**Item 2.02 Results of Operations and Financial Condition**

This Form 8-K/A amends the Form 8-K filed by Amphenol Corporation on April 20, 2010 to amend certain line items on the condensed consolidated statements of cash flow in connection with the adoption of Accounting Standards Update ( ASU ) No. 2009-16, *Accounting for Transfers of Financial Assets*. The Company adopted ASU 2009-16 on January 1, 2010. As a result, transfers of receivables occurring on or after January 1, 2010 are reflected as debt issued in the Company's Condensed Consolidated Statements of Cash Flow (resulting in a reduction of cash flows provided by operating activities of \$82 million for the quarter ended March 31, 2010). The resulting changes made to the line items on the condensed consolidated statements of cash flow to properly present the adoption of ASU 2009-16 are as follows.

1. In the text of the press release the sentence on page 2 that reads "Cash flow from operations remained strong in the quarter at \$114 million" has been changed to "Cash flow from operations (excluding a reduction of \$82 million resulting from the adoption of a new accounting pronouncement) remained strong in the quarter at \$114 million";

2. A caption has been added entitled "Net change in receivables sold under the Receivables Securitization Facility". For the three months ended March 31, 2010 and 2009, the related cash flows were \$(82,000) and \$6,000, respectively;

3. For the three months ended March 31, 2009, the "Net change in components of working capital" has been changed from \$40,255 to \$34,255;

4. For the three months ended March 31, 2010, the "Cash flow provided by operating activities" has been changed from \$113,843 to \$31,843;

5. For the three months ended March 31, 2010, the "Net change in borrowings under the Receivables Securitization Facility" has been changed from \$(33,000) to \$49,000;

6. For the three months ended March 31, 2010, the "Cash flow (used in) provided by financing activities" has been changed from \$(33,280) to \$48,720.

A copy of the amended condensed consolidated statements of cash flow, as well as, the condensed consolidated statements of income, condensed consolidated balance sheets, and segment information is attached hereto as Exhibit 99.1 and is incorporated by reference herein.

Statements in this Form 8-K which are other than historical facts are intended to be "forward-looking statements" within the meaning of the Securities Exchange Act of 1934, the Private Securities Litigation Reform Act of 1995 and other related laws. While the Company believes such statements are reasonable, the actual results and effects could differ materially from those currently anticipated. Please refer to Part I, Item 1A of the Company's Form 10-K for the year ended December 31, 2009, for some factors that could cause the actual results to differ from

estimates. In providing forward-looking statements, the Company is not undertaking any duty or

obligation to update these statements publicly as a result of new information, future events or otherwise.
