March 15, 2013

Dear Stockholder:

We cordially invite you to attend a special meeting of stockholders of EnergySolutions, Inc., a Delaware corporation, which we refer to as the Company, to be held on April 26, 2013 at 2:00 p.m., local time, at 525 University Avenue, Suite 1400, Palo Alto, California 94301.

On January 7, 2013, the Company entered into a merger agreement providing for the acquisition of the Company by Rockwell Holdco, Inc., an entity formed by Energy Capital Partners II, LP and its parallel funds. At the special meeting, you will be asked to consider and vote upon a proposal to adopt the merger agreement.

If the merger contemplated by the merger agreement is completed, you will be entitled to receive \$3.75 in cash, without interest, less any required tax withholding, for each share of our common stock owned by you (unless you have properly exercised your appraisal rights with respect to such shares), which represents a premium of approximately 20% to the average closing price of our common stock during the 30-day trading period ended on January 4, 2013 (the last trading day prior to the public announcement of the execution of the merger agreement) and a premium of approximately 9% to the closing price of our common stock on January 4, 2013.

In addition, if the merger contemplated by the merger agreement is completed, named executive officers of the Company are contractually entitled to certain specified compensation described in the accompanying proxy statement in connection with the merger. At the special meeting, we will ask you to approve a proposal to approve, on an advisory (non-binding) basis, that specified compensation, which proposal we refer to as the EnergySolutions Advisory (Non-Binding) Proposal on Specified Compensation.

The board of directors of the Company has unanimously determined that the merger is fair to, and in the best interests of, the stockholders of the Company and has unanimously approved and declared advisable the merger agreement and the merger and the other transactions contemplated by the merger agreement. The board of directors of the Company made its determination after consultation with its legal and financial advisors and consideration of a number of factors. **The board of directors of the Company unanimously recommends that you vote "FOR" approval of the proposal to adopt the merger agreement, "FOR" approval of the proposal to adjourn the special meeting, if necessary or appropriate, to solicit additional proxies and "FOR" the EnergySolutions Advisory (Non-Binding) Proposal on Specified Compensation.**

Approval of the proposal to adopt the merger agreement requires the affirmative vote of the holders of a majority of the outstanding shares of our common stock entitled to vote thereon.

Your vote is very important. Whether or not you plan to attend the special meeting, please complete, date, sign and return, as promptly as possible, the enclosed proxy card in the accompanying prepaid reply envelope, or submit your proxy by telephone or the Internet. If you attend the special meeting and vote in person, your vote by ballot will revoke any proxy previously submitted. **The failure to vote your shares of our common stock will have the same effect as a vote "AGAINST" approval of the proposal to adopt the merger agreement.**

If your shares of our common stock are held in "street name" by your bank, brokerage firm or other nominee, your bank, brokerage firm or other nominee will be unable to vote your shares of our common stock without instructions from you. You should instruct your bank, brokerage firm or other nominee to vote your shares of our common stock in accordance with the procedures provided by your bank, brokerage firm or other nominee. **The failure to instruct your bank, brokerage firm or other**

nominee to vote your shares of our common stock "FOR" the proposal to adopt the merger agreement will have the same effect as voting "AGAINST" the proposal to adopt the merger agreement.

The accompanying proxy statement provides you with detailed information about the special meeting, the merger agreement, the merger and the EnergySolutions Advisory (Non-Binding) Proposal on Specified Compensation. A copy of the merger agreement is attached as **Annex A** to the proxy statement. We encourage you to read the entire proxy statement and its annexes, including the merger agreement, carefully. You may also obtain additional information about the Company from documents we have filed with the Securities and Exchange Commission.

If you have any questions or need assistance voting your shares of our common stock, please call Innisfree M&A Incorporated, the Company's proxy solicitor, toll-free at (877) 825-8971.

Thank you in advance for your cooperation and continued support.

Sincerely,

Steven R. Rogel

Chairman of the Board of Directors

The proxy statement is dated March 15, 2013, and is first being mailed to our stockholders on or about March 15, 2013.

NEITHER THE SECURITIES AND EXCHANGE COMMISSION NOR ANY STATE SECURITIES COMMISSION HAS APPROVED OR DISAPPROVED THE MERGER, PASSED UPON THE MERITS OR FAIRNESS OF THE MERGER AGREEMENT OR THE TRANSACTIONS CONTEMPLATED THEREBY, INCLUDING THE PROPOSED MERGER, OR PASSED UPON THE ADEQUACY OR ACCURACY OF THE INFORMATION CONTAINED IN THIS DOCUMENT. **NOTICE OF SPECIAL MEETING OF STOCKHOLDERS
TO BE HELD APRIL 26, 2013**

NOTICE IS HEREBY GIVEN that a Special Meeting of Stockholders of EnergySolutions, Inc. will be held at 525 University Avenue, Suite 1400, Palo Alto, California 94301, on April 26, 2013, commencing at 2:00 p.m., local time, for the following purposes:

1. To consider and vote on a proposal to adopt the Agreement and Plan of Merger, dated as of January 7, 2013, as it may be amended from time to time, which we refer to as the merger agreement, by and among EnergySolutions, Inc., which we refer to as the Company, Rockwell Holdco, Inc., a Delaware corporation, which we refer to as Parent, and Rockwell Acquisition Corp., a Delaware corporation and a wholly owned subsidiary of Parent, which we refer to as Merger Sub. A copy of the merger agreement is attached as **Annex A** to the accompanying proxy statement.
2. To approve the adjournment of the special meeting, if necessary or appropriate, to solicit additional proxies if there are insufficient votes at the time of the special meeting to approve the proposal to adopt the merger agreement.
3. To approve, on an advisory (non-binding) basis, specified compensation that may become payable to the named executive officers of the Company in connection with the merger, which we refer to as the EnergySolutions Advisory (Non-Binding) Proposal on Specified Compensation.
4. To transact any other business that may properly come before the special meeting, or any adjournment or postponement of the special meeting, by or at the direction of the board of directors of the Company.

In accordance with our bylaws, the close of business on February 28, 2013 has been fixed as the record date for the determination of the stockholders entitled to notice of, and to vote at, the meeting or any adjournment thereof. All stockholders of record are cordially invited to attend the special meeting in person.

Your vote is very important, regardless of the number of shares of Company common stock that you own. The merger cannot be completed unless the merger agreement is adopted by the affirmative vote of the holders of a majority of the outstanding shares of Company common stock entitled to vote thereon. Even if you plan to attend the special meeting in person, we request that you complete, sign, date and return, as promptly as possible, the enclosed proxy card in the accompanying prepaid reply envelope or submit your proxy by telephone or the Internet prior to the special meeting to ensure that your shares of Company common stock will be represented at the special meeting if you are unable to attend. If you fail to return your proxy card or fail to submit your proxy by phone or the Internet, your shares of Company common stock will not be counted for purposes of determining whether a quorum is present at the special meeting and will have the same effect as a vote **"AGAINST"** the proposal to adopt the merger agreement.

If you are a stockholder of record, voting in person at the special meeting will revoke any proxy previously submitted. If you hold your shares of Company common stock through a bank, brokerage firm or other nominee, you should follow the procedures provided by your bank, brokerage firm or other nominee in order to vote.

The board of directors of the Company has unanimously determined that the merger is fair to, and in the best interests of, the Company and its stockholders and has unanimously approved and declared advisable the merger agreement and the merger and the other transactions contemplated by the merger

agreement. The board of directors of the Company made its determination after consultation with its legal and financial advisors and consideration of a number of factors. **The board of directors of the Company unanimously recommends that you vote "FOR" the proposal to adopt the merger agreement, "FOR" the proposal to adjourn the special meeting, if necessary or appropriate, to solicit additional proxies and "FOR" the EnergySolutions Advisory (Non-Binding) Proposal on Specified Compensation.**

If you plan to attend the special meeting in person, please mark the designated box on the enclosed proxy card. Alternatively, if you utilize the Internet voting system, please indicate your plans to attend the special meeting when prompted to do so by the system. If you are a stockholder of record, you should bring the bottom half of the enclosed proxy card as your admission card and present the card upon entering the special meeting. If you are planning to attend the special meeting and your shares are held in street name (by a bank or broker, for example), you should ask the record owner for a legal proxy or bring your most recent account statement to the special meeting so that we can verify your ownership of Company common stock. Please note, however, that if your shares are held in street name and you do not bring a legal proxy from the record owner, you will be able to attend the special meeting, but you will not be able to vote at the special meeting.

Stockholders of the Company who do not vote in favor of the proposal to adopt the merger agreement will have the right to seek appraisal of the fair value of their shares of Company common stock if they deliver a demand for appraisal before the vote is taken on the merger agreement and comply with all the requirements of Delaware law, which are summarized in the accompanying proxy statement and reproduced in their entirety in **Annex C** to the accompanying proxy statement.

By Order of the Board of Directors,

Russ G. Workman
Corporate Secretary

Salt Lake City, Utah
March 15, 2013

Stockholders who do not expect to attend the special meeting in person, but wish their stock to be voted on matters to be transacted, are urged to sign, date, and mail the enclosed proxy in the accompanying envelope, to which no postage need be affixed if mailed in the United States. You also have the option of voting your shares by telephone or on the internet. Voting instructions are printed on your proxy card. If you vote by telephone or internet, you do not need to mail back your proxy. The prompt return of your signed proxy, regardless of the number of shares you hold, will aid the Company in reducing the expense of additional proxy solicitation. The giving of such proxy does not affect your right to vote in person in the event you attend the meeting.

SUMMARY

The following summary highlights selected information in this proxy statement, first made available to stockholders on or about March 15, 2013, and may not contain all the information that may be important to you. Accordingly, we encourage you to read carefully this entire proxy statement, its annexes and the documents referred to in this proxy statement. Each item in this summary includes a page reference directing you to a more complete description of that topic. You may obtain the information incorporated by reference in this proxy statement without charge by following the instructions under "Where You Can Find More Information," beginning on page 115.

Parties to the Merger (Page 23)

EnergySolutions, Inc., or the Company, we or us, is a Delaware corporation headquartered in Salt Lake City, Utah. The Company is a leading provider of a broad range of nuclear services to government and commercial customers who rely on our expertise to address their needs throughout the lifecycle of their nuclear operations. Our principal executive offices are located at 423 West 300 South, Suite 200, Salt Lake City, Utah, and our telephone number is (801) 649-2000.

Rockwell Holdco, Inc., or Parent, is a Delaware corporation that was formed by Energy Capital Partners II, LP and its parallel funds, which we refer to collectively as Energy Capital Partners, solely for the purpose of entering into the merger agreement and completing the transactions contemplated by the merger agreement and related financing transactions. Energy Capital Partners, together with its affiliated funds, is a private equity firm with over \$7.5 billion of capital commitments under management and is focused on investing in North America's energy infrastructure. Upon completion of the merger, the Company will be a direct, wholly owned subsidiary of Parent.

Rockwell Acquisition Corp., or Merger Sub, is a Delaware corporation that was formed by Parent solely for the purpose of entering into the merger agreement and completing the transactions contemplated by the merger agreement and the related financing transactions. Upon completion of the merger, Merger Sub will merge with and into the Company and cease to exist.

In this proxy, we refer to the Agreement and Plan of Merger, dated January 7, 2013, as it may be amended from time to time, among the Company, Parent and Merger Sub, as the merger agreement, the merger of Merger Sub with and into the Company, as the merger, and each of the Company, Parent and Merger Sub as a party.

The Special Meeting (Page 24)

Time, Place and Purpose of the Special Meeting (Page 24)

This proxy statement is being furnished to our stockholders as part of the solicitation of proxies by our board of directors for use at the special meeting to be held on April 26, 2013 at 2:00 p.m., local time, at 525 University Avenue, Suite 1400, Palo Alto, California 94301, or at any postponement or adjournment thereof.

At the special meeting, holders of common stock of the Company, par value \$0.01 per share, which we refer to as Company common stock, will be asked to approve the proposal to adopt the merger agreement, to approve the proposal to adjourn the special meeting, if necessary or appropriate, for the purpose of soliciting additional proxies if there are insufficient votes at the time of the special meeting to approve the proposal to adopt the merger agreement and to approve the proposal to approve, in an advisory (non-binding) vote, the compensation that may be payable to our named executive officers in connection with the merger, which we refer to as the EnergySolutions Advisory (Non-Binding) Proposal on Specified Compensation.

Table of Contents

Record Date and Quorum (Page 24)

We have fixed the close of business on February 28, 2013 as the record date for the special meeting, and only holders of record of Company common stock on the record date are entitled to vote at the special meeting. You are entitled to receive notice of, and to vote at, the special meeting if you owned shares of Company common stock at the close of business on the record date. On the record date, there were 91,150,464 shares of Company common stock outstanding and entitled to vote. Each share of Company common stock entitles its holder to one vote on all matters properly coming before the special meeting. The holders of a majority of the voting power of the issued and outstanding shares of the Company entitled to vote thereat, present in person or represented by proxy, will constitute a quorum for the transaction of business at the special meeting.

Vote Required (Page 25)

Approval of the proposal to adopt the merger agreement requires the affirmative vote of the holders of a majority of the outstanding shares of Company common stock entitled to vote thereon.

Approval of the proposal to adjourn the special meeting, if necessary or appropriate, for the purpose of soliciting additional proxies requires the affirmative vote of holders of a majority of the voting power of the issued and outstanding shares of Company common stock entitled to vote thereon, present and voting, in person or represented by proxy on the matter at the special meeting.

Assuming a quorum is present, approval of the EnergySolutions Advisory (Non-Binding) Proposal on Specified Compensation requires the affirmative vote of holders of a majority of the voting power of the issued and outstanding shares of Company common stock entitled to vote thereon, present and voting, in person or represented by proxy on the matter at the special meeting.

As of February 28, 2013, the record date, the directors and executive officers of the Company beneficially owned and were entitled to vote, in the aggregate, 3,755,005 shares of Company common stock, representing 4.1% of the outstanding shares of Company common stock on the record date. The directors and executive officers have informed the Company that they currently intend to vote all of their shares of Company common stock **"FOR"** the proposal to adopt the merger agreement, **"FOR"** the proposal to adjourn the special meeting, if necessary or appropriate, to solicit additional proxies and **"FOR"** the EnergySolutions Advisory (Non-Binding) Proposal on Specified Compensation.

Proxies and Revocation (Page 27)

Any stockholder of record entitled to vote at the special meeting may submit a proxy by telephone, over the Internet, by returning the enclosed proxy card in the accompanying prepaid reply envelope, or may vote in person by appearing at the special meeting. If your shares of Company common stock are held in "street name" through a bank, brokerage firm or other nominee, you should instruct your bank, brokerage firm or other nominee on how to vote your shares of Company common stock using the instructions provided by your bank, brokerage firm or other nominee. If you fail to submit a proxy or to vote in person at the special meeting, or do not provide your bank, brokerage firm or other nominee with voting instructions, as applicable, your shares of Company common stock will not be voted on the proposal to adopt the merger agreement, which will have the same effect as a vote **"AGAINST"** the proposal to adopt the merger agreement, but will not have an effect on approval of the proposal to adjourn the special meeting or the EnergySolutions Advisory (Non-Binding) Proposal on Specified Compensation.

You have the right to revoke a proxy, whether delivered over the Internet, by telephone or by mail, at any time before it is exercised, by voting at a later date through any of the methods available to you, by giving written notice of revocation to our Corporate Secretary, which must be filed with our

Table of Contents

Corporate Secretary by the time the special meeting begins, or by attending the special meeting and voting in person.

The Merger (Page 29)

The merger agreement provides that Merger Sub will merge with and into the Company. The Company will be the surviving corporation in the merger and will continue to do business following the merger. As a result of the merger, the Company will cease to be a publicly traded company. If the merger is completed, you will not own any shares of the capital stock of the surviving corporation.

In the merger, each outstanding share of Company common stock (except for shares of Company common stock held in the treasury of the Company immediately prior to the effective time of the merger, shares owned by Parent, Merger Sub, any affiliates of Parent or any subsidiary of the Company and shares owned by stockholders of the Company who have properly demanded appraisal rights, which we refer to collectively as the excluded shares) will be converted into the right to receive \$3.75 in cash, which amount we refer to as the per share merger consideration, without interest, less any required tax withholding.

Reasons for the Merger; Recommendation of the Board of Directors (Page 46)

After careful consideration of various factors described in the section entitled "The Merger Reasons for the Merger; Recommendation of the Board of Directors," the board of directors of the Company, which we refer to as the board of directors, unanimously determined that the proposed merger was advisable, fair to, and in the best interests of, the stockholders of the Company, unanimously approved the merger agreement and transactions contemplated thereby, including the merger, directed that the merger agreement be submitted to our stockholders for adoption and approval and unanimously recommended that our stockholders vote in favor of the adoption and approval of the merger agreement.

In considering the recommendation of our board of directors with respect to the proposal to adopt the merger agreement, you should be aware that our directors and executive officers have interests in the merger that are different from, or in addition to, yours. The board of directors was aware of and considered these interests, among other matters, in evaluating and negotiating the merger agreement and the merger, and in recommending that the merger agreement be adopted by the stockholders of the Company. See the section entitled "The Merger Interests of Certain Persons in the Merger" beginning on page 66.

The board of directors unanimously recommends that you vote "FOR" the proposal to adopt the merger agreement, "FOR" the proposal to adjourn the special meeting, if necessary or appropriate, to solicit additional proxies and "FOR" the EnergySolutions Advisory (Non-Binding) Proposal on Specified Compensation.

Opinion of Goldman, Sachs & Co. (Page 48)

Goldman, Sachs & Co., which we refer to as Goldman Sachs, delivered its opinion to the Company's board of directors and the transactions committee that, as of January 7, 2013 and based upon and subject to the factors and assumptions set forth therein, the \$3.75 per share in cash to be paid to the holders (other than Parent and its affiliates) of shares of Company common stock pursuant to the merger agreement was fair from a financial point of view to such holders.

The full text of the written opinion of Goldman Sachs, dated January 7, 2013, which sets forth assumptions made, procedures followed, matters considered and limitations on the review undertaken in connection with the opinion, is attached as Annex B. Goldman Sachs provided its opinion for the information and assistance of the Company's board of directors and the transactions committee in

Table of Contents

connection with their consideration of the merger. The Goldman Sachs opinion is not a recommendation as to how any holder of Company common stock should vote with respect to the merger or any other matter. Pursuant to an engagement letter between the Company and Goldman Sachs, the Company has agreed to pay Goldman Sachs a transaction fee of approximately \$10.7 million, all of which is contingent upon consummation of the merger.

Financing of the Merger (Page 62)

We anticipate that the total funds needed to complete the merger, including the funds needed to:

pay our stockholders (and holders of our other equity-based interests) the amounts due to them under the merger agreement, which, based upon the number of shares (and our other equity-based interests) outstanding as of December 31, 2012, would be approximately \$365 million;

finance any of the Company's or Parent's efforts to repurchase our 10.75% Senior Notes due 2018 by one or more tender offers and/or seek consent solicitations to amend the Indenture, dated as of August 13, 2010, among the Company, EnergySolutions, LLC, the Guarantors thereto and Wells Fargo Bank, N.A., as Trustee, which we refer to as the indenture; and

pay fees and expenses related to the merger and the debt that will finance the merger,

will be funded through equity financing of up to \$600 million to be provided or secured by Energy Capital Partners, or other parties to whom they assign a portion of their respective commitments.

Parent has obtained the equity commitment letter and the debt commitment letter described below, which we refer to collectively as the commitment letters. Upon our entry into an amendment and consent and waiver, which we refer to as the loan amendments, to the Credit Agreement, dated as of August 13, 2010, by and among the Company, EnergySolutions, LLC, the lenders party thereto and JPMorgan Chase Bank, N.A. acting as administrative agent, as amended by that certain Amendment No. 1, dated August 23, 2010, which we refer to as the credit agreement, the debt commitment letter automatically terminated and will not be a source of financing for the merger. The funding under the equity commitment letter is subject to certain conditions. We believe the amounts committed under the equity commitment letter will be sufficient to complete the merger, but we cannot assure you of that. Those amounts might be insufficient if, among other things, one or more of the parties to the equity commitment letter fails to fund the committed amounts in breach of the equity commitment letter or if the conditions to such commitments are not met. Although obtaining the proceeds of any financing, including the financing under the equity commitment letter, is not a condition to the completion of the merger, the failure of Parent and Merger Sub to obtain any portion of the committed financing (or alternative financing) is likely to result in the failure of the merger to be completed. In that case, Parent may be obligated to pay the Company a reverse termination fee, which we refer to as the Parent termination fee, of \$27.2 million as described under "The Merger Agreement Termination Fees" beginning on page 100. The obligation of Parent to pay the Parent termination fee is guaranteed by the guarantor referred to below.

Equity Financing (Page 63)

Parent has entered into a letter agreement, which we refer to as the equity commitment letter, with Energy Capital Partners II, LP, Energy Capital Partners II-A, LP, Energy Capital Partners II-B, LP, Energy Capital Partners II-C (Direct IP), LP and Energy Capital Partners II-D, LP, which we refer to collectively as the investors, dated January 7, 2013, under which the investors have committed to make or secure capital contributions to Parent at or before the closing of the merger in an aggregate amount up to \$600 million. We refer to this financing as the equity financing and to the commitment of the investors under the equity commitment letter as the equity financing commitment. Subject to certain limitations, the investors may assign all or a portion of the equity commitment to other investors.

Table of Contents

The investors' obligation to fund the financing contemplated by the equity commitment letter is generally subject to the satisfaction of the conditions to Parent's and Merger Sub's obligations to consummate the transactions contemplated by the merger agreement and either (i) the substantially contemporaneous funding of the debt financing under the terms and conditions of the debt commitment letter or any alternative financing that Parent and Merger Sub are required or permitted to accept from alternative sources pursuant to the merger agreement or (ii) the substantially contemporaneous effectiveness of the loan amendments.

Debt Financing (Page 63)

In connection with the entry into the merger agreement, Parent received a debt commitment letter, dated January 7, 2013, as supplemented by joinder letters each dated January 29, 2013, which we refer to collectively as the debt commitment letter, from Morgan Stanley Senior Funding, Inc., JPMorgan Chase Bank, N.A. and Credit Suisse AG, Cayman Islands Branch, which we refer to collectively as the commitment parties. Pursuant to the debt commitment letter, the commitment parties committed to provide an aggregate of \$685 million in debt financing to Merger Sub, but provided that the loan amendments would be an alternative to the debt commitment letter. Upon our entry into the loan amendments on February 15, 2013, described in greater detail below, the debt commitment letter automatically terminated and will not be a source of financing for the merger.

Loan Amendments (Page 63)

On February 15, 2013, we entered into the loan amendments with the lenders party to the credit agreement and JP Morgan Chase Bank, N.A., as the administrative and collateral agent. The debt commitment letter automatically terminated upon our entry into the loan amendments. The loan amendments contained the following terms and conditions:

that the lenders and the administrative agent consent to (i) the consummation of the merger; (ii) a waiver of the change of control provisions and certain other covenants and provisions under the senior secure credit facility; (iii) a consent to any repayment of our 10.75% Senior Notes due 2018, provided that any payments are funded from equity contributions made to us by Energy Capital Partners or its affiliates; (iv) provide the ability to extend the maturity date of the revolving credit facility under our credit agreement, subject to certain conditions; and (v) a 1% prepayment premium if any senior secured term loans are refinanced prior to the date that is one year following the execution date of the loan amendments;

that upon the closing of the merger, the applicable margin for our senior secured term loan made pursuant to the credit agreement be increased;

that we will pay a consent fee to each lender that has entered into the loan amendments;

that we reimburse the administrative agent for fees, charges and disbursements of counsel in connection with preparation of the loan amendments;

that no later than 150 days after the closing of the merger, that we reduce our debt with respect to our senior secured term loans under the amended Credit Agreement and our 10.75% Senior Notes due 2018; and

that the loan amendments would take effect upon the consummation of the merger.

Limited Guarantee (Page 64)

Pursuant to a limited guarantee, which we refer to as the limited guarantee, delivered by Energy Capital Partners II-A, LP, which we refer to as the guarantor, in favor of the Company, dated January 7, 2013, the guarantor has agreed to guarantee (A) the obligation of Parent under the merger

agreement to pay any Parent termination fee payable by Parent to the Company or the actual damages caused by an intentional breach by Parent of the merger agreement, which are subject to a cap of \$75 million, plus interest and attorneys' fees in certain cases, (B) the costs and expenses incurred in connection with any suit to enforce payment, plus interest in certain circumstances, (C) Parent's obligation to pay certain taxes and fees in the event the merger is consummated and (D) any expenses incurred by Parent or Merger Sub, in each case, if, as and when due. See "The Merger Agreement Termination Fees" beginning on page 100.

The guarantor's obligations under the limited guarantee, other than obligations with respect to the costs and expenses incurred in connection with any suit to enforce payment, are subject to a cap of \$75 million, plus costs, expenses (including reasonable attorneys' fees) and interest in the event that the Company commences a suit that results in a judgment against Parent for payment of either the Parent termination fee or damages arising from Parent's intentional breach of any of Parent's material representations, warranties, agreements or covenants.

Interests of Certain Persons in the Merger (Page 66)

When considering the recommendation of our board of directors that you vote to approve the proposal to adopt the merger agreement, you should be aware that our directors and executive officers have interests in the merger that are different from, or in addition to, those of our stockholders generally. The board of directors was aware of and considered these interests, among other matters, in evaluating and negotiating the merger agreement and the merger, and in recommending that the merger agreement be adopted by the stockholders of the Company. These interests include acceleration of certain equity awards, potential payments and benefits on a qualifying termination of employment and the payment of retention awards for continued service.

Material U.S. Federal Income Tax Consequences of the Merger (Page 71)

The exchange of shares of Company common stock for cash in the merger will generally be a taxable transaction to U.S. holders and certain non-U.S. holders for U.S. federal income tax purposes. In general, a U.S. holder whose shares of Company common stock are converted into the right to receive cash in the merger (and a non-U.S. holder that is subject to U.S. income tax on its gain from the merger) will recognize gain or loss for U.S. federal income tax purposes in an amount equal to the difference, if any, between the amount of cash received with respect to such shares (determined before the deduction of any applicable withholding taxes) and such holder's adjusted tax basis in such shares. You should read "The Merger Material U.S. Federal Income Tax Consequences of the Merger" beginning on page 71 for a more detailed discussion of the U.S. federal income tax consequences of the merger to U.S. and non-U.S. holders. You should also consult your tax advisor for a complete analysis of the effect of the merger on your federal, state and local and/or foreign taxes.

Regulatory Approvals and Notices (Page 74)

Under the terms of the merger agreement, the merger cannot be completed until the waiting period applicable to the merger under the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended, or the HSR Act, has expired or been terminated.

Under the HSR Act and the rules promulgated thereunder by the Federal Trade Commission, or the FTC, the merger cannot be completed until each of the Company and Parent files a notification and report form with the FTC and the Antitrust Division of the Department of Justice, or the DOJ, under the HSR Act and the applicable waiting period has expired or been terminated. Each of the Company and Parent filed such a notification and report form on January 22, 2013 and each requested early termination of the waiting period. The request for early termination of the waiting period was granted on and became effective February 1, 2013.

Table of Contents

Additionally, under the merger agreement, the merger cannot be completed until the United Kingdom Nuclear Decommissioning Authority, which we refer to as the NDA, gives its prior written consent to the indirect change of control of EnergySolutions EU Limited. The Company submitted the formal consent application to the NDA on January 21, 2013. The NDA, in a letter dated January 24, 2013, gave its consent to the change in control of EnergySolutions EU Limited in satisfaction of this aspect of the merger agreement.

Also, under the merger agreement and under the Atomic Energy Act, as amended, which we refer to as the AEA, the merger cannot be completed until the Nuclear Regulatory Commission, which we refer to as the NRC, and any State from whom the Company or its subsidiaries holds a radiological license or permit issued pursuant thereto, which States have entered into an agreement with the NRC pursuant to Section 274 of the AEA, and which States we refer to as the Agreement States, in each case give their prior written consent to the indirect transfer of control of our NRC and State radiological licenses and permits. We have submitted all required notices or applications requesting consent to the indirect transfer of control of our NRC and State radiological licenses and permits from the NRC and the States of Connecticut, Ohio, South Carolina, Tennessee and Utah. The States of Ohio, South Carolina and Tennessee have issued all required consents regarding the several licenses from these states held by us. A required Notice has been provided to the State of Connecticut, and no further action is required by the State of Connecticut. However, further consents are still required from the NRC and the State of Utah.

Finally, if the parties make a filing with the Committee on Foreign Investment in the United States, which we refer to as CFIUS, pursuant to the Defense Protection Act of 1950, which we refer to as Exon-Florio, under the merger agreement, the merger cannot be completed until CFIUS has notified Parent in writing that it has determined not to investigate the transactions contemplated by the merger agreement or, if it has undertaken such an investigation, that it has determined not to take any action or the President of the United States has determined not to take any action. The parties have determined not to make a filing with CFIUS pursuant to Exon-Florio, based on their belief that no such filing is necessary with respect to the transactions contemplated by the merger agreement.

The Merger Agreement (Proposal No. 1) (Page 76)

Treatment of Company Common Stock, Options, Restricted Stock, Performance Share Units, Phantom Share Awards and Phantom Performance Share Units (Page 78)

At the effective time of the merger:

Each share of Company common stock issued and outstanding immediately prior to the effective time of the merger, other than the excluded shares, will be converted into the right to receive the per share merger consideration, without interest, less any required tax withholding;

Each Company option that is outstanding and unexercised immediately prior to the effective time of the merger will be converted into the right to receive, with respect to each share previously subject to such option, the excess, if any, of the per share merger consideration over the exercise price per share of such option, without interest, less any required tax withholding. If the exercise price per share of any Company option is equal to or greater than the per share merger consideration, such company option will be cancelled without any cash payment;

Each share of Company restricted stock that is outstanding immediately prior to the effective time of the merger will become fully vested (with the exception of Company restricted stock that is earned based on the achievement of performance goals, which will instead become earned and vested in accordance with the terms of the applicable award agreement) and converted into the right to receive the per share merger consideration, without interest, less any required tax withholding; and

Table of Contents

Each Company performance share unit and Company phantom share award that is outstanding immediately prior to the effective time of the merger will become fully vested, with the exception of any such awards that are earned based on the achievement of performance goals, which we refer to as phantom performance share units. Phantom performance share units will instead become earned and vested and payable in accordance with the terms of the applicable award agreements, and will be converted into the right at the effective time of the merger to receive, with respect to each share previously subject to such vested unit or award, the per share merger consideration, without interest, less any required tax withholding.

Solicitation of Acquisition Proposals (Page 89)

From and after the end of the period beginning upon the execution of the merger agreement and continuing until 11:59 p.m. New York City time on February 6, 2013, which we refer to as the "go shop" period, until the earlier of the effective time of the merger and the termination of the merger agreement in accordance with its terms, we will not, and we will cause our subsidiaries and our representatives not to, and we will use our reasonable best efforts to cause (subject to any request, instruction or direction from the NDA) Magnox Limited not to:

initiate, solicit, propose, encourage or take any action designed to, or which would reasonably be expected to, facilitate any inquiries or the making of any proposal or offer that constitutes, or would reasonably be expected to lead to, an acquisition proposal;

engage in, continue or otherwise participate in any discussions or negotiations regarding, or provide any information about us or our subsidiaries to any person relating to, or otherwise cooperate with, any acquisition proposal or any proposal or offer that would reasonably be expected to lead to an acquisition proposal;

approve, publicly endorse or recommend or enter into any acquisition proposal or any letter of intent, memorandum of understanding, agreement in principle, acquisition agreement, merger agreement, option agreement, joint venture agreement, partnership agreement or similar agreement with respect to any acquisition proposal;

publicly propose, agree or publicly announce an intention to take any of the foregoing actions;

take any action to make the provisions of any takeover statute inapplicable to any transaction contemplated by an acquisition proposal; or

terminate, amend, release, modify or fail to enforce any provision of, or grant any permission, waiver or request under, any standstill, confidentiality or similar agreement that we have entered into in respect or in contemplation of an acquisition proposal (unless our board of directors determines in good faith, after consultation with its outside legal counsel, that it is necessary to take any such actions described in this or the above bulleted item in order to comply with our board of directors' fiduciary duties to our stockholders under applicable law and solely to the extent necessary to allow the other party to submit any non-public acquisition proposal to our board of directors in compliance with our non-solicitation obligations under the merger agreement).

Immediately following the "go shop" period, we will, and we will cause our subsidiaries and representatives to, cease and cause to be terminated any solicitation, encouragement, discussion or negotiation with any persons with respect to an acquisition proposal and to request the immediate return or destruction of all confidential information previously furnished. However, from the end of the "go shop" period, we would have been permitted to continue to engage in solicitation activities and negotiations for 10 days with respect to a bona fide acquisition proposal submitted by a person prior to the conclusion of the "go shop" period that our board of directors determined in good faith to constitute, or to be reasonably likely to lead to, a superior proposal. No such proposals were submitted during the "go shop" period.

Table of Contents

At any time after the expiration of the "go-shop" period and before our stockholders adopt the merger agreement, if (i) any person makes a bona fide written acquisition proposal that did not result from a breach of our obligations under the preceding paragraphs, (ii) such person executes a confidentiality agreement on terms no less favorable to us than the terms of our confidentiality agreement with Energy Capital Partners II, LLC and (iii) (A) our board of directors determines in good faith, based on the information then available and after consultation with its financial advisor and outside legal counsel, that such acquisition proposal either constitutes a superior proposal or would reasonably be expected to lead to a superior proposal, (B) our board of directors determines in good faith (after consultation with outside legal counsel) that it is necessary to take such actions in order to comply with its fiduciary duties under applicable law, (C) we or our board of directors gives Parent prior notice of such determinations and (D) all information or data to be provided to such person has either been previously provided to Parent or is provided to Parent prior to or concurrently with the time it is provided to such person, then we may provide non-public information concerning us and our subsidiaries and engage or participate in any discussions or negotiations with such persons with respect to such bona fide written acquisition proposal, so long as we comply with certain terms of the merger agreement.

At any time before the merger agreement is adopted by our stockholders, if our board of directors determines in good faith and after consultation with its financial advisor and outside legal counsel, after giving effect to all adjustments offered by Parent and Merger Sub to the per share merger consideration, that an acquisition proposal it has received is a superior proposal and that it is necessary to take action in order to comply with its fiduciary duties under applicable law, then we may take actions including to effect a Company adverse recommendation change or terminate the merger agreement and enter into any acquisition, merger or similar agreement with respect to such superior proposal, so long as we comply with certain terms of the merger agreement, including paying a termination fee to Energy Capital Partners Management II, LP or its designee. See "The Merger Agreement Termination Fees" beginning on page 100. Also, at any time prior to the time our stockholders adopt the merger agreement, our board of directors may effect a Company adverse recommendation change in response to an intervening event if it determines in good faith, after consultation with outside counsel, that it is necessary to take action in order to comply with its fiduciary duties under applicable law.

Conditions to the Merger (Page 97)

The respective obligations of the Company, Parent and Merger Sub to consummate the merger are subject to the satisfaction or waiver of certain customary conditions, including the adoption of the merger agreement by our stockholders, the expiration or termination of the waiting period under the HSR Act and the receipt of regulatory approvals from the NRC, the Agreement States and the NDA, the absence of any restraining orders, injunctions or other legal restraints prohibiting the merger, the accuracy of the representations and warranties of the parties, compliance by the parties with their respective obligations under the merger agreement and, if the parties have made a filing with CFIUS pursuant to Exon-Florio, the determination of CFIUS or the President of the United States not to take any action. The parties have determined not to make a filing with CFIUS pursuant to Exon-Florio, based on their belief that no such filing is necessary with respect to the transactions contemplated by the merger agreement. As described above, early termination of the waiting period under the HSR Act was granted and became effective on February 1, 2013 and the NDA, in a letter dated January 24, 2013, gave its consent to the change in control of EnergySolutions EU Limited in satisfaction of this aspect of the merger agreement. The obligation of Parent and Merger Sub to consummate the merger is also subject to the absence of any event, change or occurrence that has had, individually or in the aggregate, a Company material adverse effect, as described under "The Merger Agreement Representations and Warranties" beginning on page 83.

Table of Contents

Termination (Page 98)

We and Parent may, by mutual written consent, terminate the merger agreement and abandon the merger at any time prior to the effective time of the merger, whether before or after the adoption of the merger agreement by our stockholders.

Subject to certain exceptions, either Parent or we may also terminate the merger agreement at any time prior to the effective time of the merger if:

the Merger has not been consummated by 11:59 p.m., New York City time, on October 7, 2013, subject to extension of up to three months in certain circumstances, and which date, as may be extended, we refer to as the end date;

any order or other action of any governmental entity having competent jurisdiction is entered permanently enjoining, restraining or otherwise prohibiting the transactions contemplated by the merger agreement, and such order or other action has become final and nonappealable; or

the affirmative vote of the holders of outstanding Company common stock representing at least a majority of all the votes entitled to be cast thereupon by holders of Company common stock to adopt the merger agreement and approve the transactions contemplated by the merger agreement is not obtained at the special meeting or any adjournment or postponement thereof at which the merger agreement and the transactions contemplated by the merger agreement have been voted upon.

Subject to certain exceptions, we may also terminate the merger agreement if:

Parent or Merger Sub breach or fail to perform any representations, warranties, covenants or agreements set forth in the merger agreement such that our closing conditions related to such representations, warranties, covenants or agreements would not be satisfied, and such breach or failure to perform cannot be cured on or before the end date or is not cured by Parent within 30 days after Parent received written notice of such breach from us;

the conditions to the obligations of Parent and Merger Sub to consummate the merger have been satisfied (other than those conditions that by their nature are to be satisfied by actions taken at the closing of the merger), and Parent and Merger Sub fail to consummate the transactions contemplated by the merger agreement within two business days following the date on which the closing of the merger should have occurred; or

at any time before our stockholders adopt the merger agreement, (i) our board of directors determines to enter into an alternative acquisition agreement with respect to a superior proposal and (ii) we have complied in all material respects with the non-solicitation, notice and other requirements of the merger agreement described under "The Merger Agreement Solicitation of Acquisition Proposals" beginning on page 89 (provided that we pay to Energy Capital Partners Management II, LP or its designee the termination fee of \$13.6 million described under "The Merger Agreement Termination Fees" beginning on page 100).

Subject to certain exceptions, Parent may also terminate the merger agreement if:

we breach or fail to perform any representations, warranties, covenants or agreements set forth in the merger agreement such that the closing conditions of Parent and Merger Sub related to such representations, warranties, covenants or agreements would not be satisfied, and our breach or failure to perform cannot be cured on or before the end date or is not cured by us within 30 days after we received written notice of such breach from Parent or Merger Sub;

our board of directors or any committee thereof effects a Company adverse recommendation change as described under "The Merger Agreement Solicitation of Acquisition Proposals" beginning on page 89;

Table of Contents

our board of directors does not hold the stockholders meeting or use reasonable best efforts to solicit proxies in favor of the adoption of the merger agreement in material breach of its obligation to do so under the merger agreement;

our board of directors fails to publicly reaffirm its recommendation to vote in favor of the merger within 10 days of Parent's written request for such affirmation (or if the end date is less than 10 days from the receipt of such request from Parent, by the close of business on the business day preceding the end date);

we enter into an agreement with respect to any alternative acquisition proposal, which we refer to as an alternative acquisition agreement; or

we materially breach the non-solicitation, notice or other requirements of the merger agreement described under "The Merger Agreement Solicitation of Acquisition Proposals" beginning on page 89.

Termination Fees (Page 100)

If the merger agreement is terminated in certain circumstances described under "The Merger Agreement Termination Fees" beginning on page 100:

the Company may be obligated to pay a termination fee to Energy Capital Partners Management II, LP or its designee of \$13.6 million.

Parent may be obligated to pay the Company the Parent termination fee of \$27.2 million. The guarantor has agreed to guarantee the obligation of Parent to pay the Parent termination fee if payable by Parent pursuant to the merger agreement.

in certain circumstances described under "The Merger Agreement Expenses" beginning on page 102, the Company may be required to reimburse Energy Capital Partners Management II, LP or its designee for Parent's actual expenses incurred in connection with the merger agreement. However, we will deduct the amount of such reimbursement from any termination fee we are subsequently required to pay.

Remedies (Page 103)

The parties are entitled to specific performance, including an injunction to prevent breaches of the merger agreement and to enforce specifically the terms of the merger agreement, in addition to any other remedy to which they are entitled at law or in equity. However, the merger agreement sets forth certain conditions to our ability to obtain specific performance to cause (i) the equity financing for the merger to be funded and (ii) Parent and Merger Sub to use reasonable best efforts to enforce the terms of the debt commitment letter.

If Parent or Merger Sub, on the one hand, or we, on the other hand, intentionally breach the merger agreement prior to the termination of the merger agreement, the breaching party will be liable to the other parties for actual damages up to the capped damages of \$75 million, plus interest and attorneys' fees in certain cases if all of the conditions to the closing of the merger described under "The Merger Agreement Conditions to the Merger" on page 97 have been satisfied, other than those conditions that by their nature are to be satisfied by actions taken at the closing.

The parties to the merger agreement may simultaneously pursue a grant of specific performance, payment of damages incurred as a result of intentional breach and the payment of the respective termination fee or Parent termination fee by the other party. However, no party will be permitted or entitled to receive more than one of the following remedies: (i) a grant of specific performance, (ii) payment of the respective termination fee or Parent termination fee by the other party and (iii) a

Table of Contents

recovery of damages for intentional breach in an amount not to exceed the capped damages of \$75 million, plus interest and attorneys' fees in certain cases.

Market Price Data and Dividend Information (Page 106)

The closing price of Company common stock on the New York Stock Exchange, which we refer to as the NYSE, on January 4, 2013, the last trading day prior to the public announcement of the merger agreement, was \$3.44 per share of Company common stock. On March 14, 2013, the most recent practicable date before this proxy statement was mailed to our stockholders, the closing price for Company common stock on the NYSE was \$3.84 per share of Company common stock. You are encouraged to obtain current market quotations for Company common stock in connection with voting your shares of Company common stock.

EnergySolutions Advisory (Non-Binding) Proposal on Specified Compensation (Proposal No. 3) (Page 108)

In accordance with Section 14A of the Securities Exchange Act of 1934, as amended, which we refer to as the Exchange Act, we are providing our stockholders with the opportunity to cast an advisory (non-binding) vote on the compensation that may be payable to our named executive officers in connection with the merger, the value of which is set forth in the table included in the section of this proxy statement entitled "The Merger Specified Compensation that may Become Payable to Our Named Executive Officers in Connection with the Merger" beginning on page 69. As required by Section 14A of the Exchange Act, we are asking our stockholders to vote on the adoption of the following resolution:

"RESOLVED, that the compensation that may be paid or become payable to EnergySolutions, Inc.'s named executive officers in connection with the merger, as disclosed in the table in the section of the joint proxy statement/prospectus statement entitled 'The Merger Specified Compensation that may Become Payable to Our Named Executive Officers in Connection with the Merger' including the associated narrative discussion, are hereby APPROVED."

The vote on executive compensation payable in connection with the merger is a vote separate and apart from the vote to approve the merger. Accordingly, our stockholders may vote to approve the executive compensation and vote not to approve the merger and vice versa. Because the vote is advisory in nature only, it will not be binding on us. Accordingly, because we are contractually obligated to pay the compensation, the compensation will be payable, subject only to the conditions applicable thereto and any future amendments thereto, regardless of the outcome of the advisory vote. Additional information about this advisory vote is provided in the section of this proxy statement entitled "EnergySolutions Advisory (Non-Binding) Proposal on Specified Compensation (Proposal No. 3)" beginning on page 108.

The board of directors unanimously recommends that you vote "FOR" the EnergySolutions Advisory (Non-Binding) Proposal on Specified Compensation.

Appraisal Rights (Page 109)

Under Delaware law, holders of our common stock who follow certain specified procedures and who do not vote in favor of adopting the merger agreement will have the right to seek appraisal of the fair value of their shares of our common stock as determined by the Delaware Court of Chancery if the merger is completed, but only if they comply with all requirements of Delaware law (including Section 262 of the General Corporation Law of the State of Delaware, which we refer to as the DGCL, the text of which can be found in **Annex C** of this proxy statement), which are summarized in this proxy statement. This appraisal amount could be more than, the same as or less than the merger

Table of Contents

consideration. Any holder of our common stock intending to exercise appraisal rights, among other things, must submit a written demand for an appraisal to us prior to the vote on the adoption of the merger agreement and must not vote or otherwise submit a proxy in favor of adoption of the merger agreement. Your failure to follow exactly the procedures specified under Delaware law will result in the loss of your ability to seek and obtain appraisal rights.

Delisting and Deregistration of Company Common Stock (Page 113)

If the merger is completed, Company common stock will be delisted from the NYSE and deregistered under the Securities Exchange Act of 1934, as amended, or the Exchange Act. As such, we would no longer file periodic reports with the Securities and Exchange Commission, which we refer to as the SEC, on account of Company common stock, but we may be subject to certain continued reporting requirements with respect to our 10.75% Senior Notes due 2018.

Table of Contents

QUESTIONS AND ANSWERS ABOUT THE SPECIAL MEETING AND THE MERGER

The following questions and answers are intended to address briefly some commonly asked questions regarding the special meeting and the merger. These questions and answers may not address all questions that may be important to you as a Company stockholder. Please refer to the "Summary" and the more detailed information contained elsewhere in this proxy statement, the annexes to this proxy statement and the documents referred to in this proxy statement, which you should read carefully and in their entirety. You may obtain the information incorporated by reference in this proxy statement without charge by following the instructions under "Where You Can Find More Information," beginning on page 115.

Q.

What is the proposed transaction and what effects will it have on the Company?

A.

The proposed transaction is the acquisition of the Company by Parent pursuant to the merger agreement. If the proposal to adopt the merger agreement is approved by our stockholders and the other closing conditions under the merger agreement have been satisfied or waived, Merger Sub will merge with and into the Company, with the Company being the surviving corporation. As a result of the merger, the Company will become a subsidiary of Parent and will no longer be a publicly held corporation, and you will no longer have any interest in our future earnings or growth. In addition, the Company common stock will be delisted from the NYSE and deregistered under the Exchange Act, and we will no longer file periodic reports with the SEC on account of the Company common stock, but we may be subject to certain continued reporting requirements with respect to our 10.75% Senior Notes due 2018.

Q.

What will I receive if the merger is completed?

A.

Upon completion of the merger, you will be entitled to receive the per share merger consideration of \$3.75 in cash, without interest, less any required tax withholding, for each share of Company common stock that you own, unless you have properly exercised and not withdrawn your appraisal rights under the DGCL with respect to such shares. You will not own any shares of the capital stock in the surviving corporation.

Q.

How does the per share merger consideration of \$3.75 in cash compare to the market price of Company common stock prior to announcement of the merger?

A.

The per share merger consideration of \$3.75 in cash represents a premium of approximately 20% to the average closing share price of Company common stock during the 30-day trading period ended on January 4, 2013, the last trading day prior to the public announcement of the merger agreement, and a premium of approximately 9% to the closing share price of Company common stock on January 4, 2013.

Q.

After the merger is completed, how will I receive the cash for my shares?

A.

Promptly after the merger is completed, the paying agent appointed by Parent and approved by the Company will mail written instructions on how to exchange your Company common stock certificates for the per share merger consideration, without interest, less any required tax withholding. You will receive cash for your shares from the paying agent after you comply with these instructions, unless you have properly exercised and not withdrawn your appraisal rights under the DGCL with respect to such shares.

Q.

What will be the consequences of the merger to the Company's directors and officers?

A.

A number of the Company's directors and executive officers may have interests in the merger that are different from, or in addition to, the interests of the Company stockholders generally. These

Table of Contents

interests include acceleration of certain equity awards, potential payments and benefits on a qualifying termination of employment and the payment of retention awards for continued service.

For a description of these interests, see "The Merger Interests of Certain Persons in the Merger" beginning on page 66.

Q.

Who will be the directors of the Company if the merger is completed?

A.

If the merger is completed, the Company's board of directors following the completion of the merger will be composed of the directors of Merger Sub at the effective time of the merger and all directors of the Company immediately prior to the completion of the merger will cease to be Company directors as of the time of the completion of the merger.

Q:

Who will be the executive officers of the Company if the merger is completed?

A:

The officers of the Company immediately following the completion of the merger will remain the same as the officers of the Company immediately prior to the completion of the merger.

Q:

How will I receive the cash if I have lost my stock certificate?

A:

If your stock certificate is lost, stolen or destroyed, you must deliver an affidavit and may be required by Parent to post a bond as indemnity against any claim that may be made with respect to such certificate prior to receiving the per share merger consideration, without interest, less any required tax withholding.

Q.

How does the board of directors recommend that I vote?

A.

The board of directors unanimously recommends that you vote "FOR" the proposal to adopt the merger agreement, "FOR" the proposal to adjourn the special meeting, if necessary or appropriate, to solicit additional proxies and "FOR" the EnergySolutions Advisory (Non-Binding) Proposal on Specified Compensation.

Q.

When do you expect the merger to be completed?

A.

We are working toward completing the merger as quickly as possible, and we anticipate that the merger will be completed between the second and third quarters of 2013, subject to the satisfaction or waiver of all closing conditions. However, the exact timing of the completion of the merger cannot be predicted. In order to complete the merger, we must obtain stockholder approval for the merger agreement and the closing conditions under the merger agreement must be satisfied or waived. See "The Merger Agreement Conditions to the Merger" beginning on page 97 of this proxy statement.

Q.

What governmental and regulatory approvals are required?

A.

Under the terms of the merger agreement, the merger cannot be completed until the waiting period applicable to the merger under the HSR Act has expired or been terminated. Also, under the merger agreement, the merger cannot be completed until the NDA gives its prior written consent to the indirect change of control of EnergySolutions EU Limited. Early termination of the waiting period under the HSR Act was granted on and became effective February 1, 2013, and the NDA, in a letter dated January 24, 2013, gave its consent to the change of control of EnergySolutions EU Limited in satisfaction of this aspect of the merger agreement.

Under the merger agreement and under the Atomic Energy Act, as amended, which we refer to as the AEA, the merger cannot be completed until the Nuclear Regulatory Commission, which we refer to as the NRC, and any State from whom the Company or its subsidiaries holds a

Table of Contents

radiological license or permit issued pursuant thereto, which States have entered into an agreement with the NRC pursuant to Section 274 of the AEA, and which States we refer to as the Agreement States, in each case give their prior written consent to the indirect transfer of control of our NRC and State radiological licenses and permits. We have submitted all required notices or applications requesting consent to the indirect transfer of control of our NRC and State radiological licenses and permits from the NRC and the States of Connecticut, Ohio, South Carolina, Tennessee and Utah. The States of Ohio, South Carolina and Tennessee have issued all required consents regarding the several licenses from these states held by us. A required Notice has been provided to the State of Connecticut, and no further action is required by the State of Connecticut. However, further consents are still required from the NRC and the State of Utah.

Also, if the parties to the merger agreement make a filing with CFIUS, the merger cannot be completed until CFIUS notifies Parent that it will not take action or the President of the United States has determined not to take any action. However, the parties have determined not to make a filing with CFIUS pursuant to Exon-Florio, based on their belief that no such filing is necessary with respect to the transactions contemplated by the merger agreement.

Q.

What happens if the merger is not completed?

A.

If the merger agreement is not adopted by the stockholders of the Company or if the merger is not completed for any other reason, the stockholders of the Company will not receive any payment for their shares of Company common stock in connection with the merger. Instead, the Company will remain an independent public company, and the Company's common stock will continue to be listed and traded on the NYSE. Under specified circumstances, the Company may be required to pay to Energy Capital Partners Management II, LP (or its designee), or may be entitled to receive from Parent, a fee or expense reimbursement with respect to the termination of the merger agreement, as described under "The Merger Agreement Termination Fees" beginning on page 100 and under "The Merger Agreement Expenses" beginning on page 102.

Q.

Is the merger expected to be taxable to me?

A.

Yes. The exchange of shares of Company common stock for cash pursuant to the merger will generally be a taxable transaction to U.S. holders (and certain non-U.S. holders) for U.S. federal income tax purposes. If you are a U.S. holder (or a non-U.S. holder whose gain from the merger is subject to U.S. income tax) and your shares of Company common stock are converted into the right to receive cash in the merger, you will generally recognize gain or loss for U.S. federal income tax purposes in an amount equal to the difference, if any, between the amount of cash received with respect to such shares (determined before deduction of any applicable withholding taxes) and your adjusted tax basis in your shares of Company common stock. You should read "The Merger Material U.S. Federal Income Tax Consequences of the Merger" beginning on page 71 for a more detailed discussion of the U.S. federal income tax consequences of the merger to U.S. and non-U.S. holders. You should also consult your tax advisor for a complete analysis of the effect of the merger on your federal, state and local and/or foreign taxes.

Q.

Why am I receiving this proxy statement and proxy card or voting instruction form?

A.

You are receiving this proxy statement and proxy card or voting instruction form because you owned shares of Company common stock as of the record date, which entitles you to receive notice of, and to vote at, the special meeting. This proxy statement describes matters on which we urge you to vote and is intended to assist you in deciding how to vote your shares of Company common stock with respect to such matters.

Table of Contents

Q.

When and where is the special meeting?

A.

The special meeting of stockholders of the Company will be held on April 26, 2013 at 2:00 p.m., local time, at 525 University Avenue, Suite 1400, Palo Alto, CA 94301.

Q.

What am I being asked to vote on at the special meeting?

A.

You are being asked to consider and vote on a proposal to adopt the merger agreement that provides for the acquisition of the Company by Parent, a proposal to adjourn the special meeting, if necessary or appropriate, to solicit additional proxies if there are insufficient votes at the time of the special meeting to approve the proposal to adopt the merger agreement and a proposal to approve, on an advisory (non-binding) basis, specified compensation that may become payable to the named executive officers of the Company in connection with the merger, which we refer to as the EnergySolutions Advisory (Non-Binding) Proposal on Specified Compensation.

Q.

What vote is required for the Company's stockholders to approve the proposal to adopt the merger agreement?

A.

The adoption of the merger agreement requires the affirmative vote of the holders of a majority of the outstanding shares of Company common stock entitled to vote thereon. Because the affirmative vote required to approve the proposal to adopt the merger agreement is based upon the total number of outstanding shares of Company common stock, if you fail to submit a proxy or vote in person at the special meeting, or abstain, or you do not provide your bank, brokerage firm or other nominee with voting instructions, as applicable, this will have the same effect as a vote "AGAINST" the proposal to adopt the merger agreement.

Q.

What vote is required for the Company's stockholders to approve the EnergySolutions Advisory (Non-Binding) Proposal on Specified Compensation?

A.

Assuming a quorum is present, the adoption of the EnergySolutions Advisory (Non-Binding) Proposal on Specified Compensation requires the affirmative vote of holders of a majority of the voting power of the issued and outstanding shares of Company common stock entitled to vote thereon, present and voting, in person or represented by proxy on the matter at the special meeting. Abstaining will have the same effect as a vote "AGAINST" the EnergySolutions Advisory (Non-Binding) Proposal on Specified Compensation. If you fail to submit a proxy or to vote in person at the special meeting or if your shares of Company common stock are held through a bank, brokerage firm or other nominee and you do not instruct your bank, brokerage firm or other nominee on how to vote your shares of Company common stock, your shares of Company common stock will not be voted, but this will not have an effect on the EnergySolutions Advisory (Non-Binding) Proposal on Specified Compensation.

Q.

What will happen if the Company's stockholders do not approve the EnergySolutions Advisory (Non-Binding) Proposal on Specified Compensation?

A.

The vote on the EnergySolutions Advisory (Non-Binding) Proposal on Specified Compensation is a vote separate and apart from the vote to approve the merger agreement. You may vote for this proposal and against adoption of the merger agreement, or vice versa. Because the vote on this proposal is advisory only, it will not be binding on the Company.

Q.

What vote of our stockholders is required to approve the proposal to adjourn the special meeting, if necessary or appropriate, to solicit additional proxies?

A.

Approval of the proposal to adjourn the special meeting, if necessary or appropriate, for the purpose of soliciting additional proxies requires the affirmative vote of holders of a majority of the

Table of Contents

voting power of the issued and outstanding shares of Company common stock entitled to vote thereon, present and voting, in person or represented by proxy on the matter at the special meeting. Abstaining will have the same effect as a vote "AGAINST" the proposal to adjourn the special meeting, if necessary or appropriate, for the purpose of soliciting additional proxies. If you fail to submit a proxy or to vote in person at the special meeting or if your shares of Company common stock are held through a bank, brokerage firm or other nominee and you do not instruct your bank, brokerage firm or other nominee on how to vote your shares of Company common stock, your shares of Company common stock will not be voted, but this will not have an effect on the proposal to adjourn the special meeting.

Q.

Who can vote at the special meeting?

A.

All of our holders of Company common stock of record as of the close of business on February 28, 2013, the record date for the special meeting, are entitled to receive notice of, and to vote at, the special meeting. Each holder of Company common stock is entitled to cast one vote on each matter properly brought before the special meeting for each share of Company common stock that such holder owned as of the record date. If you are a beneficial owner of Company common stock, in order to vote those shares at the special meeting, you must provide a legal proxy from your bank, brokerage firm or other nominee at the special meeting.

Q.

Who is entitled to attend the special meeting?

A.

Please note that space limitations make it necessary to limit attendance at the special meeting to stockholders as of the record date (or their authorized representatives). If your shares are held by a bank or broker, please bring to the special meeting your statement evidencing your beneficial ownership of our common stock as of the record date. Please note that, if your shares are held by a bank or broker, even if you bring your statement evidencing your beneficial ownership as of the record date, you will not be able to vote your shares at the special meeting unless you provide a legal proxy from your bank, brokerage firm or other nominee at the special meeting. All stockholders should also bring photo identification.

Q.

What is a quorum?

A.

The holders of a majority of the voting power of the issued and outstanding shares of the capital stock of the Company entitled to vote thereat, present in person or represented by proxy, at the special meeting constitutes a quorum for the purposes of the special meeting.

Q.

How do I vote?

A.

If you are a beneficial owner, please refer to the instructions provided by your bank, brokerage firm or other nominee to see which of the below choices are available to you. Please note that if you are a beneficial owner and wish to vote those shares in person at the special meeting, you must provide a legal proxy from your bank, brokerage firm or other nominee at the special meeting.

If you are a stockholder of record, you may vote those shares with respect to which you are the stockholder of record at the special meeting in any of the following ways:

In Person: You may vote in person at the special meeting if you satisfy the admission requirements to the special meeting, as described in the Notice of Special Meeting of the Stockholders to be held on April 26, 2013. Even if you plan to attend the special meeting, we encourage you to vote in advance by Internet, telephone or mail so that your vote will be counted in the event you later decide not to attend the special meeting.

Table of Contents

By Internet: You may submit a proxy electronically on the Internet by following the instructions on the proxy card. Please have the proxy card in hand when you log onto the website. Internet voting facilities will be available 24 hours a days and will close at 11:59 p.m. Eastern Daylight Time on April 25, 2013.

By Telephone: If you request paper copies of the proxy materials by mail, you may submit a proxy by telephone (from U.S. and Canada only) using the toll-free number listed on the proxy card. Please have your proxy card in hand when you call. Telephone voting facilities will be available 24 hours a day and will close at 11:59 p.m. Eastern Daylight Time on April 25, 2013.

By Mail: If you request paper copies of the proxy materials by mail, you may indicate your vote by marking, dating, and signing your proxy card in accordance with the instructions on it and returning it by mail in the pre-addressed reply envelope provided with the proxy materials. The proxy card must be received prior to commencement of the special meeting.

A control number, located on your proxy card, is designed to verify your identity and allow you to vote your shares of Company common stock and to confirm that your voting instructions have been properly recorded when voting over the Internet or by telephone. Please be aware that if you vote over the telephone or on the Internet, you may incur costs such as telephone and Internet access charges for which you will be responsible.

Q. What is the difference between holding shares as a stockholder of record and as a beneficial owner?

A. If you own shares of Company common stock that are registered directly in your name with our transfer agent, ComputerShare Limited, you are considered, with respect to those shares of Company common stock, as the "stockholder of record." This proxy statement and your proxy card have been sent directly to you by the Company.

If you own shares of Company common stock that are held through a bank, brokerage firm or other nominee, you are considered the "beneficial owner" of those shares of Company common stock held in street name. In that case, this proxy statement has been forwarded to you by your bank, brokerage firm or other nominee who is considered, with respect to those shares of Company common stock, the stockholder of record. As the beneficial owner, you have the right to direct your bank, brokerage firm or other nominee how to vote those shares of Company common stock by following their instructions for voting.

Q. If my shares of Company common stock are held in "street name" by my bank, brokerage firm or other nominee, will my bank, brokerage firm or other nominee vote my shares of Company common stock for me?

A. Your bank, brokerage firm or other nominee will only be permitted to vote your shares of Company common stock if you instruct your bank, brokerage firm or other nominee how to vote. You should follow the procedures provided by your bank, brokerage firm or other nominee regarding the voting of your shares of Company common stock. If you do not instruct your bank, brokerage firm or other nominee to vote your shares of Company common stock, your shares of Company common stock will not be voted and the effect will be the same as a vote "**AGAINST**" the proposal to adopt the merger agreement, and your shares of Company common stock will not have an effect on the other proposals.

Q. How can I change or revoke my vote?

A. You have the right to revoke a proxy, whether delivered over the Internet, by telephone or by mail, at any time before it is exercised, by voting again at a later date through any of the methods

Table of Contents

available to you, by giving written notice of revocation to our Corporate Secretary, at 423 West 300 South, Suite 200, Salt Lake City, Utah 84101, or by attending the special meeting and voting in person.

Q. What is a proxy?

A. A proxy is your legal designation of another person, referred to as a "proxy," to vote your shares of Company common stock. The written document describing the matters to be considered and voted on at the special meeting is called a "proxy statement." The document used to designate a proxy to vote your shares of Company common stock is called a "proxy card." We have designated David J. Lockwood and Russ G. Workman, and each of them, with full power of substitution, as proxies for the special meeting.

Q. If a stockholder gives a proxy, how are the shares of Company common stock voted?

A. Regardless of the method you choose to vote, the individuals named on the enclosed proxy card, or your proxies, will vote your shares of Company common stock in the way that you indicate. When completing the Internet or telephone processes or the proxy card, you may specify whether your shares of Company common stock should be voted for or against or to abstain from voting on all, some or none of the specific items of business to come before the special meeting.

If you properly sign your proxy card but do not mark the boxes showing how your shares should be voted on a matter, the shares represented by your properly signed proxy will be voted **"FOR"** the proposal to adopt the merger agreement, **"FOR"** the proposal to adjourn the special meeting, if necessary or appropriate, to solicit additional proxies and **"FOR"** the EnergySolutions Advisory (Non-Binding) Proposal on Specified Compensation.

Q. What do I do if I receive more than one proxy or set of voting instructions?

A. If you also hold shares directly as a record holder, in "street name," or otherwise through a nominee, you may receive more than one proxy and/or set of voting instructions relating to the special meeting.

These should each be voted and/or returned separately as described elsewhere in this proxy statement in order to ensure that all of your shares are voted.

Q. What happens if I sell my shares of Company common stock before the special meeting?

A. The record date for stockholders entitled to vote at the special meeting is earlier than both the date of the special meeting and the consummation of the merger. If you transfer your shares of Company common stock after the record date but before the special meeting, unless special arrangements (such as provision of a proxy) are made between you and the person to whom you transfer your shares and each of you notifies the Company in writing of such special arrangements, you will retain your right to vote such shares at the special meeting but will transfer the right to receive the per share merger consideration to the person to whom you transfer your shares.

Q. What do I need to do now?

A. We urge you to carefully read this proxy statement in its entirety, including its annexes, and to consider how the merger would affect you. Even if you plan to attend the special meeting, after carefully reading and considering the information contained in this proxy statement, please vote promptly to ensure that your shares are represented at the special meeting. If you hold your shares of Company common stock in your own name as the stockholder of record, please vote your shares of Company common stock by (i) completing, signing, dating and returning the enclosed

Table of Contents

proxy card in the accompanying prepaid reply envelope, (ii) using the telephone number printed on your proxy card or (iii) using the Internet voting instructions printed on your proxy card. If you decide to attend the special meeting and vote in person, your vote by ballot will revoke any proxy previously submitted. If you are a beneficial owner, please refer to the instructions provided by your bank, brokerage firm or other nominee to see which of the above choices are available to you.

Q.

Should I send in my stock certificates now?

A.

No. You will be sent a letter of transmittal promptly, and in any event within five business days, after the completion of the merger, describing how you may exchange your shares of Company common stock for the per share merger consideration. If your shares of Company common stock are held in "street name" by your bank, brokerage firm or other nominee, you will receive instructions from your bank, brokerage firm or other nominee as to how to effect the surrender of your "street name" shares of Company common stock in exchange for the per share merger consideration. Please do NOT return your stock certificate(s) with your proxy.

Q.

Will a proxy solicitor be used?

A.

The Company has engaged Innisfree M&A Incorporated to assist in the solicitation of proxies for the special meeting. The Company estimates that it will pay Innisfree M&A Incorporated a fee of approximately \$20,000 in addition to customary charges for each call made to or received from stockholders of the Company. THE SPECIAL MEETING

Time, Place and Purpose of the Special Meeting

This proxy statement is being furnished to our stockholders as part of the solicitation of proxies by our board of directors for use at the special meeting to be held on April 26, 2013 at 2:00 p.m., local time, at 525 University Avenue, Suite 1400, Palo Alto, California 94301, or at any postponement or adjournment thereof. At the special meeting, holders of common stock of the Company, par value \$0.01 per share, which we refer to as Company common stock, will be asked to approve the proposal to adopt the merger agreement, to approve the proposal to adjourn the special meeting, if necessary or appropriate, for the purpose of soliciting additional proxies if there are insufficient votes at the time of the special meeting to approve the proposal to adopt the merger agreement and to approve the proposal to approve, in an advisory (non-binding) vote, the compensation that may be payable to our named executive officers in connection with the merger, which we refer to as the EnergySolutions Advisory (Non-Binding) Proposal on Specified Compensation.

Our stockholders must approve the proposal to adopt the merger agreement in order for the merger to occur. If our stockholders fail to approve the proposal to adopt the merger agreement, the merger will not occur. A copy of the merger agreement is attached as **Annex A** to this proxy statement, and we encourage you to read it carefully in its entirety.

Record Date and Quorum

We have fixed the close of business on February 28, 2013 as the record date for the special meeting, and only holders of record of Company common stock on the record date are entitled to vote at the special meeting. You are entitled to receive notice of, and to vote at, the special meeting if you owned shares of Company common stock at the close of business on the record date. On the record date, there were 91,150,464 shares of Company common stock outstanding and entitled to vote. Each share of Company common stock entitles its holder to one vote on all matters properly coming before the special meeting.

The holders of a majority of the voting power of the issued and outstanding shares of the Company entitled to vote thereat, present in person or represented by proxy, will constitute a quorum for the transaction of business at the special meeting. Shares of Company common stock for which a stockholder directs an "abstention" from voting, as well as "broker non-votes" (as described below), will be counted for purposes of establishing a quorum. A quorum is necessary to transact business at the special meeting. Once a share of Company common stock is represented at the special meeting, it will be counted for the purpose of determining a quorum at the special meeting and any adjournment of the special meeting. However, if a new record date is set for the adjourned special meeting, then a new quorum will have to be established. In the event that a quorum is not present at the special meeting, it is expected that the special meeting will be adjourned or postponed.

Attendance

Only stockholders of record or their duly authorized proxies have the right to attend the special meeting. To gain admittance, you must present valid government-issued photo identification, such as a driver's license or passport. If your shares of Company common stock are held through a bank, brokerage firm or other nominee, please bring to the special meeting a copy of your brokerage statement evidencing your beneficial ownership of Company common stock and valid government-issued photo identification. In addition, if you are a beneficial owner of Company common stock, in order to vote those shares at the special meeting, you must provide a legal proxy from your bank, brokerage firm or other nominee at the special meeting. If you are the representative of a corporate or institutional stockholder, you must present valid government-issued photo identification along with

Table of Contents

proof that you are the representative of such stockholder. Please note that cameras, recording devices and other electronic devices will not be permitted at the special meeting.

Vote Required

Approval of the proposal to adopt the merger agreement requires the affirmative vote of the holders of a majority of the outstanding shares of Company common stock entitled to vote thereon. For the proposal to adopt the merger agreement, you may vote **FOR**, **AGAINST** or **ABSTAIN**. Abstentions will not be counted as votes cast in favor of the proposal to adopt the merger agreement but will count for the purpose of determining whether a quorum is present. **If you fail to submit a proxy or to vote in person at the special meeting, or abstain, it will have the same effect as a vote "AGAINST" the proposal to adopt the merger agreement.**

Approval of the proposal to adjourn the special meeting, if necessary or appropriate, for the purpose of soliciting additional proxies requires the affirmative vote of holders of a majority of the voting power of the issued and outstanding shares of Company common stock entitled to vote thereon, present and voting, in person or represented by proxy on the matter at the special meeting. For the proposal to adjourn the special meeting, if necessary or appropriate, you may vote **FOR**, **AGAINST** or **ABSTAIN**. For purposes of this proposal, abstentions will be counted in tabulating the votes cast and will have the same effect as a vote **"AGAINST"** the proposal. Broker non-votes will not be counted in tabulating the votes cast, and will not have an effect on the proposal to adjourn the special meeting. If you fail to submit a proxy or vote in person at the special meeting, the shares of Company common stock not voted will not be counted in respect of, and will not have an effect on, the proposal to adjourn the special meeting.

Assuming a quorum is present, approval of the EnergySolutions Advisory (Non-Binding) Proposal on Specified Compensation requires the affirmative vote of holders of a majority of the voting power of the issued and outstanding shares of Company common stock entitled to vote thereon, present and voting, in person or represented by proxy on the matter at the special meeting. For the EnergySolutions Advisory (Non-Binding) Proposal on Specified Compensation, you may vote **FOR**, **AGAINST** or **ABSTAIN**. For purposes of this proposal, abstentions will be counted in tabulating the votes cast and will have the same effect as a vote **"AGAINST"** the proposal. Broker non-votes will not be counted in tabulating the votes cast, and will not have an effect on the EnergySolutions Advisory (Non-Binding) Proposal on Specified Compensation. If you fail to submit a proxy or vote in person at the special meeting, the shares of Company common stock not voted will not be counted in respect of, and will not have an effect on, the EnergySolutions Advisory (Non-Binding) Proposal on Specified Compensation.

If your shares of Company common stock are registered directly in your name with our transfer agent, ComputerShare Limited, you are considered, with respect to those shares of Company common stock, the "stockholder of record." This proxy statement and proxy card have been sent directly to you by the Company.

If your shares of Company common stock are held through a bank, brokerage firm or other nominee, you are considered the "beneficial owner" of shares of Company common stock held in street name. In that case, this proxy statement has been forwarded to you by your bank, brokerage firm or other nominee who is considered, with respect to those shares of Company common stock, the stockholder of record. As the beneficial owner, you have the right to direct your bank, brokerage firm or other nominee how to vote your shares by following their instructions for voting.

Under the rules of the NYSE, banks, brokerage firms or other nominees who hold shares in street name for customers have the authority to vote on "routine" proposals when they have not received instructions from beneficial owners. However, banks, brokerage firms or other nominees are precluded from exercising their voting discretion with respect to approving non-routine matters, such as the

Edgar Filing: EnergySolutions, Inc. - Form DEFM14A

Table of Contents

proposal to adopt the merger agreement or the EnergySolutions Advisory (Non-Binding) Proposal, and, as a result, absent specific instructions from the beneficial owner of such shares of Company common stock, banks, brokerage firms or other nominees are not empowered to vote those shares of Company common stock on non-routine matters, which we refer to generally as broker non-votes. Broker non-votes will not be voted on non-routine matters and will not be counted in determining the number of shares necessary for approval of these matters, although they will count for purposes of determining whether a quorum exists. **However, because the approval of the merger agreement requires the approval of a majority of all outstanding shares, a broker non-vote will have the same effect as a vote "AGAINST" that proposal.**

If you are a stockholder of record, you may vote those shares at the special meeting in any of the following ways:

in person you may attend the special meeting and cast your vote there;

by proxy stockholders of record may vote by proxy:

over the Internet the website for Internet voting is on your proxy card;

by using a toll-free telephone number noted on your proxy card; or

by signing and dating the proxy card you receive and returning it in the enclosed prepaid reply envelope.

If you are a beneficial owner, you will receive instructions from your bank, brokerage firm or other nominee that you must follow in order to have your shares of Company common stock voted. Those instructions will identify which of the above choices are available to you in order to have your shares voted. Please note that if you are a beneficial owner and wish to vote those shares in person at the special meeting, you must provide a legal proxy from your bank, brokerage firm or other nominee.

A control number, located on your proxy card, is designed to verify your identity and allow you to vote your shares of Company common stock and to confirm that your voting instructions have been properly recorded when voting over the Internet or by telephone. Please be aware that if you vote over the telephone or Internet, you may incur costs such as telephone and Internet access charges for which you will be responsible.

Please refer to the instructions on your proxy or voting instruction card to determine the deadlines for voting over the Internet or by telephone. If you choose to vote by mailing a proxy card, your proxy card must be filed with our Corporate Secretary by the time the special meeting begins. **Please do not send in your stock certificates with your proxy card.** After the merger is completed, a separate letter of transmittal will be mailed to you that will enable you to receive the per share merger consideration in exchange for your stock certificates.

If you vote by proxy, regardless of the method you choose to vote, the individuals named on the enclosed proxy card, and each of them, with full power of substitution, or your proxies, will vote your shares of Company common stock in the way that you indicate. When completing the Internet or telephone processes or the proxy card, you may specify whether your shares of Company common stock should be voted for or against or to abstain from voting on all, some or none of the specific items of business to come before the special meeting.

Anticipated Date of Completion of the Merger

We are working toward completing the merger as soon as possible. Assuming timely satisfaction of necessary closing conditions, including regulatory approvals and the approval by our stockholders of the proposal to adopt the merger agreement, we anticipate that the merger will be completed between the second and third quarters of 2013.

Rights of Stockholders Who Seek Appraisal

Stockholders are entitled to appraisal rights under the DGCL in connection with the merger. This means that you are entitled to have the fair value of your shares of Company common stock determined by the Delaware Court of Chancery and to receive a payment based on that valuation. The ultimate amount you receive in an appraisal proceeding may be less than, equal to or more than the amount you would have received under the merger agreement.

To exercise your appraisal rights, you must submit a written demand for appraisal to the Company before the vote is taken on the merger agreement and you must not vote in favor of the proposal to adopt the merger agreement. Your failure to follow exactly the procedures specified under the DGCL may result in the loss of your appraisal rights. See "Appraisal Rights" beginning on page 109 and the text of the Delaware appraisal rights statute reproduced in its entirety as **Annex C** to this proxy statement. If you hold your shares of Company common stock through a bank, brokerage firm or other nominee and you wish to exercise appraisal rights, you should consult with your bank, brokerage firm or other nominee to determine the appropriate procedures for the making of a demand for appraisal by your bank, brokerage firm or nominee. In view of the complexity of the DGCL, stockholders who may wish to pursue appraisal rights should consult their legal and financial advisors.

Solicitation of Proxies; Payment of Solicitation Expenses

The Company has engaged Innisfree M&A Incorporated to assist in the solicitation of proxies for the special meeting. The Company will reimburse Innisfree M&A Incorporated for reasonable out-of-pocket expenses and will indemnify Innisfree M&A Incorporated and its affiliates against certain claims, liabilities, losses, damages and expenses. Energy Capital Partners is utilizing Mackenzie Partners, Inc. to advise on proxy solicitation matters and may participate in soliciting proxies for the special meeting from our stockholders and will bear the entire cost of their solicitations, except to the extent that the Company is required to reimburse such costs to Energy Capital Partners Management II, LP or its designee in the circumstances specified in this proxy statement beginning on page 102 under the heading "The Merger Agreement Expenses." The Company may also reimburse brokers, banks and other custodians, nominees and fiduciaries representing beneficial owners of shares of Company common stock for their expenses in forwarding soliciting materials to beneficial owners of Company common stock and in obtaining voting instructions from those owners. Householding

The SEC rules permit us, with your permission (including, in certain circumstances, your implied permission), to send a single proxy statement to any household at which two or more stockholders reside if we believe that they are members of the same family. Each stockholder will continue to receive a separate proxy card. This procedure, known as householding, reduces the volume of duplicate information you receive and helps to reduce our expenses. In order to take advantage of this opportunity, we have delivered only one proxy statement to multiple stockholders who share an

address, unless we received contrary instructions from the impacted stockholders prior to the mailing date. If you prefer to receive separate copies of a proxy statement, either now or in the future, you can request a separate copy of the proxy statement by calling us at (801) 649-2000 or by writing to us at any time at the following address: EnergySolutions, Inc., 423 West 300 South, Suite 200, Salt Lake City, Utah 84101, Attn: Corporate Secretary. THE MERGER

This discussion of the merger is qualified in its entirety by reference to the merger agreement, which is attached to this proxy statement as Annex A. You should read the entire merger agreement carefully as it is the legal document that governs the merger.

General

The merger agreement provides that Merger Sub will merge with and into the Company. The Company will be the surviving corporation in the merger and will continue to do business following the merger. As a result of the merger, the Company will cease to be a publicly traded company. If the merger is completed, you will not own any shares of the capital stock of the surviving corporation.

In the merger, each outstanding share of Company common stock (except for shares of Company common stock held in the treasury of the Company immediately prior to the effective time of the merger, shares owned by Parent, Merger Sub, any affiliates of Parent or any subsidiary of the Company and shares owned by stockholders of the Company who have properly demanded appraisal rights, which we refer to collectively as the excluded shares) will be converted into the right to receive \$3.75 in cash, which amount we refer to as the per share merger consideration, without interest, less any required tax withholding.

Background of the Merger

As part of their ongoing management and oversight of our business, the board of directors and senior management regularly review and discuss the Company's business, strategic direction, performance, risks, opportunities, long range plans, capitalization and debt leverage with a view toward actions that will increase stockholder value. In the course of these discussions, the board and senior management have also discussed and reviewed various strategic alternatives, including our prospects as an independent company, possible reorganizations of our corporate group, strategic partnerships and joint ventures with third parties, equity investments by strategic partners in the Company, refinancing or reducing our debt, asset sales to improve our balance sheet and reduce our leverage ratio and potential acquisitions or business combinations that could complement and enhance the Company's competitive strengths and strategic positions.

On February 4, 2011, Party A and Party B, both private equity groups, jointly contacted our board of directors and management regarding a potential acquisition of the Company. In response, on February 16, 2011, our board of directors formed a special committee to evaluate offers for strategic proposals with the Company. This special committee consisted of directors Steven R. Rogel,

Table of Contents

J. Barnie Beasley, Jr. and David J. Lockwood (who at that point was not our CEO). The members of the special committee were selected based on director independence, ability to commit significant time to the strategic review process, background in strategic transactions (including, among other factors, acquisitions and sales of public companies) and financial expertise.

On March 16, 2011, we and Party A entered into a non-disclosure agreement to allow our management to share non-public information with them to explore possible strategic alternatives for the Company. We entered into a non-disclosure agreement with only Party A, and not with Party B, based on our understanding that under the terms of the non-disclosure agreement, the confidentiality obligations would also apply to Party B in its capacity as a representative of Party A. On March 29, 2011, representatives of Party A and Party B jointly met with our management and the special committee to discuss a potential acquisition of the Company. On April 4, 2011, Party A and Party B jointly approached our board of directors with a non-binding preliminary indication of interest regarding a potential acquisition of the Company at between \$7.50 and \$9.00 per share, subject to satisfactory completion of due diligence. On this date, our common stock closed at a per-share price of \$5.48. In response, our special committee determined to engage a financial advisor in connection with this indication of interest and the Company's strategic review process. After interviewing three investment banking firms, the special committee engaged Goldman, Sachs & Co., who we refer to as Goldman Sachs, as financial advisors, due to its knowledge of the industry and proposed team. The special committee also hired Skadden, Arps, Slate, Meagher & Flom LLP, who we refer to as Skadden Arps, as legal advisors, to advise in connection with this proposal and the Company's strategic review process. The special committee chose Skadden Arps because of its reputation and expertise in the area of strategic review processes, as well as mergers and acquisitions.

On April 18, 2011, at a meeting of the special committee, Goldman Sachs preliminarily reviewed the Company's strategic alternatives, including the proposal from Party A and Party B.

On April 26, 2011, our board of directors held a meeting. At the meeting, our special committee updated the board of directors regarding the indication of interest that the Company had received and notified the board of directors that the special committee had decided to engage Goldman Sachs as a financial advisor in connection with the indication of interest and the Company's strategic review process. Following this engagement, representatives of Goldman Sachs and Party A had discussions regarding timing and process on several occasions.

On May 25, 2011, our board of directors held a meeting. At the meeting, Goldman Sachs presented to our board of directors an update regarding our management's strategic plan and the Company's strategic alternatives. Also on this date, Skadden Arps made a presentation to the board of directors at the request of our special committee, including a review of fiduciary duties and the role of the special committee.

On June 21, 2011, at a meeting of our board of directors, Goldman Sachs reviewed its preliminary financial analysis of the Company.

On July 18, 2011, representatives of Party A and Party B met with our management and representatives of Goldman Sachs regarding a potential acquisition of the Company. Party A and Party B expressed their continued interest and requested further information.

On July 19, 2011, our board of directors held a meeting. At the meeting, the special committee updated our board of directors on the status of the preliminary non-binding indication of interest from Party A and Party B and the meeting between them and our management.

Table of Contents

On July 29, 2011, our board of directors held a meeting. At the meeting, the board of directors, on the recommendation of our special committee, authorized Goldman Sachs to contact Party C, Party D, and Party E, each private equity groups, and Party F, a strategic party. Throughout the process described in this section, the strategic parties we identified and contacted consisted of persons in the nuclear services industry with the financial resources to engage in a potential strategic transaction, and the private equity groups we identified and contacted consisted of groups we believed were interested in and/or with experience in the energy sector and had the financial resources to engage in a potential strategic transaction. Promptly following this meeting, representatives of Goldman Sachs contacted each of Party C, Party D, Party E and Party F to discuss a potential acquisition of the Company. At that time, in order to limit potential disruption to our business, our board of directors elected to only contact Party C, Party D, Party E and Party F and determined not to contact any other parties at that time; however, the scope of the search would be later expanded to include additional parties, as described below.

On August 5, 2011, we entered into non-disclosure agreements with both Party E and Party D in connection with their respective evaluations of a possible strategic transaction with us. On August 9, 2011, we entered into non-disclosure agreements with both Party C and Party F in connection with their respective evaluations of a possible strategic transaction with us.

On August 8, 2011, our special committee held a meeting. At the meeting, our management and representatives of Goldman Sachs updated the special committee on the status of our strategic review process and contacts with potential bidders.

On August 12, 2011, we received a revised, non-binding proposal from Party A and Party B to acquire the Company for \$7.50 to \$8.00 per share, which we understand reflected their view of the Company in light of their ongoing review of our business and the state of the financing market at the time, and which proposal was subject to their satisfactory completion of due diligence. On this date, our common stock closed at a per-share price of \$3.38. After receiving the revised, non-binding proposal from Party A and Party B on August 12, 2011, the Company engaged in negotiations with Parties A and B with respect to a potential transaction. The board of directors did not grant Party A or Party B exclusivity rights because the board of directors felt it was in the best interest of shareholders for the board of directors to be able to engage in discussions with multiple parties. Party A and Party B were not informed of the Company's negotiations with Parties C, D, E and F.

On August 23, 2011, our management and representatives of Goldman Sachs met with representatives of Party C and Party D, and on August 25, 2011, with representatives of Party E, regarding a potential acquisition of the Company.

On August 29, 2011, our special committee held a meeting. At the meeting, our management and representatives of Goldman Sachs updated the special committee on the status of our strategic review process and contacts with potential bidders.

On September 8, 2011, our management and representatives of Goldman Sachs met with representatives of Party F regarding a potential acquisition of the Company.

At the Company's request, Goldman Sachs had asked the four additional potential bidders, Party C, Party D, Party E and Party F, to submit their first round proposals by September 14, 2011, but by September 20, 2011 all four parties notified Goldman Sachs that they had decided not to pursue an acquisition of the Company.

On September 20 and 21, 2011, our board of directors held meetings. Because each of Party C, Party D, Party E and Party F had notified Goldman Sachs that they had decided not to pursue an acquisition of the Company, at the meetings, our board of directors authorized Goldman Sachs to contact two additional potential bidders, Energy Capital Partners and Party G, both private equity groups. The special committee and Goldman Sachs also presented to the board of directors on the

Table of Contents

status of the strategic process and informed the board of directors that Party C, Party D, Party E and Party F had all withdrawn from the process without making a proposal. Our board of directors also discussed strategic alternatives other than a sale of the Company, including alternative financing options and strategic partnerships. The strategic alternatives discussed (other than a sale of the Company) were to be in lieu of a sale of the Company and were not specifically suited to any particular prospective bidder. Representatives of Goldman Sachs contacted Party G on September 23, 2011 and Energy Capital Partners on September 26, 2011. On October 4, 2011, we and Party G, a private equity group, entered into a non-disclosure agreement in connection with their evaluation of a possible strategic transaction with us.

On October 14, 2011, we and Energy Capital Partners II, LLC entered into a non-disclosure agreement in connection with its evaluation of a possible strategic transaction with us.

On October 20, 2011, Party G notified Goldman Sachs that it had decided not to pursue a potential acquisition of the Company after reviewing some initial information regarding the Company due to concerns about the Zion project. Party G, like certain other parties that participated in the strategic process that had executed a non-disclosure agreement with us, was provided with due diligence materials containing information about our business, including information about the Zion project. Party G, like many of the other parties with whom we discussed a potential strategic transaction, identified concerns regarding the Zion project, which are further described in "The Merger Certain Matters Related to the Zion Project" beginning on page 60 of this proxy statement. Also on October 20, 2011, representatives of Goldman Sachs and our management met with representatives of Energy Capital Partners regarding a potential acquisition of the Company.

On November 4, 2011, Energy Capital Partners submitted a preliminary non-binding proposal to acquire the Company for \$5.10 to \$5.60 per share, which was based on the limited information provided to, and the limited due diligence performed by, Energy Capital Partners at that time. The proposal was subject to approval by Energy Capital Partners' investment committee, satisfactory completion of its due diligence and negotiation of acquisition terms. On this date, our common stock closed at a per-share price of \$3.69.

On November 11, 2011, Goldman Sachs notified Energy Capital Partners that, based on its November 4 non-binding proposal, Energy Capital Partners would be invited to pursue further due diligence on the Company. At this time, Parties A, B, C, D, E, F and G had notified us or Goldman Sachs that they would not be interested in further due diligence or pursuing a transaction, and Energy Capital Partners was the only remaining party interested in conducting due diligence. Our management had been conducting ongoing talks with Party H, a strategic party, regarding a potential joint venture in Europe. On November 11, 2011, our management received letters from representatives of Party H and its financial advisor with regard to a non-binding proposal by Party H to invest \$100 million in the Company, to be allocated in an unspecified amount between shares of our common stock as well as warrants having an unspecified strike price significantly in excess of the market price. Party H would also issue to the Company a 50% ownership interest in a subsidiary of Party H. Party H's proposal was made with a view toward establishing a joint venture in Europe to target the local nuclear decommissioning market and was subject to negotiation of transaction structure and pricing terms. Between November 11, 2011 and December 27, 2011, representatives of the Company and Goldman Sachs held discussions with Party H to discuss deal terms.

On November 14, 2011 representatives of Goldman Sachs notified members of our special committee that Party A had indicated to Goldman Sachs that in light of their concerns about the profitability of the Zion project, Party A would not pursue an acquisition of the Company unless another person could be found to acquire the Zion project.

On November 21, 2011, in order to address the concerns raised by Party A and facilitate a potential proposal by Party A, our special committee contacted representatives of Party I, a strategic

Table of Contents

party, to regarding whether Party I would be interested in partnering with Party A on an acquisition of the Company.

From late November 2011 through March 2012, Energy Capital Partners received business unit presentations, participated in on-site visits with the Company, and held frequent discussions with management. During this time frame, Parties A, B, C, D, E, F, G, H and I had each either indicated that they were not interested in further discussions or, in the case of Party H, had not yet made proposals for an acquisition of the Company or requested similar presentations or on-site visits.

On November 30, 2011, our special committee held a meeting. At the meeting, representatives of Goldman Sachs updated the special committee on the status of our strategic review process and contacts with potential bidders. Also on November 30, 2011, our board of directors held a meeting. At the meeting, representatives of Goldman Sachs updated the board of directors on the status of our strategic review process and contacts with potential bidders and updated our board of directors as to the receipt and status of all expressions of interest received since the board of directors' last meeting.

On December 7 and 8, 2011, representatives of Energy Capital Partners met with our management and representatives of Goldman Sachs regarding due diligence about the Company.

In December 2011, representatives of Party J, a private equity group, contacted representatives of Goldman Sachs regarding a potential acquisition of the Company.

On December 23, 2011, the special committee authorized Goldman Sachs to contact Party J regarding a potential strategic transaction with the Company. On January 11, 2012, we and Party J entered into a non-disclosure agreement in connection with their evaluation of a possible strategic transaction with us.

On December 27, 2011, our management summarized in a memorandum to our board of directors the proposal from Party H, which was to invest a total of \$100 million in cash in the Company, consisting of \$50 million to purchase shares of our common stock at approximately \$3.125 per share, and \$50 million to acquire warrants to purchase shares of our common stock, in an amount sufficient to acquire control of the Company and having a strike price of approximately \$7.00 per share and an issue price of approximately \$0.63 per warrant. Party H would also issue to the Company a 50% ownership interest in a subsidiary of Party H. The proposal was subject to ongoing discussion of a number of business, legal, and regulatory concerns and conditions. On this date, our common stock closed at a per-share price of \$3.09.

On January 5 and 6, 2012, our management and representatives of Goldman Sachs met with representatives of Energy Capital Partners regarding due diligence about the Company.

In January 2012, representatives of Party I contacted our management to convey that they would not be interested in partnering with Party A to acquire the Company due to concerns about potential liabilities in connection with the Zion project, which are further described in "The Merger Certain Matters Related to the Zion Project" beginning on page 60 of this proxy statement. Subsequently, Party A conveyed to representatives of Goldman Sachs that they were not prepared to proceed without a partner and accordingly would stop discussions with the Company until and unless a partner who would take on the Zion project materialized.

On January 10, 2012, our special committee held a meeting. At the meeting, our management and representatives of Goldman Sachs updated the special committee on the status of our strategic review process and contacts with potential bidders. The special committee believed that Party H's original proposal could result in significant dilution to our stockholders, and directed management to approach Party H about a potential acquisition of the entire Company. After being contacted by representatives of the Company, Party H indicated that it was not interested in a potential acquisition of the entire Company. In January 2012, representatives of Party H approached our management to discuss its

proposal for a transaction, and shortly thereafter, our management contacted Party H to decline Party H's proposal because of concerns raised by Party H's proposed transaction structure.

On January 23, 2012, our board of directors held a meeting. At the meeting, our special committee and representatives of Goldman Sachs updated the board of directors regarding the status of our strategic review process and the status of all expressions of interest received since the board of directors' last meeting. Representatives of Goldman Sachs informed our board of directors that Party A had effectively withdrawn from the strategic transaction process and could no longer be expected to make a proposal, but that Energy Capital Partners had remained interested and had devoted substantial resources to exploring a potential acquisition of the Company. As of January 23, 2012, only Energy Capital Partners and Party J appeared interested in pursuing a potential acquisition of the Company.

On January 25, 2012, we received an unsolicited call from Party K, a strategic party, regarding a potential strategic transaction. We and Party K entered into a non-disclosure agreement, dated February 17, 2012, in connection with its evaluation of a possible strategic transaction with us.

On January 30, 2012, our management and representatives of Goldman Sachs met with representatives of Party J via telephone regarding a potential acquisition of the Company.

On February 22 and 23, our management met with representatives of Energy Capital Partners and Goldman Sachs regarding due diligence about the Company.

On February 23 and March 13, 2012, our management met with representatives of Party J and Goldman Sachs regarding a potential acquisition of the Company.

On February 29, 2012, our board of directors held a meeting. At the meeting, representatives of Goldman Sachs updated the board of directors on the Company's strategic process, including the extent to which the bidders had received information regarding the Zion project and updated the board of directors on the status of all expressions of interest received since the board of directors' last meeting. We had shared non-public information regarding the Zion project with both of the parties with whom we were discussing a potential transaction at the time, namely Energy Capital Partners and Party J. Although we had contacted Party K, we had not yet had an initial meeting with Party K and therefore we had not yet provided Party K with the opportunity to access any non-public due diligence materials.

Throughout February and March of 2012, Energy Capital Partners continued to conduct due diligence on us and the Zion project in particular. In late March 2012, Energy Capital Partners notified Goldman Sachs that it had identified certain non-cash gains included in the Company's Adjusted EBITDA historical results and forecasts. These non-cash gains related to the asset retirement obligation accounting utilized by the Company for the Zion project under U.S. GAAP. Energy Capital Partners noted that the non-cash gains were in the range of \$18 million - \$28 million per year in each of 2011, 2012, and 2013. Primarily as a result of this, Energy Capital Partners stated it was no longer willing to pay the amount previously proposed in its November 4, 2011 preliminary, non-binding proposal.

On March 5, 2012, Party K, acting through its financial advisor, notified Goldman Sachs that they had determined not to pursue a strategic transaction with us.

On March 23, 2012, our special committee held a meeting. At the meeting, representatives of Goldman Sachs provided the special committee with an update on the strategic transaction process, including that Party J had several follow-up questions regarding the Zion project and indicated that it was struggling to become comfortable with related risks and issues which might lead them to withdraw from the process. Subsequently, Party J told representatives of Goldman Sachs that they had determined not to pursue an acquisition of the Company.

On April 3, 2012, Energy Capital Partners contacted us to notify us that, following its due diligence investigation and in light of its concerns about the asset retirement obligation accounting accruals and potential long-term liabilities of the Zion project in particular, they were not authorized to make any

Table of Contents

offer for the Company at any price at that time and would not make an offer because, among other reasons, in their view, the Company's then-current per share price exceeded Energy Capital Partners' view of the Company's per share value. Specifically, Energy Capital Partners conveyed to Goldman Sachs that its current view of the Company's value was between \$3.50 and \$4.00 per share, assuming that the Zion project would break even and taking into account the asset retirement obligation accounting accruals. On this date, our common stock closed at a per-share price of \$4.79.

On April 12, 2012, our special committee held a meeting. At the meeting, representatives of Goldman Sachs informed the special committee of Energy Capital Partners' view of the Company's per share value and discussed Energy Capital Partners' withdrawal from the process and Energy Capital Partners' expressed reasons for doing so, including operating costs, potential overruns and the amount of money in the nuclear decommissioning trusts associated with the Zion project. In the view of the special committee, the process thus far had failed to produce any actionable proposals, and on the recommendation of the special committee, our board of directors terminated the strategic review process because no other party remained interested and the process was diverting our management's attention and resources away from our business.

The special committee did not hold any further meetings after April 12, 2012. All matters related to the strategic process after that date were done under the supervision and control of our board of directors, and, after December 21, 2012, pursuant to powers delegated to it by our board of directors, by a newly constituted transactions committee.

On April 23, 2012, one of the participants in the then-terminated strategic review process, Party E, expressed interest in re-engaging in discussions regarding a potential acquisition of the Company. However, after these discussions, Party E declined to make a proposal to acquire the Company.

On May 22, 2012, our board of directors held a meeting. At the meeting, in a non-executive session without management or management directors present, Goldman Sachs reviewed with our board of directors the results of the then-terminated strategic review process, including the expressed reasons why potentially interested parties had not made actionable proposals to us. Goldman Sachs noted that many of the bidders expressed concerns about the potential liabilities and risks associated with the Zion project, and following diligence on Zion had withdrawn from the process. The concerns expressed by bidders regarding the Zion project related to the uncertainty regarding the profitability or potential for loss from the Zion project coupled with the unlimited amount of potential liability from the Zion project due to the structure of the project and among other factors, which are further described in "The Merger Certain Matters Related to the Zion Project" beginning on page 60 of this proxy statement.

On May 31, 2012, representatives of Party L, a strategic party, sent to our management a preliminary non-binding indication of interest in a potential strategic transaction involving the Company's business in the United Kingdom and Europe as well as our government group without an indication of price. The non-binding indication of interest was subject to satisfactory completion of due diligence.

On June 5, 2012, the independent members of our board of directors held a meeting. At the meeting, the independent directors discussed possible management changes for the Company, and reviewed the merits and demerits of asking certain members of current management to leave the Company and retaining new management. The independent directors did not reach a definite conclusion as to whether to replace the Company's management. At this meeting, the independent directors discussed compensation matters for both incoming and outgoing members of the Company's management in the event of a change of the Company's management and representatives of a compensation consultant also gave a presentation discussing compensation arrangements for new management in the event of a change of the Company's management.

On June 11, 2012, the Company announced the resignation of its president and chief executive officer, including in his capacity as a director of the Company, and of its chief financial officer. The Company entered into separation agreements with each of these individuals setting forth the terms of their separation from the Company. On June 10, the board of directors appointed the Company's current president and chief executive officer and executive vice president and chief financial officer. Our board of directors determined, after significant deliberation, that the Company needed new leadership in order to position the Company to take advantage of its long-term potential and overcome the challenges it faced. During the board of directors' discussion of requirements for a new CEO and CFO, the board concluded that Mr. Lockwood and Mr. Wood were excellent candidates for the positions due to their extensive experience and professional backgrounds. The Company entered into employment agreements with the new management team setting forth the terms of their employment by the Company. In a publicly broadcast question and answer session, the new management team announced that they were reducing the Company's guidance for the 2012 fiscal year from an adjusted EBITDA (earnings before interest, taxes, depreciation and amortization) range of \$150 million to \$160 million down to a range of \$130 million to \$140 million, and expressed their understanding of and expectation for future profit margins at the Zion project. From this date to the present, senior management of the Company, including David Lockwood, Greg Wood, Mark Morant, John Christian and Alan Parker, acting with the advice and at the direction of our board of directors and the transactions committee, participated in negotiations and discussions with respect to the sale of the Company as whole, and in the proposed sales of the Company's United Kingdom and European business, and its government group. The Company continued to be represented by its advisers Goldman Sachs and Skadden Arps in its discussions with potential acquirers and bidders. On this date, our common stock closed at a per-share price of \$1.62.

In June 2012, the Company directed Goldman Sachs to solicit indications of interest for a potential sale of the Company's business in the United Kingdom and Europe and its government group. This process continued through September 18, 2012, in the case of our business in the United Kingdom and Europe, and November 21, 2012, in the case of our government business, as detailed below, and our management provided extensive due diligence to potential bidders, but ultimately this process did not produce any actionable proposals. In addition to the potential bidders specifically referenced below, at the direction of our board of directors, representatives of Goldman Sachs solicited interest from four strategic parties (including Party K) with respect to the Company's business in the United Kingdom and Europe, and eight strategic parties (including Party K and Party P) with respect to the Company's government group, two of whom had been previously been in contact with Goldman Sachs or the Company during the previous strategic review process. However, none of those discussions progressed beyond that initial approach due to lack of interest on the part of the potential bidders. In addition to a potential sale of our business in the United Kingdom and Europe and our government group, during this time period our board of directors continued to review a number of potential strategic alternatives, including potential partnerships in connection with the Zion project. As noted above, during this time period, none of the discussions with counterparties involved a potential sale of the whole company, and our board of directors had yet not formed a new committee to review a potential sale of the Company.

On June 15, 2012, Standard and Poor's downgraded our credit rating from BB- to B.

On June 19, 2012, representatives of Party L contacted our management about a potential strategic transaction involving the Company's business in the United Kingdom and Europe as well as our government group. On July 10, 2012, we and Party L entered into a non-disclosure agreement in connection with their evaluation of a possible strategic transaction with us. On July 11, 2012 our management and representatives of Goldman Sachs met with representatives of Party L regarding a potential acquisition of our government group and of our business in the United Kingdom and Europe.

On June 22, 2012, our board of directors held a meeting. At the meeting, our management discussed with the board of directors the status of the strategic process related to a possible sale of our

business in the United Kingdom and Europe or our government group. On July 5, 2012, representatives of Goldman Sachs contacted Party M, a strategic party, regarding a possible acquisition of the Company's government group as well as our business in the United Kingdom and Europe. We and Party M entered into a non-disclosure agreement on July 18, 2012 in connection with their evaluation of a possible strategic transaction with us.

In July of 2012, at the direction of our board of directors, representatives of Goldman Sachs contacted Party N and Party O, both strategic parties, regarding a potential acquisition of our government group and of our business in the United Kingdom and Europe. We entered into non-disclosure agreements with each of Party N and Party O in connection with their evaluation of a possible strategic transaction with us, and our management met with each of them regarding a potential acquisition of our government group as well as our business in the United Kingdom and Europe. On July 16, 2012, our management met with representatives of Party N and Goldman Sachs regarding a potential acquisition of our government group and of our business in the United Kingdom and Europe, and although there were initially some follow-up due diligence contacts, Party N did not submit an indication of interest and withdrew from the process.

On July 9, 2012, in connection with discussions about partnering with the Company on the Zion project, the Company and Party P entered into a non-disclosure agreement.

On July 17, 2012, we publicly announced that we were considering the sale of our business in the United Kingdom and Europe. On this date, our common stock closed at a per-share price of \$1.73.

On July 18, 2012, at the direction of our board of directors, representatives of Goldman Sachs contacted Party I about a potential acquisition of our government group. Also on July 18, 2012, representatives of Party M met with our management regarding a potential acquisition of our government group. Party M did not, however, submit an indication of interest. We and Party I entered into a non-disclosure agreement on July 31, 2012 in connection with their evaluation of a possible strategic transaction with us.

On July 20, 2012, representatives of the Company met with Party P to discuss potentially partnering with the Company in connection with the Zion project.

At the meeting, our management updated our board of directors on the status of the strategic process for the potential sale of our business in the United Kingdom and Europe, including the status of all expressions of interest received to date and the timeline. Our board of directors discussed the strategic process at the meeting and concurred with our management's proposals about next steps in the process. On July 25, 2012, Party R, a strategic party, contacted the Company's management about a potential acquisition of our government group.

On July 26, 2012, representatives of the Company met with Party K to discuss potentially partnering with the Company in connection with the Zion project.

On July 26, 2012, pursuant to the terms of the Company's Phantom Performance Share Unit Award Agreement with Mr. Lockwood, which we refer to as the PPSU Agreement, Mr. Lockwood purchased 884,614 shares of the Company's common stock for a total purchase price of \$1,496,513.80. The PPSU Agreement required Mr. Lockwood to purchase \$3,000,000 worth of shares of the Company's common stock within 90 days of entering into the PPSU Agreement, but the maximum amount of such purchased shares could not exceed 0.99% of the total number of shares of Company common stock then outstanding. Based on the number of shares of Company common stock outstanding at the time that Mr. Lockwood made his purchase, Mr. Lockwood could purchase only 884,614 shares in compliance with the PPSU Agreement.

In August 2012, representatives of the Company met twice with Party M and once with Party Q to discuss potentially partnering with the Company in connection with the Zion project.

On August 1, 2012, in connection with discussions about partnering with the Company on the Zion project, the Company and Party R entered into a non-disclosure agreement.

On August 3, 2012, our board of directors held a meeting. At the meeting, representatives of Goldman Sachs updated the board of directors on the status of the strategic process for a potential sale of our business in the United Kingdom and Europe, including the status of all expressions of interest received since the board of directors' previous meeting and the timeline and non-disclosure agreements then in place, as well as the status of the strategic process for our government group and the status of all expressions of interest received to date. At this meeting, in order to assist our board of directors in evaluating expressions of interest received for our business in the United Kingdom and Europe, representatives of Goldman Sachs reviewed their preliminary financial analysis of our business in the United Kingdom and Europe, including illustrative discounted cash flow analyses performed using projections provided by our management for various alternative scenarios related to whether we decided to re-bid on the Magnox contract and whether we would be successful in such a re-bid.

On August 6, 2012, in connection with discussions about partnering with the Company on the Zion project, the Company and Party S entered into a non-disclosure agreement. On August 8, representatives of the Company met with Party S to discuss potentially partnering with the Company in connection with the Zion project.

On August 9, 2012, at the direction of our board of directors, representatives of Goldman Sachs contacted Party T, a strategic party, to discuss a possible acquisition of the Company's government group. We and Party T entered into a non-disclosure agreement dated September 6, 2012 in connection with their evaluation of a possible strategic transaction with us.

On August 9, 2012, representatives of the Company met with Party I to discuss potentially partnering with the Company in connection with the Zion project.

On August 14, 2012, Party O submitted a non-binding preliminary indication of interest of \$76 million for the Company's business in the United Kingdom and Europe. Also on this date, our management and representatives of Goldman Sachs met with representatives of Party I regarding a potential acquisition of our government group. Although we had set August 14, 2012 as the deadline for submission of indications of interest with respect to our business in the United Kingdom and Europe, the other parties who were participating in that process did not submit a non-binding preliminary indication of interest at that time.

On August 16, 2012, representatives of Party R met with our management and representatives of Goldman Sachs regarding a potential acquisition of our government group. However, Party R did not make any actionable proposal to the Company.

On August 21, 2012, Party M submitted a non-binding preliminary indication of interest, without a price attached to the proposal, with respect to our business in the United Kingdom and Europe, our government group and the Zion project. Our board of directors was promptly informed of this proposal and, following review and consideration of this proposal, determined not to proceed with this proposal because it did not compare favorably with the other non-binding preliminary indications of interest that we had received at the time.

In early August 2012, Party U, a private equity group, contacted our management to express interest in exploring a potential transaction, but Party U's expression of interest did not contain a price.

Our board of directors was promptly informed of this proposal. On August 23, 2012, at the direction of our board of directors, representatives of Goldman Sachs contacted Party U about a potential acquisition of our government group. We and Party U entered into a non-disclosure agreement, dated August 28, 2012, in connection with Party U's evaluation of a possible strategic transaction with us.

On August 24, 2012, our management updated our board of directors on the status of our strategic process for the potential sale of our business in the United Kingdom and Europe, including the status of all expressions of interest received since the board of directors' previous meeting and the timing of potential proposals, and the potential sale of our government group, including the status of all expressions of interest received since the board of directors' previous meeting.

On August 28, 2012, Party O submitted a revised proposal of \$55 million for the Company's business in the United Kingdom and Europe. Our board of directors was promptly informed of this proposal. Our board of directors reviewed Party O's proposal, taking into consideration a variety of factors, including the financial analysis previously presented by Goldman Sachs and our board of directors' view of the likelihood of a successful rebid on the Magnox contract, determined that Party O's revised proposal reflected inadequate value for the Company's business in the United Kingdom and Europe. Our board of directors directed Goldman Sachs to convey to Party O that the Company would not be interested in a transaction at this price, but would be interested at a higher price. However, Party O was unable to make an actionable proposal at a price that our board of directors believed was worth pursuing for the transaction.

On August 30, 2012 representatives of the Company met with Party K to discuss potentially partnering with the Company in connection with the Zion project.

On September 4, 2012, representatives of Party U met with the Company's management and representatives of Goldman Sachs regarding a potential acquisition of the Company's government group.

On September 11, 2012, representatives of Party O contacted Goldman Sachs to convey that they would not be interested in an acquisition of the Company's government group.

On September 16, 2012, Party L submitted a non-binding preliminary indication of interest of \$55 million for the Company's business in the United Kingdom and Europe. Party L's proposal was conditioned on Party M and Party N entering into a partnering arrangement with Party L; however, Party N had indicated it was not interested in such an arrangement. Since, in the view of our board of directors, this indication of interest reflected inadequate value for the Company's business in the United Kingdom and Europe based on a variety of factors, including the financial analysis previously presented to our board of directors by representatives of Goldman Sachs, our board of directors' view of the likelihood of a successful rebid on the Magnox contract and Party N's stated unwillingness to enter into a partnering arrangement with Party L, our board of directors directed Goldman Sachs to convey to Party L that the Company would not be interested in a transaction at this price, but would be interested at a higher price. However, Party L was unable to make an actionable proposal at a price that our board of directors believed was worth pursuing for the transaction. Party L declined to make a proposal for our government group. Also, on September 17, 2012, Party U submitted a non-binding preliminary indication of interest of \$80 million to \$105 million for the Company's government group, and Party I submitted a non-binding preliminary indication of interest of \$75 million for acquisition of the Company's government group. Our board of directors was informed of these proposals and reviewed their terms with input from its advisers.

On September 18 and 19, 2012, our board of directors held meetings. At the meetings, representatives of Goldman Sachs updated the board of directors regarding the processes to sell the Company's government group and business in the United Kingdom and Europe, including the status of all expressions of interest received since the board of directors' previous meeting. Also, our

Table of Contents

management provided a financial update, including a discussion of the effects of any sale of our business in the United Kingdom and Europe or any sale of our government group on our obligations with respect to our outstanding debt's covenants. On this date, our common stock closed at a per-share price of \$2.89. Management also provided our board of directors with an overview of management's proposed plan to restructure the business in an attempt to address the Company's financial trends, including its historical decrease in operating income, increase in expenses, credit ratings downgrades and other concerns. This plan included the following elements: sell the Company's government group and its United Kingdom and Europe business; improve operating efficiencies; reduce employee headcount; decrease sales, general and administrative expenses; sell or restructure the Zion project; and invest for growth. To demonstrate the potential effect of success or failure of these initiatives, management provided an illustrative matrix to our board of directors showing that the potential per-share stock price of the Company could range from \$1.33 to \$13.00 if the Company's EBITDA were between \$75 million and \$150 million, assuming a valuation multiple of between 6.0x and 10.0x EBITDA, \$330 million of debt and 90 million shares outstanding.

On September 20, 2012, representatives of Party K contacted our management regarding a proposal to acquire the Zion project. Party K's proposal to acquire the Zion project was oral and did not set forth a price. Also on September 20, 2012, Party L submitted a non-binding preliminary indication of interest of \$72 million for the Company's government group business. The non-binding indication of interest was subject to satisfactory completion of due diligence and certain other customary conditions. Our board of directors was promptly informed of this proposal. Because Party L's indication of interest reflected a lower valuation of our government group's business than Party U's September 17, 2012 indication of interest and because Party U had indicated that unless it was granted exclusivity, it would be unwilling to perform due diligence or otherwise commit the time and resources necessary to explore a potential acquisition of our government group, our board of directors did not pursue a transaction with respect to our government group with Party L.

On September 25, 2012, Energy Capital Partners, who had seen our July 17, 2012 public announcement that we were considering the sale of our business in the United Kingdom and Europe, contacted representatives from Goldman Sachs to request a meeting with our management to discuss potential strategic transactions.

On September 25, 2012, representatives of the Company met with Party R to discuss potentially partnering with the Company in connection with the Zion project. However, discussions with Party P did not result in any actionable proposals.

On September 26, 2012, representatives of Party T met with our management and representatives of Goldman Sachs regarding a possible acquisition of our government group. However, Party T declined to submit a proposal for such an acquisition.

On October 2, 2012, our management met with representatives of Energy Capital Partners and resumed discussions with Energy Capital Partners regarding a potential acquisition of the Company.

On or around October 4, 2012, Party A requested that we provide Party A with permission to contact Party I in connection with partnering on a potential acquisition of the Company, because Party A was not interested in exploring a potential acquisition of the Company unless a third party could be found to acquire the Zion project. On October 4, 2012, Party I declined to move forward with a transaction with the Company following its due diligence, expressing concern about the transferability of certain of our agreements with respect to our operations at the Hanford nuclear reservation. On October 5, 2012, we authorized Party A to contact Party I. On October 5 and 6, 2011, representatives of our management and Goldman Sachs met with representatives of Party A regarding a potential acquisition of the Company.

However, Party Q informed our management they were not interested in pursuing a potential partnership with respect to the Zion project.

From September 17, 2012 until October 9, 2012, Party U and representatives of the Company negotiated the terms of an exclusivity period in connection with a potential acquisition of our government group. On October 9, 2012, we granted Party U a 60-day exclusivity period to pursue a potential acquisition of the Company's government group; however, this did not prohibit us from exploring a sale of the Company.

On October 18, 2012, our management met with representatives of Energy Capital Partners to discuss potential strategic transactions. Energy Capital Partners indicated that it was interested in acquiring the entire Company.

On October 19, 2012, Moody's downgraded our credit rating from B3 to Caa1.

During October of 2012, representatives of Goldman Sachs contacted Party I regarding a potential acquisition of the Zion project. On October 5, 2012, the Company permitted Party I to contact Party A regarding partnering on a potential acquisition of the Company. Subsequently, representatives of Goldman Sachs contacted representatives of Party A regarding a potential acquisition of the Company in partnership with Party I. However, representatives of Party A notified representatives of the Goldman Sachs that Party A was not interested in pursuing a transaction with the Company. Also during October of 2012, representatives of Party I notified representatives of the Goldman Sachs that Party I was not interested in pursuing a transaction with the Company due to concerns about liabilities in connection with the Zion project, which are further described in "The Merger Certain Matters Related to the Zion Project" beginning on page 60 of this proxy statement.

In November 2012, Party K informed our management that it was not interested in pursuing a potential partnership with respect to the Zion project.

On November 2, 2012, the Company authorized Party K to contact certain counterparties regarding a potential acquisition of the Zion project.

On November 8, 2012, the Company's management announced the Company's results for the third quarter of 2012 and reaffirmed its guidance of \$130 million to \$140 million in adjusted EBITDA for 2012. On this date, our common stock closed at a per-share price of \$3.13.

On November 12, 2012, the Company attempted to address Party K's stated concerns regarding potential residual liabilities to Party K resulting from any potential future bankruptcy of the Company. The Company also sought to explore the possibility of Party K partnering with another bidder with respect to Party K's proposal to acquire Zion. However, Party K declined to proceed with a potential transaction with the Company due to internal issues of Party K.

On several occasions in mid-November 2012, our management met with representatives of Energy Capital Partners regarding due diligence about the Company.

On November 21, 2012, Party R notified representatives of Goldman Sachs that it would allow exclusivity to expire with respect to the acquisition of our government group and declined to pursue an acquisition of the government group. Party R conveyed to us its concern about our government group's growth potential in the near future. During November, at the direction of our board of directors, representatives of Goldman Sachs discussed a potential acquisition of the Company as a whole with

representatives of Party R. After internal discussions, representatives of Party R notified Goldman Sachs that they would not be interested.

On December 4, 2012, the Company received a non-binding indication of interest for a purchase of the Company from Energy Capital Partners at a price of \$3.75 per share, which included a requirement from Energy Capital Partners that the Company enter into an agreement to negotiate on an exclusive basis for a period of 45 days. On this date, our common stock closed at a per-share price of \$3.29.

On December 5, 2012, Goldman Sachs presented to our board of directors an overview of the Company's strategic evaluation process to date, including a discussion of Energy Capital Partners' December 4, 2012 non-binding proposal to purchase the Company. Our board of directors at this meeting determined that because the strategic process to date had not resulted in any actionable proposals for the sale of the Company, of our business in the United Kingdom and Europe or of our government group, and because Energy Capital Partners would not expend the significant resources necessary to perform due diligence and negotiate a definitive agreement absent exclusivity, the board of directors would authorize and direct the Company to enter into the exclusivity agreement. On December 5, 2012, our board of directors also directed our CEO, Mr. Lockwood, and other members of management to refrain from discussions with Energy Capital Partners regarding compensation and/or the rollover of equity, until our board of directors grants them permission to do so. On December 11, 2012, we granted Energy Capital Partners exclusivity for 45 days to negotiate a potential acquisition of the Company as a whole. On this date, our common stock closed at a per-share price of \$3.10.

In December 2012 and January 2013, Energy Capital Partners received business unit presentations, participated in on-site visits with the Company and held frequent discussions with our management. On December 18, 2012, representatives of Energy Capital Partners and our management participated in meetings with potential financing sources of Energy Capital Partners and presented to Energy Capital Partners and its potential financing sources management's projections described as Case 1 under "The Merger Certain Company Forecasts" beginning on page 57 of this proxy statement.

On December 20, 2012, Latham & Watkins LLP, legal counsel to Energy Capital Partners, who we refer to as Latham & Watkins, delivered an initial draft of a proposed merger agreement to Skadden Arps. Between that date and January 7, 2012, Latham & Watkins and Skadden Arps had numerous discussions to negotiate the terms of the merger agreement.

On December 21, 2012, the board of directors held a meeting to discuss the transaction process with Energy Capital Partners. Goldman Sachs provided an update on the current status of discussions with Energy Capital Partners, discussing Energy Capital Partners' progress in its due diligence review and discussions with Energy Capital Partners' financing sources. Our management then presented its financial projections described as Case 1 under "The Merger Certain Company Forecasts" beginning on page 57 of this proxy statement to the board of directors and described in detail the assumptions underlying those projections. At this meeting, representatives of Skadden Arps led the board of directors in a discussion of the board of directors' fiduciary duties in connection with the negotiation of a definitive agreement with Energy Capital Partners, and establishing a transactions committee to review and negotiate terms of a potential sale. The board of directors then established a transactions committee to oversee the negotiations with Energy Capital Partners and to provide a recommendation to our board of directors regarding the proposed transaction. The transactions committee was formed because the board of directors felt that Energy Capital Partners' offer and the depth and breadth of due diligence Energy Capital Partners was conducting indicated that it was serious in pursuing an acquisition of the Company. The transactions committee consisted of directors Messrs. J.I. ("Chip") Everest II, J. Bernie Beasley Jr., Robert A. Whitman, David B. Winder and Steven R. Rogel. The members of the transactions committee were selected based on director independence, ability to

commit significant time to the strategic review process, background in strategic transactions (including, among other factors, acquisitions and sales of public companies) and financial expertise.

On December 24, 2012, Skadden Arps delivered a revised draft of a proposed merger agreement to Latham & Watkins.

On December 29, 2012, Latham & Watkins delivered a revised draft of a proposed merger agreement to Skadden Arps.

On January 2, 2013, our board of directors' compensation committee recommended to our board of directors that the terms of the potential transaction with Energy Capital Partners include a provision allowing the compensation committee discretion to grant an amount of compensation conditioned upon successfully completing that transaction. This recommendation of the compensation committee was based on the compensation committee's belief that the additional compensation would benefit the Company by enhancing our ability to retain and motivate key members of management through the completion of the transaction and the compensation committee's desire to resolve potential discrepancies between the intended and actual compensation of our CEO and CFO, including with respect to certain tax effects under Section 280G of the US Internal Revenue Code, upon consummation of the transaction. This additional compensation ultimately granted to members of our senior management is described in this proxy statement under the heading "Interests of Certain Persons in the Merger Retention Agreements" beginning on page 68 of this proxy statement.

On January 3, 2013, Skadden Arps delivered a revised draft of a proposed merger agreement to Latham & Watkins.

On January 3, 2013, the transactions committee held a meeting to review the terms of Energy Capital Partners' proposal. Representatives of Goldman Sachs reviewed its financial analysis of Energy Capital Partners' proposal. Our management led a discussion of the key assumptions and variables affecting its financial projections. Representatives of Skadden Arps provided information on the merger agreement's terms. The transactions committee then discussed Energy Capital Partners' proposal. In light of the transactions committee's view of the execution risk and most likely outcome in a number of areas, the transactions committee directed management to change its projections to reflect the transactions committee's views on certain key assumptions. These projections are described as Case 2 under "The Merger Certain Company Forecasts" beginning on page 57 of this proxy statement.

On January 5, 2013, Latham & Watkins delivered a revised draft of a proposed merger agreement to Skadden Arps.

Because our board of directors felt obligated to seek the best value reasonably available for our stockholders and wanted to test the upper limits of the value that Energy Capital Partners was prepared to pay, shortly after the January 5 board meeting, at the direction of our board of directors, representatives of Goldman Sachs contacted Energy Capital Partners to inform them that the independent directors of the board had requested that Energy Capital Partners increase its proposed purchase price to at least \$4.00 per share. Energy Capital Partners responded that it could not support a price above the previously indicated \$3.75 price per share.

On January 5, 2013, the transactions committee held another meeting. A representative of Skadden Arps reviewed the fiduciary duties of the members of the transactions committee in connection with the proposed transaction with Energy Capital Partners and reviewed the material terms of the proposed merger agreement. Representatives of Goldman Sachs discussed the financial terms of the proposed transaction with Energy Capital Partners and reviewed Goldman Sachs' preliminary financial analysis of the proposed transaction. At this meeting the independent directors of the transactions committee held an executive session, without management present, at which they also discussed, among other topics, the reasons for supporting entry into the proposed merger with Energy

Table of Contents

Capital Partners and approved resolutions recommending that the board of directors approve entry into the merger agreement and the merger.

On January 6, 2013, the board of directors held a meeting to discuss the status of the proposed transaction with Energy Capital Partners. Skadden Arps reviewed the board's fiduciary duties in connection with the consideration of the proposed transaction and reviewed the proposed resolutions to be considered by the board. Representatives of Goldman Sachs reviewed their financial analyses of the proposed transaction. Mr. Rogel, on behalf of the transactions committee, described to the other members of the board of directors the recommendation of the transactions committee and the reasons behind its decision to recommend that the board of directors approve the proposed transaction with Energy Capital Partners. The board then considered and discussed various factors that favored approval of the proposed merger, including factors summarized in "The Merger Reasons for the Merger; Recommendation of the Board of Directors" below. The independent directors also held an executive session, without management present, to discuss the proposed transaction and the process by which the transaction was developed.

Prior to January 6, 2013, our board of directors had directed our management not to discuss their own employment and compensation matters with Energy Capital Partners. On January 6, 2013, representatives of Latham & Watkins asked representatives of Skadden Arps to request that our board of directors allow Energy Capital Partners to discuss certain employment and compensation matters with our management. At the direction of our board of directors, this request to allow employment and compensation discussions was denied by Skadden Arps.

On January 6 and 7, 2013, Skadden Arps delivered several revised drafts of the proposed merger agreement to Latham & Watkins.

On January 7, 2013, the board of directors held a meeting. Representatives of Goldman Sachs then presented Goldman Sachs' financial analyses of the \$3.75 per share in cash to be paid to the holders (other than Parent and its affiliates) of shares of Company common stock pursuant to the merger agreement to the Company's board of directors and orally rendered its opinion, which was confirmed by delivery of a written opinion dated January 7, 2013, to the effect that, as of January 7, 2013, and based on and subject to factors and assumptions set forth therein, the \$3.75 per share in cash to be paid to the holders (other than Parent and its affiliates) of shares of Company common stock pursuant to the merger agreement was fair from a financial point of view to the holders (other than Parent and its affiliates) of the shares of Company common stock. After further discussion, the board of directors, having determined that the terms of the merger agreement and the transactions contemplated thereby, including the merger, were fair to and in the best interests of the stockholders of the Company, unanimously approved and declared advisable the merger agreement and the transactions contemplated thereby, including the merger, directed that the merger agreement be submitted to our stockholders for adoption and approval, and recommended that stockholders vote in favor of the adoption and approval of the merger agreement and the transactions contemplated thereby, including the merger.

Following the approval of the merger agreement by our board of directors, the Company, Parent and Merger Sub executed and delivered the merger agreement on January 7, 2013. The Company issued a press release announcing the execution of the merger agreement on that day before the open of trading in the Company's common stock. From the date of the original indication of interest on April 4, 2011 through the signing of the merger agreement, the Company's common stock closed at prices ranging from \$1.51 to \$5.77 per share. On January 4, 2013, the last trading day before announcement of the transaction, our common stock closed at a per-share price of \$3.44.

Except for the non-disclosure agreements we entered into with Party P and Party Q, each non-disclosure agreement we entered into as described above in this section contained a standstill provision, which we refer to as a standstill, preventing, for a period of 12 months, the potential bidder from taking action to seek control of the Company including by making a proposal to acquire the

Company. Except for the non-disclosure agreements we entered into with Party P and Party Q, each non-disclosure agreement also contained a provision making clear that we reserved the right, in our sole discretion, to conduct any process we deemed appropriate with respect to any proposed transaction involving the Company. The provisions combined were designed to provide our board of directors with control over the process of soliciting acquisition proposals for the Company and to maximize the value of such proposals in such process. In addition, except for the non-disclosure agreements we entered into with Party P and Party Q, which did not contain a standstill, each non-disclosure agreement contained a provision stating that a potential bidder was not permitted to ask for a waiver of the standstill, which we refer to as a no-ask, no-waiver provision, for 12 months, except that for Party E, Party F, Party G and Party T, this period lasted for 24 months. The no-ask, no-waiver provision was intended to prevent a situation where a potential bidder might avoid complying with the processes determined by our board of directors by seeking a waiver and forcing a premature public disclosure of the Company's strategic review process. In addition, the merger agreement with Energy Capital Partners explicitly provides that we may waive all standstill provisions solely in order to allow a counterparty to make a non-public proposal during the "go shop" period to acquire the company. This provision allowed Goldman Sachs to solicit competing proposals from all parties subject to such standstill provisions and allowed all such parties to make competing proposals without violation of the standstill provisions. Following the execution of the merger agreement, Party E, Party F, Party G, Party O, Party S, Party T and Party U would have otherwise been contractually prohibited from requesting a waiver from the standstill in order to present a proposal to acquire the Company that might constitute a superior proposal under the merger agreement. During the "go shop" period from January 7 to February 6, 2013, in order to seek interest in alternative proposals, Goldman Sachs contacted a number of parties on the Company's behalf as described in the below paragraph, including each of the parties then subject to a no-ask, no-waiver provision.

As permitted by the terms of the merger agreement, the Company, with the assistance of Goldman Sachs, commenced an additional solicitation process to seek alternative proposals during the "go shop" period from January 7 to February 6, 2013, which alternative proposals could have included a sale of all or part of the Company's outstanding common stock or assets. During the "go shop" period, two private equity groups contacted representatives of Goldman Sachs, and, at the direction of the board of directors, Goldman Sachs contacted 22 parties, consisting of Party A, Party C, Party D, Party E, Party F, Party G, Party I, Party J, Party L, Party M, Party O, Party P, Party Q, Party S, Party T, Party U, two strategic parties who had been contacted in connection with the potential sale of our United Kingdom and European business and two strategic parties who had been contacted in connection with a potential sale of both our United Kingdom and European business and our government group, and one party that we had not previously contacted. In total, of the 24 parties who were contacted by or who contacted representatives of Goldman Sachs during the "go shop" period, 15 were strategic parties and 9 were private equity groups. One private equity group entered into a non-disclosure agreement in connection with its evaluation of a possible strategic transaction with us, but each party contacted, including the private equity group that entered into a non-disclosure agreement with us during the "go shop" period, notified the Company that it would not be interested in pursuing a strategic transaction with the Company, leaving the Company with no actionable proposals other than the proposed transaction with Energy Capital Partners at the conclusion of a process spanning more than 22 months.

In January of 2013, we filed all required applications requesting consent to the indirect transfer of control of the Company's NRC and State radiological licenses and permits from the NRC and the States of Connecticut, Ohio, South Carolina, Tennessee and Utah.

On January 9, 2013, the Compensation Committee of our Board of Directors approved retention awards for David Lockwood, Greg Wood, John Christian, Mark Morant and Alan Parker, which will be

paid upon and subject to the closing of the merger and the aforementioned persons' employment with us through the date of the closing of the merger.

On January 14, 2013, we submitted a draft application to the NDA for its prior written consent to the proposed change in control of EnergySolutions EU Limited. Following initial feedback from the NDA, we submitted the formal consent application on January 21, 2013. The NDA, in a letter dated January 24, 2013, gave its consent to the change in control of EnergySolutions EU Limited.

On January 22, 2013, each of the Company and Parent filed a notification and report form pursuant to the HSR Act with the FTC and the DOJ and each requested early termination of the waiting period. The request for early termination of the waiting period was granted and became effective on February 1, 2013.

On February 11, 2013, we announced that we had substantially completed the restructuring plan to reduce our operating costs and improve profitably that was announced in October 2012.

On February 15, 2013, we entered into an amendment and consent and waiver to our credit agreement, which we refer to as the loan amendments, with the lenders party to the credit agreement and JP Morgan Chase Bank, N.A., as the administrative and collateral agent. As a result of our entry into the loan amendments, the debt commitment letter automatically terminated. In connection with the loan amendments, we also entered into a reimbursement agreement with Parent and Merger Sub on February 15, 2013, pursuant to which Parent will reimburse us for (i) certain fees, costs, expenses or disbursements, if and to the extent paid by or on behalf of us, payable in connection with the loan amendments and (ii) certain fees, costs, expenses or disbursements, if and to the extent paid by or on behalf of us, that would otherwise be payable by Parent under a fee letter entered into with Morgan Stanley Senior Funding, Inc., dated January 7, 2013, subject to offset in certain circumstances.

Reasons for the Merger; Recommendation of the Board of Directors

Our board of directors, which we refer to as the board of directors, at a meeting held on January 7, 2013, unanimously determined that the proposed merger was advisable, fair to, and in the best interests of, the stockholders of the Company, unanimously approved the merger agreement and the transactions contemplated thereby, including the merger, directed that the merger agreement be submitted to our stockholders for adoption and approval, and unanimously recommended that our stockholders vote in favor of the adoption and approval of the merger agreement.

In evaluating the merger agreement, the merger and the other transactions contemplated by the merger agreement, our board of directors consulted with our senior management team, as well as our outside legal and financial advisors, and considered a number of factors, including the following material factors:

that the proposed price of \$3.75 per share to be paid in the proposed merger represented a significant premium to the recent trading price of the Company's common stock;

the opinion delivered by Goldman Sachs to the Company's board of directors and the transactions committee that, as of January 7, 2013 and based upon and subject to the factors and assumptions set forth therein, the \$3.75 per share in cash to be paid to holders (other than Parent and its affiliates) of shares of Company common stock pursuant to the merger agreement was fair from a financial point of view to such holders;

the fact that the consideration to be paid in the proposed merger was all cash with financing commitments;

the relative certainty of completion of the proposed merger;

the financial condition and prospects of the Company;

Table of Contents

the leverage and credit constraints currently imposed on the Company and associated impact on our customers' views of transacting business with us and our growth opportunities;

the belief that the debt commitment letter represents a strong commitment on the part of the commitment parties thereto with few conditions that would permit the commitment parties to terminate their respective commitments, together with the Company's ability, under certain circumstances pursuant to the merger agreement, to enforce specifically the terms of the merger agreement, including obligations to pursue enforcement of debt financing commitments;

the belief that the equity commitment letter represents a strong commitment on the part of guarantor and the other affiliates of Energy Capital Partners party thereto with few conditions that would permit them to terminate their respective commitments, together with the Company's ability, under certain circumstances pursuant to the merger agreement and the equity commitment letter, to seek specific performance of the obligations of the parties thereto;

the fact that the merger agreement provides that, in the event of a failure of the merger to be consummated under certain circumstances where the conditions to consummation of the merger have been satisfied, Parent will pay us the Parent termination fee, without our having to establish any damages, and the guarantor's guarantee of such payment obligation pursuant to the limited guarantee;

the level of effort that Parent and Merger Sub must use under the merger agreement to obtain the proceeds of the financings on the terms and conditions described in the applicable commitment letter, including using their reasonable best efforts to enforce their rights under the agreements relating to the financing in the event that any of the financing sources decline to provide any portion of the financing;

the current economic conditions and market uncertainties and increased competition in recent years from a number of players in the nuclear services industry;

the fact that the Company had engaged in an extensive process regarding a sale of all or part of the Company since April 2011, with no other actionable proposals being made in that period;

the degree of dilution of the Company common stock that would have been required for the Company to deleverage its balance sheet on its own through a recapitalization or similar transaction;

the fact that the end date under the merger agreement allows for sufficient time to complete the merger;

our board of directors' review of the potential costs associated with executing the merger agreement, including change in control severance and related costs, as well as estimated advisor fees, which our board of directors concluded were reasonable and would not affect the advice from, or the work performed by, senior management of the Company or the Company's financial advisor in connection with the evaluation of the merger and the merger agreement by our board of directors;

the potential that the Company's restricted cash in projects, including the Zion project, would or would not ultimately be returned to the Company, the financial and operating commitments of the Company to such projects and the profitability of such projects;

Edgar Filing: EnergySolutions, Inc. - Form DEFM14A

the terms of the proposed merger, including the existence of a "fiduciary out" and our board of directors' ability to accept a superior proposal subject to a termination fee;

the existence of a "go-shop" period which allowed the Company to seek, and interested parties to submit, acquisition proposals during the 30-day period following execution of the merger agreement; and

Table of Contents

the availability of appraisal rights for holders of Company common stock who do not vote in favor of the proposed merger.

The board of directors also considered a variety of potentially negative factors in its deliberations concerning the merger agreement and the merger, including the following (not in any relative order of importance):

the fact that the Company's stockholders would lose the ability to participate in future growth of the Company;

the risk that the proposed merger might not be completed, including due to failure to obtain the required regulatory approvals before the date on which Parent may terminate the transaction or failure of the loan amendments to be entered into and failure of the debt financing to be consummated;

the fact that a taxable transaction was contemplated;

the announcement and pendency of the merger, or failure to complete the merger, may cause substantial harm to relationships with the Company's employees, vendors and customers and may divert management and employee attention away from the day-to-day operation of our business;

the restrictions on the Company's conduct of business between signing and closing;

the payment of a termination fee and/or expense reimbursement upon certain circumstances (including upon the Company's termination of the merger agreement and acceptance of a superior proposal).

The foregoing discussion of the information and factors considered by our board of directors is not intended to be exhaustive, but includes the material factors considered by our board of directors. In view of the variety of factors considered in connection with its evaluation of the merger, our board of directors did not find it practicable to, and did not, quantify or otherwise assign relative weights to the specific factors considered in reaching its determination and recommendation. In addition, individual directors may have given different weights to different factors. The board of directors did not undertake to make any specific determination as to whether any factor, or any particular aspect of any factor, supported or did not support its ultimate determination. The board of directors based its recommendation on the totality of the information presented.

In considering the recommendation of our board of directors with respect to the proposal to adopt the merger agreement, you should be aware that our directors and executive officers have interests in the merger that are different from, or in addition to, yours. The board of directors was aware of and considered these interests, among other matters, in evaluating and negotiating the merger agreement and the merger, and in recommending that the merger agreement be adopted by the stockholders of the Company. See the section entitled "The Merger Interests of Certain Persons in the Merger" beginning on page 66.

The board of directors unanimously recommends that you vote "FOR" the proposal to adopt the merger agreement, "FOR" the proposal to adjourn the special meeting, if necessary or appropriate, to solicit additional proxies and "FOR" the EnergySolutions Advisory (Non-Binding) Proposal on Specified Compensation.

Opinion of Goldman, Sachs & Co.

Goldman Sachs delivered its opinion to the Company's board of directors and the transactions committee that, as of January 7, 2013 and based upon and subject to the factors and assumptions set forth therein, the \$3.75 per share in cash to be paid to holders (other than Parent and its affiliates) of

Table of Contents

shares of Company common stock pursuant to the merger agreement was fair from a financial point of view to such holders.

The full text of the written opinion of Goldman Sachs, dated January 7, 2013, which sets forth assumptions made, procedures followed, matters considered and limitations on the review undertaken in connection with the opinion, is attached as Annex B. Goldman Sachs provided its opinion for the information and assistance of the Company's board of directors and the transactions committee in connection with their consideration of the merger. The Goldman Sachs opinion does not constitute a recommendation as to how any holder of Company common stock should vote with respect to the merger or any other matter.

In connection with rendering the opinion described above and performing its related financial analyses, Goldman Sachs reviewed, among other things:

the merger agreement;

annual reports to stockholders and Annual Reports on Form 10-K of the Company for the five years ended December 31, 2011;

certain interim reports to stockholders and Quarterly Reports on Form 10-Q of the Company;

certain other communications from the Company to its stockholders;

certain publicly available research analyst reports for the Company; and

certain internal financial analyses and forecasts for the Company prepared by its management, as approved for Goldman Sachs' use by the Company (described as Case 2 under "The Merger Certain Company Forecasts" beginning on page 57 of this proxy statement, and which we refer to in this section as the Forecasts).

Goldman Sachs also held discussions with members of the senior management of the Company regarding their assessment of the past and current business operations, financial condition and future prospects of the Company; reviewed the reported price and trading activity for the shares of Company common stock; compared certain financial and stock market information for the Company with similar information for certain other companies the securities of which are publicly traded; reviewed the financial terms of certain recent business combinations in the engineering and construction industry and in other industries; and performed such other studies and analyses, and considered such other factors, as Goldman Sachs deemed appropriate.

For purposes of rendering the opinion described above, Goldman Sachs, with the Company's consent, relied upon and assumed the accuracy and completeness of all of the financial, legal, regulatory, tax, accounting and other information provided to, discussed with or reviewed by, Goldman Sachs, without assuming any responsibility for independent verification thereof. In that regard, Goldman Sachs assumed with the Company's consent that the Forecasts had been reasonably prepared on a basis reflecting the best currently available estimates and judgments of the management of the Company. Goldman Sachs did not make an independent evaluation or appraisal of the assets and liabilities (including any contingent, derivative or other off-balance-sheet assets and liabilities) of the Company or any of its subsidiaries and Goldman Sachs was not furnished with any such evaluation or appraisal. Goldman Sachs has assumed that all governmental, regulatory or other consents and approvals necessary for the consummation of the merger will be obtained without any adverse effect on the expected benefits of the merger in any way meaningful to its analysis. Goldman Sachs has assumed that the merger will be consummated on the terms set forth in the merger agreement, without the waiver or modification of any term or condition the effect of which would be in any way meaningful to its analysis.

Goldman Sachs' opinion does not address the underlying business decision of the Company to engage in the merger, or the relative merits of the merger as compared to any strategic alternatives that may be available to the Company; nor does it address any legal, regulatory, tax or accounting matters. Goldman Sachs' opinion addresses only the fairness from a financial point of view to the holders (other than Parent and its affiliates) of shares of Company common stock, as of the date of the opinion, of the \$3.75 per share in cash to be paid to such holders pursuant to the merger agreement. Goldman Sachs does not express any view on, and its opinion does not address, any other term or aspect of the merger agreement or merger or any term or aspect of any other agreement or instrument contemplated by the merger agreement or entered into or amended in connection with the merger, including the fairness of the merger to, or any consideration received in connection therewith by, the holders of any other class of securities, creditors, or other constituencies of the Company; nor as to the fairness of the amount or nature of any compensation to be paid or payable to any of the officers, directors or employees of the Company, or class of such persons, in connection with the merger, whether relative to the \$3.75 per share in cash to be paid to the holders (other than Parent and its affiliates) of shares of Company common stock pursuant to the merger agreement or otherwise. Goldman Sachs does not express any opinion as to the impact of the merger on the solvency or viability of the Company or Parent or the ability of the Company or Parent to pay their respective obligations when they come due. Goldman Sachs' opinion was necessarily based on economic, monetary, market and other conditions, as in effect on, and the information made available to Goldman Sachs as of, the date of the opinion and Goldman Sachs assumed no responsibility for updating, revising or reaffirming its opinion based on circumstances, developments or events occurring after the date of its opinion. Goldman Sachs' opinion was approved by a fairness committee of Goldman Sachs.

The following is a summary of the material financial analyses delivered by Goldman Sachs to the Company's board of directors and the transactions committee in connection with rendering the opinion described above. The following summary, however, does not purport to be a complete description of the financial analyses performed by Goldman Sachs, nor does the order of analyses described represent relative importance or weight given to those analyses by Goldman Sachs. Some of the summaries of the financial analyses include information presented in tabular format. The tables must be read together with the full text of each summary and are alone not a complete description of Goldman Sachs' financial analyses. Selected Companies Analysis. Goldman Sachs reviewed and compared certain financial information for the Company to corresponding financial information, ratios and public market multiples for the following publicly traded corporations in the engineering and construction industry, referred to as the selected companies:

AMEC PLC

Areva S.A.

The Babcock & Wilcox Company

Clean Harbors, Inc.

Fluor Corporation

Jacobs Engineering Group, Inc.

The Shaw Group, Inc.

URS Corporation

US Ecology, Inc.

Although none of the selected companies is directly comparable to the Company, the companies included were chosen because they are publicly traded companies with operations that for purposes of analysis may be considered similar to certain operations of the Company.

Goldman Sachs calculated and compared various financial multiples and ratios based on information it obtained from SEC filings, estimates from the Institutional Brokers' Estimate System, which we refer to in this section as IBES, and other Wall Street equity research analysts' reports (with all research estimates converted to be as of the latest twelve months ended or the end of December of each applicable calendar year, as appropriate) and market information as of January 4, 2013. The multiples and ratios of the Company and each of the selected companies were based on information obtained from IBES estimates and the most recent publicly available information. With respect to each of

the selected companies and the Company, Goldman Sachs calculated the applicable company's adjusted enterprise value, which is the adjusted market capitalization of the applicable company (based on the closing price of shares of the applicable company's common stock as of January 4, 2013 and the number of shares of common stock outstanding of the applicable company on a fully diluted basis, excluding restricted shares and in-the-money options and warrants) plus the book value of debt less cash and cash equivalents, as a multiple of the applicable company's estimated calendar years 2012, 2013 and 2014 revenues, respectively, and compared those to the adjusted enterprise value of the Company (based on the closing price of shares of Company common stock as of January 4, 2013 and 90,297,754 shares of Company common stock on a fully diluted basis, excluding restricted shares and

Implied Multiples Analysis. Based on information obtained from the Company's SEC filings, the Forecasts and IBES projections, Goldman Sachs performed certain analyses and calculated certain

Table of Contents

financial multiples for the Company based on the \$3.75 per share in cash to be paid to the holders of shares of Company common stock pursuant to the merger agreement. Goldman Sachs first calculated the implied market capitalization of the Company by multiplying the \$3.75 per share in cash to be paid to the holders of shares of Company common stock pursuant to the merger agreement by the assumed number of total shares of Company common stock outstanding on a fully diluted basis, comprised of 91,167,427 shares of Company common stock (including 90,297,754 shares of unrestricted stock and 869,673 shares of restricted stock), 316,000 performance share units, 1,426,224 phantom stock units and 4,496,346 phantom performance stock units. Goldman Sachs then calculated the implied enterprise value of the Company by adding the implied market capitalization to the assumed amount of the Company's debt of \$827 million (assuming \$527 million in term loan outstanding and \$300 million in bonds outstanding as of December 31, 2012 per the Forecasts) minus the assumed amount of cash and cash equivalents of \$125.7 million. Goldman Sachs then divided such implied enterprise value by the Company's estimated Adjusted EBITDA for each of calendar years 2012 and 2013, respectively (by using both the Forecasts and IBES projections). The following table presents the results of Goldman Sachs' analysis:

Implied enterprise value as a multiple of Adjusted EBITDA:	Forecasts	IBES projections
2012E	7.9x	7.7x
2013E	7.3x	6.6x

Goldman Sachs also calculated the implied price to estimated earnings ratios of the Company based on the \$3.75 per share in cash to be paid to holders of shares of Company common stock by dividing the implied market capitalization of the Company (calculated as described above) by the estimated earnings of the Company for each of calendar years 2012 and 2013, respectively (by using both the Forecasts and IBES projections). The following table presents the results of Goldman Sachs' analysis:

Implied equity consideration as a multiple of earnings:	Forecasts	IBES projections
2012E	27.1x	15.3x
2013E	17.9x	12.8x

Illustrative Discounted Cash Flow Analysis. Goldman Sachs performed an illustrative discounted cash flow analysis on the Company using the Company's cash flows set forth in the Forecasts to determine a range of the Company's implied present values per share. Goldman Sachs also calculated illustrative terminal values for the Company in the year 2020 by applying illustrative forward enterprise value to Adjusted EBITDA multiples ranging from 5.5x to 7.5x to an estimated steady-state Adjusted EBITDA of \$181.9 million in fiscal year 2021 per the Forecasts (normalized for Zion project fees and other operating items and determined based on estimated revenues for calendar years 2016 through 2020). These illustrative forward enterprise value to Adjusted EBITDA multiple estimates were derived by Goldman Sachs utilizing its professional judgment and experience, taking into account current and historical trading data and the current forward enterprise value to Adjusted EBITDA multiples for the Company and selected companies which exhibited similar business characteristics to the Company. Goldman Sachs then discounted the Company's estimated unlevered, after-tax free cash flows (calculated as Adjusted EBITDA less capital expenditures, taxes, increases in net working capital, probability-weighted Magnox-related pension costs and asset retirement obligation gains relating to the Zion project, in order to reconcile between accounting profit and cash flow) for each of the calendar years 2013 through 2020 and illustrative terminal values to illustrative present values as of December 31, 2012. Goldman Sachs used a range of discount rates from 8.5% to 10.5% representing estimates of the Company's weighted average cost of capital derived by application of the Capital Asset Pricing Model, which takes into account certain company-specific metrics, including the Company's

target capital structure, cost of long-term debt, forecast tax rate and historical beta, as well as certain financial metrics for the selected companies and financial markets generally. Goldman Sachs then subtracted the assumed amount of Company's net debt to calculate the present values of illustrative equity values of the Company as of December 31, 2012. Goldman Sachs then divided such present values of illustrative equity values by the number of shares of Company common stock on a fully diluted basis (including 91,167,427 shares of Company common stock, 316,000 performance share units, 1,426,224 phantom stock units and 4,496,346 phantom performance stock units as of December 31, 2012 per the Forecasts) to calculate the illustrative per-share equity values. For each of the selected transactions, Goldman Sachs calculated and compared, based on information it obtained from public filings, news articles, Capital IQ, Wall Street research and other publicly available information, the transaction value (calculated as the sum of the total equity consideration paid in the transaction plus the target company's net debt, using the foreign exchange rates as of the applicable date of announcement, where applicable) as a multiple of the EBITDA for the applicable last twelve months, based on the latest publicly available financial statements as of the date on which such selected transaction was announced. While none of the companies that participated in the selected transactions are directly comparable to the Company, the companies that participated in the selected transactions are companies with operations that, for the purposes of analysis, may be considered similar to certain of the Company's results, market size and product profile. This analysis

Table of Contents

resulted in a range of transaction value/last twelve months EBITDA multiples from 4.0x to 15.4x with a median of approximately 9.0x and a mean of approximately 9.0x.

Present Value of Future Share Price Analysis. Goldman Sachs performed an illustrative analysis of the implied present value of the future price per share of Company common stock, which is designed to provide an indication of the present value of a theoretical future value of a company's equity as a function of such company's estimated future EBITDA and its assumed enterprise value to EBITDA multiples.

Goldman Sachs first calculated the implied future enterprise values of the Company for each of the calendar years 2013 through 2017 by applying an illustrative enterprise value to Adjusted EBITDA multiple of 6.0x to the Company's estimated forward Adjusted EBITDA per the Forecasts for each of the calendar years 2014 through 2018. Goldman Sachs then subtracted the assumed amount of net debt of \$701.3 million (based on the face value of debt outstanding net of unrestricted cash only) as of December 31, 2012 from these implied enterprise values to calculate the implied future equity values for calendar years 2013 through 2017, respectively. Goldman Sachs assumed the amount of net debt as of December 31, 2012 to calculate the implied future equity values for each of the calendar years 2013 through 2017, respectively, based on discussions with the Company's management. The Forecasts assumed that the Company would not materially reduce its net debt in such years relative to the amount of net debt as of December 31, 2012. Goldman Sachs then discounted these implied future equity values back to December 31, 2012 by using an illustrative discount rate of 14.6%, which reflected an estimate of the Company's cost of equity. Goldman Sachs then divided these present values of the Company's implied future equity values by the assumed number of total shares of Company common stock as of December 31, 2012 (including 91,167,427 shares of Company common stock, 316,000 performance share units, 1,426,224 phantom stock units and 4,496,346 phantom performance stock units) to calculate the implied present per-share values. This analysis resulted in a range of implied present values of \$1.57 to \$1.95 per share of Company common stock. Based on the same methodologies, Goldman Sachs then calculated implied present per-share values of Company common stock by using an illustrative forward enterprise value to Adjusted EBITDA multiple of 7.0x. These illustrative forward enterprise value to Adjusted EBITDA multiple estimates were derived by Goldman Sachs utilizing its professional judgment and experience, taking into account current and historical trading data and the current forward enterprise value to Adjusted EBITDA multiples for the Company and selected companies which exhibited similar business characteristics to the Company. This analysis resulted in a range of implied present values of \$2.53 to \$3.32 per share of Company common stock.

The preparation of a fairness opinion is a complex process and is not necessarily susceptible to partial analysis or summary description. Selecting portions of the analyses or of the summary set forth above, without considering the analyses as a whole, could create an incomplete view of the processes underlying Goldman Sachs' opinion. In arriving at its fairness determination, Goldman Sachs considered the results of all of its analyses and did not attribute any particular weight to any factor or analysis considered by it. Rather, Goldman Sachs made its determination as to fairness on the basis of its experience and professional judgment after considering the results of all of its analyses. No company or transaction used in the above analyses as a comparison is directly comparable to the Company or the contemplated transaction.

Goldman Sachs prepared these analyses for purposes of Goldman Sachs' providing its opinion to the Company's board of directors and the transactions committee as to the fairness from a financial point of view of the \$3.75 per share in cash to be paid to holders (other than Parent and its affiliates) of shares of Company common stock pursuant to the merger agreement. These analyses do not purport to be appraisals nor do they necessarily reflect the prices at which businesses or securities actually may be sold. Analyses based upon forecasts of future results are not necessarily indicative of actual future results, which may be significantly more or less favorable than suggested by these analyses. Because these analyses are inherently subject to uncertainty, being based upon numerous factors or events

beyond the control of the parties or their respective advisors, none of the Company, Goldman Sachs or any other person assumes responsibility if future results are materially different from those forecast.

The consideration to be paid pursuant to the merger agreement was determined through arm's-length negotiations between the Company and Parent and was approved by the Company's board of directors and the transactions committee. Goldman Sachs provided advice to the Company during these negotiations. Goldman Sachs did not, however, recommend any specific amount of consideration to the Company, the Company's board of directors or the transactions committee or that any specific amount of consideration constituted the only appropriate consideration for the merger.

As described above, Goldman Sachs' opinion to the Company's board of directors was one of many factors taken into consideration by the Company's board of directors in making its determination to approve the merger agreement. The foregoing summary does not purport to be a complete description of the analyses performed by Goldman Sachs in connection with the fairness opinion and is qualified in its entirety by reference to the written opinion of Goldman Sachs attached as Annex B.

Goldman Sachs and its affiliates are engaged in commercial and investment banking and financial advisory services, market making and trading, research and investment management (both public and private investing), principal investment, financial planning, benefits counseling, risk management, hedging, financing, brokerage activities and other financial and non-financial activities and services for various persons and entities. Goldman Sachs and its affiliates, and funds or other entities in which they invest or with which they co-invest, may at any time purchase, sell, hold or vote long or short positions and investments in securities, derivatives, loans, commodities, currencies, credit default swaps and other financial instruments of the Company, Parent and any of their respective affiliates and third parties, including Energy Capital Partners, an affiliate of Parent, and its affiliates and portfolio companies, or any currency or commodity that may be involved in the merger for the accounts of Goldman Sachs and its affiliates and their customers. Goldman Sachs acted as financial advisor to the Company's board of directors and the transactions committee in connection with, and participated in certain of the negotiations leading to, the merger. Goldman Sachs has provided certain investment banking services to the Company and its affiliates from time to time. During the two year period ended January 7, 2013, Goldman Sachs has not been engaged by the Company or its affiliates to provide services for which the Investment Banking Division of Goldman Sachs has received compensation. Goldman Sachs also has provided certain investment banking services to Energy Capital Partners and its affiliates and portfolio companies from time to time for which the Investment Banking Division of Goldman Sachs has received, and may receive, compensation, including having acted as a participant in the revolving credit facility (aggregate principal amount \$550 million) of Summit Midstream Partners, LLC, an affiliate of Energy Capital Partners, in May 2012; as joint bookrunner with respect to the refinancing of the senior secured bank loan (aggregate principal amount \$985 million) of EquiPower Resources, an affiliate of Energy Capital Partners, in July 2012; and as joint bookrunner with respect to an initial public offering of 14,375,000 common units representing limited partner interests of Summit Midstream Partners, LP, an affiliate of Energy Capital Partners, in October 2012. During the two year period ended January 7, 2013, the Investment Banking Division of Goldman Sachs has received compensation for services provided to Energy Capital Partners and its affiliates and portfolio companies of approximately \$4.8 million. Goldman Sachs may also in the future provide investment banking services to the Company, Parent and their respective affiliates and Energy Capital Partners and its affiliates and portfolio companies for which the Investment Banking Division of Goldman Sachs may receive compensation. Affiliates of Goldman Sachs also may have co-invested with Energy Capital Partners and its affiliates from time to time and may have invested in limited partnership units of affiliates of Energy Capital Partners from time to time and may do so in the future.

The Company's board of directors and the transactions committee selected Goldman Sachs as their financial advisor because it is an internationally recognized investment banking firm that has substantial experience in transactions similar to the merger. Pursuant to a letter agreement, dated April 26, 2011,

Table of Contents

as amended as of January 7, 2013, the Company engaged Goldman Sachs to act as financial advisor to the Company's board of directors and transactions committee in connection with the merger. The amendment to the letter agreement, dated January 7, 2013, clarified that Goldman Sachs was advising our board of directors and transactions committee, whereas the original letter agreement recited that Goldman Sachs advised our special committee, which ceased to meet after April 12, 2012. Pursuant to the terms of this engagement letter, the Company has agreed to pay Goldman Sachs a transaction fee of approximately \$10.7 million, all of which is contingent upon consummation of the merger. That all of Goldman Sachs' compensation was contingent on the consummation of a transaction was intended to assure that the Company would not be out of pocket significant investment banking fees unless a transaction was consummated that would result in value to our stockholders. In addition, the Company has agreed to reimburse Goldman Sachs for its expenses, including attorneys' fees and disbursements, and to indemnify Goldman Sachs and related persons against various liabilities, including certain liabilities under the federal securities laws.

Certain Company Forecasts

The internal financial analyses and projections for the Company comprised two cases, Case 1 and Case 2. The following summarizes Case 1 and Case 2 that were prepared by management on the basis and for the limited and specific context described below.

Case 1 was prepared by management with a view to showing Energy Capital Partners and Energy Capital Partners' financing sources the potential performance of the Company as a private company with a de-levered capital structure based on a particular set of assumptions. After our management presented Case 1 to our transactions committee, our transactions committee directed management to change its projections to reflect the transactions committee's views on certain key assumptions. Case 2 was prepared by management in response to this direction by the transactions committee and was provided to Goldman Sachs. The following table summarizes the core differences in business assumptions between Case 1 and Case 2.

	Case 1	Case 2
Probability of success of our re-bid for the Magnox project	100%	50%
Reduction in Zion project total project profitability (inclusive of disposal business at Clive)	No reduction	50% reduction
Certain international business development efforts	Successful	Not successful

These projections do not represent the only financial projections prepared by our management during our 22-month sale process; rather, they represent the projections most recently presented to Energy Capital Partners and its financing sources, on the one hand and to our board of directors and transactions committee, on the other hand.

The Company does not, as a matter of course, publicly disclose projections of future revenues, earnings or other financial performance of the type disclosed below. The Company has included in this proxy statement Case 1 and Case 2 only because such projections and forecasts were provided by the Company to Goldman Sachs and, with respect to Case 1, Energy Capital Partners and Energy Capital Partners' financing sources.

These financial projections and forecasts were not prepared with a view toward public disclosure or compliance with published guidelines of the SEC or the American Institute of Certified Public Accountants for preparation and presentation of prospective financial information, the IFRS or U.S. GAAP and do not, and were not intended to, act as public guidance regarding the Company's future financial performance. Ernst & Young LLP, the Company's independent registered public accounting firm, has not examined or compiled or performed any procedures on any of the financial

projections, expressed any conclusion or provided any form of assurance with respect to the financial projections and, accordingly, assumes no responsibility for them. The report of Ernst & Young LLP, included elsewhere or incorporated by reference in this proxy statement, relates to the historical financial information of the Company. It does not extend to the financial projections and should not be read to do so. The inclusion of this information in this proxy statement should not be regarded as an indication that the Company or any recipient of this information considered, now considers or will consider this information to be necessarily predictive of future results. The Company does not intend to update or otherwise revise the financial projections to correct any errors existing in such projections when made, to reflect circumstances existing after the date when made or to reflect the occurrence of future events even in the event that any or all of the assumptions underlying the financial projections are shown to be in error.

Although presented with numerical specificity, the financial projections and forecasts included in this proxy statement are based on numerous estimates, assumptions and judgments (in addition to those described above) that may not be realized and are inherently subject to significant business, economic and competitive uncertainties and contingencies related to factors, such as the profitability of the Zion project and related project cost management and nuclear decommissioning trust fund investment earnings performance; our inability to find a partner for the Zion project and access related restricted cash; our ability to obtain and comply with federal, state and local government permits and approvals; the politically sensitive environment in which we operate, the risks associated with radioactive materials and the public perception of those risks; the effects of environmental, health and safety laws and regulations governing, among other things, discharges to air and water, the handling, storage and disposal of hazardous or radioactive materials and wastes, the remediation of contamination associated with releases of hazardous substances and human health and safety; the availability and allocation of government funds to performance of existing government contracts in our industry and any future government contracts; our deferred tax assets for net operating loss carry-forwards and research and development tax credits; the continued operation of, and adequate capacity at, our Clive, Utah disposal facility; factors associated with our international operations; our ongoing business relationships with significant government and commercial customers; our license stewardship arrangement with Exelon; our ability to obtain the financial support, including letters of credit and bonding, necessary for us to win certain types of new work; industry performance; general business, economic, market and financial conditions; and the other factors listed in this proxy statement under the section entitled "Cautionary Note Regarding Forward-Looking Statements," which are difficult to predict and most of which are beyond the control of the Company. These or other factors may cause the financial projections or the underlying assumptions and estimates to be inaccurate. Since the financial projections cover multiple years, such information by its nature becomes less reliable with each successive year. The financial projections also do not take into account any circumstances or events occurring after the date they were prepared. The inclusion of the financial projections and forecasts in this proxy statement shall not be deemed an admission or representation by the Company that such information is material. **The inclusion of the projections should not be regarded as an indication that the Company considered or now considers them to be a reliable prediction of future results and you should not rely on them as such.** Accordingly, there can be no assurance that the financial projections will be realized, and actual results may vary materially from those reflected in the projections. You should read the section entitled "Cautionary Note Regarding Forward-Looking Statements" for additional information regarding the risks inherent in forward-looking information such as the financial projections.

Certain of the financial projections set forth herein may be considered non-U.S. GAAP financial measures. Certain Matters Related to the Zion Project

In September of 2010, we entered into a license stewardship arrangement with Exelon Generation Company, which we refer to as Exelon, under which we assumed the responsibility for decommissioning and shut-down of the Zion Nuclear Power Station in Zion, Illinois. Upon closing, Exelon transferred to our subsidiary, ZionSolutions, LLC, which we refer to as ZionSolutions, substantially all of the assets (other than land) associated with the Zion Station, including all assets held in Exelon's Nuclear Decommissioning Trust fund, which we refer to as the NDT. In consideration for Exelon's transfer of those assets, ZionSolutions agreed to assume decommissioning and other liabilities associated with Zion Station and took possession and control of the land associated with Zion Station pursuant to a lease agreement.

Prospective Financial Returns from the Zion Project

The profitability or loss of the Zion project is a function of project cost management and NDT investment earnings performance. If future project costs increase and all other factors remain constant, the profitability of the project may decrease and potentially result in a loss to ZionSolutions and the Company. Similarly, if the NDT investment earnings are lower than current projections and all other factors remain constant, the profitability of the project may decrease (and eventually, the loss on the project will increase) as a result of lower available funding. In early 2012, we completed a comprehensive schedule, cost and budget update for the Zion project. As a result of this update, we determined that (i) estimated project costs had increased from the original budgeted amounts and (ii) the originally estimated profit margin anticipated for the project had decreased to a range of approximately 10% to 15%. As a result of more conservative assumptions on NDT investment earnings and costs associated with the letters of credit securing our performance under the contracts governing the Zion project, which are described in detail below, in June 2012 we announced that our estimated profit margin anticipated for the Zion project had decreased to a range of approximately 5% to 10%.

Because there are over seven years remaining on the Zion project, there can be no assurance that our current estimates, assumptions and projections will prove accurate and all such forward-looking statements, including our projection of the Zion project's profitability, could change materially. Our estimates, assumptions and projections are necessarily dependent upon future economic, market and other conditions over which we have no control. Accordingly, the expected profitability of the Zion project is uncertain. In the event actual project costs are higher than total realized NDT levels, we will realize no profit on the project and could incur a substantial loss that could have a material adverse effect on our business, financial condition and results of operations.

Letter of Credit and Other Financial Assurances

In connection with our agreement with Exelon, we delivered a \$200 million letter of credit to Exelon relating to our present and future obligations. Under our contract with Exelon and our NRC license, the letter of credit must remain in place for the duration of the Zion project, which we expect will occur no earlier than 2020. The letter of credit is collateralized by \$200 million in restricted cash, which we initially obtained in 2010 through borrowings on our credit facility. Although there are provisions for step downs in the amount of the letter of credit toward the end of the Zion project, any release of our obligation to maintain this letter of credit is at Exelon's discretion, and we do not expect that Exelon will release us from this obligation.

Exelon may cause the letter of credit to be drawn upon to fund a backup trust upon the occurrence of one of the following conditions: (i) our failure to maintain the required letter of credit from a qualified financial institution, (ii) our bankruptcy or the bankruptcy of ZionSolutions, (iii) the cessation by ZionSolutions to provide all or substantially all decommissioning services for a period of longer than one year, (iv) our failure to make a payment pursuant to our guarantee of ZionSolutions'

Table of Contents

obligations, or (v) ZionSolutions' failure to use diligent efforts to perform services according to the agreed upon schedule. If we exhaust our resources and ability to complete the decontamination and decommissioning activities, and in the event of a material default under a credit support agreement we entered into with Exelon in connection with the Zion project, Exelon may exercise its rights to take possession of ZionSolutions. At that point, through its ownership of ZionSolutions, Exelon, and not the Company, would then be entitled to draw on the funds associated with the \$200 million letter of credit. Under the terms of our financing arrangements, we obtained restricted cash and took on the liability for the letter of credit.

In addition to providing this letter of credit, we also provided a guarantee as primary obligor to the full and prompt payment and performance by ZionSolutions of all its obligations under the various agreements with Exelon and pledged 100% of our interests in ZionSolutions to Exelon. We also granted an irrevocable easement of disposal capacity of 7.5 million cubic feet at our Clive disposal facility and purchased the insurance coverage required of a licensee under the NRC's regulations.

Financial Mechanisms

Deferral for Deficiencies. The transaction by which we acquired the Zion project from Exelon required extensive assurances and establishes a series of financial consequences intended to ensure that (i) ZionSolutions achieves certain performance milestones in a timely manner and (ii) the Zion Station decommissioning trust fund does not fall below projected completion costs, which we refer to as a deficiency.

Whenever there is a deficiency, ZionSolutions must defer collection of invoices from the NDT, which we refer to as deferred receivables, until the deficiency is resolved. EnergySolutions, LLC and the Company guaranteed ZionSolutions' performance and in the event of a deficiency and these guarantees would deplete Company assets first, and then result in a drawdown of our cash collateralized \$200 million letter of credit described above in order to fund remaining decommissioning activities. If the deferred receivables reach \$50 million, EnergySolutions must defer receipt of payments from ZionSolutions or EnergySolutions, LLC must extend a loan to ZionSolutions or contribute capital to ZionSolutions such that ZionSolutions' own deferred receivables do not exceed \$50 million and ZionSolutions is able to pay vendors for materials and services within established terms of trade payables and otherwise meet current operating expenses when such expenses are incurred and become due and payable. Any deferred receivables may be collected only when and if the deficiency causing the deferment is resolved.

Milestones. Deferral of receivables may also be triggered (up to, but not greater than, \$5 million per month) if ZionSolutions fails to achieve certain milestones occurring in 2015, 2016 and 2017, subject to force majeure or schedule extension conditions. Although ZionSolutions is currently on schedule to meet these milestones, there can be no assurance that it will remain on schedule in the future. Any deferral of receivables due to failure to achieve milestones may be collected only when and if the applicable milestone is achieved.

Additional Rent Payments. Additional rent under ZionSolutions' lease with Exelon may be required if substantial completion of the decontamination and decommissioning activities is not achieved within ten years, subject to certain schedule extension conditions. Such additional rents would be \$200,000 per month for the first year of delay, \$800,000 per month for the second year of delay, \$1,250,000 per month for the third year of delay and \$1,750,000 per month for the fourth year of delay and beyond. To the extent that any of these deficiencies or events of default occur, there will be a substantial impact to our operations and financial condition because we have the contractual obligation to fund the operations of ZionSolutions if costs exceed the value of the trust fund.

The foregoing description of the license stewardship arrangement, the lease agreement, letter of credit, credit support agreement, and the Company guarantee relating to the Zion station and the

transactions contemplated thereby does not purport to be complete and is subject to, and qualified in its entirety by, the full text of the Asset Sale Agreement, dated as of December 11, 2007, by and among Exelon Generation Company, LLC, ZionSolutions, LLC, EnergySolutions, LLC and EnergySolutions, Inc., as amended, (along with the associated exhibits thereto). For reference to these agreements, please see Company's filings with the SEC, including the Form 10-K for fiscal year 2012 to be filed with the SEC, which Asset Sale Agreement and associated exhibits thereto are incorporated herein by reference.

Financing of the Merger

We anticipate that the total funds needed to complete the merger, including the funds needed to:

pay our stockholders (and holders of our other equity-based interests) the amounts due to them under the merger agreement, which, based upon the number of shares (and our other equity-based interests) outstanding as of December 31, 2012, would be approximately \$365 million;

finance any of the Company's or Parent's efforts to repurchase our 10.75% Senior Notes due 2018 by one or more tender offers and/or seek consent solicitations to amend the Indenture, dated as of August 13, 2010, among the Company, EnergySolutions, LLC, the Guarantors thereto and Wells Fargo Bank, N.A, as Trustee, which we refer to as the indenture; and

pay fees and expenses related to the merger and the debt that will finance the merger,

will be funded through equity financing of up to \$600 million to be provided or secured by Energy Capital Partners, or other parties to whom they assign a portion of their respective commitments.

Parent has obtained the equity commitment letter and the debt commitment letter described below, which we refer to collectively as the commitment letters. Upon our entry into an amendment and consent and waiver, which we refer to as the loan amendments, to the Credit Agreement, dated as of August 13, 2010, by and among the Company, EnergySolutions, LLC, the lenders party thereto and JPMorgan Chase Bank, N.A. acting as administrative agent, as amended by that certain Amendment No. 1, dated August 23, 2010, which we refer to as the credit agreement, the debt commitment letter automatically terminated and will not be a source of financing for the merger. The funding under the equity commitment letter is subject to certain conditions. We believe the amounts committed under the equity commitment letter will be sufficient to complete the merger, but we cannot assure you of that. Those amounts might be insufficient if, among other things, one or more of the parties to the equity commitment letter fails to fund the committed amounts in breach of the equity commitment letter. Although obtaining the proceeds of any financing, including the financing under the equity commitment letter, is not a condition to the completion of the merger, the failure of Parent and Merger Sub to obtain any portion of the committed financing (or alternative financing) is likely to result in the failure of the merger to be completed. In that case, Parent may be obligated to pay the Company a reverse termination fee, which we refer to as the Parent termination fee, of \$27.2 million as described under "The Merger Agreement Termination Fees" beginning on page 100. The obligation of Parent to pay the Parent termination fee is guaranteed by the guarantor referred to below.

Equity Financing

Parent has entered into a letter agreement, which we refer to as the equity commitment letter, with Energy Capital Partners II, LP, the guarantor, Energy Capital Partners II-B, LP, Energy Capital Partners II-C (Direct IP), LP and Energy Capital Partners II-D, LP, which we refer to collectively as the investors, dated January 7, 2013, under which the investors have committed to make or secure capital contributions to Parent at or before the closing of the merger in an aggregate amount up to \$600 million. We refer to this financing as the equity financing and to the commitment of the investors under the equity commitment letter as the equity financing commitment. Subject to certain limitations, the investors may assign all or a portion of the equity commitment to other investors. However, the assignment of any portion of the equity commitment to other investors will not affect the investors' commitment to make or secure capital contributions pursuant to the equity commitment letter.

The investors' obligation to fund the financing contemplated by the equity commitment letter is generally subject to the satisfaction of the conditions to Parent's and Merger Sub's obligations to consummate the transactions contemplated by the merger agreement and either (i) the substantially contemporaneous funding of the debt financing under the terms and conditions of the debt commitment letter or any alternative financing that Parent and Merger Sub are required or permitted to accept from alternative sources pursuant to the merger agreement or (ii) the effectiveness of the loan amendments.

The obligation of the investors to fund their equity commitments will terminate upon the earliest to occur of (i) the termination of the merger agreement in accordance with its terms (ii) the consummation of the merger (but only if the merger shall have been consummated in accordance with the merger agreement), (iii) the date that the Company or any of its affiliates asserts a claim against any affiliate of the investors in connection with the merger agreement, the equity commitment letter or the limited guarantee, other than a lawsuit or other proceeding against an investor under the equity commitment letter or against Parent seeking specific performance of their obligations under the respective agreements in accordance with the terms thereof and (iv) payment in full by the guarantor of its obligations under the limited guarantee.

Debt Financing

In connection with the entry into the merger agreement, Parent received a debt commitment letter, dated January 7, 2013, as supplemented by joinder letters each dated January 29, 2013, which we refer to collectively as the debt commitment letter, from Morgan Stanley Senior Funding, Inc., JPMorgan Chase Bank, N.A. and Credit Suisse AG, Cayman Islands Branch, which we refer to collectively as the commitment parties. Pursuant to the debt commitment letter, the commitment parties committed to provide an aggregate of \$685 million in debt financing to Merger Sub, but provided that the loan amendments would be an alternative to the debt commitment letter. Upon our entry into the loan amendments on February 15, 2013, described in "Financing of the Merger Loan Amendments" on page 63, the debt commitment letter automatically terminated and will not be a source of financing for the merger.

Loan Amendments

On February 15, 2013, we entered into the loan amendments with the lenders party to the credit agreement and JP Morgan Chase Bank, N.A., as the administrative and collateral agent. As a result of our entry into the loan amendments, the debt commitment letter automatically terminated. The loan amendments contain the following terms and conditions:

that the lenders and the administrative agent consent to (i) the consummation of the merger; (ii) a waiver of the change of control provisions and certain other covenants and provisions under the senior secured credit facility, (iii) a consent to any repayment of our 10.75% Senior

Notes due 2018; provided that any payments are funded from equity contributions made to us by Energy Capital Partners or its affiliates; (iv) provide the ability to extend the maturity date of the revolving credit facility under our credit agreement, subject to certain conditions; and (v) a 1% prepayment premium if any senior secured term loans are refinanced prior to the date that is one year following the execution date of the loan amendments;

that upon the closing of the merger, the applicable margin for our senior secured term loan made pursuant to the credit agreement be increased;

that we will pay a consent fee to each lender that has entered into the loan amendments equal to (i) 0.5% of the sum of the outstanding term loans and revolving commitments of such lender on the execution date of the loan amendments and such fee payment was made in an aggregate amount of \$3,160,000 on the execution date of the loan amendments and (ii) 0.5% of the sum of the outstanding term loans and revolving commitments of such lender on the closing date of the merger; and such fee payment is expected to equal an aggregate amount of approximately \$3,160,000, subject to change to account for any changes in the amount of outstanding term loans and/or revolving commitments between the execution date of the loan amendments and the closing date of the merger;

that we reimburse the administrative agent for fees, charges and disbursements of counsel in connection with preparation of the loan amendments;

that no later than 150 days after the closing of the merger, that we reduce our debt with respect to our senior secured term loans under the amended Credit Agreement and our 10.75% Senior Notes due 2018, after giving effect to the Merger, to \$675 million or less; and

that the loan amendments would take effect upon the consummation of the merger.

If the merger agreement is terminated, then pursuant to a reimbursement agreement we entered into with Parent and Merger Sub on February 15, 2013 in connection with the loan amendments, Parent will reimburse us for (i) certain fees, costs, expenses or disbursements, if and to the extent paid by or on behalf of us, payable in connection with the loan amendments and (ii) certain fees, costs, expenses or disbursements, if and to the extent paid by or on behalf of us, that would otherwise be payable by Parent under a fee letter agreement entered into by Morgan Stanley Senior Funding, Inc. and Parent on January 7, 2013, which we refer to as the fee letter, subject to offset in certain circumstances.

10.75% Senior Notes due 2018

Under the terms of the indenture, we are required to make a one or more change of control offers to purchase our outstanding 10.75% Senior Notes due 2018 within 30 days of the completion of the merger. We may also make consent solicitations to amend our indenture.

Limited Guarantee

Pursuant to a limited guarantee, which we refer to as the limited guarantee, delivered by Energy Capital Partners II-A, LP, which we refer to as the guarantor, in favor of the Company, dated January 7, 2013, the guarantor has agreed to guarantee (A) the obligation of Parent under the merger agreement to pay any Parent termination fee payable by Parent to the Company or the actual damages caused by an intentional breach by Parent of the merger agreement, which are subject to a cap of \$75 million, plus costs, expenses (including reasonable attorneys' fees) and interest in the event that the Company commences a suit that results in a judgment against Parent or Merger Sub for payment of either the Parent termination fee by Parent or damages arising from Parent or Merger Sub's intentional breach of any of Parent or Merger Sub's material representations, warranties, agreements or covenants, (B) the costs and expenses incurred in connection with any suit to enforce payment, plus interest in

certain circumstances, (C) Parent's obligation to pay certain taxes and fees in the event the merger is consummated and (D) any expenses incurred by Parent or Merger Sub, in each case, if, as and when due. See "The Merger Agreement Termination Fees" beginning on page 100.

The guarantor's obligations under the limited guarantee, other than obligations with respect to the costs and expenses incurred in connection with any suit to enforce payment, are subject to a cap of \$75 million, plus costs, expenses (including reasonable attorneys' fees) and interest in the event that the Company commences a suit that results in a judgment against Parent or Merger Sub for payment of either the Parent termination fee by Parent or damages arising from Parent or Merger Sub's intentional breach of any of Parent or Merger Sub's material representations, warranties, agreements or covenants.

Subject to certain exceptions, the limited guarantee will terminate upon the earliest of (A) the effective time of the merger, (B) the date that is 30 days following the date the merger agreement validly terminated, unless prior to such date the Company shall have commenced proceedings to enforce the limited guarantee, in which case the limited guarantee shall terminate upon and in accordance with the final completion of all proceedings to enforce the limited guarantee and after payment in full of amounts due in accordance with such proceedings and (C) such time as all of the obligations guaranteed by the limited guarantee, subject to the cap of \$75 million, plus costs, expenses (including reasonable attorneys' fees) and interest in the event that the Company commences a suit that results in a judgment against Parent or Merger Sub for payment of either the Parent termination fee by Parent or damages arising from Parent or Merger Sub's intentional breach of any of Parent or Merger Sub's material representations, warranties, agreements or covenants, have been fully paid in cash and performed in accordance with the terms of the merger agreement.

Closing and Effective Time of Merger

Unless the parties otherwise agree in writing, the closing of the merger will take place on the later of (i) the fourth business day following the date on which the last of the conditions to closing of the merger (described under "The Merger Agreement Conditions to the Merger" beginning on page 97) has been satisfied or waived (other than those conditions that by their terms are not capable of being satisfied until the closing of the merger), (ii) the third business day following the final day of the marketing period (as described under "The Merger Agreement Closing and Effective Time of the Merger; Marketing Period" beginning on page 77), or an earlier date if specified by Parent on no less than three business days' prior notice to us, and (iii) 11 business days after the closing conditions with respect to stockholder approval of the merger, antitrust approval under the HSR Act, consent from the NRC, the Agreement States and the NDA to the transfer of control of the Company and, if the parties have made a filing with CFIUS pursuant to Exon-Florio, the determination of CFIUS or the President of the United States not to take any action, or (iv) such other time and/or date as the parties may otherwise agree. The parties have determined not to make a filing with CFIUS pursuant to Exon-Florio, based on their belief that no such filing is necessary with respect to the transactions contemplated by the merger agreement. Early termination of the waiting period under the HSR Act was granted and became effective February 1, 2013, and the NDA, in a letter dated January 24, 2013, gave its consent to the change in control of EnergySolutions EU Limited in satisfaction of this aspect of the merger agreement. We have submitted all required notices or applications requesting consent to the indirect transfer of control of our NRC and State radiological licenses and permits from the NRC and the States of Connecticut, Ohio, South Carolina, Tennessee and Utah. The States of Ohio, South Carolina and Tennessee have issued all required consents regarding the several licenses from these states held by us. A required Notice has been provided to the State of Connecticut, and no further action is required by the State of Connecticut. However, further consents are still required from the NRC and the State of Utah. Assuming timely satisfaction of the necessary closing conditions, we anticipate that the merger will be completed between the second and third quarters of 2013. The effective time of the merger will occur concurrently with the closing of the merger.

Payment of Merger Consideration and Surrender of Stock Certificates

Each record holder of shares of Company common stock (other than holders of solely the excluded shares) will be sent a letter of transmittal describing how such holder may exchange its shares of Company common stock for the per share merger consideration promptly, and in any event within five business days, after the completion of the merger.

You should not return your stock certificates with the enclosed proxy card, and you should not forward your stock certificates to the paying agent without a letter of transmittal.

You will not be entitled to receive the per share merger consideration until you deliver a duly completed and executed letter of transmittal to the paying agent. If your shares are certificated, you must also surrender your stock certificate or certificates to the paying agent. **If you have lost a stock certificate, or if it has been stolen or destroyed, then to receive your per share merger consideration with respect to the shares of Company common stock represented by that stock certificate you will have to make an affidavit of the loss, theft or destruction of that stock certificate and, if required by Parent, post a bond as indemnity against any claim that may later be made with respect to such stock certificate.** If ownership of your shares is not registered in the transfer records of the Company, a check for any cash to be delivered will only be issued if the applicable letter of transmittal is accompanied by all documents reasonably required by the Company to evidence and effect such transfer and to evidence that any applicable stock transfer taxes have been paid or are not applicable.

Interests of Certain Persons in the Merger

When considering the recommendation of our board of directors that you vote to approve the proposal to adopt the merger agreement, you should be aware that our directors and executive officers have interests in the merger that are different from, or in addition to, those of our stockholders generally. The board of directors was aware of and considered these interests, among other matters, in evaluating and negotiating the merger agreement and the merger, and in recommending that the merger agreement be adopted by the stockholders of the Company. In the discussion below, we have quantified payments and benefits on a pre-tax basis to our executive officers and to our non-employee directors. For the purposes of all of the agreements and plans described below, the completion of the transactions contemplated by the merger agreement will constitute a change in control and a sale of the Company.

Treatment of Outstanding Equity Awards

Pursuant to the Company's incentive plans and programs, certain Company equity awards held by its executive officers and directors that are outstanding immediately prior to the closing of the Merger will be subject to accelerated vesting, as described in more detail in the section entitled "The Merger Agreement Treatment of Company Common Stock, Options, Restricted Stock, Performance Share Units, Phantom Share Awards and Phantom Performance Share Units" on page 78 of this proxy statement.

The following table shows, for each person who has been an executive officer or director since January 1, 2012, as applicable, as of March 11, 2013, (i) the number of shares subject to vested options held by him or her, (ii) the cash consideration that he or she will receive for such vested options upon completion of the merger, (iii) the number of shares subject to unvested options held by him or her, (iv) the cash consideration that he or she will receive for such options upon completion of the merger, (v) the number of shares subject to restricted stock, performance share units, phantom share awards and phantom performance share units held by him or her that would be subject to accelerated vesting upon completion of the merger, (vi) the value of the payment that he or she will receive for such restricted stock, performance share units, phantom share awards and phantom performance share units, (vii) the total payments he or she will receive for all unvested equity awards and (viii) the total

Severance Agreements

Each named executive officer is party to a severance agreement with the Company which provides that if his employment is terminated within two years following a change in control by the Company

Table of Contents

without "cause" or by the executive for "good reason," (each as defined in the severance agreement) then, subject to the execution of a release and compliance with certain confidentiality, non-solicitation and non-disclosure requirements, he will be entitled to the following severance payments and benefits:

a pro rata bonus payment for the year of termination at target level;

monthly severance payments equal to the sum of the executive's monthly base salary and one-twelfth his target bonus for 18 months (24 months in the case of Mr. Lockwood and Mr. Wood);

an amount equal to the cost of maintaining medical, dental, disability and life insurance coverage for the executive, his spouse and eligible dependents for the severance period, or, if earlier, until the executive has become eligible for comparable benefits from a new employer;

professional outplacement services for up to one year following the date of termination, up to a maximum of \$50,000; and

for Mr. Morant only, reimbursement for the cost of relocating back to the United Kingdom if relocation occurs within two years following termination.

In the event the total severance payments due to an executive officer would be subject to the excise tax imposed under Section 4999 of the Internal Revenue Code, then the severance payments will be cut back to the amount that would result in no such tax being imposed, if such reduction would result in a greater after-tax benefit to the executive officer. The payments below do not reflect the value of any such potential cutback.

Executive officers other than the named executive officers are covered by a general Company severance practice, pursuant to which the Company has historically paid two weeks of severance pay for the first year of service, plus one week of severance pay for each year of service thereafter.

The aggregate value of the payments and benefits to which each executive officer could become entitled pursuant to the severance agreements (or severance policy, as the case may be), assuming for this purpose that the merger is consummated on July 31, 2013 and termination of employment occurs on such date, is as follows:

	Value of Severance Agreement Payments and Benefits (\$)
Executive Officer	
David Lockwood	3,528,444
Greg Wood	2,384,065
John Christian	1,592,542
Mark Morant	1,905,862
Alan Parker	1,625,402
All other executive officers as a group	24,846
Retention Agreements	

In addition to any other payments or benefits which may be due to the executive officer, each executive officer is party to a retention agreement with the Company which provides that he will be paid a lump sum cash retention payment on the effective date of the merger, or, if applicable, the effective date of another transaction arising from the "go-shop" period, so long as (i) he is still employed by the Company on such effective date or has been terminated by the Company without "cause" (for the named executive officers, as defined in such individual's severance agreement) prior to such date; (ii) the price per share received by stockholders of the Company in the transaction is \$3.75 or greater; and (iii) such effective date is no later than December 31, 2013.

Table of Contents

The amount of payments to which each executive officer could become entitled pursuant to the retention agreements is as follows:

Executive Officer	Value of Retention Agreement Payments (\$)
David Lockwood	3,300,000
Greg Wood	1,200,000
John Christian	100,000
Mark Morant	100,000

Specified Compensation that may Become Payable to Our Named Executive Officers in Connection with the Merger

In accordance with Item 402(t) of Regulation S-K, the table below sets forth the estimated amounts of compensation and benefits that each named executive officer of the Company could receive that are based on or otherwise relate to the merger. These amounts have been calculated assuming the merger is consummated on July 31, 2013 and assuming each named executive officer experiences a qualifying termination of employment as of that date. Please see the section entitled "Interests of Certain Persons in the Merger" for further information about the applicable compensation and benefits.

Arrangements with the Surviving Corporation

Parent has previously indicated its belief that the continued involvement of the Company's management team is integral to the surviving corporation's future success. As of the date of this proxy statement, no members of our current management have entered into any definitive agreement, arrangement or understanding with Parent, Merger Sub or their affiliates regarding employment with, or the right to invest or participate in the equity of, the surviving corporation, Parent or any of its affiliates.

Pursuant to the merger agreement, for a one-year period commencing at the effective time of the merger, Parent has agreed to provide or cause the surviving corporation to provide to each individual who continues to be employed from and after the effective time of the merger, who we refer to as collectively as the continuing employees, a base salary or wage rate at least equal to their base salary or wage rate in effect as of immediately prior to the effective time of the merger, and compensation and benefits that are, in the aggregate, no less favorable than the compensation and benefits being provided to such employees immediately prior to the effective time. Parent agreed to honor the terms and conditions of employment and continue benefits as set forth within any collective bargaining agreement with respect to those continuing employees whose terms and conditions of employment are governed by a collective bargaining agreement, subject to any powers to amend, terminate or renegotiate a collective

bargaining agreement. In addition, Parent agreed to provide or cause the surviving corporation to provide to continuing employees who experience a termination of employment during the one-year period commencing at the effective time of the merger severance benefits that are no less than the severance benefits that would have been provided to such employees upon such a termination of employment immediately prior to the effective time of the merger. A more complete description of the benefits provided to Company employees under the merger agreement is under the heading "The Merger Agreement Employee Benefit Matters" beginning on page 95.

In addition, pursuant to the merger agreement, Parent and the surviving corporation will indemnify, defend, and hold harmless (and will advance expenses to) our present and former officers, directors and employees to the fullest extent required by our charter and bylaws and any indemnification agreements as in effect on the date of the merger agreement for acts or omissions occurring prior to the effective time of the merger for not less than six years after the effective time of the merger, and will not amend, repeal or otherwise modify any such provision in any manner that would adversely affect the rights thereunder of any such current and former officers, directors and employees. In addition, the Company will, or if the Company is unable to do so prior to the effective time, Parent will, or will cause the surviving corporation to, obtain and fully pay the premium for the non-cancellable extension of our current directors' and officers' liability insurance and fiduciary liability insurance policies covering each person currently covered by our directors' and officers' liability insurance policy for a claims reporting or discovery period of at least six years from and after the effective time with respect to any claim related to any period of time at or prior to the effective time from an insurance carrier with the same or a better credit rating as the Company's current insurance carrier. However, Parent and the surviving corporation will not be required to pay an annual premium for any such insurance in excess of 300% of the last annual premium paid prior to the date of the merger agreement. A more complete description of the indemnification and insurance rights provided to the Company's directors and officers under the merger agreement is under the heading "The Merger Agreement Indemnification; Directors' and Officers' Insurance" on page 105.

Except as disclosed in this proxy statement, there is no present or proposed material agreement, arrangement, understanding or relationship between Parent, Merger Sub, the guarantor or any of their respective executive officers, directors, controlling persons or subsidiaries, on the one hand, and the Company or any of its executive officers, directors, controlling persons or subsidiaries, on the other hand.

Accounting Treatment

The merger will be accounted for as a "purchase transaction" for financial accounting purposes.

Material U.S. Federal Income Tax Consequences of the Merger

The following is a summary of the material U.S. federal income tax consequences of the merger to U.S. holders (as defined below) and certain non-U.S. holders (as defined below) whose shares of Company common stock are converted into the right to receive cash in the merger. The discussion does not purport to consider all aspects of U.S. federal income taxation that might be relevant to our stockholders. This discussion is based on current law, which is subject to change, possibly with retroactive effect. The discussion applies only to beneficial owners who hold shares of Company common stock as capital assets, and does not apply to shares of Company common stock received in connection with the exercise of employee stock options or otherwise as compensation, stockholders who hold an equity interest, actually or constructively, in Parent or the surviving corporation after the merger, stockholders who validly exercise their rights under the DGCL to object to the merger or to certain types of beneficial owners who may be subject to special rules (such as insurance companies, banks, tax-exempt organizations, financial institutions, broker-dealers, partnerships, S corporations or other pass-through entities, mutual funds, traders in securities who elect the mark-to-market method of

accounting, U.S. expatriates, stockholders subject to the alternative minimum tax, stockholders who actually or constructively own 5% or more of the outstanding shares of Company common stock, stockholders that have a functional currency other than the U.S. dollar or stockholders who hold Company common stock as part of a hedge, straddle, constructive sale or conversion transaction). This discussion does not address the receipt of cash in connection with the cancellation of shares of restricted stock, stock units or options to purchase shares of Company common stock, or any other matters relating to equity compensation or benefit plans (including the 401(k) plan). This discussion does not address any aspect of state, local or foreign tax laws, or any U.S. federal taxes other than income taxes.

For purposes of this discussion, we use the term "U.S. holder" to mean a beneficial owner of shares of Company common stock that is, for U.S. federal income tax purposes:

an individual who is a citizen or resident of the United States;

a corporation (or other entity taxable as a corporation for U.S. federal income tax purposes) created or organized under the laws of the United States or any of its political subdivisions;

a trust that (i) is subject to the supervision of a court within the United States and the control of one or more U.S. persons or (ii) has a valid election in effect under applicable U.S. Treasury regulations to be treated as a U.S. person; or

an estate that is subject to U.S. federal income tax on its income regardless of its source.

As used herein, a "non-U.S. holder" means a beneficial owner of Company common stock that is (A) neither a U.S. holder nor an entity or arrangement treated as a partnership for United States federal income tax purposes and (B) an individual, corporation (or other entity treated as a corporation for U.S. federal income tax purposes), a trust, or an estate.

If a partnership (including an entity treated as a partnership for U.S. federal income tax purposes) holds Company common stock, the tax treatment of a partner will generally depend on the status of the partner and the activities of the partnership. A partner of a partnership holding Company common stock should consult the partner's tax advisor regarding the U.S. federal income tax consequences of the merger to such partner.

Federal Income Tax Consequences for U.S. Holders

The exchange of shares of Company common stock for cash in the merger will generally be a taxable transaction to U.S. holders for U.S. federal income tax purposes. In general, a U.S. holder whose shares of Company common stock are converted into the right to receive cash in the merger will recognize capital gain or loss for U.S. federal income tax purposes in an amount equal to the difference, if any, between the amount of cash received with respect to such shares (determined before the deduction of any applicable withholding taxes) and the U.S. holder's adjusted tax basis in such shares. A U.S. holder's adjusted tax basis will generally equal the price the U.S. holder paid for such shares. Gain or loss will be determined separately for each block of shares of Company common stock (*i.e.*, shares of Company common stock acquired at the same cost in a single transaction). Such gain or loss will be long-term capital gain or loss provided that the U.S. holder's holding period for such shares of Company common stock is more than 12 months at the time of the completion of the merger. Long-term capital gains for certain non-corporate U.S. holders, including individuals, are generally eligible for a reduced rate of federal income taxation. There are limitations on the deductibility of capital losses.

Federal Income Tax Consequences for Non-U.S. Holders

Cash received in the merger by a non-U.S. holder or his or her agent generally will not be subject to U.S. withholding tax (other than potentially to backup withholding tax, as discussed below) and will not be subject to U.S. income tax unless:

the gain is effectively connected with a trade or business of the non-U.S. holder in the United States (and, if an income tax treaty applies, is attributable to a United States permanent establishment maintained by such non-U.S. holder), in which case the non-U.S. holder generally will be subject to tax on such gain in the same manner as if it were a U.S. holder, and, if the non-U.S. holder is a foreign corporation, such gain may also be subject to an additional branch profits tax at a rate of 30% or at such lower rate as may be specified by an applicable income tax treaty;

the non-U.S. Holder is present in the United States for 183 days or more in the taxable year of the sale and certain other conditions are met, in which case the non-U.S. holder generally will be subject to U.S. income tax on the gain derived from the merger at a rate of 30%; or

the Company was a "United States real property holding corporation" for U.S. federal income tax purposes within the five years preceding the merger and the non-U.S. holder owned, actually or constructively, more than 5% of the Company common stock at any time during the five-year period preceding the merger.

For purposes of the third bullet point above, we do not believe we are, or have been during the five years preceding the merger, a United States real property holding corporation for U.S. federal income tax purposes. If a non-United States real property certificate is not delivered by us in a timely manner, the paying agent shall be instructed to deduct or withhold from the merger consideration payable to each non-U.S. holder all such amounts required to be withheld under applicable tax law.

Non-U.S. Holders should consult their own tax advisors regarding the tax consequences to them of the merger.

Backup Withholding and Information Reporting

Backup withholding of tax (currently at a rate of 28%) may apply to cash payments to which a holder is entitled under the merger agreement. Backup withholding will not apply, however, to (A) a U.S. holder that provides proof of an applicable exemption or a correct taxpayer identification number and otherwise complies with applicable requirements of the backup withholding rules or (B) a non-U.S. holder that establishes an exemption in a manner satisfactory to the paying agent and otherwise complies with the backup withholding rules. Cash payments made pursuant to the merger will also be subject to information reporting unless an exemption applies.

Backup withholding is not an additional tax and any amounts withheld under the backup withholding rules may be refunded or credited against a holder's U.S. federal income tax liability, if any, provided that such holder timely furnishes the required information to the Internal Revenue Service.

The U.S. federal income tax consequences described above are not intended to constitute a complete description of all tax consequences relating to the merger. Because individual circumstances may differ, each stockholder should consult the stockholder's tax advisor regarding the applicability of the rules discussed above to the stockholder and the particular tax effects to the stockholder of the merger in light of such stockholder's particular circumstances and the application of state, local and foreign tax laws.

Regulatory Approvals and Notices

Under the terms of the merger agreement, the merger cannot be completed until the waiting period applicable to the merger under the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended, or the HSR Act, has expired or been terminated.

Under the HSR Act and the rules promulgated thereunder by the Federal Trade Commission, or the FTC, the merger cannot be completed until each of the Company and Parent files a notification and report form with the FTC and the Antitrust Division of the Department of Justice, or the DOJ, under the HSR Act and the applicable waiting period has expired or been terminated. Each of the Company and Parent filed such a notification and report form on January 22, 2013, and each requested early termination of the waiting period. The request for early termination of the waiting period was granted on and became effective February 1, 2013.

At any time before or after consummation of the merger, notwithstanding the termination of the waiting period under the HSR Act, the DOJ or the FTC could take such action under the antitrust laws as it deems necessary or desirable in the public interest, including seeking to enjoin the completion of the merger or seeking divestiture of substantial assets of the Company or Parent. At any time before or after the completion of the merger, and notwithstanding the termination of the waiting period under the HSR Act, any state could take such action under the antitrust laws as it deems necessary or desirable in the public interest. Such action could include seeking to enjoin the completion of the merger or seeking divestiture of substantial assets of the Company or Parent. Private parties may also seek to take legal action under the antitrust laws under certain circumstances.

Additionally, under the merger agreement, the merger cannot be completed until the United Kingdom Nuclear Decommissioning Authority, which we refer to as the NDA, gives its prior written consent to the indirect change of control of EnergySolutions EU Limited. As required by the Magnox Parent Body Agreement, the Company informed the NDA of the potential transaction prior to entering into the merger agreement on January 7, 2013. Following a meeting with the NDA to discuss the transaction on January 9, 2013, the Company submitted a draft application to the NDA for its prior written consent to the proposed change in control of EnergySolutions EU Limited on January 14, 2013 and, following initial feedback from the NDA, submitted the formal consent application on January 21, 2013. The NDA, in a letter dated January 24, 2013, gave its consent to the change in control of EnergySolutions EU Limited in satisfaction of this aspect of the merger agreement.

Also, under the merger agreement and under the Atomic Energy Act, as amended, which we refer to as the AEA, the merger cannot be completed until the Nuclear Regulatory Commission, which we refer to as the NRC, and any State from whom the Company or its subsidiaries holds a radiological license or permit issued pursuant thereto, which States have entered into an agreement with the NRC pursuant to Section 274 of the AEA, and which States we refer to as the Agreement States, in each case give their prior written consent to the indirect transfer of control of our NRC and State radiological licenses and permits. We have submitted all required notices or applications requesting consent to the indirect transfer of control of our NRC and State radiological licenses and permits from the NRC and the States of Connecticut, Ohio, South Carolina, Tennessee and Utah. The States of Ohio, South Carolina and Tennessee have issued all required consents regarding the several licenses from these states held by us. A required Notice has been provided to the State of Connecticut, and no further action is required by the State of Connecticut. However, further consents are still required from the NRC and the State of Utah.

If the parties make a filing with the Committee on Foreign Investment in the United States, which we refer to as CFIUS, pursuant to the Defense Protection Act of 1950, which we refer to as Exon-Florio, under the merger agreement, the merger cannot be completed until CFIUS has notified Parent in writing that it has determined not to investigate the transactions contemplated by the merger agreement or, if it has undertaken such an investigation, that it has determined not to take any action

Table of Contents

or the President of the United States has determined not to take any action. The parties have determined not to make a filing with CFIUS pursuant to Exon-Florio, based on their belief that no such filing is necessary with respect to the transactions contemplated by the merger agreement.

There can be no assurance that all of the regulatory approvals described above will be sought or obtained and, if obtained, there can be no assurance as to the timing of any approvals, the ability of Parent or the Company to obtain the approvals on satisfactory terms or the absence of any litigation challenging such approvals. There can also be no assurance that the DOJ, the FTC, the NRC, the Agreement States, the NDA or any other governmental entity or any private party will not attempt to challenge the merger and, if such a challenge is made, there can be no assurance as to its result.

Litigation Relating to the Merger

Following the January 7, 2013 announcement of the merger agreement, nine purported class action lawsuits were brought against us, the members of our board of directors, Energy Capital Partners II, LLC, Parent and Merger Sub. Six lawsuits were filed in the Delaware Court of Chancery, captioned *Printz v. Rogel, et al.*, C.A. No. 8302-VCG (Jan. 10, 2013); *Bushansky v. EnergySolutions, Inc., et al.*, C.A. No. 8210 (Jan. 11, 2013); *Danahare v. EnergySolutions, Inc., et al.*, C.A. No. 8219 (Jan. 15, 2013); *Graham v. EnergySolutions, Inc., et al.* (Jan. 15, 2013); *Lebron v. EnergySolutions, Inc., et al.*, C.A. No. 8223 (Jan. 15, 2013), and *Louisiana Municipal Police Employees' Retirement System v. EnergySolutions, Inc., et al.*, C.A. No. 8350 (Feb. 22, 2013), which we refer to collectively as the Delaware actions. On January 19, 2013, the Court of Chancery entered an order consolidating the Delaware actions as *In re EnergySolutions, Inc. Shareholder Litigation*, Consolidated C.A. No. 8203-VCG. On January 28, 2013, the Court of Chancery entered an Order of Class Certification and Case Management which, among other things, certified a non opt-out class of EnergySolutions stockholders consisting of all persons who held shares of stock of EnergySolutions (excluding defendants named in the Delaware actions and their immediate family members, any entity controlled by any of the defendants, and any successors in interest thereto) at any time during the period from and including January 7, 2013, through the date of consummation or termination of the Proposed Transaction.

On March 15, 2013, without admitting any wrongdoing and to avoid the burden, expense and disruption of continued litigation, EnergySolutions, Inc., the members of our board of directors, Energy Capital Partners II, LLC, Parent and Merger Sub entered into a memorandum of understanding with the plaintiffs in the Delaware actions providing for the settlement in principle of the claims brought by the plaintiffs in the Delaware actions. Pursuant to the memorandum of understanding, we included additional disclosures in this proxy statement requested by the plaintiffs in the Delaware actions. The parties to the Delaware actions are in the process of documenting the settlement and will present the settlement to the Delaware Court of Chancery for approval when that documentation is complete.

The other four lawsuits were filed in the Utah State District Court, Third Judicial District, Salt Lake County, and are titled *Mohammed v. EnergySolutions, Inc., et al.*, No. 130400388 (Jan. 10, 2013); *Luck v. EnergySolutions, Inc., et al.* No. 130900256 (Jan. 11, 2013); *Braiker v. EnergySolutions, Inc., et al.*, No. 130900573 (Jan. 25, 2013); and *Temmler v. EnergySolutions, Inc., et al.*, No. 130900684 (Jan 31, 2013), which we refer to collectively as the Utah actions. On February 1, 2013, the Company and certain defendants filed a Motion to Dismiss or Stay, or in the Alternative for Extension of Time to Respond to Complaint in the *Luck* action, seeking to dismiss or stay the action in deference to the Delaware actions.

Collectively, the Delaware actions and the Utah actions generally allege that the individual defendants breached their fiduciary duties in connection with the merger because the merger consideration is unfair, that certain other terms in the merger agreement are unfair, and that certain individual defendants are financially interested in the merger. Some of the actions further allege that Energy Capital Partners II, LLC, Parent and Merger Sub aided and abetted these alleged breaches of fiduciary duty. Among other remedies, the lawsuits seek to enjoin the merger, or in the event that an injunction is not awarded, unspecified money damages, costs and attorneys' fees. We believe that each of the Delaware actions and Utah actions is without merit, and we intend to vigorously defend against all claims asserted to the extent not yet resolved.

THE MERGER AGREEMENT (PROPOSAL NO. 1)

*This section describes the material terms of the merger agreement. The description in this section and elsewhere in this proxy statement is qualified in its entirety by reference to the complete text of the merger agreement, a copy of which is attached as **Annex A** and is incorporated by reference into this proxy statement. This summary does not purport to be complete and may not contain all of the information about the merger agreement that is important to you. We encourage you to read the merger agreement carefully and in its entirety. This section is not intended to provide you with any factual information about us. Such information can be found elsewhere in this proxy statement and in the public filings we make with the SEC, as described in the section entitled, "Where You Can Find More Information," beginning on page 115.*

Explanatory Note Regarding the Merger Agreement

The merger agreement is included to provide you with information regarding its terms. Factual disclosures about the Company contained in this proxy statement or in the Company's public reports filed with the SEC may supplement, update or modify the factual disclosures about the Company contained in the merger agreement. The representations, warranties and covenants made in the merger agreement by the Company, Parent and Merger Sub were qualified and subject to important limitations agreed to by the Company, Parent and Merger Sub in connection with negotiating the terms of the merger agreement. In particular, in your review of the representations and warranties contained in the merger agreement and described in this summary, it is important to bear in mind that the representations and warranties were negotiated with the principal purposes of establishing the circumstances in which a party to the merger agreement may have the right not to consummate the merger if the representations and warranties of the other party prove to be untrue due to a change in circumstance or otherwise, and allocating risk between the parties to the merger agreement, rather than establishing matters as facts. The representations and warranties may also be subject to a contractual standard of materiality different from those generally applicable to stockholders and reports and documents filed with the SEC and in some cases were qualified by the matters contained in the disclosure schedule that the Company delivered in connection with the merger agreement, which disclosures were not reflected in the merger agreement. Moreover, information concerning the subject matter of the representations and warranties, which do not purport to be accurate as of the date of this proxy statement, may have changed since the date of the merger agreement and subsequent developments or new information qualifying a representation or warranty may have been included in this proxy statement.

Effects of the Merger; Directors and Officers; Certificate of Incorporation; Bylaws

The merger agreement provides for the merger of Merger Sub with and into the Company upon the terms, and subject to the conditions, set forth in the merger agreement. As the surviving corporation, the Company will continue to exist following the merger.

The board of directors of the surviving corporation will be the directors of Merger Sub until the earlier of their resignation or removal or until their successors have been duly elected and qualified. The officers of the Company immediately prior to the effective time of the merger will be the officers of the surviving corporation until the earlier of their resignation or removal or until their respective successors are duly elected and qualified.

Subject to Parent's and the surviving corporation's commitments with respect to indemnification of the Company's current and former directors and officers, at the effective time of the merger, (i) the certificate of incorporation of the surviving corporation will be amended and restated to be identical to the certificate of incorporation of the Merger Sub and (ii) the bylaws of the surviving corporation will be amended and restated to be identical to the bylaws of Merger Sub in effect immediately prior to the effective time of the merger until amended in accordance with their terms or by applicable laws.

Table of Contents

Following the completion of the merger, the Company common stock will be delisted from the NYSE and deregistered under the Exchange Act and to cease to be publicly traded, but we may be subject to certain continued reporting requirements with respect to our 10.75% Senior Notes due 2018.

Closing and Effective Time of the Merger; Marketing Period

Unless the parties otherwise agree in writing, the closing of the merger will take place on the later of (i) the fourth business day following the date on which the last of the conditions to closing of the merger (described under "The Merger Agreement Conditions to the Merger" beginning on page 97) has been satisfied (to the extent permitted by applicable law) or waived (other than those conditions that by their terms are not capable of being satisfied until the closing of the merger), (ii) the third business day following the final day of the marketing period (as described in this section) or such earlier date as may be specified by Parent on no less than three business days' notice to us, (iii) 11 business days after the closing conditions with respect to stockholder approval of the merger, antitrust approval under the HSR Act, consent from the NRC, the Agreement States and the NDA to the transfer of control of the Company and, if the parties have made a filing with CFIUS pursuant to Exon-Florio, the determination of CFIUS or the President of the United States not to take any action, or (iv) such other time and/or date as the parties may otherwise agree.

The parties have determined not to make a filing with CFIUS pursuant to Exon-Florio, based on their belief that no such filing is necessary with respect to the transactions contemplated by the merger agreement. Early termination of the waiting period under the HSR Act was granted on and became effective February 1, 2013, and the NDA, in a letter dated January 24, 2013, gave its consent to the change in control of EnergySolutions EU Limited in satisfaction of this aspect of the merger agreement. The Company has submitted all required notices or applications requesting consent to the indirect transfer of control of the Company's NRC and State radiological licenses and permits from the NRC and the States of Connecticut, Ohio, South Carolina, Tennessee and Utah. The States of Ohio, South Carolina and Tennessee have issued all required consents regarding the several licenses from these states held by the Company. A required notice has been provided to the State of Connecticut, and no further action is required by the State of Connecticut. However, further consents are still required from the NRC and the State of Utah.

Assuming timely satisfaction of the necessary closing conditions, we anticipate that the merger will be completed between the second and third quarters of 2013. The effective time of the merger will occur concurrently with the closing of the merger.

The marketing period is the first period of 20 consecutive calendar days after January 7, 2013, throughout which (a) Parent has the required financial information described below, (b) the closing conditions relating to the adoption of the merger agreement by our stockholders, the expiration of the waiting period under the HSR Act, receipt of consent from the NRC, the Agreement States and the NDA to the transfer of control of the Company, and CFIUS (if applicable) are satisfied and (c) nothing has occurred and no condition exists which would cause any of the conditions to the obligations of Parent and Merger Sub to consummate the merger relating to the accuracy of our representations and warranties and our performance of our obligations under the merger agreement not to be satisfied were they to be applicable at any time during such 20 consecutive calendar day period. However, the parties have determined not to make a filing with CFIUS pursuant to Exon-Florio, based on their belief that no such filing is necessary with respect to the transactions contemplated by the merger agreement, early termination of the waiting period under the HSR Act was granted on and became effective February 1, 2013 and the NDA, in a letter dated January 24, 2013, gave its consent to the change in control of EnergySolutions EU Limited in satisfaction of this aspect of the merger agreement. In addition, the marketing period will not be deemed to have commenced if, before the completion of the marketing period, Ernst & Young LLP withdraws its audit opinion with respect to any of the audited financial statements that are required financial information,

Table of Contents

in which case the marketing period will be deemed to commence once unqualified audit opinions have been issued for the applicable periods. Furthermore, the marketing period will not be deemed to have commenced if the Company publicly states that it is considering restating or intending to restate any financial statements that are required financial information, in which case the marketing period will be deemed to commence once the intended or contemplated restatement is completed or the Company publicly states that no such restatement is required. Further, if the financial statements included in the required financial information would not be sufficiently current on any day during such 20 consecutive calendar day period to permit a registration statement using such financial statements to be declared effective by the SEC on the last day of such 20 consecutive calendar day period, such period will be extended for 10 calendar days following the receipt by Parent of updated required financial information that would be sufficiently current to permit a registration statement using such financial statements to be declared effective by the SEC during the remainder of such 10 calendar day period. However, if we in good faith reasonably believe we have delivered the required financial information, we may deliver to Parent a written notice to that effect, in which case the marketing period shall be deemed to have commenced on the date specified in that notice unless Parent in good faith reasonably believes that we have not completed delivery of the required financial information and, within three business days of our delivery of notice to Parent, delivers to us written notice to that effect stating with specificity which required financial information Parent reasonably believes we have not delivered. In any case, the marketing period will end on the date on which either the debt financing described under "Financing of the Merger Debt Financing" on page 63 or the loan amendments described under "Financing of the Merger Loan Amendments" on page 63 are obtained, even if before the expiration of the 20 consecutive calendar day period described above.

Required financial information consists of, as of any date, (i) consolidated financial statements, financial data and other pertinent information regarding us and our subsidiaries required under the financing commitments and all financial statements, financial data, audit reports and other information of the type required by SEC Regulation S-X (other than Sections 3-10 and 3-16) and SEC Regulation S-K under the Securities Act of 1933 and of the type and form customarily included in a registration statement or an offering memorandum pursuant to Rule 144A under the Securities Act for the offering of debt securities contemplated by the financing commitments or in an offer to purchase for a tender offer for our 10.75% Senior Notes due 2018 and/or a consent solicitation to amend the indenture, (ii) other information as is otherwise necessary in order to receive customary "comfort" letters with respect to the financial statements and data referred to in clause (i), including "negative assurance" comfort, from the independent auditors of us and our subsidiaries on each date during the relevant period (including drafts of such "comfort" letters which such auditors are prepared to issue upon completion of customary procedures, each in form and substance customary for high yield debt securities offerings), and (iii) other documents required to satisfy any customary negative assurance opinion and to consummate the debt financing or any alternative financing at the time they are to be consummated.

Treatment of Company Common Stock, Options, Restricted Stock, Performance Share Units, Phantom Share Awards and Phantom Performance Share Units

Common Stock

At the effective time of the merger, each share of Company common stock issued and outstanding immediately prior to the effective time of the merger (except for the excluded shares) will convert into the right to receive the per share merger consideration, without interest, less any required tax withholding. Shares of Company common stock owned by the Company will be cancelled without payment of any consideration. Each share of Company common stock owned by Parent, Merger Sub or their affiliates or by majority-owned subsidiaries of the Company will remain outstanding and be converted into that number of surviving corporation shares that bear the same ratio to the aggregate

Table of Contents

number of outstanding shares of the Surviving Corporation as the number of shares held by Parent, Merger Sub or each subsidiary bore to the aggregate number of outstanding shares immediately prior to the effective time. Company common stock owned by stockholders who have properly exercised and perfected their demands for appraisal rights under the DGCL will not be converted into the right to receive the per share merger consideration. Such stockholders will instead be entitled to the appraisal rights provided under the DGCL as described under "Appraisal Rights" beginning on page 109.

Options

At the effective time of the merger, each Company option that is outstanding and unexercised immediately prior to the effective time of the merger will be cancelled and terminated and, at the effective time, converted into the right to receive, within five business days following the effective time of the merger, with respect to each share previously subject to such option, the excess, if any, of the per share merger consideration over the exercise price per share of such option, without interest, less any required tax withholding. If the exercise price per share of any Company option is equal to or greater than the per share merger consideration, such Company option will be cancelled without any cash payment. As of the effective time of the merger, all Company options will automatically terminate, and each holder will cease to have any rights with respect to the Company options, except the right to the cash payment described above.

Restricted Stock

At the effective time of the merger, each share of Company restricted stock that is outstanding immediately prior to the effective time of the merger will become fully vested (with the exception of Company restricted stock that is earned based on the achievement of performance goals, which will instead become earned and vested in accordance with the terms of the applicable award agreement) and will be converted into the right to receive, within five business days following the effective time of the merger, the per share merger consideration, without interest, less any required tax withholding. As of the effective time of the merger, all Company restricted stock will automatically terminate, and each holder will cease to have any rights with respect to the Company restricted stock, except the right to the cash payment described above.

Performance Share Units, Phantom Share Awards and Phantom Performance Share Units

At the effective time of the merger, each Company performance share unit and Company phantom share award that is outstanding immediately prior to the effective time of the merger will become fully vested, with the exception of any phantom performance share units which will, based on Parent's request during the negotiation of the merger, instead become earned and vested in accordance with the terms of the applicable award agreements, and will be cancelled and terminated and converted into the right to receive, within five business days following the effective time of the merger (except as set forth in the following paragraph), with respect to each share previously subject to such vested unit or award, the per share merger consideration, without interest, less any required tax withholding. As of the effective time of the merger, all Company performance share units and Company phantom share awards will no longer be outstanding and will automatically terminate, and each holder of such Company performance share unit and Company phantom share award will cease to have any rights with respect thereto, except the right to the cash payment described above. While the performance share units vest upon a "change of control" of the Company, including the merger or a sale of all or substantially all of the assets of the Company, they would not have vested if the Company had sold its government group and/or its United Kingdom and Europe business because those assets did not constitute all, or even substantially all, of the assets of the Company.

Table of Contents

This payment will be made within five business days following the effective time, except that amount payable with respect to performance-based phantom share awards will be payable, with certain exceptions, in accordance with the terms of the applicable award agreements.

Exchange and Payment Procedures

At the effective time of the merger, Parent will deposit, or will cause to be deposited, with the paying agent a cash amount in immediately available funds sufficient for the paying agent to make payment of the aggregate merger consideration to the holders of shares of Company common stock in connection with the merger, and if any holder who has properly exercised and perfected its demand for appraisal of such shares pursuant to the DGCL fails to perfect or withdraws or loses any such right to appraisal, each such share of such holder shall thereupon be deemed to have been converted as of the effective time of the merger into the right to receive the applicable per share merger consideration, without any interest. Promptly following the effective time of the merger and in no event later than five business days following the effective time of the merger, Parent shall cause the paying agent to mail to each holder of record of (i) outstanding certificates that immediately prior to the effective time of the merger represented outstanding shares of Company common stock, and (ii) uncertificated shares represented by book entry, that, in each case, have been converted into the right to receive the applicable per share merger consideration, a letter of transmittal in customary form and instructions for use in effecting the surrender of the certificates or book entry shares in exchange for the per share merger consideration.

Upon surrender of a certificate for cancellation to the paying agent together with such letter of transmittal, the holder of such certificate will be entitled to receive the per share merger consideration, without interest, less any required tax withholding, within five business days following the later of the effective time of the merger or the paying agent's receipt of such certificate. The surrendered certificate shall be cancelled. No interest will be paid or accrued on any consideration payable to holders of certificates. The paying agent shall accept such certificates upon compliance with such reasonable terms and conditions as the paying agent may impose.

You should not return your stock certificates with the enclosed proxy card, and you should not forward your stock certificates to the paying agent without a letter of transmittal.

You will not be entitled to receive the per share merger consideration until you deliver a duly completed and executed letter of transmittal to the paying agent. If your shares are certificated, you must also surrender your stock certificate or certificates to the paying agent. If ownership of your shares is not registered in the transfer records of the Company, a check for any cash to be delivered will only be issued if the applicable letter of transmittal is accompanied by all documents reasonably required by the paying agent to evidence and effect transfer and to evidence that any applicable stock transfer or other taxes have been paid or are not applicable.

No interest will be paid or accrued on the cash payable as the per share merger consideration upon the surrender of your certificates or book-entry shares. Parent, the surviving corporation and the paying agent will be entitled to deduct and withhold any applicable taxes from the per share merger consideration. Any sum that is withheld will be deemed to have been paid to the person with regard to whom it is withheld.

From and after the effective time of the merger, there will be no transfers on our stock transfer books of shares of Company common stock that were outstanding immediately prior to the effective time of the merger. If, after the effective time of the merger, a certificate is presented to the surviving corporation or the paying agent for transfer, such certificate will be cancelled and, subject to compliance with the exchange procedures set forth in the merger agreement, exchanged for the cash amount to which such person is entitled pursuant to the merger agreement.

Table of Contents

Any portion of the per share merger consideration deposited with the paying agent that remains undistributed to former record holders of Company common stock on the 12-month anniversary of the effective time of the merger will be delivered to the surviving corporation upon demand. Record holders of Company common stock (other than the excluded shares) who have not complied with the above-described exchange and payment procedures may thereafter only look to the surviving corporation for payment of the per share merger consideration without interest thereon. None of the surviving corporation, Parent, the paying agent or any other person will be liable to any person for any cash delivered to a public official pursuant to any applicable abandoned property, escheat or similar laws.

If you have lost a certificate, or if it has been stolen or destroyed, then, before you will be entitled to receive the per share merger consideration, you will have to make an affidavit of the loss, theft or destruction of that certificate. In addition, if required by Parent, you will have to post a bond in a customary amount as indemnity against any claim that may be made against it or the surviving corporation with respect to such certificate. These procedures will be described in the letter of transmittal that you will receive, which you should read carefully in its entirety.

Financing Covenant; Company Cooperation

Prior to the closing of the merger, unless the loan amendments described at "Financing of the Merger Loan Amendments" on page 63 are in effect, Parent will use its reasonable best efforts to take, or cause to be taken, all actions and to do, or cause to be done, all things necessary or advisable to:

maintain in full force and effect the financing commitments in accordance with the terms and conditions thereof; provided that Parent may, subject to certain limitations, (A) replace or amend the debt commitment letter in a manner that would not adversely impact or delay in any material respect the ability of Parent to consummate the merger or the financing, and (B) amend the debt commitment letter to add additional commitment parties;

negotiate and enter into definitive agreements with respect to the debt financing on the terms and conditions contemplated by the debt commitment letter (including any flex provisions related thereto);

satisfy all conditions applicable to Parent or Merger Sub set forth in the financing commitments, including by consummating the equity financing under the terms of the equity commitment letter;

consummate and obtain the debt financing on the terms and conditions (including the flex provisions) set forth in the financing commitments, including using reasonable best efforts to seek to enforce its rights under the debt commitment letter in the event of a breach thereof by the commitment parties; and

not permit any amendment or modification to be made to, or consent to any waiver of any condition, provision or remedy under, or replacement of any of the financing commitments or any related fee letters, without the prior written consent of the Company, if such amendment, modification, waiver or replacement:

reduces the aggregate amount of the financing;

imposes new or additional conditions, or otherwise expands, amends or modifies any of the conditions, to the receipt of the financing, in each case in a manner adverse to Parent, Merger Sub and the Company (taken as a whole); or

amends or modifies any other terms of the financing commitments in a manner that would adversely impact or delay in any material respect (x) the ability of Parent or Merger Sub to

consummate the merger and the other transactions contemplated by the merger agreement or (y) the ability of Parent or Merger Sub to obtain the financing in a timely manner.

Until and unless the loan amendments are in effect, Parent will not release or consent to the termination of the obligations of the commitment parties under the debt commitment letter, except for assignments and replacements of an individual lender under the terms of or in connection with the syndication of the debt commitment letter, or in connection with obtaining alternative financing or replacing or amending the debt commitment letter to add additional debt financing sources or otherwise in a manner that would not adversely impact or delay in any material respect the ability of Parent to consummate the merger or the financing.

Parent and Merger Sub acknowledge in the merger agreement that the obtaining of any financing, including the loan amendments, or the completion of any issuance of securities contemplated by any financing, is not a condition to the closing of the merger, such that if any financing (or any alternative financing) or issuance of securities has not been obtained, Parent and Merger Sub will continue to be obligated, subject to the satisfaction or waiver of the conditions to the closing of the merger specified in the merger agreement, to consummate the merger.

If the loan amendments are not in effect and any portion of the debt financing becomes unavailable on the terms and conditions (including the flex provisions) contemplated in the debt commitment letter, Parent is required to use its reasonable best efforts to arrange and obtain alternative financing from alternative sources on terms not less favorable, in the aggregate, to Parent than those set forth in the debt commitment letter, in an amount sufficient to consummate the transactions contemplated by the merger agreement as promptly as practicable following the occurrence of such event.

Parent has agreed to give us written notice promptly, and in any event within five business days: (i) of any party's default or breach of any financing commitment of which Parent or Merger Sub becomes aware or any termination thereof; (ii) of the receipt of any written notice or other communication from any party to a financing commitment regarding the existence of a material dispute or disagreement between or among any parties to any financing commitment that could reasonably cause a condition to the financing commitments not to be satisfied; and (iii) if for any reason Parent or Merger Sub has reasonably determined in good faith that it will not be able to obtain all or any portion of the financing on the terms, in the manner or from the sources contemplated by the financing commitments (including the flex provisions).

We have agreed to reasonably cooperate in connection with the loan amendments, the financing, and any tender offer relating to our 10.75% Senior Notes due 2018 and/or consent solicitation to amend the indenture as may be reasonably requested by Parent and that does not unreasonably interfere with our and our subsidiaries' ongoing operations, including by:

participating in customary meetings with prospective financing sources and investors;

assisting Parent and the commitment parties or other debt financing sources with the preparation of customary offering documents, private placement memoranda, prospectuses, bank information memoranda, authorization letters, ratings agency presentations, confirmations and undertakings, materials for ratings agency and lender presentations relating to the debt financing or any alternative financing arrangements;

assisting in the consummation of the debt financing, the loan amendments and any tender offer relating to our 10.75% Senior Notes due 2018 and/or a consent solicitation to amend the indenture, and executing and delivering such documents as may be reasonably requested in connection with such transactions;

making a tender offer for our 10.75% Senior Notes due 2018 and/or a consent solicitation to amend the indenture, or cooperating with any such tender offer and/or consent solicitation made by Parent;

reasonably cooperating with Parent to obtain title policies, surveys, owner affidavits, lease estoppels and subordination nondisturbance agreements with respect to our real property; and

if requested by Parent, using our reasonable best efforts to obtain the loan amendments, or if the amendments are not pursued or obtained, a "payoff" letter acknowledging, among other things, the termination of the loan documents, liens, obligations or liabilities under such loan documents and letters of credit and return of letters of credit issued under the existing debt.

Solicitation of Acquisition Proposals

From and after the end of the period beginning upon the execution of the merger agreement and continuing until 11:59 p.m. New York City time on February 6, 2013, which we refer to as the "go shop" period, until the earlier of the effective time of the merger and the termination of the merger agreement in accordance with its terms, we will not, and we will cause our subsidiaries and our representatives not to, and we will use our reasonable best efforts to cause (subject to any request, instruction or direction from the NDA) Magnox Limited not to:

initiate, solicit, propose, encourage or take any action designed to, or which would reasonably be expected to, facilitate any inquiries or the making of any proposal or offer that constitutes, or would reasonably be expected to lead to, an acquisition proposal;

Edgar Filing: EnergySolutions, Inc. - Form DEFM14A

engage in, continue or otherwise participate in any discussions or negotiations regarding, or provide any information about us or our subsidiaries to any person relating to, or otherwise cooperate with any acquisition proposal or any proposal or offer that would reasonably be expected to lead to an acquisition proposal;

approve, publicly endorse or recommend or enter into any acquisition proposal or any letter of intent, memorandum of understanding, agreement in principle, acquisition agreement, merger agreement, option agreement, joint venture agreement, partnership agreement or similar agreement with respect to any acquisition proposal;

Table of Contents

publicly propose, agree or publicly announce an intention to take any of the foregoing actions;

take any action to make the provisions of any takeover statute inapplicable to any transaction contemplated by an acquisition proposal; or

terminate, amend, release, modify or fail to enforce any provision of, or grant any permission, waiver or request under, any standstill, confidentiality or similar agreement that we have entered into in respect or in contemplation of an acquisition proposal (unless our board of directors determines in good faith, after consultation with its outside legal counsel, that it is necessary to take any such actions described in this or the above bulleted item in order to comply with our board of directors' fiduciary duties to our stockholders under applicable law and solely to the extent necessary to allow the other party to submit any non-public acquisition proposal to our board of directors in compliance with our non-solicitation obligations under the merger agreement).

Immediately following the "go shop" period, we will, and will cause our subsidiaries and representatives to, cease and cause to be terminated any solicitation, encouragement, discussion or negotiation with any persons with respect to an acquisition proposal and to request the immediate return or destruction of all confidential information previously furnished. However, from the end of the "go shop" period, we would have been permitted to continue to engage in solicitation activities and negotiations for 10 days with respect to a bona fide acquisition proposal submitted by a person prior to the conclusion of the "go shop" period that our board of directors determined in good faith to constitute, or to be reasonably likely to lead to, a superior proposal. No such proposals were submitted during the "go shop" period.

At any time after the expiration of the "go-shop" period and before our stockholders adopt the merger agreement, if (i) any person makes a bona fide written acquisition proposal that did not result from a breach of our obligations under the preceding paragraphs, (ii) such person executes a confidentiality agreement on terms no less favorable to us than the terms of our confidentiality agreement with Energy Capital Partners II, LLC and (iii) (A) our board of directors determines in good faith, based on the information then available and after consultation with its financial advisor and outside legal counsel, that such acquisition proposal either constitutes a superior proposal or would reasonably be expected to lead to a superior proposal, (B) our board of directors determines in good faith (after consultation with outside legal counsel) that it is necessary to take such actions in order to comply with its fiduciary duties under applicable law, (C) we or our board of directors gives Parent prior notice of such determinations and (D) all information or data to be provided to such person has either been previously provided to Parent or is provided to Parent prior to or concurrently with the time it is provided to such person, then we may provide non-public information concerning us and our subsidiaries and engage or participate in any discussions or negotiations with such persons with respect to such bona fide written acquisition proposal, so long as we comply with certain terms of the merger agreement.

At any time before the merger agreement is adopted by our stockholders, if our board of directors determines in good faith and after consultation with its financial advisor and outside legal counsel, after giving effect to all adjustments offered by Parent and Merger Sub to the per share merger consideration, that an acquisition proposal it has received is a superior proposal and that it is necessary to take action in order to comply with its fiduciary duties under applicable law, then we may take actions including to effect a Company adverse recommendation change or terminate the merger agreement and enter into any acquisition, merger or similar agreement with respect to such superior proposal, so long as we comply with certain terms of the merger agreement, including paying a termination fee to Energy Capital Partners Management II, LP or its designee. See "The Merger Agreement Termination Fees" beginning on page 100.

Subject to the exceptions described below, at any time after the date of the merger agreement, neither our board of directors nor any committee thereof shall adopt, approve, recommend or declare advisable, or propose to adopt, approve, recommend or declare advisable, or cause or permit us or any of our subsidiaries to execute or enter into an alternative acquisition agreement or take any of the following actions, any of which we refer to as a Company adverse recommendation change:

publicly withhold or withdraw (or qualify or modify in a manner adverse to Parent or Merger Sub), or publicly propose to withhold or withdraw (or qualify or modify in a manner adverse to Parent or Merger Sub), our recommendation that the merger is advisable or otherwise publicly repudiate the adoption, approval, recommendation or declaration of advisability by our board of directors or any such committee thereof of the merger agreement or the merger or other transactions contemplated by the merger agreement;

adopt, approve, publicly declare advisable or recommend or publicly propose to adopt, approve, declare advisable or recommend any acquisition proposal;

allow our board of directors' recommendation in favor of the merger to be excluded from this proxy statement;

fail to reject (or, if requested by Parent, fail to publicly recommend against) any acquisition proposal within 10 business days after such acquisition proposal is publicly announced; or

if a tender or exchange offer relating to our equity securities is commenced by someone unaffiliated with Parent, fail to send to our security holders pursuant to Rule 14e-2 promulgated under the Securities Act, within 10 business days after such tender or exchange offer is first published, a statement disclosing that our board of directors recommends rejection of such tender or exchange offer.

At any time prior to the time our stockholders adopt the merger agreement, our board of directors may effect a Company adverse recommendation change in response to an intervening event if it determines in good faith, after consultation with outside counsel, that it is necessary to take action in order to comply with its fiduciary duties under applicable law.

However, prior to (i) effecting a Company adverse recommendation change in connection with a superior proposal or intervening event or (ii) terminating the merger agreement in order to enter into an alternative acquisition agreement with respect to a superior proposal:

we must provide written notice to Parent and Merger Sub describing the facts underlying our board of directors' determination that an intervening event has occurred and the rationale and basis for such action or the terms and conditions of the superior proposal that is the basis of such action, including the identity of the party making the superior proposal and any financing commitments thereto;

after providing such notice and prior to taking any such action, we must negotiate with Parent and Merger Sub in good faith (to the extent Parent desires to negotiate) for five business days to revise the terms and conditions of the merger agreement and/or Parent's financing commitments and the guarantee (1) so as to obviate the need for a Company adverse recommendation change as a result of the intervening event or (2) so that such superior proposal ceases to constitute a superior proposal; and

following the end of the five business day period described above, our board of directors must have determined in good faith, after consultation with its financial advisor and outside legal counsel and taking into account any offer to repurchase our 10.75% Senior Notes due 2018 or consent solicitation to amend the indenture, the loan amendments, changes to the merger agreement, the financing commitments and the guarantee proposed in writing by Parent and

Table of Contents

Merger Sub in response to our board of directors' notification of its change of recommendation or otherwise that:

such Company adverse recommendation change in light of such intervening event is necessary to comply with our board of directors' fiduciary duties to our stockholders under applicable law, or such superior proposal continues to constitute a superior proposal; and

after consultation with its outside legal counsel, that it is necessary to take such action in order to comply with the directors' fiduciary duties to our stockholders under applicable law.

We are required to repeat the steps above following any material change in the circumstances of an intervening event, the occurrence of a new intervening event or an amendment to the terms of a superior proposal, substituting three business days for five business days in the above description.

From and after the conclusion of the "go shop" period, we will:

as promptly as reasonably practicable (and in any event within 24 hours), advise Parent and Merger Sub of our receipt of any acquisition proposal or any request for information that would reasonably be expected to lead to any acquisition proposal, the terms and conditions of any such acquisition proposal or request (including the identity of the party making such acquisition proposal), and shall as promptly as reasonably practicable (and in any event within 24 hours) advise Parent and Merger Sub of any amendments to any such acquisition proposal or request;

keep Parent fully and promptly informed of the status and material details (including any change to any term or condition thereof) of any such acquisition proposal or request; and

provide to Parent promptly after receipt or delivery thereof copies of all material correspondence and other written material sent or provided to us or any subsidiary or representative from any person that describes any of the terms or conditions of any such acquisition proposal or request.

We will promptly notify Parent if we decide to begin providing information to any third party related to an acquisition proposal or determine to begin discussions with a third party related to an acquisition proposal.

Nothing in the provisions of the merger agreement relating to acquisition proposals prevents us from taking and disclosing to our stockholders a position with respect to a tender offer or exchange offer contemplated by Rules 14d-9 or 14e-2(a) or Item 1012(a) of Regulation M-A under the Exchange Act or making any "stop-look-and-listen" or similar communication of the type contemplated by Rule 14d-9(f) under the Exchange Act to our stockholders if, in the good faith judgment of our board of directors (after consultation with outside counsel), failure to so disclose would violate applicable law. However, such communications or actions must comply with the provisions of the merger agreement relating to acquisition proposals (including with respect to a Company adverse recommendation change).

In this proxy statement we refer to any inquiry, proposal or offer relating to, or that would be reasonably expected to lead to, any of the following as an acquisition proposal:

the direct or indirect acquisition or purchase, in one transaction or a series of transactions, of 10% or more of the outstanding shares of Company common stock or other class of our capital stock by any person other than Parent or its affiliates;

any merger, consolidation, business combination, reorganization, share exchange, sale of assets (including any contractual rights or other assets owned by us or our subsidiaries), recapitalization, equity investment, joint venture, liquidation, dissolution or other transaction which would result in any person other than Parent or its affiliates acquiring assets (including

capital stock of or interest in us, any resulting parent company of us or any of our subsidiaries or any capital stock of or interest in any joint venture which is owned by us or any of our subsidiaries) representing, directly or indirectly, ten percent (10%) or more of our and our subsidiaries' revenues, net income, EBITDA, cash flow from operations, or assets, taken as a whole; or

any tender offer or exchange offer that, if consummated, would result in any person other than Parent or its affiliates beneficially owning 10% or more of the outstanding shares of our common stock or other class of our capital stock.

In this proxy statement we refer to any bona fide written acquisition proposal (with the percentages set forth in the definition of such term changed from 10% to 85%) that did not result from a breach of our obligations not to solicit acquisition proposals in certain ways or at certain times and that is fully financed (including by provision of financing commitment agreements from bona fide financing sources), not subject to any financing condition to close, that our board of directors determines in good faith (after consultation with outside counsel and our financial advisor), and considering the likelihood of consummation of such proposal, are more favorable to our stockholders (solely in their capacities as such) from a financial point of view than the transactions contemplated by the merger agreement, after giving effect to all adjustments to the terms thereof that may be offered by Parent pursuant to the merger agreement, as a superior proposal.

In this proxy statement we refer to an event, fact, circumstance, development or occurrence that is material to us and our subsidiaries, taken as a whole (other than any event or circumstance resulting from our or our subsidiaries' breach of the merger agreement) that was not known to our board nor reasonably foreseeable by our board as of or prior to the date we entered into the merger agreement which event, fact, circumstance, development or occurrence becomes known to our board of directors prior to receipt of stockholder approval of the merger, as an intervening event.

However, in no event shall any event, fact, circumstance, development or occurrence resulting from or relating to any of the following give rise to an intervening event:

any acquisition proposal;

the public announcement of discussions among Parent, Merger Sub and us regarding a potential transaction, the public announcement, execution, delivery or performance of the merger agreement, the identity of Parent or Merger Sub, or the public announcement, pendency or consummation of the transactions contemplated by the merger agreement, including the impact of any of the foregoing on relationships with customers, suppliers or employees, and any suit, action or proceeding arising therefrom or in connection therewith;

any change in the trading price or trading volume of our common stock on the NYSE or any change in our credit rating (although underlying events of any such change may be considered);

the mere fact that we have exceeded or met any of our projections, forecasts, revenue or earnings predictions or expectations of any securities analysts for any period ending (or for which revenues or earnings are released) on or after the date we entered into the merger agreement (although underlying events of any such change may be considered); or

so long as we and our subsidiaries, taken as a whole, are not disproportionately affected thereby relative to other similarly situated participants in the nuclear industry:

changes in GAAP, other applicable accounting rules or applicable law (including the accounting rules and regulations of the SEC) or, in any such case, changes in the interpretation thereof after the date of the merger agreement; or

any changes in general economic or political conditions, or in the financial, credit or securities markets in general (including changes in interest rates, exchange rates, stock, bond and/or debt prices) in the United States or the United Kingdom.

Proxy Statement

We have agreed to use reasonable best efforts to file our preliminary proxy statement with the SEC within two days following the expiration of the "go shop" period. We have also agreed to promptly notify Parent of any comments or requests for amendments or supplements we receive from the SEC and provide Parent with copies of all correspondence between us or our representatives and the SEC. We have agreed to use our reasonable best efforts to promptly respond to any SEC comments to our preliminary proxy statement, and we have agreed to mail our definitive proxy statement to our stockholders as promptly as reasonably practicable after the date the SEC staff advises that it has no further comments. In addition, we and Parent have agreed to cooperate in preparing and filing any amendments or supplements to this proxy statement required prior to the effective time.

Stockholders Meeting

We are required to take all action in accordance with Delaware law and our certificate of incorporation and bylaws necessary to duly call, give notice of and convene a meeting of our stockholders as promptly as reasonably practicable, to consider and vote upon the adoption of the merger agreement, provided however, that we may elect not to take such actions if our board of directors effects a Company adverse recommendation change in compliance with our obligations described at page 89 of this proxy statement under the heading "The Merger Agreement Solicitation of Acquisition Proposals." Subject to the provisions described at page 89 of this proxy statement under the heading "The Merger Agreement Solicitation of Acquisition Proposals," our board of directors will recommend that our stockholders vote to adopt the merger agreement, include such recommendation in this proxy statement, and will solicit adoption of the merger agreement.

Filings; Other Actions; Notification

We and Parent will cooperate with each other and use our respective reasonable best efforts to consummate and make effective the transactions contemplated by the merger agreement and to cause the conditions to the closing of the merger agreement to be satisfied, including by:

obtaining of all necessary actions or non-actions, consents and approvals from governmental entities or other persons necessary in connection with the consummation of the transactions contemplated by the merger agreement, and the making of all necessary registrations and filings and taking of all reasonable steps as may be necessary to obtain an approval from, or to avoid an action or proceeding by, any governmental entity or other persons necessary in connection with the consummation of the transactions contemplated by the merger agreement;

defending any lawsuits or other legal proceedings, whether judicial or administrative, challenging the merger agreement or the consummation of the transactions contemplated by the merger agreement, including seeking to have any stay or temporary restraining order entered by any court or other governmental entity vacated or reversed; and

executing and delivering any additional instruments necessary to consummate the merger and any other transactions to be performed or consummated in accordance with the merger agreement and to carry out fully the purposes of the merger agreement.

Parent and Merger Sub will take promptly any action necessary to avoid or eliminate any impediment and obtain all necessary consents under any antitrust laws so as to enable the Parties to close the transactions contemplated by the merger agreement, including committing to or effecting the

sale or disposition of such assets or businesses as are required in order to avoid the entry of, or to effect the dissolution of or vacate or lift, any order, that would otherwise have the effect of preventing or materially delaying the consummation of the transactions contemplated by the merger agreement.

We and Parent have agreed, subject to certain exceptions and applicable law, to:

make and not withdraw (except with the prior written consent of the other party) its respective filings under the HSR Act, and request early termination of the statutory waiting period with respect thereto;

if necessary, make appropriate filings with CFIUS pursuant to Exon-Florio with respect to the transactions contemplated by the merger agreement and comply with any additional requests for information by any antitrust authority or CFIUS (however, the parties have determined not to make a filing with CFIUS pursuant to Exon-Florio, based on their belief that no such filing is necessary with respect to the transactions contemplated by the merger agreement);

make any filings or notifications to any other foreign or multijurisdictional body that are required under any applicable antitrust laws;

file with NRC an application requesting consent under Section 184 of the Atomic Energy Act and 10 C.F.R. § 50.80 for the indirect transfer of control of the NRC licenses as a result of the merger, and any other related approvals required to be obtained with respect to the NRC licenses;

cause EnergySolutions EU Limited to notify the NDA in writing of the merger and to request the written consent of the NDA to the indirect change of control of EnergySolutions EU Limited resulting from the merger (however, the NDA, in a letter dated January 24, 2013, gave its consent to the change in control of EnergySolutions EU Limited in satisfaction of this aspect of the merger agreement);

give notices to third parties and to use our reasonable best efforts to obtain any third party consents that are necessary, proper or advisable to consummate the merger; and

keep the other party apprised of the status of matters relating to the completion of the transactions contemplated by the merger agreement, including furnishing copies of notices or communications received by Parent or by us from any third party and/or any governmental entity with respect to the transactions contemplated by the merger agreement.

Neither we nor Parent will permit any of our respective officers or representatives to participate in any meeting with any governmental entity in respect of any filing, investigation or other inquiry without consulting with the other party in advance and, to the extent permitted by such governmental entity, giving the other party the opportunity to participate at such meeting.

Employee Benefit Matters

Parent has agreed that it will, and will cause the surviving corporation for a one-year period commencing at the effective time of the merger to:

provide to continuing employees at the Company a base salary or wage rate at least equal to such continuing employees' base salary or wage rate in effect as of immediately prior to the effective time of the merger and compensation and benefits that are, in the aggregate, no less favorable than the compensation and benefits being provided to those employees immediately prior to the effective time of the merger;

Edgar Filing: EnergySolutions, Inc. - Form DEFM14A

honor the terms and conditions of employment and continue benefits as set forth in collective bargaining agreements for continuing employees whose terms and conditions of employment are

governed by such agreements, subject to any power to amend, terminate or renegotiate such agreements; and

provide to continuing employees of the Company who experience a termination of employment severance benefits that are no less than the severance benefits that would have been provided under an applicable Company benefit plan to such employees upon such a termination of employment immediately prior to the effective time of the merger.

Each continuing employee of the Company will be credited with his or her years of service with us before the consummation of the merger for purposes of eligibility, vesting, and determination of level of benefits under the compensation and benefit plans, programs, agreements and arrangements of Parent or its affiliates, the Company, the surviving corporation or any subsidiary and affiliate thereof providing benefits to any continuing employees after the consummation of the merger, which we refer to as the new plans.

Each continuing employee will be immediately eligible to participate in all new plans to the extent coverage under such plan replaces coverage under a comparable Company benefit plan in existence prior to the merger. For each new plan that is a group health plan made available to any continuing employee after the consummation of the merger, Parent will use reasonable best efforts to cause all pre-existing condition exclusions and actively-at-work requirements of such new plan to be waived for such employee and his or her covered dependents if such exclusions or requirements would have been waived or satisfied under the Company benefit plan and cause any eligible expenses incurred under a Company benefit plan during the portion of the plan year until the effective time of the merger to be taken into account under the new plan for purposes of satisfying all deductible, maximum out-of-pocket and similar requirements to the extent such amounts would have been taken into account under the Company benefit plan.

Unless Parent requests that we not do so before the effective time of the merger, we will take all actions necessary to terminate the Company stock plan prior to the effective time of the merger, and no further Company options, Company restricted stock or Company performance share units or other rights with respect to shares of Company common stock will be granted following such termination.

If Parent requests that we terminate any or all Company benefit plans intended to qualify under Section 401(a) of the United States Internal Revenue Code of 1986, as amended, in writing at least 10 days prior to the effective time of the merger, we will take all actions necessary to do so effective not later than the last business day preceding the effective time of the merger.

Public Announcements

We and Parent have agreed that, other than in connection with a Company adverse recommendation change, we will not issue any press release or make a public announcement with respect to the merger, merger agreement or other transactions contemplated by the merger agreement without the consent of the other party (which is not to be unreasonably withheld or delayed) unless such press release or announcement is required by law, in which case, the other party is to be consulted prior to the issuance or publication of such press release or announcement.

Notices of Events

Both we and Parent have agreed to provide each other with prompt notice of (i) any notice or communication received by such party from any governmental entity in connection with the merger or from any person alleging that a consent of such party may be required in connection with the merger or the other transactions contemplated by the merger agreement if such communication or the failure to obtain such consent could be material to us and (ii) any actions, suits, claims or investigations of any

Table of Contents

nature relating to the merger commenced or threatened against such party. We have also agreed to notify Parent of any change or event having a Company material adverse effect.

Conditions to the Merger

The respective obligations of the Parent, Merger Sub and us to consummate the merger are subject to the satisfaction or waiver of the following conditions:

approval by our stockholders;

expiration or termination of any applicable waiting periods under the HSR Act;

if the parties have made a filing with CFIUS pursuant to Exon-Florio, CFIUS' having notified Parent of its decision not to investigate the transactions contemplated by the merger agreement, and if CFIUS does undertake an investigation, CFIUS' or the President of the United States' determination not to take any action;

receipt of certain regulatory consents from the NRC, the Agreement States and the NDA; and

the absence of any order, restraint or prohibition issued by any court or governmental entity in effect, and any law enacted or deemed applicable, that prohibits or makes illegal the consummation of the merger, and the absence of any pending suit or proceeding by any governmental entity in any court of competent jurisdiction seeking to prohibit the consummation of the merger.

As described above, early termination of the waiting period under the HSR Act was granted on and became effective February 1, 2013, and the NDA, in a letter dated January 24, 2013, gave its consent to the change in control of EnergySolutions EU Limited in satisfaction of this aspect of the merger agreement. Also, the parties have determined not to make a filing with CFIUS pursuant to Exon-Florio, based on their belief that no such filing is necessary with respect to the transactions contemplated by the merger agreement.

The Company has submitted all required notices or applications requesting consent to the indirect transfer of control of the Company's NRC and State radiological licenses and permits from the NRC and the States of Connecticut, Ohio, South Carolina, Tennessee and Utah. The States of Ohio, South Carolina and Tennessee have issued all required consents regarding the several licenses from these states held by the Company. A required Notice has been provided to the State of Connecticut, and no further action is required by the State of Connecticut. However, further consents are still required from the NRC and the State of Utah.

The obligations of Parent and Merger Sub to effect the merger are also subject to the satisfaction or waiver by Parent at or prior to the effective time of the merger of the following additional conditions:

our representations and warranties regarding capitalization must be true and correct as of the date of the merger agreement and as of the date of the closing of the merger (except for inaccuracies that would not increase the amounts payable by Parent in connection with the merger by \$2,000,000 or more, and for those representations and warranties made as of a specific date, in which case they shall be true and correct as of such earlier date);

our other representations and warranties set forth in the merger agreement, disregarding all qualifications and exceptions relating to materiality or Company material adverse effect, must be true and correct as of the date of the merger agreement and as of the date of the closing of the merger (or, to the extent expressly made as of a specific date, as of such earlier date), except where the failure to be true and correct would not have, individually or in the aggregate, a Company material adverse effect;

Table of Contents

we must have performed in all material respects our obligations under the merger agreement that are required to be performed by us at or prior to the effective time of the merger;

we must have delivered to Parent a certificate to the effect that the conditions in the preceding three bullet points have been satisfied; and

from the date of the merger agreement until the effective time of the merger, there must not have occurred any change, event or occurrence that has had or would be expected to have, individually or in the aggregate, a Company material adverse effect.

Our obligation to effect the merger is subject to the satisfaction or waiver (in writing) by us at or prior to the effective time of the merger of the following additional conditions:

the representations and warranties of Parent set forth in the merger agreement must be true and correct (without giving effect to any materiality or Parent material adverse effect qualifications), except for such failures to be true and correct as would not have, individually or in the aggregate, a Parent material adverse effect, both as of the date of the merger agreement and as of the effective time of the merger, with the same effect as though made on and as of the effective time of the merger (except for those representations and warranties made as of a specific date, in which case they shall be true and correct as of such earlier date);

each of Parent and Merger Sub must have performed or complied in all material respects with their respective obligations under the merger agreement required to be performed or complied with by them on or prior to the effective time of the merger; and

Parent must have delivered to us a certificate to the effect that the conditions in the preceding two bullet points have been satisfied.

Termination

We and Parent may, by mutual written consent, terminate the merger agreement and abandon the merger at any time prior to the effective time of the merger, whether before or after the adoption of the merger agreement by our stockholders.

Either Parent or we may also terminate the merger agreement at any time prior to the effective time of the merger if:

the Merger has not been consummated by 11:59 p.m., New York City time, on October 7, 2013, subject to extension of up to three months in certain circumstances, and which date, as may be extended, we refer to as the end date; provided, however, that:

Parent may extend the end date for up to three months if all other conditions to consummation of the merger are satisfied or capable of then being satisfied and the sole reason that the merger has not been consummated is that one or more conditions relating to the consent to the merger from the NRC, each Agreement State from whom the Company or its subsidiaries holds a radiological license or the NDA has not been satisfied; and

neither we nor Parent may terminate the merger agreement if our or their respective failure to perform obligations under the merger agreement, to act in good faith or to use reasonable best efforts to consummate the transactions contemplated by the merger agreement has been a principal cause of or resulted in the failure of the merger to be consummated;

any order or other action of any governmental entity having competent jurisdiction is entered permanently enjoining, restraining or otherwise prohibiting the transactions contemplated by the merger agreement, and such order or other action has become final and nonappealable;

Table of Contents

provided, that a party is not entitled to terminate the merger agreement if the issuance of such final, non-appealable order was primarily due to such party's failure, and in the case of Parent, including the failure of Merger Sub, to perform any of its obligations under the merger agreement; or

the affirmative vote of the holders of outstanding Company common stock representing at least a majority of all the votes entitled to be cast thereupon by holders of Company common stock to adopt the merger agreement and approve the transactions contemplated by the merger agreement is not obtained at the special meeting or any adjournment or postponement thereof at which the merger agreement and the transactions contemplated by the merger agreement have been voted upon.

We may also terminate the merger agreement if:

Parent or Merger Sub breach or fail to perform any representations, warranties, covenants or agreements set forth in the merger agreement such that our closing conditions related to such representations, warranties, covenants or agreements would not be satisfied, and such breach or failure to perform cannot be cured on or before the end date or is not cured by Parent within 30 days after Parent received written notice of such breach from us (provided that we will not have this right to terminate if we are then in breach or have failed to perform any of our representations, warranties, covenants or other agreements set forth in the merger agreement such that the closing conditions of Parent and Merger Sub related to our representations, warranties, covenants or agreements would not be satisfied);

the conditions to the obligations of Parent and Merger Sub to consummate the merger have been satisfied (other than those conditions that by their nature are to be satisfied by actions taken at the closing of the merger), and Parent and Merger Sub fail to consummate the transactions contemplated by the merger agreement within two business days following the date on which the closing of the merger should have occurred (provided that during such two business days and for 24 hours thereafter no party will be entitled to terminate the merger agreement for failure of the merger to have been consummated by the end date); or

at any time before our stockholders adopt the merger agreement, (i) our board of directors determines to enter into an alternative acquisition agreement with respect to a superior proposal and (ii) we have complied in all material respects with the non-solicitation, notice and other requirements of the merger agreement described under "The Merger Agreement Solicitation of Acquisition Proposals" beginning on page 89 (provided that we pay to Energy Capital Partners Management II, LP or its designee the termination fee of \$13.6 million, in circumstances described under "The Merger Agreement Termination Fees" beginning on page 100).

Parent may also terminate the merger agreement if:

we breach or fail to perform any representations, warranties, covenants or agreements set forth in the merger agreement such that the closing conditions of Parent and Merger Sub related to such representations, warranties, covenants or agreements would not be satisfied, and our breach or failure to perform cannot be cured on or before the end date or is not cured by us within 30 days after we received written notice of such breach from Parent or Merger Sub (provided that Parent will not have this right to terminate if Parent or Merger Sub is also in breach or has failed to perform any of their respective representations, warranties, covenants or other agreements set forth in the merger agreement such that our closing conditions related to our representations, warranties, covenants or agreements would not be satisfied);

our board of directors or any committee thereof effects a Company adverse recommendation change as described under "The Merger Agreement Solicitation of Acquisition Proposals" beginning on page 89;

Table of Contents

our board of directors does not hold the stockholders meeting or use reasonable best efforts to solicit proxies in favor of the adoption of the merger agreement in material breach of its obligation to do so under the merger agreement;

our board of directors fails to publicly reaffirm its recommendation to vote in favor of the merger within 10 days of Parent's written request for such affirmation (or if the end date is less than 10 days from the receipt of such request from Parent, by the close of business on the business day preceding the end date); or

we enter into an agreement with respect to any alternative acquisition proposal, which we refer to as an alternative acquisition agreement; or

we materially breach the non-solicitation, notice and other requirements of the merger agreement described under "The Merger Agreement Solicitation of Acquisition Proposals" beginning on page 89.

Termination Fees

Company Termination Fee. We will pay Energy Capital Partners Management II, LP or its designee a termination fee equal to \$13.6 million if:

we terminate the merger agreement because, prior to obtaining stockholder approval of the transaction, our board of directors determined to enter into an alternative acquisition agreement with respect to a superior proposal and we complied in all material respects with the non-solicitation, notice and other requirements of the merger agreement described under "The Merger Agreement Solicitation of Acquisition Proposals" beginning on page 89; or

Parent terminates the merger agreement because:

our board of directors or any committee thereof has effected a Company adverse recommendation change;

our board of directors does not hold the stockholders meeting or use reasonable best efforts to solicit proxies in favor of the adoption of the merger agreement in material breach of its obligation to do so under the merger agreement;

our board of directors fails to publicly reaffirm its recommendation to vote in favor of the merger within 10 days of Parent's written request for such affirmation (or if the end date is less than 10 days from the receipt of such request from Parent, by the close of business on the business day preceding the end date);

we enter into an agreement with respect to an alternative acquisition proposal; or

we materially breach the non-solicitation, notice and other requirements of the merger agreement described under "The Merger Agreement Solicitation of Acquisition Proposals" beginning on page 89; or

Each of the following conditions is satisfied:

Edgar Filing: EnergySolutions, Inc. - Form DEFM14A

either (i) we or Parent terminate the merger agreement for the merger's failure to be consummated by the end date or because our stockholders did not adopt the merger agreement or (ii) Parent terminates the merger agreement because we breached or failed to perform our representations, warranties, covenants or agreements set forth in the merger agreement;

we receive or have received an acquisition proposal from a third party after the date of the merger agreement, which acquisition proposal is publicly disclosed either (i) before the end date, if the merger agreement is terminated for the merger's failure to be consummated by

Edgar Filing: EnergySolutions, Inc. - Form DEFM14A

the end date, (ii) before our stockholders meeting or such later date as such meeting is postponed or adjourned if the merger agreement is terminated because our stockholders did not adopt the merger agreement or (iii) in the case of a termination because of our breach or failure to perform representations, warranties, covenants or agreements, before such termination; and

we enter into an alternative acquisition agreement with respect to an acquisition proposal (substituting 50% for 10% in each place 10% appears in the definition of acquisition proposal) with any person other than Parent or its affiliates within 12 months of the merger agreement's termination.

The above termination fee would have been reduced to \$9.1 million if each of the following requirements had been met, in each case, on or before February 16, 2013, which we refer to as the cut-off date:

we have complied in all material respects with the non-solicitation, notice and other requirements of the merger agreement described under "The Merger Agreement Solicitation of Acquisition Proposals" beginning on page 89, and we terminate the merger agreement because our board of directors has determined to enter into an alternative acquisition agreement with respect to a superior proposal or because Parent terminates the merger agreement because we have entered into an agreement with respect to any alternative acquisition proposal; and

we enter into a definitive agreement with a person who has made proposals to us during the period from January 7 through February 6, 2013, which we refer to as the "go shop" period, in compliance with certain requirements.

However, no such proposals were made to us during the "go shop" period.

Any termination fee payable by us will be reduced by the amount, if any, of Parent's reimbursable expenses described below under "The Merger Agreement Expenses" that we actually reimburse to Energy Capital Partners Management II, LP or its designee.

Parent Termination Fee. Parent will pay us the Parent termination fee of \$27.2 million if we terminate the merger agreement because either:

Parent or Merger Sub breached or failed to perform their respective representations, warranties, covenants or agreements set forth in the merger agreement; or

Parent and Merger Sub failed to consummate the merger within two business days following the date on which the closing of the merger should have occurred under the merger agreement.

Our right to receive the Parent termination fee is our and our subsidiaries' sole and exclusive remedy against the Parent, Merger Sub, the guarantor, the debt financing sources or any of their respective former, current or future general or limited partners, stockholders, members, managers, directors, officers, employees, agents, affiliates or assignees (excluding us and our subsidiaries and joint ventures), which we refer to as the parent group, for all losses and damages suffered as a result of the failure of the transactions contemplated by the merger agreement to be consummated or for a breach or failure to perform as required by the merger agreement. Upon payment of the termination fee by Parent, the parent group will not have any further liability or obligation relating to or arising out of the merger agreement or the transactions contemplated by the merger agreement, except:

that Parent will also be obligated with respect to interest and attorneys' fees as described in "The Merger Agreement Remedies" beginning on page 103, and

if the proceeds of the debt financing are available to be drawn down at the closing of the merger under the terms of the debt commitment letter or if the failure of the proceeds of the debt financing to be available to be drawn down at the closing of the merger under the terms of

Table of Contents

the debt commitment letter is the result of Parent or Merger Sub's breach of the merger agreement, and all the conditions to the obligations of Parent and Merger Sub to consummate the merger have been satisfied (other than those conditions that by their nature are to be satisfied at the Closing) and the closing does not occur, then

Parent will pay us the Parent termination fee within two business days after we terminate the merger agreement; and

Parent will pay us an amount equal to our aggregate losses, if any, in excess of the Parent termination fee resulting from Parent or Merger Sub's intentional breach of the merger agreement up to \$75 million, which we refer to as the capped damages, plus interest and attorneys' fees in certain cases.

In no event will we be entitled to seek or obtain any recovery or judgment in excess of the Parent termination fee against the debt financing sources under the merger agreement. However, these provisions of the merger agreement do not limit or modify any debt financing source's obligations to Parent or Merger Sub under the debt commitment letter.

If the Parent termination fee is paid because Parent or Merger Sub breached or failed to perform their respective representations, warranties, covenants or agreements set forth in the merger agreement, and subject to Parent and Merger Sub's liability for damages up to the capped damages of \$75 million, plus interest and attorneys' fees in certain cases, for intentional breach of the merger agreement and our right to specific performance, each as described under "The Merger Agreement Remedies," beginning on page 103, the payment of such Parent termination fee by Parent shall constitute liquidated damages as to any claim for damages and shall be our sole and exclusive remedy with respect to any termination based on a breach of the Parent's representations, warranties or covenants, the failure to obtain the debt financing or the Parent's failure to consummate the transaction regardless of the availability of the debt financing. In no event shall Parent be obligated to pay the termination fee more than once.

The guarantor has agreed to guarantee the obligation of Parent to pay whichever fee is payable, as described in the preceding paragraph, and to guarantee the performance and discharge of certain expense reimbursement obligations of Parent and Merger Sub, in each case pursuant to the merger agreement. In no event shall we be entitled to receive more than one of the fees described above.

Expenses

In general, all expenses incurred in connection with the merger agreement and the transactions contemplated therein shall be paid by the party incurring them. If the transaction is consummated, Parent shall pay, or cause to be paid, all documentary, sales, use, real property transfer, registration, value added, transfer, stamp, recording and similar taxes, fees, and costs together with any interest thereon, penalties, fines, costs, fees, additions to tax or additional amounts with respect thereto incurred in connection with the merger agreement and the transactions contemplated thereby, and shall file all tax returns related thereto.

If the merger agreement is terminated, the consent fee referenced in the section of this proxy statement beginning on page 63 of this proxy statement under the heading "Financing of the Merger Loan Amendments" will ultimately be borne by Energy Capital Partners Management II, LP and its affiliates and not by our stockholders, subject to our obligation under the merger agreement to reimburse Energy Capital Partners Management II, LP or its designee for certain of its expenses in certain circumstances described below.

Table of Contents

We will be required to reimburse to Energy Capital Partners Management II, LP or its designee all of Parent's reimbursable expenses that Parent invoices us for and provides reasonable documentation of if the merger agreement is terminated in the following circumstances:

we or Parent terminate the merger agreement because the merger has not been consummated by the end date, because our stockholders did not adopt the merger agreement or because of a final and non-appealable permanent governmental injunction, restraint or prohibition; or

Parent terminates the merger agreement because of our breach of our representations, warranties, covenants or agreements in the merger agreement.

We will deduct the amount of such reimbursement from any termination fee we are subsequently required to pay.

On February 15, 2013, we entered into a reimbursement agreement with Parent and Merger Sub. This reimbursement agreement was entered into in connection with the loan amendments and provides that if the merger agreement is terminated, Parent, and not our stockholders, will ultimately bear: (i) certain fees, costs, expenses or disbursements, if and to the extent paid by or on behalf of the Company, payable in connection with the loan amendments and (ii) certain fees, costs, expenses or disbursements, if and to the extent paid by or on behalf of us, that would otherwise be payable by Parent under the fee letter, dated January 7, 2013, by and between Morgan Stanley Senior Funding, Inc. and Parent, subject to offset in certain circumstances. However, this reimbursement obligation is in each case subject to our obligation under the merger agreement to reimburse Energy Capital Partners Management II, LP or its designee for certain of Parent's expenses in certain circumstances, which reimbursement, if any, will be deducted from any termination fee payable by us to Energy Capital Partners Management II, LP or its designee.

In this proxy statement, Parent's reimbursable expenses means Parent's out-of-pocket expenses incurred by Parent or on its behalf in connection with the merger agreement, the loan amendments, any tender offer related to all or a portion of our 10.75% Senior Notes due 2018 or consent solicitation to amend the indenture, the debt and equity financing and related commitments, this proxy statement and all SEC and other filing fees incurred in connection with the proxy statement, the solicitation of stockholder approvals, the filing of any required notices under law, any government filings or consent applications, engagement of the paying agent, obtaining consents of third parties, and all other matters related to the closing of the transactions contemplated by the merger agreement, to the extent actually incurred or paid. However, the amount of Parent's reimbursable expenses is limited to: (i) \$10 million if the merger agreement is terminated by either Parent or by us for the failure of the merger to be consummated by the end date or a final and non-appealable permanent governmental injunction, restraint or prohibition, or if the merger agreement is terminated by Parent because of our breach of our representations, warranties, covenants or agreements in the merger agreement, and such Parent's reimbursable expenses are due and payable at any time on or within 90 days after the date of the merger agreement, (ii) \$20 million at any time on or between 91 and 180 days after the date of the merger agreement, (iii) \$30 million at any time on or after 181 days after the date of the merger agreement or (iv) \$5.4 million if this Agreement is terminated by either Parent or by us because the stockholder approval was not obtained and such Parent's reimbursable expenses are due and payable.

Remedies

The parties are entitled to specific performance, including an injunction to prevent breaches of the merger agreement and to enforce specifically the terms of the merger agreement, in addition to any other remedy to which they are entitled at law or in equity. However, the merger agreement sets forth certain conditions to our ability to obtain specific performance to cause (i) the equity financing for the merger to be funded and (ii) Parent and Merger Sub to use reasonable best efforts to enforce the terms of the debt commitment letter.

Table of Contents

The merger agreement allows us to obtain specific performance of Parent's obligation to cause the equity financing for the merger to be funded, and of Parent and Merger Sub's obligations to use reasonable best efforts to enforce the terms of the debt commitment letter (if the loan amendments have not been implemented), which may include a demand that Parent and Merger Sub file lawsuits against the debt financing sources, only if each of the following conditions applicable to such demand for specific performance are satisfied:

all conditions precedent to the obligations of Parent and Merger Sub to effect the merger described under "The Merger Agreement Conditions to the Merger" beginning on page 97 (other than those conditions that by their nature cannot be satisfied until the closing of the merger, but each of which shall be capable of being satisfied upon the closing of the merger) have been satisfied and remain satisfied at the time when the closing of the merger would have occurred but for the failure of the equity financing or the debt financing to be funded, and Parent and Merger Sub fail to complete the closing by the date that the closing of the merger should have occurred;

to specifically enforce Parent and Merger Sub's obligation to cause the equity financing to be funded, either the loan amendments are in full force and effect, or the debt financing (or alternative financing) for the merger has been funded or will be funded if the equity financing is funded at the closing of the merger;

to specifically enforce Parent and Merger Sub's obligations to use reasonable best efforts to enforce the terms of the debt commitment letter, all conditions to the consummation of the debt financing contemplated by the debt commitment letter, other than the receipt of equity financing, conditions within the control of Parent or Merger Sub and those conditions that by their nature cannot be satisfied until the closing date, but each of which shall be capable of being satisfied on the closing date, have been satisfied, and the loan amendments are not in full force and effect; and

we irrevocably confirm that if specific performance is granted and the equity and debt financing are funded then we will take all actions within our control to cause the closing of the merger to occur.

If Parent or Merger Sub, on the one hand, or we, on the other hand, intentionally breach the merger agreement prior to the termination of the merger agreement, the breaching party will be liable to the other party for actual damages up to the capped damages of \$75 million, plus interest and attorneys' fees in certain cases if all of the conditions to the closing of the merger described above under "The Merger Agreement Conditions to the Merger" on page 97 have been satisfied, other than those conditions that by their nature are to be satisfied by actions taken at the closing.

Subject to our right to specific performance, capped damages and certain costs and expenses in connection with enforcing our rights to the Parent termination fee or the capped damages, each as described above, our receipt of the Parent termination fee discussed above under "The Merger Agreement Termination Fees" including the guarantee thereof by the guarantor, will be our sole and exclusive remedy against the parent group for all losses and damages suffered as a result of the failure of the transactions contemplated by the merger agreement to be consummated or for a breach or failure to perform under the merger agreement or otherwise, and upon payment of the Parent termination fee, the parent group will not have any further liability or obligation relating to or arising out of the merger agreement or the transactions contemplated thereby.

Parent and Merger Sub's right to seek to recover damages in an amount not to exceed the capped damages of \$75 million, plus interest and attorneys' fees in certain cases, or Energy Capital Partners Management II, LP or its designee's right to receive payment from us of Parent's reimbursable expenses and/or Company termination fee shall constitute the sole and exclusive remedy of Parent and

Merger Sub against us and our subsidiaries and any of our respective former, current or future general or limited partners, stockholders, members, managers, directors, officers, employees agents, affiliates or assignees, which we refer to as the Company group, for all losses and damages suffered as a result of the failure of the transactions contemplated by the merger agreement to be consummated or for a breach or failure to perform under the merger agreement, and upon payment of either the termination fee or any capped damages, plus interest and attorneys' fees in certain cases, the Company group shall not have any further liability or obligation relating to or arising out of the merger agreement or the transactions contemplated thereby.

The parties to the merger agreement may simultaneously pursue a grant of specific performance, payment of damages incurred as a result of intentional breach and the payment of the respective termination fee or Parent termination fee by the other party. However, no party will be permitted or entitled to receive more than one of the following remedies: (i) a grant of specific performance, (ii) payment of the respective termination fee or Parent termination fee by the other party and (iii) a recovery of damages for intentional breach in an amount not to exceed the capped damages of \$75 million, plus interest and attorneys' fees in certain cases.

Indemnification; Directors' and Officers' Insurance

Parent and the surviving corporation will indemnify, defend, hold harmless, and advance expenses to, our present and former officers and directors to the fullest extent required by our charter and bylaws and any indemnification agreements as in effect on the date of the merger agreement for acts or omissions occurring prior to the effective time of the merger for not less than six years after the effective time of the merger, and will not amend, repeal or otherwise modify any such provision in any manner that would adversely affect the rights thereunder of any of our present and former directors and officers. In addition, if we are unable to do so prior to the effective time of the merger, Parent will, or will cause the surviving corporation to, obtain and fully pay the premium for the non-cancellable extension of our present directors' and officers' liability insurance and fiduciary liability insurance policies covering each person currently covered by our directors' and officers' liability insurance policy for a claims reporting or discovery period of at least six years from and after the effective time of the merger with respect to any claim related to any period of time at or prior to the effective time of the merger from an insurance carrier with the same or a better credit rating as our current insurance carrier. However, that Parent and the surviving corporation will not be required to pay an annual premium for any such insurance in excess of 300% of the last annual premium paid prior to the date of the merger agreement.

Our present and former directors and officers have the right to enforce the provisions of the merger agreement relating to their indemnification and are express third party beneficiaries of the merger agreement solely for this purpose.

Access

Subject to certain exceptions, we will, upon reasonable prior written notice, afford Parent and its authorized representatives reasonable access to the Company and furnish Parent information concerning our business, properties and personnel as may reasonably be requested.

Modification or Amendment

At any time prior to the effective time of the merger, the parties to the merger agreement may amend, modify or supplement the merger agreement by action taken or authorized by their respective boards of directors, whether before or after the stockholder approval has been obtained. However, if our stockholders have adopted the merger agreement, no amendment shall be made that pursuant to applicable law requires further approval or adoption by our stockholders without such further approval

or adoption. In addition, certain provisions of the merger agreement may not be modified, waived or terminated in a manner that adversely affects the rights of the commitment parties to the debt financing without their prior written consent. **Our board of directors unanimously recommends that you vote "FOR" the adoption of the merger agreement.**

AUTHORITY TO ADJOURN THE SPECIAL MEETING (PROPOSAL NO. 2)

We may ask our stockholders to vote on a proposal to authorize our board of directors, in its discretion, to adjourn the special meeting to a later date or dates, if necessary, to solicit additional proxies if there are insufficient votes at the time of the meeting to adopt the merger agreement. We currently do not intend to propose that our board of directors have discretionary authority to adjourn the special meeting if there are sufficient votes to adopt the merger agreement. If any proposal to authorize our board of directors, in its discretion, to adjourn the special meeting for the purpose of soliciting additional proxies is submitted to our stockholders for approval, such approval requires the affirmative vote of the holders of a majority of the shares of our common stock present in person or represented by proxy and entitled to vote on the matter.

Our board of directors recommends that you vote "FOR" any proposal to authorize our board of directors, in its discretion, to adjourn the special meeting, if necessary, to solicit additional proxies.

ENERGYSOLUTIONS ADVISORY (NON-BINDING) PROPOSAL ON SPECIFIED COMPENSATION (PROPOSAL NO. 3)

Section 14A of the Exchange Act, which was enacted as part of the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, requires that we provide our stockholders with the opportunity to vote to approve, on an advisory non-binding basis, the "golden parachute" compensation arrangements for our named executive officers, as disclosed in the section of this proxy statement entitled "The Merger Specified Compensation that may Become Payable to Our Named Executive Officers in Connection with the Merger" beginning on page 69 of this proxy statement.

Table of Contents

We are asking our stockholders to indicate their approval of the various change in control payments which our named executive officers will or may be eligible to receive in connection with the merger. These payments are set forth in the table included in the section of this proxy statement entitled "The Merger Specified Compensation that may Become Payable to Our Named Executive Officers in Connection with the Merger" beginning on page 69 and accompanying footnotes.

Accordingly we are seeking approval of the following resolution at the annual meeting:

"RESOLVED, that the compensation that may be paid or become payable to EnergySolutions, Inc.'s named executive officers in connection with the merger, as disclosed in the table in the section of the joint proxy statement/prospectus statement entitled 'The Merger Specified Compensation that may Become Payable to Our Named Executive Officers in Connection with the Merger' including the associated narrative discussion, is hereby APPROVED."

The vote on this non-binding proposal regarding certain merger-related executive compensation arrangements is a vote separate and apart from the vote on the proposal to adopt the merger agreement and the proposal to adjourn the annual meeting. Accordingly, you may vote "FOR" the proposal to adopt the merger agreement and the proposal to adjourn the annual meeting and vote "AGAINST" or "ABSTAIN" for this non-binding proposal regarding certain merger-related executive compensation arrangements (and vice versa).

Because your vote is advisory, it will not be binding upon the Company, our board of directors, our board of directors' compensation committee or Energy Capital Partners. Further, the underlying plans and arrangements are contractual in nature and not, by their terms, subject to stockholder approval. Accordingly, regardless of the outcome of the advisory vote, if the merger is consummated, our named executive officers will be eligible to receive the various change in control payments in accordance with the terms and conditions applicable to those payments and any future amendments thereto.

Our board of directors believes that the merger-related compensation arrangements of our named executive officers, as described in this proxy statement, are appropriate for the reasons stated above, and unanimously recommends that you vote "FOR" approval of the merger-related executive compensation arrangements for our named executive officers as described in this proxy statement.

APPRAISAL RIGHTS

Under the DGCL, you have the right to dissent from the merger and to receive payment in cash for the fair value of your common stock (exclusive of any element of value arising from the accomplishment or expectation of the merger) as determined by the Delaware Court of Chancery, together with a fair rate of interest, if any, as determined by the court, in lieu of the consideration you would otherwise be entitled to receive pursuant to the merger agreement. These rights are known as appraisal rights. The Company's stockholders electing to exercise appraisal rights must comply with the provisions of Section 262 of the DGCL in order to perfect their rights. The Company will require strict compliance with the statutory procedures.

The following is intended as a brief summary of the material provisions of the Delaware statutory procedures required to be followed by a stockholder in order to dissent from the merger and perfect appraisal rights.

This summary, however, is not a complete statement of all applicable requirements and is qualified in its entirety by reference to Section 262 of the DGCL, the full text of which appears in **Annex C** to this proxy statement. Failure to precisely follow any of the statutory procedures set forth in Section 262 of the DGCL may result in a termination or waiver of your appraisal rights.

Table of Contents

Section 262 requires that stockholders be notified that appraisal rights will be available not less than 20 days before the stockholders' meeting to vote on the merger. A copy of Section 262 must be included with such notice. This proxy statement constitutes the Company's notice to its stockholders of the availability of appraisal rights in connection with the merger in compliance with the requirements of Section 262.

The Company's stockholders who may wish to exercise their appraisal rights or may wish to preserve their right to do so should review Annex C carefully and in its entirety and should consult with their legal advisor, since failure to timely comply with the procedures set forth therein will result in the loss of such rights.

If you elect to demand appraisal of your shares, you must satisfy each of the following conditions:

You must deliver to the Company a written demand for appraisal of your shares before the vote with respect to the merger is taken. This written demand for appraisal must be in addition to and separate from any proxy or vote abstaining from or voting against the adoption of the merger agreement. Voting "AGAINST" or failing to vote "FOR" the adoption of the merger agreement by itself does not constitute a demand for appraisal within the meaning of Section 262.

You must either vote against the adoption of the merger agreement or abstain from voting on the adoption of the merger agreement. A vote in favor of the adoption of the merger agreement, by proxy, over the Internet, by telephone or in person, will constitute a waiver of your appraisal rights in respect of the shares so voted and will nullify any previously filed written demands for appraisal. Because a proxy that does not contain voting instructions will, unless revoked, be voted in favor of adoption of the merger agreement, a stockholder who wishes to exercise appraisal rights must vote against the adoption of the merger agreement or abstain from voting.

You must continuously hold the shares of record from the date of making the demand through the effective time of the merger.

If you fail to comply with any of these conditions and the merger is completed, you will be entitled to receive the cash payment for your shares of common stock as provided for in the merger agreement, but you will have no appraisal rights with respect to your shares of common stock.

All demands for appraisal should be addressed to EnergySolutions, Inc., 423 West 300 South, Suite 200, Salt Lake City, Utah 84101, Attention: Corporate Secretary, and must be delivered before the vote on the merger agreement is taken at the special meeting, and should be executed by, or on behalf of, the record holder of the shares of our common stock. The demand must reasonably inform the Company of the identity of the stockholder and the intention of the stockholder to demand appraisal of his, her or its shares. To be effective, a demand for appraisal by a holder of our common stock must be made by, or in the name of, such registered stockholder, fully and correctly, as the stockholder's name appears on his, her or its stock certificate(s).

Only a holder of record of shares of our common stock is entitled to demand appraisal rights for such shares of our common stock registered in that holder's name. In addition, the stockholder must continuously hold the shares of record from the date of making the demand through the effective time of the merger.

Beneficial owners who do not also hold the shares of record may not directly make appraisal demands to the Company. The beneficial holder must, in such cases, have the registered owner, such as a broker or other nominee, submit the required demand in respect of those shares.

If shares are owned of record in a fiduciary capacity, such as by a trustee, guardian or custodian, execution of a demand for appraisal should be made by or for the fiduciary.

If the shares are owned of record by more than one person, as in a joint tenancy or tenancy in common, the demand should be executed by or for all joint owners.

Table of Contents

An authorized agent, including an authorized agent for two or more joint owners, may execute the demand for appraisal for a stockholder of record; however, the agent must identify the record owner or owners and expressly disclose the fact that, in executing the demand, he or she is acting as agent for the record owners.

A record owner, such as a broker, who holds shares as a nominee for others, may exercise his or her right of appraisal with respect to the shares held for one or more beneficial owners, while not exercising this right for other beneficial owners. In that case, the written demand should state the number of shares as to which appraisal is sought. Where no number of shares is expressly mentioned, the demand will be presumed to cover all shares held in the name of the record owner.

If you hold your shares of common stock in a brokerage account or in other nominee form and you wish to exercise appraisal rights, you should consult with your broker or the other nominee to determine the appropriate procedures for the nominee to make a demand for appraisal. A person having a beneficial interest in shares of common stock held of record in the name of another person, such as a broker or nominee, must act promptly to cause the record holder to properly follow the steps summarized below and perfect appraisal rights in a timely manner.

Within 10 days after the effective time of the merger, the Company's successor, the surviving corporation, will provide notice of the date the merger has become effective to each former stockholder of the Company who has properly demanded appraisal rights under Section 262 of the DGCL and has not voted in favor of the adoption of the merger agreement. At any time within 60 days after the effective time of the merger, any stockholder who has demanded an appraisal has the right to withdraw the demand and to accept the cash payment specified by the merger agreement for his or her shares of common stock. Any attempt to withdraw made more than 60 days after the effectiveness of the merger will require the written approval of the surviving corporation and no appraisal proceeding before the Delaware Court of Chancery as to any stockholder will be dismissed without the approval of the Delaware Court of Chancery, which approval may be conditioned upon any terms the Delaware Court of Chancery deems just. If the surviving corporation does not approve a stockholder's request to withdraw a demand for appraisal when the approval is required or if the Delaware Court of Chancery does not approve the dismissal of an appraisal proceeding, the stockholder would be entitled to receive only the appraised value determined in any such appraisal proceeding. This value could be higher or lower than, or the same as, the value of the merger consideration.

Within 120 days after the effective time of the merger, either the surviving corporation or any stockholder who has complied with the requirements of Section 262 may file a petition in the Delaware Court of Chancery demanding a determination of the fair value of the shares held by all stockholders entitled to appraisal. Upon the filing of the petition by a stockholder, service of a copy of such petition shall be made upon the surviving corporation. The surviving corporation has no obligation to file such a petition in the event there are dissenting stockholders. Accordingly, the failure of a stockholder to file such a petition within the period specified could nullify the stockholder's previously written demand for appraisal.

Within 120 days after the effective time of the merger, any stockholder who has complied with Section 262 shall, upon written request to the surviving corporation, be entitled to receive a written statement setting forth the aggregate number of shares not voted in favor of the merger agreement and with respect to which demands for appraisal rights have been received and the aggregate number of holders of such shares. Such written statement will be mailed to the requesting stockholder within 10 days after such written request is received by the surviving corporation or within 10 days after expiration of the period for delivery of demands for appraisal, whichever is later.

If a petition for appraisal is duly filed by a stockholder and a copy of the petition is delivered to the surviving corporation, the surviving corporation will then be obligated, within 20 days after receiving service of a copy of the petition, to provide the Delaware Court of Chancery with a duly verified list

Table of Contents

containing the names and addresses of all stockholders who have demanded an appraisal of their shares and with whom agreements as to the value of their shares have not been reached by the surviving corporation. After providing notice to dissenting stockholders who demanded appraisal of their shares, the Delaware Court of Chancery is empowered to conduct a hearing upon the petition, and to determine those stockholders who have complied with Section 262 and who have become entitled to the appraisal rights provided thereby.

After determination of the stockholders entitled to appraisal of their shares of our common stock, the Delaware Court of Chancery will appraise the shares, determining their fair value exclusive of any element of value arising from the accomplishment or expectation of the merger, together with a fair rate of interest, if any. When the value is determined, the Delaware Court of Chancery will direct the payment of such value, with interest thereon accrued during the pendency of the proceeding, if the Delaware Court of Chancery so determines, to the stockholders entitled to receive that value upon the surrender of their shares. Unless the Delaware Court of Chancery in its discretion determines otherwise for good cause shown, interest from the effective time of the merger through the date of payment of the judgment shall be compounded quarterly and shall accrue at 5% over the Federal Reserve discount rate (including any surcharge) as established from time to time during the period between the effective time of the merger and the date of payment of the judgment.

In determining fair value, the Delaware Court of Chancery is required to take into account all relevant factors. **You should be aware that the fair value of your shares as determined under Section 262 could be more than, the same as, or less than the value that you are entitled to receive under the terms of the merger agreement.**

Costs of the appraisal proceeding may be imposed upon the surviving corporation and the stockholders participating in the appraisal proceeding by the Delaware Court of Chancery as the Delaware Court of Chancery deems equitable in the circumstances. Upon the application of a stockholder, the Delaware Court of Chancery may order all or a portion of the expenses incurred by any stockholder in connection with the appraisal proceeding, including, without limitation, reasonable attorneys' fees and the fees and expenses of experts, to be charged pro rata against the value of all shares entitled to appraisal. Any stockholder who had demanded appraisal rights will not, after the effective time of the merger, be entitled to vote shares subject to that demand for any purpose or to receive payments of dividends or any other distribution with respect to those shares, other than with respect to payment as of a record date prior to the effective time of the merger; however, if no petition for appraisal is filed within 120 days after the effective time of the merger, or if the stockholder delivers a written withdrawal of his or her demand for appraisal and an acceptance of the terms of the merger within 60 days after the effective time of the merger, then the right of that stockholder to appraisal will cease and that stockholder will be entitled to receive the cash payment for shares of his, her or its common stock pursuant to the merger agreement. Any withdrawal of a demand for appraisal made more than 60 days after the effective time of the merger may only be made with the written approval of the surviving corporation and, to be effective, must be made within 120 days after the effective time of the merger.

In view of the complexity of Section 262, the Company's stockholders who may wish to dissent from the merger and pursue appraisal rights should consult their legal advisors.

DELISTING AND DEREGISTRATION OF COMPANY COMMON STOCK

If the merger is completed, Company common stock will be delisted from the NYSE and deregistered under the Exchange Act and we will no longer file periodic reports with the SEC on account of Company common stock, but we may be subject to certain continued reporting requirements with respect to our 10.75% Senior Notes due 2018.

OTHER MATTERS

Other Matters for Action at the Special Meeting

As of the date of this proxy statement, our board of directors knows of no matters that will be presented for consideration at the special meeting other than as described in this proxy statement.

Future Stockholder Proposals

If the merger is consummated, we will not have public stockholders and there will be no public participation in any future meeting of stockholders. However, if the merger is not completed, we expect to hold a 2013 annual meeting of stockholders this year. Pursuant to Rule 14a-8 under the Securities Exchange Act of 1934, as amended, some stockholder proposals may be eligible for inclusion in our 2013 proxy statement. These stockholder proposals must be submitted, along with proof of ownership of our stock in accordance with Rule 14a-8(b)(2), to our principal executive offices, in care of our Corporate Secretary. Failure to deliver a proposal by one of these means may result in it not being deemed timely received. In order to be included in our proxy materials for our 2013 annual meeting, we must have received stockholder proposals prepared in accordance with the proxy rules on or before December 14, 2012, unless the date of our 2013 annual meeting changes by more than 30 days from the anniversary of our 2012 annual meeting, in which case the deadline is a reasonable time before we begin to print and send our proxy materials for our 2013 annual meeting.

The nominating and corporate governance committee of our board of directors, which we refer to as the nominating committee, will consider properly submitted stockholder recommendations for candidates for membership on our board of directors. Any stockholder wishing to recommend a candidate for consideration by the nominating committee should submit a recommendation in writing indicating the candidate's qualifications and other relevant biographical information and provide confirmation of the candidate's consent to serve as director. This information should be addressed to EnergySolutions, Inc. Attn: Corporate Secretary, 423 West 300 South, Suite 200, Salt Lake City, Utah 84101.

In addition to the requirements of Rule 14a-8, and as more specifically provided for in Section 1 of Article II of our bylaws, in order for a nomination of persons for election to our board of directors or a proposal of business to be properly brought before our 2013 annual meeting, it must be either specified in the notice of the meeting given by our Corporate Secretary or otherwise brought before the meeting by or at the direction of our board of directors or by a stockholder entitled to vote and who complies with the notice procedures set forth in our bylaws. A stockholder making a nomination for election to our board of directors or a proposal of business for our 2013 annual meeting must deliver proper notice to our Corporate Secretary at our principal executive offices not less than 120 nor more than 150 days prior to the first anniversary of the date the proxy statement in connection with our 2012 annual meeting was released to stockholders. Thus, for a stockholder nomination for election to our board of directors or a proposal of business to be considered at our 2013 annual meeting, it should have been properly submitted to our Corporate Secretary no earlier than November 14, 2012 and no later than December 14, 2012. No such proposals were received during this period. However, if our 2013 annual meeting is to be held on a date that is more than 30 days before or more than 60 days after May 23, 2013 (the first anniversary of our 2012 annual meeting), then such notice must be received no earlier than the 150th day and not later than the 120th day prior to the date of our 2012

Table of Contents

annual meeting or the 10th day following the day on which public announcement of the date of our 2013 annual meeting was first made by the Company. These requirements are separate from the SEC's requirements that a stockholder must meet in order to have a stockholder proposal included in the Company's proxy statement. Any notices should be sent to: Corporate Secretary, EnergySolutions, Inc., 423 West 300 South, Suite 200, Salt Lake City, Utah 84101.

If a stockholder fails to meet these deadlines and fails to satisfy the requirements of Rule 14a-4 under the Exchange Act, the Company may exercise discretionary voting authority under proxies it solicits to vote on any such proposal as it determines appropriate. THE MERGER

Section 2.1 *The Merger.* Upon the terms and subject to satisfaction or waiver of the conditions set forth in this Agreement, and in accordance with the DGCL, Merger Sub shall be merged with and into the Company at the Effective Time. As a result of the Merger, the separate corporate existence of Merger Sub shall cease and the Company shall continue as the surviving corporation of the Merger (the "*Surviving Corporation*").

Section 2.2 *Closing.* Subject to the terms and conditions of this Agreement, the closing of the Merger (the "*Closing*") shall take place (a) at the offices of Skadden, Arps, Slate, Meagher & Flom LLP, located at 4 Times Square, New York, New York 10036, at 10:00 a.m., New York time, on the later of (i) the fourth (4th) Business Day following the satisfaction or, to the extent permitted by applicable Law, waiver of the conditions set forth in *ARTICLE VII* (other than any such conditions that, by their terms, are not capable of being satisfied until the Closing), (ii) the third (3rd) Business Day after the final day of the Marketing Period or such earlier date as may be specified by Parent on no less than three (3) Business Days' prior notice to the Company, and (iii) eleven (11) Business Days after the conditions set forth in *Section 7.1* (other than *Section 7.1(d)*) are satisfied, or (b) at such other place, time and/or date as the Parties may otherwise agree. The date upon which the Closing actually occurs is referred to herein as the "*Closing Date*."

Section 2.3 *Effective Time.* Concurrently with the Closing, the Parties shall cause a certificate of merger (the "*Certificate of Merger*") with respect to the Merger to be executed and filed with the Secretary of State of the State of Delaware in accordance with the DGCL and the terms of this Agreement. The Merger shall become effective at such time as the Certificate of Merger is duly filed

with the Secretary of State of the State of Delaware or at such later time as is agreed by the Parties and specified as the Effective Time in the Certificate of Merger (the "*Effective Time*").

Section 2.4 *Effect of the Merger.* From and after the Effective Time, the effect of the Merger shall be as provided in this Agreement and in the applicable provisions of the DGCL. Without limiting the generality of the foregoing, at the Effective Time, except as otherwise provided herein, all the property, rights, privileges, powers and franchises of the Company and Merger Sub shall vest in the Surviving Corporation, and all debts, Liabilities and duties of the Company and Merger Sub shall become the debts, Liabilities and duties of the Surviving Corporation.

Section 2.5 *Certificate of Incorporation; By-laws.*

(a) Subject to *Section 6.12*, at the Effective Time, as a result of the Merger, the certificate of incorporation of the Surviving Corporation shall be amended in its entirety to be identical to the certificate of incorporation of Merger Sub as in effect immediately prior to the Effective Time, until thereafter duly amended as provided therein or by applicable Laws.

(b) Subject to *Section 6.12*, at the Effective Time, the bylaws of the Surviving Corporation shall be amended in their entirety to contain the provisions set forth in the bylaws of Merger Sub until thereafter duly amended as provided therein, in the certificate of incorporation of the Surviving Corporation or by applicable Laws.

Section 2.6 *Directors and Officers.*

(a) Subject to applicable Law, each of the Parties hereto shall take all necessary action to ensure that the board of directors of the Surviving Corporation effective as of, and immediately following, the Effective Time shall consist of the members of the board of directors of Merger Sub immediately prior to the Effective Time, each to hold office in accordance with the certificate of incorporation and bylaws of the Surviving Corporation until their respective successors shall have been duly elected, designated or qualified, or until their earlier death, resignation or removal in accordance with the certificate of incorporation and bylaws of the Surviving Corporation.

(b) The officers of the Company immediately prior to the Effective Time shall, from and after the Effective Time, be the officers of the Surviving Corporation until their successors shall have been duly elected, designated or qualified, or until their earlier death, resignation or removal in accordance with the certificate of incorporation and bylaws of the Surviving Corporation and with applicable Law.

ARTICLE III

CONVERSION OF SECURITIES; EXCHANGE OF CERTIFICATES

Section 3.1 *Conversion of Securities.* At the Effective Time, by virtue of the Merger and without any action on the part of Merger Sub, the Company or the stockholders of the Company or Merger Sub, the following shall occur:

(a) *Conversion Generally.* Each share of Company Common Stock issued and outstanding immediately prior to the Effective Time, other than (i) any shares of Company Common Stock to be cancelled pursuant to *Section 3.1(b)*, and (ii) any Dissenting Shares, shall be converted, subject to *Section 3.2(d)*, into the right to receive \$3.75 in cash, payable to the holder thereof, without interest (the "*Merger Consideration*"). At the Effective Time, all such shares of Company Common Stock shall cease to be outstanding and shall automatically be cancelled and retired and shall cease to exist, and each Certificate which immediately prior to the Effective Time represented any such shares shall thereafter represent only the right, upon surrender of such Certificates in accordance with *Section 3.2*, to receive the Merger Consideration without interest therefor.

Table of Contents

(b) *Cancellation and Recapitalization of Certain Shares.* Each share of Company Common Stock held in the treasury of the Company immediately prior to the Effective Time shall automatically be cancelled and extinguished without any conversion thereof, and no consideration or payment shall be delivered in exchange therefor or in respect thereof. Each share of Company Common Stock owned immediately prior to the Effective Time by Parent, Merger Sub, any Affiliates of Parent, or any Company Subsidiary shall remain outstanding and shall become that number of shares of the Surviving Corporation that bears the same ratio to the aggregate number of outstanding shares of the Surviving Corporation as the number of shares of Company Common Stock held by Parent, Merger Sub or such Subsidiary, as applicable, bore to the aggregate number of shares of Company Common Stock immediately prior to the Effective Time.

(c) *Merger Sub.* At the Effective Time, by virtue of the Merger and without any action on the part of the holder thereof, each share of common stock, par value \$0.01 per share, of Merger Sub issued and outstanding immediately prior to the Effective Time shall be converted into and become one (1) validly issued, fully paid and nonassessable share of common stock, par value \$0.01, of the Surviving Corporation.

(d) *Adjustments.* If between the date of this Agreement and the Effective Time the outstanding shares of Company Common Stock shall have been changed into a different number of shares or a different class, solely by reason of any stock dividend, reclassification, recapitalization, split, reverse split, combination, exchange or readjustment of shares or any stock dividend or stock distribution with a record date during such period or any other similar transaction, the Merger Consideration shall be correspondingly adjusted to reflect such change and to provide to the holders of Company Common Stock the same economic effect as contemplated by this Agreement prior to such action.

Section 3.2 *Exchange of Certificates.*

(a) *Paying Agent.* At the Closing, Parent shall deposit, or shall cause to be deposited, with a bank or trust company designated by Parent, the identity and the terms of engagement of which shall be reasonably satisfactory to the Company (the "*Paying Agent*"), for the benefit of the holders of shares of Company Common Stock, for exchange in accordance with this *ARTICLE III*, through the Paying Agent, cash in U.S. dollars in an amount sufficient to pay the aggregate amount of the Merger Consideration payable in connection with the Merger pursuant to *Section 3.1* in exchange for outstanding shares of Company Common Stock. The funds deposited with the Paying Agent pursuant to this *Section 3.2* are referred to as the "*Exchange Fund*." The Paying Agent shall deliver the Merger Consideration contemplated to be paid pursuant to *Section 3.1* out of the Exchange Fund. The Paying Agent shall invest any cash included in the Exchange Fund as directed by Parent; *provided* that (i) no such investment shall relieve Parent or the Paying Agent from making the payments required by this *ARTICLE III*, (ii) no such investment shall have maturities that could prevent or delay payments to be made pursuant to this Agreement, and (iii) such investments shall be in short-term obligations of the United States of America with maturities of no more than thirty (30) days or guaranteed by the United States of America and backed by the full faith and credit of the United States of America. In the event the Exchange Fund shall be insufficient to make the payments contemplated by *Section 3.1(a)*, Parent shall promptly deposit, or cause to be deposited, additional funds with the Paying Agent in an amount which is equal to the deficiency in the amount required to make such payment. Parent shall cause the Exchange Fund to be applied promptly to making the payments pursuant to *Section 3.1(a)*. The Exchange Fund shall not be used for any purpose other than to fund payments pursuant to *Section 3.1*, except as expressly provided for in this Agreement.

(b) *Exchange Procedures.* Promptly following the Effective Time (but in no event later than five (5) Business Days following the Effective Time), Parent shall instruct the Paying Agent to mail

Table of Contents

to each holder of record of a Certificate or Certificates which immediately prior to the Effective Time represented outstanding shares of Company Common Stock (the "*Certificates*," it being understood that any references herein to "*Certificates*" shall be deemed to include references to book-entry account statements relating to the ownership of shares of Company Common Stock) and whose shares of Company Common Stock have been converted into the right to receive Merger Consideration pursuant to *Section 3.1* (i) a letter of transmittal (which shall specify that delivery shall be effected, and risk of loss and title to the Certificates shall pass, only upon proper delivery of the Certificates (or affidavits of loss in lieu thereof) to the Paying Agent) and (ii) instructions for use in effecting the surrender of the Certificates in exchange for the Merger Consideration, in each case, in customary form and with such other provisions as the Company and Parent may reasonably agree. Upon surrender of a Certificate for cancellation (or affidavits of loss in lieu thereof) to the Paying Agent together with such letter of transmittal, properly completed and duly executed, and such other documents as may be reasonably required pursuant to such instructions (or, if such shares are held in book-entry or other uncertificated form, upon the entry through a book-entry transfer agent of the surrender of such shares on a book-entry account statement), the holder of such Certificate shall be entitled to receive in exchange therefor the Merger Consideration, subject to deduction for any required withholding Tax, which such holder has the right to receive in respect of the shares of Company Common Stock formerly represented by such Certificate, to be mailed, made available for collection by hand or delivered by wire transfer, as elected by the surrendering holder, within five (5) Business Days following the later to occur of (i) the Effective Time or (ii) the Paying Agent's receipt of such Certificate (or affidavit of loss in lieu thereof), and the Certificate so surrendered shall forthwith be cancelled. No interest will be paid or accrued on any Merger Consideration payable to holders of Certificates. The Paying Agent shall accept such Certificates (or affidavits of loss in lieu thereof) upon compliance with such reasonable terms and conditions as the Paying Agent may impose to effect an orderly exchange thereof in accordance with normal exchange practices. In the event that the Merger Consideration is to be paid to a Person other than the Person in whose name any certificate is issued, the Merger Consideration may be issued to such other Person if the Certificate representing such shares of Company Common Stock is presented to the Paying Agent, accompanied by all documents required to evidence and effect such transfer and by evidence that any applicable stock transfer or other Taxes have been paid. Until surrendered as contemplated by this *Section 3.2*, each Certificate shall be deemed at any time after the Effective Time to represent only the right to receive upon such surrender the Merger Consideration or, subject to compliance with Section 262 of the DGCL, the right to demand to be paid the "fair value" of the shares represented thereby as contemplated by *Section 3.3*.

(c) *Further Rights in Company Common Stock.* All Merger Consideration paid in accordance with the terms hereof shall be deemed to have been issued in full satisfaction of all rights pertaining to such shares of Company Common Stock.

(d) *Termination of Exchange Fund.* Any portion of the Exchange Fund which remains undistributed to the holders of Company Common Stock for twelve (12) months after the Effective Time shall be delivered to the Surviving Corporation upon demand, and any holders of Company Common Stock who have not theretofore complied with this *ARTICLE III* shall thereafter look only to the Surviving Corporation as the general creditor therefor for payment of their claims for the Merger Consideration, without any interest thereon.

(e) *No Liability.* None of Parent, Merger Sub, the Company or the Surviving Corporation shall be liable to any holder of shares of Company Common Stock for any cash from the Exchange Fund delivered to a public official pursuant to any applicable abandoned property, escheat or similar Law. If any share of Company Common Stock shall not have been surrendered or transferred immediately prior to the date on which any Merger Consideration in respect thereof

would otherwise escheat to or become the property of any Governmental Entity, any such Merger Consideration in respect of such share of Company Common Stock shall, to the extent permitted by applicable Law, become the property of the Surviving Corporation, and any holder of such share of Company Common Stock who has not theretofore complied with this *ARTICLE III* with respect thereto shall thereafter look only to the Surviving Corporation for payment of such holder's claim for Merger Consideration in respect thereof.

(f) *Lost Certificates.* If any Certificate shall have been lost, stolen or destroyed, upon the making of an affidavit of that fact by the Person claiming such Certificate to be lost, stolen or destroyed and, if reasonably required by Parent, the posting by such Person of a bond, in such reasonable and customary amount as Parent may direct, as indemnity against any claim that may be made against it with respect to such lost, stolen or destroyed Certificate, the Paying Agent will issue in exchange for such lost, stolen or destroyed Certificate the Merger Consideration without any interest thereon.

(g) *No Further Dividends.* No dividends or other distributions with respect to capital stock of the Surviving Corporation with a record date on or after the Effective Time shall be paid to the holder of any unsurrendered Certificates.

(h) *Withholding.* Parent, the Company, the Surviving Corporation or the Paying Agent shall be entitled to deduct and withhold or cause to be deducted and withheld from the amounts otherwise payable pursuant to this Agreement, including *Section 3.5*, such amounts as Parent, the Company, the Surviving Corporation or the Paying Agent are required to deduct and withhold under the Code, or any provision of state, local or foreign Tax Law, with respect to the making of such payment. To the extent that amounts are so deducted or withheld, such deducted or withheld amounts shall be treated for all purposes of this Agreement as having been paid to the Person in respect of whom such deduction and withholding was made. For the avoidance of doubt, Parent, the Company, the Surviving Corporation and the Paying Agent shall be entitled to deduct and withhold taxes pursuant to Section 1445 of the Code unless the Company shall have delivered to Parent and Merger Sub a Certification by the Company that meets the requirements of Treasury Regulation 1.897-2(h)(1)(i).

Section 3.3 Dissenters' Rights. Notwithstanding *Section 3.1(a)*, to the extent that holders of Company Common Stock are entitled to appraisal rights under Section 262 of the DGCL, shares of Company Common Stock issued and outstanding immediately prior to the Effective Time and held by a holder who has properly exercised and perfected his or her demand for appraisal rights under Section 262 of the DGCL (the "*Dissenting Shares*"), shall not be converted into the right to receive the Merger Consideration, but the holders of such Dissenting Shares shall be entitled to receive such consideration as shall be determined pursuant to Section 262 of the DGCL; *provided, however*, that if any such holder shall have failed to perfect or shall have effectively withdrawn or lost his or her right to appraisal and payment under the DGCL, such holder's shares of Company Common Stock shall thereupon be deemed to have been converted as of the Effective Time into the right to receive the Merger Consideration, without any interest thereon, and such shares shall not be deemed to be Dissenting Shares. Any payments required to be made with respect to the Dissenting Shares shall be made by Parent (and not the Company or Merger Sub). The Company will give Parent (i) prompt written notice of any demand for appraisal of any shares of Company Common Stock, any withdrawals of such demands, and any other communications received by the Company in respect of the demand, withdrawal, or perfection of appraisal rights and (ii) the opportunity to conduct jointly all negotiations and proceedings with respect to such demands for appraisal of any shares of Company Common Stock under the DGCL. The Company will not, except with the prior written consent of Parent, voluntarily make any payment with respect to any Dissenting Shares or settle or offer to settle any such demands.

Section 3.4 *Stock Transfer Books.* After the Effective Time, the stock transfer books of the Company shall be closed and thereafter, there shall be no further registration of transfers of shares of Company Common Stock theretofore outstanding on the records of the Company. From and after the Effective Time, the holders of Certificates shall cease to have any rights with respect to such shares of Company Common Stock except as otherwise provided herein or by Law. If Certificates are presented to the Surviving Corporation for transfer following the Effective Time, they shall be canceled against delivery of the applicable Merger Consideration, as provided for in *Section 3.1(a)*, for each share of Company Common Stock formerly represented by such Certificates.

Section 3.5 *Company Options, Company Restricted Stock, Company Performance Share Units and Company Phantom Share Awards.*

(a) *Company Action.* Prior to the Effective Time, the Company shall take such actions (including through an action of the Company Board or a duly authorized committee thereof) as are required to give effect to the treatment of the Company Options, Company Restricted Stock, Company Performance Share Units and Company Phantom Share Awards as contemplated by this *Section 3.5*.

(b) *Company Options.* At the Effective Time, each Company Option that is outstanding and unexercised immediately prior to the Effective Time (whether vested or unvested) shall be cancelled and terminated, by virtue of the Merger and without any action on the part of any holder of any Company Option, and converted into the right at the Effective Time to receive, a cash payment with respect thereto equal to the product of (i) the total number of shares of Company Common Stock previously subject to such Company Option and (ii) the excess, if any, of the Merger Consideration over the exercise price per share of Company Common Stock previously subject to such Company Option, less any required withholding Taxes in accordance with *Section 3.2(h)* (the "*Option Cash Payment*"); provided that if the exercise price per share of any such Company Option is equal to or greater than the per share Merger Consideration, such Company Option shall be cancelled and terminated without any cash payment being made in respect thereof. As of the Effective Time, all Company Options shall no longer be outstanding and shall automatically terminate and cease to exist, and each holder of a Company Option shall cease to have any rights with respect thereto, except the right to receive the Option Cash Payment, if any.

(c) *Company Restricted Stock.* As of the Effective Time each share of Company Restricted Stock that is outstanding immediately prior to the Effective Time shall become fully vested and all restrictions thereon shall lapse (except that such Company Restricted Stock that is earned based on the achievement of performance goals (as opposed to based on the passage of time) (the "*Performance-Based Company Restricted Stock*") shall instead become earned and vested in accordance with the terms of the applicable award agreements) and shall be cancelled and terminated, by virtue of the Merger and without any action on the part of the holder of any share of Company Restricted Stock, and converted into the right at the Effective Time to receive, a cash payment with respect thereto equal to the product of (i) the total number of shares of Company Restricted Stock outstanding immediately prior to the Effective Time and (ii) the Merger Consideration, less any required withholding Taxes in accordance with *Section 3.2(h)* (the "*Restricted Stock Payment*"), payable pursuant to *Section 3.5(e)* (except that with respect to such Performance-Based Company Restricted Stock, unless the Company and the holder thereof otherwise agree, the Restricted Stock Payment in respect thereof shall instead become payable in accordance with the terms and conditions of the applicable award agreements), subject, however, to any rights of such holder pursuant to *Section 3.3*. As of the Effective Time, all shares of Company Restricted Stock (including the Performance-Based Company Restricted Stock) shall no longer be outstanding and shall automatically terminate and cease to exist, and each holder of

shares of Company Restricted Stock shall cease to have any rights with respect thereto, except the right to receive the Restricted Stock Payment pursuant to this *Section 3.5(c)*.

(d) *Company Performance Share Units and Company Phantom Share Awards.* At the Effective Time, each of the Company Performance Share Units and Company Phantom Share Awards that is outstanding immediately prior to the Effective Time, including but not limited to any time-based performance share units awarded to any individual employed full-time by the Company as of the date of this Agreement as a result of the vesting of performance-based performance share units, shall vest in full (to the extent unvested, except that such Company Performance Share Units or Company Phantom Share Awards that is earned based on the achievement of performance goals (as opposed to based on the passage of time) (each such performance-based Company Phantom Share Award shall hereinafter be referred to as the "*Performance-Based Company Phantom Share Award*") shall instead become earned and vested in accordance with the terms of the applicable award agreements) and shall be cancelled and terminated, by virtue of the Merger and without any action on the part of the holder of any such Company Performance Share Unit or Company Phantom Share Award, respectively, and converted into the right at the Effective Time to receive, a cash payment with respect thereto equal to the product of (i) the total number of shares of Company Common Stock subject to such Company Performance Share Unit award or Company Phantom Share Award, respectively, and (ii) the Merger Consideration, less any required withholding Taxes in accordance with *Section 3.2(h)* (the "*Stock-Based Awards Payment*"), payable pursuant to *Section 3.5(e)* (except that with respect to such Performance-Based Company Phantom Share Awards, unless the Company and the holder thereof otherwise agree, and except as set forth on *Section 3.5(d)* of the Company Disclosure Letter, the Stock-Based Awards Payment in respect thereof shall instead become payable in accordance with the terms and conditions of the applicable award agreements). As of the Effective Time, all Company Performance Share Units and Company Phantom Share Awards (including the Performance-Based Company Phantom Share Awards) shall no longer be outstanding and shall automatically terminate and cease to exist, and each holder of such Company Performance Share Unit and Company Phantom Share Award shall cease to have any rights with respect thereto, except the right to receive the Stock-Based Awards Payment pursuant to this *Section 3.5(d)*.

(e) Unless a later time for payment is expressly provided in this *Section 3.5*, the Surviving Corporation shall pay the holders of Company Options, Company Restricted Stock, Company Performance Share Units and Company Phantom Share Awards the cash payments described in this *Section 3.5*, less any required withholding Taxes in accordance with *Section 3.2(h)*, promptly after the Effective Time, but in any event not later than the fifth (5th) Business Day after the Effective Time.

(b) Save in respect of the UK DB Plans, neither the Company nor any Company Subsidiary is or has at any time in the last six years been the employer or connected or associated with the employer (as those terms are used in the UK Pensions Act 2004) of a UK defined benefit pension plan.

(k) Each of the Company and the Company Subsidiaries have withheld and paid all amounts required by Law or by agreement to be withheld from the wages, salaries, and other payments to employees, officers, director or consultants thereof, and are not liable for any arrears of wages or any Taxes or any penalty for failure to withhold or pay such amounts, except for any failure which would not be reasonably expected to result in material Liability to the Company.

Section 5.6 *Financing.*

(a) Parent has delivered to the Company (i) true and complete copies of (A) the executed commitment letters from the Debt Financing Sources (collectively, the "*Debt Commitment Letters*"), together with all schedules and exhibits thereto, pursuant to which the Debt Financing Sources party thereto have committed, subject to the terms and conditions set forth therein, to lend the amounts set forth therein to Parent (or its applicable subsidiary) for the purpose of financing the transactions contemplated by this Agreement (the "*Debt Financing*"), and (B) the executed equity commitment letter, dated as of the date hereof (the "*Equity Commitment Letter*" and, together with the Debt Commitment Letters, the "*Financing Commitments*") from the Guarantor and the other parties thereto pursuant to which the Guarantor has committed, subject to the terms and conditions set forth therein, to invest the amounts set forth therein for the purpose of financing the transactions contemplated by this Agreement (the "*Equity Financing*" and, together with the Debt Financing, the "*Financing*"), and (ii) copies of the executed fee letters and engagement letters (if any) from the Debt Financing Sources, with fee amounts and percentages and certain other terms (excluding any conditions) that would not affect the availability or in the aggregate materially and adversely affect the amount (other than in respect of upfront fees) of the Debt Financing redacted.

"*Present Fair Salable Value*" means the amount that may be realized if the aggregate assets of the Surviving Corporation (including goodwill) are sold as an entirety with reasonable promptness in an arm's length transaction under then prevailing conditions for the sale of comparable business enterprises.

Section 5.12 Foreign Ownership. Parent and Merger Sub or, if applicable, the Guarantor, are in compliance with Sections 103d and 104d of the Atomic Energy Act of 1954, as amended, as applicable, and the NRC's regulations in 10 C.F.R. § 50.38, including the foreign ownership, control and domination provisions of such sections of the Atomic Energy Act of 1954, as amended, and the NRC's regulations, and Parent and Merger Sub have no reason to believe that they are owned, controlled or dominated by foreign persons or entities (as such terms are interpreted and applied by the NRC), in contravention of the standards set forth in 103d and 104d of the Atomic Energy Act of 1954, as amended, and the NRC's regulations in 10 C.F.R. § 50.38, as applicable to Part 50 licensees.

Section 5.14 No Other Representations or Warranties. Each of Parent and Merger Sub acknowledge and agree that it has, to its own satisfaction, conducted its own independent review and analysis of the business, assets, condition and operations of the Company and the Company Subsidiaries. In connection with entering into this Agreement, each of Parent and Merger Sub has relied upon the results of its own investigation and analysis. Each of Parent and Merger Sub also acknowledges and agrees that, except for the representations and warranties expressly set forth in this Agreement, neither Parent nor Merger Sub has relied upon any representations or warranties of any nature made by or on behalf of or imputed to the Company. In connection with the due diligence investigation of the Company by Parent and Merger Sub, Parent and Merger Sub have received and may continue to receive from the Company certain estimates, projections, forecasts and other forward-looking information, as well as certain business plan information, regarding the Company and its business and operations. required by: (x) the Company Certificate of Incorporation or the Company By-laws (or equivalent organizational or governing documents of any Company Subsidiary or Affiliate of the Company as in effect on the date of this Agreement) and (y) any indemnification agreement of the Company or any Company Subsidiary or other applicable contract as in effect on the date of this Agreement, and (ii) not amend, repeal or otherwise modify any such provisions referenced in subsections (i)(x) and (y) above in any manner that would adversely affect the rights thereunder of any Indemnified Parties.

(b) Prior to the Effective Time, the Company shall or, if the Company is unable to, Parent shall cause the Surviving Corporation as of the Effective Time to, obtain and fully pay the premium for the non-cancellable extension of the directors' and officers' liability coverage of the Company's existing directors' and officers' insurance policies and the Company's existing fiduciary liability insurance policies (collectively, the "*D&O Insurance*"), in each case for a claims reporting or discovery period of at least six (6) years from and after the Effective Time with respect to any claim related to any period of time at or prior to the Effective Time from an insurance carrier with the same or better credit rating as the Company's current insurance carrier with respect to D&O Insurance with terms, conditions, retentions and limits of liability that are no less favorable than the coverage provided under the Company's existing policies, for an aggregate amount not to exceed eighteen times the last annual premium paid prior to the date of this Agreement for the D&O Insurance. If the Company or the Surviving Corporation for any reason fails to obtain such "tail" insurance policies as of the Effective Time, (i) the Surviving Corporation shall continue to maintain in effect, for a period of at least six (6) years from and after the Effective Time, the D&O Insurance in place as of the date hereof with the Company's current insurance carrier or with an insurance carrier with the same or better credit rating as the Company's current insurance carrier with respect to D&O Insurance with terms, conditions, retentions and limits of liability that are no less favorable than the coverage provided under the Company's existing policies as of the date hereof, or (ii) Parent will provide, or cause the Surviving Corporation to provide, for a period of not less than six (6) years after the Effective Time, the Indemnified Parties who are insured under the Company's D&O Insurance with comparable D&O Insurance that provides coverage for events occurring at or prior to the Effective Time from an insurance carrier with the same or better credit rating as the Company's current insurance carrier, that is no less favorable than the existing policy of the Company or, if substantially equivalent insurance coverage is unavailable, the best available coverage; provided, however, that Parent and the Surviving Corporation shall not be required to pay an annual premium for any such insurance in excess of three hundred percent (300%) of the last annual premium paid prior to the date of this Agreement for the D&O Insurance.

(c) The Indemnified Parties to whom this *Section 6.12* applies shall be third party beneficiaries of this *Section 6.12*. The provisions of this *Section 6.12* are intended to be for the benefit of and shall be enforceable by each Indemnified Party and his or her successors, heirs or representatives. Parent shall pay all reasonable expenses, including attorneys' fees, that may be incurred by any Indemnified Party in enforcing the indemnity and other obligations provided in this *Section 6.12*.

(d) The rights of each Indemnified Party under this *Section 6.12* shall be in addition to any rights such person may have under the certificate of incorporation or bylaws of the Company, the Surviving Corporation or any of Company Subsidiary, or under any applicable Law or under any agreement of any Indemnified Party with the Company or any Company Subsidiary.

(e) Notwithstanding anything contained in *Section 9.1* or *Section 9.7* to the contrary, this *Section 6.12* shall survive the consummation of the Merger indefinitely and shall be binding, jointly and severally, on all successors and assigns of Parent, the Surviving Corporation and its Subsidiaries, and shall be enforceable by the Indemnified Parties and their successors, heirs or

representatives. In the event that Parent or the Surviving Corporation or any of its successors or assigns consolidates with or merges into any other Person and shall not be the continuing or surviving corporation or entity of such consolidation or merger or transfers or conveys all or a majority of its properties and assets to any Person, then, and in each such case, proper provision shall be made so that the successors and assigns of Parent or the Surviving Corporation, as applicable, shall succeed to the obligations set forth in this *Section 6.12*.

Section 6.13 Section 16 Matters. Prior to the Effective Time, the Company shall take such further actions, if any, as may be necessary or appropriate to ensure that the dispositions of equity securities of the Company (including derivative securities) pursuant to the transactions contemplated by this Agreement by any officer or director of the Company who is subject to Section 16 of the Exchange Act are exempt under Rule 16b-3 promulgated under the Exchange Act.

Section 6.14 Merger Sub. Parent will take all actions necessary to (a) cause Merger Sub to perform its obligations under this Agreement and to consummate the Merger on the terms and conditions set forth in this Agreement and (b) ensure that, prior to the Effective Time, Merger Sub shall not conduct any business or make any investments or incur or guarantee any Liabilities other than as contemplated by this Agreement.

Section 6.15 Termination of Company Stock Plan. Unless otherwise requested by Parent prior to the Effective Time, the Company shall take all actions necessary to terminate the Company Stock Plan prior to the Effective Time, and no further Company Options, Company Restricted Stock or Company Performance Share Units or other rights with respect to shares of Company Common Stock shall be granted thereunder following such termination.

Section 6.16 Termination of 401(k) Plan. If requested by Parent in writing at least ten (10) days prior to the Effective Time, the Company shall take all actions necessary to terminate any or all Company Benefit Plans intended to qualify under Section 401(a) of the Code, effective not later than the last Business Day immediately preceding the Effective Time.

Section 6.17 Subsequent Filings. Until the Effective Time, the Company will timely file with or furnish to the SEC each form, report and document required to be filed or furnished by the Company under the Exchange Act.

Section 6.18 Parachute Payments. The Parties agree to work in good faith in order to eliminate or mitigate the potential impact of any excess parachute payment on officers of the Company, including, but not limited to, considering the treatment of payments to such officers as not being parachute payments and entering into acceptable non-competition agreements.

ARTICLE VII
CLOSING CONDITIONS

Section 7.1 Conditions to Obligations of Each Party Under This Agreement. The respective obligations of each Party to consummate the Merger shall be subject to the satisfaction or, to the extent permitted by Law, waiver, at or prior to the Effective Time of the following conditions:

- (a) *Stockholder Approval.* The Stockholder Approval shall have been obtained.
- (b) *HSR Act and Antitrust Clearances.* Any waiting periods (including any extensions thereof) applicable to the consummation of the Merger under the HSR Act shall have expired or otherwise been terminated.
- (c) *Exon-Florio.* If a filing is made pursuant to *Section 6.5(b)(ii)*, CFIUS shall have notified Parent in writing that it has determined not to investigate the transactions contemplated by this Agreement (including the Merger) pursuant to the powers vested in it by Exon-Florio or, in the event that CFIUS has undertaken such an investigation, CFIUS has determined pursuant to such

investigation not to take any action or the President of the United States has determined not to take any action.

(d) *No Injunctions, Suits, or Restraints.* No Order issued by any court of competent jurisdiction or other restraint or prohibition of any Governmental Entity shall be in effect, and no Law shall have been enacted, entered, promulgated, enforced or deemed applicable by any Governmental Entity that, in any case, prohibits or makes illegal the consummation of the Merger. There shall not be pending any suit, action or proceeding by any Governmental Entity in any court of competent jurisdiction seeking to prohibit the consummation of the Merger.

(e) *Permits.* The regulatory approvals and consents set forth in *Section 7.1(e)* of the Company Disclosure Letter shall have been obtained and shall be in full force and effect, and, with respect to the NRC Consents and NDA Consent set forth in *Section 7.1(e)* of the Company Disclosure Letter, shall not contain any conditions, provisions, amendments, agreements, liabilities or terms (in each case other than which exist as of the date hereof) that would, individually or in the aggregate, reasonably be expected to (i) materially and adversely impact the business, assets, liabilities, properties, financial condition, operations or prospects of any Party; (ii) materially impair any of the rights of investors to hold interests in entities that, in turn, own direct or indirect interests in Parent; or (iii) require any member of the Parent Group to provide financial assurances or guarantees in order to obtain such approvals or consents.

Section 7.2 Additional Conditions to Obligations of Parent and Merger Sub. The respective obligations of Parent and Merger Sub to consummate the Merger are also subject to the satisfaction of the following conditions, any one or more of which may be waived (to the extent permitted by Law) in writing by Parent.

(a) *Representations and Warranties.*

(i) Each of the representations and warranties of the Company set forth in *Section 4.2(a)*, *Section 4.2(b)*, *Section 4.2(c)*, *Section 4.2(d)* and *Section 4.2(e)* shall be true and correct (without giving effect to any materiality or Company Material Adverse Effect qualifications therein) both as of the date of this Agreement and as of the Effective Time with the same effect as though made as of the Effective Time (except to the extent expressly made as of a specific date, in which case as of such date) except for (x) such failures to be true and correct as would not cause the aggregate Merger Consideration and other amounts to be paid pursuant to *Section 3.5* to increase by more than Two Million Dollars (\$2,000,000) and (y) changes permitted pursuant to *Section 6.1*.

(ii) Each of the representations and warranties of the Company set forth in this Agreement (other than those referred to in the foregoing clause (i)) shall be true and correct (without giving effect to any materiality or Company Material Adverse Effect qualifications therein), except for such failures to be true and correct as would not have, individually or in the aggregate, a Company Material Adverse Effect, both as of the date of this Agreement and as of the Effective Time with the same effect as though made as of the Effective Time (except to the extent expressly made as of a specific date, in which case as of such date).

(b) *Agreements and Covenants.* The Company shall have performed or complied in all material respects with all agreements and covenants required by this Agreement to be performed or complied with by it on or prior to the Effective Time.

(c) *Officer's Certificate.* The Company shall have delivered to Parent a certificate, dated the Effective Time and signed by its chief executive officer or another senior officer on behalf of the Company, certifying to the effect that the conditions set forth in *Section 7.2(a)* and *Section 7.2(b)* have been satisfied.

Table of Contents

(d) *No Material Adverse Effect.* Since the date of this Agreement, there has not been any change, effect, event, occurrence, state of facts, circumstances or development that has had or would be expected to have, individually or in the aggregate with all other changes, effects, events, occurrences, state of facts, circumstances or developments, a Company Material Adverse Effect.

Section 7.3 *Additional Conditions to Obligations of the Company.* The obligations of the Company to consummate the Merger are also subject to the satisfaction of the following conditions, any one of which may be waived (to the extent permitted by Law) in writing by the Company.

(a) *Representations and Warranties.* Each of the representations and warranties of Parent and Merger Sub contained in this Agreement shall be true and correct (without giving effect to any materiality or Parent Material Adverse Effect qualifications), except for such failures to be true and correct as would not have, individually or in the aggregate, a Parent Material Adverse Effect, both as of the date of this Agreement and as of the Effective Time, with the same effect as though made on and as of the Effective Time (except to the extent expressly made as of a specific date, in which case as of such date);

(b) *Agreements and Covenants.* Parent and Merger Sub shall have performed or complied in all material respects with all agreements and covenants required by this Agreement to be performed or complied with by Parent and/or Merger Sub on or prior to the Effective Time; and

(c) *Officer's Certificate.* Parent shall have delivered to the Company a certificate, dated the Effective Time and signed by its chief executive officer or another senior officer on behalf of Parent, certifying to the effect that the conditions set forth in Section 7.3(a) and Section 7.3(b) have been satisfied.

Section 7.4 *Frustration of Closing Conditions.* Neither the Company, on the one hand, nor Parent or Merger Sub, on the other hand, may rely on the failure of any condition set forth in ARTICLE VII to be satisfied if such failure was caused by the Company's failure or either Parent's or Merger Sub's failure, respectively, to act in good faith to comply with this Agreement and consummate the transactions provided for herein.

ARTICLE VIII

TERMINATION, AMENDMENT AND WAIVER

Section 8.1 *Termination.* Notwithstanding anything in this Agreement to the contrary, this Agreement may be terminated and the Merger abandoned at any time prior to the Effective Time, whether before or after the Stockholder Approval is obtained (except as otherwise expressly noted), only as follows:

(a) by mutual written consent of each of Parent and the Company;

(b) by either Parent or the Company:

(i) if the Merger shall not have been consummated by 11:59 p.m., New York City time, on October 7, 2013 (such date, as it may be extended as provided below, the "End Date"); provided, however, that (A) the End Date may be extended by Parent (by written notice thereof to the other Parties), from time to time, for an additional aggregate period of time not to exceed three (3) months if all other conditions to consummation of the Merger are satisfied or capable of then being satisfied and the sole reason that the Merger has not been consummated by the then-current End Date is that one or more conditions set forth in Section 7.1(b), Section 7.1(c), Section 7.1(d), or Section 7.1(e), in each case relating to the NRC Consents or the NDA Consent, has not been satisfied, and (B) the right to terminate this Agreement pursuant to this Section 8.1(b)(i) shall not be available to any Party if the failure of such Party to perform any of its obligations under this Agreement, the failure to act

in good faith or the failure to use its reasonable best efforts to consummate the Merger and the other transactions contemplated by this Agreement has been a principal cause of or resulted in the failure of the Merger to be consummated on or before such date;

(ii) if any Order or other action of any Governmental Entity having competent jurisdiction is entered permanently enjoining, restraining or otherwise prohibiting the transactions contemplated by this Agreement, and such Order or other action has become final and nonappealable; provided, *however*, that the right to terminate this Agreement under this *Section 8.1(b)(ii)* shall not be available to a Party if the issuance of such final, non-appealable Order was primarily due to the failure of such Party, and in the case of Parent, including the failure of Merger Sub, to perform any of its obligations under this Agreement; or

(iii) if the Stockholder Approval is not obtained at the Company Stockholders Meeting or any adjournment or postponement thereof at which the Merger has been voted upon;

(c) by the Company:

(i) if (A) there exists a breach of any representation or warranty of Parent or Merger Sub contained in this Agreement such that the closing condition set forth in *Section 7.3(a)* would not be satisfied or (B) Parent or Merger Sub shall have breached any of the covenants or agreements contained in this Agreement to be complied with by Parent or Merger Sub such that the closing condition set forth in *Section 7.3(b)* would not be satisfied, and, in the case of either (A) or (B), such breach is incapable of being cured on or before the End Date or is not cured by Parent within thirty (30) calendar days after Parent receives written notice of such breach from the Company; provided that the Company shall not have the right to terminate this Agreement pursuant to this *Section 8.1(c)(i)* if, at the time of such termination, there exists a breach of any representation, warranty, covenant or agreement of the Company contained in this Agreement that would result in the closing conditions set forth in *Section 7.2(a)* or *Section 7.2(b)*, as applicable, not being satisfied;

(ii) if all of the conditions in *Section 7.1* and *Section 7.2* have been satisfied (other than those conditions, which by their nature are to be satisfied by actions taken at the Closing) and Parent and Merger Sub fail to consummate the transactions contemplated by this Agreement within two (2) Business Days after the date the Closing should have occurred pursuant to *Section 2.2*; *provided, however*, that during such period of two (2) Business Days following the date the Closing should have occurred pursuant to *Section 2.2* and for twenty-four (24) hours thereafter, no Party shall be entitled to terminate this Agreement pursuant to *Section 8.1(b)(i)*; or

(iii) if prior to obtaining the Stockholder Approval, (A) the Company Board has determined to enter into an Alternative Acquisition Agreement with respect to a Superior Proposal in accordance with *Section 6.4(e)* and (B) the Company has complied in all material respects with *Section 6.4*; provided, that prior to or concurrently with termination pursuant to this *Section 8.1(c)(iii)*, the Company pays the Company Termination Fee to Energy Capital Partners Management II, LP or its designee in accordance with *Section 8.2(b)(i)*.

(d) by Parent:

(i) if (A) there exists a breach of any representation or warranty of the Company contained in this Agreement such that the closing condition set forth in *Section 7.2(a)* would not be satisfied or (B) the Company shall have breached any of the covenants or agreements contained in this Agreement to be complied with by the Company such that the closing condition set forth in *Section 7.2(b)* would not be satisfied, and, in the case of either (A) or (B), such breach is incapable of being cured on or before the End Date or is not cured by the

Company within thirty (30) calendar days after the Company receives written notice of such breach from Parent or Merger Sub; provided that Parent shall not have the right to terminate this Agreement pursuant to this *Section 8.1(d)(i)* if, at the time of such termination, there exists a breach of any representation, warranty, covenant or agreement of Parent or Merger Sub contained in this Agreement that would result in the closing conditions set forth in *Section 7.3(a)* or *Section 7.3(b)*, as applicable, not being satisfied;

(ii) if (A) the Company Board or any committee thereof shall have effected a Company Adverse Recommendation Change, (B) the Company Board shall have failed to hold the Company Stockholders Meeting or to use reasonable best efforts to solicit proxies in favor of the adoption of this Agreement and to obtain the Stockholder Approval, and such failure shall have been a material breach of *Section 6.2(d)*, or (C) the Company Board fails to reaffirm publicly the Company Recommendation to the Company's stockholders to vote in favor of the Merger within ten (10) days of Parent's written request for such reaffirmation (or if the End Date is less than ten (10) days from the receipt of such request from Parent, by the close of business on the penultimate Business Day preceding the End Date);

(iii) if the Company enters into an Alternative Acquisition Agreement; or

(iv) if the Company shall have materially breached any provision of *Section 6.4*.

Section 8.2 *Effect of Termination; Termination Fee.*

(a) *Effect of Termination Generally.* In the event that this Agreement is terminated and the Merger abandoned pursuant to *Section 8.1*, written notice thereof shall be given to the other Party or Parties, specifying the provisions hereof pursuant to which such termination is made and the basis therefor described in reasonable detail, and this Agreement shall forthwith become null and void and of no effect without liability on the part of any Party hereto (or any of its Representatives), and all rights and obligations of any Party hereto shall cease, except for the rights and obligations contained in the Confidentiality Agreement, the Guarantee and the provisions of *Section 6.3(b)*, this *Section 8.2(a)*, *Section 8.2(b)*, *Section 8.2(c)*, *Section 8.2(d)*, *ARTICLE I* and *ARTICLE IX*, which shall survive any termination of this Agreement; *provided, however*, that if (i) such termination results from an Intentional Breach committed prior to such termination and (ii) all of the conditions to Closing contained in *Section 7.1* and, in the case of a termination by the Company, *Section 7.2* and, in the case of a termination by Parent, *Section 7.3*, have been satisfied (other than those conditions, which by their nature are to be satisfied by actions taken at the Closing), then (A) no such termination shall relieve the Party who committed such Intentional Breach of any liability for actual damages incurred by the other Parties in an amount not to exceed Seventy-Five Million Dollars (\$75,000,000), which damages resulted from such Intentional Breach (such actual resulting capped damages are referred to herein as the "*Capped Damages*"), and (B) the other Parties shall be entitled to all remedies available at law or in equity to seek to recover damages in an amount not to exceed the Capped Damages; *provided, further*, that if the Company terminates this Agreement pursuant to *Section 8.1(c)(ii)* and the reason that Parent and Merger Sub failed to consummate the transactions contemplated by this Agreement is that the financing contemplated by the Debt Commitment Letters is not available (other than as a result of breach of this Agreement by Parent or Merger Sub), then the sole and exclusive remedy of the Company Group against the Parent Group shall be to receive payment of the Parent Termination Fee pursuant to *Section 8.2(c)(i)* and any related costs, expense and interest pursuant to *Section 8.2(d)*.

(b) *Company Termination Fee and Expenses.*

(i) (A) In the event that this Agreement is terminated by the Company pursuant to *Section 8.1(c)(iii)*, the Company shall pay the Company Termination Fee to Energy Capital

Partners Management II, LP or its designee prior to or concurrently with such termination, by wire transfer of same day funds to one or more accounts designated by Parent or its designee (or by check if Parent fails to designate an account), and (B) in the event that this Agreement is terminated by Parent pursuant to *Section 8.1(d)(ii)*, *Section 8.1(d)(iii)* or *Section 8.1(d)(iv)*, the Company shall pay the Company Termination Fee to Energy Capital Partners Management II, LP or its designee promptly, but in any event within one (1) Business Day after the date of such termination, by wire transfer of same day funds to one or more accounts designated by Parent or its designee (or by check if Parent fails to designate an account).

(ii) In the event that this Agreement is terminated (A) by either Parent or the Company pursuant to *Section 8.1(b)* or (B) by Parent pursuant to *Section 8.1(d)(i)*, and subject to the delivery by Parent of an invoice and reasonable documentation thereof, the Company shall reimburse all of Parent's Reimbursable Expenses to Energy Capital Partners Management II, LP or its designee promptly, but in any event within one (1) Business Day after the date of such termination, by wire transfer of same day funds to one or more accounts designated by Parent or its designee (or by check if Parent fails to designate an account); *provided*, that in the event the Company has paid or caused to be paid Parent's Reimbursable Expenses, and a Company Termination Fee is thereafter payable, the Company Termination Fee otherwise payable shall be reduced by the amount of such Parent's Reimbursable Expenses which are actually reimbursed.

(iii) In the event that (A) this Agreement is terminated by either Parent or the Company pursuant to *Section 8.1(b)(i)* or *Section 8.1(b)(iii)* or by Parent pursuant to *Section 8.1(d)(i)*, (B) the Company receives or has received an Acquisition Proposal from a Third Party after the date hereof, which Acquisition Proposal is publicly disclosed either (I) in the case of a termination pursuant to *Section 8.1(b)(i)*, before the End Date, (II) in the case of a termination pursuant to *Section 8.1(b)(iii)*, before the Company Stockholders Meeting (or such later date as such meeting is postponed or adjourned), or (III) in the case of a termination pursuant to *Section 8.1(d)(i)*, before such termination, and (C) within twelve (12) months of the termination of this Agreement, the Company enters into an Alternative Acquisition Agreement with respect to an Acquisition Proposal with any Person other than Parent or its Affiliates, then the Company shall pay the Company Termination Fee to Energy Capital Partners Management II, LP or its designee promptly, but in any event within one (1) Business Day following the date on which the Company enters into such Alternative Acquisition Agreement, by wire transfer of same day funds to one or more accounts designated by Parent or its designee; *provided, however*, that for purposes of this *Section 8.2(b)(iii)*, the references to "ten percent (10%)" in the definition of Acquisition Proposal shall be deemed to be references to "fifty percent (50%)."

(iv) For the avoidance of doubt, in no event shall the Company be obligated to pay the Company Termination Fee on more than one occasion or to pay Parent's Reimbursable Expenses on more than one occasion.

(v) Notwithstanding anything to the contrary set forth in this Agreement, but subject to *Section 9.5* either (but not both) (A) Parent and Merger Sub's right to seek to recover damages in an amount not to exceed the Capped Damages pursuant to *Section 8.2(a)* or (B) Energy Capital Partners Management II, LP's right to receive payment from the Company of the Parent's Reimbursable Expenses and/or Company Termination Fee pursuant to *Section 8.2(b)* shall constitute the sole and exclusive remedy of Parent and Merger Sub against the Company and the Company Subsidiaries and any of their respective former, current or future general or limited partners, stockholders, members, managers, directors, officers, employees agents, affiliates or assignees (collectively, the "*Company Group*") for all losses and

damages suffered as a result of the failure of the transactions contemplated by this Agreement to be consummated or for a breach or failure to perform hereunder or otherwise, and upon payment of either the Company Termination Fee or any Capped Damages which are awarded, the Company Group shall not have any further liability or obligation relating to or arising out of this Agreement or the transactions contemplated thereby (except that the Company shall also be obligated with respect to *Section 8.2(d)* and, in the event that Parent's Reimbursable Expenses are paid by the Company but not the Company Termination Fee, *Section 8.2(b)(iii)*).

(c) *Parent Termination Fee.*

(i) In the event that this Agreement is terminated by the Company pursuant to *Section 8.1(c)(i)* or *Section 8.1(c)(ii)*, Parent shall pay or cause to be paid the Parent Termination Fee to the Company promptly, but in any event within two (2) Business Days following such termination, by wire transfer of same day funds to one or more accounts designated by the Company.

(ii) For the avoidance of doubt, in no event shall Parent and Guarantor be obligated to pay, or cause to be paid, the Parent Termination Fee on more than one occasion, whether pursuant to this Agreement or the Guarantee.

(iii) Notwithstanding anything to the contrary set forth in this Agreement, but subject to *Section 8.2(a)* and *Section 9.5*, the Company's right to receive payment from Parent of the Parent Termination Fee pursuant to *Section 8.2(c)(i)* shall constitute the sole and exclusive remedy of the Company and the Company Subsidiaries against Parent, Merger Sub, the Guarantor, the Debt Financing Sources or any of their respective former, current or future general or limited partners, stockholders, members, managers, directors, officers, employees, agents, Affiliates or assignees (excluding the Company, the Company Subsidiaries, the Magnox Companies and any Company Joint Ventures, collectively, the "*Parent Group*") for all losses and damages suffered as a result of the failure of the transactions contemplated by this Agreement to be consummated or for a breach or failure to perform hereunder or otherwise, and upon payment of the Parent Termination Fee, the Parent Group shall not have any further liability or obligation relating to or arising out of this Agreement or the transactions contemplated by this Agreement; *provided, however*, (A) that Parent shall also be obligated with respect to *Section 8.2(d)* and (B) if the proceeds of the Debt Financing are available to be drawn down at the Closing pursuant to the terms of the Debt Commitment Letters or if the failure of the proceeds of the Debt Financing to be available to be drawn down at the Closing pursuant to the terms of the Debt Commitment Letters is the result of a breach of this Agreement by Parent or Merger Sub, and all the conditions under *Section 7.1* and *Section 7.2* have been satisfied (other than those conditions that by their nature are to be satisfied at the Closing) and the Closing does not occur, then (x) Parent shall pay, or cause to be paid, to the Company an amount equal to the Parent Termination Fee not later than the second (2nd) Business Day after the Company terminates the Agreement; and (y) the Company shall be entitled to payment from Parent of an amount equal to the Company's aggregate losses, if any, in excess of the Parent Termination Fee resulting from Parent or Merger Sub's Intentional Breach of this Agreement (but, together with the receipt of the Parent Termination Fee, subject to the Capped Damages). In no event shall the Company be entitled to seek or obtain any recovery or judgment in excess of the Parent Termination Fee against the Debt Financing Sources, including for any type of damage relating to this Agreement; provided that nothing in this Agreement shall in any way limit or modify any Debt Financing Source's obligations to Parent or Merger Sub under the Debt Commitment Letters.

(iv) If any payment of the Parent Termination Fee is made pursuant to *Section 8.2(c)(i)*, unless payments are owed pursuant to clause (y) of *Section 8.2(c)(iii)(B)*, then such payment (A) shall constitute liquidated damages with respect to any claim for damages or any other claim which the Company would be entitled to assert against Parent, any member of the Parent Group (and such payment of the Parent Termination Fee shall be the sole and exclusive remedy) or any of their respective assets with respect to any such termination of this Agreement, and (B) shall constitute the sole and exclusive remedy with respect to any such termination of this Agreement based upon any breach or misrepresentation of any of the representations, warranties or covenants of Parent or Merger Sub in this Agreement, the failure to obtain Debt Financing or the failure by Parent to effect the Closing regardless of whether the Debt Financing is available. For the avoidance of doubt, Company is entitled to make a claim for both the Parent Termination Fee and for liabilities or damages arising from any breach or misrepresentation of any of the representations, warranties or covenants of Parent or Merger Sub in this Agreement, the failure to obtain Debt Financing or the failure by Parent to effect the Closing regardless of whether the Debt Financing is available.

(d) *Acknowledgement.* Each Party acknowledges that (i) the agreements contained in this *Section 8.2* are an integral part of the transactions contemplated in this Agreement, (ii) the damages resulting from termination of this Agreement under circumstances where a Company Termination Fee, Parent's Reimbursable Expenses, or Parent Termination Fee are payable are uncertain and incapable of accurate calculation and therefore, the amounts payable pursuant to *Section 8.2(b)* or *Section 8.2(c)* are not a penalty but rather constitute liquidated damages in a reasonable amount that will compensate Parent or the Company, as the case may be, for the efforts and resources expended and opportunities foregone while negotiating this Agreement and in reliance on this Agreement and on the expectation of the consummation of the transactions contemplated hereby, and (iii) without the agreements contained in this *Section 8.2*, the Parties would not have entered into this Agreement. Accordingly, if the Company or Parent, as the case may be, fails to timely pay any amount due pursuant to this *Section 8.2* and, in order to obtain such payment, either Parent, Energy Capital Partners Management II, LP or the Company, as the case may be, commences a suit that results in a judgment against any Party for the payment of any amount set forth in this *Section 8.2*, such paying Party shall pay the prevailing Party's costs and expenses (including reasonable attorneys' fees) in connection with such suit, together with interest on such amount at the annual rate of five percent (5%) plus the prime rate as published in *The Wall Street Journal* in effect on the date such payment was required to be made through the date such payment was actually received, or such lesser rate as is the maximum permitted by applicable Law.

(e) *Fees and Expenses.* Subject to *Section 6.5* and except as otherwise provided in this *Section 8.2*, all Expenses incurred in connection with this Agreement and the transactions contemplated by this Agreement shall be paid by the Party incurring such Expenses. If the Closing occurs, except as provided in *Section 3.2(b)*, Parent shall pay, or cause to be paid, all documentary, sales, use, real property transfer, registration, value added, transfer, stamp, recording and similar Taxes, fees, and costs together with any interest thereon, penalties, fines, costs, fees, additions to tax or additional amounts with respect thereto incurred in connection with this Agreement and the transactions contemplated hereby, and shall file all Tax Returns related thereto, regardless of who may be liable therefor under applicable Law.

(f) In no event shall either Party be entitled to seek or obtain any recovery or judgment in excess of the Capped Damages which are awarded against the Party or any of their respective assets, and in no event shall either Party be entitled to seek or obtain any other damages of any kind against the other Party, including consequential, special, indirect or punitive damages for, or with respect to, this Agreement or the Guarantee or the transactions contemplated hereby and

thereby (including, any breach by either Party), the termination of this Agreement, the failure to consummate the transactions contemplated by this Agreement or any claims or actions under applicable Law arising out of any such breach, termination or failure; provided, however, this *Section 8.2(f)* shall not limit the right of the Parties to seek specific performance of this Agreement pursuant to, and subject to the limitations in, *Section 9.5* prior to the termination of this Agreement; and provided, further, in no event will either Party be entitled to receive more than one of the following remedies: (i) a grant of specific performance as provided in *Section 9.5*, (ii) the payment of all or any portion of the Company Termination Fee, in the case of termination by the Parent, or the Parent Termination Fee, in the case of termination by the Company, under *Section 8.2*, and (iii) a recovery of damages in an amount not to exceed the Capped Damages.

Section 8.3 Extension; Waiver. At any time prior to the Effective Time, the Parties may, to the extent permitted by applicable Law and, subject to the proviso in *Section 8.4*, (a) extend the time for the performance of any of the obligations or other acts of the other Parties, (b) waive any inaccuracies in the representations and warranties contained herein or in any document delivered pursuant hereto or (c) waive compliance with any of the agreements or conditions contained herein. Any agreement on the part of a Party to any such extension or waiver shall be valid only if set forth in a written instrument signed on behalf of such Party. Notwithstanding the foregoing, no failure or delay by the Company, Parent or Merger Sub in exercising any right hereunder shall operate as a waiver thereof nor shall any single or partial exercise thereof preclude any other or further exercise of any other right hereunder.

Section 8.4 Amendment. This Agreement may be amended by the Parties by action taken by or on behalf of their respective Boards of Directors at any time prior to the Effective Time; *provided*, that after approval of the Agreement by the stockholders of the Company, no amendment that, by Law or in accordance with the rules of any relevant stock exchange, requires further approval by such stockholders may be made without further stockholder approval. This Agreement may not be amended except by an instrument in writing signed by Parent and the Company. Notwithstanding anything to the contrary contained herein, *Section 8.2(c)(iii)*, this *Section 8.4*, *Section 9.5*, *Section 9.6* and *Section 9.7* (and any provision of this Agreement to the extent a modification, waiver or termination of such provision would modify the substance of such Sections) may not be modified, waived or terminated in a manner that adversely affects the rights of the Debt Financing Sources without the prior written consent of the Debt Financing Sources.

Section 9.3 *Severability*. If any term or other provision of this Agreement is invalid, illegal or incapable of being enforced by any rule of Law or public policy, all other conditions and provisions of this Agreement shall nevertheless remain in full force and effect so long as the economic or legal substance of the transactions contemplated hereby is not affected in any manner materially adverse to any Party. Upon such determination that any term or other provision is invalid, illegal or incapable of being enforced, the Parties shall negotiate in good faith to modify this Agreement so as to effect the original intent of the Parties as closely as possible in an acceptable manner to the end that transactions contemplated hereby are fulfilled to the fullest extent possible.

Section 9.4 *Entire Agreement*. This Agreement (together with the Exhibits, Parent Disclosure Letter, Company Disclosure Letter and the other documents delivered pursuant hereto), the Financing Commitments, the Guarantee and the Confidentiality Agreement constitute the entire agreement of the Parties and supersede all prior agreements and undertakings, both written and oral, between the Parties, or any of them, with respect to the subject matter hereof and thereof.

Section 9.5 *Specific Performance.*

(a) The Parties agree that irreparable damage for which monetary damages, even if available, would not be an adequate remedy, would occur in the event that the Parties hereto do not perform the provisions of this Agreement (including failing to take such actions as are required of it hereunder to consummate this Agreement) in accordance with its specified terms or otherwise breach such provisions. Accordingly, subject to the other provisions in this *Section 9.5*, the Parties acknowledge and agree that the Parties shall be entitled to an injunction, specific performance and other equitable relief to prevent breaches of this Agreement and to enforce specifically the terms and provisions hereof, in addition to any other remedy to which they are entitled at law or in equity. Subject to the other provisions in this *Section 9.5*, each of the Company and Parent acknowledges and agrees that, (i) each Party shall be entitled to seek to specifically enforce the terms and provisions of this Agreement, notwithstanding the potential availability of any monetary remedy set forth in *Section 8.2*, (ii) the provisions set forth in *Section 8.2 (A)* are not intended to, and do not adequately compensate for, the harm that would result from a breach of this Agreement and (B) shall not be construed to diminish or otherwise impair in any respect any Party's right to seek specific enforcement, but that upon the payment of either the Parent Termination Fee and, without duplication, if applicable, any Capped Damages which are awarded, such right to seek (or receive) specific enforcement shall be immediately terminated and extinguished, and (iii) the right of specific enforcement is an integral part of the transactions contemplated by this Agreement and without that right, neither the Company nor Parent would have entered into this Agreement.

(b) Notwithstanding the foregoing in *Section 9.5(a)*, the right of the Company to obtain an injunction, or other appropriate form of specific performance or equitable relief, in each case, solely with respect to causing the Parent and the Merger Sub to, or to directly, cause the Equity Financing to be funded shall be subject to the requirements that: (A) all conditions in *Sections 7.1* and *7.2* (other than those conditions that by their nature cannot be satisfied until the Closing Date, but each of which shall be capable of being satisfied on the Closing Date) have been satisfied, and remain satisfied, at the time when the Closing would have occurred but for the failure of the Equity Financing to be funded, and Parent and Merger Sub fail to complete the Closing by the date the Closing is required to have occurred pursuant to *Section 2.2*, (B) either (i) the Loan Amendments shall be in full force and effect, (ii) the Debt Financing or Alternative Financing has been funded, or (iii) the full proceeds of the Debt Financing or Alternative Financing would be available to be drawn down by the Parent at the Closing if the Equity Financing is funded at the Closing, and (C) the Company has irrevocably confirmed in writing that if specific performance is granted and the Equity Financing and the Debt Financing are funded, then it would take all actions that are within its control to cause the Closing pursuant to *Section 2.2* to occur.

(c) Notwithstanding *Section 9.5(a)*, the right of the Company to obtain an injunction, or other appropriate form of specific performance or equitable relief, in each case, solely with respect to causing Parent and Merger Sub to use reasonable best efforts to enforce the terms of the Debt Commitment Letters, which may include a demand that the Merger Sub and Parent file one or more lawsuits against the sources of Debt Financing to fully enforce such sources' obligations thereunder and the Parent's and the Merger Sub's rights thereunder, shall be subject to the requirements that: (A) all conditions in *Sections 7.1* and *7.2* (other than those conditions that by their nature cannot be satisfied until the Closing Date, but each of which shall be capable of being satisfied on the Closing Date) have been satisfied, and remain satisfied, at the time when the Closing would have occurred but for the failure of the Debt Financing to be funded, and Parent and Merger Sub fail to complete the Closing by the date the Closing is required to have occurred pursuant to *Section 2.2*, (B) all conditions to the consummation of the Debt Financing contemplated by the Debt Commitment Letters (other than the receipt of the Equity Financing,

any conditions that are within the control of Parent or Merger Sub, and those conditions that by their nature cannot be satisfied until the Closing Date, but each of which shall be capable of being satisfied on the Closing Date) have been satisfied and remain satisfied, (C) the Loan Amendments shall not be in full force and effect and (D) the Company has irrevocably confirmed in writing that if specific performance is granted and the Equity Financing and the Debt Financing are funded, then it would take all actions that are within its control to cause the Closing pursuant to *Section 2.2* to occur.

(d) Each of the Parties hereby further waives (i) any defense in any action for specific performance in accordance with this *Section 9.5* that a remedy at law would be adequate or that an award of specific performance is not an appropriate remedy for any reason at law or in equity and (ii) any requirement under any Law to post security as a prerequisite to obtaining equitable relief.

(e) For the avoidance of doubt, while the Company may pursue (i) a grant of specific performance as provided in this *Section 9.5*, (ii) the payment of all or any portion of the Parent Termination Fee under *Section 8.2(c)*, and/or (iii) a recovery of damages in an amount not to exceed the Capped Damages, under no circumstances shall the Company be permitted or entitled to receive more than one of the remedies described in clause (i), (ii) and (iii).

Section 9.6 GOVERNING LAW; JURISDICTION; WAIVER OF JURY TRIAL.

(a) This Agreement and all actions, proceedings or counterclaims (whether based on contract, tort or otherwise) arising out of or relating to this Agreement or the actions of Parent, Merger Sub or the Company in the negotiation, administration, performance and enforcement thereof, shall be governed by, and construed in accordance with the laws of the State of Delaware, without giving effect to any choice or conflict of laws provision or rule (whether of the State of Delaware or any other jurisdiction) that would cause the application of the Laws of any jurisdiction other than the State of Delaware. Notwithstanding anything herein to the contrary, the Parties hereto acknowledge and irrevocably agree that any claim, suit, controversy, dispute, action or proceeding, whether in law or in equity, whether in contract or in tort or otherwise, in which any Debt Financing Source is a party arising out of, or in any way relating to, the transactions contemplated hereby, including but not limited to any dispute arising out of or relating in any way to the Debt Financing, shall be governed by, and construed in accordance with, the laws of the State of New York.

(b) Each of Parent, Merger Sub and the Company hereby irrevocably submits to the exclusive jurisdiction of the Delaware Court of Chancery (or, if (but only if) the Delaware Court of Chancery shall be unavailable, any other court of the State of Delaware or any Federal court sitting in the State of Delaware) for the purpose of any action, proceeding or counterclaim (whether based on contract, tort or otherwise) arising out of or relating to this Agreement or the actions of Parent, Merger Sub or the Company in the negotiation, administration, performance and enforcement thereof, and each of the Parties hereto hereby irrevocably agrees that all claims in respect to such action or proceeding may be heard and determined exclusively in any Delaware state or federal court.

(c) Each of the Parties hereto (i) irrevocably consents to the service of the summons and complaint and any other process in any other action or proceeding relating to the transactions contemplated by this Agreement, on behalf of itself or its property, in the manner provided for in *Section 9.2(a)*, (c) and (d), and nothing in this *Section 9.6* shall affect the right of any Party to serve legal process in any other manner permitted by Law, (ii) consents to submit itself to the personal jurisdiction of the Delaware Court of Chancery (or, if (but only if) the Delaware Court of Chancery shall be unavailable, any other court of the State of Delaware or any Federal court sitting in the State of Delaware) in the event any dispute arises out of this Agreement or the transactions contemplated by this Agreement, (iii) agrees that it will not attempt to deny or defeat

such personal jurisdiction by motion or other request for leave from any such court and (iv) agrees that it will not bring any action relating to this Agreement or the transactions contemplated by this Agreement in any court other than the Delaware Court of Chancery (or, if (but only if) the Delaware Court of Chancery shall be unavailable, any other court of the State of Delaware or any Federal court sitting in the State of Delaware). Each of Parent, Merger Sub and the Company agrees that a final judgment in any action or proceeding shall be conclusive and may be enforced in other jurisdictions by suit on the judgment or in any other manner provided by Law; *provided, however*, that nothing in the foregoing shall restrict any Party's rights to seek any post-judgment relief regarding, or appeal from, such final trial court judgment.

(d) Each of the Parties hereto (i) agrees that it will not bring or support any claim, suit, action, proceeding, cross-claim or third-party claim against the Debt Financing Sources in any way relating to this Agreement or any of the transactions contemplated by this Agreement, including any dispute arising out of or relating in any way to the Debt Financing or the performance thereof (each, a "*Debt Financing Party Claim*"), in any forum other than any state or federal court of competent jurisdiction sitting in the Borough of Manhattan, New York, New York, and any appellate court thereof, and each of the Parties hereto submits for itself and its property with respect to any such action to the exclusive jurisdiction of such courts, (ii) hereby waives, to the fullest extent permitted by law, any objection which any of them may have to the laying of venue of, and the defense of an inconvenient forum to the maintenance of, any such claim, suit, action or proceeding in any such court and (iii) the waiver contained in *Section 9.6(e)* shall apply to any Debt Financing Party Claim.

(e) EACH OF PARENT, MERGER SUB AND THE COMPANY HEREBY IRREVOCABLY WAIVES ALL RIGHT TO TRIAL BY JURY IN ANY ACTION, PROCEEDING OR COUNTERCLAIM (WHETHER BASED ON CONTRACT, TORT OR OTHERWISE) ARISING OUT OF OR RELATING TO THIS AGREEMENT OR THE ACTIONS OF PARENT, MERGER SUB OR THE COMPANY IN THE NEGOTIATION, ADMINISTRATION, PERFORMANCE AND ENFORCEMENT THEREOF. THE PARTIES HEREBY FURTHER WAIVE TRIAL BY JURY IN ANY ACTION, PROCEEDING OR COUNTERCLAIM BROUGHT BY ANY PARTY AGAINST ANY DEBT FINANCING SOURCE PARTIES IN ANY MATTER WHATSOEVER ARISING OUT OF OR IN RELATION TO OR IN CONNECTION WITH THIS AGREEMENT OR THE DEBT FINANCING OR THE PERFORMANCE THEREOF.

Section 9.7 No Third-Party Beneficiaries. This Agreement is not intended to and shall not confer any rights or remedies upon any Person other than the Parties hereto and their respective successors and permitted assigns, except for (a) the rights of the Company's stockholders to receive the Merger Consideration at the Effective Time, (b) the right of the holders of Company Options and Company Stock-Based Awards to be paid pursuant to *Section 3.5* at the Effective Time, (c) subject to the limitations in *Section 8.2(a)*, the right of the Company, on behalf of its stockholders and holders of Company Options and Company Stock-Based Awards, to collect the aggregate Merger Consideration (or any portion thereof) and/or pursue damages (which shall include, to the extent proven, the total amount that could have been claimed by the Company's stockholders and holders of Company Options and Company Stock-Based Awards if such holders brought an action against Parent and Merger Sub and were recognized as intended third party beneficiaries hereunder) in the event of Parent's or Merger Sub's breach of this Agreement or fraud, which right is hereby acknowledged and agreed by Parent and Merger Sub, (d) the provisions of *Section 6.12*, (e) the rights of Energy Capital Partners Management II, LP set forth in *Section 8.2(b)* and *Section 8.2(d)*, and (f) the rights, but not the obligations, of the Debt Financing Sources in this Agreement including the rights set forth in *Section 8.2(c)(iii)*, *Section 8.4*, *Section 9.5*, *Section 9.6* and this *Section 9.7* (who are intended third-party beneficiaries thereunder and such provisions shall not be amended, modified or waived with respect to

such Debt Financing Source without its prior written consent). The representations and warranties in this Agreement are the product of negotiations among the Parties hereto and are for the sole benefit of the Parties hereto. Any inaccuracies in such representations and warranties are subject to waiver by the Parties hereto in accordance with *Section 8.3* without notice or liability to any other Person. The representations and warranties in this Agreement may represent an allocation among the Parties hereto of risks associated with particular matters regardless of the Knowledge of any of the Parties hereto. Accordingly, Persons other than the Parties hereto may not rely upon the representations and warranties in this Agreement as characterizations of actual facts or circumstances as of the date of this Agreement or as of any other date.

Section 9.8 *Assignment.* Neither this Agreement nor any of the rights, interests or obligations hereunder shall be assigned by any of the Parties (whether by operation of Law or otherwise) without the prior written consent of the other Parties; except that (a) Merger Sub may assign any of or all of its rights, interest and obligations under this Agreement to Parent or to any direct or indirect wholly-owned subsidiary of Parent and (b) Parent and Merger Sub may assign their respective rights, interest and obligations under this Agreement, in whole or in part, to any Debt Financing Source or other parties providing debt financing to the Surviving Corporation for purposes of creating a security interest herein or otherwise assigning as collateral in respect of any such debt financing, but no such assignment shall relieve the assigning party of its obligations hereunder. Subject to the foregoing, this Agreement will be binding upon, inure to the benefit of and be enforceable by the Parties and their respective successors and permitted assigns.

Section 9.9 *Obligations of Parent and of the Company.* Whenever this Agreement requires a Subsidiary of Parent to take any action, such requirement shall be deemed to include an undertaking on the part of Parent to cause such Subsidiary to take such action. Whenever this Agreement requires a Company Subsidiary to take any action, such requirement shall be deemed to include an undertaking on the part of the Company to cause such Company Subsidiary to take such action and, after the Effective Time, on the part of the Surviving Corporation to cause such Subsidiary to take such action.

Section 9.10 *Mutual Drafting.* Each Party has participated in the drafting of this Agreement, which each Party acknowledges is the result of negotiations between the Parties.

Section 9.11 *Headings.* The headings contained in this Agreement are for reference purposes only and shall not affect in any way the meaning or interpretation of this Agreement.

Section 9.12 *Counterparts.* This Agreement may be executed by facsimile or .pdf and in one or more counterparts, and by the different Parties in separate counterparts, each of which when executed shall be deemed to be an original but all of which taken together shall constitute one and the same agreement. Delivery of an executed counterpart of a signature page to this Agreement by facsimile transmission or by e-mail of a .pdf attachment shall be effective as delivery of a manually executed counterpart of this Agreement.

Board of Directors and
Transactions Committee of the Board of Directors
EnergySolutions, Inc.
423 West 300 South, Suite 200
Salt Lake City, UT 84101

Gentlemen:

You have requested our opinion as to the fairness from a financial point of view to the holders (other than Rockwell Holdco, Inc. ("Parent") and its affiliates) of the outstanding shares of common stock, par value \$0.01 per share (the "Shares"), of EnergySolutions, Inc. (the "Company") of the \$3.75 per Share in cash to be paid to such holders pursuant to the Agreement and Plan of Merger, dated as of January 7, 2013 (the "Agreement"), by and among Parent, Rockwell Acquisition Corp., a wholly owned subsidiary of Parent, and the Company.

Goldman, Sachs & Co. and its affiliates are engaged in commercial and investment banking and financial advisory services, market making and trading, research and investment management (both public and private investing), principal investment, financial planning, benefits counseling, risk management, hedging, financing, brokerage activities and other financial and non-financial activities and services for various persons and entities. Goldman, Sachs & Co. and its affiliates, and funds or other entities in which they invest or with which they co-invest, may at any time purchase, sell, hold or vote long or short positions and investments in securities, derivatives, loans, commodities, currencies, credit default swaps and other financial instruments of the Company, Parent and any of their respective affiliates and third parties, including Energy Capital Partners II, LLC ("Energy Capital"), an affiliate of Parent, and its affiliates and portfolio companies, or any currency or commodity that may be involved in the transaction contemplated by the Agreement (the "Transaction") for the accounts of Goldman, Sachs & Co. and its affiliates and their customers. We have acted as financial advisor to the Board of Directors of the Company (the "Board of Directors") and the Transactions Committee of the Board of Directors (the "Transactions Committee") in connection with, and have participated in certain of the negotiations leading to, the Transaction. We expect to receive fees for our services in connection with the Transaction, all of which are contingent upon consummation of the Transaction, and the Company has agreed to reimburse our expenses arising, and indemnify us against certain liabilities that may arise, out of our engagement. We have provided certain investment banking services to the Company and its affiliates from time to time. We have provided certain investment banking services to Energy Capital and its affiliates and portfolio companies from time to time for which our Investment Banking Division has received, and may receive, compensation, including having acted as a participant in the revolving credit facility (aggregate principal amount \$550 million) of Summit Midstream Partners, LLC, an affiliate of Energy Capital, in May 2012; as joint bookrunner with respect to the refinancing of the senior secured bank loan (aggregate principal amount \$985 million) of EquiPower Resources, an affiliate of Energy Capital, in July 2012; and as joint bookrunner with respect to an initial public offering of 14,375,000 common units representing limited partner interests of Summit Midstream Partners, LP, an affiliate of Energy Capital, in October 2012. We may also in the future provide investment banking services to the Company, Parent and their respective affiliates and Energy Capital and its affiliates and portfolio companies for which our Investment Banking Division may receive compensation. Affiliates of Goldman, Sachs & Co. also may have co-invested with Energy Capital and its affiliates from time to time and may have invested in limited partnership units of affiliates of Energy Capital from time to time and may do so in the future.

In connection with this opinion, we have reviewed, among other things, the Agreement; annual reports to stockholders and Annual Reports on Form 10-K of the Company for the five years ended December 31, 2011; certain interim reports to stockholders and Quarterly Reports on Form 10-Q of the Company; certain other communications from the Company to its stockholders; certain publicly available research analyst reports for the Company; and certain internal financial analyses and forecasts for the Company prepared by its management, as approved for our use by the Company (the "Forecasts"). We have also held discussions with members of the senior management of the Company regarding their assessment of the past and current business operations, financial condition and future prospects of the Company; reviewed the reported price and trading activity for the Shares; compared certain financial and stock market information for the Company with similar information for certain other companies the securities of which are publicly traded; reviewed the financial terms of certain recent business combinations in the engineering and construction industry and in other industries; and performed such other studies and analyses, and considered such other factors, as we deemed appropriate.

For purposes of rendering this opinion, we have, with your consent, relied upon and assumed the accuracy and completeness of all of the financial, legal, regulatory, tax, accounting and other information provided to, discussed with or reviewed by, us, without assuming any responsibility for independent verification thereof. In that regard, we have assumed with your consent that the Forecasts have been reasonably prepared on a basis reflecting the best currently available estimates and judgments of the management of the Company. We have not made an independent evaluation or appraisal of the assets and liabilities (including any contingent, derivative or other off-balance-sheet assets and liabilities) of the Company or any of its subsidiaries and we have not been furnished with any such evaluation or appraisal. We have assumed that all governmental, regulatory or other consents and approvals necessary for the consummation of the Transaction will be obtained without any adverse effect on the expected benefits of the Transaction in any way meaningful to our analysis. We have assumed that the Transaction will be consummated on the terms set forth in the Agreement, without the waiver or modification of any term or condition the effect of which would be in any way meaningful to our analysis.

Our opinion does not address the underlying business decision of the Company to engage in the Transaction, or the relative merits of the Transaction as compared to any strategic alternatives that may be available to the Company; nor does it address any legal, regulatory, tax or accounting matters. This opinion addresses only the fairness from a financial point of view to the holders (other than Parent and its affiliates) of Shares, as of the date hereof, of the \$3.75 per Share in cash to be paid to such holders pursuant to the Agreement. We do not express any view on, and our opinion does not address, any other term or aspect of the Agreement or Transaction or any term or aspect of any other agreement or instrument contemplated by the Agreement or entered into or amended in connection with the Transaction, including, the fairness of the Transaction to, or any consideration received in connection therewith by, the holders of any other class of securities, creditors, or other constituencies of the Company; nor as to the fairness of the amount or nature of any compensation to be paid or payable to any of the officers, directors or employees of the Company, or class of such persons, in connection with the Transaction, whether relative to the \$3.75 per Share in cash to be paid to the holders (other than Parent and its affiliates) of Shares pursuant to the Agreement or otherwise. We are not expressing any opinion as to the impact of the Transaction on the solvency or viability of the Company or Parent or the ability of the Company or Parent to pay their respective obligations when they come due. Our opinion is necessarily based on economic, monetary, market and other conditions as in effect on, and the information made available to us as of, the date hereof and we assume no responsibility for updating, revising or reaffirming this opinion based on circumstances, developments or events occurring after the date hereof. Our advisory services and the opinion expressed herein are provided for the information and assistance of the Board of Directors and the Transactions Committee in connection with their consideration of the Transaction and such opinion does not constitute a recommendation as

to how any holder of Shares should vote with respect to such Transaction or any other matter. This opinion has been approved by a fairness committee of Goldman, Sachs & Co.

Based upon and subject to the foregoing, it is our opinion that, as of the date hereof, the \$3.75 per Share in cash to be paid to the holders (other than Parent and its affiliates) of Shares pursuant to the Agreement is fair from a financial point of view to such holders.

Very truly yours,

/s/ Goldman, Sachs & Co.

SECTION 262 OF THE GENERAL CORPORATION LAW OF THE STATE OF DELAWARE

§ 262. Appraisal rights

(a) Any stockholder of a corporation of this State who holds shares of stock on the date of the making of a demand pursuant to subsection (d) of this section with respect to such shares, who continuously holds such shares through the effective date of the merger or consolidation, who has otherwise complied with subsection (d) of this section and who has neither voted in favor of the merger or consolidation nor consented thereto in writing pursuant to § 228 of this title shall be entitled to an appraisal by the Court of Chancery of the fair value of the stockholder's shares of stock under the circumstances described in subsections (b) and (c) of this section. As used in this section, the word "stockholder" means a holder of record of stock in a corporation; the words "stock" and "share" mean and include what is ordinarily meant by those words; and the words "depository receipt" mean a receipt or other instrument issued by a depository representing an interest in 1 or more shares, or fractions thereof, solely of stock of a corporation, which stock is deposited with the depository.

(b) Appraisal rights shall be available for the shares of any class or series of stock of a constituent corporation in a merger or consolidation to be effected pursuant to § 251 (other than a merger effected pursuant to § 251(g) of this title), § 252, § 254, § 255, § 256, § 257, § 258, § 263 or § 264 of this title:

(1) Provided, however, that no appraisal rights under this section shall be available for the shares of any class or series of stock, which stock, or depository receipts in respect thereof, at the record date fixed to determine the stockholders entitled to receive notice of the meeting of stockholders to act upon the agreement of merger or consolidation, were either (i) listed on a national securities exchange or (ii) held of record by more than 2,000 holders; and further provided that no appraisal rights shall be available for any shares of stock of the constituent corporation surviving a merger if the merger did not require for its approval the vote of the stockholders of the surviving corporation as provided in § 251(f) of this title.

(2) Notwithstanding paragraph (b)(1) of this section, appraisal rights under this section shall be available for the shares of any class or series of stock of a constituent corporation if the holders thereof are required by the terms of an agreement of merger or consolidation pursuant to §§ 251, 252, 254, 255, 256, 257, 258, 263 and 264 of this title to accept for such stock anything except:

- a. Shares of stock of the corporation surviving or resulting from such merger or consolidation, or depository receipts in respect thereof;
- b. Shares of stock of any other corporation, or depository receipts in respect thereof, which shares of stock (or depository receipts in respect thereof) or depository receipts at the effective date of the merger or consolidation will be either listed on a national securities exchange or held of record by more than 2,000 holders;
- c. Cash in lieu of fractional shares or fractional depository receipts described in the foregoing paragraphs (b)(2)a. and b. of this section; or
- d. Any combination of the shares of stock, depository receipts and cash in lieu of fractional shares or fractional depository receipts described in the foregoing paragraphs (b)(2)a., b. and c. of this section.

(3) In the event all of the stock of a subsidiary Delaware corporation party to a merger effected under § 253 or § 267 of this title is not owned by the parent immediately prior to the merger, appraisal rights shall be available for the shares of the subsidiary Delaware corporation.

Table of Contents

(c) Any corporation may provide in its certificate of incorporation that appraisal rights under this section shall be available for the shares of any class or series of its stock as a result of an amendment to its certificate of incorporation, any merger or consolidation in which the corporation is a constituent corporation or the sale of all or substantially all of the assets of the corporation. If the certificate of incorporation contains such a provision, the procedures of this section, including those set forth in subsections (d) and (e) of this section, shall apply as nearly as is practicable.

(d) Appraisal rights shall be perfected as follows:

(1) If a proposed merger or consolidation for which appraisal rights are provided under this section is to be submitted for approval at a meeting of stockholders, the corporation, not less than 20 days prior to the meeting, shall notify each of its stockholders who was such on the record date for notice of such meeting (or such members who received notice in accordance with § 255(c) of this title) with respect to shares for which appraisal rights are available pursuant to subsection (b) or (c) of this section that appraisal rights are available for any or all of the shares of the constituent corporations, and shall include in such notice a copy of this section and, if 1 of the constituent corporations is a nonstock corporation, a copy of § 114 of this title. Each stockholder electing to demand the appraisal of such stockholder's shares shall deliver to the corporation, before the taking of the vote on the merger or consolidation, a written demand for appraisal of such stockholder's shares. Such demand will be sufficient if it reasonably informs the corporation of the identity of the stockholder and that the stockholder intends thereby to demand the appraisal of such stockholder's shares. A proxy or vote against the merger or consolidation shall not constitute such a demand. A stockholder electing to take such action must do so by a separate written demand as herein provided. Within 10 days after the effective date of such merger or consolidation, the surviving or resulting corporation shall notify each stockholder of each constituent corporation who has complied with this subsection and has not voted in favor of or consented to the merger or consolidation of the date that the merger or consolidation has become effective; or

(2) If the merger or consolidation was approved pursuant to § 228, § 253, or § 267 of this title, then either a constituent corporation before the effective date of the merger or consolidation or the surviving or resulting corporation within 10 days thereafter shall notify each of the holders of any class or series of stock of such constituent corporation who are entitled to appraisal rights of the approval of the merger or consolidation and that appraisal rights are available for any or all shares of such class or series of stock of such constituent corporation, and shall include in such notice a copy of this section and, if 1 of the constituent corporations is a nonstock corporation, a copy of § 114 of this title. Such notice may, and, if given on or after the effective date of the merger or consolidation, shall, also notify such stockholders of the effective date of the merger or consolidation. Any stockholder entitled to appraisal rights may, within 20 days after the date of mailing of such notice, demand in writing from the surviving or resulting corporation the appraisal of such holder's shares. Such demand will be sufficient if it reasonably informs the corporation of the identity of the stockholder and that the stockholder intends thereby to demand the appraisal of such holder's shares. If such notice did not notify stockholders of the effective date of the merger or consolidation, either (i) each such constituent corporation shall send a second notice before the effective date of the merger or consolidation notifying each of the holders of any class or series of stock of such constituent corporation that are entitled to appraisal rights of the effective date of the merger or consolidation or (ii) the surviving or resulting corporation shall send such a second notice to all such holders on or within 10 days after such effective date; provided, however, that if such second notice is sent more than 20 days following the sending of the first notice, such second notice need only be sent to each stockholder who is entitled to appraisal rights and who has demanded appraisal of such holder's shares in accordance with this subsection. An affidavit of the secretary or assistant secretary or of the transfer agent of the corporation that is required to give

either notice that such notice has been given shall, in the absence of fraud, be prima facie evidence of the facts stated therein. For purposes of determining the stockholders entitled to receive either notice, each constituent corporation may fix, in advance, a record date that shall be not more than 10 days prior to the date the notice is given, provided, that if the notice is given on or after the effective date of the merger or consolidation, the record date shall be such effective date. If no record date is fixed and the notice is given prior to the effective date, the record date shall be the close of business on the day next preceding the day on which the notice is given.

(e) Within 120 days after the effective date of the merger or consolidation, the surviving or resulting corporation or any stockholder who has complied with subsections (a) and (d) of this section hereof and who is otherwise entitled to appraisal rights, may commence an appraisal proceeding by filing a petition in the Court of Chancery demanding a determination of the value of the stock of all such stockholders. Notwithstanding the foregoing, at any time within 60 days after the effective date of the merger or consolidation, any stockholder who has not commenced an appraisal proceeding or joined that proceeding as a named party shall have the right to withdraw such stockholder's demand for appraisal and to accept the terms offered upon the merger or consolidation. Within 120 days after the effective date of the merger or consolidation, any stockholder who has complied with the requirements of subsections (a) and (d) of this section hereof, upon written request, shall be entitled to receive from the corporation surviving the merger or resulting from the consolidation a statement setting forth the aggregate number of shares not voted in favor of the merger or consolidation and with respect to which demands for appraisal have been received and the aggregate number of holders of such shares. Such written statement shall be mailed to the stockholder within 10 days after such stockholder's written request for such a statement is received by the surviving or resulting corporation or within 10 days after expiration of the period for delivery of demands for appraisal under subsection (d) of this section hereof, whichever is later. Notwithstanding subsection (a) of this section, a person who is the beneficial owner of shares of such stock held either in a voting trust or by a nominee on behalf of such person may, in such person's own name, file a petition or request from the corporation the statement described in this subsection.

(f) Upon the filing of any such petition by a stockholder, service of a copy thereof shall be made upon the surviving or resulting corporation, which shall within 20 days after such service file in the office of the Register in Chancery in which the petition was filed a duly verified list containing the names and addresses of all stockholders who have demanded payment for their shares and with whom agreements as to the value of their shares have not been reached by the surviving or resulting corporation. If the petition shall be filed by the surviving or resulting corporation, the petition shall be accompanied by such a duly verified list. The Register in Chancery, if so ordered by the Court, shall give notice of the time and place fixed for the hearing of such petition by registered or certified mail to the surviving or resulting corporation and to the stockholders shown on the list at the addresses therein stated. Such notice shall also be given by 1 or more publications at least 1 week before the day of the hearing, in a newspaper of general circulation published in the City of Wilmington, Delaware or such publication as the Court deems advisable. The forms of the notices by mail and by publication shall be approved by the Court, and the costs thereof shall be borne by the surviving or resulting corporation.

(g) At the hearing on such petition, the Court shall determine the stockholders who have complied with this section and who have become entitled to appraisal rights. The Court may require the stockholders who have demanded an appraisal for their shares and who hold stock represented by certificates to submit their certificates of stock to the Register in Chancery for notation thereon of the pendency of the appraisal proceedings; and if any stockholder fails to comply with such direction, the Court may dismiss the proceedings as to such stockholder.

(h) After the Court determines the stockholders entitled to an appraisal, the appraisal proceeding shall be conducted in accordance with the rules of the Court of Chancery, including any rules specifically governing appraisal proceedings. Through such proceeding the Court shall determine the

fair value of the shares exclusive of any element of value arising from the accomplishment or expectation of the merger or consolidation, together with interest, if any, to be paid upon the amount determined to be the fair value. In determining such fair value, the Court shall take into account all relevant factors. Unless the Court in its discretion determines otherwise for good cause shown, interest from the effective date of the merger through the date of payment of the judgment shall be compounded quarterly and shall accrue at 5% over the Federal Reserve discount rate (including any surcharge) as established from time to time during the period between the effective date of the merger and the date of payment of the judgment. Upon application by the surviving or resulting corporation or by any stockholder entitled to participate in the appraisal proceeding, the Court may, in its discretion, proceed to trial upon the appraisal prior to the final determination of the stockholders entitled to an appraisal. Any stockholder whose name appears on the list filed by the surviving or resulting corporation pursuant to subsection (f) of this section and who has submitted such stockholder's certificates of stock to the Register in Chancery, if such is required, may participate fully in all proceedings until it is finally determined that such stockholder is not entitled to appraisal rights under this section.

(i) The Court shall direct the payment of the fair value of the shares, together with interest, if any, by the surviving or resulting corporation to the stockholders entitled thereto. Payment shall be so made to each such stockholder, in the case of holders of uncertificated stock forthwith, and the case of holders of shares represented by certificates upon the surrender to the corporation of the certificates representing such stock. The Court's decree may be enforced as other decrees in the Court of Chancery may be enforced, whether such surviving or resulting corporation be a corporation of this State or of any state.

(j) The costs of the proceeding may be determined by the Court and taxed upon the parties as the Court deems equitable in the circumstances. Upon application of a stockholder, the Court may order all or a portion of the expenses incurred by any stockholder in connection with the appraisal proceeding, including, without limitation, reasonable attorney's fees and the fees and expenses of experts, to be charged pro rata against the value of all the shares entitled to an appraisal.

(k) From and after the effective date of the merger or consolidation, no stockholder who has demanded appraisal rights as provided in subsection (d) of this section shall be entitled to vote such stock for any purpose or to receive payment of dividends or other distributions on the stock (except dividends or other distributions payable to stockholders of record at a date which is prior to the effective date of the merger or consolidation); provided, however, that if no petition for an appraisal shall be filed within the time provided in subsection (e) of this section, or if such stockholder shall deliver to the surviving or resulting corporation a written withdrawal of such stockholder's demand for an appraisal and an acceptance of the merger or consolidation, either within 60 days after the effective date of the merger or consolidation as provided in subsection (e) of this section or thereafter with the written approval of the corporation, then the right of such stockholder to an appraisal shall cease. Notwithstanding the foregoing, no appraisal proceeding in the Court of Chancery shall be dismissed as to any stockholder without the approval of the Court, and such approval may be conditioned upon such terms as the Court deems just; provided, however that this provision shall not affect the right of any stockholder who has not commenced an appraisal proceeding or joined that proceeding as a named party to withdraw such stockholder's demand for appraisal and to accept the terms offered upon the merger or consolidation within 60 days after the effective date of the merger or consolidation, as set forth in subsection (e) of this section.

(l) The shares of the surviving or resulting corporation to which the shares of such objecting stockholders would have been converted had they assented to the merger or consolidation shall have the status of authorized and unissued shares of the surviving or resulting corporation.
