REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Board of Directors
Jointland Development, Inc.
Hong Kong

We have reviewed the accompanying balance sheet for Jointland Development Inc. (a development stage company) for June 30, 2005 and the related statements of operations for the three and six-months ended June 30, 2005, and for the period from May 25, 1988 (inception) to June 30, 2005, stockholders' equity and cash flows for the six-months ended June 30, 2005 and for the period from May 25, 1988 (inception) to June 30, 2005. These financial statements are the responsibility of the Company's management.

We conducted our review in accordance with standards of the Public Company Accounting Oversight Board (United States). The review of interim financial information consists principally of applying analytical procedures to financial data and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with standards of the Public Company Accounting Oversight Board (United States), the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements for them to be in conformity with accounting principles generally accepted in the United States of America.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 2, conditions exist which raise substantial doubt about the Company's ability to continue as a going concern unless it is able to generate sufficient cash flows to meet its obligations and sustain its operations. Management's plans in regard to these matters are described in Note 2. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

The financial statements for the year ended December 31, 2004 were audited by other accountants, whose report is dated April 14, 2005, expressed an unqualified opinion on those statements. They have not performed any auditing procedures since that date. In our opinion, the information set forth in the accompanying balance sheet as of June 30, 2005, is fairly stated in all material respects in relation to the balance sheet from which it has been derived.

Edgar Filing: JOINTLAND DEVELOPMENT, INC. - Form 10QSB

Such project as has been carried out by Anhui Zhongan comprises of parcels of land and residential buildings constructed thereon. As at the date of this quarterly report, the Company is still in the course of negotiating the terms and conditions as set out in the relevant documentation in respect such acquisition.

Apart from the abovementioned proposed acquisition, the Company has, since November 2004, also been interested in investing in the development of another real estate development to be carried out in a location adjacent to the parkland along the Qiantang River and the proposed Central Park of Qianjiang New Century City within the new Xiaoshan City District in Hangzhou in the PRC. According to a detailed project development plans prepared by a firm of architects engaged by the Company, the project has been organized into five quadrants: an international office and consulate zone, a hotel and serviced apartment zone, a Chinese trade and office centre zone and the residential zone. The site where this project relates to covers an area of close to [300,000] m2 with an estimated gross floor areas of almost [1.8] million m2. Presently the Company is in the process of, amongst other matters, seeking the necessary project financing for the development of this project.

The Company does not have capital sufficient to meet the Company's cash needs, including the costs of compliance with the continuing reporting requirements of

Edgar Filing: JOINTLAND DEVELOPMENT, INC. - Form 10QSB

the Securities Exchange Act of 1934. The Company will have to seek loans or equity placements to cover such cash needs. There is no assurance, however, that without funds it will ultimately allow registrant to carry out any business. The Company's needs for additional financing are likely to increase substantially. The Company will need to raise additional funds to conduct any business activities in the next twelve months.

No commitments to provide additional funds have been made by management or other stockholders. Accordingly, there can be no assurance that any additional funds will be available to the Company to allow it to cover its expenses as they may be incurred. As of the date of this report management does not have any plan for raising additional capital, and does not know if or when it can or will develop a plan.

Irrespective of whether the Company's cash assets prove to be inadequate to meet the Company's operational needs, the Company will compensate providers of services by issuances of stock in lieu of cash.

The Company has no plans for any research and development in the next twelve months. The Company has no plans at this time for purchases or sales of fixed assets which would occur in the next twelve months.

The Company has no expectation or anticipation of significant changes in number of employees in the next twelve months.

The Company's auditor has issued a "going concern" qualification as part of his opinion in the Audit Report. There is substantial doubt about the ability of the Company to continue as a "going concern." The Company has no business, no capital, current debt in excess of \$267,096, all of which is current, minimal cash, no assets, and no capital commitments. The effects of such conditions could easily be to cause the Company's bankruptcy.

LIQUIDITY AND CAPITAL RESOURCES

The Company had \$707 cash capital at the end of the period, which is insufficient for any significant operations. The Company will need to either borrow or make private placements of stock in order to fund operations. No assurance exists as to the ability to achieve loans, or make private placements of stock. The Company is seeking capital sources for investment, there is no assurance that sources can be found.

The Company remains in the development stage and, since inception, has experienced significant liquidity problems and has no significant capital resources now and has stockholder's deficit of (\$266,387) approximately at June 30, 2005. The Company has minimal current assets and no other assets at June 30, 2005.

The Company is unable to carry out any plan of business without funding. The Company cannot predict to what extent its current lack of liquidity and capital resources will impair the consummation of a business combination or whether it will incur further operating losses through any business entity which the Company may eventually acquire. There is no assurance that the Company can continue as a going concern without substantial funding, for which there is no source.

The Company estimates it will require \$25,000 to \$30,000 to cover legal, accounting, transfer and miscellaneous costs of being a reporting company in the next fiscal year. The Company will have a cash shortfall for current annual reporting costs of at least \$25,000 to \$30,000, for which it has no source except shareholder loans or contributions, none of which have been committed.

Edgar Filing: JOINTLAND DEVELOPMENT, INC. - Form 10QSB

The Company has no cash for any operations. It will have to make private placements of stock, for which it has no sources, or obtain loans from shareholders, to have any cash for even limited operations. There are no committed loan sources at this time.
