**Item 8.01 Other Events.**

On December 13, 2012, NuStar Logistics, L.P., a subsidiary of NuStar Energy L.P., completed its acquisition of the Crude Oil Assets (as defined below) from TexStar Crude Oil Services, LP, TexStar Crude Oil Pipeline, LP, TexStar Midstream Utility, LP, TexStar Midstream Transport, LP, TexStar Midstream Services, LP and Frio LaSalle Pipeline, LP (collectively, the Sellers), pursuant to an Asset Purchase Agreement (the Purchase Agreement), dated November 2, 2012, as amended by the Closing Agreement and First Amendment thereto (as amended, the Purchase Agreement). The Crude Oil Assets consisted of:

- approximately 140 miles of crude oil pipelines and gathering lines that are currently under construction and upon completion will have throughput capacity of 100,000 barrels per day (the Crude Oil Pipelines); and
- five terminals and storage facilities providing 643,400 barrels of storage capacity (the Crude Oil Terminals and Storage Facilities).

The purchase price for the Crude Oil Assets was approximately \$325.0 million.

Pursuant to the Purchase Agreement, NuStar Logistics, L.P. also agreed to purchase 38 miles of natural gas liquids (NGL) Y-grade pipeline and two fractionators with a combined capacity of 57,000 barrels per day (the NGL Assets) for approximately \$100.0 million, subject to certain purchase price adjustments. The acquisition of the NGL Assets is expected to close in a separate transaction in the first quarter of 2013 (the Second Closing), subject to certain closing conditions and achieving certain milestones with respect to the development of the NGL Assets. If the Second Closing does not occur, it will have no impact on the closing of the Crude Oil Assets. We expect to fund the aggregate purchase price with a combination of borrowings under our 2012 Revolving Credit Agreement and potential debt offerings, pending market conditions.

The parties to the Purchase Agreement made customary representations, warranties and covenants for a transaction of this type in this industry, including, among others, Sellers' agreement to continue to operate the Crude Oil Assets and the NGL Assets, during the period prior to the consummation of the transactions contemplated by the Purchase Agreement, in the ordinary course of business, consistent with past practice or as otherwise set forth in the Purchase Agreement. The Sellers also agreed to continue construction of the Crude Oil Assets and the NGL Assets. The Purchase Agreement also contains post-closing indemnification obligations for, among other matters, breaches of representations and warranties and certain retained and assumed obligations.
