WHAT CONSTITUTES A "QUORUM" FOR THE ANNUAL MEETING?

The representation, in person or by proxy, of a majority of the outstanding shares of our common stock entitled to vote is necessary to constitute a quorum at the Annual Meeting. All Proxies that are returned will be counted by the Inspector of Elections in determining the presence of a quorum and on each issue to be voted on, except as noted below. An abstention from voting or a broker non-vote will be used for the purpose of establishing a quorum, but will not be counted in the voting process. All Proxies that are properly completed, signed and returned to the Company before the Annual Meeting, and that have not been revoked, will be voted in favor of the proposals described in this Proxy Statement unless otherwise directed.

Edgar Filing: ULTRADATA SYSTEMS INC - Form PRE 14A

HOW MANY VOTES ARE REQUIRED?

- o Directors nominees are elected by a plurality of the votes cast in person or by proxy, provided that a quorum is present at the Meeting.
- o The proposal to amend the Certificate of Incorporation to increase the number of authorized shares will require the affirmative vote of at least a majority of the Company's outstanding shares of Common Stock. Thus, any abstentions, "broker non-votes" (shares held by brokers or nominees as to which they have no discretionary authority to vote on a particular matter and have received no instructions from the beneficial owners or persons entitled to vote thereon), or other limited proxies will have the effect of a vote against amending the Company's Certificate of Incorporation.
- o The ratification of the director's selection of Webb & Company, P.A. as the Company's independent registered public accounting firm will require an affirmative vote of the majority of the votes cast in person or by proxy, provided that a quorum is present at the annual meeting.

WHO PAYS FOR THE SOLICITATION OF PROXIES?

We will pay the cost of preparing, printing and mailing material in connection with this solicitation of proxies. We will, upon request, reimburse brokerage firms, banks and others for their reasonable out-of-pocket expenses in forwarding proxy material to beneficial owners of stock or otherwise in connection with this solicitation of proxies.

WHEN ARE STOCKHOLDER PROPOSALS FOR THE 2006 ANNUAL MEETING DUE?

Any stockholder proposals for the 2006 annual meeting must be received by us, directed to the attention of the Company's secretary, Mr. Mark L. To be eligible for inclusion, a proposal must comply with our bylaws, Rule 14a-8 and all other applicable provisions of Regulation 14A under the Securities Exchange Act of 1934.

2

PROPOSAL 1: ELECTION OF DIRECTORS (ITEM 1 ON THE PROXY CARD)

At the Meeting, six (6) directors are to be elected. Pursuant to the Company's By-laws, all directors are elected to serve for the ensuing year and until their respective successors are elected and qualified. Unless otherwise directed, the persons named in the enclosed Proxy intend to cast all votes pursuant to proxies received for the election of Messrs. Ross, Clarke, Peterson, Rattner, Kröllfeifer, Jr. and Klapman (collectively, the "Nominees"). If any of the Nominees becomes unavailable for any reason, which event is not anticipated, the shares represented by the enclosed proxy will be voted for such other person designated by the Board.

Vote required: Directors must be elected by a plurality of all votes cast at the meeting. Votes withheld for any director will not be counted.

Voting by the Proxies: The Proxies will vote your shares in accordance with your instructions. If you have not given specific instructions to the contrary, your shares will be voted to approve the election of the nominees named in the Proxy Statement. Although the Company knows of no reason why the nominees would not be

Edgar Filing: ULTRADATA SYSTEMS INC - Form PRE 14A

able to serve, if a nominee were not available for election, the Proxies would vote your Common Stock to approve the election of any substitute nominee proposed by the Board of Directors. The Board may also choose to reduce the number of directors to be elected as permitted by our Bylaws.

PROPOSAL 2: TO CONSIDER AND VOTE UPON A PROPOSAL TO
AMEND THE COMPANY'S CERTIFICATE OF INCORPORATION
TO INCREASE THE NUMBER OF AUTHORIZED SHARES OF
COMMON STOCK FROM 10,000,000 TO 50,000,000
(ITEM 2 ON THE PROXY CARD)

On March 28, 2005, the Board of Directors authorized an amendment to the

Edgar Filing: ULTRADATA SYSTEMS INC - Form PRE 14A

Company's Certificate of Incorporation to increase the number of our authorized shares. Subject to shareholder approval, Article III would be amended to read as follows and would be filed with the Delaware Secretary of State:

"THIRD: The Corporation is authorized to issue two classes of stock. One class of stock shall be Common Stock, par value \$0.01. The second class of stock shall be Preferred Stock, par value \$0.01. The Preferred Stock, or any series thereof, shall have such designations, preferences and relative, participating, optional or other special rights and qualifications, limitations or restrictions thereof as shall be expressed in the resolution or resolutions providing for the issue of such stock adopted by the board of directors and may be made dependent upon facts ascertainable outside such resolution or resolutions of the board of directors, provided that the matter in which such facts shall operate upon such designations, preferences, rights and qualifications; limitations or restrictions of such class or series of stock is clearly and expressly set forth in the resolution or resolutions providing for the issuance of such stock by the board of directors.

The total number of shares of stock of each class which the Corporation shall have authority to issue and the par value of each share of each class of stock are as follows:

Class	Par Value	Authorized Shares
-----	-----	-----
Common	\$0.01	50,000,000
Preferred	\$0.01	5,000,000

Totals:		55,000,000"
		=====

The terms of the additional shares of common stock will be identical to those of the currently outstanding shares of common stock. However, because holders of common stock have no preemptive rights to purchase or subscribe for any unissued stock of the Company, the issuance of additional shares of common stock will reduce the current stockholders' percentage ownership interest in the total outstanding shares of Common Stock. This amendment and the creation of additional shares of authorized common stock will not alter the current number of issued shares. The relative rights and limitations of the shares of common stock will remain unchanged under this amendment.

As of the Record Date, a total of * shares of the Company's currently authorized 10,000,000 shares of common stock are issued and outstanding. The increase in the number of authorized but unissued shares of common stock would enable the Company, without further stockholder approval, to issue shares from time to time as may be required for proper business purposes, such as raising additional capital for ongoing operations, business and asset acquisitions, stock splits and dividends, present and future employee benefit programs and other corporate purposes.

The proposed increase in the authorized number of shares of common stock could have a number of effects on the Company's stockholders depending upon the exact nature and circumstances of any actual issuances of authorized but unissued shares. The increase could have an anti-takeover effect, in that additional shares could be issued (within the limits imposed by applicable law) in one or more transactions that could make a change in control or takeover of the Company more difficult. For example, additional shares could be issued by the Company so as to dilute the stock ownership or voting rights of persons seeking to obtain control of the Company. Similarly, the issuance of additional shares to certain persons allied with the Company's management could have the effect of making it more difficult to remove the Company's current management by diluting the stock ownership or voting rights of persons seeking to cause such

Edgar Filing: ULTRADATA SYSTEMS INC - Form PRE 14A

removal. Except as further discussed herein, the Board of Directors is not aware of any attempt, or contemplated attempt, to acquire control of the Company, and this proposal is not being presented with the intent that it be utilized as a type of anti- takeover device.

Stockholders do not have any preemptive or similar rights to subscribe for or purchase any additional shares of common stock that may be issued in the future, and therefore, future issuances of common stock may, depending on the circumstances, have a dilutive effect on the earnings per share, voting power and other interests of the existing stockholders.

Except for the following, there are currently no plans, arrangements, commitments or understandings for the issuance of the additional shares of common stock which are to be authorized.

o Secured Convertible Debenture

To obtain funding for our ongoing operations, we entered into a Securities Purchase Agreement with an accredited investor on February 14, 2005, which was amended on February 17, 2005, for the sale of (i) \$300,000 in convertible debentures and (ii) warrants to buy 300,000 shares of our common stock.

5

The investor is obligated to provide us with an aggregate of \$300,000 as follows:

- o \$100,000 was disbursed to us on February 14, 2005;
- o \$50,000 has been retained for services provided to our company by various professionals, which shall be disbursed upon effectiveness of a registration statement for the shares underlying the secured convertible debentures and warrants; and
- o \$150,000 will be released upon effectiveness of a registration statement for the shares underlying the secured convertible debentures and warrants.

The debentures bear interest at 4 3/4%, mature two years from the date of issuance, and are convertible into our common stock, at the investor's option. The convertible debentures are convertible into the number of our shares of common stock equal to the principal amount of the debentures being converted multiplied by 11, less the product of the conversion price multiplied by ten times the dollar amount of the debenture. The conversion price for the convertible debenture is the lesser of (i) \$1.25 or (ii) eighty percent of the average of the five lowest volume weighted average prices during the twenty (20) trading days prior to the conversion. If the volume weighted average price is below \$0.50 on a conversion date, we have the right to pre-pay the amount of the debenture the holder elects to convert, plus accrued and unpaid interest, at 125% of such amount; however, if we elect to pre-pay in this situation, the debenture holder has the right to withdraw the notice of conversion. Also, if the volume weighted average price is below \$0.50 at any point during a month, the holder is not obligated to convert any portion of the debenture during that month. Accordingly, there is in fact no limit on the number of shares into which the debenture may be converted. In addition, the investor is obligated to exercise the warrant concurrently with the submission of a conversion notice by the investor. The warrant is exercisable into 300,000 shares of common stock at an exercise price of \$10.00 per share.

Golden Gate Investors has contractually committed to convert not less than 5% of the original face value of the debenture monthly beginning the month after the effective date of a registration statement for the shares underlying the

Edgar Filing: ULTRADATA SYSTEMS INC - Form PRE 14A

secured convertible debentures and warrants. Golden Gate Investors is required to exercise warrants concurrently with the exercise of a conversion notice under the debenture and is committed to exercise at least 5% of the warrants per month after the effective date of a registration statement for the shares underlying the secured convertible debentures and warrants. In the event that Golden Gate Investors breaches the minimum restriction on the debenture and warrant, Golden Gate will not be entitled to collect interest on the debenture for that month. If Golden Gate submits a conversion notice and the volume weighted average price is less than \$.50 per share, then we will be entitled to prepay the portion of the debenture that is being converted at 125% of such amount. If we elect to prepay, then Golden Gate may withdraw its conversion notice.

Golden Gate has further contractually agreed to restrict its ability to convert the debenture or exercise their warrants and receive shares of our common stock such that the number of shares held by the Holder and its affiliates after such conversion or exercise does not exceed 4.9% of the then issued and outstanding shares of our common stock.

In the event that the registration statement for the shares underlying the secured convertible debentures and warrants is not declared effective by the required deadline, which is 150 days from the date of the Securities Purchase Agreement, Golden Gate may demand repayment of the Debenture of 150% of the face amount outstanding, plus all accrued and unpaid interest, in cash. If the repayment is accelerated, we are also obligated to issue to Golden Gate 50,000 shares of common stock and \$15,000 for each 30-day period, or portion thereof, during which the face amount, including interest thereon, remains unpaid. If Golden Gate does not elect to accelerate the debenture, we are required to immediately issue to Golden Gate 50,000 shares of common stock and \$15,000 for each 30-day period, or portion thereof, during which the face amount, including interest thereon, remains unpaid.

The following are the risks associated with entering into the Securities Purchase Agreement:

THERE ARE A LARGE NUMBER OF SHARES UNDERLYING OUR CONVERTIBLE DEBENTURES AND WARRANTS THAT MAY BE AVAILABLE FOR FUTURE SALE AND THE SALE OF THESE SHARES MAY DEPRESS THE MARKET PRICE OF OUR COMMON STOCK.

As of March 21, 2005, we had 6,410,187 shares of common stock issued and outstanding, convertible debentures outstanding that may be converted into an estimated 2,524,390 shares of common stock at current market prices and outstanding warrants to purchase 150,000 shares of common stock. Additionally, we have an obligation to sell secured convertible debentures that may be converted into an estimated 2,524,390 shares of common stock at current market prices and issue warrants to purchase 150,000 shares of common stock in the near future. In addition, the number of shares of common stock issuable upon conversion of the outstanding convertible debentures may increase if the market price of our stock declines. All of the shares, including all of the shares issuable upon conversion of the debentures and upon exercise of our warrants, may be sold without restriction. The sale of these shares may adversely affect the market price of our common stock.

THE CONTINUOUSLY ADJUSTABLE CONVERSION PRICE FEATURE OF OUR CONVERTIBLE DEBENTURES COULD REQUIRE US TO ISSUE A SUBSTANTIALLY GREATER NUMBER OF SHARES, WHICH WILL CAUSE DILUTION TO OUR EXISTING STOCKHOLDERS.

If we are unable to make repayment of the convertible debentures on a monthly basis, our obligation to issue shares upon conversion of our convertible debentures is essentially limitless. The following is an example of the amount of shares of our common stock that are issuable, upon conversion of our convertible debentures (excluding accrued interest), based on market prices 25%, 50% and 75% below the market price, as of March 24, 2005 of \$0.45.

% Below Market -----	Price Per Share -----	With Discount at 20% -----	Number of Shares Issuable -----	% of Outstanding Stock -----
25%	\$.3375	\$.27	9,222,223	58.99%
50%	\$.225	\$.18	15,333,334	70.52%
75%	\$.1125	\$.09	33,666,667	84.01%

As illustrated, the number of shares of common stock issuable upon conversion of our convertible debentures will increase if the market price of our stock declines, which will cause dilution to our existing stockholders.

THE CONTINUOUSLY ADJUSTABLE CONVERSION PRICE FEATURE OF OUR CONVERTIBLE DEBENTURES MAY ENCOURAGE INVESTORS TO MAKE SHORT SALES IN OUR COMMON STOCK, WHICH COULD HAVE A DEPRESSIVE EFFECT ON THE PRICE OF OUR COMMON STOCK.

The convertible debentures are convertible into shares of our common stock at a 20% discount to the trading price of the common stock prior to the conversion. The significant downward pressure on the price of the common stock as Golden Gate Investors converts and sells material amounts of common stock could encourage short sales by investors. This could place further downward pressure on the price of the common stock. Golden Gate Investors could sell common stock into the market in anticipation of covering the short sale by converting its securities, which could cause the further downward pressure on the stock price. In addition, not only the sale of shares issued upon conversion or exercise of debentures and warrants, but also the mere perception that these sales could occur, may adversely affect the market price of the common stock.

THE ISSUANCE OF SHARES UPON CONVERSION OF THE CONVERTIBLE DEBENTURES AND EXERCISE OF OUTSTANDING WARRANTS MAY CAUSE IMMEDIATE AND SUBSTANTIAL DILUTION TO OUR EXISTING STOCKHOLDERS.

The issuance of shares upon conversion of the convertible debentures and exercise of warrants may result in substantial dilution to the interests of other stockholders since the investor may ultimately convert and sell the full amount issuable on conversion. Although Golden Gate Investors may not convert their convertible debentures and/or exercise their warrants if such conversion or exercise would cause them to own more than 9.99% of our outstanding common stock, this restriction does not prevent Golden Gate Investors from converting and/or exercising some of their holdings and then converting the rest of their holdings. In this way, Golden Gate Investors could sell more than this limit while never holding more than this limit. There is no upper limit on the number of shares that may be issued which will have the effect of further diluting the proportionate equity interest and voting power of holders of our common stock, including investors in this offering.

IN THE EVENT THAT OUR STOCK PRICE DECLINES, THE SHARES OF COMMON STOCK ALLOCATED FOR CONVERSION OF THE CONVERTIBLE DEBENTURES AND REGISTERED PURSUANT TO A REGISTRATION STATEMENT MAY NOT BE ADEQUATE AND WE MAY BE REQUIRED TO FILE A SUBSEQUENT REGISTRATION STATEMENT COVERING ADDITIONAL SHARES. IF THE SHARES WE HAVE ALLOCATED AND ARE REGISTERING HERewith ARE NOT ADEQUATE AND WE ARE REQUIRED TO FILE AN ADDITIONAL REGISTRATION STATEMENT, WE MAY INCUR SUBSTANTIAL COSTS IN CONNECTION THEREWITH.

Based on our current market price and the potential decrease in our market price as a result of the issuance of shares upon conversion of the convertible

Edgar Filing: ULTRADATA SYSTEMS INC - Form PRE 14A

debentures, we have made a good faith estimate as to the amount of shares of common stock that we are required to register and allocate for conversion of the convertible debentures. Accordingly, we are planning to register 3,000,000 shares to cover the conversion of the convertible debentures. In the event that our stock price decreases, the shares of common stock we have allocated for conversion of the convertible debentures and are registering hereunder may not be adequate. If the shares we plan to allocate to the registration statement for the shares underlying the secured convertible debentures and warrants are not adequate and we are required to file an additional registration statement, we may incur substantial costs in connection with the preparation and filing of such additional registration statement.

IF WE ARE REQUIRED FOR ANY REASON TO REPAY OUR OUTSTANDING CONVERTIBLE DEBENTURES, WE WOULD BE REQUIRED TO DEplete OUR WORKING CAPITAL, IF AVAILABLE, OR RAISE ADDITIONAL FUNDS. OUR FAILURE TO REPAY THE CONVERTIBLE DEBENTURES, IF REQUIRED, COULD RESULT IN LEGAL ACTION AGAINST US, WHICH COULD REQUIRE THE SALE OF SUBSTANTIAL ASSETS.

In February 2005, we entered into a Securities Purchase Agreement for the sale of an aggregate of \$300,000 principal amount of convertible debentures. The convertible debentures are due and payable, with 6 3/4% interest, two years from the date of issuance, unless sooner converted into shares of our common stock. In addition, any event of default could require the early repayment of the convertible debentures at a price equal to 125% of the amount due under the debentures. We anticipate that the full amount of the convertible debentures, together with accrued interest, will be converted into shares of our common stock, in accordance with the terms of the convertible debentures. If we are required to repay the convertible debentures, we would be required to use our limited working capital and raise additional funds. If we were unable to repay the debentures when required, the debenture holders could commence legal action against us and foreclose on all of our assets to recover the amounts due. Any such action would require us to curtail or cease operations.

SECTION 16(A) BENEFICIAL OWNERSHIP COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's directors and executive officers, and persons who own more than 10 percent of the Company's Common Stock, to file with the SEC the initial reports of ownership and reports of changes in ownership of common stock. Officers, directors and greater than 10 percent stockholders are required by SEC regulation to furnish the Company with copies of all Section 16(a) forms they file.

Specific due dates for such reports have been established by the Commission and the Company is required to disclose in this Proxy Statement any failure to file reports by such dates during fiscal 2004. Based solely on its review of the copies of such reports received by it, or written representations from certain reporting persons that no Forms 5 were required for such persons, the Company believes that during the fiscal year ended December 31, 2004, there was no failure to comply with Section 16(a) filing requirements applicable to its officers, directors and ten percent stockholders.

As no executive officer of the Company received

compensation during 2004 approaching \$1 million, and the Company does not believe that any executive officer's compensation is likely to exceed \$1 million in 2005, the Company has not developed an executive compensation policy with respect to qualifying compensation paid to its executive officers for deductibility under Section 162(m) of the Code.
