LETTER TO SHAREHOLDERS

Wolverine World Wide, Inc.
9341 Courtland Drive, N.E.
Rockford, Michigan 49351

March 27, 2018

Dear Fellow Shareholders,

Thank you for your investment in Wolverine Worldwide. We made significant progress on our strategic and financial objectives in 2017, including:

significant execution against the WOLVERINE WAY FORWARD transformation to better position the Company for profitable growth

revenue of \$2.35 billion, the top end of our full-year outlook entering the year, including high single digit growth for Merrell, the Company's biggest brand

reduced inventories by over 20%

year-end cash and cash equivalents up over 30%, reflecting the Company's health and strong position to invest in future growth under our GLOBAL GROWTH AGENDA

These achievements helped reward the Company's shareholders, as the Company achieved over 45% total shareholder return for the year, resulting in performance at the 88th percentile of our peer group. We expect continued progress in 2018 as the Company seeks to execute its GLOBAL GROWTH AGENDA, and to shift its focus to long-term organic growth.

In addition to overseeing the Company's execution of our transformation and formulation of our blueprint for growth under the GLOBAL GROWTH AGENDA in 2017, the Board focused on other matters critical to the Company's long-term success, including Board and management succession planning, cybersecurity protection and brand stewardship, which we describe in greater detail in this proxy statement. We are proud of all we accomplished in 2017 and the Board will continue to lead the Company with a view to continued success in 2018 and beyond. We hope to receive your support at this year's annual meeting on May 3, 2018, and encourage you to vote either online, by phone, or by mail.

The following chart lists the important experiences and attributes that the Company's Directors possess:

Shareholder Engagement

Our Board takes shareholder feedback very seriously, as evidenced by the meaningful changes made to our compensation and governance programs over the last several years. Most notable were the significant changes made to our executive compensation program in advance of our annual meeting last year. Shareholder response to these changes was overwhelmingly positive, which translated to 98% support for our say on pay proposal. As part of its ongoing shareholder engagement efforts, the Company reached out again in 2018 to shareholders representing 60% of its outstanding shares and has held or expects to hold telephonic meetings with all shareholders who accepted (representing about 13% of outstanding shares). Discussions focused on Company strategy, financial performance, governance and compensation programs.

Corporate Governance

Wolverine Worldwide is committed to the highest level of corporate governance, and the Board has adopted its Corporate Governance Guidelines to strengthen management accountability and promote long-term shareholder interests. These governance practices include:

BOARD OF DIRECTORS

The shareholders elect directors to serve on the Company's Board of Directors (the "Board of Directors" or "Board"). The Board oversees the management of the business by the Chief Executive Officer ("CEO") and senior management. In addition to its general oversight function, the Board's additional responsibilities include, but are not limited to, the following:

Reviewing and approving the Company's key objectives and strategic business plans and monitoring implementation of those plans and the Company's success in meeting identified objectives

Selecting, evaluating and compensating the CEO and overseeing CEO succession planning

Providing advice and oversight regarding the selection, evaluation, development and compensation of management

Overseeing the Company's risk management and mitigation activities

Reviewing and monitoring administration of the policies and procedures to safeguard the integrity of the Company's business operations and financial reporting and to promote compliance with applicable laws and regulations

Board Composition

Board Highlights

The Board prides itself on its ability to recruit and retain directors who have high personal and professional integrity and have demonstrated exceptional ability and judgment to effectively serve shareholders' long-term interests. These skills and attributes also link with the Company's most important strategic objectives, such as eCommerce and digital growth, brand building, operational excellence and supply chain management, and international growth. The Board also values diversity, as evidenced by the current makeup of the Board. The Board believes that its directors, including the nominees for election as directors at the Annual Meeting, have these characteristics and valuable skills that provide the Company with the variety and depth of knowledge, judgment and strategic vision necessary to provide effective oversight of the Company.

To help accomplish this, and to assist in succession planning, the Board, at the recommendation of the Governance Committee, has identified specified skills and attributes it desires its members to possess. The below graphic lists these skills and attributes and indicates which of the directors possess each. As shown, these skills and attributes are well represented within the Board.

Table of Contents

The Governance Committee reviews with the Board on an annual basis the appropriate skills and characteristics desired of Board members in the context of the current makeup of the Board. The Board, with the assistance of the Governance Committee, annually assesses the current composition of the Board across many dimensions. As set forth in the Company's Corporate Governance Guidelines, which are posted on its website, this assessment addresses the above referred skills and attributes and the individual performance, experience, age and skills of each director.

Director Nominations

The Board's Governance Committee serves as its nominating committee. The Governance Committee, in anticipation of upcoming director elections and other potential or expected Board vacancies, evaluates qualified individuals and recommends candidates to the Board. The Governance Committee may retain a search firm or other external parties to assist it in identifying candidates, and the Governance Committee has the sole authority to approve the search firm's fees and retention terms, and to terminate the firm if necessary.

The Governance Committee considers candidates suggested by directors, senior management or shareholders. Shareholders may recommend individuals as potential director candidates by communicating with the Governance Committee through one of the Board communication mechanisms described under the heading "**Shareholder Communications Policy**." Shareholders that wish to nominate a director candidate must comply with the procedures set forth in the Company's By-Laws, which are posted on its website. Ultimately, upon the recommendation of the Governance Committee, the Board selects the director nominees for election at each annual meeting. In selecting director nominees, the Board considers candidates' performance as a director (which is assessed through an anonymous written peer evaluation), personal and professional integrity, ability and judgment, and likelihood to be effective, in conjunction with the other nominees and directors, in serving the long-term interests of the shareholders. The Governance Committee also considers candidates' relative skills, attributes, background and characteristics; independence under applicable New York Stock Exchange ("NYSE") listing standards and the Company's Director Independence Standards; potential to contribute to the composition and culture of the Board; and ability and willingness to actively participate in the Board and committee meetings and to otherwise devote sufficient time to Board duties.

BOARD SELF-ASSESSMENT

As part of an annual self-assessment, each director evaluates the performance of the Board, and any committee on which he or she serves, across a number of dimensions. Mr. Kollat, as the Lead Independent Director working with the Governance Committee, reviews the Board self-assessment with directors following the end of each fiscal year, and conducts individual director interviews at the end of each year.

Edgar Filing: WOLVERINE WORLD WIDE INC /DE/ - Form DEF 14A

Committee Chairpersons review the committee self-assessments with their respective committee members and discuss them with the Board. In addition, the Governance Committee, working with the Lead Independent Director, develops and implements guidelines for evaluating all directors standing for nomination and re-election.

The Board and applicable committees annually review these and other key governance documents.

RISK OVERSIGHT

The Board oversees the Company's risk management and mitigation activities with a focus on the most significant risks facing the Company, including strategic, operational, financial, and legal compliance risks. This oversight is conducted through presentations by and discussions with the CEO, Chief Financial Officer ("CFO"), General Counsel or Associate General Counsel, Chief Information Officer, brand and department leaders and other members of management. The Vice President of Internal Audit and Risk Compliance coordinates management's day-to-day risk management and mitigation efforts, and reports directly to the Audit Committee.

The Vice President of Internal Audit and Risk Compliance reviews with the Audit Committee regularly, and with the full Board periodically, management's risk assessment and mitigation strategies. In addition to the above processes, the Board has delegated risk management and mitigation oversight responsibilities to its standing committees, which meet regularly to review and discuss specific risk topics that align with their core responsibilities.

The Audit Committee reviews the Company's approach to risk management generally. The Audit Committee also oversees the Company's risk policies and processes relating to its financial statements and financial reporting processes, credit risks, and liquidity risks, as well as the Company's management of risks related to cybersecurity. The Audit Committee discusses with management and the independent auditors significant risks or exposures and the steps taken by management to resolve them.

The Compensation Committee monitors the risks associated with management resources; organization structure; succession planning, hiring, development and retention processes; and it reviews and evaluates risks associated with the Company's compensation structure and programs.

The Governance Committee oversees risks related to the Company's governance structure and processes and potential risks arising from related person transactions.

The Company reviewed its compensation policies and practices to assess whether they are reasonably likely to have a material adverse effect on the Company. As part of this review, the Company compiled information about the Company's incentive plans, including reviewing the Company's compensation philosophy, evaluating key incentive plan design features and reviewing historic payout levels and pay mix. With assistance from Company management and its independent compensation consultant, the Compensation Committee reviewed the executive compensation program, and managers from the Company's human resources and legal departments reviewed the non-executive compensation programs.

CODE OF BUSINESS CONDUCT AND ACCOUNTING AND FINANCE CODE OF ETHICS

The Board has adopted a Code of Business Conduct for the Company's directors, officers and employees. The Board also has adopted an Accounting and Finance Code of Ethics ("Accounting and Finance Code") that focuses on the financial reporting process and applies to the Company's CEO, CFO and Corporate Controller.

The Company discloses amendments to or waivers from its Code of Business Conduct affecting directors or executive officers and amendments to or waivers from its Accounting and Finance Code on its website at:

BOARD LEADERSHIP

The Company's CEO currently also serves as the Chairman of the Board. Since 1993, the Company has had a lead independent director who functions in many ways similar to an independent Chairman. This long established structure provides the Board with independent oversight of the CEO's leadership. On an annual basis, the independent directors consider the appropriate leadership structure, including whether to separate the roles of Chairman and CEO, based upon the Board and Company's then current circumstances. The independent directors believe that the Board's current structure is appropriate at this time, and set the following enumerated responsibilities for the lead independent director:

Serve, as necessary, as a liaison between the Chairman and the independent directors

Preside over Board meetings in the absence of the Chairman

Review, approve and help develop the agendas and scheduling for Board and committee meetings

Review and approve information and meeting materials sent to the Board

Preside over executive sessions, with the authority to call executive sessions

Work with the Compensation Committee and members of the Board to provide an effective annual performance review of the CEO and participate in CEO succession planning

Oversee, along with the Governance Committee, the annual Board and committee evaluations

Be available for consultation and communication with shareholders, as appropriate

DIRECTOR INDEPENDENCE

The Board annually assesses the independence of all directors. To qualify as "independent," the Board must affirmatively determine that the director is independent under the Company's Director Independence Standards, which are modeled after the listing standards of the NYSE. Under NYSE listing standards, the Board has determined that 10 of the Company's 11 directors are independent. Only Mr. Krueger, the Company's CEO, is not independent. All of the Board's committees are comprised entirely of independent directors. The independent directors generally meet in executive session at each regularly scheduled meeting.

The Director Independence Standards define an "Independent Director" as a director who the Board determines otherwise has no material relationship with the Company (either directly or as a partner, shareholder or officer of an organization that has a relationship with the Company), and who:

Is not, and in the past three years has not been, an employee of the Company

Does not have, and has not had within the last three years, an immediate family member employed as an executive officer of the Company

Has not received, and has not had an immediate family member receive during any 12 month period within the last three years, any direct compensation from the Company in excess of \$120,000 (other than compensation for Board service;

compensation received by the director for former service as an interim Chairman, CEO or other executive officer; compensation received by the director's immediate family member for service as a non-executive employee; or pension and other forms of deferred compensation for prior service if such compensation is not contingent in any way on continued service)

Is not a current employee or partner of a firm that is the Company's internal or external auditor

Has not been, and has not had an immediate family member who has been within the last three years, a partner or employee of the Company's internal or external auditor and personally worked on the Company's audit within that time

Table of Contents

Is not, and has not been within the last three years, part of an interlocking directorate in which a current executive officer of Wolverine Worldwide serves or served on the compensation committee of another company where the director or the director's immediate family member concurrently serves or served as an executive officer

Is not an employee of, and does not have an immediate family member who is an executive officer of, another company that has made payments to, or received payments from, Wolverine Worldwide for property or services in an amount which, in any of the last three fiscal years, exceeds the greater of \$1,000,000 or 2% of the other company's consolidated gross revenues

Has not had any other direct or indirect relationship with Wolverine Worldwide that the Board determines is material

BOARD COMMITTEES, MEETINGS AND MEETING ATTENDANCE

The Board has three standing committees: Audit, Compensation and Governance. Each committee meets periodically throughout the year, and reports its recommendations to the Board. The Company expects directors to attend every meeting of the Board and the committees on which they serve and to attend the annual meeting of shareholders. In 2017, all directors then serving on the Board attended the 2017 Annual Meeting of Shareholders, and all directors attended at least 75% of the meetings of the Board (5 meetings in 2017) and the committees on which they served. All directors are typically invited to and attend all committee meetings.

Each committee annually evaluates its performance to determine its effectiveness. The Board has determined that all committee members are "independent" as defined by NYSE listing standards. Furthermore, each Audit Committee member satisfies the NYSE "financial literacy" requirement. In addition, the Board has determined that Mr. Boromisa and Mr. Gerber are "audit committee financial experts" under Securities and Exchange Commission ("SEC") rules. Each committee's charter, with a complete list of the duties and responsibilities is available on the Company's website at www.wolverineworldwide.com/investor-relations/corporate-governance/.

Non-Employee Director Compensation in Fiscal Year 2017

The Company's non-employee director compensation philosophy is to pay compensation that is competitive with the compensation paid by companies of similar size, in similar industries and with whom Wolverine Worldwide competes for director candidates. The Governance Committee, with input from management and from the Compensation Committee's independent compensation consultant, reviewed director compensation and compared it to market data, including a comparison to director compensation for the Company's Peer Group, as defined on page 48, and to that of companies in the 2015-2016 National Association of Corporate Director Compensation Report. Based on this review non-employee director compensation for fiscal year 2017 did not change from fiscal year 2016 levels. The following table provides information concerning the compensation of the Company's non-employee directors for fiscal year 2017. Mr. Krueger receives compensation for his services as the Company's CEO and President, but does not receive any additional compensation for his service as a director or chairman.

2018 Updates. After a review of Wolverine's director compensation program compared to both its peer group and broader industry market surveys (FW Cook 2016 Director Compensation Report and NACD 2016-2017 Compensation Update Report), the Company modified director compensation as follows for 2018. Prior to this update, the Company had not adjusted its director compensation since 2015:

Increased overall annual equity grant value by \$10,000

Table of Contents

Changed the form of equity to 100% restricted stock units that vest in one year

Increased the Compensation Committee and Audit Committee chair cash fees by \$5,000

Added directors as potential participants in the Company's existing Deferred Compensation Plan (formerly known as the Executive Deferred Compensation Plan), a plan that allows for the deferral of cash fees into general investment options this option will be in addition to the option to defer under the Director Deferred Compensation Plan, as described immediately below

Director Deferred Compensation Plan. The Company's Amended and Restated Outside Directors' Deferred Compensation Plan (the "Director Deferred Compensation Plan") is a supplemental nonqualified deferred compensation plan for non-employee directors. A separate non-employee director deferred compensation plan applies to benefits accrued under that plan before January 1, 2005. The Director Deferred Compensation Plan permits all non-employee directors to voluntarily defer, at their option, 25%, 50%, 75% or 100% of their director fees. The Company establishes a book account for each non-employee director and credits the director's account with the annual equity retainer amount as described above and with a number of stock units equal to the amounts voluntarily deferred, each divided by the closing market price of common stock on the payment/deferral date. The Company also credits director accounts with dividend equivalents on amounts previously deferred in the form of additional stock units. The amounts credited to director accounts are treated as if invested in Wolverine Worldwide common stock. The number of stock units held in director accounts is set forth under the "Stock Ownership By Management and Others" table below.

Upon a director's termination of service, or such later date as a director selects, the Company distributes the stock units in the director's book account in shares of Wolverine Worldwide common stock in either a single, lump sum distribution or annual installment distributions over a period of up to 20 years (10 years under the plan for benefits accrued before January 1, 2005). The Company converts each stock unit to one share of Wolverine Worldwide common stock.

Upon a "change in control," the Company distributes to the director, in a single, lump sum distribution, Wolverine Worldwide common stock in a number of shares equal to the stock units credited to a director's book account. The Deferred Compensation Plan defines "change in control" as any of the following:

The acquisition by any person, or by more than one person acting as a group, of more than 50% of either (i) the then outstanding shares of common stock of Wolverine Worldwide or (ii) the total fair market value of Wolverine Worldwide

The acquisition by any person, or more than one person acting as a group, during the 12 month period from and including the date of the most recent acquisition, of ownership of 30% or more of the outstanding common stock of Wolverine Worldwide

The replacement of a majority of the individuals who constitute the Board during any 12 month period by directors whose appointment or election is not endorsed by a majority of the directors prior to the date of the appointment or election

The acquisition, during any 12 month period ending on the date of the most recent acquisition, by any person of assets from Wolverine Worldwide having a gross fair market value of at least 40% of the gross fair market value of all the assets of Wolverine Worldwide immediately before the acquisition

NON-EMPLOYEE DIRECTOR STOCK OWNERSHIP GUIDELINES

Each non-employee director must attain (and maintain) a minimum stock ownership level (including owned shares, the in the money value of stock options, and stock units under the Directors' Deferred Compensation Plan) equal to six times the non-employee director annual cash retainer prior to being able to gift or sell any Company stock. During 2017, all non-employee directors were in compliance with these guidelines.

Blake W. Krueger	Chairman, Chief Executive Officer and President

Michael D. Stornant	Senior Vice President, Chief Financial Officer and Treasurer
Richard J. Woodworth	President, Wolverine Boston Group

COMPENSATION PHILOSOPHY AND OBJECTIVES

The Company's compensation philosophy is to provide executives with a competitive compensation package that is heavily weighted towards performance-based (performance shares and annual bonus) and variable (restricted stock or restricted stock units and, prior to 2017, stock options) compensation in order to encourage superior business and financial performance over the short and longer term and, by linking compensation with stock price performance, to closely align the interests of the Company's NEOs with those of its shareholders without encouraging excess risk-taking. The Compensation Committee (the "Committee") oversees the Company's executive compensation program.

The executive compensation program has four primary objectives:

Attract and retain talented NEOs who will lead Wolverine Worldwide and drive superior business and financial performance

Provide incentives for achieving specific pre-established near-term individual, business unit and corporate goals and reward the attainment of those goals

Provide incentives for achieving pre-established longer term corporate financial goals and reward the attainment of those goals

Align the interests of NEOs with those of the shareholders through incentives based on achieving performance objectives that enable increased shareholder value

CEO Annual Bonus/TSR Analysis

The below graphic shows the CEO's target bonus opportunity compared to his actual annual bonus earned over the last three years, which demonstrates the Company's pay for performance philosophy in action: there is clear directional alignment between the Company's TSR performance and the CEO's annual bonus achievement over these periods. The Company's three-year TSR for this period was at the 68th percentile of the Company's 2018 peer group while average CEO annual bonus payout was below target. The CEO's target annual bonus opportunity has not increased over the last three years and was not increased for 2018.

Pay at Risk

Under the Company's compensation program, a significant portion of the compensation awarded to the NEOs generally, and to the CEO in particular, is at risk (contingent upon the attainment of various pre-established short and long-term financial goals) and variable (contingent on the performance of the Company's stock price). NEO compensation that is significantly at risk and variable, incentivizes superior business and financial performance and, by linking compensation with stock price performance, aligns the interests of executives with those of shareholders.

The following graphic illustrates the increase to the percentage of 2017 NEO target compensation that is at risk:

CEO 2016 vs. 2017 Target Total Compensation

Other NEO 2016 vs. 2017 Target Total Compensation

Long-Term Incentive Program Mix

The Committee modified the mix of vehicles used for long-term incentive compensation in 2017 and going forward. Beginning in 2017, the long-term incentive program does not utilize stock options and reflects a mix of 70% performance stock units and 30% time vested restricted stock units for the CEO. For other NEOs, the 2017 mix changed to 60% performance stock units and 40% time vested restricted stock units. This change is intended to strengthen the Company's pay for performance philosophy while balancing retention objectives, create stronger alignment with shareholders and simplify the compensation program.

Compensation Discussion and Analysis

2017 COMPENSATION PROGRAM OVERVIEW

Setting Targets

Each February, the Committee recommends (and the independent directors approve) target compensation for the CEO for the upcoming year after considering the latest available information, including the Company's TSR and other business and financial performance, information provided by the Committee's compensation consultant regarding executive compensation trends and compensation paid to other chief executive officers of companies in the compensation peer group (described below), and information provided by management on recent Company performance and the Company's future business and financial outlook. The Committee's goal is to set the CEO's compensation in line with the anticipated market median compensation for that year.

Given the significant weight the Company's executive compensation program places on at risk and variable compensation, the compensation realized by the CEO and NEOs can be significantly affected, both positively and negatively, by performance against the various operational and financial performance metrics pre-established by the Committee and by the performance of the Company's stock. The Board and Committee believe such a compensation program aligns the interests of the CEO and other NEOs with the interests of the shareholders.

The Company's executive compensation program consists of four primary elements: base salary, annual bonus, long-term incentive compensation and benefits. These elements are described in greater detail below.

Base Salary

As part of approving an NEO's base salary, the Committee considers a variety of factors including individual responsibilities, experience, skills, and potential to affect Wolverine Worldwide's overall performance, as well as market surveys and peer group information. The Committee considers these compensation factors subjectively, and no single factor or combination of factors was determinative in setting base salaries for any NEO for fiscal 2017.

Based on the above factors, the Committee approved the 2017 base salaries for the NEOs as noted in the following table. The Committee held CEO salary flat in 2017 for the fourth year in a row (and held it flat again in 2018). The 2.0%-2.5% base salary increases for Messrs. Stornant, Woodworth and Zwiers were based on their annual performance evaluations as well as consideration of peer group and broad-based industry compensation data, as described in detail below. Mr. Spaletto's base salary and other compensation was set in connection with his hiring in 2017 and was based on his experience, market and industry information, and on negotiations between Mr. Spaletto and the Company.

Krueger	\$1,150,000	\$1,150,000
Spaletto	\$575,000	
Stornant	\$564,000	\$550,000
Woodworth	\$564,000	\$550,000
Zwiers	\$658,000	\$645,000

Table of Contents**Annual Bonus**

In 2017, each NEO had the opportunity to earn annual cash incentive compensation ("annual bonus"), consisting of a performance bonus and an individual performance bonus, and further subject to a modifier:

Performance Bonus

Based on performance measured against Company and/or business unit performance criteria established at the beginning of 2017	Revenue (35%)
--	---------------

Payout determined by comparing performance against four performance levels set for each pre-set criterion: threshold (25% payout), target (100% payout), goal (150% payout) and stretch (200% payout)	Adjusted pretax earnings (65%)
---	--------------------------------

Individual Performance Bonus

Measured against individual performance criteria	Vary by each NEO
--	------------------

Each NEO's payout was determined by comparing individual performance against specific individual criteria set at the beginning of 2017

Payouts can range from 0% to 200% depending on the NEO's performance against individual performance objectives

Modifier

Total payout based on the above two components adjusted up or down by up to 25% based on adjusted operating margin performance	+/- 25% adjusted operating margin modifier
--	--

A percentage of each NEO's 2017 base salary was set as the annual bonus target percentage (the "Target Bonus Percentage"). The Target Bonus Percentage represents the percentage of each NEO's base salary that could be earned as annual incentive compensation at a "target" performance level (100% payout) for each of the performance bonus and individual performance bonus. Generally, the Committee sets higher Target Bonus Percentages for individuals with greater influence on business strategy, profit or sales. This puts a larger percentage of an NEO's total potential cash compensation at risk, in line with the NEO's ability to influence these factors. For 2017, Mr. Krueger had a Target Bonus Percentage of 125% of his base salary and each other NEO had a Target Bonus Percentage of 55% of his base salary.

The Committee selected fiscal year 2017 revenue and adjusted pretax earnings as metrics for the performance bonus because it believes a strong correlation exists between performance on these financial measures and increases in shareholder value. The Committee also added an adjusted operating margin modifier for 2017 to more directly align with the Company's operational transformation and publicly-stated financial objectives.

Performance Bonus

Messrs. Krueger and Stornant had significant influence on the Company's overall business performance and, accordingly, their respective performance bonus opportunity (85% of their total annual bonus opportunity) is based on the Company performance criteria only. Messrs. Spaletto, Woodworth and Zwiers were directly responsible for specific business units and exert a significant influence on those business units in particular, in addition to influencing Company performance. Accordingly, for each of these NEOs, a larger percentage of their overall annual bonus opportunity was based on business unit performance, with a smaller percentage based on the Company's performance, as reflected in the table on page 43. In addition, given each of these NEO's impact on the success of the WOLVERINE WAY FORWARD Company transformation, each had an increased percentage of his total annual bonus opportunity shifted to measures relating to this transformation, and these measures were included in the Individual Performance Bonus portion of the annual bonus.

As shown in the table below, the Committee also set four performance levels for each criterion: threshold (25% payout), target (100% payout), goal (150% payout) and stretch (200% payout). The Committee set the revenue and pretax earnings goals for these performance levels following a review of the Company's operating plan, historical performance, and industry and macroeconomic conditions. The revenue performance targets, though lower than 2016 targets, were set aggressively in light of the difficult industry and macroeconomic conditions. Revenue performance at target (100%) was set above the mid-point of the Company's initial 2017 guidance, and goal performance (150%) was set above the top end of the guidance. Despite the planned decrease in revenue, the Committee set higher adjusted pretax earnings targets compared to 2016, reflecting the expectation of improved adjusted profitability driven by the WOLVERINE WAY FORWARD transformation. The adjusted operating margin modifier was set at a level needed to pace the Company to reach its stated goal of 12%

Table of Contents

adjusted operating margin by 2018; the Company expects to achieve this goal ahead of its original schedule based on strong 2017 performance.

Threshold (25%)	\$2,186.7	\$187.0
Target (100%)	\$2,335.0	\$211.7
Goal (150%)	\$2,403.9	\$226.5
Stretch (200%)	\$2,495.9	\$241.3

1
The maximum payout (before the effect of the modifier) an NEO can receive is 200% of his Target Bonus Percentage, even if performance is above stretch, and an NEO would receive 0% of his Target Bonus Percentage if performance is below threshold.

2
Adjusted pretax earnings are earnings before income taxes, excluding the effect of acquisitions, divestitures, accounting changes, restructuring, or other special charges or extraordinary items excluded by the Compensation Committee. Pretax earnings for 2017 exclude impairment of intangible assets, environmental and other related costs, organizational transformation costs which include gains or losses from divestitures, restructuring and other related costs and operating losses from stores closing in 2017. Revenue results were adjusted for the licensing of the Stride Rite business in 2017 and for extended store closure dates.

3
2017 revenue performance fell between target and goal, resulting in a 135% payout on this measure. 2017 pretax earnings performance was between target and goal, resulting in a 146% payout.

For each business unit, the Committee sets the revenue and adjusted pretax earnings goals at substantially similar levels of difficulty as the goals for the Company and with a similar degree of difficulty as in prior years. The below table shows historical weighted performance levels achieved by the business units using these performance criteria for the years for which a meaningful comparison can be made.

Wolverine Outdoor & Lifestyle Group	Between target and goal	Between threshold and target	Between target and goal	Between target and goal	Between target and goal

Edgar Filing: WOLVERINE WORLD WIDE INC /DE/ - Form DEF 14A

In February 2018, the Committee certified actual 2017 performance compared to the performance levels for the Company and business unit criteria. The Company's fiscal year 2017 adjusted revenue was approximately \$2.384 billion, which was between target and goal level. The Company's adjusted pretax earnings for fiscal year 2017 were \$225.0 million, which was between target and goal level. The weighted average results for the applicable performance criterion are shown in the below table:

Wolverine Boston Group	Between threshold and target	79%
Wolverine Outdoor & Lifestyle Group	Between target and goal	136%
Wolverine Worldwide	Between target and goal	142%

For 2017, the Company paid the NEOs the following amounts relating to the performance bonus.

Spaletto	70%	0 - 200%	138%	\$258,207

Table of Contents*Individual Performance Bonus*

At the same time Target Bonus Percentages are set, the CEO approves measurable personal objectives for each NEO's individual bonus, other than for himself. The CEO submits, and the Committee reviews and approves, with such changes as it considers appropriate, the CEO's personal objectives. Such measurable personal objectives may include goals such as executing strategies supporting the Company's vision, developing employees, growing new business initiatives and driving operational excellence. Performance is evaluated by the CEO (or, in the case of the CEO, by the Committee and the other independent directors) based on qualitative and quantitative factors. For 2017, the Company focused NEO Individual Performance Bonuses on execution against the Company's WOLVERINE WAY FORWARD transformation and increased the percentage of the overall bonus tied to achievement of critical transformation goals. Summaries of the specific personal objectives for each NEO are outlined in the table below:

<i>Krueger</i>	Global Way Forward, People and Teams, Cash Flow
<i>Spaletto</i>	Global Way Forward, Target Year-end Backing Increase and Q4 at-Once Increase, Lead the Brand Growth Work Stream, Drive Change within OLG Division
<i>Stornant</i>	Global Way Forward, Restructure Global Finance Organization, Drive Brand Growth, Activities to Achieve Mid-single Digit Organic Growth in 2018
<i>Woodworth</i>	Global Way Forward, Target Year-end Backing Increase and Q4 at-Once Increase, Salesforce Way Forward Work Stream
<i>Zwiers</i>	Global Way Forward, Canada & eCommerce Revenue and Pretax Earnings to Meet and Exceed Plan, Action and Support the Portfolio Management Pillar of the Way Forward

Each personal objective is given a rating from "does not achieve" to "exceptional," with weighted performance ratings and payouts consistent with the following table:

Exceptional	200%
Far Exceeds	175%
Exceeds	150%
Achieves	100%
Achieves Some But Not All	50%
Does Not Achieve	0%

The CEO recommended, and the Committee approved, the 2017 cumulative weighted personal objectives scores and payout levels for each of the NEOs other than himself. The Committee and the other independent directors of the Board met with the CEO at the end of the year to evaluate his performance against his personal objectives. The Committee determined the cumulative weighted personal objectives score for the CEO and recommended to the independent directors of the Board the CEO's payout level.

Krueger	15%	0 - 200%	132.5%	\$285,703
Spaletto	30%	0 - 200%	117.5%	\$94,328
Stornant	15%	0 - 200%	131.3%	\$60,808
Woodworth	30%	0 - 200%	112.5%	\$104,243
Zwiers	50% ¹	0 - 200%	125.0%	\$225,414

¹

Mr. Zwiers served as Chief Transformation Officer for the WOLVERINE WAY FORWARD and so had a higher percentage of his annual bonus opportunity tied to this transformation initiative through the Individual Performance Bonus than other NEOs.

Overall annual bonus payouts for Messrs. Spaletto and Zwiers were less in 2017 as a result of the increased percentage of annual bonus dedicated to Individual Performance Bonus than they would have been if the Individual Performance Bonuses had represented only 15% of the annual bonus opportunity as it had for NEOs in previous years, and Mr. Woodworth's payout was slightly higher.

Table of Contents

Adjusted Operating Margin Modifier

The Committee set the following annual bonus payout operating margin modifier for 2017. In addition, to add a measure of line-of-sight accountability, for any positive adjustment to apply based on Company adjusted operating margin, as detailed below, the brand group for which an NEO has primary responsibility must have met its specific adjusted operating margin plan:

Less than 100bps adjusted operating margin improvement vs. 2016 25% negative adjustment

100bps to 150bps improvement no adjustment

151bps to 200bps improvement 10% positive adjustment

More than 200bps improvement 25% positive adjustment

The Company achieved 10.9% adjusted operating margin in 2017, more than a 200bps, very strong improvement over 8.5% adjusted operating margin in 2016. Based on this performance (and the achievement of the respective group adjusted operating margin targets for the Wolverine Outdoors & Lifestyle Group and the Wolverine Boston Group, as required for their respective Presidents to participate in any upward adjustment based on Company performance) the overall payouts for each NEO included a 25% positive adjustment.

Each NEO's total annual bonus opportunity for 2017 ranged from 0% to 200% of Target Bonus Percentage before applying the adjusted operating margin modifier. The accompanying table shows the aggregate annual incentive compensation payout earned by each NEO for 2017, as well as the portion of that aggregate number that is attributable to the performance bonus and individual performance bonus and the effect of the adjusted operating margin modifier.

2018 Annual Bonus Plan Update

Given the Company's significant progress toward and confidence in achieving its 2018 adjusted operating margin goal and its shift in strategic focus to the Company's GLOBAL GROWTH AGENDA, the Company made two important changes to the 2018 Annual Bonus Plan:

Shifted the mix of the Performance Bonus component from 65% pretax/35% revenue to 55% pretax/45% revenue to increase emphasis on organic growth

Changed the modifier to focus on growth in 2018 year-end backlog to further focus the Company on organic growth leading into 2019

LONG-TERM INCENTIVE COMPENSATION

In 2017, each NEO had the opportunity to earn long-term incentive compensation comprised of a mix of performance share units and time-based restricted stock unit awards.

**Performance
Share Units**

Performance shares are based on performance criteria covering three-year periods

Fully diluted adjusted EPS (65%)

Awards balance focus on near term profitability with longer term shareholder value creation

Adjusted Business Value Added ("BVA")² (35%)

**Time-Based
Restricted

Awards**

Encourages employee retention and rewards increases in stock price

¹ *EPS is calculated on a fully diluted basis and EPS and BVA are each adjusted to account for and exclude the effects of acquisitions, divestitures, accounting changes, restructuring, or other similar special charges or extraordinary items excluded by the Committee, including foreign exchange.*

² *BVA is calculated by starting with operating income determined in accordance with U.S. generally accepted accounting principles ("GAAP"), and then reducing operating income by (1) an amount for income taxes where the effective tax rate used to calculate the income tax amount is determined in accordance with GAAP (adjusted consistent with EPS adjustments, as described above), and (2) a capital charge equal to a 14 point average of "net operating assets" during the fiscal year (with "net operating assets" defined as the net of trade receivables (net of reserves), inventory (net of reserves), other current assets, property, plant and equipment, trade payables and accrued liabilities) multiplied by 10%.*

The Committee believes EPS is a key metric that plays an important role in driving shareholder value and that it further aligns the interests of the NEOs with other shareholders. The Committee believes that BVA is useful for determining incentive compensation because it ties the income

statement (profit delivery) to the balance sheet (effective asset utilization) and does not focus on one to the exclusion of the other. The Committee further believes that focusing NEOs' interests on increasing BVA aligns their interests more closely with shareholder interests. The use of both EPS and BVA balances the NEOs' focus on near term profitability with longer term shareholder value. Shareholders gave positive feedback on these measures during the Committee's shareholder outreach. The Committee weighted EPS 65% and BVA 35% when determining the overall performance level. For the 2017-2019 performance period, the Committee added a relative TSR modifier that provides a 25% positive adjustment for TSR performance in the top quartile of the Company's peer group and a 25% negative adjustment for performance in the bottom quartile of the peer group.

The Committee has chosen to provide long-term incentives in these forms because they incentivize and motivate different behaviors. Performance share units reward the achievement of key business criteria. Time-based restricted stock units encourage employee retention by providing some level of value to executives who remain employed during the vesting period. The use of restricted stock units also supports an ownership culture and thereby encourages executives to take actions that are best for the Company's long-term success. Both forms of long-term incentive compensation reward increased Company stock price.

2015-2017 Performance Shares

The following table lists the performance levels set by the Committee for performance share awards granted for the 2015-2017 performance period, the vesting of which occurred on February 7, 2018 following the Committee's certification of 2015-2017 financial results.

Goal (150%)	\$5.21	\$396.1

In February 2018, the Committee evaluated the Company's performance for the 2015-2017 performance period against the criteria set forth in the table above and certified that the Company's performance on both the EPS and BVA criteria fell between target and goal performance levels. The Committee weighted the EPS attainment (\$4.84; 110% of target performance) at 65% and the BVA attainment (\$361.9 million; 104% of target performance) at 35%, resulting in a weighted average performance of 108%. The vesting of the number of performance shares based on this performance is shown for each NEO in the table below. In calculating the number of shares that vest, the Company uses the stock price on the date of the grant, which results in the NEOs bearing the risk of stock price performance during the performance period.

The following table lists the number of shares that vested for each NEO under the 2015-2017 performance share grant:

Krueger	88,557
Spaletto	6,0261
Stornant	5,691
Woodworth	11,944
Zwiers	13,935

1

Mr. Spaletto was granted prorated awards for open performance periods upon his hire, based on his ability to affect performance during the remainder of these employment periods. His vesting is prorated based on the time he worked during the 2015-2017 period.

2017 Performance Share Awards

In the beginning of 2017, the Committee evaluated each NEO's long-term incentive target payout opportunity expressed as a dollar amount at target grant value for the grant of performance shares for the 2017-2019 period. These values are higher than in previous years as a result of the greater weighting on performance units as a percentage of overall long-term incentive opportunity compared to previous years (70% of target long-term incentive opportunity for the CEO and 60% for the other NEOs). Like performance shares granted for the 2016-2018 performance period, performance units are eligible to vest based on achievement of adjusted constant-currency EPS goals (weighted 65%) and adjusted constant-currency BVA goals (weighted 35%). An NEO may earn none, some, all, or a multiple of the performance units granted, depending on Company performance against the EPS and BVA targets and base salary and target bonus percentage over the three-year performance period. For the 2017-2019 performance period, the Committee added a relative TSR modifier that provides a 25% positive adjustment for TSR performance in the top quartile of the Company's peer group and a 25% negative adjustment for performance in the bottom quartile of the peer group.

Krueger	\$3,692,500
Spaletto	\$477,889
Stornant	\$534,119
Woodworth	\$502,320
Zwiers	\$533,340

1

See footnote 2 to the Summary Compensation Table for the grant date fair value of these awards, which reflects an accounting valuation of the effect of the TSR modifier. Mr. Spaletto also received prorated grants for the 2015-2017 and 2016-2018 performance periods when hired in 2017.

The Company accrues, but does not pay, any dividends on any performance units during the performance period. Once the Committee certifies the Company's performance compared to the pre-determined performance criteria, the restrictions on some, all, none, or multiple of the performance share units awarded to each NEO will vest, and the NEO will receive accrued dividends only on the shares actually earned.

The Committee goes through a rigorous process in setting three-year EPS and BVA performance targets, including a careful review of the Company's prior year business and financial performance, current year operating plan and future expectations. To achieve target level EPS and BVA performance would require over 10% compounded annual growth over the performance period based on 2016 actual performance.

Restricted Stock Unit Awards

The accompanying table reflects the grant date value of the annual service-based restricted stock unit awards granted to each NEO.

Krueger	\$1,582,513
Spaletto	\$574,522
Stornant	\$356,086
Woodworth	\$334,885
Zwiers	\$355,583

The Committee generally grants annual equity awards at its regularly scheduled February meeting, and the independent directors of the Board approve equity grants to the CEO generally on the same day that the Committee meets. Stock units awarded vest 20% on the first and second anniversaries of the grant and 30% on the third and fourth anniversaries. Mr. Spaletto's grants include a sign-on grant of 10,000 restricted stock units. These stock units vest 50% on the first anniversary of the grant and 50% on the second anniversary. This grant to Mr. Spaletto was made as consideration for his agreeing to become the President of the Wolverine Outdoor & Lifestyle Group in 2017 and as a retention incentive as he transitions into the business.

BENEFITS

Retirement, Deferred Compensation and Welfare Plans

The NEOs participate in Wolverine Worldwide's medical and dental plans and receive life and disability insurance. In 2017, Messrs. Krueger, Stornant, and Zwiers also participated in the Wolverine Worldwide Employees' Pension Plan (a defined benefit plan) and the Wolverine World Wide, Inc. 409A Supplemental Executive Retirement Plan (an unfunded, non-qualified plan). For a description of the benefits under Wolverine Worldwide's retirement plans, see "**Pension Plans and 2017 Pension Benefits**" below.

All full time employees of the Company in the United States, including the NEOs, are also eligible to participate in one of Wolverine's 401(k) Plans (the "401(k) Plan"). Pursuant to the 401(k) Plan, employees, including the NEOs, may elect to defer a portion of their salary and receive a Company match on eligible deferrals of up to 3% of salary for 2017 (4.5% for those who do not participate in the Pension Plan), subject to limits set forth in the Internal Revenue Code of 1986, as amended. In 2016, the Company adopted the Wolverine Worldwide Executive Deferred Compensation Plan (the "Deferred Compensation Plan"). This plan allows executives and other eligible senior employees of the Company to elect to defer a portion of their eligible compensation. Wolverine Worldwide may, but need not, credit a participant with an additional discretionary Company contribution. No discretionary Company contributions were made in 2017. The Company adopted the Deferred Compensation Plan as a retention and recruitment tool to facilitate retirement savings and provide financial flexibility for key employees, and because many of the companies with which we compete for executive talent provide similar plans to their key employees. For a description of the benefits under the Deferred Compensation Plan, see "**Nonqualified Deferred Compensation**" below.

Perquisites

The Company provides limited perquisites to NEOs. The Company feels the perquisites that are provided round out a competitive total compensation package for each NEO. For details on perquisites, see footnote 6 to the "Summary Compensation Table" on page 52.

POST-EMPLOYMENT COMPENSATION

Edgar Filing: WOLVERINE WORLD WIDE INC /DE/ - Form DEF 14A

Each NEO is party to an Executive Severance Agreement that provides for certain payments and benefits upon termination of employment after a change in control of Wolverine Worldwide. The Board believes Executive Severance Agreements will motivate management to actively pursue a business transaction that is in the best interests of the shareholders, even if it could ultimately result in his or her job elimination, and also will promote management stability during the transition period accompanying a change in control. Each NEO is eligible to receive compensation if his employment is terminated within two years (Messrs. Spaletto, Stornant, Woodworth and Zwiers) or three years (Mr. Krueger) following a change in control of Wolverine Worldwide. Even following a change in control, an NEO does not receive payment under the Executive Severance Agreement if his employment terminates:

Due to death or retirement in accordance with Wolverine Worldwide's policy or as otherwise agreed,

Table of Contents

For cause or disability, or

By resignation of the NEO, other than for "good reason," which is discussed under the heading "Benefits Triggered by Termination Other than For Cause or for Good Reason" and the heading "Benefits Triggered Upon a Change in Control," both under the heading "Potential Payments Upon Termination or Change in Control"

NEOs may also be eligible under Wolverine Worldwide's retirement plans or equity plans to receive certain payments and benefits upon termination of employment or in connection with a change in control as described in the "**Potential Payments Upon Termination or Change in Control**" section of this proxy statement.

Mr. Krueger is also party to a 2008 Separation Agreement under which he receives certain payments and benefits if the Company terminates his employment, even if not following a change in control, other than for "cause" or if he terminates his employment for "good reason." The Committee determined upon appointing Mr. Krueger as CEO that, given the Company's strategic initiatives the Board had asked him to lead, it was appropriate for the Company to enter into a separation arrangement.

The Company includes accelerated retirement vesting provisions for equity awards, provided certain conditions are met, and for the payout of a prorated annual bonus for a qualifying retirement more than six months into the fiscal year. You will find details on these provisions and information on benefits payable to Mr. Krueger under his Separation Agreement and to each of the NEOs under the Executive Severance Agreements, as well as information on the other retirement and equity plans of Wolverine Worldwide, in the "**Potential Payments Upon Termination or Change in Control**" section of this proxy statement.

COMPENSATION SETTING PROCESS

Setting Targets

The Committee goes through a rigorous process in setting performance targets, including a careful review of the Company's prior year business and financial performance, current year operating plan, and future expectations. The Committee engages with management in this process over several months leading up to setting final annual bonus and three-year performance targets in February.

Competitive Philosophy and Competitive Market Data

When making compensation recommendations and decisions, the Committee considers the CEO's assessment of the performance of each NEO, other than himself; the performance of the individual and the individual's respective business unit or function; the scope of the individual's responsibilities, years of experience with the Company (or in similar positions with other companies), skills and knowledge; market compensation data; market and economic conditions; Company performance; retention considerations; and Wolverine Worldwide's compensation philosophy (collectively, the "compensation factors"). The Committee considers these compensation factors both subjectively and objectively, and no single factor or combination of factors is determinative. With respect to CEO compensation, the Committee seeks to set compensation in line with the anticipated market median for a given year.

The Committee uses market surveys and Peer Group (as defined below) information provided by its compensation consultant as market reference points. The Committee also considers information the Company learns through recruiting NEOs and the experience levels and responsibilities of NEOs prior to joining the Company as reference points in setting NEO compensation.

As part of its competitive data review in connection with determining 2017 compensation, the Committee considered information presented by its independent compensation consultant Frederick W. Cook & Co. ("FW Cook") based on publicly-disclosed Peer Group information and on two published surveys: (1) 2016 Willis Towers Watson (WTW) CDB Executive Compensation Survey Report; and (2) 2016 US MBD Mercer Benchmark Database Executive Survey.

The Committee also took into account, and made significant program changes to 2017 compensation in response to, shareholder feedback following the Company's disappointing 2016 say on pay vote. Shareholder response to these changes was overwhelmingly positive, which translated to 98% support for our 2017 say on pay proposal.

2018 PROXY STATEMENT

47

Table of Contents**Peer Group**

The Committee, with input from FW Cook, updated its established peer group in 2017 after it had made 2017 compensation decisions. This updated peer group was used in connection with 2018 compensation decisions. For 2017, however, the following peer group was used (the "Peer Group"). In determining the Peer Group and the new peer group described below, the Committee considered each potential peer company's industry, channels of distribution, revenue and market capitalization. The Company also considered the typicality of a company's pay practices, excluding companies whose chief executive may not receive market compensation because of a founder relationship, family ownership position, or other similar relationships.

Aéropostale, Inc.Inc.	Carter's, Inc.	Dick's Sporting Goods, Inc.	Guess?, Inc.
American Eagle Outfitters Inc.	Chico's FAS, Inc.	DSW Inc.	Hanesbrands Inc.
Ascena Retail Group, Inc.	Coach, Inc.	Foot Locker, Inc.	PVH Corp
Caleres, Inc.	Deckers Outdoor Corporation	Genesco Inc.	Williams-Sonoma, Inc.

New Peer Group

In 2017 (after 2017 compensation decisions had been made), as part of its annual compensation review and in response to some shareholder concerns, the Committee evaluated each peer company within our 2017 peer group and decided to adopt a new peer group. The changes to the group ultimately create greater alignment of Company revenues with those of the peer group median through the removal of several larger companies. The following adjustments to the peer group were made in 2017 and used in connection with making 2018 compensation decisions:

REMOVED: Aéropostale, Dick's Sporting Goods, PVH Corp., Williams-Sonoma

ADDED: Express, G-III Apparel Group, Kate Spade, Skechers, The Children's Place

CEO Role

Within the framework of the Company's executive compensation program, the CEO recommends the level of base salary, annual bonus, long-term incentive compensation, equity awards and other compensation components for his direct reports, including the other NEOs. The CEO bases his recommendation upon his assessment of the compensation factors applicable to each NEO. The CEO considers these compensation factors both objectively and subjectively, and no single factor is determinative. The Committee discusses these recommendations with the CEO prior to setting the compensation for each NEO, other than the CEO. The Committee, however, ultimately determines all compensation for NEOs other than the CEO, whose compensation is determined by the independent directors as a whole.

Compensation Consultant Role

FW Cook was engaged as the Committee's independent compensation consultant in September 2016 and reports directly to the Committee. The Committee determines the scope of engagement and may replace the consultant or hire additional consultants at any time. The Committee has evaluated FW Cook's independence under the rules established by the NYSE and has determined that FW Cook is "independent" as defined by NYSE rules. In addition, the Committee has evaluated whether the engagement of FW Cook raised any conflicts of interest and has determined that no such conflicts of interest exist.

At the Committee's invitation, a representative of FW Cook generally attends all Committee meetings and also communicates with the Committee Chair and management regularly between meetings. However, the Committee makes all decisions regarding NEO compensation. FW

Cook provides various executive compensation services to the Committee pursuant to a consulting agreement with the Committee. Generally, these services include advising the Committee on the principal aspects of the Company's executive compensation program, evolving industry practices, and providing market information and analysis regarding the competitiveness of the Company's program design.

During 2017, FW Cook performed the following specific services:

Attended Committee meetings, as requested

Reviewed the Company's peer group and advised the Committee on the composition of the peer group

Table of Contents

Reviewed survey data for competitive comparisons

Provided market data and recommendations on CEO and other NEO compensation

Advised the Committee on market trends related to compensation policies and programs

Proactively advised the Committee on best practice approaches for governance features of executive compensation programs

Reviewed the Compensation Discussion & Analysis and other executive compensation related disclosures included in the Company's proxy statement

The total fees the Company paid to FW Cook for services to the Committee in 2017 were \$126,996, less than 1% of FW Cook's total consulting income during the same period. The Company did not pay or incur any other fees to or with FW Cook.

OTHER COMPENSATION POLICIES AND PRACTICES

NEO Stock Ownership Guidelines

Each NEO, as well as each non-employee director, must attain (and maintain) a minimum stock ownership level (including owned shares, a certain level of performance shares and restricted shares, and the in the money value of vested stock options) prior to being able to gift or sell any Company stock. During 2017, each NEO complied with the requirements of these guidelines.

CEO	6x Annual Salary
Other NEOs	2x Annual Salary
Non-Employee Directors	6x Annual Cash Retainer

Stock Hedging and Pledging Policies

Under the Company's Insider Trading Policy, all directors, officers and other employees are prohibited from engaging in any hedging transactions involving Company securities beneficially owned by them. The Company also considers it inappropriate for any such person to engage in speculative transactions in the Company's securities, including short sales, publicly traded options, margin accounts and pledges and standing and limit orders. Also, all directors, officers and other employees are prohibited from pledging Company securities as collateral for a loan.

Clawback Policy

The Company has adopted a clawback policy which empowers the Board or a committee of the Board to seek recovery of specified incentive compensation received by executive officers under specific circumstances where there is a material restatement of the Company's financial results that would have led to a lower level of incentive compensation payout.

Impact of Accounting and Tax Treatments on Compensation

Prior to the enactment of the Tax Cuts and Jobs Act on December 22, 2017 ("Tax Act"), Section 162(m) of the Internal Revenue Code generally limited to \$1 million the federal income tax deduction available to publicly held companies for compensation paid to a company's CEO and its three next most highly paid executive officers (other than the CFO), with certain exceptions for qualified "performance based" compensation. The Tax Act eliminated the Section 162(m) performance-based compensation exemption prospectively and made other changes to Section 162(m), but with a transition rule that preserves the performance-based compensation exemption for certain arrangements and awards in place as of November 2, 2017. For 2017, Wolverine Worldwide intends to administer its Annual Bonus Plan and performance shares, to the extent covered under this transition rule, with a view towards preserving their ability to qualify as exempt "performance based" compensation for purposes of Section 162(m). Wolverine Worldwide, however, does not require all of its compensation programs, including programs under the plans listed above, to be fully deductible under Section 162(m) because Wolverine Worldwide believes it is important to preserve flexibility in administering compensation programs in a manner designed to promote varying corporate goals. Wolverine Worldwide has and in the future may continue to pay compensation that is limited in whole or in part as to tax deductibility.

Restricted stock or restricted stock units, as applicable, were valued using the closing market price of Wolverine Worldwide common stock on the date of the grant of the respective award. Performance units were valued using the closing market price of Wolverine Worldwide common stock on the date of grant of the respective award and assuming target performance for all performance periods, with an adjustment to value for the TSR modifier for 2017, all consistent with ASC Topic 718. Assuming maximum payout, which is structured to continue to allow the awards to be eligible to qualify as exempt performance-based compensation under Section 162(m) of the Tax Code, the aggregate grant date fair value of performance shares awarded in 2017 for each NEO (and, in parenthesis, the maximum value is combined with the grant date fair value of restricted stock awards for 2017) would have been: \$24,170,113 (\$25,752,625) for Mr. Krueger; \$5,817,725 (\$6,392,247) for Mr. Spaletto; \$3,496,244 (\$3,852,329) for Mr. Stornant; \$3,288,161 (\$3,623,046) for Mr. Woodworth and \$3,491,154 (\$3,846,736) for Mr. Zwierns. Restrictions on such performance unit awards will lapse in the February following the last year of the applicable performance period, if at all, based on the Company's performance for the period (capped at 200%), potential +/- 25% adjustments for relative TSR performance, and base salary and target bonus percentage over the three-year performance period. The actual value of shares that vest is also dependent on the stock price at the time of vesting. For additional valuation assumptions, see the Stock Based Compensation footnote to Wolverine Worldwide's Consolidated Financial Statements for the fiscal year ended December 30, 2017 included in its Form 10-K for this year.

3

Represents the aggregate grant date fair value of stock options granted in the years shown, calculated in accordance with ASC Topic 718. Stock options were valued using the Black Scholes Merton model. For additional valuation assumptions, see the Stock-Based Compensation Note to Wolverine Worldwide's Consolidated Financial Statements for the fiscal year ended December 30, 2017 included in its Form 10-K for this year.

4

Reflects the sum of performance bonus and individual bonus amounts earned in 2017, 2016 and 2015, respectively, and paid in 2018, 2017 and 2016 respectively. For Mr. Stornant, includes amounts deferred under the Deferred Compensation Plan.

5

All amounts in this column reflect, where applicable, the aggregate change in the actuarial present value of the accumulated benefits under the Wolverine Worldwide Employees' Pension Plan ("Pension Plan") and Wolverine World Wide, Inc. 409A Supplemental Executive Retirement Plan ("SERP") for Messrs. Krueger, Stornant and Zwierns, and benefits under the Stride Rite Retirement Income Plan for Mr. Woodworth. The amounts in the table were determined using assumptions consistent with those used in Wolverine Worldwide's Consolidated Financial Statements for each respective year. See the "Pension Plans and 2017 Pension Benefits" section starting on page 60. Nearly \$1.3 million of Mr. Krueger's increase in pension value is attributable solely to a year-over-year decrease in actuarial discount rate.

6

The amounts listed in this column for 2017 include Wolverine Worldwide's matching contributions to the accounts of the NEOs under Wolverine Worldwide's 401(k) plans, payments made by Wolverine Worldwide for the premiums on certain life insurance policies, tax and estate planning services, health care reimbursements and, in one instance, a car allowance, in the amounts listed in the table below. The amounts also include Company-paid relocation expenses for Mr. Spaletto, who was hired and moved near the Company's Michigan headquarters in 2017. \$31,214 of the expenses included for Mr. Spaletto's relocation were paid as a tax gross up.

Grants of Plan-Based Awards in Fiscal Year 2017

Estimated payout levels of performance stock units granted under the Stock Incentive Plan of 2016 (the "Stock Incentive Plan of 2016") for the 2017-2019 performance period. The maximum payout is structured to continue to allow the awards to be eligible to qualify as exempt performance-based compensation under Section 162(m) of the Tax Code. Restrictions on such performance unit awards will lapse in the February following the last year of the applicable performance period, if at all, based on the Company's performance for the period (capped at 200%), potential +/- 25% adjustments for relative TSR performance, and base salary and target bonus percentage over the three-year performance period. The actual value of shares that vest is also dependent on the stock price at the time of vesting. The Company accrues, but does not pay, dividends on the performance shares during the performance period. At the end of the applicable performance period, the Company will pay to the NEO the accrued dividends (if any) on the performance shares for which the restrictions lapse. For a description of the performance units granted in 2017 under the Stock Incentive Plan of 2016, see pages 44 - 45.

3

The Company awarded service-based restricted stock unit awards under the Stock Incentive Plan of 2016 for all NEOs. 20% of the units received under the awards reflected in this column vest on each of the first and second anniversaries of the date of grant of the award and 30% on the third and fourth anniversaries of the date of grant of the award. All restricted stock units vest upon an NEO's death, disability or retirement. Holders of restricted stock units are entitled to receive dividend equivalents on restricted stock units.

Pension Plans and 2017 Pension Benefits

Wolverine Worldwide maintains the following defined benefit retirement plans covering Messrs. Krueger, Stornant, and Zwiers: (1) the Wolverine Worldwide Employees' Pension Plan ("Pension Plan"), which is a funded and tax-qualified defined benefit plan under the Internal Revenue Code that covers eligible employees, and (2) the Wolverine World Wide, Inc. 409A Supplemental Executive Retirement Plan ("SERP"), which is an unfunded, non-qualified plan that covers individuals recommended by the CEO and approved by the Compensation Committee. Mr. Woodworth does not participate in these plans, but has "frozen" benefits under the Stride Rite Corporation Retirement Income Plan ("SR Plan"). Mr. Spaletto does not participate in these plans.

QUALIFIED PENSION PLANS

Participants vest in the Pension Plan after five years of qualifying service. Subject to the limitations imposed by the Internal Revenue Code, the Pension Plan generally pays a monthly benefit in an amount equal to a percentage of the participant's final average monthly earnings multiplied by his or her number of years of service. For purposes of this benefits formula, the Pension Plan caps years of service at 25 (30 for non SERP participants), and the percentages of final average monthly earnings are 2.4% for Mr. Krueger and 2.0% for Messrs. Stornant and Zwiers. "Earnings" as used in this Pension Plan formula generally includes base salary and annual bonus, less Social Security allowance, and for 2017 was capped at \$270,000, the IRS limit applicable to tax qualified plans.

Upon retirement, a participant may elect to receive the benefit in the form of a life annuity, 5 or 10 year certain annuities, or joint and 50%, joint and 75%, or joint and 100% survivor annuities. The payments are actuarially adjusted based on the participant's election. Any election, other than an election to receive life annuity benefits, reduces the monthly benefit payable. The "normal" age at which benefits may be drawn under the plan is 65. Mr. Krueger is currently the only NEO eligible to begin drawing early retirement benefits under the Pension Plan, as described in the "Benefits Triggered By Retirement, Death or Permanent Disability" section.

SUPPLEMENTAL EXECUTIVE RETIREMENT PLAN

Messrs. Krueger, Stornant, and Zwiers participate in the SERP, which provides retirement benefits above amounts available under the Company's tax qualified Pension Plan. The SERP benefit generally equals the difference between the participant's retirement benefit under the Pension Plan and the benefits the participant would have received if there were no IRS imposed cap on earnings when calculating the Pension Plan benefit. The SERP caps years of service at 25 in calculating a participant's benefit. The SERP also allows a retired participant who has five years of service to draw earlier (beginning at age 55) and on different terms than under the Pension Plan. A participant's earnings percentage multiplier is the same under the SERP as it is under the Pension Plan (2.4% for Mr. Krueger and 2.0% for Messrs. Stornant and Zwiers). The Compensation Committee may grant additional deemed years of service under the SERP to a participant, subject to the cap of 25 years. The full benefit of any additional years of deemed service is paid under the SERP. Mr. Krueger reached the 25 year cap in 2012.

If a retired participant draws the SERP benefit prior to age 65, the reduction factor is 0.333% for each month prior to age 60, and 0.1666% for each month between age 60 and age 65. As of the end of fiscal year 2017, Mr. Krueger was the only NEO eligible to retire and begin drawing early benefits under the SERP.

SERP benefits are paid monthly, and the SERP has a lump sum payment option in the event of death or termination of employment after a change in control. The SERP also includes a disability benefit and a death benefit payable to the participant's designated beneficiary if the participant dies before retiring. The SERP provides for lump sum payments equal to 125% of the net present value of accrued benefits without regard to any reduction for early payment to participants who resign for good reason or are terminated by Wolverine other than for cause or due to death or disability within two years (Messrs. Stornant and Zwiers) or three years (Mr. Krueger) after a change in control.

Table of Contents

The SERP also contains non-competition, confidentiality and employee non solicitation provisions in favor of Wolverine Worldwide. Under the SERP non-competition provisions, a participant is not entitled to any benefit payment if the participant enters into certain relationships with a competing business prior to the date on which such benefit payment is due. If the participant's employment is terminated for serious misconduct or if Wolverine Worldwide cannot collect under an insurance policy purchased to fund SERP benefits for certain reasons, the Company may terminate a participant's benefits under the SERP. Wolverine Worldwide may terminate the SERP or stop further accrual of SERP benefits for a participating NEO at any time, but termination will not affect previously accrued benefits.

PENSION BENEFITS IN FISCAL YEAR 2017

The following table provides for each NEO certain information concerning each plan that provides for payments or other benefits at, following, or in connection with retirement:

Krueger	SERP	25	\$18,970,9152	-
	Pension	22	\$1,988,655	-
Spaletto	SERP	-	-	-

	SR Plan	3	\$126,750	-
Zwiers	SERP	20	\$2,541,250	-
	Pension	20	\$861,928	-

1

These values are as of December 30, 2017, and are calculated assuming the participants will commence their benefits at age 65 (in the form of the annuity elected by the NEO) and use the RP-2014 mortality tables for males and females (post retirement) projected generationally with modified MP-2017 projection scale and the following discount rates: 3.81% WEPP; 3.80% SERP; 3.80% SR Plan.

2

The present value of Mr. Krueger's accumulated benefit under the SERP is \$2,512,180 greater taking into account his deemed years of service. Mr. Krueger was previously granted three additional service years in 1996 in recognition of his service as a member of Wolverine Worldwide's executive team for three years

before becoming a participant in the SERP, and additional deemed years of service were previously granted as part of Mr. Krueger's CEO compensation. The present value of Mr. Krueger's SERP benefit would be \$16,458,735 if 22 service years were used to calculate his benefit. Mr. Krueger reached 25 years of service in 2012, the maximum years of service permitted under the SERP, and will not accrue any further years of service under the SERP.

3

Mr. Woodworth does not participate in the Pension Plan or SERP, but has "frozen" benefits under the SR Plan.

Nonqualified Deferred Compensation

Wolverine Worldwide maintains a Deferred Compensation Plan. This unfunded and non-qualified plan allows executives and other eligible senior employees of the Company to elect to defer all or a portion of their base salary, cash bonus, or other performance based cash compensation. Wolverine Worldwide may, but need not, credit a participant's account under the plan with an additional discretionary Company contributions, which may be subject to a vesting schedule and which would vest in full on a change in control. Amounts deferred pursuant to the Deferred Compensation Plan may be invested, at the direction of the participant, in an investment fund, index, or other investment vehicle, as designated by the Compensation Committee to be available under the plan, and earnings, if any, are credited to the participant's account.

Accounts are paid out upon the earliest to occur of (i) a qualifying separation from service, (ii) a change in control (as such term is defined in the plan), and (iii) a termination of the Deferred Compensation Plan. Payment must generally be made, or installment payments must begin, (as elected by the participant at the time of deferral) within 60 days of the event triggering payment.

Mr. Stornant is the only NEO who has elected to defer amounts under the Deferred Compensation Plan. Wolverine Worldwide did not make any discretionary Company contributions on behalf of Mr. Stornant or any other NEO during 2017.

Potential Payments Upon Termination or Change in Control

Wolverine Worldwide has entered into an Executive Severance Agreement with each NEO that provides certain rights, including the right to receive payments in the event of a termination of employment following a change in control. The Company also has entered into an agreement with Mr. Krueger regarding certain termination benefits in the event of termination of his employment under certain other circumstances described below.

BENEFITS TRIGGERED BY TERMINATION FOR CAUSE OR VOLUNTARY TERMINATION

An NEO is not entitled to receive any additional forms of severance payments or benefits upon termination of employment for Cause or upon the NEO's voluntary decision, other than for Good Reason, to terminate his employment.

BENEFITS TRIGGERED BY TERMINATION OTHER THAN FOR CAUSE OR FOR GOOD REASON

Mr. Krueger entered into a Separation Agreement on March 13, 2008, which states that upon termination of his employment by Wolverine Worldwide without Cause or termination by Mr. Krueger with Good Reason, as such terms are defined in Mr. Krueger's Separation Agreement, Wolverine Worldwide will pay Mr. Krueger the following payments in exchange for a general release of claims in favor of Wolverine Worldwide: (1) continued base salary for 18 months (reduced by payments he receives if he is employed by a Competing Business, as defined in Mr. Krueger's Separation Agreement); (2) the pro rata portion of the annual incentive bonus and the 3 year bonus for all uncompleted performance periods based on actual corporate performance for the applicable performance periods; (3) the pro rata portion of the annual individual performance bonus relating to personal performance objectives; and (4) retiree medical benefits for Mr. Krueger, his spouse and dependents for a period starting on the day after the termination date and ending on the last day of the 18th month following the month in which the termination date falls.

"Cause" generally is defined in Mr. Krueger's Separation Agreement to mean: (1) any act or omission knowingly undertaken or omitted with the intent of causing material damage to Wolverine Worldwide; (2) any intentional act involving fraud, misappropriation or embezzlement, that causes material damage to Wolverine Worldwide; (3) repeated willful failure to substantially perform any of his significant duties as reasonably directed by the Board of Directors of Wolverine Worldwide; (4) a conviction (including any plea of guilty or nolo contendere) of any criminal act that (a) results in the executive serving prison time and not being able to perform the normal duties of his position for more than thirty (30) days; or (b) causes material damage to Wolverine Worldwide; or (5) chronic or habitual use or consumption of drugs or alcohol that causes material damage to Wolverine Worldwide.

"Good Reason" generally is defined in Mr. Krueger's Separation Agreement to mean: (1) a material reduction in base compensation, including a reduction in base salary or opportunities under Wolverine Worldwide's bonus plans or equity plans (other than those implemented for the executive team as a whole); (2) a material reduction in authority, duties, or responsibilities; (3) a requirement to report to a Company officer or employee instead of reporting directly to the Board of Directors; or (4) certain relocations, other than those related to a change in the location of Wolverine Worldwide's headquarters affecting a majority of the executive team.

BENEFITS TRIGGERED UPON A CHANGE IN CONTROL

Benefits Upon Termination Following a Change in Control. Under the Executive Severance Agreements entered into with the NEOs, payments and benefits are triggered when employment is terminated without "Cause" or when an executive terminates employment for

Table of Contents

"Good Reason" within two years (Messrs. Spaletto, Stornant, Woodworth and Zwiers) or three years (Mr. Krueger) following a change in control of Wolverine Worldwide.

Upon such a qualifying termination, Wolverine Worldwide will pay the lump sum severance payment under the Executive Severance Agreement composed of the following: (1) unpaid base salary and bonus payments that had been earned; (2) in lieu of a bonus payment under the Annual Bonus Plan, an amount equal to the quotient of the number of days the NEO was employed by Wolverine Worldwide, or any successor company in the year of termination, divided by the number of days in the year, multiplied by 100% of the greater of either (a) the bonus awarded to the NEO under the annual bonus plan for the preceding year and (b) the average paid to the NEO over the preceding two year period under the annual bonus plan; (3) in lieu of payments under the various three year performance periods that remain open on the date of termination, if any, an amount equal to the bonus the NEO would have received based on actual and assumed performance measures, multiplied by the quotient of the number of days the NEO participated in the performance period prior to the termination, divided by the total number of days in the performance period (in determining the earnings per share or other performance measures that can be determined annually for any year subsequent to the year of termination, performance will equal the level required to attain the maximum goal under the three year plan for that year); (4) either two (Messrs. Spaletto, Stornant, Woodworth and Zwiers) or three (Mr. Krueger) times the sum of (a) the NEO's highest annual base salary during the 12 month period prior to termination and (b) the greater of (i) the average amount earned by the NEO during the previous two years under the annual bonus plan and (ii) the amount earned during the previous year under the Annual Bonus Plan; (5) 100% of the positive spread for any stock options held by the NEO on the date of termination, whether or not vested; (6) in the case of Messrs. Krueger and Zwiers, an excise tax gross up adjustment (note: the agreements with Messrs. Spaletto, Stornant and Woodworth were entered into after 2008 and the Committee determined to not provide such gross ups after that date); and (7) in the case of Messrs. Spaletto, Stornant and Zwiers, the present value of an additional three years of deemed service under the Pension Plan and SERP. Upon a termination of employment following a change of control, Wolverine Worldwide or any successor company will maintain for a period of six months to one year the NEO's benefits under the then current benefit plans, programs or arrangements that the NEO was entitled to participate in immediately prior to the termination date. In addition, Wolverine Worldwide or any successor company will provide outplacement services through the last day of the second calendar year following the calendar year of termination.

"Change in Control" under the Executive Severance Agreements generally means certain changes in composition of the Board of Directors, certain acquisitions of 20% or more of Wolverine Worldwide's common stock or combined outstanding voting power of Wolverine World Wide, Inc., and other specified reorganizations, mergers, consolidations, liquidations, dissolutions or distributions of substantial assets (unless such transactions result in the creation of an entity in which at least 50% of the common stock and combined voting power is owned by the owners of record prior to the transaction, no single shareholder owns more than 20% of the combined voting power and a majority of the board remains unchanged).

"Cause" is defined under the Executive Severance Agreements to generally mean the willful and continued failure to substantially perform duties or willfully engaging in gross misconduct that is injurious to the Company.

"Good Reason" is defined under the Executive Severance Agreements to generally mean: (1) any materially adverse change in position, duties, responsibilities or title, or any removal, involuntary termination or failure to re-elect an officer; (2) a reduction in annual base salary; (3) any relocation or requirement to substantially increase business travel; (4) the failure to continue providing any executive incentive plans or bonus plans; (5) the failure to continue any employee benefit plan or compensation plan unless a comparable plan is available; (6) the failure to pay any salary, bonus, deferred compensation or other compensation; (7) the failure to obtain an assumption agreement from any successor; (8) any purported termination of the employment which is not effected in a manner prescribed by the Executive Severance Agreement; or (9) any other material breach by Wolverine Worldwide or any successor company of its obligations under the Executive Severance Agreement.

Benefits Upon a Change in Control Only. For 2017 and future years, the Company adopted double-trigger vesting, meaning that equity vesting only accelerates upon a qualifying termination of employment after a change in control. For grants prior to 2017, upon a change in control of Wolverine Worldwide, absent a determination by the Compensation Committee to the contrary, outstanding stock options become immediately exercisable in full and will remain exercisable during their remaining term, regardless of whether the NEO remains an employee of Wolverine Worldwide or any successor company. The Committee may determine that one or all of the NEOs shall receive cash in an amount equal to the positive spread amount associated with these options. In addition, upon a change in control of Wolverine Worldwide all other outstanding equity incentive awards of the NEOs that were granted prior to 2017, including shares of restricted stock, become immediately and fully vested and non-forfeitable. To the extent that the Company has made discretionary contributions under the

Table of Contents

Deferred Compensation Plan that are subject to a vesting schedule, any unvested portion of these contributions will vest on a change in control. Change in control for this purpose generally means certain changes in the composition of the Board of Directors, certain acquisitions of 20% of Wolverine Worldwide's common stock (50% in the case of the Deferred Compensation Plan) and other specified reorganizations, mergers, consolidations, liquidations, dissolutions or dispositions of substantial assets.

Excise Tax Gross Up. The Compensation Committee previously determined that Wolverine Worldwide would not provide excise tax gross up payments in employment agreements entered into after 2008. Messrs. Krueger and Zwiers are the only NEOs who have excise tax gross up protection in their agreements.

BENEFITS TRIGGERED BY RETIREMENT, DEATH OR PERMANENT DISABILITY

Pension Plan. In the event of death before retirement, the Pension Plan provides the surviving spouse of a vested participant a death benefit equal to the qualified pre-retirement survivor annuity as defined in the Internal Revenue Code (generally 50% of the participant's accrued normal retirement benefit). This benefit is paid annually to the surviving spouse beginning when the participant would have turned 60 and continues for the life of the surviving spouse. For participants with at least three years of service as of December 31, 2003, and who have at least 10 years of service and are employed by the Company at the time of death, the amount of the survivor benefit under the Pension Plan is calculated as though the participant had continued as an employee of the Company until age 65 at the compensation level as of the date of death and the benefit begins upon the date of death, unreduced for early commencement. The survivor benefit for participants who meet all the criteria set forth in the preceding sentence, but who die when they are not employed by the Company, are entitled to a joint and survivor benefit commencing upon the date of death, unreduced for early commencement.

SERP. If a SERP participant dies before beginning to receive benefits under the SERP, the Company must, based on the participant's election, pay the beneficiary either a monthly annuity or a lump sum death benefit equal to the present value of the benefit computed as if the participant had retired on the date of death, had begun receiving benefits at age 55 and had continued to receive benefits for the remainder of the participant's life expectancy. If the participant dies after beginning to receive benefit payments, benefits cease unless the participant was receiving benefits in the form of one of the joint and survivor annuity optional elections under the plan or had elected benefits in a form that provides for a continuation of benefits.

If a participant becomes disabled (as defined), the SERP provides a disability benefit equal to 60% of the normal retirement accrued benefit based upon years of service up to the date that the participant became disabled through the date the participant reaches age 65 (at which point, the participant would begin drawing full SERP benefits) or is no longer disabled.

Annual Bonus Plan. Upon termination of employment at least six months after the beginning of a fiscal year due to death, disability or early or normal retirement, an NEO is entitled to receive a pro rata portion of any annual bonus award earned under the Annual Bonus Plan based on the NEO's service during such fiscal year and actual performance under the Annual Bonus Plan. The annual bonus is payable at the same time and in the same manner as awards are paid to other NEOs for the fiscal year.

Stock Incentive Plans. Upon death, disability or voluntary termination of employment after attaining age 59 with ten years of service with the Company (50 years of age and seven years of service or age 62 for grants prior to 2016), subject to certain conditions, the restrictions applicable to each NEO's shares of restricted stock terminate and stock options vest in full (prorated for grants prior to 2016). Upon death, disability or voluntary termination of employment after attaining age 59 with ten years of service (50 years of age and seven years of service or age 62 for grants prior to 2016) with the Company, subject to certain conditions, the restrictions on time-vested shares lapse or units vest. At fiscal year-end, Mr. Krueger was the only NEO eligible for early vesting as a result of age or service with the Company.

Deferred Compensation Plan. Upon death, disability, or other qualifying separation from service, including retirement, all in accordance with Section 409A of the Internal Revenue Code, all amounts deferred by the NEOs under the Deferred Compensation Plan, including any vested amounts credited to the NEOs pursuant to a discretionary Company contribution, shall generally be paid, or commence payment, within 60 days of the termination in accordance with the schedule elected by the NEO at the time of deferral.

DESCRIPTION OF RESTRICTIVE COVENANTS THAT APPLY DURING AND AFTER TERMINATION OF EMPLOYMENT

The SERP contains non-competition, confidentiality and employee non solicitation provisions in favor of Wolverine Worldwide. Under the non-competition provisions of the SERP, the participant will not be entitled to any benefit payment if, prior to the date on which such benefit payment is due, the participant enters into certain relationships with a competing business.

ESTIMATED PAYMENTS ON TERMINATION OR CHANGE IN CONTROL

The following table summarizes the potential payments and benefits payable to each NEO upon a change in control or termination of employment following each of the triggering events set forth in the table. As required, the amounts in the table assume that the termination of employment or change in control of Wolverine Worldwide took place on the Company's last day of fiscal 2017, which was December 30, 2017. The amounts set out below are in addition to benefits that are generally available to the Company's employees such as distributions under the Company's 401(k) savings plan, disability or life insurance benefits and accrued vacation. Due to the many factors that affect the nature and amount of any benefits provided upon the termination events discussed below, any actual amounts paid or distributed to NEOs may be different. Factors that may affect these amounts include timing during the year of the occurrence of the event, Wolverine Worldwide's stock price and the NEO's age and years of service.

The value of the accelerated vesting of unvested equity-based compensation awards was computed using the closing market price \$31.88 of Wolverine Worldwide's common stock on December 29, 2017, the last business day in fiscal 2017. The value for unvested restricted stock is computed by multiplying \$31.88 by the number of shares of the NEO's restricted stock that would vest as a result of an event. The value of stock options that would vest as a result of an event equals the difference between the exercise price of each option and \$31.88.

The estimate for Mr. Krueger assumes target performance for the 2016-2018 and 2017-2019 performance periods and actual performance for the 2015-2017 period. Actual payout or vesting, if any, would be determined and made at the end of those periods. The amount reflected in the table also includes an estimated cost of \$20,557 for retiree medical benefits for 18 months and the estimated cost of \$25,000 for outplacement services.

2

Payments would be triggered after termination of employment under certain circumstances within two years (Messrs. Spaletto, Stornant, Woodworth and Zwiers) or three years (Mr. Krueger) following a change in control. Includes amounts payable in cash under the terms of the Executive Severance Agreement, excluding the value of the cash payout to each NEO of the option spread for already vested options. The timing of the

payment would be delayed to the extent earlier payment would trigger Section 409A of the tax code. The value of unvested options and service-based restricted shares that vest upon a change in control under the terms of the Company's stock incentive plans are included in the Stock Incentive Plans row.

3

These estimates assume that Wolverine Worldwide, or any successor company, maintains the benefit plans for a period of one year after termination and the outplacement services for a period beginning with the date of termination and ending on the last day of the second calendar year following the calendar year in which the date of termination occurred.

4

Reflects the value of unvested stock options and shares of restricted stock that would vest because of the event.

6

Reflects the entire lump sum death benefit payable to a participating NEO's beneficiary, including any accumulated benefit.

Amounts reflect the net present value of the annuity paid to the surviving spouse calculated using the same discount rate and mortality assumptions used in the Pension Benefits table under the heading "Pension Benefits in Fiscal Year 2017" under the heading "Pension Plans and 2017 Pension Benefits." In accordance with the terms of the Pension Plan, the death benefit for Messrs. Krueger and Zwiernicki was calculated as though the NEO had continued as an employee of Wolverine Worldwide until age 65 at the compensation level as of the date of death.

8
Under the Annual Bonus Plan and the terms of performance share awards, each NEO may be eligible to receive a pro rata portion of any award if employment is terminated as a result of any of the specified events in the table. The amount reported represents (a) actual payout under the Annual Bonus Plan for fiscal year 2017, (b) actual payout under the 2015-2017 performance cycle and (c) estimated target performance for the 2016-2018 and 2017-2019 performance cycles. Performance shares would vest on a prorated basis based on actual Company performance.

9
Reflects the net present value of the annuity using the same discount rate and mortality assumptions used in the Pension Benefits table and assuming the NEO drew the disability benefit until age 65 and then the normal retirement benefit.

10
Reflects the net present value of benefits, as reflected in the Pension Benefits table under the heading "Pension Benefits in Fiscal Year 2017" under the heading "Pension Plans and 2017 Pension Benefits."

11
Mr. Krueger is the only NEO eligible for retirement (as defined in the applicable plan) for all awards at fiscal 2017 year end. Mr. Stornant is eligible for retirement (as defined in the Stock Incentive Plan of 2013) at fiscal 2017 year end for awards granted prior to 2016. As such, Mr. Stornant is eligible for accelerated vesting of such awards upon retirement.

12
Reflects the value of unvested stock options and shares of restricted stock (including performance share awards) that would vest because of the event.

13
The Executive Severance Agreements with Messrs. Spaletto, Stornant and Woodworth do not include excise tax gross up adjustments. Under the provisions of their Agreements, if payments to Messrs. Spaletto, Stornant or Woodworth under the Agreement would trigger application of an excise tax, the Company would reduce the payment to an amount that avoids application of the excise tax or pay the full amount, whichever results in the greater after-tax amount to the executive.

CEO PAY RATIO

As required by Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act, and Item 402(u) of Regulation S-K, we are providing the following information about the relationship of the annual total compensation of our employees and the annual total compensation of Blake Krueger, the Company's Chief Executive Officer.

For 2017, our last completed fiscal year the annual total compensation of the employee of the Company identified at median was \$64,167, and the annual total compensation of the CEO, as reported in the Summary Compensation Table above, was \$12,018,559.

Based on this information, the 2017 ratio of the annual total compensation of Mr. Krueger to the median of the annual total compensation of all employees was estimated to be 188 to 1.

The methodology and the material assumptions, adjustments, and estimates that we used to identify the median of the annual total compensation of all our employees, as well as to determine the annual total compensation of our "median employee" and our CEO, are described below.

We determined that, as of October 1, 2017, our employee population consisted of approximately 3,745 (2,884 in the U.S. and 861 outside the U.S.) individuals globally. After excluding employees from India (15 employees) and Vietnam (39 employees) pursuant to the "de minimis" exception provided in the rules, we used a base of 3,691 employees for purposes of determining the "median employee." We selected October 1, 2017, which is within the last three months of 2017, as the date upon which we would identify the median employee to allow sufficient time to identify the median employee given the global scope of our operations.

To identify the median employee from our employee population, we used annual base salary as well as bonus and other cash incentives paid for the 12-month period ending October 15, 2017 as our consistently applied compensation measure. In making this determination, we annualized the compensation of all newly hired regular employees during this period.

Once we identified our median employee, we combined all of the elements of such employee's compensation for fiscal 2017 in accordance with the SEC's rules, resulting in annual total compensation of \$64,167. The difference between such employee's cash compensation and annual total compensation determined for purposes of this calculation was \$23,825, which includes change in pension value, employer paid health care and life insurance premiums, and 401(k) match.

With respect to the annual total compensation of our CEO, we used the amount reported in the "Total" column of our 2017 Summary Compensation Table included in the Proxy Statement.

Proposal 2 Advisory Resolution to Approve Executive Compensation

The Company is asking its shareholders to indicate their support for Wolverine Worldwide's NEO compensation, as described in this Proxy Statement. This proposal, commonly known as a "say on pay" proposal, gives the Company's shareholders the opportunity to express their view on compensation for the Company's NEOs. The say on pay vote is advisory and, therefore, not binding on the Company, the Compensation Committee or the Board. Even though non-binding, the Board and Compensation Committee value the opinions of Wolverine Worldwide's shareholders and will review and consider the voting results when making future decisions regarding the Company's executive compensation program.

At the 2017 annual meeting of shareholders, the Company also held an advisory vote on the frequency of future say-on-pay votes. Our shareholders voted in favor of an annual say-on-pay vote and the Company has elected to follow such recommendation. In accordance with Rule 14a-21(b) of the Exchange Act, shareholders will be asked to vote again on how frequently the Company should hold future say-on-pay votes at the Company's 2023 annual meeting of shareholders.

The Company encourages shareholders to read the "Compensation Discussion and Analysis" ("CD&A") section of this proxy statement beginning on page 34. As described in the CD&A section, the Compensation Committee has structured the executive compensation program to achieve the following key objectives:

Align the interests of NEOs with those of the shareholders through incentives based on achieving performance objectives that enable increased shareholder value

Provide incentives for achieving specific, near term corporate, business unit and individual goals and reward the achievement of those goals

Provide incentives for achieving pre-established, longer term corporate financial goals and reward achievement of those goals

Attract and retain talented NEOs who will lead Wolverine Worldwide and drive superior business and financial performance

The executive compensation program is designed to achieve these objectives, in part, by:

Weighting at risk and variable compensation (annual bonuses and long-term incentives) much more heavily than fixed compensation (base salaries)

Rewarding annual performance while maintaining emphasis on longer-term objectives

Blending cash, non-cash, long- and short-term compensation components, and current and future compensation components

The Company encourages shareholders to read the Summary Compensation Table and other related compensation tables and narrative, appearing on pages 51-68, which provide detailed information on the compensation of the Company's NEOs.

The Compensation Committee and the Board of Directors believe the Company's compensation program and its policies and procedures articulated in the CD&A section are effective in aligning the interests of the Company's NEOs with the interests of shareholders, promoting the achievement of the Company's near and long-term objectives, and increasing shareholder value.

In accordance with the rules under Section 14A of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and as a matter of good corporate governance, the Company asks shareholders to approve the following advisory resolution at the 2018 Annual Meeting of Shareholders:

RESOLVED, that the shareholders of Wolverine World Wide, Inc. (the "Company") approve, on an advisory basis, the compensation of the Company's named executive officers disclosed in the Compensation Discussion and Analysis section, the Summary Compensation Table and the related compensation tables, notes and narrative in the Proxy Statement for the Company's 2018 Annual Meeting of Shareholders.

BOARD RECOMMENDATION

The Board recommends that you vote "FOR" approval of the advisory resolution to approve executive compensation.

Proposal 3 Ratification of Appointment of Independent Registered Public Accounting Firm

Ernst & Young LLP ("Ernst & Young") was the Company's independent registered public accounting firm for the fiscal year ended December 30, 2017. The Audit Committee has reappointed Ernst & Young as the Company's independent registered public accounting firm for the current fiscal year. As a matter of good corporate governance, the Audit Committee has determined to submit its appointment of Ernst & Young to the Company's shareholders for ratification. If this appointment is not ratified by the holders of a majority of shares cast affirmatively or negatively on the matter, the Audit Committee will review its future selection of an independent registered public accounting firm. Even if the appointment is ratified, the Audit Committee in its discretion may select a different independent registered public accounting firm any time during the year if it determines that such a change would be in the best interests of the Company and the Company's shareholders.

The Audit Committee reviewed Ernst & Young's performance prior to appointing it as the Company's independent registered public accounting firm, and considered:

the historical and recent performance of Ernst & Young on the Company's audit, including the quality of the engagement team and Ernst & Young's experience, client service, responsiveness and technical expertise

the Public Company Accounting Oversight Board report of selected Ernst & Young audits

the appropriateness of fees charged

Proposal 4 Approval of Amended and Restated Stock Incentive Plan of 2016

Overview

On February 7, 2018 (the "Amendment Date"), the Board of Directors unanimously adopted and approved the Wolverine World Wide, Inc. Stock Incentive Plan of 2016, as amended and restated (the "Plan"), subject to shareholder approval. The Plan amends and restates the Wolverine World Wide, Inc. Stock Incentive Plan of 2016, which was approved by Company shareholders at the 2016 annual meeting (the "Current Plan"). The Plan allows grants of cash awards, stock options, stock appreciation rights, restricted stock, restricted stock units and stock awards, any of which may be performance-based, and for incentive bonuses. The only other equity plan under which common stock of the Company may be issued is the Outside Directors' Deferred Compensation Plan, which authorizes the issuance of shares only to non-employee directors. If shareholders do not approve the Plan, the Current Plan will remain in existence, but the Company will not have sufficient shares under it to meet its short- or long-term needs.

Key Changes in the Plan

The amendment and restatement of the Plan is generally effective on the Amendment Date and makes the following changes, as described in more detail under "Plan Summary" below:

Increases the shares available under the Plan by 8.5 million shares, subject to shareholder approval;

Extends the term of the Plan by approximately two years, from February 10, 2026 to February 7, 2028, subject to shareholder approval;

Provides that awards subject to time-based vesting that are granted on or after the Amendment Date are subject to "double-trigger" vesting on a change in control of the Company; and

Makes other administrative changes, including changes clarifying the treatment of awards subject to performance-based vesting on a change in control of the Company.

Notwithstanding the foregoing, the terms of the Plan, as amended and restated on the Amendment Date, will only apply to awards granted after the Amendment Date. Awards granted prior to the Amendment Date continue to be governed by the terms of the Current Plan as in effect on November 2, 2017, which were those same terms in effect as of immediately prior to the Amendment Date. It is the intent of the Company that the amendment and restatement of the Plan on the Amendment Date not constitute a "material modification" of the Plan or awards granted under it prior to the Amendment Date within the meaning of Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code") and the Plan will be interpreted in accordance with the foregoing intent.

Why You Should Vote For the Plan

The Board of Directors recommends that the Company's shareholders approve the Plan because it believes that equity awards are a critical part of the Company's compensation program and are essential to the Company's ability to effectively compete for and appropriately motivate and reward key talent. The Board of Directors believes that it is in the interests of both the Company and its shareholders to strengthen the Company's ability to attract, motivate and retain high quality employees, directors and consultants and to incentivize such persons to achieve the Company's financial and strategic goals through the issuance of equity and other performance-based awards. The Company is seeking shareholder approval of the Plan because the Board of Directors does not believe that the shares available for issuance with respect to equity

awards under the Current Plan are sufficient to meet the Company's short- or long-term needs. The Company believes that the availability of an additional 8.5 million shares under the Plan in addition to the remaining shares under the Current Plan (2,673,893 shares at the end of fiscal 2017) would provide sufficient additional shares to continue to make awards at historical average rates for 2-3 years.

Promotion of Good Corporate Governance Practices

The Plan includes a number of provisions that we believe promote good corporate governance and the interests of shareholders. Under the Plan:

Stock options and stock appreciation rights may not be granted with exercise prices lower than the fair market value of the underlying shares on the grant date

The administrator may not, without prior approval of the Company's shareholders, "reprice" any previously granted underwater stock options or stock appreciation rights

Shares subject to an award under the Plan may not again be made available for issuance under the Plan if such shares were: (i) subject to a stock-settled stock appreciation right and were not issued upon the net settlement or net exercise of such stock appreciation right, (ii) used to pay the exercise price of a stock option or the purchase price, if any, for an award, (iii) delivered to or withheld by the Company to pay the withholding taxes related to an award, or (iv) repurchased on the open market with the proceeds of a stock option exercise

The Plan has a fungible share feature whereby so-called "full value" awards are counted against the share pool at a higher rate (2.6:1) than stock options or stock appreciations rights

Outstanding awards under the Plan may be forfeited in the event a participant engages in an act of misconduct

The Plan administrator may recover awards made under the Plan and payments under or gain in respect of any award in accordance with the Company's Policy for Recovery of Incentive Compensation or any other clawback policy maintained by the Company

Awards generally must be granted with vesting schedules pursuant to which they will not vest or become exercisable for at least one year

The Plan limits the aggregate grant date value of awards that may be granted to non-employee directors

No dividends or dividend equivalents will be paid with respect to performance-based restricted stock units or performance-based restricted stock until the underlying performance awards vest

No dividends or dividend equivalents will be paid with respect to shares subject to stock options or stock appreciation rights

Awards generally may not be transferred except by will or the laws of descent and distribution or, if approved by the administrator, to certain family members, family trusts, or family partnerships pursuant to a gift or domestic relations order

Awards subject to time-based vesting that are granted on or after the Amendment Date are subject to "double-trigger" vesting on a change in control of the Company

Section 162(m) of the Code

The Board of Directors believes that it is in the best interests of the Company and its shareholders to continue to maintain an equity incentive plan under which awards made to the Company's executive officers before November 2, 2017 may continue to qualify as exempt "performance based" compensation for purposes of Section 162(m) (to the extent applicable). Prior to the enactment of the Tax Cuts and Jobs Act on December 22, 2017 ("Tax Act"), Section 162(m) of the Code generally limited to; \$1,000,000 the federal income tax deduction available to publicly held companies for compensation paid in any one year to the Company's chief executive officer or any of the Company's three other most highly compensated executive officers (other than the Company's CFO), with certain exceptions for "qualified performance-based compensation." For compensation awarded under a plan before November 2, 2017 to fit within this exception under Section 162(m) of the Code, among other things, the following terms must be disclosed to and approved by the shareholders of the company before the compensation is paid: (i) a description of the employees eligible to receive such awards, (ii) a description of the business criteria on which the performance goals may be based, and (iii) the maximum amount that can be paid to any participant for a specified period. While it is the intent of the Company that the amendment and restatement of the Plan on the Amendment Date not constitute a "material modification" of the Plan or awards granted under it prior to the Amendment Date within the meaning of Section 162(m) of the Code, there can be no guarantee that awards made before November 2, 2017 under the Plan will be deductible as qualified performance-based compensation under Section 162(m) of the Code. In addition, the Compensation Committee has and will continue to have authority to pay or provide compensation (including under the Plan, if approved by shareholders) that is not deductible under Section 162(m) of the Code in order to maintain a competitive compensation program and provide compensation that will attract and retain highly qualified executives

Plan Summary

The following summary of the material terms of the Plan is qualified in its entirety by reference to the complete statement of the Plan, which is set forth in Appendix A to this proxy statement.

Administration

The Plan will be administered by the Compensation Committee, which is referred to in this summary in its capacity as administrator of the Plan as the "administrator." Any power of the Compensation Committee as administrator may also be exercised by the Board of Directors, except to the extent that the grant or exercise of such authority would cause any award or transaction to become subject to (or lose an exemption under) the short-swing profit recovery provisions of Section 16 of the Exchange Act or cause an award designated as a performance award not to

qualify for treatment as performance-based compensation under Section 162(m) of the Code, to the extent applicable. Subject to the express provisions of the Plan, the administrator is authorized and empowered to do all things that it determines to be necessary or appropriate in connection with the administration of the Plan. All decisions, determinations and interpretations by the Compensation Committee regarding the Plan and awards granted under the Plan will be final and binding on all participants and other persons holding or claiming rights under the Plan or to an award under the Plan. The Compensation Committee may authorize one or more officers of the Company to perform any or all things that the administrator is authorized and empowered to do or perform under the Plan; provided, however, that no such officer may designate himself or herself as a recipient of any awards granted under the authority delegated to

Table of Contents

such officer and that any delegation of the power to grant awards to an officer must otherwise be consistent with the requirements of Section 157(c) of the Delaware General Corporation Law. The Compensation Committee has designated the Company's CEO, CFO, general counsel and secretary, and head of the human resource function to assist in administering the Plan and executing award agreements and other documents entered into under the Plan. In addition, the Compensation Committee may delegate any or all aspects of the day-to-day administration of the Plan to one or more officers or employees of the Company or any subsidiary, and/or to one or more agents.

References to Section 162(m) of the Code in this "Administration" section, as well as in the sections captioned "Shares Subject to the Plan and to Awards," "Restricted Stock and Restricted Stock Units," "Incentive Bonuses" and "Qualifying Performance Criteria" below, shall refer to such Code section as in effect prior to December 22, 2017, including the regulations thereunder and other applicable Internal Revenue Service guidance, whether promulgated or issued before or after December 22, 2017.

Eligibility

Any person who is a current or, to the extent consistent with Section 409A of the Code, prospective officer or employee of the Company or of any Company subsidiary will be eligible for selection by the administrator for the grant of awards under the Plan. In addition, non-employee directors and any service providers who have been retained to provide consulting, advisory or other services to the Company or to any Company subsidiary will be eligible for the grant of awards under the Plan. Stock options intended to qualify as "incentive stock options" ("ISOs") within the meaning of Section 422 of the Code may only be granted to employees of the Company or a Company subsidiary. As of March 1, 2018, approximately 7 executive officers, 415 employees, 10 non-employee directors and a very limited number (likely less than 10) of other service providers would be eligible to participate in the Plan. As of this same date, the closing price of a share of common stock of the Company was \$29.00.

Shares Subject to the Plan and to Awards

Subject to changes in the Company's capitalization, the aggregate number of shares of the Company's common stock issuable pursuant to all awards under the Plan will not exceed 6,100,000 (the number of shares authorized under the Current Plan as approved by shareholders on April 21, 2016), plus an additional 8,500,000 shares, plus any shares of the Company's common stock underlying awards granted under the Company's Stock Incentive Plan of 2013 and the Company's Stock Incentive Plan of 2010 that on or after the effective date of the Current Plan, or the Amendment Date, as applicable, cease for any reason to be subject to such awards (other than by reason of exercise or settlement of the awards to the extent they are exercised for or settled in vested and non-forfeitable shares). Any shares granted under stock options or stock appreciation rights will be counted against this limit on a one-for-one basis, and any shares granted under any other awards will be counted against this limit as 2.6 shares for every one share subject to such award. The shares issued pursuant to awards granted under the Plan may be shares that are authorized and unissued or issued shares that were reacquired by the Company, including shares purchased in the open market. No fractional shares will be delivered under the Plan.

For purposes of determining the share limits described in the paragraph above, the aggregate number of shares issued under the Plan at any time will equal only the number of shares actually issued (as calculated above) upon exercise or settlement of an award. Notwithstanding the foregoing, shares subject to an award under the Plan may not again be made available for issuance under the Plan if such shares were: (i) subject to a stock-settled stock appreciation right and were not issued upon the net settlement or net exercise of such stock appreciation right, (ii) used to pay the exercise price of a stock option or the purchase price, if any, for an award, (iii) delivered to or withheld by the Company to pay the withholding taxes related to an award, or (iv) repurchased on the open market with the proceeds of a stock option exercise. Shares subject to awards that have been canceled, expired, forfeited or otherwise not issued under an award and shares subject to awards settled in cash will not count as shares issued under the Plan for purposes of the above limit.

Subject to certain adjustments, the aggregate number of shares that may be delivered, or the value of which could be paid in cash or other property, under awards granted under the Plan during any calendar year to any one participant may not exceed 3,600,000 and the aggregate number of shares that may be issued pursuant to the exercise of ISOs granted under the Plan may not exceed 3,600,000. The maximum amount payable pursuant to that portion of an incentive bonus granted in any calendar year to any participant under the Plan that is intended to satisfy the requirements for "performance-based compensation" under Section 162(m) of the Code may not exceed \$20,000,000. The aggregate grant date fair value of awards (computed as of the date of grant in accordance with applicable financial accounting rules) granted under the Plan during any calendar year to any one non-employee director will not exceed \$400,000.

Table of Contents

In addition, (i) no portion of any grant of restricted stock will be scheduled to vest prior to the date that is one year following the date the restricted stock is granted; (ii) no portion of any grant of an option or stock appreciation right will be scheduled to become exercisable prior to the date that is one year following the date the option or stock appreciation right is granted; and (iii) no portion of any grant of a restricted stock unit or incentive bonus will be scheduled to vest or be settled, paid or distributed prior to the date that is one year following the date the award is granted; provided, however, that awards that result in the issuance of an aggregate of up to 5% of the shares reserved for issuance under the Plan may be granted to eligible persons without regard to the minimum vesting, exercisability, settlement, payment and distribution provisions described in this paragraph.

Stock Options

Stock options granted under the Plan may either be ISOs or stock options that are not intended to qualify as ISOs ("nonqualified stock options" or "NQSOs"). The administrator will establish the exercise price per share under each stock option, which will not be less than the fair market value (or 110% of the fair market value in the case of ISOs granted to individuals who own more than 10% of the Company's common stock) of a share on the date the stock option is granted, except in certain cases where substitute or replacement awards are granted in connection with a merger or acquisition. The administrator will establish the term of each stock option, which in no case may exceed a period of 10 years from the date of grant (or five years in the case of ISOs granted to individuals who own more than 10% of the Company's common stock). Unless the administrator determines otherwise, (i) upon termination of employment other than due to death, disability, retirement or termination for cause, to the extent vested on the date of such termination, stock options remain exercisable for three months following such date (or until the expiration date of the stock option, if earlier), (ii) upon death or disability, stock options become fully vested and remain exercisable for one year following such event (or until the expiration date of the stock option, if earlier), (iii) upon retirement, stock options become fully vested and remain exercisable until their expiration date, and (iv) upon termination of employment for cause, all stock options are forfeited.

No dividends or dividend equivalents may be paid or granted in respect of shares subject to stock options or stock appreciation rights and no holder of a stock option is entitled to any dividends with respect to the shares subject to stock options or appreciation rights unless and until such awards have vested and have been exercised in accordance with the terms of the Plan and the applicable award agreement and such shares are reflected as issued and outstanding.

Stock Appreciation Rights

A stock appreciation right provides the right to receive the monetary equivalent of the increase in value of a specified number of the shares over a specified period of time after the right is granted. Stock appreciation rights may be granted to participants either in tandem with or as a component of other awards granted under the Plan ("tandem SARs") or not in conjunction with other awards ("freestanding SARs"). All freestanding SARs will be granted subject to the same terms and conditions applicable to options as set forth above and in the Plan, and all tandem SARs will have the same exercise price, vesting, exercisability, forfeiture and termination provisions as the award to which they relate.

Restricted Stock and Restricted Stock Units

Restricted stock is an award or issuance of shares the grant, issuance, retention, vesting and/or transferability of which is subject during specified periods of time to certain conditions (including continued employment or performance conditions) determined by the administrator. Restricted stock units are awards denominated in units of shares under which the issuance of shares is subject to such conditions (including continued employment or performance conditions) and terms as the administrator deems appropriate. Notwithstanding the satisfaction of any performance goals, the number of shares granted, issued, retainable and/or vested under an award of restricted stock or restricted stock units on account of either financial performance or personal performance evaluations may be reduced, but not increased, by the administrator on the basis of such further consideration as the administrator may determine.

Unless the administrator determines otherwise, (i) upon termination of employment for any reason other than death, disability or retirement, all restricted stock and restricted stock units still subject to restrictions as of the date of termination will be forfeited, and (ii) upon death, disability or retirement, in general, the restrictions remaining on a participant's restricted stock and restricted stock units will lapse, except that in the case of awards intended to satisfy the exception for "performance-based compensation" under Section 162(m) of the Code, any applicable qualifying performance criteria will not lapse upon a participant's retirement other than in a manner that is consistent with such requirements.

Table of Contents

Unless otherwise determined by the administrator, participants holding shares of restricted stock granted under the Plan may exercise full voting rights with respect to those shares during the period of restriction, but participants will have no voting rights with respect to shares underlying restricted stock units unless and until such shares are reflected as issued and outstanding shares on the Company's stock ledger.

The administrator will determine the extent to which participants are entitled to receive dividends or dividend equivalents with respect to restricted stock and shares underlying restricted stock units. Any cash or stock dividends and dividend equivalents with respect to restricted stock and restricted stock units granted as performance awards, if any, will be withheld by the Company for the participant's account and will be paid, if at all, (i) in the case of restricted stock, upon the achievement of the applicable performance measure(s) and the satisfaction of any other restrictions imposed on the restricted stock in respect of which the dividends were paid and (ii) in the case of restricted stock units, at the time the shares and/or cash underlying such restricted stock units is paid, and any dividends deferred in respect of any restricted stock and restricted stock units granted as performance awards will be forfeited upon the forfeiture of such restricted stock and restricted stock units. Any non-cash dividends or distributions paid with respect to restricted stock and restricted stock units granted as performance awards will be subject to the same restrictions that apply to the award to which they relate.

Stock Awards

Stock awards may be granted under the Plan with such terms and conditions as determined by the administrator, consistent with the 5% limit set forth above under "Shares Subject to the Plan and to Awards." Participants will have all voting, dividend, liquidation and other rights with respect to shares underlying a stock award, but such awards may be subject to restrictions on transfer as determined by the administrator.

Incentive Bonuses

An incentive bonus will confer upon the participant the opportunity to earn a future payment, in cash or shares, tied to the level of achievement with respect to one or more performance criteria established for a performance period of not less than one year. The administrator will establish the terms and conditions to which the award is subject, including performance criteria and the level of achievement of the criteria that will determine the target and maximum amounts payable under an incentive bonus award, which criteria may be based on financial performance and/or personal performance evaluations. An incentive bonus may or may not be intended to satisfy the requirements of the "performance-based compensation" exception under Section 162(m) of the Code, to the extent applicable. The Company does not anticipate that awards granted after November 2, 2017 will qualify as performance-based compensation under Section 162(m) of the Code. Notwithstanding the satisfaction of any performance goals, the amount paid under an incentive bonus award on account of either financial performance or personal performance evaluations may be reduced, but not increased, by the administrator on the basis of such further consideration as the administrator may determine.

Deferral of Gains

The administrator may, in an award agreement or otherwise, provide for the deferred delivery of shares upon settlement, vesting or other events with respect to restricted stock or restricted stock units, or for the deferred payment or satisfaction of an incentive bonus. However, in no event will any deferral of the delivery of shares or any other payment with respect to any award be allowed if the administrator determines, in its sole and absolute discretion that the deferral would result in the imposition of the additional tax under Section 409A of the Code. Notwithstanding the foregoing and to the extent compliant with Section 409A of the Code, if the administrator permits any deferral of shares or any other payment as described above, payment of any vested award that a participant has elected to defer will be made regardless of any deferral election within thirty (30) days of a change in control or the participant's separation from service (including death).

Qualifying Performance Criteria

With respect to performance-based awards the administrator may establish performance criteria and level of achievement of such criteria that will determine the number of shares to be granted, retained, vested, issued or issuable under or in settlement of or the amount payable pursuant to an award, which criteria may be based on "qualifying performance criteria" (as described below) or other standards of financial performance and/or personal performance evaluations. In addition, the administrator may specify that an award or a portion of an award is intended to satisfy the requirements for "performance-based compensation" under Section 162(m) of the Code, to the extent applicable, provided that the performance criteria for such award or portion of an award that is intended by the administrator to satisfy the requirements for "performance-based compensation" under Section 162(m) of the Code will be a measure based on one or more qualifying performance criteria selected by the administrator and specified in writing at the time the award is granted, which will be not later than 90 days after the commencement of the performance period to which the incentive bonus relates (or at such earlier time as is required to qualify the incentive

bonus as performance-based under Section 162(m) of the Code). The administrator will certify the extent to which any qualifying performance criteria has been satisfied, and the amount payable as a result thereof, prior to payment, settlement or vesting of any award that is intended to satisfy the requirements for "performance-based compensation" under Section 162(m) of the Code.

For purposes of the Plan, the term "qualifying performance criteria" means an objectively determinable measure of performance relating to any one or more of the following performance criteria, or derivations of such performance criteria, either individually, alternatively or in any combination, applied to either the Company as a whole or to a business unit, division, line or subsidiary, either individually, alternatively or in any combination, and measured either annually or cumulatively over a period of years, on an absolute basis or relative to a pre-established target, to previous years' results or to an index or indices or a designated comparison group or groups, in each case as specified by the administrator: (i) net earnings or earnings per share (including earnings before interest, taxes, depreciation and/or amortization), (ii) income, net income or operating income, (iii) revenues, (iv) net sales, (v) return on sales, (vi) return on equity, (vii) return on capital (including return on total capital or return on invested capital), (viii) return on assets or net assets, (ix) earnings per share, (x) economic or business value added measurements (xi) return on invested capital, (xii) return on operating revenue, (xiii) cash flow (before or after dividends), (xiv) stock price, (xv) total shareholder return, (xvi) market capitalization, (xvii) economic value added, (xviii) debt leverage (debt to capital), (xix) operating profit or net operating profit, (xx) operating margin or profit margin, (xxi) cash from operations, (xxii) market share, (xxiii) product development or release schedules, (xxiv) new product innovation, (xxv) cost reductions, (xxvi) customer acquisition or retention, (xxvii) customer service, or (xxviii) customer satisfaction.

To the extent consistent with the requirements for satisfying performance-based compensation exception under Section 162(m) of the Code, the administrator (i) may appropriately adjust any evaluation of performance under qualifying performance criteria to eliminate the effects of charges for restructurings, discontinued operations, unusual or infrequently occurring items and all items of gain, loss or expense determined to be unusual or infrequent in nature or related to the disposal of a segment of a business or related to a change in accounting principle all as determined in accordance with applicable accounting provisions, as well as the cumulative effect of accounting changes, in each case as determined in accordance with generally accepted accounting principles or identified in the Company's financial statements or notes to the financial statements, and (ii) may appropriately adjust any evaluation of performance under qualifying performance criteria to exclude any of the following events that occurs during a performance period: (a) asset write-downs, (b) litigation, claims, judgments or settlements, (c) the effect of changes in tax law or other such laws or provisions affecting reported results, and (d) accruals of any amounts for payment under the Plan or any other compensation arrangement maintained by the Company.

Suspension or Termination of Awards

Unless otherwise determined by the administrator, (i) if the Company's chief executive officer or any other person designated by the administrator reasonably believes that a participant may have committed an act of misconduct (as defined in the Plan), then the participant's rights to exercise any stock option, vest in any award and/or receive payment for or shares in settlement of an award may be suspended pending a determination of whether such misconduct has been committed, and (ii) if the administrator, the Company's chief executive officer or any other person designated by the administrator determines that a participant has committed an act of misconduct, then the participant (a) may not exercise any stock option or stock appreciation right, vest in any award, have restrictions on an award lapse or otherwise receive payment of an award, (b) will forfeit all outstanding awards, and (c) may be required, at the discretion of the administrator, to return or repay to the Company any then unvested shares previously issued under the Plan. In addition, the administrator may seek to recover awards made under the Plan and payments under or gain in respect of any award in accordance with the Company's Policy for Recovery of Incentive Compensation or any successor or additional clawback or recoupment policy or as otherwise required by applicable law or applicable stock exchange listing standards.

Settlement of Awards

Awards (other than stock awards), may be settled in shares, cash or a combination thereof, as determined by the administrator.

No Repricing Without Shareholder Approval

Other than in connection with certain changes in the Company's capitalization, the administrator may not, without prior approval of the Company's shareholders, effect any "repricing" of a previously granted stock option or stock appreciation right that is "underwater" (i.e., the fair market value of the shares underlying such award is less than the exercise price of such award) by (i) amending or modifying the terms of the award to lower the exercise price; (ii) canceling the underwater award and granting either (A) replacement stock options or stock appreciation rights, as applicable, having a lower exercise price or (B) restricted stock, restricted stock units, performance awards or stock awards in exchange; or (iii) cancelling or repurchasing the underwater award for cash or other securities.

Amendment and Termination

The Board of Directors may amend, alter or discontinue the Plan, and the administrator may amend or alter any agreement or other document evidencing an award made under the Plan, except that, unless in connection with a change in the capitalization of the Company or a change in control, no such amendment or alteration may, without the approval of the shareholders of the Company: (i) increase the maximum number of shares for which awards may be granted under the Plan, (ii) reduce the minimum price set forth in the Plan at which stock options or stock appreciation rights may be granted, (iii) reduce the exercise price of outstanding stock options or stock appreciation rights, (iv) extend the term of the Plan, (v) change the class of persons eligible to be participants, (vi) otherwise amend the Plan in any manner requiring shareholder approval by law or under the New York Stock Exchange listing requirements (or the listing requirements of any successor exchange that is the primary stock exchange for trading of the Company's shares), or (vii) increase the individual maximum limits set forth in the Plan.

Except as set forth in the Plan, no amendment or alteration to the Plan or an award or award agreement may be made that would impair the rights of the holder of an award without such holder's consent. In addition, the Plan may not be amended in any way that causes the Plan to fail to comply with or be exempt from Section 409A of the Code, unless the Board of Directors expressly determines to amend the Plan to be subject to Section 409A of the Code.

The administrator may, in its sole and absolute discretion, modify the provisions of the Plan or an award as they pertain to a participant who is employed or providing services outside the United States in order to comply with applicable foreign law or to recognize differences in local law, currency or tax policy.

Change in Control

For awards granted prior to the Amendment Date, unless otherwise determined by the administrator, upon a change in control all outstanding stock options and stock appreciation rights will become immediately exercisable and, unless such awards will receive a cash payment as described in the last paragraph of this "change in control" section, will remain exercisable through their terms without any requirement to continue in the service or employ of the Company, and all other outstanding awards immediately will become vested.

For awards granted on or after the Amendment Date that are subject to vesting based on continuous employment or service, to the extent awards are assumed or substituted by an acquirer in the change in control (as defined in the Plan) awards shall not immediately vest upon the change in control and instead shall continue to vest in accordance with their terms, provided that if a participant experiences a termination of employment (as defined in the Plan) by the Company without cause (as defined in the Plan) or by the participant for good reason (as defined in the Plan), in each case, within the twenty-four (24) month period following the change in control, the awards shall immediately vest and become exercisable or shall be settled upon such qualifying termination. If, at any time during the vesting period of an award, a participant is or becomes eligible to terminate his or her employment with the Company or its Subsidiaries due to retirement, the award shall immediately vest in full upon the change in control.

For awards granted on or after the Amendment Date that are subject to performance conditions, if a change in control occurs prior to the end date of a performance period, to the extent the performance award is outstanding immediately prior to such change in control, such award will vest (a) based on actual performance through the date of the change in control as determined by the administrator (treating the change in control as the end of the applicable performance period) without proration for the time elapsed in such performance period prior to such change in control for purposes of determining performance, but in the discretion of the administrator, prorated for purposes of elapsed time in a manner consistent with subsection (b) below, (b) assuming that target level of performance is attained and prorated based on the number of days in the performance period that elapsed prior to the change in control over the total number of days in the performance period, or (c) a combination of (a) and (b) (without double counting). Any portion of the performance award (or the full award as applicable) that does not vest in connection with a change in control as contemplated herein will automatically terminate upon such change in control.

Subject to and limited by the requirements of the preceding three paragraphs, the administrator shall determine the effect of a change in control (as defined in the Plan) on outstanding awards. These effects, which need not be the same for all participants, may include, but are not limited to (i) substituting for the shares subject to an outstanding award or portion thereof the stock or securities of the surviving corporation or any successor corporation (or parent or subsidiary thereof), in which event the aggregate exercise price of the award will remain the same, and/or (ii) converting any outstanding award or portion thereof into a right to receive cash or other property following the consummation of the change in control in an amount equal to the value of the consideration to be received for one share of the Company's

Table of Contents

common stock in connection with such transaction less the purchase or exercise price of the shares subject to the award, if any, multiplied by the number of shares subject to the award or portion thereof.

The administrator may determine that some or all participants holding vested and exercisable stock options or stock appreciation rights will receive with respect to some or all of the shares subject to such awards cash in an amount equal to the excess of (i) the greater of (a) the highest sales price of the shares on the New York Stock Exchange (or any successor exchange that is the primary stock exchange for trading of the Company's shares) on the date immediately prior to the change in control and (b) the highest price per share actually paid in connection with the change in control, over (ii) the exercise price of the award.

Adjustments

The number and kind of shares available for issuance under the Plan, and the number and kind of shares subject to the individual and ISO limits set forth under the Plan, will be equitably adjusted by the administrator to reflect any reorganization, reclassification, combination of shares, stock split, reverse stock split, spin-off, dividend or distribution of securities, property or cash (other than regular, quarterly cash dividends), or any other event or transaction that affects the number or kind of shares of the Company outstanding. The terms of any outstanding award will also be equitably adjusted by the administrator as to price, number or kind of shares subject to such award and other terms to reflect the foregoing events, which adjustments need not be uniform as between different awards or different types of awards.

In the event there is a change in the number or kind of outstanding shares under the Plan as a result of a change of control, other merger, consolidation or otherwise, then the administrator will determine the appropriate and equitable adjustment to be effected. In addition, in the event of such a change, the administrator may accelerate the time or times at which any award may be exercised (subject to the limitations described above under the "Change in Control" heading) and may provide for cancellation of such accelerated awards that are not exercised within a time prescribed by the administrator in its sole discretion.

Transferability

Unless the administrator determines otherwise, awards may not be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated by a participant other than by will or the laws of descent and distribution, and each stock option or stock appreciation right may be exercisable only by the participant during his or her lifetime. To the extent permitted by the administrator, the person to whom an award is initially granted may transfer awards, in certain limited circumstances, to certain family members, family trusts, or family partnerships.

No Right to Company Employment

Nothing in the Plan or an award agreement will interfere with or limit in any way the right of the Company, its subsidiaries and/or its affiliates to terminate any participant's employment, service on the Board of Directors or service for the Company at any time or for any reason not prohibited by law, nor will the Plan or an award itself confer upon any participant any right to continue his or her employment or service for any specified period of time. Neither an award nor any benefits arising under the Plan will constitute an employment contract with the Company, any subsidiary and/or its affiliates.

Effective Date and Termination of the Plan

The Plan was adopted by the Board of Directors on February 7, 2018, subject to shareholder approval. The Plan will remain available for the grant of awards until February 7, 2028, unless earlier terminated by the Board of Directors. If shareholders do not approve this proposal, the Company can continue to make awards under the Current Plan to the extent of the number of shares authorized under the Current Plan as of immediately prior to the Amendment Date. Any award granted on or after the Amendment Date, to the extent that the number of shares subject to such award, or portions thereof, exceeds the number of shares authorized under the Current Plan as of the Amendment Date, shall be void as determined by the Administrator if shareholder approval of the Plan is not obtained.

Federal Income Tax Treatment

The following discussion is a general summary as of the date of this Proxy Statement of the significant U.S. federal income tax consequences to the Company and the participants in the Plan. The discussion is intended solely for general information and does not make specific representations to any participant. The discussion does not address state, local or foreign income tax rules or other U.S. tax provisions, such as estate or gift taxes. A recipient's particular situation may be such that some variation of the basic rules is applicable to him or her. In addition,

2018 PROXY STATEMENT

82

Table of Contents

the federal income tax laws and regulations are frequently revised and may change at any time. Therefore, each recipient is urged to consult a tax advisor before exercising any award or before disposing of any shares acquired under the Plan both with respect to federal income tax consequences as well as any foreign, state or local tax consequences. The Company does not anticipate that awards granted after November 2, 2017 will qualify as performance-based compensation under Section 162(m) of the Code.

Stock Options

ISOs and NQSOs are treated differently for federal income tax purposes. ISOs are intended to comply with the requirements of Section 422 of the Code. NQSOs do not comply with such requirements.

In general, a participant is not taxed on the grant or exercise of an ISO. The difference between the exercise price and the fair market value of the shares on the exercise date may, however, be a preference item for purposes of the alternative minimum tax. If a participant holds the shares acquired upon exercise of an ISO until the later of two years following the stock option grant date and one year following exercise, the gain, if any, upon a subsequent disposition of such shares will be long-term capital gain. The amount of the gain will be the difference between the proceeds received on disposition and the participant's basis in the shares (which generally equals the exercise price). If a participant disposes of stock acquired pursuant to exercise of an ISO before satisfying these holding periods, the participant will recognize as ordinary income in the year of disposition an amount equal to the excess of the fair market value of the shares at the time of exercise (or, if less, the amount realized on the disposition of the shares), over the exercise price paid for the shares, and capital gain or loss for any other difference between the sale price and the exercise price. The Company is not entitled to an income tax deduction on the grant or exercise of an ISO or on the participant's disposition of the shares after satisfying the holding period requirement described above. If the holding periods are not satisfied, the Company generally will be entitled to a deduction in the year the participant disposes of the shares in an amount equal to the ordinary income recognized by the participant.

The Company does not guarantee that any option intended to be an ISO will qualify for the tax treatment of ISOs described above. If an option intended to be an ISO fails to so qualify, it will be taxed as an NQSO, as described below.

In general, a participant is not taxed on the grant of an NQSO. On exercise, the participant recognizes ordinary income equal to the difference between the exercise price and the fair market value of the shares acquired on the date of exercise. The Company is generally entitled to an income tax deduction in the year of exercise in the amount recognized by the participant as ordinary income. The participant's gain (or loss) on subsequent disposition of the shares is long-term capital gain (or loss) if the shares are held for at least one year following exercise, and otherwise is short-term capital gain (or loss). The Company does not receive a deduction for any such capital gain.

Stock Appreciation Rights

In general, the recipient of a freestanding SAR will not recognize any taxable income at the time the freestanding SAR is granted. If the freestanding SAR is settled in cash, the cash will be taxable as ordinary income to the recipient at the time that it is received. If the freestanding SAR is settled in shares, the recipient will recognize ordinary income equal to the excess of the fair market value of the shares on the day the freestanding SAR is exercised over any amounts paid by the recipient for the shares.

With respect to tandem SARs, if a holder elects to surrender the underlying stock option in exchange for cash or stock equal to the appreciation inherent in the underlying stock option, the tax consequences to the employee will be the same as discussed above relating to freestanding SARs. If the employee elects to exercise the underlying stock option, the holder will be taxed at the time of exercise as if he or she had exercised an NQSO (discussed above).

The Company generally is entitled to a deduction with respect to a SAR at the same time the recipient recognizes ordinary income with respect thereto.

Restricted Stock and Restricted Stock Units

A participant who is awarded or purchases shares subject to a substantial risk of forfeiture, or restricted stock, generally does not recognize income at the time of the grant. When the risk of forfeiture lapses, the participant generally recognizes ordinary income in an amount equal to the excess of the fair market value of the shares over the purchase price, if any, and a deduction is generally available to the Company in the same year that the participant recognizes income. However, a participant may make an election under Section 83(b) of the Code to recognize taxable ordinary income at the time the shares are transferred to the participant, rather than later, when the risk of forfeiture lapses, in an

2018 PROXY STATEMENT

83

Table of Contents

amount equal to the fair market value of the shares at the time of such transfer. Such election must be made no later than 30 days after the date the shares are transferred to the participant. If the participant makes a timely and effective election, when the restrictions on the shares lapse, the participant will not recognize any additional income. For purposes of determining capital gain or loss on a sale of shares acquired under a restricted stock award under the Plan, the holding period in the shares begins when the participant recognizes taxable income with respect to the transfer. The participant's tax basis in the shares equals the amount paid for the shares plus any income realized with respect to the transfer. If the participant forfeits the shares to the Company (e.g., upon the participant's termination prior to vesting), the participant may not claim a deduction with respect to the income recognized as a result of the election. Dividends (if any) paid with respect to unvested shares of restricted stock generally will be taxable as ordinary income to the participant at the time the dividends are paid, if an effective 83(b) election was not made with respect to the shares.

A participant who is awarded restricted stock units generally does not recognize income at the time of grant. Instead, the participant is generally taxed upon settlement of the award (and a corresponding deduction is generally available to the Company), unless he or she has made a proper election to defer receipt of the shares (or cash if the award is cash settled) under Section 409A of the Code. (FICA taxes will apply upon the vesting of the restricted stock unit award.) If the shares delivered are restricted for tax purposes, the participant will instead be subject to the rules described above for restricted stock.

Stock Awards

A participant who receives a stock award generally is required to recognize ordinary income in an amount equal to the excess of the fair market value of the shares on the date the shares are granted over the purchase price (if any) paid for the shares. The Company generally will be entitled to a deduction with respect to stock awards at the same time the recipient recognizes ordinary income with respect thereto.

Incentive Bonuses

A participant will have taxable income at the time an incentive bonus is paid. At that time, the participant will recognize ordinary income equal to the value of the amount then payable and, the Company generally will be entitled to a corresponding deduction.

Certain Change in Control Payments

Under Section 280G of the Code, the vesting or accelerated exercisability of stock options or the vesting and payments of other awards in connection with a change in control of a corporation may be required to be valued and taken into account in determining whether participants have received compensatory payments, contingent on the change in control, in excess of certain limits. If these limits are exceeded, a substantial portion of amounts payable to the participant, including income recognized by reason of the grant, vesting or exercise of awards, may be subject to an additional 20% federal tax, which is non-deductible to the Company.

Company Deduction and Section 162(m) of the Code

As described above under "Section 162(m) of the Code," Section 162(m) of the Code generally disallows a deduction to a publicly held corporation and its affiliates for certain compensation paid to a "covered employee" in a taxable year in excess of \$1 million, unless the compensation satisfies the requirements of the "performance-based compensation" exception under Section 162(m) of the Code. Stock options, stock appreciation rights and certain performance awards under the Plan granted before November 2, 2017 are generally intended to satisfy the requirements of this exception. However, as discussed above, the Compensation Committee has and will continue to have discretionary authority to grant awards under the Plan that do not satisfy the requirements of this exception in order to maintain a competitive compensation program and provide compensation that will attract and retain highly qualified executives.

New Plan Benefits

The benefits that will be awarded or paid under the Plan are not currently determinable. Awards granted under the Plan are within the discretion of the Compensation Committee.

The Outside Directors' Deferred Compensation Plan is a supplemental, unfunded, nonqualified deferred compensation plan for non-employee directors. Beginning in 2006, the Company began paying an annual equity retainer to non-management directors in the form of a contribution under the Outside Directors' Deferred Compensation Plan. Non-management directors may also voluntarily elect to receive, in lieu of some or all directors' fees, a number of stock units equal to the amount of the deferred directors' fees divided by the fair market value of the Company's common stock on the date of payment. These stock units are increased by a dividend equivalent based on dividends paid by the Company and the amount of stock units credited to the participating director's fee account and retirement account. Upon distribution, the participating directors receive a number of shares of the Company's common stock equal to the number of stock units to be distributed at that time. Distribution is triggered by termination of service as a director or by a change in control of the Company and can occur in a lump sum, in installments or on another deferred basis. A total of 437,282 shares have been issued to a trust to satisfy the Company's obligations when distribution is triggered and are included in shares the Company reports as issued and outstanding.

The Stock Incentive Plan of 2016, defined as the "Current Plan" above, was most recently approved by Company shareholders at the 2016 annual meeting and is the subject of this Proposal 4.

The Governance Committee considers whether the Interested Transaction is on terms no less favorable than terms generally available to an unaffiliated third party under the same or similar circumstances, the extent of the Related Person's interest in the transaction, and other factors that it deems relevant. No director participates in any discussion or approval of an Interested Transaction for which he or she is a Related Person, except to provide information to the Governance

Section 16(a) of the Exchange Act requires the Company's directors and NEOs, and persons who beneficially own more than 10% of the outstanding shares of the Company's common stock, to file reports of ownership and changes in ownership of shares of common stock with the SEC. Directors, NEOs and greater than 10% beneficial owners are required by SEC regulations to furnish Wolverine Worldwide with copies of all Section 16(a) reports they file. Based on its review of the copies of such reports received by it, or written representations from certain reporting persons that no reports on Form 5 were required for those persons for fiscal year 2017, the Company believes that during fiscal year 2017, its officers and directors filed the required reports under Section 16(a) on a timely basis, except as follows: one report related to a gift of stock by Mr. O'Donovan made on March 13, 2017 was filed on February 27, 2018 due to an inadvertent delay by the Company.

SHAREHOLDER PROPOSALS FOR INCLUSION IN NEXT YEAR'S PROXY STATEMENT

Pursuant to SEC Rule 14a-8, some shareholder proposals may be eligible for inclusion in Wolverine Worldwide's 2019 proxy statement and proxy card. Any such shareholder proposals must be submitted in writing to the Secretary of Wolverine Worldwide no later than the close of business on November 27, 2018. You should address all shareholder proposals to the attention of Secretary, Wolverine World Wide, Inc., 9341 Courtland Drive, N.E., Rockford, Michigan 49351.

OTHER SHAREHOLDER PROPOSALS FOR PRESENTATION AT NEXT YEAR'S ANNUAL MEETING

The Company's By-Laws require that any shareholder proposal that is not submitted for inclusion in next year's proxy statement under SEC Rule 14a-8, but is instead sought to be presented directly at the 2019 Annual Meeting of Shareholders, must be received at the Company's principal executive offices by the close of business not less than 90 days nor more than 120 days prior to the first anniversary of the 2018 Annual Meeting. As a result, proposals, including director nominations, submitted pursuant to these provisions of the By-laws must be received between January 3, 2019, and the close of business on February 2, 2019. You should address a proposal to Secretary, Wolverine World Wide, Inc., 9341 Courtland Drive N.E., Rockford, Michigan 49351, and include the information and comply with the requirements set forth in those By-laws, which the Company has posted on its website. SEC rules permit management to vote proxies in its discretion in certain cases if the shareholder does not comply with this deadline, and in certain other cases notwithstanding the shareholder's compliance with this deadline.

VOTING SECURITIES

Shareholders of record at the close of business on March 12, 2018, are eligible to vote at the Annual Meeting. The Company's voting securities consist of its \$1.00 par value common stock, and there were 95,248,198 shares outstanding and entitled to vote on the record date. Each share outstanding on the record date will be entitled to one vote on each director nominee and one vote on each other matter. Treasury shares are not voted. Individual votes of shareholders are kept private, except as appropriate to meet legal requirements. Access to proxies and

Table of Contents

other individual shareholder voting records is limited to the independent inspectors of election and certain employees of the Company and its agents who acknowledge their responsibility to comply with this policy of confidentiality.

CONDUCT OF BUSINESS

A majority of the outstanding shares of common stock as of the record date must be present at the Annual Meeting in order to hold the Annual Meeting and conduct business. This is called a "quorum." Your shares are counted as present at the meeting if you are present at the Annual Meeting and vote in person, a proxy card has been properly submitted by you or on your behalf, or you have submitted your proxy by telephone or by internet, or by completing, signing, dating and returning your proxy form in the enclosed envelope. Both abstentions and broker non-votes (defined below in "**Vote Required for Election and Approval**") are counted as present for the purpose of determining the presence of a quorum.

VOTE REQUIRED FOR ELECTION AND APPROVAL

For Proposal 1, Election of Directors for Terms Expiring in 2021, directors are elected by a majority of votes cast unless the election is contested, in which case directors are elected by a plurality of votes cast. A majority of votes cast means that the number of shares voted "for" a Director nominee exceeds the number of votes cast "against" the Director nominee. If an incumbent director in an uncontested election does not receive a majority of votes cast for his or her election, under the Company's Corporate Governance Guidelines the director is required to submit a letter of resignation to the Board for consideration by the Governance Committee. The Governance Committee will then make a recommendation to the Board as to whether to accept or reject the tendered resignation. The Governance Committee and the Board, in making their decisions, may implement any procedures they deem appropriate and may consider any factor or other information that they deem relevant. The Board will then act on the tendered resignation, taking into account the Governance Committee's recommendation, and will publicly disclose its decision regarding the resignation within 90 days after the results of the election are certified. A director whose resignation is under consideration shall abstain from participating in any recommendation or decision regarding that resignation. If the resignation is not accepted, the director will continue to serve until the next annual meeting of shareholders at which such director faces re-election and until such director's successor is elected and qualified.

Proposal 2, Advisory Vote to Approve Executive Compensation, is a non-binding, advisory vote. Therefore, there is no required vote that would constitute approval. The Company values the opinions expressed by its shareholders in this advisory vote, and the Board and Compensation Committee will consider the outcome of these votes when designing compensation programs and making future compensation decisions for the Company's named executive officers.

Proposal 3, Ratification of Appointment of Independent Registered Public Accounting Firm, requires the affirmative vote of a majority of shares cast affirmatively or negatively on the matter for approval.

Proposal 4, Approval of the Stock Incentive Plan of 2016 (as amended and restated) requires the affirmative vote of a majority of shares cast affirmatively or negatively on the matter for approval.

With respect to Proposals 1, 2, 3 and 4, abstentions and broker non-votes, if any, will have no effect. Generally, broker non-votes occur when shares held by a broker in "street name" for a beneficial owner are not voted with respect to a particular proposal because (1) the broker has not received voting instructions from the beneficial owner, and (2) the broker lacks discretionary voting power to vote those shares. Brokers do not have discretionary authority with respect to any of the proposals except for Proposal 3.

VOTING RESULTS OF THE ANNUAL MEETING

The Company will announce preliminary voting results at the Annual Meeting and publish final results in a Form 8-K within four business days following the Annual Meeting. If final results are not known within four business days of the Annual Meeting, then the Company will file a Current Report on Form 8-K with the preliminary results and file an amended Current Report on Form 8-K within four business days of the availability of the final results.

ATTENDING THE ANNUAL MEETING

You may vote shares held directly in your name as the shareholder of record in person at the Annual Meeting. If you choose to vote in person, please bring the enclosed proxy card and proof of identification. Even if you plan to attend the Annual Meeting in person, Wolverine

Table of Contents

Worldwide recommends that you vote your shares in advance as described below so that your vote will be counted if you later decide not to attend the Annual Meeting. You may vote shares held in "street name" through a brokerage account or by a bank or other nominee in person if you obtain a proxy from the record holder giving you the right to vote the shares.

MANNER FOR VOTING PROXIES

The shares represented by all valid proxies received by telephone, by internet or by mail will be voted in the manner specified. Where the shareholder has not indicated a specific choice, the shares represented by all valid proxies received will be voted in accordance with the Board's recommendations as follows: (1) for each of the nominees for directors named earlier in this proxy statement, (2) for approval of the advisory resolution to approve executive compensation, (3) for ratification of the appointment of the independent registered public accounting firm and (4) for approval of the Stock Incentive Plan of 2016 (as amended and restated). The Board has not received timely notice of any other matter that may come before the Annual Meeting. However, should any matter not described above be properly presented at the Annual Meeting, the persons named in the proxy form will vote in accordance with their judgment, as permitted.

REVOCAION OF PROXIES

A shareholder who gives a proxy may revoke it at any time before it is exercised by voting in person at the Annual Meeting, by delivering a subsequent proxy or by notifying the inspectors of election in writing of such revocation. If your Wolverine Worldwide shares are held for you in a brokerage, bank or other institutional account, you must obtain a proxy from that entity and bring it with you to hand in with your ballot, in order to be able to vote your shares at the Annual Meeting.

SOLICITATION OF PROXIES

The Company will pay the expenses of solicitation of proxies for the Annual Meeting. Solicitations may be made in person or by telephone, by officers and employees of the Company, or by nominees or other fiduciaries who may mail materials to or otherwise communicate with the beneficial owners of shares held by the nominees or other fiduciaries. These individuals will not be paid any additional compensation for any such solicitation. Upon request, the Company will reimburse brokers, dealers, banks and trustees, or their nominees, for reasonable expenses incurred by them in forwarding material to beneficial owners of the Company's common stock. The Company has engaged Georgeson Inc. at an estimated cost of \$9,500, plus expenses and disbursements, to assist in solicitation of proxies.

DELIVERY OF DOCUMENTS TO SHAREHOLDERS SHARING AN ADDRESS

If you are the beneficial owner, but not the record holder, of shares of Wolverine Worldwide stock, your broker, bank or other nominee may only deliver one copy of this proxy statement and the Company's 2017 Annual Report to multiple shareholders who share an address, unless that nominee has received contrary instructions from one or more of the shareholders. The Company will deliver promptly, upon written or oral request, a separate copy of this proxy statement and its 2017 Annual Report to a shareholder at a shared address to which a single copy of the documents was delivered. A shareholder who wishes to receive a separate copy of the proxy statement and annual report, now or in the future, or shareholders who share an address and receive multiple copies of the proxy statement and annual report but would like to receive a single copy, should submit this request by writing to Investor Relations, Wolverine World Wide, Inc., 9341 Courtland Drive N.E., Rockford, Michigan 49351, or by calling (616) 866-5500 and asking for Investor Relations. Beneficial owners sharing an address who are receiving multiple copies of proxy materials and who wish to receive a single copy of such materials in the future should make a request directly to their broker, bank or other nominee.

ACCESS TO PROXY STATEMENT AND ANNUAL REPORT

Distribution of this proxy statement and enclosed proxy card to shareholders is scheduled to begin on or about March 27, 2018. Wolverine Worldwide's financial statements for the fiscal year ended December 30, 2017, are included in the Company's 2017 Annual Report, which the Company is providing to shareholders at the same time as this proxy statement. Wolverine Worldwide's Proxy Statement for the Annual Meeting and the Annual Report to Shareholders for the fiscal year ended December 31, 2017, are available at www.wolverineworldwide.com/2018annualmeeting. **If you have not received or do not have access to the 2017 Annual Report, write to: Wolverine World Wide, Inc., 9341 Courtland Drive N.E., Rockford, Michigan 49351, Attn: Investor Relations or call (616) 866-5500 and ask for Investor Relations, and the Company will send a copy to you without charge.**

WOLVERINE WORLD WIDE, INC. STOCK INCENTIVE PLAN OF 2016 (AS AMENDED AND RESTATED AS OF FEBRUARY 7, 2018)

1. Purpose

The purpose of the Wolverine World Wide, Inc. Stock Incentive Plan of 2016 (as amended and restated as of February 7, 2018 and as it may be further amended or amended and restated from time to time, the "Plan") is to advance the interests of Wolverine World Wide, Inc. (the "Company") by stimulating the efforts of employees, officers, non-employee directors and other service providers, in each case who are selected to be participants, by heightening the desire of such persons to continue working toward and contributing to the success and progress of the Company. The Plan supersedes the Company's Stock Incentive Plan of 2010 and the Company's Amended and Restated Stock Incentive Plan of 2013 (the "Prior Plans") with respect to future awards, and provides for the grant of Incentive and Nonqualified Stock Options, Stock Appreciation Rights, Restricted Stock, Restricted Stock Units and Stock Awards, any of which may be performance-based, and for Incentive Bonuses, which may be paid in cash or stock or a combination thereof, as determined by the Administrator. No new awards shall be issued under the Prior Plans after April 21, 2016 (the date the Plan was initially approved by the Company's stockholders). The terms of the Plan, as amended and restated as of February 7, 2018 (the "Amendment Date"), shall only apply to Awards granted on or after the Amendment Date. Awards granted prior to the Amendment Date shall be governed by the terms of the Plan as in effect on November 2, 2017, which were those same terms in effect as of immediately prior to the Amendment Date. It is the intent of the Company that the amendment and restatement of the Plan on the Amendment Date not constitute a "material modification" (within the meaning of Section 162(m) of the Code) of the Plan or Awards granted under it prior to the Amendment Date, and the Plan shall be interpreted in accordance with the foregoing intent.

2. Definitions

4. Effective Date, Amendment Date and Termination of Plan

The Plan was initially adopted by the Board as of February 10, 2016 (the "Effective Date"), provided that any grants made after the Effective Date and prior to the approval of the Plan by the Company's stockholders were subject to such approval. With respect to any Award granted on or after the Amendment Date, to the extent that the number of Shares subject to such Awards, or portions thereof, exceeds the number of shares authorized under the Plan as of the Amendment Date, such Awards, or portions thereof, shall be subject to, and may not be exercised before, the approval of this Plan by the stockholders of the Company prior to the first anniversary of the Amendment Date by the affirmative vote of the holders of a majority of the outstanding Shares of the Company present, or represented by proxy, and entitled to vote, at a meeting of the Company's stockholders or by written consent in accordance with the laws of the State of Delaware; and, if such approval is not so obtained, the Awards (or portions thereof) shall be void as determined by the Administrator. The Plan shall remain available for the grant of Awards until the tenth (10th) anniversary of the Amendment Date. Notwithstanding the foregoing, the Plan may be terminated at such earlier time as the Board may determine. Termination of the Plan will not affect the rights and obligations of the Participants and the Company arising under Awards theretofore granted and then in effect.

5. Shares Subject to the Plan and to Awards

(a) *Aggregate Limits.* The aggregate number of Shares issuable pursuant to all Awards shall not exceed 6,100,000 (the number of Shares authorized under the Plan, as approved by stockholders on April 21, 2016) plus an additional 8,500,000 Shares, plus any shares subject to outstanding awards under the Prior Plans that on or after the Effective Date or the Amendment Date, as applicable, cease for any reason to be subject to such awards (other than by reason of exercise or settlement of the awards to the extent they are exercised for or settled in vested and nonforfeitable shares); provided, however, that any Shares granted under Options or Stock Appreciation Rights shall be counted against this limit on a one-for-one basis and any Shares granted as Awards other than Options or Stock Appreciation Rights shall be counted against this limit as two and six tenths (2.6) Shares for every one (1) Share subject to such Award.
