ANNUAL MEETING OF STOCKHOLDERS

To Be Held September 12, 2013

PROXY STATEMENT

The Board of Directors (the “Board”) of RBC Bearings Incorporated (the “Company”) is soliciting proxies from its stockholders to be used at the annual meeting of stockholders to be held on Thursday, September 12, 2013, beginning at 9:00 a.m., local time, at 102 Willenbrock Road, One Tribology Center, Oxford, CT 06478, and at any postponements or adjournments thereof. This proxy statement, a proxy card and the Company’s Annual Report on Form 10-K for the fiscal year ended March 30, 2013 are being mailed, or made available via the internet as described below, to stockholders on or about July 26, 2013. The fiscal years ended April 2, 2011, March 31, 2012, March 30, 2013 and March 29, 2014 are referred to respectively as “fiscal 2011”, “fiscal 2012”, “fiscal 2013” and “fiscal 2014” in this proxy statement.

This year, the Company is furnishing proxy materials to stockholders via the internet. If you received a Notice of Internet Availability of Proxy Materials (the “Notice”) by mail, you will not receive a printed copy of the proxy materials unless you specifically request one. The Notice instructs you on how to access and review all of the important information contained in the proxy statement and annual report as well as how to submit your proxy over the internet. If you received the Notice and would still like to receive a printed copy of our proxy materials, you should follow the instructions for requesting these materials included in the Notice. We plan to mail the Notice to stockholders on or about July 26, 2013. We will also continue to mail a printed copy of this proxy statement and form of proxy to certain stockholders and we expect that mailing to also begin on or about July 26, 2013.

ABOUT THE ANNUAL MEETING

Why did I receive these materials?

We are soliciting proxies for the 2013 annual meeting of stockholders. You are receiving a proxy statement because you owned shares of our common stock on July 16, 2013 (the “Record Date”), and that entitles you to vote at the meeting. By use of a proxy, you can vote whether or not you attend the meeting. This proxy statement describes the matters on which we would like you to vote and provides information on those matters so that you can make an informed decision.

What information is contained in this proxy statement?

The information in this proxy statement relates to the proposals to be voted on at the annual meeting, the voting process, our Board and committees thereof, the compensation of directors and executive officers and other information that the Securities and Exchange Commission (the “SEC”) requires us to provide annually to our stockholders.

How may I obtain RBC Bearings’ 10-K and other financial information?

A copy of our 2013 Annual Report, which includes our 2013 Form 10-K, is enclosed and incorporated by reference herein.

Stockholders may request another free copy of our 2013 Annual Report, which includes our 2013 Form 10-K, from:

Corporate Secretary
RBC Bearings Incorporated
One Tribology Center
Oxford, CT 06478

We will also furnish any exhibit to the 2013 Form 10-K if specifically requested. Stockholders may also find other filings with the SEC and corporate governance and other information on the investor relations page of our website at

<http://investor.rbcbearings.com/>.

What is the purpose of the annual meeting?

At our annual meeting, stockholders will act upon the matters outlined in the accompanying Notice of Annual Meeting of Stockholders. In addition, management will be available to respond to appropriate questions from stockholders.

Who is entitled to vote at the meeting?

Only stockholders of record at the close of business on the Record Date are entitled to receive notice of and to vote at the annual meeting. If you were a stockholder of record on the Record Date, you will be entitled to vote all of the shares that you held on that date at the meeting, or any postponements or adjournments of the meeting.

How many votes do I have?

You will be entitled to one vote for each outstanding share of RBC Bearings Incorporated common stock you owned as of the Record Date on each matter considered at the meeting. As of July 16, 2013, there were 22,826,455 shares of the Company's common stock outstanding and eligible to vote. There is no cumulative voting.

Who can attend the meeting?

Subject to space availability, all stockholders as of the Record Date, or their duly appointed proxies, may attend the meeting, and each may be accompanied by one guest. Since seating is limited, admission to the meeting will be on a first-come, first-served basis. Registration will begin at 8:00 a.m., and seating will begin at 8:30 a.m. If you attend, please note that you may be asked to present valid picture identification, such as a driver's license or passport. Cameras (including cell phones with photographic capabilities), recording devices and other electronic devices will not be permitted at the meeting.

Please also note that if you hold your shares in “street name” (that is, through a broker, bank or other nominee), you will also need to bring a copy of a brokerage statement reflecting your stock ownership as of the Record Date and check in at the registration desk at the meeting.

Please let us know if you plan to attend the meeting by marking the appropriate box on the enclosed proxy card or, if you vote by telephone or internet, indicating your plans when prompted.

What constitutes a quorum?

The presence at the meeting, in person or by proxy, of the holders of a majority of the shares of the common stock outstanding on the Record Date will constitute a quorum, permitting the conduct of business at the meeting. As of July 16, 2013, 22,826,455 shares of common stock, representing the same number of votes, were outstanding and eligible to vote. Thus, the presence of the holders of common stock representing at least 11,413,228 votes will be required to establish a quorum.

Proxies received by the Company but marked as abstentions and broker non-votes will be included in the calculation of the number of votes considered to be present at the meeting.

How do I vote?

If you are a holder of record (that is, your shares are registered in your own name with our transfer agent), you can vote either in person at the annual meeting or by proxy without attending the annual meeting. We urge you to vote by proxy even if you plan to attend the annual meeting so that we will know as soon as possible that enough votes will be present for us to hold the meeting. If you attend the meeting in person, you may vote at the meeting and your proxy will not be counted. You can vote by proxy by completing, dating and signing the enclosed proxy card and returning it in the enclosed postage-paid envelope.

If you hold your shares in “street name,” you must either direct the bank, broker or other record holder of your shares as to how to vote your shares, or obtain a proxy from the bank, broker or other record holder to vote at the meeting. Please refer to the voter instruction cards used by your bank, broker or other record holder for specific instructions on methods of voting, including by telephone or using the internet.

Your shares will be voted as you indicate. If you return the proxy card but you do not indicate your voting preferences, then the individuals named on the proxy card will vote your shares in accordance with the recommendations of the Board. The Board and management do not now intend to present any matters at the annual meeting other than those outlined in the Notice of the Annual Meeting of Stockholders. Should any other matter requiring a vote of stockholders arise, stockholders returning the proxy card confer upon the individuals named on the proxy card discretionary authority to vote the shares represented by such proxy on such other matter in the manner they consider appropriate.

If you do not specify on the enclosed proxy card that is sent to the Company (or when giving your proxy over the internet or telephone) how you want to vote your shares, the proxy holders will vote them "FOR" the election of all nominees for director as set forth under Item 1, "FOR" the ratification of the appointment of the independent registered public accounting firm under Item 2, "FOR" the approval of our 2013 Long Term Incentive Plan with the number of authorized shares to be issued under the 2013 Long Term Incentive Plan equal to 1,500,000 under Item 3; and "FOR" the approval of the resolution regarding the stockholder advisory vote on named executive officer compensation under Item 4.

Can I change my vote after I return my proxy card?

Yes. If you are a stockholder of record, you may revoke or change your vote at any time before the proxy is exercised by filing with the Secretary of the Company a notice of revocation or a duly executed proxy bearing a later date or by attending the annual meeting and voting in person. For shares you hold beneficially in "street name," you may change your vote by submitting new voting instructions to your broker, bank or other nominee or, if you have obtained a legal proxy from your broker, bank or other nominee giving you the right to vote your shares, by attending the meeting and voting in person. In either case, the powers of the proxy holders will be suspended if you attend the meeting in person and so request, although attendance at the meeting will not by itself revoke a previously granted proxy.

Who counts the votes?

Votes will be counted by employees of Broadridge Financial Solutions, Inc. ("Broadridge") and certified by the Inspector of Election present at the meeting. If you are a stockholder of record, your signed proxy card is returned directly to Broadridge for tabulation. If you hold your shares in "street name" through a broker, bank or other nominee, your broker, bank or other nominee will return one proxy card to Broadridge on behalf of all of its clients.

What are the Board's recommendations?

Unless you give other instructions on your proxy card, the persons named as proxy holders on the proxy card will vote in accordance with the recommendations of the Board. The Board's recommendations are set forth together with the description of each item in this proxy statement. In summary, the Board recommends a vote FOR each of the proposals.

Will stockholders be asked to vote on any other matters?

To the knowledge of the Company and its management, stockholders will vote only on the matters described in this proxy statement. However, if any other matters properly come before the meeting, the persons named as proxies for stockholders will vote on those matters in the manner they consider appropriate.

What vote is required to approve each item?

Election of Directors. Directors are elected (Item 1) by a plurality of the votes cast at the meeting. Each share of our common stock is entitled to one vote for each of the director nominees. A properly executed proxy marked "withhold authority", with respect to the election of one or more directors, will not be voted with respect to the director or directors indicated, although it will be counted for purposes of determining whether there is a quorum.

Approval of Independent Registered Public Accounting Firm. The ratification of the appointment of Ernst & Young LLP to serve as the Company's independent registered public accounting firm for fiscal 2014 (Item 2) requires the affirmative vote of the majority of the votes cast.

Approval of our 2013 Long Term Incentive Plan with the number of authorized shares to be issued under the 2013 Long Term Incentive Plan equal to 1,500,000. The approval of our 2013 Long Term Incentive Plan with the number of authorized shares to be issued under the 2013 Long Term Incentive Plan equal to 1,500,000 (Item 3) requires the affirmative vote of the majority of the votes cast.

Approval of the “Say on Pay” proposal. The approval of the resolution regarding the stockholder advisory vote on named executive officer compensation in the “Say on Pay” proposal (Item 4) requires the affirmative vote of the majority of the votes cast.

A properly executed proxy marked “abstain” with respect to any matter will not be voted, although it will be counted for purposes of determining whether there is a quorum. Accordingly, an abstention will have the effect of a negative vote.

How are votes counted?

In the election of directors, you may vote “FOR” the nominee or your vote may be “WITHHELD” with respect to the nominee. You may not cumulate your votes for the election of directors.

For the ratification of Ernst & Young LLP to serve as the Company’s independent registered public accounting firm for fiscal 2014 (Item 2) and the stockholder advisory vote on named executive officer compensation in the “Say on Pay” proposal (Item 4) you may vote “FOR,” “AGAINST” or “ABSTAIN.”

If you elect to “ABSTAIN,” the abstention has the same effect as a vote “AGAINST.” If you provide specific instructions with regard to certain items, your shares will be voted as you instruct on such items.

If you hold your shares in “street name” through a broker, bank or other nominee rather than directly in your own name, then your broker, bank or other nominee is considered the stockholder of record, and you are considered the beneficial owner of your shares. The Company has supplied copies of its proxy materials for its 2013 annual meeting of stockholders to the broker, bank or other nominee holding your shares of record, and they have the responsibility to send these proxy materials to you. As the beneficial owner, you have the right to direct your broker, bank or other nominee on how to vote your shares at the annual meeting. The broker, bank or other nominee that is the stockholder of record for your shares is obligated to provide you with a voting instruction card for you to use for this purpose. If you are a beneficial owner and your broker, bank or other nominee holds your shares in its name, the broker, bank or other nominee is permitted to vote your shares on the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm, even if the broker, bank or other nominee does not receive voting instructions from you.

If the broker, bank or other nominee does not receive voting instructions from you, your shares may constitute “broker non-votes.” Generally, broker non-votes occur on a matter when a broker is not permitted to vote on that matter without instructions from the beneficial owner and instructions are not given. In tabulating the voting result for any

particular proposal, shares that constitute broker non-votes are not considered present and entitled to vote on that proposal. If a quorum is present at the annual meeting, the persons receiving the greatest number of votes will be elected to serve as directors. As a result, broker non-votes will not affect the outcome of the voting on the election of directors (Item 1) or the stockholder advisory vote on named executive officer compensation in the “Say on Pay” proposal (Item 4). Shares represented by such “broker non-votes” will, however, be counted in determining whether there is a quorum, but will not be considered voted with regard to or treated as present with respect to those proposals to which the broker non-votes relate. The ratification of the appointment of the Company’s independent registered public accounting firm (Item 2) requires the affirmative vote of the majority of the shares of common stock present in person or represented by proxy at the annual meeting and entitled to vote on the proposal. Brokers are allowed to vote on behalf of beneficial owners without instruction on Item 2, but are not permitted to vote on any other proposals without voting instructions from you.

Shares represented by proxies which indicate that the stockholders abstain as to the election of directors or to other proposals will be treated as being present for the purpose of determining the presence of a quorum and, other than for the election of directors and the number of votes cast with respect to each proposal. Consequently, an abstention will have the effect of a vote against with respect to proposals other than the election of directors.

What should I do if I receive more than one set of voting materials?

You may receive more than one set of voting materials, including multiple copies of this proxy statement and multiple proxy cards or voting instruction cards. For example, if you hold your shares in more than one brokerage account, you may receive a separate voting instruction card for each brokerage account in which you hold shares. If you are a stockholder of record and your shares are registered in more than one name, you will receive more than one proxy card. Please complete, sign, date and return each proxy card and voting instruction card that you receive.

Where can I find the voting results of the annual meeting?

The Company intends to announce the preliminary voting results at the annual meeting and publish the final results in its Current Report on Form 8-K which will be filed within four business days after the meeting.

What is the deadline to propose actions for consideration at next year's annual meeting of stockholders?

You may submit proposals for consideration at future stockholder meetings. For a stockholder proposal to be considered for inclusion in our proxy statement for the annual meeting next year, our Corporate Secretary must receive the written proposal at our principal executive offices no later than March 29, 2014. Such proposals also must comply with Rule 14a-8 of the SEC's regulations under the Securities Exchange Act of 1934, as amended (the "Exchange Act") regarding the inclusion of stockholder proposals in company-sponsored proxy materials. Proposals should be addressed to:

Corporate Secretary

RBC Bearings Incorporated

One Tribology Center

Oxford, CT 06478

For a stockholder proposal that is not intended to be included in our proxy statement, the stockholder must deliver a proxy statement and form of proxy to holders of a sufficient number of shares of our common stock to approve the proposal and provide the information required by our by-laws and give timely notice to the Corporate Secretary in accordance with our by-laws, which, in general, require that the notice be received by the Corporate Secretary:

.. Not less than 60 days prior to the next meeting, and

.. Not more than 90 days prior to the next meeting.

In the event that less than 70 days' notice or prior public announcement of the date of the meeting is given or made to stockholders, notice by the stockholder to be timely must be received not later than the close of business on the 10th day following the date on which such notice of the date of the annual meeting was mailed or such public

announcement was made.

How may I recommend or nominate individuals to serve as directors?

You may propose director candidates for consideration by the Board's Nominating and Corporate Governance Committee. Any such recommendations should include the nominee's name and qualifications for Board membership and should be directed to the Corporate Secretary at the address of our principal executive offices set forth above.

In addition, our by-laws permit stockholders to nominate directors for election at an annual stockholder meeting. To nominate a director, a stockholder must deliver timely notice of such stockholder's intent to make such nomination in writing to the Corporate Secretary. To be timely, a stockholder's notice must be delivered to or mailed and received at our principal executive offices not less than 60 nor more than 90 days prior to the date of the first anniversary of the previous year's annual meeting. In the event that the date of the annual meeting is changed by more than 30 days from such anniversary date, notice by the stockholder to be timely must be so received not later than the close of business on the 10th day following the earlier of the day on which notice of the date of the meeting was mailed or public disclosure of the meeting was made. To be in proper form, a stockholder's notice shall set forth (i) as to each person whom the stockholder proposes to nominate for election as a director at such meeting (A) the name, age, business address and residence address of the person, (B) the principal occupation or employment of the person, (C) the class or series and number of shares of capital stock of the Company which are owned beneficially or of record by the person and (D) any other information relating to the person that would be required to be disclosed in a proxy statement or other filings required to be made in connection with solicitations of proxies for election of directors pursuant to Regulation 14A under the Exchange Act; and (ii) as to the stockholder giving the notice (A) the name and record address of such stockholder, (B) the class or series and number of shares of capital stock of the Company which are owned beneficially or of record by such stockholder, (C) a description of all arrangements or understandings between such stockholder and each proposed nominee and any other person or persons (including their names) pursuant to which the nomination(s) are to be made by such stockholder, (D) a representation that such stockholder intends to appear in person or by proxy at the meeting to nominate the persons named in its notice and (E) any other information relating to such stockholder that would be required to be disclosed in a proxy statement or other filings required to be made in connection with solicitations of proxies for election of directors pursuant to Regulation 14A under the Exchange Act. Such notice must be accompanied by a written consent of each proposed nominee to being named as a nominee and to serve as a director if elected.

How may I obtain a copy of RBC Bearings' by-law provisions regarding stockholder proposals and director nominations?

You may contact the Corporate Secretary at our principal executive offices for a copy of the relevant by-law provisions regarding the requirements for making stockholder proposals and nominating director candidates.

If elected at the annual meeting, the Class I nominees would serve until the 2016 annual meeting and the Class III nominee would serve until the 2014 annual meeting and until their successors are duly elected and qualified, or until the director's resignation or removal.

For a stockholder to nominate an individual for director at the 2014 annual meeting, the stockholder must follow the procedures outlined below under the caption "Stockholder Proposals and Director Nominations for the 2014 Meeting." Stockholders may also nominate a director to be considered by the Board for recommendation to the stockholders in the Company's proxy statement for the 2014 annual meeting by following the procedures outlined below under the caption "Director Nominations to be Considered by the Board."

If you sign your proxy or voting instruction card but do not give instructions with respect to voting for directors, your shares will be voted for the persons recommended by the Board. If you wish to give specific instructions with respect to voting for directors, you may do so by indicating your instructions on your proxy or voting instruction card.

If any nominee named herein for election as a director should for any reason become unavailable to serve prior to the annual meeting, the Board will, prior to the annual meeting, (i) reduce the size of the Board to eliminate the position for which that person was nominated, (ii) nominate a new candidate in place of such person and vote in favor of the new candidate all shares represented by stockholder proxies received by the Board, unless authority to vote for all candidates nominated by the Board is withheld, or (iii) leave the place vacant to be filled at a later time.

Information regarding the nominees, as of July 1, 2013, is set forth below, including his age, the period he has served on the Board and the nominee's business experience. The information presented below for the director nominee and the directors continuing in office has been furnished to the Company by such persons.

ITEM THE RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG LLP AS THE COMPANY'S 2: INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR FISCAL YEAR 2014.

The Audit Committee has appointed Ernst & Young LLP as our independent registered public accounting firm for fiscal 2014, and has further directed that the Board submit the selection of Ernst & Young LLP for ratification by the stockholders at the annual meeting. During fiscal 2013, Ernst & Young LLP served as the Company's independent registered public accounting firm and also provided certain tax services. See "Principal Accountant Fees and Services" below.

This proposal is put before the stockholders because the Audit Committee and the Board believe that it is good corporate practice to seek stockholder ratification of the Audit Committee's appointment of the independent registered public accounting firm. If the appointment of Ernst & Young LLP is not ratified, the Audit Committee will consider

the stockholders' vote when determining whether to continue the firm's engagement, but may ultimately determine to continue the engagement of the firm or another audit firm without re-submitting the matter to stockholders. Even if the appointment of Ernst & Young LLP is ratified, the Audit Committee may in its sole discretion terminate the engagement of the firm and direct the appointment of another independent registered public accounting firm at any time during the year if it determines that such an appointment would be in the best interests of our Company and our stockholders. Representatives of Ernst & Young LLP are expected to attend the annual meeting, where they will be available to respond to appropriate questions and, if they desire, to make a statement.

Vote Required

Ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for fiscal 2014 requires the affirmative vote of a majority of the shares of the Company's common stock present in person or represented by proxy at the annual meeting and entitled to vote on the proposal.

The Board recommends a vote *FOR* the ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for fiscal 2014.

ITEM 3: THE APPROVAL OF OUR 2013 LONG TERM INCENTIVE PLAN WITH THE NUMBER OF AUTHORIZED SHARES TO BE ISSUED UNDER THE 2013 LONG TERM INCENTIVE PLAN EQUAL TO 1,500,000.

In administering our equity compensation program, we consider both our "burn rate" and our "overhang". We define "burn rate" in a given year as the total number of Shares that underlie the equity compensation awards granted in that year, divided by the undiluted weighted average Shares outstanding during the year. Our three year average burn rate from fiscal 2011-2013 was approximately 1.42%.

We define "overhang" as of a given date as: the sum of the total number of Shares that underlie outstanding equity awards plus the total number of Shares available for issuance under our equity compensation plans as of such date (in aggregate these are referred to as "total plan Shares"); divided by the sum of total plan Shares and Shares outstanding as of such date. Our overhang as of March 30, 2013 was approximately 6.7%, and on a pro forma basis (assuming the 1,500,000 increase to the number of shares in the 2013 Plan was authorized as of March 30, 2013) our overhang as of March 30, 2013 would have been approximately 12.5%.

We believe that our overhang (both on an actual basis and on a pro forma basis) and our burn rate are reasonable and in the low ranges in relation to our peer group and reflect a judicious use of equity for compensation purposes.

The Board and the Compensation Committee have determined that it is in the best interest of the Company and its shareholders to adopt a new Company 2013 Long-Term Incentive Plan (the "Plan") with the number of shares of Common Stock available for issuance equal to 1,500,000. The Board and the Compensation Committee have approved the Plan to be effective as of the date of approval by the Company's shareholders. The Plan will not become effective unless shareholder approval is obtained at the 2013 annual general meeting of shareholders. The principal features of the Plan are virtually identical to the Company's 2005 Long-Term Incentive Plan with the following exceptions:

(1) The Plan prohibits share recycling. If any Grant under the Plan expires or terminates unexercised, becomes unexercisable or is forfeited as to any Shares, or is tendered or withheld as to any Shares in payment of the exercise price of the Grant or taxes payable with respect to the Grant or the vesting or exercise thereof, then such unpurchased, forfeited, tendered or withheld Shares may not thereafter be available for further Grants under the Plan.

(2) The number of shares that may be used for restricted stock or restricted unit grants under the Plan may not exceed fifty percent (50%) of the total authorized number of Shares pursuant to the Plan.

(3) Any stock option granted under the Plan must be exercisable no more than seven years from the date it is granted.

The terms of the Plan are summarized below and are qualified in their entirety by reference to the full text of the Plan. Copies of the Plan are attached hereto as Exhibit A, and is filed as exhibit 10.2 to current Report on Form 8-K dated July 25, 2013.

Description of the Plan. The Plan provides for grants of stock options, stock appreciation rights, restricted stock and performance awards. The purpose of the Plan is to provide our directors, officers and other employees and persons who engage in services for us with incentives to maximize stockholder value and otherwise contribute to our success and to enable us to attract, retain and reward the best available persons for positions of responsibility.

Administration of the Plan. The Plan is administered by our Compensation Committee, which consists solely of two or more “non-employee directors” (as defined in Rule 16b-3 under the Exchange Act). The Compensation Committee may make all decisions and determinations regarding the Plan as it deems necessary or advisable for the administration of the Plan. Our Board also has the authority to administer the Plan and to take all actions that the Compensation Committee is otherwise authorized to take under the Plan. The terms and conditions of each award made under the Plan, including vesting requirements, are set forth consistent with the Plan in a written agreement with the grantee.

Number of Shares. Assuming approval, as of September 12, 2013, 1,500,000 shares of our common stock were authorized for issuance under the Plan, subject to adjustment in the event of a reorganization, stock split, merger or similar change in our corporate structure or the outstanding shares of common stock. These shares will be used for future grants to our employees and directors at the discretion of our Compensation Committee. The Board and the Compensation Committee believe that the 1,500,000 shares is a sufficient number of shares of common stock to accomplish the objectives described above. The Plan prohibits share recycling. If any Grant under the Plan expires or terminates unexercised, becomes unexercisable or is forfeited as to any Shares, or is tendered or withheld as to any Shares in payment of the exercise price of the Grant or taxes payable with respect to the Grant or the vesting or exercise thereof, then such unpurchased, forfeited, tendered or withheld Shares may not thereafter be available for further Grants under the Plan.

Stock Options. Under the Plan, the Compensation Committee or the Board may award grants of incentive stock options and other non-qualified stock options. The Compensation Committee also has the authority to grant options that will become fully vested and exercisable automatically upon a change in control. The Compensation Committee may not, however, award to any one person in any calendar year options to purchase common stock equal to more than 10% of the total number of shares authorized under the plan, and it may not award incentive options first exercisable in any calendar year whose underlying shares have a fair market value greater than \$100,000 determined at the time of grant.

The Compensation Committee determines the exercise price and term of any option in its discretion, however, the exercise price may not be less than 100% of the fair market value of a share of common stock on the date of grant. In the case of any incentive stock option, the option must be exercised within 10 years of the date of grant. The exercise price of an incentive option awarded to a person who owns stock constituting more than 10% of our voting power may not be less than 110% of such fair market value on such date and the option must be exercised within five years of the date of grant.

Restricted Stock. Under the Plan, the Compensation Committee may award restricted stock subject to the conditions and restrictions, and for the duration that it determines in its discretion. The number of shares that may be used for restricted stock or restricted unit grants under the Plan may not exceed fifty percent (50%) of the total authorized number of Shares pursuant to the Plan.

Stock Appreciation Rights. The Compensation Committee may grant stock appreciation rights, or SARs, subject to the terms and conditions contained in the Plan. Under the Plan, the exercise price of an SAR must equal the fair market value of a share of our common stock on the date the SAR was granted. Upon exercise of a SAR, the grantee will receive an amount in shares of our common stock equal to the difference between the fair market value of a share of common stock on the date of exercise and the exercise price of the SAR, multiplied by the number of shares as to which the SAR is exercised.

Performance Awards. The Compensation Committee may grant performance awards contingent upon achievement by the grantee or by us, of set goals and objectives regarding specified performance criteria, over a specified performance cycle. Awards may include specific dollar-value target awards and/or performance units, the value of which is established at the time of grant, and/or performance shares, the value of which is equal to the fair market value of a share of common stock on the date of grant. The value of a performance award may be fixed or fluctuate on the basis of specified performance criteria. A performance award may be paid out in cash and/or shares of common stock or other securities.

Eligibility. Our directors, officers and other employees and persons who engage in services for us are eligible for grants under the Plan. As of the date of this Proxy Statement, there are 6 officers, 6 directors other than the CEO and the CFO, who are officers and directors, and approximately 1,200 employees who are eligible to receive grants under the Plan.

Federal Income Tax Consequences.

The following is a discussion of certain U.S. federal income consequences relevant to participants in the Plan who are subject to federal income tax and the Company. It is not intended to be a complete description of all possible tax consequences with respect to awards granted under the Plan and does not address state, local or foreign tax consequences. Accordingly, holders of awards granted under the Plan should consult their own tax advisers for specific advice with respect to all federal, state or local tax effects before exercising any options or share appreciation rights, and before disposing of any shares of stock acquired pursuant to an award. Moreover, the Company does not represent that the foregoing tax consequences apply to any particular participant's specific circumstances or will continue to apply in the future and makes no undertaking to maintain the tax status (such as an ISO) of any award.

Non-Qualified Stock Option. A participant who is granted a non-qualified stock option will not recognize income at the time the option is granted. Upon the exercise of the option, however, the excess, if any, of the market value of the common shares on the date of exercise over the option price will be treated as ordinary income to the participant, and the Company will generally be entitled to an income tax deduction in the same year in an amount measured by the amount of ordinary income taxable to the participant. The participant will be entitled to a cost basis for the common shares for income tax purposes equal to the amount paid for the common shares plus the amount of ordinary income taxable at the time of exercise. Upon a subsequent sale of such common shares, the participant will recognize short-term or long-term capital gain or loss, depending upon his or her holding period for such common shares.

Incentive Stock Options. A participant who is granted an ISO satisfying the requirements of the Tax Code will not recognize income at the time the option is granted and generally will not recognize income upon exercise of the option provided such participant was an employee of the Company or a subsidiary at all times from the date of grant until three months prior to exercise. The excess of the fair market value over the option exercise price is, however, included in determining the participant's alternative minimum tax as of the date of exercise. If the participant does not dispose of shares received upon exercise of the option for one year after exercise and two years after grant of the option (the "Holding Period"), upon the disposition of such shares the participant will recognize long-term capital gain or loss based on the difference between the option exercise price and the fair market value of shares on the date of disposition. In such event, the Company is not entitled to a deduction for income tax purposes in connection with the exercise of the option. If the participant disposes of the shares received upon exercise of the option without satisfying the Holding Period requirement, the participant must generally recognize ordinary income equal to the lesser of (i) the fair market value of the shares at the date of exercise of the option over the exercise price or (ii) the amount realized upon the disposition of such shares over the exercise price. Any further appreciation is taxed as short-term or long-term capital gain, depending on the participant's Holding Period. If the disposition fails to satisfy the Holding Period, the Company would be entitled to an income tax deduction in the same year in an amount measured by the amount of ordinary income taxable to the participant.

Share appreciation rights. A participant will generally not be taxed at the time a SAR is granted nor will the Company receive a tax deduction. Upon exercise of a SAR, a participant will recognize taxable income equal to the fair market value of the shares received on the exercise date. The Company will be entitled to an income tax deduction in the amount of such income recognized by the participant. SAR's that are paid in cash may be subject to taxation at vesting rather than at exercise because the tax treatment of certain SAR's is unsettled under Section 409A of the Tax Code (see the discussion below).

Restricted Shares and Restricted Share Units. A participant will not recognize any income at the time an award of restricted shares or restricted share units is granted, nor will the Company be entitled to a deduction at that time. In the year in which restrictions on the restricted shares lapse, the participant will recognize ordinary income in an amount equal to the excess of the fair market value of the shares on the date of vesting over the amount, if any, the participant paid for the shares. Similarly, upon the vesting of restricted share units, the participant will recognize ordinary income in an amount equal to the fair market value of the shares received. With respect to awards of both restricted shares and restricted share units, the Company will be entitled to a tax deduction at the same time and in the same amount as the participant recognizes income.

Performance Awards. A participant who is awarded performance shares will not recognize income and the Company will not be allowed a deduction at the time that the award is made. When a participant receives payment for performance shares in common shares, the fair market value of the shares received will be ordinary income to the participant. If payment is made in cash, the amount of cash received will be ordinary income to the participant. In either case, the Company will be entitled to a tax deduction in the amount of such income recognized by the participant.

Dividend Equivalents. A participant who is awarded dividend equivalents generally will not recognize taxable income, and the Company will not receive a tax deduction, until shares or cash are distributed pursuant to the award. When the participant receives payment for dividend equivalents in common shares or cash, the fair market value of the shares or the amount of cash received will be ordinary income to the participant and the Company will be entitled to a deduction in the amount of such income recognized by the participant.

The Compensation Committee will require payment of any amount it may determine to be necessary to withhold for federal, state, local or other taxes as a result of the grant, vesting or exercise of an award. In compliance with the American Jobs Creation Act of 2004, after January 1, 2005, the maximum federal withholding rate will be used for supplemental wage payments in excess of \$1,000,000 during any taxable year.

Section 409A of the Tax Code. Certain awards under the Plan may be subject to Tax Code Section 409A. Section 409A was added to the Tax Code by the American Jobs Creation Act of 2004. Section 409A generally applies to compensation deferred under a nonqualified deferred compensation plan on or after January 1, 2005. Section 409A imposes new requirements on a participant's election to defer compensation and the participant's selection of the timing and form of distribution of the deferred compensation with respect to certain awards under the Plan. Also, Section 409A generally provides that the distributions must be made on or following the occurrence of certain events (e.g. the participant's "separation from service" (as defined in Section 409A), a predetermined date, or the participant's death). Section 409A imposes restrictions on a participant's ability to change his or her distribution timing or form with respect to awards under the Plan after the compensation has been deferred. For certain participants who are officers of the Company or its subsidiary corporations and who would otherwise receive a distribution upon separation from service, Section 409A requires that such participant's distribution commence no earlier than six months after such officer's "separation from service" (as defined in Section 409A).

Stock options, SAR's that are distributable in shares of Common Stock and restricted stock awards granted under the Plan generally are not considered deferred compensation subject to Section 409A. Restricted share unit awards and other awards may be subject to Section 409A, depending on the terms of the award. The Company intends that awards made under the Plan that are subject to Section 409A will comply with the requirements of Section 409A.

A nonqualified deferred compensation plan must satisfy the requirements of Section 409A in form and in operation. If the Plan fails to satisfy the requirements of Section 409A, a participant in the Plan may recognize ordinary income on the amounts deferred under the Plan, to the extent vested, prior to when the compensation is actually or "constructively" received. Also, if a Plan fails to comply, Section 409A imposes an additional 20% federal income tax on compensation recognized as ordinary income, as well as certain interest on amounts treated as tax underpayments related to such deferred compensation. Awards granted under the Plan are intended to comply with Section 409A to the extent applicable.

The Plan is not subject to any provision of ERISA, nor is it a qualified employee benefit plan under Section 401(a) of the Tax Code.

Amendment and Termination of the Plan. The Board may amend or terminate the Plan in its discretion, except that no amendment will become effective without prior approval of our stockholders if such approval is necessary for continued compliance with the performance-based compensation exception of Section 162(m) of the Internal Revenue Code or any stock exchange listing requirements. If not previously terminated by the Board, the Plan will terminate on September 12, 2023.

The foregoing is only a summary of the Plan and is qualified in its entirety by reference to its full text. A copy of the Plan is attached as Appendix B to this Proxy Statement.

New Plan Benefits. The amount of awards to be made under the Plan is not presently determinable.

In addition to the Plan, the Company has other stock-based compensation plans: The RBC Bearings Incorporated (f/k/a Roller Bearing Holding Company, Inc.) 1998 Stock Option Plan (“1998 Plan”) the RBC Bearings Incorporated (f/k/a Roller Bearing Holding Company, Inc.) 2001 Stock Option Plan (“2001 Plan”) and the RBC Bearings Incorporated 2005 Long Term Incentive Plan (“2005 Plan”). No further options may be granted under the 1998 Plan or the 2001 Plan.

The Board recommends a vote *FOR* the approval of the amendment to the Company’s 2013 Long-Term Incentive Plan with the number of authorized shares to be issued under the 2013 Long Term Incentive Plan equal to 1,500,000.

ITEM 4: NON-BINDING VOTE ON EXECUTIVE COMPENSATION

The Exchange Act requires the Company to hold a separate non-binding advisory stockholder vote (commonly known as a “Say on Pay” proposal) to approve the compensation of our named executive officers as disclosed in this proxy statement in accordance with the SEC’s rules.

At last year's annual meeting, 28.4% of shareholder votes supported the advisory vote to approve executive compensation. The Company is committed to the interests of its shareholders and the delivery of long-term shareholder value through appropriate executive pay programs and governance actions that attract, motivate and retain a highly-qualified executive team. As part of this commitment, we intend to continue to maintain an ongoing dialogue with our shareholders to address any continued concerns they may have. Previous discussions with the shareholders generally focused on their process for evaluating say-on-pay. In the majority of cases shareholders indicated that they vote on compensation issues in accordance with the recommendations made by whomever they use for proxy advisory services. In our discussion we intend to make certain that any negative recommendations made by these advisory services are legitimately based on a correct understanding of our compensation policies and that there are no misunderstandings regarding whether or not the Company has good compensation governance.

Following last year's vote, we engaged Radford as a compensation consultant to assist us in evaluating our compensation programs and addressing any material concerns raised by these advisory services regarding our compensation programs.

Before engaging Radford the Compensation Committee determined that the engagement would not raise any conflict of interest or independence issues. In making this determination the Compensation Committee investigated and considered the following factors prior to engaging Radford:

1. Whether the compensation consulting company employing the compensation adviser is providing any other services to the Company.
2. How much the compensation consulting company who employs the compensation adviser has received in fees from the Company, as a percentage of that firm's total revenue.
3. What policies and procedures have been adopted by the compensation consulting company employing the compensation adviser to prevent conflicts of interest.
4. Whether the compensation adviser has any business or personal relationship with a member of the Company Compensation Committee.
5. Whether the compensation adviser owns any stock of the Company, and
6. Whether the compensation adviser or the person employing the adviser has any business or personal relationship with an Executive Officer of the Company.

The Company objective was to ensure its compensation programs:

· Properly aligned CEO pay to Company performance.

· Ensured that no problematic pay practices exist (such as excessive change-in-control or severance packages, benchmarking compensation above peer medians, repricing or backdating of options or excessive perquisites or tax gross-ups)

· Reflected appropriate communication with and responsiveness to shareholders.

As a result, the following changes were made to address various concerns raised by these advisory services:

1. Starting for fiscal 2014, the Company has changed its targeted positioning of annual performance bonus and long-term incentive awards from the 60th percentile of the Company's selected peer group to the median of the Company's selected peer group. Thus all elements of executive officer compensation will, starting for fiscal 2014, be targeted to the 50th percentile of the Company's selected peer group.

2. The Company's selected peer group was modified after extensive analysis to make sure that the Company is not being compared to other companies on an arbitrary basis or limitations based on GICS industry classifications and takes into considerations a number of relevant factors such as companies in the highly engineered product/manufacturing Industries, revenue ranges, market capitalization and eight digit GICS codes for Company selected peers.

3. The Company's employment agreement with Dr. Hartnett was amended to address two issues of concern starting for fiscal 2014:

· The guaranteed minimum annual increase in his base salary was eliminated.

· His annual performance bonus formula based on the Company's performance in relation to an approved operating plan was changed to eliminate any discretionary performance bonus.

4. As discussed in the “Compensation Discussion and Analysis” section of this proxy statement, starting for fiscal 2014 all grants of stock options as well as restricted stock or units to the CEO will be made pursuant to a pay for performance based program with no discretionary awards.

5. On June 14, 2013, the Board of Directors approved stock ownership guidelines for Non-Employee Independent Directors and for the Company’s Executive Officers.

6. As discussed under Item 3 above, the proposed 2013 Long Term Incentive Plan contains the following modifications when compared to the Company’s existing 2005 Long Term Incentive Plan:

Prohibits share recycling.

Limits the number of shares that may be used for restricted stock or restricted unit grants under the Plan to no more than fifty percent (50%) of the total authorized number of Shares pursuant to the Plan.

Limits the expiration date of any stock option granted under the Plan to no more than seven years from the date it is granted.

7. On July 24, 2013, the Board of Directors approved an Executive Compensation Clawback Policy applicable to all executive Officers.

8. The Company is commencing a new shareholder outreach program to engage shareholders to discuss concerns over the Company’s compensation practices for its Executive Officers.

As discussed in the “Compensation Discussion and Analysis” section of this proxy statement, the Company’s compensation program is designed to reward executives based on favorable performance and results. Compensation policies and plans (including benefits) are designed to attract and retain top quality and experienced executives by providing the opportunity to earn competitive cash compensation based on corporate, business unit and individual performance, plus the opportunity to accumulate stock-based wealth commensurate with the long-term growth and value created for the Company’s stockholders.

The Company seeks to attract executive talent by offering competitive base salaries and annual and long-term performance incentive opportunities. The Company provides incentives that promote both the short and long-term financial and strategic objectives of the Company. Achievement of short-term objectives is rewarded through base salary and annual performance incentives, while long-term incentive grants (primarily stock options and restricted stock) encourage executives to focus on and align themselves with the Company’s long-term goals as well. These incentives are based on financial objectives of importance to the Company, including revenue and earnings growth

and creation of stockholder value. The Company's compensation program also accounts for individual performance, which enables the Company to differentiate among executives and emphasize the link between personal performance and compensation.

The Board believes that our compensation program for our named executive officers is appropriately based upon our performance and the individual performance and level of responsibility of the executive officers. We urge you to read the "Executive Compensation" section of this proxy statement for details on the Company's executive compensation programs.

We are asking our stockholders to indicate their support for our named executive officers' compensation as described in this proxy statement. This proposal gives our stockholders the opportunity to express their views on our named executive officers' compensation. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the philosophy, policies and practices described in this proxy statement. Accordingly, we will ask our stockholders to vote "FOR" the following resolution at the Annual Meeting:

"RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed in the Company's Proxy Statement for the 2013 Annual Meeting of Stockholders pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, the compensation tables and narrative discussion is hereby APPROVED."

The say-on-pay vote is advisory, and therefore not binding on the Company, the Compensation Committee or our Board. The Company, our Board and the Compensation Committee value the opinions of our stockholders and to the extent there is any significant vote against the named executive officers compensation as disclosed in this proxy statement, we will consider our stockholders' concerns and the Compensation Committee will evaluate whether any actions are necessary to address those concerns.

The Board has adopted a policy providing for annual "Say on Pay" advisory votes. Unless the Board modifies this policy, the next "Say on Pay" advisory vote will be held at our 2014 annual meeting of stockholders.

The Board of Directors recommends a vote *FOR* the approval of the Compensation of our Named Executive Officers.

ITEM 5: OTHER MATTERS

As of the date of this proxy statement, the Company knows of no business that will be presented for consideration at the 2013 annual meeting other than the items referred to above. If any other matter is properly brought before the meeting for action by stockholders, proxies in the enclosed form returned to the Company will be voted in accordance with the recommendation of the Board or, in the absence of such a recommendation, in the manner the proxy holder considers appropriate.

Director Independence

Certain rules of the Nasdaq Global Select Market (“Nasdaq”) require that the Board be comprised of a majority of “independent directors,” and each of the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee be comprised solely of “independent directors” as defined under Nasdaq rules.

Based upon the information submitted by each of the directors, and following the recommendation of the Nominating and Corporate Governance Committee, the Board has made a determination that all of our current directors, with the exception of Dr. Hartnett and Mr. Bergeron satisfy the “independence” requirements of Nasdaq, SEC regulations and the Company’s Corporate Governance Guidelines. Desired qualities include: high-level leadership experience in business or administrative activities, and significant accomplishment; breadth of knowledge about issues affecting the Company; proven ability and willingness to contribute special competencies to Board activities; personal integrity; loyalty to the Company and concern for its success and welfare; willingness to apply sound and independent business judgment; awareness of a director's vital role in assuring the Company's good corporate citizenship and corporate image; no present conflicts of interest; availability for meetings and consultation on Company matters; enthusiasm about the prospect of serving; willingness to assume broad fiduciary responsibility; and willingness to become a Company stockholder.

In evaluating candidates, the committee reviews all candidates in the same manner, regardless of the source of the recommendation. The policy of the Nominating and Corporate Governance Committee is to consider individuals recommended by stockholders for nomination as a director in accordance with the procedures described under Director Nominations to be Considered by the Board.

Corporate Governance Guidelines

The Board adopted a set of Corporate Governance Guidelines, which, among other things, sets forth the Company's expectations and policies with respect to the roles and responsibilities of the Board, director affiliations and conflicts, director compensation, standards of director conduct, and the qualifications and other criteria for director nominees. The Nominating and Corporate Governance Committee is responsible for periodically reviewing and reassessing the adequacy of these guidelines and recommending changes to the Board for approval.

Code of Business Conduct and Ethics

The Company's employees, officers and directors are required to abide by the Company's Code of Ethics, which is intended to insure that the Company's business is conducted in a consistently legal and ethical manner. The Code of Ethics covers areas of professional conduct, such as conflicts of interest, fair dealing, the protection of confidential information and compliance with laws, regulations and rules. Any waiver of the policies or procedures set forth in the Code of Ethics in the case of officers or directors may be granted only by the Board and must be promptly disclosed as required by law or the rules and regulations of Nasdaq.

Board Risk and Compensation Risk Oversight

The Board has oversight responsibility of the processes established to report and monitor systems for material risks applicable to the Company. The Board focuses on the Company's general risk management strategy and the most significant risks facing the Company and ensures that appropriate risk mitigation strategies are implemented by management. The Board has delegated to its various committees the oversight of risk management practices for categories of risk relevant to their functions. For example, the Audit Committee oversees risks associated with the Company's systems of disclosure controls and internal controls over financial reporting as well as the Company's compliance with legal and regulatory requirements as well as risks associated with foreign exchange, insurance, credit and debt. The Corporate Governance and Nominating Committee oversees risks associated with sustainability. The Compensation Committee considers risks related to the attraction and retention of talent and risks related to the design of compensation programs and arrangements. The full Board is responsible for considering strategic risks and succession planning and receives reports from each Committee as to risk oversight within their areas of responsibility.

The Company's senior management periodically reports on risk management policies and practices to the relevant Board Committee or to the full Board so that any decisions can be made as to any required changes in the Company's risk management and mitigation strategies or in the Board's oversight of these.

Finally, as part of its oversight of the Company's executive compensation programs, the Compensation Committee considers the impact of the Company's executive compensation program, and the incentives created by the compensation awards that it administers, on the Company's risk profile. In addition, the Company reviews all of its compensation policies and procedures, including the incentives that they create and factors that may reduce the likelihood of excessive risk taking, to determine whether they present a significant risk to the Company. Based on this review, the Company has concluded that its compensation policies and procedures are not reasonably likely to have a material adverse effect on the Company.

Board Diversity

The Company's policy on Board diversity relates to the selection of nominees for the Board. In selecting a nominee for the Board, the Nominating and Corporate Governance Committee considers the skills, expertise and background that would complement the existing Board and ensure that its members are of sufficiently diverse and independent backgrounds, recognizing that the Company's businesses and operations are diverse and global in nature. The Nominating and Corporate Governance Committee does not have a specific policy regarding diversity when assessing candidates for the Board, but may consider various kinds of diversity such as diversity of professional background and capabilities, knowledge of specific industries and geographic experience, as well as the more traditional diversity concepts of race, gender and national origin experience and industry diversity, when considering whether to nominate an individual for Board membership. The Nominating and Corporate Governance Committee assesses the effectiveness of this objective when evaluating new director candidates and when assessing the composition of the Board. The Board believes it is important that its members represent diverse viewpoints and perspectives in their application of judgment to company matters.

Board Leadership Structure

The Board has no formal policy with respect to the separation of the offices of the Chairman and the Chief Executive Officer, which are currently combined. However, the Board understands that no single leadership model is right for all companies and at all times. The Board believes that it should have the flexibility to make decisions as to the Chairman position from time to time in the way that it believes will best provide effective leadership for the Company. Accordingly, the Board periodically reviews its leadership structure, including whether these offices should be separate. The Board has determined that the current structure consisting of combined roles of Chairman and Chief Executive Officer is an effective and appropriate leadership structure for the Company at this time. All the current members of our Board are independent, except for the CEO and CFO, and all of our Board committees are composed entirely of independent directors.

To promote open discussion among the independent directors, the independent directors routinely meet in executive session without the participation of management at each regularly scheduled meeting of the Board. The Board does not have a lead independent director. The Chairman of the Audit Committee leads the sessions of the Board in which management directors and other members of management are not present.

DIRECTOR COMPENSATION

Independent members of our Board are paid \$50,000 per year, payable quarterly, and are entitled to annual stock option and restricted stock grants for their services at the discretion of the Compensation Committee and upon approval of the Board. During fiscal 2013 each director was granted stock options and shares of restricted stock as indicated in the table below. In addition, the Chairs of the Compensation and Audit Committees are entitled to an additional payment of \$5,000 per year. In addition, our compensation policy provides for reimbursement for reasonable out-of-pocket expenses incurred in connection with attendance at Board meetings or of any committee thereof. The Compensation Committee reviews non-employee director compensation annually and recommends changes to the Board for approval.

This Compensation Discussion and Analysis provides a detailed description of our executive compensation philosophy and programs, the compensation decisions the Compensation Committee has made under those programs and the factors considered in making those decisions. This Compensation Discussion and Analysis focuses on the compensation of our Named Executive Officers for 2013, who were:

Name	Position
Dr. Michael J. Hartnett	Chairman, President and Chief Executive Officer
Daniel A. Bergeron	Director, Vice President, Chief Financial Officer and Assistant Secretary
Thomas C. Crainer	Vice President and General Manager
Richard J. Edwards	Vice President and General Manager
Thomas J. Williams	Corporate General Counsel & Secretary

Pay for Performance Analysis

At last year's annual meeting, 28.4% of shareholder votes supported the advisory vote to approve executive compensation. The Company is committed to the interests of its shareholders and the delivery of long-term shareholder value through appropriate executive pay programs and governance actions that attract, motivate and retain a highly-qualified executive team. As part of this commitment, we intend to continue to maintain an ongoing dialogue with our shareholders to address any continued concerns they may have. Previous outreach and discussions with the shareholders generally focused on their process for evaluating say-on-pay and pay for performance issues. In the majority of cases shareholders indicated that they vote on compensation issues in accordance with the recommendations made by whomever they use for proxy advisory services. As a result, in addition to speaking directly to investors, we carefully reviewed and evaluated the proxy advisor analyses and commentaries published in connection with last year's shareholder vote with the goal of understanding investor concerns, ensuring any negative recommendations made by the advisory services were legitimately based on a correct understanding of our compensation policies, and addressing areas where we concluded it was appropriate to make changes for 2013.

Following last year's vote, we engaged Radford to assist us in evaluating our compensation programs and addressing any material concerns raised by these advisory services regarding our compensation programs. The Company objective was to ensure its compensation programs:

Properly aligned CEO pay to Company performance.

Ensured that no problematic pay practices exist (such as excessive change-in-control or severance packages, benchmarking compensation above peer medians, repricing or backdating of options or excessive perquisites or tax gross-ups)

Proper communication with and responsiveness to shareholders.

As a result, the following changes were made to address various concerns raised by these advisory services:

1. Starting for fiscal 2014, the Company has changed its targeted annual performance bonus and long-term incentive awards from the 60th percentile of the Company's selected peer group to the 50th percentile of the Company's selected peer group. Thus all elements of executive officer compensation will, starting for fiscal 2014, be targeted to the median of the Company's selected peer group.
2. The Company's selected peer group was modified after extensive analysis to ensure that the Company is being compared to other companies in the highly engineered product/manufacturing industries that are comparable to the Company in terms of revenues, market capitalization and eight digit GICS codes.

3. The Company's employment agreement with Dr. Hartnett was amended to address two issues of concern starting for fiscal 2014:

The guaranteed minimum annual increase in his base salary was eliminated. His annual performance bonus formula based on the Company's performance in relation to an approved operating plan was changed to eliminate any discretionary performance bonus.

4. As discussed in the "Compensation Discussion and Analysis" section of this proxy statement, starting for fiscal 2014 all grants of stock options as well as restricted stock or units to the CEO will be made pursuant to a pay for performance based program with no discretionary awards.

5. On June 14, 2013, the Board of Directors approved stock ownership guidelines for Non-Employee Independent Directors and for the Company's Executive Officers.

6. As discussed under Item 3 above, the proposed 2013 Long Term Incentive Plan contains the following modifications when compared to the Company's existing 2005 Long Term Incentive Plan:

Prohibits share recycling.

Limits the number of shares that may be used for restricted stock or restricted unit grants under the Plan to no more than fifty percent (50%) of the total authorized number of Shares pursuant to the Plan.

Limits the expiration date of any stock option granted under the Plan to no more than seven years from the date it is granted.

7. On July 24, 2013, the Board of Directors approved an Executive Compensation Clawback Policy applicable to all Executive Officers.

8. The Company is commencing a new shareholder outreach program to engage shareholders to discuss concerns over the Company's compensation practices for its Executive Officers. During 2012 the Company received a negative recommendation on "Say on Pay" from a proxy advisory service which traditionally had approved the Company's compensation programs. This negative recommendation was received shortly before the 2012 shareholder's meeting and did not allow for timely shareholder outreach to engage shareholders to discuss concerns over the Company's compensation practices for its Executive Officers.

The Company's compensation program is designed to reward executives based on favorable performance and results. Compensation policies and plans (including benefits) are designed to attract and retain top quality and experienced executives by providing the opportunity to earn competitive cash compensation based on corporate, business unit and individual performance, plus the opportunity to accumulate stock-based wealth commensurate with the long-term growth and value created for the Company's stockholders.

The Company seeks to attract executive talent by offering competitive base salaries and annual and long-term performance incentive opportunities. The Company provides incentives that promote both the short and long-term financial and strategic objectives of the Company. Achievement of short-term objectives is rewarded through base salary and annual performance incentives, while long-term incentive grants (primarily stock options and restricted stock) encourage executives to focus on and align themselves with the Company's long-term goals as well. These incentives are based on an approved plan which included financial objectives of importance to the Company, including revenue and earnings growth, cash flow generation and creation of stockholder value. The Company's compensation program also accounts for individual performance, which enables the Company to differentiate among executives and emphasize the link between personal performance and compensation.

The Compensation Committee has responsibility for determining the compensation of the Company's Chief Executive Officer (the "CEO") and for the review and approval of the CEO's recommendations regarding the compensation of other executive officers. The Compensation Committee also has the sole authority to retain and terminate any executive compensation consultants engaged to provide advice to the Compensation Committee in discharging its responsibilities and to retain other professional advisors, when necessary or appropriate. All goals and objectives and related compensation decisions regarding executive officers other than the CEO are determined in discussion with, and are based upon the recommendation of, the CEO, who is in the best position to initially assess performance. The Compensation Committee does not delegate any of this authority discussed above to any other person or persons.

The Compensation Committee evaluates the CEO's performance, and makes all determinations regarding compensation of the CEO, including the review and approval of corporate goals and objectives related to the CEO's compensation and evaluating the performance of the CEO in light of agreed upon goals and objectives and in accordance with the CEO's April 1, 2010 Employment Agreement and April 4, 2013 Amended and Restated Employment Agreement.

The Compensation Committee, in consultation with the Board, the CEO and senior management, also has the authority to develop and approve the Company's executive compensation philosophy, including the balance between or mix of base salaries, cash and equity-based incentive compensation and other compensation components for the CEO and other executive officers. The Compensation Committee also makes recommendations to the full Board with respect to the compensation of directors for service on the Board.

Compensation Objectives and Philosophy

The Company's compensation program is designed to reward executives based on favorable performance and results. Compensation policies and plans (including benefits) are designed to attract and retain top quality and experienced executives by providing the opportunity to earn competitive cash compensation based on corporate, business unit and individual performance, plus the opportunity to accumulate stock-based wealth commensurate with the long-term growth and value created for the Company's stockholders.

The Company seeks to attract executive talent by offering competitive base salaries and annual and long-term performance incentive opportunities. The Company provides incentives that promote both the short and long-term financial and strategic objectives of the Company. Achievement of short-term objectives is rewarded through base salary and annual performance incentives, while long-term incentive grants (primarily stock options and restricted stock) encourage executives to focus on and align themselves with the Company's long-term goals as well. These incentives are based on financial objectives of importance to the Company, including revenue and earnings growth and creation of stockholder value. The Company's compensation program also accounts for individual performance, which enables the Company to differentiate among executives and emphasize the link between personal performance and compensation.

The Compensation Committee compares the Company's senior management compensation levels with those of a peer group of companies in industries related to the Company and similar-size companies in the industrial machinery, aerospace & defense, electronic equipment & instruments, electrical equipment, semiconductor bearings industry.

The companies in such peer group of companies are:

Actuant Corporation*	Heico Corp.
AeroVironment Inc.*	Hexcel Corp.
Altra Holdings, Inc.	Kaydon Corp.
Barnes Group Inc.	Kulicke & Soffa Industries, Inc.*
Crane Co.	Littelfuse, Inc.*
FARO Technologies, Inc.*	Measurement Specialities Inc.*
FLIR Systems, Inc.*	Moog Inc.
Franklin Electric Co. Inc.	MTS Systems Corporation*
Graco Inc.*	Robbins & Myers, Inc.*

* Indicates new additions to the existing 2012 peer group for 2013.

The following companies were included in the 2012 peer group of companies but are not included for 2013: Kaman Corporation, Circor International Inc., Rexnord Corporation, EnPro Industries, Inc., Silgan Holdings Inc., Triumph Group, Inc. and Wesco International Inc.

In addition, the Compensation Committee and senior management periodically review the effectiveness and competitiveness of the Company's executive compensation structure with the assistance of independent consultants. Such consultants generally report directly to the Compensation Committee; however, senior management has engaged, and may in the future engage, compensation consultants, subject to Compensation Committee approval and oversight.

The key elements of executive compensation are base salary, annual performance incentive awards and long-term incentive awards. The Compensation Committee targets the base salary element to deliver compensation to each executive and all executives as a group within the mid-level range of compensation for persons having similar responsibilities at companies in the comparison group. The Compensation Committee targets the annual performance incentive awards and long-term incentive awards elements to deliver compensation to each executive and all executives as a group that exceeds industry average ranges of compensation for persons having similar responsibilities at companies in the comparison peer group of companies based on an assessment of performance by the CEO. Prior to fiscal 2014, based on the last competitive compensation assessment conducted by compensation consultants for the Company, such incentive awards were targeted at the 60th percentile of industry average ranges in the aggregate as a group. For fiscal 2014 and subsequent years such incentive awards are and will be targeted at the 50th percentile of industry average ranges in the aggregate comparison peer group of companies.

Compensation Program Components

The Compensation Committee regularly reviews and updates the Company's compensation program for the CEO and other executive officers to ensure that compensation levels and benefits are competitive and reasonable using the guidelines described above.

Commencing in fiscal 2014, except for base salary, the compensation of the CEO is based on elements which are subject to pay for performance requirements.

The particular elements of the compensation program for the CEO and other executive officers are set forth in more detail below.

Base Salaries

The base salary of the CEO is determined in accordance with the CEO's April 1, 2010 Employment Agreement and April 4, 2013 Amended and Restated Employment Agreement. For fiscal 2014 and subsequent years, the Compensation Committee will annually review and approve any increase in the CEO's base salaries taking into account the performance of and achieved by the CEO and such salary's competitive relationship to industry and market level considerations within the ranges the Compensation Committee considers reasonable and necessary for the CEO position.

The Compensation Committee annually reviews and approves the CEO's recommendations with respect to base salaries of other executive officers. In the case of the other executive officers, the CEO and Compensation Committee take into account the results achieved by the individual executive officer, his or her future potential, scope of responsibilities and experience and competitive salary practices. Base salary levels for the other executive officers are primarily determined by the CEO and approved by the Compensation Committee at levels the CEO and Compensation Committee deem appropriate to attract and retain the level of competence necessary for the position. Annually, thereafter, base salaries for the other executive officers are determined by an assessment of the individual executive officer's sustained performance, the impact of such performance on the results of the Company, and such salary's competitive relationship to industry and market level considerations within the ranges the Compensation Committee considers reasonable and necessary for that executive officer position.

Annual Incentive Compensation Plan

Under the Company's annual incentive compensation plan, the Company pays performance-based annual incentive awards, the details of which for years prior to fiscal 2014 are disclosed in the SUMMARY COMPENSATION table below, focused on matching rewards with results.

In the case of the CEO, and in accordance with the CEO's April 1, 2010 Employment Agreement, for years prior to fiscal 2014, the CEO was entitled to an annual performance bonus equal to an amount determined as a percentage of the CEO's base salary, based on the following criteria:

Percentage of Actual EBITDA to Plan	Amount of Bonus
Less than 90%	Discretion of Board of Directors
90% to 99.9%	100% of Base Salary
100% to 109.9%	150% of Base Salary
110% or higher	200% of Base Salary

For fiscal 2014 and subsequent years, in accordance with the CEO's April 4, 2013 Amended and Restated Employment Agreement, the CEO is entitled to an annual performance bonus equal to an amount determined as a percentage of CEO's base salary, based on the following criteria:

Percentage of Actual EBITDA to Plan	Amount of Bonus
80% to 89.9%	75% of Base Salary
90% to 99.9%	100% of Base Salary
100% to 109.9%	150% of Base Salary
110% to 119.9%	200% of Base Salary
120% or higher	250% of Base Salary

As previously indicated, the CEO's annual performance bonus formula based on the Company's performance in relation to an approved operating plan was changed to eliminate any discretionary performance bonus. The Vice President and Chief Financial Officer is eligible for an annual performance bonus targeted to equal fifty percent of his base salary. The bonus is determined at the discretion of the CEO if the percentage of the Company's actual EBITDA to plan is less than ninety percent and can reach up to one hundred twenty five percent of the targeted annual performance bonus if the percentage of the Company's actual EBITDA to plan is one hundred five percent or higher.

In the case of executive officers in charge of operating segments each is eligible for a cash incentive bonus targeted to equal sixty percent of base salary. The targeted percentage is made up of three elements: (1) thirty percent of base salary upon achieving one hundred percent of the established annual revenue and profit plan, with a minimum threshold of more than eighty percent of plan, and an opportunity to earn up to sixty percent of base salary if the achievement is equal to one hundred and twenty percent of plan; (2) up to fifteen percent of base salary based on year to year revenue growth achievement in excess of that percentage equal to two times U.S. Gross Domestic Product; and (3) up to fifteen percent of base salary, at the discretion of the CEO, upon achievement of acceptable customer service levels, development of human resources and the Company's overall performance. The actual bonuses determined by the CEO are not limited to the targeted percent.

Other executive officers are entitled to an annual performance bonus targeted to equal a percent of their base salary determined at the discretion of the CEO based on the Company's overall performance and the individual's performance relative to established goals and objectives. The actual bonuses determined by the CEO are not limited to the targeted percent.

In addition to the annual incentive compensation plan payments based on the metrics set forth above, the Compensation Committee may pay additional discretionary bonuses to the named executive officers other than the CEO in the case of exceptional performance based on a subjective evaluation of performance by the CEO relative to a number of factors, including "Cash Flow", "Cumulative Earnings Per Share Growth", "Customer Service Levels", "Debt (Net Debt) to Capital", "Development of Human Resources", "EBIT", "EBIT Margins", "EBITDA", "EBITDA Margins", "Earnings Per Employee", "Earnings Per Share", "Free or Excess Cash Flow", "Free or Excess Cash Flow Per Share", "Interest Coverage

Ratio”, “Leverage Ratio”, “Net Income”, “Net Profit Margin”, “Operating Cash Flow”, “Operating Income”, “Operating Marg”, “Pre-Tax Profit”, “Pre-Tax Profit Margin”, “Profit Margin”, “Return on Capital”, “Return on Net Assets”, “Return on Total Assets”, “Return on Equity”, “Sales”, “Sales Growth”, “Sales Per Employee,” “Total Return to Stockholders”, “U.S. Gross Domestic Product”, “Working Capital” and “Working Capital as a Percent of Net Sales”. The Company, CEO and Compensation Committee believe that EBITDA is the most appropriate measure of operating performance because it allows management, investors and others to evaluate and compare the Company’s core operating results, including its return on capital and operating efficiencies, from period to period by removing the impact of the Company’s capital structure (interest expense from our outstanding debt), asset base (depreciation and amortization), tax consequences, changes in accounting reserves (non-cash charges/benefits to our consolidated statements of operations), other non-operating items and share-based compensation. The Company, CEO and Compensation Committee believe that EBITDA is the most appropriate measure to guide the Company through managing cash flow, operating cost and efficiency during periods of economic downturn and inhibits the manipulation of operating performance through excessive leverage or capital expenditures the impact of which are more problematic during periods of economic downturn. Furthermore, we use EBITDA for business planning purposes and to evaluate and price potential acquisitions. In addition to its use by management, we also believe EBITDA is a measure widely used by securities analysts, investors and others to evaluate the financial performance of our Company and other companies in our industry. For fiscal 2013, the EBITDA per plan approved by the Board of Directors was equal to \$100,872,000 representing an increase of 23.6 percent as compared to fiscal 2012 actual EBITDA of \$81,623,000.

After the results of a Company’s fiscal year are complete the actual EBITDA is calculated. In addition, the actual revenue and profits results with respect to Mr. Edward’s and Mr. Crainer’s operating segments is calculated.

Based on the actual EBITDA result, the CEO's annual performance bonus is calculated based on the formula in his Employment Agreement as set forth above. Based on the actual EBITDA result, the CFO's annual performance bonus is calculated based on the formula as set forth above. Based on the actual revenue and profits results with respect to Mr. Edward's and Mr. Crainer's operating segments, their respective performance bonuses is calculated based on the formulas set forth above and the discretion of the CEO based on an evaluation of their performance. The annual performance bonuses for all other executive officers are then determined by and at the discretion of the CEO based on the Company's overall performance and his assessment of the individual's performance.

The Compensation Committee will then determine whether any additional discretionary bonuses should be paid to any of the named executive officers other than the CEO based on exceptional performance after a subjective evaluation of performance relative to the factors set forth above. In the event an additional discretionary bonus is paid to any executive officer, an enumeration of the factors relied on by the Compensation Committee is disclosed herein.

For fiscal 2013, the Company's EBITDA per plan was equal to \$100,872,000 and the actual Company EBITDA was equal to \$105,026,000. Thus, the actual EBITDA to plan was equal to 104.1 percent. The CEO was therefore entitled to an annual performance bonus equal to \$1,261,304 calculated at 150 percent of his base salary of \$840,869. The CFO was entitled to an annual performance bonus equal to \$161,250 calculated at 50 percent of his base salary of \$322,500.

For fiscal 2013, the Compensation Committee, upon recommendation of the CEO, further subjectively evaluated the individual performance of the CFO. Based primarily on his achievement regarding the development of human resources and the fact that actual EBITDA to plan was equal to 104.1 percent, the Compensation Committee determined that the CFO should be paid an additional discretionary bonus in the amount of \$38,750.

For fiscal 2013 Mr. Crainer was awarded an annual performance bonus in the amount of \$175,000. For fiscal 2013, Mr. Crainer achieved 98.6 percent of his goal under element (1) of his operating plan and therefore received a payment equal to 95 percent of the targeted amount under that element which is 30 percent of his base salary of \$307,000; this calculates to \$87,495. Mr. Crainer also achieved 100% of his goal under element (2) of his operating plan and therefore received a payment equal to 100 percent of his targeted amount under that element which is 15 percent of his base salary of \$307,000; this calculates to \$46,050. Last, Mr. Crainer received a payment under element (3) of his operating plan, equal to 90% of the targeted amount under that element which is 15 percent of his base salary of \$307,000; this calculates to \$41,455.

For 2013, Mr. Edwards was awarded an annual performance bonus in the amount of \$50,000. For fiscal 2013, Mr. Edwards achieved 83.5 percent of his goal under element (1) of his operating plan and therefore received a payment equal to 20 percent of the targeted amount under that element which is 30 percent of his base salary of \$290,000; this calculates to \$17,400. Mr. Edwards did not achieve his goal under element (2) of his operating plan and therefore did not receive a payment under that element. Last, Mr. Edwards received a payment under element (3) of his operating

plan, equal to 74.9 percent of the targeted amount under that element which is 15% of his base salary of \$290,000; this calculates to \$32,600.

For fiscal 2013, Mr. Williams was awarded an annual performance bonus in the amount of \$110,000. This amount represents 45 percent of his base salary of 245,000. The annual performance bonus was based on the assessment and recommendation of the CEO based on the Company's overall performance and his assessment of Mr. Williams' performance.

The base salaries referenced above are the base salaries in effect when the annual performance bonuses were determined. These base salaries differ from the base salaries reflected in the Summary Compensation Table due to base salaries straddling fiscal years.

Long-Term Equity Incentive Program

The Company's 2005 Long-Term Incentive Plan and proposed 2013 Long-Term Incentive Plan provide for grants of stock options, restricted stock and other types of equity awards for executive officers and other key managers. The objectives of the 2005 Long-Term Incentive Plan and proposed 2013 Long-Term Incentive Plan are to align management and stockholder long-term interests by creating a strong and direct long-term relationship between executive compensation and stockholder returns. The Compensation Committee strongly believes that by providing those individuals who have substantial responsibility for the management and growth of the Company with an opportunity to increase their ownership of Company common stock, the best interests of stockholders, executive officers and key managers are more closely aligned. If equity incentives are to be awarded to executive officers, the grant is based upon the perceived incentive that grant will provide and the benefits that the grant may have on long-term stockholder value. The determination of the number of shares granted is based upon the level and contribution of the employee. For fiscal 2014 and future years the grants to the CEO will be based on a performance based program as set forth below. Our directors, executive officers and certain other employees are eligible for grants under the plans. The purpose of the plans is to provide these individuals with incentives to maximize stockholder value and otherwise contribute to our success and to enable us to attract, retain and reward the best available persons for positions of responsibility.

The Compensation Committee generally provides that equity incentives vest over a period of three to five years which increases the long-term aspect of these awards. As a result of the extended vesting schedule, the dollar value of these stock-based incentives can appreciate to substantial amounts since there is a longer time period for the Company stock price to appreciate. Further, the Compensation Committee believes that the extended vesting of equity incentives also promotes retention and spreads compensation expense over a longer term. This expense is amortized over the vesting period of the equity incentive subject to the provisions of Financial Accounting Standard (FAS) 123(R) (now Accounting Standards Codification (ASC) 718). Because the Company's tax deduction is based on the fair market value at the time restrictions lapse, the after-tax cost of this program can be very favorable to the Company based on future appreciation of Company common stock.

Stock Options

Executives (including the executive officers) receive nonqualified stock options that:

- have an exercise price equal to the fair market value of common stock on the date of grant;
- typically vest over a three to five-year period in equal amounts each year; and
- expire seven years after the date of grant.

Under accounting rules, the value of the stock options at the time of grant is expensed over the vesting period in the year the options are earned. When executives exercise stock options, they are taxed at ordinary income tax rates (subject to withholding) and the Company receives a corresponding tax deduction.

Restricted Shares

Executives (including certain executive officers) receive restricted shares that typically vest over a three to five year period in equal amounts each year.

Under accounting rules, the grant date fair value is expensed over the service/vesting period based on the shares that are earned. The executives are generally taxed at ordinary income tax rates (subject to withholding) when the shares vest, and the Company receives a corresponding tax deduction.

As of the end of fiscal 2013, there remained 292,004 shares available for issuance as restricted shares under the 2005 Long-Term Incentive Plan.

CEO Performance Based Program for Fiscal 2014 and Subsequent Years

Pursuant to the 162(m) Plan, as defined below, the Compensation Committee has approved a performance based program for the CEO applicable for fiscal 2014 and subsequent fiscal years. To ensure compliance with Section 162(m) for fiscal 2014 the metric for stock option and restricted stock awards is based on the Percentage of Actual EBITDA to Plan. For future years consideration will be given to other factors set forth in the 162(m) Plan with respect to option and restricted stock awards. For fiscal 2014 and subsequent fiscal years the CEO shall be entitled to an annual performance based baseline restricted stock award of 16,900 shares. This award for FY 2014 will be granted in the event that the Percentage of Actual EBITDA to Plan equals or exceeds 80%.

The CEO shall also be entitled to an annual performance based full-value restricted stock award with respect to each fiscal year of the Company during which the CEO remains an employee of the Company beginning with fiscal 2014. The award is determined based on the following criteria:

Percentage of Actual EBITDA to Plan	Amount of Restricted Shares Awarded
Less than 50%	None
50% to 74.9%	11,150
75% to 89.9%	16,725
90% to 99.9%	22,300
100% to 109.9%	33,450
110% to 119.9%	44,600

In addition, the CEO shall also be entitled to an annual performance based stock option award with respect to each fiscal year of the Company during which the CEO remains an employee of the Company beginning with fiscal 2014 in an amount determined based on the following criteria:

Percentage of Actual EBITDA to Plan	Amount of Stock Options Awarded
Less than 75%	None
75% to 89.9%	41,000
90% to 100%	80,000
100% to 109.9%	100,000

For further information regarding Base Salary, Annual Incentive and the Long-Term Equity Incentive Program for the CEO and certain other executive officers, see "Summary Compensation" below.

Retirement Plans

The Company does not maintain any pension programs for the benefit of the CEO or other executive officers. The Company has a defined contribution plan under Section 401(k) of the Internal Revenue Code ("Code") for all of its employees not covered by a collective bargaining agreement. The CEO and other executive officers are entitled to participate in this 401(k) plan on the same terms and conditions as all other eligible employees subject to a 5% of eligible employee compensation participation limit for highly compensated employees. The plan is funded by eligible participants through employee contributions and by the Company through matching contributions equal to 30% of the first 6% of eligible employee compensation. These employee matching contributions were suspended by the Company on January 1, 2009 and reinstated on April 4, 2010 by the Company through matching contributions equal to 10% of the first 3.5% of eligible employee compensation. In addition the Company made a \$500 per individual discretionary contribution to those employees who were active participants in the 401(k) plan during the fourth quarter of fiscal 2013.

Supplemental Executive Retirement Plan

To attract and retain highly qualified senior management executives, the Company has adopted a Supplemental Executive Retirement Plan (the "SERP") effective September 1, 1996. The SERP is a nonqualified supplemental pension plan for executives selected by the CEO that provides pension benefits in excess of those provided by the Company's 401(k) plan discussed above. The SERP allows eligible employees to elect to defer, until termination of their employment, the receipt of up to twenty five percent of their current compensation. The Company makes contributions equal to fifty percent of the deferral amount, up to seven percent of the employees' annual compensation, which vests in full after three years of service. The SERP was amended in August 2008, allowing eligible employees to defer up to 75% of their current salary and up to 100% of bonus compensation. Also, the vesting period was reduced to one year of service.

The matching contributions were suspended by the Company on January 1, 2009 and reinstated on April 1, 2011 by the Company through matching contributions equal to 25% of the first 7% of eligible employee compensation.

Employment Agreements

On July 1, 2005, the Company entered into an employment agreement with Dr. Michael J. Hartnett, in connection with his appointment as President and CEO of the Company. A copy of the agreement is filed as Exhibit 10.19 to Amendment No. 4 to the Form S-1 Registration Statement dated August 8, 2005. On April 22, 2010 the Company entered into a new Employment Agreement with Dr. Michael J. Hartnett, effective April 4, 2010, pursuant to which Dr. Hartnett continued to be employed as President, Chief Executive Officer and Chairman of the Board. The new Employment Agreement replaced the July 1, 2005 Employment Agreement, has a two year initial term with automatic annual renewals thereafter, is substantially similar to his current Employment Agreement and provides for (i) the continuation of his current base salary and annual performance bonus formula based on the Company's performance in relation to an approved operating plan; and (ii) an amended change in control provision consistent with those provisions previously approved for other Executive Officers of the Company and discussed under "Change-in-Control Compensation Agreement". A copy of the April 4, 2010 new Employment Agreement is filed as Exhibit 10.1 to Current Report on Form 8-K dated April 26, 2010. No other executive officers have employment agreements and are employed "at will". Effective April 1, 2013 the Company entered into an Amended and Restated Employment Agreement with Dr. Michael J. Hartnett pursuant to which Dr. Hartnett continued to be employed as President, Chief Executive Officer and Chairman of the Board. The new Amended and Restated Employment Agreement amends and restates the April 4, 2010 Employment Agreement, has a two year initial term with automatic annual renewals thereafter, is substantially similar to the April 4, 2010 Employment Agreement except that the guaranteed minimum annual increase in his base salary was eliminated and his annual performance bonus formula based on the Company's performance in relation to an approved operating plan was changed to eliminate any discretionary performance bonus as set forth above under "Annual Incentive Compensation Plan". A copy of the April 1, 2013 Amended and Restated Employment Agreement is filed as Exhibit 10.1 to Current Report on Form 8-K dated July 2, 2013. No other executive officers have employment agreements and are employed "at will".

Perquisite Programs

The Company's executive officers are eligible to participate in the Company's broad-based benefit programs, including health, disability and life insurance, and relocation programs. The perquisites provided to the CEO are set forth in Schedule A to the CEO's April 4, 2010 Employment Agreement and the April 1, 2013 Amended and Restated Employment Agreement. Certain named executive officers may also receive certain Company- provided perquisites including, reimbursement of certain personal expenses, a leased vehicle or a vehicle allowance. These items are intended to provide those executives with a competitive perquisite program. For further information regarding specific perquisites provided to the named executive officers, see "Summary Compensation" below.

Change-in-Control Compensation Agreements

Change-in-control compensation agreements generally protect income for key executives who would likely be involved in decisions regarding and/or successful implementation of merger/acquisition activity and who are at risk for job loss if a takeover occurs. We believe it is in the best interests of the Company and its stockholders to have such an agreement with our CEO and other executive officers in order (i) for the Board to be able to receive and rely upon the executive's advice and counsel as to the best interests of the Company and its stockholders without concern that they might be distracted or influenced by the personal uncertainties and risks created by merger and/or acquisition proposals or threats, and (ii) to encourage them to remain with the Company and to continue to devote full attention to the Company's business.

The April 4, 2010 Employment Agreement and the April 1, 2013 Amended and Restated Employment Agreement with Dr. Michael J. Hartnett provides that in the event of his termination of employment due to a Change-in-control of the Company, he will generally be entitled to a payment equal to 2.5 times his annual base salary plus 2.5 times his target incentive compensation in effect at termination.

On February 1, 2010, the Company entered into Change in Control Letter Agreements with Daniel A. Bergeron, Thomas M. Burigo, Thomas C. Crainer, Richard J. Edwards, and Thomas J. Williams. Each Change in Control Letter Agreement entitles the executive to severance benefits if his employment with the Company is terminated under certain circumstances within 24 months after a change in control of the Company. The amount of severance will generally be equal to 150% of the executive's annual base salary plus 150% of the executive's target incentive compensation in effect at termination. In addition, each executive will be entitled to a pro-rata annual bonus for the year in which his termination of employment occurs and to continue participating in the Company's welfare benefit programs for up to 18 months following his termination of employment. The Change in Control Letter Agreements also commit the executives to remain employed with the Company in the event of a tender or exchange offer and includes a non-compete covenant for 12 months following the executive's termination of employment due to a change in control.

The form of the Change in Control Letter Agreement entered into with each of the named executives is attached as Exhibit 10.1 to Form 10-Q filed February 1, 2010.

In addition, the restricted stock grants and stock options owned by Dr. Michael J. Hartnett and the other executive officers, contain change-in-control provisions. If a holder of these restricted stock grants or stock options ceases to be an employee because he or she is terminated without cause (as defined in the 2005 Long-Term Incentive Plan and the proposed 2013 Long-Term Incentive Plan) within 18 months after a change-in-control (as defined in the 2005 Long-Term Incentive Plan and the proposed 2013 Long-Term Incentive Plan), all then unvested restricted stock and stock options shall vest on the date the holder ceases to be an employee. In addition, if there is a change-in-control of the Company or similar event, the Compensation Committee may, in its discretion, provide for the lapsing of restrictions on a participant's restricted stock and the vesting of stock options on such terms and conditions as it deems appropriate.

Compensation Committee Policy Regarding Compliance with Section 162 (m) of the Code

Section 162(m) of the Code precludes a public corporation from taking a deduction for compensation in excess of \$1 million in any taxable year for its chief executive officer or any of its four other highest paid executive officers, unless certain specific and detailed criteria are satisfied.

The Compensation Committee considers the anticipated tax treatment to the Company and the executive officers in its review and establishment of compensation programs and payments. The deductibility of some types of compensation payments can depend upon the timing of an executive's vesting or exercise of previously granted rights. Interpretations of and changes in applicable tax laws and regulations as well as other factors beyond the Compensation Committee's control also can affect deductibility of compensation. For these and other reasons, the Compensation Committee has determined that it will not necessarily seek to limit executive compensation to that deductible under Section 162(m) of the Code.

Incentive bonus payments and restricted stock grants paid or awarded by the Company up until fiscal year 2010 were exempt from the deduction limitations under Section 162(m) pursuant to exceptions set forth in the Regulations issued pursuant to Section 162(m).

The Executive Officer Performance Based Compensation Plan (the "162(m) Plan") is a plan pursuant to which executive officers selected by the Compensation Committee become eligible to receive an incentive bonus or a restricted stock grant based upon the Company meeting certain financial performance goals. The 162(m) Plan is intended to constitute a qualified "performance-based compensation" for purposes of Section 162(m) of the Code. The Plan has an effective date of April 3, 2011. Dr. Hartnett was designated a Participant under the Plan by the Compensation Committee for fiscal 2012, fiscal 2013 and fiscal 2014. Dr. Hartnett's incentive bonus payable pursuant to his April 4, 2010 Employment Agreement and the April 1, 2013 Amended and Restated Employment Agreement is or will be covered under the Plan. In addition, pursuant to the Plan, the Compensation Committee approved the award of grants of restricted stock to Dr. Hartnett equal to 25,000 shares for fiscal year 2012 and 35,000 shares for fiscal year 2013 if actual EBITDA to plan equals or exceeds eighty percent. Actual restricted stock awards in excess of approved amounts would not be deductible under Section 162(m) of the Code. For fiscal 2014 and subsequent fiscal years grants of restricted stock pursuant to the CEO Performance Based Program for Fiscal 2014 and Subsequent Years would be deductible under Section 162(m) of the Code. The discretionary bonuses paid to Dr. Hartnett for the fiscal 2011 and fiscal 2012 years would not be deductible under Section 162(m) of the Code.

The cost to the Company of the incentive bonus amounts to be paid or restricted stock grants to participants cannot be determined at this time because payout of incentive bonus amounts and restricted stock grants are based on the Company's future financial performance, the related performance measures set by the Committee and the number of participants named by the Committee. The Committee envisions that future incentive bonus amounts to be paid or restricted stock grants to participants will be consistent with the compensation and incentive programs approved by

the Committee from time to time and described in the Company's Annual Proxy to Stockholders under "Compensation Discussion and Analysis".

The Compensation Committee will continue to monitor developments and assess alternatives for preserving the deductibility of compensation payments and benefits to the extent reasonably practicable, consistent with its compensation policies and as determined to be in the best interests of the Company and its stockholders.

Compensation Committee Interlocks and Insider Participation

The members of the Compensation Committee for fiscal 2013 were Richard R. Crowell, Alan B. Levine and Dr. Amir Faghri. No member of the Compensation Committee was at any time during fiscal 2013 or at any other time an officer or employee of the Company, and no member had any relationship with the Company requiring disclosure as a related-party transaction in the section "Certain Relationships and Related Transactions" of this proxy statement. No executive officer of the Company has served on the board of directors or compensation committee of any other entity that has or has had one or more executive officers who served as a member of the Board or the Compensation Committee during fiscal 2013.

Executive Compensation Clawback Policy

To align further the interests of our Executive Officers and our shareholders, we have an Executive Compensation Clawback Policy to ensure that any fraud or intentional illegal conduct materially contributing to a restatement of our financial statements would be properly addressed. The policy provides that if it is found that an Executive Officer engaged in fraud or intentional illegal conduct that materially contributed to the need to restate our financial statements, and the amount of any performance-based compensation actually paid or awarded to such Executive Officer (the "Awarded Compensation") would have been a lower amount had it been calculated based on such restated financial statements (the "Actual Compensation") then an Independent Director Committee shall, subject to certain exceptions set forth in the Policy, seek to recover from the Executive Officer the after-tax portion of the difference between the Awarded Compensation and the Actual Compensation. The full text of the Company Clawback Policy is filed as Exhibit 10.1 to Current Report on Form 8-K dated July 25, 2013. This policy will be revised if required under the Dodd-Frank Act once the regulations implementing the claw-back policy requirements of that law have been issued.

Stock Ownership Guidelines

We impose stock ownership requirements on each of our Executive Officers and Non-Employee Independent Directors. These stock ownership requirements are designed to emphasize stock ownership by our Executive Officers and Non-Employee Independent Directors and to further align their interests with our shareholders. Each Executive Officer and Non-Employee Independent Director must achieve and maintain ownership of ordinary stock or ordinary stock equivalents at or above a prescribed level. The requirements are as follows:

Position	Percent of Base Salary
Chief Executive Officer	6x multiple of base salary
All other Executive Officers	3x multiple of base salary
Non-Employee Independent Directors	3x multiple of annual retainer fee

Our stock-ownership program requires the accumulation of ordinary stock (or ordinary stock equivalents) over a five-year period following the date the person becomes subject to stock-ownership requirements. Executive Officers who experience a change of title or in base salary, and who have their stock ownership requirement increased as a result, have three years to achieve the new level from the date of such event. Ownership credit is given for actual ordinary stock and restricted stock owned, whether or not vested. Stock options do not count toward meeting the stock-ownership target unless the stock option is exercised and the stock received through the exercise is held as ordinary stock. The Compensation Committee will review each participant's compliance with these guidelines on an annual basis. The full text of the Company's Stock Ownership Guidelines is filed as Exhibit 10.1 to Current Report on Form 8-K dated June 17, 2013.

Dr. Hartnett Employment Agreement

On July 1, 2005, we entered into an employment agreement with Dr. Hartnett. Under the terms of the employment agreement, Dr. Hartnett was employed as our Chief Executive Officer. On April 22, 2010 the Company entered into a new Employment Agreement with Dr. Hartnett, effective April 4, 2010, pursuant to which Dr. Hartnett continued to be employed as President, Chief Executive Officer and Chairman of the Board. The new Employment Agreement replaced the July 1, 2005 Employment Agreement. Dr. Hartnett's April 4, 2010 Employment Agreement had a two year initial term with automatic annual renewals thereafter. Effective April 1, 2013 the Company entered into an Amended and Restated Employment Agreement with Dr. Hartnett pursuant to which he continues to be employed as President, Chief Executive Officer and Chairman of the Board. The April 1, 2013 Amended and Restated Employment Agreement amends and restates the April 4, 2010 Employment Agreement and has a two year initial term with automatic annual renewals thereafter.

Dr. Hartnett's current employment agreement provides for a base salary effective April 1, 2013 of \$70,072 per month. Dr. Hartnett's base salary is subject to review by the Compensation Committee not later than December 1 of each year

who may increase (but not decrease) such base salary, at its sole discretion. Dr. Hartnett is also entitled to an annual performance bonus with respect to each fiscal year during which he remains an employee in an amount determined as a percentage of Dr. Hartnett's base salary, based on the amount by which our performance exceeds (or fails to meet) EBITDA targets in an operating plan as explained above.

Dr. Hartnett's current employment agreement also contains non-competition provisions prohibiting Dr. Hartnett from competing against us during the term of the employment agreement and for two years thereafter without our prior written consent. Dr. Hartnett is also entitled to certain additional benefits (beyond those generally available to our employees) including medical and hospitalization insurance and additional life insurance. We are also required to maintain an apartment in Los Angeles for use by Dr. Hartnett while on business.

1998 Stock Option Plan

Effective February 18, 1998, we adopted the RBC Bearings Incorporated (f/k/a Roller Bearing Holding Company, Inc.) 1998 Stock Option Plan. The terms of the 1998 Stock Option Plan provide for the grant of options to purchase up to 8,413,900 shares of common stock to officers and employees of, and consultants (including members of the Board) to the Company and our subsidiaries. Options granted may be either incentive stock options (under Section 422 of the Code) or non-qualified stock options. The 1998 Stock Option Plan is to be administered by our Board or a committee to which the Board delegates its responsibilities. As of July 1, 2013, there were no outstanding options. The 1998 Stock Option Plan has been frozen and no additional stock options will be awarded pursuant to the plan.

The exercise price of options granted under the 1998 Stock Option Plan was determined by our Board, but in no event was less than 100% of the Fair Market Value (as defined in the 1998 Stock Option Plan) of the common stock on the date of grant. Options granted under the 1998 Stock Option Plan may be exercised during the period set forth in the agreement pursuant to which the options are granted, but in no event more than ten years following grant.

The 1998 Stock Option Plan provides that the number of shares for which outstanding options shall be exercisable, and the exercise price thereof, shall be adjusted upon the happening of stock dividends, stock splits, recapitalizations and certain other capital events regarding our Company or the common stock. Upon any merger, consolidation or combination where shares of common stock are converted into cash, securities or other property, outstanding options shall be converted into the right to receive upon exercise the consideration as would have been payable in exchange for the shares of common stock underlying such options had such options been exercised prior to such event.

Options granted under the 1998 Stock Option Plan are not transferable by the holders thereof except by the laws of descent and distribution. Our Board has the right to establish such rules and regulations concerning the 1998 Stock Option Plan and to make such determinations and interpretations of the terms thereof as it deems necessary or advisable.

2001 Stock Option Plan

The RBC Bearings Incorporated (f/k/a Roller Bearing Holding Company, Inc.) 2001 Stock Option Plan was adopted in fiscal 2002 and amended and restated on October 24, 2003. The terms of the 2001 Stock Option Plan provide for the grant of options to purchase up to 1,008,553 shares of common stock to officers and employees of, and consultants (including members of our Board) to, the Company and our subsidiaries selected by the CEO to participate in the plan. Options granted may be either incentive stock options (under Section 422 of the Code) or non-qualified stock options. The 2001 Stock Option Plan, which expires in July 2011, is to be administered by our Board or a committee to which the Board delegates its responsibilities. As of July 1, 2013, there were outstanding options to purchase 8,750 shares of common stock granted under the 2001 Stock Option Plan, all of which were exercisable. The 2001 Stock Option Plan has been frozen and no additional stock options will be awarded pursuant to the plan.

The exercise price of options granted under the 2001 Stock Option Plan was determined by the Board, but in no event was less than 100% of the Fair Market Value (as defined in the 2001 Stock Option Plan) of the common stock on the date of grant. Options granted under the 2001 Stock Option Plan may be exercised during the period set forth in the agreement pursuant to which the options are granted, but in no event more than ten years following grant.

The 2001 Stock Option Plan provides that the number of shares for which outstanding options shall be exercisable, and the exercise price thereof, shall be adjusted upon the happening of stock dividends, stock splits, recapitalizations and certain other capital events regarding our Company or the common stock. Upon any merger, consolidation or combination where shares of common stock are converted into cash, securities or other property, outstanding options shall be converted into the right to receive upon exercise the consideration as would have been payable in exchange for the shares of common stock underlying such options had such options been exercised prior to such event.

Options granted under the 2001 Stock Option Plan are not transferable by the holders thereof except (1) by the laws of descent and distribution, (2) transfers to members of any holder's immediate family (which for purposes of the 2001 Stock Option Plan shall be limited to the participant's children, grandchildren and spouse), (3) to one or more trusts for the benefit of such family members, or (4) to partnerships or limited liability companies in which such family members and/or trusts are the only partners or members; provided, that options may be transferred pursuant to sections (2) through (4) hereof only if the option expressly so provides, or as otherwise approved by the CEO or the Board in their discretion. Our Board has the right to establish such rules and regulations concerning the 2001 Stock Option Plan and to make such determinations and interpretations of the terms thereof as it deems necessary or advisable.

2005 Long-Term Equity Incentive Plan

We adopted our 2005 Long-Term Incentive Plan effective upon the completion of our initial public offering in August 2005. The plan provides for grants of stock options, stock appreciation rights, restricted stock and performance awards. Our directors, officers and other employees and persons who engage in services for us are eligible for grants under the plan. The purpose of the plan is to provide these individuals with incentives to maximize stockholder value and otherwise contribute to our success and to enable us to attract, retain and reward the best available persons for positions of responsibility.

2,939,170 shares of our common stock were authorized for issuance under the plan, subject to adjustment in the event of a reorganization, stock split, merger or similar change in our corporate structure or the outstanding shares of common stock. Of this amount, 683,502 options were awarded to Dr. Hartnett at the time of our initial public offering in August, 2005 at the offering price of \$14.50 per share and the remainder was reserved for grants to our employees and directors at the discretion of our Compensation Committee. During fiscal 2009, the Company issued an additional 198,500 options and 43,500 restricted stock grants. During fiscal 2010, the Company issued an additional 363,000 options and 41,000 restricted stock grants. During fiscal 2011, the Company issued an additional 8,000 options and 25,000 restricted stock grants. During fiscal 2012, the Company issued an additional 201,000 options and 115,600 restricted stock grants. During fiscal 2013, the Company issued an additional 206,500 options and 121,250 restricted stock grants. During fiscal 2014 through July 1, 2013, the Company issued an additional 185,000 options and 52,000 restricted stock grants. As of July 1, 2013, the 2005 Long-Term Incentive Plan had 57,197 stock options or other equity awards available for issuance. We may grant shares of restricted stock to our employees and directors in the future under the plan. Our Compensation Committee administers the plan. Our Board also has the authority to administer the plan and to take all actions that the Compensation Committee is otherwise authorized to take under the plan. The terms and conditions of each award made under the plan, including vesting requirements, will be set forth consistent with the plan in a written agreement with the grantee.

Stock Options. Under the plan, the Compensation Committee or the Board may award grants of incentive stock options and other non-qualified stock options. The Compensation Committee also has the authority to grant options that will become fully vested and exercisable automatically upon a change in control. The Compensation Committee may not, however, award to any one person in any calendar year options to purchase common stock equal to more than 10% of the total number of shares authorized under the plan (other than the initial award to Dr. Hartnett discussed above), and it may not award incentive stock options first exercisable in any calendar year whose underlying shares have a fair market value greater than \$100,000 determined at the time of grant.

The Compensation Committee will determine the exercise price and term of any option in its discretion, provided that, the exercise price may not be less than 100% of the fair market value of a share of common stock on the date of grant. In the case of any incentive stock option, the option must be exercised within 10 years of the date of grant. The exercise price of an incentive stock option awarded to a person who owns stock constituting more than 10% of our voting power may not be less than 110% of such fair market value on such date and the option must be exercised within five years of the date of grant.

Restricted Stock. Under the plan, the Compensation Committee may award restricted stock, subject to the conditions and restrictions, and for the duration that it determines in its discretion. All of the 57,197 shares available for issuance are available to be used for restricted stock awards.

Stock Appreciation Rights. The Compensation Committee may grant stock appreciation rights, or SARs, subject to the terms and conditions contained in the plan. Under the plan, the exercise price of a SAR must equal the fair market value of a share of our common stock on the date the SAR was granted. Upon exercise of a SAR, the grantee will receive an amount in shares of our common stock equal to the difference between the fair market value of a share of

common stock on the date of exercise and the exercise price of the SAR, multiplied by the number of shares as to which the SAR is exercised.

Performance Awards. The Compensation Committee may grant performance awards contingent upon achievement of set goals and objectives regarding specified performance criteria, over a specified performance cycle. Awards may include specific dollar-value target awards, performance units, the value of which is established at the time of grant, and/or performance shares, the value of which is equal to the fair market value of a share of common stock on the date of grant. The value of a performance award may be fixed or fluctuate on the basis of specified performance criteria. A performance award may be paid out in cash and/or shares of common stock or other securities.

Amendment and Termination of the Plan. The Board may amend or terminate the plan in its discretion, except that no amendment will become effective without prior approval of our stockholders if such approval is necessary for continued compliance with the performance-based compensation exception of Section 162(m) of the Code or any stock exchange or Nasdaq listing requirements. If not previously terminated by the Board, the plan will terminate on the tenth anniversary of its adoption.

On March 29, 2006, we accelerated vesting with respect to all outstanding options and warrants under our existing stock option plans. Such acceleration was approved by our Board. As of July 1, 2013, there were 1,283,685 outstanding stock options, 633,750 of which were exercisable.

Except as set forth above in “CEO Performance Based Program for Fiscal 2014 and Subsequent Years” with respect to the CEO, the Company does not have an established quantitative formula to determine the number of shares of stock options and/or restricted shares granted to each named executive officer. The grants are based on the Compensation Committee’s subjective evaluation based on an understanding and assessments of each individual named executive officer and a comparison to the competitive market for executive compensation. The factors taken into consideration by the Compensation Committee with respect to grants to named executive officers of stock options and/or restricted shares include the named executive’s responsibilities, experience level, retention risk, tenure, job performance and achievement of short-term and long-term goals.

The Compensation Committee typically reviews approval of equity grants on an annual fiscal year basis. The timing of the meeting is scheduled to allow the Compensation Committee to review prior year performance and assemble all necessary information. Grants are generally scheduled to follow release of earnings for the applicable quarter. The date is not selected or changed to increase the value of stock option awards for executives or directors.

Supplemental Retirement Plan

Effective September 1, 1996, we adopted a non-qualified supplemental retirement plan, or SERP, for a select group of executive officers and management employees designated by our CEO. The SERP allows eligible employees to elect to defer until termination of their employment the receipt of up to 25% of their current salary. Until January 1, 2010 when the Company match was suspended, the Company made contributions equal to the lesser of 50% of the deferrals or 3.5% of the employee’s annual salary, which vest in full after three years of service following the effective date of the SERP. The match was reinstated on April 1, 2011 by the Company through matching contributions equal to 25% of the first 7% of eligible employee compensation. The SERP was amended in August, 2008, allowing eligible employees to defer up to 75% of their current salary and up to 100% of bonus compensation. Also, the vesting period was reduced to one year of service.

Accounts are paid, either in a lump sum or installments, upon retirement, death or termination of employment. Accounts are generally payable from our general assets. Employees' rights to receive payments are subject to the rights of our creditors.

POTENTIAL PAYMENTS UPON CHANGE-IN-CONTROL OR TERMINATION

The table below summarizes the executive benefits and payments that would have been due to the CEO and other executive officers upon termination in connection with a change-in-control or termination of employment occurring on March 30, 2013, which in the case of Dr. Hartnett are based on the provisions of his current Employment Agreement and in the case of the other Executive Officers are based on their change-in-control letter agreements.

Hartnett, effective April 4, 2010, pursuant to which Dr. Hartnett will continue to be employed as President, CEO and Chairman of the Board of Directors of the Company. The employment agreement with Michael J. Hartnett provides that in the (1) event of his termination of employment due to a change-in-control of the Company, he will generally be entitled to payment of his base salary and pro rata bonus through the date of termination, a severance payment of 250% of his base salary, annual bonus and annual equity awards and the continuation of certain benefits set forth in his employment agreement.

The actual amount of the incentive compensation plans payment is assumed to be equal to 150% of base salary for (2) the applicable fiscal year, in accordance with Dr. Hartnett's employment agreement, as well as equity grants equal to those awarded in the previous year.

(3) All unvested stock options granted to the named executive officers would vest upon a change-in-control.

401(k) Plan

We maintain the Roller Bearing Company of America 401(k) Retirement Plan, or the 401(k) Plan, a plan established pursuant to Section 401(k) of the Code, for the benefit of our non-union employees. All non-union employees who have completed six months of service with us are entitled to participate. Subject to various limits, employees are entitled to defer up to 25% of their annual salary on a pre-tax basis and up to an additional 10% of their annual salary on an after-tax basis.

Effective April 4, 2010, the Company set matching contributions to our 401(k) Plan equal to 10% of the first 3.5% of eligible employee compensation. In addition the Company made a \$500 per individual discretionary contribution to those employees who were active participants in the 401(k) plan during the fourth quarter of fiscal 2013.

We also maintain a 401(k) plan for non-union employees at our Bremen MBC facility. These employee matching contributions were suspended by the Company on January 1, 2009 and will be evaluated in the future for reinstatement based on economic conditions. We also maintain three 401(k) plans for our union employees. Subject to various limits, union employees are entitled to defer up to 25% of their annual salary on a pre-tax basis. We make employer contributions (matching and, in some cases, non-elective contributions) based on requirements in applicable collective bargaining agreements.

This plan shall be known as the RBC 2013 Long-Term Equity Incentive Plan (the “Plan”). The purpose of the Plan shall be to promote the long-term growth and profitability of RBC Bearings Incorporated (the “Company”) and its Subsidiaries by (i) providing certain directors, officers and employees of, and certain other individuals who perform services for, or to whom an offer of employment has been extended by, the Company and its Subsidiaries with incentives to maximize stockholder value and otherwise contribute to the success of the Company and (ii) enabling the Company to attract, retain and reward the best available persons for positions of responsibility. Grants (“Grants”) of incentive or non-qualified stock options, stock appreciation rights (“SARs”), either alone or in tandem with options, restricted stock, performance awards or any combination of the foregoing may be made under the Plan. This Plan supercedes any prior plans, and any Grant hereunder supercedes any prior written agreement pursuant to which such Grant is made.

- 2.3.5 engaging willfully in misconduct in connection with the performance of any of one's duties, including, without limitation, the misappropriation of funds or securing or attempting to secure personally any profit in connection with any transaction entered into on behalf of the Company or its Subsidiaries or affiliates;
- 2.3.6 willful breach of duty of loyalty to the Company or, if applicable, a Subsidiary or any other active disloyalty to the Company or, if applicable, any Subsidiary, including, without limitation, willfully aiding a competitor or, without duplication of clause (vii), improperly disclosing confidential information;
- 2.3.7 willful breach of any confidentiality or non-disclosure agreement with the Company or any Subsidiary; or
- 2.3.8 material violation of any code or standard of behavior generally applicable to employees (or executive employees, in the case of an executive of the Company or any Subsidiary) of the Company or any Subsidiary.

2.4 “Change in Control” means, unless otherwise defined in any Award Agreement,

2.4.1 if any "person" or "group" as those terms are used in Sections 13(d) and 14(d) of the Exchange Act or any successors thereto, is or becomes the "beneficial owner" (as defined in Rule 13d-3 under the Exchange Act or any successor thereto), directly or indirectly, of securities of the Company representing 50% or more of the combined voting power of the Company's then outstanding securities, provided, that the acquisition of additional securities by any person or group that owns 50% or more of the voting power prior to such acquisition of additional securities shall not be a Change in Control; or

2.4.2 during any twelve-month period, individuals who at the beginning of such period constitute the Board and any new directors whose election by the Board or nomination for election by the Company's stockholders was approved by at least a majority of the directors then still in office who either were directors at the beginning of the period or whose election was previously so approved, cease for any reason to constitute a majority thereof; or

2.4.3 the stockholders of the Company approve a merger or consolidation of the Company with any other corporation, other than a merger or consolidation (A) which would result in all or a portion of the voting securities of the Company outstanding immediately prior thereto continuing to represent (either by remaining outstanding or by being converted into voting securities of the surviving entity) more than 50% of the combined voting power of the voting securities of the Company or such surviving entity outstanding immediately after such merger or consolidation or (B) by which the corporate existence of the Company is not affected and following which the Company's chief executive officer and directors retain their positions with the Company (and constitute at least a majority of the Board) and such merger or consolidation is consummated; or

2.4.4 the stockholders of the Company approve an agreement for the sale or disposition by the Company of all or substantially all the Company's assets and such sale or disposition is consummated.

2.8 “Disability” means a disability that would entitle an eligible participant to payment of monthly disability payments under any Company disability plan or as otherwise determined by the Committee; provided that in any instance where a grant to a participant is treated as “deferred compensation” within the meaning of Section 409A of the Code, “Disability” shall be interpreted consistently with the meaning of Section 409A of the Code and guidance issued thereunder.

2.9 “Exchange Act” means the Securities Exchange Act of 1934, as amended.

2.10 “Fair Market Value” of a share of Common Stock of the Company means, as of the date in question, the officially-quoted closing selling price of the stock (or if no selling price is quoted, the bid price) on the principal securities exchange or market on which the Common Stock is then listed for trading (including, for this purpose, the New York Stock Exchange or the Nasdaq National Market) (the “Market”) for the applicable trading day or, if the Common Stock is not then listed or quoted in the Market, the Fair Market Value shall be the fair value of the Common Stock determined in good faith by the Board using any reasonable method; provided, however, that when shares received upon exercise of an option are immediately sold in the open market, the net sale price received may be used to determine the Fair Market Value of any shares used to pay the exercise price or applicable withholding taxes and to compute the withholding taxes.

2.11 “Incentive Stock Option” means an option conforming to the requirements of Section 422 of the Code and/or any successor thereto.

2.12 “Initial Public Offering” means an underwritten initial public offering and sale of any shares of Common Stock pursuant to an effective registration statement under the Securities Act.

2.17 “Subsidiary” means a corporation or other entity of which outstanding shares or ownership interests representing 50% or more of the combined voting power of such corporation or other entity entitled to elect the management thereof, or such lesser percentage as may be approved by the Committee, are owned directly or indirectly by the Company.

3 Administration.

The Plan shall be administered by the Committee; provided that the Board may, in its discretion, at any time and from time to time, resolve to administer the Plan, in which case the term “Committee” shall be deemed to mean the Board for all purposes herein. Subject to the provisions of the Plan, the Committee shall be authorized to (i) select persons to participate in the Plan, (ii) determine the form and substance of Grants made under the Plan to each participant, and the conditions and restrictions, if any, subject to which such Grants will be made, (iii) certify that the conditions and restrictions applicable to any Grant have been met, (iv) modify the terms of Grants made under the Plan in accordance with the provisions of Sections 16 and 17 hereof, (v) interpret the Plan and Grants made thereunder, (vi) make any adjustments necessary or desirable in connection with Grants made under the Plan to eligible participants located outside the United States and (vii) adopt, amend, or rescind such rules and regulations, and make such other

determinations, for carrying out the Plan as it may deem appropriate. Decisions of the Committee on all matters relating to the Plan shall be in the Committee's sole discretion and shall be conclusive and binding on all parties. The validity, construction, and effect of the Plan and any rules and regulations relating to the Plan shall be determined in accordance with applicable federal and state laws and rules and regulations promulgated pursuant thereto. No member of the Committee and no officer of the Company shall be liable for any action taken or omitted to be taken by such member, by any other member of the Committee or by any officer of the Company in connection with the performance of duties under the Plan, except for such person's own willful misconduct or as expressly provided by statute.

The expenses of the Plan shall be borne by the Company. The Company shall not be required to establish any special or separate fund or make any other segregation of assets to assume the obligations pursuant to any Grant made under the Plan, and rights to any payment in connection with such Grants shall be no greater than the rights of the Company's general creditors.

4 Shares Available for the Plan.

Subject to adjustments as provided in Section 15, an aggregate of 1,500,000 shares of Common Stock, which represents the number of shares equal to approximately 6.6% of the number of shares of Common Stock outstanding as of the Effective Date (the "Shares"), may be issued pursuant to the Plan. Such Shares may be in whole or in part authorized and unissued or held by the Company as treasury shares. Notwithstanding anything contained in this Plan to the contrary, if any Grant under the Plan expires or terminates unexercised, becomes unexercisable or is forfeited as to any Shares, or is tendered or withheld as to any Shares in payment of the exercise price of the Grant or taxes payable with respect to the Grant or the vesting or exercise thereof, then such unpurchased, forfeited, tendered or withheld Shares may not thereafter be available for further Grants under the Plan. The number of shares that may be used for restricted stock or restricted unit grants under the Plan may not exceed fifty percent (50%) of the total authorized number of Shares pursuant to the Plan.

Without limiting the generality of the foregoing provisions of this Section 4 or the generality of the provisions of Sections 3, 6 or 17 or any other section of this Plan, the Committee may, at any time or from time to time, and on such terms and conditions (that are consistent with and not in contravention of the other provisions of this Plan) as the Committee may, in its sole discretion, determine, enter into agreements (or take other actions with respect to the Grants) for new Grants containing terms (including exercise prices) more (or less) favorable than the outstanding Grants.

5 Participation.

Participation in the Plan shall be limited to those directors (including Non-Employee Directors), officers (including non-employee officers) and employees of, and other individuals performing services for, or to whom an offer of employment has been extended by, the Company and its Subsidiaries selected by the Committee (including participants located outside the United States). Nothing in the Plan or in any Grant thereunder shall confer any right on a participant to continue in the employ as a director or officer of, or in any other capacity or in the performance of services for, the Company or shall interfere in any way with the right of the Company to terminate the employment or performance of services or to reduce the compensation or responsibilities of a participant at any time. By accepting any Grant under the Plan, each participant and each person claiming under or through him or her shall be conclusively deemed to have indicated his or her acceptance and ratification of, and consent to, any action taken under the Plan by the Company, the Board or the Committee.

Incentive Stock Options or Non-qualified Stock Options, SARs alone or in tandem with options, restricted stock awards, performance awards or any combination thereof may be granted to such persons and for such number of Shares as the Committee shall determine (such individuals to whom Grants are made being sometimes herein called “optionees” or “grantees,” as the case may be). Determinations made by the Committee under the Plan need not be uniform and may be made selectively among eligible individuals under the Plan, whether or not such individuals are similarly situated. A Grant of any type made hereunder in any one year to an eligible participant shall neither guarantee nor preclude a further Grant of that or any other type to such participant in that year or subsequent years.

6 Incentive and Non-qualified Options and SARs.

The Committee may from time to time grant to eligible participants Incentive Stock Options, Non-qualified Stock Options, or any combination thereof; provided that the Committee may grant Incentive Stock Options only to eligible employees of the Company or its subsidiaries (as defined for this purpose in Section 424(f) of the Code or any successor thereto). In any one calendar year, the Committee shall not grant to any one participant options or SARs to purchase or receive the economic equivalent of a number of shares of Common Stock in excess of 10% of the total number of Shares authorized under the Plan pursuant to Section 4; provided, however, that the Committee shall be permitted to grant to Dr. Michael J. Hartnett up to 60% of the total number of Shares authorized under the plan at any

time. The options granted shall take such form as the Committee shall determine, subject to the following terms and conditions.

It is the Company's intent that Non-qualified Stock Options granted under the Plan not be classified as Incentive Stock Options, that Incentive Stock Options be consistent with and contain or be deemed to contain all provisions required under Section 422 of the Code or any successor thereto, that neither any Non-qualified Stock Option nor any Incentive Stock Option be treated as a payment of deferred compensation for the purposes of Section 409A of the Code and any successor thereto, and that any ambiguities in construction be interpreted in order to effectuate such intent. If an Incentive Stock Option granted under the Plan does not qualify as such for any reason, then to the extent of such non-qualification, the stock option represented thereby shall be regarded as a Non-qualified Stock Option duly granted under the Plan, provided that such stock option otherwise meets the Plan's requirements for Non-qualified Stock Options.

6.1 Price. The price per Share deliverable upon the exercise of each option ("exercise price") shall not be less than 100% of the Fair Market Value of a share of Common Stock as of the date of Grant of the option, and in the case of the Grant of any Incentive Stock Option to an employee who, at the time of the Grant, owns more than 10% of the total combined voting power of all classes of stock of the Company or any of its Subsidiaries, the exercise price may not be less than 110% of the Fair Market Value of a share of Common Stock as of the date of Grant of the option, in each case unless otherwise permitted by Section 422 of the Code or any successor thereto.

6.2 Payment. Options may be exercised, in whole or in part, upon payment of the exercise price of the Shares to be acquired. Unless otherwise determined by the Committee, payment shall be made (i) in cash (including check, bank draft, money order or wire transfer of immediately available funds), (ii) by delivery of outstanding shares of Common Stock with a Fair Market Value on the date of exercise equal to the aggregate exercise price payable with respect to the options' exercise, (iii) by simultaneous sale through a broker reasonably acceptable to the Committee of Shares acquired on exercise, as permitted under Regulation T of the Federal Reserve Board, (iv) by authorizing the Company to withhold from issuance a number of Shares issuable upon exercise of the options which, when multiplied by the Fair Market Value of a share of Common Stock on the date of exercise, is equal to the aggregate exercise price payable with respect to the options so exercised or (v) by any combination of the foregoing.

In the event a grantee elects to pay the exercise price payable with respect to an option pursuant to clause (ii) above, (A) only a whole number of share(s) of Common Stock (and not fractional shares of Common Stock) may be tendered in payment, (B) such grantee must present evidence acceptable to the Company that he or she has owned any such shares of Common Stock tendered in payment of the exercise price (and that such tendered shares of Common Stock have not been subject to any substantial risk of forfeiture) for at least six months prior to the date of exercise, and (C) Common Stock must be delivered to the Company. Delivery for this purpose may, at the election of the grantee, be made either by (A) physical delivery of the certificate(s) for all such shares of Common Stock tendered in payment of the price, accompanied by duly executed instruments of transfer in a form acceptable to the Company, or (B) direction to the grantee's broker to transfer, by book entry, of such shares of Common Stock from a brokerage account of the grantee to a brokerage account specified by the Company. When payment of the exercise price is made by delivery of Common Stock, the difference, if any, between the aggregate exercise price payable with respect to the option being exercised and the Fair Market Value of the shares of Common Stock tendered in payment (plus any applicable taxes) shall be paid in cash. No grantee may tender shares of Common Stock having a Fair Market Value exceeding the aggregate exercise price payable with respect to the option being exercised (plus any applicable taxes).

In the event a grantee elects to pay the exercise price payable with respect to an option pursuant to clause (iv) above, only a whole number of Shares (and not fractional Shares) may be withheld in payment. When payment of the exercise price is made by withholding of Shares, the difference, if any, between the aggregate exercise price payable with respect to the option being exercised and the Fair Market Value of the Shares withheld in payment (plus any applicable taxes) shall be paid in cash. No grantee may authorize the withholding of Shares having a Fair Market Value exceeding the aggregate exercise price payable with respect to the option being exercised (plus any applicable taxes). Any withheld Shares shall no longer be issuable under such option.

6.3 Terms of Options; Vesting. The term during which each option may be exercised shall be determined by the Committee, but if required by the Code and except as otherwise provided herein, no option shall be exercisable in whole or in part more than seven years from the date it is granted, and no Incentive Stock Option granted to an employee who at the time of the Grant owns more than 10% of the total combined voting power of all classes of stock of the Company or any of its Subsidiaries shall be exercisable more than five years from the date it is granted. All rights to purchase Shares pursuant to an option shall, unless sooner terminated, expire at the date designated by the Committee. The Committee shall determine the date on which each option shall become exercisable and may provide that an option shall become exercisable in installments. The Shares constituting each installment may be purchased in whole or in part at any time after such installment becomes exercisable, subject to such minimum exercise

requirements as may be designated by the Committee. Prior to the exercise of an option and delivery of the Shares represented thereby, the optionee shall have no rights as a stockholder with respect to any Shares covered by such outstanding option (including any dividend or voting rights).

6.4 Limitations on Grants. If required by the Code, the aggregate Fair Market Value (determined as of the Grant date) of Shares for which an Incentive Stock Option is exercisable for the first time during any calendar year under all equity incentive plans of the Company and its Subsidiaries (as defined in Section 422 of the Code or any successor thereto) may not exceed \$100,000.

6.5 Termination; Forfeiture.

6.5.1 Death or Disability. Unless otherwise provided in any Award Agreement, if a participant ceases to be a director, officer or employee of, or to perform other services for, the Company and any Subsidiary due to death or Disability, (A) all of the participant's options and SARs that were exercisable on the date of death or Disability shall remain exercisable for, and shall otherwise terminate at the end of, a period of one year after the date of death or Disability, but in no event after the expiration date of the options and SARs and (B) all of the participant's options and SARs that were not exercisable on the date of death or Disability shall be forfeited immediately upon such death or Disability; provided, however, that the Committee may determine to additionally vest such options and SARs, in whole or in part, in its discretion. Notwithstanding the foregoing, if the Disability giving rise to the termination of employment is not within the meaning of Section 22(e)(3) of the Code or any successor thereto, Incentive Stock Options not exercised by such participant within one year after the date of termination of employment will cease to qualify as Incentive Stock Options and will be treated as Non-qualified Stock Options under the Plan if required to be so treated under the Code.

6.5.2 Retirement. Unless otherwise provided in any Award Agreement, if a participant ceases to be a director, officer or employee of, or to perform other services for, the Company and any Subsidiary upon the occurrence of his or her Retirement, (A) all of the participant's options and SARs that were exercisable on the date of Retirement shall remain exercisable for, and shall otherwise terminate at the end of, a period of 90 days after the date of Retirement, but in no event after the expiration date of the options or SARs; provided that the participant does not engage in Competition during such 90-day period unless he or she receives written consent to do so from the Board or the Committee, and (B) all of the participant's options and SARs that were not exercisable on the date of Retirement shall be forfeited immediately upon such Retirement; provided, however, that such options and SARs, may become fully vested and exercisable in the discretion of the Committee. Notwithstanding the foregoing, Incentive Stock Options not exercised by such participant within 90 days after Retirement will cease to qualify as Incentive Stock Options and will be treated as Non-qualified Stock Options under the Plan if required to be so treated under the Code.

6.5.3 Discharge for Cause. Unless determined by the Committee, if a participant ceases to be a director, officer or employee of, or to perform other services for, the Company or a Subsidiary due to Cause, or if a participant does not become a director, officer or employee of, or does not begin performing other services for, the Company or a Subsidiary for any reason, all of the participant's options and SARs shall expire and be forfeited immediately upon such cessation or non-commencement, whether or not then exercisable.

6.5.4 Other Termination. Unless determined by the Committee, if a participant ceases to be a director, officer or employee of, or to otherwise perform services for, the Company or a Subsidiary for any reason other than death, Disability, Retirement or Cause, (A) all of the participant's options and SARs that were exercisable on the date of such cessation shall remain exercisable for, and shall otherwise terminate at the end of, a period of 90 days after the date of such cessation, but in no event after the expiration date of the options or SARs; provided that the participant does not engage in Competition during such 90-day period unless he or she receives written consent to do so from the Board or the Committee, and (B) all of the participant's options and SARs that were not exercisable on the date of such cessation shall be forfeited immediately upon such cessation.

7 Stock Appreciation Rights.

Provided that the Company's stock is traded on an established securities market, the Committee shall have the authority to grant SARs under this Plan, subject to such terms and conditions specified in this paragraph 7 and any additional terms and conditions as the Committee may specify.

No SAR may be issued unless (a) the exercise price of the SAR may never be less than the Fair Market Value of the underlying Shares on the date of grant and (b) the SAR does not include any feature for the deferral of compensation income other than the deferral of recognition of income until the exercise of the SAR.

No SAR may be exercised unless the Fair Market Value of a share of Common Stock of the Company on the date of exercise exceeds the exercise price of the SAR. Prior to the exercise of the SAR and delivery of the Shares represented thereby, the participant shall have no rights as a stockholder with respect to Shares covered by such outstanding SAR (including any dividend or voting rights).

Upon the exercise of an SAR, the participant shall be entitled to a distribution in an amount equal to the difference between the Fair Market Value of a share of Common Stock on the date of exercise and the exercise price of the SAR, multiplied by the number of Shares as to which the SAR is exercised. Such distribution shall be made in Shares having a Fair Market Value equal to such amount.

All SARs will be exercised automatically on the last day prior to the expiration date of the SAR so long as the Fair Market Value of a share of Common Stock on that date exceeds the exercise price of the SAR or any related option, as applicable.

The provisions of Subsections 6(c) shall apply to all SARs except to the extent that the Award Agreement pursuant to which such Grant is made expressly provides otherwise.

It is the Company's intent that no SAR shall be treated as a payment of deferred compensation for purposes of Section 409A of the Code and that any ambiguities in construction be interpreted in order to effectuate such intent.

8 Restricted Stock.

The Committee may at any time and from time to time grant Shares of restricted stock under the Plan to such participants and in such amounts as it determines. Each Grant of restricted stock shall specify the applicable restrictions on such Shares, the duration of such restrictions, and the time or times at which such restrictions shall lapse with respect to all or a specified number of Shares that are part of the Grant.

The participant will be required to pay the Company the aggregate par value of any Shares of restricted stock (or such larger amount as the Board may determine to constitute capital under Section 154 of the Delaware General Corporation Law, as amended, or any successor thereto) within 15 days of the date of Grant, unless such Shares of restricted stock are treasury shares. Unless otherwise determined by the Committee, certificates representing Shares of restricted stock granted under the Plan will be held in escrow by the Company on the participant's behalf during any period of restriction thereon and will bear an appropriate legend specifying the applicable restrictions thereon, and the participant will be required to execute a blank stock power therefor. Except as otherwise provided by the Committee, during such period of restriction the participant shall have all of the rights of a holder of Common Stock, including but not limited to the rights to receive dividends and to vote, and any stock or other securities received as a distribution with respect to such participant's restricted stock shall be subject to the same restrictions as then in effect for the restricted stock.

Unless otherwise provided in any Award Agreement, at such time as a participant ceases to be a director, officer or employee of, or to otherwise perform services for, the Company and its Subsidiaries due to death, Disability or Retirement during any period of restriction, all Shares of restricted stock granted to such participant on which the restrictions have not lapsed shall be immediately forfeited to the Company. At such time as a participant ceases to be, or in the event a participant does not become, a director, officer or employee of, or otherwise perform services for, the Company or its Subsidiaries for any other reason, all Shares of restricted stock granted to such participant on which the restrictions have not lapsed shall be immediately forfeited to the Company. The provisions of Subsections 6(c) and (e) shall apply to Restricted Stock except to the extent that the Award Agreement in relation thereto expressly provides otherwise.

It is the Company's intent that Restricted Stock shall not be treated as a payment of deferred compensation for purposes of Section 409A of the Code and that any ambiguities in construction be interpreted in order to effectuate such intent.

9 Performance Awards.

Performance awards may be granted to participants at any time and from time to time as determined by the Committee. The Committee shall have complete discretion in determining the size and composition of performance awards granted to a participant. The period over which performance is to be measured (a "performance cycle") shall commence on the date specified by the Committee and shall end on the last day of a fiscal year specified by the Committee. A performance award shall be paid no later than the fifteenth day of the third month following the completion of a performance cycle (or following the elapsed portion of the performance cycle, in the circumstances described in the last paragraph of this Section 9). Performance awards may include (i) specific dollar-value target awards (ii) performance units, the value of each such unit being determined by the Committee at the time of issuance, and/or (iii) performance Shares, the value of each such Share being equal to the Fair Market Value of a share of Common Stock. In any one calendar year, the Committee shall not grant to any one participant performance awards in excess of 10% of the total number of Shares authorized under the Plan pursuant to Section 4; provided, however, that the Committee shall be permitted to grant to Dr. Michael J. Hartnett up to 60% of the total number of Shares authorized under the plan at any time.

The value of each performance award may be fixed or it may be permitted to fluctuate based on a performance factor (e.g., return on equity) selected by the Committee. It is the Company's intent that no performance award be treated as the payment of deferred compensation for purposes of Section 409A of the Code and that any ambiguities in construction be interpreted in order to effectuate such intent.

The Committee shall establish performance goals and objectives for each performance cycle on the basis of such criteria and objectives as the Committee may select from time to time, including, without limitation, the performance of the participant, the Company, one or more of its Subsidiaries or divisions or any combination of the foregoing. During any performance cycle, the Committee shall have the authority to adjust the performance goals and objectives for such cycle for such reasons as it deems equitable.

The Committee shall determine the portion of each performance award that is earned by a participant on the basis of the Company's performance over the performance cycle in relation to the performance goals for such cycle. The earned portion of a performance award may be paid out in Shares, cash, Other Securities, or any combination thereof, as the Committee may determine.

A participant must be a director, officer or employee of, or otherwise perform services for, the Company or its Subsidiaries at the end of the performance cycle in order to be entitled to payment of a performance award issued in respect of such cycle; provided, however, that except as otherwise determined by the Committee, if a participant ceases to be a director, officer or employee of, or to otherwise perform services for, the Company and its Subsidiaries upon his or her death, Retirement, or Disability prior to the end of the performance cycle, the Committee may provide in a Grant that the participant may earn a proportionate portion of the performance award based upon the elapsed portion of the performance cycle and the Company's performance over that portion of such cycle.

10 Withholding Taxes.

10.1 Participant Election. Unless otherwise determined by the Committee, a participant may elect to deliver shares of Common Stock (or have the Company withhold shares acquired upon exercise of an option or SAR or deliverable upon grant or vesting of restricted stock, as the case may be) to satisfy, in whole or in part, the amount the Company is required to withhold for taxes in connection with the exercise of an option or SAR or the delivery of restricted stock upon grant or vesting, as the case may be. Such election must be made on or before the date the amount of tax to be withheld is determined. Once made, the election shall be irrevocable. The fair market value of the shares to be withheld or delivered will be the Fair Market Value as of the date the amount of tax to be withheld is determined. In the event a participant elects to deliver or have the Company withhold shares of Common Stock pursuant to this Section 10(a), such delivery or withholding must be made subject to the conditions and pursuant to the procedures set forth in Section 6(b) with respect to the delivery or withholding of Common Stock in payment of the exercise price of options.

10.2 Company Requirement. The Company may require, as a condition to any Grant or exercise under the Plan or to the delivery of certificates for Shares issued hereunder, that the grantee make provision for the payment to the Company, either pursuant to Section 10(a) or this Section 10(b), of federal, state or local taxes of any kind required by law to be withheld with respect to any Grant or delivery of Shares. The Company, to the extent permitted or required by law, shall have the right to deduct from any payment of any kind (including salary or bonus) otherwise due to a

grantee, an amount equal to any federal, state or local taxes of any kind required by law to be withheld with respect to any grant or delivery of Shares under the Plan.

11 Written Agreement.

Each employee to whom a Grant is made under the Plan shall enter into an Award Agreement with the Company that shall contain such provisions consistent with the provisions of the Plan, as may be approved by the Committee. If there is a Change in Control of the Company the Committee may, in its discretion, provide a provision in participant's Award Agreement for the vesting of a participant's Grant under the Plan if the participant ceases to be a director, officer employee or individual performing services for the Company because his or her relationship with the Company is terminated without Cause following a Change in Control, with such vesting to occur on the date of termination.

12 Transferability.

Unless the Committee determines otherwise, no option, SAR, performance award or restricted stock granted under the Plan shall be transferable by a participant other than by will or the laws of descent and distribution; provided that, in the case of Shares of restricted stock granted under the Plan, such Shares of restricted stock shall be freely transferable following the time at which such restrictions shall have lapsed with respect to such Shares. Unless the Committee determines otherwise, an option, SAR or performance award may be exercised only by the optionee or grantee thereof; by his or her executor or administrator, the executor or administrator of the estate of any of the foregoing, or any person to whom the option, SAR or performance award is transferred by will or the laws of descent and distribution; or by his or her guardian or legal representative; or the guardian or legal representative of any of the foregoing; provided that Incentive Stock Options may be exercised by any guardian or legal representative only if permitted by the Code and any regulations thereunder. All provisions of this Plan and any Award Agreement referred to in Section 11 shall in any event continue to apply to any option, SAR, performance award or restricted stock granted under the Plan and transferred as permitted by this Section 12, and any transferee of any such option, SAR, performance award or restricted stock shall be bound by all provisions of this Plan and any agreement referred to in Section 11 as and to the same extent as the applicable original grantee.

13 Listing, Registration and Qualification.

If the Committee determines that the listing, registration or qualification upon any securities exchange or under any law of Shares subject to any option, SAR, performance award or restricted stock Grant is necessary or desirable as a condition of, or in connection with, the granting of same or the issue or purchase of Shares thereunder, no such option or SAR may be exercised in whole or in part, no such performance award may be paid out, and no Shares may be issued, unless such listing, registration or qualification is effected free of any conditions not acceptable to the Committee.

14 Transfer of Employee.

The transfer of an employee from the Company to a Subsidiary, from a Subsidiary to the Company, or from one Subsidiary to another shall not be considered a termination of employment; nor shall it be considered a termination of employment if an employee is placed on military or sick leave or such other leave of absence which is considered by the Committee as continuing intact the employment relationship.

15 Adjustments.

In the event of a reorganization, recapitalization, spin-off or other extraordinary distribution, stock split, stock dividend, combination of shares, merger, consolidation, distribution of assets, spin-off or other extraordinary distribution, or any other change in the corporate structure or shares of the Company, the Committee shall make such adjustment as it deems appropriate in the number and kind of Shares or other property available for issuance under the Plan (including, without limitation, the total number of Shares available for issuance under the Plan pursuant to Section 4), in the number and kind of options, SARs, Shares or other property covered by Grants previously made under the Plan, and in the exercise price of outstanding options and SARs. Any such adjustment shall be final, conclusive and binding for all purposes of the Plan. In the event of any merger, consolidation or other reorganization in which the Company is not the surviving or continuing corporation or in which a Change in Control is to occur, all of the Company's obligations regarding options, SARs, performance awards, and restricted stock that were granted hereunder and that are outstanding on the date of such event shall, on such terms as may be approved by the Committee prior to such event, be (a) assumed by the surviving or continuing corporation; or (b) canceled in exchange for cash, securities of the acquiror or other property; provided that, in the case of clause (b), (i) such merger, consolidation, other reorganization or Change in Control constitutes a "change in ownership or control" of the Company or a "change in the ownership of a substantial portion" of the Company's assets within the meaning of Section 409A(a)(2)(A)(v) of the Code and the guidance issued thereunder or (ii) the payment of cash, securities or other property is not treated as a payment of "deferred compensation" under Section 409A of the Code.

Without limitation of the foregoing, in connection with any transaction described in of the last sentence of the preceding paragraph, the Committee may, in its discretion, (i) cancel any or all outstanding options under the Plan in consideration for payment to the holders thereof of an amount equal to the portion of the consideration that would have been payable to such holders pursuant to such transaction if their options had been fully exercised immediately prior to such transaction, less the aggregate exercise price that would have been payable therefor, or (ii) if the amount that would have been payable to the option holders pursuant to such transaction if their options had been fully exercised immediately prior thereto would be equal to or less than the aggregate exercise price that would have been payable therefor, cancel any or all such options for no consideration or payment of any kind. Payment of any amount payable pursuant to the preceding sentence may be made in cash or, in the event that the consideration to be received in such transaction includes securities or other property, in cash, securities of the acquiror or other property in the Committee's discretion.

16 Amendment and Termination of the Plan.

Except as otherwise provided in an Award Agreement, the Board of Directors, without approval of the stockholders, may amend or terminate the Plan, except that no amendment shall become effective without prior approval of the stockholders of the Company if stockholder approval would be required by applicable law or regulations, including if required for continued compliance with the performance-based compensation exception of Section 162(m) of the Code or any successor thereto, under the provisions of Section 409A of the Code or any successor thereto, under the provisions of Section 422 of the Code or any successor thereto, or by any listing requirement of the principal stock exchange on which the Common Stock is then listed.

17 Amendment or Substitution of Grants under the Plan.

The terms of any outstanding Grant under the Plan may be amended from time to time by the Committee in its discretion in any manner that it deems appropriate including, but not limited to, acceleration of the date of exercise of any Grant and/or payments thereunder or of the date of lapse of restrictions on Shares (but, in the case of a Grant that is or would be treated as “deferred compensation” for purposes of Section 409A of the Code, only to the extent permitted by guidance issued under Section 409A of the Code); provided that, except as otherwise provided in Section 16 or in an Award Agreement, no such amendment shall adversely affect in a material manner any right of a participant under the Grant without his or her written consent, and further provided that the Committee shall not reduce the exercise price of any options or SARs awarded under the Plan. The Committee may, in its discretion, permit holders of Grants under the Plan to surrender outstanding Grants in order to exercise or realize rights under other Grants, or in exchange for new Grants, or require holders of Grants to surrender outstanding Grants as a condition precedent to the receipt of new Grants under the Plan, but only if such surrender, exercise, realization, exchange or Grant (a) is not treated as a payment of, and does not cause a Grant to be treated as, deferred compensation for the purposes of Section 409A of the Code or (b) is permitted under guidance issued pursuant to Section 409A of the Code. Notwithstanding anything contained in this Section 17 to the contrary, no surrender, exercise, realization, exchange or Grant in substitution for, assumption of, or as an alternative to or replacement of, an existing Grant pursuant to this Section 17 shall be effected or implemented by the Company, including but not limited to a cash buy back of an out of the money stock option, in order to reduce or change the exercise price of any outstanding options or SARs awarded under the Plan or otherwise implement a re-pricing of any outstanding options or SARs awarded under the Plan including by means of buy back, cancellation and re-grant.

18 Commencement Date; Termination Date.

The date of commencement of the Plan shall be September 12, 2013, subject to approval by the shareholders of the Company.

Unless previously terminated upon the adoption of a resolution of the Board terminating the Plan, the Plan shall terminate at the close of business on September 12, 2023. Subject to the provisions of an Award Agreement, which may be more restrictive, no termination of the Plan shall materially and adversely affect any of the rights or obligations of any person, without his or her written consent, under any Grant of options or other incentives theretofore granted under the Plan.

19 Severability.

Whenever possible, each provision of the Plan shall be interpreted in such manner as to be effective and valid under applicable law, but if any provision of the Plan is held to be prohibited by or invalid under applicable law, such provision shall be ineffective only to the extent of such prohibition or invalidity, without invalidating the remainder of the Plan.

20 Governing Law.

The Plan shall be governed by the corporate laws of the State of Delaware, without giving effect to any choice of law provisions that might otherwise refer construction or interpretation of the Plan to the substantive law of another jurisdiction.

21 Compliance Amendments.

Except as otherwise provided in an Award Agreement, notwithstanding any of the foregoing provisions of the Plan, and in addition to the powers of amendment set forth in Sections 16 and 17 hereof, the provisions hereof and the provisions of any award made hereunder may be amended unilaterally by the Company from time to time to the extent necessary (and only to the extent necessary) to prevent the implementation, application or existence (as the case may be) of any such provision from (i) requiring the inclusion of any compensation deferred pursuant to the provisions of the Plan (or an award thereunder) in a participant's gross income pursuant to Section 409A of the Code, and the regulations issued thereunder from time to time and/or (ii) inadvertently causing any award hereunder to be treated as providing for the deferral of compensation pursuant to such Code section and regulations.
