Innofone.com, Incorporated (the "Company") is incorporated under the laws of the State of Nevada. Effective October 15, 2001, the Company was acquired by Digital Micro Distribution Canada Incorporated ("DMD Canada") as further described in Note 1 to these financial statements. The Company, through its legal subsidiary DMD Canada that operates in Canada, is engaged in the refurbishment and distribution of computer and related equipment. The Company is not dependent on a single customer.

1. Basis of presentation:

(a) Business combination of the Company and DMD Canada:

On October 15, 2001, the directors of the Company approved a share exchange takeover bid whereby, on October 15, 2001 the Company acquired all of the outstanding shares of DMD Canada, a private company. Under the terms of the transaction, the shareholders of DMD

Edgar Filing: INNOFONE COM INC - Form 10QSB

Canada received 67,000,000 common shares of the Company. The result of this transaction is that the former shareholders of DMD Canada acquired 67% of the outstanding common shares of the Company on a fully diluted basis.

Accounting for the business combination:

As former shareholders of DMD Canada hold 67% of the outstanding shares of the Company subsequent to these transactions, the business combination of the two companies has been accounted for as a reverse takeover of the Company by DMD Canada.

Application of reverse takeover accounting results in the following:

- (i) The Consolidated financial statements of the combined entity are issued under the name of the legal parent (the Company) but are considered a continuation of the financial statements of the legal subsidiary (DMD Canada);
- (ii) As DMD Canada is deemed to be the acquirer for accounting purposes, its assets and liabilities are included in the Consolidated financial statements at their historical carrying values;
- (iii) Control of the net assets and operations of the Company is deemed to be acquired by DMD Canada. For purposes of this transaction, the deemed consideration is considered to be \$1. Since the book value of the liabilities of the Company exceeded the book value of the assets by \$1,414,047, this deficiency has been attributed to additional paid-in capital.

(b) Interim financial statements:

These unaudited interim consolidated financial statements should be read in conjunction with the Company's annual consolidated financial statements which were completed as of June 30, 2001 and with the audited financial statements of DMD Canada filed as at July 31, 2001. The comparative balance sheet as at June 30, 2001 represents the audited balance sheet prior to accounting for the effects of the reverse takeover involving DMD Canada. The statement of operations for the quarter ended and the six months ended March 31, 2002 together with the comparative figures represent the consolidation of the Company with its wholly owned subsidiary DMD Canada Inc. A consolidated statement of changes in financial position has not been

Edgar Filing: INNOFONE COM INC - Form 10QSB

prepared as management does not believe that it would add meaningful information. The statement of operations do not include the results of the company's previously wholly owned subsidiary Innofone Canada. In the opinion of management, the unaudited interim consolidated financial statements have been prepared on the same basis as the audited consolidated financial statements and include all adjustments (consisting only of normal recurring adjustments) necessary for the fair presentation of the results of such periods. The results of operations for the interim periods are not necessarily indicative of the results of operations for the full year.

2. Share Capital:

As described in note 1(a), DMD Canada is deemed for accounting purposes, to have acquired the Company effective October 15, 2001.

As at October 15, 2001, the authorized share capital of DMD Canada consisted of an unlimited number of common shares. The issued share capital of DMD Canada as at October 15, 2001 was \$1. These shares were issued for cash. The share capital of DMD Canada as at October 15, 2001 is shown as additional paid-in capital. The 67,000,000 common shares issued to effect the business combination on October 15, 2001 were \$67,000 based on their par value.

Overview

Innofone.com Inc. currently operates out of the offices of its subsidiary, DMD, at 4390 Paletta Court, Burlington, Ontario, Canada.

Edgar Filing: INNOFONE COM INC - Form 10QSB

Revenues

Revenues for the quarter ended March 31, 2002 decreased to \$112,438 from \$291,351 for the quarter ended March 31, 2001. The revenue decrease is due mostly to the reduction in current cash flow due to the costs related to the RTO and the events of September 11, 2001. The Company's working capital was greatly reduced due to the unexpectedly high costs related to the RTO. Because of the reduction in working capital, DMD's operating results have suffered. Management believes that revenues will increase if working capital can be adequately replenished.

Cost of Sales and Gross Margin

As a result of our decreased revenues, our cost of sales decreased to \$75,963 for the quarter end March 31, 2002, as compared to \$189,501 for the quarter ended March 31, 2001.

Our gross profit decreased to \$36,475 for the quarter ended March 31, 2002, from a gross profit of \$101,849 for the quarter ended March 31, 2001. Our gross profit as a percentage of sales for the quarter ended March 31 decreased slightly from 35.0% in 2001 to 32.4% in 2002.

Selling, General and Administrative Expenses

Our selling, general and administrative expenses for the quarter ended March 31, 2002 decreased to \$72,494, as compared to \$101,849 for the quarter ended March 31, 2001. Costs have been reduced due to the reduction in sales.

Amortization

Amortization expense consists of the depreciation of our capital assets. Amortization for the quarter ended March 31 remained relatively unchanged at \$8,136 for 2002, versus \$8,958 for 2001.

Interest on Long-Term Debt and Bank Charges

Interest on long-term debt and bank charges includes interest on long-term debt, interest charged on overdue accounts payable, and bank charges. Interest on Long Term Debt and Bank Charges dropped for the quarter ended March 31, 2002 to \$5,274, versus \$6,148 for the quarter ended March 31, 2001. This was due to the reduction in bank borrowing.

-3-

Net Profit

Due to a write-back of debt payable to former Company officers and directors, our net profit increased to \$264,436 for the quarter ended March 31, 2002, as compared to \$26,875 for the quarter ended March 31, 2001. This report of profit is not through regular operations, and has been noted as "other

Edgar Filing: INNOFONE COM INC - Form 10QSB

income" as disclosed in Note 5 to the Company's financial statements for the March 31, 2002 quarter, attached.

Liquidity and Capital Resources

Since our inception, we have financed our operations primarily through retained earnings. All expenses relating to the RTO in Q1, Q2, and Q3 of the current fiscal year (ending June 30, 2002) were paid out through current operations and cash flow. During the quarter ended March 31, 2002, the Company spent \$6,005, and a total of \$120,326 for the nine months ended March 31, 2002, in professional and legal fees relating to the RTO.

Management has been actively seeking to refinance the Company, but has not been able to do so. Management believes that the Company will not be able to refinance itself until the holders of convertible notes payable for \$150,000 and \$500,000 convert their debt into shares of the Company's capital stock pursuant to the terms of those notes. Both parties are being represented by a former director of the Company. An agreement exists to execute the conversion on or about October 12, 2002. Management believes that the liquidity of the Company has been adversely impacted due to this issue.

Litigation

The Business Development Bank of Canada named DMD as a defendant in an action brought in the Ontario Provincial Court for approximately \$50,000 (Canadian dollars). The claim is over disputed consulting fees, and management has filed a statement of defense for DMD in this action. Innofone.com, Inc. was not named in this action.

DMD was named as co-defendant in an action brought in the Ontario Provincial Court by Unique Restorations Ltd. for approximately \$300,000 (Canadian dollars). The claim relates to a financing arrangement with an Alberta company that did not mature. DMD has denied liability, and has filed a statement of defense. Management is considering filing a counter-suit on behalf of DMD against the plaintiff and a co-defendant. Innofone.com, Inc. was not named in this action.

-4-

Innofone.com, Inc. defaulted on a negotiated settlement for \$10,000 of a \$22,000 debt, incurred in 1999, with Global Financial PressLtd.'s bankruptcy trustees. The Company is negotiating a new settlement for \$12,500, and as of the date of this report, has placed \$10,000 in escrow in order to clear this account.

Balance Sheet Liabilities

Management is actively seeking to have all outstanding convertible debt converted into Company common stock. E-Phone and the holder of a \$150,000 note payable agreed to convert their outstanding debt upon completion of the RTO. To date, neither party has converted its debt, and Management is actively negotiating with the parties to have them converted as agreed.

Edgar Filing: INNOFONE COM INC - Form 10QSB

Subsequent events

The Company received a purchase order, dated April 28, 2002, from a Belgian-based company for the purchase of approximately \$200,000 in computer equipment. The Company is having difficulty finding trade financing with which to complete this transaction.
