**Item 1.01. Entry into a Material Definitive Agreement.**

*Indenture*

On March 18, 2015, in connection with the completion of the previously announced offer and sale by Laredo Petroleum, Inc. (the *Company*), in an underwritten public offering, of \$350 million in aggregate principal amount of the Company's 6¼% senior notes due 2023 (the *Notes*), the Company entered into an Indenture (the *Base Indenture*), dated as of March 18, 2015, among the Company, the guarantors party thereto and Wells Fargo Bank, National Association, as trustee (the *Trustee*), as supplemented by the Supplemental Indenture, dated as of March 18, 2015, among the Company, the guarantors party thereto and the Trustee (the *Supplemental Indenture*) and, together with the Base Indenture, the *Indenture*).

The Company received net proceeds of approximately \$344.0 million from the offering, after deducting underwriting discounts and commissions and estimated offering expenses. The Company will use the net proceeds of the offering, together with a portion of the net proceeds from its previously announced common stock offering that closed on March 5, 2015, to redeem all \$550 million of its outstanding 9½% senior notes due 2019 (the *2019 Notes*). Pending application of the net proceeds from the offering, the Company may invest the net proceeds in short-term, liquid investments.

The Notes will mature on March 15, 2023 with interest accruing at a rate of 6¼% per annum and payable semi-annually in cash in arrears on March 15 and September 15 of each year, commencing September 15, 2015. The Notes are guaranteed on a senior unsecured basis by Laredo Midstream Services, LLC, Garden City Minerals, LLC and certain of the Company's future restricted subsidiaries.

The Company may redeem, at its option, all or part of the Notes at any time on or after March 15, 2018, at the applicable redemption price plus accrued and unpaid interest to, but not including, the date of redemption. Further, before March 15, 2018, the Company may on one or more occasions redeem up to 35% of the aggregate principal amount of the Notes in an amount not exceeding the net proceeds from one or more private or public equity offerings at a redemption price of 106.25% of the principal amount of the Notes, plus accrued and unpaid interest to the date of redemption, if at least 65% of the aggregate principal amount of the Notes remains outstanding immediately after such redemption and the redemption occurs within 180 days of the closing date of each such equity offering. If a change of control occurs prior to March 15, 2016, the Company may redeem all, but not less than all, of the Notes at a redemption price equal to 110% of the principal amount of the Notes plus any accrued and unpaid interest to, but not including, the date of redemption.

The Notes were offered and sold pursuant to a prospectus supplement dated March 4, 2015 and the base prospectus dated March 22, 2013, relating to the Company's effective shelf registration statement on Form S-3 (File No. 333-187479).

The foregoing description of the Indenture is a summary only and is qualified in its entirety by reference to the complete text of the Base Indenture and the Supplemental Indenture, copies of which are attached as Exhibit 4.1 and Exhibit 4.2, respectively, to this Current Report on Form 8-K and incorporated herein by reference.

**Item 2.03. Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.**

## Edgar Filing: Laredo Petroleum, Inc. - Form 8-K

The information set forth under Item 1.01 of this Current Report on Form 8-K concerning the Indenture is incorporated herein by reference. Copies of the Base Indenture and the Supplemental Indenture are filed as Exhibit 4.1 and Exhibit 4.2, respectively, to this Current Report on Form 8-K and are incorporated herein by reference.

**Item 2.04. Triggering Events That Accelerate or Increase a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement.**

On March 6, 2015, the Company issued a conditional notice of redemption to holders of its outstanding 2019 Notes that the Company will redeem all of its outstanding 2019 Notes on April 6, 2015 (the **Redemption Date**). The redemption price for the 2019 Notes will be 104.750% of the principal amount of the 2019 Notes, plus accrued and unpaid interest thereon to, but not including, the Redemption Date (the **Redemption Price**), in accordance with the provisions of the indenture governing the 2019 Notes. The Company's obligation to pay the Redemption Price on the Redemption Date was conditioned upon the completion, prior to April 3, 2015, of the offering of the Notes. This condition has been satisfied and the Company's obligation to redeem the 2019 Notes is now unconditional. On the Redemption Date, the 2019 Notes will be redeemed at the Redemption Price and pursuant to the terms of the indenture governing the 2019 Notes.
