**PROXY STATEMENT
ANNUAL MEETING OF SHAREHOLDERS
MAY 3, 2006**

INFORMATION REGARDING PROXIES

This Proxy Statement and the accompanying form of proxy are furnished in connection with the solicitation of proxies by the Board of Directors of Expeditors International of Washington, Inc. (the Company) for use at the annual meeting of shareholders (the Annual Meeting) to be held at the Company's offices at 1015 Third Avenue, Seattle, Washington on Wednesday, May 3, 2006, at 2:00 p.m. local time, and at any adjournment or adjournments thereof. Only shareholders of record on the books of the Company at the close of business on March 10, 2006 (the Record Date) will be entitled to notice of and to vote at the meeting. It is anticipated that these proxy solicitation materials and a copy of the Company's 2005 Annual Report to Shareholders will be mailed to shareholders on or about March 31, 2006.

If the accompanying form of proxy is properly executed and returned, the shares represented thereby will be voted in accordance with the instructions specified thereon. In the absence of instructions to the contrary, such shares will be voted for all of the nominees for the Company's Board of Directors listed in this Proxy Statement and in the form of proxy, for approval of the Company's 2006 Stock Option Plan, for approval of the appointment of KPMG LLP as the Company's independent registered public accounting firm and against the shareholder proposal calling for an amendment to the Company's equal employment opportunity policy. Any shareholder executing a proxy has the power to revoke it at any time prior to the voting thereof on any matter (without, however, affecting any vote taken prior to such revocation) by delivering written notice to the Secretary of the Company, by executing and delivering to the Company another proxy dated as of a later date or by voting in person at the meeting.

VOTING SECURITIES

The only outstanding voting securities of the Company are shares of common stock, \$.01 par value (the Common Stock). As of the Record Date, there were 106,834,641 shares of Common Stock issued and outstanding, and each such share is entitled to one vote at the Annual Meeting. The presence in person or by proxy of holders of record of a majority of the outstanding shares of Common Stock is required to constitute a quorum for the transaction of business at the Annual Meeting. Shares of Common

Stock underlying abstentions and broker non-votes will be considered present at the Annual Meeting for the purpose of determining whether a quorum is present.

Under Washington law and the Company's charter documents, if a quorum is present, the seven nominees for election to the Board of Directors who receive the greatest number of votes cast by persons present in person at the Annual Meeting or represented by proxy shall be elected Directors. Abstentions and broker non-votes will have no effect on the election of directors. With respect to the proposals to approve and ratify adoption of the 2006 Stock Option Plan, the appointment of KPMG LLP as the Company's independent registered public accounting firm and the shareholder proposal calling for an amendment to the Company's equal employment opportunity policy, such proposals will be approved by a majority of the votes cast, including abstentions, by persons present at the Annual Meeting or represented by proxy and entitled to vote on the proposal. An abstention from voting on either proposal will have the effect of a vote "Against." Broker non-votes on a proposal will, however, have no effect because such non-votes are not considered "shares entitled to vote" on the proposals.

Proxies and ballots will be received and tabulated by Computershare Trust Company, N.A., an independent business entity not affiliated with the Company.

The Common Stock is listed for trading on the NASDAQ National Market under the symbol EXPD. The last sale price for the Common Stock, as reported by NASDAQ on March 10, 2006, was \$80.65 per share.

Compensation Committee Report on Executive Compensation

The Company operates in the highly competitive global logistics services industry. The Company believes that the quality of its service depends upon the quality of its officers and employees. In order to succeed, the Company believes that it must be able to attract and retain qualified executives.

The Compensation Committee of the Board of Directors was established to develop and implement compensation policies, plans and programs which seek to:

- attract and retain key executives critical to the long-term success of the Company;
- enhance the profitability of the Company, and thus shareholder value, by aligning closely the financial interests of the Company's senior managers with those of its shareholders; and
- support the short- and long-term strategic goals and objectives of the Company.

Compensation for each of the Named Executive Officers, as well as other senior executives, consists of a base salary, annual incentive bonus compensation, and long-term incentives in the form of stock options. The Compensation Committee considers the competitiveness of the entire compensation package of an executive officer relative to that paid by similar companies when determining base salaries, percentage allocation of the bonus program, and grant of stock options. The Company's objective is to offer a total compensation package which gives the executive the opportunity to be paid at a level which is superior to that offered by the Company's competitors in the global logistics services industry.

Base Salary. Throughout its history, the Company has followed the policy of offering its officers and other key managers a compensation package which is weighted toward incentive-based compensation. Accordingly, the Company believes that annual base salaries of its executive officers are generally set well below competitive levels paid to senior executives with comparable qualifications, experience and responsibilities at other comparably-sized companies engaged in similar businesses as the Company. This belief is based on the general knowledge of the Compensation Committee and management of compensation practices in the industry and, in part, on a review of compensation disclosures in the proxy statements of such comparably-sized companies, including certain companies in the industry group index shown in the stock performance graph elsewhere in this Proxy Statement.

Base salaries for executives are reviewed by the Compensation Committee on an annual basis as part of an overall examination of compensation. The base salary may be changed based on the Compensation Committee's decision that an individual's contribution, duties, and responsibilities to the Company have changed.

The Compensation Committee believes that the total compensation of the Chairman and Chief Executive Officer should be closely linked to operating income, and as a result, the fixed portion (represented by base salary) of the compensation package for this position has remained at the current level since June 1, 1987.

Incentive Compensation. The Company has maintained an incentive bonus program for executive officers since the inception of the Company. In January 1985, the Compensation Committee fixed the aggregate amount of bonuses available under the program at ten percent of pre-bonus operating income. Factors considered in determining the percentage to be made available for distribution included the number of executives participating in the bonus program, as well as the level of Company operations. The Compensation Committee also considered the aggregate amount of discretionary bonuses paid to executive officers in each of the years from 1982 to 1984, which approximated ten percent of operating income during those years.

The Compensation Committee believes that setting the aggregate executive bonus at a fixed percentage of operating income, with fluctuations in bonuses paid tied to actual changes in operating income, provides both a better incentive to the executives than discretionary bonuses or alternative targeted performance goals, and a more direct relationship between the executives' incentive compensation and shareholders' return. By placing emphasis on growth in operating income, any change in compensation is directly proportional to the profit responsibility of the executive team.

On May 7, 1997 the shareholders approved and ratified the 1997 Executive Incentive Compensation Plan (the 1997 Compensation Plan) which brought the long-established executive incentive compensation plan into technical compliance with Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code) a provision which applied to the Company for the first time in 1997. The Compensation Committee is responsible for administration of the 1997 Compensation Plan.

Except for Mr. Wang, all bonuses accrued for Named Executive Officers and selected other senior officers after the July 1, 1997 effective date were computed and paid from a pool consisting of ten percent of pre-bonus operating income established and maintained according to the terms of the 1997 Compensation Plan. From the inception of the Company to March 31, 1999, Mr. Wang's bonus was paid from a share in the Company standard bonus program for operating units in Asia under Mr. Wang's supervision. Effective April 1, 1999, Mr. Wang's bonus was computed and paid under the 1997 Compensation Plan.

All officers of the Company who receive an annual base salary equal to or less than \$120,000 are eligible for inclusion in the 1997 Compensation Plan at the discretion of the Compensation Committee. Individual eligibility and allocation is determined quarterly. Any portion of bonus established in the 1997 Compensation Plan which is not allocated by action of the Compensation Committee may be allocated to key officers determined to be eligible in the discretion of the Chief Executive Officer. However, allocations made by the Chief Executive Officer cannot increase the compensation of any Named Executive Officer nor can such an allocation cause any individual to become a Named Executive Officer.

The percentage of the bonus pool allocated to the Chairman and Chief Executive Officer has changed periodically to allow increased allocations to other executives and as a result of changes in the total number of participating executives. During 2005, the portion of the executive bonus pool allocated by the

Compensation Committee to the Chairman and Chief Executive Officer decreased by eight percent as a result of a change in the relative allocation among the twenty-five participants.

The 1997 Compensation Plan as adopted by the shareholders and administered by the Compensation Committee mirrors the compensation program that has been in place in each operating office since the inception of the Company. The Company has maintained a consistent compensation philosophy: offer a confident and capable individual a modest base salary and the opportunity to share in a fixed and determinable percentage of the operating profit generated by the business unit under his or her control. Growth in individual compensation will only occur in conjunction with an increase in the contribution to Company profits. Along with the branch manager, key department managers and supervisors share in the distribution of this branch bonus pool.

Key elements of this compensation philosophy include encouraging each manager to think and act as an entrepreneur, establishing compensation levels that are not perceived as being arbitrary, developing financial rewards that are team-oriented, and closely aligning the interests of the individual employee with the goals of the Company and returns to the shareholders.

Long-Term Incentives. The Compensation Committee believes that stock option grants afford a desirable, long-term compensation method because they closely ally the interests of management with shareholder value. During 2005, the Compensation Committee granted stock options for 1,451,625 shares to 2,168 employees including all five Named Executive Officers. Except for options granted to the Chairman and Chief Executive Officer and seven other executive officers, including three Named Executive Officers, the Compensation Committee granted stock options based upon recommendations made by senior management. Prior to approving any stock option grants, the Compensation Committee reviews and considers factors such as the employee's current position, length of service, and any prior stock option grants.

During the 2005 stock option review process, stock option grants were granted from shares authorized under the 2005 Stock Option Plan. All options issued to employees in 2005 were granted with an exercise price equal to 100% of market value with 50% vesting three years from the date of grant, 75% vesting after four years, 100% vesting after five years and these options had an expiration date ten years from the date of grant.

Each executive officer of the Company currently holds unvested stock options. The Compensation Committee believes that unvested options promote stability in the management team and provide a continuing incentive for focus on sustained long-term growth in shareholder value.

Post Employment Personal Services Agreement. The employment contract of the Chairman and Chief Executive Officer contains a provision calling for post-employment personal services for a minimum of sixty days per year including up to twenty days of business travel annually. Subject to earlier termination as described below, the personal services agreement will run for a period of ten years or until age seventy whichever comes first. In exchange, the Chairman and Chief Executive Officer will receive an annual payment initially equal to the base salary received for the most recent twelve months of service. Payments after the first year will be indexed for changes to the CPI or similar index. If the Chairman and Chief Executive Officer were to retire in 2006 the initial annual payment would be \$110,000 and the agreement would run through March 17, 2013 unless terminated as provided below. The contract also extends coverage under the Company's standard benefits package as amended from time to time. The Chairman

and Chief Executive Officer is prohibited from competing with the Company during the term of the personal services agreement. The obligation of the Company for such compensation is subject to termination in the event of death, disability or willful failure to perform and would also terminate in the event that employment was terminated with cause.

The Compensation Committee recognizes the key role that continuity in personal relationships plays in the global logistics services business. This agreement calling for personal services assures the Company of the post-retirement involvement and loyalty of the Chairman and Chief Executive Officer. In addition, this agreement anticipates and facilitates the eventual orderly transition from one Chief Executive Officer to another.

Policy on Deductibility of Compensation. Under Section 162(m) of the Code, the Federal income tax deduction for certain types of compensation paid to the Company's Chief Executive Officer and to the four highest compensated officers whose compensation must be reported to shareholders under the Securities Exchange Act of 1934, as amended (the Exchange Act), is limited to \$1,000,000 per officer per taxable year unless such compensation meets certain requirements. The Compensation Committee believes that this limitation will not apply to compensation accrued in 2005. In making future compensation decisions, the Compensation Committee intends to take into account and mitigate to the extent feasible the effect of Section 162(m) as it discharges its responsibilities, although in certain cases the Compensation Committee may award compensation to covered officers which is not fully deductible as a result of this limitation.

(1) These amounts were paid pursuant to bonus programs in place since the inception of the Company. Since 1985, the Compensation Committee of the Board of Directors has set the aggregate amount of executive bonuses at ten percent of pre-bonus operating income. All bonuses were computed and paid according to the terms of the 1997 Compensation Plan.

(2) These amounts include the Company's matching contributions of \$.50 for each \$1.00 of employee savings, up to a maximum annual Company contribution of \$1,500 per qualified employee, under an employee savings plan intended to qualify under Section 401(k) of the Code.

Option Grant Table

The following table sets forth certain information regarding options granted during 2005 to the Named Executive Officers.

Robert L. Villanueva	10,000	0.7		48.89	5/4/2015	307,500	779,200

(1) The above grants were made on May 4, 2005 pursuant to the Company's 2005 Stock Option Plan (Option Plan). All options granted in fiscal 2005 are subject to a vesting schedule. Subject to earlier vesting under the conditions set forth in the Option Plan, fifty percent of the options will be exercisable commencing three years from the date of the grant and twenty-five percent will be exercisable four and five years after the date of the grant, respectively. See Change in Control Arrangements.

(2) The options expire ten years after the date of the grant.

(3) Realizable values are reported net of the option exercise price and ignoring tax consequences. The dollar amounts under these columns are the result of calculations using the standard 5% and 10% rates set by the Securities and Exchange Commission (the SEC). Actual gains, if any, on stock option exercises are dependent on future appreciation in value of all outstanding Common Stock. The potential realizable value calculation assumes that the option holder remains employed through the vesting period and then waits until the end of the option term to exercise the option.

Option Exercises and Year-End Option Value Table

The following table sets forth certain information as of December 31, 2005, regarding options held by the Named Executive Officers.

(2) This value is calculated based on the closing price of the Company's Common Stock at December 31, 2005, less the exercise price multiplied by the number of in-the-money options held. The calculation ignores tax consequences. There is no guarantee that if and when these options are exercised they will have this value.

The total cumulative return on investment (change in month-end stock price plus reinvested dividends) for each of the periods for the Company, the NASDAQ Stock Market (U.S. and Foreign) and the NASDAQ Trucking and Transportation Index is based on the stock price or index at December 31, 2000.

Employment Contracts

The Company has entered into employment agreements with the following Named Executive Officers which provide for the base salaries and expiration dates indicated below:

Name and Current Position	Current Base Annual Salary	Expiration Date
Peter J. Rose Chairman and Chief Executive Officer	\$ 110,000	May 2006
James L.K. Wang President-Asia	\$ 100,000	May 2006
Glenn M. Alger President and Chief Operating Officer	\$ 100,000	May 2006
Rommel C. Saber President-Europe, Near/Middle East, Africa & Indian Subcontinent	\$ 100,000	May 2006
Robert L. Villanueva President-The Americas	\$ 100,000	May 2006

Each of the above employment agreements is automatically renewable upon expiration for additional one-year periods unless either party elects otherwise. Each agreement includes a covenant of the employee not to compete with the Company during its term and for a period of six months following termination, at the option of the Company, provided that no change in control shall have occurred. See **Change in Control Arrangements** below. The Company has the right to terminate any of these agreements at any time. If the Company terminates an agreement without cause during the term thereof, the employee is entitled to receive an amount equal to his last six-months compensation, including base salary and bonus. In other circumstances, such persons will receive a lump sum payment equal to six months base salary in the event the Company elects to enforce the post-employment covenant not to compete.

Change in Control Arrangements

The employment agreement for each executive officer allows the Company to extend the restriction on competition with the Company for six months following termination of the employment relationship. The extension is at the sole election of the Company unless the employee terminates the employment relationship by resigning during a specified period surrounding a change in control, as defined below, in which case the employee may decline any offered lump sum payment and thereby avoid the accompanying restriction on competition.

Historically, most options granted under the Company's option plans for employees vest at the rate of 50% three years after the date of grant, and an additional 25% four years after the date of grant, and the

balance five years after the date of grant. Certain options granted at 120% of fair market value under the Company's 1997 Option Plan vest 100% after three years. However, these option plans all provide that outstanding options will become immediately vested and fully exercisable in connection with the occurrence of a change in control of the Company.

Change in Control means either one of the following: (i) when any person (with certain exceptions) becomes the beneficial owner, directly or indirectly, of 50% or more of the combined voting power of the Company's then outstanding securities or (ii) shareholder approval of a transaction involving the sale of all or substantially all of the assets of the Company or the merger of the Company with or into another corporation.

BENEFIT PLANS

The following summarizes the Company's benefit plan which will be subject to shareholder action at the 2006 Annual Meeting.

SUMMARY OF THE 2006 OPTION PLAN

The following summary of the Company's 2006 Stock Option Plan (the 2006 Option Plan) is qualified in its entirety by reference to the full text of the 2006 Option Plan, a copy of which is included as Appendix A to this Proxy Statement.

The 2006 Option Plan provides for the grant of two types of options: 1) Incentive Stock Options which are options that meet the requirements of Section 422 of the Code, and 2) Non-Qualified Stock Options. Shareholder approval will make available a total of 1,500,000 shares of the Company's authorized but unissued Common Stock for purchase upon exercise of options granted under the 2006 Option Plan. Options may be granted under the 2006 Option Plan until no further options remain available, but no options can be granted after midnight April 30, 2007. Therefore, no reload options can be granted under the 2006 Option Plan.

Incentive stock options may be granted to employees of the Company or a related corporation. Non-qualified stock options may be granted to employees of the Company, a related corporation, or affiliated companies. In any fiscal year, no employee may receive options to purchase more than 50,000 shares of stock and no option may be granted at a price less than the fair market value measured on the date of the grant.

The 2006 Option Plan will be administered by a committee of the Board of Directors consisting exclusively of members that are both non-employee directors and outside directors as those terms are defined. The Committee will have authority to construe, amend or terminate the 2006 Option Plan. The Committee is prohibited from repricing options to account for market price declines under the 2006 Option Plan. A written agreement will evidence each option and determine whether the option is an incentive or non-qualified stock option.

Options will expire no later than ten years from the date of grant; provided, that no Incentive Stock Option granted to a greater-than-ten-percent shareholder will expire later than five years from the date of grant. Vested Options generally will terminate upon the first to occur of:
(i) expiration of the Option;

(ii) termination of the optionee's employment; or (iii) ninety days after the optionee's death or cessation of employment by reason of disability.

Options granted under the 2006 Option Plan will be 50% vested after three years, 75% vested after four years and fully vested five years from the date of grant. The Committee may accelerate vesting. Upon a change of control, all options outstanding at the date thereof will become fully vested and exercisable.

The purchase price of option shares may be paid in cash, by cashier's check or in shares of the Company's Common Stock already owned by the option holder. Shares used in payment shall be valued at fair market value on the date of exercise.

The 2006 Option Plan will only be effective upon approval by the shareholders. No options have been granted under the 2006 Option Plan and no determination has been made as to who will receive an option grant if the 2006 Option Plan is approved by the shareholders.

The Plan is not subject to any of the provisions of the Employee Retirement Income Security Act of 1974, as amended, and is not qualified under Code Section 401(a).

FEDERAL INCOME TAX CONSEQUENCES RELATING TO THE 2006 OPTION PLAN

The following description of Federal income tax consequences addresses the tax consequences for both Incentive Stock Options as defined in Section 422 of the Code and Non-Qualified Options and is intended merely to provide basic information with respect to the tax treatment applicable to the 2006 Option Plan. Although the Company believes the following statements are correct, the statements are based upon legislative, administrative, and judicial authority that is subject to revision and differing interpretations. Each participant in the Company's 2006 Option Plan should consult his or her own tax advisor concerning the tax consequences of grant, exercise, or surrender of an option and the sale or other disposition of any stock acquired pursuant to the exercise of an option. Individual financial and Federal tax situations may vary, and state and local tax considerations may be significant.

Non-Qualified Stock Options

Any option that does not meet with all the requirements of Section 422 of the Code is commonly referred to as a non-qualified stock option. The grant of a non-qualified stock option does not have income tax consequences for either the Company or the recipient. Upon exercise of the option, and possibly subject to the later expiration of any substantial risk of forfeiture, the optionee must recognize ordinary taxable income in an amount equal to the difference between the fair market value of the shares acquired and the amount paid to exercise the option. The optionee exercising a non-qualified stock option will have a tax liability even though the shares giving rise to the liability may not have been sold and converted to cash. The optionee receives a tax basis in the shares equal to the amount of income reported plus the amount of cash or basis of other property exchanged in the exercise.

The Company will be entitled to an income tax deduction at the same time, and in the same amount, as the optionee recognizes ordinary taxable income, provided that the total compensation is reasonable and the Company has met any applicable Federal income tax withholding obligations in connection with the optionee's income.

Stock acquired through the exercise of a non-qualified stock option is a capital asset in the hands of the optionee. When the stock is sold, the holder will recognize a capital gain or loss in an amount equal to the difference between the amount realized upon the sale and the adjusted basis of the stock sold. The sale of stock has no tax impact on the Company.

Incentive Stock Options

An Incentive Stock Option must meet all the requirements of Section 422 of the Code. Optionees do not recognize regular taxable income upon the grant or upon the exercise of an Incentive Stock Option. However, the difference between the exercise price and the fair market value of such shares as of the date of exercise will be an adjustment for the purpose of calculating alternative minimum taxable income. The alternative minimum tax is payable only to the extent that it exceeds the regular income tax. If the alternative minimum tax applies, it may be possible to recover some, if not all, of the alternative minimum tax paid through a credit carried forward to a tax year where regular tax liability exceeds the alternative minimum tax.

So long as the stock acquired through an Incentive Stock Option is held for at least one year from the date of exercise and two years from the date of the grant, any sale is not considered to be a disqualifying disposition. Any gain or loss, measured by the difference between the amount realized and the adjusted basis will be treated as proceeds from the sale of a long-term capital asset. In general, the adjusted basis will be the cash or adjusted basis of other property exchanged to exercise the option. If there is no disqualifying disposition, the Company will not receive an income tax deduction with respect to the grant, exercise or sale of the stock or stock option.

Stock which is sold in a disqualifying disposition (other than in an insolvency proceeding) requires the seller to recognize ordinary income in an amount equal to the amount of the gain, but not more than the gain measured by the fair market value of the stock at exercise, as ordinary income with any remaining gain treated as capital gain. Any loss sustained on the disposition of the shares is a capital loss. In the event the optionee recognizes ordinary income in a disqualifying disposition, the Company receives an income tax deduction so long as the total compensation is reasonable and the Company has met any applicable Federal income tax withholding obligations in connection with the optionee's income.

ACCOUNTING TREATMENT

The applicable accounting treatment for options granted under the 2006 Option Plan is set forth in SFAS No. 123 (revised 2004), *Share-Based Payment* (SFAS No. 123R), which replaces SFAS No. 123, *Accounting for Stock-Based Compensation* and supersedes APB Opinion No. 25, *Accounting for Stock Issued to Employees*. SFAS No. 123R requires all share-based payments to employees, including grants of employee stock options and employee stock purchase plans, to be recognized in the financial statements based on their fair values, beginning with the first interim or annual period of the registrant's first fiscal year beginning on or after June 15, 2005, with early adoption encouraged. In addition, SFAS No. 123R will cause unrecognized expense (based on the amount in the Company's pro forma footnote disclosure) related to options vesting after the date of initial adoption to be recognized as a charge to results of operations over the remaining vesting period. The Company has adopted SFAS No. 123R as of January 1, 2006. Under SFAS No. 123R, the Company must determine the appropriate fair value model to be used for valuing share-based payments, the amortization method for compensation cost and the transition

method to be used at the date of adoption. The Company will continue to use the Black-Scholes model for valuing option expense and will amortize the compensation expense using the straight-line prorated method. The Company has elected to use the modified retrospective method of transitioning to SFAS No. 123R. Under the modified retrospective method, beginning with the report on Form 10-Q for the first quarter of 2006, the Company will restate all periods presented. The adoption of SFAS No. 123R will have a material impact on the consolidated balance sheet, the consolidated results of operations, earnings per share and consolidated statement of cash flows.

PROPOSAL 2 APPROVAL AND RATIFICATION OF THE 2006 STOCK OPTION PLAN

At the Annual Meeting, the shareholders of the Company will be asked to approve and ratify the Company's 2006 Stock Option Plan, which, if approved, will make available 1,500,000 shares of the Company's authorized but unissued Common Stock for purchase upon exercise of options granted under the 2006 Option Plan.

At March 10, 2006, options to purchase a total of 1,060,500 shares of Common Stock were outstanding under the 1985 Option Plan, options to purchase a total of 7,986,883 shares of Common Stock were outstanding under the 1997 Option Plan, options to purchase a total of 1,424,875 shares of Common Stock were outstanding under the 2005 Option Plan and options to purchase a total of 416,000 shares of Common Stock were outstanding under the 1993 Directors' Plan. If Proposal 2 is approved on May 3, 2006, 3,456 shares of Common Stock will be available for grant pursuant to the 1985 Option Plan, 128,000 shares of Common Stock will be available for grant pursuant to the 1993 Directors' Plan, 954,344 shares of Common Stock will be available for grant pursuant to the 2002 Employee Stock Purchase Plan, and 1,500,000 shares of Common Stock will be available for grant pursuant to the 2006 Option Plan.

The Board of Directors has approved a non-discretionary stock repurchase plan which currently authorizes the repurchase of up to 10,000,000 shares of Common Stock with the proceeds received from the exercise of stock options outstanding under the plans noted above. As of March 10, 2006, the Company had repurchased and retired 7,150,850 shares of Common Stock under this non-discretionary repurchase plan. In addition, the Board of Directors has authorized a discretionary stock repurchase plan which allows for the repurchase of such shares as may be necessary to reduce the total shares outstanding to 100,000,000. It is the present sense of the Board of Directors that management make use of this discretionary authority to eliminate any further growth in the number of issued and outstanding shares as a result of option exercises. As of March 10, 2006, the Company had repurchased and retired 3,463,577 shares of Common Stock under this discretionary repurchase plan.

Adoption of the 2006 Option Plan will enable the Company to continue to provide key employees with long-term compensation that will closely align the interests of these employees with positive changes in shareholder value. Approximately 10,600 individuals would be eligible to receive options under the 2006 Option Plan as of March 10, 2006. The 2006 Option Plan includes an annual limitation on the maximum number of shares that may be granted to any individual to meet the Section 162(m) exception for deductibility of performance based compensation.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT SHAREHOLDERS VOTE FOR PROPOSAL 2 APPROVAL AND RATIFICATION OF THE 2006 STOCK OPTION PLAN.

**PROPOSAL 3 RATIFICATION OF THE APPOINTMENT OF
KPMG LLP AS THE COMPANY S INDEPENDENT
REGISTERED PUBLIC ACCOUNTING FIRM
FOR THE YEAR ENDING DECEMBER 31, 2006**

The Board of Directors, acting upon the recommendation of the Audit Committee, has appointed KPMG LLP to be the Company s independent registered public accounting firm for the year ending December 31, 2006. In response to the passage of last year s shareholder proposal concerning ratification of this action, the Board of Directors has determined that it would be desirable to request ratification of its appointment at the Annual Meeting. If the shareholders do not ratify the appointment of KPMG LLP, the appointment of independent registered public accountants will be reconsidered by the Audit Committee and the Board of Directors. Representatives of KPMG LLP are expected to be present at the Annual Meeting and have the opportunity to make a statement, if they so desire, and to respond to appropriate questions.

Set forth below is information relating to the aggregate KPMG LLP fees for professional services rendered for the fiscal years ended December 31, 2005 and 2004.

Description of Professional Service	2005	2004
Audit Fees(1)	\$ 2,276,528	\$ 2,221,158
Audit Related Fees(2)	-0-	1,525
Tax Fees(3)	71,213	51,485
All Other Fees(4)	7,452	32,812

(1) Includes fees associated with the annual audit, the reviews of the Company s quarterly reports on Form 10-Q, and statutory audits required internationally.

(2) Includes fees for certain agreed upon procedures in 2004. No fees were paid to KPMG LLP in either year for employee benefit plan audits, due diligence related to mergers and acquisitions, internal control reviews or consultations concerning financial accounting and reporting standards.

(3) Includes the fees for tax advice and compliance. No fees were paid to KPMG LLP in either year for tax planning.

(4) Includes fees for assistance in the registration of a company and accounting system in 2005 and monthly subscription to customs data services and routine and ministerial services provided outside the United States for international governance issues in 2004.

In 2002, the Audit Committee adopted a policy that prohibits the Company from retaining its principal independent registered public accounting firm for any new engagements other than those that could be described above as audit or audit related. This policy does not apply to the continuation of any engagements or subscriptions, if the completion of such work by KPMG LLP would be most efficient and cost effective.

In all cases, the Audit Committee has approved the services provided in advance and has determined that the provision of any of these services is compatible with KPMG LLP maintaining its independence.

**THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT SHAREHOLDERS VOTE FOR PROPOSAL
3 RATIFICATION OF THE APPOINTMENT OF KPMG LLP AS THE COMPANY S INDEPENDENT REGISTERED PUBLIC
ACCOUNTING FIRM FOR THE YEAR ENDING DECEMBER 31, 2006.**

**PROPOSAL 4 SHAREHOLDER PROPOSAL TO AMEND
EXISTING EQUAL OPPORTUNITY POLICY
TO SPECIFICALLY INCLUDE SEXUAL ORIENTATION**

Trillium Asset Management, 711 Atlantic Avenue, Boston, MA 02111-2809, owner of approximately 109,825 shares has given notice of its intention to present the following proposal for action at the Annual Meeting:

WHEREAS: Expeditors International does not explicitly prohibit discrimination based on sexual orientation in its written employment policy;

Our competitors EGL and UPS explicitly prohibit this form of discrimination in their written policies, according to the Human Rights Campaign;

Over 84% of the Fortune 500 companies have adopted written nondiscrimination policies prohibiting harassment and discrimination on the basis of sexual orientation, as have more than 98% of the Fortune 100 companies, according to the Human Rights Campaign;

We believe that corporations that prohibit discrimination on the basis of sexual orientation have a competitive advantage in recruiting and retaining employees from the widest talent pool;

National public opinion polls consistently find more than three quarters Americans support equal rights in the workplace for gay men, lesbians and bisexuals.

According to a September 2005 survey by Harris Interactive and Witeck-Combs, 57% of heterosexual respondents consider it extremely or very important that a company have a written non-discrimination policy that includes sexual orientation, compared to only 43% in 2002. Additionally, only 47% believe that senior executives at their companies welcome, hire, and encourage a diverse workforce.

A March 2003 Gallup poll found 88% of respondents favored equal opportunity in employment for gays and lesbians.

Minneapolis, San Francisco, Seattle and Los Angeles have adopted legislation restricting business with companies that do not guarantee equal treatment for lesbian and gay employees;

Our company has operations in, and makes sales to institutions in states and cities that prohibit discrimination on the basis of sexual orientation;

Sixteen states, the District of Columbia and more than 178 cities and counties (including the cities of Seattle, Olympia, Burien and Tacoma), have laws prohibiting employment discrimination based on sexual orientation;

RESOLVED: The Shareholders request that Expeditors International amend its written equal employment opportunity policy to explicitly prohibit discrimination based on sexual orientation and to substantially implement the policy.

Supporting Statement

Employment discrimination on the basis of sexual orientation diminishes employee morale and productivity. Because state and local laws are inconsistent with respect to employment discrimination, our company would benefit from a consistent, corporate wide policy to enhance efforts to prevent

discrimination, resolve complaints internally, and ensure a respectful and supportive atmosphere for all employees. Expeditors International will enhance its competitive edge by joining the growing ranks of companies guaranteeing equal opportunity for all employees.

Board of Directors Response

The Board of Directors unanimously recommends voting against this proposal and believes that our current policy and practice more than achieve the objectives of this shareholder proposal.

Our long standing policy is as follows:

Expeditors has a policy of equal opportunity with respect to race, sex, marital status, age, color, religion, creed, national origin, handicapped, veteran or other protected status. The Company is morally and legally committed to give all persons an equal opportunity for employment and promotion based solely on their individual qualifications and the valid requirements of the position. While supervisors and managers are charged with the responsibility of preventing discrimination, the success of the Company's equal opportunity policy really depends on the unbiased attitudes and actions of all employees.

The factors specifically listed in the first sentence of the existing policy are those prohibited by existing federal law. The second sentence of this policy goes beyond these basic legal requirements and obligates the Company to extend equal opportunity in employment and promotion to all persons subject only to classification based upon individual qualifications and valid requirements of the particular position.

This shareholder resolution itself implies that some additional action would be necessary to implement the resolution. This is simply not the case. The Company has received no indication from its employees that discrimination on the basis of sexual orientation is practiced within the Company, nor has the Company received notice from its employees, customers or suppliers that the Company's employment policies or practices jeopardize its relationship with any of them.

In conclusion, this shareholder resolution is both unwarranted and unnecessary.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT SHAREHOLDERS VOTE AGAINST PROPOSAL 4 SHAREHOLDER PROPOSAL TO AMEND EXISTING EQUAL OPPORTUNITY POLICY TO SPECIFICALLY INCLUDE SEXUAL ORIENTATION.

OTHER BUSINESS

As of the date of this Proxy Statement, management knows of no other business which will be presented for action at the meeting. If any other business requiring a vote of the shareholders should come before the meeting, the persons designated as your proxies will vote or refrain from voting in accordance with their best judgment.

Based solely on its review of the copies of such forms received by the Company, and on written representations by the Company's officers and directors regarding their compliance with the filing requirements, the Company believes that all reports required from its officers, directors and greater than ten percent beneficial owners were filed on a timely basis during 2005.

Shareholders who intend to present a proposal at the 2007 Annual Meeting of Shareholders without having the proposal included in the Company's proxy materials are required to provide appropriate notice to the Secretary at the Company's executive offices no later than February 14, 2007. Proposals which do not meet this notice requirement will be subject to discretionary voting authority granted by proxy.

APPENDIX A

**EXPEDITORS INTERNATIONAL OF WASHINGTON, INC.
2006 STOCK OPTION PLAN**

This 2006 Stock Option Plan (the "2006 Option Plan") provides for the grant of options to acquire shares of common stock, \$.01 par value (the "Common Stock"), of EXPEDITORS INTERNATIONAL OF WASHINGTON, INC., a Washington corporation (the "Company"). Stock options granted under this 2006 Option Plan that qualify under Section 422 of the Internal Revenue Code of 1986, as amended (the "Code"), are referred to in this 2006 Option Plan as "Incentive Stock Options." Incentive Stock Options and stock options that do not qualify under Section 422 of the Code ("Non-Qualified Stock Options") granted under this 2006 Option Plan are referred to as "Options."

1. PURPOSES.

The purposes of this 2006 Option Plan are to retain the services of valued key employees of the Company, its subsidiaries and such other affiliates as the Plan Administrator shall select in accordance with Section 3 below; to encourage such persons to acquire a greater proprietary interest in the Company, thereby strengthening their incentive to achieve the objectives of the shareholders of the Company; and to serve as an aid and inducement in the hiring of new employees.

2. ADMINISTRATION.

This 2006 Option Plan shall be administered by the Board of Directors of the Company (the "Board") if each director is an "outside director" (as defined below). If all directors are not outside directors, the 2006 Option Plan shall be administered by a committee designated by the Board and composed of two (2) or more members of the Board that are "non-employee directors" and "outside directors" (as defined below), which committee (the "Committee") may be the compensation committee or a separate committee especially created for this purpose. The term "non-employee director" shall have the meaning assigned to it under Rule 16b-3 (as amended from time to time) promulgated under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), or any successor rule or regulatory requirement. The term "outside director" shall have the meaning assigned under Section 162(m) of the Code (as amended from time to time) and the regulations (or any successor regulations) promulgated thereunder ("Section 162(m) of the Code"). The Committee shall have the powers and authority vested in the Board hereunder (including the power and authority to interpret any provision of this 2006 Option Plan or of any Option). The members of any such Committee shall serve at the pleasure of the Board. A majority of the members of the Committee shall constitute a quorum, and all actions of the Committee shall be taken by a majority of the members present. Any action may be taken by a written instrument signed by all of the members of the Committee and any action so taken shall be fully effective as if it had been taken at a meeting. The Board, or any committee thereof appointed to administer the 2006 Option Plan, is referred to herein as the "Plan Administrator."

Subject to the provisions of this 2006 Option Plan, and with a view to effecting its purpose, the Plan Administrator shall have sole authority, in its absolute discretion, to (a) construe and interpret this 2006 Option Plan; (b) define the terms used in this 2006 Option Plan; (c) prescribe, amend and rescind rules and regulations relating to this 2006 Option Plan; (d) correct any defect, supply any omission or reconcile any inconsistency in this 2006 Option Plan; (e) grant Options under this 2006 Option Plan; (f) determine the individuals to whom Options shall be granted under this 2006 Option Plan and whether the Option is an Incentive Stock Option or a Non-Qualified Stock Option; (g) determine the time or times

at which Options shall be granted under this 2006 Option Plan; (h) determine the number of shares of Common Stock subject to each Option, the exercise price of each Option, the duration of each Option and the times at which each Option shall become exercisable; (i) determine all other terms and conditions of Options; and (j) make all other determinations necessary or advisable for the administration of this 2006 Option Plan. All decisions, determinations and interpretations made by the Plan Administrator shall be binding and conclusive on all participants in this 2006 Option Plan and on their legal representatives, heirs and beneficiaries.

The Board or the Committee may delegate to one or more executive officers of the Company the authority to grant Options under this 2006 Option Plan to employees of the Company who, on the Date of Grant, are not subjected to Section 16(b) of the Exchange Act with respect to the Common Stock (Non-Insiders), and are not covered employees as such term is defined for purposes of Section 162(m) of the Code (Non-Covered Employees), and in connection therewith the authority to determine: (a) the number of shares of Common Stock subject to such Option; (b) the duration of the Option; (c) the vesting schedule for determining the times at which such Option shall become exercisable; and (d) all other terms and conditions of such Options. The exercise price for any Option granted by action of an executive officer or officers pursuant to such delegation of authority shall not be less than the fair market value per share of the Common Stock on the Date of Grant. Such delegation of authority shall not include the authority to accelerate the vesting, extend the period for exercise or otherwise alter the terms of outstanding Options. The term Plan Administrator when used in any provision of this 2006 Option Plan other than Sections 2, 5(m), 5(n) and 12 shall be deemed to refer to the Board or the Committee, as the case may be, and an executive officer who has been authorized to grant Options pursuant thereto, insofar as such provisions may be applied to persons that are Non-Insiders and Non-Covered Employees and Options granted to such persons.

3. ELIGIBILITY.

Incentive Stock Options may be granted to any individual who, at the time the Option is granted, is an employee of the Company or any Related Corporation (as defined below), including employees who are directors of the Company (Employees). Non-Qualified Stock Options may be granted to Employees and to such other persons who are employed by affiliated companies, other than directors who are not Employees, as the Plan Administrator shall select. Options may be granted in substitution for outstanding Options of another corporation in connection with the merger, share exchange, acquisition of property or stock or other reorganization between such other corporation and the Company or any subsidiary of the Company. Any person to whom an Option is granted under this 2006 Option Plan is referred to as an Optionee. Any person who is the owner of an Option is referred to as a Holder.

As used in this 2006 Option Plan, the term Related Corporation shall mean any corporation (other than the Company) that is a Parent Corporation of the Company or Subsidiary Corporation of the Company, as those terms are defined in Sections 424(e) and 424(f) respectively, of the Code (or any successor provisions), and the regulations thereunder (as amended from time to time).

4. STOCK.

The Plan Administrator is authorized to grant Options to acquire up to a total of 1,500,000 shares of the Company's authorized but unissued Common Stock during the period beginning with the Effective Date as provided for in Section 7 and ending on April 30, 2007 (Option Grant Period). The number of shares with respect to which Options may be granted hereunder is subject to adjustment as set forth in Subsection 5(m) hereof. In the event that any outstanding Option expires or is terminated for any reason,

the shares of Common Stock allocable to the unexercised portion of such Option may again be subject to an Option to the same Optionee or to a different person eligible under Section 3 of this 2006 Option Plan so long as the grant is made within the Option Grant Period; *provided however*, that any canceled Options will be counted against the maximum number of shares with respect to which Options may be granted to any particular person as set forth in Section 6 hereof.

5. TERMS AND CONDITIONS OF OPTIONS.

Each Option granted under this 2006 Option Plan shall be evidenced by a written agreement approved by the Plan Administrator (the Agreement). Agreements may contain such provisions, not inconsistent with this 2006 Option Plan, as the Plan Administrator in its discretion may deem advisable. All Options also shall comply with the following requirements:

(a) *Number of Shares and Type of Option.*

Each Agreement shall state the number of shares of Common Stock to which it pertains and whether the Option is intended to be an Incentive Stock Option or a Non-Qualified Stock Option. In the absence of action to the contrary by the Plan Administrator in connection with the grant of an Option, all Options shall be Non-Qualified Stock Options. The aggregate fair market value (determined at the Date of Grant, as defined below) of the stock with respect to which Incentive Stock Options are exercisable for the first time by the Optionee during any calendar year shall not exceed \$100,000, or such other limit as may be prescribed by the Code as it may be amended from time to time. Any portion of an Option which exceeds the annual limit shall not be void, but rather shall be a Non-Qualified Stock Option.

(b) *Date of Grant.*

Each Agreement shall state the date within the Option Grant Period that the Plan Administrator has deemed to be the effective date of the Option for purposes of this 2006 Option Plan (the Date of Grant).

(c) *Option Price.*

Each Agreement shall state the price per share of Common Stock at which it is exercisable. The exercise price shall be fixed by the Plan Administrator at whatever price the Plan Administrator may determine in the exercise of its sole discretion; *provided* that the per share exercise price for any Option granted shall not be less than the fair market value per share of the Common Stock at the Date of Grant as determined by the Plan Administrator in good faith; *provided further*, that with respect to Incentive Stock Options granted to greater-than-10 percent (> 10%) share-holders of the Company (as determined with reference to Section 424(d) of the Code), the exercise price per share shall not be less than 110 percent (110%) of the fair market value per share of the Common Stock at the Date of Grant as determined by the Plan Administrator in good faith; and, *provided further*, that Options granted in substitution for outstanding options of another corporation in connection with the merger, share exchange, acquisition of property or stock or other reorganization involving such other corporation and the Company or any subsidiary of the Company may be granted with an exercise price equal to the exercise price for the substituted option of the other corporation, subject to any adjustment consistent with the terms of the transaction pursuant to which the substitution is to occur.

(d) *Duration of Options.*

At the time of the grant of the Option, the Plan Administrator shall designate, subject to Subsection 5(g) below, the expiration date of the Option, which date shall not be later than ten (10) years from the Date of Grant; *provided*, that the expiration date of any Incentive Stock Option granted to a greater-than-10 percent (>10%) shareholder of the Company (as determined with reference to Section 424(d) of the Code) shall not be later than five (5) years from the Date of Grant. In the absence of action to the contrary by the Plan Administrator in connection with the grant of a particular Option, and except in the case of Incentive Stock Options as described above, all Options granted under this Section 5 shall expire ten (10) years from the Date of Grant.

(e) *Vesting Schedule.*

No Option shall be exercisable until it has vested. The vesting schedule for each Option shall be fifty percent (50%) vested three (3) years from the Date of Grant, seventy-five percent (75%) vested four (4) years from the Date of Grant and one hundred percent (100%) vested five (5) years from the Date of Grant.

(f) *Acceleration of Vesting.*

The vesting of one or more outstanding Options may be accelerated by the Plan Administrator at such times and in such amounts as it shall determine in its sole discretion. The vesting of Options also shall be accelerated under the circumstances described in Subsections 5(m) and 5(n) below.

(g) *Term of Option.*

Vested Options shall terminate, to the extent not previously exercised, upon the occurrence of the first of the following events: (i) the expiration of the Option, as designated by the Plan Administrator in accordance with Subsection 5(d) above; (ii) the date of an Optionee's termination of employment with the Company or any Related Corporation; or (iii) the expiration of ninety (90) days from (A) the date of death of the Optionee or (B) cessation of an Optionee's employment by reason of Disability (as defined below). If an Optionee's employment or contractual relationship is terminated by death, any Option held by the Optionee shall be exercisable only by the person or persons to whom such Optionee's rights under such Option shall pass by the Optionee's will or by the laws of descent and distribution of the state or country of the Optionee's domicile at the time of death. For purposes of the 2006 Option Plan, Disability shall mean any physical, mental or other health condition which substantially impairs the Optionee's ability to perform his or her assigned duties for one hundred twenty (120) days or more in any two hundred forty (240) day period or that can be expected to result in death. The Plan Administrator shall determine whether an Optionee has incurred a Disability on the basis of medical evidence acceptable to the Plan Administrator. Upon making a determination of Disability, the Plan Administrator shall, for purposes of the 2006 Option Plan, determine the date of an Optionee's termination of employment.

Unless accelerated in accordance with Subsection 5(f) above, unvested Options shall terminate immediately upon termination of employment of the Optionee by the Company for any reason whatsoever, including death or Disability. For purposes of this 2006 Option Plan, transfer of employment between or among the Company and/or any Related Corporation shall not be deemed to constitute a termination of employment with the Company or any Related Corporation. For purposes of this Subsection with respect to Incentive Stock Options, employment shall be deemed to continue

while the Optionee is on military leave, sick leave or other bona fide leave of absence (as determined by the Plan Administrator). The foregoing notwithstanding, employment shall not be deemed to continue beyond the first ninety (90) days of such leave, unless the Optionee's re-employment rights are guaranteed by statute or by contract.

(h) *Exercise of Options.*

Options shall be exercisable, in full or in part, at any time after vesting, until termination. If less than all of the shares included in the vested portion of any Option are purchased, the remainder may be purchased at any subsequent time prior to the expiration of the Option term. No portion of any Option for less than ten (10) shares (as adjusted pursuant to Subsection 5(m) below) may be exercised; *provided*, that if the vested portion of any Option is less than ten (10) shares, it may be exercised with respect to all shares for which it is vested. Only whole shares may be issued pursuant to an Option, and to the extent that an Option covers less than one (1) share, it is unexercisable.

Options or portions thereof may be exercised by giving written notice to the Company, which notice shall specify the number of shares to be purchased, and be accompanied by payment in the amount of the aggregate exercise price for the Common Stock so purchased, which payment shall be in the form specified in Subsection 5(i) below. The Company shall not be obligated to issue, transfer or deliver a certificate of Common Stock to the Holder of any Option, until provision has been made by the Holder, to the satisfaction of the Company, for the payment of the aggregate exercise price for all shares for which the Option shall have been exercised and for satisfaction of any tax withholding obligations associated with such exercise. During the lifetime of an Optionee, Options are exercisable only by the Optionee or a transferee who takes title to the Option in the manner permitted by Subsection 5(k) hereof.

(i) *Payment upon Exercise of Option.*

Upon the exercise of any Option, the aggregate exercise price shall be paid to the Company in cash or by cashier's check. In addition, the Holder may pay for all or any portion of the aggregate exercise price by delivering to the Company shares of Common Stock previously held by such Holder which shall be valued at fair market value as of the date of exercise (as determined by the Plan Administrator).

(j) *Rights as a Shareholder.*

A Holder shall have no rights as a shareholder with respect to any shares covered by an Option until such Holder becomes a record holder of such shares, irrespective of whether such Holder has given notice of exercise. Subject to the provisions of Subsections 5(m) and 5(n) hereof, no rights shall accrue to a Holder and no adjustments shall be made on account of dividends (ordinary or extraordinary, whether in cash, securities or other property) or distributions or other rights declared on, or created in, the Common Stock for which the record date is prior to the date the Holder becomes a record holder of the shares of Common Stock covered by the Option, irrespective of whether such Holder has given notice of exercise.

(k) *Transfer of Option.*

Options granted under this 2006 Option Plan and the rights and privileges conferred by this 2006 Option Plan may not be transferred, assigned, pledged or hypothecated in any manner (whether by operation of law or otherwise) other than by will, by applicable laws of descent and distribution, and shall not be subject to execution, attachment or similar process. Upon any attempt to transfer, assign, pledge, hypothecate or otherwise dispose of any Option or of any right or privilege conferred by this 2006 Option Plan contrary to the provisions hereof, or upon the sale, levy or any attachment or similar process upon the rights and privileges conferred by this 2006 Option Plan, such Option shall thereupon terminate and become null and void.

(l) *Securities Regulation and Tax Withholding.*

(1) Shares shall not be issued with respect to an Option unless the exercise of such Option and the issuance and delivery of such shares shall comply with all relevant provisions of law, including, without limitation, Section 162(m) of the Code, any applicable state securities laws, the Securities Act of 1933, as amended, the Exchange Act, the rules and regulations thereunder and the requirements of any stock exchange or automated inter-dealer quotation system of a registered national securities association upon which such shares may then be listed, and such issuance shall be further subject to the approval of counsel for the Company with respect to such compliance, including the availability of an exemption from registration for the issuance and sale of such shares. The inability of the Company to obtain from any regulatory body the authority deemed by the Company to be necessary for the lawful issuance and sale of any shares under this 2006 Option Plan, or the unavailability of an exemption from registration for the issuance and sale of any shares under this 2006 Option Plan, shall relieve the Company of any liability with respect to the non-issuance or sale of such shares.

As a condition to the exercise of an Option, the Plan Administrator may require the Holder to represent and warrant in writing at the time of such exercise that the shares are being purchased only for investment and without any then-present intention to sell or distribute such shares. At the option of the Plan Administrator, a stop-transfer order against such shares may be placed on the stock books and records of the Company, and a legend indicating that the stock may not be pledged, sold or otherwise transferred unless an opinion of counsel is provided stating that such transfer is not in violation of any applicable law or regulation, may be stamped on the certificates representing such shares in order to assure an exemption from registration. The Plan Administrator also may require such other documentation as may from time to time be necessary to comply with Federal and state securities laws.

(2) The Holder shall pay to the Company by certified or cashier's check, promptly upon exercise of an Option or, if later, the date that the amount of such obligations becomes determinable, all applicable Federal, state, local and foreign withholding taxes that the Plan Administrator, in its discretion, determines to result upon exercise of an Option or from a transfer or other disposition of shares of Common Stock acquired upon exercise of an Option or otherwise related to an Option or shares of Common Stock acquired in connection with an Option.

(3) The issuance, transfer or delivery of certificates of Common Stock pursuant to the exercise of Options may be delayed, at the discretion of the Plan Administrator, until the Plan

Administrator is satisfied that the applicable requirements of the Federal and state securities laws and the withholding provisions of the Code have been met.

(m) *Stock Dividend or Reorganization.*

(1) If (i) the Company shall at any time be involved in a transaction described in Section 424(a) of the Code (or any successor provision) or any corporate transaction described in the regulations thereunder; (ii) the Company shall declare a dividend payable in, or shall subdivide or combine, its Common Stock or (iii) any other event with substantially the same effect shall occur, the Plan Administrator shall, subject to applicable law, with respect to each outstanding Option, proportionately adjust the number of shares of Common Stock subject to such Option and/or the exercise price per share so as to preserve the rights of the Holder substantially proportionate to the rights of the Holder prior to such event, and to the extent that such action shall include an increase or decrease in the number of shares of Common Stock subject to outstanding Options, the number of shares available under Section 4 of this 2006 Option Plan shall automatically be increased or decreased, as the case may be, proportionately, without further action on the part of the Plan Administrator, the Company, the Company's shareholders, or any Holder.

(2) In the event that the presently authorized capital stock of the Company is changed into the same number of shares with a different par value, or without par value, the stock resulting from any such change shall be deemed to be Common Stock within the meaning of the 2006 Option Plan, and each Option shall apply to the same number of shares of such new stock as it applied to old shares immediately prior to such change.

(3) The foregoing adjustments in the shares subject to Options shall be made by the Plan Administrator, or by any successor administrator of this 2006 Option Plan, or by the applicable terms of any assumption or substitution document.

(4) The grant of an Option shall not affect in any way the right or power of the Company to make adjustments, reclassifications, reorganizations or changes of its capital or business structure, to merge, consolidate or dissolve, to liquidate or to sell or transfer all or any part of its business or assets.

(n) *Change in Control.*

(1) If at any time there is a Change in Control (as defined below) of the Company, all Options outstanding at the date thereof shall accelerate and become fully vested and exercisable in full for the duration of the Option term as of the later of the date of the Change in Control or six months after the Date of Grant of the Option. For purposes of this Subsection, Change in Control shall mean either one of the following: (i) when any person, as such term is used in Sections 13(d) and 14(d) of the Exchange Act as amended (other than the Company, a subsidiary thereof or a Company employee benefit plan, including any trustee of such plan acting as trustee) becomes the beneficial owner (as defined in Rule 13d-3 under the Exchange Act), directly or indirectly, of securities of the Company representing fifty percent (50%) or more of the combined voting power of the Company's then outstanding securities; or (ii) the occurrence of a transaction requiring shareholder approval, and involving the sale of all or substantially all of the assets of the Company or the merger of the Company with or into another corporation.

(2) Except as provided in this Section 5, no Optionee or Holder shall have rights by reason of any subdivision or consolidation of shares of stock of any class including Common Stock or the payment of any stock dividend on shares of Common Stock, or any other increase or decrease in the number of shares of Common Stock, or by reason of any liquidation, dissolution, corporate combination or division; and any issuance by the Company of shares of stock of any class including Common Stock, or securities convertible into shares of stock of any class including Common Stock, shall not affect, and no adjustment by reason thereof shall be made with respect to, the number or price of shares of Common Stock subject to any Option.

6. LIMITATION ON INDIVIDUAL OPTION GRANTS.

Except as otherwise provided in this Section 6, no person shall be eligible to receive Options to purchase more than 50,000 shares of Common Stock.

7. EFFECTIVE DATE; TERM.

The date on which this 2006 Option Plan is adopted (the Effective Date) shall be the date of ratification by the shareholders. No Option shall be granted by the Plan Administrator prior to the approval of this 2006 Option Plan by a vote of the shareholders of the Company. For purposes of granting Options, the 2006 Option Plan shall terminate at midnight on April 30, 2007, unless terminated before then by the Plan Administrator and for other purposes the 2006 Option Plan shall remain in effect as long as any Options are outstanding. In any event, the 2006 Option Plan shall finally terminate no later than May 1, 2017.

8. NO OBLIGATIONS TO EXERCISE OPTION.

The grant of an Option shall impose no obligation upon the Optionee to exercise such Option.

9. NO RIGHT TO OPTIONS OR TO EMPLOYMENT.

Whether or not any Options are to be granted under this 2006 Option Plan shall be exclusively within the discretion of the Plan Administrator, and nothing contained in this 2006 Option Plan shall be construed as giving any person any right to participate under this 2006 Option Plan. The grant of an Option shall in no way constitute any form of agreement or understanding binding on the Company, any Related Company or any affiliate, express or implied, that the Company, any Related Company or any affiliate will employ or contract with an Optionee for any length of time, nor shall it interfere in any way with the Company's or, where applicable, a Related Company's or affiliate's right to terminate Optionee's employment at any time, which right is hereby reserved.

10. APPLICATION OF FUNDS.

The proceeds received by the Company from the sale of Common Stock issued upon the exercise of Options shall be used to purchase and retire Common Stock pursuant to Rule 10b-18 to the extent such transactions have been authorized by the Board and in other cases for general corporate purposes, unless otherwise directed by the Board.

11. INDEMNIFICATION OF PLAN ADMINISTRATOR.

In addition to all other rights of indemnification they may have as members of the Board, members of the Plan Administrator shall be indemnified by the Company for all reasonable expenses and liabilities of
