NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

SEPTEMBER 30, 2010

(unaudited)

1. Business, Basis of Presentation and Summary of Significant Accounting Policies

Business

Hilltop Holdings Inc. is a holding company that is endeavoring to make opportunistic acquisitions. In connection with that strategy, we are identifying and evaluating potential targets on an ongoing basis. We also conduct operations in the property and casualty insurance industry through our wholly-owned property and casualty insurance holding company, NLASCO, Inc., or NLASCO. NLASCO operates through its wholly-owned insurance subsidiaries, National Lloyds Insurance Company, or NLIC, and American Summit Insurance Company, or ASIC. National Lloyds Insurance Company commenced business in 1949 and currently operates in 15 states, with its largest market being the State of Texas. National Lloyds Insurance Company carries a financial strength rating of "A" (Excellent) by A.M. Best. American Summit Insurance Company was formed in 1955 and currently operates in 12 states, its largest market being the State of Arizona. American Summit Insurance Company carries a financial strength rating of "A" (Excellent) by A.M. Best. Both of these insurance companies are regulated by the Texas Department of Insurance.

Our common stock is listed on the New York Stock Exchange under the symbol "HTH". Prior to the full redemption of our Series A Cumulative Redeemable Preferred Stock on September 6, 2010, it was listed on the New York Stock Exchange under the symbol "HTHPRA". We have no public trading history prior to February 12, 2004.

Basis of Presentation

The accompanying unaudited consolidated financial statements have been prepared in conformity with generally accepted accounting principles in the United States of America ("GAAP"), and in conformity with the rules and regulations of the Securities and Exchange Commission. Certain information and footnote disclosures normally included in financial statements prepared in accordance with GAAP, however, have been condensed or omitted pursuant to Article 10 of Regulation S-X. The consolidated financial statements include the accounts of all wholly-owned subsidiaries of the Company. All significant intercompany accounts and transactions have been eliminated in the consolidated financial statements.

In the opinion of management, these financial statements have been prepared on the same basis as the audited consolidated financial statements and include all adjustments necessary for the fair statement of the Company's financial position, results of operations and cash flows. These adjustments were of a normal, recurring nature. The results of operations for the interim period ended September 30, 2010 are not indicative of the results that may be expected for the year ended December 31, 2010. These financial statements should be read in conjunction with the financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2009.

We are required by GAAP to make estimates and assumptions that affect our reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of our financial statements and our reported amounts of revenues and expenses during the reporting period. Actual results could differ materially from those estimates. These estimates and assumptions are particularly important in determining revenue recognition, reserves for losses and loss adjustment expenses, deferred policy acquisition costs, reinsurance receivables and potential impairment of assets.

1. Business, Basis of Presentation and Summary of Significant Accounting Policies (Continued)

Summary of Significant Accounting Policies

Recently Adopted Accounting Pronouncements

In June 2009, FASB issued new guidance on the accounting for the transfers of financial assets. The new guidance, which was issued as ASC 860, *Transfers and Servicing*, requires additional disclosures for transfers of financial assets, including securitization transactions, and any continuing exposure to the risks related to transferred financial assets. There is no longer a concept of a qualifying special-purpose entity, and the requirements for derecognizing financial assets have changed. The Company has not transferred any financial assets; therefore, there is no impact of adopting ASC 860 as of January 1, 2010 on its financial statements.

In June 2009, FASB issued revised guidance on the accounting for variable interest entities. The revised guidance, which was issued as ASC 810, *Consolidation*, reflects the elimination of the concept of a qualifying special-purpose entity and replaces the quantitative-based risks and rewards calculation of the previous guidance for determining which company, if any, has a controlling financial interest in a variable interest entity. The revised guidance requires an analysis of whether a company has: (1) the power to direct the activities of a variable interest entity that most significantly impact the entity's economic performance and (2) the obligation to absorb the losses that could potentially be significant to the entity or the right to receive benefits from the entity that could potentially be significant to the entity. An entity is required to be re-evaluated as a variable interest entity when the holders of the equity investment at risk, as a group, lose the power, from voting rights or similar rights, to direct the activities that most significantly impact the entity's economic performance. Additional disclosures are required about a company's involvement in variable interest entities and an ongoing assessment of whether a company is the primary beneficiary. The Company currently has no interest in a variable interest entity; therefore, there is no impact of adopting ASC 810 as of January 1, 2010 on its financial statements.

In January 2010, FASB issued new guidance on additional disclosures to fair market values. The new guidance, which was issued as ASU 2010-06, amends ASC 820, *Fair Value Measurements and Disclosures*. ASU 2010-06 requires more robust disclosures regarding the different classes of assets and liabilities measured at fair value, the valuation technique and inputs used, the activity in Level 3 fair value measurements and the transfers between Levels 1, 2 and 3. The effective date of this ASU is the first interim or annual reporting period beginning after December 15, 2009, except for the gross presentation of the Level 3 roll forward information, which is required for annual reporting periods beginning after December 15, 2010 and for interim reporting periods within those years. The Company made the disclosures required by this ASU within this Form 10-Q; and, there is no impact of adoption of this ASU as of January 1, 2010 on its financial statements.

In February 2010, FASB issued amendments to ASC 855-10, Subsequent Events. The guidance was issued as ASU 2010-09, Subsequent Events (Topic 855): Amendments to Certain Recognition and Disclosure Requirements and requires SEC filers to evaluate subsequent events through the date that the financial statements are issued. This amendment clarifies previously issued guidance and does not require an SEC filer to disclose the date through which subsequent events have been evaluated. ASU 2010-09 also further defines revised financial statements to include financial statements revised

1. Business, Basis of Presentation and Summary of Significant Accounting Policies (Continued)

either as a result of correction of an error or retrospective application of U.S. GAAP. The Company made the disclosures required by this ASU within this Form 10-Q; and, there is no impact of adoption of this ASU on its financial statements.

Recently issued accounting pronouncements

In October 2010, the FASB issued ASU-2010-26 to address the diversity in practice for the accounting for costs associated with acquiring or renewing insurance contracts. This guidance modifies the definition of acquisition costs to specify that a cost must be directly related to the successful acquisition of a new or renewal insurance contract in order to be deferred. If application of this guidance would result in the capitalization of acquisition costs that had not previously been capitalized by a reporting entity, the entity may elect not to capitalize those costs. The updated guidance is effective for periods ending after December 15, 2011. The adoption of this guidance is not expected to have a material impact on the Company's financial statements.

2. Revision of previously filed financial statements

Management has determined that, since issuance of the Series A Preferred Stock in February 2004, it has incorrectly included preferred stock dividends declared as a component of total comprehensive income (loss) as presented on the Consolidated Statement of Stockholders' Equity. Management has further determined, however, that the inclusion of the preferred stock dividends as a component of total comprehensive income (loss) did not materially misstate the historical financial statements and, accordingly, restatement of previously issued financial statements is not necessary. This change has no impact on current or historical net income, earnings per share or total stockholders' equity. Since management has determined that this presentation was in error, the current period presentation does not reflect preferred stock dividends as a component of total comprehensive income (loss) and management will correct the presentation in the financial statements for the years ended December 31, 2009 and 2008 in connection with filing of the Annual Report on Form 10-K for the year ended December 31, 2010.

	\$	10,241	\$	(191)	\$	3,254	\$	(214)	\$	13,495	\$	(405)

For the nine months ended September 30, 2010, the Company recorded an other-than-temporary impairment on one commercial mortgage backed security and recognized a loss in earnings of \$65,000, which reduced the book value of the security to \$11,000.

While all of the investments are monitored for potential other-than-temporary impairment, our experience indicated that other than those impaired, they generally do not present a great risk of impairment, as fair value historically recovers over time. Management believes that the analysis of each of these investments supports the view that these investments were not other-than-temporarily impaired. Evidence considered in this analysis includes the reasons for the unrealized loss position, the severity and duration of the unrealized loss position, credit worthiness, and forecasted performance of the investee. While some of the securities held in the investment portfolio have decreased in value since the date of acquisition, the severity of loss and the steady recovery over time does not warrant other-than-temporary impairment of the securities. The Company does not intend to sell these securities and it is not likely that the Company will be required to sell these securities before the recovery of the cost basis and, therefore, does not believe any other-than-temporary impairments exist, except the other-than-temporary impairment on the aforementioned commercial mortgage backed security, which occurred during the nine months ended September 30, 2010.

At September 30, 2010, the Company had pledged securities in custody for various State Insurance Departments with carrying values totaling \$15.0 million.

4. Fair Value Measurements

The Company's estimates of fair value for financial assets and financial liabilities are based on the framework established in ASC 820, *Fair Value Measurements and Disclosures*. The framework is based on the inputs used in valuation and gives the highest priority to quoted prices in active markets and requires that observable inputs be used in the valuations when available. The disclosure of fair value estimates is based on whether the significant inputs into the valuation are observable. In determining the level of the hierarchy in which the estimate is disclosed, the highest priority is given to unadjusted quoted prices in active markets and the lowest priority to unobservable inputs that reflect the Company's significant market assumptions. The three levels of the hierarchy are as follows:

Level 1 Unadjusted quoted market prices for identical assets or liabilities in active markets that the Company has the ability to access.

Level 2 Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; or valuations based on models where the significant inputs are observable (e.g., interest rates, yield curves, prepayment speeds, default rates, loss severities, etc.) or can be corroborated by observable market data.

Level 3 Valuations based on models where significant inputs are not observable. The unobservable inputs reflect the Company's own assumptions about the assumptions that market participants would use.

If the market were to worsen, there can be no assurance that we will not experience additional losses on our investments and reductions to earnings.

4. Fair Value Measurements (Continued)

The following table presents the hierarchy used by the Company by asset type to determine their value at September 30, 2010 and December 31, 2009 (in thousands).

	As of September 30, 2010									
		Total		Level 1	Level 2		Lev	el 3		
Financial assets:										
Cash and cash equivalents	\$	643,351	\$	643,351	\$		\$			
Fixed maturities										
Government securities		18,663				18,663				
Residential mortgage-backed securities		14,954				14,954				
Commercial mortgage-backed securities		2,618				2,565		53		
Corporate debt securities		94,756				94,756				
Equity securities										
Common stock		4,351		4,351						
Non-redeemable preferred stock		254		254						
Total	\$	778,947	\$	647,956	\$	130,938	\$	53		

	As of December 31, 2009								
		Total		Level 1	Level 2		Le	vel 3	
Financial assets:									
Cash and cash equivalents	\$	790,013	\$	790,013	\$		\$		
Fixed maturities									
Government securities		15,063				15,064			
Residential mortgage-backed securities		18,148				18,148			
Commercial mortgage-backed securities		2,524				2,409		115	
Corporate debt securities		77,422				77,421			
Equity securities									
Common stock		121		121					
Non-redeemable preferred stock		151		151					
Total	\$	903,442	\$	790,285	\$	113,042	\$	115	

Level 1 financial assets

The Company's Level 1 investments include cash and cash equivalent balances and actively-traded equity securities. Cash and cash equivalents are carried at amortized cost, which approximates fair value. Fair value of actively traded debt and equity securities are based on unadjusted quoted market prices. The Company receives the quoted market prices from a nationally recognized, third party pricing service.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

SEPTEMBER 30, 2010

(unaudited)

4. Fair Value Measurements (Continued)

Level 2 financial assets

When quoted market prices are unavailable, the Company utilizes a pricing service to determine an estimate of fair value, which is mainly used for its fixed maturity investments that include private and corporate debt securities, federal agency and municipal bonds, and non-government mortgage and asset-backed securities. The observable inputs utilized by the pricing service include interest rates, using either a market or income valuation approach to determine fair market value. The extent of the use of each market input depends on the asset class and the market conditions; and, for some securities, additional inputs may be necessary.

Level 3 financial assets

The Company's Level 3 fixed maturity securities include collateralized mortgage obligations. Fair values are based on inputs that are unobservable and significant to the overall fair value measurement, and involve management judgment. Inputs used to determine fair market value include market conditions, spread, volatility, structure and cash flows. The extent of the use of each market input depends on the asset class and the market conditions; and, for some securities, additional inputs may be necessary.

The following table includes a roll forward of the amounts at September 30, 2010 and 2009 for financial instruments classified within Level 3. The classification of a financial instrument within Level 3 is based upon the significance of the unobservable inputs to the overall fair value measurement.

	Nine Months Ended September 30,						
	20	010		2009			
Balance at January 1,	\$	115	\$	315			
Net transfers in				4,297			
Sales				(841)			
Realized losses		(65)					
Change in unrealized gains (losses)		3		(871)			
Balance at September 30,	\$	53	\$	2,900			

All net realized and unrealized losses in the table above are reflected in the accompanying financial statements. Net realized and unrealized losses relate to those financial instruments held by the Company at September 30, 2010. The Company held three commercial mortgage backed securities in Level 2 as of September 30, 2010, which were previously categorized as Level 3 as of September 30, 2009. The change in classification was due to the availability of quoted market prices for identical and similar securities. The Company had no transfers between Levels 1 and 2 during the nine months ended September 30, 2010.

(unaudited)

5. Reserve for Unpaid Losses and Loss Adjustment Expenses (Continued)

The reserve for losses and loss adjustment expenses includes amounts that may be payable to the sellers of NLASCO by January 2011 based on actual losses incurred compared to the reserve as of the acquisition date. Incurred amounts related to prior years indicate that we were deficient in incurred but not reported as of December 31, 2009, resulting in an expense in the nine months ending September 30, 2010. This is due to adverse development on our homeowners and fire products for the 2009 accident year of \$0.8 million and \$0.3 million, respectively, and an increase in all other expenses related to a 2008 catastrophe of \$0.7 million.

6. Reinsurance Activity

NLASCO limits the maximum net loss that can arise from large risks or risks in concentrated areas of exposure by reinsuring (ceding) certain levels of risk. Substantial amounts of business are ceded; however, these reinsurance contracts do not relieve NLASCO from its obligations to policyholders. Such reinsurance includes quota share, excess of loss, catastrophe, and other forms of reinsurance on essentially all property and casualty lines of insurance. Net premiums earned, losses and loss adjustment expenses, or LAE, and policy acquisition and other underwriting expenses are reported net of the amounts related to reinsurance ceded to other companies. Amounts recoverable from reinsurers related to the portions of the liability for losses and LAE and unearned premiums ceded to them are reported as assets. Failure of reinsurers to honor their obligations could result in losses to NLASCO; consequently, allowances are established for amounts deemed uncollectible. NLASCO evaluates the financial condition of its reinsurers and monitors concentrations of credit risk arising from similar geographic regions, activities, or economic characteristics of the reinsurers to minimize its exposure to significant losses from reinsurer insolvencies. At September 30, 2010, we had reinsurance recoverables with no allowance of approximately \$39.8 million.

NLASCO voluntarily participates as a Write Your Own carrier in the National Flood Insurance Program, or NFIP. The NFIP is administered and regulated by the Federal Emergency Management Agency (FEMA). NLASCO operates as a fiscal agent of the Federal government in the selling and administering of the Standard Flood Insurance Policy. This involves writing the policy, collecting premiums and paying covered claims. All pricing is set by FEMA and all collections are made by the Company.

The Company cedes 100% of the policies written by the Company on the Standard Flood Insurance Policy to FEMA; however, if FEMA were unable to perform, the Company would have a legal obligation to the policyholders. The terms of the reinsurance agreement are standard terms, which require the Company to maintain its rating criteria, determine policyholder eligibility, issue policies on the Company's paper, endorse and cancel policies, collect from the insureds and process claims. NLASCO receives ceding commissions from NFIP for underwriting administration, claims management, commission and adjuster fees.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

(unaudited)

6. Reinsurance Activity (Continued)

The effect of reinsurance on premiums written and earned for the three and nine months ended September 30, 2010 and 2009 is as follows (in thousands):

		Three Mon	ths Ended		Nine Months Ended						
	September	r 30, 2010	September	r 30, 2009	September	30, 2010	September 30, 2009				
	Written	Earned	Written	Earned	Written	Earned	Written	Earned			
Premiums											
from direct											
business	\$ 35,430	\$ 34,272	\$ 32,268	\$ 33,219	\$ 106,548	\$ 99,898	\$ 101,284	\$ 98,490			
Reinsurance											
assumed	1,318	1,265	1,266	1,259	3,923	3,725	3,739	3,817			
Reinsurance											
ceded	(6,036)	(5,421)	(5,621)	(5,328)	(16,522)	(16,075)	(16,386)	(16,091)			
Net											
premiums	\$ 30,712	\$ 30,116	\$ 27,913	\$ 29,150	\$ 93,949	\$ 87,548	\$ 88,637	\$ 86,216			

The effect of reinsurance on incurred losses was as follows for the three and nine months ended September 30, 2010 and 2009 (in thousands):

	Three Months Ended September 30,					Nine Months Ended September 30,				
		2010		2009		2010		2009		
Loss and loss adjustment expense (LAE) incurred	\$	41,318	\$	22,061	\$	82,308	\$	71,704		
Reinsurance recoverables		(23,549)		(7,010)		(28,705)		(14,692)		
Net loss and LAE incurred	\$	17,769	\$	15,051	\$	53,603	\$	57,012		

For the three and nine months ended September 30, 2010 and 2009, NLASCO had incurred losses related to two 2008 catastrophes affecting both gross and ceded losses. These losses were in excess of our retention and fully recoverable with no net effect on net loss and LAE incurred. The primary financial effect is additional reinstatement premium payable to the affected reinsurers.

Multi-line excess of loss coverage

For all lines of business, retention on any one risk for 2010 is \$200,000.

Catastrophic coverage

NLASCO has five levels of catastrophic excess of loss reinsurance providing for coverage up to \$170 million through June 30, 2011 above \$1.0 million in retention for ASIC and \$6.0 million in retention for NLIC. Total retention for any one catastrophe that affects both NLIC and ASIC is limited to \$6 million in the aggregate. NLASCO has an automatic reinstatement provision after the first loss for each layer to provide coverage in the event of subsequent catastrophes during the year. Coverage will lapse after the second event depending on the coverage layer, in which case NLASCO will evaluate the need for a new contract for the remainder of the year.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

SEPTEMBER 30, 2010

(unaudited)

7. Income Taxes

The significant components of the provision for income taxes are as follows (in thousands):

	Three Months Ended September 30,					Nine Months Ender September 30,			
	2	2010		2009	2	010		2009	
Current tax (expense) benefit	\$	(421)	\$	2,734	\$	601	\$	2,746	
Deferred tax benefit (expense)		100		(3,670)		171		100	
Income tax (expense) benefit	\$	(321)	\$	(936)	\$	772	\$	2,846	

The decrease in income tax benefit is a direct result of the increased income from operations of NLASCO, as the effective tax rate remained substantially unchanged.

At September 30, 2010, the Company had net operating loss carryforwards of \$45.5 million expiring as follows: \$18.0 million in 2023, \$20.6 million in 2024 and \$6.9 million in 2025.

The Company has a net deferred tax asset of \$8.5 million and \$11.5 million at September 30, 2010 and December 31, 2009, respectively. The Company had no valuation allowance on the deferred tax assets as of September 30, 2010 and December 31, 2009. As management anticipates that the Company will have three years with cumulative losses as of December 31, 2010, the Company performed an analysis to determine if it would realize the deferred tax asset.

Valuation allowances on deferred tax assets are established, if necessary, to reduce deferred tax assets to an amount expected to be recognized. The Company considered all negative and positive evidence available including our cumulative pre-tax loss position since the quarter ending December 31, 2007, less any abnormal occurrences during that period, as well as future taxable income and reversals of existing taxable temporary differences. As we expect to realize our current deferred tax assets through future earnings and reversal of timing differences, the Company concluded there was sufficient positive evidence to outweigh the negative evidence of the prior year cumulative losses.

As of September 30, 2010, the Company is under a Federal income tax audit and three state income tax audits. The tax years under audit are 2004 through 2009. The Company expects no material impact on its financial position as a result of these Federal and state income tax audits.

8. Statutory Net Income and Capital and Surplus

The Company's insurance subsidiaries, which are domiciled in the State of Texas, prepare their statutory financial statements in accordance with accounting principles and practices prescribed or permitted by the Texas Department of Insurance, which Texas recognizes for determining solvency under Texas State Insurance Law. The Commissioner of the Texas Department of Insurance has the right to permit other practices that may deviate from prescribed practices. Prescribed statutory accounting practices are those practices that are incorporated directly or by reference in state laws, regulations, and general administrative rules applicable to all insurance enterprises domiciled in Texas. Permitted statutory accounting practices encompass all accounting practices that are not prescribed; such practices differ from state to state, may differ from company to company within a state, and may

HILLTOP HOLDINGS INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

SEPTEMBER 30, 2010

(unaudited)

8. Statutory Net Income and Capital and Surplus (Continued)

change in the future. The Company's insurance subsidiaries have no such permitted statutory accounting practices.

Texas adopted the National Association of Insurance Commissioners' (NAIC) statutory accounting practices as the basis of its statutory accounting practices with certain differences, which are not significant to the Companies' statutory equity.

The following is a summary of statutory capital and surplus and statutory net income (loss) of each insurance subsidiary for the three and nine months ended September 30, 2010 and 2009 (in thousands).

	7	Three Months Ended September 30,				Nine Months Ended September 30,			
		2010		2009		2010		2009	
National Lloyds Insurance									
Company									
Capital and surplus	\$	90,513	\$	85,149	\$	90,513	\$	85,149	
Statutory net income (loss)	\$	1,764	\$	3,447	\$	3,577	\$	(955)	
American Summit Insurance									
Company									
Capital and surplus	\$	25,313	\$	27,006	\$	25,313	\$	27,006	
Statutory net income	\$	988	\$	1,615	\$	789	\$	2,689	

9. Capital and Dividend Restrictions

The funding of the cash requirements (including debt service) of NLASCO is primarily provided by cash dividends from NLASCO's wholly-owned insurance subsidiaries. Dividends paid by the insurance subsidiaries are restricted by regulatory requirements of the Texas Department of Insurance. Under Texas State Insurance Law for property and casualty companies, all dividends must be distributed out of earned surplus only. Furthermore, without the prior approval of the Commissioner, dividends cannot be declared or distributed that exceed the greater of ten percent of NLASCO's surplus, as shown by its Annual Statement on file with the Commissioner, and 100% of net income for such period. The subsidiaries paid \$6.0 million in dividends to NLASCO in March 2010. At September 30, 2010, the maximum remaining dividend that may be paid to NLASCO in 2010 without regulatory approval is approximately \$6.5 million.

Regulations of the Texas Department of Insurance require insurance companies to maintain minimum levels of statutory surplus to ensure their ability to meet their obligations to policyholders. At September 30, 2010, the Company's insurance subsidiaries had statutory surplus in excess of the minimum required.

Also, the National Association of Insurance Commissioners, or NAIC, has adopted risk-based capital, or "RBC", requirements for insurance companies that establish minimum capital requirements relating to insurance risk and assesses credit risk, interest rate risk and business risk. The formula is used by the NAIC and certain state insurance regulators as an early warning tool to identify companies that require additional scrutiny or regulatory action. At September 30, 2010, the Company's insurance subsidiaries' RBC ratios exceeded the level at which regulatory action would be required.

Stock options	100	310	100	434
Total	6,818	7,029	6,818	7,153

On July 8, 2010, the board of directors declared a quarterly cash dividend of \$0.515625 per share on the Company's Series A Cumulative Redeemable Preferred Stock. The dividend was paid on July 30, 2010, to shareholders of record on July 15, 2010. On August 6, 2010, the Company called for redemption all of the outstanding shares of its 8.25% Series A Cumulative Redeemable Preferred Stock, at a cash redemption price of \$25.2063 per share, representing the liquidation preference of \$25.00 per share, plus accrued and unpaid dividends to, and including, September 6, 2010, the date of redemption. Prior to their redemption, the shares of Series A Preferred Stock were traded on the New York Stock Exchange under the symbol "HTHPRA".

11. Commitments and Contingencies

Liabilities for loss contingencies arising from claims, assessments, litigation, fines and penalties and other sources are recorded when it is probable that a liability has been incurred and the amount of the assessment and/or remediation can be reasonably estimated.

We are a party to various legal actions resulting from our operating activities. These actions consist of litigation and administrative proceedings arising in the ordinary course of business, some of which

(unaudited)

11. Commitments and Contingencies (Continued)

are covered by liability insurance, and none of which is expected to have a material adverse effect on our financial condition, results of operations or cash flows taken as a whole.

12. Subsequent Events

On October 29, 2010 and November 1, 2010, American Summit Insurance Company and National Lloyds Insurance Company, respectively, were notified by the Texas Department of Insurance that a statutory examination has been scheduled in the calendar year 2011/2012. The examination will be as of December 31, 2010, and cover the period since the last examination, which was as of December 31, 2006. We do not expect any significant changes to our financial statements as a result of these examinations by the domiciliary state.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion should be read in conjunction with the consolidated historical financial statements and notes appearing elsewhere in this Quarterly Report on Form 10-Q and the financial information set forth in the tables below.

Unless the context otherwise indicates, all references in this Management's Discussion and Analysis of Financial Condition and Results of Operations, or MD&A, to the "Company", "Hilltop", "HTH", "we", "us", "our" or "ours" or similar words are to Hilltop Holdings Inc. and its direct and indirect wholly-owned subsidiaries.

FORWARD-LOOKING STATEMENTS

This Quarterly Report on Form 10-Q includes "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934, as amended by the Private Securities Litigation Reform Act of 1995. All statements, other than statements of historical fact, included in this report that address results or developments that we expect or anticipate will or may occur in the future, that are preceded by, followed by or include the words "believes," "expects," "may," "will," "would," "could," "should," "seeks," "approximately," "intends," "plans," "projects," "estimates" or "anticipates" or the negative of these words and phrases or similar words or phrases, including such things as our business strategy, our financial condition, our litigation, our efforts to make strategic acquisitions, our liquidity and sources of funding, our capital expenditures, our products, market trends, operations and business, are forward-looking statements.

These forward-looking statements are based on our beliefs, assumptions and expectations of our future performance taking into account all information currently available to us. These beliefs, assumptions and expectations are subject to risks and uncertainties and can change as a result of many possible events or factors, not all of which are known to us. If an event occurs or further changes, our business, business plan, financial condition, liquidity and results of operations may vary materially from those expressed in our forward-looking statements. Certain factors that could cause actual results to differ include, among others:

changes in the acquisition market;
our ability to find and complete strategic acquisitions with suitable merger or acquisition candidates or find other suitable ways in which to invest our capital;
the adverse impact of external factors, such as changes in interest rates, inflation and consumer confidence;
the condition of capital markets;
actual outcome of the resolution of any conflict;
our ability to use net operating loss carryforwards to reduce future tax payments;
the impact of the tax code and rules on our financial statements;
failure of NLASCO, Inc.'s insurance subsidiaries to maintain their respective A.M. Best ratings;
failure to maintain NLASCO, Inc.'s current agents;

lack of demand for insurance products;
cost or availability of adequate reinsurance;
changes in key management;

Table of Contents

severe catastrophic events in our geographic area;

failure of NLASCO, Inc.'s reinsurers to pay obligations under reinsurance contracts;

failure of NLASCO, Inc. to maintain sufficient reserves for losses on insurance policies;

failure to successfully implement NLASCO, Inc.'s new information technology system; and

failure of NLASCO, Inc. to maintain appropriate insurance licenses.

For a further discussion of these and other risks and uncertainties that could cause actual results to differ materially from those contained in our forward-looking statements, please refer to "Risk Factors" in Part I, Item 1A of our Annual Report on Form 10-K, which was filed with the Securities and Exchange Commission on March 11, 2010. Consequently, all of the forward-looking statements made in this report are qualified by these cautionary statements and those risk factors, and there can be no assurance that the actual results or developments anticipated by us will be realized, or even substantially realized, and that they will have the expected consequences to, or effects on, us and our business or operations. Forward-looking statements made in this report speak as of the date of this report or as of the date specifically referenced in any such statement set forth in this report. Except as required by law, we undertake no obligation to update or revise any forward-looking statements in this report.

GENERAL STRUCTURE OF THE COMPANY

We are a holding company that is endeavoring to make opportunistic acquisitions or effect a business combination. In connection with that strategy, we are identifying and evaluating potential targets on an ongoing basis. At September 30, 2010, Hilltop and its wholly-owned partnership, HTH Operating Partnership LP (formerly known as Affordable Residential Communities LP) had approximately \$600 million of available cash and cash equivalents that could be used for this purpose. No assurances, however, can be given that we will be able to identify suitable targets, consummate acquisitions or effect a combination or, if consummated, successfully integrate or operate the acquired business.

Hilltop indirectly owns all of the outstanding shares of NLASCO, Inc., or NLASCO. NLASCO, in turn, owns National Lloyds Insurance Company, or NLIC, and American Summit Insurance Company, or ASIC, both of which are licensed property and casualty insurers operating in multiple states. In addition, NLASCO owns NALICO General Agency that operates in Texas. NLIC commenced business in 1949 and currently operates in 15 states with its largest market being the State of Texas. NLIC carries a financial strength rating of "A" (Excellent) by A.M. Best. ASIC was formed in 1955 and currently operates in 12 states, its largest market being the State of Arizona. ASIC carries a financial strength rating of "A" (Excellent) by A.M. Best. Both of these companies are regulated by the Texas Department of Insurance.

The Company originally received its shelf charter in November 2008. Given the amount of time elapsed since the original application and various other changes, the Office of the Comptroller of the Currency requested that a full, updated application be re-filed. Accordingly, the Company withdrew the original shelf charter application and is re-filing an application that reflects updates and other changes made since the original application. No assurances, however, can be given that the regulatory authorities will grant the shelf charter.

Our common stock is listed on the New York Stock Exchange, or the NYSE, under the symbol "HTH". Prior to the full redemption of our Series A Cumulative Redeemable Preferred Stock on September 6, 2010, it was listed on the NYSE under the symbol "HTHPRA".

Table of Contents

OVERVIEW OF RESULTS

For the nine months ended September 30, 2010, net loss attributable to common stockholders was \$14.5 million, or \$0.26 per share, as compared to net loss of \$13.0 million, or \$0.23 per share, for the same period in 2009. Net loss from operations accounted for \$1.6 million of the net loss for the nine months ended September 30, 2010, compared to \$5.3 million of the net loss for the nine months ended September 30, 2009.

The \$3.7 million decrease in net loss from operations for the nine months ended September 30, 2010 compared to the same period in 2009, is primarily due to the decrease in loss and loss adjustment expenses of \$3.4 million, an increase in net premiums earned of \$1.3 million, an increase in net investment income of \$0.6 million and an increase in total realized investment gains of \$0.8 million as compared to the same period in 2009. This was partially offset by a decrease in income tax benefit of \$2.1 million due to lower operating losses for the nine months ended September 30, 2010.

BUSINESS OBJECTIVES AND OPERATING STRATEGIES

Strategic Acquisitions. Hilltop is seeking to make opportunistic acquisitions with its cash and, if necessary or appropriate, from additional equity or debt financing sources.

Insurance Operations. NLASCO specializes in providing fire and homeowners insurance for low value dwellings and manufactured homes, primarily in Texas and other areas of the south, southeastern and southwestern United States. NLASCO targets underserved markets that require underwriting expertise that many larger carriers have been unwilling to develop given the relatively small volume of premiums produced by local agents. Within these markets, NLASCO attempts to capitalize on its superior local knowledge to identify profitable underwriting opportunities. NLASCO believes that it distinguishes itself from competitors by delivering products that are not provided by many larger carriers, providing a high level of customer service and responding quickly to the needs of its agents and policyholders. NLASCO applies a high level of selectivity in the risks it underwrites and uses a risk-adjusted return approach to capital allocation.

Many insurance buyers, agents and brokers use the ratings assigned by A.M. Best and other rating agencies to assist them in assessing the financial strength and overall quality of the companies from which they purchase insurance. A.M. Best assigned NLIC and ASIC a rating of "A" (Excellent). An "A" rating is the third highest of 16 rating categories used by A.M. Best. In evaluating a company's financial and operating performance, A.M. Best reviews a company's profitability, leverage and liquidity, as well as its book of business, the adequacy and soundness of its reinsurance, the quality and estimated market value of its assets, the adequacy of its liabilities for losses and loss adjustment expenses, or LAE, the adequacy of its surplus, its capital structure, the experience and competence of its management and its market presence. This rating is intended to provide an independent opinion of an insurer's ability to meet its obligations to policyholders and is not an evaluation directed at investors. This rating assignment is subject to the ability to meet A.M. Best's expectations as to performance and capitalization on an ongoing basis, including with respect to management of liabilities for losses and LAE, and is subject to revocation or revision at any time at the sole discretion of A.M. Best. NLASCO cannot ensure that NLIC and ASIC will maintain their present ratings.

RESULTS OF OPERATIONS

Comparison of the Three Months Ended September 30, 2010 to the Three Months Ended September 30, 2009

Revenue. Revenue for the three months ended September 30, 2010 was \$33.9 million, as compared to \$32.7 million for the same period in 2009. Net premiums earned were \$30.1 million for the three months ended September 30, 2010, as compared to \$29.2 million for 2009. Net investment income was \$2.0 million for the three months ended September 2010, as compared to \$1.5 million for

Table of Contents

the same period in 2009. Other income was \$1.6 million for the third quarter in 2010, as compared to \$1.9 million for 2009.

Underwriting Results. The following table shows the components of the Company's underwriting gain (loss) for the three months ended September 30, 2010 and 2009. The Company's underwriting gain or loss consists of net premiums earned, less loss and LAE and policy acquisition and other underwriting expenses. The underwriting results are discussed below (in thousands).

	Three Months Ended September 30,						
		2010		2009	(Change	% Change
Direct premiums written	\$	35,430	\$	32,268	\$	3,162	9.8%
Net premiums written	\$	30,712	\$	27,913	\$	2,799	10.0%
Net premiums earned	\$	30,116	\$	29,150	\$	966	3.3%
Loss and LAE		17,769		15,051		2,718	18.1%
Policy acquisition and other underwriting expenses		10,733		10,333		400	3.9%
Underwriting gain (loss)	\$	1,614	\$	3,766	\$	(2,152)	-57.1%
Agency expenses	\$	(473)	\$	(518)	\$	45	-8.7%
Loss and LAE ratio Policy acquisition and other underwriting expense less agency expense ratio		59.0% 34.1%)	51.6%		7.4% 0.4%	
Combined ratio		93.1%)	85.3%		7.8%	

The loss and LAE ratio is loss and LAE divided by net premiums earned for the same period. The policy acquisition and other underwriting expense ratio is policy acquisition and other underwriting expense less agency expenses, divided by net premiums earned for the same period. Combined ratio gives you the sum of both ratios.

Our combined ratio for the three months ended September 30, 2010 is 93.1%, as compared to 85.3% for the same period in 2009. The 7.8% increase was due to higher losses from non-catastrophic claims and expenses related to the growth in direct written premiums. The increase in the loss and LAE ratio for the three months ended September 30, 2010, compared to the same period in 2009, is primarily due to an increase in frequency and severity of fire losses, partially offset by a decrease in wind and hail losses.

The Company seeks to operate at a combined ratio of 85.0%, excluding Property Claim Services (PCS) catastrophic events. If PCS identifies a catastrophic event and the Company's losses exceed \$250,000 for that event, then management will internally identify the PCS event. Catastrophic events, including those that do not exceed our reinsurance retention, affect the Company's loss ratios. For the three months ended September 30, 2010, catastrophic events that did not exceed our reinsurance retention accounted for \$2.3 million of the total loss and loss adjustment expense, as compared to \$1.4 million for the same period in 2009. Excluding catastrophic events, our combined ratios for the three months ended September 30, 2010 and 2009 would have been 85.4% and 80.4%, respectively.

For the three months ended September 30, 2010 and 2009, the Company had incurred losses related to two 2008 catastrophes, Hurricane Ike and Hurricane Dolly. Gross losses incurred from these storms were \$16.3 million for the three months ended September 30, 2010, compared to \$5.1 million for the same period in 2009. The losses in the three months ended September 30, 2010 relate primarily to lawsuits filed in response to the pending expiration of the statute of limitations. These losses have no effect on net loss and LAE incurred because the catastrophic events exceeded our retention and are fully recoverable. The primary financial effect is additional reinstatement premium payable to the

affected reinsurers. For the three months ended September 30, 2010 and 2009, the Company paid reinstatement premiums of \$0.6 million and \$0.2 million, respectively.

Premiums. The property and casualty insurance industry is affected by soft and hard market business cycles. During the soft market that currently exists, price competition tends to increase as insurers are willing to reduce premium rates in order to maintain growth in premium volume. The soft market makes it more difficult to attract new business, as well as retain exposures that are adequately priced. Although we recognize the need to remain competitive in the marketplace, the Company remains committed to its disciplined underwriting philosophy by accepting only risks that are appropriately priced, while declining risks which are under priced for the level of coverage provided.

Direct premiums written by major product line for the three months ended September 30, 2010 and 2009, are presented in the table below (in thousands):

September 30,											
		2010		2009	C	hange	% Change				
Direct Premiums Written:											
Homeowners	\$	16,943	\$	14,254	\$	2,689	18.9%				
Fire		11,359		11,541		(182)	-1.6%				
Mobile Home		5,082		4,613		469	10.2%				
Commercial		1,896		1,724		172	10.0%				
Other		150		136		14	10.3%				
	\$	35,430	\$	32,268	\$	3,162	9.8%				

Three Months Ended

Total direct premiums written increased for the three months ended September 30, 2010 for all insurance products, except fire, due to the development of additional insurance products, a new channel of distribution in Oklahoma for our products and increased flood production. New homeowners insurance products generated \$3.0 million in direct premiums written for the three months ended September 30, 2010. For the same period in 2010, direct premiums written in Oklahoma increased \$0.4 million. Our flood program increased \$0.4 million for the three months ended September 30, 2010, as compared to the same period in 2009. In 2010, the Company began non-renewing policies in the first tier of the Texas sea coast and no longer writes full wind coverage along the Texas sea coast due to high losses and reinsurance costs. This has caused a decrease in homeowners and fire direct premiums written of \$1.2 million for the three months ended September 30, 2010.

Net premiums written by major product line for the three months ended September 30, 2010 and 2009, are presented in the table below (in thousands):

September 30,												
		2010		2009	C	hange	% Change					
Net Premiums Written												
Homeowners	\$	13,700	\$	11,477	\$	2,223	19.4%					
Fire		10,454		10,530		(76)	-0.7%					
Mobile Home		4,676		4,209		467	11.1%					
Commercial		1,744		1,573		171	10.9%					
Other		138		124		14	11.3%					
	\$	30,712	\$	27,913	\$	2,799	10.0%					

Three Months Ended

Table of Contents

Total net premiums written increased for the three months ended September 30, 2010 for all insurance products, except for fire, due to higher direct written premiums of \$3.2 million from the same period in 2009, which was offset by an increase in ceded premiums of \$0.4 million, which was largely attributable to increased flood production.

Net premiums earned by major product line for the three months ended September 30, 2010 and 2009, are presented in the table below (in thousands):

Three Months	Ended
September	30.

	2010		2009		hange	% Change
Net Premiums Earned:						
Homeowners	\$ 13,399	\$	11,984	\$	1,415	11.8%
Fire	10,264		10,997		(733)	-6.7%
Mobile Home	4,616		4,396		220	5.0%
Commercial	1,705		1,643		62	3.8%
Other	132		130		2	1.5%
	\$ 30,116	\$	29,150	\$	966	3.3%

Net premiums earned for the three months ended September 30, 2010 increased for all products, except fire, due to growth in net written premiums of \$2.8 million, offset by an increase in unearned premiums of \$1.8 million.

Loss and Loss Adjustment Expenses. Loss and LAE are recognized based on formula and case basis estimates for losses reported with respect to direct business, estimates of unreported losses based on past experience and deduction of amounts for reinsurance placed with reinsurers. The loss and LAE ratio is calculated by taking the ratio of incurred losses and LAE to net premiums earned. The loss and LAE ratio for the three months ended September 30, 2010 and 2009 was 59.0% and 51.6%, respectively. The loss and LAE ratio is higher for the three months ended September 30, 2010, as compared to the same period in 2009, due to an increase in fire losses, partially offset by a decrease in wind and hail losses.

Policy Acquisition and Other Underwriting Expenses. Policy acquisition and other underwriting expenses for the three months ended September 30, 2010 and 2009 were as follows (in thousands):

Three Months	Ended
September	30,

	~ · P · · · · ·		,			
	2010		2009	Cl	hange	% Change
Amortization of deferred policy						
acquisition costs	\$ 7,965	\$	7,528	\$	437	5.8%
Other underwriting expenses	2,768		2,805		(37)	-1.3%
Total policy acquisition and other						
underwriting expenses	10,733		10,333		400	3.9%
Agency expenses	(473)		(518)		45	-8.7%
Total policy acquisition and other underwriting expenses						
excluding agency expenses	\$ 10,260	\$	9,815	\$	445	4.5%
Net premiums earned	\$ 30,116	\$	29,150	\$	966	3.3%
Expense ratio	34.1%	,	33.7%)	0.4%	

Total policy acquisition and other underwriting expenses were \$10.7 million for the three months ended September 30, 2010, as compared to \$10.3 million for the same period in 2009. This increase is due to an increase in amortization of deferred policy acquisition costs of \$0.4 million, which is a result of higher direct written premiums.

Table of Contents

General and Administrative Expense. General and administrative expense for the three months ended September 30, 2010 and 2009 was \$1.7 million.

Depreciation and Amortization Expense. Depreciation and amortization expense for the three months ended September 30, 2010 was \$0.4 million, largely unchanged as compared to \$0.5 million for the three months ended September 30, 2009.

Interest Expense. Interest expense for the three months ended September 30, 2010 was \$2.3 million, as compared to \$2.5 million for the three months ended September 30, 2009, a decrease of \$0.2 million, or 8.0%.

Income Taxes. The Company had a \$0.3 million income tax expense for the three months ended September 30, 2010, compared to \$0.9 million for the same period in 2009, as the effective rate was largely unchanged. The expense in 2010 and 2009 was primarily due to the tax expense recorded as a result of operating income of NLASCO of \$3.8 million and \$5.9 million, respectively.

Preferred Stock Dividend/Redemption. On August 6, 2010, the Company called for redemption all of the outstanding shares of its 8.25% Series A Cumulative Redeemable Preferred Stock. The shares of Series A Preferred Stock were redeemed on September 6, 2010, at a cash redemption price of \$25.2063 per share, representing the liquidation preference of \$25.00 per share, plus accrued and unpaid dividends to, and including, the date of redemption. For the quarter ended September 30, 2010, the dividend was \$0.3782, as compared to \$0.5156 for the quarter ended September 30, 2009.

Net Loss Attributable to Common Stockholders. As a result of the foregoing, our net loss attributable to common stockholders was \$7.2 million for the three months ended September 30, 2010, as compared to net loss of \$0.9 million for the three months ended September 30, 2009. The principal reason for the loss in the third quarter of 2010 was the \$5.9 million in liquidation preference paid on the redemption of Series A Cumulative Redeemable Preferred Stock.

Comparison of the Nine Months Ended September 30, 2010 to the Nine Months Ended September 30, 2009

Revenue. Revenue for the nine months ended September 30, 2010 was \$98.4 million, as compared to \$95.7 million for the same period in 2009. Net premiums earned were \$87.5 million for the first nine months in 2010, as compared to \$86.2 million for the first nine months in 2009. Net investment income was \$5.5 million for the first nine months of 2010, as compared to \$4.9 million for the same period in 2009. Net realized gains were \$0.1 million for the nine months ended September 30, 2010, as compared to \$0.6 million loss for the same period in 2009. We had a net realized loss on investments of \$0.6 million in the first nine months of 2009, due to the write down and subsequent sale of securities primarily owned by NLASCO. Other income was \$5.2 million for the first nine months in 2010, as compared to \$5.1 million for the same period in 2009.

Underwriting Results. The following table shows the components of the Company's underwriting loss for the nine months ended September 30, 2010 and 2009. The Company's underwriting gain or loss

consists of net premiums earned, less loss and LAE and policy acquisition and other underwriting expenses. The underwriting results are discussed below (in thousands).

	Nine Months Ended September 30,						
		2010		2009	(Change	% Change
Direct premiums written	\$	106,548	\$	101,284	\$	5,264	5.2%
Net premiums written	\$	93,949	\$	88,637	\$	5,312	6.0%
Net premiums earned	\$	87,548	\$	86,216	\$	1,332	1.5%
Loss and LAE		53,603		57,012		(3,409)	-6.0%
Policy acquisition and other underwriting expenses		33,413		32,616		797	2.4%
Underwriting gain (loss)	\$	532	\$	(3,412)	\$	3,944	-115.6%
Agency expenses	\$	(1,553)	\$	(1,569)	\$	16	-1.0%
Loss and LAE ratio Policy acquisition and other underwriting expense less agency expense ratio		61.2% 36.4%)	66.1% 36.0%)	-4.9% 0.4%	
Combined ratio		97.6%)	102.1%)	-4.5%	

The loss and LAE ratio is loss and LAE divided by net premiums earned for the same period. The policy acquisition and other underwriting expense ratio is policy acquisition and other underwriting expense less agency expenses, divided by net premiums earned for the same period. Combined ratio gives you the sum of both ratios.

Our combined ratio for the nine months ended September 30, 2010 is 97.6%, as compared to 102.1% for the same period in 2009. The decrease in the loss and LAE ratio for the nine months ended September 30, 2010, compared to the same period in 2009, is primarily due to decreases in our non-catastrophic claims, specifically the hail and fire losses that tend to be more severe than wind losses.

The Company seeks to operate at a combined ratio of 85.0%, excluding Property Claim Services (PCS) catastrophic events. If PCS identifies a catastrophic event and the Company's losses exceed \$250,000 for that event, then management will internally identify the PCS event. Catastrophic events, including those that do not exceed our reinsurance retention, affect the Company's loss ratios. For the nine months ended September 30, 2010, catastrophic events that did not exceed our reinsurance retention accounted for \$10.3 million of the total loss and loss adjustment expense, as compared to \$9.7 million for the same period in 2009. Excluding catastrophic events, our combined ratios for the nine months ended September 30, 2010 and 2009 would have been 85.9% and 90.8%, respectively.

For the nine months ended September 30, 2010 and 2009, the Company had incurred losses related to two 2008 catastrophes, Hurricane Ike and Hurricane Dolly. Gross losses incurred from these storms were \$19.9 million for the nine months ended September 30, 2010, compared to \$15.7 million for the same period in 2009. The losses in the nine months ended September 30, 2010 relate primarily to lawsuits filed in response to the pending expiration of the statute of limitations. These losses have no effect on net loss and LAE incurred because the catastrophic events exceeded our retention and are fully recoverable. The primary financial effect is additional reinstatement premium payable to the affected reinsurers. For the three months ended September 30, 2010 and 2009, the Company paid reinstatement premiums of \$0.8 million and \$0.7 million, respectively.

Premiums. The property and casualty insurance industry is affected by soft and hard market business cycles. During the soft market that currently exists, price competition tends to increase as insurers are willing to reduce premium rates in order to maintain growth in premium volume. The soft

market makes it more difficult to attract new business, as well as retain exposures that are adequately priced. Although we recognize the need to remain competitive in the marketplace, the Company remains committed to its disciplined underwriting philosophy by accepting only risks that are appropriately priced, while declining risks that are under priced for the level of coverage provided.

Direct premiums written by major product line for the nine months ended September 30, 2010 and 2009, are presented in the table below (in thousands):

September 30,										
		2010		2009	(Change	% Change			
Direct Premiums Written:										
Homeowners	\$	48,479	\$	43,970	\$	4,509	10.3%			
Fire		35,286		36,717		(1,431)	-3.9%

	\$	106,548	\$	101,284	\$	5,264	5.2%			

Nine Months Ended

Total direct premiums written increased for the nine months ended September 30, 2010, for all insurance products, except for fire and other, due to the development of additional insurance products and a new channel of distribution in Oklahoma for our products. New homeowners insurance products generated \$6.3 million in direct written premiums for the nine months ended September 30, 2010. For the same period in 2010, direct written premiums in Oklahoma increased \$1.1 million. In 2010, the Company began non-renewing policies in the first tier of the Texas sea coast and no longer writes full wind coverage along the Texas sea coast due to high losses and reinsurance costs. This has caused a decrease in homeowners and fire direct premiums written of \$3.6 million for the nine months ended September 30, 2010. Mobile home products increased \$1.4 million due to increased production in Oklahoma, Georgia, Tennessee and Texas.

Net premiums written by major product line for the nine months ended September 30, 2010 and 2009, are presented in the table below (in thousands):

Nine Months Ended September 30,													
		2010		2009	C	Change	% Change						
Net Premiums Written													
Homeowners	\$	40,386	\$	36,197	\$	4,189	11.6%						
Fire		32,548		33,594		(1,046)	-3.1%						
Mobile Home		15,625		14,195		1,430	10.1%						
Commercial		5,105		4,344		761	17.5%						
Other		285		307		(22)	-7.2%						
	\$	93,949	\$	88,637	\$	5,312	6.0%						

N:--- M---4b-- E-- J--J

Total net premiums written increased for the nine months ended September 30, 2010 for all lines of business, except fire and other, due to higher direct written premiums of \$5.3 million, offset in part by an increase in ceded premiums of \$0.1 million.

Table of Contents

Net premiums earned by major product line for the nine months ended September 30, 2010 and 2009, are presented in the table below (in thousands):

Nine Months Ende
September 30,

	2010	2009		Change		% Change
Net Premiums Earned:						
Homeowners	\$ 37,636	\$	35,208	\$	2,428	6.9%
Fire	30,330		32,677		(2,347)	-7.2%
Mobile Home	14,560		13,807		753	5.5%
Commercial	4,757		4,225		532	12.6%
Other	265		299		(34)	-11.4%
	\$ 87,548	\$	86,216	\$	1,332	1.5%

Net premiums earned for the nine months ended September 30, 2010 were up as compared to 2009 due to the increase in net premiums written of \$5.3 million, offset by an increase in unearned premiums of \$4.0 million.

Loss and Loss Adjustment Expenses. Loss and LAE are recognized based on formula and case basis estimates for losses reported with respect to direct business, estimates of unreported losses based on past experience and deduction of amounts for reinsurance placed with reinsurers. The loss and LAE ratio is calculated by taking the ratio of incurred losses and LAE to net premiums earned. The loss and LAE ratio for the nine months ended September 30, 2010 and 2009 was 61.2% and 66.1%, respectively. The loss and LAE ratio is lower for the nine months ended September 30, 2010, as compared to the same period in 2009, due to a decrease in wind and hail losses.

Policy Acquisition and Other Underwriting Expenses. Policy acquisition and other underwriting expenses for the nine months ended September 30, 2010 and 2009 were as follows (in thousands):

Nine Months Ended	l
Sentember 30	

	September 30,						
	2010		2009		Change		% Change
Amortization of deferred policy							
acquisition costs	\$	23,085	\$	22,500	\$	585	2.6%
Other underwriting expenses		10,328		10,116		212	2.1%
Total policy acquisition and other							
underwriting expenses		33,413		32,616		797	2.4%
Agency expenses		(1,553)		(1,569)		16	-1.0%
Total policy acquisition and other underwriting expenses							
excluding agency expenses	\$	31,860	\$	31,047	\$	813	2.6%
Net premiums earned	\$	87,548	\$	86,216	\$	1,332	1.5%
Expense ratio		36.4%	,	36.0%)	0.4%	

Total policy acquisition and other underwriting expenses are up \$0.8 million due to the increase in amortization of deferred policy acquisition costs of \$0.5 million and an increase in other underwriting expenses of \$0.2 million as a result of \$5.3 million higher direct written premiums.

General and Administrative Expense. General and administrative expense for the nine months ended September 30, 2010 was \$5.6 million, as compared to \$5.3 million for the nine months ended September 30, 2009, an increase of \$0.3 million, or 6%. This increase was mainly due to an increase in professional services related to potential acquisitions of \$0.8 million, which was offset by decreases in salaries and benefits.

Table of Contents

Depreciation and Amortization Expense. Depreciation and amortization expense was \$1.3 million for the nine months ended September 30, 2010, as compared to \$1.5 million for the same period in 2009.

Interest Expense. Interest expense for the nine months ended September 30, 2010 was \$6.7 million, as compared to \$7.4 million for the nine months ended September 30, 2009, a decrease of \$0.7 million, or 9.0%. The decrease in interest expense is due to a decrease in the payable to the prior owner for redundant loss reserves as payment was made to the prior owner in February 2010.

Income Taxes. The Company had a \$0.8 million income tax benefit for the nine months ended September 30, 2010, compared to a \$2.8 million benefit for the same period in 2009, as the effective rate was largely unchanged. The benefit in 2009 is primarily due to the tax benefit recorded as a result of the operating losses of HTH parent only, offset by operating profits of NLASCO.

Preferred Stock Dividend/Redemption. On March 11, 2010 and June 10, 2010, the HTH board of directors declared quarterly cash dividends of \$0.5156 per share on each of the 5,000,000 outstanding shares of our Series A Preferred Stock, payable April 30, 2010 and July 30, 2010, amounting to \$2.6 million on each disbursement date. On August 6, 2010, the Company called for redemption all of the outstanding shares of its Series A Preferred Stock. The Series A Preferred Stock was redeemed on September 6, 2010, at a cash redemption price of \$25.2063 per share, representing the liquidation preference of \$25.00 per share, plus accrued and unpaid dividends to, and including, the date of redemption. For the nine months ended September 30, 2010, the dividend was \$1.4094 as compared to \$1.5468 in the nine months ended September 30, 2009.

Net Loss Attributable to Common Stockholders. As a result of the foregoing, our net loss attributable to common stockholders was \$14.5 million for the nine months ended September 30, 2010, as compared to \$13.0 million net loss for the nine months ended September 30, 2009. The principal reasons for the loss in the first nine months of 2010 are incurred losses on wind, Oklahoma hail storms and fire related claims, interest expense on outstanding debt, the \$5.9 million liquidation preference on the redemption of preferred stock and the lack of meaningful investment returns due to the conservative nature of the investments.

LIQUIDITY AND CAPITAL RESOURCES

General

Hilltop is a holding company whose assets primarily consist of the stock of its subsidiaries and invested assets with a combined book value of \$931 million at September 30, 2010. At September 30, 2010, the Company had invested approximately \$600 million in overnight deposits at JP Morgan Chase, Merrill Lynch, Citibank, and Wells Fargo. These deposits are in excess of the Federal Deposit Insurance Corporation insurance limit, however, the Company does not believe that it is exposed to any significant credit risk on cash based on the size and financial strength of the financial institutions in which the funds are held.

Hilltop is seeking to make opportunistic acquisitions with its available cash and, if necessary or appropriate, from additional equity or debt financing sources.

At September 30, 2010, we had approximately \$643.4 million of cash and cash equivalents and \$150.6 million of investments, as compared to \$790.0 million of cash and cash equivalents and \$130.0 million of investments as of December 31, 2009. The \$146.6 million decrease in cash and cash equivalents was due to the \$125.0 million redemption of the Series A Preferred Stock and an increase in investments.

As of September 30, 2010, our short-term liquidity needs included funds to pay our insurance claims and funds to service our debt.

Table of Contents

On July 20, 2010, HTH Operating Partnership LP (formerly known as Affordable Residential Communities LP), a wholly-owned subsidiary of Hilltop, commenced a Put Right Purchase Offer for its $7^1/2\%$ Senior Exchangeable Notes due 2025, or the Senior Notes. The principal purpose of the Put Right Purchase Offer was to comply with the terms and conditions set forth in the Indenture governing the Senior Notes, which required HTH Operating Partnership LP to offer to purchase, for cash, Senior Notes owned by holders thereof for 100% of the principal amount of such Senior Notes, plus accrued and unpaid interest up to, but not including, August 16, 2010. The Put Right Purchase Offer was made only through the Put Right Purchase Offer documents. No Senior Notes were tendered to the Company prior to the expiration of the Put Right Purchase Offer.

Restrictions on Dividends and Distributions

Aside from investment income on Hilltop's invested assets and available cash, as a holding company, Hilltop relies on dividends and other permitted distributions from its subsidiaries. The payment of dividends from Hilltop's insurance subsidiaries, NLIC and ASIC, are subject to significant limitations under debt agreements, which limit their ability to declare and pay dividends in the event of a default.

Additionally, under Texas State Insurance Law for property and casualty companies, all dividends must be distributed out of earned surplus only. Furthermore, without the prior approval of the Commissioner of the Texas Department of Insurance, dividends cannot be declared or distributed that exceed the greater of ten percent of the company's surplus, as shown by its last statement on file with the Commissioner, and 100% of net income for such period. NLIC and ASIC paid dividends totaling \$6.0 million to NLASCO in March 2010. At September 30, 2010, the maximum additional dividends that may be paid to NLASCO in 2010 without regulatory approval is approximately \$6.5 million.

Regulations of the Texas Department of Insurance require insurance companies to maintain minimum levels of statutory surplus to ensure their ability to meet their obligations to policyholders. At September 30, 2010, the Company's insurance subsidiaries had statutory surplus in excess of the minimum required.

Also, the National Association of Insurance Commissioners, or NAIC, has adopted risk-based capital, or "RBC", requirements for insurance companies that establish minimum capital requirements relating to insurance risk and assesses credit risk, interest rate risk and business risk. The formula is used by the NAIC and certain state insurance regulators as an early warning tool to identify companies that require additional scrutiny or regulatory action. At September 30, 2010, the Company's insurance subsidiaries' RBC ratios exceeded the level at which regulatory action would be required.

We believe that restrictions on the payments of dividends by our subsidiary companies will not have a material impact on our ability to carry out our normal business activities, including debt payments on our senior exchangeable notes.

Sources and Uses of Funds

Our primary investment objective is to preserve capital. Our strategy is to purchase securities in sectors that represent the most attractive relative value. Bonds, cash and short-term investments constitute \$789.4 million, or 99.4%, of our investments at September 30, 2010. There is no intent to dispose of these investments at this time, other than those securities with previously taken other-than-temporary impairment in which the Company intends to sell before maturity. Our bonds are substantially in readily marketable securities.

Our investment committee meets regularly to review the portfolio performance and investment markets in general. Our management generally meets monthly to review the performance of

Table of Contents

investments and monitor market conditions for investments that would warrant any revision to investment guidelines.

Cash provided by operations was \$2.5 million for the nine months ended September 30, 2010, due to increases in unearned premiums of \$6.8 million, which is a direct result of higher gross written premiums, deferred income taxes of \$2.7 million, depreciation and amortization of \$1.3 million and a decrease in income taxes receivable of \$1.2 million, mostly due to the receipt of a federal income tax refund of \$1.9 million in the quarter ended September 30, 2010, which were offset by an increase in deferred acquisition costs of \$1.9 million, decreases in the payable to related party of \$3.5 million, changes in operating assets and liabilities of \$2.8 million and net loss of \$1.6 million. Cash provided by operations was \$14.8 million for the nine months ended September 30, 2009, primarily due to the decrease in income tax receivable of \$22.0 million, offset by the net loss of \$5.3 million and the \$7.3 million change in operating assets and liabilities.

Cash used in investing activities was \$15.4 million in the nine months ended September 30, 2010 primarily due to the purchase of available-for-sale securities of \$39.0 million, which was partially offset by proceeds from sales and maturities of available-for-sale securities of \$22.3 million. Cash used in investing activities was \$228.7 million for the nine months ended September 30, 2009 primarily due to the net purchases of \$250.0 million of available for sale securities at HTH in September 2009.

Cash used in financing activities was \$133.8 million for the nine months ended September 30, 2010, compared with cash used in financing activities of \$7.7 million in the same period in 2009. The decrease in cash used in financing activities was primarily due to the \$125.0 million used for the redemption of the Series A Preferred Stock in September 2010.

We believe that existing cash and investment balances, when combined with anticipated cash flows from operations and dividends from our insurance companies, will be adequate to meet our expected liquidity needs for the reasonably foreseeable future. We will continue to pursue and investigate possible strategic investments. In regards to strategic acquisitions, we may need to secure external financing. We cannot assure you that we will be successful in obtaining any such financing or in the implementation of our business plan.

From time to time, Hilltop or HTH Operating Partnership LP may utilize its cash on hand to purchase its common stock or 7½% Senior Exchangeable Notes due 2025, respectively, in open market or negotiated transactions. The foregoing shall not, however, constitute an offer to purchase these securities or a solicitation of an offer to purchase these securities.

Inflation

Inflation in the U.S. has been relatively low in recent years and did not have a material impact on our results of operations for the nine months ended September 30, 2010 and 2009. Although the impact of inflation has been relatively insignificant in recent years, it remains a factor in the United States economy and may increase the cost of acquiring or replacing property and equipment and the costs of labor and utilities.

COMMITMENTS

NLASCO's loss reserves do not have contractual maturity dates. However, based on historical payment patterns, the following table estimates when management expects the loss reserves to be paid.

The timing of claim payments is subject to significant uncertainty. NLASCO maintains a portfolio of investments with varying maturities to provide adequate cash flows for the payment of claims.

	 Reserves (in thousands)		
2010	\$ 10,374		
2011	21,626		
2012	9,807		
2013	6,245		
2014	3,097		
Thereafter	465		
	\$ 51,614		

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Our future income, cash flows and fair values relevant to financial instruments are dependent upon market interest rates. Market risk relates to the risk of loss from adverse changes in market prices and interest rates. We may use some derivative financial instruments to manage, or hedge, interest rate risks related to our borrowings from time to time. We do not use derivatives for trading or speculative purposes and only enter into contracts with major financial institutions based on their credit rating and other factors. As of nine months ended September 30, 2010, we had no derivative financial instruments.

As of September 30, 2010, our total debt outstanding was approximately \$138.4 million, comprised of approximately \$90.9 million, or 65.7%, of indebtedness subject to fixed interest rates and approximately \$47.5 million, or 34.3% of our total consolidated debt, subject to variable interest rates.

If LIBOR and the prime rate were to increase by one eighth of one percent (0.125%), the increase in interest expense on the variable rate debt would decrease future earnings and cash flows by approximately \$59,000 annually.

Interest risk amounts were determined by considering the impact of hypothetical interest rates on our financial instruments. These analyses do not consider the effect of any change in overall economic activity that could occur in that environment. Further, in the event of a change of that magnitude, we may take actions to further mitigate our exposure to the change. However, due to the uncertainty of the specific actions that would be taken and their possible effects, these analyses assume no changes in our financial structure.

The fair value of debt outstanding as of September 30, 2010 was approximately \$136.4 million.

The following table sets forth certain information with respect to our indebtedness outstanding as of September 30, 2010 (in thousands).

Principal Commitments

	Fixed	V	ariable	Total
2014 and Thereafter	90,850		47,500	138,350
Commitments	\$ 90,850	\$	47,500	\$ 138,350

ITEM 4. CONTROLS AND PROCEDURES

(a) Disclosure Controls and Procedures. The Company's management, with the supervision and participation of the Company's Chief Executive Officer and Chief Accounting Officer, has evaluated the effectiveness of the design and operation of Company's disclosure controls and procedures (as such term is defined in Rules 13a-15(e) and 15d-15(e) promulgated under the Securities Exchange Act of

Table of Contents

1934) as of the end of the period covered by this report. Based on such evaluation, the Company's Chief Executive Officer and Chief Accounting Officer have concluded that, as of the end of such period, the Company's disclosure controls and procedures are effective in recording, processing, summarizing and reporting, on a timely basis, information required to be disclosed by the Company in the reports that it files or submits under the Securities Exchange Act of 1934 and are effective in ensuring that information required to be disclosed by the Company in the reports that it files or submits under the Exchange Act is accumulated and communicated to the Company's management, including the Company's Chief Executive Officer and Chief Accounting Officer, as appropriate to allow timely decisions regarding required disclosure.

(b) Changes in internal control over financial reporting. There have not been any changes in our internal control over financial reporting (as defined in Rule 13a-15(f) promulgated under the Securities Exchange Act of 1934) during the quarter covered by this report that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.
