for the Stockholder Meeting to be held on May 6, 2015

This Proxy Statement, the accompanying proxy card, and our 2014 Annual Report to Stockholders are available at www.investor.supremecorp.com/Annual_Reports_Proxy_Statements.

RECORD DATE AND VOTING SECURITIES

The Board of Directors of the Company has fixed the close of business on April 6, 2015, as the record date for determination of stockholders entitled to notice of and to vote at the Annual Meeting. As of the record date, there were 14,867,110 shares of Class A Common Stock and 1,742,482 shares of Class B Common Stock of the Company issued and outstanding. The presence, in person or by proxy, of the holders of a majority of the issued and outstanding shares of each of the Class A Common Stock and the Class B Common Stock as of the record date is necessary to constitute a quorum at the Annual Meeting with respect to matters upon which both classes of Common Stock are entitled to vote.

ACTION TO BE TAKEN AND VOTE REQUIRED

Action will be taken at the Annual Meeting to elect a Board of Directors, and to ratify the selection of Crowe Horwath LLP as the Company's Independent Registered Public Accounting Firm for the fiscal year ending December 26, 2015. Each proxy will be voted in accordance with the directions specified thereon and otherwise in accordance with the judgment of the persons designated as proxies. Any proxy that is validly executed but on which no directions are specified will be voted for the proposals set forth in this Proxy Statement for consideration at the Annual

Edgar Filing: SUPREME INDUSTRIES INC - Form DEF 14A

Meeting. Any person executing the enclosed proxy may nevertheless revoke it at any time prior to the actual voting thereof by filing with the Secretary of the Company either a written instrument expressly revoking it or a duly executed proxy bearing a later date. Furthermore, such person may nevertheless elect to attend the Annual Meeting and vote in person, in which event the proxy will be revoked.

The Company's Certificate of Incorporation authorizes two classes of \$.10 par value Common Stock (designated Class A and Class B) as well as one class of \$1.00 par value preferred stock. No shares of the preferred stock are outstanding. In voting on all matters expected to come before the Annual Meeting, a stockholder of either Class A or Class B Common Stock will be entitled to one vote, in person or by proxy, for each share held in his or her name on the record date. The holders of the Class A Common Stock will be entitled to elect that number (rounded down) of directors equal to the total number of directors to be elected divided by three, i.e., three directors, and the holders of the Class B Common Stock will be entitled to elect the remaining directors. The Class A directors are elected by majority vote of shares held by holders of Class A Common Stock attending in person or represented by proxy and entitled to vote at the Annual Meeting. The Class B directors are elected by plurality vote of the holders of Class B Common Stock attending in person or represented by proxy and entitled to vote at the Annual Meeting.

The ratification of the selection of Crowe Horwath LLP as the Company's Independent Registered Public Accounting Firm for the fiscal year ending December 26, 2015, must be approved by majority vote of the combined shares of the Class A Common Stock and Class B Common Stock held by the holders of such Class A Common Stock and Class B Common Stock attending in person or represented by proxy and entitled to vote at the Annual Meeting.

The Company's Certificate of Incorporation prohibits cumulative voting. Abstentions are voted as shares present at the Annual Meeting for purposes of determining whether a quorum exists. In the election of the Class B directors, votes withheld will have no effect on the outcome of the vote. In the election of the Class A directors and the vote on the ratification of the selection of our independent registered public accounting firm abstentions will have the effect of a vote against the proposal. Proxies submitted by brokers that do not indicate a vote for some or all of the proposals because the brokers do not have discretionary voting authority and have not received instructions from a stockholder as to how to vote on those proposals (so-called broker non-votes) are considered shares present for purposes of determining whether a quorum exists so long as the brokers have discretionary voting authority for at least one matter to be voted on at the Annual Meeting. However, broker non-votes are not considered to be shares entitled to vote and will not affect the outcome of any vote.

Brokers are not permitted to vote stockholders' shares for the election of directors. Therefore, we urge all stockholders to give voting instructions to their brokers on all voting items.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following tabulation sets forth the names of those persons who are known to management to be the beneficial owners as of April 6, 2015, of more than five percent (5%) of the Company's Class A or Class B Common Stock. Such tabulation also sets forth the number of shares of the Company's Class A or Class B Common Stock beneficially owned as of April 6, 2015 by all of the Company's directors and nominees, named executive officers, and all directors and officers of the Company as a group. Except as set forth below, persons having direct beneficial ownership of the Company's Common Stock possess the sole voting and dispositive power in regard to such stock. Class B Common Stock is freely convertible on a one-for-one basis into an equal number of shares of Class A Common Stock, and ownership of Class B Common Stock is deemed to be beneficial ownership of Class A Common Stock under Rule 13d-3(d)(1) promulgated under the Securities Exchange Act of 1934, as amended (the Exchange Act). As of April 6, 2015 there were 14,867,110 shares of Class A Common Stock and 1,742,482 shares of Class B Common Stock outstanding.

The following tabulation also includes shares of Class A Common Stock covered by outstanding vested options granted under the Company's 2012 Long-Term Incentive Plan and 2004 and 2001 Stock Option Plans, which options are collectively referred to as Stock Options. The Stock Options have no voting or dividend rights until such time as the options are exercised.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

Ten directors are to be elected at the Annual Meeting of Stockholders. Unless otherwise instructed, the proxy holders will vote the proxies received by them for the nominees shown below for the term of one year and until their successors are duly elected and have qualified.

Of the persons named below, Messrs. Flynn, Neilson, and Weber have been nominated by the independent directors of the Board of Directors for election by the holders of Class A Common Stock, and the remaining persons have been nominated by the independent directors of the Board of Directors for election by the holders of Class B Common Stock. Mr. William J. Barrett is the father of Mr. Peter D. Barrett.

In addition to serving as directors, Messrs. Barrett and Gardner were executive officers of the Company (or its subsidiary) as of December 27, 2014. Officers are elected annually by the Board of Directors at the Annual Meeting of Directors held immediately following the Annual Meeting of Stockholders.

The management of the Company has no reason to believe that any of the nominees will be unable or unwilling to serve if elected to office, and to the knowledge of management, the nominees intend to serve the entire term for which election is sought.

Only ten nominees for director are named even though the Company's bylaws allow a maximum of fifteen, since the proposed size of the board is deemed adequate to meet the requirements of the Board of Directors. Board Leadership Structure

As a holding company, Supreme Industries, Inc. (NYSE MKT: STS), is uniquely structured in that it has very few officers and is designed to have its business operations conducted on a day-to-day basis by management of Supreme Corporation (Supreme), its wholly-owned and principal operating subsidiary, which is the source of virtually all of its revenues and business expenses. The primary role of the holding company is to facilitate capital markets financing transactions, mergers and acquisitions, and other long-range strategies.

We have concluded that six independent directors, representing a majority of our board of directors, is appropriate given the size of our business, but enables the Company to obtain the benefits of diverse expertise, skill sets, and backgrounds for proper governance of the Company. The Company has two committees - the Audit Committee and the Compensation Committee. The Audit Committee and the Compensation Committee are comprised solely of independent directors. Our Audit Committee Charter and our Compensation Committee Charter are available at our website www.supremecorp.com. Nomination of directors is determined by the independent directors. Matters relating to other governance issues are managed by the Board of Directors. This structure enables effective communication among the directors by utilizing their participation in all of the critical areas of governance including risk oversight and interaction with management. The Board of Directors adopted a policy which provides for our independent directors to rotate the chairing of the periodic meetings of independent directors so that each of the directors will have an opportunity to set the agenda and chair the meeting. This results in there being no need to designate a lead director at present, but the Board of Directors retains the ability to modify this structure if circumstances warrant.

Our Board of Directors and principal executive officers have significant ownership of the equity securities of the Company. As a result, the Board of Directors believes that management focuses on both the short- and long-term objectives of the Company with neither being disadvantaged by the other. Management bonuses each year are tied to the profitability of Supreme and also to the future values of the Company's equity securities through options and common share ownership. As a result, the Board of Directors has concluded that the incentive promoting structure of the Company does not promote risks that are inappropriate for the operation of the business.

The Board of Directors has assessed the composition of the Board and has concluded that the Board has the appropriate mix of business experience and skills to address effectively the Company's business needs and challenges. In view of the small size of the Board of Directors, there are no membership requirements based on race or gender. However, we believe that our Board of Directors does have a wide range of diversity with regard to professional experience, skills, education, and other attributes that contribute to the Board's ability to operate in the long-range best interests of the Company's stockholders.

Independence

The Board of Directors has determined that the following six directors have no material relationship with the Company that would interfere with the exercise of independent judgment and are independent within the meaning of the NYSE MKT director independence standards: Robert J. Campbell, Edward L. Flynn, Thomas B. Hogan, Jr., Arthur J. Gajarsa, Mark C. Neilson, and Wayne A. Whitener.

Committees

The Audit Committee is comprised of Messrs. Hogan (Chairman), Neilson, Campbell, and Flynn. The Audit Committee met nine times during 2014. The purpose and functions of the Audit Committee are to: (i) appoint or terminate the independent auditors; (ii) evaluate and determine compensation of the independent auditors; (iii) review the scope of the audit proposed by the independent auditors; (iv) review quarterly condensed consolidated financial statements and the annual audited consolidated financial statements prior to issuance; (v) consult with the independent auditors on matters relating to internal financial controls and procedures; and (vi) make appropriate reports and recommendations to the Board of Directors. In carrying out the functions of the Audit Committee, the members of the Audit Committee rely on an Audit Committee Charter.

The Compensation Committee is comprised of Messrs. Gajarsa (Chairman), Campbell, Flynn, and Neilson. The Compensation Committee met three times during 2014. The purpose and functions of the Compensation Committee are to: (i) assist the Board in the discharge of its fiduciary responsibilities relating to the determination and execution of the Company's compensation philosophy as it pertains to the fair and competitive compensation of the Company's executive officers; (ii) provide overall guidance with respect to the establishment, maintenance, and administration of the Company's compensation programs, including stock and benefit plans; and (iii) oversee and advise the Board on the adoption of policies that govern the Company's compensation programs. The Compensation Committee will periodically review the levels of compensation, perquisites, and other personal benefits provided by the Company to insure that compensation levels are reasonable, fair, and competitive. In carrying out the functions of the Compensation Committee, the members of the Compensation Committee rely on a Compensation Committee Charter.

The Compensation Committee has available to it the resources and authority necessary to properly discharge its duties and responsibilities, including the authority to retain independent compensation consultants and other expert advisors. In addition, the Compensation Committee sometimes utilizes survey information provided by compensation consultants in recommending compensation levels.

In 2012, the Compensation Committee retained the services of Hay Group, a global management consulting firm, for assistance in setting the 2013 compensation packages for senior executives, including Messrs. Long and Oium. The Hay Group examined the applicable positions and provided pay comparisons for similarly situated chief financial officers, and vice presidents with responsibility for operations, including items such as base salary, incentive pay, and customary perquisites. Those recommendations were provided to the Compensation Committee, which used them as a guideline in setting the amount of total compensation for Messrs. Long and Oium, and in determining how total potential compensation should be allocated across the different elements of compensation. The Compensation Committee does not follow a definitive policy when determining the mix of, and structure for, total compensation. Rather, it considers factors such as achievement of corporate and individual goals, level of experience, responsibilities, demonstrated performance, time with the Company, retention considerations, and any other consideration it deems relevant. The Compensation Committee does, however, endeavor to ensure that an appropriate amount of compensation is paid in the form of equity so as to ensure that the interests of executives align with the interests of the Company's stockholders. The Board also retained the services of the Hay Group in 2013 for assistance in setting a compensation package for Mr. Weber when he was retained as President and CEO. Their recommendations were provided in a framework similar to that used in setting the compensation of other senior executives, and were provided to the Executive Search Committee and the full Board for use as guidelines in negotiating and approving Mr. Weber's employment agreement.

In setting 2014 compensation, the Compensation Committee did not perform a full executive compensation study. Instead, utilizing information provided by the Hay Group, the Compensation Committee determined that a 3% increase over 2013 base salary would be appropriate for Messrs. Long and Oium. Mr. Weber's base salary was not adjusted at that time because he had less than a full year of tenure in his position.

The Company does not have a standing Nominating Committee, and nominations for directors are made by the Company's independent directors. The Board of Directors believes that, considering the size of the Company and the Board of Directors, nominating decisions can be made effectively on a case-by-case basis, and there is no need for the added formality of a Nominating Committee. In carrying out the functions of a Nominating Committee, the independent directors do not rely on a Nominating Committee Charter. The independent directors of the Company utilize the following criteria as guidelines in considering nominations to the Company's Board of Directors. The criteria include:

- personal characteristics, including such matters as integrity, age, education, diversity of skills, opinions, perspectives, professional experiences, education and backgrounds, and absence of potential conflicts of interest with the Company or its operations;
- the availability and willingness to devote sufficient time to the duties of a director of the Company;
- experience in corporate management, such as serving as an officer or former officer of a publicly held company;
- experience in the Company's industry and with relevant social policy concerns;
- experience as a board member of another publicly held company;
- academic expertise in an area of the Company's operations; and
- practical and mature business judgment.

The criteria are not exhaustive, and the independent directors may consider other qualifications and attributes which they believe are appropriate in evaluating the ability of an individual to serve as a member of the Board of Directors. The independent directors' goal is to assemble a Board of Directors that brings to the Company a variety of perspectives and skills derived from high quality business and professional experience. In order to ensure that the Board consists of members with a variety of perspectives and skills, the independent directors have not set any minimum qualifications and also consider candidates with appropriate non-business backgrounds. Other than ensuring that at least one member of the Board is a financial expert and that the overall composition of the Board meets all applicable independence requirements, the independent directors do not have any specific skills that they believe are necessary for any individual director to possess. Instead, the independent directors evaluate potential nominees based on the contribution such nominee's background and skills could have upon the overall functioning of the Board.

Acting in the capacity of a Nominating Committee, the independent directors have not adopted any policy with regard to the consideration of director candidates recommended by security holders for the reason that such a policy is deemed unnecessary since at no time in the history of the Company has any such recommendation ever been received from any of the Company's security holders.

Meetings

During the year ended December 27, 2014, the Board of Directors held six special meetings, and two meetings of independent directors, in addition to its regular meeting. All of the directors listed herein attended 75% or more of the total meetings of the Board and of the committees on which they serve.

The Company encourages all directors to attend its Annual Meeting of Stockholders. Except for Mr. Hogan, who did not attend due to illness, and Mr. Campbell, who attended telephonically, all of the directors attended the Annual Meeting of Stockholders held in May of 2014 in person.

Code of Ethics

The Company has adopted a Code of Ethics that applies to the Company's officers and directors, including the Company's principal executive officer and principal financial and accounting officer. The code has been posted in the Investor Relations section of the Company's website, www.supremecorp.com.

Stockholder Communications

The Company has established a process for stockholders to send their communications to the Board of Directors. Any stockholder who desires to contact an individual director, the entire Board of Directors, or a committee of the Board of Directors may mail a written communication to the Chief Executive Officer of the Company c/o Chief Executive Officer, Supreme Industries, Inc., 2581 East Kercher Road, P.O. Box 237, Goshen, Indiana 46528. The Chief Executive Officer will submit all stockholder communications to the appropriate directors, unless the communication is frivolous or includes advertising, solicitation for business, requests for employment, requests for contributions, or a communication of a similar nature. A stockholder communication relating to the Company's accounting, internal accounting controls, or auditing will be referred to the members of the Audit Committee.

The Chief Executive Officer will send a written acknowledgment to a stockholder upon receipt of his or her communication submitted in accordance with the provisions set forth in this proxy statement unless such stockholder communication is frivolous or includes advertising, solicitation for business, requests for employment, requests for contributions, or a communication of a similar nature. A stockholder wishing to contact the directors may do so anonymously; however, stockholders are encouraged to provide the name in which the Company's shares of stock are held and the number of such shares held.

The following communications to the directors will not be considered a stockholder communication: (i) communication from a Company officer or director; (ii) communication from a Company employee or agent, unless submitted solely in such employee's or agent's capacity as a

stockholder; and (iii) any stockholder proposal submitted pursuant to Rule 14a-8 promulgated under the Exchange Act.

AUDIT COMMITTEE AND AUDIT COMMITTEE REPORT

The responsibilities of the Audit Committee, which are set forth in the Audit Committee Charter adopted by the Board of Directors, include providing oversight to the Company's financial reporting process through periodic meetings with the Company's independent registered public accounting firm (independent auditors) and management to review accounting, auditing, internal controls, and financial reporting matters. The Audit Committee Charter is available on the Company's website, www.supremecorp.com.

The members of the Audit Committee are independent as defined in Sections 803.A. and 803.B. of the listing standards of the NYSE MKT and Rule 10A-3(b)(1) under the Exchange Act. All members of the Audit Committee are financially literate and are able to read and understand fundamental financial statements, including a balance sheet, income statement, and cash flow statement. The Board of Directors has determined that Messrs. Hogan and Neilson qualify as Audit Committee Financial Experts as defined in the regulations promulgated under the Exchange Act, and their experience and backgrounds are described in the biographical data under Proposal No. 1. The management of the Company is responsible for the preparation and integrity of the financial reporting information and related systems of internal controls. The Audit Committee, in carrying out its role, relies on the Company's senior management, including senior financial management, and its independent auditors. The Audit Committee has the authority and available funding to engage any independent legal counsel and any accounting or other expert advisors as necessary to carry out its duties.

We have reviewed and discussed with senior management the Company's audited financial statements included in the 2014 Annual Report to Stockholders. Management has confirmed to us that such financial statements: (i) have been prepared with integrity and objectivity and are the responsibility of management and; (ii) have been prepared in conformity with accounting principles generally accepted in the United States of America.

We have discussed with Crowe Horwath LLP, the Company's Independent Registered Public Accounting Firm, the matters required to be discussed by Auditing Standard No. 16, Communications with Audit Committees, issued by the Public Company Accounting Oversight Board (PCAOB). Auditing Standard No. 16 requires the Company's independent auditors to provide us with additional information regarding the scope and results of their audit of the Company's financial statements, including with respect to: (i) their responsibility under auditing standards of the PCAOB (United States); (ii) significant accounting policies; (iii) management's judgments and estimates; (iv) any significant audit adjustments; (v) any disagreements with management; and (vi) any difficulties encountered in performing the audit.

We have received from Crowe Horwath LLP a letter providing the disclosures required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, with respect to any relationships between Crowe Horwath LLP and the Company which, in their professional judgment, may reasonably be thought to bear on their independence. Crowe Horwath LLP has discussed its independence with us and has confirmed in such letter that, in its professional judgment, it is independent of the Company within the meaning of the federal securities laws.

Based on the review and discussions described above with respect to the Company's audited financial statements included in the Company's 2014 Annual Report to Stockholders, we recommended to the Board of Directors that such financial statements be included in the Company's Annual Report on Form 10-K for filing with the Securities and Exchange Commission.

As specified in the Audit Committee Charter, it is not the duty of the Audit Committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate and in accordance with accounting principles generally accepted in the United States of America. That is the responsibility of management and the Company's independent auditors. In giving our recommendation to the Board of Directors, we have relied on: (i) management's representation that such financial statements have been prepared with integrity and objectivity and in conformity with generally accepted accounting principles; and (ii) the report of the Company's independent auditors with respect to such financial statements.

The Audit Committee has the sole authority to authorize all audit and non-audit services to be provided by the independent audit firm engaged to conduct the annual audit of the Company's consolidated financial statements. In addition, the Audit Committee has adopted pre-approval policies and procedures that are detailed as to each particular service to be provided by the independent auditors, and such policies and procedures do not permit the Audit Committee to delegate its responsibilities under the Exchange Act, as amended, to management. Other than \$20,000 billed in April 2015, which sum is included in the \$254,500 2014 Audit Fees disclosed above, the Audit Committee pre-approved fees for all audit and non-audit services provided by the independent audit firm during the fiscal year ended December 27, 2014, as required by the Sarbanes-Oxley Act of 2002.

The Audit Committee has considered whether the providing of non-audit services has been compatible with maintaining the independent auditor's independence and has advised the Company that, in its opinion, the activities performed by Crowe Horwath on the Company's behalf were compatible with maintaining the independence of such auditors.

NARRATIVE DESCRIPTION OF COMPENSATION ARRANGEMENTS AND POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

The following summaries describe potential payments payable to our Named Executive Officers upon termination of employment or a change in control. The actual payments to Named Executive Officers are contingent upon many factors as of the time benefits would be paid, including elections by the executive and tax rates as well as the discretion of the Board of Directors or a committee designated by the Board of Directors.

The 2012 Long-Term Incentive Plan

The Company's 2012 Long-Term Incentive Plan does not provide for automatic acceleration of vesting of awards upon termination of employment of the Named Executive Officers or a change in control of the Company. However, the restricted stock award agreements that the Company entered into with the Named Executive Officers provide that all shares of restricted stock will automatically accelerate in full upon the occurrence of a change in control (as defined in the 2012 Long-Term Incentive Plan) or upon the death or disability of such Named Executive Officer.

The Amended and Restated 2004 Stock Option Plan

The Company's Amended and Restated 2004 Stock Option Plan provides that upon the effective date of a change in control (as defined in the Amended and Restated 2004 Stock Option Plan), all options will become immediately exercisable. In addition, upon the Named Executive Officer's death or disability, any options that would have become exercisable had the Named Executive Officer remained employed through the vesting date immediately following the date of his death or disability will become immediately exercisable. The Amended and Restated 2004 Stock Option Plan also provides that if vesting is based upon the attainment of one or more performance goals (as defined in the Amended and Restated 2004 Stock Option Plan), the pro-rata portion of the Named Executive Officer's options that would have become exercisable had he or she remained employed through the vesting date immediately following the date of his or her death or disability (or such other date as may be determined by the Compensation Committee in its sole discretion) will become immediately exercisable.

The 2001 Stock Option Plan

The terms of the 2001 Stock Option Plan are substantially similar. Although this plan does not provide for acceleration of vesting upon termination of a Named Executive Officer, the 2001 Stock Option Plan provides for varying time periods for the exercise of options, which time periods are based on the manner in which the Named Executive Officer has been terminated. Under this plan, if a Named Executive Officer

Edgar Filing: SUPREME INDUSTRIES INC - Form DEF 14A

voluntarily terminates his or her employment or is terminated for cause (as defined in the 2001 Stock Option Plan), then the portion of an option that remains unexercised, including that portion that is not yet exercisable, at the time of the Named Executive Officer's termination of employment, will terminate and cease to be exercisable immediately upon such termination. If the Named Executive Officer is terminated without cause, then he or she will have the right for 30 days following such termination to exercise any options that are exercisable as of the date of such termination, and thereafter any remaining options will terminate and cease to be exercisable. If the Named Executive Officer ceases to be employed due to disability, then he or she will have the right for 90 days after the date of termination to exercise any options that are exercisable on the date of his or her termination of employment, and thereafter any remaining options will terminate and cease to be exercisable. If the Named Executive Officer's employment is terminated due to death, then his or her legal representatives will have six months following the date of the Named Executive Officer's death to exercise any options that are exercisable on the date of his or her death, and thereafter any remaining options will terminate and cease to be exercisable.

The 2014 Cash and Equity Bonus Plan

During 2014, the Company established the 2014 Cash and Equity Bonus Plan (the Bonus Plan), the equity portions of which were established pursuant to the Company's 2012 Long Term Incentive Plan. The Bonus Plan is intended to provide financial incentives to executives and other key employees of the Company through the use of at risk variable pay tied to specific performance goals. Participants in the Bonus Plan, including Messrs. Weber, Long, and Oium had the opportunity to earn a bonus paid out in the form of cash, as well as a bonus paid out in the form of equity, for the attainment of specified goals during the 2014 fiscal year.

With respect to Mr. Weber, the Compensation Committee made recommendations to the Company's Board of Directors, which then acted to establish his target award, quantitative performance goals, and qualitative performance goals. The Compensation Committee establishes target awards, quantitative and qualitative goals for the other participants.

Mr. Weber's cash target award was 55% of his base salary amount. His equity target was also 55% of his base salary amount. Mr. Long's cash target award was 37.8% of his base salary amount. His equity target was also 37.8% of his base salary amount. Mr. Oium's cash target award was 32.4% of his base salary amount. His equity target was also 32.4% of his base salary amount.

Quantitative target goals selected for Messrs. Weber, Long, and Oium included:

- Net sales growth of seven percent (7%) compared to fiscal 2013, adjusted to exclude the effects of the bus division;
- Pre-tax income of \$22,919,000; and
- Primary working capital as a percentage of sales at 15.4%.

Quantitative goal achievement was weighted one-third for each goal.

Qualitative goals selected included:

- Full implementation of standard cost system and use of perpetual inventory accounting;
- Bills of Materials completed with standard labor hours assigned;
- Truck: July 31, 2014;
- SSV: September 30, 2014;

Edgar Filing: SUPREME INDUSTRIES INC - Form DEF 14A

- Successful divestiture or liquidation of Supreme's bus division; and
- Successful completion of three (3) personal goals.

Qualitative goal achievement weighted these qualitative goals one-third each, with the third goal further subdivided into one-third attainment for each personal goal.

Award achievement was weighted so that quantitative performance goals accounted for two-thirds and qualitative performance goals accounted for one-third of the total award. Participants could earn from 0% to 125% of his target for achievement of quantitative goals and could earn from 0% to 100% of his target for achievement of qualitative goals.

In March of 2015, after completion of the Company's fiscal year, the Compensation Committee met to certify performance goal attainment and determined the award payable to each participant. It was determined that award attainment for Messrs. Weber, Long, and Oium was 50.51% of target.

Mr. Weber received a lump sum cash payment in the amount of \$109,744 and an equity award grant of 13,019 restricted shares of Company stock on March 3, 2015. Mr. Long received a lump sum cash payment in the amount of \$46,464 and an equity award grant of 5,512 restricted shares of Company stock on March 3, 2015. Mr. Oium received a lump sum cash payment in the amount of \$33,716 and an equity award grant of 4,000 restricted shares of Company stock on March 3, 2015. These restricted shares will vest in three equal increments on March 3, 2016, 2017, and 2018. Under the terms of the 2012 Long Term Incentive Plan, should these executives terminate their employment with the Company, any unvested portion of their restricted stock awards will be forfeited. Under the terms of their award agreements, and consistent with the terms of the plan, should any change in control of the Company occur, vesting of their awards will immediately accelerate. The plan does have a recoupment feature, meaning that if the Board learns of any intentional misconduct by a participant which directly contributes to the Company having to restate all or a portion of its financial statements, the Board may, in its sole discretion, require the participant to reimburse the Company for the difference between any awards paid to the participant based on achievement of financial results that were subsequently the subject of a restatement and the amount the participant would have earned as awards under the Bonus Plan based on the financial results as restated.

Ownership Transaction Incentive Plan

The Company's Ownership Transaction Incentive Plan (the "OTIP") provides that, upon a change of control (as defined in the OTIP), certain employees of the Company are entitled to receive a percentage of the difference between the per share value of the total cash proceeds or the per share fair market value of any other consideration received by the Company or the Company's stockholders in connection with a change of control minus \$2.50 (such amount being the "Value") as described below with such amount then being multiplied by the number of outstanding shares of common stock of the Company immediately prior to the change of control. The aggregate amount of payments to be made under the OTIP is equal to the number of outstanding shares of common stock immediately prior to the change of control multiplied by the sum of (i) 7% multiplied by the Value until the Value reaches \$5.00, plus (ii) 8% multiplied by the amount of any Value above \$5.00 and up to \$7.00, plus (iii) 9% multiplied by the amount of any Value above \$7.00. For example, if a change of control occurs in which the Company's common stock is sold for \$9.00 per share, then the aggregate amount of payments to be made is equal to the number of outstanding shares of common stock immediately prior to the change of control multiplied by \$0.52 (which is the sum of (i) 7% multiplied by \$2.50 (the Value up to \$5.00); (ii) 8% multiplied by \$2.00 (the Value between \$5.00 and \$7.00) and (iii) 9% multiplied by \$2.00 (the Value over \$7.00)). Certain employees are eligible to participate in the OTIP upon a change of control.

Mr. Weber is a participant in the OTIP and his aggregate share is 23.75% of the bonus pool. Mr. Long is a participant in the OTIP and his aggregate share is 17% of the bonus pool. Mr. Oium is a participant in the OTIP and his aggregate share is 11.75% of the bonus pool. If prior to a change of control, any of the current participants in the OTIP resign from the Company or are terminated for cause (as defined in the OTIP), such participant shall immediately forfeit any rights to receive payment under the OTIP. If prior to a change of control, any of the current participants in the OTIP are terminated without cause, such participant's right to receive a percentage of the aggregate amount described above upon a change of control shall be forfeited six months after the termination without cause.

Mark Weber's Employment Agreement

In connection with naming Mr. Weber as President and Chief Executive Officer, the Company entered into an employment agreement (the "Weber Employment Agreement") with him. The term of the Weber Employment Agreement is from May 6, 2013, to May 5, 2016, with an automatic renewal for successive one (1) year periods unless either party provides notice of non-renewal at least 90 days prior to the end of the term then in effect. The agreement calls for Mr. Weber to receive a monthly base salary of

at least \$32,916.67 and a car allowance of \$1,000 per month. Per the agreement, Mr. Weber received an initial grant of the Company's restricted stock having an aggregate fair market value on the date of grant of \$395,000 with the restricted stock vesting equally over three (3) years. The agreement also permitted Mr. Weber a relocation bonus of \$60,000. For each post-2013 year during his term of employment, based on achieving performance goals to be set in the future, Mr. Weber will receive a grant of equity having an aggregate fair market value on the date of the grant up to 55% of his annual base salary with such grant vesting equally over three (3) years. For 2014, as discussed above, Mr. Weber was entitled to receive an annual bonus opportunity of up to 55% of his base salary payable if certain performance standards were met under the Bonus Plan. As discussed above, the agreement entitles Mr. Weber to participate in the OTIP.

If Mr. Weber is terminated by the Company other than for cause, as defined in the Weber Employment Agreement, or Mr. Weber terminates his employment for good reason, as defined in the Weber Employment Agreement, he will receive payment of twelve (12) months' base salary for the year of termination plus a prorated bonus for the year of termination payable at the same time as bonuses would otherwise be payable under the Company's Bonus Plan (subject to achievement of applicable performance goals).

The Weber Employment Agreement contains a covenant not to compete which provides that, during Mr. Weber's employment with the Company and during a period of one year following the cessation of Mr. Weber's employment with the Company, Mr. Weber shall not, directly or indirectly for himself or on behalf of any other person or business entity, engage in any capacity with a competing business, as defined in the Weber Employment Agreement. This covenant not to compete is bounded by the territorial limits of the United States.

Matthew W. Long's Employment Agreement

On December 29, 2011, the Company entered into an employment agreement (the Long Employment Agreement) with its Chief Financial Officer, Treasurer, and Assistant Secretary, Matthew W. Long. Under the Long Employment Agreement, Mr. Long was to receive a base annual salary of \$225,000, less applicable taxes and other legal withholdings. Mr. Long's employment is on an at-will basis. However, he must provide the Company with 60 days' advance notice of his resignation. In the event that (i) there is a change of control of the Company, as defined in the Long Employment Agreement, or change in the Company's President, prior to April 17, 2016 that directly results in the involuntary termination of Mr. Long's employment, or Mr. Long is terminated by the Company other than for cause, as defined in the Long Employment Agreement, or Mr. Long terminates his employment for good reason, as defined in the Long Employment Agreement, he will receive an amount equal to one year's base salary as of the time of termination, less applicable taxes and other legal withholdings (Severance). To receive the Severance, Mr. Long must sign a Termination, Severance and Release Agreement (Severance Agreement) substantially in the form attached as Exhibit A to the Long Employment Agreement and return such Severance Agreement to the Company within 50 days of the Company's provision of the Severance Agreement to him.

The Long Employment Agreement contains a covenant not to compete which provides that, during Mr. Long's employment with the Company and during a period of one year following the cessation of Mr. Long's employment with the Company, Mr. Long shall not, directly or indirectly for himself or on behalf of any other person or business entity, engage in any capacity with a competing business, as defined in the Long Employment Agreement. This covenant not to compete is limited to a territory consisting of those counties (or similar political subdivisions) in which Mr. Long performed services during his employment with the Company, in which he received the Company's confidential information, in which an office of the Company is located for which Mr. Long had supervisory or managerial responsibilities, or in which any Company office is located that was Mr. Long's primary office or an office from which he regularly worked during his employment with the Company.

DIRECTOR COMPENSATION

Outside directors are compensated with a combination of cash and equity. An annual cash retainer of \$18,000 is paid to each outside director and made in quarterly installments. Outside directors receive additional compensation based on their involvement with the committees of the Board of Directors. The Chairman of the Audit Committee is paid a \$10,000 annual retainer. The other Audit Committee members each receive a \$5,000 annual retainer. The Chairman of the Compensation Committee is paid a \$7,500 annual retainer. The other Compensation Committee members each receive a \$3,750 annual retainer. Outside directors are also paid \$1,000 for each Board, Audit Committee, Compensation Committee, or special committee meeting attended. An annual stock award is paid to each outside director equal to \$27,500 divided by the closing sales price of such stock on the business day immediately preceding the grant date. This grant is made in quarterly increments. Additionally, each director is reimbursed for out-of-pocket expenses incurred in attending board or committee meetings.

The following table summarizes the compensation earned by directors during fiscal year 2014:

(a) Name	(b) Fees Earned or Paid in Cash	(c) Stock Awards (1)	(d) All Other Compensation	(e) Total

(1) The amounts in column (c) reflect the aggregate grant date fair value of the stock awards computed in accordance with FASB Topic 718. These stock awards were valued on the basis of the market value of the Company's Class A Common Stock on the business day immediately preceding the date awarded.

(2) Messrs. Barrett and Gardner receive compensation per the terms of their employment agreements and do not receive any additional compensation for their service as directors of the Company. The employment agreements for Messrs. Barrett and Gardner are described below. Mr. Weber receives compensation under the terms of his employment agreement and the other executive compensation programs of the Company and does not receive any additional compensation for his service as a director of the Company. Mr. Weber's compensation is disclosed in the Summary Compensation table above and a description of Mr. Weber's employment agreement appears under the section entitled "Narrative Description of Compensation Arrangements and Potential Payments upon Termination or Change in Control" above.

Herbert M. Gardner's Employment Contract

The Board approved an Amended and Restated Employment Contract (the Gardner Employment Contract) between the Company and Mr. Herbert M. Gardner effective January 1, 2005. The Gardner Employment Contract is automatically extended for one additional day so that a constant three-year term is always in effect. In consideration of services to be provided to the Company, the Gardner Employment Contract provides for Mr. Gardner to receive (in addition to certain fringe benefits): (1) annual base compensation of \$108,000; and (2) if the pre-tax earnings of the Company exceed \$2,000,000, an incentive bonus of \$36,000, plus an amount equal to 0.6% of the amount by which such pre-tax earnings exceed \$2,000,000.

Under the Gardner Employment Contract, if he dies, suffers a disability, is terminated by the Company without cause, or terminates the Gardner Employment Contract for good reason (as such terms are defined in the Gardner Employment Contract), then Mr. Gardner or his dependents will be paid his base salary for the remainder of the term of the Gardner Employment Contract and the proportionate share of his targeted bonus. The Gardner Employment Contract defines Mr. Gardner's proportionate share as a fraction the numerator of which is the number of days in such calendar year ending with the end of the term of the Gardner Employment Contract and the denominator of which is the total number of days in such calendar year. If Mr. Gardner is terminated (other than for cause), he will also be entitled to maintain his fringe benefits, including his medical benefits, dental benefits, vision benefit, and insurance benefits. In addition to his base salary, proportionate share of his bonus, and fringe benefits discussed above, if Mr. Gardner is terminated (other than for cause), then the Company will either sell or lease to him the automobile that the Company is providing to him. In such case, the Company will, not later than March 15 following the end of the calendar year in which his employment terminates, either sell him the automobile for \$10 along with any insurance coverage (if assignable) or assign to him all of the Company's interest in and to any lease. Upon termination of such lease, the Company will purchase the leased automobile and convey ownership to him. If the Company terminates Mr. Gardner for gross misconduct materially injurious to the Company, then he will not receive any termination payments or benefits.

Under the Gardner Employment Contract, the definition of good reason includes a change in control (as defined in Exhibit A to the Gardner Employment Contract). Notwithstanding the foregoing, in the event payments are being made to Mr. Gardner on account of a change in control based upon a hostile takeover of the Company, the pre-tax incentive bonus discussed above will be determined based upon the highest pre-tax earnings of the Company in the three calendar years immediately preceding the calendar year in which termination occurs.

William J. Barrett's Employment Contract

The Board approved an Amended and Restated Employment Contract (the Barrett Employment Contract) between the Company and Mr. William J. Barrett, Executive Vice President (Long Range and Strategic Planning), Assistant Treasurer, and Secretary of the Company, effective January 1, 2005. The Barrett Employment Contract is automatically extended for one additional day so that a constant three-year term is always in effect. In consideration of services to be provided to the Company, the Barrett Employment Contract provides for Mr. Barrett to receive (in addition to certain fringe benefits): (1) annual base compensation of \$108,000; and (2) if the pre-tax earnings of the Company exceed \$2,000,000, an incentive bonus of \$36,000, plus an amount equal to 0.6% of the amount by which such pre-tax earnings exceed \$2,000,000.

The terms of the Barrett Employment Contract are substantially similar to the Gardner Employment Contract. Under the Barrett Employment Contract, if he dies, suffers a disability, is terminated by the Company without cause, or terminates the Barrett Employment Contract for good reason (as such terms are defined in the Barrett Employment Contract), then Mr. Barrett or his dependents will be paid his base salary for the remainder of the term of the Barrett Employment Contract and the proportionate share of his targeted bonus. The Barrett Employment Contract defines Mr. Barrett's proportionate share as a fraction the numerator of which is the number of days in such calendar year ending with the end of the term of the Barrett Employment Contract and the denominator of which is the total number of days in such calendar year. If Mr. Barrett is terminated (other than for cause), Mr. Barrett will also be entitled to maintain his fringe benefits, including his medical benefits, dental benefits,

vision benefit, and insurance benefits. In addition to his base salary, proportionate share of his bonus, and fringe benefits discussed above, if Mr. Barrett is terminated (other than for cause), then the Company will either sell or lease to him the automobile that the Company is providing to him. In such case, the Company will, not later than March 15 following the end of the calendar year in which his employment terminates, either sell him the automobile for \$10 along with any insurance coverage (if assignable) or assign to him all of the Company's interest in and to any lease. Upon termination of such lease, the Company will purchase the leased automobile and convey ownership to him. If the Company terminates Mr. Barrett for the willful engagement of gross misconduct materially injurious to the Company, then he will not receive any termination payments or benefits.

Under the Barrett Employment Contract, the definition of "good reason" includes a "change in control" (as defined in Exhibit A to his Employment Contract). Notwithstanding the foregoing, in the event payments are being made to Mr. Barrett on account of a change in control based upon a hostile takeover of the Company, the pre-tax incentive bonus discussed above will be determined based upon the highest pre-tax earnings of the Company in the three calendar years immediately preceding the calendar year in which termination occurs.

Long-Term Equity-Based Incentives

The Company believes that the best way to align the interests of the named executive officers and its stockholders is for such officers to own a meaningful amount of the Company's Common Stock. In order to reach this objective and to retain its executives, the Company grants equity-based awards to the Named Executive Officers under its 2012 Long Term Incentive Plan.
