PROXY STATEMENT
ANNUAL MEETING OF SHAREHOLDERS
APRIL 19, 2006

SOLICITATION

The proxy accompanying this statement is solicited by and on behalf of the board of directors of First Citizens Bancshares, Inc. (the "Company" or "Holding Company") for use at the Annual Meeting of Shareholders to be held April 19, 2006 and any adjournment thereof. The time and place of the meeting is set forth in the accompanying Notice of Meeting.

Edgar Filing: FIRST CITIZENS BANCSHARES INC /TN/ - Form DEF 14A

The expense of preparing, assembling, printing and mailing the proxy statement and materials used in the solicitation of proxies for the meeting will be borne by the Company. It is contemplated that proxies will be solicited principally through use of the mail, but officers, directors and employees of the Holding Company and its subsidiary, First Citizens National Bank (the "Bank") may solicit proxies personally or by telephone, without receiving special compensation therefor. Brokers, custodians, and other like parties will be requested to send Proxy material to beneficial owners of stock and will be reimbursed for reasonable expenses. It is anticipated that this proxy statement and accompanying proxy will be mailed to shareholders on or about March 15, 2006.

All proxies in the accompanying form, which are properly executed and returned to management, will be voted in accordance with directions given therein. Any proxy delivered pursuant to this solicitation is revocable, at the option of the person executing same, at any time before it is exercised, by written notice delivered to Judy Long, Secretary of First Citizens Bancshares, Inc. Powers of proxy holders will be suspended if the person executing the proxy is present at the meeting and elects to vote in person by advising the Chairman of the Meeting of his/her election to vote in person.

If no instructions are specified in your proxy with respect to the election of directors or other matters addressed herein, the shares represented by your executed proxy will be voted "for" the nominees for election as directors and "for" the approval of Alexander Thompson Arnold PLLC to serve as the company's auditors for the year ending December 31, 2006. If any other business is properly presented at the meeting, the proxy will be voted in accordance with recommendations of the company's board of directors.

VOTING SECURITIES

At the close of business February 28, 2006, there were 3,717,593 shares of Common Capital Stock of the Holding Company outstanding and entitled to vote, as the sole class of voting securities. On any matter submitted to a vote of the shareholders, each holder of the Holding Company's common stock will be entitled to one vote, in person or by proxy, for each share of common stock he or she held of record on the books of the Holding Company as of February 14, 2006 (the "Record Date"). Holders of common stock possess full voting rights for the election of directors and for all other purposes. In connection with the election of directors, shares may be voted cumulatively if a shareholder present at the meeting gives notice at the meeting prior to the voting for election of directors, of his or her intention to vote cumulatively. If any shareholder of the Company gives such notice, then all shareholders eligible to vote will be entitled to cumulate their shares in voting for the election of directors. Cumulative voting allows a shareholder to cast a number of votes equal to the number of shares held in his or her name as of the Record Date, multiplied by the number of directors to be elected. These votes may be cast for any one nominee, or may be distributed among as many nominees as the shareholder sees fit. If cumulative voting is declared at the meeting, votes represented by proxies delivered pursuant to this proxy statement may be cumulated at the discretion of the proxy holder, in accordance with management's recommendation.

Executive Committee			

The **Executive Committee** is appointed by the Board to act on its behalf when the Board is unable to act as a whole. It is the responsibility of the Executive Committee to review certain loan applications in accordance with loan policy; make recommendations to the Board on issues affecting the operations of the Bank and counsel management on matters presented for committee consideration. The Executive Committee also serves as the Investment Committee. The committee meets as necessary and twenty meetings were held in 2005.

Audit/Risk Management Committee

The functions of the **Audit/Risk Management Committee** are outlined in the Audit Committee Charter as approved by the Board of Directors annually. A copy of The Audit Committee Charter can be accessed on the bank's website address firstcitizens-bank.com.

On April 14, 2005, the Board appointed members of the Audit committee for the coming year. All members of the Audit Committee are independent within the guidelines of 12 CFR 363. Criteria and determination of independence of each committee member is specifically outlined in the Audit Committee Charter. The Audit Committee requires that members be financially literate. However, the committee does not have a financial expert as defined by SEC guidelines. The Board of Directors does not have an independent member who fits the SEC definition of "financial expert."

Audit/Risk Management Committee Report

The Audit/Risk Management Committee Charter specifies the committee will assist the Board of Directors in fulfilling its oversight responsibilities for the financial reporting process, the system of internal control, the audit process, and the process for monitoring compliance with laws and regulations and the code of conduct. In carrying out these responsibilities, the Committee, among other things:

- Monitors preparation of quarterly and annual financial statements by management.
- Supervises the relationship between management and its independent auditors, including: having direct responsibility for their appointment, compensation, and retention; reviewing the scope of their audit services; approving non-audit services; and confirming the independence of the independent auditors.
- Oversees management's implementation and maintenance of effective systems of internal control including continuous review of the internal audit program, reviewing staffing levels and steps taken to implement recommended improvements in internal procedures and controls.

The Committee held five meetings in 2005. The Committee strategically schedules its meetings in order to effectively carry out all responsibilities assigned them by the Board of Directors. The Committee's meetings include, whenever appropriate, executive sessions with the independent auditors and the Senior Internal Auditor, in each case without the presence of the Company's management.

The Committee in fourth quarter 2005 was given added responsibility of risk management oversight beginning in 2006 as recommended by Corporate Governance Committee.

The internal audit department assists the Committee in the effective discharge of their responsibilities by developing and maintaining a comprehensive program of audit coverage sufficient to assure that bank resources are adequately controlled and safeguarded from loss. Audit coverage consists of monitoring safety and soundness, monitoring compliance with applicable laws and regulations, and an ongoing comprehensive review of the loan portfolio. The committee monitors the effectiveness of the internal audit function through consistent reporting of all internal audits, report findings and management responses. the Audit Committee evaluates and approves such activity making recommendations as needed.

As part of its oversight of the financial statements, the Committee reviews and discusses with both management and the independent auditors all annual and quarterly financial statements prior to their issuance. During 2005, management advised the Committee that each set of financial statements reviewed had been prepared in accordance with generally accepted accounting principles, and reviewed significant accounting and disclosure issues with the Committee. These reviews included discussion with the independent auditors of matters required to be discussed pursuant to Statement on Auditing Standards No. 61 (Communication with the Audit Committee), including the quality of the Company's accounting principles, the reasonableness of significant judgments and clarity of disclosures in the financial statements, and with or without management present, discussed and reviewed results of the independent auditors examination of the Company's financial statements. The committee has also discussed with the independent auditors their evaluation of the Company's internal controls, and the overall quality of the Company's financial reporting. The Committee also discussed with the independent auditors matters relating to their independence, including a review of audit and non-audit fees and the written disclosures from the independent auditors to the Committee pursuant to Independence Standards Board Standard No. 1 (Independent Discussions with Audit Committees).

Based upon results of the discussions and action described above, in reliance upon management and the independent auditors and subject to the limitations of its role, the Audit and Risk Committee has in previous years recommended to the Board that the Company's financial statements be included in its annual report on Form 10K for filing with the Securities and Exchange Commission. The Committee has also recommended in previous years the reappointment, subject to shareholder approval, of the independent auditors.

CORPORATE GOVERNANCE/NOMINATING/COMPENSATION COMMITTEE

The Corporate Governance Committee formed April 2004 consists of five independent directors (as determined using the consideration stated in 12 CFR 363) identified in the committee membership table contained herein. The committee shall consist of no fewer than five members of the Board of Directors. The Board may at any time and with complete discretion remove any member and may fill any vacancy in the Committee. The Corporate Governance/Nominating/Compensation Committee was appointed by the Board of Directors of First Citizens National Bank in April 2004. Seven meetings were held during 2005. Meetings are scheduled quarterly and at such times as meetings are called. The Committee has complete authority and resources to select, approve and retain advisors to assist the Committee in carrying out assigned duties without seeking prior approval of the Board or management. The Committee's purpose is to assist the Board in promoting the best interests of the Corporations and its shareholders through the implementation of sound corporate governance principles and practices, review qualifications and independence of members of the Board and its various committees on a periodic basis and make recommendations the members may deem appropriate from time to time concerning any recommended changes in the composition of the Board and its committees; recommend to the Board the Corporate Governance guidelines and standards regarding the independence of outside directors applicable to the Corporation and review such guidelines and standards and the provisions of the Charter on a periodic basis to confirm that such guidelines, standards and the Charter remain consistent with sound corporate governance practices; monitor the Board's and the Corporation's compliance with any commitments made to the Corporation's regulators or otherwise regarding changes in corporate governance practices; and leading the Board in its annual review of the Board's performance.

The Corporate Governance Committee is responsible for reviewing with the Board, on a periodic basis, the appropriate skills and characteristics required of Board members in the context of the current make-up of the Board. This assessment includes issues such as independence, age, diversity, skills such as understanding the financial services industry, general business knowledge and experience, all in the context of an assessment of the perceived needs of the Board at that point in time. Each Board member is expected to ensure that existing and planned future commitments do not materially interfere with the member's service as a fully contributing Director of the Company.

First Citizens shall have a majority of independent Directors. At least once each year, the Board will review any and all relationships that exist with a Director and his/her related interests for the purpose of determining whether the Director is independent. This information shall be initially reviewed by the Governance Committee or, in the case of members of the Governance Committee, the Board. It is the policy of the Board that a Director is presumed to be independent unless the Director (or their immediate family members) (i) is/was a current/former employee/executive of the Corporation during the last three (3) years; (ii) is/was a current/former employee/partner of the Corporation's current or former independent auditors during the last three (3) years; (iii) is an owner, partner, employee, director of an entity with material relationships (makes payments to, or receives payments from the Company which exceed the greater of \$1 million, or 2% of the entity's gross revenues) with the Corporation, either as a vendor or customer, except in situations where revenues are generated as a result of a competitive bid process in which the business relationship is determined to be in the best interest of the Corporation; and (iv) receives more than \$100,000 per year in direct compensation from the Corporation other than director and related fees.

The Board shall broadly consider all relevant facts and circumstances when making a determination of independence. The Board shall consider the issue not merely from the standpoint of a Director, but also from that of persons or organizations with which the Director has an affiliation. An independent Director should be free of any relationship with First Citizens or its management that may impair the Director's ability to make independent judgments. Particular attention will be paid to whether a Director is independent from management and to any credit relationships that may exist with a Director or a related interest.

Nominating Committee: Directors serving as the Corporate Governance Committee shall also serve as the Nominating Committee. This Committee will assist the Board in identifying individuals qualified to become directors and recommending to the Board of Directors nominees for the next annual meeting of shareholders.

The Committee has responsibility for the selection and composition of the Board and in fulfilling that commitment, seeks members from diverse professional backgrounds who combine a broad spectrum of experience and expertise with a reputation for integrity. The process for Nominees to be proposed for election to the Board of Directors of the Company other than those made by the existing Board of Directors is discussed in detail in the section titled "Proposals By Security Holders/Director Selection."

Compensation Committee Interlocks and Insider Participation

The Compensation Committee consists of the five directors identified in the committee membership table. Directors serving as the Corporate Governance Committee shall also serve the Company as the Compensation Committee. No member of this committee is an officer of the Company, the Bank or any of its subsidiaries and all are considered independent based on guidelines of 12 CFR 363. The Committee considered compensation issues in two meetings during 2005. No member of the Compensation Committee serves on the compensation committee of other

publicly held companies.

The purpose of the Committee is to discharge the Board's responsibilities relating to compensation of the Company's executive officers. The Committee has overall responsibility for evaluating and approving executive officer's benefits, bonus, incentive compensation, severance, equity-based or other compensation plans, as well as compensation policies and programs of the Company.

The Compensation Committee hereby presents the following report summarizing 2005 compensation policies applicable to executive officers of the Company.

Executive Officer Compensation - Pay Philosophy

The compensation programs of the Bank are designed to align compensation with business objectives and performance, and to enable the Bank to attract, retain and reward executives who contribute to success of the company. In order to link pay to performance, the Bank provides an executive compensation program that includes base pay, annual incentive bonuses and retirement benefits through contributions to an Employee Stock Ownership and 401-K plans. In addition, all executives are provided permanent life insurance.

Base Salary

Base salary is set annually based on job-related experience, individual performance and pay levels of similar positions at peer institutions. A comparison of peer salary levels for specific positions is accomplished through utilization of annual salary surveys conducted by the American Bankers Association, Tennessee Bankers Association and Bank Administrative Institute in banks of similar asset size. Base salaries for new executive officers are initially determined by evaluating responsibilities of the position, experience of the individual and reference to the competitive marketplace for experienced executive talent in the financial services industry.

Incentive Compensation Plan

The Chief Executive Officer and other executive officers are eligible for cash bonuses. The senior management incentive plan provides bonus compensation based on corporate, business unit and individual performance. The level of compensation for executive officers is based on return on equity with a minimum qualifying pre-bonus ROE of 13.34 percent. Once an incentive level is determined, 25 percent of each individual's total incentive is based on meeting specific personal business development goals.

Executive Employment Contracts

Executive employment agreements are currently in effect for Stallings Lipford, Katie S. Winchester, Barry T. Ladd, Ralph E. Henson, Jeffrey Agee, and Judy Long. The agreements provide for terms of employment and compensation and benefits in the event of termination by "action of the Company" or "change in control". A "change in control", as defined in the agreement, is deemed to occur if any person, firm or corporation obtains "control" of the Company through the acquisition, directly or indirectly, by any person or group of persons of shares in the Bank or the Company which, when added to any other shares, the beneficial ownership of which is held by such acquire(s), shall result in ownership by any person(s) of ten percent (10%) of such stock or which would require prior notification under any federal or state banking law or regulation; or the occurrence of any merger, consolidation or reorganization of the Bank to which the Bank or the Company is not a surviving entity, or the sale of all or substantially all of the assets of the Bank or the Company.

In the event of the officer's termination caused by "action of the Company" not for cause of a "change in control" or in the event the officer's termination is caused by a "change in control", the officer shall be entitled to receive severance pay within 30 days following the date of termination, an amount equal to two times compensation paid in the preceding calendar year, or scheduled to be paid to the executive during the year of the notice of termination, whichever is greater, plus an additional amount sufficient to pay United States income tax on the salary amount so paid under this agreement.

The executive employment agreement in effect for Chairman Emeritus Stallings Lipford provides for terms and conditions of part-time employment. Mr. Lipford, on an annual basis and at the direction of the Board, devotes such time to affairs of the Company as deemed appropriate in light of circumstances then existing. During 2005 Mr. Lipford continued to serve as Chairman of the Executive Committee. In addition, Mr. Lipford shall serve as a member of the Board of Directors of the Company during the term of his employment for so long as Shareholders of the Company elect him to such Board.

An Employment Agreement also exists between First Citizens National Bank and John S. Bomar, Regional President and CEO for the Southwest Region. The agreement states terms and conditions of employment and establishes guidelines for compensation. Mr. Bomar's contract expires on May 31, 2006 and will be renegotiated at that time to provide for ongoing employment on a part-time basis.

Executive Management Life Insurance Plans

Edgar Filing: FIRST CITIZENS BANCSHARES INC /TN/ - Form DEF 14A

Executive Management Life Insurance Plans provided for in Executive Employment Agreements adopted by the Company in April 1993 were replaced in 2004 by a "Salary Continuation, Death Benefit Only" plan. The Sarbanes-Oxley Act and new rulings by the Internal Revenue Service eliminated benefits of Split Dollar Policies by creating significant income tax liability for insured officers. This benefit is available to the following Executive Officers: Chairman, Chief Executive Officer, Executive Vice President (Named successor to President), Chief Operations Officer, Chief Administrative Officer, and Chief Credit Officer.

The Board approved continuing coverage for affected officers at comparable after tax levels that existed under the Split Dollar Plan. The revised benefit provides coverage under a Death Benefit Only Salary Continuation Plan supported by bank owned life insurance policies. This will require the bank to pay premiums for an extended period of time while retaining the right to collect a portion of death proceeds as partial reimbursement for past and future premiums paid. The remaining portion of premiums paid would be recovered through tax savings realized when tax-free life insurance proceeds are utilized to fund a tax-deductible expense as salary continuation benefits are paid to beneficiaries. Annual premiums necessary to fund the Salary Continuation Plan total \$140,500.

2005 Compensation for the Chief Executive Officer

The same philosophies used in determining compensation for executive officers of the Bank are used in determining compensation for the Chief Executive Officer. The Compensation Committee establishes compensation of the Chief Executive Officer based on the achievement of specific financial and non-financial objectives. No specific weighting or formula is used to determine the Chief Executive Officer's level of compensation. The committee considers compensation for Chief Executive Officers of peer financial institutions as reflected in annual salary surveys of the American Bankers Association, Tennessee Bankers Association and Bank Administration Institute.

Base Salary

Katie S. Winchester has served as Chief Executive Officer for the Company and the Bank since 1996. The Chief Executive Officer's base salary has been reviewed and set by the Compensation Committee since 1996. The committee increased Mrs. Winchester's base salary to \$251,542 in 2005 from \$239,564 in 2004, which represents a 5.00% increase. This level of base salary is in line with base salaries of other Chief Executive Officer's serving peer institutions having total assets between \$500 million and \$1 billion.

Annual Bonus

The annual bonus of the Chief Executive Officer is determined based on a pre-defined bonus plan approved by the Corporate Governance Committee. The 2005 annual bonus as reported herein was based on the achievement of corporate financial goals, personal business development goals, and a pre-bonus return on equity of not less than 13.34%.

COMPENSATION OF DIRECTORS AND EXECUTIVE OFFICERS

Director fees are established by the Board on an annual basis. Directors who are executive officers of the Bank or any of its subsidiaries receive fees for service on the Board, but do not receive additional compensation for service on a board committee. Fees paid to directors in 2005 for serving on the board were set at \$500 per meeting for each director and advanced on a per meeting attended basis. In 2005 an annual retainer fee of \$3,000 per director was paid for services on the Board of the Company. In addition, annual Board fees were paid in the amount of \$3,000 to Katie Winchester, John S. Bomar and Jeff Agee for service on the Board of the Southwest Region. The Southwest Region Advisory Board operates with additional powers not normally assigned to Advisory Boards by action of the Corporate Board of the Company. Added responsibilities include loan approvals and related issues specific to customers in the Southwest Markets.

Additional amounts are paid annually for service on various committees as follows:
