#### Note 1. Summary of Significant Accounting Policies

#### Basis of Presentation

The consolidated financial statements include the accounts of Michaels Stores, Inc. and our wholly-owned subsidiaries. All significant intercompany accounts and transactions have been eliminated. All expressions of us, we, our, and all similar expressions are references to Michaels Stores, Inc. and our consolidated, wholly-owned subsidiaries, unless otherwise expressly stated or the context otherwise requires.

The accompanying unaudited consolidated financial statements have been prepared in accordance with U.S. generally accepted accounting principles for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and notes required by generally accepted accounting principles for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals and other items, as disclosed) considered necessary for a fair presentation have been included. Because of the seasonal nature of our business, the results of operations for the three and six months ended August 4, 2007 are not indicative of the results to be expected for the entire year.

The balance sheet at February 3, 2007 has been derived from the audited financial statements at that date but does not include all of the information and notes required by generally accepted accounting principles for complete financial statements. For further information, refer to the consolidated financial statements and notes thereto included in our Annual Report on Form 10-K for the fiscal year ended February 3, 2007.

All references herein to fiscal 2007 relate to the 52 weeks ending February 2, 2008 and all references to fiscal 2006 relate to the 53 weeks ended February 3, 2007. In addition, all references herein to the second quarter of fiscal 2007 relate to the 13 weeks ended August 4, 2007 and all references to the second quarter of fiscal 2006 relate to the 13 weeks ended July 29, 2006. Finally, all references to the six months ended August 4, 2007 relate to the 26 weeks ended July 29, 2006 relate to the 26 weeks ended July 29, 2006.

Certain prior year amounts were reclassified to conform to current year presentation.

#### Recent Accounting Pronouncements

In July 2006, the FASB issued FASB Interpretation No. 48, *Accounting for Uncertainty in Income Taxes* an interpretation of FASB Statement No. 109, which clarifies the accounting for uncertainty in income tax positions. FIN 48 requires that a company recognize in its consolidated financial statements the impact of a tax position that is more likely than not to be sustained upon examination based on the technical merits of the position. We adopted FIN 48 as of the beginning of our first quarter of fiscal 2007 with no material impact to our consolidated statement of operations, balance sheet, shareholders equity, or statement of cash flows.

Upon adoption, we elected to record any interest and penalties associated with audits as a component of income tax expense. The Company identified its federal tax return, Canadian tax return, and its state tax returns in California, Florida, Illinois, New York, North Carolina, Pennsylvania, and Texas as major tax jurisdictions. The periods subject to examination for our federal returns are 2002 to present, 2000 to present for our Canadian returns, and 2003 to present for all state returns except for North Carolina and Texas. North Carolina is subject to examination from 2001 to present, and Texas is subject to examination from 2002 to present.

In September 2006, the FASB issued Statement of Financial Accounting Standard No. 158, *Employers Accounting for Defined Benefit Pensions and Other Postretirement Plans*, which requires an entity to recognize the overfunded or underfunded status of a defined benefit postretirement plan as an asset or liability in its balance sheet and to recognize changes in that funded status in the year in which the changes occur through comprehensive income. It also requires an entity to measure the funded status of a plan as of the date of its year-end balance sheet. As we have no publicly traded equity securities (due to the Merger as described in Note 2 below), FAS 158 is effective for us at the end of fiscal 2007, with early adoption permitted. We plan to adopt FAS 158 at the end of fiscal 2007, with no material impact expected on our consolidated statement of operations, balance sheet, shareholders equity, or statement of cash flows.

In February 2007, the FASB issued Statement of Financial Accounting Standard No. 159, *The Fair Value Option for Financial Assets and Financial Liabilities*, which permits companies to measure certain financial instruments and other items at fair value (at specified measurement dates) that are not currently required to be measured at fair value. Any unrealized gains or losses applicable to those items measured at fair value shall be reported in earnings. The decision to apply fair value shall generally be made on an instrument by instrument basis, is irrevocable, and is applied only to an entire instrument. The provisions of FAS 159 will be effective for us as of the beginning of fiscal 2008, with early adoption permitted.

### Note 2. Merger Transaction

On October 31, 2006, substantially all of the Common Stock of Michaels Stores, Inc. was acquired through a merger transaction (the Merger ) by affiliates of two private investment firms, Bain Capital Partners, LLC and The Blackstone Group (collectively, together with their applicable affiliates, the Sponsors ), with certain shares retained by affiliates of Highfields Capital Partners (a then-existing shareholder of Michaels Stores, Inc.). As a result of the Merger, Michaels Holdings LLC, an entity controlled by the Sponsors, owns approximately 93.3% of our outstanding Common Stock, which is no longer publicly traded. We accounted for the Merger as a leveraged recapitalization whereby the historical book value of the assets and liabilities of Michaels were maintained with no push down accounting required.

The Merger consideration paid to then-existing equity holders was approximately \$5.8 billion, with fees and expenses totaling an additional \$239.7 million. The purchase price was funded by:

- Aggregate cash equity contribution by the Sponsors of approximately \$1.7 billion;
- Retention of certain shares held by affiliates of Highfields Capital Partners totaling \$110.0 million;

We capitalized \$124.7 million of costs related to our issuance of various debt instruments. We amortize the deferred financing costs over the lives of the respective debt agreements (which range from five to ten years) and record the amortization to interest expense. Amortization of the deferred financing costs was \$4.3 million and \$8.5 million for the three and six months ended August 4, 2007, respectively.

Transaction expenses for the three and six months ended August 4, 2007 relate primarily to compensation arrangements associated with the change in control.
