SECTION 1 - REGISTRANTS BUSINESS AND OPERATIONS

Item 1.01 - Entry into a Material Definitive Agreement

On September 10, 2007 Northern Oil & Gas, Inc. (the “Company”) completed a private placement of 4,545,455 shares of common stock to accredited investors at a subscription price of \$3.30 per share for total gross proceeds of \$15,000,000.

In addition to common stock, investors purchasing shares in the private placement will also receive a warrant to purchase common stock. For each share of common stock purchased in this transaction, the purchaser will receive the right to purchase one-half share of Northern common stock at a price of \$5.00 per share for a period of 18 months from the date of closing and the right to purchase one-half share of Northern common stock at a price of \$6.00 for a period of 48 months from the date of closing.

FIG Partners, LLC Energy Research & Capital Partners served as the exclusive placement agent for the transaction for which it received consideration in cash and warrants.

In connection with the private placement, the Company has agreed to file a registration statement covering the shares with the United States Securities and Exchange Commission.

In addition, four of the Company’s founders have executed restriction agreements under which they agree not to sell shares of beneficial interest in the Company for a period of 18 months from the closing of this private placement, except under certain limited circumstances. Approximately 13,289,000 shares of the Company’s common stock are subject to the lock-up agreement.

A copy of the press release which the Company issued in connection with this transaction is attached as Exhibit 99.1.

Item 3.02 - Unregistered Sales of Equity Securities

On September 10, 2007, the Company completed an unregistered offering of 4,545,455 shares of common stock, and warrants to purchase 4,818,183 shares of common stock, to accredited investors. The Company believes that the issuance of the shares and warrants was exempt from the registration and prospectus delivery requirements of the Securities Act of 1933 by virtue of Section 4(2) and Regulation D, Rule 506. The recipients of the shares and warrants were afforded an opportunity for effective access to files and records of the Company that contained relevant information needed to make their investment decisions, including the Company’s financial statements and 1934 Act Reports. The Company reasonably believes that each recipient, immediately prior to issuing the shares and warrants, had such knowledge and experience in its financial and business matters that it was capable of evaluating the merits and risks of its investment. Each recipient had the opportunity to speak with the Company’s officers and directors prior to their investment decision.
