SPECIAL MEETING OF STOCKHOLDERS

October 12, 2010

Dear Stockholder:

You are cordially invited to attend a special meeting of stockholders of KEMET Corporation, to be held at our offices at Tower 101, Suite 1700, 101 N.E. 3rd Avenue, Fort Lauderdale, FL 33301, on November 3, 2010 at 10:00 a.m., Eastern time.

At the special meeting, you will be asked to vote on an amendment to our Restated Certificate of Incorporation to effect a reverse stock split. Stockholder approval of the amendment to our Restated Certificate of Incorporation will permit our board of directors to effect a reverse stock split at the board's discretion within one year of the special meeting.

We urge you to read the proxy statement materials in their entirety and to consider them carefully including the effect that adopting or failing to adopt the proposals will have on stockholders.

After careful consideration, our board of directors has unanimously approved the reverse stock split and unanimously recommends that you vote **FOR** both of the proposals set forth in the proxy statement. The approval and adoption of the amendment to our Restated Certificate of Incorporation requires the affirmative vote of holders of at least a majority of the outstanding shares of our common stock as of the record date. Failure to vote may be the equivalent of a "No" vote.

It is important that your shares be represented at the special meeting, regardless of the size of your holdings. Accordingly, whether or not you expect to attend the special meeting, we urge you to vote promptly by returning the enclosed proxy card. You may revoke your proxy at any time before it has been voted.

Voting by proxy will not prevent you from voting your shares in person if you subsequently choose to attend the special meeting.

Thank you for your cooperation and continued support.

Very truly yours,

Frank G. Brandenburg
Chairman of the Board of Directors

THIS PROXY STATEMENT IS DATED OCTOBER 12, 2010
AND IS FIRST BEING MAILED TO STOCKHOLDERS ON OR ABOUT OCTOBER 12, 2010.

NOTICE OF SPECIAL MEETING OF STOCKHOLDERS

October 12, 2010

TO THE STOCKHOLDERS OF KEMET CORPORATION

NOTICE IS HEREBY GIVEN that a Special Meeting (the "Special Meeting") of the holders (the "Stockholders") of common stock, par value \$0.01 per share (the "Common Stock") of KEMET Corporation (the "Corporation") will be held at our offices at Tower 101, Suite 1700, 101 N.E. 3rd Avenue, Fort Lauderdale, FL 33301, on November 3, 2010 at 10:00 a.m., Eastern time, to consider the following proposals:

1. To amend the Corporation's Restated Certificate of Incorporation to effect a reverse stock split of the Common Stock at a ratio that will be determined by the Corporation's board of directors and that will be within a range of one-for-three (1:3) to one-for-five (1:5) (the "Reverse Stock Split"); and
2. To approve the adjournment of the Special Meeting, if necessary, to solicit additional proxies, if there are not sufficient votes at the time of the Special Meeting to approve proposal No. 1.

The board of directors unanimously recommends a FOR vote for proposals No. 1 and No. 2.

The Corporation's board of directors authorized the Reverse Stock Split with a view to increasing the per share trading price of the Common Stock such that the Corporation may achieve a price per share for its Common Stock that may increase the marketability, trading volume and liquidity of the Common Stock and would satisfy listing requirements of the New York Stock Exchange (the "NYSE"). However, even if the Reverse Stock Split is implemented, there can be no assurance that the Reverse Stock Split will result in an increase in the market price of the Common Stock or that the market price of the Common Stock will not decrease at any time. Other factors, including (but not limited to) the

Edgar Filing: KEMET CORP - Form DEF 14A

Corporation's financial results, market conditions and the market perception of the Corporation's business, may adversely affect the market price of the Common Stock.

The accompanying Proxy Statement contains information regarding the matters that you will be asked to consider and vote on at the Special Meeting.

The board of directors has fixed the close of business on October 8, 2010 as the record date for the determination of holders of record of the Common Stock entitled to notice of, and to vote at, the Special Meeting or any reconvened meeting after any adjournments of the Special Meeting.

Important Notice Regarding the Availability of Proxy Materials for the Special Meeting to be held on November 3, 2010:

The Proxy Statement is available at <http://www.kemet.com/proxymaterials>.

WHETHER OR NOT YOU PLAN TO ATTEND THE SPECIAL MEETING, THE CORPORATION URGES YOU TO VOTE YOUR SHARES VIA THE TOLL-FREE TELEPHONE NUMBER OR OVER THE INTERNET, AS PROVIDED IN THE ENCLOSED MATERIALS. IF YOU RECEIVED A PROXY CARD BY MAIL, YOU MAY SIGN, DATE AND MAIL THE PROXY CARD IN THE ENVELOPE PROVIDED.

November 3, 2010 Special Meeting of Stockholders

KEMET CORPORATION
P.O. Box 5928
Greenville, South Carolina 29606

INTRODUCTION

The Corporation is furnishing this Proxy Statement to you in connection with the solicitation by the Board of Directors (the Board) of KEMET Corporation (the Corporation) of proxies for use at the Corporation's Special Meeting (the Special Meeting) of the holders (the Stockholders) of the Corporation's common stock, par value \$0.01 per share (the Common Stock), to be held at our offices at Tower 101, Suite 1700, 101 N.E. 3rd Avenue, Fort Lauderdale, FL 33301, at 10:00 a.m., Eastern time, on November 3, 2010, and at any and all reconvened meetings after any adjournments of the Special Meeting. The Corporation's telephone number is (864) 963-6300, and the Corporation's mailing address is P.O. Box 5928, Greenville, South Carolina 29606. The Corporation's website is located at www.kemet.com. Information on the website does not constitute a part of this Proxy Statement.

The notice, this Proxy Statement and the form of proxy enclosed are being first sent to the Stockholders on or about October 12, 2010.

MATTERS TO BE CONSIDERED AT THE SPECIAL MEETING

At the Special Meeting, you will consider and vote upon the following:

1. To amend the Corporation's Restated Certificate of Incorporation to effect a reverse stock split of the Common Stock at a ratio that will be determined by the Board and that will be within a range of one-for-three (1:3) to one-for-five (1:5) (the Reverse Stock Split); and
2. To approve the adjournment of the Special Meeting, if necessary, to solicit additional proxies, if there are not sufficient votes at the time of the Special Meeting to approve proposal No. 1.

Table of Contents

QUESTIONS AND ANSWERS

Q: Why am I receiving this Proxy Statement?

A: The Corporation sent you this Proxy Statement and the enclosed proxy card because the Board is soliciting proxies for a Special Meeting of the Stockholders. You are receiving this Proxy Statement because you owned shares of the Common Stock entitled to vote on October 8, 2010, the record date for the Special Meeting, and as a result you are entitled to vote those shares at the Special Meeting. By use of a proxy, you can vote whether or not you attend the Special Meeting. This Proxy Statement describes the matters on which the Corporation would like you to vote and provides information on those matters so that you can make an informed decision.

Q. Who is entitled to vote at the Special Meeting?

A. Stockholders of record as of the close of business on October 8, 2010 will be entitled to notice of, and to vote at, the Special Meeting or any reconvened meetings after any adjournments of the Special Meeting.

Q. How many shares can vote?

A. On the record date, October 8, 2010, the Corporation had 81,275,009 outstanding shares of Common Stock (exclusive of treasury shares), which constitute its only outstanding voting securities. Each stockholder is entitled to one vote for each share of Common Stock held as of the record date.

Q. What matters am I voting on?

A. The following matters are scheduled for a vote:

- Approval of an amendment to the Corporation's Restated Certificate of Incorporation to effect a reverse stock split of the Corporation's issued and outstanding shares of Common Stock at a ratio that will be determined by the Board and that will be within a range of one-for-three (1:3) to one-for-five (1:5); and

Edgar Filing: KEMET CORP - Form DEF 14A

- Approval to adjourn the Special Meeting, if necessary, to solicit additional proxies, in the event that there are not sufficient votes at the time of the Special Meeting to approve proposal No. 1.

Q. How does the Board recommend I vote on the proposals?

A. The Board unanimously recommends that each stockholder vote **FOR** proposal No. 1 to amend the Corporation's Restated Certificate of Incorporation to effect the Reverse Stock Split and **FOR** proposal No. 2 to adjourn or postpone the Special Meeting to a later date if necessary.

Q. Why is the Board recommending that I vote FOR proposal No. 1?

A. The Board desires to effect the Reverse Stock Split to attempt to achieve a price per share for the Common Stock that may increase the marketability, trading volume and liquidity of the Common Stock and would satisfy listing requirements of the NYSE.

Q. What happens if the Stockholders do not approve proposal No. 1?

A. Proposal No. 1 would allow the Board to reduce the number of outstanding shares of the Common Stock which could help to raise the price per share of the Common Stock, and the Corporation may be able to gain compliance with the NYSE's listing requirements. The Corporation believes that a higher per share price and a listing with the NYSE would allow a greater range of institutions to invest in the Common Stock. If the Stockholders do not approve the Reverse Stock Split, we may not be able to achieve these

Table of Contents

benefits. However, other factors, including (but not limited to) the Corporation's financial results, market conditions and the market perception of its business, may adversely affect the market price of the Common Stock regardless of whether the Reverse Stock Split is approved and/or implemented. Even if the Reverse Stock split is implemented, there can be no assurance that the Reverse Stock split will result in an increase in the market price of the Common Stock or that the market price of the Common Stock will not decrease at any time.

Q. Do I have Dissenters' Rights of Appraisal?

A. The Delaware General Corporate Law (the "DGCL") does not provide dissenters' rights of appraisal to the Stockholders in connection with proposal No. 1.

Q. What is the difference between holding shares as a stockholder of record and as a beneficial owner of shares held in street name?

A. **Stockholder of Record.** If the shares are registered directly in your name with the Corporation's transfer agent, Computershare Trust Company, N.A., you are considered the stockholder of record with respect to those shares, and the Proxy Statement was sent directly to you by the Corporation.

Beneficial owner of Shares Held in Street Name. If your shares are held in an account at a brokerage firm, bank, broker-dealer, or other similar organization, then you are the beneficial owner of shares held in street name, and that organization forwarded the Proxy Statement to you. The organization holding your account is considered the stockholder of record for purposes of voting at the Special Meeting. As a beneficial owner, you have the right to direct that organization on how to vote the shares held in your account.

Q. If I am a stockholder of record of the Corporation's shares, how do I vote?

A. If you are a stockholder of record, you can vote either in person at the Special Meeting or by proxy without attending the Special Meeting. We urge you to vote by proxy even if you plan to attend the Special Meeting so that we will know as soon as possible that enough votes will be present for us to hold the Special Meeting. If you attend the Special Meeting in person, you may vote at the Special Meeting and your proxy will not be counted. You can vote by proxy by any of the following methods.

Voting by Telephone or via the Internet. If you are a stockholder of record, you may vote by proxy or by using either the telephone or Internet methods of voting. Proxies submitted by telephone or via the Internet must be received by 11:59 p.m. Eastern time on November 2, 2010. Please see the proxy card for instructions on how to access the telephone and Internet voting systems.

Edgar Filing: KEMET CORP - Form DEF 14A

Voting by Proxy Card. Each Stockholder electing to receive stockholder materials by mail may vote by proxy by using the accompanying proxy card. When you return a proxy card that is properly signed and completed, the shares of Common Stock represented by your proxy will be voted as you specify on the proxy card. Proxies submitted by mail must be received prior to the Special Meeting. Please allow sufficient time for mailing if you decide to vote by mail.

Q. If I am a beneficial owner of shares held in street name, how do I vote?

A. If you are a beneficial owner of shares held in street name, you must either direct the brokerage firm, bank, broker-dealer, or other record holder of your shares as to how to vote your shares, or obtain a proxy from the brokerage firm, bank, broker-dealer or other record holder to vote at the Special Meeting. Please refer to the voter instruction cards used by your brokerage firm, bank, broker-dealer or other record holder for specific instructions on methods of voting, including by telephone or using the Internet.

Q. What happens if I do not give specific voting instructions?

A. Stockholders of Record. If you are a stockholder of record and you:

Table of Contents

- indicate when voting on the Internet or by telephone that you wish to vote as recommended by the Board; or
- if you sign and return a proxy card without giving specific voting instructions, then the proxy holders will vote your shares in the manner recommended by the Board on all matters presented in this Proxy Statement and as the proxy holders may determine in their discretion with respect to any other matters properly presented for a vote at the Special Meeting.

Beneficial Owners of Shares Held in Street Name. If you are a beneficial owner of shares held in street name and do not provide the organization that holds your shares with specific voting instructions, the organization may generally vote on routine matters but cannot vote on non-routine matters. If the organization that holds your shares does not receive instructions from you on how to vote your shares on a non-routine matter, the organization does not have the authority to vote your shares with respect to the non-routine matter. This is generally referred to as a broker non-vote. When the Corporation's Inspector of Election tabulates the votes for any particular matter, broker non-votes will be counted for purposes of determining whether a quorum is present. For the purpose of determining whether the Stockholders have approved proposal No. 1, broker non-votes will have the same effect as a vote against the proposal, but for the purpose of determining whether the Stockholders have approved proposal No. 2, broker non-votes will not be treated as votes cast for or against the proposal. The Corporation encourages you to provide voting instructions to the organization that holds your shares by carefully following the instructions provided in this Proxy Statement.

Q. Is the proposal considered routine or non-routine ?

A. Proposal No. 1 involves matters that the Corporation believes will be considered non-routine. Proposal No. 2 involves matters that the Corporation believes will be considered routine.

Q. What is the quorum requirement for the Special Meeting?

A. A majority of the Corporation's outstanding common shares (exclusive of treasury shares) on the record date must be present at the Special Meeting to hold the Special Meeting and conduct business. This is called a quorum. Your shares will be counted for purposes of determining if there is a quorum, whether representing votes for, against, withheld or abstained, or broker non-votes, if you:

- are present and vote in person at the Special Meeting; or
- have voted on the Internet, by telephone or by properly submitting a proxy card or voting instruction form by mail prior to the Special Meeting.

Q. How are abstentions treated?

A. Abstentions are counted as being present for purposes of determining whether a quorum is present. For the purpose of determining whether the Stockholders have approved proposal No. 1, abstentions will have the same effect as a vote against the proposal, but for the purpose of determining whether the Stockholders have approved proposal No. 2, abstentions will not be treated as votes cast for or against the proposal.

Q. What are the voting requirements to approve each proposal?

A. To be approved, the proposals must receive the following votes:

- Proposal No. 1, approval of the amendment to the Corporation's Restated Certificate of Incorporation to effect the Reverse Stock Split, must receive a For vote, either in person or by proxy, from a majority of the votes entitled to be cast by the holders of the Corporation's

Table of Contents

outstanding Common Stock (with the holders of Common Stock entitled to one vote per share).

- Proposal No. 2, adjournment of the Special Meeting if there are not enough votes to approve proposal No. 1, requires that more votes of the Corporation's shares are cast in favor of the proposal than votes of the Corporation's shares that are cast against the proposal.

Q. Can I change my vote after I have voted?

A. You may revoke your proxy and change your vote at any time before the polls are closed at the Special Meeting. You may vote again on a later date on the Internet or by telephone (only your latest Internet or telephone proxy submitted prior to the Special Meeting will be counted), or by signing and returning a new proxy card or voting instruction form with a later date, or by attending the Special Meeting and voting in person. However, your attendance at the Special Meeting will not automatically revoke your proxy unless you vote again at the Special Meeting or specifically request in writing that your prior proxy be revoked.

Q. Is my vote confidential?

A. Proxy instructions, ballots and voting tabulations that identify individual Stockholders are handled in a manner that protects your voting privacy. Your vote will not be disclosed either within the Corporation or to third parties, except:

- as necessary to meet applicable legal requirements;
- to allow for the tabulation and certification of votes; and
- to facilitate a successful proxy solicitation.

Occasionally, Stockholders provide written comments on their proxy cards, which may be forwarded to management and the Board.

Q. Where can I find the voting results of the Special Meeting?

A. The preliminary voting results will be announced at the Special Meeting. The final voting results will be tallied by the Inspector of Election and published in a Current Report on Form 8-K filed as soon as practicable after the Inspector of Election tallies the final voting results.

Q. Who is paying for the cost of this proxy solicitation?

A. The Corporation is paying the costs of the solicitation of proxies. The Corporation must pay brokerage firms and other persons representing beneficial owners of shares held in street name their reasonable out-of-pocket expenses incurred in connection with sending the proxy materials to beneficial owners and obtaining beneficial owners' voting instructions.

In addition to soliciting proxies by mail, the Board members, officers and employees may solicit proxies on the Corporation's behalf, without additional compensation, personally or by telephone. The Corporation may also solicit proxies by email from Stockholders who are employees of the Corporation or who previously requested to receive proxy materials electronically.

PROPOSAL NO. 1

**APPROVAL OF AN AMENDMENT TO THE CORPORATION'S RESTATED CERTIFICATE OF INCORPORATION
TO EFFECT THE REVERSE STOCK SPLIT**

General. A copy of the form of the Certificate of Amendment to the Corporation's Restated Certificate of Incorporation to effect the amendments contemplated by proposal No. 1 is set forth on Appendix A hereto. The Corporation's current Restated Certificate of Incorporation is incorporated herein by reference to Exhibit 3.1 to the Corporation's Quarterly Report on Form 10-Q for the quarter ended December 31, 1992, Commission File No. 00020289. Upon the effectiveness of the filing of the Certificate of Amendment to the Corporation's Restated Certificate of Incorporation, a reverse stock split of the Common Stock will be effected to combine the shares of the Common Stock at a ratio that will be determined by the Board and that will be within a range of one-for-three (1:3) to one-for-five (1:5).

If the Corporation receives the required stockholder approval of proposal No. 1, the Board will have the sole authority to elect, at any time prior to the first anniversary of the Special Meeting: (1) whether or not to amend the Corporation's Restated Certificate of Incorporation to effect the Reverse Stock Split, and (2) if so, the number of whole shares of the Common Stock between and including three and five which will be combined into one share of the Common Stock.

The Board reserves its right to abandon the Reverse Stock Split at any time prior to its implementation if it determines, in its sole discretion, that the Reverse Stock Split is no longer in the best interests of the Corporation and its Stockholders.

If the Reverse Stock Split is approved by the Stockholders and the Board determines to implement it, the Reverse Stock Split will become effective upon filing the Certificate of Amendment with the Secretary of State of the State of Delaware. When filed, the Certificate of Amendment will contain the number of shares determined by the Board within the limits set forth in this proposal No. 1 to be combined into one share of Common Stock.

The par value of the Common Stock will remain unchanged at \$0.01 per share following the Reverse Stock Split.

Reasons for the Reverse Stock Split. The Board authorized the Reverse Stock Split with a view to increasing the per share trading price of the Common Stock. Other reasons include:

- *Increase in Eligible Investors.* A Reverse Stock Split could allow a broader range of institutions to invest in the Corporation's stock (namely, funds that are prohibited from buying stocks with a price below a certain threshold), potentially increasing trading volume and liquidity of the Common Stock.

- *Increased Analyst and Broker Interest.* A Reverse Stock Split could increase analyst and broker interest in the Corporation's stock as their policies can discourage or prohibit them from following or recommending companies with low stock prices. Because of the trading volatility often associated with low-priced stocks, many brokerage houses and institutional investors have adopted internal policies and practices that either prohibit or discourage them from investing in such stocks or recommending them to their customers. Some of those policies and practices may also function to make the processing of trades in low-priced stocks economically unattractive to brokers. Additionally, because brokers' commissions on transactions in low-priced stocks generally represent a higher percentage of the stock price than commissions on higher-priced stocks, the current average price per share of the Common Stock can result in individual Stockholders paying transaction costs representing a higher percentage of their total share value than would be the case if the share price were substantially higher.

Table of Contents

- *Listing on the NYSE.* By potentially increasing the Corporation's stock price, the Reverse Stock Split may allow the Common Stock to be listed on the NYSE which requires, among other things, that issuers have a \$4.00 per share stock price at the time of listing and maintain an average closing bid price of at least \$1.00 per share over a 30 trading-day period. Moving the Corporation's listing to the NYSE could improve the liquidity of the Common Stock and the Corporation's ability to raise capital in the future through the sale of Common Stock.

Effects of the Reverse Stock Split.

Reduction of Shares Held by Individual Stockholders. After the effective date of the proposed Reverse Stock Split, each stockholder will own fewer shares of Common Stock. However, the proposed Reverse Stock Split will affect all Stockholders uniformly and will not affect any stockholder's percentage ownership interest in the Corporation, except to the extent that the reverse split results in any Stockholders receiving cash in lieu of fractional shares as described below. Proportionate voting rights and other rights of the Stockholders will not be affected by the proposed Reverse Stock Split (other than as a result of the payment of cash in lieu of fractional shares). For example, a holder of 2% of the voting power of the outstanding shares of Common Stock immediately prior to the Reverse Stock Split would continue to hold 2% of the voting power of the outstanding shares of Common Stock immediately after the Reverse Stock Split. The number of Stockholders of record will not be affected by the Reverse Stock Split (except to the extent that any stockholder holds only a fractional share interest and receives cash for such interest after the Reverse Stock Split). However, if the Reverse Stock Split is implemented, it will increase the number of Stockholders who own "odd lots" of less than 100 shares of the Common Stock. Brokerage commissions and other costs of transactions in odd lots may be higher than the costs of transactions of more than 100 shares of Common Stock.

Reduction in Total Outstanding Shares. The proposed Reverse Stock Split will reduce the total number of outstanding shares of Common Stock by the exchange ratio determined by the Board within the limits set forth in this proposal No. 1.

Change in Number and Exercise Price of Employee and Director Equity Awards and Outstanding Warrants. The proposed Reverse Stock Split will reduce the number of shares of Common Stock available for issuance under the Corporation's employee and director equity plans, including the 2004 Long-Term Equity Incentive Plan, the 1995 Executive Stock Plan and the 1992 Key Employee Stock Option Plan, in proportion to the exchange ratio determined by the Board within the limits set forth in this proposal No. 1. Under the terms of the Corporation's outstanding equity awards, the Reverse Stock Split would cause a reduction in the number of shares of Common Stock issuable upon exercise or vesting of such awards in proportion to the exchange ratio of the Reverse Stock Split and would cause a proportionate increase in the exercise price of such awards to the extent they are stock options. The number of shares authorized for future issuance under the Corporation's equity plans will also be proportionately reduced. The number of shares of Common Stock issuable upon exercise or vesting of outstanding equity awards will be rounded to the nearest whole share and no cash payment will be made in respect of such rounding. The exercise price and number of shares subject to all outstanding warrants to purchase Common Stock will be similarly adjusted to reflect the Reverse Stock Split.

Regulatory Effects. The Common Stock is currently registered under Section 12(b) of the Exchange Act, and the Corporation is subject to the periodic reporting and other requirements of the Exchange Act. The proposed Reverse Stock Split will not affect the registration of the Common Stock under the Exchange Act or the Corporation's obligation to publicly file financial and other information with the Securities and Exchange Commission. If the proposed Reverse Stock Split is implemented, the Common Stock will continue to trade on the NYSE Amex under the symbol "KEM" (although NYSE Amex would likely add the letter "D" to the end of the trading symbol for a period of 20 trading days to indicate that the reverse stock split has occurred).

Edgar Filing: KEMET CORP - Form DEF 14A

No Going Private Transaction. Notwithstanding the decrease in the number of outstanding shares following the proposed Reverse Stock Split, the Board does not intend for this transaction to be the first step in a series of plans or proposals of a going private transaction within the meaning of Rule 13e-3 of the Exchange Act.

Table of Contents

The Proposed Reverse Stock Split May Not Increase the Corporation's Stock Price over the Long-Term, Which Would Prevent the Corporation From Realizing Some of the Anticipated Benefits of the Reverse Stock Split. The Board expects that a Reverse Stock Split of the Common Stock will likely increase the market price of the Common Stock immediately following the Reverse Stock Split. However, the effect of a reverse stock split upon the market price of the Common Stock cannot be predicted with any certainty, and the history of similar stock split combinations for companies in like circumstances is varied. It is possible that the per share price of the Common Stock after the Reverse Stock Split will not rise in proportion to the reduction in the number of shares of Common Stock outstanding resulting from the Reverse Stock Split, and there can be no assurance that the market price per share of the Common Stock after the Reverse Stock Split will either exceed \$4.00 per share to allow initial listing on the NYSE to occur or maintain an average closing bid price of at least \$1.00 per share stock price to allow continued listing. The market price of the Common Stock may be affected by other factors which may be unrelated to the number of shares outstanding, including the Corporation's future performance. In addition, there can be no assurance that once listed on the NYSE, the Corporation will not be delisted due to a failure to meet other continued listing requirements, even if the market price per share of the Common Stock after the Reverse Stock Split remains in excess of \$1.00.

The Proposed Reverse Stock Split May Decrease the Liquidity of the Corporation's Stock. The liquidity of the Common Stock may be harmed by the proposed Reverse Stock Split given the reduced number of shares that would be outstanding after the Reverse Stock Split, particularly if the stock price does not increase as a result of the Reverse Stock Split.

Board Discretion to Implement the Reverse Stock Split. If the Reverse Stock Split is approved by the Stockholders, it will be effected, if at all, only upon a determination by the Board that a Reverse Stock Split is in the best interests of the Corporation and its Stockholders at the time of such determination. Such determination will be based upon factors the Board deems appropriate, including without limitation the Corporation's then current stock price, the existing and expected marketability and liquidity of the Common Stock, prevailing market conditions, the likely effect on the market price of the Common Stock and the desire to meet the listing requirements for the NYSE. Notwithstanding approval of the Reverse Stock Split by the Stockholders, the Board may, in its sole discretion, abandon the proposed amendment to the Restated Certificate of Incorporation and determine not to effect the Reverse Stock Split as permitted under Section 242(c) of the Delaware General Corporation Law. If the Board does not implement the Reverse Stock Split prior to the one year anniversary of the receipt of the requisite stockholder approval at the Special Meeting or any adjournment thereof, stockholder approval would be required again prior to implementing any reverse stock split.

Amendment Effective Time. The effective date of the Reverse Stock Split will be the date on which the Certificate of Amendment to the Corporation's Restated Certificate of Incorporation to effect the amendment contemplated by proposal No. 1 is accepted and recorded by the Delaware Secretary of State (subject to any specific future time of effectiveness stated therein) in accordance with Section 103 of the DGCL. The exact timing of the filing of the amendment will be determined by the Board based on its evaluation as to when such action will be the most advantageous to the Corporation and its Stockholders. Except as explained below with respect to fractional shares, on the effective date of the amendment to effect the Reverse Stock Split, shares of the Common Stock issued and outstanding immediately prior thereto will be combined and converted, automatically and without any action on the part of the Stockholders, into new shares of the Common Stock in accordance with the reverse stock split ratio determined by the Board within the limits set forth in this proposal No. 1.

Required Vote. Approval of proposal No. 1 requires the affirmative vote, either in person or by proxy, of a majority of the votes entitled to be cast by the holders of the Corporation's outstanding Common Stock (with the holders of Common Stock entitled to 1 vote per share). Abstentions and broker non-votes will have the same effect as voting AGAINST the adoption of proposal No. 1 because the required vote is based on the number of shares outstanding rather than the number of votes cast.

The Board urges you to vote FOR this proposal No. 1 to approve the amendment to the Corporation's Restated Certificate of Incorporation to effect the Reverse Stock Split.

Stockholders' Equity. Following the effectiveness of the amendment to the Corporation's Restated Certificate of Incorporation, the stated capital on the Corporation's balance sheet and the additional paid-in capital

account, in each case, attributable to the Common Stock, will be adjusted to reflect the Reverse Stock Split. The par value per share of the Common Stock will remain unchanged at \$0.01 per share after the Reverse Stock Split. As a result, on the effective date of the Reverse Stock Split, the stated capital on the Corporation's consolidated balance sheet attributable to Common Stock will be reduced and the additional paid-in-capital account will be increased by the amount by which the stated capital is reduced. Per share net income or loss will be increased because there will be fewer shares of the Common Stock outstanding. The Corporation does not anticipate that any other accounting consequences, including changes to the amount of stock-based compensation expense to be recognized in any period, will arise as a result of the Reverse Stock Split.

Interests of Certain Persons in the Proposal. Certain of the Corporation's officers and directors have an interest in this proposal No. 1 as a result of their ownership of shares of stock of the Corporation, as set forth in the section entitled "Security Ownership of Certain Beneficial Owners and Management" below. However, the Corporation does not believe that its officers or directors have interests in the Reverse Stock Split that are different from or greater than those of any other stockholder of the Corporation.

Fractional Shares. The Corporation does not currently intend to issue fractional shares in connection with the Reverse Stock Split. Stockholders who own the Common Stock prior to the effective date of the Reverse Stock Split and who otherwise would hold fractional shares because the number of shares of the Common Stock they held before the Reverse Stock Split would not be evenly divisible based on the Reverse Stock Split ratio will be entitled to a cash payment (without interest or deduction) in respect of such fractional shares. To avoid the existence of fractional shares of the Common Stock, shares that would otherwise result in fractional shares from the application of the Reverse Stock Split will be collected and pooled by the Corporation's transfer agent and sold in the open market and the proceeds will be allocated to the Stockholders' respective accounts pro rata in lieu of fractional shares. The Corporation will not receive any proceeds from any such sales. The ownership of a fractional interest will not give the holder any voting, dividend or other rights, except to receive the above-described cash payment. The Corporation will be responsible for any brokerage fees or commissions related to the transfer agent's selling in the open market shares that otherwise be entitled to fractional shares.

Escheat Laws. Stockholders should be aware that, under the escheat laws of various jurisdictions, any amounts due for fractional interests and shares resulting from the Reverse Stock Split that are not timely claimed after the effective date of the Reverse Stock Split may be required to be paid to the designated agent for each such jurisdiction, unless correspondence has been received by the Corporation or Computershare Trust Company, N.A., the Corporation's transfer agent, concerning ownership of such funds within the time permitted in such jurisdiction. Thereafter, if applicable, Stockholders otherwise entitled to receive such funds, but who do not receive them due to, for example, their failure to timely comply with the transfer agent's instructions (described below), will have to seek to obtain such funds directly from the state to which they were paid.

Exchange of Stock Certificates. If the Reverse Stock Split is effected, Stockholders holding certificated shares will be required to exchange their stock certificates for the appropriate number of shares held electronically in book entry form ("Book Entry Shares") resulting from the Reverse Stock Split. This means that, instead of receiving a new stock certificate, Stockholders holding certificated shares prior to the effective time of the Reverse Stock Split will receive a statement of holding indicating the number of Book Entry Shares held by them after giving effect to the Reverse Stock Split. Stockholders of record on the effective date of the Reverse Stock Split will be furnished the necessary materials and instructions for the surrender and exchange of share certificates at the appropriate time by Computershare Trust Company, N.A. Stockholders will not have to pay any transfer fee or other fee in connection with such exchange. As soon as practicable after the effective date of the Reverse Stock Split, the transfer agent will send a letter of transmittal to each stockholder advising such holder of the procedure for surrendering certificates representing the number of shares of the Common Stock prior to the Reverse Stock Split ("Old Stock Certificates") in exchange for Book Entry Shares representing the number of shares of the Common Stock resulting from the Reverse Stock Split.

You should not send your Old Stock Certificates now. You should send them only after you receive the letter of transmittal from the Corporation's transfer agent.

As soon as practicable after the surrender to the transfer agent of any Old Stock Certificate, together with a duly executed letter of transmittal and any other documents the transfer agent may specify, the transfer agent will

Table of Contents

deliver to the person in whose name such Old Stock Certificate had been issued Book Entry Shares registered in the name of such person. Any Old Stock Certificate bearing a restrictive legend will be exchanged for a new physical stock certificate bearing the same legend, if any, restricting the transfer of such shares that were borne by the surrendered Old Stock Certificates held prior to the Reverse Stock Split.

Until surrendered as contemplated herein, each Old Stock Certificate shall be deemed at and after the effective time of the Reverse Stock Split to represent the number of full shares of the Common Stock resulting from the Reverse Stock Split. Until they have surrendered their Old Stock Certificates for exchange, Stockholders will not be entitled to receive any dividends or other distributions, if any, that may be declared and payable to holders of record.

Any stockholder whose Old Stock Certificate has been lost, destroyed or stolen will be entitled to Book Entry Shares only after complying with the requirements that the Corporation and the transfer agent customarily apply in connection with lost, stolen or destroyed certificates.

If any Book Entry Shares are to be issued in a name other than that in which the Old Stock Certificates are registered, it will be a condition of such issuance that (1) the person requesting such issuance must pay to the Corporation any applicable transfer taxes or establish to the Corporation's satisfaction that such taxes have been paid or are not payable, (2) the transfer complies with all applicable federal and state securities laws, and (3) the surrendered certificate is properly endorsed and otherwise in proper form for transfer. In all other cases, no service charges, brokerage commissions or transfer taxes shall be payable by any holder of any Old Stock Certificate.

Stockholders who hold only uncertificated shares, either as direct or beneficial owners, will have their holdings electronically adjusted by the Corporation's transfer agent and, for beneficial owners, by their brokers or banks which hold in street name for their benefit, as the case may be to give effect to the Reverse Stock Split.

MATERIAL U.S. FEDERAL INCOME TAX CONSEQUENCES OF THE REVERSE STOCK SPLIT.

The following discussion is a summary of certain U.S. federal income tax consequences of the Reverse Stock Split to the Corporation and to Stockholders that hold such stock as a capital asset for U.S. federal income tax purposes. This discussion is based on laws, regulations, rulings and decisions in effect on the date hereof, all of which are subject to change (possibly with retroactive effect) and to differing interpretations. This discussion applies only to holders that are U.S. persons and does not address all aspects of U.S. federal income taxation that may be relevant to holders in light of their particular circumstances or to holders who may be subject to special tax treatment under the Internal Revenue Code of 1986, as amended (the Code), including, without limitation, holders who are dealers in securities or foreign currency, foreign persons, insurance companies, tax-exempt organizations, banks, financial institutions, small business investment companies, regulated investment companies, real estate investment trusts, retirement plans, holders that are partnerships or other pass-through entities for U.S. federal income tax purposes, holders whose functional currency is not the U.S. dollar, traders that mark-to-market their securities, holders subject to the alternative minimum tax, holders who hold the Common Stock as part of a hedge, straddle, conversion or other risk reduction transaction, or who acquired the Common Stock pursuant to the exercise of compensatory stock options, the vesting of previously restricted shares of stock or otherwise as compensation.

The Corporation has not sought, and will not seek, a ruling from the U.S. Internal Revenue Service regarding the U.S. federal income tax consequences of the Reverse Stock Split. The following summary does not address the tax consequences of the Reverse Stock Split under

foreign, state, or local tax laws. **Accordingly, each holder of the Common Stock should consult his, her or its tax advisor with respect to the particular tax consequences of the Reverse Stock Split to such holder.**

IRS Circular 230 Disclosure: To ensure compliance with requirements imposed by the U.S. Internal Revenue Service, we inform you that any tax advice contained in this proxy statement was not intended or written to be used, and cannot be used, by any taxpayer for the purpose of avoiding tax-related penalties under the Code. Table of Contents

The U.S. federal income tax consequences for a holder of the Common Stock and for the Corporation pursuant to the Reverse Stock Split will be as follows:

- the holder should not recognize any gain or loss for U.S. federal income tax purposes (except with respect to cash, if any, received in lieu of a fractional share of the Common Stock);
- the holder's aggregate tax basis in the Common Stock received pursuant to the Reverse Stock Split, including any fractional share of the Common Stock not actually received, should be equal to the aggregate tax basis of such holder's Common Stock surrendered in exchange therefor;
- the holder's holding period for the Common Stock received pursuant to the Reverse Stock Split, including any fractional share of the Common Stock not actually received, should include such holder's holding period for the Common Stock surrendered in exchange therefor;
- cash payments received by the holder for a fractional share of Common Stock generally should be treated as if such fractional share had been issued pursuant to the Reverse Stock Split and then sold by such holder, and such holder generally should recognize capital gain or loss with respect to such payment, measured by the difference between the amount of cash received and such holder's tax basis in such fractional share;
- any such capital gain or loss should be treated as a long-term or short-term capital gain or loss based on such holder's holding period in such fractional share; and
- the Corporation should not recognize gain or loss solely as a result of the Reverse Stock Split.

Table of Contents**SECURITY OWNERSHIP**

As of September 30, 2010, the Corporation's issued and outstanding Common Stock consisted of 81,275,009 shares of Common Stock. The following information with respect to the outstanding shares of Common Stock beneficially owned by each director of the Corporation and each named executive officer, the directors and executive officers as a group and all beneficial owners of more than 5% of the Common Stock known to the Corporation is furnished as of September 30, 2010. Except as otherwise indicated below, each of the persons named in the table has sole voting and investment power with respect to the securities beneficially owned by it or him as set forth opposite its or his name.

Beneficial ownership for the purposes of the following table is determined in accordance with the rules and regulations of the SEC. These rules generally provide that a person is the beneficial owner of securities if such person has or shares the power to vote or direct the voting thereof, or to dispose or direct the disposition thereof or has the right to acquire such powers within 60 days. Common stock subject to options that are currently exercisable or exercisable within 60 days of September 30, 2010 are deemed to be outstanding and beneficially owned by the person holding the options. These shares, however, are not deemed outstanding for the purposes of computing the percentage ownership of any other person. Except as disclosed in the footnotes to this table and subject to applicable community property laws, we believe that each stockholder identified in the table possesses sole voting and investment power over all shares of common stock shown as beneficially owned by the stockholder.
