**QUESTIONS AND ANSWERS ABOUT THE 2010 ANNUAL MEETING
AND THIS PROXY STATEMENT**

What is the purpose of the Annual Meeting?

At the Annual Meeting, shareholders will vote on the following two proposals, which are summarized in the preceding notice and described in more detail beginning on page 5 of this proxy statement:

To elect the Company's Class I Directors of the Board of Directors (the "Board"), consisting of two Directors (Proposal One);

To approve the amendment of the 2009 Stock Incentive Plan that will increase the number of shares of our common stock authorized for issuance under the 2009 Plan by 750,000 shares to a total of 1,500,000 shares (Proposal Two); and

To ratify the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2010 (Proposal Three).

What are the Board's voting recommendations?

Our Board of Directors recommends that you vote your shares:

FOR each of the Director nominees to the Board (Proposal One);

FOR the approval of the amendment of the 2009 Stock Incentive Plan (Proposal Two).

FOR the proposal to appoint Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2010 (Proposal Three).

Where are the Company's principal executive offices located, and what is the Company's main telephone number?

The Company's principal executive offices are located at 75 East 1700 South, Provo, Utah 84606. The Company's main telephone number is (801) 342-4300.

Table of Contents

Who is entitled to vote at the Annual Meeting?

The record date for the Annual Meeting is June 21, 2010. Only shareholders of record at the close of business on that date are entitled to vote at the Annual Meeting. As of the record date, 15,510,159 shares of our Common Stock, no par value per share, were outstanding and entitled to vote.

Our stock transfer books will remain open between July 2, 2010 and the date of the Annual Meeting. A list of shareholders entitled to vote at the Annual Meeting will be available for inspection at our principal executive offices.

How many votes do I have?

Each holder of Common Stock is entitled to one vote per share held. As a result, a total of 15,510,159 votes may be cast on each matter at the Annual Meeting.

What is the difference between a shareholder of record and a beneficial owner of shares held in street name?

Shareholder of Record. If your shares are registered directly in your name with the Company's transfer agent, American Stock Transfer & Trust Company, you are considered the shareholder of record with respect to those shares.

Beneficial Owner of Shares Held in Street Name. If your shares are held in an account at a brokerage firm, bank, broker-dealer or other similar organization, then you are the beneficial owner of shares held in "street name." The organization holding your account is considered the shareholder of record for purposes of voting at the Annual Meeting. As a beneficial owner, you have the right to direct that organization on how to vote the shares held in your account.

If I am a shareholder of record of Common Stock, how do I vote?

If you are a shareholder of record, you may vote by mailing a completed proxy card. To vote by mailing a proxy card, please sign and return the enclosed proxy card in the enclosed prepaid and self-addressed envelope and your shares will be voted at the Annual Meeting in the manner you directed. You may also vote your shares in person at the Annual Meeting. If you are a shareholder of record, you may request a ballot at the Annual Meeting.

If I am a beneficial owner of shares held in street name, how do I vote?

If you are the beneficial owner of shares held in street name, you will receive instructions from the brokerage firm, bank, broker-dealer or other similar organization (the "record holder") that must be followed for the record holder to vote your shares per your instructions. Please complete and return the voting instruction card in the self-addressed postage paid envelope provided.

If your shares are held in street name and you wish to vote in person at the Annual Meeting, you must obtain a proxy issued in your name from the record holder and bring it with you to the meeting. We recommend that you vote your shares in advance as described above so that your vote will be counted if you later decide not to attend the Annual Meeting.

What is a quorum?

A quorum must be present at the Annual Meeting for any business to be conducted. The presence at the Annual Meeting, either in person or by proxy, of holders of a majority of the shares of Common Stock outstanding on the record date will constitute a quorum. Accordingly, shares representing 7,755,080 votes must be present, in person or by proxy, at the Annual Meeting to constitute a quorum.

Table of Contents

Abstentions and "broker non-votes" will be counted for the purpose of determining whether a quorum is present for the transaction of business.

If a quorum is not present, the Annual Meeting will be adjourned until a quorum is obtained.

What is a broker non-vote?

If you are a beneficial owner of shares held in street name and do not provide the record holder with specific voting instructions, under the rules of various national securities exchanges, the record holder may generally vote on routine matters but cannot vote on non-routine matters. If the record holder does not receive instructions from you on how to vote your shares on a non-routine matter, the record holder will inform the inspector of election that it does not have the authority to vote on this matter with respect to your shares. This is generally referred to as a "broker non-vote."

What vote is required for each item?

For Proposal One, Directors are elected by a plurality of the votes cast by the shares entitled to vote at the Annual Meeting. Accordingly, the two nominees receiving the highest number of votes cast will be elected as Directors. Abstentions will have no effect on the outcome of the election of candidates for Director. Additionally, the election of Directors is considered a routine matter on which a record holder is generally empowered to vote, and therefore no broker non-votes are expected to exist with respect to Proposal One. Should any nominee become unavailable to serve before the Annual Meeting, the proxies will be voted by the proxy holders for such other person as may be designated by our Board of Directors or for such lesser number of nominees as may be prescribed by the Board of Directors. Votes cast for the election of any nominee who has become unavailable will be disregarded.

Approval of Proposal Two requires the votes cast in favor of the proposal to exceed the votes cast against such proposal. Since proposals concerning changes to stock incentive plans are non-routine matters on which brokers are not empowered to vote without instructions, there may be broker non-votes on Proposal Two.

Approval of Proposal Three requires the votes cast in favor of the proposal to exceed the votes cast against such proposal. The ratification of an independent registered public accounting firm is a matter on which a broker is generally empowered to vote. Accordingly, no broker non-votes are expected to exist in connection with Proposal Three.

What happens if I do not give specific voting instructions?

If you are a shareholder of record and you do not specify how the shares represented thereby are to be voted, your shares will be voted in the manner recommended by the Board on all matters presented in this proxy statement and as the proxy holders may determine in their discretion with respect to any other matters properly presented for a vote at the Annual Meeting.

If you are a beneficial owner of shares held in street name and you do not specify how the shares represented thereby are to be voted, your broker may generally exercise its discretionary authority to vote your shares on routine matters (Proposals One and Two), but your broker will not be permitted to vote your shares with respect to non-routine matters.

Although we do not know of any business to be considered at the Annual Meeting other than the proposals described in this proxy statement, if any other business is properly presented at the Annual Meeting, your signed proxy will give authority to the Board to vote on such matters at their discretion.

Table of Contents

What if I receive more than one set of proxy materials, proxy card or voting instruction form?

If you receive more than one set of proxy materials, proxy card or voting instruction form because your shares are held in multiple accounts or registered in different names or addresses, please vote your shares held in each account to ensure that all of your shares will be voted.

Who will count the votes and how will my vote(s) be counted?

All votes will be tabulated by the inspector of election appointed for the Annual Meeting, who will separately tabulate affirmative and negative votes, abstentions and broker non-votes. If your proxy is properly submitted, the shares represented thereby will be voted at the Annual Meeting in accordance with your instructions.

Can I change my vote after I have voted?

If you are a shareholder of record, you may revoke or change your vote at any time before the Annual Meeting by filing a notice of revocation or another proxy card with a later date with the Corporate Secretary at Nature's Sunshine Products, Inc., 75 East 1700 South, Provo, Utah 84606. If you are a shareholder of record and attend the Annual Meeting and vote by ballot, any proxy that you submitted previously to vote the same shares will be revoked automatically and only your vote at the Annual Meeting will be counted.

If you are a beneficial owner of shares held in street name, you should contact the record holder to obtain instructions if you wish to revoke or change your vote before the Annual Meeting. Please note, however, that if your shares are held in street name, your vote in person at the Annual Meeting will not be effective unless you have obtained and present a proxy issued in your name from the record holder.

Where can I find the voting results of the Annual Meeting?

The preliminary voting results will be announced at the Annual Meeting. The final voting results will be tallied by the inspector of election and published in the Company's Report on Form 8-K following the Annual Meeting which the Company is required to file with the Securities and Exchange Commission ("SEC") within four days of the event.

How and when may I submit a shareholder proposal for the 2011 Annual Meeting of Shareholders?

In the event that a shareholder desires to have a proposal considered for presentation at the 2011 Annual Meeting of Shareholders and included in our proxy statement and form of proxy card used in connection with that meeting, the proposal must be forwarded in writing to our Corporate Secretary so that it is received no later than February 28, 2011. If the 2011 Annual Meeting of Shareholders is held on a date more than thirty calendar days from July 30, 2011, a shareholder proposal must be received by a reasonable time before the Company begins to print and mail its proxy solicitation materials. Any such proposal must comply with the requirements of Rule 14a-8 promulgated under the Securities Exchange Act of 1934, as amended, referred to in this proxy statement as the Exchange Act.

If a shareholder wishes to present a proposal at our 2011 annual meeting of shareholders and the proposal is not intended to be included in our proxy statement relating to the 2011 annual meeting, the shareholder must give advance notice to us prior to the deadline (the "Bylaw Deadline") for the annual meeting determined in accordance with our amended and restated bylaws ("Bylaws"). Under our bylaws, in order to be deemed properly presented, the notice of a proposal must be delivered to our Corporate Secretary no later than May 31, 2011, and no earlier than May 1, 2011, which dates are 60 days and 90 days, respectively, prior to the anniversary of the date of this year's annual meeting.

Table of Contents

However, if we determine to change the date of the 2011 annual meeting so that it occurs more than 30 days prior to, or more than 30 days after, July 30, 2011, shareholder proposals intended for presentation at the 2011 annual meeting, but not intended to be included in our proxy statement relating to the 2011 annual meeting, must be received by our Corporate Secretary no earlier than the ninetieth (90th) day prior such annual meeting and no later than the (i) sixtieth (60th) day prior to such annual meeting or (ii) the tenth (10th) day following the day on which public disclosure of the date of the annual meeting is made by the Company, whichever occurs later (the "Alternate Date"). If a shareholder gives notice of such proposal after the Bylaw Deadline (or the Alternate Date, if applicable), the shareholder will not be permitted to present the proposal to the shareholders for a vote at the 2011 annual meeting. All shareholder proposals must comply with the requirements of our bylaws.

To forward any shareholder proposals or notices of proposals or to receive a copy of our Bylaws write to the Corporate Secretary at Nature's Sunshine Products, Inc., 75 East 1700 South, Provo, Utah 84606.

Who will bear the cost of soliciting proxies?

We will bear the entire cost of the solicitation of proxies for the Annual Meeting, including the preparation, assembly, printing and mailing of this proxy statement, the proxy card and any additional solicitation materials furnished to shareholders. Copies of solicitation materials will be furnished to brokerage firms, banks, broker-dealers or other similar organizations holding shares in their names that are beneficially owned by others so that they may forward the solicitation materials to the beneficial owners. We may reimburse such persons for their reasonable expenses in forwarding solicitation materials to beneficial owners. The original solicitation of proxies may be supplemented by solicitation by personal contact, telephone, facsimile, email or any other means by our directors, officers or employees, and we will reimburse any reasonable expenses incurred for that purpose. No additional compensation will be paid to those individuals for any such services.

The Nominations Committee may also consider candidates proposed by management and by shareholders of the Company. Recommendations for consideration by the Nominations Committee, including recommendations from shareholders of the Company, should be sent in writing, together with appropriate biographical information concerning each proposed nominee, to our Corporate Secretary at our principal executive offices at 75 East 1700 South, Provo, Utah 84606.

From the beginning of fiscal year 2009 through June 7, 2009, our Board of Directors consisted of the following members: Robert K. Bowen, Larry A. Deppe, Pauline Hughes Francis, Eugene L. Hughes and Kristine F. Hughes. The members of our committees during fiscal year 2009 through June 7, 2009 are identified in the table below.

Board Structure and Risk Oversight*Leadership Structure of the Board*

Under our bylaws, the Board is not required to appoint our Chief Executive Officer as the Chairman of the Board, and the Board does not have a policy on whether or not the roles of Chief Executive Officer and Chairman of the Board should be separate. Currently, two different individuals serve in these two positions. Our Chairperson, Kristine F. Hughes, is responsible for chairing Board meetings and meetings of shareholders, setting the agendas for Board meetings and providing information to the Board members in advance of meetings and between meetings. In addition, our Chief Executive Officer, Michael Dean, also serves as a Director on our Board. The Board believes that Mr. Dean's membership as a Director provides the Board with in-depth understanding of our business operations because of his extensive experiences and knowledge in the day-to-day management of all aspects of our operations.

All of our Directors are independent under applicable NASDAQ corporate governance rules, except for Ms. Hughes and Mr. Dean. The Board believes that the independent Directors provide effective oversight of management. Moreover, in addition to feedback provided during the course of Board meetings, the independent Directors have regular executive sessions without any members of management. We believe that our leadership structure of the Board is appropriate given the nature and size our businesses, as it provides both effective independent oversight and expertise in the complexity and management of our operations as a consumer product and direct-selling company.

Board's Role in the Oversight of Risk Management

The Board of Directors is primarily responsible for assessing risks associated with the Company's business. However, the Board delegates certain of such responsibilities to other groups. The Audit Committee is responsible for reviewing with management the Company's policies and procedures with respect to risk assessment and risk management, including reviewing certain risks associated with our financial and accounting systems, accounting policies, investment strategies, regulatory compliance, insurance programs, and other matters. Under the direction of the Audit Committee, the Company's internal audit department assists the Company in the evaluation and improvement of the effectiveness of risk management. In addition, under the direction of the Board and certain of its committees, the Company's legal department assists in the oversight of corporate compliance activities. As discussed under "Risk Assessment of Compensation Programs," the Compensation Committee also reviews certain risks associated with our overall compensation program for employees to help ensure that the program does not encourage employees to take excessive risks. On a regular basis and from time to time as necessary or appropriate, updates are provided by these groups to the Board of Directors regarding their risk assessment and risk management activities and other risk-related matters.

Board Meetings in Fiscal Year 2009

During fiscal year 2009, there were five formal regular meetings and two formal special meetings of the Board of Directors, as well as numerous informal informational sessions. Each member of the Board of Directors during fiscal year 2009 attended or participated in 75 percent or more of the aggregate of (i) the total number of regular and special meetings of the Board of Directors held during the fiscal year or the portion thereof following such person's appointment to the Board and (ii) the total number of meetings held by all committees of the Board on which such Director served during the fiscal year or the portion thereof following such person's appointment to one or more of those committees.

During fiscal year 2009, the Audit Committee held four formal meetings, as well as numerous informal informational sessions, while the Compensation Committee held four formal meeting during that time. The Nominations Committee, on the other hand, did not hold a meeting during fiscal year 2009, but did meet in several informal informational sessions during fiscal year 2009.

Annual Meeting Attendance

Although the Company does not have a formal policy regarding attendance by members of the Board of Directors at the annual meetings of shareholders, Directors are encouraged to attend such meetings. At the annual meeting of shareholders held in fiscal year 2009 seven of our eight Directors were in attendance.

Communications with Directors

We have not in the past adopted a formal process for shareholder communications with the Board of Directors. Nevertheless, the Directors have endeavored to ensure that the views of shareholders are heard by the Board or individual Directors, as applicable, and that appropriate responses are provided to shareholders in a timely manner. Communications to the Board of Directors may be submitted in writing to our Corporate Secretary at our principal executive offices at 75 East 1700 South, Provo, Utah 84606. The Board of Directors relies upon the Corporate Secretary to forward written questions or comments to named Directors or committees thereof, as appropriate. General comments or inquiries from shareholders are forwarded to the appropriate individual within the Company, including the President, as appropriate.

Table of Contents**Code of Ethics**

We adopted a revised Code of Conduct on August 29, 2008 that applies to all of our employees, including our Chief Executive Officer, Chief Financial Officer, Chief Accounting Officer and senior financial and accounting officers. Among other matters, the Code of Conduct establishes policies to deter wrongdoing and to promote (i) both honest and ethical conduct, including ethical handling of actual or apparent conflicts of interest, (ii) compliance with applicable laws, rules and regulations, (iii) full, fair, accurate, timely and understandable disclosure in reports and documents that we file with or submit to the SEC and in public communications and (iv) prompt internal reporting of violations of the Code of Conduct and accountability for adherence to the Code of Conduct. In addition, we provide an ethics line for reporting any violations of the Code of Conduct on a confidential basis. A copy of our Code of Conduct is available on our website at www.natr.com or by writing to our Corporate Secretary at our principal executive offices at 75 East 1700 South, Provo, Utah 84606. We will post on our internet website all amendments to, or waivers from, our Code of Conduct that are required to be disclosed by applicable law.

Consists of retainer fees for service as a member of the Board. Retainers paid to Mmes. Hughes, Francis and Weir and Messrs. Dean, Dowden, Mesdag and Watkins were paid on a monthly basis; retainers paid to Messrs. Bowen and Deppe were paid on a quarterly basis. As noted below, on September 1, 2009, the Board of Directors adopted a new retainer-based compensation plan for non-employee directors of the Company that was made effective as of June 7, 2009 with respect to all non-employee directors other than Kristine F. Hughes and Pauline Hughes Francis, whose compensation remained at prior levels for the remainder of 2009. Prior to June 7, 2009, the amount of retainer fee depended on the tenure of the Board member and the services being provided by that Board member. Mmes. Hughes and Francis have served as members of our Board for a significantly longer period than the remaining members. Ms. Hughes, as Chairperson of the Board, provides significant additional services. Accordingly, the 2009 retainer fees for Mmes. Hughes and Francis are higher than the retainer fees paid to the remaining members. Beginning in

On September 24, 2009, the Board approved option grants to purchase 25,000 shares of our Common Stock subject to shareholder approval of our 2009 Stock Incentive Plan at the Annual Meeting, for each of Michael D. Dean, Albert R. Dowden, Willem Mesdag, Jeffrey D. Watkins and Candace K. Weir, each of whom joined the Board of Directors in June 2009. As of December 31, 2009, these options constituted all options held by non-employee members of the Board of Directors. Each option has a maximum term of 10 years and vested and became exercisable for all of the underlying shares upon shareholder approval of the 2009 Stock Incentive Plan obtained at the 2009 Annual Meeting held on November 6, 2009. The amount reflected in column (d) above represents the grant date fair value of such option award calculated in accordance with FASB ASC Topic 718. See Note 9 to the Notes to Consolidated Financial Statements set forth in Item 8 of the 2009 Annual Report filed on Form 10-K filed with the SEC on March 16, 2010 for a description of the assumptions used in calculating such fair value. For this purpose, the estimate of forfeitures relating to vesting conditions is disregarded.

Nonqualified Deferred Compensation. None of our non-employee Directors participated in the Supplemental Elective Deferral Plan (the "SEDP").

On September 1, 2009, the Board of Directors adopted a new compensation plan for non-employee Directors of the Company. Under the new compensation plan, each newly elected non-employee Director received a one-time option grant to purchase 25,000 shares of Common Stock upon his or her election to the Board. All non-employee Directors receive an annual retainer of \$50,000 for their service on the Board and receive no additional fees paid for attendance at meetings of the Board or Company events at which a Director's attendance is required. Our Chairperson receives an additional annual retainer of \$50,000. Each non-employee Director serving on the Audit Committee receives an additional annual retainer as follows: chairperson \$15,000; other committee members \$10,000. Each non-employee Director serving on the Compensation Committee receives an additional annual retainer as follows: chairperson \$10,000; other committee members \$5,000. The chairperson of the Nominations Committee receives an additional annual retainer of \$10,000. All cash compensation is paid on a monthly basis. The new compensation plan was made effective as of June 7, 2009 with respect to all non-employee Directors other than Kristine F. Hughes and Pauline Hughes Francis, whose compensation remained at prior levels for the remainder of 2009. Beginning in January, 2010, Mmes. Hughes and Francis became subject to the new compensation plan.

Recommendation of the Board of Directors

The Board of Directors unanimously recommends a vote FOR the election of each of the foregoing nominees to the Board of Directors.

PROPOSAL TWO

APPROVAL OF AMENDMENT OF 2009 STOCK INCENTIVE PLAN

We are asking our shareholders to vote on a proposal to approve an amendment of the 2009 Stock Incentive Plan (the "2009 Plan") that will increase the number of shares of our common stock authorized for issuance under the 2009 Plan by 750,000 shares to a total of 1,500,000 shares. Under the amendment, the maximum number of shares of common stock which may be issued pursuant to incentive stock options under the federal tax laws will also be increased by 750,000 shares to a total of 1,500,000 shares. Our Board of Directors approved the amendment on April 30, 2010, subject to shareholder approval at the 2010 Annual Meeting.

We strongly believe that incentive compensation programs play a pivotal role in our efforts to attract and retain key personnel essential to our long-term growth and financial success. The 2009 Plan is structured to provide us with more flexibility in designing equity incentive programs in an environment where a number of companies have moved from traditional option grants to other stock or stockbased awards such as restricted stock, restricted stock units and performance awards. The proposed share increase will assure that a sufficient reserve of common stock is available under the 2009 Plan to allow the Company to remain competitive for executive talent and other key individuals.

The following is a summary of the principal features of the 2009 Plan, as amended. This summary is not intended to be a complete description of all the provisions of the 2009 Plan and is qualified in its entirety by reference to the complete text of the amended 2009 Plan, which is filed as Appendix A to this Proxy Statement.

Administration. The Compensation Committee will have the exclusive authority to administer the 2009 Plan. The term "plan administrator," as used in this summary, will mean such committee. The plan administrator will have complete discretion to determine which eligible individuals are to receive awards, the types of awards to be granted to each participant, the number of shares to be covered (or the method by which payments or other rights are to be calculated in connection with) each award and

Table of Contents

the terms and conditions of any award, including the vesting provisions of an award. The plan administrator may grant awards under the 2009 Plan for no cash consideration or for any cash or other consideration as may be determined by the plan administrator or required by applicable law. Awards may be granted either alone or in addition to, in tandem with or in substitution for any other award granted under the 2009 Plan or any other of our plans or the plans of an affiliate in the plan administrator's discretion. Awards granted under the 2009 Plan may be settled in such form or forms as the plan administrator determines appropriate, including cash, shares of our common stock, promissory notes, other securities or awards under the 2009 Plan, other property, or a combination of the foregoing methods, and may be made in a single payment or transfer, in installments or on a deferred basis as determined by the plan administrator.

Eligibility. Employees, officers, consultants, independent contractors and non-employee members of the Board of Directors in our employ or service or in the employ or service of our affiliates (whether now existing or hereafter established) will be eligible to participate in the 2009 Plan. As of March 31, 2010, approximately 1,200 persons (including eight executive officers and five non-employee members of our Board of Directors) were eligible to participate in the 2009 Plan.

Securities Subject to 2009 Plan. 1,500,000 shares of our common stock will be reserved for issuance over the term of the 2009 Plan, including the 750,000 share increase subject to approval under this proposal. The maximum number of shares of common stock which may be issued pursuant to options intended to qualify as incentive stock options under the federal tax laws may not exceed 1,500,000 shares, which includes the 750,000 share increase subject to approval under this proposal. The maximum number of shares of common stock available for granting restricted stock and restricted stock units may not exceed 750,000 shares, which reflects no increase. Such share limitations are subject to adjustment for subsequent stock grants, stock dividends and other transactions as described below.

As of March 31, 2010, 449,650 shares of common stock were subject to outstanding options, no shares of common stock had been issued and 300,350 shares of common stock were available for future equity awards under the 2009 Plan.

Awards made under the 2009 Plan will be subject to the following per-participant limitations in order to provide the plan administrator with the opportunity to structure one or more of those awards as performance-based compensation under Section 162(m) ("Section 162(m)") of the Internal Revenue Code of 1986, as amended (the "Code"):

No participant in the 2009 Plan may receive options, stock appreciation rights or any other awards the value of which is based solely on an increase in the value of the shares after the grant date of the awards for more than 200,000 shares of our common stock in any single taxable year. No participant in the 2009 Plan may receive any award that is denominated in shares and that vests based on one or more of the performance goals described below (including, without limitation, restricted stock or restricted stock units) for more than 200,000 shares of our common stock in any single taxable year. Such 200,000-share limitations are subject to adjustment for subsequent stock splits, stock dividends and other transactions as described below. Shareholder approval of this proposal will also constitute approval of each of the 200,000-share limitations for purposes of Section 162(m). Such limitations are intended to assure that any deductions to which we would otherwise be entitled upon the exercise of stock options or stock appreciation rights or vesting of performance awards granted under the 2009 Plan will not be subject to the \$1 million limitation on the income tax deductibility of compensation paid per executive officer imposed under Section 162(m).

For awards denominated in cash (whether paid in cash, shares or other property) and that vest based on one or more of the performance goals described below, no participant in the 2009 Plan may receive awards with an aggregate dollar value in excess of one million dollars in any one taxable year. Shareholder approval of this proposal will also constitute approval

Table of Contents

of that one million-dollar limitation for purposes of Section 162(m). Such limitation is intended to assure that any deductions to which we would otherwise be entitled upon the settlement of such awards will not be subject to the \$1 million limitation on the income tax deductibility of compensation paid per executive officer imposed under Section 162(m).

The shares of common stock issuable under the 2009 Plan may be drawn from shares of our authorized but unissued common stock, treasury shares or from shares of our common stock that we acquire, including shares purchased on the open market.

Shares subject to outstanding awards under the 2009 Plan that terminate, are forfeited or cancelled prior to the issuance of the shares subject to those awards and any shares covered by an award or to which an award relates that are not issued for any other reason, will be available for subsequent issuance under the 2009 Plan. Any unvested shares issued under the 2009 Plan that are subsequently forfeited or are otherwise reacquired by us will be added back to the number of shares reserved for issuance under the 2009 Plan and will accordingly be available for subsequent issuance. If shares of restricted stock are forfeited or otherwise reacquired by the Company prior to vesting, whether or not dividends have been paid on such shares, then such forfeited or reacquired shares will be added back to the share reserve under the 2009 Plan and be available for subsequent issuance. For stock appreciation rights settled in shares of common stock, the aggregate number of shares for which the stock appreciation right is exercised, rather than the number of shares actually issued upon exercise, will be counted against the aggregate number of shares available for issuance under the 2009 Plan. If an award does not entitle a participant to receive or purchase shares, or if an award is settled in cash, such awards will not reduce the number of shares of common stock available for issuance under the 2009 Plan. Should shares of common stock otherwise issuable under the 2009 Plan be withheld in satisfaction of the purchase or exercise price of an award or applicable withholding taxes incurred in connection with the award under the 2009 Plan, then the number of shares of common stock available for issuance under the 2009 Plan will be reduced by the gross number of shares issuable at that time under such award, calculated in each instance prior to any such share withholding.

Valuation. The fair market value per share of our common stock on any relevant date under the 2009 Plan will be the closing sale price of our common stock on the consolidated transaction reporting system on such date or, if such exchange is not open for trading on such date, on the most recent preceding date that such exchange is open for trading. On April 23, 2010, the fair market value determined on such basis was \$12.25 per share.

Awards. The 2009 Plan provides for the following types of awards: incentive stock options, non-statutory stock options, stock appreciation rights, restricted stock, restricted stock units, dividend equivalent rights, performance awards, stock awards and other stock-based awards.

Stock options. Eligible persons may be granted stock options to purchase shares of our common stock. Each granted option will have an exercise price per share determined by the plan administrator, but the exercise price will not be less than 100% of the fair market value of the option shares on the grant date, provided that the plan administrator may designate an exercise price below fair market value on the grant date (i) to the extent necessary or appropriate, as determined by the plan administrator, to satisfy applicable legal or regulatory requirements of a foreign jurisdiction or (ii) if the option is granted in substitution for a stock option previously granted by an entity that is acquired by or merged with us or an affiliate. No granted option will have a term in excess of ten years. Payment of the exercise price of a stock option may be made in cash, shares of common stock or other securities owned by the participant, other awards granted under the 2009 Plan or other property owned by the participant, delivery of a promissory note or a combination of the foregoing methods in the plan administrator's discretion. Alternatively, the plan administrator may permit a participant to exercise a stock option pursuant to a broker-assisted cashless exercise procedure or, with respect to the exercise of a non-statutory option, pursuant to a net exercise procedure.

Table of Contents

Stock appreciation rights. A stock appreciation right granted under the 2009 Plan allows the holder to exercise that right as to a specific number of shares of common stock and receive upon such exercise the excess of (i) the fair market value of the shares of common stock as to which that right is exercised over (ii) the aggregate grant price in effect for those shares. The grant price per share will not be less than one hundred percent of the fair market value of the underlying shares on the grant date, provided that the plan administrator may designate a grant price below fair market value on the grant date (A) to the extent necessary or appropriate, as determined by the plan administrator, to satisfy applicable legal or regulatory requirements of a foreign jurisdiction or (B) if the stock appreciation right is granted in substitution for a stock appreciation right previously granted by an entity that is acquired by or merged with us or an affiliate. No granted stock appreciation right will have a term in excess of ten years. The plan administrator will determine the remaining terms and conditions of a stock appreciation right granted under the 2009 Plan in its discretion, including the methods of exercise, dates of exercise and methods of settlement.

Repricing Prohibition. Without shareholder consent, the plan administrator may not reprice, adjust or amend the exercise price of stock options or grant price of stock appreciation rights previously awarded to any participant (except for adjustments for stock splits, stock dividends and similar transactions), whether through amendment, cancellation or any other means.

Restricted Stock. Shares of restricted stock may be awarded under the 2009 Plan. The plan administrator will determine at the time of grant the restrictions to which shares of restricted stock will be subject, including the vesting schedule, any limitation on the right to vote the shares of restricted stock or the right to receive dividends or other property with respect to the shares of restricted stock. Shares of restricted stock will be issued when the awards are granted and will be evidenced in the manner determined by the plan administrator, including by book entry registration or issuance of a stock certificate. Unless otherwise determined by the plan administrator in its discretion, unvested shares of restricted stock will generally be forfeited upon termination of a participant's service.

Restricted Stock Units. Restricted stock units granted under the 2009 Plan entitle the holder to receive shares of common stock underlying those units upon the lapse or waiver of restrictions specified by the plan administrator at the time the restricted stock units are granted. Upon termination of a participant's service, any unvested restricted stock units will be canceled, and the participant will have no further rights with respect to the canceled units or the underlying shares of common stock unless otherwise determined by the plan administrator in its discretion.

Performance Awards. Performance awards granted under the 2009 Plan may be denominated or payable in cash, shares of common stock (including restricted stock and restricted stock units), other securities, other awards granted under the 2009 Plan or other property and will confer on the holder the right to receive payments upon the achievement of one or more objective performance goals over a specified performance period established by the plan administrator at the time of the grant of the award. Such goals may be based on one or more of the following criteria either individually, alternatively or in any combination, applied on a corporate, subsidiary, division, business unit or line of business basis: sales, revenue, costs, expenses, earnings (including one or more of net profit after tax, gross profit, operating profit, earnings before interest and taxes, earnings before interest, taxes, depreciation and amortization and net earnings), earnings per share, earnings per share from continuing operations, operating income, pre-tax income, operating income margin, net income, margins (including one or more of gross, operating and net income margins), returns (including one or more of return on actual or pro forma assets, net assets, equity, investment, capital and net capital employed), shareholder return (including total shareholder return relative to an index or peer group), stock price, economic value added, cash generation, cash flow, unit volume, working capital, market share, cost reductions, number of customers, workforce satisfaction and diversity goals, environmental health and safety goals, employee retention, customer satisfaction, completion of key projects and

Table of Contents

strategic plan development and implementation. Each such performance goal may be based (i) solely by reference to absolute results of individual performance or organizational performance at various levels (e.g., our performance or the performance of a subsidiary, division, business segment or business unit) or (ii) upon organizational performance relative to the comparable performance of other companies selected by the plan administrator. To the extent consistent with Section 162(m), the plan administrator may also exclude charges related to an event or occurrence which the plan administrator determines should appropriately be excluded, including (X) restructurings, discontinued operations, extraordinary items, and other unusual or non-recurring charges, (Y) an event either not directly related to our operations or not within the reasonable control of our management, or (Z) the cumulative effects of tax or accounting changes in accordance with U.S. generally accepted accounting principles (or other accounting principles which may then be in effect).

Subject to the terms of the 2009 Plan, the performance goals to be achieved during any performance period, the length of any performance period, the amount of any performance award granted, the amount of any payment or transfer to be made pursuant to any performance award and any other terms and conditions of any performance award will be determined by the plan administrator.

Performance awards granted to covered executive officers under Section 162(m) that are intended to be "qualified performance based compensation" will be conditioned solely on the achievement of one or more of the performance goals described above and will comply with the requirements of Section 162(m). Any such performance awards that vest will be paid no later than two and one-half months following the end of the performance period, unless the plan administrator permits such payments to be deferred in accordance with the applicable requirements of Code Section 409A. The plan administrator may, in its discretion, reduce the amount of a payout achieved and otherwise to be paid in connection with any such performance award to a covered executive officer but may not exercise discretion to increase such amount. Upon termination of a covered executive's service due to death or permanent disability before the end of a performance period applicable to any such performance award or after the performance period ends and before such performance award is paid, the plan administrator may, in its discretion, determine that the participant be paid a pro rata portion of the performance award.

Dividend Equivalents. Dividend equivalents may be issued under the 2009 Plan and entitle the holder to receive payments (in cash, shares of our common stock, other securities, other awards granted under the 2009 Plan or other property as determined in the discretion of the plan administrator) equivalent to the amount of cash dividends paid to the holders of our common stock with respect to a specified number of shares determined by the plan administrator. Subject to the terms of the 2009 Plan and the applicable award agreement governing the dividend equivalents, such awards may have the terms and conditions determined by the plan administrator in its discretion.

Stock Awards. Shares of our common stock containing no restrictions may be granted under the 2009 Plan as determined by the plan administrator to be consistent with the purpose of the 2009 Plan.

Other Stock-Based awards. The plan administrator is authorized to award participants other awards that are denominated or payable in, valued in whole or in part by reference to, or otherwise based on or related to, shares of our common stock, including securities convertible into shares of our common stock, as deemed by the plan administrator to be consistent with the purpose of the 2009 Plan, subject to the terms and conditions determined by the plan administrator at the time of the award. In the event shares of common stock or other securities are delivered pursuant to a purchase right, such shares or other securities will be purchased for consideration having a value equal to at least one hundred percent of the fair market value of such shares or other securities on the grant date. Payment of such consideration may be made in cash, shares of common stock or other securities owned by the participant, other awards granted under the 2009 Plan or other property owned by the

participant, delivery of a promissory note or a combination of the foregoing methods in the plan administrator's discretion.

New Plan Benefits

No awards have been made under the 2009 Plan on the basis of the share increase subject to shareholder approval under this proposal.

General Provisions

Transferability. Generally, awards granted under the 2009 Plan (other than stock awards containing no restrictions) may not be transferred, pledged, alienated, attached or otherwise encumbered in any manner other than by will or the laws of descent or distribution. However, the plan administrator may allow a participant to designate a beneficiary to receive the vested portion of an award in the event of the participant's death, and the plan administrator has the authority to allow the transfer of a non-statutory option to a family member of the grantee.

Change in control. The plan administrator will have the discretion to determine the treatment of awards granted under the 2009 Plan in the event we should experience a change in control.

Changes in Capitalization. In the event of any dividend or other distribution (whether in the form of cash, shares of our common stock, other securities or other property), recapitalization, stock split, reverse stock split, reorganization, merger, consolidation, split-up, spin-off, combination, repurchase or exchange of shares of our common stock or other securities, issuance of warrants or other rights to purchase shares of our common stock or other securities or other similar corporate transaction or event affecting the shares of our common stock, then the plan administrator will make equitable adjustments to (i) the number and type of shares (or other securities or other property) that may thereafter be made the subject of awards under the 2009 Plan, (ii) the number and type of shares (or other securities or other property) that may be issued pursuant to incentive stock options and restricted stock and restricted stock units under the 2009 Plan, (iii) the number and type of shares (or other securities or other property) subject to outstanding awards under the 2009 Plan, (iv) the purchase price or exercise price with respect to any award under the 2009 Plan, (v) the maximum number of shares for which any one person may be granted stock options, stock appreciation rights or any other award under the 2009 Plan, the value of which is based solely on an increase in the value of the shares after the date of grant of such award, per taxable year, and (vi) the maximum number of shares for which any one person may be granted performance awards denominated in shares of common stock (including restricted stock or restricted stock units), and which are intended to represent "qualified performance-based compensation" under Section 162(m) under the 2009 Plan per taxable year. Such adjustments will be made in such manner as the plan administrator deems appropriate in order to preclude any dilution or enlargement of benefits under the 2009 Plan or the outstanding awards thereunder and will be final, binding and conclusive.

Rights. Except with respect to shares of restricted stock and stock awards granted under the 2009 Plan, a participant will not have any of the rights and privileges of a shareholder with respect to the shares of common stock underlying any award until the shares subject to that award have been issued.

Special Tax Election. The plan administrator may provide one or more holders of awards under the 2009 Plan with the right to have us withhold a portion of the shares otherwise issuable to such individuals in satisfaction of the withholding taxes to which they become subject in connection with the issuance, exercise or settlement of those awards. Alternatively, the plan administrator may allow such individuals to deliver previously acquired shares of our common stock in payment of such withholding tax liability.

Amendment and Termination. Our Board of Directors may amend, alter, suspend, discontinue or terminate the 2009 Plan at any time; provided, however, that approval will be required for any amendment which (i) increases the number of shares of common stock authorized for issuance under the 2009 Plan (other than in connection with certain changes to our capital structure as explained above), (ii) increases the limitation on the maximum number of shares for which any one person may be granted stock options, stock appreciation rights or any other award under the 2009 Plan, the value of which is based solely on an increase in the value of the shares after the date of grant of such award, under the 2009 Plan per taxable year, (iii) increases the limitation on the maximum number of shares for which any one person may be granted performance-based awards denominated in shares of common stock under the 2009 Plan per taxable year, (iv) increases the maximum aggregate dollar amount for which any one participant may be granted performance-based awards denominated in cash under the 2009 Plan per taxable year, (v) would cause Section 162(m) to become unavailable with respect to the 2009 Plan, (vi) permits a repricing that is prohibited as described in the "Repricing Prohibition" section above, (vii) permits the award of stock options or stock appreciation rights at an exercise price less than one hundred percent of the fair market value of the underlying shares of common stock on the grant date (other than as described above in connection with grants in foreign jurisdictions or substitute grants) or to the extent such shareholder approval may otherwise be required under applicable law or regulation or pursuant to the listing standards of the stock exchange on which our common stock is at the time primarily traded.

Summary of Federal Income Tax Consequences

The following is a summary of the Federal income taxation treatment applicable to us and the participants who receive awards under the 2009 Plan.

Option Grants. Options granted under the 2009 Plan may be either incentive stock options which satisfy the requirements of Code Section 422 or non-statutory options which are not intended to meet such requirements. The Federal income tax treatment for the two types of options differs as follows:

Incentive Options. No taxable income is recognized by the optionee at the time of the option grant, and no taxable income is recognized for regular tax purposes at the time the option is exercised, although taxable income may arise at that time for alternative minimum tax purposes. The optionee will recognize taxable income in the year in which the purchased shares are sold or otherwise made the subject of certain other dispositions. For Federal tax purposes, dispositions are divided into two categories: (i) qualifying, and (ii) disqualifying. A qualifying disposition occurs if the sale or other disposition is made more than two (2) years after the date the option for the shares involved in such sale or disposition is granted and more than one (1) year after the date the option is exercised for those shares. If the sale or disposition occurs before these two periods are satisfied, then a disqualifying disposition will result.

Upon a qualifying disposition, the optionee will recognize long-term capital gain in an amount equal to the excess of (i) the amount realized upon the sale or other disposition of the purchased shares over (ii) the exercise price paid for the shares. If there is a disqualifying disposition of the shares, then the excess of (i) the fair market value of those shares on the exercise date or (if less) the amount realized upon such sale or disposition over (ii) the exercise price paid for the shares will be taxable as ordinary income to the optionee. Any additional gain recognized upon the disposition will be a capital gain. If the optionee makes a disqualifying disposition of the purchased shares, then we will be entitled to an income tax deduction, for the taxable year in which such disposition occurs, equal to the amount of ordinary income recognized by the optionee as a result of the disposition. We will not be entitled to any income tax deduction if the optionee makes a qualifying disposition of the shares.

Non-statutory Options. No taxable income is recognized by an optionee upon the grant of a non-statutory option. The optionee will in general recognize ordinary income, in the year in which the option is exercised, equal to the excess of the fair market value of the purchased shares on the exercise date over the exercise price paid for the shares, and the optionee will be required to satisfy the tax withholding requirements applicable to such income. We will be entitled to an income tax deduction equal to the amount of ordinary income recognized by the optionee with respect to the exercised non-statutory option. The deduction will in general be allowed for our taxable year in which such ordinary income is recognized by the optionee.

Stock Appreciation Rights. No taxable income is recognized upon receipt of a stock appreciation right. The holder will recognize ordinary income in the year in which the stock appreciation right is exercised, in an amount equal to the excess of the fair market value of the underlying shares of common stock on the exercise date over the base price in effect for the exercised right, and the holder will be required to satisfy the tax withholding requirements applicable to such income. We will be entitled to an income tax deduction equal to the amount of ordinary income recognized by the holder in connection with the exercise of the stock appreciation right. The deduction will be allowed for the taxable year in which such ordinary income is recognized.

Restricted Stock Awards. The recipient of unvested shares of common stock issued under the 2009 Plan will not recognize any taxable income at the time those shares are issued but will have to report as ordinary income, as and when those shares subsequently vest, an amount equal to the excess of (i) the fair market value of the shares on the vesting date over (ii) the cash consideration (if any) paid for the shares. The recipient may, however, elect under Code Section 83(b) to include as ordinary

Table of Contents

income in the year the unvested shares are issued an amount equal to the excess of (i) the fair market value of those shares on the issue date over (ii) the cash consideration (if any) paid for such shares. If the Section 83(b) election is made, the recipient will not recognize any additional income as and when the shares subsequently vest. We will be entitled to an income tax deduction equal to the amount of ordinary income recognized by the recipient with respect to the unvested shares. The deduction will in general be allowed for our taxable year in which such ordinary income is recognized by the recipient.

Restricted Stock Units. No taxable income is recognized upon receipt of restricted stock units. The holder will recognize ordinary income in the year in which the shares subject to the units are actually issued to the holder. The amount of that income will be equal to the fair market value of the shares on the date of issuance, and the holder will be required to satisfy the tax withholding requirements applicable to such income. We will be entitled to an income tax deduction equal to the amount of ordinary income recognized by the holder at the time the shares are issued. The deduction will be allowed for the taxable year in which such ordinary income is recognized.

Performance Awards. No taxable income is recognized upon receipt of performance awards. The holder will recognize ordinary income in the year in which the performance awards are settled. The amount of that income will be equal to the fair market value of the shares of common stock or cash received in settlement of the performance awards, and the holder will be required to satisfy the tax withholding requirements applicable to such income. We will be entitled to an income tax deduction equal to the amount of the ordinary income recognized by the holder of the performance awards at the time those awards are settled. That deduction will be allowed for the taxable year in which such ordinary income is recognized.

Stock Awards. The recipient of a stock award will recognize ordinary income in the year in which the shares subject to a stock award are issued to the holder. The amount of that income will be equal to the fair market value of the shares on the date of issuance, and the holder will be required to satisfy the tax withholding requirements applicable to such income. We will be entitled to an income tax deduction equal to the amount of ordinary income recognized by the holder at the time the shares are issued. The deduction will be allowed for the taxable year in which such ordinary income is recognized.

Dividend Equivalent Rights. No taxable income is recognized upon receipt of a dividend equivalent right award. The holder will recognize ordinary income in the year in which a dividend or distribution, whether in cash, securities or other property, is paid to the holder. The amount of that income will be equal to the fair market value of the cash, securities or other property received, and the holder will be required to satisfy the tax withholding requirements applicable to such income. We will be entitled to an income tax deduction equal to the amount of the ordinary income recognized by the holder of the dividend equivalent right award at the time the dividend or distribution is paid to such holder. That deduction will be allowed for the taxable year in which such ordinary income is recognized.

Deductibility of Executive Compensation. We anticipate that any compensation deemed paid by us in connection with the exercise of non-statutory options, incentive stock options or stock appreciation rights will qualify as performance-based compensation for purposes of Section 162(m) and will not have to be taken into account for purposes of the \$1 million limitation per covered individual on the deductibility of the compensation paid to certain of our executive officers. Accordingly, the compensation deemed paid with respect to options and stock appreciation rights granted under the 2009 Plan will remain deductible by us without limitation under Section 162(m). However, any compensation deemed paid by us in connection with shares or cash issued under restricted stock or restricted stock unit awards will be subject to the \$1 million limitation, unless the issuance of the shares or cash is tied to one or more of the performance milestones described above.

Accounting Treatment. The accounting principles applicable to awards made under the 2009 Plan may be summarized in general terms as follows:

Pursuant to the accounting standards established under the FASB Accounting Standards Codification Topic 718, we will be required to expense all share-based payments, including grants of stock options, stock appreciation rights, stock, restricted stock, restricted stock units and all other stock-based awards under the 2009 Plan. Accordingly, stock options and stock appreciation rights which are granted to our employees and non-employee Board members and payable in shares of our common stock will have to be valued at fair value as of the grant date under an appropriate valuation formula, and that value will then have to be charged as a direct compensation expense against our reported earnings over the designated vesting period of the award. For shares issuable upon the vesting of restricted stock units awarded under the 2009 Plan, we will be required to amortize over the vesting period a compensation cost equal to the fair market value of the underlying shares on the date of the award. If any other shares are unvested at the time of their direct issuance, then the fair market value of those shares at that time will be charged to our reported earnings ratably over the vesting period. Such accounting treatment for restricted stock units and direct stock issuances will be applicable whether vesting is tied to service periods or performance goals, although for performance-based awards, the grant date fair value will initially be determined on the basis of the probable outcome of performance goal attainment. The issuance of a fully-vested stock awards will result in an immediate charge to our earnings equal to the fair market value of the bonus shares on the issuance date.

Dividends or dividend equivalents paid on the portion of an award that vests will be charged against our retained earnings. If the award holder is not required to return the dividends or dividend equivalents if they forfeit their awards, dividends or dividend equivalents paid on instruments that do not vest will be recognized by us as additional compensation cost.

Finally, it should be noted that the compensation expense accruable for performance-based awards under the 2009 Plan will, in general, be subject to adjustment to reflect the actual outcome of the applicable performance goals, and any expenses accrued for such performance-based awards will be reversed if the performance goals are not met, unless those performance goals are deemed to constitute market conditions (i.e., because they are tied to the price of our common stock) under FASB Accounting Standards Codification Topic 718.

Required Vote and Board Recommendation

The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote on Proposal Two is required for approval of the amendment of the 2009 Plan. Should such approval not be obtained, then the share reserve under the 2009 Plan will not be increased. However, awards will continue to be made under the 2009 Plan until the date all the shares of common stock currently reserved for issuance thereunder have been issued or any earlier termination of the 2009 Plan.

Recommendation of the Board of Directors

The Board believes that Proposal Two is in the Company's best interests and in the best interests of the shareholders and recommends a vote FOR the amendment of the 2009 Stock Incentive Plan.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires the Company's Directors, officers and persons who beneficially own more than 10 percent of a registered class of the Company's equity securities, to file initial reports of ownership on Form 3 and changes in ownership on Forms 4 or 5 with the SEC. Such Directors, officers and 10 percent shareholders also are required by SEC rules to furnish the Company with copies of all Section 16(a) reports they file. EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This Compensation Discussion and Analysis provides disclosure about the policies and objectives underlying the compensation programs for our executive officers. Accordingly, we will address and analyze each element of the compensation provided to our Chief Executive Officer, our Chief Financial Officer and the other executive officers named in the Summary Compensation Table which follows this discussion; these individuals are referred to as the named executive officers. The Compensation Committee of our Board of Directors administers the compensation programs for our executive officers.

Compensation Policy for Executive Officers.

Our compensation philosophy for executive officers is to maintain a pay-for-performance approach that ties a significant portion of each executive officer's compensation to the Company's performance. We have designed the various elements comprising the compensation packages of our executive officers to achieve the following objectives:

attract and retain qualified executives who will help the Company meet its goals;

reflect individual accomplishments and contributions to the Company as well as overall Company performance; and

align each executive officer's interests with those of the Company's shareholders.

Each executive officer's compensation package consists of three elements: (i) a base salary, (ii) a cash bonus based upon Company financial performance and the individual officer's personal performance, and (iii) participation in long-term, stock-based incentive awards, in the form of stock options, designed to align and strengthen the mutuality of interests between our executive officers and our shareholders. In addition, the named executive officers are provided with certain benefits and perquisites and are entitled to certain severance benefits in the event their employment terminates under certain specified circumstances, as more fully described below.

When establishing the compensation levels for the executive officers, we take into account the Company's overall financial performance and an evaluation of each executive officer's individual performance level and his or her potential contribution to the Company's future growth.

Setting Executive Compensation

In setting executive officer compensation, the Compensation Committee reviews a report (the "Executive Compensation Report") prepared by our Director of Human Resources in order to assess the competitiveness of the Company's compensation programs in comparison to market averages. The 2009 Executive Compensation Report examined the data contained in Watson Wyatt's Top Management Compensation Survey and Mercer's Executive Compensation Survey, in each instance for 2008-09.

Table of Contents

These surveys provide information on compensation paid by surveyed companies nationally, crossing multiple industries and sizes. These two surveys are among the largest executive compensation surveys in the U.S. with hundreds of companies participating from all industries, both public and private. The Executive Compensation Report compared the Company's executive cash compensation practices, including base pay and short-term incentives, to such survey data. In addition, we perform regression analysis on the raw data from the surveys to provide appropriate comparisons based on company size. The regression analysis provides an expected level of each type of cash compensation based on our sales revenue; the data from such analysis is used as the "market" data. The Executive Compensation Report also compared the base pay, cash bonus and total compensation of officers on an individual basis to the market data.

The Compensation Committee does not engage in "benchmarking" against a specific group of companies. The Compensation Committee believes that the Company has few truly comparable publicly traded companies to provide an accurate data set against which to benchmark and the data for the Executive Compensation Report provides a broader range of comparative data.

Our Chief Executive Officer set the 2009 base salaries for the named executive officers (other than himself), taking into consideration the expected total cash compensation for such officer for 2009 (including base salary and expected bonus payable in 2009 for 2008 performance) and the comparative market data for total cash compensation for such officer. Our Chief Executive Officer submitted to the Compensation Committee recommendations for bonus payments for these named executive officers for review and approval. These recommendations were based on his review of the Company's performance measured in terms of the operating income and sales revenue levels attained by the division, for which the executive was primarily responsible, as well as the executive's performance and the comparative analysis of the Company's compensation practice to market for each such officer. The Compensation Committee discussed these recommendations with the Chief Executive Officer and our Director of Human Resources and made the final determination on the bonuses for these officers based on these recommendations, with such adjustments as it deemed appropriate. For our Chief Executive Officer, the Compensation Committee directly determines the compensation package with input and market data from our Director of Human Resources. The Compensation Committee makes decisions with respect to our Chief Executive Officer without his presence. All compensation packages are submitted to the Board for final approval. The Compensation Committee recommended, and the Board approved, Mr. Faggioli's compensation package for 2009 and for 2010, as well as Mr. Dean's compensation package in connection with his planned assumption of the position of President and Chief Executive Officer, as described more fully in "President and Chief Executive Officer Employment Agreement".

Elements of Compensation. Each of the major elements comprising the compensation package for executive officers (salary, bonus and equity) is designed to achieve one or more of the Company's overall objectives in fashioning a competitive level of compensation, tying compensation to performance and establishing a meaningful and substantial link between each executive officer's compensation and our long-term financial success.

There is no pre-established policy for the allocation of compensation between cash and non-cash components or between short-term and long-term components, nor are there any pre-established ratios between the Chief Executive Officer's compensation and that of the other named executive officers. Instead, the mix of compensation for each named executive officer is based on a review of the market data and a subjective analysis of that individual's performance and contribution to the Company's financial performance. Our mix of compensation elements is designed to reward recent results and motivate long-term performance through a combination of cash and equity incentive awards.

Base Salary. Base salary is intended to attract and retain qualified executives and to provide a level of security and stability from year to year and is not dependent to any material extent on the Company's financial performance. The base salary level of each executive officer is reviewed in the last

Table of Contents

quarter of each year, with any salary adjustments for the upcoming year to be effective on or about January 1 of that year. We target base salaries to be in the range of 80 percent to 90 percent of market. However, the Company may also consider the performance of each executive, contributions by the executive towards the Company's mission/goals and tenure at the Company. The Compensation Committee approved a salary increase of 6 percent for our Chief Executive Officer for 2009. The salary levels for Messrs. Bunker, DeWyze, Jarvis and Halliday increased approximately 6.1 percent, 3.1 percent, 7.0 percent and 6.3 percent, respectively. These increases were to bring these executives' salaries in-line with market rates. After examining the market data, the Company found that, on average, our officers' base salaries for 2009 were approximately 12 - 15 percent below market.

The Compensation Committee approved salary increases for Messrs. Bunker, DeWyze, Jarvis and Halliday of approximately 6.2 percent, 2.0 percent, 6.6 percent and 4.0 percent, respectively, to be effective January 1, 2010. These increases were to bring these executives' salaries in-line with market rates. Based upon the Compensation Committee's review, Mr. Faggioli's base salary was not adjusted for 2010.

Cash Bonus. The cash bonus program is designed to advance a pay-for-performance policy by bringing the total cash compensation for our executives up to market in a typical year and to exceed market when justified by Company performance. For 2009, the bonuses were determined by the Compensation Committee at its sole discretion based on overall Company performance measured in terms of operating income and sales revenue and each executive's individual performance. No portion of the bonuses is tied to the attainment of any specific pre-established performance goals.

On March 4, 2010, the Compensation Committee awarded Mr. Faggioli a bonus in the amount of \$100,000. In exercising its discretion, the Compensation Committee reviewed the Company's performance measured in terms of the average operating income and sales revenue levels attained by its United States business segment ("NSP United States"), its international business segment ("NSP International") and its Synergy Worldwide division for 2009 and the committee's past practices for bonus awards to Mr. Faggioli.

The bonuses for the other executive officers were awarded on March 12, 2010 as follows: Mr. Bunker \$80,000; Mr. DeWyze \$62,979; Mr. Jarvis \$70,000 and Mr. Halliday \$128,775. In determining the bonus for each executive officer, the Compensation Committee reviewed the Company's performance measured in terms of the operating income and sales revenue levels attained by the divisions for which the executive was primarily responsible, as well as the executive's individual performance. Due to the performance of the Company and its divisions, the bonuses for our executives in 2009 decreased compared to the prior year, except for Mr. Halliday's bonus, which increased due to the stronger performance of the Company's U.S. sales division, of which Mr. Halliday is President. On average cash bonuses for our executive officers, including Mr. Faggioli, were approximately 12 percent below market.

Long-Term Incentives. We provide long-term incentives in the form of option grants. The Compensation Committee believes that option grants align the interests of the executive officer with those of the shareholders and provide the officer with a significant incentive to manage the Company from the perspective of an owner with an equity stake in the business. In 2009, we adopted (and the shareholders approved) the 2009 Stock Incentive Plan (the "2009 Plan"). On September 24, 2009, the Compensation Committee granted stock options under the 2009 Plan as follows: Mr. Faggioli 19,000, Mr. Bunker 15,000, Mr. DeWyze 15,000, Mr. Jarvis 15,000, and Mr. Halliday 17,000. The awards are designed to act as retention tools and re-incentivize the officers and align their interests with those of the shareholders. In determining the size of the awards, the Compensation Committee took into account the fact that some of our executive officers had not received any equity awards in recent years and some of the options previously granted to the officers had expired during the period that the Company's stock was not trading. Each option grant allows the officer to acquire shares of our

Table of Contents

common stock at a fixed price per share over a period of ten years. Options vest in full on September 24, 2012, contingent upon the officer's continued employment, with the exception of Mr. Faggioli, whose options vested in full on July 1, 2010, pursuant to the amendment of his employment agreement on March 12, 2010, which is described below. The Compensation Committee believes that the extended vesting period will serve as a significant retention tool.

The Compensation Committee expects to make future grants on a discretionary basis. The Compensation Committee does not have any policy or practice of timing awards to the release of the Company's financial reports.

Executive Officer Perquisites. In 2009, we paid premiums on \$250,000 life insurance policies for our named executive officers and provided our named executive officers the opportunity to receive up to \$2,500 for tuition assistance; however, none of our executive officers elected to receive tuition assistance. We do not believe these perquisites are an important factor in retaining our executive officers. We use bonuses, option grants, and other performance based incentives to retain our executive officers.

Other Programs. Our executive officers are eligible to participate in our 401(k) employee savings plan on the same basis as all other regular U.S. employees.

Deferred Compensation Programs. The Company has adopted a deferred compensation plan, the SEDP, for its executive officers, certain other selected employees and its non-employee Directors to enable them to save for retirement by deferring their income and the associated tax to a future date following termination of employment. Under the SEDP, the named executive officers and other participants have the opportunity to defer compensation to future dates specified by the participant with a return based on investment alternatives selected by the participant. The Company believes that the SEDP is comparable to similar plans offered by its competitors. The amounts deferred under the SEDP for the named executive officers are reported below in the Summary Compensation Table and the Nonqualified Deferred Compensation Table.

Employment Agreements. We have entered into employment agreements with each of our named executive officers. We believe that the employment agreements with our executive officers achieve two important goals crucial to our long-term financial success: the long-term retention of our senior executives and their commitment to the attainment of our strategic objectives. We believe the agreements allow our executive officers to continue to focus their attention on our business operations and strategic plans without undue concern over their own financial situations during periods when substantial disruptions and distractions might otherwise prevail. Upon the cessation of a named executive officer's employment due to termination by the Company without cause or by reason of death or incapacity, the named executive officer will receive continued payment of his or her base and medical insurance coverage for a period of 12 months together with a reimbursement of up to \$6,000 of any tax liability incurred by the executive in the event benefits received pursuant to such continued coverage result in taxable income to the executive.

In connection with Mr. Faggioli's announced resignation, the Company amended his employment agreement effective March 12, 2010. The terms of the amended agreement are described below in "Amendment of Mr. Faggioli's Employment Agreement."

Mr. Dean's Employment Agreement. On March 12, 2010, we entered into an employment agreement with Michael Dean who initially served as our President and Chief Executive Officer Elect and became our President and Chief Executive Officer on July 1, 2010. A summary of the material terms of Mr. Dean's agreement are described more fully in "President and Chief Executive Office Employment Agreement" below. Upon the cessation of his employment due to termination by the Company without cause or by him for good reason, or by reason of his death or incapacity, he will receive continued payment of his base salary and medical insurance coverage for a period of 12 months.

Table of Contents

A summary of the material terms of the officer employment agreements, together with a quantification of the severance benefits payable under those agreements to each of the executive officers named in the Summary Compensation Table may be found in the section below entitled "Employment Agreements and Potential Payments upon Termination or Change in Control."

Compliance with Internal Revenue Code Section 162(m). Section 162(m) of the Internal Revenue Code disallows a tax deduction to publicly held companies for compensation paid to certain of their executive officers to the extent such compensation exceeds \$1.0 million per covered officer in any year. The limitation applies only to compensation that is not considered to be performance-based under the terms of Section 162(m). Non-performance-based compensation paid to our executive officers for 2009 did not exceed the \$1.0 million limit per officer. However, as we continue to increase salaries and bonuses for our executive officers, together with the amounts recognized from equity awards, it is possible that the non-performance-based compensation payable to our executive officers will exceed the \$1.0 million limit in one or more future years. We believe that in establishing the cash and equity incentive compensation programs for our executive officers, the potential deductibility of the compensation payable under those programs should be only one of a number of relevant factors taken into consideration, and not the sole governing factor. For that reason, we may deem it appropriate to provide one or more executive officers with the opportunity to earn incentive compensation, whether through cash bonus programs tied to our financial performance or through equity awards, which together with base salary in the aggregate may be in excess of the amount deductible by reason of Section 162(m) or other provisions of the Internal Revenue Code. We believe it is important to maintain cash and equity incentive compensation at the levels needed to attract and retain the executive officers essential to our success, even if all or part of that compensation may not be deductible by reason of the Section 162(m) limitation.

Compensation Committee Report

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis disclosure with management. Based on this review and discussion, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement.

Submitted by:
Jeffrey D. Watkins
Pauline Hughes Francis
Michael D. Dean(1)

- (1) Mr. Dean served as a member of the Compensation Committee from June 7, 2009 to March 12, 2010. Subsequent to March 12, 2010 and after the completion of the Compensation Committee's review of the Compensation Discussion and Analysis, Mr. Dowden joined the Compensation Committee.

Compensation Committee Interlocks and Insider Participation. On June 7, 2009, the members of the Compensation Committee of the Board of Directors were reorganized. Prior to this reorganization, Robert K. Bowen, Kristine F. Hughes and Pauline Hughes Francis served on the Compensation Committee. After the reorganization, the members of the Compensation Committee consisted of Jeffrey D. Watkins, Michael D. Dean and Pauline Hughes Francis. No member of the Compensation Committee at any time during 2009 was an officer or employee of the Company. Messrs. Bowen, Dean and Watkins have not been an officer or employee of the Company at any time during 2009. Both Mmes. Hughes and Francis are founders of the Company and have been at various times officers or employees of the Company or Hughes Development Corporation, a predecessor of the Company, since 1972. None of our executive officers at any time during 2009 served on the Board of Directors or compensation committee of any entity that had one or more executive officers serving as a member of

Table of Contents

our Board or our Compensation Committee. On March 12, 2010 Mr. Dean became the Company's President and Chief Executive Officer Elect, and at that time removed himself from the Compensation Committee.

Ms. Hughes is the spouse of Eugene L. Hughes, a former member of our Board of Directors, and Ms. Francis is his sister-in-law. Mr. Hughes previously informed the Company of his intention to retire as an employee of the Company effective as of December 22, 2008. The Company and Mr. Hughes subsequently entered into a Retirement and Consulting Agreement, dated as of December 9, 2008, pursuant to which Mr. Hughes provides consulting services to the Company for an initial term of eight years following his retirement. In exchange for such consulting services, Mr. Hughes will receive (i) annual compensation of \$215,000 for the first two years of service, (ii) annual compensation of \$100,000 for the remainder of the initial term, (iii) annual compensation of \$50,000 after the initial term, and (iv) certain medical and life insurance benefits.

Other than the Retirement and Consulting Agreement with Mr. Hughes, no member of the Compensation Committee at any time during 2009 had any relationship with us to be disclosed as a related person transaction.

Risk Assessment of Compensation Programs

The Company's compensation programs are designed to maintain an appropriate balance between incentives for long-term and short-term performances by utilizing a combination of compensation components, including base salary, annual cash bonus awards, and long-term equity awards. Although not all employees in the organization have compensation comprised of all three of these components, our compensation programs are generally structured so that any cash bonus awards based on short-term performances are not likely to constitute the predominant element of an employee's total compensation package and that other components will serve to balance the package. For this reason, the Company does not believe that its use of any cash bonus awards based upon short-term performance is reasonably likely to encourage excessive risk-taking by the participants in those compensation programs.

Table of Contents**Executive Compensation**

The following table sets forth a summary, for the years ended December 31, 2009, 2008 and 2007, of the compensation of the principal executive officer, the principal financial officer, the three most highly compensated executive officers of the Company (not including the principal executive officer and the principal financial officer) whose total compensation for the 2009 fiscal year was in excess of \$100,000 and who were serving as executive officers at the end of 2009. The listed individuals shall be hereinafter referred to as the "named executive officers." No other executive officers who would have otherwise been includable in such table on the basis of total compensation for 2009 have been excluded by reason of their termination of employment or change in executive status during that year.

The SEDP permits the named executive officers, certain other employees and the Company's non-employee Directors with the opportunity to defer specified percentages (up to 75 percent) of their compensation, including amounts that could not be deferred under the Company's Tax Deferred Retirement Plan because of the limitations under such plan imposed by the Internal Revenue Code. Participants may elect deferred amounts to be paid in monthly payments over 3 or 5 years or in a lump sum upon separation from service. Deferrals are credited with gain or loss based on the performance of one or more investment alternatives selected by the participant from among the investment funds offered by the Board. No actual investments are held in the participants' accounts and participants will at all times remain general unsecured creditors of the Company with respect to their account balances.

HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries (*e.g.*, brokers) to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more shareholders sharing the same address by delivering a single proxy statement addressed to those shareholders. This process, which is commonly referred to as "householding," potentially means extra convenience for shareholders and cost savings for companies.

This year, a number of brokers with account holders who are our shareholders will be "householding" the proxy materials. A single proxy statement will be delivered to multiple shareholders sharing an address unless contrary instructions have been received from the affected shareholders. Once you have received notice from your broker that they will be "householding" communications to your address, "householding" will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in "householding" and would prefer to receive a separate proxy statement and annual report, you may (i) notify your broker, (ii) direct your written request to our Corporate Secretary at our principal executive offices at 75 East 1700 South, Provo, Utah 84606, or (3) contact Nature's Sunshine directly at (801) 342-4300. Shareholders who currently receive multiple copies of the proxy statement at their address and would like to request "householding" of their communications should contact their broker. In addition, we will promptly deliver, upon written or oral request at the address or telephone number above, a separate copy of the proxy statement and annual report to a shareholder at a shared address to which a single copy of these materials was delivered.

OTHER MATTERS

The Board of Directors knows of no other business that will be presented at the Annual Meeting. If any other business is properly brought before the Annual Meeting, it is intended that the proxies in the enclosed form will be voted in accordance with the judgment of the person voting the proxies.

WHETHER OR NOT YOU PLAN TO ATTEND THE ANNUAL MEETING, IT IS IMPORTANT THAT YOUR SHARES BE REPRESENTED AND VOTED AT THE MEETING REGARDLESS OF THE NUMBER OF SHARES YOU MAY HOLD. THEREFORE, WE URGE YOU TO VOTE AS PROMPTLY AS POSSIBLE. YOU MAY VOTE YOUR SHARES BY RETURNING THE ENCLOSED PROXY CARD. TIMELY VOTING WILL ENSURE YOUR REPRESENTATION AT THE ANNUAL MEETING. IF YOU DECIDE TO ATTEND THE ANNUAL MEETING, YOU

Table of Contents

WILL BE ABLE TO VOTE IN PERSON, EVEN IF YOU HAVE PREVIOUSLY SUBMITTED YOUR PROXY.

(a) Shares Available. Subject to adjustment as provided in Section 4(c) of the Plan, the aggregate number of Shares that may be issued under all Awards under the Plan shall be *One Million and Five Hundred Thousand (1,500,000)*. Shares to be issued under the Plan may be authorized but unissued Shares, treasury shares or Shares acquired in the open market or otherwise. Notwithstanding the foregoing, (i) the number of Shares available for granting Incentive Stock Options under the Plan shall not exceed *One Million and Five Hundred Thousand (1,500,000)*, subject to adjustment as provided in Section 4(c) of the Plan and subject to the provisions of Section 422 or 424 of the Code or any successor provision and (ii) the number of Shares available for granting Restricted Stock and Restricted Stock Units shall not exceed *Seven Hundred and Fifty Thousand (750,000)*, subject to adjustment as provided in Section 4(c) of the Plan. If an Award terminates or is forfeited or cancelled without the issuance of any Shares, or if any Shares covered by an Award or to which an Award relates are not issued for any other reason, then the number of Shares counted against the aggregate number of Shares available under the Plan with respect to such Award, to the extent of any such termination, forfeiture, cancellation or other event, shall again be available for granting Awards under the Plan. If Shares of Restricted Stock are forfeited or otherwise reacquired by the Company prior to vesting, whether or not dividends have been paid on such Shares, then the number of Shares counted against the aggregate number of Shares available under the Plan with respect to such Award of Restricted Stock, to the extent of any such forfeiture or reacquisition by the Company, shall again be available for granting Awards under the Plan. Shares that are withheld in full or partial payment to the Company of the purchase or exercise price relating to an Award or in connection with the satisfaction of tax obligations relating to an Award shall not be available for granting Awards under the Plan.

(b) Accounting for Awards. For purposes of this Section 4, if an Award entitles the holder thereof to receive or purchase Shares, the number of Shares covered by such Award or to which such Award relates shall be counted on the date of grant of such Award against the aggregate number of Shares available for granting Awards under the Plan. For Stock Appreciation Rights settled in Shares upon exercise, the aggregate number of Shares with respect to which the Stock Appreciation Right is exercised, rather than the number of Shares actually issued upon exercise, shall be counted against the number of Shares available for Awards under the Plan. Awards that do not entitle the holder thereof to receive or purchase Shares and Awards that are settled in cash shall not be counted against the aggregate number of Shares available for Awards under the Plan.

(c) Adjustments. In the event that any dividend or other distribution (whether in the form of cash, Shares, other securities or other property), recapitalization, stock split, reverse stock split, reorganization, merger, consolidation, split-up, spin-off, combination, repurchase or exchange of Shares or other securities of the Company, issuance of warrants or other rights to purchase Shares or other securities of the Company or other similar corporate transaction or event affects the Shares such that

an adjustment is necessary in order to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan, then the Committee shall, in such manner as it may deem equitable, adjust any or all of (i) the number and type of Shares (or other securities or other property) that thereafter may be made the subject of Awards, (ii) the number and type of Shares (or other securities or other property) subject to outstanding Awards, (iii) the purchase price or exercise price with respect to any Award and (iv) the limitations contained in Section 4(d) of the Plan; *provided, however*, that the number of Shares covered by any Award or to which such Award relates shall always be a whole number. Such adjustment shall be made by the Committee or the Board, whose determination in that respect shall be final, binding and conclusive.

(d) Award Limitations Under the Plan.

- (i) Section 162(m) Limitation for Certain Types of Awards. No Eligible Person may be granted Options, Stock Appreciation Rights or any other Award or Awards under the Plan, the value of which Award or Awards is based solely on an increase in the value of the Shares after the date of grant of such Award or Awards, and which is intended to represent "qualified performance-based compensation" with the meaning of Section 162(m), for more than Two Hundred Thousand (200,000) Shares (subject to adjustment as provided for in Section 4(c) of the Plan), in the aggregate in any taxable year.
- (ii) Section 162(m) Limitation for Performance Awards Denominated in Shares. No Eligible Person may be granted Performance Awards denominated in Shares (including, without limitation, Restricted Stock and Restricted Stock Units), and which are intended to represent "qualified performance-based compensation" with the meaning of Section 162(m), for more than Two Hundred Thousand (200,000) Shares (subject to adjustment as provided for in Section 4(c) of the Plan), in the aggregate in any taxable year.
- (iii) Section 162(m) Limitation for Performance Awards Denominated in Cash. The maximum amount payable pursuant to all Performance Awards denominated in cash to any Participant in the aggregate in any taxable year shall be One Million Dollars (\$1,000,000) in value, whether payable in cash, Shares or other property. The limitation contained in this Section 4(d)(iii) does not apply to any Award subject to the limitation contained in Section 4(d)(i) or Section 4(d)(ii). The limitation contained in this Section 4(d)(iii) shall apply only with respect to Awards granted under this Plan, and limitations on awards granted under any other stockholder approved executive incentive plan maintained by the Company will be governed solely by the terms of such other plan.

Section 5. Eligibility

Any Eligible Person shall be eligible to be designated a Participant. In determining which Eligible Persons shall receive an Award and the terms of any Award, the Committee may take into account the nature of the services rendered by the respective Eligible Persons, their present and potential contributions to the success of the Company or such other factors as the Committee, in its discretion, shall deem relevant. Notwithstanding the foregoing, an Incentive Stock Option may only be granted to full-time or part-time employees (which term as used herein includes, without limitation, officers and directors who are also employees), and an Incentive Stock Option shall not be granted to an employee of an Affiliate unless such Affiliate is also a "subsidiary corporation" of the Company within the meaning of Section 424(f) of the Code or any successor provision.

Section 6. Awards

(a) Options. The Committee is hereby authorized to grant Options to Eligible Persons with the following terms and conditions and with such additional terms and conditions not inconsistent with the provisions of the Plan as the Committee shall determine:

- (i) *Exercise Price.* The purchase price per Share purchasable under an Option shall be determined by the Committee and shall not be less than 100% of the Fair Market Value of a Share on the date of grant of such Option; *provided, however,* that the Committee may designate a purchase price below Fair Market Value on the date of grant (A) to the extent necessary or appropriate, as determined by the Committee, to satisfy applicable legal or regulatory requirements of a foreign jurisdiction or (B) if the Option is granted in substitution for a stock option previously granted by an entity that is acquired by or merged with the Company or an Affiliate.
- (ii) *Option Term.* The term of each Option shall be fixed by the Committee at the time but shall not be longer than ten (10) years from the date of grant.
- (iii) *Time and Method of Exercise.* The Committee shall determine the time or times at which an Option may be exercised in whole or in part and the method or methods by which, and the form or forms (including, without limitation, cash, Shares, promissory notes (*provided, however,* that the par value of any Shares to be issued pursuant to such exercise shall be paid in the form of cash, services rendered, personal property, real property or a combination thereof and the acceptance of such promissory notes does not conflict with Section 402 of the Sarbanes-Oxley Act of 2002), other securities, other Awards or other property, or any combination thereof, having a Fair Market Value on the exercise date equal to the applicable exercise price) in which, payment of the exercise price with respect thereto may be made or deemed to have been made. The Committee may, in its discretion, permit an Option to be exercised through a special sale and remittance procedure pursuant to which the Participant shall concurrently provide instructions to (a) a brokerage firm (reasonably satisfactory to the Company for purposes of administering such procedure in compliance with the Company's pre-clearance/pre-notification policies) to effect the immediate sale of all or a portion of the purchased shares and remit to the Company, out of the sale proceeds available on the settlement date, sufficient funds to cover the aggregate exercise price payable for the purchased shares plus all applicable income and employment taxes required to be withheld by the Company by reason of such exercise and (b) the Company to deliver the certificates for the purchased shares directly to such brokerage firm on such settlement date in order to complete the sale. Alternatively, except with respect to Incentive Stock Options, the Committee may, in its discretion, permit an Option to be exercised by delivering to the Participant a number of Shares having an aggregate Fair Market Value (determined as of the date of exercise) equal to the excess, if positive, of the Fair Market Value of the Shares underlying the Option being exercised, on the date of exercise, over the exercise price of the Option for such Shares.
- (iv) *Incentive Stock Options.* Notwithstanding anything in the Plan to the contrary, the following additional provisions shall apply to the grant of stock options which are intended to qualify as Incentive Stock Options, *provided, however,* that in the event the Plan fails to be approved by the stockholders of the Company within one year of its adoption by the Board as required in Section 10, such Incentive Stock Options shall be deemed to be Non-Qualified Stock Options issued under the Plan:
 - (A) The Committee will not grant Incentive Stock Options in which the aggregate Fair Market Value (determined as of the time the Option is granted) of the Shares with

Table of Contents

respect to which Incentive Stock Options are exercisable for the first time by any Participant during any calendar year (under this Plan and all other plans of the Company and its Affiliates) shall exceed \$100,000.

(B)

All Incentive Stock Options must be granted within ten years from the earlier of the date on which this Plan was adopted by the Board or the date this Plan was approved by the stockholders of the Company.

(C)

Unless sooner exercised, all Incentive Stock Options shall expire and no longer be exercisable no later than 10 years after the date of grant; *provided, however*, that in the case of a grant of an Incentive Stock Option to a Participant who, at the time such Option is granted, owns (within the meaning of Section 422 of the Code) stock possessing more than 10% of the total combined voting power of all classes of stock of the Company or of its Affiliate, such Incentive Stock Option shall expire and no longer be exercisable no later than 5 years from the date of grant.

(D)

The purchase price per Share for an Incentive Stock Option shall be not less than 100% of the Fair Market Value of a Share on the date of grant of the Incentive Stock Option; *provided, however*, that, in the case of the grant of an Incentive Stock Option to a Participant who, at the time such Option is granted, owns (within the meaning of Section 422 of the Code) stock possessing more than 10% of the total combined voting power of all classes of stock of the Company or of its Affiliate, the purchase price per Share purchasable under an Incentive Stock Option shall be not less than 110% of the Fair Market Value of a Share on the date of grant of the Incentive Stock Option.

(E)

Any Incentive Stock Option authorized under the Plan shall contain such other provisions as the Committee shall deem advisable, but shall in all events be consistent with and contain all provisions required in order to qualify the Option as an Incentive Stock Option.

(b) **Stock Appreciation Rights.** The Committee is hereby authorized to grant Stock Appreciation Rights to Eligible Persons subject to the terms of the Plan and any applicable Award Agreement. A Stock Appreciation Right granted under the Plan shall confer on the holder thereof a right to receive upon exercise thereof the excess of (i) the Fair Market Value of one Share on the date of exercise over (ii) the grant price of the Stock Appreciation Right as specified by the Committee, which price shall not be less than 100% of the Fair Market Value of one Share on the date of grant of the Stock Appreciation Right; *provided, however*, that the Committee may designate a grant price below Fair Market Value on the date of grant (A) to the extent necessary or appropriate, as determined by the Committee, to satisfy applicable legal or regulatory requirements of a foreign jurisdiction or (B) if the Stock Appreciation Right is granted in substitution for a stock appreciation right previously granted by an entity that is acquired by or merged with the Company or an Affiliate. Subject to the terms of the Plan and any applicable Award Agreement, the grant price, term, methods of exercise, dates of exercise, methods of settlement and any other terms and conditions of any Stock Appreciation Right shall be as determined by the Committee. The Committee may impose such conditions or restrictions on the exercise of any Stock Appreciation Right as it may deem appropriate.

(c) **Restricted Stock and Restricted Stock Units.** The Committee is hereby authorized to grant an Award of Restricted Stock and Restricted Stock Units to Eligible Persons with the following terms and conditions and with such additional terms and conditions not inconsistent with the provisions of the Plan as the Committee shall determine:

(i)

Restrictions. Shares of Restricted Stock and Restricted Stock Units shall be subject to such restrictions as the Committee may impose (including, without limitation, any limitation on

Table of Contents

the right to vote a Share of Restricted Stock or the right to receive any dividend or other right or property with respect thereto), which restrictions may lapse separately or in combination at such time or times, in such installments or otherwise as the Committee may deem appropriate. Notwithstanding the foregoing, the Committee may permit acceleration of vesting of such Awards in the event of the Participant's death, disability or retirement or a Change in Control.

(ii)

Issuance and Delivery of Shares. Any Restricted Stock granted under the Plan shall be issued at the time such Awards are granted and may be evidenced in such manner as the Committee may deem appropriate, including book-entry registration or issuance of a stock certificate or certificates, which certificate or certificates shall be held by the Company. Such certificate or certificates shall be registered in the name of the Participant and shall bear an appropriate legend referring to the restrictions applicable to such Restricted Stock. Shares representing Restricted Stock that are no longer subject to restrictions shall be delivered to the Participant promptly after the applicable restrictions lapse or are waived. In the case of Restricted Stock Units, no Shares shall be issued at the time such Awards are granted. Upon the lapse or waiver of restrictions and the restricted period relating to Restricted Stock Units evidencing the right to receive Shares, such Shares shall be issued and delivered to the holder of the Restricted Stock Units.

(iii)

Forfeiture. Except as otherwise determined by the Committee, upon a Participant's termination of employment or resignation or removal as a director (in either case, as determined under criteria established by the Committee) during the applicable restriction period, all Shares of Restricted Stock and all Restricted Stock Units held by the Participant at such time shall be forfeited and reacquired by the Company; *provided, however,* that the Committee may, when it finds that a waiver would be in the best interest of the Company, waive in whole or in part any or all remaining restrictions with respect to Shares of Restricted Stock or Restricted Stock Units, except as otherwise provided in the Award Agreement.

(d) Performance Awards. The Committee is hereby authorized to grant Performance Awards to Eligible Persons subject to the terms of the Plan and any applicable Award Agreement. A Performance Award granted under the Plan (i) may be denominated or payable in cash, Shares (including, without limitation, Restricted Stock and Restricted Stock Units), other securities, other Awards or other property and (ii) shall confer on the holder thereof the right to receive payments, in whole or in part, upon the achievement of one or more objective Performance Goals during such performance periods as the Committee shall establish. Subject to the terms of the Plan, the Performance Goals to be achieved during any performance period, the length of any performance period, the amount of any Performance Award granted, the amount of any payment or transfer to be made pursuant to any Performance Award and any other terms and conditions of any Performance Award shall be determined by the Committee. Performance Awards that are granted to Eligible Persons who may be "covered employees" under Section 162(m) and that are intended to be "qualified performance-based compensation" within the meaning of Section 162(m), to the extent required by Section 162(m), shall be conditioned solely on the achievement of one or more objective Performance Goals established by the Committee within the time prescribed by Section 162(m), and shall otherwise comply with the requirements of Section 162(m), as described below.

(i)

Timing of Designations; Duration of Performance Periods. For each Award intended to be "qualified performance-based compensation", the Committee shall, not later than 90 days after the beginning of each performance period, (i) designate all Participants for such performance period and (ii) establish the objective performance factors for each Participant for that performance period on the basis of one or more of Performance Goals; provided that, with respect to such Performance Goals, the outcome is

substantially uncertain at the time the Committee actually establishes the Performance Goal. The Committee shall have sole discretion to determine the applicable performance period, provided that in the case of a performance period less than 12 months, in no event shall a performance goal be considered to be pre-established if it is established after 25 percent of the performance period (as scheduled in good faith at the time the Performance Goal is established) has elapsed.

(ii)

Certification. Following the close of each performance period and prior to payment of any amount to a Participant with respect to an Award intended to be "qualified performance-based compensation," the Committee shall certify in writing as to the attainment of all factors (including the performance factors for a Participant) upon which any payments to a Participant for that performance period are to be based.

(iii)

Payment of Qualified Performance Awards. Certified Awards shall be paid no later than two and one-half months following the conclusion of the applicable performance period; *provided, however,* that the Committee may establish procedures that allow for the payment of Awards on a deferred basis subject to the requirements of Section 409A. The Committee may, in its discretion, reduce the amount of a payout achieved and otherwise to be paid in connection with an Award intended to be "qualified performance-based compensation," but may not exercise discretion to increase such amount.

(iv)

Certain Events. If a Participant dies or becomes permanently and totally disabled before the end of a performance period or after the performance period and before an Award is paid, the Committee may, in its discretion, determine that the Participant shall be paid a pro-rated portion of the Award that the Participant would have received but for his or her death or disability.

(e) *Dividend Equivalents.* The Committee is hereby authorized to grant Dividend Equivalents to Eligible Persons under which the Participant shall be entitled to receive payments (in cash, Shares, other securities, other Awards or other property as determined in the discretion of the Committee) equivalent to the amount of cash dividends paid by the Company to holders of Shares with respect to a number of Shares determined by the Committee. Subject to the terms of the Plan and any applicable Award Agreement, such Dividend Equivalents may have such terms and conditions as the Committee shall determine.

(f) *Stock Awards.* The Committee is hereby authorized to grant to Eligible Persons Shares without restrictions thereon, as deemed by the Committee to be consistent with the purpose of the Plan. Subject to the terms of the Plan and any applicable Award Agreement, such Stock Awards may have such terms and conditions as the Committee shall determine.

(g) *Other Stock-Based Awards.* The Committee is hereby authorized to grant to Eligible Persons such other Awards that are denominated or payable in, valued in whole or in part by reference to, or otherwise based on or related to, Shares (including, without limitation, securities convertible into Shares), as are deemed by the Committee to be consistent with the purpose of the Plan. The Committee shall determine the terms and conditions of such Awards, subject to the terms of the Plan and any applicable Award Agreement. Shares or other securities delivered pursuant to a purchase right granted under this Section 6(g) shall be purchased for consideration having a value equal to at least 100% of the Fair Market Value of such Shares, or other securities on the date the purchase right is granted. The consideration paid by the Participant may be paid by such method or methods and in such form or forms (including, without limitation, cash, Shares, promissory notes (*provided, however,* that the par value of any Shares to be issued pursuant to such exercise shall be paid in the form of cash, services rendered, personal property, real property or a combination thereof and the acceptance such promissory notes does not conflict with Section 402 of the Sarbanes-Oxley Act of 2002), other securities, other Awards or other property or any combination thereof), as the Committee shall determine.

(h) General.

(i)

Consideration for Awards. Awards may be granted for no cash consideration or for any cash or other consideration as may be determined by the Committee or required by applicable law.

(ii)

Awards May Be Granted Separately or Together. Awards may, in the discretion of the Committee, be granted either alone or in addition to, in tandem with or in substitution for any other Award or any award granted under any other plan of the Company or any Affiliate. Awards granted in addition to or in tandem with other Awards or in addition to or in tandem with awards granted under any other plan of the Company or any Affiliate may be granted either at the same time as or at a different time from the grant of such other Awards or awards.

(iii)

Forms of Payment under Awards. Subject to the terms of the Plan and of any applicable Award Agreement, payments or transfers to be made by the Company or an Affiliate upon the grant, exercise or payment of an Award may be made in such form or forms as the Committee shall determine (including, without limitation, cash, Shares, promissory notes (*provided, however,* that the acceptance of such promissory notes does not conflict with Section 402 of the Sarbanes-Oxley Act of 2002), other securities, other Awards or other property or any combination thereof), and may be made in a single payment or transfer, in installments or on a deferred basis, in each case in accordance with rules and procedures established by the Committee. Such rules and procedures may include, without limitation, provisions for the payment or crediting of reasonable interest on installment or deferred payments or the grant or crediting of Dividend Equivalents with respect to installment or deferred payments.

(iv)

Term of Awards. Subject to Section 6(a)(iv)(C), the term of each Award shall be for a period not to exceed ten (10) years from the date of grant.

(v)

Limits on Transfer of Awards. Except as otherwise provided by the Committee or in this Section 6(h)(v), no Award (other than a Stock Award) and no right under any such Award shall be transferable by a Participant other than by will or by the laws of descent and distribution. Notwithstanding the immediately preceding sentence, no Incentive Stock Option shall be transferable by a Participant other than by will or by the laws of descent and distribution. The Committee may establish procedures as it deems appropriate for a Participant to designate a Person or Persons, as beneficiary or beneficiaries, to exercise the rights of the Participant and receive any property distributable with respect to any Award in the event of the Participant's death. The Committee, in its discretion and subject to such additional terms and conditions as it determines, may permit a Participant to transfer a Non-Qualified Stock Option to any "family member" (as defined in the General Instructions to Form S-8 (or any successor to such Instructions or such Form) under the Securities Act) at any time that such Participant holds such Option, *provided* that such transfers may not be for value (as defined in the General Instructions to Form S-8 (or any successor to such Instructions or such Form) under the Securities Act) and the family member may not make any subsequent transfers other than by will or by the laws of descent and distribution. Each Award under the Plan or right under any such Award shall be exercisable during the Participant's lifetime only by the Participant (except as provided herein or in an Award Agreement or amendment thereto relating to a Non-Qualified Stock Option) or, if permissible under applicable law, by the Participant's guardian or legal representative. No Award (other than a Stock Award) or right under any such Award may be pledged, alienated, attached or otherwise encumbered, and any

purported pledge, alienation, attachment or encumbrance thereof shall be void and unenforceable against the Company or any Affiliate.

(vi)

Restrictions; Securities Exchange Listing. All Shares or other securities delivered under the Plan pursuant to any Award or the exercise thereof shall be subject to such restrictions as the Committee may deem advisable under the Plan, applicable federal or state securities laws and regulatory requirements, and the Committee may cause appropriate entries to be made with respect to, or legends to be placed on the certificates for, such Shares or other securities to reflect such restrictions. The Company shall not be required to deliver any Shares or other securities covered by an Award unless and until the requirements of any federal or state securities or other laws, rules or regulations (including the rules of any securities exchange) as may be determined by the Company to be applicable are satisfied.

(vii)

Section 409A Provisions. Notwithstanding anything in the Plan or any Award Agreement to the contrary, to the extent that any amount or benefit that constitutes "deferred compensation" to a Participant under Section 409A and applicable guidance thereunder is otherwise payable or distributable to a Participant under the Plan or any Award Agreement solely by reason of the occurrence of a Change in Control or due to the Participant's disability or "separation from service" (as such term is defined under Section 409A), such amount or benefit will not be payable or distributable to the Participant by reason of such circumstance unless the Committee determines in good faith that (i) the circumstances giving rise to such Change in Control, disability or separation from service meet the definition of a change in ownership or control, disability, or separation from service, as the case may be, in Section 409A(a)(2)(A) of the Code and applicable proposed or final regulations, or (ii) the payment or distribution of such amount or benefit would be exempt from the application of Section 409A by reason of the short-term deferral exemption or otherwise. Any payment or distribution that otherwise would be made to a Participant who is a Specified Employee (as determined by the Committee in good faith) on account of separation from service may not be made before the date which is six months after the date of the Specified Employee's separation from service (or if earlier, upon the Specified Employee's death) unless the payment or distribution is exempt from the application of Section 409A by reason of the short term deferral exemption or otherwise.

(viii)

Change in Control. The Committee shall have the discretion, at the time an Award is granted, to determine the treatment of the Award in the event of a Change in Control. Such treatment shall be set forth in terms of the applicable award agreement evidencing the Award.

Section 7. Amendment and Termination; Corrections

(a) Amendments to the Plan. The Board may amend, alter, suspend, discontinue or terminate the Plan at any time; *provided, however*, that, notwithstanding any other provision of the Plan or any Award Agreement, prior approval of the stockholders of the Company shall be required for any amendment to the Plan that:

(i)

requires stockholder approval under the rules or regulations of the Securities and Exchange Commission, the NASDAQ Stock Exchange or any other securities exchange that are applicable to the Company;

(ii)

increases the number of shares authorized under the Plan as specified in Section 4(a) of the Plan;

Table of Contents

- (iii) increases the number of shares subject to the limitation contained in Section 4(d)(i) or Section 4(d)(ii) of the Plan or the dollar amount subject to the limitation contained in Section 4(d)(iii) of the Plan;
- (iv) would cause Section 162(m) to become unavailable with respect to the Plan or permits repricing of Options or Stock Appreciation Rights which is prohibited by Section 3(a)(v) of the Plan; or
- (v) permits the award of Options or Stock Appreciation Rights at a price less than 100% of the Fair Market Value of a Share on the date of grant of such Option or Stock Appreciation Right, contrary to the provisions of Section 6(a)(i) and Section 6(b)(ii) of the Plan.

(b) Amendments to Awards. Subject to the provisions of the Plan, the Committee may waive any conditions or rights of the Company under any outstanding Award, prospectively or retroactively. Except as otherwise provided in the Plan, the Committee may amend, alter, suspend, discontinue or terminate any outstanding Award, prospectively or retroactively, but no such action may adversely affect the rights of the holder of such Award without the consent of the Participant or holder or beneficiary thereof. The Company intends that Awards under the Plan shall satisfy the requirements of Section 409A to avoid any adverse tax results thereunder, and the Committee shall administer and interpret the Plan and all Award Agreements in a manner consistent with that intent. If any provision of the Plan or an Award Agreement would result in adverse tax consequences under Section 409A, the Committee may amend that provision (or take any other action reasonably necessary) to avoid any adverse tax results and no action taken to comply with Section 409A shall be deemed to impair or otherwise adversely affect the rights of any holder of an Award or beneficiary thereof.

(c) Correction of Defects, Omissions and Inconsistencies. The Committee may correct any defect, supply any omission or reconcile any inconsistency in the Plan or in any Award or Award Agreement in the manner and to the extent it shall deem desirable to implement or maintain the effectiveness of the Plan.

Section 8. Income Tax Withholding

In order to comply with all applicable federal, state, local or foreign income tax laws or regulations, the Company may take such action as it deems appropriate to ensure that all applicable federal, state, local or foreign payroll, withholding, income or other taxes, which are the sole and absolute responsibility of a Participant, are withheld or collected from such Participant. In order to assist a Participant in paying all or a portion of the applicable taxes to be withheld or collected upon exercise or receipt of (or the lapse of restrictions relating to) an Award, the Committee, in its discretion and subject to such additional terms and conditions as it may adopt, may permit the Participant to satisfy such tax obligation by (a) electing to have the Company withhold a portion of the Shares otherwise to be delivered upon exercise or receipt of (or the lapse of restrictions relating to) such Award with a Fair Market Value equal to the amount of such taxes (but only to the extent of the minimum amount required to be withheld under applicable laws or regulations) or (b) delivering to the Company Shares other than Shares issuable upon exercise or receipt of (or the lapse of restrictions relating to) such Award with a Fair Market Value equal to the amount of such taxes. The election, if any, must be made on or before the date that the amount of tax to be withheld is determined.

Section 9. General Provisions

(a) No Rights to Awards. No Eligible Person, Participant or other Person shall have any claim to be granted any Award under the Plan, and there is no obligation for uniformity of treatment of Eligible Persons, Participants or holders or beneficiaries of Awards under the Plan. The terms and conditions of Awards need not be the same with respect to any Participant or with respect to different Participants.

Table of Contents

(b) Award Agreements. No Participant shall have rights under an Award granted to such Participant unless and until an Award Agreement shall have been duly executed on behalf of the Company and, if requested by the Company, signed by the Participant, or until such Award Agreement is delivered and accepted through an electronic medium in accordance with procedures established by the Company.

(c) Plan Provisions Control. In the event that any provision of an Award Agreement conflicts with or is inconsistent in any respect with the terms of the Plan as set forth herein or subsequently amended, the terms of the Plan shall control.

(d) No Rights of Stockholders. Except with respect to Restricted Stock and Stock Awards, neither a Participant nor the Participant's legal representative shall be, or have any of the rights and privileges of, a stockholder of the Company with respect to any Shares issuable upon the exercise or payment of any Award, in whole or in part, unless and until such Shares have been issued.

(e) No Limit on Other Compensation Arrangements. Nothing contained in the Plan shall prevent the Company or any Affiliate from adopting or continuing in effect other or additional compensation plans or arrangements, and such plans or arrangements may be either generally applicable or applicable only in specific cases.

(f) No Right to Employment. The grant of an Award shall not be construed as giving a Participant the right to be retained as an employee of the Company or any Affiliate, or the right to be retained as a director, nor will it affect in any way the right of the Company or an Affiliate to terminate a Participant's employment at any time, with or without cause, or remove a director in accordance with applicable law. In addition, the Company or an Affiliate may at any time dismiss a Participant from employment, or remove a director who is a Participant, free from any liability or any claim under the Plan or any Award, unless otherwise expressly provided in the Plan or in any Award Agreement. By participating in the Plan, each Participant shall be deemed to have accepted all the conditions of the Plan and the terms and conditions of any rules and regulations adopted by the Committee and shall be fully bound thereby.

(g) Governing Law. The internal law, and not the law of conflicts, of the State of Utah shall govern all questions concerning the validity, construction and effect of the Plan or any Award, and any rules and regulations relating to the Plan or any Award.

(h) Severability. If any provision of the Plan or any Award is or becomes or is deemed to be invalid, illegal or unenforceable in any jurisdiction or would disqualify the Plan or any Award under any law deemed applicable by the Committee, such provision shall be construed or deemed amended to conform to applicable laws, or if it cannot be so construed or deemed amended without, in the determination of the Committee, materially altering the purpose or intent of the Plan or the Award, such provision shall be stricken as to such jurisdiction or Award, and the remainder of the Plan or any such Award shall remain in full force and effect.

(i) No Trust or Fund Created. Neither the Plan nor any Award shall create or be construed to create a trust or separate fund of any kind or a fiduciary relationship between the Company or any Affiliate and a Participant or any other Person. To the extent that any Person acquires a right to receive payments from the Company or any Affiliate pursuant to an Award, such right shall be no greater than the right of any unsecured general creditor of the Company or any Affiliate.

(j) Other Benefits. No compensation or benefit awarded to or realized by any Participant under the Plan shall be included for the purpose of computing such Participant's compensation or benefits under any pension, retirement, savings, profit sharing, group insurance, disability, severance, termination pay, welfare or other benefit plan of the Company, unless required by law or otherwise provided by such other plan.

(k) No Fractional Shares. No fractional Shares shall be issued or delivered pursuant to the Plan or any Award, and the Committee shall determine whether cash shall be paid in lieu of any fractional Share or whether such fractional Share or any rights thereto shall be canceled, terminated or otherwise eliminated.

(l) Headings. Headings are given to the sections and subsections of the Plan solely as a convenience to facilitate reference. Such headings shall not be deemed in any way material or relevant to the construction or interpretation of the Plan or any provision thereof.

(m) Consultation With Professional Tax and Investment Advisors. The holder of any Award granted hereunder acknowledges that the grant, exercise, vesting or any payment with respect to such an Award, and the sale or other taxable disposition of the Shares acquired pursuant to the Plan, may have tax consequences pursuant to the Code or under local, state or international tax laws. Such a holder further acknowledges that such holder is relying solely and exclusively on the holder's own professional tax and investment advisors with respect to any and all such matters (and is not relying, in any manner, on the Company or any of its employees or representatives). Finally, such a holder understands and agrees that any and all tax consequences resulting from the Award and its grant, exercise, vesting or any payment with respect thereto, and the sale or other taxable disposition of the Shares acquired pursuant to the Plan, is solely and exclusively the responsibility of such holder without any expectation or understanding that the Company or any of its employees, representatives or Affiliates will pay or reimburse such holder for such taxes or other items.

(n) Foreign Employees and Foreign Law Considerations. The Committee may grant Awards to Eligible Persons who are foreign nationals, who are located outside the United States, who are United States citizens or resident aliens on global assignments in foreign nations, who are not compensated from a payroll maintained in the United States, or who are otherwise subject to (or could cause the Company to be subject to) legal or regulatory provisions of countries or jurisdictions outside the United States, on such terms and conditions different from those specified in the Plan as may, in the judgment of the Committee, be necessary or desirable to foster and promote achievement of the purposes of the Plan, and, in furtherance of such purposes, the Committee may make such modifications, amendments, procedures, or subplans as may be necessary or advisable to comply with such legal or regulatory provisions.

(o) Blackout Periods. Notwithstanding any other provision of this Plan or any Award to the contrary, the Company shall have the authority to establish any "blackout" period that the Company deems necessary or advisable with respect to any or all Awards. All rights granted by the Plan or any Award Agreement, or any transactions encompassed by the Plan or any Award Agreement, are subject to the Company's Insider Trading Policy. Nothing in this Plan is intended to circumvent or authorize the circumvention of the Company's Insider Trading Policy.

Section 10. Effective Date of the Plan

The Plan shall be effective upon its adoption by the Board, *provided, however*, that in the event the Plan is not approved by the stockholders of the Company within one year thereafter, the Plan will be terminated and all Awards granted under the Plan will be terminated and deemed null and void, *provided, however*, that with respect to any Shares (including Shares of Restricted Stock) issued under the Plan prior to such termination, the Plan shall be deemed to be effective, *provided further*, that no Award may vest and no Shares (including Shares of Restricted Stock) may be issued under the Plan prior to approval of the Plan by the stockholders of the Company. The Plan shall be subject to approval by the stockholders of the Company at an annual meeting of stockholders of the Company to be held on November 6, 2009, and the Plan shall be effective as of the date of such stockholder approval.

Section 11. Term of the Plan

No Award shall be granted under the Plan after ten years from the earlier of the date of adoption of the Plan by the Board or the date of stockholder approval or any earlier date of discontinuation or termination established pursuant to Section 7(a) of the Plan; *provided, however*, that in the case of a Performance Award intended to be "qualified performance-based compensation," no such Performance Award shall be granted under the Plan after the fifth year following the year in which stockholders approved the Performance Goals unless and until the Performance Goals are re-approved by the stockholders. However, unless otherwise expressly provided in the Plan or in an applicable Award Agreement, any Award theretofore granted may extend beyond such dates, and the authority of the Committee provided for hereunder with respect to the Plan and any Awards, and the authority of the Board to amend the Plan, shall extend beyond the termination of the Plan.

**AMENDMENT NO. 1
TO
NATURE'S SUNSHINE PRODUCTS, INC.
2009 STOCK INCENTIVE PLAN**

The Nature's Sunshine Products, Inc. 2009 Stock Incentive Plan (the "*Plan*"), is hereby amended, effective as of [date of the annual meeting] subject to approval of the stockholders at the Nature's Sunshine Products, Inc. annual meeting, as follows:

1. Section 4(a) of the Plan is hereby amended and restated as follows:

"Shares Available. Subject to adjustment as provided in Section 4(c) of the Plan, the aggregate number of Shares that may be issued under all Awards under the Plan shall be One Million and Five Hundred Thousand (1,500,000). Shares to be issued under the Plan may be authorized but unissued Shares, treasury shares or Shares acquired in the open market or otherwise. Notwithstanding the foregoing, (i) the number of Shares available for granting Incentive Stock Options under the Plan shall not exceed One Million and Five Hundred Thousand (1,500,000), subject to adjustment as provided in Section 4(c) of the Plan and subject to the provisions of Section 422 or 424 of the Code or any successor provision and (ii) the number of Shares available for granting Restricted Stock and Restricted Stock Units shall not exceed Seven Hundred and Fifty-Thousand (750,000), subject to adjustment as provided in Section 4(c) of the Plan. If an Award terminates or is forfeited or cancelled without the issuance of any Shares, or if any Shares covered by an Award or to which an Award relates are not issued for any other reason, then the number of Shares counted against the aggregate number of Shares available under the Plan with respect to such Award, to the extent of any such termination, forfeiture, cancellation or other event, shall again be available for granting Awards under the Plan. If Shares of Restricted Stock are forfeited or otherwise reacquired by the Company prior to vesting, whether or not dividends have been paid on such Shares, then the number of Shares counted against the aggregate number of Shares available under the Plan with respect to such Award of Restricted Stock, to the extent of any such forfeiture or reacquisition by the Company, shall again be available for granting Awards under the Plan. Shares that are withheld in full or partial payment to the Company of the purchase or exercise price relating to an Award or in connection with the satisfaction of tax obligations relating to an Award shall not be available for granting Awards under the Plan."

2. Except as modified by this Amendment, all the terms and provisions of the Plan shall continue in full force and effect.
