PROXY STATEMENT

**Annual Meeting of Stockholders
to be held on May 28, 2008**

GENERAL INFORMATION ABOUT THE ANNUAL MEETING AND VOTING

This proxy statement is furnished in connection with the solicitation by the board of directors of Citi Trends, Inc. of proxies to be voted at the annual meeting of stockholders on May 28, 2008. This proxy statement, the accompanying proxy card and the annual report to stockholders are being mailed to stockholders on or about April 25, 2008.

The principal executive offices of Citi Trends, Inc., a Delaware corporation, are located at 104 Coleman Boulevard, Savannah, Georgia 31408, and our telephone number is (912) 236-1561.

The terms "Citi Trends" or the "Company" (as well as the words "we," "us" and "our") refer to Citi Trends, Inc. References to "you" or "your" refer to our stockholders.

In this section of the proxy statement, we answer some common questions regarding the annual meeting of stockholders and the voting of shares of common stock at the meeting.

Where and when will the annual meeting be held?

The date, time and place of the meeting are: May 28, 2008, at 9:00 a.m., EDT, at Hilton Garden Inn-Airport, 80 Clyde E. Martin Drive, Savannah, Georgia 31408.

Why did you send me this proxy statement?

This proxy statement was prepared under the direction of our board of directors to solicit your proxy for voting at our annual meeting. We sent you this proxy statement and the enclosed proxy card because our board of directors is asking for your proxy to vote your shares at the annual meeting. We have summarized information in this proxy statement that you should consider in deciding how to vote at the meeting. But you do not have to attend in order to vote your shares. Instead, you may simply complete, sign and return the enclosed proxy card.

What can I vote on at the meeting?

The matters scheduled to be voted on at the meeting are:

- (1) The election of three directors to our board of directors, one Class II director to hold office until the annual meeting of stockholders in 2010 and until his successor is elected and qualified, and two Class III directors to hold office until the annual meeting of stockholders in 2011 and until their successors are elected and qualified; and
- (2) Ratification of the appointment of KPMG LLP as our independent registered public accounting firm for the fiscal year ending January 31, 2009.

How does the board of directors recommend that I vote?

The board of directors recommends that you vote your shares "FOR" the nominees to the board of directors, and "FOR" the ratification of KPMG LLP as our independent registered public accounting firm for the fiscal year ending January 31, 2009.

Who can vote?

You can vote your shares of common stock if our records show that you were the owner of the shares as of the close of business on March 31, 2008, the record date for determining the stockholders who are entitled to vote at the annual meeting. As of the close of business on March 31, 2008, there were a total of 14,087,491 shares of our common stock outstanding and entitled to vote at the annual meeting. You get one vote for each share of common stock that you own. Holders of shares of common stock do not have cumulative voting rights. The enclosed proxy card shows the number of shares you can vote.

How are votes counted?

We will hold the annual meeting if stockholders representing the required quorum of shares of common stock entitled to vote either sign and return their proxy cards or attend the meeting. One third of the shares of common stock entitled to vote at the meeting present in person or by proxy will constitute a quorum. If you sign and return your proxy card, your shares will be counted to determine whether we have a quorum even if you abstain or fail to vote as indicated on the proxy card.

Votes withheld from the director nominee, abstentions and broker non-votes will be counted as shares present for the purpose of determining a quorum but will not be counted in determining the number of shares voted "for" the director nominee or votes cast "for" or "against" the proposal to ratify the appointment of KPMG LLP as our independent registered public accounting firm.

What is the required vote for approval?

The election of our nominees for director requires a plurality of the votes cast at the annual meeting; the ratification of the appointment of KPMG LLP as our independent registered public accounting firm requires a majority of the votes cast at the annual meeting on such matter.

How do I vote?

Stockholders of record may vote in person by attending the annual meeting or by completing and returning the proxy by mail. Your vote is very important, so whether you plan to attend the annual meeting or not, we encourage you to vote by proxy as soon as possible.

How do I vote by proxy?

Follow the instructions on the enclosed proxy card to vote on the matters to be considered at the annual meeting. The individuals named and designated as proxies in the proxy card will vote your shares as you instruct. If you do not mark a selection, your proxy will be voted as recommended by the board of directors.

You have the following choices in completing your proxy:

You may vote on each proposal, in which case your shares will be voted in accordance with your choices.

In voting on the nominees for director, you can either vote "FOR ALL" the nominees or withhold your vote on the nominees as a group or for any particular nominee.

You may abstain on the proposal to ratify the appointment of KPMG LLP as our independent registered public accounting firm, in which case no vote will be recorded on that matter.

You may return a signed proxy card without indicating your vote on any matter, in which case the designated proxies will vote to elect all of the nominees as directors and ratify the

Edgar Filing: Citi Trends Inc - Form DEF 14A

appointment of KPMG LLP as our independent registered public accounting firm for the fiscal year ending January 31, 2009.

How do I vote if my shares are held in "street name"?

If your shares are held in the name of your broker, a bank or other nominee, that party will give you instructions for voting your shares.

What if other matters come up at the annual meeting?

The only matters we now know of that will be voted on at the annual meeting are the proposals we have described in this proxy statement: the election of the Class II director and Class III directors; and the proposal to ratify the appointment of KPMG LLP as our independent registered public accounting firm for the fiscal year ending January 31, 2009. If other matters are properly presented at the meeting, the designated proxies will vote your shares in their discretion.

Can I change my vote after I return my proxy card?

Yes, so long as you are the record holder and not a nominee holder of the shares. At any time before the vote on a proposal, you can change your vote either by giving us a written notice revoking your proxy card or by signing, dating and returning to us a new proxy card or by attending the annual meeting and voting your shares in person. We will honor the proxy card with the latest date.

Proxy revocation notices or new proxy cards should be sent to Citi Trends, Inc. c/o American Stock Transfer and Trust Company, 6201 15th Avenue, Brooklyn, New York 11219.

Can I vote in person at the annual meeting rather than by completing the proxy card?

Although we encourage you to complete and return the proxy card to ensure that your vote is counted, you can attend the annual meeting and vote your shares in person even if you have submitted a proxy card if you are a stockholder of record on the record date. If your shares are held in street name, then you may vote your shares in person only if you have a legal proxy from the entity that holds your shares giving you the right to vote the shares. A legal proxy is a written document from your brokerage firm or bank authorizing you to vote the shares it holds in its name. If you attend the meeting and vote your shares by ballot, your vote at the meeting will revoke any vote you submitted by mail.

What do I do if I receive duplicate proxy statements and cards?

You may receive more than one proxy statement, proxy card or annual report. This duplication will occur if you have shares registered in different names or your shares are in more than one type of account maintained by American Stock Transfer and Trust Company, our transfer agent. To have all your shares voted, please sign, date and return all proxy cards.

Who will count the votes?

American Stock Transfer and Trust Company will tabulate the votes. Corporate Communications, Inc. will serve as the inspector of election.

Who will conduct this proxy solicitation and who pays for this proxy solicitation?

We regularly retain the services of Corporate Communications, Inc. to assist with our investor relations and other stockholder communications issues. Corporate Communications, Inc. will assist in the solicitation of proxies and will not receive any additional compensation for these services. Corporate Communications, Inc. may solicit proxies by telephone, facsimile, other forms of electronic

Edgar Filing: Citi Trends Inc - Form DEF 14A

transmission and by mail. We will reimburse the firm's expenses in connection with the solicitation. In addition, proxies may be solicited on our behalf by our directors, officers or employees in person or by telephone, facsimile, electronic transmission and by mail. None of these persons will receive any extra compensation for doing this.

In addition, we will request that brokerage houses, banks and other custodians or nominees holding shares in their names for others forward proxy materials to their customers or principals who are the beneficial owners of shares and we will reimburse them for their expenses in doing so.

The Audit Committee's work is guided by a written charter which has been approved and adopted by the board of directors. The Audit Committee regularly reviews its charter to ensure that it is meeting all relevant audit committee policy requirements of the SEC, the Public Company Accounting Oversight Board and The NASDAQ Stock Market. The form and amount of director compensation is annually determined by our board of directors after a recommendation from the Nominating and Corporate Governance Committee.

Edgar Filing: Citi Trends Inc - Form DEF 14A

In addition, the Compensation Committee has delegated limited authority to a committee consisting of our Chief Executive Officer to grant awards under the 2005 Long-Term Incentive Plan to non-executive employees of the Company. The Compensation Committee has the authority and resources to engage compensation consultants and legal, accounting or other advisors to provide the Committee with advice and information in connection with carrying out its responsibilities. In 2004, the Compensation Committee engaged Towers Perrin (the "Compensation Consultant") to provide advice on the Company's executive and director compensation practices.

The Nominating and Corporate Governance Committee must be satisfied that the candidate possesses the highest professional and personal ethics and values and has broad experience at the policy-making level in business before the Nominating and Corporate Governance Committee would recommend a candidate as a nominee to our board of directors and the nominee must meet the following minimum qualifications:

demonstrated personal integrity and moral character;

relevant business or professional experience, technical expertise or specialized skills;

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

In the paragraphs that follow, we will give an overview and analysis of our compensation program and policies, the material compensation decisions we have made under those programs and policies with respect to our top executive officers, and the material factors that we considered in making those decisions. Later in this proxy statement you will find a series of tables containing specific information about the compensation earned or paid in fiscal 2007 to the following individuals, whom we refer to as our named executive officers:

R. Edward Anderson, our Chief Executive Officer,

George A. Bellino, our former President and Chief Merchandising Officer (retired April 4, 2008),

Bruce D. Smith, our Senior Vice President and Chief Financial Officer (effective April 2, 2007),

James A. Dunn, our Senior Vice President of Store Operations,

Ivy Council, Senior Vice President of Human Resources, and

Christopher B. Bergen, our former Director of Financial Reporting and prior interim Principal Financial and Accounting Officer (through April 1, 2007).

The discussion below is intended to help you understand the detailed information provided in the compensation tables and put that information into context within our overall compensation program.

Objective of Our Compensation Program

In order to maintain a critical advantage in our competitive marketplace, we believe our compensation program should be designed to provide market-competitive compensation and benefits that will enable us to attract and retain a talented, diverse workforce. In furtherance of those goals, our compensation program is designed to:

enable the Company to retain and motivate a team of high quality executives who will create long-term stockholder value;

create opportunities to participate in the ownership of the Company and to share in the value the executives help create; and

provide rewards that are proportional to each executive's contribution to our success.

Our compensation philosophy emphasizes each individual's responsibility for high achievement and provides a strong link between pay and performance on both an individual and company level. As noted above, the compensation decisions that are discussed below relate primarily to fiscal 2007, our second full fiscal year following our initial public offering in May 2005. As a relatively new public company, our compensation philosophy is a "work-in-progress," and, as such, we continually evaluate our compensation program to identify its strengths and weaknesses. As an example, we decided to shift our long-term equity incentives from stock options to restricted stock in 2007 for the reasons discussed in the Long-Term Equity Incentives section below. To further this evaluation, we plan to continue to utilize the services of a third-party compensation consultant to provide market data and other resources to assist us in our compensation review, as further discussed below. In addition, we added Ms. Ivy Council, Senior Vice President of Human Resources, to our management team in January 2007, to assist in the design and management of our compensation program, among other things. Ms. Council joined our Company with a very strong background in human resources. Together, our management team and Compensation Committee will continue to develop and refine our compensation philosophy, program and practices over time, with the goal of maximizing stockholder value.

How We Determine and Assess Executive Compensation

Role of the Compensation Committee and Executive Officers

The Compensation Committee plays an integral role in the strategic direction and administration of the compensation structure of the Company. The Compensation Committee and our Chief Executive Officer work together to ensure that the compensation paid to our named executive officers is in line with our compensation philosophy and furthers our long-term goals.

After forming qualitative judgments regarding individual performance within each executive's areas of direct responsibility, as well as how such performance serves the entire Company, and discussions with the Compensation Committee and other members of management regarding appropriate levels of compensation, our Chief Executive Officer recommends to the Compensation Committee base salary, target annual cash incentive amounts and annual cash incentive program formulas, and long-term equity incentive grants for our executive officers (other than himself). The Compensation Committee reviews such recommendations and determines whether, in light of our compensation philosophy, the recommended compensation levels are appropriate. This determination includes consideration of previous recommendations by the Compensation Consultant as described below. Upon such determination, the Compensation Committee formally approves the compensation levels. Our Chief Executive Officer is not involved with any aspect of determining his own compensation. The Compensation Committee independently sets the Chief Executive Officer's total compensation package, taking into account the same factors as for the other executive officers.

Compensation Consultant

From time to time, the Compensation Committee selects and engages outside compensation consultants and other experts for survey data and other information as it deems appropriate. In 2004, the Compensation Committee retained the executive compensation consulting services of the Compensation Consultant. The Compensation Consultant developed information from the peer group surveyed and recommended to us a range for each component of executive compensation with the goal of presenting recommended compensation levels that would be aligned with the Company's compensation philosophy of pay for performance for each of the named executive officers. In 2006, the Compensation Committee engaged the Compensation Consultant to update its study and analyze the Company's compensation practices in relation to similar companies, and the Committee intends to have the Compensation Consultant provide another update in 2008.

Market Data

Periodically, for the purposes of benchmarking executive compensation, the Compensation Committee reviews the compensation practices of a group of public companies selected from an industry peer group comprised primarily of discount apparel retailers. Prior to our initial public offering, the Compensation Consultant conducted a competitive market analysis based on (i) the public disclosures of a competitor peer group developed by the Compensation Consultant and approved by the Company, and (ii) data from various sources, including primary retail and wholesale industry compensation surveys. While a number of the companies in the peer group had higher revenues than the Company, given the Company's expected growth at that time, the Compensation Committee believes this was an appropriate group for benchmarking purposes.

Edgar Filing: Citi Trends Inc - Form DEF 14A

The following specialty apparel retailers were included in our peer group:

The Buckle, Inc.	Jos. A. Bank Clothiers, Inc.
Cache, Inc.	The Men's Wearhouse, Inc.
Casual Male Retail Group, Inc.	Ross Stores, Inc.
The Cato Corporation	Stein Mart, Inc.
Chico's FAS, Inc.	Syms Corp
Deb Shops, Inc.	Urban Outfitters, Inc.
The Dress Barn, Inc.	The Wet Seal, Inc.
Hot Topic, Inc.	

The Compensation Consultant's analysis focused on the following areas of compensation:

base salary,

annual cash incentives,

total cash compensation (the sum of base salary and annual cash incentives),

long-term incentives (a variable incentive vesting over a multi-year period), and

total direct compensation (the sum of total cash compensation and long-term incentive awards).

Based on this review, the Compensation Consultant advised us that our executive officers' compensation fell below median peer company practice for all elements of pay. Each of our named executive officers was below the peer group median for total cash compensation (the sum of base salary and annual cash incentives) and below the peer group median for total direct compensation (the sum of total cash compensation and long-term incentive awards). Because total compensation opportunities provided to our executive officers were below average for our peer group, we began an effort to gradually approach the median level of compensation within our peer group over a period of several years. In 2007, these efforts included salary increases and shifting our long-term equity incentives from stock options to restricted stock. The update planned in 2008 of the Compensation Consultant's study is expected to provide us with the status of our progress in approaching the median.

Company Performance

We measure our overall financial performance based on a number of financial metrics, of which the most important are operating cash flow, earnings, annual growth in selling square footage, and comparable store sales increases. The Company's performance in these areas allows us to evaluate the Company's success in any given year. The Company's success and performance impacts our compensation decisions with respect to our executive officers. Only our annual cash incentives are formally tied to specific financial metrics, although, the future value of long-term equity incentives is at least indirectly tied to such metrics.

Elements of our Compensation Program

Our executive officer compensation program consists of the following elements: base salary, annual cash incentives, long-term equity incentives, and certain other benefits.

Base Salary

Base salaries fulfill the fixed portion of our compensation program. Base salaries are set annually by the Compensation Committee based on a variety of factors, including peer group information and a qualitative review of the executive's performance and contributions to the Company. We do not target salaries to be at any specific level within our peer group. However, as we discussed above, our goal is to position compensation to approach the median of our peer group over time. In consideration of this

Edgar Filing: Citi Trends Inc - Form DEF 14A

goal, as well as individual performance evaluations and retention considerations, the Compensation Committee approved increases to our executive officers' base salaries for 2007 in amounts ranging from 4.4% to 16.5%.

Annual Cash Incentives

Our annual cash incentive program provides our executive officers with an opportunity to earn cash awards based on the achievement of certain financial metrics and individual performance metrics. The primary financial metric used is the operating cash flow goal as set forth in our annual financial budget. Due to the importance of this financial metric to the annual and long-term success of the Company, we strive to make the achievement of this goal each year to be a meaningful challenge to our executive officers. In fiscal 2007, the operating cash flow goals were not met and, accordingly, the portion of annual cash incentives, as described below, based on that criteria were not earned. In addition, other financial metrics specifically related to an officer's direct area of responsibility are used, as shown in the table below. The budget used to set our targets considers many key operating and financial factors including the following:

- Store selling square footage growth;
- Comparable store sales;
- Gross margin;
- Store operating expenses as a percentage of sales; and
- Corporate expenses

The annual cash incentive program is directly linked to our budget and financial goals, such that if the Company achieves 100% of its goals, it is expected that the executive officers would receive approximately 100% of their target award. Our Chief Executive Officer recommends a target award for each executive officer based on the executive's position within the Company and consideration of previous recommendations from the Compensation Consultant and, together with the Compensation Committee, determines the appropriate award criteria for each executive. Each award criterion is an integral component of one or more of the overall performance metrics listed above, and each reflects the executive's direct area of responsibility. For fiscal 2007, each executive officer's target award (as a percentage of base salary) was based on the following performance criteria:

Name	Target Award	Components
Mr. Anderson	100%	Operating cash flow (100%)
Mr. Bellino	60%	Operating cash flow (50%); sales and gross margin operating targets (50%)
Mr. Smith	40%	Operating cash flow (50%); individual performance metrics (50%)
Mr. Dunn	35%	Operating cash flow (50%); store contribution profit (50%)
Ms. Council	35%	Individual performance metrics (80%); operating cash flow (20%)
Mr. Bergen	20%	Individual performance metrics (100%)

As Chief Executive Officer, Mr. Anderson's performance criteria is 100% based on the Company's total operating cash flow because of his responsibility for the overall performance of the Company. In the case of Mr. Bellino, 50% of his performance criteria is based on total operating cash flow, while due to his role as Chief Merchandising Officer, the remaining 50% is based on sales and gross margin targets. As Chief Financial Officer, Mr. Smith has 50% of his performance criteria based on total operating cash flow and the remaining 50% is based on personal goals related to his particular areas of

supervision, as well as serving the merchandising and operational areas of the Company. Since Mr. Dunn is Senior Vice President of Store Operations, 50% of his performance criteria is based on store contribution profit, with the other 50% based on total operating cash flow. All of Mr. Bergen's performance criteria centered around personal goals in the accounting and finance area.

The actual amount of awards to be earned by the named executive officers is determined after a review of the financial performance metrics and, with respect to Messrs. Smith and Bergen and Ms. Council, our Chief Executive Officer's qualitative review of such officers' oversight of their areas of responsibility and overall contribution to the Company. The Compensation Committee does not exercise any discretion to adjust awards. Actual awards earned in 2007 by our named executive officers are shown in the "Non-Equity Incentive Plan Compensation" column of the Summary Compensation Table elsewhere in this proxy statement.

Long-Term Equity Incentives

The long-term equity incentive compensation awards are designed to encourage the creation of long-term value for our stockholders by increasing the retention of qualified key employees and aligning the interests of executive officers with the achievement of specific performance targets set by the Company.

We do not target a particular percentage of total compensation to be provided to executive officers in the form of equity based awards. The dollar value of each equity grant is within the discretion of the Compensation Committee and is based on recommendations made by our Chief Executive Officer, which take into account the executive's past performance and an evaluation of other elements of compensation provided to the executive officer. In fiscal 2007, the Committee also relied on the previous compensation study performed by the Compensation Consultant to determine the appropriate size of the restricted stock awards. The Compensation Committee recommended a dollar value for the equity grants based on the executive's position within the Company.

Historically, the Company has used stock options as the primary form of long-term equity incentive for its executive officers. In 2007, we granted restricted stock to our named executive officers under the 2005 Long-Term Incentive Plan. We believe the shift to full-value restricted stock will provide stronger incentives for the creation of long-term stockholder value, provide greater retention value for the executives, and result in less stockholder dilution. For more information regarding these long-term incentives granted to our named executive officers in fiscal 2007, please see the "2007 Grants of Plan-Based Awards" and "Outstanding Equity Awards at 2007 Fiscal Year-End" tables and the related footnotes elsewhere in this proxy statement.

Other Benefits

Retirement. We maintain the Citi Trends, Inc. 401(k) Profit Sharing Plan, a tax-qualified, defined contribution employee benefit plan in which a substantial majority of our employees, including the named executive officers, are eligible to participate. We match 50% of employee contributions to the plan, up to a maximum of 4% of an employee's total calendar year compensation (subject to IRS limits).

Perquisites. During fiscal 2007, the Company provided Messrs. Anderson, Bellino and Dunn with the use of a company car and paid for temporary housing expenses for Mr. Smith and Ms. Council in connection with their relocations after being hired. These five executive officers each also received life/long-term disability insurance coverage. We did not provide any other special benefits or perquisites to our executive officers. We believe these perquisites are reasonable in light of peer group practices. We provide health and welfare benefits to our executive officers on the same basis as we provide to all of our salaried employees.

Severance Agreements. We maintain severance agreements with Messrs. Anderson and Bellino, which provide severance benefits in the event their employment is terminated by the Company without cause. We believe that these severance agreements serve as an important retention element of the compensation package provided to our top two executive officers. The potential severance benefits payable to our current executive officers are described in "Potential Payments upon Termination or Change-in-Control" elsewhere in this proxy statement.

Equity Grant Practices

The Company has a practice of generally making equity awards on pre-established dates. Annual equity awards are presented to the Compensation Committee for approval at a regularly scheduled Compensation Committee meeting usually held in March. Equity awards are also given to employees throughout the year, as they are hired or promoted into positions eligible for those awards. We make decisions on equity grants based solely on our compensation and retention objectives and our established measurements of the value of these awards. If at the time of any planned action relating to a grant of this type of compensation, any member of the Compensation Committee or the Chief Executive Officer making recommendations to the Committee is aware of material non-public information about the Company or our prospects, it is our policy to make such grant without giving effect to such information. However, an effort is made to make the annual grants each March effective three business days after the Company's fourth quarter earnings release, in order to allow time for the release to be disseminated to the investment community, while also minimizing the timeframe in which material non-public information can develop between the earnings release and the date on which the grants are determined.

Tax and Accounting Considerations

The accounting treatment of compensation has been a factor in determining the type of equity awards to grant to our executive officers. Prior to fiscal 2006, the favorable accounting treatment of stock options played an important role in the Company's decision to use this form of equity award. Following the adoption of FAS 123R, however, the Company reevaluated its equity grant practices, and in fiscal 2007 shifted to restricted stock as its primary form of equity awards, as discussed above.

Generally, the Compensation Committee considers the net cost to the Company, and its ability to effectively administer executive compensation in the long-term interests of stockholders. Section 162(m) of the Internal Revenue Code places a limit of \$1 million on the amount of compensation that we may deduct in any year with respect to any one of our named executive officers. This limitation does not apply to compensation that meets the requirements under Section 162(m) for "qualifying performance-based" compensation. It is the Compensation Committee's intent to maximize deductibility of executive compensation while retaining some discretion needed to compensate executives in a manner commensurate with performance and the competitive landscape for executive talent. Accordingly, the Compensation Committee intends for annual incentive compensation awards and long-term incentive compensation awards to be fully deductible under Section 162(m) of the Code.

Employment Agreements

On December 29, 2005, we entered into amended and restated employment agreements with Mr. Anderson and Mr. Bellino. The employment agreements provide a base salary for each executive, subject to adjustment by the board of directors, and provide that each executive will be eligible to earn a bonus at the sole discretion of the board of directors. The minimum salary specified in the agreements for Mr. Anderson is \$340,000 per year and for Mr. Bellino is \$245,000 per year.

The employment agreements may be terminated by the executive or us at any time for any reason or no reason. We entered into a Letter Agreement with Mr. Smith on March 5, 2007 and with Ms. Council on December 6, 2006. The Letter Agreements provided for an annual gross starting salary of \$250,000 for Mr. Smith and \$200,000 for Ms. Council and participation in our annual bonus plan for management. Potential Payments Upon Termination or Change-in-Control

As discussed in the narrative following the Grants of Plan-Based Awards Table for Fiscal Year 2007, the Company has entered into employment agreements with Mr. Anderson and Mr. Bellino. The employment agreements provide that in the event that Mr. Anderson or Mr. Bellino is terminated for any reason other than for "cause" (as defined in the employment agreements), he will be entitled to severance pay of six months base salary to be paid in equal amounts over a six-month period, in addition to any accrued and vested benefits. We have no plans or agreements to provide severance benefits to Ms. Council or Messrs. Smith, Dunn or Bergen. Pursuant to the terms of our 2005 Long-Term Incentive Plan and our 1999 Stock Option Plan, all outstanding options will become 100% vested upon the occurrence of a change in control. Grants of unvested restricted stock will become 100% vested upon a change of control of the Company occurring one year after grant date.

The following table summarizes the approximate value of the payments and benefits that each of our named executive officers would receive if he or she had terminated employment at the close of business on February 2, 2008 or if a change of control of the Company had occurred as of such date. The amounts shown in the table exclude distributions under our 401(k) retirement plan that is generally available to all of our salaried employees.

The restricted stock vests in full on the first anniversary of the grant date.

The following table shows the value of the restricted stock awarded to each director during fiscal year 2007:

(3) Mr. Noll retired from the Board on May 30, 2007.

Director Compensation

Annual Retainer. During fiscal 2007, each non-employee director received an annual retainer fee of \$40,000 (except for Messrs. Noll and Carney who each received pro rata amounts based on their respective service periods during the year). We also provide the following additional annual retainers: Chair of the Audit Committee, \$10,000; Chair of the Nominating and Corporate Governance Committee, \$3,000; and the Chair of the Compensation Committee, \$5,000.

Meeting Fees. Each of our non-employee directors received \$2,500 for each board meeting attended. All non-employee directors also received \$750 for telephonic meetings attended. We reimburse all of our non-employee directors for reasonable out-of-pocket expenses in connection with their attendance at the meetings of the board of directors and committees.

Equity Awards. In addition, each non-employee director received restricted stock awards of 1,242 shares of the Company's common stock (except for Mr. Carney, who received a pro-rated restricted stock award of 414 shares in connection with his appointment to the board on November 28, 2007). These awards were granted under the 2005 Long-Term Incentive Plan.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Policy and Procedures

The Company has adopted a Code of Business Conduct and Ethics which sets forth the Company's policy of prohibiting participation by an employee, officer or director (or his/her family members) in any transaction that could create an actual or apparent conflict of interest with the Company. Transactions prohibited by the Code of Business Conduct and Ethics, among other things, include: conducting business or engaging in a transaction on behalf of the Company with a family member or significant other or with a company in which the person or one of their family members is a significant owner or is associated or employed in a significant role or position; an employee accepting simultaneous employment with a client, credit source supplier, or competitor, or taking part in any activity that enhances or supports a competitor's position; a director of the Company serving as a director of any other company that competes with the Company; and transactions in which an employee, officer or director invests in a client, credit source, supplier or competitor that compromises his or her responsibilities to the Company.

The Company's Code of Business Conduct and Ethics requires that the Audit Committee must review and approve in advance all material related party transactions or business or professional relationships that could present a conflict of interest. All instances involving potential related party transactions or such business or professional relationships must be reported to the Chief Executive Officer who will assess the materiality of the transaction or relationship and elevate the matter to the Audit Committee as appropriate. The Company will report all material related party transactions and such business or professional relationships under applicable accounting rules and the SEC's rules and regulations. Any dealings with a related party will be conducted in such a way as to avoid preferential treatment and assure that the terms obtained by the Company are no less favorable than could be obtained from unrelated parties on an arm's-length basis.

In addition, the charter of the Audit Committee requires the Audit Committee to review and approve all related party transactions as defined by Item 404 of the SEC's Regulation S-K in accordance with NASDAQ listing standards. It is also one of the responsibilities of the Nominating and Corporate Governance Committee to consider possible conflicts of interests of directors and any related party transactions in connection with the determination of director independence.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires our officers and directors, and persons who own, or are part of a group that owns, more than ten percent of a registered class of our equity securities, to file reports of ownership and changes in ownership with the SEC. Officers, directors and greater than ten percent stockholders are required by regulation of the SEC to furnish us with copies of all Section 16(a) forms they file.

To our knowledge, based solely on a review of the copies of reports furnished to us, all reports required by Section 16(a) of the Exchange Act to be filed by the directors and executive officers and all beneficial owners of more than ten percent of the common stock outstanding to report transactions in securities were timely filed, with the exception of one report on Form 4 for the cashless exercise of an option grant by Tracy L. Noll, a former director of the Company, which was filed late. In addition, a Form 3 and two Form 4's relating to six transactions by Hampshire Equity Partners II, L.P., and its affiliates, Hampshire Equity Partners Cayman D.B. II, L.P. and Hampshire Equity Partners Cayman II, L.P., each of which is a former stockholder of the Company, are deemed to be filed late by amendment because the original Form 3 and Form 4's incorrectly allocated their holdings of our common stock among themselves.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth information known to us with respect to the beneficial ownership of our common stock as of March 31, 2008, for the following persons:

each stockholder known by us to own beneficially more than 5% of our common stock;

each of our directors and named executive officers; and

all directors and executive officers as a group.

This table lists applicable percentage ownership based on 14,087,491 shares of common stock outstanding as of March 31, 2008. We have determined beneficial ownership in the table in accordance with the rules of the SEC. In computing the number of shares beneficially owned by a person and the percentage ownership of that person, we have deemed shares of common stock subject to options held by that person that are currently exercisable or will become exercisable within 60 days of March 31, 2008, to be outstanding, but we have not deemed these shares to be outstanding for computing the percentage ownership of any other person. To our knowledge, except as set forth in the footnotes below, each stockholder identified in the table possesses sole voting and investment power with respect to all shares of common stock shown as beneficially owned by that stockholder.

**PROPOSAL 2:
RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

Our Audit Committee has appointed KPMG LLP as our independent registered public accounting firm for the fiscal year ending January 31, 2009, and further directed that the appointment of KPMG LLP be submitted for ratification by the stockholders at the annual meeting. KPMG LLP has served as our independent registered public accounting firm since fiscal 2002. We understand that a representative from KPMG LLP will be present at the annual meeting, will have the opportunity to make a statement if he or she desires to do so and will be available to respond to appropriate questions.

Stockholder ratification of the appointment of KPMG LLP as our independent registered public accounting firm is not required. However, the appointment is being submitted for ratification at the annual meeting with a view toward soliciting the stockholders' opinions, which the Audit Committee will take into consideration in future deliberations. If the appointment of KPMG LLP is not ratified at the annual meeting, the Audit Committee will consider the engagement of another independent registered public accounting firm. The Audit Committee may terminate the engagement of KPMG LLP as our independent registered public accounting firm without the approval of our stockholders whenever the Audit Committee deems termination necessary or appropriate.

Principal Accounting Fee Information

The following table sets forth the aggregate fees paid or payable to KPMG LLP relating to the audit of our fiscal 2006 and 2007 financial statements and the fees billed to us in 2006 and 2007 by KPMG LLP for other professional services:

	<u>Fiscal 2006</u>	<u>Fiscal 2007</u>
Audit Fees (1)	\$ 1,161,694	\$ 1,173,466
Audit-Related Fees		
Tax Fees		
All Other Fees		

(1)

Audit fees include amounts billed to us related to the annual audit of our financial statements and interim reviews of the quarterly financial statements filed for fiscal 2006 and fiscal 2007. For fiscal 2007, this category includes services associated with a secondary public offering, including the related registration statement and an additional registration statement.

Audit Committee Pre-Approval Policy

In accordance with our Audit Committee pre-approval policy, all audit services performed for us by our independent registered public accounting firm were pre-approved by our Audit Committee.

Our Audit Committee's pre-approval policy provides that our independent registered public accounting firm shall not provide services that have the potential to impair or appear to impair the independence of the audit role. The pre-approval policy requires our independent registered public accounting firm to provide an annual engagement letter to our Audit Committee outlining the scope of the audit services proposed to be performed during the fiscal year. Upon the Audit Committee's acceptance of and agreement with such engagement letter, the services within the scope of the proposed audit services shall be deemed pre-approved pursuant to the policy.

The pre-approval policy provides for categorical pre-approval of specified audit and permissible non-audit services and requires the specific pre-approval by the Audit Committee, prior to engagement, of such services, other than audit services covered by the annual engagement letter. In addition,

services to be provided by our independent registered public accounting firm that are not within the category of pre-approved services must be approved by the Audit Committee prior to engagement, regardless of the service being requested or the dollar amount involved.

Requests or applications for services that require specific separate approval by the Audit Committee are required to be submitted to the Audit Committee by both management and the independent registered public accounting firm, and must include a detailed description of the services to be provided.

Our policies prohibit us from engaging the independent registered public accounting firm to provide any services relating to bookkeeping or other services related to accounting records or financial statements, financial information systems design and implementation, appraisal or valuation services, or contribution-in-kind reports, actuarial services, any management function, legal services or expert services not related to the audit, broker-dealer, investment adviser, or investment banking services or human resource consulting. In addition, we evaluate whether our use of the independent registered public accounting firm for permitted non-audit services is compatible with maintaining the independence of the independent registered public accounting firm.

The Audit Committee may delegate pre-approval authority to one or more of its members. The member or members to whom such authority is delegated shall report any pre-approval decisions to the Audit Committee at its next scheduled meeting. The Audit Committee is prohibited from delegating to management its responsibilities to pre-approve services to be performed by our independent registered public accounting firm.

Vote Required; Recommendation

The affirmative vote of a majority of the votes cast at the annual meeting is required to ratify the appointment of KPMG LLP as our independent registered public accounting firm. **The board of directors recommends that stockholders vote "FOR" ratification of the appointment of KPMG LLP as the independent registered public accounting firm of the Company for the fiscal year ending January 31, 2009.**
