Item 1.01. Entry into a Material Definitive Agreement.

Public Offering

On June 19, 2018, Catabasis Pharmaceuticals, Inc. (the *Company*) entered into an underwriting agreement (the *Underwriting Agreement*) with Oppenheimer & Co. Inc. (the *Underwriter*), relating to the public offering (the *Offering*) of 42,000,000 common units (*Common Units*), with each Common Unit being comprised of one share of the *Company*'s common stock, par value \$0.001 per share, and one warrant to purchase one share of common stock (the *Common Warrants*).

The Common Warrants included in the Common Units will be immediately exercisable at a price of \$1.20 per share of common stock, subject to adjustment in certain circumstances, and will expire five years from the date of issuance. The shares of common stock were offered together with the Common Warrants, but the securities contained in the Common Units will be issued separately.

The offering price to the public is \$1.00 per Common Unit.

The Common Units will be issued pursuant to a registration statement on Form S-1 that was filed with the Securities and Exchange Commission (*SEC*) on June 4, 2018 and declared effective by the SEC on June 19, 2018 (File No. 333-225410) and an additional registration statement filed pursuant to Rule 462(b) (File No. 333-225734), which became effective when filed.

The closing of the Offering is subject to the satisfaction of customary closing conditions set forth in the Underwriting Agreement and is expected to occur on or about June 22, 2018. The Underwriting Agreement also contains representations, warranties, indemnification and other provisions customary for transactions of this nature. Pursuant to the Underwriting Agreement, the *Company* and its directors and officers agreed, subject to certain exceptions, not to offer, issue or sell any shares of common stock or securities convertible into or exercisable or exchangeable for shares of common stock for a period of ninety (90) days following June 19, 2018 without the prior written consent of the Underwriter.

The net proceeds to the *Company* from the Offering are expected to be approximately \$39.1 million, after deducting the underwriting discount and commissions and estimated offering expenses payable by the *Company*, and excluding any proceeds that may be received from exercise of the Common Warrants. The *Company* intends to use the net proceeds from the Offering to fund the *Company*'s planned Phase 3 clinical trial of edasalonexent for the treatment of Duchenne muscular dystrophy, as well as for working capital and general corporate purposes.

The foregoing descriptions of the Underwriting Agreement and the Common Warrants are not complete and are qualified in their entirety by reference to the full text of the Underwriting Agreement and the Common Warrant, copies of which are filed as Exhibit 1.1, and Exhibit 4.1 respectively, and incorporated by reference herein.
