Form 424B3
August 29, 2006

Prospectus Supplement
(To Prospectus dated October 7, 2005)

Filed Pursuant to Rule 424(b)(3) and 424(c)
Commission File No. 333-126487

27,772,411 Shares

Common Stock

This prospectus supplement supplements the prospectus dated October 7, 2005, which relates to the shares of our common stock that may be sold by the selling stockholders named therein.

This prospectus supplement should be read in connection with, and may not be delivered or utilized without, the prospectus dated October 7, 2005, and the prospectus supplements dated November 2, 2005, December 1, 2005, December 2, 2005, March 23, 2006, April 7, 2006, April 27, 2006, May 1, 2006, August 2, 2006, August 3, 2006, August 4, 2006 and August 28, 2006. This prospectus supplement is qualified by reference to the prospectus and the prospectus supplements, except to the extent that the information in this prospectus supplement updates or supersedes the information contained in the prospectus dated October 7, 2005, or the prospectus supplements dated November 2, 2005, December 1, 2005, December 2, 2005, March 23, 2006, April 7, 2006, April 27, 2006, May 1, 2006, August 2, 2006, August 3, 2006, August 4, 2006 and August 28, 2006.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or determined if this prospectus supplement is truthful or complete. Any representation to the contrary is a criminal offense.

The date of this prospectus supplement is August 29, 2006

FORWARD LOOKING STATEMENTS

When used in this Quarterly Report on Form 10-Q, the words "believes", "anticipates", "expects", and similar expressions are intended to identify forward-looking statements. These statements are subject to certain risks and uncertainties, which could cause actual results to differ materially from those projected.

In addition to seasonal fluctuations, our quarterly and annual operating results are affected by a wide variety of other factors that could materially and adversely affect our revenues and profitability, including changes in consumer preferences, tastes and eating habits; increases in food, labor and other operating costs; promotional timings and seasonality; the availability of food acceptable to our quality standards at acceptable prices; the availability of qualified labor; national, regional and local economic and weather conditions; demographic trends and traffic patterns; changes in travel and tourism tendencies, particularly in light of world events; competition from other restaurants and food service establishments; availability of third party financing to fund capital or operating activities; and the timing, costs and charges relating to restaurant openings, closings and remodelings, including closings in which we are the sublessor. As a result of these and other factors, we may experience fluctuations in future operating results on a quarterly or annual basis, which could materially and adversely affect our business, financial condition, operating results, and stock price. An investment in our company involves various risks, including those which are detailed in this document, and from time-to-time in our other filings with the Securities and Exchange Commission.

Any forward-looking statements included in this Quarterly Report speak only as of the date of this document. We are not undertaking any obligation to publicly release the results of any revisions to these forward-looking statements which may be made to reflect events or circumstances after the date of this document or to reflect the occurrence of unanticipated events.

**SHELLS SEAFOOD RESTAURANTS, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(UNAUDITED)**

NOTE 1. BASIS OF PRESENTATION

The accompanying unaudited consolidated financial statements have been prepared in accordance with the instructions for Form 10-Q and, therefore, these statements do not include all of the information and footnotes required by accounting principles generally accepted in the United States of America for audited financial statements. Company management believes that all disclosures contained herein are sufficient for interim financial reporting purposes and that all material adjustments (consisting of normal recurring adjustments) considered necessary for a fair presentation have been included.

The consolidated financial statements of Shells Seafood Restaurants, Inc. (the "Company") should be read in conjunction with the audited consolidated financial statements and notes thereto contained in the Form 10-K for the year ended January 1, 2006 filed with the Securities and Exchange Commission. Certain prior year amounts have been reclassified in the accompanying condensed consolidated financial statements to conform to the current year presentation.

NOTE 2. INCOME TAXES

There were no provisions for income taxes for the thirteen and twenty-six weeks ended July 2, 2006 and July 3, 2005 due to the anticipated utilization of net operating loss and general business credit carryforwards.

As of January 1, 2006, the end of our most recently completed fiscal year, we had net operating loss carryforwards for federal income tax purposes of approximately \$10,246,000 which expire between 2006 and 2020. We also had approximately \$3,205,000 of general business credits to carry forward, which expire by 2025.

We had an ownership change in 2002 and 2005 as defined by Internal Revenue Code Section 382, which limits a portion of the amount of net operating loss and credit carryforwards that may be used against taxable income in any fiscal year. This limitation is approximately \$75,000 per year for net operating losses incurred prior to the 2002 ownership change, and \$665,000 per year for net operating losses incurred prior to the 2005 ownership change. Any portion of the annual limitation amount not utilized in any year will carry forward to the following year subject to a 15 to 20 year limitation. Approximately \$7,100,000 of our net operating loss carryforwards and approximately \$3,082,000 of credits are subject to the annual limitation. Assuming maximum utilization in future years, we expect that approximately \$3,200,000 in net operating loss carryforwards and \$2,700,000 in credits will expire without benefit to us.

(UNAUDITED)

NOTE 3. EARNINGS PER SHARE

The following table represents the computation of basic and diluted earnings per share of common stock as required by Financial Accounting Standards Board ("FASB") Statement No. 128, "Earnings Per Share":

13 Week Period Ended	July 2, 2006	July 3, 2005
Net loss applicable to common stock	\$ (9,131)	\$ (1,576,343)
Weighted common shares outstanding	16,225,810	15,087,955
Basic net loss per share of common stock	\$ (0.00)	\$ (0.10)
Effect of dilutive securities:		
Preferred stock	—	—
Warrants	—	—
Stock options	—	—
Diluted weighted common shares outstanding	16,225,810	15,087,955
Diluted net loss per share of common stock	\$ (0.00)	\$ (0.10)

26 Week Period Ended	July 2, 2006	July 3, 2005
Net income (loss) applicable to common stock	\$ 252,091	\$ (1,166,101)
Weighted common shares outstanding	16,202,662	13,722,536
Basic net income (loss) per share of common stock	\$ 0.02	\$ (0.08)
Effect of dilutive securities:		
Preferred stock	8,939,966	—
Warrants	684,127	—
Stock options	466,208	—
Diluted weighted common shares outstanding	26,292,963	13,722,536
Diluted net income (loss) per share of common stock	\$ 0.01	\$ (0.08)

The net income per share calculations for the 26 weeks ended July 2, 2006 excluded warrants and options to purchase an aggregate of 6,121,000 shares of common stock, as the exercise prices of the warrants and options were greater than the average market price of the common shares.

Diluted net loss per common share excludes anti-dilutive stock options, warrants and preferred stock of 20,925,000, 11,626,000 and 9,205,000 for the thirteen weeks ended July 2, 2006, and the thirteen and twenty-six weeks ended July 3, 2005, respectively.

NOTE 4. STOCK COMPENSATION PLANS

During November 2005, we entered into a Stock Option Agreement with Leslie J. Christon, President and Chief Executive Officer, concurrent with her amended and restated employment agreement. The Stock Option Agreement granted options to purchase 903,528 shares of common stock at an exercise price of \$0.85, the market value of our common stock on the date of the grant. The options vested as to 353,844 shares on December 31, 2005, and vest as to

274,842 on each of July 1, 2007 and July 1, 2008. Additionally, Mrs. Christon was awarded
-11-

[Back to Table of Contents](#)

SHELLS SEAFOOD RESTAURANTS, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(UNAUDITED)

a stock option to purchase 158,007 shares of common stock from the stock compensation plans described below at an exercise price of \$0.85 per share, with vesting ratably in July 2007 and July 2008.

At July 2, 2006, we had three stock-based employee compensation plans, as one plan expired in September 2005. As of January 1, 2006, we accounted for those plans under the recognition and measurement principles of APB Opinion No. 25, *Accounting for Stock Issued to Employees*, and related Interpretations. No stock-based employee compensation cost was reflected in net income, as all options granted under those plans had an exercise price equal to the market value of the underlying common stock on the date of grant.

During the first quarter of fiscal 2006, we adopted the fair value recognition provisions of FASB Statement No. 123R, *Share-Based Payment*, effective as of the beginning of the fiscal year. Under the modified prospective method of adoption selected by us, stock-based employee compensation cost recognized in 2006 is the same as that which would have been recognized had the fair value recognition provisions of Statement 123R been applied to all awards granted after October 1, 1995, as summarized in the table below.

	13 Week Period Ended		26 Week Period Ended

Weighted-average risk-free interest rate	4.87%	4.46%	4.23%	4.00%
Dividend yield	0	0	0	0

NOTE 5. NEW ACCOUNTING PRONOUNCEMENTS

In March 2005, the Financial Accounting Standards Board's (FASB) issued Interpretation 47, "Accounting for Conditional Asset Retirement Obligations—an interpretation of FASB Statement No. 143" clarifying that the term conditional asset retirement obligation as used in FASB Statement No. 143, "Accounting for Asset Retirement Obligations", refers to a legal obligation to perform an asset retirement activity in which the timing and (or) method of settlement are conditional on a future event that may or may not be within the control of the entity. Clarifications found in Interpretation 47 had no material impact on our consolidated financial statements.

In May 2005, the FASB issued Statement No. 154, "Accounting Changes and Error Corrections—a replacement of APB Opinion No. 20 and FASB Statement No. 3." This Statement replaces APB Opinion No. 20, "Accounting Changes," and FASB Statement No. 3, "Reporting Accounting Changes in Interim Financial Statements," and changes the requirements for the accounting for and reporting of a change in accounting principle. This Statement applies to all voluntary changes in accounting principle. FASB Statement No. 154 became effective for accounting changes and corrections of errors made in fiscal years beginning after December 15, 2005. Adoption of FASB Statement No. 154 had no material impact on our consolidated financial statements.

In February 2006, the FASB issued Statement No. 155, "Accounting for Certain Hybrid Financial Instruments – an amendment of FASB Statements No. 133 and 140." The purpose of SFAS 155 is to simplify the accounting for certain hybrid financial instruments by permitting fair value re-measurement for any hybrid financial instrument that contains an embedded derivative that otherwise would require bifurcation. SFAS 155 is effective for all financial instruments acquired or issued after the beginning of an entity's first fiscal year that begins after September 15, 2006. We believe that the adoption of SFAS 155 on January 1, 2007 will have no material impact on our consolidated financial statements.

In March 2006, the FASB issued SFAS 156, "Accounting for Servicing Financial Assets - an amendment of FASB Statement No. 140." SFAS 156 requires separate recognition of a servicing asset and a servicing liability each time an entity undertakes an obligation to service a financial asset by entering into a servicing contract. This statement also requires that servicing assets and liabilities be initially recorded at fair value and subsequently be adjusted to the fair value at the end of each reporting period. SFAS 156 is effective for an entity's first fiscal year that begins after September 15, 2006. We believe that the adoption of SFAS 156 on January 1, 2007 will have no material impact on our consolidated financial statements.

In March 2006, the FASB's Emerging Issues Task Force (EITF) issued Issue 06-3, "How Sales Taxes Collected From Customers and Remitted to Governmental Authorities Should Be Presented in the Income Statement" (EITF 06-3). A consensus was reached that entities may adopt a policy of presenting sales taxes in the income statement on either a gross or net basis. If taxes are significant, an entity should disclose its policy of presenting taxes and the amounts of taxes. The guidance is effective for periods beginning after December 15, 2006. We

-13-

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(UNAUDITED)**

present company sales net of sales taxes. EITF 06-3 will not impact the method for recording these sales taxes in our consolidated financial statements.

In June 2006, the FASB issued Interpretation 48, "Accounting for Uncertainty in Income Taxes." FIN 48 clarifies the accounting for uncertainty in income taxes recognized in accordance with FASB Statement No. 109, "Accounting for Income Taxes." This Interpretation prescribes a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. This Interpretation also provides guidance on derecognition, classification, interest and penalties, accounting in interim periods, disclosure, and transition. This Interpretation is effective for fiscal years beginning after December 15, 2006. Clarifications found in FIN 48 are expected to have no material impact on our consolidated financial statements.

Item 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

GENERAL

Our sales trends continued to be positive during the second quarter of fiscal 2006, with comparable restaurant sales up 8.3%, marking the seventh consecutive quarter of year-to-year increases. Revenues rose 9.5% to \$13,054,000 during the second quarter compared to the prior year, due to a combination of the stronger sales and a more favorable mix of restaurants in operation. The significant sales improvements at Shells reflect positive consumer acceptance of the enhancements to our concept that have been implemented over the past several quarters. These changes include a new menu, service improvements and the remodeling of our company-owned restaurants. During 2005 we have also opened two new restaurants, relocated a restaurant to a stronger site, closed an underperforming restaurant, and terminated operations of a licensed location.

Higher expenses in several areas, however, have continued to challenge our profitability, and the net loss for the second quarter of 2006 was \$9,000, compared to a net loss of \$1,576,000 in last year's second quarter. Excluding non-recurring items, the net loss for the second quarter of 2006 was \$334,000, compared to \$182,000 in the comparable quarter last year.

The biggest unfavorable expense increases were in utilities, insurance and occupancy costs, which collectively rose 2.3% as a percentage of sales compared to the prior year. Rising energy prices and sharply higher insurance rates in the wake of Florida hurricanes were significant factors driving these increases. Depreciation expense also rose 1.2% as a percentage of sales, mostly reflecting our investment in the remodeled, new and relocated restaurants.

We are taking several measures to aggressively address continuing cost pressures, including rolling out an energy conservation program in our restaurants. A new menu engineered to improve check average and margins, while improving food and labor cost efficiencies, is being introduced during the third quarter of 2006. The new menu retains Shells core favorites while adding several highly-profitable and popular items from recent promotions to the permanent menu. It also spotlights new wine and beverage offerings.

Marketing efforts continue to focus on attracting new guests and letting former guests know about the changes that have revitalized the dining experience at Shells. An emphasis on radio advertising, DJ endorsements and local marketing has contributed to the sales improvements to-date at our restaurants. Guests experiencing the new Shells are giving us high marks, as mystery shopper scores continue to be strong.

Both customer traffic and sales were positive at Shells during the second quarter. While the strategies implemented to refresh the Shells brand are gaining traction with consumers, driving sales gains to the bottom line continues to be very difficult. Given expectations that pressures on several cost centers will continue, we are working diligently to control costs and improve unit economics while being very careful not to impact the enhanced guest experience that has strengthened sales.

RESULTS OF OPERATIONS**13 weeks ended July 2, 2006 and July 3, 2005**

Revenues. Total revenues for the second quarter of 2006 were \$13,054,000 as compared to \$11,919,000 for the second quarter of 2005. The \$1,135,000, or 9.5%, increase in revenues was primarily a result of an 8.3% increase in same store sales, which mostly related to menu price increases and menu mix changes implemented to offset the Florida minimum wage hikes and, to a lesser extent, an increase in guest traffic over the prior year. We also benefited from a

stronger mix of restaurants in operation in the second quarter of 2006 versus the same period last year, having opened two new restaurants, relocated one restaurant, closed an underperforming restaurant and terminated the operations of a licensed restaurant in 2005. As of the end of the second quarter of 2006, the Company had 25 restaurants in operation compared to 26 units a year-ago. Comparisons of same store sales include only those stores which were open during the entire periods being compared and, due to the time needed for a restaurant to become established and fully operational, at least six months prior to the beginning of that period.

-17-

Back to Table of Contents

Food and beverage. Food and beverage costs as a percentage of restaurant sales decreased to 32.3% for the second quarter of 2006 from 32.9% for the second quarter of 2005. This 0.6% decrease primarily related to higher menu pricing and changes in menu mix, an increase in the percentage of sales attributable to comparatively higher margin liquor sales and gains derived from better operational controls over food and beverage costs. The Company is continually attempting to anticipate and react to fluctuations in food costs by purchasing seafood directly from numerous suppliers, promoting certain alternative menu selections in response to price and availability of supply and adjusting its menu prices accordingly to help control the cost of restaurant sales.

Labor. Labor and other related costs as a percentage of restaurant sales increased to 29.9% during the second quarter of 2006 as compared to 29.4% for the second quarter of 2005. This 0.5% increase primarily related to a \$197,000 reduction in income recognized for workers' compensation reserve adjustments in 2006 compared to the prior year. Exclusive of non-recurring income from worker's compensation reserve adjustments of \$132,000 and \$329,000 in the second quarters of 2006 and 2005, labor costs were 31.0% and 32.2%, respectively. The improvement of 1.2% as a percentage of sales primarily related to a decrease in restaurant labor (0.7%) due to improved operational efficiencies and a reduction in workers' compensation insurance premiums (0.6%).

Other. Other restaurant operating costs of \$3,416,000 for the second quarter of 2006 increased by \$570,000, or 2.3% of restaurant sales, compared to the second quarter of 2005, primarily due to increased utilities, insurance and occupancy costs.

Depreciation and amortization. Depreciation and amortization expense increased to \$567,000, or 4.4% of restaurant sales, for the second quarter of 2006 from \$383,000, or 3.2% of restaurant sales, in the second quarter of 2005. The increase was due to additional restaurant remodels, and new and relocated restaurants.

Pre-opening expenses: There were no pre-opening expenses in the second quarter of 2006 compared to \$3,000 in the second quarter of 2005, related to the restaurant which opened on March 22, 2005 at Clearwater Beach, Florida. Pre-opening expenses represent start-up costs incurred prior to opening for business and include occupancy expenses, training labor, advertising and classified ads, utilities and supplies.

Total restaurant operating costs: Total restaurant operating costs for the second quarter of 2006 were 92.9% of restaurant sales compared to 89.5% in the second quarter of 2005, primarily related to higher costs for utilities, insurance, occupancy and depreciation as discussed above.

General and administrative expenses. General and administrative expenses of \$976,000, or 7.5% of revenues, for the second quarter of 2006 increased from \$877,000, or 7.4% of revenues, for the second quarter of 2005, primarily due to increases in legal and professional expenses (0.4%) and stock option expense (0.2%), partly offset by a decrease in recruiting and training costs (0.3%).

Lease buy-out: In April 2006, we recognized \$212,000 net cash proceeds in a non-recurring transaction related to the negotiation of an option embedded in the Ocala restaurant lease agreement to a new landlord. There was no similar transaction in the second quarter of 2005.

Interest expense, net. Interest expense, net was \$67,000 in the second quarter of 2006 compared to \$168,000 in the second quarter of 2005. The decrease in interest expense, net was primarily related to the retirement of debt in May 2005 in conjunction with our then private financing transaction.

Other expense, net. Other expense, net was \$91,000 for the second quarter of 2006 compared to \$24,000 for the second quarter of 2005. The increase from the prior year primarily related to a non-recurring write-down of fixed assets replaced during remodeling of \$39,000 and uninsured repair costs from the 2005 hurricane season.

Back to Table of Contents

Deemed dividend associated with warrants and beneficial conversion feature of preferred stock. The deemed dividend associated with warrants and beneficial conversion feature of our preferred stock of \$1,735,000 related to the May 2005 private placement financing transaction when we issued Series B Convertible Preferred Stock and warrants to purchase common stock. This one-time implied preferred stock dividend was recorded through accumulated deficit.

(Loss) income from operations and net loss attributable to common stock. As a result of the factors discussed above, we had a loss from operations of \$8,000 for the second quarter of 2006 compared to income from operations of \$416,000 for the second quarter of 2005. Exclusive of non-recurring income affecting labor of \$132,000 and \$329,000 in the second quarters of 2006 and 2005, respectively, we had a loss from operations of \$140,000 in the second quarter of 2006 compared to income from operations of \$87,000 in the second quarter of 2005. We had a net loss attributable to common stock of \$9,000 for the second quarter of 2006 compared to a net loss of \$1,576,000 for the second quarter of 2005. Exclusive of \$325,000 net non-recurring income, we had a net loss attributable to common stock of \$334,000 for the second quarter of 2006. Exclusive of net non-recurring expenses of \$1,391,000 and pre-opening expenses of \$3,000, we had a net loss attributable to common stock of \$182,000 for the second quarter of 2005.

26 weeks ended July 2, 2006 and July 3, 2005

Revenues. Total revenues for the 26 weeks ended July 2, 2006 were \$27,641,000 as compared to \$24,445,000 for the 26 weeks ended July 3, 2005. The \$3,196,000, or 13.1%, increase in revenues was primarily a result of a 7.6% increase in same store sales, mostly related to menu price increases and menu mix changes implemented to offset the Florida minimum wage hikes and, to a lesser extent, an increase in guest traffic over the prior year. We also benefited from a stronger mix of restaurants in operation in 2006 versus the same period last year.

Food and beverage. Food and beverage costs as a percentage of restaurant sales decreased to 32.1% for the 26 weeks ended July 2, 2006 from 32.8% for the comparable period in 2005. This 0.7% decrease primarily related to higher menu pricing and changes in menu mix, an increase in the percentage of sales attributable to comparatively higher margin liquor sales, and gains derived from better operational controls over food and beverage costs.

Labor. Labor and other related costs as a percentage of restaurant sales increased to 29.9% during the 26 weeks ended July 2, 2006 as compared to 29.4% for the comparable period in 2005. This 0.5% increase primarily related to a \$197,000 reduction in income recognized for workers' compensation reserve adjustments in 2006 compared to the prior year. Exclusive of non-recurring income from worker's compensation reserve adjustments of \$132,000 and \$329,000 in the second quarters of 2006 and 2005, labor costs were 30.4% and 30.8%, respectively. The improvement of 0.4% as a percentage of sales primarily related to a reduction in workers' compensation insurance premiums (0.2%) and a slight decrease in restaurant labor due to improved operational efficiencies (0.1%).

Other. Other restaurant operating costs of \$6,851,000 for the 26 weeks ended July 2, 2006 increased by \$1,330,000, or 2.2% of restaurant sales, compared to the comparable period in 2005, primarily due to increased utilities, insurance and occupancy costs.

Depreciation and amortization. Depreciation and amortization expense increased to \$1,065,000, or 3.9% of restaurant sales, for the 26 weeks ended July 2, 2006 from \$731,000, or 3.0% of restaurant sales, in the comparable period in 2005. The 0.9% increase was due to additional restaurant remodels, and new and relocated restaurants.

Back to Table of Contents

Pre-opening expenses: There were no pre-opening expenses in the 26 weeks ended July 2, 2006 compared to \$303,000, or 1.2% of restaurant sales, in the comparable period in 2005, related to the restaurant which opened on March 22, 2005 at Clearwater Beach, Florida.

Total restaurant operating costs: Total restaurant operating costs for the 26 weeks ended July 2, 2006 were 90.8% of restaurant sales compared to 89.1% in the comparable period in 2005, primarily related to higher costs for utilities, insurance, occupancy and depreciation as discussed above, partially offset by a favorable variance in pre-opening expenses over the prior year.

General and administrative expenses. General and administrative expenses of \$2,155,000, or 7.8% of revenues, for the 26 weeks ended July 2, 2006 increased from \$1,788,000, or 7.3% of revenues, for the comparable period in 2005, primarily due to increases in stock option expense (0.4%) and legal and professional expenses (0.2%).

Lease buy-out: In April 2006, we recognized \$212,000 net cash proceeds in a non-recurring transaction related to the negotiation of an option embedded in the Ocala restaurant lease agreement to a new landlord. In January 2005, we entered into an agreement with our landlord in St. Pete Beach, Florida, whereby the landlord paid \$600,000 to us for an option to buy-out the lease upon 60 days notice to us. To-date, no termination notice has been received from the landlord.

Provision for impairment of assets: The provision for impairment of assets of \$211,000 for the 26 weeks ended July 3, 2005 was due to a valuation adjustment for the St. Pete Beach location, related to the expected shortened lease period as a result of the lease buy-out described above. There was no provision in the comparable period in 2006.

Interest expense, net. Interest expense, net was \$138,000 in the 26 weeks ended July 2, 2006 compared to \$337,000 in the comparable period in 2005. The decrease in interest expense, net was primarily related to the retirement of debt in May 2005 in conjunction with our then private financing transaction.

Other expense, net. Other expense, net was \$147,000 for the 26 weeks ended July 2, 2006 compared to \$278,000 for the comparable period in 2005. Exclusive of non-recurring items, other expense was \$85,000 for the 26 weeks ended July 2, 2006 compared to \$36,000 for the comparable period in 2005. Non-recurring expenses in 2006 consisted of a loss on disposal of assets of \$39,000 from the write-down of fixed assets replaced during remodeling, and a \$23,000 lease termination fee. Non-recurring expenses in 2005 consisted of a loss on disposal of assets of \$162,000 from the write-down of fixed assets replaced during remodeling, and financing costs of \$80,000 paid by us for a line-of-credit.

Deemed dividend associated with warrants and beneficial conversion feature of preferred stock. The deemed dividend associated with warrants and beneficial conversion feature of our preferred stock of \$1,735,000 related to the May 2005 private placement financing transaction when we issued Series B Convertible Preferred Stock and warrants to purchase common stock. This one-time implied preferred stock dividend was recorded through accumulated deficit.

Income from operations and net income (loss) attributable to common stock. As a result of the factors discussed above, we had income from operations of \$467,000 for the 26 weeks ended July 2, 2006 compared to \$944,000 for the comparable period in 2005. Exclusive of non-recurring income affecting labor of \$132,000 and \$329,000 in the first 26 weeks of 2006 and 2005, we had income from operations of \$335,000 and \$615,000, respectively. We had net income attributable to common stock of \$252,000 for the 26 weeks ended July 2, 2006 compared to a net loss attributable to common stock of \$1,166,000 for the comparable period in 2005. Exclusive of \$302,000 net non-recurring income, we had a net loss attributable to common stock of \$50,000 for the 26 weeks ended July 2, 2006. Exclusive of net non-recurring expenses of \$1,244,000 and pre-opening expenses of \$303,000, we had net income attributable to common stock of \$381,000 for the 26 weeks ended July 3, 2005.

Back to Table of Contents

LIQUIDITY AND CAPITAL RESOURCES

In March 2005, persons associated with our Company extended to us a \$1,600,000 revolving line of credit, for which we have subsequently borrowed \$1,440,000. In June 2006, we utilized \$640,000 of the revolving line of credit to fund remaining remodeling costs and working capital requirements. In October 2005, we utilized \$800,000 of the line of credit to fund the acquisition and opening costs of a restaurant relocation and a new restaurant. Amounts drawn under this line of credit bear interest at the rate of 15% per annum, payable 8% monthly in arrears and 7% deferred until the maturity date of May 23, 2007. It is not expected that we will be able to borrow the remaining \$160,000 under the credit line.

We extended the maturity date to September 28, 2006 of our \$500,000 bank credit line borrowing which was scheduled to mature on June 28, 2006. This facility was fully drawn in December 2005 to assist in the funding of our restaurant remodels.

In April 2006, we recognized \$212,000 in net cash proceeds related to the negotiation of an option embedded in the Ocala restaurant lease agreement to a new landlord, Fortress Realty Investment, LLC. We anticipate completing a sale-leaseback transaction through Fortress Realty on our New Smyrna Beach restaurant in the third quarter of 2006. If successfully completed, we expect to realize approximately \$1,270,000 of proceeds from this transaction. We anticipate utilizing these proceeds to retire an existing note on the New Smyrna Beach property of approximately \$332,000 and repay the \$500,000 bank credit facility. The remaining proceeds of approximately \$438,000 will be available for working capital requirements.

We believe that our cash balance along with our operating forecast, coupled with the contemplated sale leaseback transaction, will be sufficient to satisfy our cash requirements through the end of the 2006 fiscal year. We are currently seeking additional third party financing to provide for working capital contingencies, repay or refinance the revolving line of credit prior to its May 2007 maturity, and support additional new restaurant growth. There can be no assurances that the implementation of our strategies will result in sales and customer traffic gains which are required to meet our contemplated cash flow requirements.

In the event that our plans change, our assumptions prove to be inaccurate, and in the event projected cash flow or third party financing otherwise prove to be insufficient to fund operations or repay debt, we could be required to seek additional financing from sources not currently anticipated. There can be no assurances that third party financing will be available to us when needed, on acceptable terms, or at all.

As of July 2, 2006, our current liabilities of \$8,238,000 exceeded our current assets of \$2,698,000, resulting in a working capital deficiency of \$5,540,000. In comparison, the January 1, 2006 working capital deficiency was \$4,842,000. The \$698,000 increase in the deficiency is primarily the result of a decrease in cash of \$311,000 and increases in notes and deferred interest payable to related parties of \$1,478,000 and in current portion of long-term debt of \$487,000, each related to the use of credit facilities addressed above, partially offset by a \$705,000 increase in other current assets related to increases in insurance premium prepayments, and a reduction in accounts payable of \$1,018,000. The net change in working capital is generally affected by our 2006 year-to-date investment in property and equipment of \$1,486,000, mostly related to our restaurant remodeling program. We may still encounter operating pressures from increasing food, labor or other operating costs, as well as from a reduction in sales. Historically, we have generally operated with minimal or marginally negative working capital as a result of the investment of current assets into non-current property and equipment, as well as the turnover of restaurant inventory relative to more favorable vendor terms in accounts payable.

Net cash used in operating activities for the 26 weeks ended July 2, 2006 was \$89,000 compared to net cash provided by operating activities of \$753,000 for the comparable period in 2005. The net decrease of \$842,000 primarily related

to an increase in payments on accounts payable over the prior year, a decrease in net income before preferred stock dividend, and an increase in other current assets, partially offset by increases in non-cash depreciation and stock option expense over the prior year, and a decrease in prepaid rent.

Net cash used in investing activities was \$1,274,000 for the 26 weeks ended July 2, 2006 compared to \$2,558,000 for the same period in 2005, primarily due to a \$1,672,000 reduction in capital expenditures, partially offset by a \$388,000 net reduction from proceeds on the sale of leases.

Net cash provided by financing activities was \$1,052,000 for the 26 weeks ended July 2, 2006 compared to \$2,261,000 for the same period in 2005. The decrease of \$1,209,000 primarily related to a net reduction in proceeds from the issuance of stock of \$4,900,000 compared to the same period in 2005, partially offset by a reduction in the repayment of debt of \$2,299,000 and an increase in proceeds from debt financing of \$1,394,000.

QUARTERLY FLUCTUATION OF FINANCIAL RESULTS

The restaurant industry in general is seasonal, depending on restaurant location and the type of food served. In addition, we have experienced fluctuations in our quarter-to-quarter operating results due, in large measure, to our full concentration of restaurants in Florida. Business in Florida is influenced by seasonality due to various factors, which include but are not limited to weather conditions in Florida relative to other areas of the U.S. and the health of Florida's economy and the effect of world events in general and the tourism industry in particular. In addition, in recent years, our operating results have been significantly affected by hurricanes. Our restaurant sales are generally highest from January through April and June through August, the peaks of the Florida tourism season, and generally lower from September through mid-December. Many of our restaurant locations are in coastal cities, where sales are significantly dependent on tourism and its seasonality patterns.

In addition, quarterly results have been substantially affected by the timing of restaurant closings or openings. Because of the seasonality of our business and the impact of restaurant closings, results for any quarter are not generally indicative of the results that may be achieved for a full fiscal year on an annualized basis and cannot be used to indicate financial performance for the entire year.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

We are exposed to market risk from changes in interest rates on debt and changes in commodity prices. Our exposure to interest rate risk relates to the \$961,000 in outstanding debt with banks that is based on variable rates. Borrowings under the loan agreements bear interest at the rate equal to the applicable bank's base rate, or at the bank's base rate plus a specified margin.

Item 4. Controls and Procedures

We maintain "disclosure controls and procedures," as defined under Securities Exchange Act Rule 13a-15(e), that are designed to ensure that information required to be disclosed in our Exchange Act reports is recorded, processed, summarized, and reported within the time periods specified in the SEC's rules and forms, and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, to allow timely decisions regarding required disclosures. In designing and evaluating the disclosure controls and procedures, our management recognized that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives and our management necessarily was required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures. As required by SEC Rule 13a-15(b), we have carried out an evaluation, as of the end of the period covered by this report, under the supervision and with the participation of our management, including our Chief Executive Officer and Chief Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures. Based upon their evaluation and subject to the foregoing, our management with the participation of the Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures were effective (as such term is defined under Securities Exchange Act Rule 13a-15(e)) as of the end of the period covered by this report.

There were no changes in our internal controls over financial reporting that occurred during our most recent fiscal quarter that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

Part II. OTHER INFORMATION

Item 1. Legal Proceedings

On August 1, 2006, we were advised by our subtenant, Famous Dave's RIBS-U, Inc., that they discontinued operations of the restaurant located in Streamwood, Illinois and have ceased remitting rent payments in accordance with the sublease. The subtenant has requested discussions on settlement for a lease termination. Such restaurant closure is a condition of default under the sublease as well as the master lease between Shells and the ultimate landlord, 948 Barrington Road Partnership. The financial implications to Shells are undetermined at this time. We intend to pursue our rights against Famous Dave's, as appropriate to protect our interest.

In the ordinary course of business, Shells is and may be a party to various legal proceedings, the outcomes of which, singly or in the aggregate, are not currently expected to be material to our financial position, results of operations or cash flows.

Item 1A. Risk Factors

In addition to the other information set forth in this quarterly report, you should carefully consider the factors discussed in Part I, Item 1A. "Risk Factors" in the Company's Annual Report on Form 10-K for the year ended January 1, 2006, which could materially affect our business, financial position or results of operations, and as supplemented below. There are no material changes from the risk factors set forth in Part I, Item 1A, "Risk Factors," of the Company's Annual Report on Form 10-K and below are not the only risks facing the Company. Additional risks and uncertainties not presently known to us or that we currently believe to be immaterial may also adversely affect our business, financial position or results of operations.

We may have financial exposure relating to closed restaurants.

Relative to our exiting from the Midwest market several years ago, we have been subleasing two Midwest restaurant properties to Famous Dave's RIBS-U, Inc. These leases each terminate in 2010. Recently, the subtenant defaulted on one of the two leases. Subject to legal recourse, we may have exposure in excess of amounts previously reserved for this lease.

Item 4. Submission of Matters to a Vote of Security Holders

On May 18, 2006, at our Annual Meeting of Stockholders, the following directors were elected by the votes indicated:

Philip R. Chapman: 24,272,133 For, 92,432 Against or Withheld, 0 Abstaining
Leslie J. Christon: 24,330,500 For, 34,065 Against or Withheld, 0 Abstaining
Michael R. Golding: 24,313,754 For, 50,811 Against or Withheld, 0 Abstaining
Gary L. Herman: 24,266,847 For, 97,718 Against or Withheld, 0 Abstaining
John F. Hoffner: 24,272,747 For, 91,818 Against or Withheld, 0 Abstaining
Christopher D. Illick: 24,271,547 For, 93,018 Against or Withheld, 0 Abstaining
Jay A. Wolf: 24,268,147 For, 96,418 Against or Withheld, 0 Abstaining

EXHIBIT 31.1

CERTIFICATION OF CHIEF EXECUTIVE OFFICER

I, Leslie J. Christon, certify that:

1. I have reviewed this report on Form 10-Q of Shells Seafood Restaurants, Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) for the registrant and have:
 - (a) designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - (b) evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - (c) disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - (a) all significant deficiencies and material weaknesses in the design or operation of internal controls over financial reporting, which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - (b) any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

**CERTIFICATION OF CHIEF EXECUTIVE OFFICER AND CHIEF FINANCIAL OFFICER
PURSUANT TO 18 U.S.C. SECTION 1350, AS ADOPTED PURSUANT TO
SECTION 906 OF THE SARBANES-OXLEY ACT OF 2002**

Securities and Exchange Commission
Washington, DC

The undersigned Chief Executive Officer and Chief Financial Officer of Shells Seafood Restaurants, Inc. do hereby certify pursuant to 18 U.S.C. Section 1350, as adopted pursuant to Section 906 of the Sarbanes-Oxley Act of 2002, that the Quarterly Report of Shells Seafood Restaurants, Inc. on Form 10-Q for the quarter ended July 2, 2006 fully complies with the requirements of section 13(a) or 15(d) of the Securities Exchange Act of 1934 and the information contained in such Quarterly Report on Form 10-Q fairly presents, in all material respects, the financial condition and results of operations of Shells Seafood Restaurants, Inc.

A signed original of this written statement required by Section 906 has been provided to Shells Seafood Restaurants, Inc. and will be retained by Shells Seafood Restaurants, Inc. and furnished to the Securities and Exchange Commission or its staff upon request.
