Item 1.01. Entry into a Material Definitive Agreement.

On April 17, 2007, Caplease, LP, the operating partnership subsidiary of Capital Lease Funding, Inc., entered into a \$211 million credit agreement with Wachovia Bank, N.A. (the "Bridge Facility"). Capital Lease Funding, Inc. and various of its other subsidiaries agreed to act as guarantors under the Bridge Facility. We are permitted to use proceeds from borrowings under the Bridge Facility to fund our acquisition of the portfolio described under Item 2.01 of this Form 8-K, including debt repayment and related defeasance costs on one of the properties and costs and expenses associated with the acquisition. As described in Item 2.01 of this Form 8-K, we borrowed \$210.3 million under the Bridge Facility in connection with our acquisition of the above portfolio.

The Bridge Facility has an initial term of 90 days that we may extend for an additional 45 days upon payment of an extension fee of 0.50% of the amount outstanding. We can repay our borrowings in whole or in part at any time (subject to a \$2 million minimum) without any penalty or premium. We are required to repay the Bridge Facility with our net proceeds from any debt or equity issuance by our company or any of its subsidiaries, other than special purpose subsidiaries that may be formed by us from time to time in connection with our acquisition of additional real estate properties other than the portfolio properties described in Item 2.01 below. We intend to repay our borrowings under the Bridge Facility with the proceeds from refinancing the debt we assumed on the properties, potential property sales, and issuances of equity, long-term debt or other permanent capital alternatives we are evaluating.

During the initial term, our borrowings under the Bridge Facility will bear interest at prevailing short-term interest rates (30-day LIBOR plus 250 basis points). During any extended term, the interest rate on our borrowings will increase to 30-day LIBOR plus 350 basis points. We have funded the estimated amount of our interest cost on the Bridge Facility into a reserve account at Wachovia Bank. We paid Wachovia Bank fees in connection with the Bridge Facility of approximately \$2.6 million.

Our borrowings under the Bridge Facility are secured by a pledge of substantially all of our unencumbered assets, including the equity interest in our company's subsidiary that will indirectly own the portfolio of properties described in Item 2.01 below. The Bridge Facility is a fully recourse lending arrangement.

We have agreed to maintain a fixed charge coverage ratio of not less than 1.25 to 1.00 during the term of the Bridge Facility. We also made customary representations and warranties and affirmative and negative covenants, and agreed to customary events of defaults. The Bridge Facility is cross-defaulted with our repurchase agreement and our real property acquisition facility with Wachovia Bank or its affiliates.

Wachovia Investors, Inc., an affiliate of Wachovia Bank, owns approximately 3.0% of our outstanding common stock. We also have a short-term repurchase agreement and real property acquisition facility with Wachovia Bank or its affiliates and from time to time we obtain long-term mortgage financings on our real property acquisitions from Wachovia Bank. From time to time, we may sell assets to Wachovia Bank or its affiliates on what we believe are fair market terms. We have in the past engaged affiliates of Wachovia Bank to perform investment banking services on our behalf, and we expect to continue to do so in the future. In addition, we enter into derivative transactions with Wachovia Bank from time to time.

The description of the credit agreement is qualified by reference to the complete agreement that is attached hereto as an exhibit and is incorporated herein by reference.
