Achieve Synergies of \$100 Million*

GREENWOOD VILLAGE, CO, and NASHVILLE, TN June 15, 2016 Envision Healthcare Holdings, Inc. (Envision) (NYSE:EVHC) and AMSURG Corp. (AMSURG) (NASDAQ:AMSG) today announced that they have signed a definitive merger agreement pursuant to which the companies will combine in an all-stock transaction at a fixed exchange ratio of 0.334 AMSURG shares per Envision share. The combined organization will have a pro forma market capitalization of approximately \$10 billion and enterprise value of approximately \$15 billion based on the closing stock prices of Envision and AMSURG on June 14, 2016. Envision shareholders will own approximately 53% percent and AMSURG shareholders will own approximately 47% percent of the combined organization on a fully diluted basis, including preferred shares. The transaction has been unanimously approved by the Boards of Directors of both companies.

Upon completion of the merger, which is expected to be tax-free to the shareholders of both organizations, the combined company will be named Envision Healthcare Corporation and co-headquartered in Nashville, Tennessee and Greenwood Village, Colorado. The Company's common stock is expected to trade on the New York Stock Exchange under the ticker symbol: EVHC.

The combination of Envision and AMSURG brings together two leading, complementary healthcare companies to form one of the nation's largest provider organizations, well positioned to help shape the future of healthcare delivery. Together, the companies manage a broad continuum of clinical network solutions, including outsourced physician services in the following specialties: emergency, hospitalist, anesthesia, radiology and children's services. In addition, the companies provide solutions for ambulatory surgery, post-acute care and medical transportation. The two companies had combined revenue of more than \$8.5 billion and Adjusted EBITDA of more than \$1.1 billion for the 12 months ended March 31, 2016.

Upon closing of the transaction, William A. Sanger, who serves currently as President, Chief Executive Officer and Chairman of the Board of Envision, will be Executive Chairman of the Board. Christopher A. Holden will be President and Chief Executive Officer of the combined company, the same positions he holds at AMSURG. Claire Gulmi, AMSURG's Chief Financial Officer, will retain that role at the combined company; Randy Owen, Envision's Chief Financial Officer and Chief Operating Officer, will serve as President of Ambulatory Services at the combined company; and Robert Coward, current President of Sheridan and Chief Development Officer of AMSURG, will serve as President of Physician services. The newly formed Board will consist of 14 directors, comprised of equal numbers of current Envision and AMSURG directors, including Mr. Sanger and Mr. Holden.

Mr. Sanger said, "At Envision, we have been actively advancing our integrated delivery and market-centric strategies while AMSURG has been diversifying and building its national presence. Our two organizations complement each other in a way few others could, and this merger will accelerate our collective ability to positively impact healthcare delivery across the country. We are excited for the future and look forward to the opportunity to combine the resources of Envision and AMSURG."

Mr. Holden added, "This merger will create a national platform with a highly differentiated suite of solutions. It will significantly increase our ability to empower physicians and expand our client relationships. Within a highly fragmented marketplace, we will have the critical first mover advantage to capitalize on the greenfield and cross-selling opportunities across our various offerings, and generate significant value for our shareholders."

Compelling Strategic and Financial Rationale

- **Compelling client proposition with differentiated service offerings:** The combined organization will have complementary strengths as a physician-led, patient-focused healthcare services organization with a broad national footprint. The Company will have a diversified business mix across verticals, geographies and clients, as well as significant cash-flow generation expected to be deployed for acquisitions, further driving growth while also reducing net leverage.
- **Meaningful synergy opportunities:** The combination is expected to result in \$100 million of synergies, anticipated to be fully realized within three years of closing. Synergies are expected to be derived through cost savings as well as meaningful revenue synergies from an enhanced portfolio and cross-selling opportunities.
