At the Meeting, stockholders will be asked to vote on the following matters:

1. To elect two directors to serve until the expiration of their respective terms and until their respective successors are elected and qualify;
2. To approve an amendment to the Company's Restated Certificate of Incorporation, as amended, to change the Company's name to Bally Technologies, Inc.;
3. To approve an amendment to the Company's Amended and Restated 2001 Long Term Incentive Plan, as amended, to increase the number of shares of Alliance common stock issuable thereunder by 550,000 shares;
4. To ratify the appointment of the firm of Deloitte & Touche LLP as the independent public accountants of the Company for the fiscal year ending June 30, 2006; and
5. To consider such other matters that may properly be before the meeting.

It is expected that this Proxy Statement and accompanying proxy card will first be mailed to stockholders on or about February 3, 2006.

The Company will bear the cost of the solicitation of proxies, including the charges and expenses of brokerage firms and others forwarding the solicitation material to beneficial owners of shares of the Company's common stock. In addition to the use of the mail, directors, officers, employees and certain stockholders of the Company, none of whom will receive additional compensation therefor, may solicit proxies on behalf of the Company personally, by telephone or by facsimile transmission. The Company will also employ Innisfree M&A Incorporated to assist in soliciting proxies for a fee of \$15,000, plus-out-of pocket expenses.

The Company's principal executive offices are located at 6601 South Bermuda Road, Las Vegas, Nevada 89119, telephone (702) 270-7600.

Proxies

All shares of common stock represented by the accompanying proxy card, if the proxy card is properly executed and returned, will be voted as specified by the stockholder. If no contrary instructions are given, such shares will be voted to elect the two director nominees named herein for the terms stated herein, to approve the amendment to the Company's Restated Articles of Incorporation, as amended, to change the Company's name to Bally Technologies, Inc., to approve the amendment to the Company's Amended and Restated 2001 Long Term Incentive Plan, as amended, to increase the number of shares of common stock issuable thereunder by 550,000 shares and to ratify the appointment of Deloitte & Touche LLP as the Company's independent public accountants for the fiscal year ending June 30, 2006. Any stockholder has the power to revoke his or her proxy at any time before it has been voted by filing with the Corporate

Secretary of the Company an instrument revoking it, by submitting a substitute proxy bearing a later date or by voting in person at the Meeting.

Number of Shares of Common Stock Outstanding and Voting

Only stockholders of record of shares of common stock at the close of business on January 25, 2006, the record date for the Meeting fixed by the Board of Directors, are entitled to vote at the Meeting. On that date, there were 52,137,666 shares of common stock outstanding and entitled to vote at the Meeting, each of which is entitled to one vote per share at the Meeting.

A majority of the outstanding shares of common stock, represented in person or by proxy, will constitute a quorum at the Meeting. Shares of common stock that reflect abstentions are treated as shares that are present and entitled to vote for purposes of determining the presence of a quorum and for purposes of determining the outcome of any matter submitted to the stockholders for a vote. However, abstentions do not constitute a vote for or against any matter and thus will be disregarded in the calculation of a plurality or of votes cast.

Broker non-votes are shares of common stock held by brokers or nominees over which the broker or nominee lacks discretionary power to vote and for which the broker or nominee has not received specific voting instructions from the beneficial owner. Shares of common stock that reflect broker non-votes are treated as shares that are present and entitled to vote for the purposes of determining the presence of a quorum. However, for purposes of determining the outcome of any matter as to which the broker or nominee has indicated on the proxy that it does not have discretionary authority to vote, those shares will be treated as not present and not entitled to vote with respect to that matter, even though the shares of common stock are considered entitled to vote for the purposes of determining a quorum and may be entitled to vote on other matters.

Directors are elected by a plurality, and the two nominees who receive the most votes will be elected. Abstentions and broker non-votes will not be taken into account in determining the outcome of the election.

To be adopted, Proposal 2 must receive the affirmative vote of a majority of the outstanding shares of common stock entitled to vote, and Proposals 3 and 4 must receive the affirmative vote of a majority of the shares of common stock present in person or by proxy at the Meeting and entitled to vote. Abstentions have the effect of negative votes. Broker non-votes will not be taken into account in determining the outcome of the adoption of these proposals, except that they have the effect of negative votes for Proposal 2.

Proposal No. 1:**ELECTION OF DIRECTORS**

The Company's bylaws provide that the Board of Directors shall consist of no fewer than three nor more than nine directors, with the exact number to be fixed by the Board of Directors. The Board of Directors has fixed the number of directors at seven, two of whom will be elected at the Meeting. The Company's bylaws divide the Board of Directors into three classes as nearly equal in number as possible, with the three-year terms of office of each class ending in different years.

Joel Kirschbaum and Kevin Verner have been nominated to serve as directors for terms of three years each, each to serve until his respective successor has been elected and has qualified. Each nominee has indicated his willingness to serve if elected. Mr. Anthony DiCesare, whose term as a director expires at the Meeting, was not nominated to stand for re-election as a director. As a result, following the Meeting, the Board of Directors will have one vacancy. The Nominating and Corporate Governance Committee is in the process of identifying a well-qualified candidate to fill the vacancy.

Proxies received by the Company in favor of their election will be voted for Messrs. Kirschbaum and Verner. No stockholder nominations for director were received in connection with the Meeting. Although the Company does not anticipate that any nominee will be unavailable for election, in the event of such occurrence, the proxies will be voted for such substitute, if any, as the Board of Directors may designate.

The following table sets forth certain information with respect to the two nominees and each other director of the Company whose term of office does not expire at the Meeting.

The Company's corporate governance guidelines require the non-management directors to hold regularly scheduled executive sessions without management present, as required by Section 303A.03 of the New York Stock Exchange (the "NYSE") listing standards. In addition, the Board of Directors has determined that

Mr. Robbins is an audit committee financial expert, as required by Item 401(h) of Regulation S-K. The Board of Directors made this determination based on Mr. Robbins' qualifications and business experience, as briefly described above under Director, Executive Officer and Other Significant Employee Biographies. The Audit Committee met eleven times during the fiscal year ended June 30, 2005.

The Compensation Committee, among other things, reviews and approves the Company's executive compensation philosophy; approves all executive compensation plans and structures; approves annual and long-term incentive performance metrics, as well as payouts thereunder; approves compensation for the Company's executive compensation, as well as senior management of the Company's subsidiaries; and approves bonus criteria and incentives, including stock options and payouts for employee-directors.

The Compensation Committee is governed by a charter adopted by the Board of Directors. The charter is available on the Company's web site at www.alliancegaming.com by following the links to Investor Relations and Governance or upon written request to the Company, as set forth under Additional Information. The Board of Directors has affirmatively determined that Messrs. André, Robbins and Verner are independent as defined in Section 303A.02 of the NYSE's listing standards. The Compensation Committee met eight times during the fiscal year ended June 30, 2005.

Directors' Compensation

Arrangements with Directors. Directors of the Company who are also employees are generally not separately compensated for their services as directors. Except as set forth below under Other Arrangements with respect to Messrs. Robbins and Kirschbaum, and excluding Mr. DiCesare, each non-management director receives \$50,000 per year plus \$5,000 per year for each committee on which each non-management director serves, except that the chairman of each committee receives \$10,000 for such committee service. Each new non-employee director receives a grant of options to purchase 50,000 shares of common stock upon appointment to the Board of Directors as well. Additionally, on June 13, 2005, each director received a fully vested option to purchase 35,000 shares of common stock at an exercise price of \$14.77 per share. However, the shares of common stock underlying the options granted to directors on June 13, 2005, are restricted and may not be sold before January 1, 2007. All options granted to directors

of the Company remain outstanding for the full term, whether or not the director continues to be a director of the Company, unless the director resigns or is removed as a director before the expiration of the term the director is serving at the time of the grant, in which event the options expire 60 days after resignation or removal. Directors are also reimbursed for their reasonable out-of-pocket expenses incurred on Company business. The Company may grant both employee and non-employee directors additional cash compensation and options as time commitments, responsibilities and other circumstances may warrant.

On January 8, 2004, each director was granted options to purchase 195,000 shares of common stock at an exercise price of \$24.65 per share. As described below under *Executive Compensation Acceleration of Option Vesting*, effective June 13, 2005, the Board of Directors approved a resolution accelerating the vesting and exerciseability of all outstanding, unvested options, including options granted to directors on January 8, 2004. All performance-based vesting criteria were also eliminated with respect to such options. Directors may not sell any of the shares of stock acquired upon exercise of these options before January 8, 2008.

Director's Share Ownership Guidelines. The Board adopted a formal share ownership policy and guidelines for non-management directors on October 26, 2004. The guidelines specify that each non-management director shall acquire and hold common stock valued at twice the annual base compensation paid to the director at the time of the director's appointment or election to the board. The policy further provides that purchases under the policy be made within three years of the director's appointment, election or adoption date of the policy with the director holding at least that amount of stock during the director's tenure.

Other Arrangements. Effective July 1, 2004, the Company entered into an agreement with Mr. Robbins in which he agreed to serve as the Chairman of the Board of Directors and as a member of the Office of the Chairman for a period of three and one-half years. Pursuant to this agreement Mr. Robbins receives total fees of \$325,000 per year for such services.

Effective July 1, 2004, the Company entered into an agreement with Mr. Kirschbaum in which he agreed to serve as a member of the Office of the Chairman for a period of three and one-half years. Pursuant to this agreement Mr. Kirschbaum receives fees of \$100,000 per year for such services.

Mr. Kirschbaum is also the sole stockholder, director and officer of KIC, which, effective July 1, 2004, was party to an Advisory Services Agreement with the Company which calls for the Company to pay KIC \$600,000 annually for advisory and related services for a period of three and one-half years.

Mr. DiCesare and Mr. Kirschbaum were each parties to former employment agreements that expired in June 30, 2004, pursuant to which additional payments were made in December 2004 as described below under *Executive Compensation Certain Relationships and Related Transactions*.

Director Nomination Process

The Nominating and Corporate Governance Committee, with the assistance of a third party search firm, identifies candidates for director nominees. The Nominating and Corporate Governance Committee will consider a number of factors, including the following criteria in identifying, evaluating and recommending director nominees to the Board of Directors: the candidate's personal qualities and characteristics, accomplishments and reputation in the business community; the candidate's current knowledge and contacts in the communities in which the Company does business and in the gaming industry and other industries relevant to the Company's business; the candidate's ability and willingness to commit adequate time to matters of the Board of Directors and committees; the fit of the candidate's skills and personality with those of other directors and potential directors in building forming an effective, collegial and responsive Board of Directors; and the overall diversity of viewpoints, background,

experience and other demographics of the Board of Directors. Pursuant to the Company's Bylaws, the Company's Nominating and Corporate Governance Committee will also consider stockholder nominations of candidates for director, assuming the satisfaction of certain requirements, as set forth under Stockholder Proposals and Nominations for Director Stockholder Nominations for Director.

Proposal No. 2:

**APPROVAL OF AMENDMENT TO THE COMPANY S RESTATED ARTICLES OF
INCORPORATION, AS AMENDED TO CHANGE THE COMPANY S NAME**

On November 30, 2005, the Board of Directors adopted a proposed amendment to the Company s Restated Articles of Incorporation, as amended (the Articles) to change the Company s name from Alliance Gaming Corporation to Bally Technologies, Inc. The proposed amendment is subject to approval by the stockholders at the Meeting and certain regulatory notifications.

The Company is proposing to change its name to accurately reflect the Company s focus and long-term strategic plan. The Bally Technologies, Inc., name capitalizes on both the powerful Bally brand as well as the Company s focus on technology and innovation. The name also emphasizes the Company s progress from the combination of the resources and products of the various technology assets acquired over the past several years.

Voting and other rights that accompany the Company s common stock will not be affected by the change of the Company s corporate name. All outstanding stock certificates representing common stock issued prior to the effective date of the change in corporate name will continue to represent the Company s common stock, remain authentic and will not be required to be returned to the Company or the Company s transfer agent for re-issuance. New stock certificates issued upon the transfer of shares of common stock after the change in corporate name will bear the new corporate name, Bally Technologies, Inc. The Company s trading symbol, AGI, will also change to BYI as a result of the change in corporate name.

The Board of Directors has reserved the right, in the exercise of its discretion, to withdraw this Proposal No. 2 from consideration by stockholders of the Company prior to the holding of the Meeting.

The Board of Directors recommends that stockholders vote for the amendment to the Articles to change the Company s name.

If the proposed amendment to the Articles, as outlined above, is approved by the stockholders, the Board of Directors will cause an Amendment to the Articles reflecting the amendment adopted to be filed with the Secretary of State of Nevada, and such Amendment will be effective upon such filing.

Proposal No. 3:

**APPROVAL OF AMENDMENT TO THE COMPANY'S AMENDED AND RESTATED
2001 LONG TERM INCENTIVE PLAN, AS AMENDED**

On January 11, 2006, the Board of Directors adopted a proposed amendment to the Company's Amended and Restated 2001 Long Term Incentive Plan, as amended (the "Amended and Restated Plan"), to, among other things, increase the number of shares of common stock authorized for issuance upon the exercise of any stock options, stock appreciation rights ("SARs"), restricted stock or restricted stock units granted thereunder by 550,000 shares. The proposed amendment is subject to approval by the stockholders at the Meeting. If approved by the stockholders at the Meeting, only 300,000 of such additional 550,000 shares will be authorized for issuance upon the exercise of restricted stock or restricted stock units.

The principal features of the Amended and Restated Plan are summarized below and are qualified in their entirety by reference to the full text of the Amended and Restated Plan. Copies of the Amended and Restated Plan will be available at the Meeting, or upon written request to the Company, as set forth under "Additional Information."

Amendment to the Amended and Restated Plan

The amendment to the Amended and Restated Plan will increase the aggregate number of shares of common stock authorized for issuance under the Amended and Restated Plan from 10,000,000 to 10,550,000, subject to antidilution adjustment. The additional shares of common stock will be issuable in connection with each type of award authorized to be granted pursuant to the Amended and Restated Plan, except that only 300,000 of such additional 550,000 shares will be issuable in connection with awards of restricted stock or restricted stock units. This increase is proposed to provide sufficient shares of common stock to cover new award grants to enable the Company to attract, retain and motivate directors, employees and designated paid consultants, as defined below, by providing for or increasing their economic interests in the success of the Company.

In connection with the Company's stock-based compensation programs, we seek to balance the need to maintain a talented resource pool in a human-intensive and highly competitive business with efforts to closely monitor and reduce the Company's stock option "burn rate," which is defined as the number of options granted in a fiscal year divided by the gross number of shares of common stock outstanding at the end of that fiscal year. In connection with the proposed amendment to the Amended and Restated Plan, the Company intends to maintain a burn rate across the next three fiscal years, beginning with the fiscal year ended June 30, 2006, equal to or less than the industry mean at the end of the Company's most recently completed fiscal year, based on a sampling of companies with whom we are included in the 4-digit Global Industry Classification Standard code, as developed by Standard & Poor's and Morgan Stanley Capital Management, plus one standard deviation. This burn rate plus one standard deviation was 3.31% for the fiscal year ending June 30, 2005.

Summary of the Amended and Restated Plan

Purpose of the Amended and Restated Plan. The Amended and Restated Plan is intended to encourage ownership of common stock by directors, employees and designated paid consultants of the Company and its subsidiaries to increase their economic interest in the success of the Company.

Administration. The Amended and Restated Plan is administered by the Board of Directors or, if the Board so determines, by the Compensation Committee or other committee established by the Board for this purpose (such committee administering the Amended and Restated Plan, the "Committee," and collectively with the Board of Directors, the "Administering Body"). However, except as otherwise provided below and unless the Board of Directors expressly determines otherwise, in the case of awards

granted to directors and officers subject to Section 16 of the Securities Exchange Act of 1934, as amended (the Exchange Act), the Committee has exclusive responsibility for and authority to administer the Amended and Restated Plan. The Committee has all of the powers and duties set forth in the Amended and Restated Plan, as well as such additional powers and duties delegated thereto by the Board of Directors. Subject to the foregoing and as provided for in the Amended and Restated Plan, the Administering Body will have plenary authority, in its sole discretion, to make all determinations it deems necessary or advisable for the administration of the Amended and Restated Plan. The Committee must at all times consist of at least two members of the Board of Directors and must be constituted such that, if possible, the Amended and Restated Plan complies with Rule 16b-3 promulgated under the Exchange Act or any successor rule, and section 162(m) of the Internal Revenue Code of 1986, as amended (the Code). However, the Board of Directors retains the right to (i) determine whether the shares of common stock reserved for issuance upon the exercise of options, SARs or as restricted stock awarded under the Amended and Restated Plan shall be issued shares or unissued shares, (ii) appoint the members of the Committee and (iii) terminate or amend the Amended and Restated Plan, subject to stockholder approval, as required.

Number of Shares. The number of shares of common stock available for issuance with respect to awards granted under the Amended and Restated Plan is limited to 10,000,000 shares of the common stock. If the proposed amendment is approved, 10,550,000 shares of common stock will be available for issuance with respect to awards granted under the Amended and Restated Plan, except that only 300,000 of such additional 550,000 shares will be issuable in connection with awards of restricted stock or restricted stock units. Individual grantees may not receive awards of options and/or SARs with more than 600,000 shares of common stock underlying such awards in any fiscal year.

The shares of common stock reserved for issuance pursuant to the Amended and Restated Plan may consist either of authorized but unissued shares of common stock or of previously issued shares of common stock which have been reacquired by the Company. If any portion of any award granted under the Amended and Restated Plan expires, terminates or is canceled or forfeited for any reason, the shares of common stock subject to such portion of the award may again be made available for award grants under the Amended and Restated Plan.

Options. Two types of stock options are authorized to be granted under the Amended and Restated Plan, options that qualify as incentive stock options pursuant to section 422 of the Code (Incentive Stock Options), and options that do not qualify as Incentive Stock Options (Nonstatutory Stock Options). To the extent that the aggregate fair market value of the common stock, determined as of the date of grant, underlying any Incentive Stock Options granted pursuant to any Company plans that first become exercisable during a calendar year with respect to an individual grantee exceeds \$100,000, such stock options shall be treated as Nonstatutory Stock Options.

The exercise price with respect to a stock option may not be less than the fair market value of a share of common stock on the date of grant, as determined pursuant to the Amended and Restated Plan. However, if an employee beneficially owns common stock representing more than 10% of the total combined voting power of all classes of capital stock of the Company or of any of its subsidiaries at the time an Incentive Stock Option is granted, then the exercise price with respect to such Incentive Stock Options must be at least 110% of the fair market value of a share of common stock on the date of grant. In no event may an Incentive Stock Option be exercisable more than ten years from the date of grant; however, an Incentive Stock Option granted to an employee with an exercise price required to be at least 110% of the fair market value of a share of common stock on the date of grant may not be exercisable for more than five years from the date of grant.

The exercise price may be paid in cash or in shares of any class of issued and outstanding capital stock of the Company held for more than six months by the option holder, or a combination thereof. If any

portion of the exercise price is paid in shares of capital stock of the Company, such shares shall be valued at their then fair market value, as determined in accordance with the Amended and Restated Plan. The Board of Directors or the Committee may also permit grantees to exercise their options pursuant to a cashless exercise, by simultaneously exercising options and selling a certain number of the shares of the common stock issued in connection with such exercise to cover the aggregate exercise price with respect thereto.

Restricted Stock. The Administering Body may place such restrictions as it deems appropriate on any shares of restricted stock awarded under the Amended and Restated Plan. In general, the restricted stock will vest proportionately in equal installments over a period of at least three years from the date of grant, subject to continued service during the period of restriction by the recipient as a director, employee or paid consultant of the Company or any of its subsidiaries. Except as described below under Termination of Employment and Adjustments, the Administering Body does not have the authority to accelerate the vesting of an award of restricted stock. Unless unvested shares are forfeited in accordance with the terms of the underlying agreement, the holder will have full voting rights and the right to receive any and all distributions with respect to such shares of restricted stock.

Restricted Stock Units. The Administering Body may place such restrictions as it deems appropriate on any restricted stock units awarded under the Amended and Restated Plan. In general, a restricted stock unit will vest proportionately in equal installments over a period of at least three years from the date of grant, subject to continued service during the period of restriction by the recipient as a director, employee or paid consultant of the Company or any of its subsidiaries. Except as described below under Termination of Employment and Adjustments, the Administering Body does not have the authority to accelerate the vesting of an award of any restricted stock units. No holder of a restricted stock unit will be deemed to be the holder of, or to have any of the rights with respect to, any shares of common stock subject to such restricted stock unit until the Company has issued the underlying shares of common stock and the holder's name has been entered on the books of the Company. Thereupon, the holder has full voting and ownership rights with respect to such shares of common stock.

Stock Appreciation Rights. SARs are an award granted with respect to a specified number of shares of common stock entitling the grantee to receive an amount equal to the excess of (i) the fair market value of a share of common stock on the date of exercise over (ii) the fair market value of a share of common stock on the date of grant of the SAR (the Base Price), multiplied by the number of shares of common stock with respect to which the SARs have been exercised at that price. The Administering Body does not have the authority to reduce the Base Price after the grant has been made. SARs may be granted in addition to any other award under the Amended and Restated Plan or in tandem with stock options. Subject to the provisions of the applicable award agreement, the Company may pay cash or issue shares of restricted or unrestricted common stock upon exercise of a SAR.

Eligibility. Awards may be granted to directors, employees and paid consultants of the Company or its subsidiaries. However, only regular full-time employees of the Company or its subsidiaries are eligible to receive Incentive Stock Options. As of January 11, 2006, there were five officers, six directors, other than the CEO who is an officer and a director, and approximately 1,250 employees eligible to receive grants under the Amended and Restated Plan.

Termination of Employment. If an employee awardholder retires as a result of normal retirement or his or her employment is terminated because of disability, each as defined in the Amended and Restated Plan, any stock options or SARs will be freely exercisable at any time within the remaining term of such award and any restricted stock and restricted stock units freely transferable, unless otherwise determined by the Administering Body at the time of grant. If a grantee dies, any stock option will be exercisable by such grantee's estate or heir for its remaining term, but in no case for more than two years. If a holder of restricted stock or restricted stock units dies prior to the lapse of all applicable restrictions, any unvested

portion of such award held by such person on the date of his death will be forfeited, unless otherwise determined by the Administering Body at the time of grant. Unless provided for otherwise in the agreement, if an awardholder ceases to be either a director, employee or paid consultant of the Company,

- any unvested portion of any restricted stock or restricted stock units subject to such holders award will be forfeited as of the last date such person was either a director, employee or paid consultant of the Company or a Subsidiary; and
- any stock options or SARs subject to such holders award will continue to be exercisable or transferable to the same extent as immediately prior to such cessation for a period of sixty days, whereupon any stock options or SARs will be terminated, unless such cessation was for Cause, as defined in the Amended and Restated Plan, in which case any such stock option or SAR will terminate ten days thereafter.

Adjustments. In the event there is a change in the number of shares of outstanding common stock of the Company by reason of a stock split, stock dividend, combination or reclassification of shares, recapitalization or similar event, the Administering Body will proportionally adjust the number and kind of shares subject to the Amended and Restated Plan, the number and kind of shares then subject to unexercised options and SARs and outstanding awards of restricted stock and restricted stock units, as well as the exercise price or Base Price, as the case may be, of unexercised options and SARs. In the event of any merger, spin-off, split-off or other similar consolidation, reorganization or change affecting any class of stock of the Company (a Merger Event) subject to awards made under the Amended and Restated Plan, or any distribution other than normal cash dividends to holders of such stock, the Administering Body will make fair and equitable provision and adjustment with respect to all unexercised options or SARs and all then outstanding awards of restricted stock and restricted stock units to give proper effect to such event and preserve the value, rights and benefits of such options, SARs, restricted stock and restricted stock units. In the case of any Merger Event pursuant to which the Company is not the surviving corporation and pursuant to which the former holders of common stock do not hold more than a majority of the voting securities of the resulting entity immediately after each Merger Event, or in connection with any acquisition by any person of more than 50% of the outstanding shares of common stock, the Administering Body may provide that each option or SAR holder shall receive a cash payment, in exchange for and in cancellation of such option or SAR, equal to the difference (if positive) between the value of the per share consideration received by the holders of the stock in such Merger Event and the exercise or Base Price of such option or SAR, multiplied by the number of shares of common stock underlying such option or SAR. In addition, in the event of any Merger Event pursuant to which all of the outstanding common stock held by the stockholders of the Company is exchanged for any lawful consideration, all unvested and unexercisable options or SARs outstanding on the date on which stockholder approval of such Merger Event is obtained shall become fully vested and exercisable, and all restrictions then applicable to awards of restricted stock and restricted stock units outstanding on the date on which stockholder approval of the Merger Event is obtained will lapse and such awards will thereafter be fully vested and transferable.

Amendment; Termination. The Board of Directors may amend the Amended and Restated Plan, subject to any required regulatory and shareholder approval, as well as suspend or terminate the Amended and Restated Plan, at any time. The Amended and Restated Plan, unless sooner terminated, will terminate on the tenth anniversary of its adoption by the Board of Directors but such termination will not affect any award theretofore granted.

Federal Income Tax Consequences

The following discussion is a general summary of the federal income tax consequences to the Company and the participants with respect to certain awards granted under the Amended and Restated Plan. This summary is based on the federal income tax laws that are in effect as of the date of this proxy

statement, all of which are subject to change on a retroactive or prospective basis. The summary does not purport to be complete and does not discuss any tax consequences under state, local or foreign tax laws. In addition, the tax consequences to a participant may differ depending upon the participant's individual circumstances. **Each participant is encouraged to consult his or her own tax advisor with regard to tax consequences arising of participating in the Plan.**

Nonstatutory Stock Options. A recipient will generally not realize taxable income upon the grant of a nonstatutory option, nor will the Company then be entitled to any deductions at that time. If the shares that are received upon exercise of nonstatutory stock options are vested, or if the participant makes a Section 83(b) election with respect to unvested shares acquired upon exercise of a nonstatutory stock option, the participant will generally recognize ordinary income in an amount equal to the difference between the option exercise price and the fair market value of the stock at the date of exercise. If the shares received upon exercise of nonstatutory stock options are not vested and the participant does not make the Section 83(b) election, the participant will be taxed at ordinary income tax rates as those shares vest, and the amount of ordinary income for each such share will equal the excess of the fair market value of the share on the date the share vests over the exercise price paid for the share. The Company may be required to withhold taxes (including but not limited to employment and income taxes) on the ordinary income realized by an optionee as a result of the exercise of nonstatutory options. The holding period for the shares received upon the exercise of nonstatutory stock options generally will begin on the day after exercise, except that the holding period for shares that are not vested upon exercise and for which no Section 83(b) election is made will begin just after the shares become vested. Provided the shares received upon exercise of the nonstatutory stock option are held as a capital asset, upon the subsequent disposition of the shares, an optionee will recognize capital gain or loss in an amount equal to the difference between the proceeds received upon disposition and the recipient's basis for the shares. The recipient's basis will be equal to the sum of the price paid for the shares and the amount of income realized upon exercise of the nonstatutory stock option. Any capital gain or loss will be characterized as long-term or short-term, depending upon the holding period of the shares.

Incentive Stock Options. No taxable income is recognized by a participant at the time of the grant of an incentive stock option (ISO). In addition, the participant will not recognize income for regular federal income tax purposes at the time of the exercise of an ISO. A participant may, however, be subject to alternative minimum tax upon the exercise of an ISO since the excess of the fair market value of the shares acquired upon the exercise of ISO (referred to throughout this proxy statement as the ISO Shares) over the exercise price must be included in alternative minimum taxable income. A participant's basis in the ISO Shares for regular federal income tax purposes will generally be the price paid upon the exercise of the ISOs. The Company will not be entitled to a deduction at the time of the grant or the exercise of an ISO.

If a recipient sells the ISO Shares at any time within one year after the date the Company transfers those shares or within two years after the date the Company grants the incentive stock option (such a sale being referred to as a Disqualifying Disposition), then:

- if the recipient's sales price exceeds the price paid for the ISO Shares upon exercise of the ISO, the recipient will recognize a capital gain equal to the excess, if any, of the sales price over the fair market value of the ISO Shares on the date of exercise, and the recipient will recognize ordinary income equal to the excess, if any, of the lesser of the sales price or the fair market value of shares on the date of exercise over the price paid for the ISO Shares upon exercise of the incentive stock option; or
- if a recipient's sales price is less than the price paid for the ISO Shares upon exercise of the incentive stock option, the recipient will recognize a capital loss equal to the excess of the price paid upon exercise of the ISO over the sales price of the ISO shares.

If the recipient sells the ISO Shares acquired upon exercise of an ISO at any time after the shares have been held for at least one year after the date the Company transfers the shares pursuant to the exercise of the ISO and at least two years after the date the Company grants the ISO, then the recipient will recognize capital gain or loss equal to the difference between the sales price and the price paid upon exercise of the ISO.

Stock Awards. A participant who is awarded vested shares is required to recognize ordinary income in an amount equal to the excess of (i) the fair market value of the shares on the date the shares are granted to the participant over (ii) the purchase price (if any) paid for the shares. The tax consequences to a participant who is awarded unvested shares will generally be the same as the tax consequences to participants who acquire shares upon the exercise of a nonstatutory stock option. A recipient of a stock unit award will generally realize ordinary income upon the issuance of the shares of common stock underlying such stock units in an amount equal to the difference between the value of such shares and the purchase price for such units and/or shares.

Stock Appreciation Rights. The holder of an SAR will not recognize taxable income upon the receipt of the SAR. Upon exercise, the holder will generally realize ordinary income equal to the difference between the base price of the SAR and the then current value of the Company's common stock.

Tax Effects for the Company. The Company generally will be entitled to a deduction for federal income tax purposes equal to the amount of any ordinary income an optionee recognizes.

Miscellaneous Issues. Generally, the Company will be required to withhold applicable taxes with respect to any ordinary income recognized in connection with any awards made under the Amended and Restated Plan. A recipient may be required to pay the withholding taxes to the Company or make other provisions satisfactory to the Company for the payment of the withholding taxes as a condition to the issuing of any common stock or the paying of any benefit under the Amended and Restated Plan. Whether or not such withholdings are required, the Company will make such information reports to the Internal Revenue Service as may be required with respect to any income attributable to transactions involving awards under the Amended and Restated Plan.

Special rules will apply in cases where an optionee pays the exercise or purchase price of the option or applicable withholding tax obligations under the Amended and Restated Plan by delivering previously owned shares of common stock or by reducing the amount of shares otherwise issuable pursuant to the Amended and Restated Plan. The surrender or reduction of such shares of common stock will in specific circumstances result in the recognition of income with respect to such shares or a carryover basis in the shares acquired and may constitute a Disqualifying Disposition with respect to shares acquired upon exercise of an incentive stock option.

The preceding discussion is intended merely as a general presentation of United States federal income tax consequences related to certain awards issued under the Plan. As to the specific tax consequences to particular employees or other participants, the Company urges you to consult your tax advisor.

The Board of Directors recommends that stockholders vote for the amendment to the Amended and Restated Plan.

(1) Constitutes grants of Restricted Stock Units (RSUs). Per the requirements of Regulation S-K item 402(b)(2)(iv)(A), dollar value calculated by multiplying the closing market price of the Company's common stock on the date of grant by the number of shares awarded. The closing price of the Company's common stock on December 22, 2004 and June 30, 2004, the dates of grant, were \$13.25 and \$17.16, respectively. See footnotes 5 and 7 below regarding the terms of the RSU grants.

(2) All grants made pursuant to the Company's Amended and Restated 2001 Long Term Incentive Plan.

(3) Unless indicated otherwise, All Other Compensation represents contributions made by the Company to the Company's 401(k) Plan.

(4) Mr. Haddrill began serving as the Company's President and Chief Executive Officer on October 1, 2004.

(5) On December 22, 2004, the Company issued to Mr. Haddrill 156,507 RSUs. The number of RSUs granted was determined by dividing \$1,900,000 by the average per share closing price of the Company's common stock on the NYSE for the 20 business days prior to the date of grant. The 156,507 RSUs had an aggregate value of \$2,194,228.14 on June 30, 2005, based on the per share closing price of the Company's common stock on the NYSE of \$14.02. In accordance with the Haddrill Agreement (discussed below), the vesting of 50% of the award was accelerated to October 1, 2005, as a result of the Board of Director's determination that the Company achieved certain strategic and/or financial objectives for the nine month period ending on October 1, 2005 (see Report on Executive Compensation Chief Executive Officer Compensation below). In addition, the vesting of the remaining 50% is subject to acceleration as of October 1, 2006. Vested RSUs represents Mr. Haddrill's right to receive an equivalent number of shares of common stock as follows: (i) 75% of the shares of common stock represented by the vested RSUs shall be issued to Mr. Haddrill (1) on the later of (a) October 1, 2007 or (b) the first date on which such payment or any portion thereof is no longer subject to the limits of

Section 162(m) of the Internal Revenue Code (the "Code") in which case that portion of the payment that is no longer subject to such limits shall be issued to Mr. Haddrill at the time such limits become inapplicable, or (2) in the event that Mr. Haddrill's employment with the Company is terminated prior to October 1, 2007, on the first date in which such payment or any portion thereof is no longer subject to the limits of Section 162(m) of the Code in which case that portion of the payment that is no longer subject to such limits shall be issued to Mr. Haddrill at the time such limits become inapplicable, and (ii) 25% of the shares of common stock represented by the vested RSUs shall be issued to Mr. Haddrill (1) on the later of (a) October 1, 2008 or (b) the first date on which such payment or any portion thereof is no longer subject to the limits of Section 162(m) of the Code in which case that portion of the payment that is no longer subject to such limits shall be issued to Mr. Haddrill at the time such limits become inapplicable, or (2) in the event that Mr. Haddrill's employment with the Company is terminated prior to October 1, 2008, on the first date in which such payment or any portion thereof is no longer subject to the limits of Section 162(m) of the Code in which case that portion of the payment that is no longer subject to such limits shall be issued to Mr. Haddrill at the time such limits become inapplicable. No dividends will be paid on the RSUs unless and until the underlying shares of common stock have been issued in Mr. Haddrill's name as described above. Except as described below under "Employment and Severance Arrangements Haddrill Agreement," all unvested RSUs shall be immediately forfeited if Mr. Haddrill ceases to serve as the Company's Chief Executive Officer.

(6) Amount represents \$337,136 paid in moving and relocation expenses and \$5,654 in contributions made by the Company to the Company's 401(k) Plan. Prior to his appointment as Chief Executive Officer, Mr. Haddrill received compensation as a board member totaling \$60,000 and \$10,000 for the fiscal years ended June 30, 2004 and 2003, respectively.

(7) On June 30, 2004, the Company issued to Mr. Haddrill 377,030 RSUs. The number of RSUs granted was determined by dividing \$6,500,000 by the average per share closing price of the Company's common stock on the NYSE for the 20 business days prior to the date of grant. The 377,030 RSUs had an aggregate value of \$5,285,960.60 on June 30, 2005, based on the per share closing price of the Company's common stock on the NYSE of \$14.02. The RSUs vest in one-third equal installments on each of October 1, 2005, October 1, 2006 and October 1, 2007 provided that Mr. Haddrill is continuously employed by the Company as Chief Executive Officer until each such vesting date, except as otherwise provided in Mr. Haddrill's employment agreement, as described below under "Employment and Severance Arrangements Haddrill Employment Agreement." Vested RSUs represents Mr. Haddrill's right to receive an equivalent number of shares of common stock as follows: (i) 75% of the shares represented by the vested RSUs shall be issued to Mr. Haddrill (1) on the later of (a) October 1, 2007 or (b) the first date on which such payment or any portion thereof is no longer subject to the limits of section 162(m) of the Code in which case that portion of the payment that is no longer subject to such limits shall be issued to Mr. Haddrill at the time such limits become inapplicable, or (2) in the event that the Haddrill Agreement is terminated, on the first date in which such payment or any portion thereof is no longer subject to the limits of Section 162(m) of the Code in which case that portion of the payment that is no longer subject to such limits shall be issued to Mr. Haddrill at the time such limits become inapplicable, and (ii) 25% of the shares represented by the vested RSUs shall be issued to Mr. Haddrill (1) on the later of (a) October 1, 2008 or (b) the first date on which such payment or any portion thereof is no longer subject to the limits of section 162(m) of the Code in which case that portion of the payment that is no longer subject to such limits shall be issued to Mr. Haddrill at the time such limits become inapplicable, or (2) in the event that the Haddrill Agreement is terminated, on the first date in which such payment or any portion thereof is no longer subject to the limits of Section 162(m) of the Code in which case that portion of the payment that is no longer subject to such limits shall be issued to Mr. Haddrill at the time such limits become inapplicable. No dividends will be paid on the RSUs unless and until the underlying shares of common stock have been issued in Mr. Haddrill's name. Except as described below under "Employment and Severance Arrangements Haddrill Employment Agreement," all unvested RSUs shall be immediately forfeited if Mr. Haddrill ceases to serve as the Company's Chief Executive Officer.

(8) Mr. Miodunski resigned as President and Chief Executive Officer of the Company effective as of September 30, 2004, pursuant to the Separation and Consulting Agreement dated as of June 30, 2004, described below under "Employment and Severance Agreements Miodunski Separation and Consulting Agreement."

(9) Amount represents \$250,000 paid pursuant to Mr. Miodunski's Separation and Consulting Agreement described below under "Employment and Severance Agreements Miodunski Separation and Consulting Agreement," \$5,769 in contributions made by the Company to the Company's 401(k) Plan, and \$28,521 which was paid for accrued vacation.

Employment and Severance Arrangements

Hadrill Employment Agreement. On June 30, 2004, Mr. Hadrill and the Company entered into an employment agreement (the "Hadrill Agreement"), pursuant to which Mr. Hadrill began serving as the Company's Chief Executive Officer as of October 1, 2004. The term of the Hadrill Agreement continues until October 1, 2007, unless earlier terminated or extended, as provided for in the Hadrill Agreement. Mr. Hadrill receives a base annual salary of \$980,000, participation in the Company's benefit programs for corporate officers and other perquisites. If Mr. Hadrill's employment is terminated by the Company without cause or by Mr. Hadrill for good cause (as defined in the Hadrill Agreement), Mr. Hadrill will receive severance pay in an amount equal to his base salary for one year from the date of termination or until the expiration of the term of the Hadrill Agreement, whichever occurs first. Further, Mr. Hadrill shall be entitled to retain the rights granted under the RSUs, provided that the vesting of the RSUs shall be pro rated through the twelve-month period following the month in which the termination occurs, and the sales restrictions on the stock options granted pursuant to the Hadrill Agreement shall lapse as to a pro rata portion of such options through the date of termination. Upon a Change in Control of the Company, as defined in the Hadrill Agreement, Mr. Hadrill will receive a payment of \$980,000 and will be entitled to retain all of the RSUs and stock options granted pursuant to the Hadrill Agreement, all of which will vest immediately upon the Change in Control, and the sale restrictions on the stock options will immediately lapse. The Hadrill Agreement also contains certain non-compete provisions.

The Hadrill Agreement was amended as of December 22, 2004. The December 22, 2004 amendment provided for, among other things, a grant of an additional 300,000 stock options and \$1,900,000 in RSUs.

The Hadrill Agreement, as amended, was amended for a second time, effective as of June 13, 2005 (the "Second Amendment"). The Second Amendment documented the terms and conditions of the acceleration of Mr. Hadrill's stock options approved by the Board of Directors on June 13, 2005, as described below under "Acceleration of Option Vesting," and clarified the terms of Mr. Hadrill's RSUs to comply with Section 409A of the Internal Revenue Code.

Miodunski Separation and Consulting Agreement. On June 30, 2004, Mr. Miodunski and the Company entered into a Separation and Consulting Agreement pursuant to which Mr. Miodunski resigned as President and Chief Executive Officer effective September 30, 2004. Pursuant to the agreement, Mr. Miodunski received a \$1,000,000 bonus for the successful sale of United Coin, \$500,000 of which was paid in July 2004 and \$500,000 which is payable in twenty-four monthly installments beginning January 1, 2005. In addition, pursuant to the agreement, Mr. Miodunski will receive \$250,000 annually for services as a consultant to the Board of Directors for a period of four years.

Des Champs Employment Agreement. On January 28, 2000, Mr. Des Champs and the Company entered into a letter agreement which generally provides for a base salary, which is currently set at \$290,000 per year, participation in the Company's compensation programs for corporate officers, participation in the Company's cash bonus program at amounts determined by the Board of Directors and severance benefits of six months' base salary if Mr. Des Champs is terminated without cause, including as a result of or subsequent to a change in control.

Lerner Employment Agreement. On August 15, 2000, Mr. Lerner and the Company entered into a letter agreement which generally provides for a base salary, which is currently set at \$235,000 per year, participation in the Company's compensation programs for corporate officers, participation in the Company's cash bonus program at amounts determined by the Board of Directors and severance benefits of six months' base salary if Mr. Lerner is terminated without cause, including as a result of or subsequent to a change in control.

Luciano Employment Agreement. On March 2, 2004, Mr. Luciano and the Company entered into a letter agreement which generally provides for a base salary, which is currently set at \$250,000 per year, an

annual bonus of \$50,000, participation in Bally's Management Incentive Program (MIP) at the business unit head level in an amount determined by the Board of Directors, and if Mr. Luciano is terminated without cause, severance benefits under the MIP in an amount determined by annualizing the amount Mr. Luciano would have received in respect of the number of full months served in the fiscal year in which Mr. Luciano is terminated.

On April 13, 2005, Mr. Luciano and the Company entered into an amendment to the letter agreement providing for, among other things, the grant of 600,000 stock options on July 1, 2005. The amendment also provides that if Mr. Luciano is terminated without cause, any stock options granted to Mr. Luciano that have vested at the time of termination shall remain outstanding and exercisable until the first anniversary of the date of termination, but in no event beyond the original term of such options.

(a) Amounts shown in these columns are derived by multiplying the exercise price by the annual appreciation rates shown (compounded for the term of the options), multiplying this product by the number of shares of common stock covered by the options, and subtracting the aggregate exercise price of the options. The dollar amounts set forth under this heading are the result of calculations at the 5 percent and 10 percent rates set by the SEC, and are not intended to forecast possible future appreciation, if any, of the price of a share of common stock.

(b) On June 13, 2005 each director of the Company received a grant of 35,000 fully vested options at an exercise price of \$14.77 per share of common stock.

(c) On June 13, 2005 the Company accelerated the vesting of these options such that they were fully vested as of June 13, 2005. See Employment and Severance Arrangements Hadrill Employment Agreement above and Acceleration of Option Vesting below.

(d) Options vest as follows: (i) 200,000 in one-third equal installments on each of October 1, 2005, October 1, 2006 and October 1, 2007 provided that Mr. Hadrill is continuously employed by the Company as Chief Executive Officer until each such vesting date, (ii) 100,000 on October 1, 2007 provided that Mr. Hadrill is continuously employed by the Company as Chief Executive Officer through such date, each except as otherwise provided in Mr. Hadrill's employment agreement, as

- (f) Options vest in two equal installments on the first and second anniversaries of the date of grant.
- (g) Options vest in five equal installments on the first, second, third, fourth and fifth anniversaries of the date of grant.

Aggregated Option Exercises in Last Fiscal Year and Fiscal Year-End Option Values

The following table reflects the options exercised during the fiscal year ended as of, and outstanding options held by the Named Executive Officers at, June 30, 2005:

Name	Shares Acquired on Exercise	Value Realized	Number of nexercised Options at June 30, 2005		Value of Unexercised In-the-Money Options at June 30, 2005 (a)	
			Exercisable	Unexercisable	Exercisable	Unexercisable
Richard Haddrill			780,000	300,000	\$	\$ 201,000
Steven Des Champs			47,503	100,000	2,026	218,500
Robert Saxton	20,004	\$ 115,073	133,335	90,000	9,000	117,200
Mark Lerner			47,503	25,000	2,026	4,000
Robert Luciano				600,000		1,716,000
Robert Miodunski			200,008		9,002	

- (a) Represents the amount by which the market value of the underlying stock at June 30, 2005 (\$14.02 per share) exceeds the aggregate exercise price of the options.

Acceleration of Option Vesting

On June 13, 2005, the Board of Directors approved a resolution accelerating the vesting and exerciseability of all outstanding, unvested stock options granted to employees with an exercise price equal to or greater than \$15.00 per share. This accelerated vesting affected options for approximately 2,400,000 shares of the Company's common stock, including an aggregate of 500,000 options granted to Mr. Haddrill pursuant to the Haddrill Agreement. All performance-based vesting criteria were also eliminated with respect to such 500,000 options of Mr. Haddrill. Sales of the shares of common stock acquired upon exercise of any such options referenced above are restricted in a manner such that the sales restrictions parallel the vesting requirements previously applicable to such options. The decision to accelerate vesting of these underwater stock options was made primarily to avoid recognizing compensation expense in the Company's future statements of operations upon the Company's adoption of Statement of Financial Accounting Standards No. 123R, *Share-Based Payment* (SFAS No. 123R), effective on July 1, 2005.

Because the options subject to the acceleration vesting were underwater, the Company believes that these options may not be offering a sufficient incentive to employees when compared to the potential future compensation expense that the Company would incur under SFAS No. 123R.

Certain Relationships and Related Transactions

Mr. Kirschbaum, a director of the Company, is the sole stockholder, director and officer of KIC, which, effective July 1, 2004, was party to an Advisory Services Agreement with the Company which calls

for the Company to pay KIC \$600,000 annually for advisory and related services for a period of three and one-half years.

In December 2004, the Company settled the earn out related to the acquisition of SDG (the "Earn Out") with the former shareholders of SDG for an aggregate amount of \$40 million consisting of a one-time cash payment of \$12.0 million and the issuance of \$28.0 million in subordinated debt. Mr. Luciano, the Company's Chief Technology Officer, was the primary shareholder of SDG. Mr. Luciano received approximately \$7.4 million in cash and \$17.2 million in subordinated debt in connection with the settlement. On June 28, 2005, the Company converted an aggregate of \$14.0 million in subordinated debt and accrued interest thereon into approximately 1.0 million shares of common stock. Mr. Luciano received 881,841 of the approximately 1.0 million shares of common stock. The remaining \$14.0 million in subordinated debt payable in connection with the settlement to the former SDG shareholders, including Mr. Luciano, is payable in annual installments through 2009. At the Company's discretion, the note principal and accrued interest thereon can be paid in cash, or can be converted into shares of the Company's common stock using the average stock price for the 20 business days prior to the delivery of such shares.

As previously disclosed, pursuant to the terms of their former employment agreements, Mr. DiCesare and Mr. Kirschbaum, directors of the Company, each received a payment of \$385,805 in connection with the closing of the Company's acquisition of SDG in March of 2004. In December 2004, the Company increased these payments by \$155,000 in connection with the settlement of the Earn Out. The former employment agreements expired in June 30, 2004; however, because the SDG transaction was consummated while the former employment agreements were in effect, these increased payments became due upon settlement of the Earn Out, which had the effect of increasing the aggregate value of the SDG transaction.

The Company also leases a warehouse and office facility from an entity owned by Mr. Luciano. Rental payments for the fiscal years ended June 30, 2005 and 2004 totaled \$412,000 and \$103,000, respectively.

Report on Executive Compensation

As of the end of the fiscal year ended June 30, 2005, the Compensation Committee consisted of Messrs. Jacques André, David Robbins and Kevin Verner, each of whom is an independent director. The composition of the Compensation Committee was changed as of October 27, 2004, to comply with the corporate governance requirements of the NYSE with respect to the independence of Compensation Committee members. The Compensation Committee's duties and responsibilities are set forth in a formal charter adopted by the Board of Directors and include, among others things:

- Review and approve executive compensation philosophy.
- Approve all executive compensation plans and structures.
- Approve annual and long-term incentive performance metrics, as well as determine and approve payouts.
- Approve compensation for the Company's management executive committee, consisting of certain members of senior management, as well as senior management of the Company's subsidiaries.
- Approve plan payouts to the members of the management executive committee that are outside of approved parameters.
- Recommend approval for all management incentive plans, including stock options, to the Board of Directors, and approve new change-in-control or special retention plans.
- Approve bonus criteria, incentives, including stock options and payouts for employee-directors.

General Compensation Philosophy. The Compensation Committee's general philosophy has been, and continues to be, providing a compensation package to attract and retain the most highly qualified executive officers while providing incentives to create stockholder value. To accomplish this objective, the Compensation Committee varies total cash compensation based on the Company's performance in achieving the financial and non-financial objectives, and aligns long-term incentive compensation closely with the stockholder's interests. However, the Compensation Committee believes that it will continue to be constrained by competitive factors as there continues to be demand from competing businesses to attract and retain management talent of the type the Company desires to recruit.

The Compensation Committee believes as a general matter, but particularly with respect to senior executive officers, that the most effective method of compensation, and the method that most closely aligns management's interest with those of the Company's stockholders, is long-term compensation tied to the creation of stockholder value. Thus, it has been the Company's policy where feasible and consistent with competitive market conditions, and unless otherwise obligated by contract, to attempt to limit base cash compensation while providing incentives for management to increase stockholder value. The Company hopes to achieve this goal of focusing on long-term compensation through the use of stock options and, where appropriate, restricted stock and restricted stock units. The Compensation Committee believes this compensation philosophy has the greatest probability of achieving significant returns to stockholders.

Pearl Meyer & Partners, a Clark Consulting Practice, has also been retained to advise the Compensation Committee on matters relating to executive compensation. Pearl Meyer & Partners was engaged by and reports directly to the Compensation Committee.

Base Salaries. Base salary levels are the fixed portion of an executive's compensation package. The Compensation Committee annually reviews and determines the base salaries of members of senior management, except as limited by contractual obligation. Where adjustable, salary levels reflect a combination of factors, including competitive pay levels, the executive's experience and tenure, and the Company's overall annual budget for merit increases and the executive's individual performance. In each case, the Compensation Committee takes into account the results achieved by the executive, his or her future potential, scope of responsibilities and experience, and competitive salary practices. However, the Company's compensation formulas for certain executives' salaries during the fiscal year ended June 30, 2005, were largely determined based on pre-existing contractual arrangements in place from the previous fiscal periods.

Bonuses. Annual performance bonuses are tied to the Company's overall performance, as well as the performance of each executive and of his or her area of responsibility. The Compensation Committee sets certain financial and operational objectives that are designed to promote key Company initiatives, such as achievement of specific strategic, operational or financial tasks or targets, including Business Unit performance, operating income and EPS, which the Board of Directors believes will result in increases in stockholder value. As a result of the Company's performance on many of these metrics during fiscal year 2005, the Company did not pay any cash bonuses for the fiscal year ended June 30, 2005, other than as contractually obligated with respect to one executive officer and bonuses paid to two executive officers early in fiscal 2005 in connection with a transaction occurring in fiscal 2004.

Long-Term Compensation. Long-term compensation is provided by stock options and, from time to time when appropriate, restricted stock or restricted stock units. The Compensation Committee believes that long-term compensation tied to stockholder value should constitute a significant portion of an executive's compensation as options are intended to provide long-term compensation specifically tied to increases in the price of the Company's common stock. Options are granted at the market price of the Company's common stock on the date of grant, and provide compensation only to the extent the market price of the common stock increases between the date of grant and the date the option is exercised. Restricted stock and restricted stock units also tie compensation to the long term appreciation of the

Company's common stock by restricting the holders' ability to receive and/or dispose of the related shares of common stock.

The total number of options granted in each year, which may vary, is tied to a number of factors including, but not limited to, overall Company performance, individual performance of the executive, and competitive and retention considerations.

The Compensation Committee continues to review its overall long-term incentive structure in light of the shifting competitive and regulatory environment. The Compensation Committee, with input from senior management and outside consultants, may decide to make changes to the long-term compensation program in the future.

401(k) Plan. The Company offers a 401(k) plan. Employees are eligible to participate after completion of six months of service. Employees may defer from 1% to 25% of eligible earnings up to the IRS maximum of \$14,000 for 2005. Participating employees who have attained age 50 are allowed to contribute an extra \$4,000 in the 401(k) plan as catch-up contributions. Employee contributions are 100% vested. Participants hired before November 1, 2001, are 100% vested in both employee and employer contributions. For participants hired on or after November 1, 2001, employer-matching contributions become vested based on a five-year vesting schedule, to vest 20% per year, for each year of service. The Company, on a discretionary basis, may make matching contributions at the end of each quarter. Matching contributions may be made each pay period in lieu of each quarter. The current match is 50% of the participant's contribution up to 6% of employee compensation. Alliance Gaming Corporation may make a discretionary Profit Sharing contribution to the 401(k) plan each year.

Chief Executive Officer Compensation. Effective as of September 30, 2004, Mr. Miodunski resigned as President and Chief Executive Officer of the Company, at which time Mr. Haddrill assumed responsibility for both positions. On June 30, 2004, Mr. Haddrill and the Company entered into the Haddrill Agreement pursuant to which Mr. Haddrill began serving as the Company's Chief Executive Officer as of October 1, 2004. Mr. Haddrill's annual salary as President and Chief Executive Officer is \$980,000, as provided for in the Haddrill Agreement. Mr. Haddrill's contract does not provide for an annual cash bonus; therefore, Mr. Haddrill did not receive a cash bonus for fiscal year 2005. Additionally, during fiscal year 2005 Mr. Haddrill was awarded a stock option grant covering 430,000 shares of common stock which vest as set forth under Option/SAR Grants in Last Fiscal Year. Of the 430,000 shares, vesting of 95,000 was accelerated as described below under Acceleration of Option Vesting. Mr. Haddrill was also granted \$1,900,000 in restricted stock during fiscal year 2005 pursuant to the Haddrill Agreement which vest on October 1, 2010; provided, however, that the vesting will be accelerated to 50% of the total award on each of October 1, 2005, and October 1, 2006, if the Company attains certain strategic and/or financial measures, which are to be mutually agreed to by the Board of Directors and Mr. Haddrill. Measures established for the first 50% addressed the near-term and longer-term strategic positioning of the Company's technology platforms, game content and human and financial assets. The Board of Directors has determined that Mr. Haddrill achieved these objectives, and the first 50% have accordingly accelerated as of October 1, 2005.

Pursuant to his employment agreement and his Separation and Consulting Agreement, Mr. Miodunski received a salary of \$250,000 during fiscal year 2005 through December 31, 2004, including the three months of fiscal year 2005 that he served as President and Chief Executive Officer. Mr. Miodunski did not receive a bonus for fiscal year 2005 in respect of his service as President and Chief Executive Officer; however, pursuant to the terms of his Separation and Consulting Agreement, Mr. Miodunski received a bonus of \$1,000,000 for the successful sale of United Coin on June 30, 2004, \$500,000 of which was paid in July 2004 and \$500,000 of which is payable in twenty-four monthly installments beginning January 1, 2005. In addition, pursuant to the Separation and Consulting

Agreement, Mr. Miodunski will receive \$250,000 annually for services as a consultant to the Board of Directors for four years.

Acceleration of Option Vesting. On June 13, 2005, the Board of Directors approved a resolution accelerating the vesting and exerciseability of all outstanding, unvested stock options granted to employees with an exercise price equal to or greater than \$15.00 per share. This accelerated vesting will affect options for approximately 2,400,000 shares of the Company's common stock, including an aggregate of 500,000 options held by Mr. Hadrill. All performance-based vesting criteria were also eliminated with respect to the 500,000 options held by Mr. Hadrill. In order to prevent unintended personal benefits to individuals resulting from the accelerated vesting of options, sales of the shares of the Company's common stock acquired upon exercise of any such options referenced above will be restricted in a manner such that the sales restrictions parallel the vesting requirements previously applicable to such options. The decision to accelerate vesting of these underwater stock options was made primarily to avoid recognizing compensation expense in the Company's future income statements upon the Company's adoption of SFAS No. 123R effective on July 1, 2005. Because the option subject to the acceleration vesting were underwater, the Company believes that these options may not be offering a sufficient incentive to employees when compared to the potential future compensation expense that the Company would incur under SFAS No. 123R.

Deductibility of Compensation Under Internal Revenue Code Section 162(m). Section 162(m) of the Internal Revenue Code of 1986, as amended (the Tax Code) places a limit of \$1,000,000 on the amount of compensation that Alliance may deduct in any one year with respect to its CEO and each of the next four most highly compensated executive officers. If the Company were to seek and obtain approval from stockholders for certain performance-based compensation, then such compensation would not be subject to the deduction limitation.

Respectfully submitted,

Independence Guidelines

No director qualifies as independent unless the board of directors affirmatively determines that the director has no material relationship with the listed company (either directly or as a partner, shareholder or officer of an organization that has a relationship with the company). Companies must identify which directors are independent and disclose the basis for that determination.

In addition, a director is not independent if:

- (i) The director is, or has been within the last three years, an employee of the listed company, or an immediate family member is, or has been within the last three years, an executive officer, of the listed company.
- (ii) The director has received, or has an immediate family member who has received, during any twelve-month period within the last three years, more than \$100,000 in direct compensation from the listed company, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service).
- (iii) (A) The director or an immediate family member is a current partner of a firm that is the company's internal or external auditor; (B) the director is a current employee of such a firm; (C) the director has an immediate family member who is a current employee of such a firm and who participates in the firm's audit, assurance or tax compliance (but not tax planning) practice; or (D) the director or an immediate family member was within the last three years (but is no longer) a partner or employee of such a firm and personally worked on the listed company's audit within that time.
- (iv) The director or an immediate family member is, or has been within the last three years, employed as an executive officer of another company where any of the listed company's present executive officers at the same time serves or served on that company's compensation committee.
- (v) The director is a current employee, or an immediate family member is a current executive officer, of a company that has made payments to, or received payments from, the listed company for property or services in an amount which, in any of the last three fiscal years, exceeds the greater of \$1 million, or 2% of such other company's consolidated gross revenues.

An immediate family member includes a person's spouse, parents, children, siblings, mothers and fathers-in-law, sons and daughters-in-law, brothers and sisters-in-law, and anyone (other than domestic employees) who shares such person's home. However, for the purposes of applying the look-back provisions discussed above, individuals who are no longer immediate family members as a result of legal separation or divorce, or those who have died or become incapacitated, need not be considered.
