93

our independent auditors' qualifications and independence; and
the performance of our internal audit function and independent auditors.

The Audit Committee's responsibilities are more fully described in its written charter, which is available on AAM's website at <http://investor.aam.com>.

All members of the Audit Committee are independent and financially literate under NYSE listing standards and independent under our Director Independence Guidelines. The Board has also determined that Mr. Miller and Mr. Smith are "audit committee financial experts" as defined by the Securities and Exchange Commission (SEC).

Compensation Committee

The Compensation Committee's responsibilities include the following:

- establishing and reviewing AAM's compensation philosophy and programs for executive officers;
- approving executive officer compensation that is designed to support achievement of AAM's business strategy and objectives while considering competitive market practices and stockholder interests;
- approving corporate goals and objectives for executive officer compensation and evaluating executive officer performance in light of these criteria;
- recommending incentive compensation and equity-based plans to the Board;
- overseeing management's risk assessment of the Company's policies and practices regarding its compensation programs for executive officers and other associates;
- recommending non-employee director compensation and benefits to the Board;
- overseeing the preparation of the Compensation Discussion and Analysis (CD&A) for inclusion in our annual proxy statement; and
- producing the Compensation Committee Report for inclusion in our annual proxy statement.

The Compensation Committee's responsibilities are more fully described in its written charter, which is available on our website at <http://investor.aam.com>.

All Compensation Committee members are independent under NYSE listing standards, including the standards applicable specifically to compensation committee members, and our Director Independence Guidelines. All Compensation Committee members are "outside directors" within the meaning of Section 162(m) of the Internal Revenue Code and are "non-employee" directors within the meaning of SEC Rule 16b-3.

Risk Assessment of Compensation Policies and Practices

We conducted an annual risk assessment for the Compensation Committee to determine whether the risks arising from our fiscal year 2016 compensation policies and practices are reasonably likely to have a material adverse effect on the Company. The risk assessment considered, among other things, AAM's annual and long-term incentive programs and pay mix, performance measures used to calculate payouts, and pay philosophy and governance. Our annual assessment of compensation-related risks focuses on the program for executive officers in light of their decision-making authority and influence, but also includes a review of the compensation of our other salaried associates. Our risk assessment methodology was reviewed by the Compensation Committee and its independent compensation consultant, Meridian Compensation Partners, LLC (Meridian).

We have designed our compensation programs, including incentive compensation plans, with specific features to address potential risks while rewarding our executive officers and other associates for achieving long-term financial and strategic objectives through prudent business judgment and appropriate risk taking. The following elements have been incorporated in our programs for executive officers:

A balanced mix of compensation components. The target compensation mix for our executive officers is composed of base salary, annual cash incentives and long-term equity incentives, representing a mix that is not overly weighted toward short-term cash incentives.

Multiple performance factors. Our annual incentive and long-term incentive plans include multiple measures of performance. Our use of various performance factors diversifies the risk associated with any single aspect of performance. The performance factors and target award opportunities are established in advance

94

by the Compensation Committee in consideration of the Company's performance goals and objectives and stockholder interests.

Long-term incentives. Our long-term incentives are 100% equity-based and have a three-year vesting schedule, which complements our annual cash incentive plan. Sixty-six percent of long-term incentive awards to executive officers are performance-based. These awards are capped at a maximum payout.

Stock ownership requirements. Our executive officers are required to maintain significant share ownership, which aligns their interests with those of our stockholders.

Clawback policy. Our clawback policy authorizes the Compensation Committee to recoup past incentive compensation in the event of a material restatement of the Company's financial results due to fraud or intentional misconduct of an executive officer.

Based on our risk assessment and consideration of various mitigating factors, we concluded that the Company's compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on the Company.

Role of Management in Compensation Decisions

The Compensation Committee is responsible for making compensation decisions relative to executive officers. In making these decisions, the Compensation Committee seeks and considers input from senior management. Since management has direct involvement with and in-depth knowledge of the business strategy, goals and performance of the Company, certain executive officers play an important role in the executive compensation decision-making process. Senior management participates in the Compensation Committee's activities in the following specific respects:

The CEO provides the Compensation Committee with his evaluation of the performance of the Company's executive officers, including the other named executive officers (NEOs). The CEO and Vice President, Human Resources make compensation recommendations for executive officers, including base salary levels and the amount and mix of incentive awards.

The CEO, Vice President & CFO and the Vice President, Human Resources develop and recommend performance objectives and targets for AAM's incentive compensation programs.

The Vice President, Human Resources assists the Chair of the Compensation Committee in developing meeting agendas and oversees the preparation of meeting materials on the matters to be considered.

The CEO, President, Vice President & CFO, the Vice President, Human Resources and the General Counsel, Secretary & Chief Compliance Officer regularly attend Compensation Committee meetings. Management does not attend the executive session of the Compensation Committee.

Role of Compensation Consultant

The Compensation Committee has retained Meridian as its independent compensation consultant. Meridian provides the Compensation Committee with independent advice and ongoing recommendations on compensation matters related to our executive officers and non-employee directors. Meridian also provides the Compensation Committee with competitive market data, peer group analyses and updates on compensation trends and regulatory developments.

In the course of fulfilling its responsibilities, Meridian may communicate directly with the Chair of the Compensation Committee. Meridian also meets with management to gather information, prepare materials, and review proposals to be made to the Compensation Committee. Meridian provides no other services to the Company other than those described above, and has no other direct or indirect business relationships with the Company or any of its subsidiaries or affiliates.

The Compensation Committee determined that Meridian is independent of management and that the services provided by Meridian to the Compensation Committee do not give rise to any conflicts of interest. In written correspondence to the Compensation Committee, Meridian provided detailed information addressing each of the six

95

independence factors set forth in NYSE listing standards. In this correspondence and in communications with the Compensation Committee, Meridian affirmed its independence and that of its partners, consultants and employees who service the Compensation Committee on executive compensation matters.

Nominating/Corporate Governance Committee

The Nominating/Corporate Governance Committee's primary responsibilities are to:

- identify qualified individuals to serve on the Board and committees;
- review our Corporate Governance Guidelines and Code of Business Conduct and recommend changes as appropriate;
- and
- oversee and approve the process for succession planning for the CEO and other executive officers.

The Nominating/Corporate Governance Committee's responsibilities are more fully described in its written charter, which is available on our website at <http://investor.aam.com>.

All members of the Nominating/Corporate Governance Committee are independent under NYSE listing standards and our Director Independence Guidelines.

Selection Process for Director Nominees. In consultation with the Chairman & CEO, the Nominating/Corporate Governance Committee identifies, evaluates and recommends potential candidates for membership on the Board. This committee conducts inquiries into the backgrounds and qualifications of the candidates and considers questions of independence and possible conflicts of interest. Based on the committee's evaluation, candidates who meet the Board's criteria may receive further consideration, which may include interviews with the committee and other directors. The committee then submits its recommendations for nominees to the Board for approval.

Before the Board nominates an incumbent director for re-election by our stockholders, the incumbent director is evaluated by the Nominating/Corporate Governance Committee and/or the Board. This evaluation is based on, among other things, each incumbent director's contributions to the activities of the Board. After consideration of each incumbent Class III director's qualifications and independence, the committee recommended that the Board nominate Mr. McCaslin, Mr. Miller and Mr. Valenti for re-election as Class III directors, each with a term expiring on the date of the 2020 annual meeting of stockholders. Upon review, the Board decided to recommend Mr. McCaslin, Mr. Miller and Mr. Valenti for re-election at the 2017 annual meeting of stockholders.

Director Qualifications. AAM's Corporate Governance Guidelines provide the qualifications for Board membership. Candidates for director nominees to the Board are reviewed in consideration of the current composition of the Board, the operating requirements of the Company and the interests of stockholders. Although specific qualifications may vary from time to time, desired qualities and characteristics include:

- high ethical character and shared values with AAM;
- high-level leadership experience and achievement at a policy-making level in business, educational or professional activities;
- breadth of knowledge of issues affecting AAM;
- the ability to contribute special competencies to Board activities, such as financial, technical, international business or other expertise, or industry knowledge;
- awareness of a director's vital role in AAM's good corporate citizenship and corporate image; and
- sufficient time and availability to effectively carry out a director's duties.

The Board as a whole should reflect the appropriate balance of knowledge, experience, skills, expertise and diversity that, when taken together, will enhance the quality of the Board's deliberations and decisions. Although the Board has

no formal policy regarding diversity, the Board believes that diversity is an essential element of Board effectiveness. In this context, diversity is defined broadly to include differences in background, skills, education, experience, gender, race, national origin and culture.

The Nominating/Corporate Governance Committee considers recommendations of potential candidates from members of our Board, our Chairman & CEO and our stockholders. For director candidates recommended by stockholders, the Nominating/Corporate Governance Committee follows the procedures described below in Other Matters, Stockholder Proposals for 2017 Annual Meeting. The committee will evaluate candidates recommended by

stockholders using substantially the same criteria that are considered in evaluating director candidates recommended by our Board members or Chairman & CEO.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires our directors and executive officers, and persons who own more than 10% of a registered class of our equity securities, to file with the SEC initial reports of ownership and reports of changes in ownership of our common stock. Based solely on our review of these reports, and written representations from such reporting persons, we believe that the Section 16(a) filing requirements for such reporting persons were met during 2016.

Code of Business Conduct

AAM has adopted a Code of Business Conduct that is designed to assist AAM associates, executive officers and members of the Board in conducting AAM's business with the highest standards of ethics and integrity. AAM has also adopted a Code of Ethics applicable to our CEO, CFO and other Senior Financial Executives (Code of Ethics). The Board annually reviews the Code of Business Conduct and makes updates as appropriate. AAM's Code of Business Conduct and Code of Ethics are available on our website at <http://investor.aam.com>. A written copy also may be obtained by any stockholder without charge upon request to the AAM Investor Relations Department by email at investorrelations@aam.com or by mail at our corporate address above.

Executive Summary

Our executive compensation program reflects an externally competitive compensation structure based on a market study of executive compensation programs in AAM's comparative peer group. In addition to attracting and retaining key executives, our program is designed to drive Company and individual performance while aligning the interests of our executives with those of our stockholders. In order to ensure that our executive compensation program drives performance in support of our strategic principles and cultural values, we regularly compare our compensation practices and governance against market best practices and consider stockholder feedback.

2016 Highlights

AAM Performance

AAM had an outstanding year in 2016. The year brought record profit and sales, operational excellence, technology advancement and a strategic initiative that will help position AAM to meet future customer and market demands. During the year, our team worked to continue to diversify our revenue base and improve our capital structure. Business diversification fueled by growth in key global vehicle segments has contributed to our record profitability and strong operating cash flow. By meaningfully strengthening the balance sheet and reducing our debt leverage, we are positioned for both organic growth initiatives and strategic opportunities. The following highlights AAM's sales and earnings before interest, taxes, depreciation and amortization (EBITDA) performance, excluding the impact of restructuring and acquisition-related costs and non-recurring items (Adjusted EBITDA). For a reconciliation of adjusted measures to measures reported under generally accepted accounting principles in the United States, see Reconciliation of Non-GAAP and GAAP Information below.

(in
millions)

In November 2016, AAM announced the proposed acquisition of Metaldyne Performance Group Inc. (MPG). The combination will bring together highly complementary businesses and form a premier, global Tier 1 supplier with

broad capabilities across powertrain, drivetrain and driveline product lines, as well as a diversified customer base and end-markets.

Pay for Performance

AAM's compensation philosophy is to pay for performance, support the Company's business strategies and offer market competitive compensation. Our compensation programs consist of complementary elements that reward achievement of both short-term and long-term objectives. The metrics used for our incentive programs are either associated with operating performance or based upon relative total shareholder return (TSR). The 2016 incentive payouts for our NEOs reflect an overall pay-for-performance alignment as shown below. This result supports AAM's compensation objectives of rewarding performance and aligning the interests of our executive officers with those of our stockholders.

2016 Annual Incentive Performance Metrics

The graphic shown above highlights 2016 net operating cash flow and operating income margin performance, the two metrics by which NEO annual incentive awards were measured. Actual operating income margin excludes the impact of restructuring and acquisition-related costs. Net operating cash flow was adjusted to exclude cash payments for restructuring and acquisition-related costs. Based on these metrics, total NEO target annual incentive opportunity of \$3.1 million resulted in total payouts of \$6.2 million.

Long-Term
Incentive
Performance
Metrics

The graphic shown above highlights cumulative EBITDA and relative TSR for the three year period ending December 31, 2016. These two metrics were used to measure performance under the 2014 long-term incentive performance share awards. Three year cumulative EBITDA excludes the impact of a settlement charge related to certain terminated vested participants under our defined benefit plans and restructuring and acquisition-related costs. Based on these metrics, the NEOs received a 0% payout on the relative TSR award and a 191% payout on the EBITDA award.

Results of 2016 Say-on-Pay Vote

At our 2016 annual meeting, over 97% of the votes cast were in favor of the Company's say-on-pay proposal. The Compensation Committee (Committee) and the Board considered this favorable outcome as a reflection of our stockholders' strong support of the overall executive compensation program for our NEOs.

- Annual incentive payouts are directly linked to achievement of short-term financial measures
- Long-term incentive compensation is 66% performance based
- Long-term incentives are designed to drive the Company's long-term success, profitability and growth

Use an independent compensation consultant and peer group analysis

- Independent compensation consultant annually performs market study of pay and best practices

Executive Compensation Philosophy and Objectives

The Committee determines the overall compensation philosophy of the Company. The Committee believes that the compensation paid to AAM executives should be structured to provide them with meaningful rewards, while maintaining alignment with stockholder interests, our cultural values and strategic principles. Accordingly, AAM's executive compensation program consists of a mix of base salary, annual incentive compensation and long-term incentive compensation, with limited perquisites and other personal benefits. A significant portion of total direct compensation is performance-based and contingent upon the achievement of stated Company performance goals.

100

Compensation Objectives. The following objectives are considered in determining compensation programs and pay levels for our NEOs:

Compensation and benefit programs should attract, motivate and retain experienced executives who are vital to our short-term and long-term success, profitability and growth. AAM makes an effort to remain competitive by targeting pay levels of our comparative peer group while considering industry conditions and other market influences. Our compensation programs should encourage high-achieving, marketable executives to remain motivated and committed to AAM for long and productive careers.

Compensation and benefit programs should reward Company and individual performance. Our compensation programs strive to deliver competitive compensation for exceptional individual and Company performance as compared to companies in our comparative peer group. As executives progress to higher level leadership positions, a greater portion of their compensation is linked to Company performance measured against financial and operational objectives and to stockholder returns.

Compensation and benefit programs should foster the long-term focus required to deliver value to our stockholders. Our long-term incentive compensation program motivates executive officers to achieve our strategic objectives and deliver long-term value creation to our stockholders. Executive officers who influence long-term results have a greater proportion of their compensation tied to long-term performance.

- Total compensation opportunities should reflect each executive's level of responsibility and contribution to AAM. While the overall structure of compensation and benefit programs should be broadly similar across the Company, individual pay levels and benefit packages will reflect differences in job responsibilities, geography and marketplace considerations.

Stock ownership requirements for executive officers should align their interests with those of our stockholders. Our stock ownership requirements align our executive officers' interests with those of stockholders and reinforce the importance of making sound long-term decisions. AAM's executive officers are required to maintain a certain level of stock ownership based on their position.

Peer Group and Compensation Benchmarking

Determination of Comparative Peer Group

The Committee uses a comparative peer group in determining competitive pay levels and compensation structure, setting incentive pay opportunities and assessing Company performance relative to its peers in support of AAM's executive compensation philosophy and objectives. The Committee annually reviews the composition of the comparative peer group and makes adjustments to reflect changes in the Company's business as well as industry and market conditions.

Our current comparative peer group consists of the following companies:

A. O. Smith Corporation	Flowserve Corporation	Tower International Inc.
BorgWarner Inc. *	Kennametal Inc.	Trinity Industries, Inc.
Briggs & Stratton	Lear Corporation *	USG Corporation
Cooper-Standard Holdings, Inc.	Meritor Inc. *	Valmont Industries, Inc.

Dana Holding Corporation *

Regal-Beloit Corporation

Visteon
Corporation *

Donaldson Company, Inc.

Tenneco Automotive Inc. *

Woodward Inc.

Federal-Mogul Corporation

Terex Corporation

* Included in our competitor peer group as disclosed in our 2016 annual report to shareholders.

Our competitor peer group also includes Autoliv Inc. and Magna International Inc.

101

The Committee selected this peer group based on guidance from the Committee's independent compensation consultant, Meridian Compensation Partners, LLC. Our comparative peer group includes companies in automotive and related industries with comparable (1) revenues (between one-third and three times our revenues), (2) complexity of global business and operations and (3) market capitalization. This group also includes companies that compete with AAM for executive talent and companies included in the proxy advisory firms' peer groups. AAM's projected revenues are at approximately the median of the comparative peer group's projected revenues.

The Committee annually reviews the comparative peer group to determine the appropriateness of the peer group considering the factors noted above. Based on an updated analysis of the peer group performed by Meridian during 2016, the Committee approved certain changes to the peer group to be used in the 2017 executive compensation benchmarking analysis. The changes to the peer group resulted in removing five of the current companies and adding six new companies. AAM's projected revenues remain at approximately the median of the revised comparative peer group's projected revenues.

Compensation Benchmarking

Generally, the Committee targets total direct compensation at approximately the 50th percentile of our comparative peer group. The Committee believes that this approach reflects a generally accepted benchmark of external competitiveness and supports our ability to attract and retain key executives.

Total direct compensation consists of base salary plus target annual and long-term incentive compensation. Total direct compensation for each NEO may be above or below the 50th percentile of our comparative peer group based on various factors, including an individual's level of responsibility, demonstrated skills and experience, significance of position, contribution to Company performance, time in position, potential for advancement and internal pay equity considerations. The Committee generally sets performance objectives for annual and long-term incentive compensation so that targeted total direct compensation levels can be achieved only when target performance objectives are met. Consequently, actual pay may vary from targeted levels based on achieved performance against pre-established performance objectives.

Tally Sheets

Annually, the Committee reviews compensation tally sheets for each executive officer, including the NEOs. The tally sheets, which are prepared by management, provide a summary of the current amounts of each component of pay and a history of prior long-term incentive grants. The tally sheets also show estimates of potential payments and benefits that could be realized under various hypothetical termination scenarios. The tally sheets consist of information that is substantially similar to the information shown for each NEO in Potential Payments Upon Termination or Change in Control below. The Committee did not change the NEOs' compensation based on its review of this information in 2016.

Total NEO Total Direct Compensation Pay Mix

The following chart illustrates the allocation of 2016 total direct compensation components at target for our CEO and for our other NEOs as a group as of December 31, 2016. This analysis highlights the Company's emphasis on long-term and at-risk compensation.

Total NEO Compensation

For 2016, the Committee set total direct compensation for Mr. Dauch and Mr. Simonte at approximately the 50th percentile of the peer group. For Mr. May, who was appointed CFO in August 2015, the Committee set total direct compensation below the 50th percentile based on his limited time in this position. The levels of total direct compensation for Mr. Satine and Mr. Willemse were determined in consideration of internal pay equity for their positions. Accordingly, total direct compensation was set below the 50th percentile of the peer group for Mr. Satine and above the 50th percentile for Mr. Willemse.

103

Components of the AAM Compensation Program

The primary components of AAM's executive compensation program for 2016 are summarized below:

Component	Key Characteristics	Purpose
	* Part of competitive total compensation package	
Base Salary	* Determined based on market comparative positions and individual performance, experience, time in position, professional development, contributions to the Company and internal equity considerations	* Provides base level of cash compensation for attracting and retaining executive talent
Annual Incentive Compensation	* Determined based on pre-established financial performance factors, including: - Operating income margin (50%) and - Net operating cash flow (50%)	* Provides an opportunity to earn a cash-based annual incentive award * Aligns with financial performance * Target awards vary based on position and other factors
Long-Term Incentive Compensation	* Performance Shares tie a substantial portion of total compensation to the Company's future achievement of pre-established performance goals over a three-year performance period, including: - EBITDA (33%) - Relative TSR (33%)	* Aligns the interests of executive officers with those of shareholders by providing a mix of equity compensation tied to financial and share performance * Combined with the Company's vesting and stock ownership requirements, as well as a clawback feature, equity-based awards balance the goals of encouraging sustainable results over time and reward those results with appropriate levels of actual compensation
Restricted Stock Units (34%)	* Restricted Stock Units align awards with stock price performance and encourage executive retention with vesting after a three-year period	* Total target awards vary based on position and other factors * Provides income upon retirement including tax-deferred methods for general savings
Retirement Benefits and Deferred Compensation	* Includes qualified and nonqualified defined benefit and defined contribution plans, as well as a nonqualified retirement plan and deferred compensation plan	* Provides a limited supplement to total direct compensation
Perquisites	* Primarily consists of the use of a Company-provided vehicle with AAM content	

Base Salary. In the fourth quarter of each year, the Committee reviews base salaries for executive officers for the following calendar year. In determining 2016 base salaries for executive officers, the Committee reviewed benchmark data comparing pay levels of our executive officers with those of executives holding similar positions at companies in our comparative peer group. The Committee considered the recommendations of Mr. Dauch in determining other NEO base salaries. The Committee approved 2016 base salaries as follows:

	Base Salary		% Change
	2016	2015	
David C. Dauch	\$ 1,150,000	\$ 1,150,000	— %
Christopher J. May (effective March 1, 2016)	\$ 400,000	\$ 350,000	14 %
Michael K. Simonte	\$ 640,000	\$ 640,000	— %
Alberto L. Satine	\$ 510,000	\$ 510,000	— %
Norman Willemse	\$ 450,000	\$ 450,000	— %

In 2016, the Committee approved an increase to Mr. May's base salary to bring it closer the 50th percentile of the CFO positions among companies in our comparative peer group. Mr. May was appointed CFO in August 2015 and therefore, the Committee set his initial base salary below the 50th percentile subject to further review in 2016. The Summary Compensation Table shows the base salary earned in 2016 for each NEO.

Annual Incentive Compensation. Each NEO's annual incentive compensation is based on achieved results against pre-established financial targets approved by the Committee and established under AAM's Incentive Compensation Plan for Executive Officers. Payment of annual cash incentive awards is permitted to the extent the Company meets or exceeds threshold performance levels and reports positive net income. Subject to 162(m) of the Internal Revenue Code, the Committee may make discretionary adjustments if it determines that the achievement of performance targets for a plan year do not reflect the true performance of the Company due to unanticipated circumstances specified in the plan.

The table below shows the 2016 target annual incentive opportunities for our NEOs, stated as a percentage of base salary:

	Target Annual Incentive Opportunity	
	2016	2015
David C. Dauch	125%	125%
Christopher J. May	60%	54%
Michael K. Simonte	100%	88%
Alberto L. Satine	80%	68%
Norman Willemse	80%	68%

The annual incentive target opportunities for Mr. May, Mr. Simonte, Mr. Satine and Mr. Willemse were increased effective August 1, 2015 in connection with promotions to their new leadership positions.

Amendment and Restatement of Annual Incentive Plan

In February 2016, the Committee approved the use of operating income margin as an additional performance measure for annual incentives awarded under the Annual Incentive Plan for Executive Officers. The Committee selected this additional performance measure to more closely align compensation with our business strategy of exceptional

operating performance. By removing the impact of financing and tax activities, this metric more effectively aligns incentive opportunities with operational performance objectives. This pre-tax earnings measure is more prevalent among companies in our comparative peer group. The plan will continue to include net income as a percentage of sales, net operating cash flow and return on invested capital as available performance measures.

105

In support of the Company's 2016 goals and objectives, the Committee approved the use of net operating cash flow and operating income margin, each with equal weighting, as the performance metrics for determining 2016 annual cash incentives. These performance metrics were selected for the following reasons:

- net operating cash flow is an important financial metric for AAM due to its impact on liquidity, debt reduction and stockholder value creation;
- increasing net operating cash flow is also key to achieving credit rating upgrades, which has a favorable impact on the Company's cost of future financing; and
- operating income is a key indicator of financial and operational performance.

Net operating cash flow is defined as net cash provided by or used in operating activities less capital expenditures net of proceeds from the sale of property, plant and equipment and from government grants.

2016 Annual Incentive Performance

In the fourth quarter of 2015, in conjunction with a review of the Board-approved annual budget, the Committee set 2016 performance targets for the net operating cash flow and operating income margin performance metrics as follows:

	Weighting	Threshold (Payout 50%)	Target (Payout 100%)	Maximum (Payout 200%)	2016 Actual Performance
Net Operating Cash Flow	50%	\$82.5 million	\$110.0 million	\$126.5 million	\$198.6 million ⁽¹⁾
Operating Income Margin	50%	6.72%	8.96%	10.30%	10.31% ⁽²⁾

(1) Excludes the impact of cash paid for restructuring and acquisition-related costs of \$9.5 million.

(2) Excludes the impact of restructuring, acquisition-related and asset impairment costs of \$26.2 million.

The target for each performance metric was set at budget. The threshold performance was set at 75% of target and the maximum performance was set at 115% of target. In determining these performance and payout levels, the Committee considered an annual incentive plan market analysis performed by Meridian that compared the Company's performance and payout levels to those used by companies in our comparative peer group and among a broader industry group.

The Committee considered the effectiveness of the annual incentive plan design to drive desired levels of performance. The Committee concluded that the threshold performance levels should be set at a percentage of target that would drive a higher minimum level of performance, resulting in the achievement of a greater payout of 50% (previously 25%). In addition, the Committee set the maximum levels to reward exceptional performance deserving of a 200% payout. The 2016 annual incentive performance and payout levels are consistent with market practices based on Meridian's analysis.

The operating income margin performance levels were also compared to that of our competitor peer group for the three most recent fiscal years. The target performance level was set at a level to meet the performance of the top one-third of our competitor peer group.

Based on the weighting of each performance metric, the 2016 annual incentive awards resulted in a payout of 200% of target. No discretionary increases were made to 2016 annual incentive payouts for any NEO. The annual incentive awards paid are shown in the Summary Compensation Table.

Long-Term Incentive Compensation. The table below shows the 2016 target long-term incentive opportunities for our NEOs:

	2016 Target Long-Term Incentive Opportunity	
	\$(¹)	%(²)
David C. Dauch	4,600,000	400%
Christopher J. May	400,000	100%
Michael K. Simonte	1,472,000	230%
Alberto L. Satine	765,000	150%
Norman Willemse	675,000	150%

(1) Amounts reflect the value the Committee considered when granting the awards for 2016. These amounts differ from the value of the awards shown in the 2016 Summary Compensation Table and Grants of Plan-Based Awards Table because those tables reflect the probable outcome of the performance metrics for the performance shares.

(2) Stated as a percentage of base salary.

Mr. Dauch's LTI opportunity was increased to 400% from 375% of base salary effective January 1, 2016. The Committee approved this increase in consideration of the Company's financial performance and Mr. Dauch's leadership in strengthening AAM's management team and advancing product technology and innovation. In addition, Mr. Dauch's LTI opportunity has been increased to 450% for 2017. In determining Mr. Dauch's 2017 LTI target and in consultation with Meridian, the Committee considered, among other factors, market data provided by Meridian, the strong leadership exhibited by Mr. Dauch in positioning AAM to achieve its strategic objectives, and the outstanding operational and financial performance of the Company in 2016.

The target LTI opportunities for Mr. May (from 60%), Mr. Simonte (from 200%), Mr. Satine (from 120%) and Mr. Willemse (from 100%) were increased for 2016 awards in connection with their appointments to new positions.

2016 Long-Term Incentives

The Committee determined the LTI program and each NEO's target LTI opportunity for 2016 in consideration of peer group data, market trends, pay-for-performance alignment and executive retention. Under the 2016 LTI program, each NEO was granted performance shares of 66% and RSUs of 34% of the NEO's target LTI value. RSU awards vest in full on the third anniversary of the grant date and are payable in shares. These awards were granted under the Amended and Restated AAM 2012 Omnibus Incentive Plan (2012 Omnibus Incentive Plan).

Performance share awards are subject to two equally weighted three-year performance metrics: (1) cumulative earnings before interest, taxes, depreciation and amortization (EBITDA) margin and (2) relative total shareholder return (TSR). The Committee selected EBITDA margin because it is a key indicator of our financial and operational performance and is useful in analyzing entity valuation. The Committee selected relative TSR because of its alignment with stock price performance. This TSR performance metric is designed to motivate executive officers to build long-term value for our stockholders. The EBITDA and relative TSR performance measures also complement the metrics we use to determine payouts under our annual incentive program.

The following table shows the threshold, target and maximum EBITDA margin and relative TSR performance levels to be used in determining the payouts for these awards for the performance period January 1, 2016 through December 31, 2018. These performance levels were designed to drive a level of performance in the top one-half of our competitor peer group. The competitor peer group consists of companies listed above in Peer Group and Compensation Benchmarking.

Performance Level	EBITDA Margin Performance Measure		Relative TSR Performance Measure	
	3 Year Cumulative EBITDA Margin	Percent of Target Award Opportunity Earned	Company's TSR Percentile Rank	Percent of Target Award Opportunity Earned
Threshold	10%	25%	35 th	50%
Target	12%	100%	50 th	100%
Maximum	15%	200%	75 th	200%

Payout of 2014 Performance Share Awards

The performance period for performance shares granted in 2014 ended on December 31, 2016. The final number of shares earned was based on EBITDA margin and relative TSR over the three-year performance period as follows:

	Actual Performance	% of Target Shares Earned	Award Weighting	Weighted Payout
EBITDA Margin	14.7% ⁽¹⁾	191%	50%	96%
Relative TSR	22 nd percentile	—%	50%	—%
		Final Payout as a % of Target		96%

(1) Excludes the impact of a settlement charge related to certain terminated vested participants under our defined benefit U.S. pension plans and restructuring and acquisition-related costs. See Reconciliation of Non-GAAP and GAAP Information.

Equity Grant Practices

AAM generally makes equity grants to its executive officers and other executives on an annual basis, subject to the approval of the Committee. Grants are typically made in the first quarter of each year to coincide with the communication to executive officers of their annual cash incentive awards for the previous year's performance. This timing increases the impact of the awards by strengthening the link between pay and performance. AAM has never allowed backdating, spring loading or other timing of option grants with the release of material non-public information. Currently, stock options are not used as a vehicle for long-term incentive awards under our compensation programs.

Benefits. Our NEOs participate in the same benefit and retirement plans in which our U.S. salaried associates participate. A group of approximately 60 senior executives, including the NEOs, also receive supplemental life, supplemental disability and umbrella liability insurance benefits. Our NEOs are eligible to participate in AAM's qualified and nonqualified defined benefit pension plans and defined contribution plans. They are also eligible to participate in a nonqualified deferred compensation plan that permits deferrals of a portion of base salary and/or annual cash incentive compensation on a pretax basis. These plans are described in the Pension Benefits and Nonqualified Deferred Compensation sections below.

Perquisites. AAM provides a limited number of perquisites to senior executives, including our NEOs. AAM does not pay for country club memberships. Senior executives are eligible for the use of a Company-provided vehicle with

AAM content. Mr. Dauch has the use of two Company-provided vehicles. Occasionally, the Company invites spouses of AAM executives to attend Company business events and pays for the spouse's travel and related non-business expenses. The Company reimburses the executive for taxes attributable to the income associated with

108

this benefit. We do not otherwise provide tax gross ups for executives except for those available for all salaried associates generally. Perquisites are further described in the footnotes to the Summary Compensation Table.

Employment Agreements

The terms of Mr. Dauch's and Mr. Simonte's employment agreements are described in the Narrative to the Summary Compensation Table and Grants of Plan-Based Awards Table and Potential Payments Upon Termination or Change in Control.

Change in Control Plan

The AAM Executive Officer Change in Control (CIC) Plan provides eligible executive officers severance payments and benefits in the event of termination of employment on or within two years following a CIC. Mr. Dauch and Mr. Simonte do not participate in the CIC Plan due to the severance payments and benefits provided under each of their employment agreements.

The Board believes the CIC Plan enhances stockholder value by encouraging executive officers to consider CIC transactions that may be in the best interests of the Company and our stockholders while keeping them neutral to potential job loss. The Board also believes that the CIC Plan is aligned with competitive market practices and will help to retain key talent. Severance benefits provided to our NEOs are described under Potential Payments Upon Termination or Change in Control.

Executive Compensation Recoupment (Clawback) Policy

The clawback policy authorizes the Committee to determine whether to require recoupment of performance-based incentive compensation actually paid or awarded to any executive officer if certain conditions are met. For purposes of this policy, performance-based compensation includes all annual incentives for periods beginning with the 2014 fiscal year and long-term incentives awarded after January 1, 2014, whether paid in cash or equity, to the extent the awards are determined based on the Company's financial performance.

The Committee may require recoupment if the executive officer engaged in fraud or intentional misconduct that caused or contributed to the need for a material restatement of the Company's financial statements filed with the SEC. If the Committee determines that any performance-based compensation paid or awarded to the executive officer would not have been awarded or would have been awarded at a lower amount had it been calculated based on such restated financial statements (adjusted compensation), the Committee may seek to recover for the benefit of the Company the excess of the awarded compensation over the adjusted compensation (excess compensation). In deciding whether to seek recovery of excess compensation from the executive officer, the Committee will consider the factors it deems relevant under the circumstances and whether the assertion of a claim is in the best interests of the Company.

Executive Officer Stock Ownership Requirements

A fundamental objective of our compensation program is for executive officers to own AAM stock in order to align their interests with those of our stockholders and to reinforce the importance of making sound long-term decisions. The Company's current stock ownership requirements are as follows:

	Multiple of Base Salary
Chief Executive Officer	6
Chief Financial Officer; President	3
Senior Vice President	2

Executive officers have five years to meet these requirements or, for new executive officers, five years from the date of appointment. Shares owned directly, unvested RSUs and performance shares (at target) count toward the requirement while unexercised stock options are not included. These ownership levels must be maintained as long as the person is an executive officer of AAM. NEOs who have not met these requirements may not sell shares.

109

The Committee annually reviews each executive officer's stock ownership level according to this policy. Each NEO has met or is on track to meet the ownership requirements established for his position.

Anti-hedging and Anti-pledging Policy

AAM prohibits employees and non-employee directors from entering into transactions that may result in a financial benefit if our stock price declines, or any hedging transaction involving our stock, including but not limited to the use of financial derivatives, short sales or any similar transactions. Pledging of Company stock is also prohibited.

Tax Deductibility of Compensation

In general, the compensation awarded to NEOs will be taxable to the executive and will give rise to a corresponding corporate deduction at the time the compensation is paid. Section 162(m) of the Code precludes a public corporation from taking a tax deduction for annual compensation in excess of \$1 million paid to the CEO or to other NEOs other than the CFO. One exception applies to performance-based compensation paid pursuant to stockholder-approved employee benefit plans. Performance-based compensation is compensation that is paid only if the individual's performance meets pre-established objective performance goals based on performance criteria approved by our stockholders.

Although deductibility of compensation is preferred, tax deductibility is not the primary objective of our compensation programs. The Committee may decide to pay compensation or grant awards that serve the objectives of our executive compensation program even though such compensation or awards may not be deductible by the Company.

The annual incentives and long-term incentive performance share awards granted in 2016 to our NEOs are intended to comply with the performance-based compensation exemption under Section 162(m). RSUs granted to NEOs in 2016, although not deductible, were considered to be the appropriate vehicle for a portion of the long-term incentive component of our executive compensation program.

2017 Changes to Executive Compensation Program

In 2017, we made the following changes to our executive compensation program:

• The Board proposed an amendment to the 2012 Omnibus Incentive Plan that included the following:

• Minimum one-year vesting of awards;

• Non-employee director pay limits;

• Prohibition of share recycling on stock options; and

• Prohibition of the payout of dividend equivalents before awards are vested.

In anticipation of the proposed acquisition of MPG, the Committee approved a new custom peer group for benchmarking executive compensation that took into consideration the expected increase in projected AAM revenues. In February 2017, based on Meridian's benchmark analysis, the Committee approved adjustments to the components of NEO and non-employee director compensation which will not be implemented until the successful closing of the acquisition of MPG.

•

Increased stock ownership requirements for the CEO and certain other NEOs and increased stock ownership guidelines for non-employee directors.

110

Reconciliation of Non-GAAP and GAAP Information

AAM has included in this Amendment adjusted operating income margin, adjusted net operating cash flow and adjusted EBITDA, which are financial metrics used in our Incentive Compensation Plan for Executive Officers and the 2012 Omnibus Incentive Plan. These metrics are non-GAAP financial measures. Such information is reconciled to its closest GAAP measure in the tables below in accordance with Securities and Exchange Commission rules.

Management believes that these non-GAAP financial measures are useful to both management and its stockholders in their analysis of the Company's business and operating performance. Management also uses this information for operational planning and decision-making purposes. Non-GAAP financial measures are not and should not be considered a substitute for any GAAP measure. Additionally, non-GAAP financial measures as presented by AAM may not be comparable to similarly titled measures reported by other companies.

Annual Incentive Awards

In 2016, annual incentive awards were granted under the AAM Incentive Compensation Plan for Executive Officers. Net operating cash flow and operating income margin were selected as performance metrics for these awards. The maximum payout for each performance metric is 200%. See Annual Incentive Compensation in the CD&A.

Long-Term Incentive Awards

In 2016, the Company granted long-term incentive awards to NEOs in the form of RSUs and performance share awards. The terms of these awards are described in Long-Term Incentive Compensation in the CD&A.

2016 Awards Granted Under the 2012 Omnibus Incentive Plan

Restricted Stock Units (RSUs). The RSUs granted on March 4, 2016 to NEOs vest in three years. All RSUs are payable in common stock.

Performance Share Awards. The performance share awards granted to NEOs on March 4, 2016 are based upon the attainment of certain EBITDA margin performance targets and relative TSR over a three-year performance period

beginning January 1, 2016 through December 31, 2018. The performance share awards represented 66% of the total LTI award opportunity for executive officers. One-half of the 2016 performance share payouts, or 33% of the total LTI award, earned will be measured by EBITDA margin performance and one-half, or 33% of the total LTI award, will be measured by relative TSR performance over a three-year period. TSR performance share payouts will be capped if the Company's TSR is negative for the three-year period. All performance shares are payable in common stock.

117

The following tables illustrate the threshold, target and maximum performance levels for determining 2016 award payouts for each performance measure.

Performance Level	EBITDA Margin Performance Measure		Relative TSR Performance Measure	
	3-Year Cumulative EBITDA Margin	Percent of Target Award Opportunity Earned	Company TSR Percentile Rank	Percent of Target Award Opportunity Earned
Threshold	10%	25%	35 th	50%
Target	12%	100%	50 th	100%
Maximum	15%	200%	75 th	200%

Payout of 2014 Performance Share Awards

The performance period for performance shares granted in 2014 ended on December 31, 2016. The final number of shares earned was based on EBITDA margin and relative TSR over the three-year performance period as follows:

	Actual Performance	% of Target Shares Earned	Award Weighting	Weighted Payout
EBITDA Margin	14.7% ⁽¹⁾	191%	50%	96%
Relative TSR	22 nd percentile	—%	50%	—%
		Final Payout as a % of Target		96%

(1) Excludes the impact of a settlement charge related to certain terminated vested participants under our defined benefit U.S. pension plans and restructuring and acquisition related costs. See Reconciliation of Non-GAAP and GAAP Information in the CD&A.

PENSION BENEFITS

The NEOs are eligible to participate in pension plans that provide benefits based on years of service and pay. The following table shows the value of the benefits accumulated by the NEOs and their years of credited service under AAM's Salaried Retirement Program (SRP), the Albion Pension Plan and AAM's Supplemental Executive Retirement Program (SERP), each effective as of December 31, 2016.

Name	Plan Name	Number of Present Years of Credited Service ⁽¹⁾ (#)	Value of Accumulated Benefit ⁽²⁾ (\$)
David C. Dauch	AAM Retirement Program for Salaried Employees	11.5000	364,791
	AAM Supplemental Executive Retirement Program	21.5000	5,172,154
Christopher J. May	AAM Retirement Program for Salaried Employees	12.5000	158,884

Alberto L. Satine ⁽³⁾	AAM Retirement Program for Salaried Employees	10.5833	652,737

Norman Willemse ⁽⁴⁾	Albion Pension Plan	6.3333	313,773
	AAM Supplemental Executive Retirement Program	15.5000	815,834

The years of credited service are through December 31, 2016. Benefits under the SRP were frozen effective December 31, 2006 for Mr. Dauch, Mr. May and Mr. Simonte. Benefits under the SRP were frozen effective (1) December 31, 2011 for Mr. Satine. As a result, credited service under the SRP is less than actual service with the Company. Credited service under the SERP reflects actual years of service with the Company, including for Mr. Willemse his years of service with our UK subsidiary, Albion Automotive Limited.

The values shown are based on benefits deferred to the earliest age at which unreduced benefits are payable. The assumptions used to calculate the actuarial present value of accumulated benefits are the same assumptions used in (2) our audited consolidated financial statements for the fiscal year ended December 31, 2016 and assume continued employment until unreduced retirement age is attained. For material assumptions used, see Note 6 to the audited consolidated financial statements in our annual report on Form 10-K for the fiscal year ended December 31, 2016.

Mr. Satine was eligible to retire on December 31, 2016 under both the SRP and the SERP. He qualifies for a (3) reduced benefit of approximately 88% of the unreduced benefit under the SRP and the lump sum benefit under the SERP.

(4) Mr. Willemse is not a participant in the SRP. Mr. Willemse was eligible to retire on December 31, 2016 under both the Albion Pension Plan and the SERP. He qualifies for the lump sum benefit under the SERP.

Salaried Retirement Program (SRP). The annual retirement benefit payable to each executive, commencing on retirement at or after age 65, equals the sum of the executive's contributions plus an additional benefit based on the executive's average monthly salary (determined as the average of the executive's base salary in the highest 60 months during his final 10 years of service) and years of credited service. Benefits under the SRP may be paid as a single life annuity or, upon election, in the form of a joint and survivor annuity with a reduction in the amount of the

annual benefit. The SRP is a qualified plan subject to Internal Revenue Code (IRC) limitations on benefits and is subject to Employee Retirement Income Security Act of 1974.

Effective December 31, 2006, the SRP was amended to freeze benefits at current levels for associates who were not eligible to retire by December 1, 2011. Associates who were eligible for early or normal retirement on or before December 31, 2011 continued to accrue benefits through December 31, 2011.

Albion Pension Plan. Our Albion Automotive Limited subsidiary provides pension benefits under the Albion Pension Plan for its salaried associates. Mr. Willemse is a participant in this plan based on his former employment with this subsidiary. The annual retirement benefit payable, commencing on retirement at or after age 65, is based on the participant's average salary (as defined in the plan during the final 10 years of service with Albion Automotive Limited), years of pensionable service and the percentage of participant contributions made to the plan. The participant may elect benefits to be in the form of an annuity or to receive a portion of the benefit payable in a lump sum.

Supplemental Executive Retirement Program (SERP). Executive officers who are grandfathered under the SRP are eligible to receive the basic form of pension benefit under the SERP upon retirement. In addition, the executive may be eligible to receive the alternative form of benefit, if greater than the basic benefit, upon retirement at or after age 62. The executive must have at least 10 years of credited service to receive either form of benefit under the SERP.

The total monthly benefit payable under the basic form of SERP is equal to the following amount:

• Two percent of the executive's average monthly salary calculated as of December 31, 2011 (as determined for the SRP excluding the limitations as specified under the IRC), multiplied by the executive's years of credited service; less
• The benefit payable to the executive under the SRP (without reduction for survivor benefits), plus 2% of the maximum monthly social security benefit payable at age 65 multiplied by the executive's years of credited service.

The Compensation Committee has discretion to reduce or eliminate the amount payable under the alternative form of benefit. Subject to the Compensation Committee's discretion, the total monthly benefit payable under the alternative form of SERP is equal to the following amount:

• 1.5% of the executive's average monthly salary calculated as of December 31, 2011 (as determined for the SRP excluding the limitations as specified under the IRC) and average monthly incentive compensation as of December 31, 2011 (determined as the average of the highest five of the executive's last 10 annual cash incentive awards, divided by 12) multiplied by the executive's years of credited service; less
• The benefit payable to the executive under the SRP (without reduction for survivor benefits), plus the maximum monthly social security benefit payable at age 65.

SERP benefits payable under the basic and alternative forms are generally paid as a single life annuity. If the executive's spouse is eligible for survivor benefits under the SRP; however, the executive's monthly SERP benefit will be reduced and paid in the form of a joint and survivor annuity.

Mr. Dauch, Mr. May, Mr. Simonte and Mr. Willemse, who are not grandfathered under the SRP, are eligible to receive a benefit under the current SERP formula, payable six months after retirement in a lump sum. As a grandfathered participant, Mr. Satine may alternatively be eligible to receive a benefit under the current SERP formula if this benefit is greater than that under the basic or alternative benefit described above. Under the current SERP formula, the amount of the benefit will be equal to 12.5% of the executive's final average compensation (determined as the executive's average annual base salary and cash incentive for the highest five consecutive years), multiplied by the executive's years of credited service, less the sum of the actuarial equivalent value of the executive's benefits payable under the SRP, Albion Pension Plan and the balance of the executive's employer retirement contribution account under

AAM's 401(k) plan.

NONQUALIFIED DEFERRED COMPENSATION

The following table summarizes deferred compensation of NEOs under the Executive Deferred Compensation Plan for the 2016 fiscal year.

Reflects hypothetical accrued earnings or losses during 2016 on notional investments designed to track (1) the performance of funds similar to those available to participants in the Company's 401(k) plan. None of the earnings shown in this column are reported as compensation in the Summary Compensation Table.

(2) Of the aggregate balance, the amounts reflect compensation previously reported in the Summary Compensation Table for each of the NEOs.

Under AAM's Executive Deferred Compensation Plan, a nonqualified, tax-deferred savings plan, certain executives, including the NEOs, may elect to defer payment of 6% to 75% of their base salary and/or their annual incentive award during any plan year. Base salary deferred into the plan receives a 3% Company match. Matching contributions are vested after five years of credited service. The amounts deferred are unfunded and unsecured obligations of AAM.

Amounts deferred or credited into this plan are represented in the executive's notional account and are "invested" among funds similar to those available under AAM's 401(k) plan. Although the executive has no actual or constructive ownership of shares in the investment funds, the return on the executive's account is determined as if the amounts were notionally invested in these funds.

The table below shows the investment fund options available under the Executive Deferred Compensation Plan and the annual rates of return for the calendar year ended December 31, 2016.

Distributions can be received (1) upon retirement in a lump sum or in annual payments over a period of five or ten years, (2) in a lump sum upon death, disability, termination of employment or change in control or (3) if elected by the participant, during employment at a specified date after a minimum deferral period. The minimum deferral period is at least three years following the end of the plan year to which the deferral election relates and distributions during employment consist of participant deferrals and related earnings or losses (not Company contributions and related earnings or losses).

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

The following tables show the estimated potential payments and benefits that each of the NEOs would receive upon termination of employment under various circumstances that would trigger payments under applicable employment agreements and the Company's plans and programs, assuming the termination event occurred on December 31, 2016. Although the calculations are intended to provide reasonable estimates of the potential payments, they are based on numerous assumptions and may not represent the actual amounts these NEOs would receive upon each termination event.

Employment Agreements

Under our employment agreements with Mr. Dauch and Mr. Simonte, the Company may terminate their employment with or without cause. Cause means:

- a material breach of his obligations under the agreement;
- the willful and continued failure or refusal to satisfactorily perform his duties;
- a conviction of or pleading guilty (or no contest) to a felony or to another crime involving dishonesty or moral turpitude or which reflects negatively upon the Company or impairs its operations;
- engaging in any misconduct, negligence, act of dishonesty (including any violation of federal securities laws) or violence that is materially injurious to the Company;
- a material breach of a restrictive covenant (i.e., non-competition, non-solicitation) or Company policy;

refusal to follow the directions of the Board; or

any other willful misconduct that is materially injurious to AAM's financial condition or business reputation.

124

In addition, Mr. Dauch and Mr. Simonte may resign for good reason, which means:

- a material decrease in compensation or a failure by the Company to pay material compensation;
- a material diminution of responsibilities, positions or titles (other than solely as a result of the Company ceasing to be a publicly-traded company);
- relocation more than 50 miles outside the Detroit-metropolitan area; or
- a material breach by the Company.

Upon termination for cause or resignation without good reason, Mr. Dauch and Mr. Simonte are entitled to receive only accrued and unpaid compensation. Participation in the Company's benefit plans would cease upon termination.

If employment is terminated without cause or upon resignation for good reason on or within two years following a CIC, Mr. Dauch and Mr. Simonte are entitled to a severance payment of a multiple of annual base salary and annual bonus, plus a target annual bonus prorated through the termination date. The annual bonus payment is determined based on the higher of his target annual bonus for either the year of the CIC or the year of termination. The severance multiple for Mr. Dauch is three times and Mr. Simonte's multiple is two times. In addition, each would receive medical benefit continuation after termination of employment following a CIC; Mr. Dauch for three years and Mr. Simonte for two years. Each would also receive outplacement services; Mr. Dauch \$50,000 and Mr. Simonte \$30,000.

If employment is terminated without cause, or upon resignation for good reason not in connection with a CIC, Mr. Dauch and Mr. Simonte are entitled to receive accrued and unpaid compensation and continued payment of base salary for two years following termination. Each would also receive outplacement services; Mr. Dauch \$50,000 and Mr. Simonte \$30,000.

Certain severance payments are subject to recoupment or clawback. Salary and benefit continuation is also subject to compliance with the confidentiality, non-competition, non-solicitation and intellectual property assignment provisions of each employment agreement as well as the execution and non-revocation of a general waiver and release of claims.

If employment terminates due to disability or death, Mr. Dauch and Mr. Simonte will be entitled to accrued benefits under applicable benefit plans and programs.

AAM Executive Officer Change in Control Plan

Under the AAM Executive Officer Change in Control Plan adopted in February 2015, upon termination of employment by the Company without cause or resignation by an executive officer (other than Mr. Dauch and Mr. Simonte) for good reason on or within two years following a CIC, each eligible executive officer will be entitled to certain severance payments and benefits, in addition to other accrued compensation and benefits:

- a cash amount equal to annual base salary multiplied by two;
- a cash amount equal to target annual bonus multiplied by two, with target annual bonus determined as the greater of the target amount in the year of the CIC or the year of termination of employment;
- reimbursement of outplacement service costs of up to \$30,000 incurred within 24 months following termination of employment; and
- continued participation in AAM's medical benefit plans for two years following termination of employment, or, in certain cases, a cash amount equal to the value of the benefit continuation.

For purposes of the CIC Plan, cause means: (1) the participant's willful and continued failure or refusal to satisfactorily perform his/her duties; (2) a conviction of or pleading guilty (or no contest) to a felony or to another crime involving dishonesty or moral turpitude or which reflects negatively upon the Company or impairs its operations; (3) engaging

in any willful misconduct, gross negligence, act of dishonesty (including any violation of federal securities laws) or violence that is injurious to the Company; (4) a material breach of any restrictive covenant or any material written policy of the Company; (5) a material failure to comply with any material applicable laws and regulations or professional standards relating to the business of the Company; or (6) any other misconduct that is injurious to the financial condition or business reputation of the Company.

125

The CIC Plan defines good reason to include any of the following acts or omissions: (1) a material reduction in a participant's position, authority, duties or responsibilities following the CIC; (2) a material reduction in a participant's annual base salary or bonus opportunity in effect prior to the CIC; or (3) a relocation of the office at which the participant is to perform the majority of his or her duties following a CIC to a location more than 50 miles from such location prior to the CIC.

This salary and benefit continuation is subject to the executive officer's compliance with the confidentiality, non-competition, non-solicitation and intellectual property assignment provisions of the CIC Plan as well as the execution and non-revocation of a general waiver and release of claims. Certain severance payments are also subject to recoupment or clawback.

No Tax Gross Ups

The Company does not provide tax gross ups to executive officers upon a CIC. If any of the payments or benefits under Mr. Dauch's or Mr. Simonte's employment agreement or the CIC Plan are deemed to be parachute payments under Section 280G of the Code and would be subject to the excise tax imposed under Section 4999 of the Code, the payments or benefits will be reduced by the amount required to avoid the excise tax if the reduction would give a better after-tax result than if the full payments and benefits were received.

Non-Competition Agreements

Pursuant to their non-competition agreements with the Company, Mr. May, Mr. Satine and Mr. Willemse are prohibited, while employed by AAM and for one year following termination of employment (prior to a CIC), from:

- directly or indirectly engaging in any business that competes with AAM;
- soliciting or inducing our employees to leave AAM, or offering employment to our employees or otherwise interfering with our relationship with our employees, agents or consultants; and
- using, exploiting or disclosing our confidential information to any third party without our prior written consent.

Potential Payments Upon Termination or Change in Control

The tables below reflect potential payments to each NEO upon resignation for good reason, termination without cause, disability, retirement and a CIC as of December 31, 2016. Upon termination for cause or resignation without good reason, each NEO would receive only accrued and unpaid compensation and benefits. The assumptions used to determine retirement benefits for eligible NEOs are the same as those used in our audited consolidated financial statements for the fiscal year ended December 31, 2016. See Note 6 to the audited consolidated financial statements in our 2016 annual report on Form 10-K. Mr. Dauch, Mr. May and Mr. Simonte were not eligible to retire as of December 31, 2016. The footnotes following the tables provide additional detail regarding the potential payments and benefits shown for each termination scenario.

Notes to Termination Tables

Assumes total and permanent disability on December 31, 2016. Because Mr. Dauch, Mr. May and Mr. Simonte are (1) not eligible to retire on December 31, 2016, the amounts reflect disability payments until retirement at 65 or for health and life insurance until termination.

For Mr. Dauch and Mr. Simonte, amounts reflect CIC benefits under their employment agreements and outstanding (2) LTI awards as of December 31, 2016. For other NEOs, amounts reflect payments and benefits under the CIC Plan and outstanding LTI awards as of December 31, 2016.

Under their employment agreements, Mr. Dauch and Mr. Simonte are entitled to receive two years' base salary (3) (payable semimonthly) and accrued and unpaid compensation upon resignation for good reason or termination without cause. The annual bonus amounts reflect 2016 awards paid in March 2017.

Upon termination without cause or resignation for good reason on or within two years following a CIC, Mr. Dauch and Mr. Simonte are entitled to a multiple of base salary and annual bonus (Mr. Dauch, three times; Mr. Simonte, (4) two times) plus a target annual bonus prorated through termination. The severance amount for each reflects base salary as of December 31, 2016 times the applicable multiple. The annual bonus amount for each reflects the 2016 award paid in March 2017 and the 2016 target bonus times the applicable multiple.

In the event of disability or retirement, AAM's Incentive Compensation Plan for Executive Officers provides a (5) pro-rata award payout through the date of disability or retirement. The amounts reflect 2016 awards payable in March 2017 under a disability termination event and also upon retirement for Mr. Satine and Mr. Willemse.

Outstanding RSUs vest upon termination of employment due to death, disability or upon a CIC. The value reflects the number of RSUs multiplied by the closing price of AAM common stock on December 30, 2016. In the event of (6) retirement, RSUs vest pro-rata based on continued employment through retirement. In the event of retirement for Mr. Satine and Mr. Willemse, the amounts reflect the applicable pro-rata portion for each of their 2014-2016 RSU awards multiplied by the closing price of AAM common stock on December 30, 2016.

(7) The 2014 performance share awards payable in the event of a disability, retirement, termination without cause or upon a CIC are based on target performance and the pro-rata portion of employment during the performance period. The amounts reflect actual shares paid in March 2017 based performance through December 31, 2016 multiplied by the closing price of AAM stock on December 30, 2016.

(8) The 2015 performance share awards payable in the event of a disability, retirement or termination without cause are based on target performance and reflect the pro-rata portion of employment during the performance period. As of December 31, 2016, approximately 2/3 of the performance period has lapsed. Amounts reflect pro-rata awards at the target amount of shares multiplied by the closing price of AAM common stock on December 30, 2016. The 2015 performance share awards vest in full upon termination without cause or resignation for good reason on or within two years following a CIC.

129

- The 2016 performance share awards payable in the event of a disability, retirement or termination without cause are based on target performance and reflect the pro-rata portion of employment during the performance period. As of December 31, 2016, approximately 1/3 of the performance period has lapsed.
- (9) Amounts reflect pro-rata awards at the target amount of shares multiplied by the closing price of AAM common stock on December 30, 2016. The 2016 performance share awards vest in full upon termination without cause or resignation for good reason on or within two years following a CIC.
- (10) Amounts reflect account balances in the Executive Deferred Compensation Plan as of December 31, 2016. Under their employment agreements, Mr. Dauch and Mr. Simonte are entitled to two years' health care benefits upon resignation for good reason or termination without cause. Upon termination on or within two years following a CIC, Mr. Dauch (three years) and Mr. Simonte (two years) are also entitled to health care benefits. In the event of disability, Mr. Dauch and Mr. Simonte receive health care benefits for a maximum of 31 months (7 months of short term disability and 24 months of long term disability).
- (11) Reflects benefits equal to 100% of base salary for the first year of disability. Based on participant elections, amounts reflect 60% of base salary until retirement for Mr. Dauch and 66-2/3% for Mr. May and for Mr. Simonte.
- (12) Reflects basic and supplemental life insurance benefits through date of termination (31 months from date of disability).
- (13) Under their employment agreements, Mr. Dauch (\$50,000) and Mr. Simonte (\$30,000) are entitled to reimbursement for outplacement services upon termination without cause, resignation for good reason or termination of employment on or within two years following a CIC.
- (14) Under the CIC Plan, Mr. May, Mr. Satine and Mr. Willemse are entitled to a cash payment equal to two times annual base salary and annual bonus upon termination without cause or resignation for good reason on or within two years following a CIC. The annual bonus amount is based on the greater of the target annual bonus for the year of the CIC or for the year of termination. The severance amount reflects base salary as of December 31, 2016 for two years. The annual bonus amount reflects the 2016 award paid in March 2017 and the 2016 target annual bonus for two years.
- (15) For Mr. May, Mr. Satine and Mr. Willemse, amounts reflect two years' health care benefits provided upon termination without cause or resignation for good reason on or within two years following a CIC. Narrative Description of Non-Employee Director Compensation

2016 Annual Retainer and Committee Chair Retainers

Annual retainer	\$ 110,000
Committee chair annual retainer:	
Audit Committee chair	20,000
Other committee chair	10,000
Lead director annual retainer	30,000

Restricted Stock Units (RSUs). Each non-employee director is entitled to receive an annual award of RSUs equal to a grant date value of \$110,000 on the date of the annual stockholder meeting. The awards are payable in stock and vest in one year, unless vesting is accelerated upon death, disability or a change in control.

Deferral. Non-employee directors may elect to defer, on a pre-tax basis, a portion of their retainer and meeting fees and receive tax-deferred earnings (or losses) on the deferrals under AAM's Executive Deferred Compensation Plan. The rate of return on deferred amounts is based on the performance of selected benchmark funds identified in the plan, which is described in Nonqualified Deferred Compensation above. Non-employee directors may also elect to defer settlement of RSUs until after termination of service from the Board.

Stock Ownership Guidelines. The Compensation Committee has adopted non-employee director stock ownership guidelines equal to a multiple of five times the annual retainer. Non-employee directors are expected to meet the guidelines within three years from the date of election to the Board. Shares owned directly, deferred RSUs and unvested RSUs count toward the guidelines while unexercised stock options are not included. Each non-employee director has met the ownership guidelines or is on track to meet these ownership guidelines. Current stock ownership of non-employee directors is shown in the Security Ownership section below.

Anti-hedging and Anti-pledging policy. Non-employee directors are prohibited from entering into transactions that may result in a financial benefit if our stock price declines, or any hedging transaction involving our stock, including but not limited to the use of financial derivatives, short sales or any similar transactions. Pledging of Company stock is also prohibited.

Item 13. Certain Relationships and Related Transactions, and Director Independence

Related Person Transactions Policy

The Board has adopted a written policy and procedure for the review, approval and ratification of transactions involving AAM and any “related person” as defined in the policy. This policy supplements AAM’s other conflict of interest policies in our Code of Business Conduct. The Audit Committee is responsible for reviewing, approving and ratifying all related person transactions in accordance with the policy and the Audit Committee’s charter.

For purposes of this policy, a related person transaction includes any transaction, arrangement or relationship or series of similar transactions, arrangements or relationships in which AAM is or is expected to be a participant, the amount involved exceeds \$120,000, and a related person has or will have a material interest. A related person includes directors and executive officers and their immediate family members, stockholders owning more than five percent of the Company’s outstanding common stock as of the last completed fiscal year, and any entity owned or controlled by any one of these persons.

The Audit Committee makes a determination whether a related person’s interest in a transaction is material based on a review of the facts and circumstances. In deciding whether to approve or ratify a related person transaction, the Audit Committee will take into account, among other factors it deems appropriate, (1) whether the transaction is on terms no less favorable than terms generally available to an unaffiliated third party under the same or similar circumstances and (2) the significance of the related person’s interest in the transaction.

A member of the Audit Committee may not participate in the review or vote concerning any related person transaction in which the Audit Committee member or his or her immediate family member is involved.

The policy also provides that certain types of transactions are deemed to be pre-approved by the Audit Committee and do not require separate approval or ratification. During fiscal year 2016 and as of the date of this Amendment, the Company has not engaged in any reportable related person transactions.

Director Independence

AAM’s Corporate Governance Guidelines provide that at least a majority of the members of the Board meet the independence criteria of the NYSE listing standards. Currently, seven of our eight directors are independent from the Company. Only David C. Dauch, who serves as AAM’s Chief Executive Officer, is not independent due to his employment with AAM.

The Board has established Director Independence Guidelines to assist in determining the independence of our directors for purposes of the NYSE independence standards. The Director Independence Guidelines are included in AAM’s Corporate Governance Guidelines, which are available on our website at <http://investor.aam.com>. The Board annually reviews and determines, on the recommendation of the Nominating/Corporate Governance Committee, whether any director has a material relationship with the Company that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. No director qualifies as independent unless the Board determines that the director has no direct or indirect material relationship with the Company.

As a result of this evaluation, the Board determined that the following nominees and returning directors have no material relationships with AAM and are independent: Elizabeth A. Chappell, William L. Kozyra, Peter D. Lyons, James A. McCaslin, William P. Miller II, John F. Smith and Samuel Valenti III.

In making these independence determinations, the Board considered Ms. Chappell’s position as President & CEO of the Detroit Economic Club, in light of the sponsorship fees AAM pays to this non-profit organization. The annual fees

paid by AAM to the Detroit Economic Club are significantly below the threshold amount established under the NYSE independence standards and our Director Independence Guidelines, which is the greater of two percent of the outside entity's annual gross revenues or \$1 million.

Item 14. Principal Accounting Fees and Services

Report of the Audit Committee

The Audit Committee assists the Board in fulfilling its oversight responsibilities with respect to the Company's financial reporting process by monitoring, among other matters, the quality and integrity of the Company's financial statements, the independence and performance of Deloitte & Touche LLP (D&T), the Company's independent registered public accounting firm, and the performance of the Company's internal auditors. Management has primary responsibility for preparing the consolidated financial statements and for the reporting processes, including the design and maintenance of the Company's system of internal controls. The independent registered public accounting firm is responsible for auditing the Company's consolidated financial statements and opining upon the effectiveness of the internal control over financial reporting under the standards of the Public Company Accounting Oversight Board (PCAOB). The Audit Committee is solely responsible for the compensation, appointment and oversight of the Company's independent registered public accounting firm.

In this context, the Audit Committee has met and held discussions with management, D&T and the internal auditors, separately and together, with and without management present, regarding the Company's audited consolidated financial statements for the year ended December 31, 2016, and the Company's internal controls over financial reporting. Management represented to the Audit Committee that the Company's consolidated financial statements were prepared in accordance with generally accepted accounting principles in the U.S. The Audit Committee also discussed with D&T the matters required to be discussed by PCAOB Auditing Standard No. 16, Communications with Audit Committees, applicable rules of the SEC, and other relevant professional and regulatory standards, which include, among other items, matters related to the conduct of the audit of the Company's consolidated financial statements. Further, the Audit Committee discussed with the internal auditors the Company's plans for and scope of internal audits, identification of audit risks and results of audit activities.

The Audit Committee reviewed and discussed with D&T the auditor's independence from the Company and the Company's management. As part of that review, D&T submitted to the Audit Committee the written disclosures and the letter required by requirements of the PCAOB regarding D&T's communication with the Audit Committee concerning independence. Further, the Audit Committee discussed with D&T the firm's independence and considered whether D&T's performance of non-audit services to the Company was compatible with maintaining D&T's independence. The Audit Committee concluded that D&T is independent from the Company and its management.

Based on the considerations described above and the limitations of the role and responsibilities of the Audit Committee, the Audit Committee recommended to the Board that the audited consolidated financial statements for the year ended December 31, 2016 be included in the Company's 2016 annual report on Form 10-K.

Policy for Pre-Approval of Audit and Non-Audit Services

The Audit Committee's policy is to approve in advance all audit and permitted non-audit services (including scope, fee structure and the potential effect of the service on the auditor's independence) to be performed for the Company by its independent registered public accounting firm. Pre-approval is generally provided for up to one year, is detailed as to the particular service or category of services and is generally subject to a specific budget. The Audit Committee may also pre-approve particular services on a case-by-case basis. The Chairman of the Audit Committee may pre-approve

permissible non-audit services that arise between Audit Committee meetings, provided the fees do not exceed a limit established by the Audit Committee and the Audit Committee is informed of the decision to pre-approve the service at its next scheduled meeting. The Audit Committee received regular updates on the amount of fees and scope of audit, non-audit and tax services provided by D&T during 2016. All services provided by D&T during fiscal 2016 were authorized and approved by the Audit Committee in compliance with applicable pre-approval policies and procedures.

Independent Registered Public Accounting Firm's Fees

The following table shows the fees for professional services rendered by D&T for the audit of the Company's financial statements for the years ended December 31, 2016 and December 31, 2015, and fees billed for other services rendered by D&T, the member firms of Deloitte Touche Tohmatsu, and their respective affiliates during those periods.

	December 31,	
	2016	2015
Audit Fees ⁽¹⁾	\$ 1,969,240	\$ 2,110,826
Audit Related Fees ⁽²⁾	306,192	25,700
Tax Fees ⁽³⁾	310,000	505,500
All Other Fees ⁽⁴⁾	40,000	164,095
Total	\$ 2,625,432	\$ 2,806,121

Audit fees include fees for the audit of annual consolidated financial statements and internal controls over financial (1) reporting, reviews of quarterly consolidated financial statements, statutory audits, consents and comfort letters, reviews of documents filed with the SEC and other services related to SEC matters.

Audit-related fees are for services that are reasonably related to the performance of the audit or review of the (2) Company's consolidated financial statements. This category also refers to fees for the audit of employee benefit plans.

(3) Fees for tax services in 2016 and 2015 consisted of fees for tax compliance, tax advice and tax planning services.

(4) Other fees in 2016 and 2015 consisted of fees for advisory services related to government grants to a foreign subsidiary.
