Item 1.01 Entry into a Material Definitive Agreement.

Note Purchase Agreement and Convertible Promissory Notes

On April 29, 2013, Impac Mortgage Holdings, Inc. (the Company), entered into a Note Purchase Agreement (the Note Purchase Agreement) with the purchasers named therein (the Noteholders), whereby the Company issued (the Closing Date) \$20 million in original aggregate principal amount of Convertible Promissory Notes Due 2018 (the Notes). The Notes mature on or before April 30, 2018 and accrue interest at a rate of 7.5% per annum, to be paid quarterly. The Notes carry an additional penalty interest rate of 2% per annum upon an event of default. Interest shall be computed on the basis of a 360 day year of twelve (12) months each comprised of thirty (30) days. The Notes may not be prepaid, in whole or in part, by the Company without the prior written consent of the Noteholders. The Notes contain customary affirmative and negative covenants of the Company, including covenants not to incur certain indebtedness that is not subordinated and not to make optional payments on its indebtedness (other than on the Notes) or amend material indebtedness in a manner that is adverse in any material manner to the Noteholders.

Noteholders may convert all or a portion of the outstanding principal amount of the Notes into shares of the Company's Common Stock (Conversion Shares) at a rate of \$10.875 per share, subject to adjustment for stock splits and dividends (the Conversion Price). The Company has the right to convert the entire outstanding principal of the Notes into Conversion Shares at the Conversion Price if the market price per share of the Common Stock, as measured by the average volume-weighted closing stock price per share of the Common Stock on the NYSE MKT (or any other U.S. national securities exchange then serving as the principal such exchange on which the shares of Common Stock are listed) for any twenty (20) trading days in any period after the Closing Date of thirty (30) consecutive trading days, reaches the level of \$16.31. Upon conversion of the Notes by the Company, the entire amount of accrued and unpaid interest (and all other amounts owing) under the Notes are immediately due and payable. Furthermore, if the conversion of the Notes by the Company occurs prior to the third anniversary of the Closing Date, then the entire amount of interest under the Notes through the third anniversary is immediately due and payable. To the extent the Company pays any cash dividends on its shares of Common Stock prior to conversion of the Notes, upon conversion of the Notes, the Noteholders will also receive such dividends on an as-converted basis of the Notes less the amount of interest paid by the Company prior to such dividend.

Upon a change of control of the Company, the holders of a majority of the outstanding principal balance of the Notes have the right to either (a) cause all unpaid principal and accrued but unpaid interest and other amounts owing to become immediately due and payable in full, (b) cause the entire unpaid principal balance of the Notes to be converted into shares of the Common Stock at the Conversion Price then in effect, with the entire amount of accrued but unpaid interest and other amounts owing under the Notes to be immediately due and payable in cash, or (c) cause the Notes to continue in full force and effect. Pursuant to the terms of the Note Purchase Agreement, a change of control will occur when (a) any person, excluding the purchasers of the Notes, becomes the beneficial owner of more than 50% of the voting power of the Company and the purchasers of the Notes (along with certain related parties) at that time do not own a greater percentage of voting power or (b) the existing members of the Company's board of directors cease to constitute a majority of the board of directors.

Item 3.02 Unregistered Sales of Equity Securities.
