Supplemental Disclosures to the Proxy Statement

This Current Report on Form 8-K discloses certain additional information relating to the proposed acquisition of Resolute Energy Corporation ( Resolute ) by Cimarex Energy Co. ( Cimarex ). Subject to the terms and conditions of the Agreement and Plan of Merger (the Merger Agreement ), dated as of November 18, 2018, by and among Resolute, Cimarex, CR Sub 1 Inc., a Delaware corporation and a direct wholly owned subsidiary of Cimarex ( Merger Sub 1 ), and CR Sub 2 LLC, a Delaware limited liability company and a direct wholly owned subsidiary of Cimarex ( Merger Sub 2 ), Merger Sub 1 will merge with and into Resolute, with Resolute continuing as the surviving corporation, and thereafter Resolute will merge with and into Merger Sub 2, with Merger Sub 2 continuing as the surviving company.

Resolute is making the following amended and supplemental disclosures (the Supplemental Disclosures ) to the definitive proxy statement on Schedule 14A filed by Resolute with the Securities and Exchange Commission (the SEC ) on January 30, 2019 (the Proxy Statement ). The Supplemental Disclosures should be read in conjunction with the Proxy Statement, which should be read in its entirety. Defined terms used but not defined herein have the meanings set forth in the Proxy Statement.

While Resolute believes that the disclosures set forth in the Proxy Statement comply fully with applicable law, to provide additional information to Resolute s stockholders, Resolute is making these Supplemental Disclosures. *The second bullet point on page 53 of the Proxy Statement is revised in its entirety:*

*Strategic Review Process.*

- The Resolute board considered that (i) although Resolute's intention to review and consider its strategic alternatives had been publicly announced on multiple occasions during the period from May 2018 through November 2018, and (ii) during the fall of 2018, Resolute engaged in an organized process to solicit indications of interest for a business combination with or acquisition of Resolute, including contacting a total of 13 industry participants and entering into non-disclosure agreements with four of such industry participants, no indications of interest or proposals ultimately were received from any company or entity other than Cimarex. None of the non-disclosure agreements entered into with potentially-interested transaction counterparties during 2018 contain restrictive language that would prevent the counterparty from privately seeking a waiver of any standstill provision thereunder or otherwise from making a private proposal to Resolute.

Production Update

Resolute's aggregate fourth quarter 2018 production averaged approximately 36,014 barrel of oil equivalent ( Boe ) per day and fourth quarter 2018 oil production averaged approximately 16,792 barrels of oil per day. Resolute's aggregate full year 2018 production averaged approximately 29,623 Boe per day. Oil and liquids accounted for 46% and 72% of aggregate full year 2018 production, respectively.

Based on information and data available to date, first quarter 2019 total equivalent production is anticipated to be essentially flat as compared to fourth quarter 2018 levels with slightly lower oil production, the result of a reduction in drilling and completion activity as Resolute prepares for a smooth transition of operations to Cimarex in anticipation of the merger scheduled to close on March 1, 2019.
