Edgar Filing: INNOFONE COM INC - Form 10QSB

Innofone.com, Incorporated (the "Company") is incorporated under the laws of the State of Nevada. Effective October 15, 2001, the Company acquired Digital Micro Distribution Canada Inc. ("DMD Canada") which operated in Canada as a reseller of used computer related products. DMD Canada, the Company's legal subsidiary was sold pursuant to an agreement of purchase and sale dated June 11, 2002. The Company is currently working on a strategy to raise capital in order to survive.

1. Basis of presentation:

(a) Going concern Issue:

The Company currently has a going concern issue as there are insufficient assets or prospective cash flows to fund its liabilities. The effect of this on the Company being able to meet its current or future obligations cannot be determined.

(b) Bulletin Board Listing:

In January 2001, the Company completed a Registration Statement that has been filed with the United States Securities and Exchange Commission in order for the Company's shares to be eligible for trading in the United States on the NASD over-the-counter Bulletin Board.

(c) Acquisition and Disposition of Digital Micro Distribution Canada Inc.:

On October 15, 2001, the directors of the Company approved a share exchange takeover bid whereby, all of the common shares of Digital Micro Distribution Canada Inc. ("DMD Canada") were acquired in exchange for 67,000,000 shares of its common stock. The exchanged shares would be "restricted securities" as defined under Rule 144(A) under the Securities Act of 1993, as amended. The result of this transaction is that the former shareholders of DMD Canada would hold 67% of the outstanding common shares of the Company.

Pursuant to an agreement dated June 11, 2002 between the Company and 908651 Alberta Ltd. operating as Qvest Management Group ("Qvest"), the Company disposed of its interest in DMD Canada in exchange for 1,750,000 shares of Qvest. This investment represents approximately a 13.5% interest in Qvest. Qvest has undertaken to amalgamate with another public company by reverse takeover within 6 months upon meeting the criteria for a qualifying transaction for a company with approval from the TSX Venture Exchange. The value of the Company's investment in Qvest has been recorded at the approximate book value of DMD Canada as at the date of the transaction.

Overview

Innofone.com Inc. currently operates out of the offices of 3470 Olney-Laytonsville Rd Olney, MD 2082.

Edgar Filing: INNOFONE COM INC - Form 10QSB

The Company currently does not have sufficient funds with which to sustain its operations. The company plans to issue restricted 144 stock to try and raise operating capital for the company. There is no assurance that this can be done. There is little chance that the company will receive a dividend from the bankruptcy of its previously owned subsidiary, Innohone Canada.

The Company is currently reviewing and implementing new disclosure controls and procedures to ensure that they fully comply with the new Securities Exchange Act Rules 13a-15 and 15d-15.

- (a) Plan of Operations
- (b) Acquisitions
- (c) Future

The company plans to look for new acquisitions and will not invest or operate any current or previously owned subsidiaries.

The company plans to relocate to Maryland and may change it's offices again if the company is successful in finding a new acquisition.

The Company currently has a going concern issue, as there are insufficient assets or prospective cash flows to fund its liabilities. While the Company is hopeful that it can raise money through the sale of stock, there are no assurances that this can be achieved, it cannot be determined if the company will be able to meet its current or future obligations.

Due to the going concern issues and lack of sufficient operating funds, the new Board is currently funding operations.

(b) Results of Operations

As reflected in the company's statement of operations the company has recorded no sales for the year and the comparative information has been deleted due to the disposition of DMD Canada. The company does not currently conduct any operations.

The company has been increasing its trade debts since year-end June 30th 2002 and is currently not paying any wages. The current officers and directors are covering all expenses of the company via short-term loans and advances. The company has paid for consulting and legal expenses with the issuance of common shares and will continue to do so. The services include the preparation of company filings, the search of acquisition targets and legal expenses.

Liquidity and Capital Resources

As previously mentioned, the company has a going concern issue, as there are insufficient assets or prospective cash flows to fund its liabilities. The effect of this on the company is grave and the future of the company is in great peril.

PART II- OTHER INFORMATION.

Item 1. Legal Proceedings.

There are currently no legal proceedings against the company at this time.

Item 2. Change in Securities.

The company issued an additional Ten Million Eight Hundred Fifty Seven Thousand Eight Hundred and Twenty Six Common Shares as per a debt conversion. No additional shares were issued during the quarter ended December 31, 2002.

Item 3. Defaults Upon Senior Securities.

There was no material default in payments of any Senior Securities.

Item 4. Submission of Matters to a Vote of Security Holders.

There were no matters requiring a vote of security holders during this period.

Item 5. Other Information.

Subsequent event, the company entered into a non-binding letter of intent with Universal Life Holding Corporation (Universal) in October 2002. Under the terms of the agreement, the Company will acquire approximately 5,500,000 shares of common stock of Universal in exchange for 130,000,000 common stock of Innofone.com Inc. If a definitive agreement were reached, this action would effectively change the control of the Company. The companies have agreed to cancel this agreement and are looking at future opportunities together. There is no assurance that any thing will be consummated.

The Company authorize the sale of a controlling interest in it's newly formed subsidiary, Compubec, in order to for Compubec to raise the required investment capital it needed to survive, and as set by the government of Quebec and its agencies. Due to the past and current trading price of the companies' common stock, the sale of a convertible note, or the sale of securities is and unfavorable to shareholders at this time. In addition no accredited investor was willing to help fund the company to provide the needed funds for this subsidiary.

Resignation of a former officer and director occurred in November of 2002 without dispute. A new Board was app le the vacancies. Mr. Frederic Richardson has accepted the position of Chairman and President. Ed Huyta has accepted the position of Director and Treasurer and Richard Swartzman has accepted the position of Secretary and Director. Mr. Jamie Lobo is still our CFO.
