**PROXY STATEMENT
FOR THE 2015 ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON JUNE 12, 2015**

INTERNET AVAILABILITY OF PROXY MATERIALS

This proxy statement and proxy card are furnished in connection with the solicitation of proxies to be voted at the 2015 Annual Meeting of Stockholders (the "Annual Meeting") of Boingo Wireless, Inc. (sometimes referred to as the "Company," "Boingo," or "Boingo Wireless"), which will be held on Friday, June 12, 2015, at 10:30 a.m. local time at the Hotel Palomar located at 10740 Wilshire Boulevard, Los Angeles, California.

We are making this proxy statement and our annual report available to stockholders primarily via the Internet, instead of mailing printed copies of those materials to each stockholder. On or before May 1, 2015, we will mail to our stockholders (i) a copy of this proxy statement, a proxy card and our annual report or (ii) a notice (the "Notice") containing instructions on how to access and review this proxy statement and our annual report. The Notice also instructs you how you may submit your proxy over the Internet or via telephone. If you received a Notice and would like to receive a printed copy of our proxy materials, you should follow the instructions for requesting those materials included in the Notice.

QUESTIONS AND ANSWERS ABOUT THIS PROXY MATERIAL AND VOTING

Why am I receiving these materials?

You have received these proxy materials because the Board of Directors of Boingo Wireless, Inc. is soliciting your proxy to vote at the 2015 Annual Meeting of Stockholders.

Why did I receive a Notice of Internet Availability of Proxy Materials in the mail instead of a printed set of proxy materials?

Pursuant to rules adopted by the Securities and Exchange Commission, we are permitted to furnish our proxy materials over the Internet to our stockholders by delivering a Notice in the mail. As a result, only stockholders that specifically request a printed copy of the proxy statement will receive one. Instead, the Notice instructs stockholders on how to access and review the proxy statement and annual report over the Internet at www.proxyvote.com. The Notice also instructs stockholders on how they may submit their proxy over the Internet. If a stockholder who received a Notice would like to receive a printed copy of our proxy materials, such stockholder should follow the instructions for requesting these materials contained in the Notice.

Who can vote at the Annual Meeting?

Only stockholders of record at the close of business on April 13, 2015 will be entitled to vote at the Annual Meeting. On this record date, there were 36,584,440 shares of Company common stock ("Common Stock") outstanding. The holders of Common Stock have the right to one vote for each share they held as of the record date.

In accordance with Delaware law, a list of stockholders entitled to vote at the meeting will be available at the place of the Annual Meeting on June 12, 2015 and will be accessible for ten days prior to the meeting at our principal place of business, 10960 Wilshire Blvd, 23rd Floor, Los Angeles, CA 90024, between the hours of 9:00 a.m. and 5:00 p.m. local time.

What am I voting on?

There are four matters scheduled for a vote:

Election of two Class I directors;

Ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2015;

Advisory approval of our executive compensation; and

Approval of a series of amendments to the Boingo Wireless, Inc. 2011 Equity Incentive Plan (the "Incentive Plan").

How do I vote?

If on April 13, 2015, your shares were registered directly in your name with our transfer agent, American Stock Transfer & Trust Company, then you are a stockholder of record. Stockholders of record may vote by using the Internet, by telephone or (if you received a proxy card by mail) by mail as described below. Stockholders also may attend the meeting and vote in person. If you hold shares through a bank or broker, please refer to your proxy card, Notice or other information forwarded by your bank or broker to see which voting options are available to you.

You may vote by using the Internet at www.proxyvote.com by following the instructions for Internet voting on the Notice or Proxy Card mailed to you. Internet voting is available 24 hours a day and will be accessible until 11:59 p.m. Eastern Time on June 11, 2015. Easy-to-follow instructions allow you to vote your shares and confirm that your instructions have been properly recorded.

You may vote by telephone by dialing 1-800-690-6903 and following the instructions for voting by phone on the Notice or Proxy Card mailed to you. Telephone voting is available 24 hours a day and will be accessible until 11:59 p.m. Eastern Time on June 11, 2015. Easy-to-follow voice prompts allow you to vote your shares and confirm that your instructions have been properly recorded.

You may vote by mail by requesting, completing and mailing in a paper proxy card, as outlined in the Notice.

The method you use to vote will not limit your right to vote at the Annual Meeting if you decide to attend in person. Written ballots will be passed out to anyone who wants to vote at the Annual Meeting. If you hold your shares in "street name," you must obtain a proxy, executed in your favor, from the holder of record to be able to vote in person at the Annual Meeting.

What if I return a proxy card but do not make specific choices?

If you return a signed and dated proxy card without marking any voting selections, your shares will be voted (i) "**For**" the election of both nominees for director, (ii) "**For**" ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2015, (iii) "**For**" the advisory approval of our executive compensation, and (iv) "**For**" the approval of a series of amendments to the Incentive Plan. However, with respect to the election of directors and advisory approval of our executive compensation, if you are not a record holder, such as where your shares are held through a broker, nominee, fiduciary or other custodian, you must provide voting instructions to the record holder of the shares in accordance with the record holder's requirements in order for your shares to be properly voted. If any other matter is properly presented at the meeting, your proxy (one of the individuals named on your proxy card) will vote your shares using his best judgment.

Who is paying for this proxy solicitation?

We will pay for the entire cost of soliciting proxies. In addition to these mailed proxy materials, our directors and employees may also solicit proxies in person, by telephone, or by other means of communication. Directors and employees will not be paid any additional compensation for soliciting proxies. We may reimburse brokerage firms, banks and other agents for the cost of forwarding proxy materials to beneficial owners.

What does it mean if I receive more than one proxy card?

If you receive more than one proxy card, your shares are registered in more than one name or are registered in different accounts. Please complete, sign and return **each** proxy card to ensure that all of your shares are voted.

Can I change my vote after submitting my proxy?

Yes. You can revoke your proxy at any time before the final vote at the meeting. You may revoke your proxy in any one of three ways:

You may submit another properly completed proxy card with a later date.

You may send a written notice that you are revoking your proxy to the Secretary of the Company at 10960 Wilshire Boulevard, 23rd Floor, Los Angeles, California 90024.

You may attend the Annual Meeting and vote in person. Simply attending the meeting will not, by itself, revoke your proxy.

How are votes counted?

Votes will be counted by the inspector of election appointed for the meeting, who will separately count "For" and (with respect to proposals other than the election of directors) "Against" votes, abstentions and broker non-votes. Abstentions will be counted towards the vote total for each proposal, and will have the same effect as "Against" votes. Broker non-votes, as described in the next paragraph, have no effect and will not be counted towards the vote total for any proposal.

If your shares are held by your broker as your nominee (that is, in "street name"), you will need to obtain a proxy form from the institution that holds your shares and follow the instructions included on that form regarding how to instruct your broker to vote your shares. If you do not give instructions to your broker, your broker can vote your shares with respect to "discretionary" items, but not with respect to "non-discretionary" items. Discretionary items are proposals considered routine under the rules of the New York Stock Exchange ("NYSE") on which your broker may vote shares held in street name without your voting instructions. On non-discretionary items for which you do not give your broker instructions, the shares will be treated as broker non-votes. Under current NYSE rules, any election of a member of the Board of Directors, whether contested or uncontested, is considered "non-discretionary" and therefore brokers are not permitted to vote your shares held in street name for the election of directors in the absence of instructions from you. In addition, the advisory vote on the compensation of the Company's named executive officers is "non-discretionary" and therefore brokers are not permitted to vote your shares held in street name in the absence of instructions from you. All of our proposals, except for Proposal 2, are "non-discretionary" and therefore if you hold your shares through a broker, nominee, fiduciary or other custodian, your shares will not be voted on those proposals unless you provide voting instructions to the record holder.

How many votes are needed to approve each proposal?

For Proposal 1, the election of directors, the two nominees receiving the most "For" votes (among votes properly cast in person or by proxy) will be elected. Broker non-votes will have no effect.

To be approved, Proposal 2 to ratify the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2015 must receive a "For" vote from the majority of all outstanding shares present in person or represented by proxy at the Annual Meeting and entitled to vote thereon either in person or by proxy. If you "Abstain" from voting, it will have the same effect as an "Against" vote. Broker non-votes will have no effect.

To be approved, Proposal 3, advisory approval of our executive compensation, must receive a "For" vote from the majority of all outstanding shares present in person or represented by proxy at the Annual Meeting and entitled to vote thereon either in person or by proxy. If you "Abstain" from voting, it will have the same effect as an "Against" vote. Broker non-votes will have no effect. However, the advisory approval of our executive compensation is advisory and non-binding in nature and cannot overrule any decisions made by the Board of Directors.

To be approved, Proposal 4, approval of a series of amendments to the Incentive Plan, must receive a "For" vote from a majority of all outstanding shares present in person or represented by proxy at the Annual Meeting and entitled to vote thereon either in person or by proxy. If you "Abstain" from voting, it will have the same effect as an "Against" vote. Broker non-votes will have no effect.

What is the quorum requirement?

A quorum of stockholders is necessary to hold a valid meeting. A quorum will be present if a majority of all shares outstanding on April 13, 2015, the record date, are represented at the meeting by stockholders present in person or by proxy. On the record date, there were 36,584,440 shares of Common Stock outstanding and entitled to vote. Thus 18,292,221 shares must be represented by stockholders present at the meeting or by proxy to have a quorum.

Your shares will be counted towards the quorum only if you submit a valid proxy vote or vote at the meeting. Abstentions and broker non-votes will be counted towards the quorum requirement.

How can I find out the results of the voting at the Annual Meeting?

Preliminary voting results will be announced at the Annual Meeting. Final voting results will be available on a Current Report on Form 8-K filed with the Securities and Exchange Commission within four business days after the end of the Annual Meeting.

When are stockholder proposals due for next year's Annual Meeting?

If you wish to submit a proposal to be considered for inclusion in next year's proxy materials or nominate a director, your proposal must be in proper form according to SEC Regulation 14A, Rule 14a-8 and received by the Secretary of the Company on or before January 1, 2016. If you wish to submit a proposal to be presented at the 2016 Annual Meeting of Stockholders but which will not be included in the Company's proxy materials, your Solicitation Notice, as defined in our bylaws, must be received by the Secretary of the Company at Boingo Wireless, Inc., 10960 Wilshire Blvd, 23rd Floor, Los Angeles, CA 90024, Attn: Secretary, no earlier than February 15, 2016 and no later than March 17, 2016. You are advised to review our bylaws, which contain additional requirements about advance notice of stockholder proposals and director nominations. Boingo Wireless' current bylaws may be found on the corporate governance subsection of the investor relations section of our corporate website at www.boingo.com.

CORPORATE GOVERNANCE AND BOARD MATTERS**Independence of the Board of Directors**

As required under the listing standards of the Nasdaq Global Market ("Nasdaq"), a majority of the members of a Nasdaq-listed company's board of directors must qualify as "independent," as affirmatively determined by its board of directors. Our Board of Directors consults with counsel to ensure that the Board of Directors' determinations are consistent with all relevant laws and regulations regarding the definition of "independent," including those set forth in pertinent listing standards of Nasdaq, as in effect from time to time.

Management has reviewed the directors' and director nominee's responses to a questionnaire asking about their transactions, relationships and arrangements with the Company (and those of their immediate family members) and other potential conflicts of interest. Other than as set forth in this Proxy Statement, these questionnaires did not disclose any transactions, relationships, or arrangements that question the independence of our directors or director nominees. After reviewing this information, our Board of Directors affirmatively determined that all of our directors and director nominees are independent directors within the meaning of the applicable Nasdaq listing standards except for David Hagan.

Information Regarding the Board of Directors and its Committees

As required under Nasdaq listing standards, our independent directors meet in regularly scheduled executive sessions at which only independent directors are present. Charles Boesenberg presides over these executive sessions. During 2014, the Board had an Audit Committee, a Compensation Committee, a Nominating and Governance Committee and a Transaction Committee. In December 2014, the Transaction Committee was disbanded. The following table provides membership information for each of the Board committees during 2014:

Name	Audit	Compensation	Nominating and Governance	Transaction
Sky Dayton(1)			X*	X
Charles Boesenberg	X*	X*		X
Chuck Davis		X	X*	
Michael Finley		X		
David Hagan				
Paul Hsiao(2).	X			X
Terrell Jones	X		X	X*
Lance Rosenzweig	X			

*
Committee Chair.

(1) Mr. Dayton resigned from the Board in August 2014, and therefore did not serve on either the Nominating and Governance Committee or the Transaction Committee, or as Chair of the Nominating and Governance Committee, after that time.

(2) Mr. Hsiao did not stand for reelection at the 2014 Annual Meeting, and therefore did not serve on the Audit or Transaction Committees after the 2014 Annual Meeting.

Below is a description of each committee of the Board of Directors. The Board of Directors has determined that each member of the Audit, Compensation, Nominating and Governance and Transaction Committees meets the applicable rules and regulations regarding "independence" and that each such member is free of any relationship that would interfere with his individual exercise of independent judgment with regard to the Company.

Audit Committee

Our Audit Committee is responsible for, among other things:

selecting and hiring our independent auditors;

approving the audit and non-audit services to be performed by our independent auditors;

evaluating the qualifications, performance and independence of our independent auditors;

monitoring the integrity of our financial statements and our compliance with legal and regulatory requirements as they relate to financial statements or accounting matters;

reviewing the adequacy and effectiveness of our internal control policies and procedures;

discussing the scope and results of the audit with the independent auditors and reviewing with management and the independent auditors our interim and year-end operating results;

preparing the Audit Committee Report in our annual proxy statement;

reviewing and monitoring actual and potential conflicts of interest of members of our Board of Directors and officers; and

reviewing and evaluating, at least annually, its own performance and that of its members, including compliance with the committee charter.

Our Audit Committee charter can be found on the corporate governance section of our corporate website at www.boingo.com. Each of Charles Boesenberg, Paul Hsiao, Terrell Jones and Lance Rosenzweig served on the Audit Committee of the Board of Directors at various times during 2014. Mr. Hsiao did not stand for reelection at the 2014 Annual Meeting, and therefore did not serve on the Audit Committee after the 2014 Annual Meeting. The Audit Committee met six times during 2014.

The Board of Directors annually reviews the Nasdaq listing standards definition of independence for Audit Committee members and has determined that all members of our Audit Committee are independent as currently defined under Nasdaq listing standards. The Board of Directors has determined that Charles Boesenberg is an audit committee financial expert as defined by Item 407(d) of Regulation S-K. The Board made a qualitative assessment of Mr. Boesenberg's level of knowledge and experience based on a number of factors, including his prior experience as chief executive officer of two publicly traded companies, and prior service as a director on the audit committee of eight other public companies.

Compensation Committee

Our Compensation Committee is responsible for, among other things:

reviewing and approving corporate goals and objectives relevant to compensation of our Chief Executive Officer and other executive officers;

reviewing and approving the following for our Chief Executive Officer and our other executive officers: annual base salaries, annual incentive bonuses, including the specific goals and amounts, equity compensation, employment agreements, severance arrangements and change in control arrangements and any other benefits, compensation or arrangements;

reviewing the succession planning for our executive officers;

reviewing and recommending compensation goals and bonus and equity compensation criteria for our employees;

reviewing and recommending compensation programs for directors;

Edgar Filing: BOINGO WIRELESS INC - Form DEF 14A

preparing the compensation discussion and analysis and Compensation Committee report that the SEC requires in our annual proxy statement;

administering, reviewing and making recommendations with respect to our equity compensation plans; and

reviewing and evaluating, at least annually, its own performance and that of its members, including compliance with the committee charter.

A more detailed description of the Compensation Committee's functions can be found in our Compensation Committee Charter. The charter is published in the corporate governance section of our website at www.boingo.com. Each of Charles Boesenberg, Chuck Davis and Michael Finley served on the Compensation Committee of the Board of Directors during 2014. All members of the Compensation Committee are independent as currently defined under Nasdaq listing standards.

The Compensation Committee met six times during 2014. Mr. Hagan, our principal executive officer, does not participate in the determination of his own compensation or the compensation of directors. However, he makes recommendations to the Compensation Committee regarding the amount and form of the compensation of the other executive officers and key employees, and he often participates in the Committee's deliberations about their compensation. Mr. Hovenier, our Chief Financial Officer, and Bethany Ellis, our Senior Vice President Human Resources, also assists the Committee in its executive officer, director and employee compensation deliberations. No other executive officers participate in the determination of the amount or form of the compensation of executive officers or directors.

In November 2013, the Compensation Committee engaged The Croner Company, an executive compensation consultancy firm, to advise it in determining a compensation peer group and with other compensation matters. The Croner Company continued to advise the Compensation Committee during 2014 on executive compensation-related matters. The Compensation Committee has determined that no impermissible conflict of interest applies in connection with The Croner Company's performance of its services for the Compensation Committee during 2014.

Nominating and Governance Committee

Our Nominating and Governance Committee is responsible for, among other things:

assisting our Board of Directors in identifying prospective director nominees and recommending nominees for each annual meeting of stockholders to the Board of Directors;

reviewing developments in corporate governance practices and developing and recommending governance principles applicable to our Board of Directors;

overseeing the evaluation of our Board of Directors and management;

recommending members for each Board committee to our Board of Directors;

reviewing and monitoring our code of business conduct and ethics; and

reviewing and evaluating, at least annually, its own performance and that of its members, including compliance with the committee charter.

Our Nominating and Governance Committee charter can be found on the corporate governance section of our corporate website at www.boingo.com. Each of Sky Dayton, Chuck Davis and Terrell Jones served on the Nominating and Governance Committee of the Board of Directors at various times during 2014. Mr. Jones replaced Mr. Dayton on the Nominating and Governance Committee following Mr. Dayton's retirement from the Board in August 2014. All members of the Nominating and

Edgar Filing: BOINGO WIRELESS INC - Form DEF 14A

Governance Committee are independent as currently defined under Nasdaq listing standards. The Nominating and Governance Committee met one time during 2014.

Our Nominating and Governance Committee believes that the minimum qualifications and skills that candidates for director should possess include (a) the highest professional and personal ethics and values, (b) broad experience at the policy-making level in business, government, education, technology or public interest, (c) a commitment to enhancing stockholder value and (d) sufficient time to carry out their duties and to provide insight and practical wisdom based on experience. The committee also considers the following factors, in no particular order of importance: (a) various and relevant career experience, (b) relevant skills, such as an understanding of the Company's business, (c) financial expertise, (d) diversity and (e) local and community ties. However, the Nominating and Governance Committee retains the right to modify these qualifications from time to time.

Candidates for director nominees are reviewed in the context of the current composition of our Board, our operating requirements and the long-term interests of our stockholders. While we do not have a formal policy on diversity, our Nominating and Governance Committee considers diversity of experience as one of the factors it considers in conducting its assessment of director nominees, along with such other factors as it deems appropriate given the then current needs of the Board and the Company, to maintain a balance of knowledge, experience and capability. In the case of incumbent directors, our Nominating and Governance Committee reviews such directors' overall service to the Company during their term, including the number of meetings attended, level of participation, quality of performance, and any other relationships and transactions that might impair such directors' independence. In the case of new director candidates, the committee also determines whether the nominee must be independent for Nasdaq purposes, which determination is based upon applicable Nasdaq listing standards, applicable SEC rules and regulations and the advice of counsel, if necessary.

The Nominating and Governance Committee uses its network of contacts to compile a list of potential candidates, but may also engage, if it deems appropriate, a professional search firm. The Committee conducts any appropriate and necessary inquiries into the backgrounds and qualifications of possible candidates after considering the function and needs of the Board. The Committee meets to discuss and consider such candidates' qualifications and then selects a nominee for recommendation to the Board by majority vote.

The Nominating and Governance Committee will consider director candidates recommended by stockholders and evaluate them using the same criteria as candidates identified by the Board or the Nominating and Governance Committee for consideration. If a stockholder of the Company wishes to recommend a director candidate for consideration by the Nominating and Governance Committee, the stockholder recommendation should be delivered to the Secretary of the Company at the principal executive offices of the Company, and must include information regarding the candidate and the stockholder making the recommendation.

Transaction Committee

Our Transaction Committee is responsible for, among other things:

reviewing and evaluating the terms and conditions, and to determine the advisability of, any potential acquisition of the Company or any acquisition by the Company (collectively, each a "Potential Transaction");

negotiating with any party with respect to the terms and conditions of any Potential Transaction or any alternative thereto and, if the Transaction Committee deems appropriate, but subject to the limitations of applicable law, approving the execution and delivery of documents in connection with any Potential Transaction or any alternative transaction on behalf of the Company;

determining whether a Potential Transaction or any alternative thereto negotiated by the Transaction Committee is fair to, and in the best interests of, the Company and its stockholders; and

recommending to the full Board what action, if any, should be taken by the Board with respect to a Potential Transaction or any alternative thereto.

Each of Sky Dayton, Charles Boesenberg, Paul Hsiao and Terrell Jones served on the Transaction Committee of the Board of Directors at various times during 2014. All members of the Transaction Committee are independent as currently defined under Nasdaq listing standards. The Transaction Committee was disbanded in December 2014.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Each of Charles Boesenberg, Chuck Davis and Michael Finley served on the Compensation Committee of the Board of Directors during 2014. None of the members of the Compensation Committee was at any time during the 2014 fiscal year (or at any other time) an officer or employee of the Company. None of our executive officers serves as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving as a member of our Board of Directors or Compensation Committee.

BOARD LEADERSHIP STRUCTURE

We separated the positions of the Chairman of the Board and Chief Executive Officer until our previous Chairman of the Board, Sky Dayton, retired from our Board of Directors in August 2014. Mr. Dayton founded Boingo Wireless, and our Board of Directors determined that we would be best served by continuing to have a Chairman with deep operational and strategic knowledge of our business. Therefore, following Mr. Dayton's retirement, our Board of Directors combined the roles of Chairman and Chief Executive Officer, naming David Hagan, our Chief Executive Officer, as Chairman of the Board. In connection with this change, our Board also appointed Charles Boesenberg as our Lead Independent Director. Our Lead Independent Director is responsible for calling special meetings of the independent directors and chairing all meetings of the independent directors.

RISK OVERSIGHT MANAGEMENT

Our Board provides risk oversight for our entire company by receiving management presentations, including risk assessments, from all functional areas of our company, and discussing these assessments with management. The Board's overall risk oversight is supplemented by the various committees. The Audit Committee discusses with management and our independent auditors our risk management guidelines and policies, our major financial risk exposures and the steps taken to monitor and control such exposures.

Our Compensation Committee oversees risks related to our compensation programs and discusses with management its annual assessment of our employee compensation policies and programs. Based upon this review, our Compensation Committee believes that any risks arising from such policies and practices are not reasonably likely to have a material adverse effect on the Company in the future. Specifically, we believe that the elements of our compensation program do not encourage unnecessary or excessive risk-taking. Base salaries are fixed in amount and thus do not encourage risk-taking. A significant proportion of the compensation provided to our executives, and a material amount of the compensation provided to other employees, is in the form of long-term equity awards that are important to help further align employee interests with those of our stockholders. We do not believe that these awards encourage unnecessary or excessive risk-taking because the ultimate value of the awards is tied to our stock price, and because awards are staggered and subject to long-term vesting schedules to help ensure that employees have significant value tied to long-term stock price performance.

MEETINGS OF THE BOARD OF DIRECTORS

The Board of Directors met five times during 2014. Each Board member attended 75% or more of the aggregate of the meetings of the Board and of the committees on which he served, held during the period for which such member was a director or committee member. Members of the Board and its committees also consulted informally with management from time to time and acted at various times by written consent without a meeting during 2014. We do not have a formal policy regarding attendance by members of the Board of Directors at our annual meeting of stockholders, and one director attended our 2014 Annual Meeting of Stockholders.

CODE OF BUSINESS CONDUCT AND ETHICS

The Company has adopted the Boingo Wireless, Inc. Code of Business Conduct and Ethics that applies to all directors, officers and employees. A copy is available on the corporate governance section of our website at www.boingo.com. If the Company makes any substantive amendments to the Code of Business Conduct and Ethics or grants any waiver from a provision of the Code to any executive officer or director, the Company will promptly disclose the nature of the amendment or waiver in its public filings, as required by law or securities market regulations.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

POLICIES AND PROCEDURES FOR RELATED PARTY TRANSACTIONS

As provided by our Audit Committee Charter adopted in connection with our initial public offering, our Audit Committee is responsible for reviewing and approving in advance any related party transaction. Prior to our initial public offering, related party transactions were approved by our Board of Directors. Neither the Board of Directors nor the Audit Committee has adopted specific policies or guidelines relating to the approval of related party transactions. The members of our Audit Committee determine whether to approve a related party transaction in the exercise of their fiduciary duties as directors.

RELATED PARTY TRANSACTIONS

In addition to the compensation arrangements with directors and named executive officers described elsewhere in this proxy statement, since January 1, 2014, there has not been a transaction or series of related transactions in which we were or are a party involving an amount in excess of \$120,000 and in which any director, executive officer, holder of more than 5% of our capital stock, or any member of the immediate family or person sharing the household with any of these individuals (other than tenants or employees), had or will have a direct or indirect material interest.

Indemnification Agreements

We have entered into an indemnification agreement with each of our directors and executive officers. The indemnification agreements and our certificate of incorporation and bylaws require us to indemnify our directors and executive officers to the fullest extent permitted by Delaware law.

DIRECTOR COMPENSATION

Cash Compensation

Non-employee directors of the Company are eligible for paid compensation for services provided as a director. For 2014, the Chairman of the Board was entitled to receive an annual cash retainer of \$40,000 and each other non-employee member of our Board of Directors was entitled to receive an annual cash retainer of \$30,000. In addition, the chair of our Audit Committee, Compensation Committee, Nominating and Governance Committee, and Transaction Committee were each entitled to an annual cash retainer of \$30,000, \$10,000, \$6,000 and \$20,000, respectively, and each non-employee director serving on each such committee was entitled to an annual cash retainer of \$10,000, \$5,000, \$3,000 and \$5,000, respectively.

Equity-Based Compensation

Prior to 2013, the equity compensation program for our non-employee directors provided for the grant of stock options. Beginning in 2013 and continuing in 2014, our equity compensation program for non-employee directors has provided solely for the grant of restricted stock units ("RSU"). Accordingly, upon a non-employee director's initial election or appointment to our Board of Directors, the director will receive a one-time RSU award covering a number of shares equal to the quotient obtained by dividing \$200,000 by the average of the closing sales price of our common stock for the five consecutive trading days prior to the date of grant. Such restricted stock units will vest 25% per year over a four-year period of continuous service. In addition, such RSUs will vest in full upon the earlier of (a) the occurrence of a change in control on or before the date the director's service with us terminates, or (b) the day immediately prior to our first regular annual meeting of stockholders that occurs in the fourth year following the date of grant.

Edgar Filing: BOINGO WIRELESS INC - Form DEF 14A

Following the conclusion of each regular annual meeting of stockholders, each continuing non-employee director will receive a RSU award covering a number of shares equal to the quotient obtained by dividing \$120,000 by the average of the closing sales price of our common stock for the five consecutive trading days prior to the date of grant. In addition to the foregoing, the chair of our Audit Committee will receive a RSU award covering a number of shares equal to the quotient obtained by dividing \$80,000 by the average of the closing sales price of our common stock for the five consecutive trading days prior to the date of grant. Such RSUs will vest in full upon the earliest of (a) the first anniversary of the date of grant, (b) the occurrence of a change in control on or before the date the director's service with us terminates, or (c) the day immediately prior to our first regular annual meeting of stockholders that occurs in the year following the date of grant.

In September 2014, all outstanding stock options previously granted to our non-employee directors were amended to extend the time period post-service on our Board of Directors that vested stock options may be exercised from three months to twelve months, subject to the original expiration date of the option.

The following table sets forth information about the compensation of each person who served as a director during the 2014 fiscal year, other than a director who also served as a named executive officer.

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

This compensation discussion and analysis reviews and discusses our compensation programs and policies for the executive officers named in our Summary Compensation Table. This compensation discussion and analysis, which should be read together with the compensation tables and related disclosures included below, contains forward-looking statements that are based on our current plans, considerations, expectations and determinations regarding our compensation decisions and programs.

The executive officers named in our Summary Compensation Table, referred to as our named executive officers, are: David Hagan, Chief Executive Officer; Peter Hovenier, Chief Financial Officer; Dawn Callahan, Chief Marketing Officer; Nick Hulse, President; and Tom Tracey, Senior Vice President of Operations.

General Overview and Objectives of our Executive Compensation Programs

Historically, our compensation programs have aimed to conserve cash while attracting and retaining executive officers who are highly motivated to grow our business in the long term. As with other emerging companies in the wireless industry and the technology sector generally, we emphasize equity compensation, through a mix of time-based and performance-based RSUs, to align the interests of management and stockholders, which we believe motivates the management team to grow the business in the long term. We believe that the total cash compensation of our named executive officers (including their base salary plus annual incentive bonus) should target the 50th percentile of our selected peer group and that total direct compensation (total cash compensation plus equity awards) should target the 60th percentile of our selected peer group.

We recognize that our success depends to a great degree on the integrity, knowledge, imagination, skill, diversity and teamwork of our employees. To this end, we designed, and intend to modify as necessary, our compensation and benefits program and philosophy in order to attract, retain and motivate talented, highly qualified and committed executive officers who share our business goals and corporate values. In doing so, we strive to reward clear, easily measured performance goals that keep our executive officers focused on accomplishing our long-term business objectives, while offering sufficient fixed compensation to remain competitive within our industry and geography. We expect to continue to emphasize this approach in the future.

The principal objectives of our executive compensation programs are:

attracting, retaining and motivating talented and experienced executives;

rewarding executives whose knowledge, skills and performance are critical to and demonstrably contribute to our success;
and

incentivizing our executives to manage our business as a team.

Compensation Overview

With respect to our named executive officers in 2014:

base salaries were adjusted to account for promotions and cost of living increases;

annual target bonus amounts were increased for Messrs. Hagan and Hovenier based upon their performance and the recommendation of the Company's independent compensation consultant;

bonuses were paid under an annual cash incentive plan based upon our pre-established corporate financial objectives for 2014; and

we granted RSUs with both time-based and performance-based vesting to better align total direct compensation with the Company's peers and to address the lack of retention and incentive effects of underwater stock options.

We generally review our executive compensation programs annually and make adjustments to individual compensation as appropriate, although we may make off-cycle adjustments if our Compensation Committee determines such changes are appropriate.

Role of the Compensation Committee, Board of Directors and Management in Setting Executive Compensation

In general, our Compensation Committee makes compensation decisions regarding our named executive officers. During 2014, Messrs. Boesenberg, Davis, and Finley served as the committee members. The Compensation Committee has overall responsibility for overseeing and, together with input from the full Board of Directors as the committee deems appropriate, approving the compensation of our Chief Executive Officer and other executive officers.

We anticipate that our Chief Executive Officer will continue to make recommendations to our Compensation Committee regarding compensation for other executive officers. However, while our Compensation Committee will consider our Chief Executive Officer's recommendations, it need not adopt these recommendations and may adjust them as it deems appropriate together with input from the full Board of Directors. The committee has authority to approve all compensation decisions regarding our executive officers, although our Board of Directors also retains concurrent authority. The committee may from time to time refer matters to the entire Board of Directors in order to obtain input from other directors prior to making a decision and, if appropriate, may submit matters for approval by the full Board of Directors.

Independent Compensation Consultant and Peer Group

Our Compensation Committee has the authority to engage the services of outside consultants to assist it in making decisions regarding our executive compensation programs. In September 2012, our Compensation Committee retained Compensia as its independent compensation consultant to advise the committee in matters regarding the compensation of our executive officers and our Board of Directors. Neither the company nor our Board of Directors had previously worked with Compensia, which was selected in part because of its experience providing independent advice regarding compensation matters to Boards of Directors of companies and access to market data regarding compensation practices in the technology sector. Compensia was advised to set total cash compensation and total direct compensation between the 50th and 60th percentile.

Edgar Filing: BOINGO WIRELESS INC - Form DEF 14A

In 2013, the Compensation Committee, with the assistance of Compensia, reviewed and revised our peer group against which our executive compensation programs were reviewed, compared, and evaluated as a reference in setting 2013 compensation. The following constitutes the 2013 peer group:

8x8, Inc.	OpenTable, Inc.
Constant Contact, Inc.	ORBCOMM Inc.
Demand Media, Inc.	RealD Inc.
Globestar Technnology, Inc.	Responsys, Inc.
iPass Inc.	ServiceSource International, Inc.
Limelight Networks, Inc.	ShoreTel Inc.
LivePerson, Inc.	Synchronoss Technologies, Inc.
LogMeIn, Inc.	TeleNav Inc.
Meru Networks, Inc.	USA Mobility Inc.
Neutral Tandem, Inc.	Yelp Inc.

In early 2014, the Compensation Committee retained The Croner Company to advise the Committee regarding the compensation of our executive officers and non-employee directors, replacing Compensia. The Compensation Committee believed that The Croner Company's deep expertise in the technology industry would provide the Committee with relevant and targeted advice. The Compensation Committee directed The Croner Company to advise the Committee on setting a compensation peer group for 2014 for the purpose of evaluating the different components of compensation paid to our named executive officers. The direction of the Compensation Committee in setting a peer group was to include companies within 50% to 200% of the Company's revenue and market cap, with similar business models and technology companies located in the Los Angeles area, as well as remove companies that are no longer viable as a result of material business changes (e.g., OpenTable, Inc., which was acquired by Priceline in July 2014, and Demand Media, Inc., due to its business model and size).

Edgar Filing: BOINGO WIRELESS INC - Form DEF 14A

In November 2014, the Compensation Committee approved the recommendation of The Croner Company to adopt the following peer group for future compensation decisions:

8x8, Inc.	Procera Networks, Inc.
Constant Contact, Inc.	RealD Inc.
Globestar Technnology, Inc.	Responsys, Inc.
iPass Inc.	ServiceSource International, Inc.
Limelight Networks, Inc.	ShoreTel Inc.
LivePerson, Inc.	Sonus Networks, Inc.
LogMeIn, Inc.	Spok Holdings, Inc.
MaxLinear, Inc.	Synchronoss Technologies, Inc.
Meru Networks, Inc.	TeleNav Inc.
Neutral Tandem, Inc.	USA Mobility Inc.
Numerex Corp.	Yelp Inc.

ORBCOMM Inc.

The compensation data from the foregoing peer group of companies developed with The Croner Group is used as a reference point for evaluating our executive compensation program. We believe that the total cash compensation of our named executive officers (including their base salary plus annual incentive bonus) should target the 50th percentile of our selected peer group and that total direct compensation (total cash compensation plus equity awards) should target the 60th percentile of our selected peer group.

Role of Stockholder Say-on-Pay Votes

We provide our stockholders with the opportunity to cast a triennial advisory vote on executive compensation, or a Say-on-Pay proposal. At our annual meeting of stockholders held in June 2012, more than 99% of the votes cast on the Say-on-Pay proposal at that meeting were voted in favor of the compensation of our named executive officers, as described in the proxy statement for the 2012 annual meeting. Accordingly, the Compensation Committee believes that this affirms stockholder support for our executive compensation policies and practices, and no material changes were made to such policies and practices in 2013 or 2014 as a result of our Say-on-Pay proposal and voting results in June 2012. The Compensation Committee will continue to consider the results of future Say-on-Pay votes when making future compensation decisions for our named executive officers. As we announced after our 2012 annual meeting, we will provide our shareholders the opportunity to cast an advisory Say-on-Pay vote on a triennial basis, until the next advisory vote on this matter is held. Our stockholders are being asked to vote on an advisory Say-on-Pay proposal as disclosed in this proxy statement and in favor of the compensation of our named executive officers described herein.

Risk Considerations

Edgar Filing: BOINGO WIRELESS INC - Form DEF 14A

As discussed in "Risk Oversight Management" above, the Compensation Committee reviews our compensation programs annually and concluded in 2014 that such programs do not create risks that could be reasonably likely to have a material adverse effect on us.

Elements of Compensation

Our executive compensation program currently includes the following components:

annual base salary;

annual cash incentive bonus;

equity-based awards, including both time-based and performance-based awards; and

certain benefits upon involuntary termination of employment under specified circumstances.

The weight of each of these components has not to date been determined by any particular formula, although our overall mix of total compensation has historically emphasized and continues to emphasize equity-based awards for their long-term incentive and retention value. The specific mix of components has been and will continue to be within the discretion and business judgment of our Board of Directors and the Compensation Committee, which have placed greater emphasis on considerations specific to the individual holding a particular executive position than on general market data.

Base Salary

We provide a base salary to our named executive officers to compensate them for services rendered on a day-to-day basis during the year and to provide sufficient fixed cash compensation to allow them to focus on their ongoing responsibilities. The base salaries of all executive officers are reviewed annually and adjusted when necessary to reflect individual roles and performance as well as market conditions. In February 2014, as a part of the annual review process and to account for increases in costs of living, the base salaries of each of Messrs. Hagan, Hovenier and Hulse were increased 3%: Mr. Hagan's base salary was increased from \$450,000 to \$463,500, Mr. Hovenier's base salary was increased from \$300,000 to \$309,000, and Mr. Hulse's base salary was increased from \$325,000 to \$334,750. Following her promotion to Chief Marketing Officer, Ms. Callahan's base salary was set at \$260,000 for 2014. Following his appointment as a Section 16 executive officer, Mr. Tracey's base salary was set at \$260,000 for 2014.

In connection with the Compensation Committee's annual review process in February 2015, the base salaries of our named executive officers were each increased for 2015, to account for both an increase in the cost of living and to more closely align the executives with the 50th percentile for total cash compensation of our peer group. The named executive officers received a base salary increase ranging from 3% to 8%, with Mr. Hagan receiving the largest increase at 8% to position him at 98% of the 50th percentile of our peer group. The actual base salary increases that our named executive officers received are as follows: Mr. Hagan's base salary was increased from \$463,500 to \$500,000; Mr. Hovenier's base salary was increased from \$309,000 to \$324,000; Mr. Hulse's base salary was increased from \$334,750 to \$345,000; Ms. Callahan's base salary was increased from \$260,000 to \$276,000; and Mr. Tracey's base salary was increased from \$260,000 to \$268,000.

Annual Cash Incentive Bonuses

We use annual cash incentive bonuses to reward our named executive officers for the achievement of company performance goals. Each year, we adopt new corporate financial objectives under our management incentive compensation plan to motivate and reward our senior executives, including our named executive officers, to attain specific short-term performance objectives that, in turn, further our long-term business objectives. These objectives are based upon corporate targets, rather than individual objectives. In setting target payout levels under our management incentive compensation plan, our Board of Directors and Compensation Committee considered historical payouts, the total cost to the company should performance objectives be achieved and our retention needs. The Compensation

Edgar Filing: BOINGO WIRELESS INC - Form DEF 14A

Committee retains discretion to reduce or eliminate payment under our management incentive compensation plan.

The performance goals under our management incentive compensation plan include two corporate financial objectives, each with an established threshold and maximum achievement level. The relative weighting of each financial objective, together with 2014 target levels, actual achievement, and the percentage of target achieved, is as follows:

Financial Objective	Relative Weighting	2014 Target Level Achievement	Actual 2014 Achievement Metrics	% of Target Achieved
Revenue	80%	\$ 122,000,000	\$ 119,297,000	98%(1)
Adjusted EBITDA(2)	20%	\$ 28,300,000	\$ 23,000,000(3)	81%

- (1) For 2014, the revenue portion of the annual incentive bonus was determined and paid on a quarterly basis, with the following target levels of achievement, weightings and actual achievement:

Applicable Quarter	Relative Weighting	Target Level Achievement	Actual Achievement	% of Target Achieved
1	16%	\$ 24,400,000	\$ 26,452,000	108%
2	18%	\$ 27,450,000	\$ 28,396,000	103%
3	22%	\$ 33,550,000	\$ 30,822,000	92%
4	24%	\$ 36,600,000	\$ 33,627,000	92%

- (2) For a discussion of Adjusted EBITDA, see footnote 1 to "Selected Financial Data" included in our Annual Report on Form 10-K.
- (3) Excludes a one-time cost to terminate one of our venue contracts.

For each financial target, achievement of the target equates to 100% of the bonus payout and for up to 120% of the target, there is a bonus payout of 150%. With respect to the revenue objectives, underachievement at the floor of 90% of the financial targets results in a bonus payout of 50% for the objective, while with respect to the EBITDA objective, underachievement at the floor of 70% of the financial target results in 50% of the bonus payout for the objective. Below the floor levels of each of the financial targets, there is no target payout. In the event of any under- or over-achievement, straight-line interpolation is applied from target levels.

Target bonuses for our named executive officers under the 2014 plan were as follows:

Executive Officer	% Bonus Financial Objectives(1)	Target Bonus (\$)
David Hagan	100%*	\$ 463,500
Peter Hovenier	75%*	\$ 231,750
Dawn Callahan	55%	\$ 143,000
Nick Hulse	75%	\$ 251,062
Tom Tracey	55%	\$ 143,000

- * Includes for Mr. Hagan an increase from his 2013 target bonus percentage of 95% and for Mr. Hovenier an increase from his 2013 target bonus percentage of 60%.

- (1) Bonus targets are expressed as a percentage of the executive's base salary.

Edgar Filing: BOINGO WIRELESS INC - Form DEF 14A

Our Compensation Committee met in February 2015 and determined the achievement of the financial objectives applicable under the management incentive compensation plan for 2014 at an 80% level as follows: Mr. Hagan \$368,398; Mr. Hovenier \$184,199; Ms. Callahan \$113,659; Mr. Hulse \$199,549; and Mr. Tracey \$113,659. The portion of these amounts attributable to revenue were paid on a quarterly basis; any remaining unpaid amounts, including the portion attributable to adjusted EBITDA, were paid following the end of the calendar year.

In February 2015, our Compensation Committee also approved a new set of performance goals under our management incentive compensation plan for 2015 that are closely aligned with the 2014 plan: 80% of the performance goals will again be related to the achievement of quarterly revenue targets and 20% will again be related to the achievement of an annual EBITDA target. The 2015 plan has similar threshold, target and maximums as were in effect for 2014, although for the quarterly revenue targets, achievement at up to 110% of the target (instead of 120% of the target) will result in a bonus payout of 150%. No changes were made to the target bonuses for our named executive officers for 2015, which are a percentage of base salary and are as follows: Mr. Hagan 100%; Messrs. Hovenier and Hulse 75%; Ms. Callahan and Mr. Tracey 55%.

Equity-Based Awards

We believe that equity-based awards encourage our named executive officers to focus on the long-term performance of our business. Our Board of Directors grants equity awards to executives and other employees in order to enable them to participate in the long-term appreciation of our stock price. Additionally, we believe our equity awards provide an important retention tool for our named executive officers, as they are subject to multi-year vesting. To date, we have not adopted stock ownership guidelines for our named executive officers.

Historically, we granted equity-based awards in the form of stock options, including options granted at the commencement of employment and additional awards each year. The size of the initial option grant made to each named executive officer upon joining our company is primarily based on competitive conditions applicable to the named executive officer's specific position. We also consider the number of shares underlying options granted to other executives in comparable positions within our company using a model that considers options awarded as a percentage of shares outstanding. For subsequent equity grants to our named executive officers, our Compensation Committee receives input from our Chief Executive Officer and expects to receive input from its compensation consultants in the future.

Due to a need to retain and motivate our executive team in light of a significant number of "underwater" stock options and considering the competitive conditions in the wireless industry in which we compete for executive talent, the compensation committee began granting RSUs to our named executive officers and other employees in March 2013. After reviewing reports from our compensation consultant in February 2014, we determined that additional equity awards granted to our named executive officers and other employees should continue to be in the form of RSUs; provided, however, that the compensation committee determined that a portion of the RSUs granted to our officers, including our named executive officers, should be performance-based, instead of vesting based solely on service to us. Our Compensation Committee determined that a mixture of 2/3 time-based RSUs and 1/3 performance-based RSUs would be appropriate for 2014 and provide the appropriate incentive and retention aspects for our named executive officers. Accordingly, we granted the following RSUs to our named executive officers in February 2014 with solely time-based vesting: Mr. Hagan 208,362 units; Mr. Hovenier 104,181 units; Ms. Callahan 34,727 units; Mr. Hulse 138,908 units; and Mr. Tracey 34,727 units. The foregoing retention awards vest in twelve successive equal quarterly installments commencing on June 1, 2014.

Edgar Filing: BOINGO WIRELESS INC - Form DEF 14A

In addition, our named executive officers were granted the following performance-based RSUs in February 2014: Mr. Hagan 102,626 units; Mr. Hovenier 51,313 units; Ms. Callahan 17,104 units; Mr. Hulse 68,417 units; and Mr. Tracey 17,104 units. The number of performance-based RSUs that each named executive officer was eligible to vest in was based on the annual revenue growth rate achieved by the Company during the fiscal year ended December 31, 2014, as compared with the prior fiscal year, and determined as follows:

Annual Revenue Growth Rate in Fiscal Year 2014	Maximum Percentage of RSUs Eligible to Vest*
Less than 7.0%	0.0%
7.0%	50.00%
8.0%	56.25%
9.0%	62.50%
10.0%	68.75%
11.0%	75.00%
12.0%	81.25%
13.0%	87.50%
14.0%	93.75%
15.0% or more	100.00%

*

Straight-line interpolation for amounts between the increments set forth above.

Our Compensation Committee met in February 2015 and determined that the rate at which our annual revenue grew during the 2014 fiscal year over the prior fiscal year was at 11.8% and that 80% of the performance-based RSUs would be eligible to vest, subject to the named executive officer's satisfaction of the service-based vesting conditions also applicable to such RSUs. 33¹/₃% of the performance-based RSUs which are eligible to be earned subject to service-based vesting conditions vested on March 1, 2015, and the remainder will vest in eight equal quarterly installments thereafter, such that the RSUs will be fully vested on March 1, 2017, subject to the named executive officer's continued service with the Company through each applicable vesting date.

In February 2015, our Compensation Committee also granted additional RSUs to our named executive officers. As with the RSUs granted to our named executive officers in February 2014, the Compensation Committee determined that the RSUs to be granted should be a mixture of both time-based and performance-based, with 2/3 subject to solely time-based vesting and 1/3 subject to performance-based vesting based on revenue growth.

We do not have, nor do we plan to establish, any program, plan or practice to time equity award grants in coordination with releasing material non-public information, nor do we have any established grant schedule. However, we generally grant equity awards including stock options and RSUs on a day when our trading window is open.

Severance and Change of Control Benefits

Our Board of Directors believes that it is necessary to offer senior members of our executive team severance benefits to ensure that they remain focused on executing our strategic plans, including in the event of a proposed or actual acquisition. We have entered into employment agreements with our named executive officers to provide them with additional severance benefits upon an involuntary termination of employment under specified circumstances prior to and following a change of control. The terms of these agreements are described below in "*Severance or Employment Agreements.*"

Perquisites

We do not provide any significant perquisites or other personal benefits to our named executive officers.

Benefits

We provide the following benefits, which we believe are typical of the companies with which we compete for employees, to our named executive officers on the same basis provided to all of our employees:

health, dental and vision insurance;

life insurance and accidental death and dismemberment insurance;

a 401(k) plan;

an employee assistance plan;

short and long-term disability insurance;

a medical and dependent care flexible spending account; and

a health savings account.

Certain Corporate Governance Considerations

We currently do not require our executive officers to own a particular number of shares of our common stock. The Compensation Committee is satisfied that stock and option holdings among our executive officers are sufficient at this time to provide motivation and to align their interests with those of our stockholders. However, we prohibit all directors and employees from hedging their economic interest in the Company securities that they hold.

Tax Considerations

We do not provide any tax gross-ups to our executive officers or directors.

Section 162(m) of the Code limits deductibility of certain compensation to \$1.0 million per year for the Chief Executive Officer and the three other executive officers (other than the Chief Financial Officer) who are highest paid and employed at year-end. If certain conditions are met, performance-based compensation may be excluded from this limitation. The stock options and performance-based RSUs we have granted to named executive officers to date are designed to qualify as performance-based compensation for purposes of Section 162(m), and we expect compensation amounts related to such options and performance-based RSUs to be fully deductible. At the time of our 2015 annual stockholders meeting, we will no longer qualify for special rules under Section 162(m) that apply to companies that have recently gone public. So that we may continue after this post-initial public offering period to grant qualifying performance-based compensation, we are submitting our amended 2011 Equity Incentive Plan for re-approval by our stockholders through Proposal 4 in this proxy statement. If approved, it will allow us to grant cash and equity awards exempt from this deduction limitation rule. Please see Proposal 4 below.

While our Compensation Committee has not adopted a formal policy regarding tax deductibility of compensation paid to our named executive officers, our Compensation Committee may exercise discretion to pay nondeductible compensation if following the requirements of Section 162(m) would not be in the interests of our stockholders.

The amounts in this column represent the aggregate grant date fair value of stock awards or option awards granted to the officer in the applicable fiscal year computed in accordance with FASB ASC Topic 718. See Notes 2 and 15 of the notes to our audited consolidated financial statements included in our Annual Report on Form 10-K for a discussion of the assumptions made by the Company in determining the grant date fair value of its equity awards. Each named executive officer was granted performance-based RSUs in March 2014, the vesting of which was tied to the annual revenue growth rate achieved by the Company during the 2014 fiscal year, as compared with the prior fiscal year, as described in greater detail in the "Equity-Based Awards" section of the "Compensation Discussion and Analysis" beginning on page 19. - (4) Ms. Callahan served as our Senior Vice President of Marketing and Sales from January 2013 to February 2014, at which time she was promoted to Chief Marketing Officer. Ms. Callahan was not a named executive officer in the Company's 2012 Proxy Statement, and therefore this table does not provide 2012 data for her.
- (5) Mr. Hulse was appointed as President in May 2013; as a result, this table does not provide 2012 data for him.

and 55% of Ms. Callahan's and Mr. Tracey's annual base salary. The amounts shown in the "minimum" column reflect the

minimum payout of 50% of the target bonus amount if 90% of the revenue and 70% of the EBITDA targets are achieved. The amounts shown in the "maximum" column reflect the maximum payout of 150% of the target bonus amount if both the revenue and EBITDA targets are achieved at 120%. The actual amounts paid to each named executive officer are shown in the Summary Compensation Table on page 21.

(2)

Each of our named executive officers was granted performance-based RSUs under our 2011 Equity Incentive Plan, vesting of which is contingent upon the annual revenue growth rate achieved by the Company during the 2014 fiscal year, as compared with the prior fiscal year. The number of RSUs reflected in the table above as the "threshold" requires an annual revenue growth rate of at least 7% over the prior fiscal year and assumes that the named executive officer will remain employed by the Company for a two-year period thereafter. The number of RSUs reflected in the table above as the "target" requires an annual revenue growth rate of at least 15% or more over the prior fiscal year and assumes that the named executive officer will remain employed by the Company for a two-year period thereafter. No "maximum" is applicable to these awards, as full vesting of the RSUs may be achieved (subject to continued employment for a two-year period thereafter) at the "target."

(3)

The amounts in this column represent the aggregate grant date fair value of stock awards granted to the officer in the applicable fiscal year computed in accordance with FASB ASC Topic 718. See Notes 2 and 15 of the notes to our audited consolidated financial statements included in our Annual Report on Form 10-K for a discussion of the assumptions made by the Company in determining the grant date fair value of its equity awards. For the performance-based RSUs, the grant date fair value assumes the maximum revenue growth rate would be achieved. A revenue growth rate of 11.8% has since been achieved, resulting in 80% of the performance-based RSUs becoming eligible to vest.

- (1) The closing price of a share of our common stock on December 31, 2014 was \$7.67.
- (2) Shares underlying the option vest in a series of 48 successive equal monthly installments commencing on the initial vesting date.
- (3) Shares underlying the RSU award vest with respect to 50% of the shares on the initial vesting date, and an additional 12.5% of the underlying shares will vest over a series of four successive equal quarterly installments over each additional quarter of service thereafter.
- (4) Shares underlying the RSU award vest in a series of twelve successive equal quarterly installments commencing on the initial vesting date.

Edgar Filing: BOINGO WIRELESS INC - Form DEF 14A

- (5) Vesting of the shares underlying the performance-based RSU award is contingent upon the annual revenue growth rate achieved by the Company during the 2014 fiscal year, as compared with the prior fiscal year, as well as continued service for a two-year period following the initial vesting date. In accordance with SEC rules, the number of shares in the table above and the corresponding value of such shares reflects threshold performance.
- (6) Shares underlying the option vest with respect to 25% of the shares on the initial vesting date, and with respect to the balance in a series of 36 successive equal monthly installments thereafter.
- (7) Shares underlying the RSU award vest with respect to 25% of the shares on the initial vesting date, and with respect to the balance in a series of twelve successive equal quarterly installments thereafter.

- (1) The value of vesting of stock options shown above assumes that each executive's qualifying termination of employment and change of control (if applicable) occurred on December 31, 2014, and was calculated by multiplying the number of unvested option shares that will accelerate by the excess of the fair market value of our common stock on December 31, 2014 (\$7.67) over the applicable exercise price per share.
- (2) The value of vesting of RSUs shown above assumes that each executive's qualifying termination of employment and change of control (if applicable) occurred on December 31, 2014, and was calculated by multiplying the number of unvested RSUs that

will accelerate by the fair market value of our common stock on December 31, 2014 (\$7.67). The value of vesting of RSUs for a qualifying involuntary termination of employment excludes performance-based RSUs as the performance metric was not determined to have been achieved as of December 31, 2014, and the value of vesting of RSUs for a qualifying termination of employment within 12 months after a change in control includes performance-based RSUs assuming the maximum revenue growth rate would be achieved.

The Audit Committee has determined that the rendering of the services other than audit services by PricewaterhouseCoopers LLP is compatible with maintaining the principal accountant's independence.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS(1)

The Audit Committee of the Board of Directors consists of the three non-employee directors named below and operates under a written charter adopted by the Board. The Board annually reviews the Nasdaq listing standards' definition of independence for Audit Committee members and has determined that each member of the Audit Committee meets that standard. The Board of Directors has also determined that Charles Boesenberg is an audit committee financial expert as described in applicable rules and regulations of the Securities and Exchange Commission.

The principal purpose of the Audit Committee is to assist the Board of Directors in its general oversight of our accounting and financial reporting processes and audits of our financial statements. The Audit Committee is responsible for selecting and engaging our independent auditor and approving the audit and non-audit services to be provided by the independent auditor. The Audit Committee's function is more fully described in its Charter, which the Board adopted and which the Audit Committee reviews on an annual basis.

Our management is responsible for preparing our financial statements and our financial reporting process. PricewaterhouseCoopers LLP, our independent registered public accounting firm, is responsible for performing an independent audit of our consolidated financial statements and expressing an opinion on the conformity of those financial statements with U.S. generally accepted accounting principles as well as performing an audit of the effectiveness of our internal control over financial reporting as of the end of the fiscal year.

The Audit Committee has reviewed and discussed with our management the audited financial statements of the Company included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2014 ("10-K").

The Audit Committee has also reviewed and discussed with PricewaterhouseCoopers LLP the audited financial statements in the 10-K. In addition, the Audit Committee discussed with PricewaterhouseCoopers LLP those matters required to be discussed by the auditors with the Audit Committee under the rules adopted by the Public Company Accounting Oversight Board (the "PCAOB"). Additionally, PricewaterhouseCoopers LLP provided to the Audit Committee the written disclosures and the letter required by the applicable requirements of the PCAOB regarding the independent accountant's communications with the Audit Committee concerning independence. The Audit Committee also discussed with PricewaterhouseCoopers LLP its independence from the Company.

Based upon the review and discussions described above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's 10-K for filing with the Securities and Exchange Commission.

Submitted by the following members of the Audit Committee:

Charles Boesenberg, Chairman
Terrell Jones
Lance Rosenzweig

ELECTION OF DIRECTORS**

Our Board of Directors currently consists of seven directors divided into three classes, with the terms of office of each class ending in successive years. The term of the directors currently serving in Class I expire on the date of the Annual Meeting.

The directors in Class II and Class III will continue in office until their terms expire at the 2016 and 2017 annual meeting of stockholders, respectively. The directors elected in Class I at the Annual Meeting will hold office until the 2018 annual meeting of stockholders or until their successors are duly elected and qualified. The nominees for director in Class I and the other directors who will continue in office for terms extending beyond the Annual Meeting, their ages as of April 15, 2015, their positions and offices held with the Company are set forth below. Other biographical information for the nominees for director in Class I and the other directors who will continue in office for terms extending beyond the Annual Meeting is set forth in this Proxy Statement under the heading "*Directors, Executive Officers and Corporate Governance Directors and Executive Officers.*"

Directors are elected by a plurality of the votes properly cast in person or by proxy. The two nominees for director in Class I receiving the highest number of affirmative votes will be elected. Shares represented by executed proxies will be voted, if authority to do so is not withheld, for the election of the two nominees named below. However, if you are the beneficial owner of the shares, which means that your shares are held by a brokerage firm, bank, dealer, or other similar organization as your nominee, your shares will not be voted for the election of directors unless you have provided voting instructions to your nominee. If any nominee becomes unavailable for election as a result of an unexpected occurrence, your shares will be voted for the election of a substitute nominee proposed by our current Board of Directors, if any. Each person nominated for election has agreed to serve if elected. We have no reason to believe that any nominee will be unable to serve.

PROPOSAL 2

**RATIFICATION OF APPOINTMENT OF PRICEWATERHOUSECOOPERS LLP AS OUR
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2015**

The Audit Committee of the Board of Directors has selected PricewaterhouseCoopers LLP, independent registered public accounting firm, as our independent auditors for the fiscal year ending December 31, 2015 and has further directed that management submit the selection of independent auditors for ratification by the stockholders at the Annual Meeting.

Neither our bylaws nor other governing documents or law require stockholder ratification of the selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm. However, the Board is submitting the selection of PricewaterhouseCoopers LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the Audit Committee of the Board will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee of the Board in its discretion may direct the appointment of different independent auditors at any time during the year if it determines that such a change would be in the best interests of the Company and its stockholders.

The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote at the Annual Meeting will be required to ratify the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2015. Abstentions will be counted toward the tabulation of votes cast on proposals presented to the stockholders and will have the same effect as negative votes. Broker non-votes are counted towards a quorum, but are not counted for any purpose in determining whether this matter has been approved.

THE BOARD OF DIRECTORS RECOMMENDS

**A VOTE "FOR" THE RATIFICATION THE APPOINTMENT OF PRICEWATERHOUSECOOPERS LLP
AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING

PROPOSAL 3

ADVISORY APPROVAL OF THE COMPANY'S EXECUTIVE COMPENSATION

In accordance with SEC rules, stockholders are being asked to approve, on a non-binding advisory basis, the compensation of our named executive officers as disclosed in this proxy statement. This is commonly referred to as a "Say on Pay" proposal.

This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the philosophy, policies and practices described in this proxy statement. As described further in the "*Executive Compensation*" section of this Proxy Statement, beginning on page 14, including the "*Compensation Discussion and Analysis*" and the related tables and narrative, the primary goals of our compensation programs are to fairly compensate employees, attract and retain highly qualified employees, motivate the performance of our employees towards, and reward the achievement of, clearly defined corporate goals, and align our employees' long-term interests with those of our stockholders. We believe our compensation programs reflect a pay-for-performance philosophy that links potential significant compensatory rewards to achievement of corporate operating goals and increase in stockholder value.

This Say on Pay vote is advisory, and therefore not binding on our Compensation Committee or Board of Directors. Our Board of Directors and our Compensation Committee value the opinions of our stockholders, however, and will carefully review and consider the voting results when evaluating our executive compensation programs.

**THE BOARD OF DIRECTORS RECOMMENDS
A VOTE "FOR" ADVISORY APPROVAL OF THE COMPANY'S EXECUTIVE COMPENSATION.**

PROPOSAL 4
APPROVAL OF AMENDMENTS TO THE
BOINGO WIRELESS, INC. 2011 EQUITY INCENTIVE PLAN

Our Board of Directors adopted the Boingo Wireless, Inc. 2011 Equity Incentive Plan (the "Incentive Plan") in connection with our initial public offering in May 2011. The Incentive Plan serves as our equity compensation program to provide eligible individuals with an opportunity to acquire shares of our common stock and to benefit from increases in value of our common stock, and thereby align their interests with the long-term interests of our stockholders. Our Board of Directors amended the Incentive Plan on April 21, 2015, subject to stockholder approval.

In this Proposal 4, the amended Incentive Plan is being submitted to our stockholders in order to:

Terminate the automatic annual share reserve increase feature (the "evergreen") beginning after January 2018, so that no additional automatic annual share increases will occur thereafter;

Eliminate the discretion to (a) reduce the exercise price of any stock award after it has been granted, (b) cancel and re-grant any outstanding stock award, and (c) take any other action with respect to an outstanding stock award that would be treated as a repricing under Nasdaq rules;

Implement more conservative "share counting" provisions so that the following shares will no longer be available for subsequent issuance: (a) shares applied to pay the exercise price of an option, (b) shares not otherwise issued in connection with the stock settlement of stock appreciation rights, (c) shares used to satisfy tax withholding obligations relating to any stock award, and (d) shares reacquired by the Company using cash proceeds from the exercise of options; and

Ensure that certain awards granted under the Incentive Plan that are intended to qualify as "performance-based compensation" under Section 162(m) of the Internal Revenue Code, as amended, may so qualify.

Under Section 162(m) of the Internal Revenue Code, or Section 162(m), a publicly held company such as the Company will not be allowed a federal income tax deduction for compensation paid to certain executive officers to the extent that the compensation exceeds \$1 million per officer in any year. An exception to this loss deduction rule is available for compensation that qualifies as "performance-based compensation" under Section 162(m). Among the conditions imposed on performance-based compensation is the requirement that such compensation be paid under a plan of which certain of its terms have received approval by the public company's stockholders. To continue our ability to grant equity awards that qualify as performance-based compensation and preserve our ability to deduct compensation amounts with respect to certain awards granted under the Incentive Plan to our executive officers, we are asking our stockholders to re-approve the material terms of the Incentive Plan as part of this Proposal.

The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote at the Annual Meeting will be required for the approval of the amendments to the Incentive Plan. Abstentions will be counted toward the tabulation of votes cast on proposals presented to the stockholders and will have the same effect as negative votes. Broker non-votes will have no effect in determining whether this Proposal has been approved.

Should such stockholder approval not be obtained, the proposed amendments to the Incentive Plan will not be implemented. The Incentive Plan will, however, continue to remain in effect, and stock awards will continue to be granted under the Incentive Plan to all eligible participants, as in effect immediately prior to the amendments that are the subject of this Proposal 4, until all the shares available for issuance under the Incentive Plan have been issued, or until the plan terminates on its currently scheduled March 21, 2021 expiration date.

Description of the Amended Incentive Plan

The principal terms and provisions of the amended Incentive Plan are summarized below. The summary, however, is not intended to be a complete description of all the terms of the Incentive Plan. This summary is qualified in its entirety by reference to the complete text of the Incentive Plan. A copy of the Incentive Plan has been filed with the SEC as an attachment to this proxy statement and may be accessed from the SEC's website at www.sec.gov. A copy of the Incentive Plan will also be provided to any stockholder upon written request to: Corporate Secretary at 10960 Wilshire Blvd., 23rd Floor, Los Angeles, California 90024. To the extent there is a conflict between this summary and the Incentive Plan, the terms of the Incentive Plan will govern.

Share Reserve. Currently, the number of shares of our common stock reserved for issuance under the Incentive Plan may not exceed 8,693,162 shares. Such number will automatically increase on January 1, beginning on January 1, 2016 and including January 1, 2018, by the least of (a) 4.5% of the total number of shares of common stock that are outstanding at that time, (b) 3,000,000 shares, or (c) a lower number determined by our Board of Directors. No more than 8,693,162 shares of common stock plus the additional shares added to the Incentive Plan each year may be issued upon exercise of incentive stock options. Should the stockholders not approve this Proposal 4, the foregoing evergreen feature will continue until January 2021.

The Incentive Plan provides that no participant may receive options or SARs covering more than 2,000,000 shares in one calendar year, except that an employee may receive options or SARs covering up to an additional 1,000,000 shares in the calendar year in which his or her employment begins. In addition, no participant may receive restricted stock or RSUs covering more than 1,000,000 shares in one calendar year, except that an employee may receive restricted stock or RSUs covering up to an additional 500,000 shares in the calendar year in which his or her employment begins. Stockholder approval of this Proposal 4 constitutes a re-approval of the foregoing share limitations for purposes of Section 162(m) of the Code.

If a stock award granted under the Incentive Plan expires, is forfeited, or otherwise terminates without being exercised or settled in full, the shares of our common stock not acquired pursuant to the stock award will become available for subsequent issuance under the Incentive Plan. If a stock award is settled in cash rather than shares, such cash settlement will not reduce the number of shares available for issuance under the Incentive Plan. Notwithstanding the foregoing, the following shares will not be available for subsequent issuance under the Incentive Plan: (a) shares applied to pay the exercise price of an option, (b) shares not otherwise issued in connection with the stock settlement of stock appreciation rights, (c) shares used to satisfy tax withholding obligations relating to any stock award, and (d) shares reacquired by the Company using cash proceeds from the exercise of options.

As of April 15, 2015, options to purchase a total of 2,752,099 shares of common stock were outstanding under the Incentive Plan at a weighted average exercise price of \$9.40 per share. The expiration dates of such options range from May 3, 2021 to February 10, 2024. There were also a total of 2,342,446 shares of our common stock subject to issuance upon vesting and settlement of outstanding restricted stock units. The closing price per share of our common stock on April 15, 2015 was \$8.40.

Administration. In general, the Compensation Committee of our Board of Directors administers the Incentive Plan. The term plan administrator, as used in this summary, means the Compensation Committee, our Board of Directors, or any other person, to the extent acting with the scope of its administrative jurisdiction under the Incentive Plan. The plan administrator has complete discretion to make all decisions relating to the interpretation and operation of the Incentive Plan, including the discretion to determine who will receive an award, the type of award to grant, the number of shares covered by the award, vesting requirements, if any, and the other features and conditions of each award.

Edgar Filing: BOINGO WIRELESS INC - Form DEF 14A

Notwithstanding the foregoing, the plan administrator of the Incentive Plan does not have the discretion to (a) reduce the exercise price of any stock award after it has been granted, (b) cancel or allow the holder of a stock award to surrender the stock award in exchange for cash or a new stock award that has the effect of reducing the exercise price of an outstanding stock award, or (c) take any other action with respect to an outstanding stock award that would be treated as a repricing under Nasdaq rules. Should the stockholders not approve this Proposal 4, stock awards will remain subject to repricing by the plan administrator.

Eligibility. Employees, members of our Board of Directors who are not employees, and consultants are eligible to participate in the Incentive Plan. As of April 15, 2015, approximately 276 persons (including 6 executive officers and 5 non-employee directors) were eligible to participate in the Incentive Plan.

Types of Awards. The Incentive Plan provides for the following types of awards:

options to purchase shares of our common stock;

stock appreciation rights ("SARs");

restricted shares of our common stock ("restricted stock");

restricted stock units ("RSUs"); and

performance cash awards.

Valuation. For purposes of establishing the option price and for all other valuation purposes under the Incentive Plan, the fair market value of a share of common stock on any relevant date is the closing price per share of common stock on that date, as such price is reported on the Nasdaq Global Market. On April 21, 2015, the fair market value of the common stock determined on such basis was \$7.95 per share.

Stock Options. A stock option gives the optionee a right to purchase shares of our common stock at a fixed price determined at the time the option is granted. Stock options are granted pursuant to stock option agreements adopted by the plan administrator. The plan administrator determines the terms and conditions of options granted under the Incentive Plan, including whether they are incentive stock options ("ISOs") that may qualify for favorable tax treatment under Section 422 of the Code, or nonstatutory stock options ("NSOs") that do not so qualify. The exercise price of options granted under the Incentive Plan may not be less than 100% of the fair market value of our common stock on the grant date.

Optionees may pay the exercise price by using:

cash;

shares of common stock that the optionee already owns;

an immediate sale of the option shares through a broker designated by us;

promissory note, to the extent permitted by applicable securities laws; and

other forms of payment approved by the plan administrator.

Options vest at the time or times determined by the plan administrator. In most cases, our options vest over the four-year period following the date of grant. Options generally expire 10 years after they are granted, except that they generally expire earlier if the optionee's service terminates earlier.

Edgar Filing: BOINGO WIRELESS INC - Form DEF 14A

Stock Appreciation Rights. A SAR allows a recipient to benefit from increases in the value of our common stock, but does not provide any ownership interest in our common stock. SARs are granted pursuant to SAR agreements adopted by the plan administrator. The plan administrator determines the strike price of each SAR, which can not be less than 100% of the fair market value of our common stock on the date of grant. Upon exercise of a SAR, we will pay the participant an amount equal to the product of (a) the excess of the per share fair market value of our common stock on the date of exercise over the strike price, multiplied by (b) the number of shares of our common stock with respect to which the SAR is exercised. This amount may be paid in cash, shares of our common stock, or any combination thereof. Each SAR may or may not be subject to vesting, and vesting, if any, shall occur at such times or upon satisfaction of such conditions specified by the plan administrator. SARs generally expire 10 years after they are granted, except that they generally expire earlier if the recipient's service terminates earlier. The Company has not granted SARs under the Incentive Plan.

Restricted Stock. Restricted stock awards are granted pursuant to restricted stock agreements adopted by the plan administrator which include provisions regarding the number of shares the participant may be issued, the purchase price, if any, and the restrictions to which the shares will be subject. Awards of restricted stock may be granted in consideration for (a) cash, (b) property, (c) past or future services rendered to us or our affiliates, (d) a promissory note, to the extent permitted by applicable securities laws, or (e) any other form of legal consideration approved by the plan administrator. The issued shares may either be immediately vested upon issuance or subject to a vesting schedule tied to length of service or attainment of performance goals. Upon termination of the participant's service, the shares issued pursuant to a restricted stock award may be subject to forfeiture to, or repurchase by, the Company. The Company has not granted restricted stock under the Incentive Plan.

RSUs. RSUs represent the right to receive the value of shares of our common stock at a specified date in the future. RSU awards are granted pursuant to RSU agreements approved by the plan administrator. Upon settlement, the shares, their cash equivalent, or any combination thereof are delivered to the recipient. No cash consideration is required in connection with a RSU award. Each award of RSUs may or may not be subject to vesting tied to length of service or attainment of performance goals and may be settled immediately upon vesting or on a deferred basis. Dividend equivalents may be credited in respect of shares covered by a RSU award.

Performance-Based Compensation. The Incentive Plan is designed to allow the Compensation Committee to issue restricted stock and RSUs that qualify as "performance-based compensation" within the meaning of Section 162(m) of the Code, if certain conditions are met. Accordingly, the Compensation Committee may structure restricted stock and RSUs so that they are only granted or vest upon the attainment of certain pre-established objective performance goals. The performance

Edgar Filing: BOINGO WIRELESS INC - Form DEF 14A

criteria that may be used by the Compensation Committee for awards of restricted stock or RSUs consist of:

Earnings (before or after taxes)	Sales or revenue
Earnings per share	Expense or cost reduction
Earnings before interest, taxes and depreciation	Working capital
Earnings before interest, taxes, depreciation and amortization	Economic value added (or an equivalent metric)
Total stockholder return	Market share
Return on equity or average stockholders' equity	Cash measures including cash flow and cash balance
Return on assets, investment or capital employed	Operating cash flow
Operating income	Cash flow per share
Gross margin	Share price
Operating margin	Debt reduction
Net operating income	Customer satisfaction
Net operating income after tax	Stockholders' equity
Return on operating revenue	Contract awards or backlog

Objective corporate or individual strategic goals

Objective individual performance goals

Performance goals may be measured solely on a corporate, subsidiary or business unit basis, or a combination thereof. Further, performance goals may reflect absolute entity performance or a relative comparison of entity performance to the performance of a peer group of entities or other external measure of the selected performance criteria.

The Compensation Committee may adjust the results under any performance criterion to exclude: (a) asset write-downs; (b) litigation, claims, judgments, or settlements; (c) effects of changes in tax law, accounting principles, or provisions affecting reported results; (d) accruals for reorganization and restructuring programs; (e) extraordinary, unusual or non-recurring items; (f) exchange rate effects for non-U.S. Dollar denominated net sales and operating earnings; and (g) statutory adjustments to corporate tax rates.

Performance Cash Awards. Performance cash awards may be granted under the Incentive Plan that qualify as performance-based compensation that is not subject to the income tax deductibility limitations imposed by Section 162(m) of the Internal Revenue Code, if the award is approved by the Compensation Committee and the grant or vesting of the award is tied solely to the attainment of performance goals during a designated performance period. To the extent a performance cash award is not intended to comply with Section 162(m) of the Internal Revenue Code, the plan administrator may select other measures of performance.

Edgar Filing: BOINGO WIRELESS INC - Form DEF 14A

No participant may be paid more than \$5,000,000 in cash in any calendar year pursuant to a performance cash award granted under the Incentive Plan. Stockholder approval of this Proposal 4 constitutes a re-approval of the foregoing limitation for purposes of Section 162(m) of the Code.

Capitalization Adjustments. In the event there is a specified change in our capital structure, such as a stock split, appropriate adjustments will be made to (a) the number of shares reserved under the

Edgar Filing: BOINGO WIRELESS INC - Form DEF 14A

Incentive Plan, (b) the maximum number of shares by which the share reserve may automatically increase each year and the limit on incentive stock options, (c) the maximum number of options, SARs and performance-based restricted stock and RSUs that can be granted in a calendar year, and (d) the number of shares and exercise prices or strike prices, if applicable, of all outstanding stock awards.

Corporate Transactions. In the event that the Company is a party to a merger, consolidation, or a change in control transaction, all outstanding stock awards will be governed by the terms of the definitive transaction agreement or in a manner determined by the Board of Directors. Such treatment may include any of the following actions with respect to each outstanding stock award:

the continuation, assumption, or substitution of a stock award by a surviving corporation or its parent company;

the cancellation of options and SARs, provided that participants be given an opportunity to exercise their awards prior to the closing of the transaction;

the cancellation of options and SARs in exchange for a payment equal to the excess, if any, of (a) the value of the property the participant would have received upon exercise of the stock award over (b) the exercise price otherwise payable in connection with the stock award; or

the cancellation of RSUs in exchange for a payment equal to the value that the holder of each share of common stock receives in the transaction.

For this purpose, a change in control transaction includes:

any person acquiring beneficial ownership of more than 50% of our total voting power;

the sale or disposition of all or substantially all of our assets; or

any merger or consolidation of the company where our voting securities represent 50% or less of the total voting power of the surviving entity or its parent.

The Board of Directors is not obligated to treat all stock awards, or portions thereof, in the same manner.

Changes in Control. In the event of specified change in control transactions, our Board of Directors may accelerate the vesting of stock awards (a) immediately upon the occurrence of the transaction, whether or not the stock award is continued, assumed, or substituted by a surviving corporation or its parent in the transaction, or (b) in connection with a termination of a participant's service following such a transaction.

Amendment. Our Board of Directors may amend or modify the Incentive Plan at any time. However, the approval of our stockholders is required for any amendment that (a) materially increases the number of shares of common stock available for issuance under the Incentive Plan; (b) materially expands the class of individuals eligible to receive awards under the Incentive Plan; (c) materially increases the benefits accruing to participants under the Incentive Plan; (d) materially extends the term of the Incentive Plan; or (e) expands the types of awards available for issuance under the Incentive plan, but only to the extent required by law or applicable listing standards.

Termination. Our Board of Directors may, at any time and for any reason, terminate the Incentive Plan. If not sooner terminated, the Incentive Plan will terminate automatically on March 21, 2021. Any stock awards outstanding at the time of such termination will remain in force in accordance with the provisions of the instruments evidencing such grants.

Federal Income Tax Consequences of Awards Granted under the Incentive Plan

The following is a general summary as of the date of this proxy statement of the U.S. federal income tax consequences to participants and the Company with respect to stock awards granted under the Incentive Plan. This summary does not address state, local or foreign tax treatment, which may vary from the U.S. federal income tax treatment. In any event, each participant should consult his or her own tax advisor as to the tax consequences of particular transactions under the Incentive Plan.

Incentive Stock Options. No taxable income is recognized by an optionee upon the grant of an ISO, and no taxable income is recognized at the time an ISO is exercised unless the optionee is subject to the alternative minimum tax. The excess of the fair market value of the purchased shares on the exercise date over the exercise price paid for the shares is includable in alternative minimum taxable income.

If the optionee holds the purchased shares for more than one year after the date the ISO was exercised and more than two years after the ISO was granted (the "required ISO holding periods"), then the optionee will generally recognize long-term capital gain or loss upon disposition of such shares. The gain or loss will equal the difference between the amount realized upon the disposition of the shares and the exercise price paid for such shares. If the optionee disposes of the purchased shares before satisfying either of the required ISO holding periods, then the optionee will recognize ordinary income equal to the fair market value of the shares on the date the ISO was exercised over the exercise price paid for the shares (or, if less, the amount realized on a sale of such shares). Any additional gain will be a capital gain and will be treated as short-term or long-term capital gain depending on how long the shares were held by the optionee.

Nonstatutory Stock Options. No taxable income is recognized by an optionee upon the grant of an NSO. The optionee will generally recognize ordinary income in the year in which the option is exercised equal to the excess of the fair market value of the purchased shares on the exercise date over the exercise price paid for the shares. If the optionee is an employee or former employee, the optionee will be required to satisfy the tax withholding requirements applicable to such income. Upon resale of the purchased shares, any subsequent appreciation or depreciation in the value of the shares will be treated as short-term or long-term capital gain depending on how long the shares were held by the optionee.

Stock Appreciation Rights. In general, no taxable income results upon the grant of a SAR. A participant will generally recognize ordinary income in the year of exercise equal to the value of the shares or other consideration received. In the case of a current or former employee, this amount is subject to withholding.

Restricted Stock. A participant who receives an award of restricted stock does not generally recognize taxable income at the time of the award. Instead, the participant recognizes ordinary income when the shares vest, subject to withholding if the participant is an employee or former employee. The amount of taxable income is equal to the fair market value of the shares on the vesting date(s) less the cash, if any, paid for the shares. A participant may make a one-time election to recognize income at the time the participant receives restricted stock in an amount equal to the fair market value of the restricted stock (less any cash paid for the shares) on the date of the award by making an election under Section 83(b) of the Code.

RSUs. In general, no taxable income results upon the grant of an RSU. The recipient will generally recognize ordinary income (subject to withholding if the recipient is an employee or former employee) equal to the fair market value of the shares that are delivered to the recipient upon settlement of the RSU award.

Edgar Filing: BOINGO WIRELESS INC - Form DEF 14A

Section 409A. The foregoing description assumes that Section 409A of the Code does not apply to an award. In general, options and SARs are exempt from Section 409A if the exercise price per share is at least equal to the fair market value per share of our common stock at the time the option or SAR was granted. RSUs are subject to Section 409A unless they are settled within two and one half months after the end of the later of (i) the end of our fiscal year in which vesting occurs or (ii) the end of the calendar year in which vesting occurs. Restricted stock awards are not generally subject to Section 409A. If an award is subject to Section 409A and the provisions for the exercise or settlement of that award do not comply with Section 409A, then the participant would be required to recognize ordinary income whenever a portion of the award vested (regardless of whether it had been exercised or settled). This amount would also be subject to a 20% federal tax *in addition to* the federal income tax at the participant's usual marginal rate for ordinary income.

Tax Treatment of the Company. The Company will generally be entitled to an income tax deduction at the time and to the extent a participant recognizes ordinary income as a result of an award granted under the Incentive Plan. As described herein, Section 162(m) of the Code may limit the deductibility of awards granted under the Incentive Plan.

Section 162(m) Considerations. Section 162(m) of the Code generally disallows a tax deduction to public companies for compensation in excess of \$1 million paid to a company's chief executive officer and three other highest compensated executive officers (other than the chief financial officer). Stock options and SARs are exempt from this limitation if (a) the exercise price is at least 100% of the fair market value of the underlying stock on the date the option or SAR is granted and (b) the plan under which the options are granted is approved by the stockholders and contains a limit on the number of options or SARs granted to any one individual under the plan during a specified period. Various other rules apply with regard to compensation committee independence and the procedures that must be followed by the committee in connection with performance-based awards that may be fully deducted under Section 162(m). Among other requirements, stock awards such as restricted stock and RSUs, and performance cash awards must vest contingent upon the achievement of performance goals, the material terms of which have been approved by the stockholders, in order to be exempt from this limitation. The Incentive Plan includes certain annual limits, as described above, on the number of shares or total dollars that may be granted to an individual under options, SARs, restricted stock, RSUs, and performance cash awards in order to comply with the Section 162(m) requirements.

New Plan Benefits and Grant Table

Except as described above under "Director Compensation Equity-Based Compensation," future awards to our directors, executive officers, employees and other eligible participants under the Incentive Plan are discretionary and not determinable at this time. Further, since the automatic award of RSUs to our non-employee directors depends on the non-employee director's continued service and the closing sales prices of our common stock prior to the date of grant, it is not possible at this time to determine the exact number of shares that will be subject to such RSUs.

Following the conclusion of the Annual Meeting, each continuing non-employee director will receive RSUs covering a number of shares equal to the quotient obtained by dividing \$120,000 by the average of the closing sales price of our common stock for the five consecutive trading days prior to the date of grant. In addition to the foregoing, the chair of our Audit Committee will receive RSUs covering a number of shares equal to the quotient obtained by dividing \$80,000 by the average of the closing sales price of our common stock for the five consecutive trading days prior to the date of grant.

The table below shows the number of shares of common stock for which options and RSUs have been granted under the Incentive Plan from January 1, 2014 through April 15, 2015, as to each of the executive officers named in the Summary Compensation Table contained in this proxy statement in the

Edgar Filing: BOINGO WIRELESS INC - Form DEF 14A

section entitled "Executive Compensation," each nominee for election as a director and the various indicated groups. To date, only stock options and RSUs have been granted under the Incentive Plan.
