PROXY STATEMENT

Information Concerning the Solicitation

This statement is furnished in connection with the solicitation of proxies to be used at the Annual Shareholders Meeting (the "Annual Meeting") of CTI Industries Corporation (the "Company"), an Illinois corporation, to be held at 10:00 a.m. Central Daylight Savings Time on Friday, November 10, 2006, at The Holiday Inn Crystal Lake, 800 South Route 31, Crystal Lake, Illinois 60014. The proxy materials are being mailed to shareholders of record at the close of business on Tuesday, October 3, 2006.

The solicitation of proxies in the enclosed form is made on behalf of the Board of Directors of the Company.

The cost of preparing, assembling and mailing the proxy material and of reimbursing brokers, nominees and fiduciaries for the out-of-pocket and clerical expenses of transmitting copies of the proxy material to the beneficial owners of shares held of record by such persons will be borne by the Company. The Company does not intend to solicit proxies otherwise than by use of the mail, but certain officers and regular employees of the Company or its subsidiaries, without additional compensation, may use their personal efforts, by telephone or otherwise, to obtain proxies.

Quorum and Voting

Only shareholders of record at the close of business on Tuesday, October 3, 2006, are entitled to vote at the Annual Meeting. On that day, there were 2,130,192 shares of Common Stock outstanding. Each share has one vote. A simple majority of the outstanding shares of Common Stock is required to be present in person or by proxy at the meeting for there to be a quorum for purposes of proceeding with the Annual Meeting. The Company's Articles of Incorporation grants the holders of Common Stock the right to elect up to seven total directors, and seven directors will be elected by the Company's Common Stockholders at this meeting. The Common Stock does not possess cumulative voting rights, and the election of directors will be by the vote of a majority of shares of Common Stock present in person or by proxy at the Annual Meeting. The ratification of auditors will require the vote of a simple majority of the shares of Common Stock present at the Annual Meeting by person or proxy. Abstentions and withheld votes have the effect of votes against these matters. Broker non-votes (shares of record held by a broker for which a proxy is not given) will be counted for purposes of determining shares outstanding for purposes of a quorum, but will not be counted as present for purposes of determining the vote on any matter considered at the meeting.

A shareholder signing and returning a proxy on the enclosed form has the power to revoke it at any time before the shares subject to it are voted by notifying the Secretary of the Company in writing. If a shareholder specifies how the proxy is to be voted with respect to any of the proposals for which a choice is provided, the proxy will be voted in accordance with such specifications. If a shareholder fails to so specify with respect to such proposals, the proxy will be voted "FOR" the nominees for directors contained in these proxy materials, "FOR" proposal 2, and "FOR" proposal 3.

Stock Ownership by Management and Others

The following table provides information concerning the beneficial ownership of the Company's common stock by each director and nominee for director, certain executive officers, and by all directors and officers of the Company as a group as of October 3, 2006. In addition, the table provides information concerning the beneficial owners known to the Company to hold more than 5 percent of the outstanding common stock of the Company as of October 3, 2006.

The amounts and percentage of stock beneficially owned are reported on the basis of regulations of the Securities and Exchange Commission ("SEC") governing the determination of beneficial ownership of securities. A person is also deemed to be a beneficial owner of any securities of which that person has a right to acquire beneficial ownership within 60 days after October 3, 2006. Under these rules, more than one person may be deemed a beneficial owner of the same securities and a person may be deemed a beneficial owner of securities as to which he has no economic interest. Percentage of class is based on 2,036,474 shares of common stock outstanding as of October 3, 2006.

The Compensation Committee is composed of Stanley M. Brown, John I. Collins and Bret Tayne. The Compensation Committee reviews and makes recommendations to the Board of Directors concerning the compensation of officers and key employees of the Company. The Compensation Committee met one time during 2005.

The Nominating Committee is composed of Stanley M. Brown and John I. Collins. The Nominating Committee identifies and reviews potential candidates for the Board of Directors and makes recommendations concerning potential candidates for the Board of Directors of the Company. The Nominating Committee did not meet separately during 2005.

Audit Committee

Since 2000, the Company has had a standing Audit Committee, which is presently composed of Mr. Tayne, Mr. Brown, Mr. Collins and Mr. Avramovich. Mr. Avramovich has been designated and is the Company's "Audit Committee Financial Expert" pursuant to paragraph (h)(1)(i)(A) of Item 401 of Regulation S-K of the Exchange Act. The Audit Committee held four meetings during fiscal year 2005, including quarterly meetings with management and independent auditors to discuss the Company's financial statements. Mr. Avramovich and each appointed member of the Audit Committee satisfies the definition of "independent" as that term is used in Item 7(d)(3)(iv) of Schedule 14A under the Exchange Act. The Company's Board of Directors has adopted a written charter for the Company's Audit Committee. The Audit Committee reviews and makes recommendations to the Company about its financial reporting requirements. Information regarding the functions performed by the Committee is set forth in the "Report of the Audit Committee," as follows:

Report of the Audit Committee

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process including the systems of internal controls. In fulfilling its oversight responsibilities, the Committee reviewed the audited financial statements in the Annual Report with management including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements.

The Committee reviewed with the independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Committee under generally accepted auditing standards, including but not limited to those matters required to be discussed by SAS 61 (Codification of Statements on Auditing Standards, AU §380). In addition, the Committee has discussed with the independent auditors the auditor's independence from management and the Company including the matters in the written disclosures required by the Independence Standards Board.

The Committee discussed with the Company's independent auditors the overall scope and plans for their respective audits. The Committee meets with the independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors (and the Board has approved) that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2005 for filing with the Securities and Exchange Commission. The Committee and the Board have also recommended, subject to future shareholder approval at the Company's 2006 annual meeting of shareholders, the selection of Weiser LLP as the Company's independent auditors.

Michael Avramovich, Audit Committee Chair

Bret Tayne, Audit Committee Member

Stanley M. Brown, III, Audit Committee Member

John I. Collins, Audit Committee Member

Nominating Committee

In 2005, the Company established a Nominating Committee. The Nominating Committee consists of two directors, Stanley M. Brown III and John I. Collins. The Nominating Committee does not have a charter. The Board of Directors has determined that each of the members of the Nominating Committee is independent as defined in the listing standards for the NASDAQ Stock Market.

The Nominating Committee has not adopted a formal policy with regard to consideration of director candidates recommended by security holders. The Company believes that continuing service of qualified incumbent members of the Board of Directors promotes stability and continuity at the Board level, contributes to the Board's ability to work as a collective body and provides the benefit of familiarity and insight into the Company's affairs. Accordingly, the process of the Nominating Committee for identifying nominees reflects the Company's practice of re-nominating incumbent directors who continue to satisfy the criteria for membership on the Board. For vacancies which are anticipated on the Board of Directors, the Nominating Committee intends to seek out and evaluate potential candidates from a variety of sources that may include recommendations by security holders, members of management and the Board of Directors, consultants and others. The minimum qualifications for potential candidates for the Board of Directors include demonstrated business experience, decision-making abilities, personal integrity and a good reputation. In light of the foregoing, and the fact that one new independent director was elected to the Board in 2004, it is believed that a formal policy and procedure with regard to consideration of director candidates recommended by security holders is not necessary in order for the Nominating Committee to perform its duties.

The Nominating Committee did not meet separately during 2005. All of the independent directors of the Board of Directors of the Company participated in the nominating process and voted in favor of the nomination of the of the persons nominated for election as directors at the Annual Meeting of Stockholders to be held on November 10, 2006.

The following table sets forth a summary of the compensation paid or accrued during the last three fiscal years by the Company to its President, Chief Executive Officer and any other officer who was an officer of the Company at December 31, 2005, and who received compensation in excess of \$100,000 ("Named Executive Officers").

Compensation Committee Interlocks and Insider Participation

The Compensation Committee of the Board of Directors of the Company is composed of Stanley M. Brown, John I. Collins and Bret Tayne. All members of the Compensation Committee are independent directors. None of the members of the Compensation Committee is an officer or employee of our Company. No executive officer of our company serves as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving on our Compensation Committee.

Compensation Committee Report on Executive Compensation

The Compensation Committee is responsible for establishing the standards and philosophy of the Board of Directors regarding executive compensation, for reviewing and evaluating executive compensation and compensation programs, and for recommending levels of salary and other forms of compensation for executives of the Company to the Board of Directors. The full Board of Directors of the Company is responsible for setting and administering salaries, bonus payments and other compensation awards to executives of the Company.

Compensation Philosophy

The philosophy of the Compensation Committee, and of the Board of Directors of the Company, regarding executive compensation includes the following principal components:

To attract and retain quality executive talent, which is regarded as critical to the long and short-term success of the Company, in substantial part by offering compensation programs which provide attractive rewards for successful effort.

To provide a reasonable level of base compensation to senior executives.

To create a mutuality of interest between executive officers of the Company and shareholders through long-term compensation structures, particularly stock option programs, so that executive officers share the risks and rewards of strategic decision making and its effect on shareholder value.

The Compensation Committee has recommended, and the Board of Directors has determined, to take appropriate action to comply with the provisions of Section 162(m) of the Internal Revenue Code so that executive compensation will be deductible as an expense to the fullest extent allowable.

The Company's executive compensation program consists of two key elements: (i) an annual component consisting of base salary and (ii) a long-term component, principally stock options.

Annual Base Compensation

The Compensation Committee recommends annual salary levels for each of the Named Executives, and for other senior executives of the Company, to the Board of Directors. The recommendations of the Compensation Committee for base salary levels for senior executives of the Company are determined annually, in part, by evaluating the responsibilities of the position and examining market compensation levels and trends for similar positions in the marketplace. Additional factors which the Compensation Committee considers in recommending annual adjustments to base salaries include: results of operation of the Company, sales, shareholder returns, and the experience, work-performance, leadership and team building skills of each executive. The Company receives information from the Chief Executive Officer with regard to these matters. While each of these factors is considered in relatively equal

weight, the Compensation Committee does not utilize performance matrices or measured weightings in its review. Each year, the Compensation Committee conducts a structured review of base compensation of senior executives with input from the Chief Executive Officer.

Long-Term Component - Stock Options

The long-term component of compensation provided to executives of the Company has been in the form of stock options. The Compensation Committee has recommended to the Board of Directors that a significant portion of the total compensation to executives be in the form of incentive stock options. Stock options are granted with an exercise price equal to or greater than the fair market value of the Company's Common Stock on the date of the grant. Stock options are exercisable between one and ten years from the date granted. Such stock options provide incentive for the creation of shareholder value over the long-term since the full benefit of the compensation package for an executive cannot be realized unless an appreciation in the price of the Company's Common Stock occurs over a specified number of years.

The magnitude of the stock option awards are determined annually by the Compensation Committee and the Board of Directors. Generally, the number of options granted to an executive has been based on the relative salary level of the executive.

On December 30, 2005, incentive stock options to purchase up to 10,000, 10,000, 10,000, 1,000, 1,000, 1,000 and 1,000 shares of the Company's Common Stock were granted to Messrs. Brent Anderson, Steven Frank, Timothy Patterson, Bret Tayne, Stanley M. Brown, Michael Avromovich, and John Collins, respectively, under the 2002 Stock Option Plan (the "2002 Plan"). On December 31, 2003, options to purchase up to 5,000 shares of the Company's Common Stock were granted to Timothy Patterson under the 2002 Stock Option Plan.

There were no other stock options granted to any of the Named Executives in 2003, 2004 or 2005.

CEO Compensation

The Compensation Committee utilizes the same standards and methods for recommending annual base compensation for the Chief Executive Officer of the Company as it does for other senior executive officers of the Company.

In 1997, the Company entered into an Employment Agreement with Howard W. Schwan, President of the Company, providing that Mr. Schwan's base annual compensation would not be less than \$135,000. During 2003, 2004 and 2005, upon the recommendation of the Compensation Committee, the base salary of Mr. Schwan was \$162,500, \$153,000 and \$138,000, respectively.

The Compensation Committee has evaluated the compensation of Mr. Schwan in light of the results of operation of the Company and in comparison to compensation levels of similar companies. The Compensation Committee determined that Mr. Schwan's level of base compensation be \$138,000.
