PROPOSAL NO. 1 ELECTION OF DIRECTORS

NOMINEES

The Company's Bylaws provide that the number of directors of the Company may be determined by the Stockholders, or in the absence of such determination, by the Board of Directors. Currently, there are seven members of the Board of Directors, but at its October 28, 2010 meeting the Board has recommended that the total membership be increased to eight members. The Board of Directors nominates the eight persons named below, seven of whom are currently serving on the Board of Directors, for election to the Board of Directors. As of the date of this Proxy Statement, the Board of Directors is not aware that any nominee is unable to serve or will decline to serve as a director. The eight nominees receiving the highest number of affirmative votes of the shares entitled to vote at the Annual Meeting will be elected directors of the Company until the next Annual Meeting and until their successors have been elected and qualified or until their earlier resignation or removal.

The following list identifies the nominees for election to the Board of Directors and sets forth certain information regarding each nominee. All nominees are currently serving as directors of the Company. A majority of the Directors on the Board are independent, as defined by the rules of the NYSE Amex stock exchange. Those directors are referred to as independent below.

William Farber, 79, was elected as Chairman of the Board of Directors in August 1991. From April 1993 to the end of 1993, Mr. Farber was the President and a director of Auburn Pharmaceutical Company. From 1965 through 1990, Mr. Farber was the Chief Executive Officer of Michigan Pharmacal Corporation. Mr. Farber was previously a registered pharmacist in the State of Michigan for more than 40 years until his retirement from active employment in the pharmaceutical industry.

The Nominating and Governance Committee concluded that Mr. Farber is qualified and should continue to serve, due, in part, to his long and very successful career in generic drug distribution, having built and managed one of the Country's leading generic distribution companies. His skills include cost controls and material handling.

Ronald A. West, 76, was elected a Director of the Company in January 2002. In September 2004, Mr. West was elected Vice Chairman of the Board of Directors. Mr. West is currently a Director of Beecher Associates, an industrial real estate investment company. Prior to this, from 1983 to 1987, Mr. West served as Chairman and Chief Executive Officer of Dura Corporation, an original equipment manufacturer of automotive products and other engineered equipment components. Previously, he served in various financial management positions with TRW, Inc., Marlin Rockwell Corporation and National Machine Products Group, a division of Standard Pressed Steel Company. Mr. West studied Business Administration at Michigan State University and the University of Detroit.

The Nominating and Governance Committee concluded that Mr. West is qualified and should continue to serve, due, in part, because of his long and successful career in the manufacturing sector, both as a senior executive and as a financial manager. In addition to his financial analytic skills, he is a natural leader with solid experience in corporate governance. Mr. West is an independent director. Mr. West serves as our independent lead director.

Prior to this, he served as the Company's Vice President of Business Development from January 2002 to April 2002. Mr. Bedrosian was elected as a Director in February 2000 and served to January 2002. Mr. Bedrosian was re-elected a Director in January 2006. Mr. Bedrosian has operated generic drug manufacturing, sales, and marketing businesses in the healthcare industry for many years. Mr. Bedrosian holds a Bachelor of Arts Degree in Political Science from Queens College of the City University of New York and a Juris Doctorate from Newport University in California.

The Nominating and Governance Committee concluded that Mr. Bedrosian is qualified to serve as a director, in part, because his experience as our President and Chief Executive Officer has been instrumental in the company's growth and provides the board with a compelling understanding of our operations, challenges and opportunities. In addition, his 42-year background in the generic pharmaceutical industry that encompasses a broad background and knowledge in the underlying scientific, sales, marketing and supply chain management brings special expertise to the board in developing our business strategies. His recent qualification to FINRA's list of arbitrators recognizes his expertise and experience.

COMPENSATION DISCUSSION AND ANALYSIS**Overview of Our Compensation Program**

A fundamental goal of our compensation program is to maximize stockholder value. In order to accomplish this goal, we must attract and retain talented and capable executives, and we must provide those executives with incentives that motivate and reward them for achieving Lannett's short and longer-term goals. To this end, our executive compensation is guided by the following key principles:

- that executive compensation should depend upon group and individual performance factors;
- that the interests of executives should be closely aligned with those of stockholders through equity-based compensation; and
- that compensation should be appropriate and fair in comparison to the compensation provided to similarly situated executives within the pharmaceutical industry and within other publicly-traded companies similar in market capitalization to Lannett.

Important to our compensation program are the decisions of, and guidance from, the Compensation Committee of our Board of Directors. The Compensation Committee (which we refer to, for purposes of this analysis, as the Committee) is composed entirely of directors who are independent of Lannett under the independence standards established by the NYSE-AMEX Exchange, the securities exchange where our common stock is traded. The Committee operates pursuant to a written charter adopted by the Board. If you would like to review the Committee's charter, it is available to any stockholder who requests a copy from our Chief Financial Officer, at 13200 Townsend Road, Philadelphia, Pennsylvania 19154.

The Committee has the authority and responsibility to establish and periodically review our executive compensation principles, described above. Importantly, the Committee also has sole responsibility for approving the corporate goals and objectives upon which the compensation of the chief executive officer (the CEO) is based, for evaluating the CEO's performance in light of these goals and objectives, and for determining the CEO's compensation, including his equity-based compensation.

The Committee also reviews and approves the recommendations of the CEO with regard to the compensation and benefits of other executive officers. In accomplishing this responsibility, the Committee meets regularly with the CEO, approves cash and equity incentive objectives of the executive officers, reviews with the CEO the accomplishment of these objectives and approves the base salary and other elements of compensation for the executive officers. The Committee has full discretion to modify the recommendations of the CEO in the course of its approval of executive officer compensation.

Table of Contents

The Committee consults as needed with an outside compensation consulting firm retained by the Committee. As it makes decisions about executive compensation, the Committee obtains data from its consultant regarding current compensation practices and trends among United States companies in general and pharmaceutical companies in particular, and reviews this information with its consultant. In addition, the Chairman of the Committee is in contact with management outside of Committee meetings regarding matters being considered or expected to be considered by the Committee. The Committee annually reviews recommendations from their outside consultant, and makes recommendations to the Board about the compensation of non-employee directors. During fiscal years 2008 and 2009, Lannett used Mercer Consulting Inc. as its consultant. During fiscal year 2010, Lannett used Compensation Resources Inc. as its consultant.

During Fiscal 2007, the Committee recommended the adoption of a new Incentive Plan to supplement our existing stock option plans. The Incentive Plan was approved by our stockholders in January 2007. The Incentive Plan provides for the grant of various equity awards, including stock options and restricted stock, to Lannett employees and directors. The Committee is responsible for administering this Plan and it has sole authority to make grants to the CEO or any other executive officer.

During the second quarter of Fiscal 2011, the Committee recommended the adoption of a new Incentive Plan to supplement our existing stock option plans. The Incentive Plan is being submitted in this Proxy Statement for approval by our stockholders in January 2011. This Incentive Plan provides for the grant of various equity awards, including stock options and restricted stock, to Lannett employees and directors, as well as Independent Consultants that the Company utilizes. The Committee is responsible for administering this Plan and it has sole authority to make grants to the CEO, any other executive officer, director or Independent Consultant.

In conjunction with its responsibilities related to executive compensation, the Committee also oversees the management development process, reviews plans for executive officer succession and performs various other functions.

The individuals who served as Chief Executive Officer and Chief Financial Officer during Fiscal 2010, as well as the other individuals included in the Summary Compensation Table on page 12, are referred to as the named executive officers.

Risk Assessment

The criteria used for the bonus program of operating performance, research and development inclusive of ANDA/NDA submissions, acceptances of ANDA/NDAs, launches of approved ANDA/NDAs, individual performance goals, along with the weighting of each element, were assembled by the Company for our industry and were found to be reasonable for the nature of our business. The Compensation Committee reviews this criteria and gives final approval to the senior management. The Board of Directors is then notified as to what was approved at its next Board meeting.

Operating performance ties in directly with shareholder value. There is no bonus opportunity for management if they do not create value, so management interests and shareholder value are aligned. The risk of diluting the Company's operating cash positions through the awarding of excessive bonus awards is controlled by the imposition of a bonus cash award limit equal to 20% of adjusted operating income as calculated from its fiscal year-end financial statements.

Edgar Filing: LANNETT CO INC - Form DEF 14A

The R&D component of the criteria looks to the sustainability and growth of the organization. While it could be argued that there is risk associated with the choice of which products to submit for approval, there is no indication that those risks would be outside what would be considered normal and reasonable in the course of doing business. The ultimate goal is to be able to sell a product that positively impacts operating performance, which cannot occur unless the process of submission, approval, and launch is followed. If submissions do not make it to the approval stage, and if the approved products are not successfully launched, they cannot positively affect operating performance. Since there is a minimum operating performance (operating profit) level that must be attained before any payments are made through the bonus plan, there is a check and balance to prevent what could be viewed as a portfolio of risky submittals. The impact on operating performance is created over a period of time based on the total sales, so there needs to be sustainability with any new launch.

The achievement of individual goals as part of the bonus is subject to review and approval by senior management with the CEO providing the final review and approval. This multi-level process reduces the risk of having goals that are not linked to the overall objectives of the Company and its success. The awarding of a CEO discretionary portion, currently at 5% of the total of the bonus, also requires the same oversight. The total impact on bonus payout of these parts of the bonus program is significantly less than the operating performance and R&D parts. Again, there is no bonus payout unless the operating performance (operating profit) minimum goals are attained.

Table of Contents

We believe our bonus program, along with the other elements of our executive compensation program, provides appropriate rewards and incentives to our executives to achieve our financial, business, and strategic goals. We also believe the structure and oversight of these programs provides a setting that does not encourage them to take excessive risks in their business decisions.

Our Fiscal 2010 Compensation Program

In Fiscal 2010, the Committee's approach to compensation was intended to focus our executives on accomplishing our short and longer-term objectives, and it had as its ultimate objective sustained growth in stockholder value. This approach was intended to compensate executives at levels at or near the median levels of compensation offered by other pharmaceutical companies similar in size to Lannett and with whom we compete.

In making decisions about the elements of Fiscal 2010 compensation, the Committee not only considered available market information about each element but also considered aggregate compensation for each executive. Base salary provided core compensation to executives, but it was accompanied by:

- the potential for incentive-based cash compensation based upon our attainment of Fiscal 2010 operating income, other targeted corporate goals and individual or departmental objectives,
- various forms of equity compensation, including some grants based upon Fiscal 2010 sales growth results and upon our return on invested capital results,
- various benefits and perquisites, and
- the potential for post-termination compensation under certain circumstances.

Summary of Fiscal 2010 Compensation Elements

The table below provides detailed information regarding each element of the Fiscal 2010 compensation program.

Compensation Element Overview

Purpose of the Compensation Element

Base Salary

Base salary pays for competence in the executive role. An executive's salary level depends on the decision making responsibilities, experience, work performance, achievement of key goals and team building skills of each position, and the relationship to amounts paid to other executives at peer companies.

To provide competitive fixed compensation based on sustained performance in the executive's role and competitive market practice.

Short-Term Incentives

Annual Incentive Bonus Plan (AIBP) The AIBP program rewards with cash awards for annual achievement of overall corporate objectives, and specific individual or departmental operational objectives. In Fiscal 2010, objectives for the Officers were tied to Lannett's achievement of operating income targets, other targeted corporate goals and individual objectives.

To motivate and focus our executive team on the achievement of our annual performance goals.

Table of Contents

	Compensation Element Overview	Purpose of the Compensation Element
Perquisites	Lannett does not utilize perquisites or personal benefits extensively. The few perquisites that are provided complement other compensation vehicles and enable the Company to attract and retain key executives. These perquisites include: automobile allowances in various amounts to key executives.	We believe these benefits better allow us to attract and retain superior employees for key positions.

	Compensation Element Overview	Purpose of the Compensation Element
Post-Termination Severance Pay	<p>Lannett's Severance Pay Plan is designed to pay severance benefits to an executive for a qualifying separation. For the Chief Executive Officer, the Severance Pay Plan provides for a payment of three times the sum of base salary plus a pro rated annual cash bonus for the current year calculated as if all targets and goals are achieved.</p> <p>For the other named executive officers, the Severance Pay Plan provides for a payment of eighteen months of base salary plus a pro rated annual cash bonus for the current year calculated as if all targets and goals are achieved.</p>	The Severance Pay Plan is intended (1) to allow executives to concentrate on making decisions in the best interests of Lannett (or any successor organization in the event that a change of control is to occur), and (2) generally alleviate an executive's concerns about the loss of his or her position without cause.

The use of the above compensation tools enables Lannett to reinforce its pay for performance philosophy as well as to strengthen its ability to attract and retain high-performing executive officers. The Committee believes that this combination of programs provides an appropriate mix of fixed and variable pay, balances short-term operational performance with long-term stockholder value creation, and encourages executive recruitment and retention in a high-performance culture.

Market Data and Our Peer Group

In determining 2009 and 2010 compensation for the named executive officers, the Committee relied on market data provided by its consultants. This information was principally related to two groups of peer companies similar in size to Lannett with revenues one-half (1/2) to double (2x) that of Lannett. Companies were also added that were deemed business peers. One peer group (Peer Group A) consists of twenty-nine (29) pharmaceutical companies on a national scale. The other peer group (Peer Group B) consists of twelve (12) pharmaceutical companies in the Philadelphia and Northeast Region. Information on these companies was derived from two sources: (1) the consultant and broader market survey data analysis, and (2) publicly-available information appearing in the proxy statements of these companies. The members of the Peer Groups were:

Base Salary

Base salaries for the named executive officers are intended, in general, to approach median salaries for similarly situated executives among Peer Group companies. A number of additional factors are considered, however, in determining base salary, such as the executive's individual performance, his or her experience, competencies, skills, abilities, contribution and tenure, internal compensation consistency, the need to attract new, talented executives, and the Company's overall annual budget. Base salaries are generally reviewed on an annual basis.

Base salary increases were granted to Mr. Bedrosian for \$34,490 effective on August 31, 2009, Mr. Smith for \$6,050 effective on August 31, 2009, and Mr. Schreck for \$17,289 effective on August 31, 2009, based on their performance. Mr. Ruck was promoted to Vice President of Finance and Chief Financial Officer from Corporate Controller effective on October 13, 2009 and received a salary increase of \$40,000 in connection with such promotion. Mr. Kovary was hired on September 8, 2009 as Vice President of Operations and therefore did not receive a salary increase.

Fiscal 2010 Annual Incentive Bonus Plan

Design

In November 2006, the Committee approved the 2007 Annual Incentive Bonus Plan (or AIBP) program. This program allowed executive officers the opportunity to earn cash awards upon the accomplishment of the Fiscal 2010 operating income goal, other targeted corporate goals and a number of individual objectives. The relative weighting of these objectives for each executive was fifty percent (50%) for operating income, twenty-five percent (25%) for other targeted corporate goals, twenty percent (20%) for individual objectives and five percent (5%) based on CEO and Committee discretion. For the CEO, the five percent (5%) discretionary portion will be determined by the Committee.

Table of Contents

Based on market data provided by its consultant, and considering the relatively low base salaries of the named executive officers, the Committee formulated potential AIBP awards which exceeded the 50th percentile among Peer Group companies, expressed as percentages of base salary. Actual payouts depended upon the degree to which objectives were accomplished as well as the weight accorded to each objective, as described above. The table below shows the potential payout amounts for each of the named executive officers, expressed as percentages of base salary.

Performance Level	Arthur Bedrosian	Keith Ruck	Stephen Kovary	William Schreck	Kevin Smith
Superior Level	120-150%	120-150%	120-150%	120-150%	120-150%
Goal Level	100-120%	100-120%	100-120%	100-120%	100-120%
Threshold Level	50-100%	50-100%	50-100%	50-100%	50-100%

The Committee also determined that, if results for any objectives were between the minimum and maximum of the ranges, the Committee would determine appropriate payout percentage.

As discussed above, each named executive officer's objectives for Fiscal 2010 included Company operating income targets and other targeted corporate goals. The Committee reviewed and approved these targets following discussions with management, a review of our historical results, consideration of the various circumstances facing the Company during Fiscal 2010 and taking into account the expectations of our annual plan. The Fiscal 2010 operating income and other corporate goals AIBP targets approved by the Committee are detailed in the table below.

Objective	Superior	Goal	Target
Operating Profit*	\$ 17.5M	\$ 13.5M	\$ 9.45M
R&D Submissions	10	8	6
R&D Acceptances	9	7	5
R&D Launches	8	6	4

* Operating Profit is defined as Operating Income plus adding back Bonus Expense. For purposes of determining achievement of the AIBP targets, these measures can exclude certain categories of non-recurring items that the Committee believes do not reflect the performance of Lannett's core continuing operations. There were no adjustments made in Fiscal 2010 for non-recurring items.

All payouts to the named executive officers under the 2010 AIBP were contingent upon the Committee's review and certification of the degree to which Lannett achieved the 2010 AIBP objectives, and upon the Committee's certification of the degree to which individual objectives had been achieved. The program provided that payout for any objective would be limited to 20% of the actual operating income (as defined by the AIBP) attained by Lannett.

The 2010 AIBP program provided that the Committee could, in its discretion: modify, amend, suspend or terminate the Plan at any time.

Results

Edgar Filing: LANNETT CO INC - Form DEF 14A

In September 2010, the Committee reviewed and certified Lannett's Fiscal 2010 results for purposes of the AIBP program, determining that the objectives for operating income and other corporate objectives achieved the Superior goals set at the beginning of the year, which represented 50% and 25% of the named executive officer total bonus amounts, respectively.

The Committee also reviewed and certified the performance of the named executive officer individual objectives, which represented 20% of their total bonus amounts, determining that these objectives were achieved as described below.

Mr. Bedrosian's objectives were to oversee the expansion and profitability of the Cody Laboratories subsidiary and increase the manufacturing of additional APIs, achieve overall cGMP and other agency regulatory compliance, achieve operational efficiency, monitor headcount, identify new market and product opportunities, increase the response time for Board of Director requests and keep them abreast of changes in director regulatory compliance, and seek out potential acquisitions, alliances and joint ventures.

Mr. Schreck's objectives were to reduce verified shipping errors, maintain inventory control measures, and complete the fit out and personnel move to the Company's recently acquired Townsend Road facility.

Table of Contents

Mr. Smith's objectives were to improve market share of products, increase net sales to at least \$123.0 million, decrease obsolete finished goods inventory through various short date promotions, and improve forecasts for production planning purposes..

Mr. Ruck's objectives were to achieve a more cohesive accounting department, deliver accurate and timely month-end financial reports to senior management and the Board of Directors, reduce outside auditor and accounting professional fees and transition into the role of CFO from his interim role.

Mr. Kovary's objectives were to assess and reorganize the overall organizational structure, evaluate, improve and track the Company's facility and equipment requirements through a more formal capital investment plan, and review and enhance policies and procedures to ensure regulatory compliance.

In addition, all named executive officers received their 5% CEO discretionary bonus amount.

In calculating the 2010 bonus payments to the named executives as well as the other employees, it was determined that the Superior Level bonuses could not be paid because the accumulated total of payments to all employees would exceed 20% of the actual operating income achieved by the Company in Fiscal 2010 (20% cap). The Committee, in its discretion, altered the 2010 bonus payments in two ways as a one-time adjustment: First, the Committee lowered the overall calculation of the payout to the high end of the Goal Level. Second, it decided to grant unrestricted shares of stock that would make up the difference between the 20% cap and the amount that employees would have received if the 20% cap were not in place. These unrestricted shares will immediately vest upon grant, which is anticipated to occur in the third or fourth quarter of fiscal year 2011. These shares will only be granted upon the timely approval by the FDA of Lannett's 505(b)(2) New Drug Application to manufacture and distribute its Morphine Sulfate Oral Solution product. The determination of the actual payment of this portion of the bonus once approval is received is at the discretion of the CEO, dependent on the timing of the approval and the financial results of the Company dictated by the events surrounding the approval.

The total value of the 2010 bonus payouts, including the unrestricted stock grant is expected to approximate 27.5% of the pre-bonus actual operating profit for the 2010 Fiscal Year. The Company reviewed and altered its current compensation structure, including the AIBP program by the fall of 2010 so that fair compensation can be paid to its employees starting in Fiscal 2011 and beyond while still respecting the 20% bonus cap requirement.

2010 Long Term Incentive Awards (LTIA)

Design

The Committee believes that long-term equity incentives are an important part of a complete compensation package because they focus executives on increasing the value of the assets that are entrusted to them by the stockholders, achieving Lannett's long-term goals, aligning the interests of executives with those of stockholders, encouraging sustained stock performance and helping to retain executives.

Prior to the approval of the Incentive Plan by stockholders in 2007, Lannett's equity grants consisted only of stock options. The Incentive Plan expanded the types of equity vehicles which the Committee could grant to executives by including restricted stock. The Committee has not yet determined the amount of both stock options and restricted stock to be granted to executives for this year, but expects to complete these grants by the second quarter of Fiscal 2011. But when these grants are determined, each will be designed to emphasize particular elements of the Company's immediate and long-term objectives and to retain key executives. We will refer to these grants collectively as the 2010 Long Term Incentive Awards (LTIA). The types of grants will be:

- stock options, becoming exercisable over three years (approximately one-third increments on each anniversary) from the date of the grant and having a total term of ten years, and
- shares of restricted stock, vesting over three years (approximately one-third increments on each anniversary) from the date of grant.

The Committee assessed the appropriate overall value of these equity grants to executives by reviewing survey results and other market data provided by its consultant. This information included the value of equity grants made to similarly situated executives among the Peer Group. The overall value of LTIA grants for each executive was determined by the Committee with assistance from their consultant.

Table of Contents

In determining the overall value of LTIA grants, the Committee also considered the potential value of equity compensation relative to other elements of compensation for each named executive officer. It likewise assessed the appropriate distribution of equity value among the grant types, as well as the corporate objectives each type of grant was intended to encourage.

Stock Options and Restricted Stock

Any stock options and restricted stock granted as part of the 2010 LTIA will be designed to reward sustained stock price appreciation and to encourage executive retention during a three-year vesting term and, in the case of stock options, a ten-year option life. Stock option and restricted stock awards are intended to align executives' motivation with stockholders' best interests. Grants of stock options will not be contingent upon any conditions. They are to be granted independent of organizational performance. Stock options become exercisable approximately in one-third increments on the first three anniversaries of the date of grant. Restricted stock will be contingent upon Lannett achieving annual sales growth and return on invested capital goals. Restricted stock will vest in approximately one-third increments on the first three anniversaries of the date of the grant.

Perquisites and Other Benefits

We provide named executive officers with perquisites and other personal benefits that we believe are reasonable and consistent with our overall compensation program to better enable us to attract and retain superior employees for key positions. The Committee periodically reviews the levels of perquisites and other personal benefits provided to named executive officers.

Lannett matches contributions to the 401(k) plan on a fifty cents on the dollar basis up to 8% of the contributing employee's base salary, subject to limitations of the Plan and applicable law. The named executive officers are also provided with car allowances, for which the taxes are also paid by the Company.

Lannett provides life insurance for executive officers which would, in the event of death, pay \$115,000 to designated beneficiaries. Premiums paid for coverage above \$50,000 are treated as imputed income to the executive. Lannett also provides short-term and long-term disability insurance which would, in the event of disability, pay the executive officer sixty percent (60%) of his base salary up to the plan limits of \$2,000/week for short term disability and \$15,000/month for long term disability. Executive officers participate in other qualified benefit plans, such as medical insurance plans, in the same manner as all other employees.

Attributed costs of the personal benefits available to the named executive officers for the fiscal year ended June 30, 2010, are included in column (i) of the Summary Compensation Table on page 12.

Severance and Change of Control Benefits

We believe that reasonable severance and change in control benefits are necessary in order to recruit and retain qualified senior executives and are generally required by the competitive recruiting environment within our industry and the marketplace in general. These severance benefits reflect the fact that it may be difficult for such executives to find comparable employment within a short period of time, and are designed to alleviate an executive's concerns about the loss of his or her position without cause. We also believe that a change in control arrangement will provide an executive security that will likely reduce the reluctance of an executive to pursue a change in control transaction that could be in the best interests of our stockholders. Lannett's Severance Pay Plan is designed to pay severance benefits to an executive for a qualifying separation. For the Chief Executive Officer, the Severance Pay Plan provides for a payment of three times the sum of base salary plus a pro rated annual cash bonus for the current year calculated as if all targets and goals are achieved. For the other named executive officers, the Severance Pay Plan provides for a payment of eighteen months of base salary plus a pro rated annual cash bonus for the current year calculated as if all targets and goals are achieved.

Timing of Committee Meetings and Grants; Option and Share Pricing

The Committee typically holds four regular meetings each year, and the timing of these meetings is generally established during the year. The Committee holds special meetings from time to time as its workload requires. Historically, annual grants of equity awards have typically been accomplished at a meeting of the Committee in September of each year. Individual grants (for example, associated with the hiring of a new executive officer or promotion to an executive officer position) may occur at any time of year. During the second quarter of Fiscal Year 2011, the Compensation Committee determined that no equity award grants will be made for Fiscal 2010.

Tax and Accounting Implications

Deductibility of Executive Compensation

Section 162(m) of the Internal Revenue Code of 1986, as amended, precludes the deductibility of an executive officer's compensation that exceeds \$1.0 million per year unless the compensation is paid under a performance-based plan that has been approved by stockholders. The Committee believes that it is generally preferable to comply with the requirements of Section 162(m) through, for example, the use of our Incentive Plan. However, to maintain flexibility in compensating executive officers in a manner that attracts, rewards and retains high quality individuals, the Committee may elect to provide compensation outside of those requirements when it deems appropriate. The Committee believes that stockholder interests are best served by not restricting the Committee's discretion in this regard, even though such compensation may result in non-deductible compensation expenses to the Company.

REPORT OF THE COMPENSATION COMMITTEE

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis set forth above with management. Taking this review and discussion into account, the undersigned Committee members recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this annual report on Form 10-K.

EMPLOYMENT AGREEMENTS

The Company has entered into employment agreements with Arthur P. Bedrosian, President and Chief Executive Officer, Keith R. Ruck, Vice President of Finance and Chief Financial Officer, Kevin Smith, Vice President of Sales and Marketing, William Schreck, Senior Vice President and General Manager, Ernest Sabo, Vice President of Regulatory Affairs and Chief Compliance Officer and Stephen Kovary, Vice President of Operations. Each of the agreements provides for an annual base salary and eligibility to receive a bonus. The salary and bonus amounts of these executives are determined by the Board of Directors. Additionally, these executives are eligible to receive stock options, which are granted at the discretion of the Board of Directors, and in accordance with the Company's policies regarding stock option grants. Under the agreements, these executive employees may be terminated at any time with or without cause, or by reason of death or disability. In certain termination situations, the Company is liable to pay severance compensation to these executives of between 18 months and three years.

During the third quarter of Fiscal Year 2009, the Company's former Vice President of Finance, Treasurer, Secretary and Chief Financial Officer resigned. As part of his separation agreement, the Company is obligated to pay to him approximately \$670,000 to settle any outstanding obligations from his employment agreement, including any salary, bonus, vacation, stock options and medical benefits. Of this amount, \$300,440 was paid in Fiscal 2009 with \$165,000 designated for the payment of pro rated bonus, and \$11,440 was designated for the payment of accrued but unused paid time off. As part of the settlement, \$124,000 was designated as the portion of the settlement related to the repurchase of his outstanding stock options. The Company therefore charged this amount to Additional Paid in Capital, as it represents the fair value of the options repurchased on the repurchase date. Additional payments totaling \$369,000 for severance and benefits were paid in Fiscal 2011 pursuant to the separation agreement.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Company had sales of approximately \$679,000, \$786,000, and \$787,000 during the fiscal years ended June 30, 2010, 2009 and 2008, respectively, to a generic distributor, Auburn Pharmaceutical Company (Auburn). Jeffrey Farber (the related party), a board member and the son of the Chairman of the Board of Directors and principal shareholder of the Company, William Farber, is the owner of Auburn. Accounts receivable includes amounts due from the related party of approximately \$161,000 and \$125,000 at June 30, 2010 and 2009, respectively. In the Company's opinion, the terms of these transactions were not more favorable to the related party than would have been to a non-related party.

In January 2005, Lannett Holdings, Inc. entered into an agreement in which the Company purchased for \$100,000 and future royalty payments the proprietary rights to manufacture and distribute a product for which Pharmeral, Inc. (Pharmeral) owned the ANDA. In Fiscal 2008, the Company obtained FDA approval to use the proprietary rights. Accordingly, the Company originally capitalized this purchased product right as an indefinite lived intangible asset and tested this asset for impairment on a quarterly basis. During the fourth quarter of Fiscal 2009, it was determined that this intangible asset no longer has an indefinite life. No impairment existed because the estimated fair value exceeded the carrying amount on that date. Accordingly, the \$100,000 carrying amount of this intangible asset will be amortized on a straight line basis prospectively over its 10 year remaining estimated useful life. Arthur Bedrosian, President and Chief Executive Officer of the Company, Inc. currently owns 100% of Pharmeral. This transaction was approved by the Board of Directors of the Company and in their opinion the terms were not more favorable to the related party than they would have been to a non-related party. In May 2008, Mr. Bedrosian and Pharmeral waived their rights to any royalty payments on the sales of the drug by Lannett under Lannett's current ownership structure. Should Lannett undergo a change in control where a third party is involved, this royalty would be reinstated. The registered trademark OB-Natal® was transferred to Lannett for one dollar from Mr. Bedrosian.

Edgar Filing: LANNETT CO INC - Form DEF 14A

During Fiscal Year 2010, Lannett Company, Inc. paid a management consultant, who is related to Mr. Bedrosian, \$115,700 in fees and \$16,803 in reimbursable expenses. This consultant provided management, construction planning, laboratory set up and administrative services in regards to the Company's initial set up of its Bio-study laboratory in a foreign country. It is expected that this consultant will continue to be utilized into Fiscal 2011. In the Company's opinion, the fee rates paid to this consultant and the expenses reimbursed to him were not more favorable than what would have been paid to a non-related party.

Table of Contents

Provell Pharmaceuticals, LLC (Provell) was a joint venture to distribute pharmaceutical products through mail order outlets. In exchange for access to Lannett's drug providers, Lannett initially received a 33% ownership interest in this venture. Lannett's ownership interest subsequently decreased to 25% due to the additional issuance of shares by Provell in which Lannett did not participate. The investment was valued at zero, due to losses incurred through that date by Provell. During June 2009, the Company terminated its participation in this joint venture. In connection with the termination agreement, the Company was required to pay Provell ten percent of net sales of certain products for a period of up to twenty-four months. Accounts receivable includes amounts due from Provell of zero and approximately \$55,000 at June 30, 2010 and 2009, respectively. The Company recognized revenues of zero and approximately \$29,000 and \$141,000 during the fiscal years ended June 30, 2010, 2009 and 2008, respectively.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee is currently comprised of three independent directors (as defined in section 121(A) of the American Stock Exchange listing standard) and operates under a written charter adopted by the Board of Directors in accordance with rules of the American Stock Exchange.

Management is responsible for the Company's internal controls and the financial reporting process, in compliance with Sarbanes-Oxley Section 404 requirements. The independent auditors are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with auditing standards generally accepted in the United States of America, and to issue an opinion on the financial statements. The Audit Committee's responsibility is to monitor and oversee these processes.

Management represented to the Audit Committee that the Company's consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States, and the Audit Committee has reviewed and discussed the consolidated financial statements with management and the independent auditors. Management has confirmed to the Committee that such financial statements (i) have been prepared with integrity and objectivity and are the responsibility of management and (ii) have been prepared in conformity with generally accepted accounting principles.

The Audit Committee discussed with the independent auditor matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees). SAS 61 requires the Company's Independent Auditors to provide the Committee with additional information regarding the scope and results of their audit of the Company's financial statements, including with respect to (i) their responsibilities under generally accepted auditing standards, (ii) significant accounting policies, (iii) management judgments and estimates, (iv) any significant accounting adjustments, (v) any disagreements with management and (vi) any difficulties encountered in performing the audit. The Committee discussed with the Company's independent auditors, with and without management present, the evaluations of the Company's internal controls and the overall quality of the Company's financial reporting.

The Company's independent auditors also provided to the Audit Committee the written disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Audit Committee discussed with the independent auditors that firm's independence. Grant Thornton LLP, Lannett's independent auditors, stated in the written disclosures that in their judgment they are, in fact, independent. The Audit Committee concurred in that judgment of independence.

Based upon the Audit Committee's discussion with management and the independent auditors and the Audit Committee's review of the representations of management and the report of the independent auditors to the Audit Committee, the Audit Committee recommended that the Board of Directors include the audited consolidated financial statements in Lannett's Annual Report on Form 10-K for the fiscal year ended June 30, 2010 as filed with the Securities and Exchange Commission.

Table of Contents**APPOINTMENT OF INDEPENDENT AUDITORS FOR FISCAL 2011**

In prior years, stockholder ratification of the selection of the independent registered public accounting firm for the Company was requested at the annual stockholder meeting. In the spirit of the corporate governance requirements of the Sarbanes-Oxley Act of 2002, and Section 10A (m)(2) of the Securities Exchange Act of 1934, as amended, which states "The audit committee of each issuer, in its capacity as a committee of the board of directors, shall be directly responsible for the appointment, compensation, and oversight of the work of any registered public accounting firm employed by the issuer (including resolution of disagreements between management and the auditor regarding financial reporting) for the purpose of preparing or issuing an audit report or related work, and each such registered public accounting firm shall report directly to the audit committee" the Audit Committee, with the approval of the Board, has determined that a ratification vote would inhibit the Audit Committee's ability to make timely decisions with respect to the appointment and/or dismissal of the independent registered public accounting firm and has therefore recommended removal of the ratification vote from the proxy process.

A representative from Grant Thornton, as independent registered public accounting firm for the current fiscal year, is expected to be present at the Annual Meeting and will be available to respond to appropriate questions.

Grant Thornton LLP served as the independent auditors of the Company during Fiscal 2010, 2009 and 2008. No relationship exists other than the usual relationship between independent public accountant and client. The following table identifies the fees incurred for services rendered by Grant Thornton LLP in Fiscal 2010, 2009 and 2008.

	Audit Fees	Audit-Related (1)	Tax Fees (2)	All Other Fees (3)	Total Fees

(1) Audit-related fees include fees paid for preparation of an S-8 filing during Fiscal 2008.

(2) Tax fees include fees paid for preparation of annual federal, state and local income tax returns, quarterly estimated income tax payments, and various tax planning services.

Fiscal 2010 Fees paid for review of various SEC correspondences.

Fiscal 2009 Fees paid for review of various SEC correspondences.

Fiscal 2008 Fees paid for review of various SEC correspondences.

The non-audit services provided to the Company by Grant Thornton LLP were pre-approved by the Company's audit committee. Prior to engaging its auditor to perform non-audit services, the Company's audit committee reviews the particular service to be provided and the fee to be paid by the Company for such service and assesses the impact of the service on the auditor's independence.

The Audit Committee may delegate pre-approval authority to one or more of its members. The member to whom such authority is delegated must report, for informational purposes only, any pre-approval decisions to the Audit Committee at its next scheduled meeting.

PROPOSAL NO. 2 APPROVAL OF 2011 LONG-TERM INCENTIVE PLAN (THE PLAN)

Your Board of Directors recommends approval of the Lannett 2011 Long-Term Incentive Plan.

In recognition of the changing regulatory and business environment facing the Company today, the Board of Directors has determined there is a need for a greater variety of performance based executive compensation incentive alternatives. Accordingly the Board of Directors recommends approval of the Lannett 2011 Long-Term (the Plan). See Exhibit I for a complete copy of the Plan.

The purpose of the Plan is to enable management of the Company, the key employees, Directors and independent consultants to (i) own shares of stock in the Company, (ii) participate in the shareholder value which has been created, (iii) have a mutuality of interest with other shareholders and (iv) enable the Company to attract, retain and motivate key management level employees of particular merit.

The Compensation Committee has developed a plan along with the Board of Directors. The Compensation Committee will administer the Plan and will select officers, certain other key contributing employees, Directors of the Company and certain independent consultants for participation. The Plan authorizes the Committee to grant both stock and/or cash-based awards through (i) incentive and non-qualified stock options and/or (ii) restricted stock, and/or long-term performance awards to participants. With respect to the stock options and stock grants, 1,500,000 shares will be set aside under the plan for stock option grants and/or restricted stock awards. At the time of an award grant, the Committee will determine the type of award to be made and the specific conditions upon which an award will be granted (i.e. term, vesting, performance criteria, etc.). The terms of the awards will be based on what the Committee determines is the most effective performance compensation approach to meet the Company's strategic needs.

Stockholder approval will permit the Compensation Committee and the Board to manage the Plan and to grant awards under the Plan. The above description is qualified in its entirety by reference to Plan, a copy of which is attached as Exhibit I .

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THIS PROPOSAL TO APPROVE THE 2011 LONG-TERM INCENTIVE PLAN.

OTHER BUSINESS

The Board does not intend to present, and does not have any reason to believe that others intend to present, any matter of business at the meeting other than as set forth above. If any other matter should be presented properly, it is the intention of the persons named as proxies to vote on such matters in accordance with their judgment.

b. Computation of Stock Available for the Plan. For the purpose of computing the total number of shares of Stock available for distribution or issuance at any time in each calendar year during which the Plan is in effect in connection with the exercise of options awarded under the Plan, there shall be deducted from the total number of shares of Stock determined to be available pursuant to paragraphs (a) and (c) of this Section 3, the maximum number of shares of Stock subject to issuance upon exercise of options or other stock based awards made under the Plan.

c. Unused, Forfeited and Reacquired Shares. Any unused portion of the shares annually available for award shall be carried forward and shall be made available for Plan awards in succeeding calendar years. The shares related to the unexercised or undistributed portion of any terminated, expired or forfeited award for which no material benefit was received by a participant (i.e. dividends) also shall be made available for distribution in connection with future awards under the Plan. Any shares made available for distribution in connection with future awards under this Plan pursuant to this paragraph (c) shall be in addition to the shares available pursuant to paragraph (a) of this Section 3. However, the total of all carry forward shares, regardless of origin, shall not at any time exceed 1,500,000 shares.

d. Reservation of Shares. The Company, during the term of the Plan, will at all times reserve and keep available such number of Shares as shall be sufficient to satisfy the requirements of the Plan. The inability of the Company to obtain authority from any regulatory body having jurisdiction, which authority is deemed by the Company's counsel to be necessary to the lawful issuance and sale of any Shares hereunder, shall relieve the Company of any liability in respect of the failure to issue or sell such Shares as to which such requisite authority shall not have been obtained.

e. Other Adjustment. In the event of any merger, reorganization, consolidation, recapitalization, Stock dividend, or other change in corporate structure affecting the Stock (a Recapitalization Event), such substitution or adjustment shall be made in the aggregate number of shares reserved for issuance under the Plan, in the number and option price of shares subject to outstanding Options granted under the Plan and in the number and price of shares subject to other Restricted Stock made under the Plan, as may be determined by the Committee to reflect and account for such Recapitalization Event, provided that the number of shares subject to any award shall always be a whole number.

SECTION 4. Eligibility

Eligible Company Participants and Eligible Third-Party Participants are eligible to be granted awards under the Plan.

Table of Contents

SECTION 5. Stock Options

Stock Options may be granted alone, in addition to or in tandem with awards of Restricted Stock granted under the Plan. Any Stock Option granted under the Plan shall be in such form as the Committee or the Board may from time to time approve. Stock Options granted under the Plan may be of two types: (i) Incentive Stock Options and (ii) Non-Qualified Stock Options.

The Committee and the Board shall have the authority to grant any Participant Incentive Stock Options, Non-Qualified Stock Options, or both types of Stock Options. To the extent that any Stock Option does not qualify as an Incentive Stock Option, it shall constitute a separate Non-Qualified Stock Option.

Anything in the Plan to the contrary notwithstanding, no term of this Plan relating to Incentive Stock options shall be interpreted, amended or altered, nor shall any discretion or authority granted under the Plan be so exercised, so as to disqualify the Plan under Section 422 of the Code, or, without the consent of the Participant(s) affected, to disqualify any Incentive Stock Option under such Section 422. Options granted under the Plan shall be subject to the following terms and conditions and shall contain such additional terms and conditions, not inconsistent with the terms of the Plan, as the Committee or the Board shall deem appropriate:

a. **Option Price.** The option price per share of Stock purchasable under a Stock Option, whether an Incentive Stock Option or a Non-Qualified Stock Option, shall be determined by the Committee or the Board at the time of grant but with respect to Incentive Stock Options shall be not less than 100% of the Fair Market Value of the Stock at the time of grant. However, any Incentive Stock Option granted to any Participant who, at the time the option is granted, owns more than 10% of the voting power of all classes of stock of the Corporation or of a Parent or Subsidiary corporation, shall have an exercise price no less than 110% of Fair Market Value per share on date of the grant.

b. **Option Term.** The term of each Stock Option shall be fixed by the Committee, but no Incentive Stock Option shall be exercisable more than ten years after the date the Option is granted and no Non-Qualified Stock Option shall be exercisable more than ten years after the date the Option is granted. However, any Incentive Stock Option granted to any Participant who, at the time the option is granted owns more than 10% of the voting power of all classes of Stock of the Corporation may not have a term of more than five years. No option may be exercised by any person after expiration of the term of the option.

c. **Exercisability.** Stock Options shall be exercisable at such time or times and subject to such terms and conditions as shall be determined by the Committee or the Board at time of grant, provided, however, that, except as provided in Section 5(f) and Section 7, unless otherwise determined by the Committee or the Board at or after grant, no Stock Option shall be exercisable during the six months following the date of the granting of the Option. If the Committee or the Board provides, in its discretion, that any Stock Option is exercisable only in

Table of Contents

installments, the Committee or the Board may waive such installment exercise provisions at any time at or after grant in whole or in part, based on such factors as the Committee or the Board shall determine, in their sole discretion.

d. Method of Exercise. Subject to whatever installment exercise provisions apply under Section 5(c), Stock Options may be exercised in whole or in part at any time and from time to time during the term of the option, by giving written notice of exercise to the Corporation specifying the number of shares to be purchased.

Such notice shall be accompanied by payment in full of the purchase price, either by certified or bank check or such other instrument as the Committee or the Board may accept. The Company has established during Fiscal Year 2011 an on-line website that administers all equity award grants and transactions and this website will now be used to complete the transactions and deliver the payments to the Company directly. As determined by the Committee or the Board, in their sole discretion, at or after grant, payment in full or in part may also be made in the form of unrestricted Stock already owned by the Participant or, in the case of the exercise of a Non-Qualified Stock Option or Restricted Stock subject to an award hereunder by the withholding of whole shares of Stock (based, in each case, on the Fair Market Value of the Stock on the date the option is exercised, as determined by the Committee or the Board), provided, however, that, in the case of an Incentive Stock Option, the right to make a payment in the form of already-owned Shares may be authorized only at the time the option is granted.

The Committee or the Board, in their sole discretion, may at the time of grant or such later time as it determines, permit payment of the option exercise price of a Non-Qualified Stock Option to be made in whole or in part in the form of Restricted Stock. If such payment is permitted, then such Restricted Stock (and any replacement shares relating thereto) shall remain (or be) restricted in accordance with the original terms of the Restricted Stock award in question, and any additional Stock received upon the exercise, shall be subject to the same forfeiture restrictions, unless otherwise determined by the Committee or the Board, in their sole discretion, at or after grant.

If payment of the exercise price of a Non-Qualified Stock Option is made in whole or in part in the form of unrestricted stock already owned by the Participant, the Corporation may require that the stock be owned by the Participant for a period of six months or longer.

No shares of Stock shall be issued until full payment therefor has been made. A Participant shall generally have the rights to dividends or other rights of a shareholder with respect to shares subject to the option when the Participant has given written notice of exercise, has paid in full for such shares, and, if requested, has given the representation described in Section 12(a).

e. Non-transferability of Options. No Stock Option shall be transferable by the Participant otherwise than by will or by the laws of descent and distribution, and all Stock options shall be exercisable, during the Participant's lifetime, only by the Participant or by a designee acting pursuant to a valid power of attorney.

Table of Contents

f. Termination by Reason of Death. Subject to Section 5(i), if a Participant's employment or engagement by the Corporation or any Related Entity terminates by reason of death, any Stock Option held by such Participant may thereafter be exercised, to the extent then exercisable or on such accelerated basis as the Committee or the Board may determine at or after grant, by the legal representative of the estate or by the legatee of the Participant under the will of the Participant, for a period of one (1) year (or such shorter period as the Committee or the Board may specify at grant) from the date of such death or until the expiration of the stated term of such Stock Option, whichever period is the shorter.

g. Termination by Reason of Disability. Subject to Section 5(j), if a Participant's employment or engagement by the Corporation or any Related Entity terminates by reason of Disability, any Stock Option held by such Participant may thereafter be exercised by the Participant, to the extent it was exercisable at the time of termination, or on such accelerated basis as the Committee or the Board may determine at or after grant, for a period of one (1) year (or such shorter period as the Committee or the Board may specify at grant) from the date of such termination of employment or until the expiration of the stated term of such Stock Option, whichever period is the shorter; provided, however, that if the Participant dies within such one-year period (or such shorter period as the Committee or the Board shall specify at grant), any unexercised Stock Option held by such Participant shall, at the sole discretion of the Committee or the Board, thereafter be exercisable to the extent to which it was exercisable at the time of death for a period of twelve months from the date of such death or until the expiration of the stated term of such Stock Option, whichever period is the shorter.

h. Other Termination. Unless otherwise determined by the Committee or the Board at or after grant, if a Participant's employment or engagement with the Corporation or any Related Entity terminates for any reason other than death or Disability, the Stock Option shall thereupon terminate, except that such Stock Option may be exercised for the lesser of three (3) months or the balance of such Stock Option's term if the Participant is involuntarily terminated by the Corporation or a Related Entity without Cause.

i. Incentive Stock Option Limitations. To the extent required for incentive stock option status under Section 422 of the Code, the aggregate Fair Market Value (determined as of the time of grant) of the stock with respect to which Incentive Stock options granted after 1986 are exercisable for the first time by the Participant during any calendar year under the Plan and/or any other stock option plan of the Corporation (within the meaning of Section 425 of the Code) after 1986 shall not exceed \$100,000.

To the extent (if any) permitted under Section 422 of the Code, if (i) a Participant's employment with the Corporation is terminated by reason of death, Disability or retirement and (ii) the portion of any Incentive Stock Option that is otherwise exercisable during the post-termination period specified under Section

5(f), (g) or (h), applied without regard to this Section 5(i), is greater than the portion of such option that is exercisable as an incentive stock option during such post-termination period under Section 422, such post-termination period shall automatically be extended (but not beyond the original option term) to the extent necessary to permit the Participant to exercise such Incentive Stock Option. The Committee is also authorized to provide at grant for a similar extension of the post-termination exercise period in the event of a Change-in-Control. Incentive Stock Options may be granted only to employees of the Company.

j. **Cash-out of Option: Settlement of Spread Value in Restricted Stock.** On receipt of written notice to exercise, the Committee or the Board may, in their sole discretion, elect to cash out all or part of the portion of any Non-Qualified Stock Option to be exercised by paying the Participant an amount, in cash or Stock, equal to the excess of the Fair Market Value of the Stock over the option price (the Spread Value) on the effective date of such cash-out.

In addition, if the option agreement so provides at grant or is amended after grant and prior to exercise to so provide (with the optionee's consent), the Committee or the Board may require that all or part of the shares to be issued with respect as to the Spread Value of an exercised option take the form of Restricted Stock, which shall be valued on the date of exercise on the basis of the Fair Market Value of such Restricted Stock determined without regard to the forfeiture restrictions involved.

k. **Cashless Exercise.** To the extent permitted under Applicable Law, and with the consent of the Committee or the Board, the Corporation agrees to cooperate in a cashless exercise of an option. The cashless exercise shall be effected by the Participant delivering to a securities broker instructions to sell or withhold a sufficient number of shares of Common Stock to cover the costs and expenses, including exercise price, associated therewith.

l. **Time of Granting Options.** The date of grant of an Option shall for all purposes be the date on which the Committee or the Board makes the determination to grant such Option, or such other date as is determined by the Committee or the Board. Notice of the grant determination shall be given to each Plan Participant to whom an Option is so granted within a reasonable time after the date of such grant.

Such certificate shall be registered in the name of such participant, and shall bear an appropriate legend referring to the terms, conditions, and restrictions applicable to such award, substantially in the following form:

Within these limits, the Committee or the Board, in their sole discretion, may provide for the lapse of such restrictions in installments and may accelerate or waive such restrictions in whole or in part, based on service, performance and/or such other factors or criteria as the Committee may determine, in its sole discretion.

(ii) Except as provided in this paragraph (ii) and Section 6(c)(i), the participant shall have, with respect to the shares of Restricted Stock, all of the rights of a shareholder of the Corporation, including the right to vote the shares, and the right to receive any cash dividends. The Committee or the Board, in their sole discretion, as determined at the time of award, may permit or require the payment of cash dividends to be deferred and, if the Committee or the Board so determines, reinvested in additional Restricted Stock to the extent shares are available under Section 3, which additional Stock may be subject to such restrictions and conditions as determined by the Committee or the Board.

(iii) Subject to the applicable provisions of the award agreement and subject to this Section 6 and Section 7 below, upon termination of a participant's employment or engagement with the Corporation for any reason during the Restricted Period, all shares still subject to restriction shall be forfeited by the participant upon such termination.

(iv) In the event of hardship or other special circumstances of a participant whose employment with the Corporation is involuntarily terminated (other than for Cause), the Committee or the Board may, in their sole discretion, waive in whole or in part any or all remaining restrictions with respect to such participant's shares of Restricted Stock, based on such factors as the Committee may deem appropriate.

(v) If the Restricted Stock is subject to a Restricted Period and such Restricted Period expires without a prior forfeiture of the Restricted Stock subject to such Restricted Period, the certificates for such Shares shall be delivered to the Plan Participant promptly.
