This past fiscal year ending September30, 2016, has been one of unprecedented growth andmomentum in which we nearly doubled net income. Ourshare price was up 45% during our fiscal year in an industrywhose growth was relatively flat over the same time frame. We have a unique business model with many synergies between our four businesses. These rapidlygrowing synergies provide Meta stronger earnings and scale as we continue to grow. We've created afinancial eco-system through the development of products and services that leverage innovation andtechnology through multiple channels. WE LEVERAGE DEPOSITS BROUGHT IN FROM OUR PAYMENTS DIVISION FOR FUNDING OUR OTHER DIVISIONS. Meta Financial Group // Annual Report 2016 Meta Financial Group // Annual Report 2016 In June, we received strong investment grade ratings with stable outlooks from Kroll Bond Rating Agency (KBRA), a Nationally Recognized Statistical Rating Organization registered with the SEC. In August, we issued \$75 million of subordinated debt, the proceeds of which qualifies as Tier 1 capital at MetaBank. This capital will be used to support organic growth and acquisitions. This is an important step to ensure we have the capital capacity to take advantage of profitable growth opportunities and to continue our positive momentum. Some of our highlights per business are as follows:

META FINANCIAL GROUP On May 20, 2016, Bank Director magazine named MetaBank the #1 Top Growth Bank among all banks and thrifts determined by top-line growth over a five quarter period ending March 31, 2016. The ranking was established by the compound average growth rate in revenues over the five linked quarters. Non-performing assets (NPAs) remain low at 0.03%. MetaBank continues to be a strong fee-based company with 56% of our revenue coming from fee income during 2016 with a high percentage expected in 2017. Meta is also well-positioned for rising interest rates with over 90% non-interest-bearing deposits. Meta Financial Group's stock performance remained strong in fiscal 2016 as it increased 45% from \$41.77 to \$60.61. This followed a strong 18% stock price increase in fiscal 2015.

BANKING - METABANK Retail Bank loans increased \$146.8 million, or 25%, at September 30, 2016 compared to the prior year. Core deposits grew \$17.4 million, or 18%, year-over-year.

BANKING - AFS/IBEX AFS/IBEX has seen significant growth this year. Premium finance loans increased \$65.1 million, or 61%, from September 30, 2015. Our scalable platform will support anticipated robust national growth. We continue to add seasoned sales executives and are building our national franchise, which is currently the sixth largest premium finance company in the country.

PAYMENTS - METAPAYMENT SYSTEMS We added and extended a number of key contracts in our Payments division to further solidify our partnerships and bolster long-term growth and stability. Our Payments division grew fee income 29% year-over-year. Similarly, MPS average deposits grew by 25% or \$398.9 million compared to fiscal year 2015.

PAYMENTS - REFUND ADVANTAGE Refund Advantage (RA) offers tax refund-transfer (RT) solutions for independent tax preparers and their customers. RA had a record-setting year, even though the acquisition was completed in September 2015, which meant we were unable to implement everything we wanted to accomplish during the 2016 tax season. We're currently working on new products and solutions for the 2017 tax season. RA provides a great synergy with our other businesses. Meta is able to provide loans to tax preparers, provide interest-free Refund Advances and tax refund-transfer solutions through ACH direct deposit, check, and prepaid card. For fiscal year 2016, RA had \$23.3 million in tax product revenues.

SUSTAINABLE GROWTH We anticipate a strong outlook for the future growth of Meta. We recently closed our announced acquisition of EPS Financial and expect to close the Specialty Consumer Services ("SCS") acquisition during the first quarter, fiscal year 2017. We expect these and potential future acquisitions to further enhance income, scale and efficiencies for Meta while adding even more synergies to our current businesses. While we've seen dramatic and very profitable growth this past year, we are still working hard to build for the future. This includes investing in strategic infrastructure initiatives to ensure our staff, technology and facilities are prepared for new opportunities for years to come. One of MetaBank's strategic areas of focus is to hire, develop and place the right people in the right roles to maintain a sustainable and effective organization. We continue to hire key talent to fill roles in Risk, Compliance, Legal, IT, Product, Business Development and many others. It's not always about adding people but to make the talent we have better. As such, investments in performance management, technical skills and leadership training remain important. Sioux Falls is a home to many financial service professionals that Meta needs to prepare for the future. In addition, our widening national footprint allows us to recruit outside of the Midwest. I want to take this opportunity to thank our board members, J. TYLER HAAHR Chairman of the Board and Chief Executive Officer of Meta Financial Group, Inc. (MFG) and MetaBank. He has held this position since 2011. Mr. Haahr joined MFG and its affiliates in 1997. employees, customers and shareholders for our record-breaking year. Thank you for all you do for Meta. Sincerely, J. TYLER HAAHR Chairman of the Board and Chief Executive Officer Meta Financial Group, Inc. and MetaBank 3
