Role and Composition of the Board of Directors

General. The Board, which is elected by the stockholders, is the ultimate decision-making body of Merge Healthcare, except with respect to those matters reserved to the stockholders. It selects the Chief Executive Officer and other members of the senior management team, which senior management team is charged with the conduct of Merge Healthcare’s business. Having selected the senior management team, the Board acts as an advisor and counselor to senior management and ultimately monitors its performance. The function of the Board to monitor the performance of senior management is facilitated by the presence of outside Directors of stature who have substantive knowledge of Merge Healthcare’s business and other significant management experience.

Our business, property and affairs are managed under the direction of our Board. Members of our Board are kept informed of our business through discussions with our Chairman, our Chief Executive Officer and other officers, by reviewing materials provided to them, by visiting our offices and by participating in meetings of the Board and its committees.

All Board members standing for election are expected to attend our Annual Meeting of Stockholders, unless an emergency prevents them from doing so. At our 2014 annual meeting, all except one (1) of our Directors standing for reelection attended.

In 2014, the Board met thirteen (13) times and had four (4) Committees: the Audit Committee, the Compensation Committee, the Executive Committee and the Nominating and Governance Committee. All of the Directors, except Matthew M. Maloney, attended at least seventy five percent (75%) of the aggregate number of meetings of the Board and all committees on which they served in 2014.

It is the general policy of Merge Healthcare that all major decisions be considered by the Board as a whole. As a consequence, the committee structure of the Board is limited to those committees considered to be basic to, or required for, the operation of a publicly owned company. Currently, these committees are the Audit Committee, the Compensation Committee, the Executive Committee and the Nominating and Governance Committee.

Selection Criteria. Although neither the Nominating and Governance Committee nor the Board has a formal diversity policy, the Board is committed to a diverse membership, in terms of both the individuals involved and their various experiences and areas of expertise. The Nominating and Governance Committee has not established specific minimum age, education, and years of business experience or specific types of skills for potential director candidates, but, in general, expects qualified candidates will have a proven record of business leadership and experience. Candidates are selected by the Nominating and Governance Committee for, among other things, their integrity,

independence, diversity of experience, leadership and their ability to exercise sound judgment. Final approval of a Director candidate is determined by the full Board. The Nominating and Governance Committee considers candidates suggested by our stockholders for election as a Director. For Director recommendations, a stockholder must have given timely notice thereof in writing to the Secretary of the Company. To be timely, a stockholder's notice shall be received by the Corporate Secretary of the Company at the principal executive offices of the Company not less than sixty (60) days nor more than ninety (90) days prior to the first anniversary of the date of the prior year's annual meeting and comply with the procedures set forth in the Company's Bylaws. Stockholder nominees whose nominations comply with these procedures will be evaluated by the Nominating and Governance Committee in the same manner as the Nominating and Governance Committee's nominees.

Director Compensation. The Nominating and Governance Committee makes recommendations, as it deems necessary, to the Board regarding the compensation of Directors and the independent members of the Board approve the compensation of Directors.

Executive Sessions. Executive sessions or meetings of outside Directors without management present are held at the Board's discretion and consistent with The NASDAQ Global Select Market Rules. Meetings of outside Directors were facilitated by our Audit Committee. In 2014, our Audit Committee held six (6) executive sessions of outside Directors without management present during 2014.

Board Leadership Structure and Risk Oversight

We separate the roles of Chief Executive Officer and Chairman of the Board of Directors in recognition of the differences between the two roles. Our Chief Executive Officer and President is responsible for setting the strategic direction for the Company and the day to day leadership and performance of the Company, while the Chairman of the Board of Directors provides guidance to the Chief Executive Officer and President and sets the agenda for Board meetings and presides over meetings of the full Board. We also believe that separation of the positions reinforces the independence of the Board in its oversight of the business and affairs of the Company, and creates an environment that is more conducive to objective evaluation and oversight of management's performance, increasing management accountability and improving the ability of the Board to monitor whether management's actions are in the best interests of the Company and its stockholders. In light of this governance structure, which differs from many of our peers, we do not have a lead independent director at this time.

The Board's role in the Company's risk oversight process includes receiving regular reports from members of senior management on areas of material risk to the Company, including operational, financial, legal and regulatory risks, as well as strategic and reputational risks. The full Board (or the appropriate committee in the case of risks that are the responsibility of a particular committee) receives these reports to enable it to understand our risk identification, risk management and risk mitigation strategies. The Company's Compensation Committee is responsible for overseeing the management of risks relating to the Company's executive compensation plans and arrangements. The Audit Committee oversees management of financial risks. The Nominating and Governance Committee manages risks associated with the independence of the Board and its committees and potential conflicts of interest between the Company and any related party. While each committee is responsible for evaluating certain risks and overseeing the management of such risks, the entire Board is regularly informed of such risks through committee reports at the Board meeting following a given Committee meeting and other written materials as provided from time to time. This process enables the Board and its committees to coordinate the risk oversight role, particularly with respect to risk interrelationships.

In addition to the Company's formal compliance program, the Board encourages management to promote a corporate culture that understands risk management and incorporates it into the overall corporate strategy and day to day business operations. The Company's risk management structure also includes an ongoing effort to assess and analyze the most likely areas of future risk for the Company. The Board (and its committees) periodically asks the Company's executives to discuss the most likely sources of material future risks and how the Company is addressing any significant potential vulnerability. The Company's management has reviewed its compensation policies and practices for its employees and does not believe such policies and practices are reasonably likely to have a material adverse effect on the Company. In reaching this conclusion, the Company considered, among other things: the design elements of the Company's compensation programs and policies; the mix of cash and equity payouts; the balance of incentive compensation to encourage both short-term performance and long-term value creation; the combination of performance and time vesting requirements used by the Company's incentive plans; the use of financial performance metrics that are readily monitored and reviewed; incorporation of both operational and financial goals and individual performance; capped payout levels for both annual cash incentives and long-term incentive awards; multiple levels of review and approval of awards; and the Company's internal risk review and assessment processes.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our executive officers, directors, and persons who own more than ten percent (10%) of a registered class of our equity securities, to file initial statements of beneficial ownership (Form 3), and statements of changes in beneficial ownership (Forms 4 or 5). The Commission requires executive officers, directors and greater than ten percent (10%) stockholders to furnish us with copies of all these forms filed with the Commission.

To our knowledge, based solely upon our review of the copies of these forms received by us, or written representations from certain reporting persons that no additional forms were required for those persons, we believe that all of our executive officers, directors and greater than ten percent (10%) stockholders complied with their reporting obligations during 2014.

Item 11. Executive Compensation

COMPENSATION DISCUSSION AND ANALYSIS

INTRODUCTION

This Compensation Discussion and Analysis describes our executive compensation program for 2014. We use this program to attract, motivate, and retain exemplary executive officers whom the Board has selected to lead our business.

This section of the Form 10-K/A explains how the Compensation Committee made its compensation decisions for our officers. We regularly review the functions and responsibilities of our various employees to determine whether such person is an individual in charge of a principal business unit, division or function, or otherwise performs a policy making function, pursuant to Rule 3b-7 under the Exchange Act. As part of this regular review process, we analyzed the roles of our various executive officers in early 2015. Based on this review, we determined that Steven F. Tolle, Chief Strategy Officer, no longer qualified as an executive officer. However, because Mr. Tolle was an executive officer for the 2014 fiscal year, he qualified, along with Mr. Dearborn, Ms. Koenig, Mr. Oreskovich and Ms. Wells, who are referenced above under “Executive Officers” above, as our Named Executive Officers for the 2014 fiscal year.

PHILOSOPHY AND GOALS OF OUR EXECUTIVE COMPENSATION

Compensation Philosophy

We maintain a compensation philosophy of “pay for performance.” To achieve our “pay for performance” philosophy, the Compensation Committee, in consultation with the Board, has considered what our compensation programs should achieve. The primary objectives of our executive compensation policies include goals of:

attracting and retaining talented executives by providing compensation that generally aligns with the compensation provided to executives at public companies of comparable size and with a similar growth trajectory in the health care information technology industry, while maintaining compensation at levels that reflects our annual budget, operating initiatives and overall job responsibilities; and

providing appropriate incentives for executives to achieve our financial performance and business goals, which we believe influences increased stockholder value over time.

Our incentive compensation programs are designed to reward executive and other employee contributions based on the overall success of our organization and to promote superior individual performance.

Role of the Compensation Committee

The Compensation Committee of our Board is responsible for administering our compensation practices and ensuring they are designed to drive corporate performance. Our Compensation Committee reviews compensation policies affecting our executive officers, taking into consideration our financial performance, our position within the health care information technology industry, the executive compensation policies of similar companies in similar industries and, when reviewing individual compensation levels, certain individual factors, including the executive's level of experience and responsibility and the personal contribution that the individual has made to our success. Our Compensation Committee also considers the global economic trends and the macroeconomic environment. Members of our Compensation Committee have experience in setting compensation due to their management experience and from their membership on other boards and compensation committees. Members of the Compensation Committee have used broadly analogous data they have obtained in this regard to set compensation of our executive officers. In connection with this process, in 2013, the Compensation Committee retained the compensation consulting firm of Frederic W. Cook & Co., Inc. to advise with respect to executive compensation and retention. There were no conflicts of interest with respect to any compensation consultants.

Annually, our Compensation Committee reviews the base salaries of all executive officers and, based on these reviews, may adjust these salaries to ensure external competitiveness and to reflect the executive's individual position and performance, as well as the performance of our Company. In addition to these factors, our Compensation Committee considers the recommendations of our Chief Executive Officer when adjusting base salaries of our Named Executive Officers other than himself. Our Chief Executive Officer can and does call and attend Compensation Committee meetings, however, he is not present when the Compensation Committee discusses or sets his compensation. We may also make base salary adjustments during the year if the scope of an executive officer's responsibility changes relative to the other executives.

Compensation Mix

Historically, we have used a mix of fixed and performance-based compensation to meet our compensation objectives. Fixed compensation consists primarily of the executive officers' base salaries. Performance-based compensation consists primarily of annual cash bonuses to drive short-term results and equity awards (such as stock options and restricted stock) to drive long-term results and aid in retention. We do not have a set policy for allocating between any of our compensation elements because our Compensation Committee believes that it is important to retain flexibility in our compensation design based on financial goals and other business factors. Because we believe that it is important to align the long-term interests of our executives with those of our stockholders, compensation in the form of equity awards has made up a portion of each current executive's overall compensation package, although equity awards may not necessarily be granted to each executive officer each year of his or her employment.

For 2014, the compensation that we paid our Named Executive Officers consisted primarily of two elements: base salary and cash bonuses based on Company and individual performance.

Base Salaries

We seek to pay executives a base salary in alignment with salaries of executives at companies of comparable position in the healthcare information technology industry and at a rate that fits within our annual budget, financial objectives and operating performance. In 2013, Frederic W. Cook & Co., Inc. provided us with an analysis for our Officer and Director compensation. Such analysis included reports pertaining to executive officer compensation benchmarking data, and non-employee Director compensation. We have not historically attempted to make base salary a certain percentage of total compensation.

The Compensation Committee elected not to increase base salaries for the Named Executive Officers in 2014. The base salaries of each of our Named Executive Officers in effect for 2014 remained the same as their 2013 ending base

salaries. As a result, the Compensation Committee did not perform a benchmarking survey in 2014. For reference, the base salaries paid in 2013 and 2014 were based on data compiled from the following sixteen (16) companies, the benchmarking peer group used in 2013 to set base salaries:

Accelrys, Inc.	HealthStream, Inc.
Actuate Corporation	iCAD, Inc.
Alliance HealthCare Services, Inc.	IntraLinks Holdings, Inc.
athenahealth, Inc.	Medidata Solutions, Inc
Computer Programs and Systems, Inc.	Qlik Technologies Inc.
Converse, Inc.	Quality Systems, Inc.
ExamWorks Group, Inc.	RadNet, Inc
Greenway Medical Technologies, Inc.	Tableau Software, Inc.

Edgar Filing: MERGE HEALTHCARE INC - Form 10-K/A

The ending base salaries of each of our Named Executive Officers in effect for 2014 and 2013 are as follows:

Name and Principal Position	2013 Base Salary	2014 Base Salary	Percentage Increase	
Justin C. Dearborn Chief Executive Officer, President & Corporate Secretary	\$400,000	\$400,000	0	%
Nancy J. Koenig Chief Operating Officer	\$305,000	\$305,000	0	%
Steven M. Oreskovich Chief Financial Officer and Treasurer	\$250,000	\$250,000	0	%
Steven F. Tolle Chief Strategy Officer	\$260,000	\$260,000	0	%
Antonia A. Wells President, International and Chief of Research & Development	\$206,844 ⁽¹⁾	\$189,640 ⁽¹⁾	0	%

(1) Ms. Wells' 2013 and 2014 base salary has been converted from CDN \$220,000 to U. S. Dollars, based on the Bank of Canada Noon Spot Rate on each of December 31, 2013 (U.S. \$1 = CDN \$0.9402) and December 31, 2014 (U.S. \$1 = CDN \$0.8620), respectively.

2014 Bonus Plan

The Compensation Committee approved a bonus plan for 2014 (the "2014 Bonus Plan") with payouts based on achievement of certain financial and individual performance goals. Except in the case of our Chief Executive Officer and our Chief Operating Officer, twenty five percent (25%) of the bonus eligibility was based on Company financial goals. Seventy five percent (75%) of the bonus eligibility was based on individual performance goals. Our Chief Executive Officer and our Chief Operating Officer's bonus eligibility was based seventy five percent (75%) on Merge Healthcare's financial goals and twenty five percent (25%) on individual performance goals. Employees were required to be employed on the date of the bonus payment and to have complied with the Company's training requirements in order to receive the bonus.

The financial performance metric under the 2014 Bonus Plan consisted of adjusted EBITDA. We disclosed our actual adjusted EBITDA, as well as detailed reconciliations of this non-GAAP measure, in our quarterly earnings releases. The performance metric targets and corresponding payouts under the 2014 Bonus Plan were as follows:

Adjusted EBITDA (in millions)	Bonus Payout	
\$ 42.0	50	%
\$ 43.4	75	%
\$ 44.8	100	%
\$ 46.1	125	%

Edgar Filing: MERGE HEALTHCARE INC - Form 10-K/A

Each eligible employee was given a bonus target equal to a percentage of his or her base salary for 2014. The targets were determined according to position, title or specific commitment made in the individual employee's employment contract or offer letter. The bonus targets for our Named Executive Officers were as follows:

Name and Principal Position	Target Bonus (% of Base Salary) ⁽¹⁾	Target Bonus (\$) ⁽¹⁾
Justin C. Dearborn Chief Executive Officer, President & Corporate Secretary	100%	\$400,000
Nancy J. Koenig Chief Operating Officer	100%	\$305,000
Steven M. Oreskovich Chief Financial Officer and Treasurer	75%	\$187,500
Steven F. Tolle Chief Strategy Officer	50%	\$130,000
Antonia A. Wells President, International and Chief, R&D	70%	\$132,748 ⁽²⁾

(1) Bonus payouts may not exceed 125% of target.

(2) Ms. Wells' target bonus has been converted from CDN \$154,000 to U. S. Dollars, based on the Bank of Canada Noon Spot Rate on December 31, 2014 (U.S. \$1 = CDN \$0.8620)

Our reported adjusted EBITDA in 2014 was \$47.5 million. After taking into consideration costs incurred by the Company and the overall performance of the Company, the Compensation Committee decided to pay out bonuses at a one hundred percent (100%) level for Company performance rather than the one hundred twenty five percent (125%) that the Named Executive Officers would have otherwise been eligible to earn under the terms of the 2014 Bonus Plan.

In addition to Company performance, the Compensation Committee reviewed the performance of each Named Executive Officer relative to performance goals applicable to each Named Executive Officer. Based on this holistic evaluation, and the Company performance metric discussed above, the Compensation Committee approved the following cash bonuses to our Named Executive Officers, which were paid in March 2015:

Name and Principal Position	Bonus Payment
Justin C. Dearborn Chief Executive Officer, President & Corporate Secretary	\$350,000
Nancy J. Koenig Chief Operating Officer	\$299,281
Steven M. Oreskovich Chief Financial Officer and Treasurer	\$159,531

Steven F. Tolle Chief Strategy Officer	\$113,757
Antonia A. Wells President, International and Chief, R&D	\$59,123 ⁽¹⁾

- (1) Ms. Wells' bonus payment has been converted from CDN \$68,588 to U. S. Dollars, based on the Bank of Canada Noon Spot Rate on December 31, 2014 (U.S. \$1 = CDN \$0.8620).

Grant of Equity Awards in 2014

For 2014, the Compensation Committee did not approve or grant any equity awards to any of the Named Executive Officers. The decision not to grant any equity awards during the 2014 fiscal year was made in light of the fact that the Company had granted restricted stock awards to the Named Executive Officers in November 2013. The decision not to grant any equity awards did not reflect the individual performance of the Named Executive Officers.

Advisory Vote on Executive Compensation Results and Our Response

At the 2014 annual meeting, stockholders approved, on a non-binding advisory basis, the compensation of the Company's Named Executive Officers as disclosed in the Company's Proxy Statement for the 2014 annual meeting of stockholders. The Compensation Committee took the approval received into consideration in setting 2015 compensation and did not implement any significant changes to the Company's executive compensation program. Additionally, stockholders at the 2014 annual meeting expressed a preference that advisory votes on executive compensation occur every three (3) years. Consistent with this preference, the Company will hold an advisory vote on the compensation of the Company's Named Executive officers at the 2017 annual meeting.

Employment Arrangements

Because our executive officers have substantial experience in our industry, and we wish to retain their services for the long-term, we have entered into employment agreements with each of them.

The letter agreement entered into July 2008 with Mr. Dearborn remains in place, as well as the letter agreements entered into with Ms. Koenig, Mr. Oreskovich and Ms. Wells at that time. These agreements formalize and confirm the base compensation, target annual bonus amounts and the stock option grants that we agreed to in connection with the hiring of Mr. Dearborn and Ms. Koenig and the promotion of each of Mr. Oreskovich and Ms. Wells. The agreements provide for twelve (12) months' base salary as severance upon a termination other than for cause or other than due to the executive officer's death or disability, conditioned on the officer's execution of a release agreement. The agreements do not include a definition of "cause." In addition, upon a change in control of Merge Healthcare, all of these officers' unvested stock options will vest.

In November 2012, we entered into an employment agreement with Mr. Tolle. The agreement provides for twelve (12) months' base salary as severance upon a termination other than for cause or other than due to the executive's death or disability, conditioned on the executive's execution of a release agreement. The agreement defines "cause" as (i) an act or acts of material personal dishonesty on the part of the executive in connection with his employment, (ii) habitual and repeated violation by executive of his obligations to Merge Healthcare (including a material violation of, or material failure to comply with, Merge Healthcare's policies) which is not remedied within fifteen (15) days of the date of executive's receipt of notice from the Company of such violation, or (iii) executive's conviction of, or entering of a guilty or nolo contendere plea with respect to, any crime punishable as a felony.

We determined the amounts of these severance benefits and the triggering events based on the subjective judgments and experiences of the members of the Compensation Committee, which indicated that these amounts are consistent with market practice and that the triggering events are likely to involve circumstances in which it is customary and appropriate to offer the protections embodied in the agreements.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K set forth above with management and, based on such review and discussions, the Compensation Committee recommended to our Board that the Compensation Discussion and Analysis be included in this Form 10-K/A.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

Description of Agreements Providing for Potential Payments

The table below reflects the amount of compensation to each of the Named Executive Officers without a change in control and upon a change of control, in each case, in the event of termination of the Named Executive Officer's employment arrangement with the Company (i) upon termination by the Company without cause, (ii) for cause, and (iii) upon the Named Executive Officer's death or disability. The amounts shown assume that such termination was effective as of December 31, 2014 and, thus, includes amounts earned through such time and are estimates of the amounts which would be paid upon termination. The following assumes that the Board does not accelerate the vesting of or modify the rights to any vested or unvested equity awards of any participant upon a change in control. The actual amounts to be paid out can only be determined at the time of termination.

On November 1, 2012, we entered into an employment agreement with Mr. Tolle that provides for twelve (12) months' base salary as severance upon a termination other than for cause and other than due to the executive officer's death or disability, which cash severance will be payable over twelve (12) months, conditioned on his execution of a release agreement.

COMPENSATION OF NON-EMPLOYEE DIRECTORS

Beginning in June 2008, we stopped paying cash compensation to our non-employee Directors and instead made a stock option grant to each of our non-employee Directors. In 2014, the Nominating and Governance Committee revisited the issue of compensation for directors. With the advice of Frederic W. Cook & Co., the Nominating and Governance Committee recommended to the Board, and the Board approved a framework for non-employee Director compensation.

Beginning in June 2014, following the annual meeting of Directors, Directors who are not employees of Merge Healthcare receive (i) a retainer of One Hundred Thousand Dollars (\$100,000) per annum for their participation on the Board, payable in shares of restricted stock with one (1) year cliff vesting issued in accordance with the 2005 Equity Incentive Plan; (ii) One Thousand Five Hundred Dollars (\$1,500) in cash for each Board meeting and for each Board committee meeting which they attend in person, and (iii) Seven Hundred Fifty Dollars (\$750) in cash for each Board and each Board committee meeting in which they participate by teleconference. In addition, each chair is eligible to receive a retainer paid in restricted stock, with quarterly vesting over a one (1) year period. The Chair of the Board received a Twenty Five Thousand Dollar (\$25,000) restricted stock grant, the Chair of the Audit Committee received a Twenty Thousand Dollar (\$20,000) restricted stock grant, and each Chair of the Compensation, the Executive and the Nominating and Governance Committees received a Ten Thousand Dollar (\$10,000) restricted stock grant. For any non-employee Director who joins our Board following our annual meeting, such non-Employee Director is eligible to receive a pro-rated grant of restricted stock to reflect their service for the partial year. The restricted stock grant will be pro-rated to the quarter of when such non-employee Director joins our Board of Directors also are reimbursed for certain expenses incurred in connection with attendance at board meetings. The Nominating and Governance Committee has not yet determined whether any changes to this compensation structure will be recommended with respect to the term beginning after the Annual Meeting.

Our employee Directors, Mr. Dearborn and Ms. Koenig, do not receive any compensation for their service on the Board. Mr. Ferro waived both the cash payments for meeting attendance and the annual equity award for his Board participation retainer and the Chairman of the Board retainer.

The Company adopted written policies and procedures regarding related person transactions. For purposes of these policies and procedures:

A "related person" means any of our Directors, executive officers, nominees for director, holder of five percent (5%) or more of our Common Stock or any of their immediate family members; and

A "related person transaction" generally is a transaction (including any indebtedness or a guarantee of indebtedness) in which we were or are to be a participant and the amount involved exceeds \$50,000, and in which a related person had or will have a direct or indirect material interest.

Each of our executive officers, Directors or nominees for director is required to disclose certain information relating to related persons transactions for review, approval or ratification by our Audit Committee. Disclosure to our Audit Committee should occur before, if possible, or as soon as practicable after the related person transaction is effected, but in any event as soon as practicable after the executive officer, Director or nominee for director becomes aware of the related person transaction. Our Audit Committee's decision whether or not to approve or ratify a related person transaction is to be made in light of its determination that consummation of the transaction is not or was not contrary to the best interests of Merge Healthcare. Any related person transaction must be disclosed to our full Board.

POLICY ON AUDIT COMMITTEE PRE-APPROVAL OF AUDIT AND PERMISSIBLE NON-AUDIT SERVICES OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Consistent with the Commission and the Public Company Accounting Oversight Board (“PCAOB”) requirements regarding auditor independence, the Audit Committee has responsibility for appointing, setting compensation and overseeing the work of the independent registered public accounting firm. In recognition of this responsibility, the Audit Committee has established a policy to pre-approve all audit and permissible non-audit services provided by the independent registered public accounting firm.

Prior to engagement of the independent registered public accounting firm for each year’s audit, management will submit a list to the Audit Committee for its approval of services and related fees expected to be rendered and fees expected to be incurred during that year within each of four (4) categories of services to the Audit Committee for approval.

Audit services include audit work performed on the financial statements and internal control over financial reporting, as well as work that generally only the independent registered public accounting firm can reasonably be expected to provide, including quarterly reviews, comfort letters, statutory audits, and discussions surrounding the proper application of financial accounting and/or reporting standards.

Audit-Related services are for assurance and related services that are traditionally performed by the independent registered public accounting firm, including due diligence related to mergers and acquisitions, employee benefit plan audits, and special procedures required to meet certain regulatory requirements.

Tax services include all services, except those services specifically related to the audit of the financial statements, performed by the independent registered public accounting firm’s tax personnel, including tax analysis; assisting with coordination of execution of tax-related activities, primarily in the area of corporate development; supporting other tax-related regulatory requirements; and tax compliance and reporting. The Company generally does not request such services from the independent registered public accounting firm.

All Other services are those services not captured in the audit, audit-related or tax categories. The Company generally does not request such services from the independent registered public accounting firm.

The Audit Committee requires the independent registered public accounting firm and management to report actual fees versus the budget periodically throughout the year by category of service. During the year, circumstances may arise when it may become necessary to engage the independent registered public accounting firm for additional services not contemplated in the original pre-approval categories. In those instances, the Audit Committee requires specific pre-approval before engaging the independent registered public accounting firm. The Audit Committee may delegate pre-approval authority to one or more of its members. The member to whom such authority is delegated must report any pre-approval decisions to the Audit Committee at its next scheduled meeting.
