provisions contemplated hereby shall be the exclusive remedy and exclusive forum of the parties with respect to the matters that are or that may be addressed through the working capital adjustment contemplated hereby.

1F. *Adjustment to Buyer Common Stock Deliverable to Seller.*

(i) Notwithstanding any provision herein to the contrary, if any payment by Buyer and/or Buyer Sub to Seller under this Agreement consisting of shares of Buyer Common Stock (e.g., *Section 1C(ii)* and *Section 1E(iv)*) would result in Seller and its Affiliates (at the time of any such contemplated payment and calculated assuming the repurchase and cancellation by Buyer of all shares of Post-Closing Buyer Common for which Conversion Rights have been exercised) collectively holding more than 49.00% of the Post-Closing Buyer Common, then (A) in lieu of delivering to Seller the portion of any such payment consisting of the aggregate number of shares of Buyer Common Stock which would result in Seller and its Affiliates (at the time of any such contemplated payment and calculated assuming the repurchase and cancellation by Buyer of all shares of Post-Closing Buyer Common for which Conversion Rights have been exercised) collectively holding more than 49.00% of Post-Closing Buyer Common (such number of shares of Buyer Common Stock that would cause Buyer to hold more than 49.00% of the Buyer Post-Closing Common, as determined by Seller in good faith, the "*Cash Pay Shares*"), but without limiting any other payment due to Seller, Buyer shall, within 5 Business Days following the date on which any such payment consisting of Cash Pay Shares is otherwise required to be made

hereunder, at its election, either (1) pay to Seller an amount in cash equal to the product of (x) the aggregate number of Cash Pay Shares and (y) the Average Trading Price (such product, the "Alternative Payment Amount") or (2) deliver to Seller an Acceptable Note in an aggregate principal amount equal to the Alternative Payment Amount, and (B) Buyer shall deliver to Seller as and when due the remaining portion of any such payment consisting of the aggregate number of shares of Buyer Common Stock which are not converted into the right to receive the cash payment contemplated by the foregoing clause (A) of this *Section 1F(i)* (e.g., other than the Cash Pay Shares). To the extent not paid in cash or delivery of the Acceptable Note within such five (5) Business Day period, interest shall accrue on the Alternative Payment Amount at a rate per annum equal to the Acceptable Note Rate until such Alternative Payment Amount, together with such accrued but unpaid interest, is paid in full to Seller in accordance with the immediately foregoing sentence and, if paid in cash, shall be paid together with such accrued but unpaid interest and, if paid by delivery of the Acceptable Note, the "Alternative Payment Amount" for purposes of determining the principal amount of such Acceptable Note shall be increased by the accrued but unpaid interest on such Alternative Payment Amount. For purposes of this Agreement, "*Post-Closing Buyer Common*" means the aggregate number of issued and outstanding shares of Buyer Common Stock as of immediately after the Closing (taking into account the shares of Buyer Common Stock issued to Seller under this Agreement at the Closing (as the same may be adjusted pursuant to this *Section 1F*), but (x) excluding any and all shares of Buyer Common Stock issued upon exercise of the Buyer Warrants and any and all shares of Buyer Common Stock issued to any officers or employees of Buyer and/or any of its post-Closing Affiliates and (y) calculated assuming the repurchase and cancellation by Buyer of all shares of Post-Closing Buyer Common for which Conversion Rights have been exercised).

(ii) When used herein, an "*Acceptable Note*" means a transferable unsecured promissory note issued by Buyer and each of its Domestic Subsidiaries to Seller reflecting Buyer's and such Domestic Subsidiaries' joint and several obligation to pay the Alternative Payment Amount to Seller, together with interest thereon, and including the following terms and conditions: (A) Seller's rights to receive amounts pursuant to the Acceptable Note shall be contractually subordinated only to the principal and interest repayment obligations of Buyer and Buyer Sub with respect to the aggregate amount of debt financing raised at Closing, without any refinancing thereof, and such subordination provisions shall be in form and substance reasonably satisfactory to Seller; (B) Buyer and its Domestic Subsidiaries shall be entitled to prepay the Acceptable Note in whole or in part in cash at any time without penalty; (C) interest shall accrue on unpaid balances under the Acceptable Note at a rate per annum (the "*Acceptable Note Rate*") that is 200 basis points higher (and a default rate of interest that is 400 basis points higher) than the highest interest rate payable by Buyer and its Subsidiaries with respect to the debt financing raised by Buyer and its Domestic Subsidiaries at Closing in connection with the Closing and shall be paid quarterly in cash (and, to the extent not so paid in cash in any quarter, will accrue and compound); (D) all principal and other obligations outstanding under any such Acceptable Note shall become immediately due and payable upon the earliest to occur of (1) 181 days after the scheduled maturity of the latest maturity date of the debt financing raised by Buyer and its Subsidiaries at Closing, (2) upon any change-of-control (to be defined as mutually agreed) of Buyer or Buyer Sub, (3) upon any refinancing of the debt financing outstanding as of immediately after the Closing and (4) upon other customary repayment events and events of default (including cross-defaults under the Debt Financing agreements); and (E) other terms and provisions in form and substance reasonably satisfactory to Buyer and Seller.

(iii) Promptly after Buyer and/or Buyer Sub have received Debt Commitment Letters executed by the counterparties thereto or have otherwise received the debt financing for the transactions contemplated hereby, at the request of either Buyer or Seller, the parties shall work together in good faith to develop a form of Acceptable Note that is consistent with this *Section 8F* and

otherwise reasonably satisfactory to each of them. Buyer and Buyer Sub shall be jointly and severally responsible for Buyer's payment obligations under this *Section 1F*.

After the Closing, to the extent permitted by such Available Insurance Policies, Seller shall, or shall cause its Affiliates to, permit and assist the members of the Paper Group to, in so far as is commercially practicable, submit such Covered Paper Group Claims for processing in accordance with the Available Insurance Policies to the same extent as the members of the Paper Group were entitled prior to the Closing. It is understood and agreed that Buyer shall be responsible for satisfying any deductibles, self-insured retentions and other retained amounts on insurance coverage with respect to such Covered Paper Group Claims. Seller and its Subsidiaries shall provide Buyer and the Paper Group with reasonable cooperation regarding the processing of each Covered Paper Group Claim. Seller shall provide Buyer with 30 days' prior written notice of cancellation of any Available Insurance Policy (other than an expiration in accordance with its terms).

Buyer and its Subsidiaries shall provide Seller and Seller's Post-Closing Affiliates with reasonable cooperation regarding the processing of any Covered Seller Claim. Buyer shall provide Seller with 30 days' prior written notice of cancellation of any Transferred Insurance Policy (other than an expiration in accordance with its terms).

Buyer and Buyer Sub each agrees that, from the date of this Agreement until the earlier of the Closing Date and the date that this Agreement is terminated in accordance with its terms, neither of them shall enter into any negotiations or any agreement regarding a "business combination" (as defined in Buyer's certificate of incorporation), other than the Purchase and Sale Transaction contemplated by this Agreement.

3F. *Certain Provisions Regarding Accounts Receivable and Certain Liabilities.*

(i) *Receivables Securitization Facility.* Seller shall take such action such that, from and after Closing, no accounts receivable of the Company, the Paper Companies or any of their Subsidiaries are required to be sold into the receivables securitization facility of Seller and its Subsidiaries; *provided* that, for purposes of computing Estimated Company Closing Net Working Capital and Company Closing Net Working Capital, accounts receivable shall not include any accounts receivable which have been sold by Seller or any of its Subsidiaries to their receivables securitization facility unless such receivables have been repurchased by Seller or one of its Affiliates prior to Closing. Subject to having such accounts released from obligations with respect to Seller's receivables securitization facility, Seller shall use reasonable best efforts to assign to the Company, the Paper Companies and their respective Subsidiaries, lock box accounts that are exclusive to the Company, the Paper Companies and their Subsidiaries. (ii) *Pre-Closing Receivables.* Each of Buyer and Buyer Sub acknowledges that certain accounts receivable of Seller and its Subsidiaries generated prior to the Adjustment Calculation Time with respect to the Business are and may be from customers of Seller and its Subsidiaries that are also customers of Seller's Other Businesses and such accounts receivable may be paid into accounts of Seller or its post-Closing Affiliates after the Adjustment Calculation Time as part of consolidated invoices of Seller and its Affiliates or for some other reason (including such invoice was processed for payment to Seller prior to Closing). To the extent such accounts receivable are included as part of Company Closing Net Working Capital and are paid to Seller or one of its post-Closing Affiliates after the Adjustment Calculation Time, Seller shall remit such cash to Buyer promptly (but in any event within 10 Business Days) after receipt thereof. To the extent that any such accounts receivable (including such accounts receivable generated from the Business) are not included in the computation of Company Closing Net Working Capital, (x) Seller and its post-Closing Affiliates shall retain all rights to such accounts receivable and be entitled to retain any cash received in respect thereof and (y) Buyer shall, and shall cause its Subsidiaries (including the Paper Group and their respective Subsidiaries) to, promptly (but in any event within 10 Business Days) after receipt thereof, pay over to Seller and its post-Closing Affiliates all amounts received or collected by Buyer or any of its Subsidiaries in respect of such accounts receivable.

(iii) *Post-Closing Receivables.* To the extent that any cash or asset to be retained by Seller is not paid or distributed to Seller or its post-Closing Affiliates prior to Closing and, after the Closing, any amount is paid to or received by Buyer, any member of the Paper Group or any of their respective Subsidiaries in respect of such cash or other asset, Buyer shall, or shall cause the Paper Group or any of their respective Subsidiaries to, pay to Seller or its designee the amount so received. If the Closing occurs, all cash collected after the Adjustment Calculation Time from notes and accounts receivable of Buyer and its Subsidiaries generated after the Adjustment Calculation Time from the conduct of the Business after the Adjustment Calculation Time by the members of the Paper Group and their respective Subsidiaries shall belong to, and if received by Seller or any of its post-Closing Affiliates shall be received for the benefit and the account of, Buyer, and Seller shall, and shall cause its post-Closing Affiliates to, promptly (but in any event within 10 Business Days) after receipt thereof, transfer and remit to Buyer all such amounts received by or paid to Seller or any such Affiliate. All cash collected from and after the Closing from notes and accounts receivable of Seller and its Affiliates

relating to Seller's Other Businesses shall belong to (and if received by Buyer or any of its Affiliates, shall be received for the benefit and the account of) Seller, and Buyer shall, and shall cause its Affiliates to, promptly (but in any event within 10 Business Days) after receipt thereof, transfer and remit to Seller all such amounts received by or paid to Buyer or any such Affiliate after the Closing.

(iv) *Certain Liabilities.* To the extent that, prior to the Adjustment Calculation Time, any check that was written by Seller or any of its Subsidiaries (including the members of the Paper Group and their respective Subsidiaries) has not cleared in respect of the Business, but the liability in respect thereof is not included in the computation of Company Closing Net Working Capital, then Seller shall pay to the payee thereof (or, to the extent paid by Buyer or one of its Subsidiaries (including, after the Closing, the Paper Group and its Subsidiaries) shall reimburse Buyer and its Subsidiaries for) the amount of such check so paid (in the case of reimbursement to Buyer for such check) or so owed (in the case of payment to the obligee of such check). Except as set forth in the immediately foregoing sentence, from and after the Closing, Buyer shall, and shall cause its Subsidiaries (including Buyer, the members of the Paper Group and their respective Subsidiaries) to, pay and perform when due or obligated, all Business Liabilities.

3G. *Proxy Statement; Buyer Shareholder Approval.*

(i) Buyer shall as promptly as practicable following the date of this Agreement (and whether or not Debt Commitment Letters have then been received) prepare and cause to be filed with the Securities and Exchange Commission (the "SEC"), a proxy statement in preliminary form or such other form, statement or report as may be required under applicable laws (together with all amendments thereof or supplements thereto, the "Proxy Statement") relating to a shareholders meeting (the "Shareholder Meeting") to be held by Buyer to obtain the Buyer Shareholder Approval (as hereinafter defined) and shall use its reasonable best efforts to obtain the clearance by the SEC of such Proxy Statement on and subject to the terms of this *Section 3G* as promptly as practicable following the date hereof; *provided* that Seller shall be primarily responsible for the preparation of all required information for inclusion in the Proxy Statement with respect to the Business and shall deliver such information to Buyer as promptly as practicable following the date of this Agreement for inclusion in the Proxy Statement. On and subject to the terms of this *Section 3G*, unless otherwise agreed by Seller in writing, Buyer shall (a) mail the Proxy Statement to Buyer's stockholders as promptly as practicable (but in no event later than five (5) Business Days) after the date on which the Proxy Statement has been cleared by the SEC (or such shorter time after clearance as may be needed such that the financial information does not need to be updated to comply with Regulation S-X), and (b) duly call, give notice of, convene and hold the Shareholder Meeting not more than 25 days after mailing of the Proxy Statement (without adjournment) and solicit proxies as promptly as reasonably practicable in accordance with applicable law for the purpose of seeking Buyer Shareholder Approval once the Proxy Statement has been cleared by the SEC.

(ii) When used herein, "*Buyer Shareholder Approval*" shall mean collectively, (A) the affirmative vote in favor of the transactions contemplated by this Agreement by the holders of at least a majority of the shares of common stock of Buyer issued in Buyer's initial public offering (the "*IPO Shares*") that are present and entitled to vote at the Shareholder Meeting, and other shareholders of the Buyer shall have voted their shares in the same manner as such holders of IPO Shares, in accordance with, and as required by, the Buyer Charter Documents, (B) the affirmative vote of Buyer's shareholders necessary under the Buyer Charter Documents and applicable law necessary to cause the directors of the Buyer as of the Effective Time to consist of the following individuals: Nathan Leight, Jason Weiss, Jonathan W. Buyer's Certificate of Incorporation to increase the number of authorized shares of Buyer Common Stock to a number sufficient to satisfy Buyer's obligations under this Agreement with respect to the issuance of Buyer Common Stock and which Buyer Closing Certificate of Incorporation shall be duly filed by Buyer with the Secretary of State for the State of Delaware and become effective under the laws of the State of Delaware no later than immediately prior to the Closing, (D) the affirmative vote of Buyer's shareholders necessary to approve and adopt the amendment and restatement of the Buyer Closing Certificate of Incorporation in form attached hereto as *Exhibit O* (as so amended and restated, the "*Buyer Post-Closing Certificate of Incorporation*"), which Buyer Post-Closing Certificate of Incorporation shall be duly filed by Buyer with the Secretary of State for the State of Delaware promptly following the Closing and become effective under the laws of the State of Delaware no earlier than immediately after the Closing and no later than the close of business on the Closing Date and (x) until such time, Buyer covenants and agrees that no other amendment and/or modification to the Buyer Closing Certificate of Incorporation shall have been made or effected and (y) from and after the effectiveness of the Buyer Post-Closing Certificate of Incorporation, such certificate shall not thereafter be amended or modified except to the extent not in contravention of the terms of the Investor Rights Agreement, (E) the affirmative vote of Buyer's shareholders (if any) necessary to approve and adopt the amendment and restatement of the Buyer's Bylaws in form attached hereto as *Exhibit P* (as so amended and restated, the "*Buyer Post-Closing Bylaws*"), which Buyer Post-Closing Bylaws shall become effective under the laws of the State of Delaware no later than immediately following the Closing, and (F) the affirmative vote of Buyer's shareholders to approve and adopt any long-term management incentive plan approved by Seller and Buyer prior to the date that the Proxy Statement is mailed (with it being understood and agreed that Buyer shall not be deemed in breach of any of its representations, warranties or covenants herein solely by virtue of the approval of such long-term management incentive plan).

(iii) Buyer agrees that the Proxy Statement will comply in all material respects with all of the requirements of the Exchange Act and Buyer shall use its reasonable best efforts to seek to ensure that the Proxy Statement will not contain any untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary in order to make the statements therein, in light of the circumstances under which they were made, not misleading, except that no representation or warranty is made by Buyer with respect to information supplied in writing by Seller expressly for inclusion in the Proxy Statement. Buyer shall promptly correct any information provided by it for use in the Proxy Statement if and to the extent that such information becomes false or misleading and Buyer shall take all steps necessary to cause the Proxy Statement as so corrected to be filed with the SEC and disseminated to its shareholders (as and to the extent required by the Securities Act or the Exchange Act) and to Seller. Buyer shall give Seller and its counsel a reasonable opportunity (but no more than five Business Days, unless a longer period of review is reasonably requested by Seller) to review and comment on the Proxy Statement (and any amendments or supplements thereto) and will give due consideration to any changes thereto reasonably requested by Seller. Buyer will provide to Seller and its counsel any comments that Buyer or its counsel may receive from the SEC or its staff, whether written or oral, with respect to the Proxy Statement promptly after receipt of any such comments. Buyer will use its reasonable best efforts to respond promptly to any comments received from the SEC or its staff, in each case after consultation with Seller and compliance with the terms hereof with respect to the preparation of the Proxy Statement and any amendments or supplements thereto.

(iv) Seller will use its reasonable best efforts to seek to ensure that none of the information regarding Seller or its Subsidiaries supplied by Seller, its representatives, or any Subsidiary expressly for inclusion in the Proxy Statement (including any information included in the Financial Statements or other financial information of the Business supplied by Seller and required to be included in the Proxy Statement) will contain any untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary in order to make the statements

therein in light of the circumstances under which they were made, not misleading. If at any time prior to Closing, a change in such information which would make the preceding sentence incorrect should be discovered by Seller, Seller will promptly notify Buyer of such change. Upon receipt of such notice, Buyer shall promptly correct any such information in the Proxy Statement and shall take all steps necessary to cause the Proxy Statement as so corrected to be filed with the SEC and disseminated to its shareholders (as and to the extent required by the Exchange Act). Seller and its representatives agree to reasonably cooperate with Buyer in its preparation of the Proxy Statement and the filing of the Proxy Statement with the SEC.

Buyer and Buyer Sub each agrees that the Phase I Reports and the information contained therein are subject to the confidentiality restrictions set forth in *Section 8C* hereof. All fees and expenses of the environmental consultants related to such Phase I Reports shall become due and payable upon the earlier to occur of the Closing and the termination of this Agreement in accordance with its terms and shall be treated as Shared Expense Amount, with each of Seller and Buyer responsible for its Responsible Share Percentage multiplied by fees and expenses related to the Phase I Reports; *provided* that Seller's obligations pursuant to clause (y) foregoing shall be deemed satisfied at the Closing to the extent any such fees and expenses are deducted from the Equity Value Amount (including through the calculation of Shared Expense Amount), in which case Buyer and Buyer Sub shall be responsible for paying all such fees and expenses. 8E. *Consents.* To the extent that any contract or permit is not by its terms assignable or requires the consent of a third party or Governmental Entity in connection with the transactions contemplated herein, the execution and delivery of this Agreement shall not constitute a transfer, contribution or assignment thereof, an attempted transfer, contribution or assignment thereof, or an agreement to effect such transfer, contribution or assignment, if such transfer, contribution or assignment, attempted transfer, contribution or assignment, or agreement would constitute a breach thereof. Prior to Closing, each of Buyer and Seller shall use reasonable best efforts to obtain consents of third parties and Governmental Entities in connection with the transactions contemplated hereby and all fees and expenses related to all third party consents and Governmental Entities in connection with the transactions contemplated hereby (including with respect to Shared Contracts) shall be paid by the parties in accordance with their Responsible Share Percentages (with it being understood and agreed that, unless one party agrees to bear the portion of the consent fee or expense in excess thereof, any consent fee or expense in excess of \$5,000 shall not be agreed to without the consent of both parties); *provided* further that Seller's obligations pursuant to this sentence shall be deemed satisfied at the Closing to the extent any such fees and expenses are deducted from the Equity Value Amount (including through the calculation of Shared Expense Amount), in which case Buyer and Buyer Sub shall be responsible for paying all such fees and expenses. Buyer acknowledges that, without hereby waiving the condition set forth in *Section 2A(v)* of this Agreement, certain consents in connection with the transactions contemplated hereby may not be obtained by the parties prior to Closing and Seller and its Subsidiaries shall not be obligated to transfer, contribute or assign (or cause to be transferred, contributed or assigned), in whole or in part, any contract, permit or other asset to Buyer or any member of the Paper Group until such time as all consents of any Person or Governmental Entity necessary for the legal transfer and/or assumption thereof are obtained or delivered. If the transfer, sale or assignment of any contract, permit or other asset intended to be transferred, contributed or assigned hereunder, in whole or in part, is not consummated at the Closing, then Seller and its Subsidiaries shall, unless otherwise agreed in writing by Buyer, thereafter hold such contract, permit or other asset for the use and benefit, insofar as commercially reasonably practicable and to the extent it may lawfully do so, of Buyer (at Buyer's expense), but only to the extent of the portion of such contract, permit or other asset that is to be transferred, contributed or assigned in accordance with this Agreement. In addition, to the extent permitted by law and to the extent otherwise permissible in light of the terms of such contract, permit or other asset, Seller and its Subsidiaries retaining such contract, permit or other asset shall take such other actions in order to place Buyer and the Paper Group, after the Closing, insofar as commercially reasonably practicable and to the extent it may lawfully do so, in the same position as if such contract, permit or other asset had been transferred, contributed or assigned as contemplated hereby and so that all the benefits and burdens relating to such contract, permit or other asset, including possession, use, risk of loss, potential for gain, and dominion, control and command over such asset, are to inure from and after the Closing Date to Buyer and the Paper Group. To the extent permitted by law and to the extent otherwise permissible in light of the terms of such contract, permit or other asset, Buyer shall be entitled to, and shall be responsible for, the management and the benefits and burdens of any contract, permit, or other asset not yet transferred, contributed or assigned to them as a result of a consent of another Person or Governmental Entity having not yet been obtained. Each of the parties hereto agrees that until a contract, permit or other asset is transferred, contributed, or assigned to Buyer, Buyer shall indemnify and hold harmless Seller and its Subsidiaries from such liabilities as though such contract, permit or other asset had been transferred, contributed or assigned at the Closing. If any consent necessary for the transfer, contribution or assignment of a contract, permit or other asset is obtained after the Closing, the transfer, contribution and/or assumption of the applicable contract, permit or other asset shall be

promptly effected in accordance with the terms of this Agreement, without payment of additional consideration.

8F. *Reasonable Best Efforts.* Subject to the terms of this Agreement (including the limitations set forth in *Section 8E* and this *Section 8F*), each of Buyer, Buyer Sub, Seller and the members of the Paper Group shall use its reasonable best efforts to cause the Closing to occur. The "reasonable best efforts" of the parties hereto shall not require any party or any of its Subsidiaries, Affiliates or representatives to expend any money to remedy any breach of any representation or warranty hereunder, to commence any litigation or arbitration proceeding, to offer or grant any material accommodation (financial or otherwise) or pay any material consent fee to any third party, to provide seller financing for the transactions contemplated hereby or to obtain any consent or approval from a Governmental Entity or other Person required for the transactions contemplated hereby (other than, with respect to Buyer and Buyer Sub, the Buyer Shareholder Approval); *provided* that if (i) Seller or any of its Subsidiaries or Affiliates elects to remedy any breach of any of Seller's and/or the Paper Group's representations and warranties prior to Closing, neither Seller nor any member of the Paper Group shall be deemed to be in breach of such representation or warranty for purposes of determining Buyer's and Buyer' Sub's obligations to consummate the transactions contemplated hereby pursuant to *Section 2B* and (ii) Buyer or any of its Subsidiaries or Affiliates elects to remedy any breach of any of Buyer's and/or Buyer Sub's representations and warranties prior to Closing, neither Buyer nor Buyer Sub shall be deemed to be in breach of such representation or warranty for purposes of determining Seller's and the Paper Group's obligations to consummate the transactions contemplated hereby pursuant to *Section 2C*.

8G. *Regulatory Act Compliance.* Buyer and Seller shall each file or cause to be filed promptly following the date hereof (but in any event within thirty (30) days after date hereof), any notifications or the like required to be filed under the HSR Act and other anti-competition laws with respect to the transactions contemplated hereby. With respect to filings under the HSR Act, each of Buyer and Seller shall seek early termination of the waiting period under the HSR Act. Buyer and Seller shall use their respective reasonable best efforts to respond to any requests for additional information made by any agencies and to cause the waiting periods or other requirements under the HSR Act and all other applicable anti-competition laws to terminate or expire at the earliest possible date and to resist in good faith, at each of their respective cost and expense (including the institution or defense of legal proceedings), any assertion that the transactions contemplated hereby constitute a violation of the antitrust laws, all to the end of expediting consummation of the transactions contemplated hereby. Each of Buyer and the Seller shall consult with the other prior to any meetings, by telephone or in person, with the staff of the Federal Trade Commission, the United States Department of Justice or any other regulatory agency, and each of Buyer and Seller shall have the right to have a representative present at any such meeting. Each of Buyer and Seller shall promptly notify the other after becoming aware of any foreign antitrust or similar approval is required for consummation of the transactions contemplated hereby. Buyer and Seller shall each pay their Responsible Share Percentage of the filing fees for any filings under the HSR Act and pay such fees as they become due and payable; *provided* that Seller's obligations pursuant to this sentence shall be deemed satisfied at the Closing to the extent any such fees and expenses are deducted from the Equity Value Amount (including through the calculation of Shared Expense Amount), in which case Buyer and Buyer Sub shall be responsible for paying all such fees and expenses. If a party pays an amount in excess of what it is required to pay pursuant to the foregoing sentence, it shall be entitled to reimbursement from the other party of such other party's share.

8H. *Further Assurances.* From time to time, as and when requested by any party, each party shall execute and deliver, or cause to be executed and delivered, all such documents and instruments and shall take, or cause to be taken, all such further or other actions, as such other party may reasonably deem necessary or desirable to consummate the transactions contemplated by this Agreement on the terms herein described.

8I. *Tax Matters.*

(i) Notwithstanding any other provision of this Agreement, with respect to any and all Transfer Taxes arising out of or in connection with the transactions effected pursuant to this Agreement, (a) the party charged by law with the duty of filing Tax Returns and making other filings shall do so in accordance with such laws and (b) each of Buyer and Seller shall pay their Responsible Share Percentages of such Transfer Taxes as they become due and payable; provided that Seller's obligations pursuant to this sentence shall be deemed satisfied at the Closing to the extent any such fees and expenses are deducted from the Equity Value Amount (including through the calculation of Shared Expense Amount), in which case Buyer and Buyer Sub shall be responsible for paying all such fees and expenses.

(ii) From and after the Closing Date, Buyer and its Affiliates (including the members of the Paper Group) may amend any Tax Return previously filed with respect to the Business or any member of the Paper Group or its Subsidiaries for any Tax period ending on or prior to the Closing (i) to the extent such Tax Return is with respect to any entity that was at the time of filing such Tax Return and at the Closing treated as a C-corporation for U.S. federal income tax purposes and (ii) in any other circumstance provided that the filing of any such amended Tax Return shall not cause or result in any increased liability for Taxes on the part of Seller or any owner (whether direct or indirect) of Seller or any of Seller's Affiliates unless Seller consents in writing (not to be unreasonably withheld where the increased liability is not material); provided, however, that in no event may Buyer or its Affiliates (excluding, for the avoidance of doubt, Seller) amend any Income Tax Return of Seller or any owner (whether direct or indirect) of Seller or any of Seller's Affiliates.

(iii) Buyer and Seller shall allocate the Estimated Closing Purchase Price in accordance with Section 1060 of the Code among the assets of Paper Group (including the capital stock and other equity interests of the members of the Paper Group and their respective Subsidiaries) based on an allocation delivered by Seller to Buyer at least 10 days prior to Closing and reasonably agreed upon by Buyer (the "*Allocation*"). For purposes of the Allocation, the Estimated Closing Purchase Price shall mean an amount equal to the Estimated Closing Purchase Price plus any liabilities of the members of the Paper Group that are treated as assumed liabilities for U.S. federal income Tax purposes. To the extent that the Estimated Closing Purchase Price is adjusted after the Closing Date pursuant to *Section 1F*, Seller and Buyer shall revise and amend the Allocation in accordance with the character of each such adjustment. Seller and Buyer agree to prepare and file an IRS Form 8594 or such other form or statement as may be required by applicable law, rule or regulation, and any comparable state or local income Tax form, in a manner consistent with the Allocation. Seller and Buyer shall adhere to the Allocation for all purposes including any Tax Return filed by them after the Closing Date, including the determination by the Seller of taxable gain or loss on the sale of the Paper Group and its Subsidiaries and the determination by the Buyer of its Tax basis with respect to Paper Group and its Subsidiaries. Neither Buyer nor the Seller shall file any Tax Returns or, in a judicial or administrative proceeding, assert or maintain any Tax reporting position that is inconsistent with this Agreement or the Allocation, unless required to do so by applicable law.

(iv) From and after the Closing, Buyer shall not, and shall cause the members of the Paper Group and their respective Subsidiaries not to, make any election under Section 338 of the Code with respect to any member of the Paper Group and/or any of its Subsidiaries if such election would give rise to any liability to Seller or any of its Affiliates, including any Tax liability or any liability under this Agreement.

8J. *Employee Benefits Matters.*

(i) Effective as of immediately prior to the Closing, Seller shall terminate (or cause to be terminated) the employment of all Eligible Employees, other than employees receiving long-term disability benefits. Effective as of Closing or, with respect to any Eligible Employee with a right to

reemployment under applicable law or a Collective Bargaining Agreement assumed by Buyer or its Subsidiary, at such time subsequent to Closing that such Eligible Employees present themselves to Buyer for employment, Buyer shall, or shall cause one of its Affiliates to, offer employment to each Eligible Employee (other than Eligible Employees receiving long-term disability benefits) on terms and conditions substantially comparable in the aggregate to those such employees had with Seller and its Subsidiaries immediately prior to the Closing. With respect to such Eligible Employees who are covered by a Collective Bargaining Agreement (collectively, "Union Employees") the terms of such offer shall be in accordance with the terms of the respective Collective Bargaining Agreements in effect as of the time such offer is made, and Buyer shall (or cause its Affiliates to, as appropriate) otherwise assume and thereafter be bound by and comply with each Collective Bargaining Agreement presently applying to the Union Employees and as may be amended from time to time, and such employees shall be credited with their period of service with Seller, its Subsidiaries (including Subsidiaries of any member of the Paper Group) and their respective predecessors for purposes of the Collective Bargaining Agreements. Each Eligible Employee who accepts Buyer's offer of employment is referred to herein as a "Transferred Employee." Notwithstanding the foregoing, Buyer shall be under no obligation to enter into new individual severance agreements with any Eligible Employee nor to match the terms of any existing individual severance agreement after such agreement otherwise expires in accordance with its terms.

(ii) Subject to Buyer's compliance with *Section 8J(i)* and *Section 8J(v)* of this Agreement, Seller shall be solely responsible for any severance, change in control payments or parachute payments owed to Business Employees which are payable solely as a result of the consummation of the transactions contemplated by this Agreement pursuant to the terms of any agreements, plans or programs entered into or sponsored by Seller or any of its Subsidiaries prior to the Closing with any such Business Employees, except to the extent any such amounts are accrued for as a current liability in the computation Company Closing Net Working Capital.

(iii) Except as otherwise provided in this *Section 8J*, Buyer shall assume and become solely responsible for all employment and employee benefit-related matters, obligations, liabilities and commitments of Seller and its Subsidiaries with respect to all Business Employees and their dependents and beneficiaries (regardless of when or where such matters, obligations, liabilities and commitments arose or arise or were or are incurred), under or with respect to any Employee Benefit Plan sponsored or contributed to by Seller or a Business Subsidiary. Without limiting the generality of the foregoing, effective as of the Closing Date, (A) Buyer shall assume all obligations, liabilities and commitments of Seller and its Business Subsidiaries arising from workers compensation claims, whether characterized as medical or indemnity, or arising under any other similar government-mandated programs which are based on injuries incurred by Business Employees in the course of their employment, without regard to the date of occurrence of the injury or injuries giving rise to the workers' compensation claim and (B) all obligations, liabilities and commitments of Seller and its Business Subsidiaries to Business Employees and their eligible dependents in respect of health insurance under COBRA, the Health Insurance Portability and Accountability Act of 1996 ("*HIPAA*"), Sections 601 et seq. and Sections 701 et seq. of ERISA, Section 4980B and Sections 9801 et seq. of the Code and applicable state or similar laws.

(iv) Prior to the earlier of Closing or December 31, 2007, Seller shall make reasonable best efforts to review and amend, to the extent deemed necessary and permitted under the terms of any applicable Employee Benefit Plan, each Employee Benefit Plan or arrangement subject to section 409A of the Code to comply in all material respects with the final regulations under Section 409A of the Code.

(v) If any Salaried / Nonunion Employee or any Subsidiary Employee that is not a Union Employee (each, a "*Nonunion Employee*") is terminated without cause at any time within two years after the Closing, Buyer shall, or shall cause of its Affiliates to, pay severance pay to such employee that is at least as much as the maximum cash severance such employee would have

received under the applicable severance pay plan of Seller as in effect as of the Closing Date (based on such employee's salary immediately prior to the Closing Date or, if greater, such employee's salary as of the date of termination) and aggregate service (taking service recognized under Seller's severance programs and post-Closing service with Buyer into account) as of the date of termination, and such other amount as may be required under applicable law. For purposes of this *Section 8J(v)*, "severance pay plan" does not include any individual severance agreements. In addition, Buyer hereby agrees that, for at least one year following the Closing Date, Buyer will provide, or cause one of its Affiliates to provide, to the Nonunion Employees compensation and employee benefits that are in the aggregate substantially comparable to the compensation and employee benefits provided to such employees immediately prior to the Closing Date.

(vi) Buyer agrees that from and after the Closing Date, Buyer will, or will cause one of its Affiliates to, grant to all Transferred Employees and all Subsidiary Employees credit for any service with Seller, its Affiliates (including any member of the Paper Group and/or any of its Subsidiaries) and its predecessors earned prior to the Closing Date for purposes of (A) eligibility and vesting and (B) post-Closing paid time off accrual and determination of severance amounts under any benefit plan, program or arrangement established or maintained by Buyer or its Affiliates (the "*New Plans*"). In addition, Buyer hereby agrees that Buyer and its Affiliates (x) shall waive and cause its Affiliates to waive for Transferred Employees and Subsidiary Employees all pre-existing condition exclusion and actively-at-work requirements and similar limitations, eligibility waiting periods and evidence of insurability requirements under any New Plans that are Employee Welfare Benefit Plans, and (y) shall cause any deductibles, co-insurance and out-of-pocket covered expenses incurred on or before the Closing Date by any Transferred Employee or Subsidiary Employee (or dependent or beneficiary thereof) to be taken into account for purposes of satisfying applicable deductible, coinsurance and maximum out-of-pocket provisions after the Closing Date under any New Plan that is an Employee Welfare Benefit Plan. Prior to the Closing, Seller shall cause its employees to provide all cooperation reasonably necessary for Buyer to establish any New Plans prior to Closing.

(vii) As of the Closing Date, Buyer shall assume and pay, or cause one of its Affiliates to assume and pay, when due, all liabilities and obligations of the Seller and its Affiliates relating to accrued paid time off of Transferred Employees and Subsidiary Employees to the extent such liabilities are not required by law or applicable Collective Bargaining Agreements to be paid out by Seller or such Affiliate as of the Closing Date. The respective Transferred Employee or Subsidiary Employee shall be entitled to either use such paid time off on terms substantially similar to those in effect under the applicable Collective Bargaining Agreement or paid time off policy of Seller or any of its Affiliates (including any member of the Paper Group and/or any of its Subsidiaries) as of the Closing Date, or, consistent with such applicable Collective Bargaining Agreement or paid time off policy, receive payment in respect of such accrued paid time off upon the Transferred Employee's or Subsidiary Employee's termination of employment with Buyer or any of its Affiliates.

(viii) Prior to the Closing Date, Seller shall establish 401(k) plans that mirror in all material respects the Savings Plan and the Retirement Savings Plan currently sponsored by Seller, (collectively, the "*Seller 401(k) Plans*"). The 401(k) plans established by Seller pursuant to the immediately foregoing sentence are herein referred to as the "*Spun-off 401(k) Plans*." On the Closing Date, Seller shall assign to Buyer, and Buyer shall assume from Seller, sponsorship of such Spun-off 401(k) Plans. Effective as of the Closing Date, the Transferred Employees shall cease to participate in the Seller 401(k) Plans, and effective as of the Closing Date, Buyer shall provide to the Transferred Employees the right to participate in the Spun-off 401(k) Plans. As soon as is reasonably practicable following the Closing Date, Seller shall cause the trustee of the Seller 401(k) Plan to transfer the account balances of the Business Employees (including any outstanding loans) from the Seller 401(k) Plan to the Spun-off 401(k) Plan in accordance with the requirements of Code §§ 411(d)(6) and 414(l). Seller and Buyer shall use reasonable best efforts to effect such transfer of assets in a timely manner.

Edgar Filing: Aldabra 2 Acquisition Corp. - Form PREM14A

(ix) Effective as of the Closing Date, Seller shall assign to Buyer and Buyer shall assume from Seller, sponsorship of the Boise Cascade, L.L.C. International Falls Pension Plan and the Boise Cascade, L.L.C. Pension Plan P and all liabilities and obligations arising thereunder or related thereto. Prior to the Closing Date, Seller shall spin off (within the meaning of Section 1.414(l)-1(n) of the Treasury Regulations) from each Seller Pension Plan that portion of each plan attributable to Business Employees (such plans the "*Spun-off Pension Plans*"). Each of the Spun-off Pension Plans will be a mirror plan of each respective Seller Pension Plan in all material respects and Seller will not amend such plans other than is necessary to affect the spin-off. The spin-off from Seller Pension Plans, and the calculation of assets and liabilities under Seller Pension Plans, shall be accomplished by Seller with respect to the Business Employees in accordance with Section 414(l) of the Code. Effective as of the Closing Date, Seller shall assign to Buyer, and Buyer shall assume from Seller, sponsorship of such Spun-off Pension Plans and all liabilities and obligations arising thereunder or related thereto. Buyer shall take all actions necessary to satisfy requests of the Pension Benefit Guaranty Corporation, including the posting of bonds, letters of credit or other collateral, with respect to the Buyer's assumption of the plans as described in this *Section 8J(viii)*.

(x) Effective as of the Closing, Buyer shall create, for Business Employees, plans (the "*Buyer's Supplemental Pension Plans*") that in the aggregate are substantially comparable to Seller's Supplemental Pension Plan and Seller's Supplemental Early Retirement Plan (collectively, the "*Seller's Supplemental Pension Plans*"), with substantial comparability to be determined after giving effect to amendments to Seller's Supplemental Pension Plans to comply with Section 409A). For purposes of determining benefits under the Buyer's Supplemental Pension Plans, Buyer shall provide participants in the Buyer's Supplemental Pension Plans with a past service credit reflecting such participants' service for Seller and its Affiliates (including any member of the Paper Group and/or any of its Subsidiaries) and their respective predecessors, provided that any benefit accrued under the Buyer's Supplemental Pension Plans shall not duplicate any benefit accrued under the Seller's Supplemental Pension Plans (which pursuant to this *Section 8J(x)*, will be assumed and satisfied by Buyer). From and after the Closing, Buyer shall assume and fully satisfy all obligations that exist as of the Closing Date under Seller's Supplemental Pension Plans with respect to Business Employees.

(xi) Effective as of the Closing Date, Buyer shall adopt a flexible benefit plan for the benefit of Business Employees that participate under Seller's flexible benefit plan ("*Business Flexible Benefit Plan*"). The Business Flexible Benefit Plan shall be responsible for reimbursement of eligible health-care and dependent-care expenses incurred during the year in which the Closing occurs by Business Employees (and their respective spouses and eligible dependents), to the extent such expenses have not previously been reimbursed under Seller's flexible benefit plan. Similarly, on and after the Closing Date, Buyer's health reimbursement account plan shall be responsible for reimbursement of eligible medical expenses incurred on or after January 1, 2007 by Business Employees (and their respective spouses and eligible dependents), to the extent such expenses have not previously been reimbursed under Seller's health reimbursement account plan.

(xii) Notwithstanding anything herein to the contrary, Seller shall (or shall cause one of its Affiliates to) retain all liability under (A) the management equity program of Forest Product Holdings, L.L.C. and (B) the Boise Cascade, L.L.C. 2004 Deferred Compensation Plan (and the deferred compensation agreements thereunder).

(xiii) Without limiting the other provisions of this *Section 8J*, Buyer shall assume Seller's liabilities and obligations to provide post-employment welfare benefit coverage to Business Employees who retired on or after October 29, 2004 or who have not yet retired, in accordance with all applicable collective bargaining agreements and Seller's post-employment welfare benefit plans; provided, however, that Buyer shall have the right (subject to applicable collective bargaining agreements) to modify or terminate such benefits at any time.

8K. *Facility Closings; Employee Layoffs.* For a period of ninety (90) days after the Closing Date, none of the Buyer, Buyer Sub, or any of their respective Subsidiaries (including any member of the Paper Group or any of its Subsidiaries) shall terminate Transferred Employees or Subsidiary Employees in such numbers as would trigger any liability for Seller and/or any of its Affiliates under the Worker Adjustment and Retraining Notification Act of 1988, 29 U.S.C. § 2101, et seq., as amended, or any similar foreign, state or local law, regulation or ordinance (collectively, "WARN"). Buyer and Buyer Sub shall, and shall cause each member of the Paper Group and its Subsidiaries to, comply with any and all applicable notice or filing requirements under WARN. Provided that on or before the Closing Date, Seller has provided Buyer with a list of employee layoffs, by date and location, implemented by Seller in the 90-day period preceding the Closing Date, Buyer shall indemnify, defend and hold harmless Seller and its Affiliates from any and all WARN obligations or liabilities of Seller and/or any of its Affiliates arising as a result, in whole or in part, of actions taken by Buyer or its Affiliates on or after the Closing Date.

8L. *Provision Respecting Representation of Company and Seller.* Each of the parties to this Agreement hereby agrees, on its own behalf and on behalf of its directors, members, partners, stockholders, officers, employees and Affiliates, that Seller's in-house legal counsel and Kirkland & Ellis LLP may serve as counsel to each and any of Seller and the Equityholder Parties (individually and collectively, "*Seller Group*"), on the one hand, and any of the members of the Paper Group or any of its Subsidiaries, on the other hand, in connection with the negotiation, preparation, execution and delivery of this Agreement and the consummation of the transactions contemplated hereby, and that, following consummation of the transactions contemplated hereby, each of Seller's in-house legal counsel and Kirkland & Ellis LLP (or any successor) may serve as counsel to the Seller Group or any director, member, partner, stockholder, officer, employee or Affiliate of Seller Group, in connection with any litigation, claim or obligation arising out of or relating to this Agreement or the transactions contemplated by this Agreement notwithstanding such representation or any continued representation of any of the members of the Paper Group or any of its Subsidiaries, and each of the parties hereto hereby consents thereto and waives any conflict of interest arising therefrom, and each of such parties shall cause any Affiliate thereof to consent to waive any conflict of interest arising from such representation.

8M. *Directors' and Officers' Indemnification.*

(i) The indemnification provisions of each member of the Paper Group's and its Subsidiaries' constitutive documents as in effect at the Closing shall not be amended, repealed or otherwise modified for a period of six (6) years from the Closing Date in any manner that would adversely affect the rights thereunder of individuals who at the Closing were directors, officers or employees of any such Person and/or the Business; *provided*, that all rights to indemnification in respect of any action pending or asserted or any claim made within such period shall continue until the disposition of such action or resolution of such claim. From and after the Closing, Buyer and Buyer Sub shall each assume, be jointly and severally liable for, and honor, guaranty and stand surety for, and shall cause the members of the Paper Group (and each of their Subsidiaries) to honor, in accordance with their respective terms, each of the covenants contained in this *Section 8M*. Buyer shall pay all reasonable expenses, including reasonable attorneys' fees, that may be incurred by an indemnified person in enforcing the indemnity set forth in *Section 8M*.

(ii) Buyer and its Subsidiaries shall maintain in effect for six years from the Closing Date directors' and officers' liability insurance covering those persons who at the Closing were directors, officers or employees of any member of the Paper Group and/or any of its Subsidiaries and/or the Business and who are currently covered under any directors' and officers' liability insurance policy of or with respect to the Business, any member of the Paper Group and/or any of their respective Subsidiaries and the Buyer D&O Policy on terms not less favorable than such existing insurance coverage; *provided* that in the event that any claim is brought under any such policy prior to the six

year anniversary of the Closing Date, such directors' and officers' liability insurance policy shall be maintained until final disposition thereof.

8N. *Expenses.* Except as otherwise provided in this Agreement, each of Buyer and Buyer Sub, on the one hand, and Seller, on the other hand, shall be solely responsible for payment of any fees and expenses incurred by it or its Affiliates in connection with the transactions contemplated hereby or otherwise required by applicable law.

8O. *Support Obligations.*

(i) Buyer recognizes that Seller and certain of its Affiliates have provided credit support to the Paper Group, their Subsidiaries and the Business and may have to (but shall not be obligated to) provide other credit support in connection with the transactions contemplated by this Agreement (collectively, the "*Support Obligations*"). Buyer shall use reasonable best efforts to effect the full and unconditional release of Seller and its Affiliates from all Support Obligations, including by the issuance, to the beneficiaries thereof, in sufficient amount of letters of credit, guaranties, cash collateral and/or other credit support as would reasonably be expected to cause the release of the Support Obligations.

(ii) In connection with replacement of such Support Obligation by Buyer, Buyer and Seller shall cooperate to cause the beneficiary or beneficiaries of the Support Obligations to terminate and redeliver to Seller or its Affiliates, as applicable, as soon as practicable, each original copy of each original guaranty, letter of credit or other instrument constituting or evidencing such Support Obligations as well as to redeliver to Seller and its Affiliates, any cash collateral in respect of the Support Obligations and, as to any Support Obligations terminated after the Closing, promptly to redeliver such originals or cash to Seller or its Affiliates, as applicable, and in each case, to take such other actions as may be required to terminate such Support Obligations.

(iii) If Buyer is not successful in obtaining the complete and unconditional release of Seller and its Affiliates from the Support Obligations prior to the Closing, then Buyer shall continue to try to obtain such release after Closing and shall indemnify, defend and hold harmless Seller and its Affiliates from and against any and all Losses incurred by any such indemnified Persons in connection with the Support Obligations. Buyer shall, for so long as any Support Obligation remains outstanding, not, and shall cause each member of the Paper Group and their respective Subsidiaries not to, effect any amendments or modifications or any other changes to the contracts, guaranties or letters of credit to which any of such Support Obligations relate, or otherwise take any action that would effect any change to such contracts, guaranties or letters of credit, without Seller's prior written consent.

(iv) Notwithstanding anything in this Agreement to the contrary, during the period from the date of this Agreement until the Closing Date, Buyer shall have the right to contact and have discussions with each beneficiary of a Support Obligation in order to satisfy its obligations under this *Section 8O*; *provided* that (a) Buyer shall give Seller prior notice before making any such contact, (b) Seller shall have the right to have one of its representatives present on the telephone line or in person, as applicable, during any such contact or discussion, (c) Buyer shall only contact and hold discussions with such beneficiaries through representatives of Buyer previously approved by Seller, and (d) Buyer shall cause such representatives to comply with all procedures and protocols regarding such contacts and discussions that may be established by Seller.

(v) Prior to the Release Date, each of Buyer and Buyer Sub agrees not to assign, sell, transfer or convey all or any portion of the Target Units and/or the Paper Units and shall cause the members of the Paper Group not to assign, sell, transfer or convey all or any substantial portion of the assets of the Paper Group and its Subsidiaries, in a single transaction or series of related transactions, in each case without the assignment to the transferee of the rights of Buyer and Buyer Sub under this Agreement and the assumption in writing by the transferee (which

assumption shall be enforceable by Seller and its Affiliates) of the obligations of Buyer and Buyer Sub under this Agreement (including the obligations of Buyer and Buyer Sub pursuant to this *Section 80*); *provided* that, for the avoidance of doubt, the sale of equity interests of Buyer (whether accomplished by merger or otherwise) shall not be deemed a sale, transfer, conveyance or assignment for purposes of this *Section 80*. Buyer and Buyer Sub agree to take such actions such that any assignment, sale, transfer or conveyance in contravention of the preceding sentence shall be null and void *ab initio*. Buyer and Buyer Sub agrees to provide Seller with a copy of such assignment and assumption agreement prior to execution and prior to the assignment, sale, transfer or conveyance and a copy of the executed assignment and assumption agreement which shall be in the same form with such changes as Seller may reasonably request. Upon such an assignment, sale, transfer or conveyance pursuant to which the transferee assumes all of Buyer's and Buyer Sub's rights and obligations under this Agreement, Buyer and Buyer Sub shall have no further rights or obligations under this Agreement (except for obligations relating to breaches by Buyer and/or Buyer Sub occurring prior to the date of the assignment, sale, transfer or conveyance). The "*Release Date*" shall be the later of the date on which all of the Support Obligations have been fully and unconditionally released and the date on which Seller has no more obligations owing to Buyer and/or Buyer Sub under this Agreement.

8P. *Cooperation.* The parties acknowledge and agree that, in order to preserve the confidentiality of the transactions contemplated hereby, prior to the public announcement of the transactions contemplated hereby, the forms of the Applicable Ancillary Agreements attached as exhibits hereto will require input and cooperation from employees and representatives of Seller and its Subsidiaries not heretofore privy to the terms and conditions of the transactions contemplated hereby (the "*Applicable Persons*") and then review by Seller and Buyer. Without limiting the generality of the provisions of *Section 8F* hereof, the parties agree to discuss in good faith the terms and provisions of the Applicable Ancillary Agreements and any changes thereto recommended by, and/or generated after discussions with, the Applicable Persons and representatives of Buyer and Seller and that arise from questions or comments (if any) arising from a review of the Applicable Ancillary Agreements by Buyer and Seller after receipt of the recommendation of the Applicable Persons. Each of Buyer and Seller agree to consider in good faith any changes or revisions proposed by the other to the forms of the Applicable Ancillary Agreements attached hereto and any changes or revisions to the Applicable Ancillary Agreements to reflect comments and proposals of the Applicable Persons, Seller and/or Buyer shall be deemed an amendment to the Applicable Ancillary Agreements for purposes of this *Section 8P*. Neither party shall be obligated to, or to cause its Affiliates to, execute and deliver an Applicable Ancillary Agreement unless the final form of such Applicable Ancillary Agreement is reasonably satisfactory to Buyer and Seller and/or the respective Affiliates thereof.

8Q. *Litigation Support.*

8S. *Post-Closing Record Retention and Access.*

(i) *Ownership.* Upon consummation of the Closing, the ownership of all of Seller's books and records to the extent relating exclusively to the Business shall be transferred to Buyer. The ownership of all other books and records (including electronic books and records) of Seller and its Affiliates (the "*Retained Records*") shall be retained by Seller and its Affiliates. While such books and records remain in existence, Buyer shall allow the Seller, its representatives, attorneys and accountants, at the requesting party's expense, access to the books and records upon reasonable request and advance notice and during normal business hours for general business purposes (including in respect of computer records normal hours of system access for the systems on which such records are stored). Such access shall include the ability to make copies and shall include access for all general business purposes, whether or not relating to or arising out of this Agreement or the transactions contemplated hereby (including the preparation of Tax Returns, amended Tax Returns or claim for refund (and any materials necessary for the preparation of any of the foregoing), and financial statements for periods ending on or prior to the Closing Date, the management and handling of any audit, investigation, litigation or other proceeding, whether such audit, investigation, litigation or other proceeding is a matter with respect to which indemnification may be sought hereunder), to comply with the rules and regulations of the Internal Revenue Service, the

Securities and Exchange Commission or any other Governmental Entity or otherwise relating to Seller's Other Businesses. Buyer's costs incurred in performing its obligations under this clause (iii) shall be considered reimbursable costs under the Outsourcing Agreement.

(iv) *Management of and Access to Other Records.* Each party shall manage and retain all other pre-Closing books and records held by it which are relevant to either the Business to be transferred hereunder or the other business activities of Seller's Other Businesses conducted prior to the Closing for the period and in the manner prescribed for the records covered by clause (iii) above and shall provide access to the other party to such records to the same extent as is provided for in clause (iii). Costs incurred by either party in performing obligations under this clause (iv) shall not be considered reimbursable costs under the Outsourcing Agreement.

8T. *Shared Contracts.*

(i) Buyer acknowledges that certain contracts, understandings or agreements to which Seller or one or more of its Subsidiaries is party contain terms that are relevant to, are for the benefit of and/or impose obligations on Seller and its Subsidiaries with respect to both the Business and one or more of Seller's Other Businesses (such contracts, understandings and arrangements being collectively referred to herein as "*Shared Contracts*"). Buyer acknowledges and agrees that such Shared Contracts shall be addressed by the parties as set forth in this *Section 8T*.

(ii) *Section 8T(ii)* of the Seller Disclosure Letter (as amended after the date hereof with the agreement of Buyer and Seller) sets forth certain material Shared Contracts under which, except as set forth in the Ancillary Agreements, Buyer, the members of the Paper Group (and their Subsidiaries) and the Business shall cease to have any rights or obligations from and after the Closing. Seller acknowledges and agrees that, from and after the Closing, it and its Subsidiaries shall be solely responsible for performance of the Shared Contracts set forth on *Section 8T(ii)* of the Seller Disclosure Letter and Buyer acknowledges and agrees that neither it nor any of its Affiliates (including any member of the Paper Group or any other Affiliate that owns assets of the Business) shall have any rights or obligations under any of the Shared Contracts except as set forth in the Ancillary Agreements.

(iii) *Section 8T(iii)* of the Seller Disclosure Letter (as amended after the date hereof with the agreement of Buyer and Seller) sets forth certain material Shared Contracts under which both the Business and Seller's Other Businesses perform obligations, have liabilities and/or receive benefits (the "*Ongoing Shared Contracts*"). With respect to each Ongoing Shared Contract, from and after the date hereof until expiration or termination of such Ongoing Shared Contract, each of Seller and Buyer shall, at the request of the other, cooperate with each other to schedule discussions and participate in negotiations with the counterparty to, or obligor or obligee under, each such Ongoing Shared Contract regarding a split of such Ongoing Shared Contract that, as nearly as practicable, approximates the rights and obligations of the Business and Seller's Other Businesses with respect to such Ongoing Shared Contract during the term of the Ongoing Shared Contract prior to such split; *provided* that in no event shall either Seller or Buyer be obligated to execute, deliver or (except to the extent executed and delivered by such Person) perform under, or be obligated to cause another Person to execute, deliver or (except to the extent executed and delivered by such Person) perform under, such split contract without such party's prior written consent. For the avoidance of doubt, in no event shall the split of, or any similar action with

respect to, any Ongoing Shared Contract be a condition to the obligations of any party to this Agreement.

(iv) To the extent that a split contract with respect to such Ongoing Shared Contract is not obtained prior to Closing, then from and after the Closing until such Ongoing Shared Contract expires or is terminated, to the extent permitted by law and, unless waived by Seller, to the extent otherwise permissible in light of the terms of such Ongoing Shared Contract, then Seller shall cause Seller's Other Businesses and Buyer shall cause Buyer Sub, the members of the Paper Group, each of their respective Subsidiaries and the Business to perform obligations under each such Ongoing Shared Contract to which it is a party or bound and Seller and Buyer shall cooperate with each other and use reasonable best efforts such that the applicable members of the Paper Group and their Subsidiaries shall perform the obligations under, and receive the benefits of, such Ongoing Shared Contracts, in each case in the manner set forth on *Section 8T(iv)* of the Seller Disclosure Letter (as amended after the date hereof with the consent of Buyer and Seller) or otherwise in a manner that as nearly as practicable approximates the obligations and benefits of the Business and Seller's Other Businesses with respect to such Ongoing Shared Contract during the term of the Ongoing Shared Contract prior to Closing. In the event that, after the Closing, Buyer performs its obligations under an Ongoing Shared Contract that has not been split and Seller or one of its Subsidiaries receives benefits under such Ongoing Shared Contract that are attributable to the operations of the Business after the Closing Date, Seller shall pay over such benefits to Buyer. In the event that, after the Closing, Seller performs its obligations under an Ongoing Shared Contract that has not been split and Buyer or one of its Subsidiaries receives benefits that are attributable to the operation of one of Seller's Other Businesses after Closing, Buyer shall pay over such benefits to Seller. Each of Buyer and Seller shall indemnify the other for Losses such party or its Affiliates suffer as a result of any breach of any Ongoing Shared Contract by such party.

(v) Buyer and Seller agree that, from and after the Closing, such party shall not, and shall cause its Affiliates not to, amend, waive, settle or compromise any material matter or claim related to any Ongoing Shared Contract without the prior written consent of the other. For all purposes of this *Section 8T*, upon an effective split of an Ongoing Shared Contract that each of Buyer and Seller has agreed to, such Ongoing Shared Contract shall be deemed terminated for purposes of this *Section 8T*.

8U. *Other Matters.*

(i) For purposes of this Agreement, the parties hereto acknowledge and agree that none of Buyer, Buyer Sub and/or any of its Affiliates shall be deemed to be an "Affiliate" of Seller hereunder.

(ii) Buyer covenants and agrees to cause Buyer Sub to perform all of its obligations and agreements under this Agreement in accordance with the terms hereof. In addition, Buyer covenants and agrees that, from and after the Closing, it shall cause each of its post-Closing Subsidiaries to comply with each of the terms of the Ancillary Agreements to which it is party or subject.

(iii) Prior to the Closing, Seller shall form Louisiana Timber Procurement Company, L.L.C. as limited liability company in the State of Delaware.

8V. *Actions in Connection with the Paper Contribution.* Notwithstanding any other representation, warranty, or covenant made hereunder by any member of the Paper Group or Seller or any other provision of this Agreement to the contrary, it is hereby agreed by Buyer and Buyer Sub that the members of the Paper Group and Seller shall be entitled to carry out the transactions contemplated by the Paper Contribution Agreement and *Section 1A* hereof (including the Paper Unit Contribution and the Target Unit Contribution) and that none of the Seller, any member of the Paper Group and/or any

of their respective Affiliates shall be deemed to be in breach of any representation, warranty or covenant made hereunder with respect to any change to the extent caused by or resulting or arising from any of the foregoing and the other transactions contemplated thereby and/or actions taken by any of the foregoing Persons in furtherance thereof.

8W. *Conversion Rights.* Buyer shall take such action such that each issued and outstanding share of Buyer Common Stock that is held by a Person who has not voted in favor of the Purchase and Sale Transaction and who, in accordance with the Buyer Charter Documents, has exercised and not withdrawn his, her or its right to convert his, her or its share of Buyer Common Stock into cash upon consummation of the Purchase and Sale Transaction shall be paid from the Trust Fund the portion of the Trust Fund to which such holder is entitled, as determined in accordance with the Buyer Charter Documents or from Buyer to the extent any such amounts are distributed to Buyer; it being acknowledged and agreed that, to the extent any such amounts are distributed to Buyer, such amounts shall be held in trust by Buyer for the benefit of Persons validly exercising any such Conversion Rights. The rights of a holder of Buyer Common Stock to convert his, her or its Buyer Common Stock into cash in accordance with Section B of Article Seventh of Buyer's amended and restated certificate of incorporation is referred to herein as "*Conversion Rights.*" Buyer shall take such actions within its control and not in contravention of the Buyer Charter Documents or applicable law such that shares of Buyer Common Stock in respect of which Conversion Rights have been exercised shall from and after the Closing represent only the right to receive the portion of the Trust Fund to which such holder is entitled, as determined in accordance with the Buyer Charter Documents, and upon payment of any such amounts, Buyer shall cause such shares of Buyer Common Stock to be canceled and no longer outstanding.

8X. *Noncompetition.* From and after the Closing, in consideration of the mutual covenants provided for herein but subject to the limitations set forth in the last sentence of this *Section 8X*, during the period beginning on the Closing Date and ending on the earlier of the third anniversary of the Closing Date and, with respect to any Restricted Person, the date that a person or group of related persons (other than Madison Dearborn Capital Partners IV, L.P. or an Affiliate thereof) owns or acquires (directly or indirectly) equity securities of such Restricted Person that represent more than 50% of the ordinary voting power entitled to vote in the election of such Restricted Person's board of directors or managers (as applicable), Seller shall not, and shall cause its Subsidiaries (each a "*Restricted Person*" and, collectively, the "*Restricted Persons*") not to, directly or indirectly, build and operate any greenfield plants for the production of uncoated free sheet paper or corrugated container board, anywhere within the United States; *provided* that no Restricted Person shall be deemed to be taking an action in violation of this *Section 8X* by virtue of its or their (w) engaging in Seller's Other Businesses or activities reasonably related thereto, (x) ownership of Buyer Common Stock as a result of the Purchase and Sale Transaction, (y) ownership of less than 5% of the outstanding stock of any publicly-traded corporation, or (z) acquisition of any Person (whether by asset purchase, stock purchase, merger or otherwise) engaged in a business that competes with the Business. The parties hereto agree that the covenant set forth in *Section 8X* is reasonable with respect to its duration, geographical area and scope. If the final judgment of a court of competent jurisdiction declares that any term or provision of *Section 8X* is invalid or unenforceable, the parties agree that the court making the determination of invalidity or unenforceability shall have the power to reduce the scope, duration or area of the term or provision, to delete specific words or phrases, or to replace any invalid or unenforceable term or provision with a term or provision that is valid and enforceable and that comes closest to expressing the intention of the invalid or unenforceable term or provision, and this Agreement shall be enforceable as so modified after the expiration of the time within which the judgment may be appealed.

Notwithstanding anything herein to the contrary, (i) Buyer acknowledges and agrees that Seller may from time to time assign, without the consent of any other party hereto, all or any portion of its rights, interests and/or obligations under this Agreement to a purchaser of assets of any division of Seller (however structured, including through the direct or indirect sale of equity securities or assets of Seller or one or more Subsidiaries) as long as the agreement by which any obligations of Seller hereunder are assumed are by such purchaser in a written instrument that includes Buyer as a third-party beneficiary thereof with respect to the obligations under this Agreement, (ii) each of the parties hereto acknowledges and agrees that any party hereto may cause any of its Affiliates to perform on its behalf any of such party's agreements and obligations hereunder and such performance by any of such party's Affiliates shall be deemed to have satisfied such party's obligations hereunder to perform such agreements and/or discharge such obligations (as applicable) and (iii) each party hereto may, without

the consent of any other party hereto, assign in whole or in part its rights under this Agreement for collateral security purposes to such party's financing sources.

9D. *Severability.* Whenever possible, each provision of this Agreement shall be interpreted in such manner as to be effective and valid under applicable law, but if any provision of this Agreement is held by a court of competent jurisdiction to be prohibited by or unenforceable under applicable law, such provision shall be ineffective only to the extent of such prohibition or unenforceability, without invalidating the remainder of such provisions or the remaining provisions of this Agreement and such court shall have the authority to modify such unenforceable provision to the extent necessary to render it enforceable, preserving to the fullest extent permissible the intent of the parties. Notwithstanding the foregoing, to the extent that a representation or warranty of any party contained in this Agreement or the Seller Disclosure Letter (each, a "*Representation*") addresses a particular issue with specificity (a "*Specific Representation*"), and no breach by such party exists under such Specific Representation, such party shall not be deemed to be in breach of any other Representation (with respect to such issue) that addresses such issue with less specificity than the Specific Representation and if such Specific Representation is qualified or limited by such party's knowledge, or in any other manner, no other Representation shall supercede or limit such qualification in any manner. Without limiting the generality of the foregoing, no representation or warranty regarding or relating to (i) Tax matters is being made, except as set forth in *Section 4I*, (ii) employee benefit matters is being made, except as set forth in *Section 4N*, and (iii) environmental matters is being made, except as set forth in Section 4R.

9F. *Captions.* The captions used in this Agreement and descriptions of the Seller Disclosure Letter are for convenience of reference only and do not constitute a part of this Agreement and shall not be deemed to limit, characterize or in any way affect any provision of this Agreement, and all provisions of this Agreement shall be enforced and construed as if no caption or description of the Seller Disclosure Letter had been used in this Agreement.

9G. *Complete Agreement.* Except for the Confidentiality Agreement, this Agreement and the Ancillary Agreements contain the complete agreement between the parties and supersede any prior understandings, agreements or representations by or among the parties, written or oral, which may have related to the subject matter hereof in any way.

9H. *Seller Disclosure Letter.*

(i) The disclosures in the Seller Disclosure Letter are to be taken as relating to the representations and warranties of the Paper Group and their respective Subsidiaries as a whole, notwithstanding the fact that the Seller Disclosure Letter is arranged by sections corresponding to the sections in this Agreement or that a particular section of this Agreement makes reference to a specific section of the Seller Disclosure Letter and notwithstanding that a particular representation and warranty may not make a reference to the Seller Disclosure Letter. The inclusion of information in the Seller Disclosure Letter shall not be construed as or constitute an admission or agreement that such information is material to any member of the Paper Group or its Subsidiaries. In addition, matters reflected in the Seller Disclosure Letter are not necessarily limited to matters required by this Agreement to be reflected in the Seller Disclosure Letter. Such additional matters are set forth for informational purposes only and do not necessarily include other matters of a similar nature. Neither the specifications of any dollar amount in any representation, warranty or covenant contained in this Agreement nor the inclusion of any specific item in the Seller Disclosure Letter is intended to imply that such amount, or higher or lower amounts, or the item so included or other items, are or are not material, and no party shall use the fact of the setting

Board of Directors
Aldabra 2 Acquisition Corp.
540 Madison Avenue, 17th Floor,
New York, New York 10022

Dear Members of the Board of Directors:

We understand that Aldabra 2 Acquisition Corp. (the "Buyer"), Aldabra Sub LLC, a wholly-owned subsidiary of the Buyer ("Buyer Sub"), Boise Cascade L.L.C. (the "Seller"), Boise Paper Holdings, L.L.C. (the "Company"), Boise Packaging & Newsprint, L.L.C. ("Boise P&N"), Boise White Paper, L.L.C. ("Boise White Paper"), and Boise Cascade Transportation Holdings Corp. ("Boise Transportation") propose to enter into a Purchase and Sale Agreement dated as of the date hereof (the "Purchase and Sale Agreement"), pursuant to which, among other things, Buyer Sub will acquire from the Seller all outstanding equity interests of the Company (the "Transaction"). Prior to the Transaction, the Company will own all outstanding equity interests of Boise P&N, Boise White Paper, and Boise Transportation (the Company and such three entities, the "Paper Group"), and the Seller and certain of its affiliates will contribute certain assets and liabilities to one or more members of the Paper Group. The consideration paid in the Transaction will be a combination of cash and common stock of the Buyer having an aggregate agreed value of \$1,625,000,000, as more fully set forth in the Purchase and Sale Agreement, and subject to the adjustments provided therein.

You have requested that Houlihan Lokey Howard & Zukin Financial Advisors, Inc. ("Houlihan Lokey") provide an opinion (the "Opinion") as to whether, as of the date hereof, (i) the consideration to be paid by the Buyer in the Transaction is fair to the Buyer from a financial point of view, and (ii) the fair market value of the Paper Group is at least equal to 80% of the net assets of the Buyer.

In connection with this Opinion, we have made such reviews, analyses, and inquiries as we have deemed necessary and appropriate under the circumstances. Among other things, we have:

1. reviewed publicly available information related to the Buyer, including the Buyer's registration statement on Form S-1 filed March 19, 2007 and amendments thereto, and quarterly report on Form 10-Q for the quarter ended June 30, 2007, which the Buyer's management has identified as being the most current financial statements available;
 2. reviewed unaudited financial statements pertaining to the Paper Group prepared by the Seller for the years ended December 31, 2004, December 31, 2005, and December 31, 2006, and the six-months ended June 30, 2006 and June 30, 2007, which management of the Seller has identified as being the most current financial statements available;
 3. spoken with certain members of the management of the Seller and the Paper Group regarding the operations, financial condition, future prospects, and projected operations and performance of the Paper Group and regarding the Transaction;
 4. spoken with certain members of the management of the Buyer regarding the Transaction, the Paper Group, and related matters;
 5. visited Boise Cascade's manufacturing plant in Wallula, WA;
 6. reviewed drafts of the Purchase and Sale Agreement;
 7. reviewed financial forecasts and projections prepared by the management of the Seller and the Paper Group with respect to the Paper Group for the years ended December 31, 2007 through 2012;
-

Edgar Filing: Aldabra 2 Acquisition Corp. - Form PREM14A

8. reviewed the historical market prices and trading volume and certain financial data for certain publicly traded companies which we deemed relevant;
9. reviewed certain financial data for certain transactions that we deemed relevant; and
10. conducted such other financial studies, analyses and inquiries and considered such other information as we deemed appropriate.

We have relied upon and assumed, without independent verification, the accuracy and completeness of all data, material, and other information furnished, or otherwise made available, to us, discussed with or reviewed by us, or publicly available, and do not assume any responsibility with respect to such data, material, and other information. In addition, management of the Seller and the Paper Group have advised us, and we have assumed, that the financial forecasts and projections reviewed by us have been reasonably prepared in good faith on bases reflecting the best currently available estimates and judgments of such management as to the future financial results and condition of the Paper Group, and we express no opinion with respect to such forecasts and projections or the assumptions on which they are based. We have relied upon and assumed, without independent verification, that there has been no material change in the assets, liabilities, financial condition, results of operations, or prospects of the Paper Group or the Buyer since the date of the most recent financial statements provided to us, and that there is no information nor are there any facts that would make any of the information reviewed by us incomplete or misleading.

We have relied upon and assumed, without independent verification, that (a) the representations and warranties of all parties to the Purchase and Sale Agreement and all other related documents and instruments that are referred to therein are true and correct, (b) each party to all such agreements will fully and timely perform all of the covenants and agreements required to be performed by such party, (c) all conditions to the consummation of the Transaction will be satisfied without waiver thereof, and (d) the Transaction will be consummated in a timely manner in accordance with the terms described in the agreements and documents provided to us, without any material amendments or modifications thereto or any adjustment to the aggregate consideration (through offset, reduction, indemnity claims, post-closing purchase price adjustments, or otherwise) or any other financial term of the Transaction. We also have relied upon and assumed, without independent verification, that (i) the Transaction will be consummated in a manner that complies in all respects with all applicable federal and state statutes, rules, and regulations, and (ii) all governmental, regulatory, and other consents and approvals necessary for the consummation of the Transaction will be obtained and that no delay, limitations, restrictions, or conditions will be imposed or amendments, modifications, or waivers made that would result in the disposition of any material portion of the assets of the Paper Group, or assets of the Seller or its affiliates that are being contributed to the Paper Group in connection with the Transaction, or otherwise have an adverse effect on the Buyer or the Paper Group or any expected benefits of the Transaction. In addition, we have relied upon and assumed, without independent verification, that the final, signed Purchase and Sale Agreement will not differ from the draft version of such document reviewed by us in any respect material to this Opinion. In addition, we note that as a condition to consummating the Transaction, the Buyer and Buyer Sub must obtain debt financing to fund a portion of the cash consideration being paid to the Seller in the Transaction, and our Opinion assumes that such financing will be obtained on reasonable commercial terms.

Furthermore, in connection with this Opinion, we have not been requested to make, and have not made, any physical inspection or independent appraisal or evaluation of any of the assets, properties, or liabilities (fixed, contingent, derivative, off-balance-sheet, or otherwise) of the Paper Group, the Buyer, or any other party, nor were we provided with any such appraisal or evaluation. We express no opinion regarding the liquidation value of the Paper Group, the Buyer, or any other entity or asset. We have undertaken no independent analysis of any potential or actual litigation, regulatory action, possible unasserted claims, or other contingent liabilities, to which the Seller, the Paper Group, the Buyer, or

any other person, is or may be a party or is or may be subject, or of any governmental investigation or any possible unasserted claims or other contingent liabilities to which the Seller, the Paper Group, the Buyer, or any other person, is or may be a party or is or may be subject and, at your direction and with your consent, this Opinion makes no assumption concerning, and therefore does not consider, the potential effects of any such litigation, claims or investigations or possible assertion of claims, outcomes or damages arising out of any such matters.

We have not been requested to, and did not, (a) initiate any discussions with, or solicit any indications of interest from, third parties with respect to the Transaction, the Paper Group, or any alternatives to the Transaction, (b) negotiate the terms of the Transaction, or (c) advise the Board of Directors or any other party with respect to alternatives to the Transaction. This Opinion is necessarily based on financial, economic, market, and other conditions as in effect on, and the information made available to us as of, the date hereof. We are not expressing any opinion as to what the value of the common stock of the Buyer actually will be when issued pursuant to the Transaction or the price or range of prices at which the common stock may trade at any time. Subsequent events that could materially affect the conclusions set forth in this Opinion include, without limitation, adverse changes in industry performance or market conditions; changes to the business, financial condition and results of operations of the Paper Group; changes in the terms of the Transaction; and the failure to consummate the Transaction within a reasonable period of time.

This Opinion is furnished for the use and benefit of the Board of Directors of the Buyer in connection with its consideration of the Transaction and is not intended to, and does not, confer any rights or remedies upon any other person, and is not intended to be used, and may not be used, for any other purpose, without our prior written consent. This Opinion should not be construed as creating any fiduciary duty on Houlihan Lokey's part to any party. This Opinion is not intended to be, and does not constitute, a recommendation to the Board of Directors, any security holder, or any other person as to how to act or vote with respect to the Transaction.

In the ordinary course of business, certain of our affiliates, as well as investment funds in which they may have financial interests, may acquire, hold or sell, long or short positions, or trade or otherwise effect transactions, in debt, equity, and other securities and financial instruments (including loans and other obligations) of, or investments in, the Buyer, the Seller, or any other party that may be involved in the Transaction and their respective affiliates or any currency or commodity that may be involved in the Transaction.

We will receive a fee for rendering this Opinion, which is neither contingent upon the successful completion of the Transaction nor the conclusions set forth in the Opinion. In addition, the Buyer has agreed to indemnify us for certain liabilities arising out of our engagement.

We have not been requested to opine as to, and this Opinion does not address: (i) the underlying business decision of the Buyer, the Seller, the Paper Group, their respective security holders, or any other party to proceed with or effect the Transaction, (ii) the terms of any arrangements, understandings, agreements, or documents related to, or the form or any other portion or aspect of, the Transaction or otherwise, except as expressly addressed in this Opinion, (iii) the fairness of any portion or aspect of the Transaction to the holders of any class of securities, creditors, or other constituencies of the Buyer, the Seller, the Paper Group, or any other party other than those set forth in this Opinion, (iv) the relative merits of the Transaction as compared to any alternative business strategies that might exist for the Buyer, the Seller, the Paper Group, or any other party or the effect of any other transaction in which the Buyer, the Seller, the Paper Group, or any other party might engage, (v) the tax or legal consequences of the Transaction to the Buyer, the Seller, the Paper Group, their respective security holders, or any other party, (vi) the fairness of any portion or aspect of the Transaction to any one class or group of the Buyer's or any other party's security holders vis-à-vis any other class or group of the Buyer's or such other party's security holders (including without limitation the allocation of any

consideration amongst or within such classes or groups of security holders), (vii) whether or not the Buyer, the Seller, the Paper Group, their respective security holders or any other party is receiving or paying reasonably equivalent value in the Transaction, or (viii) the solvency, creditworthiness or fair value of the Buyer, the Seller, the Paper Group, or any other participant in the Transaction under any applicable laws relating to bankruptcy, insolvency, fraudulent conveyance, or similar matters. Furthermore, no opinion, counsel, or interpretation is intended in matters that require legal, regulatory, accounting, insurance, tax, or other similar professional advice. It is assumed that such opinions, counsel, or interpretations have been or will be obtained from the appropriate professional sources. Furthermore, we have relied, with your consent, on the assessment by the Buyer and its advisers, as to all legal, regulatory, accounting, insurance, and tax matters with respect to the Paper Group and the Transaction.

Based upon and subject to the foregoing, and in reliance thereon, it is our opinion that, as of the date hereof, (i) the consideration to be paid by the Buyer in the Transaction is fair to the Buyer from a financial point of view, and (ii) the fair market value of the Paper Group is at least equal to 80% of the net assets of the Buyer.

Very truly yours,

HOULIHAN LOKEY HOWARD & ZUKIN FINANCIAL ADVISORS, INC.

Each person who is or was serving as a director or officer of a subsidiary of the Corporation shall be deemed to be serving, or have served, at the request of the Corporation. Any indemnification (but not advancement of expenses) under this *Article Nine* (unless ordered by a court) shall be made by the Corporation only as authorized in the specific case upon a determination that indemnification of the director or officer is proper in the circumstances because he or she has met the applicable standard of conduct set forth in the DGCL, as the same exists or hereafter may be amended (but, in the case of any such amendment, only to the extent that such amendment permits the Corporation to provide broader indemnification rights than said law permitted the Corporation to provide prior to such amendment). Such determination shall be made with respect to a person who is a director or officer at the time of such determination (a) by a majority vote of the directors who were not parties to such proceeding (the "*Disinterested Directors*"), even though less than a quorum, (b) by a committee of Disinterested Directors designated by a majority vote of Disinterested Directors, even though less than a quorum, (c) if there are no such Disinterested Directors, or if such Disinterested Directors so direct, by independent legal counsel in a written opinion, or (d) by the stockholders. Notwithstanding anything in this *Article Nine* to the contrary, in no event shall the Corporation have any obligation to indemnify a director or officer of the Corporation for any proceeding initiated by such person seeking indemnification unless such proceeding either (i) is a proceeding to enforce such director's or officer's rights under this *Article Nine* or (ii) was authorized by the Board.

Section 2. Advancement of Expenses. Expenses (including attorneys' fees, costs and charges) incurred by a director or officer of the Corporation in defending a proceeding shall be paid by the Corporation in advance of the final disposition of such proceeding upon receipt of an undertaking by or on behalf of the director or officer to repay all amounts so advanced in the event that it shall ultimately be determined that such director or officer is not entitled to be indemnified by the Corporation as authorized in this *Article Nine*. The majority of the Disinterested Directors or a committee thereof may, in the manner set forth above, and upon approval of such director or officer of the Corporation, authorize the Corporation's counsel to represent such person, in any proceeding, whether or not the Corporation is a party to such proceeding.

Section 3. Procedure for Indemnification. Any indemnification or advance of expenses (including attorneys' fees, costs and charges) under this *Article Nine* shall be made promptly, and in any event within 30 days upon the written request of the director or officer (and, in the case of advance of expenses, receipt of a written undertaking by or on behalf of Indemnitee to repay such amount if it shall ultimately be determined that Indemnitee is not entitled to be indemnified therefor pursuant to the terms of this *Article Nine*). The right to indemnification or advances as granted by this *Article Nine* shall be enforceable by the director or officer in any court of competent jurisdiction, if the Corporation denies such request, in whole or in part, or if no disposition thereof is made within 30 days. Such person's costs and expenses incurred in connection with successfully establishing his/her right to indemnification, in whole or in part, in any such action shall also be indemnified by the Corporation. It shall be a defense to any such action (other than an action brought to enforce a claim for the advance

of expenses (including attorney's fees, costs and charges) under this *Article Nine* where the required undertaking, if any, has been received by the Corporation) that the claimant has not met the standard of conduct set forth in the DGCL, as the same exists or hereafter may be amended (but, in the case of any such amendment, only to the extent that such amendment permits the Corporation to provide broader indemnification rights than said law permitted the Corporation to provide prior to such amendment), but the burden of proving such defense shall be on the Corporation. Neither the failure of the Corporation (including the Board, the Corporation's independent legal counsel and its stockholders) to have made a determination prior to the commencement of such action that indemnification of the claimant is proper in the circumstances because he/she has met the applicable standard of conduct set forth in the DGCL, as the same exists or hereafter may be amended (but, in the case of any such amendment, only to the extent that such amendment permits the Corporation to provide broader indemnification rights than said law permitted the Corporation to provide prior to such amendment), nor the fact that there has been an actual determination by the Corporation (including the Board, the Corporation's independent legal counsel and its stockholders) that the claimant has not met such applicable standard of conduct, shall be a defense to the action or create a presumption that the claimant has not met the applicable standard of conduct.

Section 4. *Other Rights; Continuation of Right to Indemnification.* The indemnification and advancement of expenses provided by this *Article Nine* shall not be deemed exclusive of any other rights to which a person seeking indemnification or advancement of expenses may be entitled under any law (common or statutory), bylaw, agreement, vote of stockholders or Disinterested Directors or otherwise, both as to action in his/her official capacity and as to action in another capacity while holding office or while employed by or acting as agent for the Corporation, and shall continue as to a person who has ceased to be a director or officer, and shall inure to the benefit of the estate, heirs, executors and administrators of such person. All rights to indemnification under this *Article Nine* shall be deemed to be a contract between the Corporation and each director or officer of the Corporation who serves or served in such capacity at any time while this *Article Nine* is in effect. Any repeal or modification of this *Article Nine* or any repeal or modification of relevant provisions of the DGCL or any other applicable laws shall not in any way diminish any rights to indemnification of such director or officer or the obligations of the Corporation arising hereunder with respect to any proceeding arising out of, or relating to, any actions, transactions or facts occurring prior to the final adoption of such modification or repeal. For the purposes of this *Article Nine*, references to "the Corporation" include all constituent corporations absorbed in a consolidation or merger as well as the resulting or surviving corporation, so that any person who is or was a director or officer of such a constituent corporation or is or was serving at the request of such constituent corporation as a director or officer of another corporation, partnership, joint venture, trust or other enterprise shall stand in the same position under the provisions of this *Article Nine*, with respect to the resulting or surviving corporation, as he would if he/she had served the resulting or surviving corporation in the same capacity.

Section 5. *Insurance.* The Corporation may purchase and maintain insurance on its own behalf and on behalf of any person who is or was a director, officer, employee or agent of the Corporation or was serving at the request of the Corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise against any expense, liability or loss asserted against him or her and incurred by him or her in any such capacity, whether or not the Corporation would have the power to indemnify such person against such expenses, liability or loss under the DGCL.

Section 6. *Reliance.* Persons who after the date of the adoption of this provision become or remain directors or officers of the Corporation or who, while a director or officer of the Corporation, become or remain a director, officer, employee or agent of a subsidiary, shall be conclusively presumed to have relied on the rights to indemnity, advance of expenses and other rights contained in this *Article Nine* in entering into or continuing such service. The rights to indemnification and to the advance of

expenses conferred in this *Article Nine* shall apply to claims made against an Indemnitee arising out of acts or omissions which occurred or occur both prior and subsequent to the adoption hereof.

Section 7. *Savings Clause.* If this *Article Nine* or any portion hereof shall be invalidated on any ground by any court of competent jurisdiction, then the Corporation shall nevertheless indemnify each person entitled to indemnification under the first paragraph of this *Article Nine* as to all expense, liability and loss (including attorneys' fees and related disbursements, judgments, fines, ERISA excise taxes and penalties, penalties and amounts paid or to be paid in settlement) actually and reasonably incurred or suffered by such person and for which indemnification is available to such person pursuant to this *Article Nine* to the full extent permitted by any applicable portion of this *Article Nine* that shall not have been invalidated and to the full extent permitted by applicable law.

**ARTICLE TEN
ACTION BY WRITTEN CONSENT;
SPECIAL MEETINGS OF STOCKHOLDERS**

The stockholders of the Corporation may not take any action by written consent in lieu of a meeting, and must take any actions at a duly called annual or special meeting of stockholders and the power of stockholders to consent in writing without a meeting is specifically denied. Special meetings of stockholders of the Corporation may be called only by the Board of Directors pursuant to a resolution adopted by the affirmative vote of directors holding a majority of the voting power of all directors then in office; *provided* that, as long as the holders of Boise Registrable Securities (as such term is defined in the Investor Rights Agreement) own capital stock of the corporation possessing 25% or more of the capital stock of the corporation entitled to vote generally in the election of directors (voting together as a single class), a special meeting shall be called by the president upon the written request of holders of shares entitled to cast not less than twenty-five (25) percent of the votes at the meeting. Notwithstanding the foregoing, the provisions of the first sentence of this *Article Ten* shall not apply at any time when the Corporation's Common Stock is not registered under Section 12 of the Securities Exchange Act of 1934, as amended, or when the holders of Boise Registrable Securities (as such term is defined in the Investor Rights Agreement) beneficially own, capital stock of the Corporation that possesses 25% or more of the voting power of all capital stock of the Corporation entitled to vote generally in the election of directors (voting together as a single class).

**ARTICLE ELEVEN
CORPORATE OPPORTUNITIES**

To the maximum extent permitted from time to time under the laws of the State of Delaware, the Corporation renounces any interest or expectancy of the Corporation in, or in being offered an opportunity to participate in, business opportunities that are from time to time presented to its officers, directors or stockholders, other than those officers, directors or stockholders who are employees of the Corporation or any of its subsidiaries. No amendment or repeal of this *Article Eleven* shall apply to or have any effect on the liability or alleged liability of any officer, director or stockholder of the Corporation for or with respect to any opportunities of which such officer, director, or stockholder becomes aware prior to such amendment or repeal.

**ARTICLE TWELVE
SECTION 203**

The Corporation expressly elects not to be governed by Section 203 of the DGCL.

**ARTICLE THIRTEEN
AMENDMENT**

The Corporation reserves the right to amend, alter, change or repeal any provision contained in this Certificate of Incorporation, in the manner now or hereafter prescribed by statute, and all rights conferred upon stockholders herein are granted subject to this reservation. Notwithstanding any other provision of this Certificate of Incorporation or the Bylaws of the Corporation, and notwithstanding the fact that a lesser percentage or separate class vote may be specified by law, this Certificate of Incorporation, the Bylaws of the Corporation or otherwise, but in addition to any affirmative vote of the holders of any particular class or series of the capital stock required by law, this Certificate of Incorporation, the Bylaws of the Corporation or otherwise, the affirmative vote of the holders of (i) at least two-thirds (66²/₃%) of the voting power of all shares of the Corporation entitled to vote generally in the election of directors, voting together as a single class, shall be required to adopt any provision inconsistent with, to amend or repeal any provision of, or to adopt a bylaw inconsistent with *Article Six, Article Seven, Article Eight, Article Nine, Article Ten, Article Eleven, Article Twelve* or this *Article Thirteen* of this Certificate of Incorporation (whether effected by amendment, waiver, repeal, merger, consolidation or otherwise) or (ii) at least a majority of the voting power of all shares of the Corporation entitled to vote generally in the election of directors, voting together as a single class, shall be required to adopt any provision inconsistent with, to amend or repeal any provision of, or to adopt a bylaw inconsistent with any other provision of this Certificate of Incorporation (whether effected by amendment, waiver, repeal, merger, consolidation or otherwise).

The Committee, in its absolute discretion, shall determine the effect of all matters and questions relating to Termination of Employment, including all questions of whether a particular leave of absence constitutes a Termination of Employment; provided, however, that with respect to Incentive Stock Options, unless otherwise determined by the Committee in its discretion, a leave of absence, change in status from an employee to an independent contractor or other change in the employee-employer relationship shall constitute a Termination of Employment if, and to the extent that, the leave of absence, change in status or other change interrupts employment for the purposes of Section 422(a)(2) of the Code and the regulations issued thereunder.

3. *Stock Subject to The Plan.*

3.1 *Shares Available for Awards.* The maximum number of shares of Stock available for grant to Participants under this Plan shall be 5,175,000 shares (subject to adjustment as provided herein). Shares covered by an Award shall only be counted as used to the extent they are actually issued, except that the full number of Stock Appreciation Rights granted that are to be settled by the issuance of Shares shall be counted against the number of Shares available for Awards under the Plan, regardless of the number of Shares actually issued upon settlement of such Stock Appreciation Rights. Shares may be authorized but unissued Stock or authorized and issued Stock held in the Company's treasury. All shares of Stock available for grant under the Plan shall be available for any Awards, including Options and Stock Appreciation Rights. Shares of Stock related to an Award which is cancelled, expired, terminated, forfeited, surrendered, or otherwise settled without the issuance of any Stock, and shares of Stock related to an Award which is settled in cash in lieu of Stock shall again be available for Awards under this Plan.

3.2 *Performance-Based Award Limitation.* Awards that are designed to comply with the performance-based exception from the tax deductibility limitation of Section 162(m) of the Code shall be subject to the following rules:

(a) The number of shares of Stock that may be granted in the form of Options in a single fiscal year to a Covered Employee may not exceed 2,350,000.

(b) The number of shares of Stock that may be granted in the form of SARs in a single fiscal year to a Covered Employee may not exceed 2,350,000.

(c) The number of shares of stock that may be granted in the form of Restricted Stock in a single fiscal year to a Covered Employee may not exceed 2,350,000.

(d) The number of Restricted Stock Units that may be granted in a single fiscal year to a Covered Employee may not exceed 2,350,000.

(e) The number of shares of Stock that may be granted in the form of Performance Shares in a single fiscal year to a Covered Employee may not exceed 2,350,000.

(f) The maximum amount that may be paid to a Covered Employee for Performance Units granted in a single fiscal year to the Covered Employee may not exceed \$6,000,000.

(g) To the extent necessary to comply with the qualified performance-based compensation requirements of Section 162(m)(4)(C) of the Code, with respect to any Award which may be granted to one or more Covered Employees, no later than ninety (90) days following the commencement of any fiscal year in question or any other designated fiscal period or period of service (or such other time as may be required or permitted by

Section 162(m) of the Code), the Committee shall, in writing, (a) select the Performance Criteria applicable to the performance period, (b) establish the Performance Goals, and amounts of such Awards, as applicable, which may be earned for the performance period, and (c) specify the relationship between Performance Criteria and the Performance Goals and the amounts of such Awards, as applicable, to be earned by each Covered Employee for the performance period. Following the completion of each performance period, the Committee shall certify in writing whether the applicable Performance Goals have been achieved. In determining the amount earned by a Covered Employee, the Committee shall have the right to reduce or eliminate (but not to increase) the amount payable at a given level of performance to take into account additional factors that it deems relevant to the assessment of individual or corporate performance.

(h) Notwithstanding any other provision of the Plan, any Award which is granted to a Covered Employee and is intended to constitute qualified performance-based compensation shall be subject to any additional limitations set forth in Section 162(m) of the Code (including any amendment to Section 162(m) of the Code) or any regulations or rulings issued thereunder that are requirements for qualification as qualified performance-based compensation as described in Section 162(m)(4)(C) of the Code, and the Plan shall be deemed amended to the extent necessary to conform to such requirements.

3.3 *Adjustment for Change in Capitalization.* If the Committee in its sole discretion determines that a recapitalization, stock split, reverse stock split, reorganization, merger, consolidation, spin-off, combination, share repurchase, share exchange, reclassification, or other similar corporate transaction or event has occurred, then (a) the number and kind of shares of stock which may thereafter be issued in connection with Awards; (b) the number and kind of shares of stock or other property issued or issuable in respect of outstanding Awards; (c) the exercise price, grant price, or purchase price relating to any Award; and (d) the maximum number of shares subject to Awards which may be awarded to any employee during any fiscal year of the Company shall be equitably adjusted as necessary to prevent the dilution or enlargement of the rights of Participants; provided that, with respect to Incentive Stock Options, adjustments shall be made in accordance with Section 424 of the Code.

4. *Administration of The Plan.*

4.1 *Authority and Delegation.* The Committee shall have final discretion, responsibility, and authority to administer and interpret the Plan. This includes the discretion and authority to determine all questions of fact, eligibility, or benefits relating to the Plan. The Committee may also adopt any rules it deems necessary to administer the Plan. Any interpretation, determination, decision, or other action made or taken by the Committee shall be final and binding on Participants, the Company, and any other interested parties. The Committee may delegate to one or more of its members or to one or more officers or employees of the Company and/or its Subsidiaries and Affiliates, or to one or more agents or advisors such administrative duties or powers as it may deem advisable, and the Committee or any individuals to whom it has delegated duties or powers as aforesaid may employ one or more individuals to render advice with respect to any responsibility the Committee or such individuals may have under this Plan. The Committee may, by resolution, authorize one or more officers of the Company to do one or both of the following on the same basis as can the Committee: (a) designate Employees to be recipients of Awards; (b) determine the size of any such Awards; provided, however, (i) the Committee shall not delegate such responsibilities to any such officer for Awards granted to an Employee who is considered a Section 16 officer; (ii) the resolution providing such authorization sets forth the total number of Awards such officer(s) may grant; and (iii) the officer(s) shall report periodically to the Committee regarding the nature and scope of the Awards granted pursuant to the authority delegated.

Edgar Filing: Aldabra 2 Acquisition Corp. - Form PREM14A

4.2 *Terms and Conditions of Awards.* The Committee shall have final discretion, responsibility, and authority to:

- (a) grant Awards;
- (b) determine the Participants to whom and the times at which Awards shall be granted;
- (c) determine the type and number of Awards to be granted, the number of shares of Stock to which an Award may relate, and the applicable terms, conditions, and restrictions, including the length of time for which any restriction shall remain in effect;
- (d) establish and administer Performance Criteria and Goals relating to any Award;
- (e) establish the rights of Participants with respect to an Award upon Termination of Employment or termination of service as a Director (which may be different based on the reason for termination);
- (f) determine whether, to what extent, and under what circumstances an Award may be settled, cancelled, forfeited, exchanged, or surrendered, provided that any Committee action taken in this respect must not result in an Award being considered "nonqualified deferred compensation" under Section 409A of the Code and further provided that any Committee action taken in this respect shall be subject to Sections 7.5 and 8.7 prohibiting repricing of Options and Stock Appreciation Rights;
- (g) make adjustments in the Performance Goals in recognition of unusual or nonrecurring events affecting the Company or the financial statements of the Company, or in response to changes in applicable laws, regulations, or accounting principles;
- (h) determine the terms and provisions of Agreements; and
- (i) make all other determinations deemed necessary or advisable for the administration of the Plan.

The Committee shall determine the terms and conditions of each Award at the time of grant. The Committee may establish different terms and conditions for different Participants (whether or not similarly situated), for different Awards, and for the same Participant for each Award the Participant may receive, whether or not granted at different times.

5. *Eligibility.* The persons who shall be eligible to receive Awards pursuant to the Plan shall be employees of the Company and its subsidiaries and affiliates (including elected officers of the Company, whether or not they are directors of the Company) selected by the Committee from time to time, and Directors. The grant of an Award at any time to any person shall not entitle that person to a grant of an Award at any future time.

6. *Awards Under The Plan; Agreement.* Awards that may be granted under the Plan consist of Options, Stock Appreciation Rights, Restricted Stock, Restricted Stock Units, Performance Units, Performance Shares, Annual Incentive Awards, and Stock Bonuses, all as described below.

Each Award granted under the Plan, except unconditional Stock Bonuses, shall be evidenced by an Agreement which shall contain such provisions as the Committee may, in its sole discretion, deem necessary or desirable which are not in conflict with the terms of the Plan. By accepting an Award, a Participant agrees that the Award shall be subject to all of the terms and provisions of the Plan and the applicable Agreement.

7. *Options.*

7.1 *Terms and Agreement.* Subject to the terms of the Plan, Options may be granted to Participants at any time as determined by the Committee. The Committee shall determine, and the Agreement shall reflect, the following for each Option granted:

- (a) the number of shares subject to each Option;
- (b) duration of the Option (provided that no Option shall have an expiration date later than the day after the 10th anniversary of the date of grant);
- (c) vesting requirements, if any;
- (d) whether the Option is an Incentive Stock Option or a Nonqualified Stock Option;
- (e) the amount and duration of related Stock Appreciation Rights, if any, and any conditions upon their exercise;
- (f) the exercise price for each Option (which shall not be less than the Fair Market Value on the date of the grant);
- (g) the permissible method(s) of payment of the exercise price;
- (h) the rights of the Participant upon Termination of Employment or termination of service as a Director (which may be different based on the reason for termination, provided that the termination rights for Participants receiving Incentive Stock Options shall conform to Section 422 of the Code; and
- (i) any other terms or conditions established by the Committee.

7.2 *Exercise of Options.*

(a) Options shall be exercisable at such times and subject to such restrictions and conditions as the Committee, in its sole discretion, deems appropriate, which need not be the same for all Participants.

(b) An Option shall be exercised by delivering written notice as specified in the Agreement on the form of notice provided by the Company, or by complying with any alternative exercise procedures the Committee may authorize. Options may be exercised in whole or in part.

For a Participant who is subject to Section 16 of the Exchange Act, the Company may require that the method of payment comply with Section 16 and the rules and regulations thereunder. Any payment in shares of Stock, if permitted, shall be made by delivering the shares to the corporate secretary of the Company, duly endorsed in blank or accompanied by stock powers duly executed in blank, together with any other documents and evidence as the secretary shall require.

(c) Certificates for shares of Stock purchased upon the exercise of an Option shall be issued in the name of or for the account of the Participant or other person entitled to receive the shares and delivered to the Participant or other person, or evidence of book-entry shares shall be delivered to the Participant or other person, as soon as practicable following the effective date on which the Option is exercised.

7.3 *Incentive Stock Options.* Notwithstanding anything in the Plan to the contrary, no term of the Plan relating to Incentive Stock Options shall be interpreted, amended, or altered, nor shall any discretion or authority granted under the Plan be exercised so as to disqualify the Plan under Section 422 of the Code, or, without the consent of any affected Participant, to cause any Incentive Stock Option previously granted to fail to qualify for the federal income tax treatment afforded

Edgar Filing: Aldabra 2 Acquisition Corp. - Form PREM14A

under Section 421 of the Code. Incentive Stock Options shall not be granted to Directors. Incentive Stock Options shall not be granted under the Plan on or after the tenth anniversary of the Effective Date.

7.4 *Leave of Absence or Transfer.* Transfer between the Company and any subsidiary or affiliate of the Company, or between subsidiaries of the Company, or a leave of absence of less than six months duly authorized by the Participant's employer, shall not be deemed a Termination of Employment. A Participant may not, however, exercise an Option or related Stock Appreciation Right during any leave of absence unless authorized to do so by the Company's compensation manager.

7.5 *Reduction in Price or Reissuance.* In no event shall the Committee cancel any outstanding Option for the purpose of reissuing the Option to the Participant at a lower exercise price or reduce the exercise price of a previously issued Option.

8. *Stock Appreciation Rights.*

8.1 *Terms and Agreement.* Subject to the terms of the Plan, Stock Appreciation Rights may be granted to Participants at any time as determined by the Committee. The Committee shall determine, and the Agreement shall reflect, the following for each SAR granted:

- (a) the number of shares subject to each SAR;
- (b) whether the SAR is a Related SAR or a Freestanding SAR;
- (c) duration of the SAR;
- (d) vesting requirements, if any;
- (e) rights of the Participant upon Termination of Employment or termination of service as a Director (which may be different based on the reason for termination); and
- (f) any other terms or conditions established by the Committee.

8.2 *Related and Freestanding SARs.* A Stock Appreciation Right may be granted in connection with an Option at the time of grant (a "Related SAR"), or may be granted unrelated to an Option (a "Freestanding SAR").

8.3 *Surrender of Option.* A Related SAR shall require the holder, upon exercise, to surrender the Option with respect to the number of shares as to which the SAR is exercised, in order to receive payment. The Option will, to the extent surrendered, cease to be exercisable.

8.4 *Reduction in Number of Shares Subject to Related SARs.* For Related SARs, the number of shares subject to the SAR shall not exceed the number of shares subject to the Option. For example, if the SAR covers the same number of shares as the Option, the exercise of a portion of the Option shall reduce the number of shares subject to the SAR to the number of shares remaining under the Option. If the Related SAR covers fewer shares than the Option, the exercise of a portion of the Option shall reduce the number of shares subject to the SAR to the extent necessary so that the number of remaining shares subject to the SAR is not more than the remaining shares under the Option.

8.5 *Exercisability.* Subject to Section 8.7 and to any rules and restrictions imposed by the Committee, a Related SAR will be exercisable at the time or times, and only to the extent, that the Option is exercisable and will not be transferable except to the extent that the Option is transferable. A Freestanding SAR will be exercisable as determined by the Committee but in no event after 10 years from the date of grant.

8.6 *Payment.* Upon the exercise of a Stock Appreciation Right, the holder will be entitled to receive payment of an amount determined by multiplying:

- (a) The excess of the Fair Market Value on the date of exercise over the Fair Market Value on the date of grant, by
- (b) The number of shares with respect to which the SAR is being exercised.

The Committee may limit the amount payable upon exercise of a Stock Appreciation Right. Any limitation must be determined as of the date of grant and noted on the Agreement evidencing the grant.

Payment will be made in cash, Stock, or a combination of cash and Stock, in the Committee's sole discretion.

8.7 *Reduction in Price or Reissuance.* In no event shall the Committee cancel any outstanding Stock Appreciation Right for the purpose of reissuing the Stock Appreciation Right to the Participant at a lower exercise price or reduce the exercise price of a previously issued Stock Appreciation Right.

8.8 *Additional Terms.* The Committee may impose additional conditions or limitations on the exercise of a Stock Appreciation Right as it may deem necessary or desirable to secure for holders the benefits of Rule 16b-3, or any successor provision, or as it may otherwise deem advisable.

9. *Restricted Stock.*

9.1 *Terms and Agreement.* Subject to the terms of the Plan, shares of Restricted Stock may be granted to Participants at any time as determined by the Committee. The Committee shall determine, and the Agreement shall reflect, the following for the Restricted Stock granted:

- (a) the number of shares of Restricted Stock granted;
- (b) the purchase price, if any, to be paid by the Participant for each share of Restricted Stock;
- (c) the restriction period established pursuant to Subsection 9.2;
- (d) any requirements with respect to elections under Section 83(b) of the Code;
- (e) rights of the Participant upon Termination of Employment or termination of service as a Director (which may be different based on the reason for termination); and
- (f) any other terms or conditions established by the Committee.

9.2 *Restriction Period.* At the time of the grant of Restricted Stock, the Committee shall establish a restriction period for the shares granted, which may be time-based, based on the achievement of specified Performance Goals, a combination of time-and Performance Goal-based, or based on any other criteria the Committee deems appropriate. The Committee may divide the shares into classes and assign a different restriction period for each class. The Committee may impose additional conditions or restrictions upon the vesting of the Restricted Stock as it deems fit in its sole discretion. If all applicable conditions are satisfied, then upon the termination of the restriction period with respect to a share of Restricted Stock, the share shall vest and the restrictions of Section 9.3 shall lapse. To the extent required to ensure that a Performance Goal-based Award of Restricted Stock to an executive officer is deductible by the Company pursuant to Section 162(m) of the Code, any such Award shall vest only upon the Committee's determination that the Performance Goals applicable to the Award have been attained.

Edgar Filing: Aldabra 2 Acquisition Corp. - Form PREM14A

9.3 *Restrictions on Transfer Prior to Vesting.* Prior to the vesting of Restricted Stock, the Participant may not sell, assign, pledge, hypothecate, transfer, or otherwise encumber the Restricted Stock. Upon any attempt to transfer rights in a share of Restricted Stock, the share and all related rights shall immediately be forfeited by the Participant. Upon the vesting of a share of Restricted Stock, the transfer restrictions of this section shall lapse with respect to that share.

9.4 *Rights as a Shareholder.* Except for the restrictions set forth here and unless otherwise determined by the Committee, the Participant shall have all the rights of a Shareholder with respect to shares of Restricted Stock, including but not limited to the right to vote and the right to receive dividends, provided that unless otherwise specified in the Agreement, dividends shall be held subject to the same conditions and restrictions upon vesting as the underlying Restricted Stock.

9.5 *Issuance of Certificates.*

(a) Following the date of grant, upon the Participant's request, the Company shall issue a stock certificate, registered in the name of or for the account of the Participant to whom the shares of Restricted Stock were granted, evidencing the shares. Each stock certificate shall bear the following legend:

The transferability of this certificate and the shares of stock represented hereby are subject to the restrictions, terms, and conditions (including forfeiture provisions and restrictions against transfer) contained in the Boise Paper Company Incentive and Performance Plan and an Agreement entered into between the registered owner of the shares and Boise Paper Company.

This legend shall not be removed until the shares vest pursuant to the terms stated.

(b) Each certificate, together with the stock powers relating to the shares of Restricted Stock evidenced by the certificate, shall be held by the Company unless the Committee determines otherwise.

(c) Following the date on which a share of Restricted Stock vests, upon a Participant's request, the Company shall cause to be delivered to the Participant to whom the shares were granted, a certificate evidencing the share free of the legend stated in subsection (a) above.

(d) Unless a Participant requests a stock certificate as provided in subsections (a) and (c) above, the shares shall be maintained in book-entry form by the Company.

9.6 *Section 83(b) Election.* The Committee may provide in the Agreement that the Award is conditioned upon the Participant making or not making an election under Section 83(b) of the Code. If the Participant makes an election pursuant to Section 83(b) of the Code, the Participant shall be required to file a copy of the election with the Company within 10 days.

10. *Restricted Stock Units.*

10.1 *Terms and Agreement.* Subject to the terms of the Plan, Restricted Stock Units may be granted to Participants at any time as determined by the Committee. The Committee shall determine, and the Agreement shall reflect, the following for the Restricted Stock Units granted:

- (a) the number of Restricted Stock Units awarded;
- (b) the purchase price, if any, to be paid by the Participant for each Restricted Stock Unit;
- (c) the restriction period established pursuant to Subsection 10.2;

(d) whether dividend equivalents will be credited with respect to Restricted Stock Units, and if so, any accrual, forfeiture, or payout restrictions on the dividend equivalents; provided that dividend equivalents will not be credited if they are determined to be "nonqualified deferred compensation" under Section 409A of the Code;

(e) rights of the Participant upon Termination of Employment or termination of service as a Director (which may be different based on the reason for termination); and

(f) any other terms or conditions established by the Committee.

10.2 *Restriction Period.* At the time of the grant of Restricted Stock Units, the Committee shall establish a restriction period, which may be time-based, based on the achievement of specified Performance Goals, a combination of time- and Performance Goal-based, or based on any other criteria the Committee deems appropriate. The Committee may divide the awarded units into classes and assign a different restriction period for each class. The Committee may impose any additional conditions or restrictions upon the vesting of the Restricted Stock Units as it deems fit in its sole discretion. If all applicable conditions are satisfied, then upon the termination of the restriction period with respect to a Restricted Stock Unit, the unit shall vest. To the extent required to ensure that a Performance Goal-based Award of Restricted Stock Units to an executive officer is deductible by the Company pursuant to Section 162(m) of the Code, any such Award shall become vested only upon the Committee's determination that the Performance Goals applicable to the Award, if any, have been attained.

10.3 *Payment.* Upon vesting of a Restricted Stock Unit, the Participant shall be entitled to receive payment of an amount equal to the Fair Market Value of one share of Stock. Payment may be made in cash, Stock, or a combination of cash and Stock, in the Committee's sole discretion.

11. *Performance Units.*

11.1 *Terms and Agreement.* Subject to the terms of the Plan, Performance Units may be granted to Participants at any time as determined by the Committee. The Committee shall determine, and the Agreement shall reflect, the following for the Performance Units granted:

(a) the number of Performance Units awarded;

(b) the initial value of a Performance Unit;

(c) the rights of the Participant upon Termination of Employment or termination of service as a Director (which may be different based on the reason for termination);

(d) the performance period and Performance Goals applicable to the Award; and

(e) any other terms or conditions established by the Committee.

11.2 *Payment.* After the applicable performance period has ended, the Committee will review the Performance Goals and determine the amount payable with respect to the Award, based upon the extent to which the Performance Goals have been attained within the performance period and any other applicable terms and conditions. Payment of earned Performance Units may be made in cash, Stock, or a combination of cash and Stock, in the Committee's sole discretion.

12. *Performance Shares.*

12.1 *Terms and Agreement.* Subject to the terms of the Plan, Performance Shares may be granted to Participants at any time as determined by the Committee. The Committee shall determine, and the Agreement shall reflect, the following for the Performance Shares granted:

(a) the number of Performance Shares awarded;

(b) the performance period and Performance Goals applicable to the Award;

(c) whether dividend equivalents will be credited with respect to Performance Shares, and if so, any accrual, forfeiture, or payout restrictions on the dividend equivalents; provided that dividend equivalents will not be credited if they are determined to be "nonqualified deferred compensation" under Section 409A of the Code;

(d) the rights of the Participant upon Termination of Employment or service as a Director (which may be different based on the reason for termination); and

(e) any other terms or conditions established by the Committee.

12.2 *Initial Value.* The initial value of each Performance Share shall be the Fair Market Value on the date of grant.

12.3 *Payment.* After the applicable performance period has ended, the Committee will review the Performance Goals and determine the amount payable with respect to the Award, based upon the extent to which the Performance Goals have been attained within the performance period and any other applicable terms and conditions. Payment of earned Performance Shares may be made in cash, Stock, or a combination of cash and Stock, as determined by the Committee in its sole discretion.

13. *Annual Incentive Awards.*

13.1 *Award Period and Performance Goals.* The award period for Annual Incentive Awards is a fiscal year, which may be a calendar year. Within 90 days of the beginning of each award period, the Committee shall establish the specific Performance Goals to be achieved in order for Participants to earn an Annual Incentive Award. The Committee shall establish a mathematical formula pursuant to which an Award equal to a specified percentage of a Participant's salary shall be earned upon the attainment of specific levels of the applicable Performance Goals. The Performance Goals and formula, once established, shall continue for subsequent years unless modified by the Committee. The Performance Goals applicable to an Award Period, and the formula pursuant to which Award amounts shall be determined, shall be selected and published within 90 days from the beginning of the award period.

13.2 *Payment.* As soon as practical after the conclusion of the award period, the Committee shall review and evaluate the Performance Goals applicable to that award period in light of performance measured in accordance with the goals and shall determine whether the goals have been satisfied. If satisfied, the Committee shall so certify in a written statement and shall apply the criteria to determine the amount of the Award for each Participant, subject to the Committee's right to reduce or eliminate the amount of any Award under Section 31. Payment of earned Annual Incentive Awards may be made in cash, Stock, or a combination of cash and Stock, in the Committee's sole discretion. No Award may be paid to a Participant in excess of \$3,000,000 for any single year.

14. *Stock Bonuses.* Subject to the terms of the Plan, a Stock Bonus may be granted to one or more Participants at any time as determined by the Committee. If the Committee grants a Stock Bonus, a certificate for the shares of Stock constituting the Stock Bonus shall be issued in the name of the Participant to whom the grant was made and delivered as soon as practicable after the date on which the Stock Bonus is payable.

15. *Rights as a Shareholder.* Except as otherwise provided in Section 9.4 with respect to Restricted Stock, no person shall have any rights as a Shareholder with respect to any shares of Stock covered by or relating to an Award until the date of issuance of a stock certificate with respect to the shares (or, if such shares are held in "book-entry" form, the date upon which a stock certificate first could have been issued). Except as otherwise provided in Sections 3.3, 10.1 and 12.1, no adjustment to

any Award shall be made for dividends or other rights for which the record date occurs prior to the date the stock certificate is issued.

16. *Awards Subject to Code Section 409A.* Any Award that constitutes, or provides for, a deferral of compensation subject to Section 409A of the Code (a "Section 409A Award") shall comply in form and operation with the requirements of Section 409A of the Code and this Section 16, to the extent applicable. The Award Agreement with respect to a Section 409A Award shall incorporate the terms and conditions required by Section 409A of the Code and this Section 16.

16.1 *Specified Employee Restriction.* In the case of a Participant who is a "specified employee," the distributions with respect to the Section 409A Award payable upon the Participant's separation from service may not be made before the date which is six months after the Participant's separation from service (or, if earlier, the date of the Participant's death). For purposes of this section, a Participant shall be a "specified employee" if such Participant is a key employee (as defined in Code Section 416(i) without regard to paragraph (5) thereof) of a corporation any stock of which is publicly traded on an established securities market or otherwise, as determined under Code Section 409A(a)(2)(B)(i) and the regulations thereunder.

17. *Securities Matters.*

17.1 *Delivery of Stock Certificates.* Notwithstanding anything in this Plan to the contrary, the Company shall not be obligated to issue or deliver any certificates evidencing shares of Stock unless and until (a) the Company is advised by its counsel that the issuance and delivery of certificates is in compliance with all applicable laws, regulations of governmental authority, and the requirements of any securities exchange on which the Stock is traded; and (b) any governmental approvals the Company deems necessary or advisable have been obtained. The Committee may require, as a condition of the issuance and delivery of certificates, that the recipient make any agreements and representations and that the certificates bear any legends as the Committee, in its sole discretion, deems necessary or desirable.

17.2 *When Transfer is Effective.* The transfer of any shares of Stock shall be effective only when counsel to the Company has determined that the issuance and delivery of the shares is in compliance with all applicable laws, regulations, and the requirements of any securities exchange on which shares of Stock are traded. The Committee may, in its sole discretion, defer the effectiveness of any transfer of shares of Stock in order to allow the issuance of the shares to be made pursuant to registration or an exemption from registration or other methods for compliance available under federal or state securities laws. The Committee shall inform the Participant in writing of its decision to defer the effectiveness of a transfer. During the period of deferral in connection with the exercise of an Option, the Participant may, by written notice, withdraw the exercise and obtain the refund of any amount paid in connection with the exercise.

18. *Withholding Taxes.* When cash is to be paid pursuant to an Award, an amount sufficient to satisfy any federal and state taxes required by law to be withheld shall be deducted from the payment. When shares of Stock are to be delivered pursuant to an Award, the Participant shall remit in cash an amount sufficient to satisfy any federal and state taxes required by law to be withheld; provided that if permitted by the Committee in its sole discretion, a Participant may elect to satisfy the withholding requirement, in whole or in part, by having the Company withhold shares of Stock having a Fair Market Value on the date the tax is to be determined equal to the minimum statutory total tax that could be imposed on the transaction. All such elections shall be irrevocable, made in writing, and signed by the Participant, and shall be subject to any restrictions or limitations that the Committee, in its sole discretion, deems appropriate. The shares shall be valued at Fair Market Value on the date the amount of tax to be withheld is determined.

Edgar Filing: Aldabra 2 Acquisition Corp. - Form PREM14A

19. *Amendment and Termination.* The Committee may, at any time, amend or terminate the Plan; provided that no amendment shall be made without Shareholder approval if approval is required under applicable law or if the amendment would (a) decrease the grant or exercise price of any Stock-based Award to less than the Fair Market Value on the date of grant, (b) increase the total number of shares of Stock available under the Plan, or (c) materially increase the benefits to Participants. Any amendment or termination shall not (i) violate Section 409A of the Code, or (ii) adversely affect the vested or accrued rights or benefits of any Participant without the Participant's prior consent, provided that an amendment may adversely affect the vested or accrued rights of a Participant without the Participant's prior consent if such amendment is necessary to comply with Section 409A of the Code or if, in the Committee's sole discretion, not amending a Participant's vested or accrued rights or benefits would have adverse consequences to the Company.

20. *Transfers Upon Death; Nonassignability.* Upon the death of a Participant, outstanding Awards granted to the Participant may be exercised only by a beneficiary designated pursuant to Section 30, the executor or administrator of the Participant's estate, or a person who has acquired the right to exercise by will or the laws of descent and distribution. No transfer of an Award by will or the laws of descent and distribution shall be effective to bind the Company unless the Committee has been furnished with (a) written notice and a copy of the will and/or such evidence as the Committee may deem necessary to establish the validity of the transfer, and (b) an agreement by the transferee to comply with all the terms and conditions of the Award that would have applied to the Participant and to be bound by the acknowledgments made by the Participant in connection with the grant of the Award.

During the lifetime of a Participant, no Award is transferable.

21. *Expenses and Receipts.* The expenses of the Plan shall be paid by the Company. Any proceeds received by the Company in connection with any Award may be used for general corporate purposes.

22. *Change in Control Provisions.*

22.1 *Vesting and Exercisability.* Notwithstanding any other provision of this Plan to the contrary, the provisions of this Article 22 shall apply in the event of a Change in Control, unless otherwise determined by the Committee in connection with the grant of an Award as reflected in the applicable Award Agreement. Upon a Change in Control, all then-outstanding Stock Options and Stock Appreciation Rights shall become fully vested and exercisable, and all other then-outstanding Awards that are subject solely to time-based vesting shall vest in full and be free of restrictions, except to the extent that another Award meeting the requirements of Section 22.2 (a "Replacement Award") is provided to the Participant to replace such Award (the "Replaced Award"); provided that, the Committee shall have the discretion to provide in any Award Agreement that, if no Replacement Award is granted, all then-outstanding Stock Options subject to such Award Agreement shall automatically terminate if not exercised prior to or in connection with such Change in Control and the value of all Stock Appreciation Rights and all other Awards that are subject solely to time-based vesting subject to such Award Agreement shall be finally determined with reference to such Change in Control. Notwithstanding the foregoing, upon a Change in Control, the Committee may in its sole discretion pay cash to any or all Participants in exchange for the cancellation of their outstanding Awards. Upon a Change in Control, the treatment of any other Awards shall be as determined by the Committee at the time of grant, as reflected in the applicable Award Agreement.

22.2 *Replacement Awards.* An Award shall meet the conditions of this Section 22.2 and qualify as a Replacement Award if:

- (a) it has a value at least equal to the value of the Replaced Award as determined by the Committee in its sole discretion;

Edgar Filing: Aldabra 2 Acquisition Corp. - Form PREM14A

(b) it relates to equity securities of the Company or its successor in the Change in Control or another entity that is affiliated with the Company or its successor following the Change in Control; and

(c) its other terms and conditions are not less favorable to the Participant than the terms and conditions of the Replaced Award (including the provisions that would apply in the event of a subsequent Change in Control).

Without limiting the generality of the foregoing, the Replacement Award may take the form of a continuation of the Replaced Award as long as the preceding requirements of this Section 22.2 are satisfied. The determination of whether the requirements of this Section 22.2 are satisfied shall be made by the Committee, as constituted immediately before the Change in Control, in its sole discretion.

22.3 Subsequent Termination of Employment. Upon a Termination of Employment or termination of directorship of a Participant occurring in connection with or during the period of two (2) years after such Change in Control, other than termination for a Disciplinary Reason, (i) all Replacement Awards held by the Participant shall become fully vested and (if applicable) exercisable and free of restrictions, and (ii) all Stock Options and Stock Appreciation Rights held by the Participant immediately before the termination of employment or termination of directorship that the Participant held as of the date of the Change in Control or that constitute Replacement Awards shall remain exercisable for not less than one (1) year following such termination or until the expiration of the stated term of such Stock Option or SAR, whichever period is shorter; provided, that if the applicable Award Agreement provides for a longer period of exercisability, that provision shall control.

22.4 No Amendment. Notwithstanding Section 19, upon a Change in Control, the provisions of this Section 22 may not be amended in any respect for twelve months following a Change in Control but may be amended thereafter.

23. Claims Procedure. Claims for benefits under the Plan shall be filed in writing, within 90 days after the event giving rise to a claim, with the Company's compensation manager, who shall have absolute discretion to interpret and apply the Plan, evaluate the facts and circumstances, and make a determination with respect to the claim in the name and on behalf of the Company. The claim shall include a statement of all facts the Participant believes relevant to the claim and copies of all documents, materials, or other evidence that the Participant believes relevant to the claim. Written notice of the disposition of a claim shall be furnished to the Participant within 90 days after the application is filed. This 90-day period may be extended an additional 90 days for special circumstances by the compensation manager, in his or her sole discretion, by providing written notice of the extension to the claimant prior to the expiration of the original 90-day period. If the claim is denied, the compensation manager shall notify the claimant in writing. This written notice shall:

- (a) state the specific reasons for the denial;
- (b) refer to Plan provisions on which the determination is based;
- (c) describe any additional material or information necessary for the claimant to perfect the claim and explain why the information is necessary; and
- (d) explain how the claimant may submit the claim for review and state applicable time limits.

24. Claims Review Procedure. Any Participant, former Participant, or Beneficiary of either, who has been denied a benefit claim, shall be entitled, upon written request, to access to or copies of all documents and records relevant to his or claim and to a review of his or her denied claim. A request for review, together with a written statement of the claimant's position and any other comments,

Edgar Filing: Aldabra 2 Acquisition Corp. - Form PREM14A

documents, records, or information that the claimant believes relevant to his or her claim, shall be filed no later than 60 days after receipt of the written notification provided for in Section 23 and shall be filed with the Company's compensation manager. The manager shall promptly inform the Company's senior human resources officer. The senior human resources officer shall make his or her decision, in writing, within 60 days after receipt of the claimant's request for review. This 60-day period may be extended an additional 60 days if, in the senior human resources officer's sole discretion, special circumstances warrant the extension and if the senior human resources officer provides written notice of the extension to the claimant prior to the expiration of the original 60-day period. The written decision shall be final and binding on all parties and shall state the facts and specific reasons for the decision and refer to the Plan provisions upon which the decision is based.

25. *Lawsuits; Venue; Applicable Law.* No lawsuit claiming entitlement to benefits under this Plan may be filed prior to exhausting the claims and claims review procedures described in Sections 23 and 24. Any lawsuit must be initiated no later than (a) one year after the event(s) giving rise to the claim occurred, or (b) 60 days after a final written decision was provided to the claimant under Section 24, whichever is sooner. Any legal action involving benefits claimed or legal obligations relating to or arising under this Plan may be filed only in Federal District Court in the city of Boise, Idaho. Federal law shall be applied in the interpretation and application of this Plan and the resolution of any legal action. To the extent not preempted by federal law, the laws of the state of Delaware shall apply.

26. *Participant Rights.* No Participant shall have any claim to be granted any Award under the Plan, and there is no obligation to treat Participants uniformly.

27. *Unsecured General Creditor.* Participants and their beneficiaries, heirs, successors, and assigns shall have no legal or equitable rights, interest, or claims in any property or assets of the Company. The assets of the Company shall not be held under any trust for the benefit of Participants, their beneficiaries, heirs, successors, or assigns, or held in any way as collateral security for the fulfilling of the obligations of the Company under this Plan. Any and all Company assets shall be, and remain, the general, unpledged, unrestricted assets of the Company. The Company's obligation under the Plan shall be an unfunded and unsecured promise of the Company.

28. *No Fractional Shares.* No fractional shares of Stock shall be issued or delivered pursuant to the Plan. The Committee shall determine whether cash, other Awards, or other property shall be issued or paid in lieu of any fractional shares or whether fractional shares or any rights to fractional shares shall be forfeited or otherwise eliminated.

29. *Beneficiary.* A Participant who is an elected officer of the Company or a Director may file with the Committee a written designation of a beneficiary on the form prescribed by the Committee and may, from time to time, amend or revoke the designation. A beneficiary, legal guardian, legal representative, or other person claiming any rights pursuant to the Plan is subject to all terms and conditions of the Plan and any Award Agreement applicable to the Participant, except to the extent the Plan and Award Agreement otherwise provide, and to any additional restrictions deemed necessary or appropriate by the Administrator. If no beneficiary has been designated or survives the Participant, payment shall be made to the Participant's estate.

30. *Employment Not Guaranteed.* This Plan is not intended to and does not create a contract of employment in any manner. Employment with the Company and/or any subsidiary or affiliate of the Company is at will, which means that either the employee or the employer may end the employment relationship at any time and for any reason. Nothing in this Plan changes, or should be construed as changing, that at-will relationship.
