Item 1.01. Entry into a Material Definitive Agreement

As previously disclosed on the Current Report on Form 8-K filed by Silicon Laboratories Inc., a Delaware corporation, (Silicon Laboratories) on December 7, 2017, Silicon Laboratories, Seguin Merger Subsidiary, Inc., a California corporation and a wholly-owned subsidiary of Silicon Laboratories, and Sigma Designs, Inc., a California corporation, (Sigma Designs), entered into an Agreement and Plan of Merger on December 7, 2017, (the Merger Agreement and the transaction contemplated thereby the Merger) pursuant to which Sigma Designs would become a wholly-owned subsidiary of Silicon Laboratories. Sigma Designs provides solutions for the connected home including Z-Wave, a leading Internet of Things (IoT) technology for smart home solutions.

Under the terms of the Merger Agreement, Silicon Laboratories will acquire all of the outstanding capital stock of Sigma Designs in exchange for \$7.05 per share in a cash transaction valued at approximately \$282 million. This acquisition is subject to certain closing conditions. In the event that certain of such closing conditions are not met, the parties have agreed that Sigma Designs would instead sell its Z-Wave business to Silicon Laboratories for \$240 million, contingent upon approval by Sigma Designs stockholders (the Asset Purchase Transaction).

The consummation of the Merger is subject to certain other conditions, including: (a) the amendment or termination of certain contracts to which Sigma Designs is party, by January 22, 2018, (b) the sale or shutdown of Sigma Design s television and set-top boxes businesses, by December 14, 2017, and (c) Sigma Designs having at least \$40,000,000 in cash on certain specified dates (the Specified Conditions).

If on any day on or after January 23, 2018, one or more of the Specified Conditions is not satisfied (with the condition regarding Sigma Designs cash measured only as of January 23, 2018 and such later date on which all of the conditions to the Merger are satisfied or waived (other than the Specified Conditions and certain other conditions)), in lieu of consummating the Merger, the parties shall instead consummate the Asset Purchase Agreement, subject to certain conditions.

The Merger Agreement generally prohibits Sigma Designs solicitation of proposals relating to alternative business combination transactions and restricts Sigma Designs ability to furnish information to, or participate in any discussions or negotiations with, any third party with respect to any such transaction, subject to certain exceptions. The Merger Agreement provides that upon termination of the Merger Agreement under specified circumstances, Sigma Designs may be required to pay Silicon Laboratories a termination fee of \$11,500,000.

The foregoing description of the Merger Agreement does not purport to be complete and is qualified in its entirety by reference to the Merger Agreement, which is filed as Exhibit 2.1 hereto, and is incorporated into this report by reference.

Voting Agreement

Concurrently with the execution of the Merger Agreement, Silicon Laboratories entered into a voting agreement with all of Sigma Design s directors and executive officers (each a Voting Agreement) pursuant to which such persons have agreed to vote or cause to be voted all of the shares of Sigma Designs beneficially owned by such persons in favor of the Merger. The Voting Agreements will terminate upon certain specified events, including termination of the Merger Agreement. The foregoing description of the Voting Agreement and the transactions contemplated thereby does not purport to be complete and is subject to, and qualified in its entirety by reference to, the full text of the form of Voting Agreement, which is attached as Exhibit 99.1 and is incorporated herein by reference.

Non-GAAP Financial Measures

In addition to GAAP reporting, Silicon Laboratories provides investors with certain information on a non-GAAP basis, including anticipated accretion. This non-GAAP information excludes stock compensation, amortization of acquired intangible assets, non-cash interest expense on convertible notes, and certain other items.

Management does not believe that the excluded items are reflective of the Company's underlying performance. The exclusion of these and other similar items from Silicon Laboratories' non-GAAP presentation should not be interpreted as implying that these items are non-recurring, infrequent or unusual. Silicon Laboratories believes this non-GAAP financial information provides additional insight into the Company's on-going performance and has therefore chosen to provide this information to investors for a more consistent basis of comparison and to help them evaluate the results of the Company's on-going operations and enable more meaningful period to period comparisons. These non-GAAP measures are provided in addition to, and not as a substitute for, or superior to, measures of financial performance prepared in accordance with GAAP. Silicon Laboratories is not readily able to reconcile the projected accretion information provided herein to a GAAP calculation thereof because the information needed to complete a reconciliation is unavailable at this time without unreasonable effort.
