**Item 2.02 Results of Operations and Financial Condition.**

The information contained herein is being furnished pursuant to Item 2.02 of Form 8-K, Results of Operations and Financial Condition. This information shall not be deemed filed for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the Exchange Act), or incorporated by reference in any filing under the Securities Act of 1933, as amended, or the Exchange Act, except as shall be expressly set forth by specific reference in such a filing.

On February 24, 2014, Tenet Healthcare Corporation (the Company) issued a press release reporting the financial results of the Company for the quarter and full year ended December 31, 2013. A copy of the press release is attached to this report as Exhibit 99.1 and incorporated herein by reference.

**CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS**

Certain statements contained in the press release filed as an exhibit to this report constitute forward-looking statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. Such forward-looking statements are based on management's current expectations and involve known and unknown risks, uncertainties and other factors that may cause the Company's actual results to be materially different from those expressed or implied by such forward-looking statements. Such factors include, among others, the following: our ability to realize fully or at all the anticipated benefits of our acquisition of Vanguard Health Systems, Inc. (Vanguard) and to successfully integrate the operations of the Company's and Vanguard's businesses; the passage of health care reform legislation and the enactment of additional federal and state health care reform; other changes in federal, state and local laws and regulations affecting the health care industry; general economic and business conditions, both nationally and regionally; demographic changes; changes in, or the failure to comply with, laws and governmental regulations; the ability to enter into managed care provider arrangements on acceptable terms; changes in Medicare and Medicaid payments or reimbursement; liability and other claims asserted against the Company; competition, including the Company's ability to attract patients to its hospitals; technological and pharmaceutical improvements that increase the cost of providing, or reduce the demand for, health care; changes in business strategy or development plans; the ability to attract and retain qualified personnel, including physicians, nurses and other health care professionals, and the impact on the Company's labor expenses resulting from a shortage of nurses or other health care professionals; the significant indebtedness of the Company; the Company's ability to integrate new businesses with its existing operations; the availability and terms of capital to fund the expansion of the Company's business, including the acquisition of additional facilities; the creditworthiness of counterparties to the Company's business transactions; adverse fluctuations in interest rates and other risks related to interest rate swaps or any other hedging activities the Company undertakes; the ability to continue to expand and realize earnings contributions from the revenue cycle management, health care information management, management services, and patient communications and engagement services businesses under our Conifer Health Solutions (Conifer) subsidiary by marketing these services to third party hospitals and other health care-related entities; and its ability to identify and execute on measures designed to save or control costs or streamline operations. Such factors also include the positive and negative effects of health reform legislation on reimbursement and utilization and the future designs of provider networks and insurance plans, including pricing, provider participation, coverage and co-pays and deductibles, all of which contain significant uncertainty, and for which multiple models exist which may differ materially from the Company's expectations. Certain additional risks and uncertainties are discussed in the Company's filings with the Securities and Exchange Commission, including the Company's annual report on Form 10-K and quarterly reports on Form 10-Q. All information in this report and the press release is as of February 24, 2014. The Company specifically disclaims any obligation to update any forward-looking statement, whether as a result of changes in underlying factors, new information, future events or otherwise.

**NON-GAAP INFORMATION**

The press release filed as an exhibit to this report includes certain financial measures, such as adjusted EBITDA, that are not calculated in accordance with generally accepted accounting principles (GAAP). Management recommends that you focus on the GAAP numbers as the best indicator of financial performance. These alternative measures are provided only as a supplement to aid in analysis of the Company. Reconciliation between non-GAAP measures and related GAAP measures can be found at the end of the press release.

**Item 9.01 Financial Statements and Exhibits.**

(d) Exhibits

99.1 Press Release issued on February 24, 2014
