**Item 1.01            Entry into a Material Definitive Agreement.**

*Indenture*

On June 1, 2016, Match Group, Inc. ( Match ), a majority-owned, publicly traded subsidiary of IAC/InterActiveCorp (the Company ), entered into an indenture, between Match and Computershare Trust Company, N.A., as trustee (the Indenture ), in connection with the issuance of approximately \$400 million aggregate principal amount of 6.375% senior notes due 2024 (the Notes ) by way of private offering of the Notes by Match.

The information set forth under Item 2.03 is incorporated herein by reference.

*Registration Rights Agreement*

On June 1, 2016, in connection with the issuance of the Notes, Match entered into a registration rights agreement (the Registration Rights Agreement ) with J.P. Morgan Securities LLC, obligating Match to file a registration statement with the Securities and Exchange Commission with respect to a registered offer to exchange the Notes for registered notes having substantially the same terms as the Notes (except that the registered notes will not be subject to additional interest provisions or restrictions on ownership or transfer) or, if necessary, file a shelf registration statement with respect to resales of the Notes. Match will use commercially reasonable efforts to cause the exchanges to be completed within 360 days after the issuance of the Notes. Holders of the Notes will be entitled to the payment of additional interest if Match does not comply with these obligations within that time period.

The above descriptions of the Indenture and the Registration Rights Agreement are qualified in their entirety by reference to the full text of such agreements, which are filed as Exhibits 4.1 and 4.2, respectively, to this Current Report on Form 8-K and are incorporated by reference herein.

**Item 2.03            Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.**

The information set forth under Item 1.01 is incorporated herein by reference.

*Issuance of Notes*

On June 1, 2016, Match issued \$400 million in aggregate principal amount of Notes.

## Edgar Filing: IAC/INTERACTIVECORP - Form 8-K

The Notes accrue interest at a rate of 6.375% per year from the date of issuance, until maturity or earlier redemption. Interest on the Notes is payable on June 1 and December 1 of each year, commencing on December 1, 2016. The Notes mature on June 1, 2024. The proceeds from the issuance of the Notes were used to repay a portion of the \$790 million aggregate principal amount of term loans outstanding under the credit agreement dated as of October 7, 2015, as amended and restated on November 16, 2015, among Match, as borrower, the lenders party thereto, J.P. Morgan Chase Bank, N.A., as administrative agent and the other parties thereto (the Match Credit Agreement).

At any time prior to June 1, 2019, Match has the option to redeem the Notes, in whole or in part, at a price equal to 100% of the principal amount of the Notes redeemed plus accrued and unpaid interest, if any, to the date of redemption and a make-whole premium. The Notes are redeemable at Match's option, in whole or in part, at any time on or after June 1, 2019, at specified redemption prices, together with accrued and unpaid interest, if any, to the date of redemption. At any time prior to June 1, 2019, Match may redeem up to 40% of the aggregate principal amount of the Notes with the proceeds of certain equity offerings at a redemption price of 106.375% of the principal amount of the Notes, together with accrued and unpaid interest, if any, to the date of redemption. Under the terms of the Notes, specific kinds of changes of control triggering events will require Match to make an offer to purchase the Notes at a purchase price of 101% of the principal amount thereof, plus accrued and unpaid interest to the purchase.

date.

The Notes are unsecured unsubordinated obligations of Match, rank equally in right of payment with all of Match's existing and future unsecured and unsubordinated debt and are structurally subordinated to the debt of Match's subsidiaries. The Notes are effectively subordinated to Match's secured debt, including debt under the Match Credit Agreement.

The Indenture contains certain covenants that restrict the ability of Match and its restricted subsidiaries to, among other things: (i) create liens on certain assets; (ii) incur additional debt; (iii) make certain investments and acquisitions; (iv) consolidate, merge, sell or otherwise dispose of all or substantially all of Match's assets; (v) sell certain assets; (vi) pay dividends on or make distributions in respect of Match's capital stock or make restricted payments; (vii) enter into certain transactions with affiliates and (viii) place restrictions on distributions from subsidiaries. At any time when the Notes are rated investment grade by both Moody's and Standard & Poor's and no default or event of default has occurred and is continuing under the Indenture, Match and its subsidiaries will not be subject to many of the foregoing covenants.

If an event of default (as defined in the Indenture) occurs and is continuing (other than specified events of bankruptcy or insolvency with respect to Match or a significant subsidiary), the trustee under the Indenture or the holders of at least 25% in principal amount of the outstanding Notes have the ability to declare all the outstanding Notes to be due and payable immediately. If an event of default relating to specified events of bankruptcy or insolvency with respect to Match occurs, all of the outstanding Notes become immediately due and payable without any declaration or other act on the part of the trustee under the Indenture or any holders of the Notes.
