ITEM 1.01 ENTRY INTO A MATERIAL DEFINITIVE AGREEMENT

On October 16, 2013, The Cheesecake Factory Incorporated (the Company) entered into an Amended and Restated Loan Agreement dated as of October 16, 2013 (the Credit Facility), with JPMorgan Chase Bank, National Association (JPMCB), as administrative agent, Bank of the West, Bank of America, N.A. and Wells Fargo Bank, National Association, as syndication agents, Cooperatieve Centrale Raiffeisen-Boerenleenbank B.A., Rabobank Nederland, New York Branch, as documentation agent, and J.P. Morgan Securities LLC, as sole bookrunner and sole lead arranger. The Credit Agreement amends and restates in its entirety the Company's prior Loan Agreement dated as of December 3, 2010. Capitalized terms used but not defined in this report have the meanings given to them in the Credit Facility.

The Credit Facility provides the Company with revolving loan commitments that total \$200 million (of which \$50 million may be used for the issuances of letters of credit) and it matures on October 16, 2018. The Credit Facility contains a commitment increase feature that could provide for an additional \$100 million in available credit upon the Company's request and the satisfaction of certain conditions.

The Credit Facility includes customary representations, warranties, negative and affirmative covenants (including two financial covenants: relating to the ratio of net adjusted debt to EBITDAR and the ratio of EBITDAR to interest and rent expense), as well as customary events of default that, if triggered, could result in acceleration of the maturity of the Credit Facility. Borrowings under the Credit Facility bear interest, at the Company's option, at a rate equal to either: (i) the Adjusted LIBO Rate plus a margin that is based on the Company's net adjusted leverage ratio, or (ii) the highest of (a) the rate of interest publicly announced by JPMCB as its prime rate in effect, (b) the Federal Funds Effective Rate from time to time plus 0.5% and (c) the one-month Adjusted LIBO Rate plus 1.0% plus a margin that is based on the Company's net adjusted leverage ratio. Letters of credit issued under the Credit Facility bear fees that are equivalent to the interest rate margin that is applicable to Eurodollar Revolving Loans plus other customary fees charged by the issuing bank. Under the Credit Facility, the Company paid certain customary loan origination fees and will pay an unused fee on the unused portion of the Credit Facility that is also based on the Company's net adjusted leverage ratio.

The Company's obligations under the Credit Facility are unsecured. Certain material subsidiaries of the Company have guaranteed the Company's obligations under the Credit Facility. The Credit Facility will be used for the Company's general corporate purposes, including to support standby letters of credit for the Company's self-insurance programs.

ITEM 2.03 CREATION OF A DIRECT FINANCIAL OBLIGATION OR AN OBLIGATION UNDER AN OFF-BALANCE SHEET ARRANGEMENT OF A REGISTRANT

On October 16, 2013, the Company became obligated under the five-year, \$200 million, unsecured revolving credit facility attached hereto as Exhibit 99.1 and described in Item 1.01 of this Current Report on Form 8-K, which description is incorporated by reference herein.
