ELECTION OF DIRECTORS

Our Board of Directors has nine members who are to be elected by a plurality vote at the Annual Meeting, each to hold office for one year and until his successor is elected. The Nominating and Governance Committee has unanimously recommended the election of the nine Directors listed below. Five Directors are independent and four are executive employees of the Company. Proxy holders will, unless authorization to do so is withheld, vote the proxies received by them for the election of the listed Directors, in accordance with this proxy authorization, reserving the right, however, to distribute, in their discretion, their votes of uncommitted proxies among the Board nominees. The proxies cannot be voted for a greater number of persons than the number of nominees named. Although it is not contemplated that any nominee will be unable to serve as a Director, in such event the proxies will be voted by the proxy holders for such other persons as may be designated by the Board of Directors.

Each director nominee listed below as an "independent director" has been determined by the Board to have no business relationship with the Company and receive only an ordinary stipend for services on the Board and its Committees.

It meets at least quarterly with the auditors and reviews their periodic reports. The Committee discusses with the auditors the scope and plan for the audit and includes management in its review of accounting and financial controls, assessment of business risks and legal and ethical compliance programs.

Report of the Audit and Compliance Committee

The material in this report is not "soliciting material," is not deemed "filed" with the Securities and Exchange Commission, and is not to be incorporated by reference into any filing of Cubic under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended.

The Committee selected Ernst & Young LLP as the independent registered public accountants ("Accountants") of the Corporation for fiscal year 2009. The Committee has reviewed and discussed with management and the Accountants the audited financial statements of the Corporation for the fiscal year ended September 30, 2009. The Committee has also discussed with Accountants the matters required to be discussed by Statement on Accounting Standards No. 61 and has received from Accountants the written disclosures and the letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and has discussed with Accountants the independence of Accountants.

Based on its review of the audited financial statements for fiscal year 2009 and its discussions with management and the independent auditors, the Committee recommended to the Corporation's Board of Directors that the 2009 audited financial statements be included in the Corporation's Annual Report on SEC Form 10-K.

Table of Contents**Report, Discussion and Analysis**

The following Report, Discussion and Analysis is not "soliciting material," is not deemed "filed" with the Securities and Exchange Commission, and is not to be incorporated by reference into any filing of Cubic under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended.

Introduction

The Committee receives recommendations from the Chief Executive Officer regarding salary and bonus compensation for all elected corporate principal officers and for the senior officers of its major business units. It evaluates these compensation elements annually and approves them, or makes alternative recommendations to the CEO. It receives input from the CEO on his salary and bonus expectations and acts independently to set such amounts. If relatives of any director or elected corporate principal officer are also employees of the Company or any subsidiary making more than \$120,000 in base salary, the Committee also reviews salary and bonus recommendations for such individuals. The Committee reviews available data with the Senior Vice President Chief Financial Officer and the Vice President Human Resources. This Report has been discussed with the Board of Directors and some senior executives.

We presently have two elements in our executive compensation plan: base salary and annual bonus. There is no equity segment. The bonus therefore recognizes the success, or lack thereof, of named executive officers in leading the company to achievement of short-term goals. The base salary is designed to be a fairly competitive amount. The 2009 formula identified the major bonus element as earnings per share. We selected this element because we believe EPS to be a principal driver of the attractiveness of an equity investment in Cubic. Elements of the formula bonus were determined shortly after the corporate plan for the year was finalized. The elements are weighted depending on the Committee's belief regarding the suitability of emphasis of each factor for that year's performance. In our 2009 formula, no leeway was provided to adjust goal amounts or percentage allocations depending on actual performance.

The Committee acts on managements' recommendations for the total amount of the bonus pool and the total annual payment to the Profit Sharing Plan. The Profit Sharing payment does not significantly fluctuate from year-to-year. For the 2009 fiscal year the executive officers named in the Summary Compensation table herein received the bonus' shown. Certain other officers also participated in the 2009 Plan. The Executive Compensation Committee approved a formula plan for corporate officers whose goals (sales, operating profit, return on net assets and earnings per share) each exceeded Cubic's actual category results for the 2008 fiscal year. Each of the 2009 goals were exceeded, some by substantial percentages, and the target bonus of 50% of base salary was therefore exceeded by the amount set out in the plan formula.

Item	2008	2009	%	2009
	Actual	Target Level	Weighting	Achieved Level
Sales	\$ 881,135,000	\$ 952,000,000	10%	\$ 1,016,657,000
Operating Income	\$ 53,264,000	\$ 71,200,000	10%	\$ 84,708,000
Return on Net Assets	17.0%	21.3%	20%	32.6%
Earnings Per Share	\$ 1.38	\$ 1.67	50%	\$ 2.08
Subjective	N/A	N/A	10%	N/A

The formula provided:

(a)

For each 1% achievement above goal the bonus for that goal would be increased by 2.5% to a maximum of an additional 50% of that award at an achievement of 20% above goal.

Table of Contents

(b)

For each 1% shortfall in each goal the bonus would be decreased by 3%, 4.5% or 5% (depending on the amount of shortfall) so that a 75% achievement of any goal would result in no award for that goal.

For 2009, certain key employees of our principal subsidiaries also participated in an objective bonus plan, however with somewhat different factors and weighting and with target levels relevant to the particular subsidiary.

The Company does not offer sponsored equity arrangements. The Committee evaluates and approves all awards under the Company's Transition Protection Plan, discussed later herein. The few additional prerequisites offered to senior executives are modest and are not considered by the Committee to be material elements of individual compensation. These include annual physical examinations, term life insurance, an auto allowance, limited personal air travel, and for Walter J. Zable an annual amount for personal estate planning services. Pension benefits, 401(k) matching payments and Profit Sharing Plan participations are equally available to all eligible employees.

Analysis

In order to attract, retain and motivate senior executives, most of our compensation evaluation focus is on the salary and bonus practices of organizations of similar size, in comparable industries, and concerning individuals with relevant responsibilities and experience.

Compensation levels by job category are annually tested against market data provided by at least two independent consulting firms having both a regional and national focus. These surveys include data from approximately 370 companies. We do not instruct the providers of this data to significantly vary their reports from a standard format. Our objective is to obtain data from a broad spectrum of technology and defense companies and also from public companies of similar size in sales. Historical compensation for the individual is also considered. Most annual executive salary adjustments have been modest and in line with cost of living considerations.

Our Transition Protection Plan assists in the retention and attraction of senior individuals by reducing their concern for financial security in the event of a job loss following a change of control. Awards to date, which result in plan participation, are for payment of five-year average compensation, and certain fringe benefits, for not more than 24 months following a change of control. The 24-month period was selected to remain comfortably below the range at which onerous taxation would occur.

Nominating and Corporate Governance Committee

Cubic Corporation has had a Nominating Committee, consisting of two independent directors, since 1991. The duties of this Committee were expanded in August, 2008 to include Corporate Governance. The fiscal 2009 members of the Committee were Dr. John H. Warner, Jr., Chairman and Dr. Robert S. Sullivan.

The Committee held three meetings during fiscal 2009. The Committee has received one shareholder expression of interest to serve as a director in the last 10 years but this individual did not appear to have appropriate background and experience. The Board consists of nine directors, five of whom are independent. The Committee's policy is to consider recommendations of the security holders which are received by the Corporate Secretary at least 120 days prior to one year from the date of the previous annual meeting of shareholders. Recommendations of candidates who have at least 20 years of management and defense or transportation industry experience with a company with sales of at least 75% of that of the Corporation, or who could bring appropriate diversity to the Board, or who possess other relevant qualifications (for example finance and accounting, marketing) would be preferred. If a

Table of Contents

vacancy in the Board occurs, the Committee seeks recommendations from the Board and senior management personnel. The Committee will also review any security holder recommendations on file. It screens and personally interviews appropriate candidates. Selected candidates may meet with additional Board members, certain members of management and the Chairman of the Board. The Committee evaluates responses and recommends to the full Board the name of any candidate it feels should become a nominee for election or appointment.

The Governance job of the Committee includes tracking important legal and regulatory changes and advances in new concepts in entity governance.

In conjunction with the Audit Committee and the Board of Directors it also addresses Company legal compliance efforts in certain complex areas, such as export control, antitrust and foreign corrupt practices. It also oversees supervisor training topics. In conjunction with the Audit Committee and the Board of Directors it has commenced, and expects to continue, increased analysis of enterprise risk. In its analysis, enterprise risk does not necessarily include the hundreds of risks which, if encountered, could be mitigated without substantial harm to any major segments of the Company. Instead, the concern is to identify, and have a plan to respond to, those few issues which could seriously impact the short or long term ability of the Company, or one of its material divisions, to continue normal operations.

- (1) The Company has not had, in the period covered, awards of stock, stock options or non-equity incentive plan compensation except to independent directors.
- (2) None of these executives have an employment arrangement with the Company. Refer to the Report of the Compensation Committee, and the sections "Potential Payments Upon Termination or Retirement - General" and "Potential Payments Upon Change-in-Control", elsewhere herein. For fiscal 2007 and 2008 there was no formula relationship between the salary and bonus amounts.
- (3) Amounts for 2009 represent solely the change in the actuarial present value of the accumulated benefit under the pension plan that was frozen at December 31, 2006. The increases primarily reflect a decrease in the discount rate used to compute the pension value and do not represent a change in the benefit to be paid to the executive; however, the amounts are included in the totals in accordance with SEC requirements. In fiscal 2009, Mr. Boyle and Mr. deKozan's pension values were also adjusted as required by IRS rules, due to their ages exceeding 70½ years. In fiscal 2008 and 2007 changes in the present value were all negative primarily because of a higher discount rate. The amounts were computed using the same assumptions we used for financial statement reporting purposes. See "Pension Benefits" herein.
- (4) See following table for detail.
- (5) Mr. deKozan retired in January, 2010.
- (6) Mr. Thomas first became a Named Executive Officer for fiscal year 2008.

- (1) This Plan was frozen as of December 31, 2006; no additional benefits accrue after that date. The purpose of this Plan was to provide a modest monthly retirement benefit, to supplement social security payments, for eligible full-time U.S. employees who have completed one year of service with the Company. The Company has not granted extra years of credited service to any employee. The full benefit is available, upon retirement, to any eligible employee who (i) has attained age 65, or (ii) is between age 55 and 64 and whose combined age and number of years of service equals 85. A reduced benefit is available at or after age 55 through age 64 if the employee has at least five years of service. The annual benefit is determined by adding total salary and bonus (not exceeding the ERISA cap in any year) during the time of participation and multiplying the sum by 3/4ths of 1%. Benefits are paid monthly. The monthly amount will vary based upon the form of benefit selected, e.g. a life annuity or a joint and 50% survivor annuity. The present value of the accumulated benefit is determined by the projected unit credit method. The interest rate used for computing present value was 5.6% and includes the following material assumptions: (a) retirement age is at present actual age, (b) retirement at September 30, 2009, (c) mortality taken from RP 2000 with projection to 2024. Plan contributions are distributed among various funds held by an insurance company.
- (2) Mr. W. J. Zable received \$52,958 under this Plan in FY2009 which was required by IRS rules.
- (3) Mr. deKozan's payments will commence in February 2010 due to his retirement.

- (1) Mr. Thomas contributed \$25,962 to the Nonqualified Deferred Compensation Plan in FY2009. The amounts shown have been deferred (and not presently taxed) under our Deferred Compensation Plan. The Plan permits selected key employees to defer (from time to time) up to 90% of their base salary and up to 100% of their bonus. These amounts are a general debt of the Company. The amounts earn interest at rates periodically set by the Secretary of the United States Treasury. The rate at the end of the current fiscal year was 4.875%. The Company makes no contribution to this Plan. Payment elections and withdrawals are permitted within guidelines established by the Internal Revenue Service. After retirement the participant may receive a lump sum payment or an annual distribution over 5, 10, 15 or 20 years. Annual revision of the selected payment method is regulated by IRS guidelines.
- (2) Walter J. Zable and Walter C. Zable have not participated in this Plan.
- (3) Mr. deKozan's payments will commence in 2010 due to his retirement.

Potential Payments Upon Termination**General Policy: Severance Without Cause**

The Company has a severance policy applicable to many of its full time U.S.-based employees, including the named executive officers. In the event of a Company-originated termination without cause, the eligible individual who has completed three years of employment with the Company is offered the opportunity to receive, in exchange for signing a general release, a lump sum payment of one week of base pay at their current rate for each 12-months of employment, and payment of medical and dental coverage under COBRA for up to 12 months. Outplacement consultation may be provided at the Company's discretion. In individual circumstances, a named executive officer may be offered alternative arrangements to be negotiated. These severance benefits are not offset by the Company's normal retirement benefits.

This chart shows, as of the end of the most recent fiscal year, the lump-sum severance payment, number of months of COBRA coverage and the approximate cost of that coverage, should a named executive officer be terminated by the Company without cause. Other than COBRA payments, this is in

addition to any "Potential Payments Upon Change-in-Control", described below. Walter J. Zable does not participate. Mr. deKozan's eligibility ended when he ceased to be a full time employee.

Potential Payments Upon Change-in-Control Transition Protection Plan

The Company has adopted a Transition Protection Plan (the "Protection Plan"). The Protection Plan is intended to be made available upon specific approval of the individual by the CEO and the Executive Compensation Committee. It is intended to benefit principal officers and may be offered to other selected key personnel who are not principal officers. If there is any change of control of the Company (defined to include the acquisition by an unrelated party of sufficient shares of the Company to elect a majority of its Board of Directors), and within 12 months before or 24 months after such event a subject's employment terminates without good cause (as defined), or the subject executive resigns for good reason (as defined), then the Company would be obligated (a) to pay such person a monthly amount for 24 months computed as the immediately previous five fiscal years' monthly average of salary and bonus and (b) to continue for 18 months welfare plans in which such executive participated. Miscellaneous additional benefits, including outplacement service may also be provided. The Protection Plan is Exhibit 10.2 to our SEC form 10-K filed for the fiscal year ended September 30, 2007.

A "change in control" occurs when a "person" acquires sufficient shares of our voting stock to elect a majority of our directors, assuming 90% of outstanding shares vote; or a merger resulting in a substantial change in the directors; and certain other events.

A termination "without good cause" occurs when there is any involuntary termination of employment without (i) a willful and continued failure of the employee to perform substantially his duties, or (ii) his gross negligence or breach of fiduciary duty involving personal profit (etc.) or (iii) his conviction or plea of no contest or guilty to state or federal felony criminal laws.

A resignation "for good reason" occurs when the authority, duties, function or responsibilities of the employee are substantially reduced, his base-salary is reduced, his bonus participation opportunity is reduced by more than 50%, his job location is substantially changed, or the Company materially breaches the Protection Plan.

Following termination, to receive monthly payments the executive must not breach the Company's proprietary information policy and must not interfere with the employees, customers or suppliers of the Company.

The welfare plans in which the executive would continue to participate are health insurance (COBRA), dental and vision insurance, and group term life insurance, each to the extent to which the executive participated prior to termination.

In most cases, the entity making the payments would be the successor to Cubic Corporation.

CONFIRMATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS

Ernst & Young LLP has audited the Corporation's books and records since 1959 and are continuing as its auditors. Representatives of Ernst & Young LLP are expected to be present at the shareholders' meeting with the opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions.

The Board is seeking your confirmation of Ernst & Young LLP as our independent registered public accountants for the fiscal year ending September 30, 2010. Our organizational documents do not require that our shareholders confirm the selection of our independent auditors. We are doing so because we believe it is a matter of good corporate practice. If our shareholders do not ratify the selection, the Audit Committee will investigate the reasons for rejection and reconsider whether or not to retain Ernst & Young LLP, but still may retain them. Even if the selection is confirmed, the Audit Committee, in its discretion, may change the appointment at any time during the year if it determines that such a change would be in the best interests of the Company and its shareholders.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THIS PROPOSAL

Audit Fees

The aggregate fees billed in fiscal years 2009 and 2008, respectively, for professional services rendered by Ernst & Young LLP for the Audit of the Corporation's annual financial statements and internal controls and the review of financial statements included in the Corporation's SEC Form 10-Q were: \$1,387,000 and \$1,466,000.

Audit-Related Fees

The aggregate fees billed in fiscal years 2009 and 2008, respectively, for assurance and related services by Ernst & Young LLP that are reasonably related to the performance of the audit or financial statement review which are not reported under "Audit Fees" above were \$48,200 and \$239,700. These fees included statutory audits of foreign subsidiaries, accounting consultation and employee benefit plan audits.

Tax Fees

The aggregate fees billed in fiscal years 2009 and 2008, respectively, for professional services rendered by Ernst & Young LLP for tax compliance, tax advice and tax planning were \$15,600 and \$22,600. These fees were primarily for statutory foreign annual tax returns and compliance.

All Other Fees

In 2009, fees billed for other products and services provided by Ernst & Young totaled \$2,000. These fees were for EY-online services. No other fees were billed in fiscal 2008.

Other Matters

The Audit Committee has adopted policy and procedures for the pre-approval of audit and non-audit services rendered by Ernst & Young LLP. The policy generally pre-approves specified services in the defined categories of audit services, audit-related services, and tax services up to specified amounts. Pre-approval may also be given as part of the Audit Committee's approval of the scope of the engagement of the independent auditor or on an individual explicit case-by-case basis before the independent auditor is engaged to provide each service. The pre-approval of services may be delegated to one or more of the Audit Committee's members, but the decision must be reported to the full Audit Committee at its next scheduled meeting. During fiscal years 2009 and 2008 the Audit Committee did not waive any requirement for pre-approval of any services by Ernst & Young LLP. The Committee

approved all auditor services and fees as required by laws in effect at the time the services were commenced.
