Item 1. Business

Business Development

The Company (Sync2 or the Company) was incorporated in Nevada on November 14, 2006 as Nurse Solutions, Inc. to provide highly qualified registered nurses from around the globe to healthcare organizations throughout the USA and Canada. The Company has elected a fiscal year end of December 31. Effective September 12, 2008 the Company changed its name to Sync2 Entertainment Corporation and is actively pursuing business opportunities in the entertainment industry.

A placement service has worked with hospitals, medical offices and doctors for the placement of nurses pursuant to the Company's original business plan but has been unsuccessful to date.

General

From inception to December 31, 2008 the Company attempted to provide a network of qualified registered nurses (RNs) from around the globe to alleviate the alarming and growing shortage of RNs in the USA and make it possible for healthcare organizations throughout the USA to hire skilled nurses from abroad.

On January 16, 2009 Sync2 Agency, Ltd., a wholly-owned subsidiary of Sync2 Entertainment, Inc. (the Company), entered into an Asset Purchase Agreement (the Agreement) with Devlin eBusiness Architects, Inc., a Canadian corporation (Devlin). Under the terms of the Agreement, Sync2 was to purchase substantially all of the property, assets and undertakings of the business carried on by Devlin in Western Canada. In consideration for this acquisition Sync2 has agreed to pay \$766,500 (Canadian), as follows: \$391,000 at closing and three equal payments of \$125,166 each to be made March 31, 2009, June 30, 2009 and September 30, 2009. Subsequently the Company determined to not proceed with the Asset Purchase Agreement. Other than in respect of the Agreement, there are no material relationships between the Company and Devlin.

Recent Sales of Unregistered Securities

There were no issuances or sales of our securities with or without registration during the last fiscal year.

Item 6. Selected Financial Data

Not applicable.

Item 7. Management's Discussion and Analysis of Plan of Operations and Results of Operations

The following plan of operations should be read in conjunction with the December 31, 2008 audited financial statements and the related notes elsewhere in this report. This discussion contains forward-looking statements based upon current expectations that involve risks and uncertainties, such as our plans, objectives, expectations and intentions. Our actual results and the timing of certain events could differ materially from those anticipated in these forward-looking statements.

The business plan of the Company was to establish a market for the placement of qualified registered nurses from abroad in medical offices and hospitals located within the United States and Canada. The Company has been unsuccessful in this endeavor, has abandoned its original plan, is actively pursuing business opportunities in the entertainment industry and has begun the development of its website.

The funds available to the Company from private offerings were for a total of \$61,050 and have been adequate for it to cover general and operating expenses to date and to begin development of its website and marketing materials.

At December 31, 2008 the Company does not have day-to-day operations and does not employ full or part-time staff. The Company pays fees for services to its attorney', accountants, and transfer agent. It retains additional services such as technology, website design and assistance in procedures necessary to coordinate the legal, accounting and regulatory filings from its consultants. A fee is paid for these services.

The Company will require additional cash, either from financing transactions or operating activities, to meet its long-term goals. The long-term goals will be to develop a corporate website and establish relationships with prospective clients.

The Company estimates expenses over the next twelve months to complete the above tasks to be \$120,000. We have no commitments for capital expenditures. Since we do not anticipate generating significant revenues over the next year, we intend to depend upon equity financing through private placement offerings of our common stock to fund the implementation of our business plan. Over the longer term, two to five years, we expect to fund our operations through a combination of revenues from the operation of our business and through additional equity financing. To date, we have generated \$nil revenue. In the process of carrying out our business plan, we may determine that we cannot raise sufficient capital to support our business on acceptable terms, or at all.

We will need additional capital to carry out our business plans. No commitments to provide additional funds have been made by management or other stockholders or investors. Accordingly, there can be no assurance that any additional funds will be available on terms acceptable to us or at all.

For the year ended December 31, 2008, the Company has paid \$28,646 in professional fees for legal and consulting fees for development of the Company (2007: \$16,538); \$13,000 for accounting fees associated with audited financials

(2007: \$9,500); \$nil in advertising expenses (2007: \$20,000); and \$4,768 in other general administrative expenses (2007: \$74).

Capital and Liquidity

As of December 31, 2008, we had total current assets of \$147 and \$32,911 in liabilities, resulting in a working capital deficiency of \$32,764 (December 31, 2007: working capital of \$13,650).

On a long-term basis we do not have sufficient cash to meet our needs and we will require additional financing, either from financing transactions or operating activities, to meet our goals over the next twelve months. There can be no assurance that we will be able to obtain additional financing, either in the form of

debt or equity, or that, if such financing is obtained, it will be sufficient for our needs or available to us on reasonable terms. In the event that the Company is unable to obtain financing, the Company will seek joint venture partners to assist in the development of its technology and products. The Company has had no discussions with potential merger candidates and has no knowledge of potential joint venture partners at this time. If we are able to obtain additional financing or structure strategic relationships in order to fund existing or future projects, existing shareholders will likely experience further dilution of their percentage ownership of the Company by the issuance of additional shares to investors under terms not yet negotiated.

The Company has a net loss and deficit accumulated during this development stage of \$93,814.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To The Board of Directors and Stockholders

SYNC2 ENTERTAINMENT CORPORATION

We have audited the accompanying balance sheets of SYNC2 ENTERTAINMENT CORPORATION (the Company) as of December 31, 2008 and 2007, and the related statements of operations, changes in stockholders' deficit, and cash flows for the years then ended and for the period of November 14, 2006 (inception) to December 31, 2008. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States of America). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate

in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of SYNC2 ENTERTAINMENT CORPORATION as of December 31, 2008 and 2007, and the results of its operations and its cash flows for the years then ended and for the period of November 14, 2006 (inception) to December 31, 2008, in conformity with accounting principles generally accepted in the United States of America.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 4 to the financial statements, the Company has incurred losses since inception, and has not generated any revenues from its planned principal operations. This raises substantial doubt about the Company's ability to meet its obligations and to continue as a going concern. Management's plans in regard to this matter are described in Note 4. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

Notes to Audited Financial Statements

December 31, 2008

NOTE 1. Organization and Summary of Significant Accounting Policies

This summary of significant accounting policies of Sync2 Entertainment Corporation (the Company) is presented to assist in understanding the Company's financial statements. These accounting policies conform to accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of the accompanying financial statements. The Company has not realized revenues from its planned principal business purpose and is considered to be in its development stage in accordance with SFAS 7, *"Accounting and Reporting by Development Stage Enterprises."*

Business Activity

The Company was incorporated in Nevada on November 14, 2006 to provide highly qualified registered nurses from around the globe to healthcare organizations throughout the USA and Canada, has been unsuccessful in this business and is now developing business opportunities in web based internet advertising and entertainment.

The Company has elected a fiscal year end of December 31st.

Subsequent to December 31, 2008 the Company entered into an Asset Purchase Agreement with Devlin eBusiness Architects, Inc., a Canadian corporation (Devlin). Under the terms of the Agreement, Sync2 was to purchase substantially all of the property, assets and undertakings of the business carried on by Devlin in Western Canada. In consideration for this acquisition Sync2 agreed to pay \$766,500 (Canadian), as follows: \$391,000.00 at closing and three equal payments of \$125,166.67 each to be made March 31, 2009, June 30, 2009 and September 30, 2009. Subsequently, the Company determined to not proceed with the Asset Purchase Agreement.

Income Taxes

The Company recognizes the tax effects of transactions in the year in which such transactions enter into the determination of net income, regardless of when reported for tax purposes. Deferred taxes are normally provided in the financial statements under SFAS No. 109 to give effect to the resulting temporary differences which may arise from differences in the bases of fixed assets, depreciation methods, allowances, and start-up costs based on the income taxes expected to be payable in future years. Minimal development stage deferred tax assets of approximately \$32,800 arising as a result of net operating loss carry forwards have been offset completely by a valuation allowance due to the uncertainty of their utilization in future periods. Operating loss carry forwards generated during the period from November 14, 2006 (date of inception) through December 31, 2008 of \$93,814 will begin to expire in 2025.

Foreign Currency

Transactions and balances originally denominated in U.S. dollars are presented at their original amounts. Transactions and balances in other currencies are converted into U.S. dollars in accordance with Statement of Financial Accounting Standards (SFAS) No. 52, "*Foreign Currency Translation*," and are included in determining net income or loss.

There were no net gains and losses resulting from foreign exchange transactions that are included in the statements of operations during the period presented.

Estimates

Preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. The Company's periodic filings with the Securities and Exchange Commission include, where applicable, disclosures of estimates, assumptions, uncertainties and markets that could affect the financial statements and future operations of the Company.

Cash and Cash Equivalents

For the purpose of the statements of cash flows, the Company considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents. The Company had \$147 and \$11,150 in cash and cash equivalents at December 31, 2008 and December 31, 2007, respectively.

NOTE 1. Organization and Summary of Significant Accounting Policies (continued)

Recently Issued Accounting Pronouncements

In December, 2007, the FASB issued SFAS No. 141(R), *Business Combinations* , which established the principles and requirements for how an acquirer recognizes and measures in its financial statements identifiable assets acquired, liabilities assumed, any non controlling interest in the acquiree and goodwill acquired. SFAS 141R also establishes disclosure requirements to enable evaluation of the nature and financial effects of the business combination. SFAS 141R is effective the first annual reporting period beginning on or after December 15, 2008 and is not expected to have any impact on the Company s financial statements.

In December, 2007, the FASB issued SFAS No. 160, *Non controlling Interests in Consolidated Financial Statements* , an amendment of ARB No. 51. SFAS 160 will change the accounting and reporting for minority interests which will be characterized as non controlling interests and classified as a component of equity. This new consolidation method will significantly change the accounting for transactions with minority interest shareholders. SFAS 160 is effective for fiscal years and interim periods within those fiscal years beginning on or after December 15, 2008.and is not expected to have an impact on the Company s financial statements.

In March, 2008, the FASB issued SFAS No. 161, *Disclosures about Derivative Instruments and Hedging Activities* , an amendment of FASB Statement No. 133. SFAS 161 requires entities utilizing derivative instruments to provide qualitative disclosures about their objectives and strategies for using such instruments, as well as details of credit-risk-related contingent features contained within derivatives. SFAS 161 also requires entities to disclose additional information about the amounts and location of derivatives located within the financial statements, how the provisions of SFAS No. 133 have been applied and the impact that hedges have on an entity s financial position, financial performance and cash flows. SFAS No. 161 is effective for fiscal years and interim periods beginning after November 15, 2008. Early application is encouraged. The Company does not have or utilize any derivative instruments and/or hedging activities and therefore SFAS 161 is not expected to have an impact on the Company s financial statements.

In May 2008, the FASB issued Statement of Financial Accounting Standard (SFAS) No. 162, *"The Hierarchy of Generally Accepted Accounting Principles"*. SFAS 162 identifies the sources of accounting principles and the framework for selecting the principles used in the preparation of financial statements of nongovernmental entities that are presented in conformity with generally accepted accounting principles (GAAP) in the United States. SFAS 162 is effective 60 days following the SEC's approval of the Public Company Accounting Oversight Board amendments to AU Section 411, *The Meaning of Present Fairly in Conformity With Generally Accepted Accounting Principles*. The Company is currently evaluating the impact of SFAS 162 on its financial statements but does not expect it to have a material effect.

In May 2008, the FASB ("FASB") issued Statement of Financial Accounting Standard ("SFAS") No. 163, *"Accounting for Financial Guarantee Insurance Contracts - an interpretation of FASB Statement No. 60"* ("SFAS 163"). SFAS 163 interprets Statement 60 and amends existing accounting pronouncements to clarify their application to the financial guarantee insurance contracts included within the scope of that Statement. SFAS 163 is effective for financial statements issued for fiscal years beginning after December 15, 2008, and all interim periods within those fiscal years. As such, the Company is required to adopt these provisions at the beginning of the fiscal year ended March 31, 2009. The Company is currently evaluating the impact of SFAS 162 on its financial statements but does not expect it to have a material effect.

None of the above new pronouncements has current application to the Company, but may be applicable to the Company's future financial reporting.

Notes to Audited Financial Statements**December 31, 2008****NOTE 2. Net Income or (Loss) Per Share of Common Stock**

The Company has adopted Financial Accounting Standards Board ("FASB") Statement Number 128, *"Earnings per Share,"* ("EPS") which requires presentation of basic and diluted EPS on the face of the statements of operations and comprehensive loss for all entities with complex capital structures and requires a reconciliation of the numerator and denominator of the basic EPS computation to the numerator and denominator of the diluted EPS computation. In the accompanying financial statements, basic earnings (loss) per share is computed by dividing net income/loss by the weighted average number of shares of common stock outstanding during the period.

The following table sets forth the computation of basic and diluted earnings per share:

NOTE 4. Going Concern Considerations

The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America, which contemplate continuation of the Company as a going concern. The Company is currently in the development stage and has not generated revenues from its planned business purpose. Realization of the assets of the Company is dependent upon the Company's ability to meet its financial requirements through equity financing and the success of future operations. These factors, among others, raise substantial doubt about the Company's ability to continue as a going concern. The accompanying financial statements do not include any adjustments that might result from the outcome of this uncertainty.

Item 9. Changes in and Disagreements with Accountants on Accounting and Financial Disclosure

There have been no changes in or disagreements with accountants over the past 2 years.

Item 9A. Controls and Procedures

Evaluation of Our Disclosure Controls and Internal Control

Sync2 carried out an evaluation of the effectiveness of the Company's disclosure controls and procedures (as defined by Rule 13-15(e) and 15d-15(e) under the Securities Exchange Act of 1934) under the supervision and with the participation of Sync2's chief executive officer and chief financial officer as of the end of the period covered by this annual report (the "Evaluation Date"). Based on and as of the date of such evaluation, the aforementioned officers have concluded that Sync2's disclosure controls and procedures were effective such that the information relating to us, including our consolidated subsidiaries, required to be disclosed in our Securities and Exchange Commission ("SEC") reports was (i) recorded, processed, summarized and reported within the time periods specified in SEC rules and forms, and (ii) accumulated and communicated to our management, including our chief executive officer and chief financial officer, as appropriate to allow timely decisions regarding required disclosure.

Management's Annual Report on Internal Control Over Financial Reporting.

As of December 31, 2008, management assessed the effectiveness of our internal control over financial reporting. The Company's management is responsible for establishing and maintaining adequate internal control over financial reporting for the Company. Internal control over financial reporting is a set of processes designed by, or under the supervision of, the Company's CEO and CFO, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with GAAP and includes those policies and procedures that:

Pertain to the maintenance of records that in reasonable detail accurately and fairly reflect our transactions and dispositions of our assets;

Provide reasonable assurance our transactions are recorded as necessary to permit preparation of our financial statements in accordance with GAAP, and that receipts and expenditures are being made only in accordance with authorizations of our management and directors; and

Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of our assets that could have a material effect on the financial statement. Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Therefore, even those systems determined to be effective can provide only reasonable assurance of achieving their control objectives. In evaluating the effectiveness of our internal control over financial reporting, our management used the criteria set forth by the Committee of Sponsoring Organizations of the Treadway Commission ("COSO") in Internal Control - Integrated Framework. Based on that evaluation, they concluded that, during the period covered by this report, such internal controls and procedures were effective to detect the inappropriate application of US GAAP.

This annual report does not include an attestation report of our registered public accounting firm regarding internal control over financial reporting. Management's report was not subject to attestation by our registered public accounting firm pursuant to temporary rules of the Securities and Exchange Commission that permit us to provide only management's report in this annual report.
